Manassas goes to Committee of the Whole

City of Manassas, VA . . . The City of Manassas City Council will now hold Committee of the Whole meetings instead of separate Finance, Land Use, Legislative and Appointments committees. This will begin on February 9, 2022. Committee of the Whole meetings include the entire Council and will include reports from each of the four areas if there is an item to be brought forth from them, plus any other items that may need to be addressed in a work session setting. These meetings were consolidated as a way to enhance communication and openness to our residents, while giving more ease of access to the meetings by all being on one night. In this way, those who wish to attend, only need attend on the one evening.
