Help Us Control Maintenance Costs

- **Flush your Grinder Station** – When opening and closing your cabin for the season, run about 30 gallons of water into the grinder station to activate the pump. This will pump the sewage out of the grinder basin and help reduce corrosion.
- **Trim Landscaping around Grinder Station** - Please trim any overhanging or overgrown vegetation around the grinder station to allow access for maintenance.
- **Leave the power on.** - Leave the power on to the grinder at all times even in winter. It is better for the pump and will help protect against sewer backups.
- **Cool it. Can it. Trash it.** - Dispose of fats, oils, and greases in the trash to help prevent clogs.
- **Sounding louder than normal?** - Please call the maintenance provider to run a check on your grinder.

Sign up for Automatic Payments

If you would like your monthly sewer bill taken directly from your bank account, please call the Murray County Auditor's Office at 507-836-1153. It only takes one billing cycle to set up.

Drop Box for Sewer Bills

There is an after-hours drop box for bills by the north doors of the Murray County Government Center at 2500 28th Street in Slayton, MN.

Questions?

Please contact any of the Commission members listed on the left side of the newsletter.
