

? Household Hazardous Wastes

Common household products often contain chemical ingredients that are potentially harmful to you and are a threat to the rivers. These products are called Household Hazardous Wastes. You can help the environment by reducing your use of these products and disposing of these products during a Household Hazardous Waste Collection Day. Find the Household Hazardous Wastes in the word search below:

Antifreeze	Oven cleaner	Batteries	Pesticide
Brake Fluid	Primer	Gasoline	Rat poison
Motor Oil	Varnish	Nail polish	Weed killer
Oil Based Paint	Old Medicine	Wood Preservatives
