MINUTES OF THE CITY COUNCIL FINANCE COMMITTEE WEDNESDAY, APRIL 25, 2012 SECOND FLOOR CONFERENCE ROOM CITY HALL - MANASSAS, VA

COMMITTEE MEMBERS PRESENT: Council Member Marc Aveni, Chairman

Vice Mayor Andrew L. Harrover Council Member J. Steven Randolph

COMMITTEE MEMBERS ABSENT: None

OTHERS PRESENT: Council Member Jonathan Way, City Manager John A. Budesky, Finance and Administration Director Pat Weiler, Budget Manager Diane V. Bergeron, Police Fiscal Specialist Tamara Sturm, Fire & Rescue Chief Brett Bowman.

GUESTS PRESENT: None.

The meeting was called to order at 6:17 PM by Chairman Aveni.

AGENDA ITEM #1 Approve Minutes of the March 28, 2012, and April 11, 2012, Finance Committee Meetings

A motion was made and seconded to approve the minutes of the March 28, 2012, and April 11, 2012, Finance Committee Meetings. The Committee approved (3/0).

AGENDA ITEM #2 Resolution 2012-77-R Amending the FY 2012 Budget by Budgeting and Appropriating \$2,270 from the Local Drug Seizure Funds for Police Department Investigations

Tamara Sturm presented Staff's recommendation to amend the FY 2012 budget by budgeting and appropriating \$2,270 from the local Drug Seizure Funds for Police Department investigations. The Committee approved (3/0). This item will be forwarded to the May 14, 2012, City Council meeting.

AGENDA ITEM #3 Resolution 2012-78-R Amending the FY 2012 Budget by Budgeting and Appropriating \$3,000 from the State / Local Drug Seizure Funds for an Evidence Processing Work Table

Tamara Sturm presented Staff's recommendation to amend the FY 2012 budget by budgeting and appropriating 3,000 from the State / Local Drug Seizure Funds for an evidence processing work table. The Committee approved (3/0). This item will be forwarded to the May 14, 2012, City Council meeting.

AGENDA ITEM #4 Resolution 2012-79-R Amending the FY 2012 Budget by Budgeting and Appropriating \$13,500 from the Local / State Drug Seizure Funds for the Purchase of Office Furniture

Tamara Sturm presented Staff's recommendation to amend the FY 2012 budget by budgeting and appropriating \$13,500 from the Local / State Drug Seizure Funds for the purchase of office furniture. The Committee approved (3 / 0). This item will be forwarded to the May 14, 2012, City Council meeting.

AGENDA ITEM #5 City Manager's Time - No Items

Vice Mayor Harrover requested a schedule from the Public Works Department on its plans to engage the citizens in the planning of street projects (Prince William Street).

Chairman Aveni requested a list of the items referred to the Finance Committee at the City Council Budget Worksessions.

The meeting was adjourned at 6:23 PM by Chairman Aveni.

Abstract FY2012 Edward Byrne Memorial Justice Assistance Grant

Applicant Name:

Manassas City Police Department - City of Manassas, Virginia

Project Title:

Advanced Technology for Efficiency & Safety

Goals:

1.) The Department will purchase various pieces of equipment in order to improve the efficiency of evidence collection; increase police officer and citizen safety; and enhance communication. These purchases will allow for more accurate and immediate documentation of incidents; enhanced officer training and safety; more advanced collection and transfer of information; and increased connectivity within the agency and with the public.

Coordination:

The items requested to be purchased from grant funding require only coordination within the City's public safety users, other City departments, and selected vendors. No problems are anticipated in this area.

Deliverable(s):

Equipment Supplies

Project Identifiers (at least 5):

- 1.) Equipment Tactical
- 2.) Equipment General
- 3.) Officer Safety
- 4.) Communications
- 5.) Computer Hardware/Software

Timeline:

It is anticipated that all of the grant funds requested for this project would be expended by September 2014.

2012 Local Edward Byrne Memorial Justice Assistance Grant

MANASSAS CITY POLICE DEPARTMENT - City of Manassas, Virginia

Point of Contact:

Tina P. Laguna, Lieutenant

703-257-8025

tlaguna@manassasva.gov

Project Title: Advanced Technology for Efficiency & Safety

Objective: The Manassas City Police Department will use the 2012 Edward Byrne Memorial

Justice Assistance Grant to fund several equipment purchases. Several items will enhance the

accuracy and effectiveness of evidence collection by police personnel. One item will enhance

training by allowing for a more physically active and realistic training environment. The

equipment will also reduce the risk of injury to the officers and the instructors during the training

scenarios. Other items purchased will help police personnel better manage crises by allowing

users to hear information even in the presence of loud noises and quietly communicate with

appropriate personnel. This will ensure that officers receive directions and commands while

being able to focus on the safety of other officers and citizens. Another item will facilitate the

collection and transfer of information through advanced technology, and increase the technology

capabilities of the department.

2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative

Attachment 1 Pg. 1 of 12

5

1) Purchase One (1) Portable Digital Data Collector

Cost: \$3,995.00

The Manassas City Police Department routinely investigates auto accidents which occur within its jurisdiction. While the City experienced a decrease in auto accidents in 2011, there were still over 650 reported auto accidents resulting in over 450 injuries. Police Crash Reports (FR-300) can be prepared by any officer, however, when circumstances warrant it, advanced crash investigation specialists are needed to complete the investigation. These specialists required specialized equipment to accurately document. measure, and at times, reconstruct the accident scene. The police department currently has one piece of equipment (Total Stations) that allows these officers to electronically document and measure various items while on the scene. However, the officers must return to the police department to download the information onto a computer in order to view and determine if all information was accurately obtained. The proposed portable digital data collector is designed to be used in conjunction with the Total Station device. This new equipment provides an instant preview of measurements, thereby allowing the user to see errors or deficiencies instantly. This device can also be used too document evidence at crime scenes. It allows the user to zoom in on evidence, add descriptions to key points, and preview a diagram of the scene while shooting it in 2-D or 3-D from various angles. The purchase of this device would ensure that all incidents, auto accidents or criminal case scenes, are documented correctly and accurately without having to repeatedly return to a scene.

2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative

Attachment 1 Pg. 2 of 12 2) Purchase twenty-five (25) Digital Point & Shoot Camera Kits

Cost: \$5,000.00

The Manassas City Police Department is responsible for investigating numerous types of

crimes from vandalisms and burglaries to robberies and other violent crimes. Part of that

investigation includes documenting evidence via photographs. Currently each patrol

squad has either one or two cameras assigned to the unit. If the police officer with the

camera is not on the scene, the investigating officer must wait until the officer with the

camera can respond. If the police officer with the camera is temporarily unavailable or

busy, the investigating officer must wait, taking a police officer out of service and

inconveniencing a victim.

The cameras currently being used by patrol members are digital point & shoot cameras.

The purchase of digital point & shoots cameras would keep similar equipment within the

unit and keep current training consistent. The purchase of this amount of cameras would

allow the majority of patrol officers to have a camera assigned directly to him or her.

This would allow each officer to photograph and document pertinent evidence without

having to wait for an available camera. The use of digital photography would enable the

officer to view the photograph prior to leaving the scene to ensure that the photo

accurately depicts the evidence.

2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative

Attachment 1 Pg. 3 of 12 3) Purchase two (2) Tactical High Gear Suits & Kits

Cost: \$2,990.00

Manassas City Police Officers are required to participate in Defensive Tactics (DT)

training annually. The department has several certified instructors to facilitate this

training. Since DT training involves dynamic activities such as handcuffing, ground and

knife defense, and escaping from various types of holds, it is imperative that both the

officers and the instructors can interact in a safe manner. The tactical high gear suit will

reduce the risk of injury to the instructor while allowing officers to demonstrate and

apply active counter measures during training.

Such suits are made to withstand the rigors of close-quarter combat. They have a form-

fitting design with articulated joints for maximum flexibility and are compact enough to

be worn under clothing, allowing for visually realistic simulations and role player

scenarios. The kit generally includes a helmet, throat and torso protectors, and other such

pads. The department would also purchase the bags to carry all of the pieces of the kit.

4) Purchase six (6) High-Tier Temple Transducer Headsets and Five (5) Temple

Transducer Headsets

Cost: \$2,210.00

The Manassas City Police Department has an Emergency Services Unit (ESU) that is

deployed to high-risk situations, armed and/or barricaded suspects, hostage situations,

sniper attacks, warrant service for major arrests, general search warrants, and other

similar life threatening devices. This unit is responsible for ensuring officer and citizen

2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative

Attachment 1 Pg. 4 of 12

safety during these critical events. The ESU has seven (7) new members who have taken the place of personnel who are no longer with the department. The ESU spends countless hours training with specialized equipment so that they will be prepared for numerous types of events. In order to effectively handle major incidents, all team members must have the proper equipment. While engaged in an event, the group must be able to receive and transmit information without hindrance. These proposed headset systems allow members to quietly communicate with other team members via "push-to-talk" transmission. The headset systems also allow members to hear ambient noise with their ears while still hearing directions and commands from other team members or command staff. ESU members will deploy either of these headset systems based on the type of event and their specific function during the event.

5) Purchase Fourteen (14) "Receive Only" Earpieces

Cost: \$630.00

The Manassas City Police Department has a Civil Disturbance Unit (CDU) that provides the department with the capability to appropriately respond to large public gatherings, demonstrations, disturbances, or other public safety incidents. While protecting the rights of citizens to peaceably assemble and lawfully express their views, it is also the responsibility of the police department to preserve the peace and to protect life and property. The department's CDU has been deployed to numerous events within the City and has also assisted with multiple events in the National Capital Region. Due to the nature of their work, the CDU utilizes specialized equipment. It is imperative that they

2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative

Attachment 1 Pg. 5 of 12 have the ability to hear commands and information from other team members and staff at the Command Post. The current CDU communication equipment consists of a standard police radio and an earpiece. Past experience has demonstrated that this standard earpiece is not sufficient. The earpiece proposed for purchase would have a noise reduction component. The earpiece would allow CDU members to hear information being broadcast via the radio even with loud crowd noise.

6) Purchase Five (5) iPads with Wi-Fi Capability, Accessories, and Software

Applications

Cost: \$4824.00

It is important that personnel have the ability to quickly and accurately obtain information while away from the station. Many cases require additional research and investigation, often immediately. Currently, if staff members need to research information on the internet, he or she must return to the police department and use a computer. The only other option would be to have an Emergency Communications Specialist (911 operator) research the information on the internet and then report the results back to the officer. This situation would not be ideal because it would keep an ECS from dispatching 911 calls. It be more efficient if personnel had a means to access

Some department personnel are required to attend various meetings within the region.

Right now, they use a laptop but they must wait until they return to the police department

2012 Edward Byrne Memorial Justice Assistance Grant – Program Narrative

the internet without returning to the office.

Attachment 1 Pg. 6 of 12 to disseminate any information obtained at those meetings. Instead of information being easily accessible, many times it is cumbersome and laborious to obtain.

The proposed purchase of the iPads with warranties, additional accessories, and applications ("apps") would enhance the effectiveness of operations and the efficient use of resources. This technology would allow police department personnel to directly access electronic information while at a scene or at a meeting and when necessary transfer that information to another individual or location. This device would facilitate remote communication (audio and/or video) with other law enforcement personnel or other appropriate persons. This device would also enhance community outreach programs and improve the management of social media accounts while away from the department, after-hours, or on weekends.

Grant Accounting: The grant accounting policy for the City of Manassas will be followed to ensure the tracking of grant funds separately from other federal funding. When the applicant has been notified that it has been awarded a grant, an ordinance to accept the grant and budget and appropriate the grant funds will be prepared and submitted to the City Council, City Manager, and Mayor for approval. For new grant awards, the Accounting Manager will determine the new division account codes for the respective grant, and these codes will be used to title the ordinance. After approval of the ordinance by the Mayor and City Council, the appropriate City officials will sign the award documents and return the grant award to the Police Department's Grants Coordinator for processing. The original signed grant contract will be added to the appropriate grant record file and labeled with the award number, performance period, and the

2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative

Attachment 1 Pg. 7 of 12 division account code. A copy of the signed grant contract and ordinance will be maintained by the City's Grants Administrator in the grant file in the Accounting Office. Separate division account codes and revenue account codes are maintained for each grant. Submission of financial and other progress reports will be accomplished in accordance with the guidelines specified in the grant award.

Program Need: The Manassas City Police Department is tasked with investigating a multitude of crimes. Part of that investigation includes documenting evidence in a variety of ways. Officers must be accurate in this documentation and some incidents do not allow for multiple or extended interactions. Currently the police department possesses a piece of equipment that allows specialized officers to electronically document and measure items on major accident scenes. However, the officers must return to the police department to download the information into a computer. It is at this time that the officers discover if all data collected was measured correctly or if errors exist. If there are errors, the officers must return to the scene and start their measurements again. This could result in repeated closures of an area, creating hazards and inconveniencing the public. The portable digital data collector would increase the accuracy and efficiency of information gathering and validation by providing instant previews of the information.

Additionally, if officers need photographs taken of a scene, they must call for a unit with a camera. If that individual is busy or unavailable, the officer must wait at the scene or send another officer to retrieve the camera or return to the police department to find an available camera. This number of digital point & shoot cameras will equip the majority of patrol officers

2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative

Attachment 1 Pg. 8 of 12 with a camera. Officers would be able to document evidence, view it instantly to ensure accuracy, and return to service more quickly.

Manassas City Police Officers must complete certain types of training in order to maintain their law enforcement certifications. Since some of these training disciplines involve intense, hands-on instruction, there is a need to keep both the instructors and the participants safe. The training suits requested will facilitate realistic, mobile training so that the officers' training environments can simulate what they might encounter in the field. The training suits will allow instructors to safely interact with trainees during practical scenarios and allow the officers to demonstrate and apply active training techniques.

Over the past several years the Manassas City Police Department has found itself dealing with barricaded subjects and subjects in mental and emotional crises more frequently. department has also been called upon to assist with crowd control at numerous events in the National Capital Region. These types of calls require specialized units such as the Department's Emergency Services Unit (ESU) and the Civil Disturbance Unit (CDU). Even though both groups possess exceptional skills and abilities that assist them in dealing with these unique scenarios, the Department currently does not possess the necessary equipment or the existing equipment limits the team's capabilities. Both groups communication equipment consists of a standard police radio and an earpiece. The radio has an external microphone making broadcasting of sensitive information difficult while the earpiece proves difficult to use when there is a large amount of external noise. The high-tier temple transducer headsets and the temple transducer headsets would allow members to quietly transmit information. The headset systems also allow members to hear ambient noise while still hearing commands. The "receive 2012 Edward Byrne Memorial Justice Assistance Grant - Program Narrative Attachment 1 Pg. 9 of 12

only" earpieces would allow CDU members to hear information being broadcast even with loud crowd noise. Enhanced communication equipment would increase both officer and citizen safety during loud or volatile events.

Advances in technology often lead to advances in communication techniques, information gathering and criminal activity. In order to stay effective, it is imperative that police personnel have the ability to quickly and easily access and transmit information both within and outside the organization. The police department has adapted its communication methods by participating in various social media networks. This has allowed the Department to communicate with more members of the public in a manner that is convenient for them. Currently, if personnel need to upload information into one of these social networks, they need to do so from a computer or This can present problems when the member is away from the Department. laptop. Additionally, if members need to stay connected with the Department while out of the area, they again must have access to a computer or laptop and a cell phone. While this method has been effective, it too has limitations. Investigations more frequently are requiring officers to access electronic information. The department's current equipment does not allow for immediate information gathering in the "field" or for the immediate transmission of that information. The purchase of the iPads would enhance the effectiveness of operations by allowing personnel to collect, research and transmit information from any location. This equipment would also facilitate remote communication and improve the management of social media accounts. Personnel would have the ability to stay connected with the department; be able to keep up with and more readily adapt to continued technological advances and be more responsive to citizen comments and concerns.

2012 Edward Byrne Memorial Justice Assistance Grant - Local Solicitation

Supplies		
Item 1 One Digital Data Collector		
This piece of equipment will be used in more complex crash investigations to document,	1	
measure, and at times, reconstruct the accident scene. It will allow operators to see errors or		
deficiencies in their investigation on-scene so measurements can be adjusted immediately to		İ
produce more accurate results in a timely fashion.		
This equipment could also be used to document crime scenes - photographing evidence,		
adding descriptions to key points, and previewing a diagram of the scene while shooting it in		D
2D or 3D from various angles.	\$	3,995.00
Item 2 Twenty-Five Digital Point & Shoot Cameras		3,550.00
These cameras will be assigned to the various squads within the Police Department to	1	
document various types of crimes (vandalisms, burglaries, robberies, etc.).		
	\$	5,000.00
Item 3 Two Tactical High-Gear Suits & Kits w/1 Carrying Bag		
These high-gear suits and kits will be used during the department's defensive tactics training.	1	
Training is conducted at least twice per year. The suit will reduce the risk of injury to the		
instructor while allowing officers to demonstrate and apply active counter measures during	1	
training.	\$	2,980.00
Item 4 Six High-Tier Temple Transducer Headsets	 	
These headsets will be used by the department's Emergency Services Unit (ESU) when	1	
responding to various types of incidents. It will ensure effective communication between team	l	
members leading to increased officer safety.	\$	1,410.00
Item 5 Five Temple Transducer Headsets	<u> </u>	
These headsets will be used by the department's Emergency Services Unit (ESU) when	1	
responding to various types of incidents. It will ensure effective communication between team	d	
members leading to increased officer safety.	\$	800.00
Item 6 Fourteen "Receive-Only" Earpieces		
These earpieces will be used by the Civil Disobedience Unit to ensure effective communication	1	
when the unit is called to action. This will help to ensure not just officer safety but also quick	1	
response when needed during large public gatherings/events.	\$	630.00
Item 7 One iPad 4G with warranty	T	
This iPad will be used by the City of Manassas Police Chief while attending meetings and other	7	
events so that he can keep in communication with the department and relay information back	:	
when needed. This purchase will include a warranty for the iPads.	1	
	s	785.00
Item 8 Four iPads (Wi-Fi) with warranty	† 	
IPads will be used by various staff members throughout the department. This will allow	1	
department staff to access real-time information without having to return to the station. The		
technology will give personnel access to electronic information while on scene and possibly		
transfer that information to other personnel.	\$	2,660.00
Item 9 Five Bluetooth Keyboard Case for iPads	 	2,300.00
The keyboard cases for the iPads would be used for the above requested iPads, providing	1	
personnel with an easier means to enter information and a means to protect the device itself.		
, and a process and a process and additional to the section	1

Other Costs	
Item 1 4G Data Plan for iPad (Item # 7)	
This data plan will be for the 4G iPad (#7) above. This will allow the Police Chief to use the iPad even when not within a free Wi-Fi area. The department is requesting funding for 1.5 years for this service after which time, the service will continue at the department's expense.	
	\$ 720.00
Item 2 Applications for iPads ("Apps")	
With the purchase of the iPads, the department will also need to purchase applications to be used. It is unknown at this time what applications in particular the department would like to purchase because the department does not currently use iPads. All apps will be law	
enforcement related and will be in line with the goals of this grant.	\$ 139.00

AGENDA ITEM TITLE:

Resolution 2012-80-R Amending the FY 2012 Budget by Budgeting and Appropriating \$95,000 from Unallocated Land Sale Revenue at Manassas Gateway Office Park for

Engineering Services

DATE THIS ITEM WAS LAST CONSIDERED BY COUNCIL:

N/A

SUMMARY OF ISSUE/TOPIC:

The City of Manassas has a signed Letter of Intent (LOI) with HAV Gateway, LLC to purchase approximately 6.4 acres located at 10420 Gateway Blvd and construct two Class A office buildings. It is the City's responsibility to vacate a paper street and resubdivide the parcel prior to sale. The City also has the intention of realigning certain roads on the West side of the business park. This contract would do the engineering associated with these projects.

This resolution will budget and appropriate \$95,000 of land sale revenue in the Gateway Capital Projects Fund.

Resolution R-2012-44 Providing a Schedule of Rates for Emergency Medical Transport

Fees

DATE THIS ITEM WAS LAST CONSIDERED

BY COUNCIL:

City Council - November 14, 2005 (Resolution R-2006-30)

SUMMARY OF ISSUE/TOPIC:

Resolution R-2006-30 set the initial rate schedule for EMS fee reimbursement. The rates have not been reviewed and/or adjusted since that time. There are three levels of service for EMS transport – ALS Level 1 and 2 (Advanced Life Support) and BLS (Basic Life Support). Ground transport mileage is also calculated and added to this fee.

Current rates have been reviewed throughout the local, regional and national levels then

compared to the City of Manassas, which was the lowest cost.

EMS Cost Recovery

Finance Committee
Date TBD

Background

- Ordinance #2006-09 authorized the Cost Reimbursement for Emergency Medical Transports.
- Resolution #R-2006-30 set the initial rate schedule.
- Ordinance #O-2010-14 established new code section related to Cost Recovery for Emergency Response.
- The rates have not been adjusted in the past 6 years.

Definitions

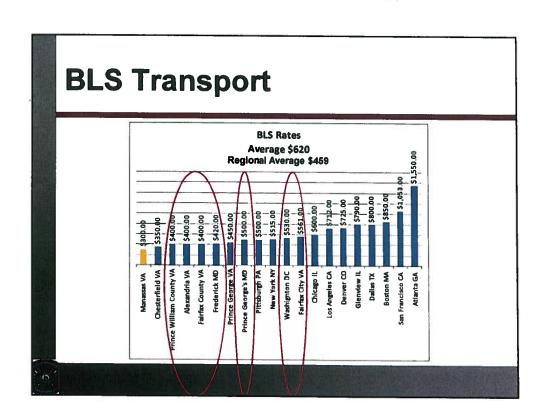

- ALS Level 1 medical treatment or procedures provided to a
 patient beyond the scope of an EMT-Basic as defined by the
 National Emergency Medicine Service Education and Practice
 Blueprint.
- ALS Level 2 advanced life support services provided to a patient including any of the following medical procedures: manual defibrillation/cardoiversion, endotracheal intubation, central venous line, cardiac pacing, chest decompression, surgical airway or intaosseous line and the administration of three or more medications.
- <u>BLS</u> medical treatment or procedures provided to a patient as defined by the National Emergency Medicine Service Education and Practice Blueprint.
- Ground Transport Mileage shall be assessed in statute mile from the incident to a hospital or other facility where a patient is transported.

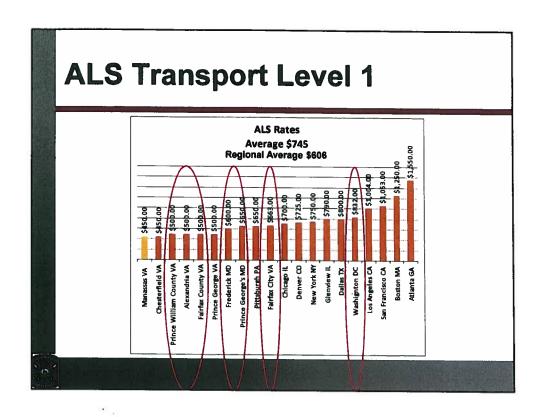

Fee Schedule Set In 2006

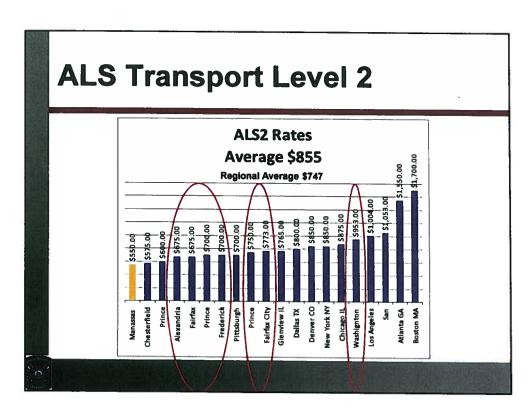

- BLS Transport \$300
- ALS Transport Level 1 \$400
- ALS Transport Level 2 \$550
- Mileage \$7.50 / mile

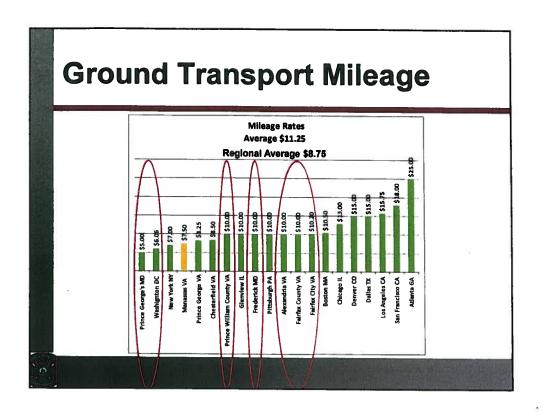

Review Of Others

- We have gathered the current fees of jurisdictions
 - · Local,
 - · Regional, and
 - National
- Manassas is the lowest rate for care provided

	Current	Regional	Proposed
		Average	(Effective July 1, 2012)
BLS Transport	\$300	\$459	\$400
ALS Transport 1	\$400	\$606	\$500
ALS Transport 2	\$550	\$747	\$700
Ground Transport Mile	\$7.50	\$8.75	\$10.00

RESOLUTION

RE: Resolution Providing for the Authorization of the Billing and Collection of Emergency Medical Services, Transportation Fees by the Greater Manassas Volunteer Rescue Squad, Inc. (GMVRS) Directing City Staff to Take All Other Actions Necessary to Implement EMS Transport Fees, and Authorizing the Distribution of the Collected Revenues to the Greater Manassas Volunteer Rescue Squad (GMVRS) for five years then sharing with the City of Manassas in equal amounts beginning year six.

WHEREAS, the Greater Manassas Volunteer Rescue Squad, Inc. (GMVRS) requested authorization to initiate billing for emergency medical services (EMS) transport services in order to replace falling revenues generated by the Rescue Squad; and

WHEREAS, the City Council has determined that there is a need for additional funding to support provision of emergency medical services; and,

WHEREAS, providing an additional source of revenue would be advantageous to the citizens of the City of Manassas and in the public interest; and,

WHEREAS, it is the desire of the City Council to avoid increases in tax rates to the extent practicable, and to diversify funding sources, while continuing to provide necessary services; and,

WHEREAS, a revenue recovery program providing for patients to be billed for the cost of EMS transport services would provide an additional revenue source; and,

WHEREAS, a recent report by the Virginia Joint Legislative Audit Review Committee (JLARC) recommended that local governments and volunteer companies consider EMS fees as a means of offsetting the increase in cost of EMS services; and,

WHEREAS, over 30 state wide localities, including most of Northern Virginia, have adopted EMS revenue recovery programs; and,

WHEREAS, fees will be based on the costs of providing the services and on the reasonable and customary fees approved for reimbursement by the Medicare program; and,

WHEREAS, the City will enter into a contract with Diversified Ambulance Billing, Inc. to administer the billing program; and,

WHEREAS, the fees detailed below have been recommended by the staff as reflecting actual costs of services and as being consistent with reimbursement levels approved for purposes of Medicare reimbursement and with fees for similar services within the Commonwealth.

NOW THEREFORE BE IT RESOLVED that the City Council authorizes the implementation of the EMS transportation fees by adoption on November 14, 2005 of Ordinance #O-2006-09, and adopts those fees listed below for the services defined in the Ordinance, pursuant to Va. Code § 32.1-111.14(B) and City Code Section 54-100.

BE IT FURTHER RESOLVED that City Council directs that the City Manager and GMVRS, to take all other actions necessary to begin charging the approved fees for EMS transport services and to implement the City of Manassas EMS Revenue Recovery Program, including adopting billing policies, obtaining approval of regulatory agencies to bill for transport services, and entering into any necessary arrangements and contracts with insurers, service providers and business associates.

BE IT FURTHER RESOLVED that one hundred percent of the revenue from the fees shall be distributed to the GMVRS for a term of five years at which point the revenues shall be divided equally between the GMVRS and the City to offset the increasing cost of EMS services.

BE IT FURTHER RESOLVED that the initial EMS TRANSPORTATION FEE SCHEDULE shall be:

ALS Transport Level 1 \$400 ALS Transport Level 2 \$550

BLS Transport \$300

Mileage \$7.50 per mile (ALS: Advanced Life Support; BLS: Basic Life Support)

This Resolution is effective on the date of approval and shall be implemented on the earliest date practicable.

AGENDA ITEM TITLE:

Resolution 2012-81-R Amending the FY 2012 Budget by Budgeting and Appropriating \$1,380,000 from the Fire Rescue Fleet Fund (Fund Balance) to Purchase and Pumper

Vehicle and a Ladder Vehicle

DATE THIS ITEM WAS LAST CONSIDERED **BY COUNCIL:**

February 27, 2012 - Adoption of #O-2012-10

SUMMARY OF ISSUE/TOPIC:

On February 27, 2012 the City Council adopted the Manassas City Fire and Rescue System Fleet Plan with Ordinance #O-2012-10. This ordinance stipulated that the FRC shall present to City Council their recommendation (specifications of new a vehicle, purchase of existing vehicle, or use of existing specifications and contracts) for the purchase of a pumper vehicle and a ladder vehicle.

The FRC created a Specifications Ad Hoc Committee which developed specifications and recommended riding an existing contract to accelerate the acquisition process due to the poor condition of the existing apparatus.

Staff found two contracts that were bid competitively which the Purchasing Manager reviewed and determined the City could ride. Arlington County awarded to Atlantic Emergency Services (vendor) for a Pierce (manufacturer) and Houston-Galveston Area Council (H-GAC) awarded to RedStorm Fire and Rescue Apparatus (vendor) for an American LaFrance (manufacturer).

Staff received cost proposals from both vendors based on the awarded contracts. Atlantic Emergency Services proposed \$1,558,000 for both the pumper and the ladder and RedStorm Fire and Rescue Apparatus proposed \$1,310,000. The Fleet Plan has an estimate of \$1,600,000.

Staff conducted extensive research to assure that all the proposed apparatus meet the required specifications of the FRC and are of quality construction. Staff also confirmed that both manufacturers are financially sound.

Staff recommends awarding the contract to RedStorm Fire and Rescue Apparatus and budgeting and appropriating \$1,380,000 (\$1,310,000 and a contingency of \$70,000 for items which may need to be added to the specifications). The City is required to join H-GAC. Attached are the contract to join and a list of Virginia localities who are currently members of H-GAC.

INTERLOCAL CONTRACT FOR COOPERATIVE PURCHASING

ILC		
No.:	·····	_
Permai	ent Number assigned by HG.	AC

Ectmanent number assigned by FROAC
THIS INTERLOCAL CONTRACT ("Contract"), made and entered into pursuant to the Texas Interlocal Cooperation Act, Chapter 791, Texas Government Code (the "Act"), by and between the Houston-Galveston Area Council, hereinafter referred to as "H-GAC," having its principal place of business at 3555 Timmons Lane, Suite 120, Houston, Texas 77027, and *
created and operated to provide one or more governmental functions and services, hereinafter referred to as "End User," having its principal place of business at *
WITNESSETH
WHEREAS, H-GAC is a regional planning commission and political subdivision of the State of Texas operating under Chapter 391, Texas Local Government Code; and
WHEREAS, pursuant to the Act, H-GAC is authorized to contract with eligible entities to perform governmental functions and services, including the purchase of goods and services; and
WHEREAS, in reliance on such authority, H-GAC has instituted a cooperative purchasing program under which it contracts with eligible entities under the Act; and
WHEREAS, End User has represented that it is an eligible entity under the Act, that its governing body has authorized this Contract on * (Date), and that it desires to contract with H-GAC on the terms set forth below;
NOW, THEREFORE, H-GAC and the End User do hereby agree as follows:
ARTICLE 1: LEGAL AUTHORITY The End User represents and warrants to H-GAC that (1) it is eligible to contract with H-GAC under the Act because it is one of the following: a local government, as defined in the Act (a county, a municipality, a special district, or other political subdivision of the State of Texas or any other state), or a combination of two or more of those entities, a state agency (an agency of the State of Texas as defined in Section 771.002 of the Texas Government Code, or a similar agency of another state), or a non-profit corporation created and operated to provide one or more governmental functions and services, and (2) it possesses adequate legal authority to enter into this Contract.
ARTICLE 2: APPLICABLE LAWS H-GAC and the End User agree to conduct all activities under this Contract in accordance with all applicable rules, regulations, and ordinances and laws in effect or promulgated during the term of this Contract.
ARTICLE 3: WHOLE AGREEMENT This Contract and any attachments, as provided herein, constitute the complete contract between the parties hereto, and supersede any and all oral and written agreements between the parties relating to matters herein.
ARTICLE 4: PERFORMANCE PERIOD The period of this Contract shall be for the balance of the fiscal year of the End User, which began * and ends * This Contract shall thereafter automatically be renewed annually for each succeeding fiscal year, provided that such renewal shall not have the effect of extending the period in which the End User may make any payment due an H-GAC contractor beyond the fiscal year in which such obligation was incurred under this Contract.
ARTICLE 5: SCOPE OF SERVICES The End User appoints H-GAC its true and lawful purchasing agent for the purchase of certain products and services through the H-GAC Cooperative Purchasing Program. End User will access the Program through HGACBuy.com and by submission of any duly executed purchase order, in the form prescribed by H-GAC to a contractor having a valid contract with H-GAC. All purchases hereunder shall be in accordance with specifications and contract terms and pricing established by H-GAC. Ownership (title) to products purchased through H-GAC shall transfer directly from the contractor to the End User.

36

(over)

ARTICLE 6: PAYMENTS

H-GAC will confirm each order and issue notice to contractor to proceed. Upon delivery of goods or services purchased, and presentation of a properly documented invoice, the End User shall promptly, and in any case within thirty (30) days, pay H-GAC's contractor the full amount of the invoice. All payments for goods or services will be made from current revenues available to the paying party. In no event shall H-GAC have any financial liability to the End User for any goods or services End User procures from an H-GAC contractor.

ARTICLE 7: CHANGES AND AMENDMENTS

This Contract may be amended only by a written amendment executed by both parties, except that any alterations, additions, or deletions to the terms of this Contract which are required by changes in Federal and State law or regulations are automatically incorporated into this Contract without written amendment hereto and shall become effective on the date designated by such law or regulation.

H-GAC reserves the right to make changes in the scope of products and services offered through the H-GAC Cooperative Purchasing Program to be performed hereunder.

ARTICLE 8: TERMINATION PROCEDURES

H-GAC or the End User may cancel this Contract at any time upon thirty (30) days written notice by certified mail to the other party to this Contract. The obligations of the End User, including its obligation to pay H-GACs contractor for all costs incurred under this Contract prior to such notice shall survive such cancellation, as well as any other obligation incurred under this Contract, until performed or discharged by the End User.

ARTICLE 9: SEVERABILITY

All parties agree that should any provision of this Contract be determined to be invalid or unenforceable, such determination shall not affect any other term of this Contract, which shall continue in full force and effect.

ARTICLE 10: FORCE MAJEURE

To the extent that either party to this Contract shall be wholly or partially prevented from the performance within the term specified of any obligation or duty placed on such party by reason of or through strikes, stoppage of labor, riot, fire, flood, acts of war, insurrection, accident, order of any court, act of God, or specific cause reasonably beyond the party's control and not attributable to its neglect or nonfeasance, in such event, the time for the performance of such obligation or duty shall be suspended until such disability to perform is removed; provided, however, force majeure shall not excuse an obligation solely to pay funds. Determination of force majeure shall rest solely with H-GAC.

ARTICLE 11: VENUE

Disputes between procuring party and Vendor are to be resolved in accord with the law and venue rules of the State of purchase.

Re: Proposals for 1500-gpm Pumper and American LaFrance/LTi 100' Rear-Mount Platform

Dear Chief:

We very much appreciate the opportunity to provide the City of Manassas Fire and Rescue Department with this proposal. Please find enclosed our proposal a highly customized 1500-gpm side-mount pumper and an American LaFrance / LTi 100' rear-mount platform, respectively. The base model pumper proposed is a CustomFiRE aluminum body paired with a Spartan Gladiator chassis. We have also provided options to consider an American LaFrance chassis and an all-American-LaFrance pumper for your consideration. The proposed 100' rear-mount platform rides on an American LaFrance Eagle with flat roof.

in assembling our information, we have worked to provide a proposal that is straightforward and fully meets the needs of the City of Manassas Fire and Rescue Department, in terms of specifications, performance and investment value.

Each of the proposed apparatus is available for purchase through an existing contract. In the case of the pumper, a derivative of the contract that RedStorm has with the City of Alexandria or the Houston-Galveston Area Council of Government (HGAC) contract FS12-11 for fire apparatus are both available for your use. In the case of the American LaFrance aerial, or a pumper, these can be purchased via the HGAC contract as well.

As you review the proposal, please let us know if we can answer any questions, provide further information or correct any mistakes. The entire RedStorm team remains at your disposal.

With best regards,

Jim/Featherstone

President

PROPOSAL TO FURNISH 1500-GPM SIDE-MOUNT PUMPER

April 17, 2012

Customer:

City of Manassas Fire and Rescue Department

Address:

9324 West Street Manassas, VA 20110

Asst. Chief Wade House:

We appreciate the opportunity to and are pleased to submit a proposal for a CustomFiRE® pumper on a Spartan Gladiator chassis per the below details.

74 (04)
\$459,603
\$7,500
(\$5,000)
(\$16,000)*
(\$8,000)*
(\$2,700)

NOTE: Additional options are offered as options, and the base unit price is not contingent on options offered.

*Please note that a significant portion of these DEDUCTs is associated with travel savings since the ALF chassis is produced in South Carolina and the completed apparatus would be inspected at and delivered through the ALF/LTI facility in Ephrata, PA. All pricing assumes three (3) trips for two (2) Department personnel per inspection trip.

This pumper will be built and delivered in accordance with the specifications in the enclosed proposal, except in regard to delays due to strikes, war or international conflict, failures to obtain chassis, materials, or other causes beyond our control.

Purchase Terms

Delivery Time:

7 - 8 months after receipt of contract

Delivery Terms:

FOB City of Manassas Fire and Rescue Department

Payment Terms:

Chassis payment due upon completion of chassis, approximately four (4) months ARO; balance due upon acceptance of unit. Please note that additional pre-pay discounts are available and we would be happy to discuss those in further detail at the preference of the Department.

Sales & Use Taxes:

The price for the motor vehicle specified in this agreement does not include Saies Taxes and Use Taxes (Federal, State, or Locai) unless expressly stated. Purchaser assumes and agrees to pay, unless prohibited by law, and such Saies, Use, or Occupational Taxes imposed on or applicable to the transaction covered by this agreement, regardless of which party may have primary tax liability.

RedStorm Fire & Rescue Apparatus, Inc.

877.644.7598 T/ 866.500.3347 efax

redstormfire.com

The drawings and specification listing contained in this package will be part of the final contract, and are subject to changes desired by the purchaser, provided such alterations are outlined prior to the manufacturer's final order acceptance timeframe and authorized by an additional agreement that will be an attachment to this contract package.

We reserve the right to withdraw this proposal within 30 days from the above date.

RedStorm Fire & Rescue Apparatus, Inc.

Jim Featherstone President

PROPOSAL TO FURNISH AMERICAN LAFRANCE 100' REAR-MOUNT PLATFORM ON AN EAGLE® CHASSIS

April 17, 2012

Customer

City of Manassas Fire and Rescue Department

Address:

9324 West Street Manassas, VA 20110

Asst. Chief Wade House:

We appreciate the opportunity to and are pleased to submit a proposal for an American LaFrance 100' Rear-Mount Platform on an Eagle chassis per the below details.

One (1) American LaFrance/LTi 100' Rear-Mount Platform on an Eagle chassis, per the enclosed proposal specifications	\$849,491
Options	
110' heavy-duty ladder, comparably equipped to platform. Estimated credit, subject to further discussion with the City of Manassas	(\$65,000 - \$70,000)

^{*}Additional options are offered as options, and the base unit price is not contingent on options offered.

This aerial will be built and delivered in accordance with the specifications in the enclosed proposal, except in regard to delays due to strikes, war or international conflict, failures to obtain chassis, materials, or other causes beyond our control.

Purchase Terms

Delivery Time:

If an award should be made promptly, we are in a position to offer delivery of the

proposed 100' rear-mount platform for final inspection in October 2012.

Delivery Terms:

FOB City of Manassas Fire and Rescue Department

Payment Terms: Due upon acceptance of unit

Sales & Use Taxes:

The price for the motor vehicle specified in this agreement does not include Sales Taxes and Use Taxes (Federal, State, or Local) unless expressly stated. Purchaser assumes and agrees to pay, unless prohibited by law, and such Sales, Use, or Occupational Taxes imposed on or applicable to the transaction covered by this agreement, regardiess of which party may have primary tax

liability.

The drawings and specification listing contained in this package will be part of the final contract, and are subject to changes desired by the purchaser, provided such aiterations are outlined prior to the manufacturer's final order acceptance timeframe and authorized by an additional agreement that will be an attachment to this contract package.

We reserve the right to withdraw this proposal within 30 days from the above date.

AGENDA STATEMENT

PAGE NO. <u>51</u>
ITEM NO. <u>6</u>

MEETING DATE:

May 9, 2012 - Finance Committee

TIME ESTIMATE:

5 Minutes

AGENDA ITEM TITLE:

Discussion of the City Manager Discretionary Account

DATE THIS ITEM WAS LAST CONSIDERED

BY COUNCIL:

May 11, 2011 - Finance Committee Meeting

April 1, 2012 - FY 2013 Budget Process City Council Request for Information

SUMMARY OF ISSUE/TOPIC:

The City Manager and City Council discretionary accounts were created in the FY 2006 budget process with a \$10,000 budget in each account. In FY 2009 the budget for each account was reduced to \$7,500. In FY 2012, at the direction of the Finance Committee, the two accounts were combined into the City Manager Discretionary account with a \$15,000 budget. Attached are the minutes from the May 11, 2011 Finance Committee

Meeting.

Finance Committee Chairman Marc Aveni has requested a discussion of the City Manager Discretionary Account. Attached is a schedule of the expenditures in this account from FY 2006 – FY 2012 (as of April 16, 2012) and detail expenditures lists for

each year.

MINUTES OF THE CITY COUNCIL FINANCE COMMITTEE WEDNESDAY, MAY 11, 2011 SECOND FLOOR CONFERENCE ROOM CITY HALL - MANASSAS, VA

COMMITTEE MEMBERS PRESENT: Council Member Marc Aveni, Chairman

Council Member J. Steven Randolph Council Member Sheryl L. Bass (alternate)

Vice Mayor Andrew Harrover

COMMITTEE MEMBERS ABSENT: None

OTHERS PRESENT: Mayor Harry J. Parrish II, Council Member Jonathan Way, City Manager Lawrence D. Hughes and Budget Manager Diane V. Bergeron.

The meeting was called to order at 5:45 PM by Chairman Aveni.

AGENDA ITEM #1 Approve Minutes of the April 27, 2011 Finance Committee Meeting

This item will be brought to the next Finance Committee meeting. Staff will confirm that Vice-Mayor Harrover, was present.

AGENDA ITEM #2 Discussion of the City Manager Discretionary Account, the City Council Discretionary Account and the Economic Opportunity Fund

The Committee (2 / 1) directed Staff to combine the \$7,500 in the Council Discretionary Account with the \$7,500 City Manager Discretionary Account for a total of \$15,000 in the City Manager Discretionary Account. The City Manager will have complete discretion over the account. The City Manager will make an attempt to have Staff attend events sponsored, if possible. Chairman Aveni disagreed with the Committee's decision.

A discussion on the Economic Opportunity Fund will be brought back to a future Finance Committee agenda.

AGENDA ITEM #3 City Manager's Time - No Items

The meeting was adjourned at 6:20 PM by Chairman Aveni.
