

MARTIN COUNTY WATER DISTRICT 1

ID NO. NC 60 59 003

August 18, 2021

System Pressure Advisory

Water Service Interruption

The water customers of Martin County Water District 1 with water service addresses on the following roads and sections have experienced periods of low pressure and outages in the water distribution system **between 9:00 AM and 12:00 PM on Wednesday, August 18, 2021**, due to water main repairs on NC Highway 125. The roads are:

NC Highway 125 from its intersection with NC Highway 142 southward to the bridge at Abbitt's Mill, Spring Green Road, Airport Road from Spring Green Road to the Martin County Airport, Wildcat Road from its intersection with Spring Green Road to the Old Everetts Road, Log Cabin Road, Campbell Hill Road, Dodge City Lane, Roberson Drive, Alice Road, Stalls Lane, Spring Hill Road, Paige Drive, Fox Trot Lane, Speight Road, Ballard Road, Fort Branch Road from its intersection with Ballard Road to Poplar Point Baptist Church at 4928 Fort Branch Road, Williams Road, Poplar Point Road from Ballard Road to one mile south of Williams Road.

Periods of low or no pressure in the distribution system increases the potential for back siphonage and introduction of bacteria into the water system. Therefore, the water system advises that consumers **boil all water** used for human consumption (including drinking, making ice, brushing teeth, washing dishes and food preparation) or use bottled water. Vigorous boiling for one (1) minute should kill any disease-causing organisms that may be present in the water.

This advisory remains in effect until further written notification is issued.

**This advisory issued on August 18, 2021 by:
Martin County Water District 1**

Updates will be posted on the Martin County Webpage (www.martincountyncgov.com) under the link to 'Public Notices', or you may contact the Water Department at (252) 789-4345.

The Water Department apologizes for any inconvenience this may cause our customers and hopes that you understand the necessity for these repairs.
