## Ways to Use Phone Apps to Connect with Family During Social Distancing:

Ask your Children and Grandkids to get you connected using these apps!

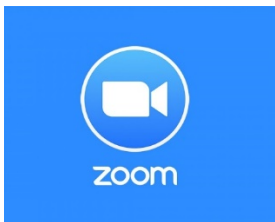

### MARCO POLO:

Do you remember the Classic Game of Marco Polo? In which you yell out from the pool...Marco...Polo...Marco...Polo. **Marco Polo** combines the best of texting, social media and video chats - all in one private, easy to use **app**.

### ZOOM:

**Zoom** is the leader in modern enterprise video communications, used for video and audio conferencing, chat, using either your mobile device, tablet or desktop.

- 1- Download Zoom App
- 2- Set up your profile
- 3- Top of Screen click on orange button that says new meeting.
- 4- Click Start a Meeting
- 5- Click on use internet audio
- 6- Bottom of the screen click on box that says participants.
- 7- Bottom of screen click on invite...send message... this will bring you to a screen that says TO: type in the name of the person you want to zoom with.
- 8- Click on the arrow up to send message.
- 9- Wait until the other person logs on...you will see them and then can talk with each other in real time.
- 10- To end the call tap on the screen and you will see the word end in red on the right side. Tap on End or Leave Meeting.
