

PERMISSIBLE USES AND SPECIFIC EXCLUSIONS.

Liberal Construction of Table of Permissible Uses.

- 1) The presumption established by this Code is that all legitimate uses of land are permissible within at least **one (1)** zoning district in the County's planning jurisdiction. Therefore, because the list of permissible uses set forth in the Table of Permissible Uses cannot be all-inclusive, those uses that are listed shall be interpreted liberally to include other uses that have similar impacts to the listed uses.
- 2) Notwithstanding the above, all uses that are not listed in the Table of Permissible Uses, even given the liberal interpretation mandated by the language above, are prohibited. Nor shall the Table of Permissible Uses be interpreted to allow a use in one zoning district when the use in question is more closely related to another specified use that is permissible in other zoning districts.
- 3) Asterisks in the table of permissible uses indicate that there are special provisions for that said district. More detailed information can be found in the ordinance section for the specific district and shall be followed.
