

Martin County Community Healthcare Survey

Ascendient Healthcare Advisors is working with Martin County to complete an assessment to define a sustainable model of healthcare and services for Martin County. As part of this process, we are distributing surveys to gather information regarding healthcare services in the region, strengths and weaknesses of existing resources, and the desired role of Martin General Hospital in the region going forward. This survey is an important part of the assessment, allowing us to hear directly from community members. This survey should take approximately 10 minutes to complete and your answers will be completely anonymous.

1. What concerns you most about healthcare in Martin County?

2. Are there groups of people within your community whose health issues seem to be overlooked or whose health needs are not met?

3. If you could change just one thing about healthcare in Martin County, what would that be?

4. Where do you feel you most often seek medical attention for issues related to your physical health? (ie: primary care, urgent care, emergency room, internet)

5. What health system do you most often use to seek medical attention? Please circle one.

- Martin General Hospital
- Washington County Hospital
- ECU Health/Vidant Medical Center (Greenville)
- ECU Health/Vidant Beaufort
- ECU Health/Vidant Other Location
- Other (please list)

6. Why do you choose that health system?
