Tim Haranczak, 599 Bunny Run Blvd. had concerns about the project and the length of the contract. He objects to a five-year contract and to using the same company. He lives on the canal and does not receive benefit as the weed treatment does not reach his property.

Greg Davis, 434 Dell Ct. objects to the five-year program. He moved to Bunny Run in November and he knows the canal is not passable. He wants a bidding process to select the company. Questioned if there is public access to the lake and why only 47 people pay for weed treatments. Wants all Bunny Run residents to pay for the treatments.

Garry Coleman, 1451 Paul Blvd. supports the SAD. He is a longtime resident and sees the improvement since treatment. He stated you could almost walk on the lake prior to weed control. The canal may need to be dredged. He stated the purpose of the weed control is to select certain weeds.

Brian Kelly, 1347 Paul Blvd. He is an 11-year resident and sees improvement with the weed treatment. He is satisfied with the company that is doing the treatment for the past 7 years. He provided a letter from his wife and he and his wife support the SAD.
