ATTEST:

\_\_\_\_\_  
Teresa Harris, City Recorder

Date: March 15, 2018  
Proposal to: City Council  
From: Mayor Daines  
Re: Neighborhood Improvement Plan

One of my goals as Mayor is to strengthen neighborhoods. I believe we share that goal and would ask council to consider adopting the following neighborhood plan. With the help of staff, we have developed a variety of efforts, listed below, to further that effort. We are certainly open to your additional comments and suggestions as we workshop these varied resolutions.

- I. **Neighborhood Councils** (currently underway; thank you for your support)  
Solicit feedback and participation from citizens in solving neighborhood problems.
- II. **Neighborhood Improvement Resolution - (Resolution 18-08, attached)**
  1. **Neighborhood Revitalization Grants**  
As our city naturally ages, re-investment is required in neighborhoods to make it attractive for people to stay in, and move to, our older neighborhoods.
    - a. Approve \$1M in RDA funds to provide exterior home improvement grants in neighborhoods
    - b. Eligibility: homeowners who make up to 120% of the median income
      - i. Neighborhood Re-Investment Grant, Program Guiding Principles and Application 2018 (**Attachment A**)
      - ii. Resolution defining low and moderate income (**Resolution 18-09 RDA**)
  2. **Change current complaint-based system of enforcement**
    - a. Hire an intern for Community Development to systematically review each neighborhood and send Request Letters where needed and ask property owners to come into compliance with our code. Move to next step of enforcement where needed.
  3. **Increase fines for over-occupancy**  
Proposal to amend Land Development Code (LDC) code enforcement section to allow for a citation of \$250 (formerly \$50) for overoccupancy violation. Citation could be given to all occupants and/or Landlord as appropriate. Planning commission is

currently considering proposed amendments, and they should come to council in May. Start implementing existing fines of \$100 a day as needed (up to \$1,000K) if compliance is not reached within the ten-day limit. **(page 53-12 of LDC, attached)**

**4. Require permits and fees for vacant buildings**

Consider a new ordinance requiring registration and inspection of vacant buildings.  
**(Ordinance 18-06, attached)**

- a. If a structure is boarded up and unoccupied, owners will be required to register the building and after six months pay an escalating fee, encouraging them to either keep the structure in reasonable repair, demolish it, or plan for improvements to meet code.

**5. Provide assistance for low and moderate income homeowners**

Direct homeowners where needed with above mentioned grants, as well as making them aware of programs through BRAG, and the City to assist those that meet low and moderate income guidelines

- i. Logan City Housing Rehabilitation grants
- ii. BRAG Energy Efficiency/Weatherization grants
- iii. Neighborhood Housing Solutions (NHS) Home Rehabilitation Program
- iv. HSP Own in Logan Downpayment Assistance Program

**6. Approve the use of RDA funds for demolition on condemned buildings**

After exhausting all other remedies, use RDA funds on a case by case basis to demolish buildings which have been condemned for life safety issues, and lien the property.

# NEIGHBORHOOD RE-INVESTMENT GRANT

## Program Guiding Principles

### **STATEMENT OF PURPOSE – REVITALIZING LOGAN'S NEIGHBORHOODS ONE HOUSE AT A TIME**

The City of Logan Neighborhood Re-investment Grant (NRG) program is a competitive grant program for eligible homeowners to help fund exterior renovations of single family residential structures. The purpose of the NRG program is to facilitate private investment in single family residential properties throughout *targeted* areas of Logan in order to improve the City's older housing stock and preserve the character of our existing neighborhoods. Logan City is hoping to facilitate new private investment in 100 – 200 homes throughout the core neighborhoods under this program.

### **PROGRAM ELIGIBILITY**

Eligibility for this grant program is based on property location (Area of Eligibility), household income (Income Eligibility), and availability of grant funds.

### **AREA OF ELIGIBILITY**

This grant program generally targets the core neighborhoods of Logan City based on the age of the residential structure and the overall condition of the neighborhood. This program targets single family residential structures constructed prior to 1970.

### **INCOME ELIGIBILITY**

Homeowners with a combined total household income that is equal to or less than 120% of Logan's Annual Median Income are eligible to apply for the NRG program. The allowable income threshold varies based on the number of people living in the house.

# People	Allowable Household Income	# People	Allowable Household Income
1	Up to \$56,857	4	Up to \$81,224
2	Up to \$64,980	5	Up to \$87,722
3	Up to \$73,201	6	Up to \$94,220

### **OCCUPANCY**

Properties receiving NRG funds must be exclusively owner-occupied, single family dwellings affixed to a permanent foundation. Properties with multi-family units or rentals are not eligible under this program. Projects involving the deconstruction of multi-family units resulting in an owner-occupied single-family residence may apply for an NRG grant and may be eligible under this program.

### **QUALIFYING PROJECTS**

The NRG program will fund exterior improvements on eligible single family residential dwellings including painting, siding, soffits, fascia, trim, gutters, roofs, doors, windows, walkways, porches, new landscaping, restoration work, unit deconstruction work, residential additions, etc. Grant funds may be used to fund contractors employed to do the work, or in some cases, may fund materials with the homeowner providing the necessary labor.

### **GRANT AMOUNTS**

The maximum award amounts shall not exceed \$10,000 per residential property. Actual grant amounts will vary based on the value of any proposed work and amount of owner match. An eligible property may apply for multiple grants over multiple years; however, the total cumulative amount awarded per property shall not exceed \$10,000.

### **REPAYMENT REQUIREMENTS**

This is a grant program which means that if specific stipulations are met, the total amount of the grant will be forgiven. The grant stipulations are (1) the homeowner shall remain in the home for at least seven (7) years beyond the completion of the grant funded work, (2) the home shall remain as a single-family dwelling and shall adhere to all applicable occupancy limitations, and (3) the overall property shall be maintained. If any of these conditions cease to exist, or the home is sold within seven (7) years of project completion, the grant shall be repaid to Logan City within 60 days of notice by the City or upon sale of the home.

### **MATCH REQUIREMENTS**

The NRG program requires a minimum cash match depending upon the proposed work. Certain types of activities have a greater positive impact on the neighboring properties, so the match requirements may be different for different types of work. The match requirement is expressed as a 1 to 1 match, meaning for every dollar the homeowner spends on a project, the City will match that with one dollar, a 2 to 1 match means for every two dollars the homeowner spends on a project, the City will match that with one dollar, and so on. Following are the minimum match requirements based on the type of project to be undertaken:

<b>Project Category</b>	<b>Homeowner Contribution</b>	<b>City Contribution</b>
New Paint	.5	1
New Siding and Trim	1	1
New Doors/Windows	1 - 3	1
New Front Landscaping (sod, trees, plants)	1 - 2	1
New Additions	1 - 3	1
New Walkway, Driveway, etc.	1.5	1
New Facia, Soffits, Gutters	2	1
New Fencing	4	1
New Porch	2	1
New Roof	5	1
Other	Varies	

### **TYPE OF MATCH**

Generally, the anticipated form of match for this grant is either "cash" towards a specific project, e.g., owner puts in \$1,000.00 and the City puts in \$1,000.00 towards a window replacement project bid at \$2,000.00; or the "value" of an entirely different project on the house, e.g., value of a porch project (labor and materials) is used as a match for a grant for new siding provided the projects are occurring at the same time under the same permit. Sweat equity will not be considered in the valuation of a match.

Interior remodel work may be considered in the calculation of a match if the project is deemed to contribute towards the continued livability and viability of the structure, and is not just "typical" maintenance types of activities like painting, carpet replacement, etc. (entire kitchen remodel versus interior paint).

### **LIEN**

A lien on the property for the full NRG award amount will be filed with the Cache County Recorder's office. The property must remain owner-occupied by the original applicant for seven years from the date of project completion in order to avoid repayment of the full NRG grant award. This lien will be removed after seven years if all grant stipulations have been met.

### **BIDS REQUIRED**

Bids from two licensed contractors are required and shall be broken down by labor, materials, and equipment for easy comparison. If the application is for materials only, detailed cost estimates from two retailers are required.

### **APPLICATION REQUIREMENTS**

An application packet for the Neighborhood Re-investment Grant shall include **all** of the following information at time of submittal:

- Complete NRG application form.
- Personal financial declaration for each person in the household over 18 years of age.
- Copy of a signed 1040 tax return for the most recent tax year for every person in the household over 18 years of age.
- 60 days of pay stubs for all sources of income for every person in the household over 18 years of age.
- 60 days of bank statements for checking, savings and/or investment accounts for every person in the household over 18 years of age.
- Proof of home ownership.
- Copy of current mortgage statement (if applicable).
- A copy of current homeowner's insurance statement & policy.
- A detailed project description, including applicable drawings and photos.
- Two contractor bids (broken down by labor, materials, equipment), or two retailer bids (materials only).

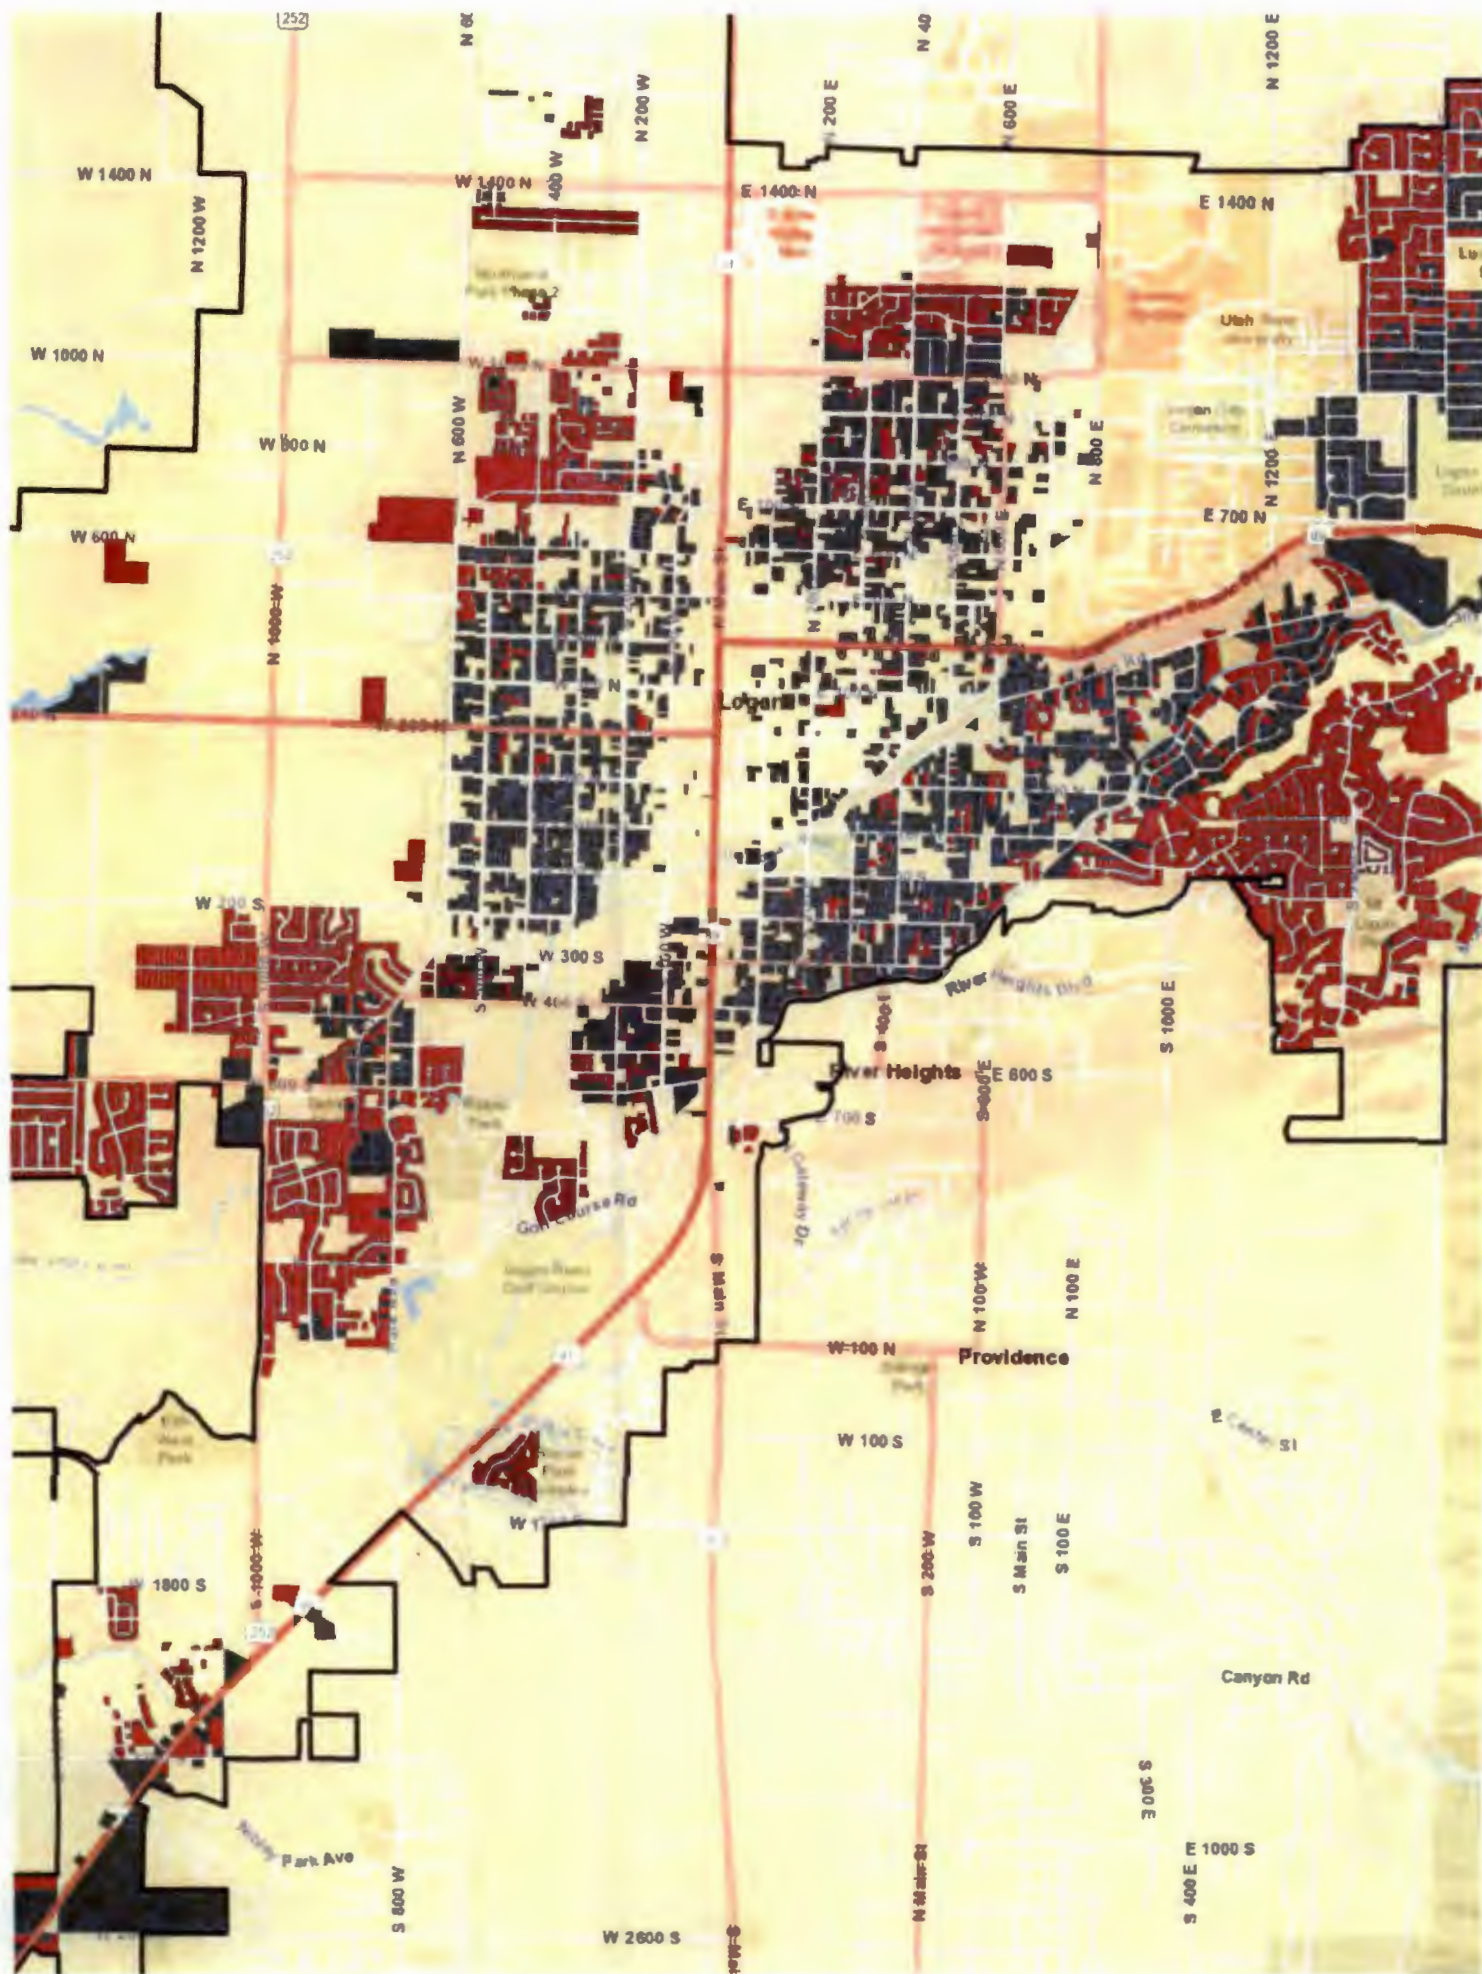

***BUILDING PERMITS***

Certain projects may require permits from Logan City while the City may waive the building permit fees associated with most projects funded under this grant program.

***APPLICATION EVALUATION PROCESS***

Project applications will be evaluated by the Logan City NRG Committee based on the homeowner's income, project scope, project cost, proposed match, a demonstration of the owner's commitment to long term maintenance of the improvements, and how well the proposed project furthers the goal of improving the neighborhood. It is important to note that just making an application and qualifying based on income does not guarantee a grant will be awarded for just any project. The NRG Committee reserves the right to reject any application that does not meet the goals of this grant program. The NRG Committee will be selected by the Mayor and will meet on as needed basis to review NRG applications.
