4. Airport Director's Report

4.1 Airport Director's Report

Mr. Rivera attended the Virginia Aviation Board meeting in Richmond on Nov 17th. There was one item on the agenda requesting \$20,825.04 for the tower sighting study to do the first phase of the new tower. FAA says that it will probably be between 18-19 million for the tower.

VA Department program manual being updated.

Also discussed was the need for better utilities. In the past this wasn't a concern but now with Advance Air Mobility hopefully this will fund the change.

We talked about in February for the state system plan that should be available for review by the Aviation Board.

The ADA reported that they're holding their legislative reception in January 25th. For those of you who have not attended that event, it's a good event at about 400 people.

Legislative day. We'll be going around and speaking to all the different legislators around the country. Well, to make sure that they understand what our needs are or anything that's been out there that may oppose.

There were several noise complaints, mostly due to APP hosting Textron helicopters for three days.

Congratulations Bob Hepp of Aviation Adventures for being conducted into the Union Hall of Fame, the Virginia Historical Society. Will be posting him as well as Scott Crissfield on our Museum Wall.

Mr. Rivera gave a brief account of the flood here at the airport on November 6th and how the renovations are going.

Rising Phoenix has had several serious offers. The executor of the estate has been coming up from Florida where she resides to speak with several people. Hopefully she will get more offers and close this up fast so that their debt to the airport could be settled.
