10.52.170 (A) of the Municipal Code states: No person shall park a vehicle on any street or city owned parking lot between the hours of midnight (12:00) A.M. and six o'clock (6:00) A.M. of any day, beginning November 15 and ending March 15 of each year. Winter Parking Permits may be purchased by property owners of legally existing non-conforming residential properties built prior to 1968 if said properties cannot physically accommodate legal on-site parking. Permits shall be purchased and renewed annually and shall be limited to a maximum of two permits per legally existing unit. The actual number of permits per unit will be determined by considering, the number of existing off-street stalls and any physical space available for additional off-street parking stalls. Permit fees shall be set by council resolution. Other permit conditions may be required administratively if deemed necessary to minimize negative impacts (ORD# 16-33).
