

**CRWC** } **2023 STORMWATER  
MANAGEMENT  
FORUMS**

CLINTON RIVER WATERSHED COUNCIL

These forums bring decision makers and watershed stakeholders together to learn about and discuss relevant topics in stormwater management. Attendees will hear from a variety of speakers on topics like:

- Green Infrastructure development, funding and effective management
- Environmental regulations and ordinances
- IDEP/Stormwater pollution prevention
- New restoration and stormwater management technologies
- Current projects in the Clinton River Watershed
- Updates from CRWC, EGLE and county representatives

These forums are FREE and offered as part of the CRWC's Stormwater Education Program. All of our enrolled government and community members, elected officials, consultants, planners, and other regional stakeholders are encouraged to attend.

**March 16<sup>th</sup>, 2023 - Virtual**
