## Additional Performance Credit Calculations and Supplemental Information

Describe below the progress made in meeting your program year work plan inspection goals. You must provide quantitative results for each compliance inspection and land application goal listed in your work plan.

In 2019 the plan was to work in other water sheds besides the DesMoines Reiver warter shed. Murray County worked in those areas when we could. In 2020 we will be doing the same. We are trying to inspect feedlots that have not had inspection on them before.
