**McHenry County Conservation Foundation and Kishwaukee Brewing
Kick Off Month-Long Fundraising Partnership**

During month of October, Kishwaukee Brewing will donate \$1 of every Sandhill Lager poured in their taproom to the McHenry County Conservation Foundation. The proceeds of this partnership will be used to support the work, programs and activities of the McHenry County Conservation District.

The McHenry County Conservation Foundation will kick-off the fundraising partnership Saturday, September 30, from 5-7 p.m. with an event that will include a night of camaraderie, raffles, games, and a Hungry, Hungry Hippo tournament at the Kishwaukee Brewing Taproom, 1900 Dillard Ct., Woodstock.

Kishwaukee Brewing's Sandhill Lager is an homage to the Sandhill Crane, a species that has been a conservation success story in McHenry County in large part due to our protected and restored wetlands where these birds nest and raise offspring, making it a fitting brew for this partnership. Raise a glass and give a cheer for the protection and preservation of our county's water wildlife and way of life!

McHenry County Conservation District owns and protects over 25,700 acres of open space which provides wildlife habitat preservation, educational opportunities and recreational amenities for the citizens of McHenry County to enjoy. McHenry County Conservation District exists to preserve, restore, and manage natural areas and open spaces for their intrinsic value and for the benefits to present and future generations.

The McHenry County Conservation Foundation is a 501(c)(3) nonprofit organization that works to obtain grants and gifts in support of the work of the McHenry County Conservation District. To learn more about the McHenry County Conservation Foundation or the projects it supports, visit <http://www.mchenryconservation.org> or call (815) 338-6223.
