

# Christmas Trees

There are approximately 33 million Real Christmas Trees sold in North America every year.

For many residents Christmas begins with a real Christmas tree, but what do you do with the tree after the Christmas season?

There are three collection points throughout Martin County:

Fairmont City Garage 417 East Margaret Street Fairmont, MN (Across from Humane Society)	Collection begins after Christmas each year and ends after the first Saturday in January	You can drop your tree off at any of these sites. There is no charge for disposal
Trimont City Brush Site		
Sherburn Nursery		

For more specific information about the Christmas tree collection, watch local newspapers or call Billee Rabbe, Martin County Solid Waste Coordinator (507) 776-3232.
