

## Map 6.1 Key Transportation Projects

**Map 6.1** and **Table 6.1** include key recommended projects identified by the Transportation Master Plan and public transit agencies; all projects under consideration to meet the long-term goals of the Comprehensive Plan will be reviewed annually as part of the development of the City's Five-Year Transportation Capital Improvement Program.

In addition, the following citywide policies and projects are recommended:

- Traffic Calming
- Complete Streets
- Traffic Signal Optimization
- Wayfinding

*Note: Manassas includes the following Corridors of Statewide Significance as identified in VTrans: Prince William Parkway (234 Bypass); 234 Business; Route 28 within City Limits.*
