

CRWC

CLINTON RIVER WATERSHED COUNCIL

Weekly Clean

Weekly Clean is an activity that engages citizens of all ages in trash clean-ups throughout the Clinton River Watershed and along the Lake St. Clair shoreline.

When: Every Wednesday 10am-12pm
(April-November)

Where: Each week is dedicated to a different location

Visit **CRWC.org** to see locations

What we do on land is reflected in the quality of water in our lakes, rivers and streams. Discarded trash and debris can end up polluting our water ways.

During warm weather months there will be opportunities to kayak sections of the Clinton River and Lake St. Clair while we clean up debris.
