

CITY OF LOGAN, UTAH
RESOLUTION NO. 19-44

A RESOLUTION UPDATING THE COMMERCIAL LIGHTING
RETROFIT INCENTIVE PROGRAM

WHEREAS, the City of Logan supports demand side management programs; and

WHEREAS, the City of Logan recognizes that the cheapest kWh is a conserved kWh; and

WHEREAS, the City of Logan has previously established a commercial lighting retrofit incentive program in October 2014 and revised the program in 2017; and

WHEREAS, the City of Logan recognizes that the energy market is ever changing, as should be our incentive programs to reflect these changes;

NOW THEREFORE BE IT RESOLVED that the City of Logan hereby adopts the revised Commercial Lighting Retrofit Incentive Program and Incentives as attached hereto as Exhibit A, effective as of August 1, 2019.

PASSED BY THE LOGAN MUNICIPAL COUNCIL THIS 16 DAY OF July, 2019 BY THE FOLLOWING VOTE.

Commercial Rules

1. Incentives apply to retrofit applications only
2. Application period begins July 1 (or August 1 this year). Applications will be taken on a first come, first served basis
3. To be eligible for the incentives listed, the new lighting system must use less energy than the existing lighting system replaced as determined by Logan City Light and Power
4. Customer must complete all projects by June 30 or they will forfeit their application and any resulting incentive
5. Customer may only apply for one rebate per fiscal year (July 1-June 30).
6. Incentives are capped 30% of total project cost (labor + materials) with a lifetime maximum of \$30,000 and are not available to reduce the simple payback below one year
7. Complete fixture removals are not eligible for an incentive
8. Customer must submit a signed application to City of Logan and get funding approval before funding is guaranteed
9. Logan City Light & Power may require a pre-inspection before a customer moves forward with a project. They will let you know when they have approved your application if an inspection is required. Pre-inspection does not guarantee an incentive
10. Customer must provide itemized invoices for labor and materials, and a W-9, and may be subject to post-inspection (if a pre-inspection was completed) before incentive will be paid to customer
11. It is the responsibility of the Customer to calculate future energy savings at their facility
12. Actual incentives will be determined solely by Logan City representatives based on inspections and final invoices from contractors not from the initial application
