## MEMORANDUM

**TO:** Holly Daines, Logan City Mayor

**DATE:** September 10, 2020

**RE:** Requisition of New Equipment Operator Position and Fee Approval

---

The Logan City Environmental Department requests authorization to add a full-time Equipment Operator for the collection and management of green waste drop-sites, and the approval of new service fees to fund the new position. We are requesting this position because the Solid Waste Service Area and the majority of Mayors of the towns we service wants the City of Logan to provide more green waste drop-site services for the citizens of their respective cities. On June 8, 2020 the Solid Waste Advisory Board unanimously voted to approve a \$1.00/month fee per residential dwelling outside Logan City (later revised to \$0.50/month) for the said services and compost facility fee of \$0.50/month fee for a residential dwelling of every household (including Logan City) in the solid waste service area. The approved fee is intended to fund the position we are requesting to add plus other ancillary expenses such as part-time employees on an as-needed basis, over time, equipment maintenance, fuel, and other expenses related to the green waste drop site and compost services. Attached is the fee resolution passed by Cache County.

The new additional person will allow us to provide adequate drop-site services per the attached green waste drop-site service schedule. In addition to the drop-site service, this new position will also allow us to quickly process the received green waste at the compost facility. From December to the end of March this position will be assisting the compost facility personnel to grind and compost green waste.

Including the newly proposed green waste fee is the reduction of green waste product fees to allow us to move our products out of the compost facility on time and to allow the public to get compost products at a discount. Please review the attached green waste program proposal and fee resolution.

I'm proposing that the equipment operator position we are requesting to be a grade 52, and the beginning salary of the position is \$34,728.00.
