

MARTIN COUNTY WATER DISTRICT 2

ID NO. NC 60 59 009

September 10, 2020

System Pressure Advisory

Planned Water Service Interruption

The water customers of Martin County Water District 2 with water services in the Town Limits of Bear Grass, and on West Bear Grass Road between the Town Limits and the Cowin Road intersection, and on Ed's Grocery Road between the Town Limits and the Harrison Road intersection may experience periods of low pressure and outages in the distribution system **between 8:00 AM and 5:00 PM on Tuesday, September 15, 2020**, due to water main repairs on North Rogers Street in Bear Grass.

Periods of low or no pressure in the distribution system increases the potential for back siphonage and introduction of bacteria into the water system. Therefore, the water system advises that when water is restored, consumers **boil all water** used for human consumption (including drinking, making ice, brushing teeth, washing dishes and food preparation) or use bottled water. Vigorous boiling for one (1) minute should kill any disease-causing organisms that may be present in the water.

This advisory remains in effect until further written notification is issued.

**This advisory issued on September 10, 2020 by:
Martin County Water District 2**

Please be advised that this schedule could change due to weather conditions or other unforeseen circumstances. Updates will be posted on the Martin County Webpage (www.martincountyncgov.com) under the link to 'Public Notices/Press Releases', or you may contact the Water Department at (252) 789-4345.

The Water Department apologizes for any inconvenience this may cause our customers and hopes that you understand the necessity for these repairs.
