## Service Announcement

---

October 9, 2008

**TO:** Telecommunications Coordinators

**FROM:** Dan Davis, Manager  
DIS Telephone Services

**SUBJECT:** SCAN Plus Calling Card Service

**The Department of Information Services (DIS) will retire the current SCAN Plus service and begin offering calling cards through a master contract on or before June 30, 2009.**

For the past several years, demand for long distance calling card services has been steadily declining due to the use of cell phones and other technologies. DIS has determined that it is more cost-effective to use a master contract arrangement to fulfill the remaining demand for calling cards.

Additional information will be provided once a contract has been competitively awarded.

**NOTE:** This announcement only affect SCAN Plus calling card services. SCAN Long distance will continue to be offered as a DIS service.

If you have any questions about this announcement, please contact Ron Lotton at (360) 902-3343 or Sue Berg at (360) 902-3348.
