Structure Fire Save

City of Manassas, VA . . . On Saturday, Dec. 17 at 10:50 p.m. City of Manassas Fire & Rescue crews responded to reports of a structure fire in Manassas Park. As Manassas Park units were already involved in another call, City of Manassas crews took the lead on fire suppression and search and rescue. During a search of the building, one victim was located and rescued from the structure. City of Manassas Advanced Life Support treated and transported the patient to Novant-Prince William Hospital. Units from Prince William and Manassas Park assisted in firefighting efforts.

“It is through circumstances such as this, when firefighters and officers use their training to enter a hazardous situation, that we achieve a positive outcome,” said City of Manassas Chief of Fire & Rescue Rob Clemons.
