

## Mike Johnson

My name is Mike Johnson, and I'm running for City Council to help Logan focus on our future. My priorities on the City Council will be to encourage smart growth, financial responsibility, and safe communities.

I am invested in our city and its future. I own a photo and video production company and love working with our local businesses. My wife Jessie works here as an accountant, and we have a three year old son named Jack. We love the beauty of Cache Valley and enjoy running, hiking, skiing, and spending time in our yard with our amazing neighbors. Logan is wonderful, and we can't imagine living anywhere else.

Logan is growing, and there are housing, infrastructure, financial, and safety concerns that we need to be aware of and plan for. On the City Council, I will work to help ensure that our community is one where our children can afford a home and find a good job. I also value the importance of protecting our natural beauty and open spaces. I will encourage a balancing of the important values that make our community worth living in. I believe that with hard work and an engaged, supportive community, we can help all our citizens improve their lives. If you want to read more about how I stand on these key issues to our city, please visit [www.MikeForLogan.com](http://www.MikeForLogan.com) or contact me. Thank you for taking the time to learn more and engage in our community!
