### **LEGISLATURE MEETING**

January 13, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation lead by Larry Montello, County Commander of the American Legion, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County Planning Board has forwarded their 2010 meeting calendar. Susan Heard,

Orleans County Treasurer has forwarded eight (8) Disclosure of Interest forms from Employees who received funds in addition to wages from Orleans County which have been filed in the Legislature Office. Wayne Hale, Orleans County Marine Park Manager has forwarded the Orleans County Marine Park 2009 Annual Report and is available for review.

During Open Discussion, Paul Rusin, Leader of the Tea Party movement in Orleans County requested to address the Board concerning a proposition to affirm the Second Amendment of the United States Constitution to have the right to keep and bear arms. He has a resolution that was sent to key Legislators in Yates County and has prepared it for this board to consider. He requested that this Legislature pass the resolution to oppose the enactment of any legislation that would infringe upon the right of the people to keep and bear arms and consider such laws to be unconstitutional and beyond lawful legislative authority. By passing Penal Law 265 and 400, they have gone against the Constitution, stated Mr. Rusin. Mr. Rusin distributed copies of the resolution and thanked the Board for allowing him to discuss this today. Chairman Callard advised Mr. Rusin that some of his issues raised have been discussed by this Board. Legislator Allport provided Mr. Rusin copies of what this Legislature has already adopted. Chairman Callard thanked Mr. Rusin for bringing this to the Legislators attention.

Legislator Allport announced the ARC of Orleans will be celebrating their 40<sup>th</sup> Anniversary. They have events occurring every month that he will be sure this board is aware of should the Board wish to attend. Legislator Eick said that the ARC of Orleans has been spending months working on all of this. Holley Fire Department will be hosting a Haunted House.

Legislator Rush stated due to the recent organization and new Standing Committee assignments, they have not had any scheduled committee meetings to report on to date.

Legislator Johnson reported that Lyndonville and Barker school boards both have approved looking at a study to consolidate their two school districts. They have quite a challenge ahead of them. They need to be commended in looking into that to see that the taxes go to the best education. The fact that they both decided to go with the study is a step in the right direction. Legislator Allport hopes that all the other school districts would do the same.

## LEGISLATURE MEETING

February 10, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Charles Kinsey, Director of Computer Services the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The Orleans County Youth Board is calling for nominations for Youth Recognition Awards, Helen R. Brinsmaid Award and Eileen Heye Adult Volunteer Recognition Award. All nominations are due to the Youth Bureau by March 5<sup>th</sup>. The Orleans County 28<sup>th</sup> Annual Youth Recognition Banquet is scheduled for May 13, 2010. These nomination forms are available in the Legislature Office. The 2009 Annual Dog License Report has been received by Susan M. Heard, Orleans County Treasurer, and has been filed.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through December 2009 and has also attached January 2010. The December report ends pretty well considering the month of December, we made the full retirement payment. When you are looking at the January 2010 page, it looks good because in the real property taxes collected, the first thing in the chart does not include any town money this year. We didn't get our first money until February. If you compare it from one year to the next, it actually had to do with a foreclosure deadline of January 29<sup>th</sup>. February should look pretty good. Chairman Callard said that the cash balance is \$3,041,519 and when compared to 2009, it was \$2,131,259.

During open discussion: Allen Lofthouse, Kendall, stated that he was not here at the last meeting. At the meeting before, you had a public hearing and the salaries were raised, but there wasn't any way for the public to know the percent of increase because the old salaries were not published. Chairman Callard said that the increase was 2.5%. Mr. Lofthouse asked if the Legislature was looking for an increase this coming year within the county employees. Chairman Callard said no other than the normal contractual obligations with the unions. Mr. Nesbitt said we are to abide by the Taylor State Law, which requires us to live up to those contracts. Mr. Lofthouse said that the Legislature passed 42 resolutions including a public hearing and it was done in 30 minutes, but asked when do you discuss these resolutions.

Chairman Callard said in relation to the salaries, that was done by public law, and we announce that prior to the meeting and allow for public comment and waited to vote. On the resolutions, they are formulated primarily through our committee meetings that we have throughout the month. They are then reviewed by the Committees, CAO, and Chairman before final placement on the agenda. The agenda is given out in advance of the meetings. Legislator Allport said they receive the resolutions the Thursday or Friday before, which allows each Legislator to call the department head to find out what the resolution is about. Generally speaking, when the resolution is presented, there is a discussion period for any objections from the Legislature. Mr. Lofthouse asked if any of the public has an input and Mr. Nesbitt said the committee meetings are open to the public, and they are posted on the Orleans County website at [www.orleansny.com](http://www.orleansny.com).

Mr. Lofthouse asked if someone has an idea of the current contributions to the employee's pension plan and what the percent of increase is going to be at the end of this year. Mr. Nesbitt said that they budgeted for an approximate 64% increase from 2009 to the 2010 bill. The percentage of salary went from 7.4% to 11.5%. That was all presented as part of the budget package process and there were public hearings involved.

Legislator Bower spoke on the comments with regards to the resolutions. He is aware that people wonder about how resolutions are approved. Sometimes it is months prior to the resolution being placed on the agenda that they are on our desks. The committee has to approve that the resolutions go on the agenda before the other Legislators even see them based on what the departments have presented to us. We scrutinize as much as possible and there are questions back and forth. They are put on the agenda and are all submitted by Wednesday prior to the meeting at 5:00 p.m. At that time, all Legislators see them and if they have a question, they would call the Legislator that Chairs that particular committee. We are all involved in the resolutions. We can't possibly know everything that is going on in the county so we rely on the other Legislators to keep us informed.

Chairman Callard said what is interesting is some counties make one motion to pass all the resolutions in one vote where we do it one by one so that there can be discussion on each resolution individually. Legislator Rush also explained further on the process of resolutions being presented onto the agenda.

*February 10, 2010  
Resolutions 68-82*

Legislator Allport made everyone aware of the 40<sup>th</sup> anniversary for ARC. They are having an Open House celebration at Orleans Enterprise from 9 to 2 p.m. on February 23, 2010. Orleans Enterprise is the workshop for the clients of the ARC. Depending on their capabilities, they are either supervised one on one or in a group. They do projects for Ford Gum, Associated Brands, and Avon. They have so much work that they help out Genesee County Enterprise by passing work off to them to keep them busy because they are usually short on work. It is a very successful operation because of the staff. The Workshop has 105 workers. Legislator Allport also indicated that he will be heading to Albany for NYSARC and will bring back some information.

Legislator Rush met with Wayne Hale from Planning and Tourism and had five people bid on the fishing guides. They are going to order 20,000 from the lowest bidder for \$3,690. This way we would have some for the next year or two.

Legislator Johnson met with several police agencies on Friday, January 29, 2010 to discuss the suspicious fires in Orleans County. She was amazed at the amount of inter-county, regional, and state cooperation that pulled together and she asked our Emergency Management office to give me a list of the people who responded to the scene. On Clinton Street in Albion, Albion was the host Fire Department, Barre sent a pumper to the scene, Medina sent their FAST team, Fancher, Hulberton and Murray filled in at the Albion Fire Hall and then we had COVA and EMS standby. It was only an hour after that fire was out, the Murray fire started. She also reviewed all those who fought in the Murray fire including outside counties. She believes it was a Labrador dog that was also taken through the scene to smell accelerants and it was an amazing thing to watch. The dog is released and goes through the home and sits when it smells an accelerant that has been used. There is an unbelievable amount of work that goes into the investigation. The Sheriff's department is following up on leads right now. 95% of these people are volunteers.

Legislator Eick reported on the Supervisors/Legislator meeting they had in January and that it was well attended by 45 to 50 people. Gayle Ashbery is the new Chair and William Eick is the Vice Chairman. The next meeting is a training session put on by Emergency Management and starts at 5:30 p.m. Kast Farms won a Conversationalist Farmer of the Year Award at the Soil and Water meeting. Kludt Farms won a national award for corn production and came in third and fourth in the nation. They also won the state award for the highest corn yield in the state. This is a great

accomplishment in our area. The Elections office has moved to the old wing of the Nursing Home on Monday. They are in turmoil right now, but the rooms look fantastic. Buildings and Grounds did a great job and it is a well-deserved move.

Legislator Smith reminded everyone that this is Black History Month. Instead of having it 28 days, it would be recognized on an annual basis. He read a quote from Kareem Abdul Jabbar. He attended the NYSAC conference in Albany. He is on the board with Tom Santulli who is the President, and he thinks they are doing a marvelous job looking out for the interest of counties. Some of the things that they brought up is directly going to affect us especially dollars that are forthcoming.

Chairman Callard stated that they are honored to announce that Chuck Nesbitt, Chief Administrative Officer, has been appointed Chairman of the Taxation and Finance Committee through NYSAC. NYSAC standing committees serve an important role in helping NYSAC shape our policies and positions on Legislative issues. The Orleans County Legislature wishes to congratulate him on this appointment and looks forward to him working on issues that are not only important to Orleans County, but to New York State. He also serves as President of the NYS County Administrators and Managers Association, which is a NYSAC affiliated organization. It is very heartening coming from a small county that we have produced state-wide leaders, but I believe we have done so with the Treasurer, Legislative Clerk, and Legislator Smith serving on their respective Association Boards. He is honored to serve with them and thanked them for their service.

Chairman Callard said while they were at NYSAC, they received a check from NYMIR for \$14,162.50. This is a partial payback that we have been receiving from our original investment in the formation of NYMIR. There were either six or eight counties that originally began the formation of this group and it has really saved us a considerable amount of money. At the next meeting, we will be having the State of the County Message and will discuss where we are at as we begin 2010. The theme will be growth and development within the county. He encouraged the papers to make mention of this to the public.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried.

The following resolutions were then adopted:

**LEGISLATURE MEETING**  
February 24, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, Legislator Smith introduced Rev. Vonda Fossett of the Albion United Methodist Church who led the invocation.

Chairman Callard presented the following "STATE OF THE COUNTY MESSAGE":

*Good afternoon and thank you for coming to today's meeting. The purpose of this State of the County Message is not to give a comprehensive review of the events of 2009, but rather, to discuss where we are and where we are going. This year has begun with Congress mired in political gridlock and accomplishing little and the state legislature seemingly unwilling to acknowledge its long term deficit projections which can only have negative ramifications upon all county governments.*

*Orleans County cannot be stymied, however, by factors that are beyond its control. Orleans County will actively pursue goals as well as respond positively to negative events should they occur.*

*The county enters the year with a stable tax rate and it appears that its overall operations have met the budget. The fund balance is stable. As a precautionary measure, given the uncertainty of the state budget, I have spoken to our county department heads and have expressed the need for conservative and cautious management of budgeted expenditures. Should the state reduce its aid to the county, then the loss of those revenues will have to be offset by a reduction in expenditures.*

*The legislature continues its effort to streamline the county delivery of services at reduced cost. The county is soon expecting the*

*results of an energy study that was conducted in cooperation with the New York State Energy Research and Development Authority. We are hopeful the findings will effectively reduce costs throughout all county buildings.*

*Each legislator will be asked to begin and/or continue the dialogue with town and village governments to develop economies of scale through shared services and to periodically report those efforts to the legislature. The highway departments already serve as one of the finest examples of inter-municipal cooperation in the county.*

*Today the legislature will authorize submitting a grant application on behalf of the county, towns, and villages to study options for the development of municipal water services infrastructure to support future countywide economic development and improved services to the public.*

*The county is continuing the jail renovation and will complete this project during the year. Thereafter, an on-going maintenance schedule will be implemented and monitored. To alleviate overcrowding, alternatives to incarceration are being developed. This initiative has already shown positive results and allows other counties to rent space in the jail. In the past, the Commission of Corrections has criticized the jail for overcrowded conditions and the need for renovations. The county will continue to work with the commission to ensure that minimum standards are not only maintained, but surpassed, hopefully eliminating the need for a new jail structure.*

*The county is working to improve its police, fire and ambulance services in the Emergency Management Office. Because of a federally mandated rebanding declaration, Orleans County was able to reach agreement with Sprint-Nextel for Sprint-Nextel to provide nearly \$4 million worth of end-user equipment, specifically, 1100+ new, high performance radios, throughout the county. This equipment upgrade has improved efficiency in law enforcement, fire protection, highway departments, and EMS. As a result, emergency and day-to-day operations have now been greatly enhanced.*

*We expect that on-going negotiations with Sprint-Nextel will result in Sprint-Nextel supplying equipment to update the public safety communication system infrastructure by converting the present, aging analog radio infrastructure with state of the art digital equipment at a cost of approximately \$1 million. This should be completed by late 2010, early 2011.*

*At the same time, the county will be studying the radio signal coverage across the county to determine how best to improve communications for end-users. Upgrades will be coordinated in conjunction with the radio infrastructure conversion.*

*To facilitate economic growth and development, I am calling upon the county to immediately begin a formalized process of short-term and long-term strategic planning. The county functions well in its financial decision making process and oversight of departmental workings, but is lacking in its economic comprehensive planning. At the same time, the legislature places too much reliance and responsibility on the Orleans Economic Development Agency for results. The legislature can no longer watch and hope for success. It will be integrally involved in the process, and both the legislature and the Economic Development Agency will be more aggressive in the pursuit of new and/or expanded business opportunities. We will mutually formulate clearly defined goals and define the process essential in realizing those goals. The plan will be explicit and communicated to the public. Strategic planning is the necessary first step in this new and invigorated approach with the end result to stimulate capital investment and create new job opportunities.*

*During 2009 there was \$4,050,000 new investment in the county with 102 new jobs created and 750 jobs retained with the Chase acquisition of Washington Mutual. Additionally, the EDA's Orleans Revolving Loan Fund lent \$250,000 to businesses creating 10 jobs and its Orleans Local Development Corporation lent \$77,000 creating 4 jobs. The total, then, was 116 new jobs during a very difficult year.*

*Four new projects have been identified for 2010 thus far, which, if completed, could provide \$36,500,000 in new county investment and the potential to create 107 new jobs. New job creation, however, must go significantly beyond that.*

*Orleans County business development must capitalize on its strengths. For instance - agriculture plays a large role in the county economy ranking second in vegetable production, fourth in fruit production and sixth in grain production in New York State. It is logical, then, to expand the base of agri-businesses. Western New York Energy's ethanol producing facility, as an example, has created a boon in agricultural development in the county, has given new life to an impoverished rail line, is now the largest purchaser of corn in New York*

*State, and enjoys a national reputation. Success stories such as this are catalysts for the creation of ancillary businesses.*

*Another niche in the county is its back office operations. Chase's multi-state operational financial services center and the rapidly growing Moss Codilis and CRFS, which conduct claims, recovery, and financial services, are major employers within the county and serve as excellent prototypes for attracting new businesses of similar interest.*

*Our county continues to be an area of interest to companies requiring availability of low cost power and abundant water resources. We are also fortunate to have a number of stalwart, knowledgeable manufacturers who look to us to assist them in their efforts to grow their businesses. Whether it is providing low cost loans, state incentives, bonding or dealing with issues relating to power, we will work tirelessly to support their success.*

*I am pleased to announce today that the New York Power Authority voted yesterday to award a low cost hydropower allocation to Continental Carbonic Products, Inc. This is a positive step forward as Carbonic continues its site selection due diligence process. Carbonic is evaluating a site in the Medina Business Park to build an east coast manufacturing/distribution center.*

*The legislature and the economic development agency will jointly collaborate on attracting another major retail outlet to the county offering new products and services to provide new and additional sales tax revenue, which in turn will abate county tax increases and fund further economic growth and development. A name motel chain to complement our vision for tourism continues to elude our best efforts but remains a priority that we will continue to pursue.*

*The Planning and Tourism Department will also be included in the upcoming short-term and long-term strategic planning, the findings of which will be communicated to the public. Tourism is a natural complement to the workings of the Economic Development Agency. Visitors spend money, jobs are sustained by visitors, and tourism generates tax dollars. It impacts the food and beverage service, the purchase of second homes, recreation, retail and service stations, lodging, and transportation in the county.*

February 24, 2010  
Resolutions 83-94

*During 2008 tourism spending in Orleans County was \$22,060,000 impacting 498 jobs. The numbers are astounding and yet only constitute 1% of the total tourism spending in the Greater Niagara Region, which consists of Erie, Niagara, Genesee, Wyoming, and Orleans Counties. Tourism has the potential to play a major role in the county economy.*

*Last year Planning and Tourism upgraded its outreach by converting to electronic media advertising and expanded its networking within the county. Representatives from the department also attended four out-of-state sports shows including one in the United Kingdom. It also joined the Shallow Draft Harbor Coalition - a multi-state group advocating for equitable and sustainable funding for the dredging of recreational harbors across the Great Lakes. The thrust of Planning and Tourism's efforts revolved around sports fishing. Initial goals for 2010 are similar in nature. With strategic planning, however, the scope and goals of the department will be greatly expanded in order to achieve a greater share of the market. The villages, at the same time, need to continue in their efforts to revitalize the downtowns, maximize occupancy, and have a diverse offering of shops and restaurants; and the towns need to develop potential tourist sites. Lastly, consideration needs to be given to all to develop our waterways across the county and establish green spaces.*

*As a first step in our expanding plan for tourism, we informed Congresswoman Louise Slaughter on February 16 of the need for improvements and replacement facilities at the Orleans County Marine Park in order to continue a safe and convenient public access to Lake Ontario. Weathering, relentless stream bank freeze/thaw cycles, and the effects of flowing river ice have taken a toll on the docking and accessory structures. We have requested assistance for the following: 1) replacement of the south wooden stairway with a metal structure from the park grounds to the boating and fishing docks, 2) replacement of the wooden decking on the 1100 foot long main dock, and 3) placement of a deflector to be located upstream to protect the facility from ice damage. The projected cost is \$250,000. I will be meeting with Congresswoman Slaughter's staff on March 4<sup>th</sup> to discuss this matter further.*

*The hope of America comes from the people and local government represents that hope. In this transitional year, we are going to begin anew. Together, we are going to grow professionally, we are going to be more goal oriented, we are going to raise our expectations, and we are*

*going to expect increased productivity. We may not reach all our goals, but we will never stop trying; and in the end we will succeed in making Orleans County a better place in which to live and work. There is much to do and we begin today.*

*I encourage the public to join in this effort in a positive and constructive manner. On May 20<sup>th</sup> we will meet in public forum at the Orleans County Fair Grounds Trolley Building at 7:00 PM to discuss our progress, receive public input, and answer questions.*

*Thank-you.*

The Clerk called the Roll and all Legislators were present. The Clerk presented the following communications: The Orleans County Planning Board will hold their meeting on February 25<sup>th</sup> at 7:00 p.m. in Conference Room C, County Administration Building. The Oak Orchard Watershed Protection Alliance will meet on March 1<sup>st</sup> at the Orleans County Soil and Water Conservation District Office. The Orleans County Soil and Water Conservation District Board of Directors meeting will be held on March 2<sup>nd</sup> at 12:00 p.m. in their District Office. The Town Board of the Town of Clarkson will hold a Public Hearing at their Town Hall on March 9<sup>th</sup> at 7 p.m. to consider adopting Local Law #1 of 2010 entitled “Wind Energy Facilities Law of the Town of Clarkson.”

The Treasurer did not have a report but stated that they are busy getting 2009 books closed.

During Open Discussion, Allen Lofthouse, Kendall, asked if an attempt has been made to post the resolutions online. Chairman Callard stated that the titles of the resolutions are posted. CAO Nesbitt explained that the full resolutions are provided today to the Legislature and the text of the resolutions are still being developed or finalized up until the final agenda is given out on meeting day.

Legislator Allport reported on attending the NYSARC meeting in Albany with Don Colquhoun. After this event and hearing about the Office of Medicaid Inspector General, he met with Mental Health, Public Health, and Nursing Home. He commended the Corporate Compliance Committee for a job well done and he believes that our County is sitting well because of their hard work and thanked them for that.

*February 24, 2010*  
*Resolutions 83-94*

Legislator Rush said that we have heard that New York State is closing some of their parks. Orleans County has a state launch at Point Breeze. He is hoping that our County can take that park over with no cost. Wayne Hale, Director of Planning and Tourism, added that it has been discussed and the businesses at Point Breeze are concerned of its closing. There could be some impacts of parking congestion, similar to back in the 1980's when parking occurred all the way back to the parkway bridge which concerns were voiced by some landowners at that time. There are over 7,000 launchings at that park every year. This park has quite a volume during the summer and fall months when the fishing is popular. We are going to meet soon with the Regional Parks Director because our first fishing derby is April 30<sup>th</sup>, and we need to take some quick action if we are going to pursue this.

Legislator Bower reported on a state inspection held at our Nursing Home two weeks ago. They inspected everything from food services to the building itself. Chairman Callard, Legislator Johnson, and he attended the exit interview with five people from the state and it lasted five minutes. Legislator Bower complimented the entire staff at the Nursing Home for him to experience one of the best exit interviews he has ever sat through. He wanted to personally thank them for all of their hard work.

Legislator Johnson shared good news for the taxpayers that the Senate passed a resolution yesterday that will prevent income tax refunds from being withheld.

Legislator Eick expressed that he was glad to hear that the Power Authority was moving along the right way with allocation of power.

Legislator Smith shared a quote from Booker T. Washington to celebrate Black History Month. A couple months ago, OTS started a program to try to enhance ridership in Orleans County. They purchased five new buses with bike racks and ran a contest to name the buses. The names are: Heather, Zachery, Makilie, Sammie, and Ethan and will officially be placed on the buses very soon. Legislator Smith distributed OTS shopping bags. Legislator Smith thanked Orleans County residents for their donations for Haiti relief.

Chairman Callard read a request from the Albion Strawberry Festival Committee to use the Courthouse square this year for June 11<sup>th</sup> and June 12<sup>th</sup> for their annual Strawberry Festival. The Legislature consented to this request.

Legislator Smith said that this Legislature wrote a letter to the Medina School District in 2008 requesting that they do not fill the Superintendent of Schools vacancy and to look at the possibility of sharing another Superintendent within our County. Legislator Smith asked the Legislature to consider writing a similar letter to the Albion School District to not replace their retiring Superintendent and to consider sharing one from another school district to help in our consolidation efforts. He hoped to get an answer by the next meeting if this letter will be written.

The following resolutions were then presented:

Legislator Johnson moved to create and fill Alternatives to Incarceration Coordinator position in the Sheriff’s Office and authorized to transfer

funds to make this position available; second by Legislator Smith. Legislator Johnson stated that at their Public Safety Committee meetings talk evolved about financial problems at all levels of government. It has been discussed as to how expensive it is to incarcerate people and the ways to reduce these costs has been a major focus. In order to reduce these costs to our taxpayers while still protecting Public Safety, we need to reduce our Jail population by running an efficient community based alternatives to incarceration. **LEGISLATURE MEETING**

March 10, 2010

---

Chairman Callard called the meeting to order at 4:35 PM. After the pledge to the flag and invocation led by Pastor Tim Lindsay of the Harvest Christian Fellowship of Albion, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The 12<sup>th</sup> Annual GO Art! Reach & Ripple Grant Awards Ceremony will be held on March 12<sup>th</sup> from 6 to 8 p.m. at GO Art! Seymour Place. InterCounty Association of Western New York will be holding their meeting at the Phelps Hotel in Ontario County on March 19th. Farmer to Neighbor Night 2010, Celebrating 100 Years of Agricultural Education, will be held on March 20<sup>th</sup> at White Birch Golf Course.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through February 2010. She indicated that one town did not send their tax money in a timely matter. She is still closing the books and hoping to have some numbers for her Finance Committee next week.

Chairman Callard opened the floor for discussion and there was no public comment.

Legislator Johnson stated that she represents Yates and Ridgeway and there has been a lot of talk in the Journal Register and Daily News regarding the Village of Medina consolidation and the dissolution of the Village of Medina court. Lyndonville and Barker were awarded their grant for consolidation of school study.

Legislator Eick encouraged all Legislators to attend the Farmer to Neighbor Night. He mentioned that the labor issue that was discussed in the State Legislature a week ago Monday lasted for seven hours instead of four hours.

Legislator Smith met with the Albion Supervisor, Judy Koehler and Gaines Supervisor, Bill Lattin to bring Bill up to speed since he is the new supervisor on board. They discussed a lot about consolidation. They were in agreement to work together to look at some issues in areas where they might be able to consolidate.

Legislator Bower met with Roy Salmon today with respect to a contract for fishing on his property for the next five years. It looks like things are going forward and hopefully, in the next few weeks; we will have that in place.

Legislator Rush reported on the Marine Park and that four of us: Wayne Hale, Chuck Nesbitt, Don Allport, and he went to Letchworth and they came out of there with the idea that it is not going to be a problem for us to take it over. The state does not know if they are going to run it themselves

*March 10, 2010  
Resolutions 95-107*

or not. We will know when the State does their budget. They have agreed to give us a permit to operate the Marina. Chairman Callard stated that it is official, they verbally agreed.

Legislator Allport stated that he will be attending the GO Arts! awards ceremony this Friday in Batavia and he wanted to thank the Clerk of the Legislature for the certificates and will present these to the Orleans County winners.

Chairman Callard said that Wayne Hale, Director of Tourism and Chuck Nesbitt, CAO, and myself visited with Christopher Zeltmann, Director of Economic Planning for Congresswoman Louise Slaughter and we officially requested assistance for replacement of the South Wooden Stairway with the metal structure from the park grounds to the boating and fishing docks, replacement of the wooden decking of the 1100' long main dock at the Marina, and placement of a deflector to be located upstream to protect the facility from ice damage. The delegation went on with Don Allport to Letchworth to speak on the State Marine Park. Today, they met to have initial discussion on short and long term strategic planning as it relates to the EDA and Tourism. They reached a basic agreement that they would do a retail study that ties tourism and EDA together and that would be done in the short term and a long term industrial study. They also had discussions on possibly having a public forum for tourism to explain what our efforts have been inside and outside the county to get input from the public on what else we might be doing. He also thought it was interesting since we talked about Agriculture and the large role it plays in the economy here in Orleans County that we rank 2<sup>nd</sup> in vegetable production, 4<sup>th</sup> in fruit production, and 6<sup>th</sup> in grain in New York State. He understands now, that we rank 10<sup>th</sup> in U.S. in another production. He asked the Legislature and the audience excluding Legislator Eick and Rush, whom he has already given the answer to, what product that is. Chairman Callard said the answer is string beans/snap beans that we rank 10<sup>th</sup> in the nation.

The following resolutions were then adopted:

**RESOLUTION NO. 97-310**

OPPOSITION TO THE IDA TAX IMPOSED ON ALL LOCAL INDUSTRIAL DEVELOPMENT AGENCIES BY NEW YORK STATE AS A MEANS TO HELP CLOSE THE STATE'S BUDGET DEFICIT

WHEREAS, local Industrial Development Agencies (IDAs) serve as the primary vehicle for the implementation of economic development programs in counties and local communities across New York State; and

WHEREAS, the primary mission of local IDAs is the creation and retention of jobs for New York's residents, through innovative, locally-driven and developed programs to make counties and local communities better places in which to invest, grow productive business enterprises and create better business atmospheres to generate new economic activity, job creation and tax revenue producers; and

WHEREAS, the 2009-2010 State budget contained a maximum statewide "cost recovery" tax of \$5 million to "reimburse to New York State and allocable share of state governmental costs attributable to the provisions of services to industrial development agencies"; and

WHEREAS, the State Department of Taxation and Finance has sent tax bills to every IDA in the state, for amounts corresponding to 4.7% of the gross revenue received by an IDA in the 2008 calendar year, payable by March 31, 2010; and

WHEREAS, the tax bills received by local IDAs were received long after local IDAs' budgets were developed and implemented, without the inclusion of this new unanticipated tax in their adopted budgets; and

WHEREAS, the revenue received by IDAs subject to this tax includes payments in lieu of taxes collected for local governments and

school districts, state and federal grants and local taxpayer funded appropriations; and

WHEREAS, imposing a state gross receipts tax on revenues from 2008 that include tax generated resources from the state and federal government is redundant, punitive and will lead to these resources and those appropriated by counties for local job creation to be used instead to help bail out the State during its time of financial crisis; now, therefore be it

RESOLVED, that this Legislature strongly opposes the imposition of the new tax on the gross revenues of local Industrial Development Agencies as a means to help eliminate the state budget deficit; and be it

FURTHER RESOLVED, that this Legislature calls upon the Governor and the State Legislature to repeal this onerous tax on the primary economic development organizations of New York's counties and other local government; a tax which will take local resources that could better be used to create jobs in our communities in this time of economic crisis; and be it

FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to Governor David A. Paterson, the New York State Legislature and all others deemed necessary and proper.

March 24, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Rev. W. Moss, Chaplan of the Orleans County Jail and Associate Pastor at the Memorial A.M. Zion Church in Rochester; the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The Orleans County Planning Board will be holding their monthly meeting on March 25<sup>th</sup> at 7 p.m. in Conference Room C at the County Administration Building. The ARC of Orleans County is requesting use of space on the Courthouse lawn to display a banner from March 25<sup>th</sup> – April 11<sup>th</sup> to celebrate their 8<sup>th</sup> Annual Signature Series which will be held on April 23<sup>rd</sup> at Hickory Ridge Golf and Country Club in Holley. The Albion Central School District is requesting use of space on the Courthouse lawn to display a banner from April 6<sup>th</sup> – 14<sup>th</sup> to promote their free parenting program to the community on April 14<sup>th</sup> at 7 p.m. at the High School LGI called “Connecting with our Kids” with Dr. Russell Quaglia. The Organizational Committee and Concert Series Coordinator of the Eastman at Albion Courthouse Square Concert Series are requesting use of space on the Courthouse lawn to display a banner as soon as possible through the close of the June 13<sup>th</sup> concert. They are aware that the Strawberry Festival is prior to the June 13<sup>th</sup> concert therefore, are willing to remove the banner if necessary. The

Orleans County Chapter of ABATE is busy planning this year's Motorcycle Safety and Awareness Rally for Sunday, May 2<sup>nd</sup>. They are requesting permission to use the County Courthouse steps and access to an electric outlet for their rally on May 2<sup>nd</sup> from noon to 3:00 p.m. Genesee/Finger Lakes Regional Planning Council presents the Spring 2010 Regional Local Government Workshop at the Burgundy Basin Inn, Pittsford, NY on May 14<sup>th</sup>. Genesee-Orleans Regional Arts Council has forwarded their March Arts Awareness Month brochure which outlines numerous arts and cultural programs and events taking place this month throughout Genesee and Orleans Counties. They are also announcing William Shakespeare's Birthday and National Poetry Month in April by hosting Joan Murray at the Elsewhere Cafe on April 23<sup>rd</sup> at 11 a.m. where she will read from her work and talk about how poets do their work in the 21<sup>st</sup> century.

The Legislators approved all the use of space requests for the Courthouse lawn/steps as presented by the Clerk through the communications.

Legislator Eick and Legislator Rush presented a Proclamation to the Albion FFA, celebrating 100 Years of Agricultural Education in the Albion Central School District. The Albion FFA was also recently recognized at the Farmer to Neighbor Night. Adam Krenning, FFA Advisor and Ag Teacher; and Paige Levandowski and Stacia Southcott, FFA members were present to receive the proclamation on behalf of Albion Central School Agricultural Education students. Mr. Krenning indicated that they have over 70 students involved in their FFA Chapter and over 200 students taking Agriculture Education classes. Legislator Rush indicated that when he was in FFA, there were no female members. Mr. Krenning added that currently the majority of the Ag students are females.

During Open Discussion, Allen Lofthouse, from Kendall, asked if the Board could expand on the creation of new positions for the Health Department and for the Highway Department. Mr. Nesbitt explained that the Registered Nurse position is related to the Certified Home Health Agency. We are creating one new position and filling a vacancy in order to maintain capacity until we transfer ownership of our Certified Home Health Agency. Currently, we are spending a lot of money on overtime so the purpose of creating another temporary position is to alleviate and reduce overtime on these services we need to provide until we turn that operation over to Home Care of Rochester. This is a cost saving measure. Mr. Nesbitt further explained the creation of a temporary MEO in the

Highway Department. He noted that the County has an agreement with the Towns by which we operate a piece of equipment that was purchased by Orleans County Soil and Water to do roadside mowing for drainage purposes, as well as safety. The Towns pay us to supply the operator while Soil and Water supplies the equipment. This position is created every summer. Chairman Callard stated that both these positions are short term in nature.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried.

Legislator Smith stated that he attended the Farmer to Neighbor Night and congratulated Tom Rivers for writing his book based on his last summers farming experiences.

Legislator Eick announced that at the Farmer to Neighbor Night, the Farm Bureau presented an award called "Friends of Agriculture" award given every year to either an individual or a business who has contributed greatly to our County. This year, Western New York Energy was given this award because they are one of the main corn distributors in producing ethanol. Also, the Neal Family was given an award from Cooperative Extension for the many contributions they provide to the 4-H Fair operations. Chairman Callard asked how many gallons of Ethanol is produced in a day? Legislator Eick stated that they produce 150,000 gallons per day, using 50,000 bushels of corn a day. Seventy-five percent of the corn is coming in from Western New York. This is greater than what they originally planned. They had planned that thirty percent would be local corn and the rest would be from the Midwest. Also, it was planned to use more of the railroad, but most of it is coming in and going out on truck. Legislator Rush asked if any corn is coming in on rail? Legislator Eick said no. If they could get a good price, then they would transport in by rail. Most of the ethanol is being distributed locally going to Rochester, Buffalom and Indian Reservations. Chairman Callard asked if the original plan called for more of it being exported out of the area. Legislator Eick said there is a big demand for it. He said they have four or five customers that come in to pick up the ethanol, and many waiting in the wings should one of those customers drop out.

Legislator Johnson distributed a handout pertaining to the renovations to the jail. She stated that when she became elected, there was an issue of building a brand new jail breathing down our necks. What we chose as a Legislative body to do was not to place a forty-five million dollar burden

on our taxpayers, but to repair our current Jail. Back in November of 2008, the Commission of Corrections closed seventeen beds and since have all been re-opened. Buildings and Grounds, the Jail Superintendent, and the Sheriff have all paid attention to the Legislators desire to repair what we have. Chairman Callard asked for a punch list of what has been repaired and what is left to be done. We have chosen to send Buildings and Grounds in on every Friday to spend the day on repairs until they are complete. Even though the Commission of Corrections has re-opened all the beds, they have cautioned us on quite a few areas that were not up to their likings. These are left in the incomplete stage. The Jail Advisory Committee meetings have been held off because we are ahead of the game and no longer getting the frequent visits from the Commission of Corrections. Legislator Johnson is pleased to provide this report on behalf of the many departments that has made this happen. Chairman Callard added that it is the goal of the Jail Committee and the Legislature to complete all projects this year. A quarterly report will be requested to see what progress is being made and will continue monitoring until all the items have been repaired. Chairman Callard stated that we will then be on a regular maintenance schedule as we move forward and that the committee should be commended on the work that has been done.

Legislator Bower reported on attending InterCounty Association of Western New York meeting. All seventeen counties have the same concerns as to what the State will do to us and how it will affect our budgets. “We will always need to be cognizant of the fact that they may hurt us badly and we should be in a position to react,” stated Legislator Bower.

Legislator Rush reported on the Marine Park on the west side of Oak Orchard River. The take over of this park will depend on the status of the State budget. It looks positive that the State will continue operating it, but if they don’t we are in line to take park operations over.

Legislator Allport reported on his tour of the Jail and that the repairs look good. Legislator Rush stated that he is glad to hear that they are keeping up on the painting. Legislator Johnson said that the painting is being kept up by the inmates.

The following resolutions were then adopted:

**RESOLUTION NO. 108-310**

TERMS OF AUCTION  
ORLEANS COUNTY TAX PROPERTY AUCTION  
ALBION AMERICAN LEGION POST  
ALBION, NEW YORK  
May 12, 2010  
11:00 AM

This is the sale at public auction of various parcels of real property, which have been conveyed in the County of Orleans by final judgment under the so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by various resolutions of the Orleans County Legislature and is in accordance

with the appropriate provisions of the Real Property Tax Law. This sale and sale of each and every parcel herein is upon the following terms:

TERMS AND CONDITIONS  
OF THE  
ORLEANS COUNTY AUCTION OF TAX FORECLOSED PROPERTY

1. Orleans County acquired title to these properties in accordance with Article 11 of the Real Property Tax Law of the State of New York, and all known rights of redemption under said provisions of law have been extinguished by the tax sale proceedings; and/or as a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be defined as a section, block and lot number.
3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose: (b) applicable zoning/land use/building regulations; (c) water assessments are the responsibility of the purchaser, whether they are received or not; (d) the levied 2010 Town and County tax bill including any relieved taxes, 2009/2010 village taxes, 2009/2010 school tax, any village or town water and sewer rents and assessments, in addition to any other applicable charges (including, but not limited to, omitted and pro rata taxes, demolition charges, interest and penalties); and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the public auction.
4. The purchaser shall be solely responsible for the payment of: the levied 2010 Town and County tax bill including any relieved taxes; any Village taxes levied after May 31, 2010, the 2010/2011 school taxes, the 2011 Town and County taxes, penalties and interest and charges levied against the property subsequent to the auction.
5. All purchasers are advised to personally inspect the premises and to examine title to the premises prior to the date of the auction. Upon delivery of the quitclaim deed by the County of Orleans to the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
6. No personal property is included in the sale of any of the parcels owned by Orleans County, unless the former owner or occupant has abandoned same. The disposition of any personal property

- located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.
7. All informational tools, such as slides, tax maps, deeds, photos, auction listings, auction catalogs, auction signs, property record cards, etc., are for identification purposes only and are neither a guarantee nor a warranty as to location, dimensions, parcel use and/or size, or anything else. THE COUNTY, THE AUCTIONEER, AND THE AUCTION SERVICE MAKE NO WARRANTY EXPRESSED OR IMPLIED IN CONNECTION WITH THIS SALE.
  8. The County of Orleans reserves the right, in its sole discretion, to withdraw from the auction any of the properties listed on the schedule of real property.
  9. Notice is hereby given that the premises being sold may lie within an Agricultural District as designated upon the tax map. It is the sole responsibility of any bidder to ascertain which specific parcel(s) is so designated and sold subject to the provisions of law applicable thereto.
  10. All bidders are required to register and provide suitable personal identification prior to the auction. Auctioneer reserves the right to decline registration if identification is not sufficient.
  11. All bidders are required to use the bidder number issued to them for all purposes associated with the auction. A bidder may not bid on behalf of a party who is on the prohibited bidder list.
  12. Bidder acknowledges receipt of the pamphlet entitled "Protecting Your Family From Lead in Your Home." Bidder also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards, mold, asbestos, or any other hazardous substances.
  13. The former owner of the property, or his agent, shall not be deemed to be the successful bidder on the property or purchase same at the public auction, unless the bid amount exceeds the amount of the purchase price to affect the release of County's interest. If the former owner or his agent reacquires the property, all liens existing prior to the foreclosure, will be reinstated and the purchaser (former owner) must sign the deed to reinstate the liens.
  14. Purchaser shall provide information necessary to complete, and shall execute, the necessary forms and documents required for recording the deed in the Orleans County Clerk's Office. The purchaser executing the auction terms and conditions of sale may not assign or otherwise transfer his right to complete the bid,

- unless the County agrees in writing. The deed prepared will be in the name of the successful bidder (and spouse) only. No third party bidding will be accepted, unless the bidder identifies that he is bidding as an agent for a disclosed principal.
15. The auctioneer's decision regarding any disputes is final, and the auctioneer reserves the right to reject any bid that is not an appreciable advancement over the proceeding bid.
  16. The Purchaser will execute an Offer to Purchase form immediately upon being declared the high bidder. The approval of each bid by Resolution of the County Legislature *will not constitute a Contract of Sale* and the County reserves the right to reject any bid prior to the closing of title and the recording of the deed.
  17. The Purchaser shall be responsible for the payment of an eleven percent (11%) buyer's premium should buyer be paying by credit card or a ten percent (10%) buyer's premium should the buyer be paying by cash or by bank check in addition to the accepted purchase price and the closing fees/costs. The "buyer's premium" is the fee/commission earned by the auctioneer. An additional one and one half percent (1.5%) of the purchase price will be added to each parcel for advertising expenses. Accepted purchase price is the amount bid by a perspective bidder, which has been approved by the Orleans County Legislature.
  18. All required deposits must be paid in full for all successful bids immediately upon being declared the successful bidder. Any successful bidder, who fails to tender the deposit immediately upon being declared the successful bidder, will be forbidden to participate in this or any other auction. Any parcels which the County did not receive deposits for, as per these terms and conditions, will be considered to be defaulted, and resold and the bidder will be disqualified from further bidding.
  19. 25% of the total contract price (total contract price is the combination of the high bid and the buyer's premium, as defined in section 17 of these terms and conditions), shall be paid as a down payment on the day of the auction upon execution of an Offer to Purchase Form. Total contract prices selling for \$250.00 or less must be paid in full at auction, including all closing costs which consist of the following will be paid with the down payment on the day of the auction for each parcel: (a) New York State Transfer Tax [\$4.00 for the first \$1,000; \$2.00 for each \$500 thereafter of the purchase/bid price]; (b) Filing Fee for the Real Property Transfer Report [\$125.00 if the parcels classification code is 100-199, 200-299 or 411-C; \$250.00 for all parcels otherwise

classified]; (c) Filing Fee for combined Gains Transfer Tax Affidavit [\$5.00]; (d) all fees required by the Orleans County Clerk for recording of the deed [\$50.00 to record a one page deed; \$5.00 for each additional page] *Closing costs may be subjected to an increase in fees as required by law, without notice.* All deposits must be made in cash or guaranteed funds payable to the “Orleans County Treasurer” and drawn on banks insured by the Federal Deposit Insurance Corporation (FDIC). No exceptions.

20. All bids shall be subject to approval by the Orleans County Legislature, which shall have the right, in the Legislature’s sole discretion, to reject any bid for any reason whatsoever.
21. All parcels for which you are the successful bidder for must be paid in full. No selective closings subsequent to the auction. Failure to remit full payment on all parcels for which you are the successful bidder will result in a default of all deposits tendered, and you will not be permitted to close on any other parcels for which you are the successful bidder.
22. The entire balance of the accepted purchase price, the buyer’s premium, as defined in section 17 of these terms and conditions, and all closing costs/fees must be paid by cash or guaranteed funds payable to received by the Orleans County Treasurer’s Office on or before June 30, 2010. The County is not required to send notice of acceptance to a purchaser. If the purchaser fails to pay the balance of the total contract price plus closing costs and fees as herein provided, the deposit shall be forfeited. The County reserves the right, in its sole discretion, to extend the time of payment upon such terms and conditions it deems appropriate.
23. If the successful bidder fails to tender such amount due by the close of business on June 30, 2010, then the County may, but is not obligated to offer any unsold property to the second highest bidder. All terms and conditions for the sale set forth herein above shall apply to the second highest bidder and/or any other purchaser.
24. All sales shall be final, absolute and without recourse, once title has closed and the deed has been recorded. In no event, shall Orleans County and/or Haroff Auction & Realty, Inc. and/or Absolute Auctions & Realty, Inc. be or become liable for any defects in title for any cause whatsoever, and no claim, demand or suit of any nature shall exist in favor of the purchaser, its heirs, success or assigns, against Orleans County and/or Haroff Auction & Realty, Inc. and/or Absolute Auctions & Realty, Inc. arising from this sale.

25. The County of Orleans will execute no warranties concerning the parcel or title thereto and will not deliver or be responsible for abstracts, title insurance, title searches, surveys, maps or other documents concerning a parcel whatsoever.
26. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the year upon which the County acquired title or as corrected up to date of deed. The deed will be recorded by the County upon payment in full of the accepted purchase price, buyer's premium, and closing fees/costs. POSSESSION OF PROPERTY IS FORBIDDEN UNTIL THE DEED IS RECORDED WITH THE ORLEANS COUNTY CLERK CONVEYING TITLE TO THE PURCHASER. TITLE VESTS AT THE RECORDING OF THE DEED. It is agreed between the County and the purchaser that delivery and acceptance of the deed occurs upon recording the deed.
27. A quitclaim deed issued as a result of the auction shall contain the following provisions: (a) "Nothing contained in any description herein is intended to convey more than the assessed owner owned at the time of the levy of the tax, the non-payment of which resulted in the tax sale. There is no representation as to the extent of the acreage conveyed herein;" (b) Orleans County shall in no event be or become liable for any defect in the title so conveyed for any cause whatsoever, or for any encroachments or disputed boundaries; and that no claim or demand of any nature shall ever be made against said Orleans County arising from such sale or conveyance or any proceedings leading thereto.
28. Evictions, if necessary, are solely the responsibility of the successful purchaser after closing and recording of the deed.

### LEGISLATURE MEETING

April 14, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Pastor Harriger of the Community Fellowship Church, the Clerk called the roll. All Legislators were present, with the exception of Legislator Bower.

The Clerk presented the following communications: Inter County Association of Western New York will hold their monthly meeting on April 16<sup>th</sup> at the Watkins Glen International Raceway in Schuyler County. National Crime Victims' Rights week Candle Light Vigil will be held on April 23<sup>rd</sup> at 7:00 p.m. at the Orleans County Courthouse. Genesee Community College Albion Campus Center will be hosting a 20<sup>th</sup> Anniversary Celebration and Open House on April 29<sup>th</sup> from 5:00 p.m. to 6:30 p.m. This celebration will coincide with the Albion Campus Student Art Show Reception. A brief celebration ceremony will begin at 6:00 p.m. The 28<sup>th</sup> Annual Youth Recognition Banquet is scheduled for 6:00 p.m. May 13<sup>th</sup>, 2010 at Trolley Building, Orleans County 4-H Fairgrounds. Essex County Board of Supervisors forwarded a resolution calling on the Governor of the State of New York to Enforce the Collection of Sales Taxes on Tobacco Sold on Indian Lands. The Town of Clarkson has submitted a copy of their proposed Local Law 2 of 2010 entitled "A Local Law to Allow for Temporary Signs for the Sale or Lease of Real Property in the Town of Clarkson." The Fire and EMS Training Recognition Brunch will be held on May 8<sup>th</sup> at the Fancher Hulberton Murray Fire Hall at 9:30 a.m.

Legislators Smith and Johnson presented a proclamation to Dale Graff and Sandra Hilfiker from ABATE of Orleans County to proclaim May as Motorcycle Awareness and Safety month in Orleans County. Mr. Graff thanked the Legislature for continuing to support motorcycle safety and awareness in Orleans County, and it is greatly appreciated by their ABATE group. He asked if a Legislator would present this proclamation at their May 2<sup>nd</sup> Rally at the Courthouse Square.

Legislators Johnson and Smith presented a proclamation to Terrissa Drennan, Orleans County Crime Victims' Coordinator, and Chris White, Orleans County Probation and Planning Committee for the Candle Light Vigil, to proclaim the week of April 18<sup>th</sup> through April 24<sup>th</sup> as National Crime Victims' Rights Week in Orleans County. Mrs. Drennan requested that the Proclamation be presented at their Candle Light Vigil on Friday, April 23<sup>rd</sup> on the Courthouse steps.

Legislators Eick and Rush presented a Special Recognition Award to Dan Schuth, Judy Bennett, Lynn Metcalf, Michael Paduchak, and Ed Morgan all representing Orleans County Soil and Water Conservation District and the Board of Directors. The Orleans County Legislature recognized them for their tireless effort to work with Orleans County farmers to install 87 miles of drainage tile in 2009 and helping 11 farms to construct chemical

mixing facilities to protect Orleans County ground water from spilled pesticides; and further congratulated them for their distinctive honor of receiving a 2009 “Partner Appreciation Award” from the Federal Government. Dan Schuth, District Manager, stated that on behalf of the Board of Directors and staff he wished to thank the Legislature for this recognition. He said some may say it is their job and they are doing it but it is more than a job, it is a partnership that has existed in this county since 1945. In that time, the County has come to rely on the Soil and Water as their local environmental staff and farmer assistance team in field project. Dan added that at the end of the day the county staff does not drive to their homes in Rochester or Batavia, so that makes them builds strength in our relationship and pride in what they do because they all live in Orleans County.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through March of 2010. Cash balance is the best we have seen in the last five or six years. It shows that the State and Federal Government has paid some outstanding claims. The books have been closed for 2009 and ended with a modest increase to the fund balance. The annual update document will be completed within the next few weeks. A loan was made to the Nursing Home and it still looks good. Legislator Johnson asked if the state reimbursements are coming in slower. Treasurer Heard indicated that they seemed to shut us off April 1<sup>st</sup> but did get a check today and will trickle in. Legislator Johnson asked if they owe us. Treasurer Heard said they always owe us, especially for DSS.

Chairman Callard opened the floor to the public for comment. Paul Russin, of Holley, announced that a Tea Party will be held tomorrow, April 22<sup>nd</sup> from 2:00 p.m. until 5:00 p.m. at the Courthouse Square and he welcomed anyone to join them or invited anyone to come speak.

Susan Paul, from Waterport, raised a complaint about a dog issue with her neighbor. She was referred to Kathy Smith, Orleans County Animal Control Officer, who referred her to the Town of Carlton Zoning Officer who would then refer her back to Kathy Smith. Mrs. Paul has taken her neighbor to court. The Judge advised her neighbor that she could only have four dogs. It appears that this has not helped her dog issue with the neighbor because she still has a lot of dogs that continue to bark at all hours. The Town of Carlton Attorney has told her to document every event that occurs and take her back to court. She is now out of a substantial amount of money for fighting this battle for neighbor’s revenge. She has also had a lot of property damage. She contacted the

Sheriff's Office who was very helpful to provide papers for her to sign for neighbor's arrest. She was awarded a restraining order which has been violated. This has caused great strain on her health. Legislator Johnson stated that she will address it at her next Public Safety Committee meeting. Chairman Callard asked what she would like this Legislature to do. Mrs. Paul stated she does not want to become a victim again because she was told one thing and the opposite was done. Chairman Callard said we will look into this and get back to her.

Legislator Allport reminded everyone of the upcoming ARC Signature Series and welcomed everyone to attend.

Legislator Rush reported on attending the Regional Fish and Wildlife Board meeting. He brought home statistics on the amount of deer taken in our towns and throughout the county should anyone wish to review.

Legislator Johnson, in the absence of Legislator Bower, wanted to recognize Public Health Director Paul Pettit who received the "Balto Award" for doing such a fine job during the H1N1 pandemic and on behalf of Orleans County would also recognize the Health Department for an outstanding job they did during the H1N1 virus scare. She indicated that notice was received from James Graziano, Mental Health Director, that our Continuing Day Treatment Program received a Certificate of Distinction for its participation in the statewide Wellness Self Management Program. On her Public Safety Committee, they are still following up on the repairs to the jail. She handed out an updated punch list and will continue to update these weekly on CAO Nesbitt's weekly report.

Legislator Eick reported on attending a meeting, along with Legislator Johnson, with the Towns of Ridgeway, Shelby, and the Village of Medina looking at consolidation efforts. He indicated that it will be a long and dedicated procedure. Chairman Callard asked when the study will be completed. Legislator Johnson stated that the first meeting is going to consist of volunteers from the public that will be commissioned to these boards. Each entity will put forward a board of eight people to do the study. Chairman Callard asked if this will run into 2011. Legislator Eick said it could go beyond this time. Legislator Allport indicated Mayor Tabela stated that it would have to be completed by this November for the grant. Legislator Eick said this is what this committee is for.

April 14, 2010  
Resolutions 134-150

Legislator Eick moved to add two resolutions to the agenda; second by Legislator Rush. Motion carried. The following resolutions were then adopted:

The Treasurer distributed the flyer for the upcoming tax foreclosure auction which is scheduled for May 12<sup>th</sup>. Currently, there are fifty-eight parcels listed, having one redemption yesterday and possibly expecting a few more redemptions, making the parcel count for auction possibly down to fifty-five. Legislator Smith asked when the deadline is for redemption. Treasurer Heard stated that technically, today is the deadline for redemption, but will allow them to pay up to the last minute.

During open discussion, Paul Rusin, from Holley, asked if the gun legislation resolution, which is an add on resolution, is the one that has been discussed. Legislator Allport indicated that it is a resolution that Ontario County passed that incorporated many gun bills and that he discussed it with Mr. Emerson from SCOPE earlier today.

Allen Lofthouse, from Kendall, questioned Resolution 156 as to how is it proposed to fill a vacancy in the Motor Vehicle Department? Will it be filled with someone that is employed by the county at a certain time or with someone from the outside? CAO Nesbitt answered that there is a current civil service list that the person will have to be appointed from.

Mr. Lofthouse also requested if Resolution No. 165 could be expanded upon when presented.

Chairman Callard asked if any of the Legislators wished to report on anything. Legislature Johnson reported on the recent news reports concerning Leandra's Law. In a few months, anyone convicted of a DWI offense in New York State will be forced to put an ignition interlock device in their car. A law that some say is the toughest DWI measure being placed in this country. A lot of County officials have worried that the law is too vague and is creating a lot of mixed reviews among people. It is a law that came from a situation in NYC where a gentleman was driving drunk with multiple children under the age of 15 in a car delivering them to a slumber party and overturned in a horrific accident, one child was killed. This is what drove this law into the Assembly and the Senate. Those passed unanimously but too quickly to figure out who was going to pay for these interlock devices on cars where the defendants were indigent. This has caused a lot of concern with another unfunded mandate from the State. There is also concern as to who is going to monitor this. The law is written in such a way that even first time offenders would have to place it not only on their car, but any car owned in the family that the person has availability too. Legislator Johnson said before we jump on the band wagon with numerous counties that are requesting an extension, our county feels it is a good DWI law, but want to make sure who is administering what. She went to Assemblyman Hawley and asked for his opinion on this. She read a letter from him and Senator Maziarz addressing the implementation of Leandra's Law. It was indicated that where a sentencing court has determined that a defendant is financially unable to pay for the device and has been granted a waiver, the manufacturer, not the county, will bear the cost of installation and maintenance of the device. Assemblyman Hawley understood the concerns of the County as to who will be responsible for the ongoing costs for monitoring this program. If it becomes a significant burden upon the county, grant monies will be made available to counties from the New York State Division of Probation and Correctional Alternatives. Assemblyman Hawley and Senator Maziarz assured our County in this letter, as being Orleans County's State Leaders, to help secure these funds and moreover to work with County Officials to address any deficiencies with this program and its implementation, and they will continue to appreciate the feedback from Orleans County on this program.

Chairman Callard stated that Resolution No. 159-410 calls for approving a Special Use Permit for the operation and maintenance of the Oak Orchard State Boat Launch.

Chairman Callard provided the following historical background. On February 19<sup>th</sup> Governor David Patterson and Office of Parks, Recreation, and Historic Preservation Commissioner Carol Ash put forth a recommended list of closures and service reductions in order to achieve its 2010-2011 agency savings target and help address the state's historic financial difficulties. That list included the closure of the Oak Orchard State Marine Park.

On March 4<sup>th</sup> the Orleans County Legislature responded by meeting with Office of Parks, Recreation, and Historic Preservation officials at its Regional State Parks Office at Letchworth. Representing the county were Legislators Rush and Allport, CAO Nesbitt, and Director Hale of Planning and Tourism. The objective of the meeting was to discuss alternatives for opening the park for the April 30<sup>th</sup> start of the Lake Ontario Counties Spring Fishing Derby which stretches from Niagara County to Jefferson County and includes Canada as well. Also discussed, were details of the park operation - such as mowing and custodial services.

Discussions continued since then, including an open letter that Senator Maziarz, Assemblyman Hawley, and I sent to Commissioner Ash, regarding the scheduled closing and possible options for continued operation. The result today is a Special Use Permit that I will sign after approval of the resolution. The permit will be effective upon signing and will continue until October 30<sup>th</sup>.

The Legislature will continue to work with the Office of Parks, Recreation, and Historic Preservation for a long term arrangement for the continued county operation of the park. This Legislature will also encourage the NYS Legislature to maintain last year's Environmental Protection Fund levels and stewardship money for parks and trails. The following resolution was adopted:

Legislator Johnson moved to authorize the Director of Emergency Management to participate in a border interoperability demonstration project with regional partners. Legislator Johnson asked Paul Wagner, Director of Emergency Management, to explain this as requested by Mr. Lofthouse. Director Wagner explained that this is a federal grant that is passed through the state. The aim is that the border partners and the federal government, since the 2001 911 act, is interoperability. This is to enable first responders, on a day to day basis, to talk unilaterally here in the United States across county lines as well as talking with our partners across on the Canadian Border. There are going to be a total of six grants awarded in the country including three along the Canadian Border and three along the Mexican Border. Each of the grants will be a maximum of 4 million dollars. The border partners who are applying for this grant are the 12 counties that border Pennsylvania and New York State. Legislator Allport moved to oppose various proposed Legislation in Albany; seconded by Legislator Bower. Legislator Johnson asked to be clear that this is in support of our right to bear arms and what we are doing is opposing New York State trying to infringe upon those benefits. Legislator Allport stated that is correct. If these were enacted, it would make almost all gun ownership or ammunition illegal. We are opposing to secure our freedoms. The following resolution was adopted:

**RESOLUTION NO. 169-410**

**OPPOSING VARIOUS PROPOSED NEW YORK STATE LEGISLATION**

WHEREAS, the "right to bear arms" is guaranteed by the Second Amendment to the U.S. Constitution; and

Legislators Johnson and Smith presented a proclamation to Paul Wagner, Orleans County Director of Emergency Management and Michael Mack, in addition to other fire and EMS personnel from Carlton, East Shelby, and Medina. The Orleans County Legislature proclaimed the week of May 16<sup>th</sup> through May 22<sup>nd</sup> as Emergency Medical Services Week in Orleans County. Legislator Johnson said she had the privilege, along with Legislator Eick, to attend the Fire and EMS Training Recognition Brunch last weekend. She expressed that Orleans County had over 6,000 hours of fire training and over 2,000 hours in EMS training and stated that everyone involved should be commended for volunteering themselves for top of the art training.

Susan Heard, Treasurer, requested that an add on resolution be accepted because of a late redemption from the auction and would like that resolved as soon as possible. She also distributed the list of the final bids from the in-rem auction that was held this morning. She indicated that the bottom line is not what we hoped for, but these parcels will hopefully be placed back on the tax roll and paying taxes. The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through April, 2010. She indicated that we looked good at the end of March, but in April had to pay the School Districts, the Villages their relieved taxes, and relevies to various departments and did not receive any federal or state aid on any Social Services programs in the month of April. Chairman Callard pointed out that our cash balance is better at this time than what it was last year.

Chairman Callard wanted to give credit to the staff of The Villages of Orleans and to the Clerk of the Legislature, Nadine Hanlon, in preparing in advance this meeting. He expressed that the Legislature is grateful for having the opportunity in holding their meeting at the Villages and glad to see that the residents were available to attend this meeting.

During open discussion, Chairman Callard asked if anyone in the audience would like to discuss anything. With no public comment, Legislator Johnson recognized Nadine Hanlon for all the work she does on behalf of the Legislature. She was asked to fill in for the Legislature at the Crime Victims' Candlelight Vigil. She did and always does what she is asked to do. Legislator Johnson read a note sent to her by the Clerk regarding the event and how touched she was with the event. Legislator Johnson stated that this Legislative body is truly touched by the work that is done for us. Nadine thanked them for the nice comments.

Legislator Eick reported on attending the Fire and EMS Recognition Brunch.

Legislator Smith shared that the Albion Central School District holds the top spot as the "Best Community for Music Education" for the second year in a row. Legislator Smith congratulated Pam Canham and her Office for the Aging staff for organizing the "Senior Ball" at Hickory Ridge. It was well attended by 205 people who enjoyed a wonderful program.

Legislator Allport reported on attending the Genesee Community Colleges 20<sup>th</sup> Anniversary, and he presented a Certificate of Appreciation from this

Legislature for providing great higher educational opportunities in our County. He also attended the 50<sup>th</sup> Western New York Armed Forces Week celebration in Buffalo. Legislator Allport said that this is the second largest armed forces celebration in the country. He was pleased to see that Jason Johnson was honored in their program and that the proclamation that was signed by the eight area Chairman of the County Legislative Boards was also in the program. Legislator Allport also presented the proclamation that our Legislature presented at our April 14<sup>th</sup> meeting.

Legislator Rush attended the Oak Orchard Neighborhood Association meeting at Point Breeze. Being a big tourist area, this Association has asked the County to police it better not only Orleans County, but also for the Town of Carlton. Since then, a meeting was held, consisting of 17 officials from the Town of Carlton, Highway Superintendents from the County and the Town of Carlton, a representative from the Alternatives to Incarceration and the County Work Crew. A list was presented and the entire group reviewed this to try to work on making this area more of a tourist attraction. The Orleans County Marine Park will also be holding summer concerts. We want to be proud of this tourist attraction, stated Legislator Rush.

Chairman Callard stated that Legislator Bower serves as Chairman of the Nursing Home Committee and has done a fine job and has much to be proud of in this facility. Legislator Bower stated that the Nursing Home is very close to him. He visits on a regular basis and he has gotten to know most of the outstanding staff that works here. He almost knows all of the residents. He knows that Agnes Gilman likes to read, Toby Fanton likes licorice and pretzels, and Della Bell has probably the best memory than anyone else he knows... and the list goes on and on. What we really need is more visitors that come in on a regular basis, including Legislators, who can visit our staff and our residents. Legislator Bower expressed that this is our home. Cindy Piedimonte and George Burlingham have been with this group for years and years who volunteer their service. They are here all the time and are the most dedicated people he knows. We need more people like that. Legislator Bower said that if you do that, you will receive a lot more than what you give. He encouraged people to volunteer more at our home, even if it is once a month or once a week. We have had great people live here, people who have taught our children, people who have fixed our roads, fixed our appliances, and who have raised our children. Legislator Bower said we owe it to our residents to visit them more.

Chairman Callard announced the Legislature will hold a Public Forum to be held on Thursday, May 20<sup>th</sup> at 7:00 p.m. in the Trolley Building at the Orleans County Fairgrounds. A progress report will be given and then will be open for public discussion. Chairman Callard stated that this will be the Legislature's third outreach in thirty days. He encouraged everyone to attend.

Chairman Callard extended heartfelt birthday greetings in advance to Chuck Nesbitt.

Legislator Eick moved to add two resolutions to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

Cindy Piedimonte, from the audience, asked if the county jail has been condemned, why are they putting new money in it if a new one is going to be built. Chuck Nesbitt indicated that the Commission of Corrections has been taking a different approach with us since that board make up has been changed. The Legislature, at this time, does not feel with this economic climate that the County can afford in a short term to build a new jail. Chairman Callard asked if there is any old business. A gentlemen from the audience asked if there is any grants to enhance the power transmissions lines across our county. He firmly supports the use of wind power and to him it is a no brainer. Chuck Nesbitt stated that communications have been sent to him regarding major power transmissions across the state, a very large book to read it entirely. Chairman Callard thought it was going along Route 31 across the County. Chuck Nesbitt indicated that this may be a good topic for a future conference session.

## **LEGISLATURE MEETING**

May 26, 2010

Legislator Bower moved to add one resolution to the agenda; second by Legislator Rush. Motion carried.

The Clerk presented the following communications: The 33<sup>rd</sup> Annual Genesee/Finger Lakes Regional Planning Council Meeting will be held on June 10<sup>th</sup> at 10:30 a.m. at the Esperanza Mansion, 3456 Route 54A, Bluff Point, NY, Yates County. The Treasurer distributed an Auction Summary Report from the Orleans County Tax Foreclosure Real Estate Auction held on May 12<sup>th</sup>, which was prepared by auctioneers Haroff Auction & Realty, Inc. and Absolute Auctions & Realty, Inc. The Treasurer also handed the Clerk the Annual Financial Report Update Document for the fiscal year ending December 21, 2009.

Chairman Callard opened the floor to the public for discussion. Paul Rusin, from Murray, questioned the new proposal for the fees for the Oak Orchard State Boat Launch and how will the fees be collected? Chairman Callard advised that the intent is to have a receptacle to accept a charge or debit card as opposed to an employee collecting those fees. Mr. Rusin asked if there is a way to block it off so you have to put your money in to get into the park. Chairman Callard stated it will be on an honor system but will be patrolled by the New York State Park Police and the Orleans County Sheriff's Department. If a person is there illicitly, then that person will be ticketed.

Chairman Callard called the Legislators if they wish to report. Legislature Johnson attended Assemblyman Hawley's Local Government Conference along with Chairman Callard and Legislator Allport. She said it was very

worthwhile and expressed that they had very relevant subjects available to them.

Legislator Bower reported on attending the Youth Awards Banquet. It was well attended by our Legislative board and our community. It was seen first hand the youth of our County who have done good things for their fellow citizens. It was very heartwarming and very nicely done. Chairman Callard agreed with him and said it was very touching.

Legislator Rush reported on the County, and the State too, who have been working down in the Point Breeze area. Chairman Callard added that mowing is being done around the bridges along with bridge repairs including painting and masonry work.

Legislator Rush moved to authorize setting up new money in the Youth Bureau Budget. Legislator Rush called upon Deborah Kerr-Rosenbeck, Genesee/Orleans Youth Director to make a quick statement. Mrs. Rosenbeck mentioned that this ties into the Youth Awards banquet. She said that last year's keynote speaker, Xavier Riley, a native of Albion, was so moved by the event and the fact that he was a Youth Board member as a teenager, that he made a donation to underwrite the cost of the event. It was a personal donation of \$1,750 in honor of his father and his mother-in-law. It allowed the youth winner and both parents to attend with no cost to them. In past years, this was not offered. It also allows a transfer of money that they would normally use for their administration from the State, to the programs which that funding line was cut by 30%. Sarah Brinsmaid, who read about the budget reductions in the newspaper, also made a contribution of \$1,000 to help offset those budget reductions. Sarah Brinsmaid is tied to the youth awards program because she is a relative of Helen Brinsmaid, who has an award given in her name. These donations were completely unsolicited. The resolution was seconded by Legislator Allport. Legislator Johnson asked if there are plans to prorate this donation to all the programs that they sponsor now. Deb indicated that this will be addressed at next weeks Youth Board meeting. She explained that complete funding was eliminated to one agency so there will be a number of things under discussion, whether to hold it over till next year because everyone was notified. There will be a number of options presented and the Youth Board will make a recommendation back to this Legislature. It is a public meeting should anyone want to attend, being held on June 2<sup>nd</sup> at 5:30 p.m. at Job Development. The following resolution was adopted:

Legislator Allport moved a resolution to support the creation of Enhanced Sales Tax Transparency and Accountability System for improved Local Government Fiscal Management. He explained that we are asking the State to be clearer in the sales tax money being sent to us and an itemized list as to how they come up with the numbers. Legislator Bower seconded the motion. Chairman Callard requested if Chief Administrative Officer,

Chuck Nesbitt, would like add to this. Chuck stated that this resolution originated with the Association of Counties and there has been some discussion with the State who are showing willingness to work with the Counties to develop a system to provide us with real time information and information to allow us to better forecast sales tax receipts going forward. At this time, the Treasurer is the only person allowed to access this information and it is usually six months old when she gets it. He said that they think there is technology that exists for them to be able to help us to get more, real time, and reliable, up to date information. Therefore, we are in support of the efforts of NYSAC to achieve this. The following resolution was adopted:

**RESOLUTION NO. 203-510**

**SUPPORTING THE CREATION OF ENHANCED SALES TAX  
TRANSPARENCY AND ACCOUNTABILITY SYSTEM FOR  
IMPROVED LOCAL GOVERNMENT FISCAL MANAGEMENT**

WHEREAS, for the past five quarters, sales tax collections in New York State have declined from prior year collections; and

WHEREAS, the local share of sales and use tax is a major revenue source for all 57 counties, and is the principle alternative to the real property tax for the counties to provide state mandated services at the local level; and

WHEREAS, the state share of sales and use tax is also a major revenue for it, and a principle alternative to the personal income tax; and

WHEREAS, accurate forecasting and full collection of this tax is critical to the fiscal integrity of all levels of government; and

WHEREAS, because the total sales tax is collected by the State Department of Taxation and Finance and then the local share is distributed to counties, local officials are dependent on the State Tax Department for information on collections, audit recoveries, and vendor information. For a variety of reasons, this information is often difficult to obtain and interpret; and

WHEREAS, the creation of a revenue resource center whose function could provide:

- a forecast model for all 57 counties outside the City of New York to

- support county budgeting and fiscal monitoring;
- technical assistance in integrating forecast information into County budgets, monitoring collection data and implementing planning and management tools that enhance County fiscal management;
- a secure internet site and use it to receive and distribute data from T&F and OSC;
- interpretive tools that will assist county staff in making the best use of the information;
- research, devise, and conduct a series of joint county/T&F compliance activities;
- an Advisory Board comprised of county officials, and a representative of both the Commissioner of the State Department of Taxation and Finance (T&F) and the State Comptroller (OSC); and
- an annual report to the Governor and the Legislature on state/local tax policy, administration and compliance; and

WHEREAS, additional benefits of this new transparent and modern system of sales tax analysis and collection could also provide benefits to the state such as:

- a knowledgeable single point of contact between County and Tax Department officials;
- the forecast would be available to State policymakers to further inform their own revenue forecast;
- a platform for State/County collaborative efforts on sales tax compliance and policy development;
- potential to be expanded to other joint-revenue sources and/or joint-program areas where the routine and facilitated exchange of data would be mutually beneficial; and
- creating the foundation for a national model;

now, therefore be it

RESOLVED, that the Orleans County Legislature hereby urges the Governor and State Department of Taxation and Finance to establish a Joint Revenue Resource Center that will provide a platform for enhanced revenue forecasts, especially of the sales tax, and serve as a forum for state and local fiscal managers to work together to improve the management and effectiveness of the revenue systems we share; and be it

FURTHER RESOLVED, that the Clerk of the Orleans County Legislature shall forward copies of this Resolution to Governor David A.

Paterson, Senator George Maziarz, Assemblyman Steve Hawley, NYSAC, InterCounty of Western NY and all others deemed necessary and proper.

**RESOLUTION NO. 204-510**

WHEREAS, the terms mental retardation and mentally retarded are insulting and hurtful to people with intellectual disabilities and their family members; and

Legislators were present, with the exception of Legislators Eick and Smith.

The Clerk presented the following communications: The Albion Central School District is requesting space on the Courthouse lawn on June 15<sup>th</sup> from 4:30 a.m. until 7:30 a.m. to host WGRZ Meteorologist, Andy Parker's live broadcast from this location. The Albion Elementary School students won a weather machine contest and Mr. Parker will be conducting his weather machine assembly later at the school. An Open House Retirement Reception, honoring Dr. Ada Grabowski, Albion Central School District Superintendent, will be held on June 17<sup>th</sup> from 3:00 p.m. – 6:00 p.m. at the High School Arts Foyer. InterCounty Association of Western New York will hold their monthly meeting in Steuben County at the Pleasant Valley Wine Company, Hammondsport on June 18<sup>th</sup> at 9:30 a.m. The Oak Orchard Lighthouse will be dedicated on June 26<sup>th</sup> at 4:00 p.m. at 14357 Ontario St., Point Breeze. Go ART 2011 Reach and Ripple Grant Program is offering workshops throughout Genesee and Orleans Counties to assist nonprofit organizations and individual artists in the creation and presentation of arts and cultural programming. These are scheduled in Orleans County to begin at 6:00 p.m. on July 7<sup>th</sup> at the Shirt Factory Café, July 8<sup>th</sup> at the Swan Library, July 9<sup>th</sup> at the Holley Community Free Library and July 15<sup>th</sup> at the Lyndonville Yates Community Library. Legislator Bower moved to add two resolutions to the agenda; second by Legislator Allport. Motion carried.

A proclamation was given to Emily Bannister, Niagara/Orleans Dairy Princess, and her ambassador, Jayne Bannister by Legislator Rush to celebrate June as Dairy Month.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through May 2010. It was noted that the State has not given any money for DSS in the month of May. Chairman Callard asked if the receipt of sales tax checks been slowed. Treasurer Heard said they are scheduled. One was received in June, which was up by \$60,000. Additional checks will be received June 14<sup>th</sup>, another at the end of June and one at the first of July. Chairman Callard also questioned if the Nursing Home has received their IGT monies. Treasurer Heard stated that she has an e-mail out inquiring for a date of receipt. CAO Nesbitt indicated that IGT is a bureaucratic issue at the Federal level. Legislator Johnson observed that it is the lowest month of the year for receiving State and Federal aid. CAO Nesbitt stated that the important distinction is that it is really not aid, it is reimbursement for services that have been paid for.

During open discussion, Susan Paul, Waterport, said she was here two months ago and has not received any response. She was afraid that people did not believe her so she made copies, which she distributed, for what this crime has cost her. She indicated it will take her six years to pay off the attorney bill because she feels the District Attorney's Office did not do his job in court. She also made copies of expenses, \$2,378.06 that she has put out, of which she provided to the District Attorney. This is for labor and items that needed to be purchased for fixing her property. She is very disappointed that she is not getting any answers as to why the District Attorney's office, or somebody, can't reimburse her, or pay half, for this attorney bill. They solved the case without her knowledge, she was in Florida. No restitution was requested. The Assistant District Attorney, Susan, told Ms. Paul that the woman does not have any money. Chairman Callard stated that they will discuss this at next week's Public Safety committee meeting. Chairman Callard stated as a County Legislature, he does not know what they can do to help other than getting them more familiarized with the issue. He indicated that it is more of a law enforcement and/or code enforcement issue and may be beyond their scope for reimbursement. CAO Nesbitt indicated that it is illegal to pay out public funds. Ms. Paul would have liked to have a phone call returned stating that it was looked into and there is nothing that can be done on the Legislative level. She was told to attend the meeting here. Legislature Rush apologized to her for not working on it as much as he should have and he will look into it. Chairman Callard asked Legislator Rush to follow up after next week's meetings.

The following resolutions were then adopted:

**RESOLUTION NO. 206-610**

She said that this body was her last resort and all she wanted was a phone call returned. Legislator Rush said that they had a meeting, and Legislator Johnson forwarded information to him, but he did not have a chance to get back to her. He understands that

there is another court hearing in August. She feels that she continues to be victimized and still pays for it. Her complaint also involves ripping off the taxpayer by lying to the Public Defender in order for someone to get represented.

Paul Rusin, Town of Murray, stated that NAACP recently voted that the Tea Parties are racist in nature and he wanted to address that everyone is invited to be involved in the Tea Party and it is not a racist organization. They have a lot of involvement with those of color and would like to see more get involved.

Vice Chairman Bower asked if there were any comments from the Legislators. Legislator Rush stated that the Highway Department, the Town of Carlton, and Sid Lovell's Work Crew have been working in the Point Breeze area parks and most of the issues, except a few restroom repairs, are getting completed and he wanted to thank them all for helping in getting the list of to-do's accomplished.

Legislator Johnson wished to congratulate the Lyndonville Lyons Club for a successful 4<sup>th</sup> of July celebration. It was done extremely well. The 4-H Fair will hold its opening ceremony on July 26<sup>th</sup> at 6:00 p.m. where they will be recognizing our retiring Orleans County Highway Superintendent Ed Houseknecht for all the hard work he put into the improvements at the Fairgrounds.

Legislator Smith shared a positive comment from the Town of Gaines regarding the painting of the fire hydrants by the inmates from our correctional facility. They painted them bright red and stated that a good job has been done by the person managing that group.

Legislator Bower stated that he walked through the dementia walkway today which is almost complete and the gate that will enclose that area will be installed by Friday. He said that one thing is lacking and that he spoke to Mr. Glatz about getting some speakers installed so music can be played in the garden. Legislator Bower wanted to thank everyone involved in that project including the Master Gardeners, the Boy Scouts, Sid Lovell's Work Crew, but the one who really stands out, is our Highway Superintendent. Legislator Bower told Ed Houseknecht that he had done a marvelous job on this project and was always there to work on something before he could call Mr. Glatz and tell him he was coming. Legislator Bower stated that when there comes a need for an expert opinion, Legislator Bower will be calling Ed, and Ed indicated to Legislator Bower that he can be called upon at any time. Legislator Bower stated that that is a wonderful trait in any worker we have in our County. Legislator Bower thanked Mr. Houseknecht for all that he has done and wished him well in his retirement.

Legislator Smith also commented that the sidewalk project that Mr. Houseknecht and his crew completed from Route 31 to the County Office Building was done very well and in a timely manner. Legislator Smith said it was really appreciated on such a job well done. Mr. Houseknecht thanked him for that comment.

Legislator Bower moved to set up money in the Public Health Department budget; seconded by Legislator Johnson. Legislator Johnson asked Paul Pettit, Director of Orleans County Public Health to provide information regarding these two resolutions. Mr. Pettit indicated that we have an ongoing Emergency Preparedness Grant. The funding that is being set up is part of the H1N1 funding that was given out to all the counties through the CDC for the H1N1 season. When we initially received the money we did not want to spend it all at one time and to set up when we want to spend it. The following resolution was adopted:

Legislator Bower moved to create and fill two temporary part-time Leisure Time Activities Aides at The Villages; seconded by Legislator Johnson. Legislator Johnson inquired from Jeff Glatz, Administrator of the Villages, if one is to fill a spot that is being temporarily vacated for maternity leave. He said that was correct and advised that the other is for a terminal illness. Chuck Nesbitt, Chief Administrative Officer, asked Mr. Glatz to explain the Department of Health's regulations relative to the quality of life and the necessity for these positions. Mr. Glatz stated that there are four part time positions that are required to provide some type of activities or service for the residents in the evenings and days seven days a week. He advised that they are down to three, from five, to provide those services and we are unable to make all the commitments that they have to the residents. There is a new survey process that starts in October that requires additional interviewing and completing proper power work to get reimbursed for these services, which will require more commitment of their time to get these done. Mr. Nesbitt added that the referenced survey is the Department of Health's Quality of Care audit that is done on the Nursing Home. The following resolution was adopted:

**RESOLUTION NO. 280-710**

**AUTHORIZING CREATING AND FILLING TEMPORARY PART TIME LEISURE TIME ACTIVITIES AIDES AT THE VILLAGE OF ORLEANS HEALTH AND REHABILITATION CENTER**

Legislator Johnson moved to approve a professional services agreement with LaBella Associates P.C. and to transfer funds to pay for these services. Legislator Johnson explained that the state has been pressuring our county to build a new jail. The Legislature has met with the Commission of Corrections, and under a new director has said to us that if we can provide a study that states that our jail is structurally sound that they will not pressure us to build a 35 million dollar new jail, which our county tax base could not support. We are going to proceed with this study and take it from there which will be a wise investment. Legislator Smith seconded her motion. Chairman Callard also added that every repair that was needed to be done from the Commissions point of view has been done. He said a plan will be developed for ongoing maintenance going forward. A variance has been received of our present situation that carries us through to the end of the year. Chairman Callard said that all these things are good news to us and this study will further support our position that there is not a need for a new jail. The following resolution was adopted:

**RESOLUTION NO. 284-710**

This program is to provide small business loans to small companies in Orleans County and repayment is a requirement of the program. Legislator Bower stated this is also the rent subsidiary program. Legislator Allport presented the following resolution and explained that the purpose of the Local Law is intended to establish a procedure for the

use of County Tax Enforcement Processes to assist local governments and exercise their police powers concerning unsafe buildings and hazardous situations. This is generally, trying to get the County more input on properties that taxes are no longer being paid. Since the County is by State Law to make the Towns and Villages whole by paying those taxes, he feels very strongly that the County should have input on charges going against those properties. Chairman Smith called for a roll call vote and the following resolution was adopted:

**RESOLUTION NO. 289-810**

**ADOPTING LOCAL LAW NO. 3 OF 2010 AUTHORIZING COUNTY RELEVY AND REIMBURSEMENT FOR LOCAL REMEDIATION EXPENSES**

WHEREAS, Local Law No. 3-Intro of 2010 was introduced at a regular meeting of the Orleans County Legislature on July 14, 2010, and a Public Hearing was held on July 28, 2010, at which time all interested persons wishing to speak were heard; therefore be it

The local repayment may be made by direct payment or by administrative charge against either the local tax warrant or the County's annual settlement payment for relievis. Legislator Allport presented the following resolution and said that considering 100% of our local property taxes go to pay for six unfunded mandated programs by the state, any cap on that would cause us to come up with the money for these programs from another resource that we basically don't have. His personal opinion is that NYS is very anti-business so without new businesses coming in for new employment, there is no new revenues coming into the County. With a 40% increase in employer contribution for the retirement system coming up next year, either the state needs to pay for their mandated programs or they need to give control of those programs over to the local counties. He would

strongly urge us to join the rest of the counties in the state opposing this. Legislator Johnson offered to amend the resolution by adding recital clause referencing Executive Order No. 17 and that the State should seriously consider the other recommendations of the Commission on property tax relief. The following resolution was adopted.

**RESOLUTION NO. 291-810**

RESOLUTION STATING THAT THE NEW YORK STATE LEGISLATURE SHOULD ONLY IMPOSE A LOCAL PROPERTY TAX CAP THAT INCLUDES SIGNIFICANT CUTS TO THE UNFUNDED MANDATES THAT CAUSE LOCAL PROPERTY TAX INCREASES

WHEREAS, Governor David Paterson and many State Legislators are supportive of a cap on local property tax levies of 4%, or 120% of inflation, whichever is less; and

WHEREAS, little or no action has been taken by New York State to decrease or control the costs of unfunded state mandates, which have been driving county property tax levels for decades; and

WHEREAS, the Orleans County Legislature supports the concept of capping property taxes when coupled with meaningful mandate reforms that result in reduced state mandates and greater local control of expenditures; and

WHEREAS, without mandate reform, such a cap would be impossible for Counties to comply with for, because State mandates make up as much as 75 to 85 percent of an entire county budget, and these State costs increase substantially each year, well over the proposed 4% cap; and

WHEREAS, the projected 40% increase in employer contribution to the New York State Retirement System expected in 2011 will in and of itself exceed the proposed cap; and

WHEREAS, counties are mandated by the State to use local tax dollars to pay for State programs such as Medicaid, early intervention services, pre-school special education services, public assistance, child welfare, youth detention, jails, probation, indigent defense and numerous other programs; and

*August 11, 2010*  
*Resolutions 285-296*

WHEREAS, 100% of the 2010 Orleans County property tax levy was consumed by state mandated programs; and

WHEREAS, the property tax cap proposal does nothing to reduce or eliminate the current mandates; and

WHEREAS, the State continues to shift costs to counties for mandated services including the 2010 legislative session in which the State shifted over \$100 million to counties for delivering state services locally in child welfare and youth detention programs, representing yet another unfunded mandate; and

WHEREAS, the property tax cap proposal allows local boards to override the cap with a two-thirds majority vote, thereby not only shifting costs to local governments, but also unfairly shifting blame to local leaders for tax increases that are actually caused by the State; and

WHEREAS, the Orleans County Legislature has, through responsible financial and budgetary actions and policies, stabilized generic property tax rates at \$9.16 per thousand, for three consecutive years despite the recession, and without the “benefit” of a State-imposed property tax cap; and

WHEREAS, recognizing that Executive Order No. 17 was a good first step. The State should seriously consider the other recommendations of the Commission on property tax relief to fix the property tax burdens that New Yorkers can simply no longer afford; and now, therefore be it

RESOLVED, that the Orleans County Legislature urges the state not to impose a local property tax cap on county governments unless it is coupled with significant cuts and reforms to the state mandated programs that cause local property tax increases; and be it

FURTHER RESOLVED, that copies of this Resolution be forwarded to Governor David Paterson; Senator George Maziarz; New York Assembly Member Steve Hawley; the Speaker of New York State Assembly; the Majority Leader of the New York State Senate; the New York State Association of Counties; and InterCounty Association of Western New York.

Legislator Rush presented the following resolution and asked Mr. Nesbitt to comment on the Solid Waste Program. Mr. Nesbitt said the interesting part about this program is that he has talked to a number of folks from around the different counties across the state and many counties do not have a Solid Waste Program. Nadine Hanlon surveyed her clerks and we have been unable to find a county that has a less expensive program and provides more value than what we have been able to provide with this program. During the last eight years, we've had a similar contract period where as the county option; we had two years of renewable opportunities. The County has chosen to renew in each of those periods. We knew as the fuel costs over the eight years had gone up dramatically, we were not going to see pricing that was as close as we would like it. In last year's budget message, I indicated that there was going to be an increase. He does not think that the increase is unreasonable. It is the cheapest one in the state. It will be \$3.46/week and encourages the Legislature to vote for the acceptance of the bid. The following resolution was adopted:

**RESOLUTION NO. 295-810**

**AWARDING BID FOR SOLID WASTE AND RECYCLING**

RESOLVED, that this Legislature awards the bid for solid waste and recycling services to Modern Disposal Services, Inc, 4746 Model City Road, Model City, NY 14107-0209, at a base annual cost of \$2,459,402.16 effective January 1, 2011 through December 31, 2012, with County option to renew for three additional two-year periods.

## LEGISLATURE MEETING

August 25, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Pastor Roy Harriger of the Community Fellowship Church, the Clerk called the roll. All Legislators were present. Charles H. Nesbitt, Jr., Chief Administrative Officer, was not present due to vacation.

The Clerk presented the following communications: The Orleans County Chamber of Commerce will hold their 12<sup>th</sup> Annual Awards Dinner at White Birch Golf Course on September 11<sup>th</sup>. The Committee to Commemorate Charlie Howard has requested to use the Courthouse Square on September 25<sup>th</sup> to honor Charlie Howard and his efforts in spreading joy and love as Santa. They are asking permission to use the Courthouse Square and to place a banner on the lawn prior to the event. The Opening Ceremony of this event is scheduled to begin at the Courthouse. They are asking if the weather is bad, if the interior of the Courthouse could be used. They also are asking if the Albion Mason's, who have all the proper insurance and health department permits could provide morning refreshments. Treasurer Heard has forwarded, for filing in our office, Disclosure of Interest Statements from twelve employees who received funds in addition to wages from Orleans County as required by General Municipal Law Section 803(1). Girl Scouts of Western New York will be honoring Women of Distinction on September 14<sup>th</sup> at Salvatore's Italian Gardens in Depew. Genesee/Finger Lakes Regional Planning Council will hold their meeting on September 8<sup>th</sup> at 10:30 a.m. at the Radisson Hotel in Henrietta.

Chairman Callard asked Treasurer Heard if we have received any checks from the State. Treasurer Heard reported that she did get \$450,000 today for Social Services. Legislator Rush said that we were down by five million dollars on her last report. She said we received one million dollars at the start of August. Legislator Rush asked if we are gaining on sales tax. She said that is a week by week thing. She believed that the month of August was up \$80,000 over last year's August receipts.

Chairman Callard asked the Board if everyone was in agreement with providing use of the Courthouse Square for Charlie Howard Day. The entire Board voiced that they were in favor of their request. Chairman Callard stated that a representative is here today to tell us about this event. Carol Culhane introduced herself, along with Jeri and Lou Becker, owners

of the Erie Canal Schoolhouse Bed and Breakfast, and also mentioned Phil Wendt, from Illinois who is a Santa Claus, are all sponsoring this event along with many committee members including Legislator Smith. This committee is looking forward to a wonderful day to celebrate, not just Charlie Howard, but also to celebrate Albion. A full day of events is on the docket, and it will be great fun and we will have great weather, expressed Mrs. Culhane. There will be over 100 Santas coming from all over the Country who will be here in what is called "casual clause". Ken McPherson will be Charlie Howard for the day, who will be the only one in the proper costume. Daily events and tours will be going on here in the Village and throughout the Albion area. There will also be memorabilia on display at Lou and Jeri Becker's home, and Harold Hudson's display of the miniature carnival will also be available to view. Mrs. Culhane voiced the committees appreciation to the Board for supporting this event and provided a handout of the planned activities and contact information for them to review should there be any further questions. Chairman Callard stated that both he and Legislator Eick have sat on Charlie Howard's lap. The Committee expressed how they would love to obtain copies of those photos.

Chairman Callard asked if anyone else wished to speak today. Allen Lofthouse, Kendall, had questions on Resolutions No. 306 and 307 concerning the Highway Department equipment. He asked if the pieces were traded in for the new equipment and what were the model years and the hours on the pieces. Jerry Gray, Deputy Highway Superintendent, stated that the pieces would be in the Roy Teitsworth fall auction. Mr. Lofthouse asked what hours were on the machines? Mr. Gray indicated that both pieces are 1999 models and both may have upward of 3 to 4 thousand hours on each of them if not more, which was an educated guess by Mr. Gray.

Legislator Johnson reported that the Auxiliary Police, through our office of Emergency Management, dedicated and donated 362 ½ hours of volunteer service to the Orleans County 4-H Fair. She also received a letter from the Kendall Fire Department thanking the Auxiliary Police for their attendance at their recent carnival, indicating how professional and how well they conducted themselves at their event. Legislator Johnson stated that we don't always get these type of thankful letters, we usually get letters of complaints, and she wanted to make sure that she mentioned these letters and that the Auxiliary Police represent our county very well.

*August 25, 2010  
Resolutions 297-311*

Legislator Rush commented on the Marine Parks. They have been being worked on for several months and all of them are mostly up-to-date concerning the check lists, he explained. The County Highway Department and Buildings and Grounds, New York State, the Towns, and the Neighborhood Association of Point Breeze have taken care of the needed work. Everything is in great shape and again Legislator Rush thanked everyone for their support. Chairman Callard also expressed the fine job that was done.

Legislator Eick attended Senator Schumer's visit to Holley on Monday. Senator Schumer announced that \$900,000 federal dollars will be coming to parks throughout our nation next year. Legislator Eick mentioned that Senator Schumer is aware of our takeover of the State Marine Park earlier this year and the County dollars that are being spent on this park. Legislator Eick also discussed the H2A Farm Labor Program to Senator Schumer with a few area farmers. Legislator Eick stated that there is a controversy between the US and Jamaican governments regarding issues such as percentage of wage and insurance. The Jamaican workers are getting held up in arriving on our farms because of a lack of agreement. The farmers have been guaranteed that they will receive these workers but they have not arrived. Kludt Farms, Kendall, have 250 acres of squash that needs to be harvested and are expecting 12 to 14 Jamaicans who were to arrive on the 25<sup>th</sup> of August but received a letter that they will be held up. Another apple farmer in Lyndonville is also receiving the same message. Legislator Eick stated that as being Farm Bureau President, he has had an active roll in this issue. Chairman Callard asked what Senator Schumer's response was. Legislator Eick indicated that he was not really aware of the severity of this situation. Legislator Eick added that his office is aware of it and the phones have been ringing off the hook in Washington and it is happening all over, not just in our area. The fruit belt in the Lake Ontario region is seriously being affected by this.

Legislator Eick moved to add two resolutions to the agenda; second by Legislator Allport. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 297-810**

Chairman Callard inquired from Commissioner Kuryla that the question was asked when will the building security policy be extended beyond just the Orleans County Administration Building; will there be a comprehensive one for all the County buildings? Commissioner Kuryla stated that he just worked with Craig Lape, Safety Officer and Jack Welch, Director of Personnel, for only their building. Chairman Callard asked if there is a plan to work on one for other county buildings. Commissioner Kuryla stated as far as he knows, there is not a plan, but sounds like a good idea to do that. Chairman Callard stated that this should be discussed further.

Legislator Johnson moved to approve an agreement between Probation and New York State Division of Criminal Justice Services, which has been in place for many years, to run our felony electronic monitoring system. She indicated that most of the participants are out of Judge Punch's court and it keeps prison bound offenders in the community on electronic monitoring versus going to state prison. She indicated that New York State has cut the program by ten percent, as it has affected every one of our programs. It does provide good supervision to high risk offenders. September 8, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Pastor David Beach of the Gaines Carlton Community Church, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Oak Orchard Watershed Alliance will hold their meeting on September 15<sup>th</sup> at the Iroquois Wildlife Refuge in Basom at 7:00 p.m. Orleans County Department of Planning and Development and Niagara County Department of Economic Development has scheduled its Planning and Zoning Training for Municipal Land Use officials at Medina's Clifford Wise Middle School Auditorium and will be completed in one session – Wednesday, September 29, 2010 from 5:00 p.m. to 9:30 p.m. Pre-

registration is required and is due by Friday September 24, 2010. Patrick Hooker, Commissioner of the New York State Department of Agriculture and Markets, has notified us that they have certified the Orleans County Agricultural Districts effective August 25, 2010, with all inclusions accepted. September 11<sup>th</sup> is a busy day in Orleans County. The Memory Gardens Grand Opening is scheduled at 9:30 a.m. at the Villages of Orleans Health and Rehabilitation Center followed by the Alzheimer's Association Memory Walk to begin at 10:00 a.m., with registration also beginning at 9:00 a.m. The 911 Memorial Tribute Ceremony will be held at 10:00 a.m. at the American Legion Post. They will also be holding entertainment in the afternoon and a candlelight vigil at 6:00 p.m. at Bullard Park. The Town of Clarendon will be celebrating their Bicentennial with a parade at Noon and food and entertainment throughout the day and into the evening. The 12<sup>th</sup> Annual Chamber of Commerce Awards Banquet will be at the White Birch Golf Course in Lyndonville beginning at 5:00 p.m.

Legislators Bower and Eick presented a Proclamation to Richard Moy, Supervisor of the Town of Clarendon, in celebration of their Bicentennial to be held on September 11, 2010. Supervisor Moy stated this celebration is very important. He is a relative of Mr. Farwell who was the founder of the Town and was Town Supervisor in the 1800's. His uncle Jake May was also the Town Supervisor in the 1900's and was also the Chairman of the Board of Supervisors. He is now the Town of Clarendon Supervisor in the 2000's.

During open discussion, Chairman opened the floor for public comment. Larry Montello, Commander of the Orleans County American Legion, is the main organizer of the 911 services at the Sheret Post and at Bullard Park. This year, they will be having music coming in from Nashville at Bullard Park. This is a fundraiser for a 911 memorial stone, which they hope to have erected for the tenth anniversary of 9/11. Mr. Montello requested permission to place this memorial stone, 3' x 3', under the flag pole at the Courthouse square. He stated that one of the masons that works at the Legion would construct the base and Brigden memorials will be making the stone. Mr. Nesbitt volunteered to discuss the details with Mr. Montello. Chairman Callard indicated that this would be a wonderful tribute. Mr. Montello welcomed all the Legislators to attend the memorial services. They are very excited about the talent that is coming from Nashville. If everything works out well with the singer this year, she may be able to get a popular male singer, that she opens for, to attend Albion's 9/11 tenth anniversary tribute next year. Mr. Montello explained that his

sister used to work at Building 7 and luckily her boss made her go on a business trip, that is why he has organized this event for the last seven years along with not wanting our county to forget what happened on 9/11/01. Chairman Callard thanked Mr. Montello for coming and for all that he does in organizing this memorial tribute. Chairman Callard asked about the projected cost of the stone. Mr. Montello indicated that the initial cost was \$3,000 but it has been reduced to \$2,000 which includes the lettering on a colored stone.

Legislator Allport moved to authorize an issuance and sale of Revenue Anticipation Notes in anticipation of the collection of state and federal revenues; seconded by Legislator Bower. Chairman Callard advised that the dollar amount that we will borrow is \$1,675,000. Legislator Johnson wanted it understood that we are borrowing because it is an anticipation of state and federal monies that are owed to us, so we need to upfront it and borrow it until the government pays us back. Chairman Callard stated he is disgusted that the New York State government owes the County of Orleans monies from 2009 and 2010 and necessitates this borrowing for cash flow purposes, but at the same token, New York State government expects immediate payment for its bills from the County of Orleans. Chairman Callard requested a roll call vote:

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through September, 2010. She reported that the sales tax check for October is \$463,000 short. This indicates that October's receipts are down by this amount. She has a call into the Sales Tax office to inquire what the adjustments were. In the past, it was because the stores not in Orleans County reported on the wrong line which created a huge swing and does not know if this happened again. Chairman Callard asked if any neighboring counties had the same issue. Treasurer Heard stated she was asked by Genesee County earlier today, but did not have her numbers available but she thinks they also had a swing. She will inquire from other counties tomorrow. Legislator Johnson stated that on the bright side, the state aid is rolling in. Treasurer Heard will send an e-mail if she hears more on the sales tax. She also reported that all levies have been paid to all other funds. Next month's report will be improved because the Nursing Home has been able to pay their loans.

During Open Discussion, Mike Fuller, Fire Chief of East Shelby, Shelby Highway Superintendent and member of the Radio Advisory Committee spoke. He voiced his support on the resolution for the continuation of the Emergency Management Director's change of hours as a result of the radio upgrade project. Mr. Wagner and his staff have been on top of this project and working through the problems to assure that our emergency services has the best radio system possible. He stated that Mr. Wagner and his staff are doing a good job for them.

Ella Jones, of Ridgeway, reported that she, along with her neighbors have been experiencing problems with their electrical service provided by National Grid. She reported that the lights dim so low that their generators kick on. The last time this happened was in the third week of September this year. Last year it was also very bad. Mrs. Jones provided a list of names of those experiencing the problems. These neighbors mostly live on Portage and Culvert Roads. She requested if the Legislature could help in this problem. She did not know if this results from when the farmers start up their dryers on their grain bins. It mostly happens in the fall of the year into the winter months. It happens around five o'clock in the evening and seven o'clock in the morning. Chairman Callard asked if she could provide the information to the Clerk of the Legislature so someone could call on her behalf.

Allen Lofthouse, of Kendall, inquired from the September 22<sup>nd</sup> meeting as to how much was the value of the Revenue Anticipation Note. Chairman Callard reported it to be \$1,675,000. Mr. Lofthouse said that apparently

nothing has been received to offset that. Treasurer Heard stated that the revenues we expect will offset this. Chairman Callard stated that those are the monies that the County expects from 2009 and 2010. Chuck Nesbitt expressed that there are two main problems relating to how this revenue is flowing. He explained in detail how we have not received dollars due to our rebased rate. These are monies that are due to us once they have reconfigured what our costs were. The Nursing Home files a Medicaid Cost Report and this report is evaluated by the Department of Health and they set a rate for our Medicaid bed days. For example, Mr Nesbitt explained that if a bed day is worth \$150 and now they would be worth \$170, and if we have 100 patients over 365 days, off by \$20 per day each, this creates a short fall. We have rate appeals into the State and that is another part of the problem because we are owed additional monies on top of that because they have set our rate improperly. In addition to that, the Intergovernmental Transfer (Medicaid dollars that are paid to public facilities which is an arrangement set up between the state and federal government) goes back to the 2009 Medicaid rates, which have not been set yet. The State has been arguing with Federal CMS on what those rates should be. We still don't know what last year's rates were, let alone what this year's rates are. The Intergovernmental transfer is at 2009 and is what we have been expecting this year for \$1.5 million, and we have not received yet. The reason this has not come is the Intergovernmental Transfer is determined based on an upper payment limit. The upper payment limit is what a group of services is worth under Medicare versus what they are worth under Medicaid. The difference between those two are eligible for this Intergovernmental Transfer. Mr. Lofthouse asked if every Nursing Home has this problem. Mr. Nesbitt indicated that every public Nursing Home, all thirty six of them have this problem. Mr. Nesbitt also added that besides those specific problems, our revenues in general are declining, as expenses increase.

Mr. Lofthouse, commented on today's Resolution No. 348, he has a problem creating jobs in this economic time and asked if the positions being created are less expensive of those abolished, are they a wash, or more expensive? Chairman Callard stated that they are eliminating one position, and creating a new position with a cost of \$6,500. Mr. Nesbitt further explained that one of the problems in staffing the investigator positions is burn out. We currently have two investigators each being on call six months of the year causing burn out. One of the reasons that the County felt it to be important to alter the way the Sheriff's Office is staffed is to provide some relief to them. This way, they would be on call four months out of the year instead of six and can maintain a healthy

family life. It is an important quality of life issue. Legislator Johnson added that instead of just hiring a Criminal Investigator, we would decrease the deputies by one and promote from within.

Chairman Callard stated that since the last meeting, he has visited Brunner in Medina and St. Gobain in Albion with representatives from the IDA and Congressman Lee. Also with representatives from IDA, he also visited Tony Piedimonte's operation in Holley and toured the Holley Business Park. There was no further discussion.

Legislator Eick moved to add three resolutions to the agenda; second by Legislator Rush. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 337-1010**

Legislator Johnson moved to fill vacancies in the Probation Department. She commented that she truly believes that the County is staffed at skeleton crew, and when we have a resignation, especially in a small office such like in the Probation Department, it is imperative that we fill those positions. Legislator Smith seconded her motion. The following resolution was adopted.

Chairman Callard announced that he will review staffing levels because the County has reduced a number of full-time and part-time positions through out the year. Legislator Rush moved to approve an agreement with NYS Department of State for regional harbor dredging. He said that Oak Orchard River should have been dredged a year or two ago and it may be another year or two before it is dredged, but hopefully this plan will help speed it up a bit.

October 13, 2010  
Resolutions 337-355

Legislator Allport seconded his motion. The following resolution was adopted:

**RESOLUTION NO. 342-1010**

Legislator Johnson moved to continue the change of work hours for the Emergency Management Director through December 31, 2010; seconded by Legislator Smith. Legislator Allport questioned that if this is in regards to the radios, should this read that until the radio problems are resolved or until the end of the year, whichever ever comes first. If this is to help resolve the radio issue, and it is settled in June, we would not need the extension of hours past that. Mr. Nesbitt did not expect that it would get resolved that quickly. Legislator Johnson explained that there are 562 portable radios to be turned around and need to be distributed and modified. They then need to be checked on a basis were we know that this issue that we are having with the vendor does not repeat itself. This is not going to be accomplished in one year. Mr. Nesbitt stated that the Legislature can modify this resolution at any time. Legislator Rush stated that the added hours are added on for the purpose of the new radio system, and it sounds like more work is needed to get this corrected. He asked if the EMO Director does this work? Legislator Johnson states that we program them

here and there was a receive issue. They are rotating them back to the vendor, the vendor is replacing them and they are coming back to be re-programmed. They need to be check to see if they communicate with dispatch. It is a quite a régime that Emergency Management has been put into. Legislator Rush asked if the EMO Director and/or Radio System's Manager do that. Legislator Johnson replied that they both do that, it is the departments orders to keep the radio system up and running. Legislator Allport wanted to understand correctly, that if it gets resolved early, a resolution can be passed and there will be no impact on this. County Attorney Schubel agreed. Legislator Allport was satisfied with that. The following resolution was adopted.

**RESOLUTION NO. 343-1010**

**AUTHORIZING CONTINUATION OF CHANGE OF WORK HOURS  
FOR EMERGENCY MANAGEMENT DIRECTOR POSITION**

**RESOLUTION NO. 353-1010**

RESOLUTION CALLING ON THE NEW YORK STATE PUBLIC SERVICE COMMISSION TO REJECT NATIONAL GRID RATE INCREASE PROPOSAL AND FOR THE WESTERN NEW YORK DELEGATION TO THE NEW YORK STATE LEGISLATURE TO EXPRESS OPPOSITION TO RATE INCREASE TO PUBLIC SERVICE COMMISSION

WHEREAS, National Grid, a U.S. subsidiary of the United Kingdom-based National Grid PLC, has sought to impose a 20% increase in delivery charges per annum, or approximately \$396 million, which would be borne by paying customers of the power and gas monopoly residing throughout Upstate New York; and

WHEREAS, said proposed increase comes in the midst of an ongoing economic downturn and high unemployment throughout Upstate New York; and

WHEREAS, the New York State Public Service Commission did discover various questionable charges to New Yorkers within the requested \$396 million increase, including charging Upstate New York customers 73% of the costs associated with computer upgrades made exclusively in Rhode Island and Massachusetts, a \$25 million increase to cover employee bonuses, paying for employees that departed on early retirement to return as consultants and double-dip, sponsorship of the Adirondack Phantoms hockey team; and

WHEREAS, the New York State Public Service Commission did specifically condemn \$26 million excessive and lavish charges that National Grid intended to pass on to ratepayers, including \$1,254 in shipping costs for an executive's wine collection to Europe, repair of another executive's washing machine, \$54,000 in tuition payments for private school for yet another executive's children, and \$1,200 for "cat transportation"; and

WHEREAS, the Chairman of the New York State Senate Energy Committee, the Honorable George D. Maziarz, Senator for the 62<sup>nd</sup> District, has scheduled a committee hearing for October 19, 2010, to review both National Grid's application for increases in rates and the company's lavish spending on unjustifiable expenses to subsidize a luxurious lifestyle for National Grid plc executives; and

WHEREAS, Chairman Maziarz did state that “The timetable for the rate hike must be re-evaluated, not only in light of the questions and answers presented in the upcoming Senate hearing, but also because the PSC and National Grid are launching their own investigations into the matter. More details are going to come to light, and the PSC must refrain from following any sort of pre-determined timetable”; and

WHEREAS, the Honorable Charles E. Schumer, United States Senator for New York, did issue, on September 20, 2010, a letter calling upon the Public Service Commission to suspend review and action on National Grid’s rate increase request until completion of a formal investigation of the utility’s misspending; and

WHEREAS, Senator Schumer did state in the same letter that “National Grid’s electric prices are among the highest in the nation, and have consistently been a hindrance when trying to attract or expand businesses to the region—especially ones that require a great deal of power. In 2008, residential rates were 37% higher than the national average and commercial rates were over 60% higher, according to Department of Energy statistics”; and

WHEREAS, such increases as have been sought by National Grid would further penalize the citizens of Orleans County and Western New York; and

WHEREAS, it is the view of the Legislature of the County of Orleans that the proposed increase in utility rates would be to the substantial detriment of the citizens of this county, Western New York, and all of Upstate New York, and that such detriment would go beyond those penalties already imposed through enactment of §18-a surcharges; now, therefore be it

RESOLVED, that the Legislature of the County of Orleans does hereby call upon the New York State Public Service Commission to reject the increases in residential electrical and natural gas rates sought by National Grid; and be it

FURTHER RESOLVED, that the Legislature of the County of Orleans calls upon the entire Western New York delegation to the New York State Legislature, and those chairmen and ranking minority members of relevant committees in the New York State Senate and Assembly, to

provide letters to the Public Service Commission expressing their opposition to the National Grid increase; and be it

FURTHER RESOLVED, that the Legislature of the County of Orleans does hereby commend Senator Maziarz and Senator Schumer for their actions in this matter, and does call upon their colleagues to unite behind their opposition to this unjustifiable rate hikes; and be it

FURTHER RESOLVED, that the Legislature of the County of Orleans does direct that the Chairman of this body shall, either through transmission of a written statement, or through appearing in person, provide testimony, as shall be needed and/or sought, in the October 19, 2010 hearings of the State Senate Energy Committee, including expressing the opposition of this Legislature to any rate hikes by National Grid; and be it

FURTHER RESOLVED, that the County of Orleans shall forward copies of this Resolution to Governor David A. Paterson; U.S. Senator Charles E. Schumer; U.S. Senator Kirsten E. **LEGISLATURE MEETING**

October 27, 2010

---

Chairman Callard called the meeting to order at 4:39 PM. After the pledge to the flag and invocation led by Rev. Vonda Fossett of the Albion United Methodist Church, the Clerk called the roll. All Legislators were present. The Clerk had no communications to present.

Legislator Johnson presented a Proclamation for Winter Weather Awareness Week, October 24-30, in Orleans County. Paul Wagner, Emergency Management Director, received the proclamation and invited those in attendance to sign up for NY-ALERT. This helps in notifying Orleans County residents of emergencies. Mr. Wagner provided handouts should anyone be interested in NY-ALERT or Winter Safety 2010-2011 in Orleans County.

Before the presentation of a citation, Legislator Rush referenced the Daily News article "Waterport Fishing Derby is a Big Hit with Anglers". Legislator Rush expressed that Sharon Narburgh has had a lot to do with

managing the Fishing Hotline. The article also said that “Oak Orchard is becoming salmon’s hotspot”. Legislator Rush presented a Certificate of Recognition, along beside him was Wayne Hale, Director of Planning and Tourism, to Sharon Narburgh who has managed the Orleans County Fishing Hotline for 25 years. The Legislators thanked her for her dedicated service and commitment to the fishing industry.

During open discussion, Allen Lofthouse, of Kendall, stated that any questions he asks or statements he makes are personal and are not associated with any entity he may be involved with. Mr. Lofthouse asked what the boards thoughts are in the possibility of selling the Nursing Home. Chairman Callard stated that he will discuss this further this afternoon. Mr. Lofthouse asked about the projected tax increase. Mr. Nesbitt informed him that the tentative budget will be filed at the next meeting, November 10<sup>th</sup>. Mr. Lofthouse asked if Resolution No’s 358 and 359 are really necessary to fill vacancies in the County Highway Department. Chairman Callard stated that he will speak about that too regarding streamlining the operations and there being accrued savings.

Paul Lauricella, of Lydonville, questioned in borrowing the \$1.6 million for running the County in 2010 through 2011. How is it looking in getting the money from the state? Chairman Callard said he will also discuss this later in the meeting.

Mark Taylor, of Holley, stated that he spoke with Chairman Callard earlier and will hold him to his word.

Chairman Callard stated that at the last meeting, he would go over employment numbers for informational purposes, which currently are being kept track of month by month. In January when the new Legislature met, the County employed 610 people. As of month end September 2010, we have 593 positions, which is a decrease of 17 positions. Today a position will be abolished in the Buildings and Grounds division of the Highway Department, and we will be having a net one reduction in the Department of Social Services. This will be a decrease of 19 positions this year. Mr. Nesbitt indicated that Legislator Bower will be amending another resolution today, abolishing an additional position in the Public Health Department. Chairman Callard indicated then that would make it 20 positions. Chairman Callard stated that every situation is looked at in filling vacancies. We need to maintain streamline operations, but look at each position as they develop to see if it is an opportunity to consolidate other positions.

Legislator Allport expressed to the Legislature how appreciative the NYSARC Executive Directors were for the Orleans County Legislature in adopting the “R Word” resolution. He said Orleans County was singled out at their annual convention, and he wanted to make sure the board was aware of their gratitude.

Legislator Rush mentioned the fishing article again that he held up earlier. He stated that Orleans County leases most of the creek from a farmer who owns most of it and if we did not lease this part of the creek, we would not have any fishing to speak of. Legislator Rush offered to take any questions regarding this by contacting him.

Legislator Smith announced that the Knowlesville Road Bridge construction project is near completion and will be opening next week.

Chairman Callard stated that, in answering the previous questions concerning the Villages of Orleans Health and Rehabilitation Center, he wishes to speak on behalf of the Legislators relative to the Villages and does so in the greatest of disappointment, especially with our New York State government and the position it has placed Orleans County in at this time. Chairman Callard presented the following address:

*Today the Orleans County Legislature will be presented with a resolution that calls for the release of a Request for Expressions of Interest (REFI) and the subsequent Request for Proposals (RFP) to determine the County’s options relative to the transfer of ownership and/or management of the Villages of Orleans Health and Rehabilitation Center.*

*Projections for 2011 – 2015 show a growth in the annual operational deficit in each subsequent year from slightly over \$2 million to nearly \$4 million. This makes owning a public nursing home no longer financially feasible for the taxpayers in light of mounting losses. The impact on the 2011 budget alone is projected to be \$1.29 per thousand up from nearly 38 cents in 2010 and is expected to grow each year, in today’s dollars, to nearly \$2.58 by 2015 against a tax rate that has remained constant for the past three years at \$9.16.*

*In October 2004, the legislature authorized the construction of an addition and the reconstruction of portions of the nursing home. The rationales were that the facility was substandard, no longer meeting existing state requirements and because it had the lowest Medicaid reimbursement rate in the state. That Medicaid rate could only be improved by a rebasing*

*following a major renovation or sale of the facility. Construction was completed in November 2007, and costs were submitted to the New York State Department of Health. Three years later, the State has yet to make a final determination on the rebased rate. The County estimates monies due to the facility as result of rebasing to be at least \$700,000. The Villages has also been waiting for \$1.5 million in federal monies since late 2009.*

*The nursing home reported an audited operating loss of approximately \$470,000 in 2008, \$1.2 million in 2009, and an estimated loss of \$1.1 million for 2010 assuming the County will receive its \$1.5 million in overdue aid. In the event we do not receive the aid, that number balloons to \$2.6 million. These delayed payments necessitated the County borrowing \$1.675 million this month in a revenue anticipation note for continued operation of the home.*

*The Orleans County Legislature is committed to maintaining the existence and continuing operation of what is a high quality, stable, and compassionate long term care facility for the residents of the County; and is committed to ensure that all employees receive fair consideration for continued employment with any new facility operator.*

*Just recently, Jeff Glatz, our nursing home administrator since 2005, resigned to become the Niagara County Administrator. We have hired an interim administrator, William Gillick, who will work toward improving the existing operation while helping to guide us through the transition. Mr. Gillick has twenty years experience in managing long term healthcare facilities and understands the state health department regulations, long term care and dementia programming, as well as marketing for long term care facilities.*

*This transition may take several years to complete. During the interim, the Legislature will make every effort to see that the Villages will continue to operate at the highest level of service to our patients and their families. We know there will be challenges, and we must be ready to meet them.*

*However, in light of the current environment, this transition is absolutely necessary to ensure the long term stability of the County property tax rate and to further ensure that our ability to provide vital services to our residents is not threatened. We simply cannot ask the taxpayers of Orleans County to shoulder a burden of this magnitude over the long term.*

Chairman Callard called for the reading of the resolutions for adoption:

Legislator Smith moved to fill the Secretary to the Highway Superintendent position, seconded by Legislator Eick. Mr. Nesbitt explained Mr. Lofthouse's earlier inquiry that this has been part of an ongoing effort by the County Legislature to not only combine the Buildings and Grounds Department with Highway, but to also streamline the management of those two departments. In exchange, at least today, we have dropped one position but also have reduced a part time position and combined the administrative function of both, resulting in 1-1/2 positions with a savings of \$130 to \$140 thousand dollars. The following resolution was adopted:

Legislator Eick moved to create and abolish positions in the Department of Social Services as presented by Commissioner Kuryla earlier during

Conference Session; seconded by Legislator Rush. Mr. Nesbitt clarified that \$23,273 may sound like it is not a lot of money for the elimination of those management positions, that is the actual county dollars saved net of any reimbursements received for those programs that those positions oversee. The following resolution was adopted:

**RESOLUTION NO. 362-1010**

**AUTHORIZING ABOLISHING AND CREATING POSITIONS IN

Legislator Eick moved to purchase Salient Software for the Department of Social Services, subject to County Attorney approval. Legislator Eick called upon Commissioner Kuryla to explain the need for this purchase. Commissioner Kuryla explained that this is software to detect Medicaid fraud. So if someone in the County is receiving Medicaid, or other public assistance, it is found where they may have five or six prescriptions in the area for pain killers, this will detect that; and it will also detect provider fraud at the point of where these prescriptions are distributed. It will also detect in this software if a person receives assistance in other areas. Legislator Allport seconded the motion. The following resolution was adopted:

Legislator Allport moved to consolidate the bond debt over the next 10 years which will result in an aggregate savings of \$210,082.57 over those next ten years; seconded by Legislator Bower. Chairman Callard further explained that this is a consolidation of four bonds. It is not all of our bonds. We approached this several years ago when the rates were dropping and wanted to do this but were precluded by law, but apparently there was a change in the law. Treasurer Heard said that the rates have gone low enough to where this will really benefit us. The following resolution was adopted:

**RESOLUTION NO. 372-1010**

**AUTHORIZING THE ISSUANCE PURSUANT TO SECTION 90.10 OF THE LOCAL FINANCE LAW OF REFUNDING BONDS OF THE COUNTY OF ORLEANS, NEW YORK, TO BE DESIGNATED SUBSTANTIALLY "PUBLIC IMPROVEMENT REFUNDING (SERIAL) BONDS", AND PROVIDING FOR OTHER MATTERS IN RELATION THERETO AND THE PAYMENT OF THE BONDS TO BE REFUNDED THEREBY**

WHEREAS, the County of Orleans, New York (hereinafter, the "County") heretofore issued an aggregate \$2,500,000 Public Improvement (Serial) Bonds, 1994, pursuant to a bond determinations certificate dated April 1, 1994 (the "1994 Bond Certificate"), to finance the cost of the construction of an addition to and reconstruction of the Nursing Home in and for said County as further described in the 1994 Bond Certificate, such Public Improvement (Serial) Bonds, 1994, being dated April 1, 1994 with remaining maturities on April 1 in the years 2011 through 2014, both inclusive (the "1994 Refunded Bonds"); and

WHEREAS, the County of Orleans, New York (hereinafter, the "County") heretofore issued an aggregate \$500,000 Public Improvement (Serial) Bonds, 1999 Series A, pursuant to a bond determinations certificate dated April 15, 1999 (the "1999A Bond Certificate"), to finance the cost of various improvements in and for said County as further described in the 1999A Bond Certificate, such Public Improvement (Serial) Bonds, 1999 Series A, being dated April 15, 1999 with remaining maturities on September 15 in the years 2011 and 2012 (the "1999A Refunded Bonds"); and

WHEREAS, the County of Orleans, New York (hereinafter, the "County") heretofore issued an aggregate \$1,930,000 Public Improvement (Serial) Bonds, 1999 Series B, pursuant to a bond determinations certificate dated April 15, 1999 (the "1999B Bond Certificate"), to finance the cost of various improvements in and for said County as further described in the 1999B Bond Certificate, such Public Improvement (Serial) Bonds, 1999 Series B, being dated April 15, 1999 with remaining maturities on April 15 in the years 2011 to 2015, both inclusive (the "1999B Refunded Bonds"); and

WHEREAS, the County of Orleans, New York (hereinafter, the "County") heretofore issued an aggregate \$3,200,000 Public Improvement (Serial) Bonds, 2001, pursuant to a bond determinations certificate dated June 15, 2001 (the "2001 Bond Certificate"), to finance the cost of the construction of additions and reconstruction to buildings on Court House Square in and for said County as further described in the 2001 Bond Certificate, such Public Improvement (Serial) Bonds, 2001, being dated June 15, 2001 with remaining maturities on December 15 in the years 2010 through 2020, both inclusive (the "2001 Refunded Bonds"); and

WHEREAS, the 1994, 1999A, 1999B and 2001 Refunded Bonds are hereinafter sometimes referred to collectively as the "Refunded Bonds"; and

WHEREAS, it would be in the public interest to refund all, or one or more, or a portion of one or more, of the \$600,000 outstanding principal balance of the 1994 Refunded Bonds, the \$90,000 outstanding principal balance of the 1999A Refunded Bonds, the \$760,000 outstanding principal balance of the 1999B Refunded Bonds, and the \$2,220,000 outstanding principal balance of the 2001 Refunded Bonds, each by the issuance of refunding bonds pursuant to Section 90.10 of the Local Finance Law; and

WHEREAS, each of such refundings will individually result in present value savings in debt service if so required by Section 90.10 of the Local Finance Law; now, therefore be it

RESOLVED, by the County Legislature of the County of Orleans, New York, as follows:

Section 1. For the object or purpose of refunding the outstanding aggregate principal balance of the Refunded Bonds, including providing moneys which, together with the interest earned from the investment of certain of the proceeds of the refunding bonds herein authorized, shall be sufficient to pay (i) the principal amount of the Refunded Bonds, (ii) the aggregate amount of unmatured interest payable on the Refunded Bonds to and including the date on which the Refunded Bonds which are callable are to be called prior to their respective maturities in accordance with the refunding financial plan, as hereinafter defined, (iii) the costs and expenses incidental to the issuance of the refunding bonds herein authorized, including the development of the refunding financial plan, as hereinafter defined, compensation to the underwriter or underwriters, as hereinafter defined, costs and expenses of executing and performing the terms and conditions of the escrow contract or contracts, as hereinafter defined, and fees and charges of the escrow holder or holders, as hereinafter mentioned, (iv) the redemption premium to be paid on the Refunded Bonds which are to be called prior to their respective maturities, and (v) the premium or premiums for a policy or policies of municipal bond insurance or cost or costs of other credit enhancement facility or facilities, for the refunding bonds herein authorized, or any portion thereof, there are hereby authorized to be issued not exceeding \$4,100,000 refunding serial bonds of the County pursuant to the provisions of Section 90.10 of the Local Finance Law (the "County Refunding Bonds" or the "Refunding Bonds"), it being anticipated that the amount of Refunding Bonds actually to be issued will be approximately \$3,870,000, as provided in Section 4 hereof. The Refunding Bonds described herein are hereby authorized to be consolidated for purposes of sale in one or more refunding serial bond issues. The County Refunding Bonds shall each be designated substantially "PUBLIC IMPROVEMENT REFUNDING (SERIAL) BOND" together with such series designation and year as is appropriate on the date of sale thereof, shall be of the denomination of \$5,000 or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity, shall be numbered with the prefix R-10 (or R

with the last two digits of the year in which the Refunding Bonds are issued as appropriate) followed by a dash and then from 1 upward, shall be dated on such dates, and shall mature annually on such dates in such years, bearing interest semi-annually on such dates, at the rate or rates of interest per annum, as may be necessary to sell the same, all as shall be determined by the County Treasurer pursuant to Section 4 hereof. It is hereby further determined that (a) such Refunding Bonds may be issued in series, (b) such Refunding Bonds may be sold at a discount in the manner authorized by paragraph a of Section 57.00 of the Local Finance Law pursuant to subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, and (c) such Refunding Bonds may be issued as a single consolidated issue. It is hereby further determined that such Refunding Bonds may be issued to refund all, or any portion of, the Refunded Bonds, subject to the limitation hereinafter described in Section 10 hereof relating to approval by the State Comptroller.

Section 2. The Refunding Bonds may be subject to redemption prior to maturity upon such terms as the County Treasurer shall prescribe, which terms shall be in compliance with the requirements of Section 53.00 (b) of the Local Finance Law. If less than all of the Refunding Bonds of any maturity are to be redeemed, the particular refunding bonds of such maturity to be redeemed shall be selected by the County by lot in any customary manner of selection as determined by the County Treasurer.

The Refunding Bonds shall be issued in registered form and shall not be registrable to bearer or convertible into bearer coupon form. In the event said Refunding Bonds are issued in non-certificated form, such bonds, when issued, shall be initially issued in registered form in denominations such that one bond shall be issued for each maturity of bonds and shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), which will act as securities depository for the bonds in accordance with the Book-Entry-Only system of DTC. In the event that either DTC shall discontinue the Book-Entry-Only system or the County shall terminate its participation in such Book-Entry-Only system, such bonds shall thereafter be issued in certificated form of the denomination of \$5,000 each or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity. In the case of non-certificated Refunding Bonds, principal of and interest on the bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to DTC, or to its nominee, Cede & Co., while the bonds are registered in the name of Cede & Co. in accordance with such Book-Entry-Only System. Principal shall only be payable upon surrender

of the bonds at the principal corporate trust office of such Fiscal Agent (or at the office of the County Clerk as Fiscal Agent as hereinafter provided).

In the event said Refunding Bonds are issued in certificated form, principal of and interest on the Refunding Bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to the registered owners of the Refunding Bonds as shown on the registration books of the County maintained by the Fiscal Agent (as hereinafter defined), as of the close of business on the fifteenth day of the calendar month or first business day of the calendar month preceding each interest payment date as appropriate and as provided in a certificate of the County Treasurer providing for the details of the Refunding Bonds. Principal shall only be payable upon surrender of bonds at the principal corporate trust office of a bank or trust company or banks or trust companies located or authorized to do business in the State of New York, as shall hereafter be designated by the County Treasurer as fiscal agent of the County for the Refunding Bonds (collectively the "Fiscal Agent").

Refunding Bonds in certificated form may be transferred or exchanged at any time prior to maturity at the principal corporate trust office of the Fiscal Agent for bonds of the same maturity of any authorized denomination or denominations in the same aggregate principal amount.

Principal and interest on the Refunding Bonds will be payable in lawful money of the United States of America.

The County Treasurer, as chief fiscal officer of the County, is hereby authorized and directed to enter into an agreement or agreements containing such terms and conditions as he shall deem proper with the Fiscal Agent, for the purpose of having such bank or trust company or banks or trust companies act, in connection with the Refunding Bonds, as the Fiscal Agent for said County, to perform the services described in Section 70.00 of the Local Finance Law, and to execute such agreement or agreements on behalf of the County, regardless of whether the Refunding Bonds are initially issued in certificated or non-certificated form; provided, however, that the County Treasurer is also hereby authorized to name the County Clerk as the Fiscal Agent in connection with the Refunding Bonds if said Refunding Bonds are issued in non-certificated form.

The County Treasurer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for said Refunding Bonds, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

The Refunding Bonds shall be executed in the name of the County by the manual or facsimile signature of the County Treasurer, and a facsimile of its corporate seal shall be imprinted thereon. In the event of facsimile signature, the Refunding Bonds shall be authenticated by the manual signature of an authorized officer or employee of the Fiscal Agent. The Refunding Bonds shall contain the recital required by subdivision 4 of paragraph j of Section 90.10 of the Local Finance Law and the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the County Treasurer shall determine. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of the Refunding Bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the Fiscal Agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the Fiscal Agent.

Section 3. It is hereby determined that:

(a) the maximum amount of the Refunding Bonds authorized to be issued pursuant to this resolution does not exceed the limitation imposed by subdivision 1 of paragraph b of Section 90.10 of the Local Finance Law;

(b) the maximum period of probable usefulness permitted by law at the time of the issuance of the respective Refunded Bonds, for each of the objects or purposes for which such respective Refunded Bonds were issued is as set forth in Exhibit A;

(c) the last installment of the Refunding Bonds will mature not later than the expiration of the period of probable usefulness of each of the objects or purposes for which said respective Refunded Bonds were issued in accordance with the provisions of subdivision 1 of paragraph c of Section 90.10 of the Local Finance Law;

(d) the estimated present value of the total debt service savings anticipated as a result of the issuance of the Refunding Bonds, if any, computed in accordance with the provisions of subdivision 2 of paragraph b of Section 90.10 of the Local Finance Law, with regard to each of the Respective Series of Refunded Bonds, is as shown in the Refunding Financial Plan described in Section 4 hereof.

Section 4. The financial plan for the aggregate of the refundings authorized by this resolution (collectively, the “Refunding Financial Plan”), showing the sources and amounts of all moneys required to accomplish such refundings, the estimated present value of the total debt service savings and the basis for the computation of the aforesaid estimated present value of total debt service savings, are set forth in Exhibit B attached hereto and made a part of this resolution. The Refunding Financial Plan has been prepared based upon the assumption that the Refunding Bonds will be issued in one series to refund all of the Refunded Bonds in the principal amount of \$3,870,000, and that the Refunding Bonds will mature, be of such terms, and bear interest as set forth on Exhibit B attached hereto and made a part of this resolution. This County Legislature recognizes that the Refunding Bonds may be issued in one or more series, and for only one or more of the Refunded Bonds, or portions thereof, that the amount of the Refunding Bonds, maturities, terms, and interest rate or rates borne by the Refunding Bonds to be issued by the County will most probably be different from such assumptions and that the Refunding Financial Plan will also most probably be different from that attached hereto as Exhibit B. The County Treasurer is hereby authorized and directed to determine which of the Refunded Bonds will be refunded and at what time, the amount of the Refunding Bonds to be issued, the date or dates of such bonds and the date or dates of issue, maturities and terms thereof, the provisions relating to the redemption of Refunding Bonds prior to maturity, whether the Refunding Bonds will be insured by a policy or policies of municipal bond insurance or otherwise enhanced by a credit enhancement facility or facilities, whether the Refunding Bonds shall be sold at a discount in the manner authorized by paragraph e of Section 57.00 of the Local Finance Law, and the rate or rates of interest to be borne thereby, whether the Refunding Bonds shall be issued having substantially level or declining annual debt service and all matters related thereto, and to prepare, or cause to be provided, a final Refunding Financial Plan for the Refunding Bonds and all powers in connection therewith are hereby delegated to the County Treasurer; provided, that the terms of the Refunding Bonds to be issued, including the rate or rates of interest borne thereby, shall comply with the requirements of Section 90.10 of the Local Finance Law. The County Treasurer shall file a copy of his certificates determining the details of the Refunding Bonds and the final Refunding Financial Plan with the County Clerk not later than ten (10) days after the delivery of the Refunding Bonds, as herein provided.

Section 5. The County Treasurer is hereby authorized and directed to enter into an escrow contract or contracts (collectively the “Escrow Contract”) with a bank or trust company, or with banks or trust companies, located and authorized to do business in this State as said County Treasurer shall designate (collectively the “Escrow Holder”) for the purpose of having the Escrow Holder act, in connection with the Refunding Bonds, as the escrow holder to perform the services described in Section 90.10 of the Local Finance Law.

Section 6. The faith and credit of said County of Orleans, New York, are hereby irrevocably pledged to the payment of the principal of and interest on the Refunding Bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall be annually levied on all the taxable real property in said County a tax sufficient to pay the principal of and interest on such Refunding Bonds as the same become due and payable.

Section 7. All of the proceeds from the sale of the Refunding Bonds, including the premium, if any, but excluding accrued interest thereon, shall immediately upon receipt thereof be placed in escrow with the Escrow Holder for the Refunded Bonds. Accrued interest on the Refunding Bonds shall be paid to the County to be expended to pay interest on the Refunding Bonds. Such proceeds as are deposited in the escrow deposit fund to be created and established pursuant to the Escrow Contract, whether in the form of cash or investments, or both, inclusive of any interest earned from the investment thereof, shall be irrevocably committed and pledged to the payment of the principal of and interest on the Refunded Bonds in accordance with Section 90.10 of the Local Finance Law, and the holders, from time to time, of the Refunded Bonds shall have a lien upon such moneys held by the Escrow Holder. Such pledge and lien shall become valid and binding upon the issuance of the Refunding Bonds and the moneys and investments held by the Escrow Holder for the Refunded Bonds in the escrow deposit fund shall immediately be subject thereto without any further act. Such pledge and lien shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the County irrespective of whether such parties have notice thereof.

Section 8. Notwithstanding any other provision of this resolution, so long as any of the Refunding Bonds shall be outstanding, the County shall not use, or permit the use of, any proceeds from the sale of

the Refunding Bonds in any manner which would cause the Refunding Bonds to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended, and, to the extent applicable, the Regulations promulgated by the United States Treasury Department thereunder.

Section 9. In accordance with the provisions of Section 53.00 and of paragraph h of Section 90.10 of the Local Finance Law, in the event such bonds are refunded, the County hereby elects to call in and redeem each respective series of Refunded Bonds which the County Treasurer shall determine to be refunded in accordance with the provisions of Section 4 hereof and with regard to which the right of early redemption exists. The sum to be paid therefore on such redemption date shall be the par value thereof plus the redemption premium, and the accrued interest to such redemption date. The Escrow Agent for the Refunding Bonds is hereby authorized and directed to cause notice of such call for redemption to be given in the name of the County in the manner and within the times provided in the Refunded Bonds. Such notice of redemption shall be in substantially the form attached to the Escrow Contract. Upon the issuance of the Refunding Bonds, the election to call in and redeem the callable Refunded Bonds and the direction to the Escrow Agent to cause notice thereof to be given as provided in this paragraph shall become irrevocable, provided that this paragraph may be amended from time to time as may be necessary in order to comply with the publication requirements of paragraph a of Section 53.00 of the Local Finance Law, or any successor law thereto.

Section 10. The Refunding Bonds shall be sold at private sale to Roosevelt & Cross, Inc. (the "Underwriter") for purchase prices to be determined by the County Treasurer, plus accrued interest from the date or dates of the Refunding Bonds to the date or dates of the delivery of and payment for the Refunding Bonds. Subject to the approval of the terms and conditions of such private sale by the State Comptroller as required by subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, the County Treasurer, is hereby authorized to execute and deliver a purchase contract for the Refunding Bonds in the name and on behalf of the County providing the terms and conditions for the sale and delivery of the Refunding Bonds to the Underwriter. After the Refunding Bonds have been duly executed, they shall be delivered by the County Treasurer to the Underwriter in accordance with said purchase contract upon the receipt by the County of said purchase price, including accrued interest.

Section 11. The County Treasurer and all other officers, employees and agents of the County are hereby authorized and directed for and on behalf of the County to execute and deliver all certificates and other documents, perform all acts and do all things required or contemplated to be executed, performed or done by this resolution or any document or agreement approved hereby.

Section 12. All other matters pertaining to the terms and issuance of the Refunding Bonds shall be determined by the County Treasurer and all powers in connection thereof are hereby delegated to the County Treasurer.

Section 13. The validity of the Refunding Bonds may be contested only if:

1. Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
2. The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
3. Such obligations are authorized in violation of the provisions of the Constitution.

Section 14. A summary of this resolution, which takes effect immediately, shall be published in the official newspapers of said County, together with a notice of the Clerk of the Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

Legislator Bower expressed that he offers this resolution with a very heavy heart. He moved the following resolution in its entirety to authorize the issuing of RFEI and RFP for the possible transfer of ownership and/or operation and management of the Villages of Orleans Health and Rehabilitation Center; seconded by Legislator Johnson. Legislator Bower added that he wanted to raise a couple other issues other than the State not giving us good cooperation on running the Nursing Home with respect to the payments that we think we have coming; and the State not giving us

other cooperation in many other departments either. We have to take into consideration the state retirement, which we are bailing out the state for, just the Nursing Home employees alone will cost the County \$728,000 in the coming year. For worker's compensation that we are obliged to pay in 2011 is \$897,000 in addition, is health care insurance for these employees which amounts to \$1,102,000. When we combine all the problems with the State and the high cost we deal with at the Nursing Home and we are forced to do this in the best interest of the taxpayers of Orleans County. Legislator Eick also commented that this has been an ongoing discussion and on going problem for the last couple of years. It is very sentimental to Legislator Bower and the rest of us. It is a big decision, it is a business decision. The following resolution was adopted:

**RESOLUTION NO. 373-1010**

**AUTHORIZING ISSUING RFEI AND RFP FOR THE POSSIBLE TRANSFER OF OWNERSHIP AND/OR OPERATION AND MANAGEMENT OF THE VILLAGES OF ORLEANS HEALTH AND REHABILITATION CENTER**

WHEREAS, the Villages of Orleans (the "Facility") is a 120-bed skilled nursing and rehabilitation facility located in the Town of Albion, New York; and

WHEREAS, this Legislature finds and determines that the County has examined the operations at the Facility in order to determine the feasibility of continuing its operation as a County facility; and

WHEREAS, the County has determined that, due to business impediments unique to municipalities including: rising municipal labor and employee benefit costs and the unreliability of continued intergovernmental transfer (IGT) payments and continued uncertainty relative to revenue from the state and federal governments, it appears that operating a municipal skilled nursing home may no longer be in the best fiscal interest of the County of Orleans; and

WHEREAS, this Legislature finds that the Facility could be operated at the same high level of care by individuals or entities that do not face the operational restrictions and prohibitive cost structure particular to municipalities; now therefore be it

RESOLVED, that this Legislature authorizes and directs the Chief Administrative Officer (CAO) to develop and issue a request for expressions of interest (RFEI) and further authorizes the issue of a subsequent request for proposals (RFP) to qualified respondents relative to the transfer of ownership and/or operation and management of the Facility; and be it

FURTHER RESOLVED, that this Legislature authorizes the formation of an RFP Review Committee consisting of the voting members from the Health and Administration, and Finance committees as well as advisory members to include the Chief Administrative Officer, County Attorney, Nursing Home Administrator and Director of Personnel and Self Insurance to review and evaluate the responses and make an action recommendation to the legislative body.

**LEGISLATURE MEETING**

November 10, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Bower.

The Clerk presented the following communications: Orleans County Treasurer's office has examined all the Petty Cash accounts and has filed their report with the Office of the Orleans County Legislature. InterCounty Association of Western New York will hold their monthly meeting on Friday, November 19, 2010 in Genesee County at the Genesee Valley BOCES located at 8250 State Street Road in Batavia.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through October 2010. Legislator Johnson questioned how the State aid is being received. Treasurer Heard said it is about \$80,000 lower than what we were last year, but the Federal aid is up about \$200,000 more than last year. The Treasurer stated that sales tax is way down. The first check in November was down by \$9,000. We expect one more check this month. Chairman Callard stated with the price of gas rapidly rising, it may help in the sales tax revenue.

Allen Lofthouse, of Kendall, said that he wanted to go back a couple years when the prison was a priority and he inquired how much money was spent on land options, attorney fees, and/or architectural engineering. Chairman Callard asked if he meant our County Jail. CAO Nesbitt indicated that we did a need assessment and appraisal was done, which he could get those numbers together for him. Mr. Nesbitt stated that approximately \$50,000 was spent on those. Mr. Lofthouse then asked about the elimination of the sales tax to the ten towns and four villages. Chairman Callard advised him that the proposed resolution on today's agenda will be withdrawn. Mr. Lofthouse asked when it will be placed back on the agenda. Chairman Callard expressed that under his watch, it will not be placed back on an agenda.

Ken Schaal, of Shelby, stated that in regard to the sales tax distribution resolution, that he attended a meeting hosted by the Legislature involving the ten towns and four villages in which involved a very open discussion. Mr. Schaal wanted to thank the Legislature for involving the towns and giving them ample notice, which this dissolution of sales tax would have taken effect in 2012. He felt that after the frank discussion, this Legislature realized the devastating affect it would have on the town tax rate. He wished to applaud the Legislature for listening to the towns and villages, and deciding that it would not be in the best interest of the taxpayers in Orleans County to pass this resolution. He stated that they also had discussions on the way to resolve the financial issues by gathering together as a unit, rather than fighting amongst ourselves; and to flood Albany with letters or petitions or physically go to Albany. The Town of Shelby is committed to assist the County in any matter they can. As long as the County takes the initiative, they will follow and assist. He thanked them again and felt it was in the best interest of the taxpayers.

Paul Lauricella, of Yates, has been reading in the papers that towns like Yates have a little bit of a tax increase, and that Shelby is holding their line on taxes, Mr. Lauricella asked how it is looking on the County level.

He said usually when he pays his tax bill, it is a dramatic experience and the town says it is not the town who raises the taxes, it is a County, which he disagrees with that sometimes. He asked how our County tax rate is looking. Chairman Callard explained that he will go into that in more detail and in the conclusion of the resolutions, the CAO and Budget Officer will present the Tentative Budget. Mr. Lauricella said he understands why the Legislature wanted to take the sales tax away from the townships. His first thought was that when you take away money from government, it will force them to get their house in order by making cuts and stand up to unions. He expressed that the County should get their house in order first before the towns. He sees it differently, any time government has been funded it is a good thing for the people.

Legislator Smith reported that he attended the RGRTA meeting today and they had Governor's training, which was extensive. Some of the items that they discussed were project considerations. In Rochester, the big transit center is a \$100 million project. He looked at all the projects that were laid out today or what is coming in the future, and they have quite a bit of federal and state grant money to build these projects. It will touch Orleans County at some point in time. Legislator Smith will keep the board informed as these projects progress.

Legislator Johnson thanked Mr. Schaal for coming in support of the Legislature. She said that he was a key component in the discussion they had the other evening. It takes town leadership, such like his, to be able to speak out in defense and the position he took was right on. She said we as the Legislature were shifting the tax from one entity to the other. Legislator Johnson said he should be applauded by the rest of the towns and this board stands alert now on how important it is to keep open communications. She felt they needed that wake up call and she appreciated them being there to give it to them. Chairman Callard added that if he heard any negativism, such is not the case. The County, the Towns and the Villages have an excellent report, and we all understand the situation. The "whoa's" of the state and federal government are being shifted downwards to the County and it impacts all of us, we have that realization. Together, we are going to fix it. The Towns and the Villages are the first level to the people and they need to spread the word so there is a full understanding of the issues at hand and then we go forward united. This is not confrontational; it is a joint effort for a common good that starts from the ground up. Chairman Callard presented the following:

*Before we begin the presentation of resolutions and the tentative budget, I would like to address the public on several points. Orleans County, like all other counties, is faced with funding New York State mandates. These mandates are like a malignancy which is unchecked and growing uncontrollably. If the state does not take decisive, constructive action, many counties, including Orleans, are faced with financial repercussions that unfairly impact our tax payers.*

*An unfortunate reality is that 100% of our property taxes, plus more, pay for New York State's unfunded mandates. In spite of that, the County has streamlined its operation and has been able to maintain the tax rate for the past three years. In fact, the County was in a position to lower the tax rate for 2011, were it not for the growing state retirement charges and projected nursing home losses - both of which the state bears a large share of the responsibility.*

*The budget being presented will show that personnel salaries have been decreased for possibly a historic first and appropriations are growing at less than 1%. However, State and Federal Aid are reduced 2.2% which further aggravates the tax rate that is passed on to the property taxpayers as well as being remiss to Orleans County in honoring its financial reimbursements.*

*What few people know in the County tax rate is that there is not only the weight of the New York State unfunded mandates, but a County assumption of community college costs which the County has the right to charge back to the various towns. In the County budget this equates to \$1,250,000 or the equivalent of 78 cents of the tax rate. Additionally, the County voluntarily guarantees the towns \$1,366,671 of its sales tax receipts or the equivalent of 85 cents of the tax rate. This, then, is a total of \$2,616,671 or the equivalent of \$1.63 of the tax rate that the County assumes at its own expense for the benefit of the towns.*

*In spite of the somber financial situation we continue to face, there are reasons to be optimistic. Eight County businesses, six manufacturers and 2 financial service providers, were polled for their November 2010 full time employment levels as compared to 2008. I would like to share those numbers with you.*

<i>TOTAL</i>	<i>1513</i>	<i>2105</i>

*This growth of 592 jobs represents a 39% increase over 2008.*

*We continue to support our existing businesses to the best of our ability and aggressively work towards recruiting new businesses to our County.*

*Another matter for discussion is the Power Authority of the State of New York, also known as "NYPA". On April 15, 2010, the Orleans County Legislature unanimously passed Resolution No. 149-410 applauding Niagara County's action against the Power Authority.*

*Today, the Orleans County Legislature will consider on behalf of its residents a resolution calling for a vote to join Niagara County and its residents in a lawsuit that is pending against NYPA.*

*This is an action our Legislature is considering after thoughtful and careful deliberation, including opinions from legal counsel, encouragement and facilitation by Senator George Maziarz, and with the concurrence of William Ross, Chairman of the Niagara County Legislature.*

*Certain areas in the Towns of Ridgeway and Shelby, and the Village of Medina lie within the 30 mile range of the Niagara Power Project, and as such are eligible to benefit for various NYPA programs and preferred low cost hydropower.*

*During 2009, the trustees of NYPA brazenly approved to make "voluntary" and improperly authorized contributions of over \$544 million from the revenues generated by the Niagara Project to the New York State's general fund and additional transfers of \$318 million. In question, is the legality of the Power Authority's actions which deprive residents, businesses, and economic development initiatives from benefitting from the intended statutory intent of the Niagara Project, which is to provide consumers with receiving power at the lowest possible rates.*

*Of further interest and part of this lawsuit, is a criticism from the State Comptroller's Office, leveled at NYPA as early as 2006 that its questionable accounting procedures were shortchanging the residents and businesses in the Niagara Region. It is no surprise that NYPA agreed to correct these accounting deficiencies so that the public could transparently understand where revenues generated by the Niagara Project were actually going, but, as of yet this has not happen.*

*It is ironic that Western New York is the site of one of the largest hydroelectric plants in the world and yet our citizens pay among the highest residential rates in the country.*

*The Orleans County Legislature firmly believes that the Power Authority of the State of New York needs to be held accountable for its reckless actions, and along with Niagara County, will pursue restitution.*

Chairman Callard called for the reading of the resolutions for adoption:

Chairman Callard called upon the Budget Officer to discuss the 2011 Orleans County Tentative Budget. Mr. Nesbitt stated that the budget is required by law to be filed by November 15<sup>th</sup>. We will have copies available for the public on this date. Mr. Nesbitt informed the public that draft copies have been provided to the press. If there are any specific questions, Mr. Nesbitt will be happy to answer them. The following 2011 budget message was presented by Mr. Nesbitt:

The 2011 County budget has once again been a collaboration of the Budget Office, Legislature and the County departments. As the 2011 tentative budget was being prepared this year, the fiscal picture remains a difficult one at every level as our state and national economies struggle to overcome a severe downturn. The public sector is not immune from the financial stresses placed on the economy. Typically, local governments face the most difficult aspects of a financial downturn two years after the private sector contraction. 2011 and 2012 are likely to be among the most difficult ever faced by Orleans County.

The pressures placed on our budget for the 2011 fiscal year have stretched our resources. Our efforts have been focused on maintaining a degree of stability for the County property taxpayers while continuing to provide all state mandated and core County services. The County continues to face unchanged State and Federal mandates while increasingly being forced to bear a larger share of the cost. Efforts to divest nonmandated local

services previously rejected are back as the focus of much discussion going forward. Demands on our service delivery systems are on the rise in nearly every area, and resources are scarce and becoming scarcer.

The budget office has worked closely with the County departments and agencies to effectuate \$1.675 million in reductions to appropriations to reach the \$9.72 County property tax rate. The County property tax levy has been reduced \$1,879,392 from the requested stage. The 2011 budget also includes the use of \$1.4 million in undesignated, unappropriated General Fund Balance. The use of fund balance across all funds is up \$544,500. The overall budget includes \$433,561 or 0.6% growth in expenses and a loss of \$1,830,295 (or 3.21%) in revenues.

The 2011 Tentative budget includes the following areas of growth over 2010:

• The Villages of Orleans Health and Rehabilitation Center	+\$1,366,529
• New York State Retirement	+\$ 642,593
• Medicaid	+\$ 204,325
• Employee Health Care	+\$ 312,383
• Public Safety – All Departments	+\$ 631,902
• Worker’s Compensation	+\$ 180,534
• Unemployment	+\$ 32,818

The Villages of Orleans Health and Rehabilitation Center continues to struggle financially. Rebasings through Medicaid has not resulted in the desired financial solvency and the burden to property taxpayers is expected to grow 240% from the 2010 budget. The Legislature has begun to explore the options available to privatize the facility while still desiring to maintain the high levels of service that our residents have come to expect.

The New York State retirement system continues to require significant increases in the employer contribution rates to offset losses sustained as a result of the economic downturn. The amount budgeted for the 2011 retirement bill across all funds is over \$3.1 million, more than the actual amount paid for 2008 and 2009 combined.

The Medicaid Cap’s annual growth continues at 3% from the 2010 budgeted amount. Totaling \$8,087,877, the County contribution to Medicaid represents 53% of the 2011 County property tax levy. The Medicaid budget also includes an additional \$750,000 to support the County share of expected Intergovernmental Transfer (IGT) funding for

the Villages of Orleans Health and Rehabilitation Center, an increase of \$180,000 from the 2010 budget. This brings the total Medicaid budget to \$8,837,877.

The following represent notable areas of reduction in categorical County expenses from the 2010 budget to the 2011 Budget:

- The personal services category is projected -\$ 440,829
- General Government Support -\$ 74,346
- Education expenses -\$ 99,500
- Health expenses (excluding the Villages) -\$ 62,180
- Culture and Recreation expenses -\$ 59,848
- Highway expenses -\$ 89,649

The 2011 Tentative budget shows a reduction of 37 positions consisting of 21 full-time and 16 part-time positions from the 2010 projection. At least 10 of those positions are a direct result of the sale of the Certified Home Health Agency. The result is a reduction of \$440,829 in the personal services category of the 2011 budget.

Three major budgetary categories represent virtually the entire increase in the levy; Social Services, Public Safety and The Villages of Orleans Health and Rehabilitation Center. The County cost for Social Services rose \$342,299; for public safety rose \$631,902; and for the Villages rose \$1,366,529. The net impact of these growth areas is \$0.95 per thousand. All other areas were squeezed to minimize the impact to the \$0.57 per thousand proposed.

The Legislature continues to pursue strategies that limit growth in the cost of employee health care through creative changes to plan design and reductions in negotiated benefits. The board also continues to look for opportunities to reduce the tax burden through reduction of non-mandated local services. Energy efficiency and maintenance of existing County infrastructure also continue to be priorities. The County can fully expect that real threats to core County services are on the horizon. The growing support for a property tax cap that does not include mandate relief for counties delivering State programs threatens our ability to continue to provide police protection, highway maintenance and other core services going forward. A property tax cap that fails to provide mandate relief is simply a shift of the blame by State lawmakers to local government officials with little or no ability to reduce the impact of State mandated expenses. In this case, the simplicity of the message overwhelms the

practicality of its implementation in the absence of something more difficult to achieve; real reform.

Chairman Callard announced that our next meeting will be Tuesday, November 23<sup>rd</sup> at 4:30 p.m.

Legislator Allport moved to adjourn; second by Legislator Smith. Meeting adjourned at 5:07 p.m.

**Legislature Meeting**  
November 23, 2010

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Rush and Legislator Smith.

There were no communications and there was no Treasurer's Report.

During open discussion, Paul Lauricella, Town of Yates, questioned Legislator Allport on the constitution platform he ran on and if he knows what the TEA party stands for. Legislator Allport indicated that the TEA party stands for "taxed enough already". Mr. Lauricella inquired why he voted to raise the taxes 12% . Legislator Allport explained that there are a lot of factors into that issue and the majority of that comes out of Albany. This county has no choice so we either raise the taxes, borrow the money, or declare the County bankrupt. The State, like in Erie County, sends in a board from Albany to run our County. At that point in time the citizens would then have no say at all in County government, explained Legislator Allport. Chairman Callard indicated that the tax rate is six percent plus. The percentage that Mr. Lauricella stated, indicated by the Chairman, is the increase in the levy. There is a difference. Mr. Lauricella further stated that when Legislator Allport ran the people thought we would have a conservative on the Legislature. Chairman Callard indicated that Mr. Lauricella's comments were more politically driven to an individual rather than to the whole Legislature. Chairman Callard commented regarding the levy and reminded him that when they voted for a tax increase, 92% of 9 state mandates that are unfunded are paid for in our taxes. If we add in the cost of community colleges, which we are responsible to pay one-third of the cost, or the mandated jail; that is 120% of our levy. All our tax rate goes to the State for unfunded mandates and the state directed obligation to maintain the jail and paying for the community colleges. So when we talk about voting for tax increase, what we are voting for are state driven

costs, not county operations. Mr. Lauricella added that when a person runs on a platform, a person should vote that way.

Mr. Lofthouse, from Kendall, asked when the Town Supervisors turn in their certified budgets, what happens to them at this point. Mr. Nesbitt and Mrs. Heard explained in detail that the Real Property Tax Director plugs the budgets into the state formulas provided incorporating the property assessments and the equalization rates being applied for each of the Towns. Mr. Lofthouse asked who makes the decision if that Town budget is sustainable. Mr. Nesbitt indicated that the county does not make judgements on Town budgets. We will tell them if they are out of balance so they can be reviewed again. Mr. Lofthouse stated that they have to be filed with the County by a certain date. It was affirmed that the filing date is needed to get the tax bills prepared.

Mr. Lofthouse inquired about the four cent per gallon on fuel costs, is that just on gas, diesel fuel, propane, etc. Mr. Nesbitt stated that there is sales tax on every fuel, which is 4% on cost. Mr. Lofthouse inquired if it is also on ethanol. Mr. Nesbitt stated that it would be on that also. Mr. Lofthouse asked what the yearly value is to the County. Mr. Nesbitt asked if he is talking about sales tax or home heating cost. When gasoline is purchased, it is straight sales tax, stated Mr. Nesbitt. Mrs. Heard said it was over \$1,300,000 when she looked into this a four or five years back. It was a substantial number to the County budget. Mr. Lofthouse asked if we didn't have that to rely on, what would be the additional cost to the taxpayer. Mr. Nesbitt indicated that it would be a dollar or more per thousand.

Legislator Johnson had the privilege, along with Sheriff Hess, of presenting service awards to employees of the Sheriff's Office. These awards were presented to Lieutenant Christopher Bourke, 25 years on the road patrol; Lieutenant John Mignano, serving 20 years at the Jail; Officer Kevin Kaderli, serving 25 years at the Jail; and Roger Wilkins, serving 20 years in Public Safety Communications. Legislator Johnson added that these four people collectively have served in Public Safety in Orleans County for 90 years.

The following resolutions were presented for adoption:

**RESOLUTION NO. 393-1110**

Moved, Bower; second, Allport.

Adopted. 5 ayes; 0 nays; 2 absent, Rush and Smith.

Legislator Allport moved to set the Unit Charge for Solid Waste program; seconded by Legislator Bower. Legislature Johnson questioned what the administrative fee is that is added on to this. Mr. Nesbitt explained that it is to offset costs in the Chief Administrative Office and the Clerk of the Legislature Office. Mrs. Heard also added that half of that fee is returned to the town tax collectors for each parcel that they collect. Legislator Johnson asked if we make money on this, and it was confirmed that we don't. The following resolution was adopted:

**RESOLUTION NO. 394-1110**

**SETTING UNIT CHARGE FOR 2011 COUNTY SOLID WASTE/RECYCLING PROGRAM**

Adopted. 5 ayes; 0 nays; 2 absent, Rush and Smith.

Legislator Bower moved to create and fill a temporary position in the Clerk of the Legislature Office. He added that this is an essential position to get through the audits. This position reviews each bill to make sure policies and procedures are followed and are questioned if they are not, or follows up with auditors questions. He indicated that we can not go without this temporary service. Mr. Nesbitt added that we were able to afford this with no budget adjustments due to the staffing changes. Legislator Allport seconded the motion. Legislator Johnson expressed that this was Jackie Tarricone's last day working for the Legislators and she has been the one fulfilling this role in assembling the bills so they were prepared for the audits and will be very greatly missed in our office. Jackie indicated that it was a pleasure working with everyone in the office. Chairman Callard advised Highway personnel to take good care of here in her new position at the Highway Department. The following resolution was adopted:

**RESOLUTION NO. 396-1110**

Chairman Callard announced that the 2011 Orleans County Budget Hearing will be held on Monday, December 6, 2010 at 7:00 p.m. in the large courtroom at the Orleans County Courthouse.

Legislator Eick moved to adjourn, second by Legislator Allport. Meeting adjourned 4:48 p.m.

**LEGISLATURE MEETING**

December 8, 2010

---

Chairman Callard called the meeting to order at 4:30 PM at the Villages of Orleans Health and Rehabilitation Center. After the pledge to the flag and invocation, led by Charles Kinsey the Orleans County Director of Computer Services, the Clerk called the roll. All Legislators were present. The Clerk did not have any communications to present.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through November, 2010. In the cash balance listed, it does include \$409,000 that the Nursing Home prepaid the general fund for their contributions to the retirement fund. The Treasurer confirmed that Moodies is going to retain the A1 rating for Orleans County and they stated that they were very impressed with the County's budgeting processes and recent performances especially in the preparations in the possible difficulties facing us in 2012 and 2013.

During Open Discussion John Belson, Town of Yates Supervisor, stated that he was thankful for what they did for the towns. He knows that they did not have to continue giving the sales tax to the towns. The Town of Yates is very appreciative for that and their board is available should they be needed to be called upon for any assistance by the Legislators.

Legislator Rush stated that this is the first time he has sat as a board member and not wear a neck tie. He said he had a knee replacement and is here at the Villages for rehabilitation and that is going very well. He has had a great experience and encouraged family members to come to the Villages for their rehabilitation.

Legislator Smith attended a presentation earlier this week regarding fraud. It was a great presentation and would like this presentation to come to our county, in conjunction with Genesee County, earlier into next year.

Legislator Johnson announced that the New York State Department of Health has recognized Kim Castricone, the Administrative Assistant at the Public Health Department, for her role in touching all of the department's divisions and is essential to the efficient operation of the Orleans County Public Health Department. Legislator Johnson said this is a nice tribute to her and our Health Department.

Legislator Eick also reiterated that he also was in the rehabilitation program at the Villages back in May with two knee replacements and continues to highly recommend their rehabilitation program.

Legislator Allport reported that he had a conversation with Senator Maziarz concerning several issues and wanted to thank him for his involvement with the Department of Health in acquiring the money for the Nursing Home.

Wayne Hale, Director of Planning and Tourism, stated that the Marine Park is twenty-three years old now and in despite of our best efforts over the years of trying to keep up on the maintenance, it is showing its wear especially the docks due to ice and water. In July, we applied for a New York State Parks grant and we were notified that we were successful in having funds set aside for that project in the amount of \$120,000. The County has put aside funds for a 45 percent match and we will get our south end stairs replaced and also replacing the deck boards on the 1100 feet of dock with a composite material which will mainly be maintenance free. We will also purchase some finger docks so that we can maintain excess as a recreation area for the County. Legislator Rush thanked Mr. Hale for the time he has put into this project and the amount of money we have been awarded in getting this facility updated.

The following resolutions were presented for adoption:

**RESOLUTION NO. 404-1210**

**AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY**

Legislator Johnson moved to authorize salary schedules for management, certain part-time, and unclassified employees which have been presented for a two-percent increase in management compensation and also setting hourly rates at two-percent. We also are creating and filling the Public Safety Program Manager position and setting the Chairman's salary and

the remaining Legislator salaries. Legislator Johnson wished to amend the resolution to be a three-percent increase in honor of past practice, matching union negotiated contracts that are already in place. She indicated that this Legislature is able to support this with no tax rate increase. As in the discussions we have had as a Legislature going forward we want to be very transparent in discussions by having management at the table as early as April with these salary negotiations. Legislator Smith seconded the motion. Legislator Bower stated that by opposing this resolution, he knows he would not make a lot of friends with those who are present today; who he believes is doing a good job. He said it has nothing to do with their work or the ability to do their job. Legislator Bower believes that it is time to put a clamp on pay raises. Orleans County can not afford it any longer. He thinks the County needs to institute that all County Employees pay for part of their health care. He expressed that five weeks ago we voted that we would have no pay increase and that there would be a five percent contribution towards health care. Then two weeks later, a couple Legislators reversed their positions and ended up with a two-percent increase. Legislator Bower said that he was notified today that it is going to be three-percent increase. The taxpayers in this county are paying \$15,000 per year for each employee for health care. We also are bailing out the pension fund in New York State, that has not been run very efficiently or maybe not legally in some cases, by paying between \$3,000 and \$9,000 for every employee. He said that this is too much of a burden on the taxpayer and Social Security recipients in this county, who have not received an increase in their Social Security in the last few years. A lot of retirees from Duffy Motts, Hunts, and Liptons, are only getting \$80 to \$100 per month, plus social security which is not very high because they never made a lot of money. Legislator Bower said he represents those people and a lot of the people in this room. He thinks this will cause monetary issues and he can not support a raise. Legislator Bower does not know of one person, outside of government or the schools, where there is a knock on the door by a neighbor and the neighbor says "the neighbors all got together and we are going to give you between \$3,000 and \$9,000 a year to put in your retirement fund because things are going bad and on top of that we are going to give you a \$15,000 health care package." What a Santa Claus, expressed Legislator Bower.

Legislator Allport addressed the Chairman; his opposition to this resolution has nothing to do with the employees, it is the pay raise. He said during this economic time, there should be no burden on the taxpayers because this is taxpayer money. If you say it does not effect the

budget, the money does come from somewhere to pay this and it does increase the payments to the retirement system. He said that the employees are getting a pay raise even though it is not money in their hands. The health care costs are going up and the retirement costs are slated to be at twenty-percent in three years, which is a benefit to the employee. It has nothing to do with the employees or the job they are doing but the economic times we are in.

Chairman Callard called for a vote on the amendment to the resolution, making the increase in salaries from two-percent to three-percent. Motion Carried: 5 ayes – Callard, Eick, Johnson, Rush, Smith; 2 nays – Allport and Bower. The following resolution was adopted:

Mr. Nesbitt requested clarification on those certain part-time and unclassified salaries listed should also be adjusted to receive the three-percent increase. Those that voted in favor of the resolution were in agreement. Mr. Nesbitt also pointed out that we have the same issue in the upcoming two resolutions and will need to be adjusted accordingly based on the newly adopted Management Salary Compensation Plan. Chairman Callard wanted it understood that the salaries of the Chairman and Legislature will remain the same, there will be no incremental increase there. The Legislature was in agreement with that. It was also noted that the Public Safety Program chairman would also be unaffected by these changes.

Legislator Eick moved to appoint Janice Grabowski as the Democrat Commissioner of Elections, amending the salary to be at a three-percent increase; seconded by Legislator Rush. Legislator Allport opposed this resolution based solely on the pay increase and no contribution to the health care system. He thinks she is doing a fabulous job there but this is not the time to do this to the taxpayers. Legislator Bower asked if they get health care. Mr. Nesbitt confirmed that they do. Legislator Bower stated that he can not support this. The following resolution was adopted:

Legislator Allport moved to authorize the Chief Administrative Officer to apply for New York State Archives Grant and to transfer funds within the Records Management Budget; seconded by Legislator Bower. **Budget Message 2011**

The 2011 County budget has once again been a collaboration of the budget office, legislature and the county departments. As the 2011 tentative budget was being prepared this year, the fiscal picture remains a difficult one at every level as our state and national economies struggle to overcome a severe downturn. The public sector is not immune from the financial stresses placed on the economy. Typically, local governments face the most difficult aspects of a financial downturn two years after the private sector contraction. 2011 and 2012 are likely to be among the most difficult ever faced by Orleans County.

The pressures placed on our budget for the 2011 fiscal year have stretched our resources. Our efforts have been focused on maintaining a degree of stability for the county property taxpayers while continuing to provide all state mandated and core county services. The county continues to face unchanged state and federal mandates while increasingly being forced to bear a larger share of the cost. Efforts to divest non-mandated local services previously rejected are back as the focus of much discussion going forward. Demands on our service delivery systems are on the rise in nearly every area, and resources are scarce and becoming scarcer.

The budget office has worked closely with the county departments and agencies to effectuate \$1.675 million in reductions to appropriations to reach the \$9.72 county property tax rate. The county property tax levy has been reduced \$1,879,392 from the requested stage. The 2011 budget also includes the use of \$1.4 million in undesignated, unappropriated General Fund Balance. Use of fund balance across all funds is up \$544,500. The overall budget includes \$433,561 or 0.6% growth in expenses and a loss of \$1,830,295 (or 3.21%) in revenues.

The 2011 Tentative budget includes the following areas of growth over 2010:

• The Villages of Orleans Health and Rehabilitation Center	+ \$1,366,529
• New York State Retirement	+ \$ 642,593
• Medicaid	+ \$ 204,325
• Employee Health Care	+ \$ 312,383
• Public Safety – All Departments	+ \$ 631,902
• Worker's Compensation	+ \$ 180,534
• Unemployment	+ \$ 32,818

The Villages of Orleans Health and Rehabilitation Center continues to struggle financially. Rebasings through Medicaid has not resulted in the desired financial solvency and the burden to property taxpayers is expected to grow 240% from the 2010 budget. The Legislature has begun to explore the options available to privatize the facility while still desiring to maintain the high levels of service that our residents have come to expect.

The New York State retirement system continues to require significant increases in the employer contribution rates to offset losses sustained as a result of the economic downturn. The amount budgeted for the 2011 retirement bill across all funds is over \$3.1 million, more than the actual amount paid for 2008 and 2009 combined.

The Medicaid Cap's annual growth continues at 3% from the 2010 budgeted amount. Totaling \$8,087,877, the county contribution to Medicaid represents 53% of the 2011 county property tax levy. The Medicaid

budget also includes an additional \$750,000 to support the county share of expected Intergovernmental Transfer (IGT) funding for the Villages of Orleans Health and Rehabilitation Center, an increase of \$180,000 from the 2010 budget. This brings the total Medicaid budget to \$8,837,877.

The following represent notable areas of reduction in categorical county expenses from the 2010 budget to the 2011 Budget:

- The personal services category is projected - \$ 440,829
- General Government Support - \$ 74,346
- Education expenses - \$ 99,500
- Health expenses (excluding the Villages) - \$ 62,180
- Culture and Recreation expenses - \$ 59,848
- Highway expenses - \$ 89,649

The 2011 Tentative budget shows a reduction of 37 positions consisting of 21 full time and 16 part-time positions from the 2010 projection. At least 10 of those positions are a direct result of the sale of the Certified Home Health Agency. The result is a reduction of \$440,829 in the personal services category of the 2011 budget.

Three major budgetary categories represent virtually the entire increase in the levy; Social Services, Public Safety and The Villages of Orleans Health and Rehabilitation Center. The county cost for social services rose \$342,299; for public safety rose \$631,902; and for the Villages rose \$1,366,529. The net impact of these growth areas is \$0.95 per thousand. All other areas were squeezed to minimize the impact to the \$0.56 per thousand proposed.

The Legislature continues to pursue strategies that limit growth in the cost of employee health care through creative changes to plan design and reductions in negotiated benefits. The board also continues to look for opportunities to reduce the tax burden through reduction of non-mandated local services. Energy efficiency and maintenance of existing county infrastructure also continue to be priorities.

The county can fully expect that real threats to core county services are on the horizon. The growing support for a property tax cap that does not include mandate relief for counties delivering state programs threatens our ability to continue to provide police protection, highway maintenance and other core services going forward. A property tax cap that fails to provide mandate relief is simply a shift of the blame by state lawmakers to local government officials with little or no ability to reduce the impact of state mandated expenses. In this case the simplicity of the message overwhelms the practicality of its implementation in the absence of something more difficult to achieve; **real reform**.

**LEGISLATURE MEETING**

January 12, 2011

---

Chairman Callard called the meeting to order at 4:40 PM. After the pledge to the flag and invocation led by Webelo Den 5 Pack 164 of Waterport, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Great Lakes Discovery Project, under the cooperation of the Federal Emergency Management Agency and the New York State Department of Environmental Conservation, will hold a meeting at the Carlton Town Hall on January 26<sup>th</sup> from 7 p.m. to 9 p.m., snow date will be February 1<sup>st</sup>. This meeting will help deliver information to lake shore communities about an ongoing storm surge study for Lake Ontario and to ensure community needs are being met to help identify flood risks and handle floodplain management. The 2011 Orleans County Chamber of Commerce Legislative Luncheon will be held on January 28<sup>th</sup> at Tillman's Village Inn from 11 a.m. – 2 p.m. Orleans County Soil and Water Conservation District will hold their 66<sup>th</sup> Annual Meeting on February 1<sup>st</sup> at the Orleans County 4-H Fairgrounds in the Trolley Building at 12 Noon. The Albion Strawberry Festival Committee, under the authority of the Village of Albion, is again requesting permission to hold its annual festival on the Courthouse Lawn on Friday, June 10<sup>th</sup>, and Saturday, June 11<sup>th</sup>. Further action will be needed by resolution at an upcoming meeting if the Board is in favor of granting them their request.

The Treasurer had no formal written report because of being busy with year-end tasks. She reported that her last sales tax check for 2010 will arrive tomorrow.

Josette Lauze, Town of Yates, inquired about why the Legislature gave themselves a three-percent raise while their constituents are on fixed incomes. Chairman Callard reported that the Legislators did not raise their salaries this year. Chairman Callard said that we are going to announce a public hearing to consider salaries for appointed and elected officials but Legislators are not included. Mr. Nesbitt clarified that the Legislators' salaries were published which are the same for 2010 and 2009 and were lowered from 2008. In 2008 the Legislators took a three-percent cut from 2008 to 2009 and salaries have remained the same for the last three years.

Eric Brown, Town of Carlton, stated that Webelo Den 5 Pack 164 of Waterport is here today to learn about Citizenship. Each of the young men

asked a question to the Legislators regarding their involvement in Citizenship and in serving our community as elected officials. Our Elected Officials including the Legislators, County Treasurer, and Sheriff introduced themselves to the scouts. The Legislators were pleased to answer their questions.

Legislator Smith reported that last fall he was approached by Lynn and Russ Grimm who were bicycling through Orleans County along the canal path. They conversed at that time about how much they have enjoyed their trip along the canal. He received a recent letter and a donation of \$200 to be used to support the canal path. They hope to be back again with year, bringing many friends with them. They traveled from Lockport to Palmyra.

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Legislator Rush, the Clerk called the roll. All Legislators were present, with the exception of Legislator Eick.

The Clerk presented the following communications: The Orleans County Treasurer has filed the Annual Dog License Report for the year ending December 31, 2010 and has been filed in Legislature Office. The League of Women Voters of Orleans County will present a program “Who Decides? The Case of Redistricting Reform in New York State” on February 3<sup>rd</sup> at the Medina Central School District Office Building at 7 p.m. This program was developed by the New York State League of Women Voters and is open to everyone to attend.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through December 31, 2010. The Treasurer indicated that our yearend cash balance is the best that we have had in the last five years. The retirement bill was paid in full in December. The State was very generous on the last few days of December, which helped us because they caught up on couple of their bills. Legislator Johnson asked how we ended on sales tax. Treasurer Heard indicated that we anticipate a few checks, receiving checks still for December. Legislator Bower asked about the sales tax check received shortly after our last meeting. Treasurer Heard reported that it was up from last year’s check but not as good as others from the past.

During open discussion, the Chairman asked if anyone from the public wished to speak. No comments were made. Legislator Allport reported that Jim Whipple, Ken DeRoller and himself met with BOCES I last

month and have a future meeting scheduled for the beginning of February with BOCES II to discuss how economic development and the schools can interact together for assistance in the county. They are very optimistic about this. Chairman Callard said he will be interested in hearing their success report.

Chairman Callard mentioned that the Director of Planning and Tourism forwarded a copy of an article that was in the Los Angeles Times regarding the Erie Canal and the Medina Railroad Museum and it was nice that we were mentioned in California. Legislator Johnson moved to approve Local Law 1 of 2011 increasing salaries of various employees that are appointed or elected for a definite term and we held a public hearing and everyone wished to be heard was heard; seconded by Legislator Smith. Legislator Bower stated that back in 2008 this Legislature elected to not take a pay increase and for three or four years we also did not because we felt we were overpaid. We did that to send a message. The union had a four year contract and the union who represents the dispatchers and jail employees heard that message and opted to not take a raise for 2009 and 2010. Legislator Bower expressed that we did not hear our own message. "We sent the message out and we had a chance to do something about it and we didn't," Legislator Bower explained. A few meetings ago we voted for a raise for all management and Legislator Bower again emphasized he voted no. In January 9<sup>th</sup>, 2009 he voted no at the contract for 2%, 2.5%, 4%, and 3.5% raises. Contrary to articles that we read in the paper, or are lead to believe that the former Legislator said that we should have a 1%, 1%, 1%, a fair contract, and he voted for that raise for 2%, 2.5%, 3%, and 3%, per Legislator Bower. Here we are facing more wage increases. He represents a lot of people who have it tough and are hearing from them. People who used to come into the local restaurant to have a cup a coffee a couple times a week, he doesn't see much anymore because they tell him that they just don't have the money anymore. Legislator Bower stated that anyone who continues to vote for these raises is ignoring our own people and he can not support it. He moved for a roll call vote.

Legislator Allport wanted to go on the record to express that when he entered office back in January, of this year, he told everyone that he was not going to support pay raises and he was going to ask for a contribution toward healthcare by the employees as done in the private sector. Legislator Allport stated that it has nothing to do with the job performance the employees do and it has nothing to do with trying to balance the budget on the backs of the employees. It has to do with the economic times and what we are facing. This upcoming year, we recently had discussions on what the finances will be and what the State will do to the Counties and Legislator Allport can not support these pay raises. He added that this year coming up he will not support pay raises and will push

for health insurance contributions by employees that do not currently contribute.

Mr. Nesbitt wanted to clarify, due to public questions, that we currently have a lot of employees that contribute towards their health insurance. Legislator Allport stated he should have clarified that employees hired after 2006 contribute to their health insurance.

Chairman Callard felt that this local law is only consistent with what this Legislature has voted on for all the employees, a 3% raise. These individuals have worked no less than all other employees, however, he feels that this Legislature needs to seriously look at what it is going to do this next year, and be consistent in what it does. We can not pay some of our employees a percent and pay others a different percent. He feels this Legislature needs to be consistent equally across the board and this Legislature needs to be uniform in our decision making. He would expect this to occur this year and to begin discussions soon as to how this is going to be approached for next year. Chairman Callard called for a roll call vote. The following resolution was adopted:

Legislator Johnson moved to abolish and create positions for the Alternatives to Incarceration program, and to transfer funds to cover these changes. Legislator Johnson added that the Orleans County Jail has increased their population, and this Legislature felt that it is imperative that we have a position in the county that studies an alternative to jail for individuals that can meet specific requirements. She said they have taken a look at this position and felt that it could be better handled under the Probation Department and the community service end of it still being held within the Sheriff's Office. Legislator Eick moved to authorize filling of vacancies in the Job Development Agency; seconded by Legislator Rush. Mr. Nesbitt asked if Jack Welch, Director of Personnel, could explain the mechanics because there were questions as to how everything took place. Mr. Welch explained that an Employment and Training Counselor position was not budgeted; therefore, the most junior person was vacated out of the abolished position during that budgetary process. That bounced that person into the Employment Representative position which resulted in the Employment Representative person to be laid off. Therefore both of those positions, the Employment and Training Counselor person is on preferred list because they were moved down and the Employment Representative person who was laid off is on a preferred list, so they have recall rights once this position is re-filled. Legislator Bower moved to authorize a financial analysis to be done by EFP Rotenberg for the Villages of Orleans Health and Rehabilitation Center by doing a projection of cost for the Nursing Home through 2015. With the information they knew from last year, this Legislature came up with figures that they thought was appropriate for the next three years, said Legislator Bower. Things have changed so much in the State, such as reimbursement rates. The funds to be received from the State are also questionable. Rotenberg, who does the Nursing Home Audit in February, will also prepare this analysis so this Board will have some accurate figures to move forward with. Legislator Bower stated that we are reading a lot of articles in the newspapers and those who are writing these articles are throwing out random figures. He said that he has been on the Nursing Home Committee for many years and he doesn't understand these figures, so he is fairly sure the readers of the newspapers also do not understand them. That is why we are getting actual figures by an outside firm that will tell us, fairly surely, where we are going in the next five years. Mr. Nesbitt added that it has been his experience since being the Chief Administrative Officer that Nursing Home funding is a snapshot in time. The problem is that the State is consistently making changes as to how the rates are developed from year to year, what we thought was going to happen, never does. We are one of the very few states in the entire country where the Legislative Branch of government on the State level is involved in setting Medicaid rates. At a recent NYSAC presentation by John Cape, former NYS State Budget Director, who said that he ran into some other state officials where he does national consulting who asked him why the New York State Legislature is involved in setting Medicaid rates. Mr. Nesbitt added that this is the reality that we have to deal with. There is even uncertainty with the IGT funding. None of this is set in stone, so any analysis that is done is subject to change with the state funding consistently changing, said Mr. Nesbitt. Chairman Callard wanted it understood, because this is a very important topic to the Legislature and the residents of Orleans County that this Board is not moving ahead hastily. The Board's decision making is very deliberative and is approaching this in a businesslike manner. We need the outside analysis to help us better determine on how to move forward. Chairman Callard stated that they are looking forward to the results of this study. Chairman Callard called for a second to the motion of which was made by Legislator Johnson. The following resolution was adopted:

**RESOLUTION NO. 65-211**

**AUTHORIZING A FINANCIAL ANALYSIS OF THE VILLAGES OF ORLEANS HEALTH AND REHABILITATION CENTER BY EFP ROTENBERG**

RESOLVED, that this Legislature authorizes an expenditure of up to \$7,500 for a financial analysis of the future financial outlook for the Villages of Orleans Health and Rehabilitation Center by EFP Rotenberg, to be paid from account EH6030.440 – Auditors; and be it

Mr Gray stated that Mike has done a great job for the Highway Department and he will see that he

will fill all the duties and needs of the Deputy Highway Superintendent position. Mr. Cliff was welcomed by the Board's applause.

Legislator Smith moved to adjourn; second by Legislator Allport. Meeting adjourned at 4:59 p.m.

## **LEGISLATURE MEETING**

February 23, 2011

---

Chairman Callard called the meeting to order at 4:33 PM. After the pledge to the flag and invocation, led by Pastor Daniel Milroy of Victory Baptist Church, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The Albion Central School District requested use of space on the Courthouse lawn from March 21<sup>st</sup> through March 31<sup>st</sup> for a banner to advertise their Empty Bowls event for the community. The Albion Middle School Art Students will be presenting their 2<sup>nd</sup> annual Empty Bowls event on March 31<sup>st</sup> at the Middle School Cafeteria from 5:30 to 7 p.m, with doors opening at 5 p.m. for choosing bowls. All the proceeds of this event will go directly to the Community Actions Food Pantry. The Kendall Fire Department will hold their annual banquet on March 5, 2011 at 6:00 p.m. at the Carlton Rec Hall. Genesee/Finger Lakes Regional Planning Council meeting is scheduled for March 10th at 10:30 a.m. at the Radisson Hotel, Jefferson Road, Henrietta. Farmer to Neighbor Night 2011, Celebrating Agriculture in Orleans County, will be held on March 12, at 6 p.m. at the White Birch Golf Course in Lyndonville.

The Board unanimously was in favor of the banner placement on the Courthouse lawn to advertise the Empty Bowl event on March 31, 2011.

Legislators Bower and Johnson presented a Proclamation to Lisa Franclamont, Coordinator of Cancer Service Program of Orleans and Genesee Counties; Nicole Helsdon and Jen Srock, Outreach and Education; and Jordan Pritchard, Brockport Intern and Coordinator of Main Street Goes Blue designating March as Colorectal Cancer Awareness Month in Orleans County. Legislator Johnson announced that they will be holding an event "Mainstreet Goes Blue in Medina" the week of March 4<sup>th</sup> through the 11<sup>th</sup> and they will be kicking off the event with a breakfast at Medina Memorial Hospital.

Legislators Rush and Allport presented a Proclamation to Kelly Kiebala, Executive Director of Genesee-Orleans Regional Arts Council (Go ART!) proclaiming March as Arts Awareness Month in Orleans County.

During open discussion, Allen Lofthouse, Kendall, asked about Resolution No. 78 concerning the Medical Scholarship. He said that it has been forty five years and you are raising a medical scholarship 100%. He said the premise is good but why this much and why now? Chairman Callard stated that the Board found that when this was established in 1966, \$18,000 served the recipients well and attracted them to Orleans County because cost of schooling was so much less. Mr. Lofthouse asked how many over these forty-five years have received the scholarship. The Board thought about fifteen people. Chairman Callard stated that some have remained and some have not, but we did not lose money as a result of this scholarship but most likely gained by those who have stayed and practiced in our County. Chairman Callard referenced Dr. Misiti with whom he graduated with, has been a lifelong resident who benefited from the scholarship and continued to serve in Orleans County. Chairman Callard stated that we have increased the scholarship to make it more attractive to a medical student to seek out the scholarship and possibly bring a specialty to the county. It will probably serve us well, and we have never had a loss in this offering, we will probably gain as a result of this scholarship. It was stated that it was always paid back, and if they don't end up practicing their contract states that they are to pay it back with an eight percent interest rate.

Mr. Lofthouse questioned Resolution No. 79 and inquired how long the Highway Department has been working without an auto mechanic. Mr. Nesbitt stated that this is a replacement for a promotion that was filled from within, so now we are back filling the Mechanic position. He further explained that we had a Lead Mechanic who is now the Deputy Highway Superintendent. It was decided to go with one Lead Mechanic and one Mechanic rather than two Lead Mechanics. Mr. Lofthouse asked if these people are already in these positions or are we hiring from outside. Mr. Nesbitt stated that we have not engaged in the hiring process on this yet, but we certainly have work for all four including the Lead and the three Mechanics.

Legislator Allport reported that Jim Whipple, Ken DeRoller, and himself met with the Monroe/Orleans BOCES two weeks ago and is very enthused with what the EDA is presenting to them. Their next step is to meet with both BOCES, who have agreed to come together with the Superintendents

amongst the Orleans County Schools. This is to bring in the school systems along with the EDA to attract businesses in Orleans County. Legislator Allport explained that businesses ask about the educational system and what can be offered when they consider bringing business to our County. Legislator Allport said that he will keep the Board informed. Legislator Bower mentioned said he had a chance meeting with one of the instructors they met with and he was very optimistic and thought that it was a great thing they were doing to help the schools provide the correct education for the children and was greatly impressed.

Legislator Smith welcomed representatives from the Life Program. He said that the Biz Kids have worked with this group and thought it was good that they were here today to see how county government works. Legislator Smith recited two quotes in recognition of Black History Month from Carter Wilson and Lynn Swann.

The following resolutions were presented for adoption:

**RESOLUTION NO. 67-211**

Legislator Bower moved a resolution in opposition of the State seizing or holding Western Off Track Betting Corporation assets and to fairly share them, as was established, with the county stakeholders. Legislator Bower said that since the casino is making money as part of the Off Track Betting, we are opposing that the State take the money that really belongs to the counties. Legislator Allport seconded the motion. Chairman Callard stated that the State arbitrarily swooped \$500,000 from our own Western OTB in Batavia to use for State purposes which would otherwise go to the counties, and Genesee County towns and villages. The following resolution was adopted:

**RESOLUTION NO. 70-211**

**MEMORIALIZATION IN OPPOSITION TO THE USURPATION OF THE  
ASSETS OF THE WESTERN OFF-TRACK BETTING CORPORATION**

Legislator Allport moved to amend the General Charter Policy of the Medical Scholarship Board by increasing the dollar amount of the medical scholarship that was established back in 1966, seconded by Legislator Bower. Legislator Bower stated that it should be noted that we have a real shortage of doctors in Orleans County. If you sit on the Public Health Board or the Mental Health Board, these Boards require that doctors be appointed to serve on them. We have a real problem to fill these positions on these Boards because the few doctors we have are very busy and can't afford to give up their time to serve. This is very important to get doctors to come back and practice in this county; "it is well worth the money spent" expressed Legislator Bower. Mr. Nesbitt stated that this scholarship has not monetarily changed since it was established back in 1966. Chairman Callard stated it is necessary to increase it in hopes to attract doctors to practice in Orleans County. The following resolution was adopted:

**RESOLUTION NO. 78-211**

**AMENDING RESOLUTION NO. 334-791 FOR THE GENERAL CHARTER OF POLICY OF THE ORLEANS COUNTY MEDICAL SCHOLARSHIP BOARD**

WHEREAS, the Orleans County Board of Supervisors established the Orleans County Scholarship Board by passage of Resolution No. 126 in 1966 to implement the General Charter of Policy for the Medical Scholarship Program; and

WHEREAS, the Orleans County Legislature wishes to ensure that Orleans County is meeting the needs of our residents by securing physicians for our future health care needs; now, therefore be it

RESOLVED, that this Legislature amends Resolution No. 334-791 to increase the maximum award to \$36,000 per student, with a maximum of \$9,000 per year over the 4-year formal training years effective immediately.

## LEGISLATURE MEETING

March 9, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Rev Vonda Fossitt - Pastor of First United Methodist Church, the Clerk called the roll. All Legislators were present, with the exception of Legislators Bower and Rush.

The Clerk did not have any communications to present. The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through February 2011. February is a good month because it is tax collection season for the county.

During open discussion, Allen Lofthouse, Kendall, again voiced a concern regarding last meetings Resolution No. 78-211 with a 100% raise to the Medical Scholarship. He asked the Board if they have any close relative or close friend that is entering the medical profession. Mr. Lofthouse said it bothered him in this economic climate that the Board would raise it 100%. Chairman Callard asked that he consider a scholarship of \$18,000 in 1966 and at this point is drawing no applicants now. Raising it to \$36,000, when medical school costs \$100,000 plus and then if you divide by four that is \$9,000 for a year may provide a better incentive for applicants. Mr. Lofthouse understands, but he is looking at the percentage. It has been forty five years, why now the increase. Chairman Callard stated that the point is it has not been successful in many years and we are not drawing doctors. It might not even now. This is all we can do at this time. History has showed us that we have had a greater return; we have never lost in this proposition. If a practicing doctor does not choose to practice in Orleans County, they would need to pay the county back in full with 8% interest, which is more than what we can get in a checking or savings account. So it is not money that is expended, Chairman Callard stated he understood the percentage, but divide it over the years, it is minimal. Chairman Callard said we should have raised it as we went along. Mr. Nesbitt stated that the Medical Scholarship Board, who does the evaluations and interviews of the candidates, is the group who made the request to increase the scholarship. This Board is made up of Doctors and other professionals, as set forth in the 1966 resolution. Mr. Lofthouse asked if this is the first request in forty-five years. Mr. Lofthouse was told that an increase has been requested several times by the Medical Scholarship Board.

Chairman Callard called for Legislators comments. With there being none, he asked Chuck Nesbitt, Chief Administrative Officer to discuss the implications of the tax cap. Chairman Callard said we have heard a lot about it, it sounds good but in practicality it is ridiculous. He asked Mr. Nesbitt to put some numbers to it so the public may understand it. It makes as much sense as the assembly proposing to tax bicycles or even licensing cats to make money. Chairman Callard said he has not seen the relief that we need to offset these property tax caps. These would be more applicable to the State rather than the towns or villages. Mr. Nesbitt stated that in context that the idea of the tax cap, in and of itself is not the ridiculous part, it is the mandate relief equaling zero on the other side of the equation is creating the problem. Chairman Callard said that is why we brought in the Public Defender, Probation, Youth Bureau, and Social Services just to point out all that we have seen are cuts in aid, which will make it impossible to reach the property tax caps. Mr. Nesbitt stated that the tax cap as proposed and that has passed the Senate, is one that allows for a growth factor in the levy and it has been calculated, in the handouts he has provided, as it would apply to 2010 going into the 2011 budget cycle.

Tax Cap overage	<b>-\$344,264</b>

Added Levy for Maintaining the Nursing Home	\$931,529

The maximum growth in the levy would be 2%, which he used in these charts, although he believed it would be more like 1.6% going into 2010-2011. It depends on how the Comptroller actually calculates it. That is who we would be relying on but we did our best to follow the statute and follow the actual circumstances to come up with what would be the actual tax cap number. You start with taking the prior year tax levy for 2010 which is 13,829,180 and you subtract the prior year's budgeted pilot revenue, the prior year's capital tax levy, which would be some sort of exclusion that would be calculated, based on capital improvements going forward. There is still some question whether these will need to be voter approved by school district or municipality. This is the first year, so there is no capital tax levy portion as the same as a tort. If you had a large legal settlement, a tort, against the county, this would not count against your property tax cap amount. Adding those figures together, the total is 14,286,030. Then we multiply that by the allowable levy growth factor which assumes the maximum of 2%. Then we subtract the budgeted pilot revenue for the next year, 2011, to reach the new tax levy allowable under the cap which is 14,147,037. This allows for growth, under the tax cap, of \$317,857...why is that a problem? NYSAC is talking a lot about the nine mandates that drive ninety percent of county property taxes. There are

nine mandates that make up 4 billion of the 4.4 billion of all county property taxes that are charged. Our growth in those nine programs is \$662,121. So immediately just continuing the mandates as they are provided for in statute, we would have an overage in the tax cap of \$344,264. This is after having squeezed through the whole budget process. In addition to that, which also was included in the graph, the growth in the levy for the Nursing Home for 2011.

As Mr. Nesbitt explained the illustration, the blue is the cap number, the red is the nine for ninety mandates, and the green is the amount needed to increase the levy to accommodate the ongoing operation of the Nursing Home. Mr. Nesbitt stated that when you have every county executive from every large county across our state panning the mandate relief report saying that it has really done nothing. As we have heard from several departments so far that they have spoken about reduction in aid or cost shifts which the county government will need to react to by either funding it locally or reducing or eliminating programs. Local option programs such as the Nursing Home, Youth Services, 911 Service, or Road Patrol. All of the funding for the Marine Patrol has been cut in the proposed

executive budget. It must be understood; visually we can't squeeze all of the red and green under the blue without some sort of relief on the growth of these mandates. Chairman Callard thanked Mr. Nesbitt for this explanation of the tax cap implication.

Chairman Callard wanted to make sure that everyone understands this. It disappoints him that our state representatives say that they are in favor of the tax cap on the senate side and actually voted for it. It means nothing. Again, our mandates are twice as much as what would be allowed in the property tax cap. "So what are they saying, do they think we are stupid?", expressed Chairman Callard. It sounds great and it means nothing. The only thing we can do is cut vital services. So if anyone ever hears it again, question mandate relief, and say that property tax caps don't work without mandate relief, advised Chairman Callard. Mr. Nesbitt added that 92% of the Orleans County property tax levy is to fund those nine programs. He said he used a very conservative number when calculating this. It could very well be 180%.

Paul Rusin, Holley, asked about the mandates, like Medicaid, if they consider or provide a specific dollar amount the County has to give to a recipient. Tom Kuryla, Commissioner of Social Services and Chuck Nesbitt explained how the mandates work. The state decides how much and what services are to be provided. The State sets the standards of what is to be provided. They then reduce the money but don't reduce the mandates that people receive. Mr. Nesbitt asked Attorney Schubel what would happen if we don't provide the services. Attorney Schubel said that if services are not provided they could withhold the monies due to us or the State could sue us. Mr. Nesbitt said it is important to talk about this. He expressed that if they want us to live under a tax cap, give us the opportunity to actually play the game that allows us to do this. Otherwise the taxpayers are going to have to vote to override the cap and then the Legislature will then be yelled at for doing just that, stated Mr. Nesbitt. The fact of the matter is that we have no choice. As stated the alternative is to get rid of the 911 system or get rid of the Sheriff's department all together so we don't have any law enforcement here. Mr. Kuryla said a great example would be to have each and every county decide what Medicaid services they can provide to the recipient, that the county should dictate these services. Mr. Rusin asked if welfare recipients are put in positions to work for their benefits. Orleans County has two work crews depending on what type of work they perform, explained Mr. Nesbitt. They are required to engage in work activities and we are required to insure that they do with monitoring and case management. We have

employees that call them when they don't show up and request medical excuses should they not show up on this work crew. We have 20% to 50% participation in this program, which we have to monitor. The goal that is set by the federal government is 50%. As the law is currently written now a recipient will not get their portion of assistance if they don't participate, however can still get assistance for the children in the home. Mr. Nesbitt said that one of the best things in the Governor's budget proposal is that if a person does not engage in work activity, that person will get no assistance. If this goes through, our participation rate will go through the roof, seeing 75% or more in participation rates. We do have that program. We are extremely frustrated and hamstrung there as well as everywhere else in how the State has set up that program, expressed Mr. Nesbitt. Mr. Rusin thanked them for the information. Chairman Callard said it is important that you, the community members, heard this today and you need to communicate it to the people you talk to so they can have a better understanding. Legislator Smith commented that we need to look at the state and federal level that mandates all these programs. We need to speak to our state and federal representatives to make these changes. Anytime we give a benefit to someone, they will take it.

Spreadsheets are available which shows the participation by jurisdiction. The Fall Regional Local Government Workshop will be held on May 13, 2011 at the Burgundy Basin Inn in Pittsford. The Resolution Urging Governor Cuomo to Reject the 2011 NYS Mandate Relief Redesign Team Report has been passed in Fulton County. The Orleans County Chapter of ABATE of New York has proclaimed May 2011 as Motorcycle Safety & Awareness Month and is requesting permission to use the Courthouse steps on May 1, 2011. April 10<sup>th</sup>-16<sup>th</sup>, 2011 is National Crime Victims' Rights Week. A candle light vigil will take place at the Courthouse on April 15, 2011 at 7pm.

The Legislative Board approved the request to use the Courthouse on May 1<sup>st</sup> to hold their ceremony for Motorcycle Safety and Awareness month in Orleans County.

Legislator Johnson presented the National Crime Victims Rights Week Proclamation, April 10<sup>th</sup> through April 16<sup>th</sup>, to Terrissa Drennan, Crime Victim's Services Coordinator and Phyllis Winters, representing BRAVE. Mrs. Drennan welcomed everyone to attend the Candlelight Vigil at the Courthouse on April 15<sup>th</sup> at 7:00 p.m. They will have a short program and refreshments. This year's program will have a Legislative focus based on a local tragedy and will host guest speakers to speak of this legislation.

Legislator Johnson also presented a Proclamation to designate the month of May as Motorcycle Safety and Awareness in Orleans County. Dale Graff and Matt Tracey represented ABATE and accepted the Proclamation. Mr. Graff thanked the Board for supporting and promoting motorcycle safety and awareness in Orleans County and indicated that this was his 20<sup>th</sup> year promoting this event. He invited the Board to attend

their rally and asked if a Legislator would publically present this proclamation at this event. Legislator Johnson stated she would happy to present the proclamation at the rally.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through March, 2011. A couple notes were mentioned on the report as to this year versus last year, Treasurer Heard said that she had to make some payments in the amount of \$1 million by March 31<sup>st</sup>. She was happy to report, a first in several years that sales tax cash is up \$564,000 as of today.

During open discussion, Paul Rusin, Murray, said that he has attended meetings for a while now on behalf of the Tea Party and finds that the Board is pretty open with what is done. He asked if the Board could explain more on the proposed resolutions especially in the expenditures and how they are related to the workings of the government. That would make it so the public would understand it better. He thinks most of the discussions occur at an earlier time so the “meat and potatoes” discussion is not really heard by the public. He said this would help the public know what is going on in the Legislative Chambers a bit better and thanked the Board to consider this request.

Allen Lofthouse, Kendall, spoke of the County Health Ranking overview program and he wanted to go on record that he was opposed to any grant applications for this program and if they do apply for them, he hopes they are denied.

Paul Lauricella, Yates, addressed Chairman Callard and thought that when Marcia Tuohey was Chairman, the weight tax or registrations at Motor Vehicle was imposed and was there any sunset provision on this? He also asked if there is any way in the future this can be repealed. He knows that the Board will say they need the money but people need the money. He said he can avoid the cell phone tax by not having one and can avoid cost of breakfast by not going anymore. He does have to drive and it gets annoying when he goes to register a car, he has to pay an extra twenty dollars and re-register it another twenty dollars is imposed. Chairman Callard stated that he does not know if it is a state or county imposition. Legislator Bower indicated that the county did it. Chairman Callard informed Mr. Lauricella that he will look into it and see if there was a sunset provision in it. He will obtain the history on this to go forward. Mr. Lauricella thanked the Chairman for looking into it and said that

people have been paying for it for years and years and we the people now need that money.

Chairman Callard asked the Board to explain the resolutions as they are presented and advised the public that if they don't understand something to let the Board know so they are aware that more information needs to be given. The following resolutions were then adopted:

Legislator Johnson moved to approve payment of claims and further explained that each Legislator takes turns to audit and goes through each bill that is paid for the month for each department. Legislator Johnson stated that this is the best these bills have been organized that she has audited and appreciated all the efforts that went into that; seconded by Legislator Smith. RESOLVED, that the following terms of auction for County-owned property for the auction to be held Wednesday, May 11, 2011 at 11:00 am at the Albion American Legion Post, 131 South Main Street, Albion, New York, be approved by this Legislature as follows:

TERMS OF AUCTION  
ORLEANS COUNTY TAX PROPERTY AUCTION  
ALBION AMERICAN LEGION POST  
ALBION, NEW YORK  
May 11, 2011  
11:00 AM

This is the sale at public auction of various parcels of real property, which have been conveyed in the County of Orleans by final judgment under the so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by various resolutions of the Orleans County Legislature and is in accordance with the appropriate provisions of the Real Property Tax Law. This sale and sale of each and every parcel herein is upon the following terms:

TERMS AND CONDITIONS  
OF THE  
ORLEANS COUNTY AUCTION OF TAX FORECLOSED PROPERTY

1. Orleans County acquired title to these properties in accordance with Article 11 of the Real Property Tax Law of the State of New York, and all known rights of redemption under said provisions of law have been extinguished by the tax sale proceedings; and/or as a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be defined as a section, block and lot number.
3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose; (b) applicable zoning/land use/building regulations; (c) water assessments are the responsibility of the purchaser, whether they are received or not; (d) the levied 2011 Town and County tax bill including any releived taxes, 2010/2011 village taxes, 2010/2011 school tax, any village or town water and sewer rents and assessments, in addition to any other applicable charges (including, but not limited to, omitted and pro rata taxes, demolition charges, interest and penalties); and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the public auction.
4. The purchaser shall be solely responsible for the payment of: the levied 2011 Town and County tax bill including any releived taxes; any Village taxes levied after May 31, 2011, the 2011/2012 school taxes, the 2012 Town and County taxes, penalties and interest and charges levied against the property subsequent to the auction.
5. All purchasers are advised to personally inspect the premises and to examine title to the premises prior to the date of the auction. Upon delivery of the quitclaim deed by the County of Orleans to

- the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
6. No personal property is included in the sale of any of the parcels owned by Orleans County, unless the former owner or occupant has abandoned same. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.
  7. All informational tools, such as slides, tax maps, deeds, photos, auction listings, auction catalogs, auction signs, property record cards, etc., are for identification purposes only and are neither a guarantee nor a warranty as to location, dimensions, parcel use and/or size, or anything else. THE COUNTY, THE AUCTIONEER, AND THE AUCTION SERVICE MAKE NO WARRANTY EXPRESSED OR IMPLIED IN CONNECTION WITH THIS SALE.
  8. The County of Orleans reserves the right, in its sole discretion, to withdraw from the auction any of the properties listed on the schedule of real property.
  9. Notice is hereby given that the premises being sold may lie within an Agricultural District as designated upon the tax map. It is the sole responsibility of any bidder to ascertain which specific parcel(s) is so designated and sold subject to the provisions of law applicable thereto.
  10. All bidders are required to register and provide suitable personal identification prior to the auction. Auctioneer reserves the right to decline registration if identification is not sufficient.
  11. All bidders are required to use the bidder number issued to them for all purposes associated with the auction. A bidder may not bid on behalf of a party who is on the prohibited bidder list.
  12. Bidder acknowledges receipt of the pamphlet entitled "Protecting Your Family From Lead in Your Home." Bidder also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards, mold, asbestos or any other hazardous substances.
  13. The former owner of the property, or his agent, shall not be deemed to be the successful bidder on the property or purchase same at the public auction, unless the bid amount exceeds the amount of the purchase price to affect the release of County's interest. If the former owner or his agent reacquires the property, all liens existing prior to the foreclosure, will be reinstated and the purchaser (former owner) must sign the deed to reinstate the liens.

14. Purchaser shall provide information necessary to complete, and shall execute, the necessary forms and documents required for recording the deed in the Orleans County Clerk's Office. The purchaser executing the auction terms and conditions of sale may not assign or otherwise transfer his right to complete the bid, unless the County agrees in writing. The deed prepared will be in the name of the successful bidder (and spouse) only. No third party bidding will be accepted, unless the bidder identifies that he is bidding as an agent for a disclosed principal.
15. The auctioneer's decision regarding any disputes is final, and the auctioneer reserves the right to reject any bid that is not an appreciable advancement over the proceeding bid.
16. The Purchaser will execute an Offer to Purchase form immediately upon being declared the high bidder. The approval of each bid by Resolution of the County Legislature *will not constitute a Contract of Sale* and the County reserves the right to reject any bid prior to the closing of title and the recording of the deed.
17. The Purchaser shall be responsible for the payment of an eleven percent (11%) buyer's premium should buyer be paying by credit card or a ten percent (10%) buyer's premium should the buyer be paying by cash or by bank check in addition to the accepted purchase price and the closing fees/costs. The "buyer's premium" is the fee/commission earned by the auctioneer. An additional one and one half percent (1.5%) of the purchase price will be added to each parcel for advertising expenses. Accepted purchase price is the amount bid by a perspective bidder, which has been approved by the Orleans County Legislature.
18. All required deposits must be paid in full for all successful bids immediately upon being declared the successful bidder. Any successful bidder, who fails to tender the deposit immediately upon being declared the successful bidder, will be forbidden to participate in this or any other auction. Any parcels which the County did not receive deposits for, as per these terms and conditions, will be considered to be defaulted, and resold and the bidder will be disqualified from further bidding.
19. 25% of the total contract price (total contract price is the combination of the high bid and the buyer's premium, as defined in section 17 of these terms and conditions), shall be paid as a down payment on the day of the auction upon execution of an Offer to Purchase Form. Total contract prices selling for \$250.00 or less must be paid in full at auction, including all closing costs which consist of the following will be paid with the down payment on the

day of the auction for each parcel: (a) New York State Transfer Tax [\$4.00 for the first \$1,000; \$2.00 for each \$500 thereafter of the purchase/bid price]; (b) Filing Fee for the Real Property Transfer Report [\$125.00 if the parcels classification code is 100-199, 200-299 or 411-C; \$250.00 for all parcels otherwise classified]; (c) Filing Fee for combined Gains Transfer Tax Affidavit [\$5.00]; (d) all fees required by the Orleans County Clerk for recording of the deed [\$50.00 to record a one page deed; \$5.00 for each additional page] *Closing costs may be subjected to an increase in fees as required by law, without notice.* All deposits must be made in cash or guaranteed funds payable to the “Orleans County Treasurer” and drawn on banks insured by the Federal Deposit Insurance Corporation (FDIC). No exceptions.

20. All bids shall be subject to approval by the Orleans County Legislature, which shall have the right, in the Legislature’s sole discretion, to reject any bid for any reason whatsoever.
21. All parcels for which you are the successful bidder for must be paid in full. No selective closings subsequent to the auction. Failure to remit full payment on all parcels for which you are the successful bidder will result in a default of all deposits tendered, and you will not be permitted to close on any other parcels for which you are the successful bidder.
22. The entire balance of the accepted purchase price, the buyer’s premium, as defined in section 17 of these terms and conditions, and all closing costs/fees must be paid by cash or guaranteed funds payable to received by the Orleans County Treasurer’s Office on or before June 30, 2011. The County is not required to send notice of acceptance to a purchaser. If the purchaser fails to pay the balance of the total contract price plus closing costs and fees as herein provided, the deposit shall be forfeited. The County reserves the right, in its sole discretion, to extend the time of payment upon such terms and conditions it deems appropriate.
23. If the successful bidder fails to tender such amount due by the close of business on June 30, 2011, then the County may, but is not obligated to offer any unsold property to the second highest bidder. All terms and conditions for the sale set forth herein above shall apply to the second highest bidder and/or any other purchaser.
24. All sales shall be final, absolute and without recourse, once title has closed and the deed has been recorded. In no event, shall Orleans County and/or Haroff Auction & Realty, Inc. and/or Absolute Auctions & Realty, Inc. be or become liable for any defects in title for any cause whatsoever, and no claim, demand or

- suit of any nature shall exist in favor of the purchaser, its heirs, success or assigns, against Orleans County and/or Haroff Auction & Realty, Inc. and/or Absolute Auctions & Realty, Inc. arising from this sale.
25. The County of Orleans will execute no warranties concerning the parcel or title thereto and will not deliver or be responsible for abstracts, title insurance, title searches, surveys, maps or other documents concerning a parcel whatsoever.
  26. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the year upon which the County acquired title or as corrected up to date of deed. The deed will be recorded by the County upon payment in full of the accepted purchase price, buyer's premium, and closing fees/costs. POSSESSION OF PROPERTY IS FORBIDDEN UNTIL THE DEED IS RECORDED WITH THE ORLEANS COUNTY CLERK CONVEYING TITLE TO THE PURCHASER. TITLE VESTS AT THE RECORDING OF THE DEED. It is agreed between the County and the purchaser that delivery and acceptance of the deed occurs upon recording the deed.
  27. A quitclaim deed issued as a result of the auction shall contain the following provisions: (a) "Nothing contained in any description herein is intended to convey more than the assessed owner owned at the time of the levy of the tax, the non-payment of which resulted in the tax sale. There is no representation as to the extent of the acreage conveyed herein;" (b) Orleans County shall in no event be or become liable for any defect in the title so conveyed for any cause whatsoever, or for any encroachments or disputed boundaries; and that no claim or demand of any nature shall ever be made against said Orleans County arising from such sale or conveyance or any proceedings leading thereto.
  28. Evictions, if necessary, are solely the responsibility of the successful purchaser after closing and recording of the deed.

WHEREAS, Resolution No. 46-111 authorized the filling of a vacant Director of Nursing Services position at the Villages of Orleans which is a critical position for the effective operation of the Nursing Home; and

WHEREAS, the Orleans County Legislature recognizes the need for highly competent personnel in sensitive positions; therefore be it

Moved, Bower; second, Johnson.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Bower moved to abolish, create, and fill positions at The Villages. Legislator Bower explained that a Senior Account Clerk Typist left the Nursing Home position and moved to another vacancy in the County at Grade 10. We are replacing this position with a person from Public Health at Grade 9, which will be a little savings for the Nursing Home but a great savings for the County because the position in the Public Health Department will not be replaced. Legislator Johnson seconded the motion. Mr. Nesbitt indicated that this will be an \$18,000 savings to the County. The following resolution was adopted:

**RESOLUTION NO. 137-411**

### **LEGISLATURE MEETING**

April 27, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, Chairman Callard announced the passing of Dick Eddy, who passed away on April 24, 2011. Mr. Eddy served four years on the Orleans County Legislature from 1980-1983, serving as Chairman of the Legislature for two of those years from 1982 through 1983. Chairman Callard requested a moment of silence to recognize Mr. Eddy's contributions to the County of Orleans and asked to keep his family in your thoughts and prayers during their time of loss.

The Clerk called the roll and all Legislators were present, with the exception of Legislator Smith.

The Clerk presented the following communications: Resolutions were received from New York State Counties: Oswego County – Opposing the Proposed Consolidation of Off Track Betting by New York State; Washington County – Calling for Immediate Payment of Intergovernmental Transfer Payments. The Town of Gaines announced a Public Hearing on May 2<sup>nd</sup> at 7:30 p.m. for the adoption of Local Law 1 of 2011 imposing a “Moratorium on the Acceptance, Processing, and/or Approval of all Applications for Building Permits, Area and Use Variances, Special Use Permits, and Site Plan Approvals in the Town of Gaines. Orleans County Department of Planning and Development announced the 10<sup>th</sup> Annual Land Use Workshop which is co-sponsored by the Niagara County Department of Economic Development. This year's event will be held on June 29<sup>th</sup> from 5 p.m. to 9:30 p.m. at the Albion Middle School Auditorium. Deadline for registration is June 27<sup>th</sup>.

The Treasurer distributed a copy of the In Rem Foreclosure Real Estate Auction Booklet. The sale is scheduled for May 11<sup>th</sup>. It currently lists 52 properties but only has 48. She expects another eight people to pay. Treasurer Heard stated that the auction will consist of 40 properties, including some repeats from last year, which is less than we had in the auction last year.

During open discussion, Thom Jennings, Town of Gaines, who thanked the Board for the opportunity to speak and feels it is important for governmental bodies to allow citizens to express their opinions. The issue he raised today is one that people have approached him about a few times over the last few years and asked him to research. He has done the research and they have asked him to spearhead some discussion and respectfully request the Board to set up a possible formation of a sub-committee. The issue is re-districting. With the new census figures out, there has been population shifts in this area and in other counties. Mr. Jennings indicated that other counties have begun the re-districting process, which in fact he said Bob Lonsberry on the radio today commended Monroe County for the fine job that they did with the re-districting plan because it was non-partisan and they did not place incumbents against each other. With regard to Orleans County, he looked over the numbers and thanked Chuck Nesbitt and Nadine Hanlon for an incredible amount of help in going above and beyond the call of duty by providing FOIL requested information immediately. Mr. Jennings stated the way Mr. Nesbitt handled FOIL requests should set the standard for Orleans County. Mr. Jennings said that he was able to come in and review the documents and the numbers. He said it is a very confusing issue but feels there are some concerns. Some of the major concerns he has is the way the At-Large districts are lined up, which are very disproportionate. One district has approximately 16,000 people in it and another has 11,000 people. In the case where he lives, Albion-Gaines, they get the raw end of the deal because they are the central district who has the most people and also in District 3 who has the most in that district, of which his representative is from. Mr. Jennings thinks it is an important issue and it is a good time to look at it because other counties are doing it. Other counties can be contacted and discuss the pitfalls of the things that they are doing which could help our process along. If we wait, we may lose that opportunity because we will be behind everyone else. Mr. Jennings stated that in regard to the legality of the current system and the numbers, he felt that Mr. Nesbitt presented enough information to say there may not be a legal issue here but there may certainly be a moral one; one that speaks to the democratic principal of fairness and fairness of

*April 27, 2011  
Resolutions 138-157*

representation in this county. If nothing else, being a member of a minority party in this county, we can take part in this process, and can at least feel the minority party had a say in our County government.

Theresa Martilotta, Gaines, wanted to know why the Board wants to get rid of, or sell, the only thing Orleans County has to be proud of. After spending over \$10,000,000 renovating it, now the Board wants to sell the Orleans County Nursing Home, or the Villages as they call it now. She would like an answer, and she is not the only one. An awful lot of people in Orleans County are very upset over this and she does not blame them.

Chairman Callard asked if anyone else would like to speak about the Nursing Home.

Deborah Sherk, President of Local 837 CSEA Union and also President of the larger local who represents over 500 County employees from town highways, BOCES, and school districts, to the Orleans County unit which entails most of the employees in the Nursing Home. Mrs. Sherk addressed the Board, by presenting over 200 signatures on petitions that residents in Orleans County signed in opposition of selling the Nursing Home. She expressed that there are many reasons why the Nursing Home should not be sold and why it should stay a public Nursing Home. She listed a couple. She indicated that the selling of the Nursing Home would not lower taxes. Private companies negotiate tax breaks and in turn would receive tax breaks as a private entity. Medicaid patients would lose because a public nursing home designates more beds for Medicaid patients than private nursing homes. If it becomes a private nursing home Medicaid beds will be lost and if a resident is on Medicaid, in the Orleans County Nursing home and not enough beds they will need to be moved farther away either to Rochester or Buffalo. There is a lower quality of care for the elderly. Private homes exist to make a profit where a public home does not exist to make a profit. Mrs. Sherk said if it becomes private, where does the money go, it is going to the people that own the home. The Orleans County Nursing Home supports local businesses and a private nursing home may not use local businesses to buy their supplies or equipment. Local citizens provide the best possible care. Mrs. Sherk believes that if you go into our nursing home, which anyone can visit the nursing home at any time and speak to the residents there. Mrs. Sherk said there is quality care there and members of the union are most of the caring employees in the county and they don't make a lot of money so they are not in it to make money. Mrs. Sherk strongly urged the Board to reconsider the sale of this very important asset to our County.

Ted Swiercznski, Gaines, served on the Legislature for several years. He said that Mr. Bower asked him a couple years ago about his thoughts on renovating the home. He thought the investment paid off. Mr. Swiercznski asked the Legislature to take a real hard look into the sale of the Nursing Home because the support shown by everyone over the years is priceless.

Chairman Callard asked if anyone wished to speak about the Nursing Home. With no further comments, he stated that the Legislature has not made a decision to sell the Nursing Home. They only discussed the feasibility and to ask for expressions of intent if we need to do so. At this point an analysis of cash flow based on the latest earnings has been done. Chairman Callard reported that they have had an improvement in figures for January through March. It is an improvement from what was budgeted but still forecasts perhaps a \$1,000,000 deficit, which earlier we predicted a \$2,000,000 deficit. Chairman Callard further expressed that much of what we do is dependent upon how the State treats Nursing Homes run by counties in general. We need to know what the State's intentions are. He stated that the Legislature will continue to monitor the situation. He expressed appreciation of the concerns voiced and the Legislature is just as concerned. They will take it month by month by looking at the figures and the situation. If the Nursing Home is to ever be sold it would be out of economic necessity or financial catastrophe. At this point we are further studying the financials and we will go from there.

Deborah Sherk asked why it has not been marketed. She thought with the current rehabilitation unit, which she has been told by a lot of people that it is a wonderful place to go for rehabilitation, why we don't market through our local hospitals or doctor's offices. Her mother was in Batavia Hospital and they never offered Albion as an option for rehabilitation. Chairman Callard said they have been concerned and the chairmen of the committees have followed on the marketing, increasing our efforts. He explained that every entity is territorial. Our rehabilitation unit is a very important consideration in our operation and it is being marketed as much as possible. Our new Administrator has stepped up to our request to increase the marketing. Chairman Callard asked to share any suggestions to help us to improve our salability of services.

Legislator Eick responded on the marketing issue. He has used the rehabilitation unit and the last time he was at his doctor's office in Batavia, they had pamphlets for the Villages, which may have been placed

*April 27, 2011  
Resolutions 138-157*

there in the last six months. He expressed that they are marketing. The comments he has heard from various people in this unit are tremendous. Along with Legislator Rush, he can speak that the care they experienced was exceptional. Chairman Callard said this may have accounted for the improvement for the figures for January through March.

Kathryn Wood, Carlton, asked how the community can be informed as to the value that the Nursing Home is providing to the community and she did not know until recently of the threat of the Nursing Home being sold. She said if people don't know about this, the people can't express their concern either for or against the sale of the Nursing Home. What can be done to keep people informed about it other than the confines of this room?

Legislator Bower, Chairman of the Nursing Home Committee, said he doesn't think there is anyone in the county that wants to keep the County Nursing Home more than he does. He even believes that there is not one Legislature at this meeting tonight that wants to sell the Nursing Home. We are awaiting the financial reports of the auditors, through 2015, that will provide us more insight. Legislator Bower handed out a fact sheet from the Legislature accurately answering many of the asked questions. Legislator Bower said that until we know definitely, he does not want to sell it, nor does he think the rest of the Board wants to sell it. A decision needs to be made if the taxpayers can afford the deficits that might happen. Legislator Bower welcomed to take any phone calls pertaining to this issue.

Thom Jennings shared a thought concerning marketing. He suggested setting up a booth at the Orleans County 4-H Fair. Chairman Callard said the Nursing Home Administrator is here and we will take note of that suggestion. Chairman Callard said that those that have been in the Nursing Home can attest to the care given to them there.

Paul Lauricella, Yates, voiced concern with Resolution No. 150 enacting a special law to extend the sales and compensation use tax. Mr. Lauricella said that when these things are sold to the public, the public is told it is a temporary thing; then when it comes up again the public is told they will not renew it. Mr. Lauricella stated he is opposed to extending this tax. Chairman Callard explained that this is not a new additional 1% tax; it is a continuation of what we do have. He stated that if it is eliminated, lowering the sales tax rate, the impact would be fewer revenues which would be passed off to the property owners in the county. By maintaining

the sales tax, it is distributed across all the people and not putting onerous on just property holders. Mr. Lauricella said why government can't cut back instead of passing it on to the property owner. Chairman Callard said that the State has to begin to fund these unfunded mandates which constitute probably 91% of our tax rate for just nine mandates in itself. What we are paying for is the State operations. The State talks about a property tax cap. It is great and sounds great but serves no purpose if we have to continue paying for unfunded mandates. Give us relief in unfunded mandates and we can have a property tax cap in this county, which has done very well in "skinnying" up our operation. We need to carry this message to Albany and we can't stop because until Albany changes we are all paying the cost of running the State operation. Chairman Callard agrees with Mr. Lauricella. Mr. Nesbitt added we are required by law to pass three actions in this Legislature every two years to maintain the sales tax. Mr. Lauricella said that he is a small government guy. Nothing happens without money. The government consumes the money and they don't have something to earn it. Chairman Callard said that we, on a local level, never give up and we continue to fight in what we believe in, the problem is in the State. We need to keep expressing that to our Senator and Assemblyman and continue writing letters to the Governor. We will continue to do so until the people help drive this change, which will happen sooner or later.

Allen Lofthouse, Kendall, questioned Resolution No. 143 regarding a trailer we are buying for the Highway Department. Highway Superintendent Gray explained that they have a 1979 trailer that no longer functions. This will take place of two and it is a significant savings because they can utilize their current tractor trailer for this. It will haul double than what a ten-wheeler will hold. Maintenance requirements are lower because of no engine and also lower insurances.

Mr. Lofthouse inquired about vacancies in Resolutions No. 145 and 146. Mr. Nesbitt explained that Resolution No. 145 is a new vacancy due to a retirement which could be filled with someone from outside. Resolution No. 146 is a vacancy for a temporary seasonal mower in conjunction with Soil and Water Conservation. Mr. Lofthouse asked if there is not enough help that can be utilized. Mr. Nesbitt stated that we are down to maintaining two crews instead of three. Chairman Callard stated that we are ahead of budget. Mr. Lofthouse stated that he has watched them for years while he was in business. He couldn't believe that the Highway Department doesn't have the people to handle the seasonal work with the staff on hand. Chairman Callard said we have to reach for 100%

productivity and we have been able to squeeze positions in other departments. We are ahead of budget in lowering total number of full time employees. Superintendent Gray stated that the mowing operator comes back every year. Soil and Water funds a portion of this. Mr. Lofthouse expressed it is still tax payer money.

Mr. Lofthouse inquired about Resolution No. 156, concerning the purchase of rabies vaccination and asked if it is a yearly thing. Public Health Director Paul Pettit said that it is to purchase exposure vaccines for people who are exposed to rabies whether it is through bites or bat contact in the home. Traditionally the Health Department averages treatment of twenty people during the year and they are stocking up the vaccine for the summer months. This will not be our only purchase throughout the year. The shelf life is for about a year and a half. This purchase will treat eight to ten people. Chairman Callard said that hopefully we will not have to utilize the supply but prior history has suggested that we will need even more. Mr. Pettit said they have treated up to 36 people in a year all depending on the exposure. That is why it is important in educating people on bats.

With there being no further public comment and no reports from the Legislature, Legislator Eick moved to add two resolutions to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

**LEGISLATURE MEETING**

May 11, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Susan Heard, Treasurer distributed the Annual Financial Report Update Document for the County of Orleans Fiscal Year Ending December 31, 2010. The Mental Health Association of Orleans County will be hosting an open house at their new location at 20 South Main Street in Albion on Friday, May 20<sup>th</sup> from 1-3 pm.

Legislators George Bower and Lynne Johnson presented a Proclamation for Nursing Home Week, May 8 – May 14, 2011, in Orleans County to Bill Gillick, Administrator of The Villages. Also present accepting the Proclamation was Marsha Gaddis, Head Cook, and Kathy Vagg, Registered Nurse, who both have over thirty years of service at The Villages.

Legislator Bower announced that he will be leading tours of the Villages of Orleans Health and Rehabilitation Center every first Friday of every month at 1:00 p.m. Reservations are to be made by calling the Legislature Office.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through April, 2011. Treasurer Heard reported that the cash balance looks good at the end of April, especially when payments have been made for returned school taxes, relieved village taxes as well as the first quarter sales tax payment to the Towns and Villages. The results of today's auction were also distributed. She indicated that it was a buyer's market today. The Legislature would need to adopt these bids today. The auction resulted in a net loss to the county; however she stated that these properties will be back on the tax roll. Chairman Callard indicated on a positive note that last year we had 54 parcels up for foreclosure where this year we had 37. In that regard that is a good sign.

Chairman Callard asked if the public wished to provide any comments. With there being none, Legislator Rush reported that he and Legislator Eick attended the Fire and EMS Training Recognition Dinner in East Shelby. He was amazed at the number of hours these firemen commit to training and he wished to congratulate them.

Chairman Callard reported on receiving statistics from the Department of Social Services Welfare Fraud Department and it is heartening because we are making a concerted effort to deal with fraud. Last year January to April period we recovered \$13,277, the same period this year we recovered \$27,318. In terms of cost avoidance, \$283,272 for last year and \$498,348 this year for the January through April time frame. Commissioner Kuryla stated that cost avoidance are monies that we would have had to pay if we didn't look into situations. He explained that a lot of times applicants have certain indicators that tip off the public assistance worker to make a referral to the fraud unit. These are monies that we would have to pay if we didn't investigate a person who didn't qualify for assistance. Recoveries are monies paid back to the county for assistance that was not warranted. The Commissioner stated that both units have made a concerted efforts to look into these cases much more intensely, they have developed strong communication lines with one another and made an all out effort, on behalf of the taxpayer, to recover these monies that should not have been paid out in the first place. Commissioner Kuryla said they are doing an excellent job and commend Mrs. Snyder and the entire public assistance department. Legislator Smith asked if these are total county dollars. The Commissioner stated that it could be between 25% to 35% of local dollars depending on what area of public assistance it involves.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Eick. Motion carried. The following resolutions were then adopted:

**ADOPTING SWIPE CARD IDENTIFICATION BADGE POLICY**

RESOLVED, that this Legislature adopts the Swipe Card Identification Badge Policy for Orleans County as written by the members of the Administration and Finance Committee, effective immediately, as follows:

**SWIPE CARD IDENTIFICATION BADGE POLICY**

**Purpose**

This policy is designed to ensure that all County employees, visitors, and contract personnel are properly identified and authorized to access a particular facility and/or property.

**Policy**

It is the policy of Orleans County to properly identify and authorize for access all individuals requesting entry onto Orleans County facilities or property.

**Procedure**

**1. Employee Identification Card**

All Orleans County employees will be issued an Orleans County Employee Identification Card at their new employee orientation. The Employee Identification Card, issued by the Department of Personnel and Self Insurance, will be imprinted with the employee's name, department, photograph of the employee, and signature of the employee.

The Employee Identification Card may also operate as an electronic access control card at a specific County facility. If the employee requires an electronic access to an equipped office door or an equipped building's entrance, the badge will permit authorized electronic access.

Employees are required to carry their Employee Identification Card at all times while on duty and must visibly display their Employee Identification Card when requested to do so by a security guard, Deputy Sheriff, or facility official.

In the event that an Employee Identification Card is lost or misplaced, the employee is required to report the theft or loss immediately to their Department Head and the Director of Personnel and Self Insurance at extension 3108. The affected department must have the employee execute a written statement as to the circumstances pertaining to the card loss and the statement must be provided to the Director of Personnel and Self Insurance before a new card will be authorized.

In the event that an Employee Identification Card is damaged, the employee is required to report the damaged card to the Department of Personnel and Self Insurance. The damaged card will be exchanged at the Department of Personnel and Self Insurance for the new replacement card.

Employee Identification Cards are the property of Orleans County.

**2. Visitor Passes**

Access control procedures have been implemented at various Orleans County facilities. Site-specific procedures may require the log-in and issuance of a Visitor's Pass to all individuals, other than County employees, seeking access to the County facility. These individuals may include visitors, vendors, service personnel, job applicants, and other individuals who have an official need to access the facility.

**3. Contractor Identification Card**

Contractor personnel, consultants, or interns, whose service to the Orleans County government will extend beyond two months, will be issued a

Contractor Identification Card that will be valid for the duration of their project.

Prior to being issued a Contractor Identification Card, contractor, consultant, or intern must complete a form titled Security Badges and Photo ID Application. The form is available through the Director of Personnel and Self Insurance office and is an Appendix of this policy.

The Contractor Identification Card, issued by the Department of Personnel and Self Insurance, will be imprinted with the contractor's name, photograph of the contractor, and signature of the contractor.

Individuals who are issued a Contractor Identification Card are required to carry them at all times while conducting business on behalf of Orleans County or while in Orleans County facilities. Site-specific procedures may require the Contractor Identification Card to be worn at all times on outer garments while the contractor is working within Orleans County facility. The Contractor Identification Card also may operate as an electronic access control card for specific County facilities.

Contractor Identification Cards are the property of Orleans County and must be surrendered upon completion of the contracted services. Failure to return an issued Contractor Identification Card by a contractor will result in the vendor company being charged \$50.00 for the card. Lost Contractor Identification Cards will be replaced for a fee of \$25.00.

The Director of Personnel and Self Insurance office must be notified immediately when a Contractor Identification Card is lost. The contractor (contractor agency) will be liable for misuse of a lost or stolen Contractor Identification Card when such loss is not reported to the Director of Personnel and Self Insurance.

#### **4. Site-Specific Access Control Procedures**

Site-specific access control procedures have been developed and implemented at various County facilities and properties. Employees, visitors, and contract personnel seeking access to these facilities or properties will be required to abide by access control procedures established and implemented at these sites.

At facilities where security personnel may or may not be assigned, access requirements, such as visitor log-in and the wearing of Visitor Identification Cards or Visitor Passes, may be required. The Department Head(s) at the affected facility will determine these requirements with the assistance of the Chief Administrative Officer.

These site-specific procedures must conform to the overall County policy and can be developed with the assistance of the Chief Administrative Officer. In all cases, the department enacting the access procedures will confer with the Chief Administrative Officer before implementing the procedures. Once a procedure regarding access control has been developed, such procedure will be provided to the Chief Administrative Officer for final review, approval, and retention.

**5. Granting, Revising, or Deleting Access Authorization**

*New Employee*

The Department Head must report to the Department of Personnel and Self Insurance the access requirements for the new employee no later than one day prior to the new hire's new employee orientation. This information will be included on the *Security Badge and Photo ID Application* completed by the employee's department and sent to the Department of Personnel and Self Insurance at least one day prior to the Employee Identification Card's issuance.

*Suspension of Access*

An employee who is out on medical leave for more than five (5) days or an employee who is suspended from work shall have their access privileges terminated until the employee can return to work. The Department Head must notify the Department of Personnel and Self Insurance in writing by email of any employee who meets these criteria to stop access and then once again notify the Department of Personnel and Self Insurance of the employee's return to re-activate the access privileges.

*Revision of Access Requirements*

Whenever an employee is reassigned, or circumstances require a change in access to certain facilities, the Department Head is required to notify the Director of Personnel and Self Insurance in writing using the *Badge Access Change Form* specifying the new access requirements and effective date. This notification to the Director of Personnel and Self Insurance must be made one full business day prior to the effective date.

*Termination of Employment (Voluntary or Involuntary)*

The Department Head must notify the Department of Personnel and Self Insurance of any termination of employment, regardless of whether the termination is voluntary or involuntary as close to the end day as possible. Notification is required in order to delete access authorization into County facilities. For preplanned terminations, Department Heads must notify the

Resolutions 158-173

Director of Personnel and Self Insurance in advance and provide the planned date and time of termination. Department Heads are required to obtain the Employee Identification Card at the time of termination. The Employee Identification Card will be returned to the Department of Personnel and Self Insurance as soon as possible.

*Special Procedures for Electronic Controlled Access Equipped Facilities*

The Director of Personnel and Self Insurance or designee has administrative and operational control of the electronic access control of the system.

The Director of Computer Services or designee has complete administrative and operational control of the electronic access control of the system to include the ability to override and terminate access.

**RESOLUTION NO. 173-511**

APPROVING AGREEMENT BETWEEN THE BUILDINGS AND GROUND'S DIVISION OF THE HIGHWAY DEPARTMENT AND PANEK COATINGS, LLC AND AUTHORIZING THE TREASURER TO TRANSFER FUNDS INTO THE BUILDINGS AND GROUND'S BUDGET

RESOLVED, that this Legislature approves an agreement between the Buildings and Grounds Division of the Highway Department and Panek Coatings LLC., 13998 W. County House Rd, Albion, NY 14411, for scraping, priming and painting the exterior of the Courthouse dome, cupola and columns, per written proposal submitted, in the amount of \$14,635 with such work to be formed in June of 2011. session. Repairs will also be made to the hole that was caused by the weather vane falling off the top of the dome. Legislator Rush indicated that a grant will pay for a portion of this project.

Legislator Allport moved to adjourn; second by Legislator Bower. Meeting adjourned at 4:50 PM.

## **LEGISLATURE MEETING**

May 25, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Care Net Center of Greater Orleans has requested the use of the Courthouse lawn to display a large vinyl banner to promote the Albion Strawberry Festival 5k and 8k Race. The banner will be set up immediately and removed after the event. United Way of Orleans County is requesting permission for a banner to be displayed on the Courthouse lawn for the United Way of Orleans County/Van Hungerford Golf Tournament that is to be held on June 29<sup>th</sup> at Shelridge County Club in Medina. The banner will be set up immediately and removed after the event. Genesee/Finger Lakes Regional Planning Council will hold their 34<sup>th</sup> Annual Meeting at the Hotel Clarence in Seneca Falls on June 9<sup>th</sup>. The Orleans County Elms Poorhouse Cemetery dedication will be held on June 20<sup>th</sup> at 10am.

A Proclamation of Retirement was presented by Legislators Lynne Johnson and Henry Smith Jr. of the Public Safety Committee, to Officer Cliff a patrol K-9 trained to detect drugs and apprehend suspects.

The Treasurer distributed a colored copy of the final report for the auction results from the auctioneer.

During open discussion, Thom Jennings, Albion, NY, took a few minutes of the Legislature's time to discuss the County's plans on redistricting. Mr. Jennings would like to know if the County is going to attempt to redistrict and if so, will some members of the parties that are not represented on the Legislature, such as Conservative or Independent, be involved in the process. The Chairman asked the CAO or County Attorney to address this question. Chuck Nesbitt, CAO, stated that it has been looked into and the tolerances that the districts need to fall in are within 10% and the methodologies that are being used are the same as we

have used in previous decades. The State Municipal Home Rule Law states that we are not to break up a town unless it exceeds 110% of the ideal size. Currently there is no town that exceeds this amount. In relation to the Home Municipal Law there is no legal reason to make an adjustment. Mr. Jennings stated that he is aware that the New York Civil Liberties Union (NYSCLU) has sent a letter and he is consulting with an attorney and they believe it is something that needs to be done. Aside from the legal stand point he believes that the At Large districts are grossly out of proportion. Mr. Nesbitt pointed out that the letter that was received from the NYSCLU has a lot of factual inaccuracies and there will be a letter sent pointing out the inaccuracies. Mr. Jennings then asked in conclusion that the County currently has no plans on forming a committee to look further into redistricting. The Chairman confirmed this and also added that the County is within the parameters of the law and sees no justification in redistricting. Legislator Allport added that it was previously determined by a court order that the At Large districts be split into East, Central, and West districts and the candidate must reside in the area they wish to represent. Mr. Jennings argues that this puts constraints on the party's possible candidates. If we had two candidates that resided in the same district only one could run. If the Legislature was to remove the residency requirement for the At Large districts that would give the other parties a better chance to participate. Legislator Allport restates that the residency requirement was set by court order established by the constitution. Chairman added that the residency requirement eliminates a concentrated representation of a specific area and spreads out the representation fairly. In reality we represent all of the people of the County. Mr. Jennings thanked the Board for the time.

Chris Loss, Barre Center, NY, in regards to selling the Nursing Home, those of us that are concerned about the future would like a subject of a referendum on the ballot in the November election. This issue is important enough to place it to a vote of the people. The Chairman expressed that this request is premature due to the fact that there has been no decision one way or the other to sell the Nursing Home. The decision, once it is made, will be based on the financials and how the State positions its desire to maintain nursing homes. The audit has been completed and it is possible that we will be presenting the results to the public in our next Board Meeting. The Chairman anticipates at a future meeting that we will be presenting an accountant prepared analysis of what 2011 and forward looks like financially. This process has not been conducted with the intent to sell the nursing home; we have not stated that we are selling the nursing home. Ms. Loss asks that if the Legislature does decide to sell the Nursing

*May 25, 2011*  
*Resolutions 174-190*

Home that it be put to public vote. The Chairman assured her that if that time comes; it will be put to due public opinion, but as of now this is premature. For the first four months of this year the numbers are not profitable, but they are 45% ahead of plan, which is heartening. The bottom line is how the State deals with counties that own nursing homes. Without government support it becomes extremely difficult for any county to support a nursing home without having to increase taxes. An example of such irresponsibility of the State is the Property Tax Cap, which would limit tax increases by 2%, at the same time the State has already decreased the revenues by 6%. So all things being equal we exceed the Property Tax Cap. If we are mandated by law to stay inside the parameters of the Property Tax Cap, what services do we continue to provide? The Sheriff's Department, the Nursing Home, the Highway Department, what services would be required by the State to continue to be provided? These are the types of decisions we will be faced with in coming years with the input of the community. Ms. Loss is concerned over more than figures, it is about the care of her mother. The Chairman agrees that it is about all of the people of Orleans County and feels that it is very serious business. We encourage people to spread the word of the quality of services and rehabilitation The Villages offers. It is a key in our survival.

The Chairman read a letter provided by NYSAC that will be sent to our representatives regarding the Property Tax Cap and how the unfunded mandates have shown no relief. A 100% of the County's taxes go to unfunded mandates and if there was relief we would not have to worry about the future of our Nursing Home, Sheriff's Department, or the Highway Department. This letter will be sent tomorrow morning.

Mr. Jennings questions mandate relief. If county tax dollars do not pay unfunded mandates, then state dollars will. The people will pay either way. The Chairman states that the State needs to cut spending altogether instead of down streaming the cost to the people by increasing property taxes. They can not downstream the cost to the people on the local level and then say the local level is acting irresponsibly. Mr. Nesbitt, CAO, stated that the counties have proposed 256 aspects of mandate relief. One of which is that Dave Lucas, an expert on Medicaid, has been hired by NYSAC out of the Washington Office to do an analysis of the federal health care law. He believes that NYS can take over the local share of Medicaid without additional expense that would reduce this county's property tax rate by 55% and by 100% in other counties. That is what we want to see happen. Mr. Jennings responded that when he thinks of mandate relief he simply sees it as a shift of responsibility of the burden

from the local county level to the State level. Mr. Nesbitt is asking just the opposite of having the county be responsible for local spending. The Chairman added that 256 items were presented to the State and every item was disregarded and passed by. The fight needs to start in this room and we need the people to help in making these important decisions. This needs to be dealt with now and it starts with our representatives.

The following resolutions were then presented:

Legislator Johnson moved to accept the 2010 State Homeland Security Program grant. Legislator Johnson added that there is an increase in the grant funds for the Homeland Security over last year. Chairman asked if future Homeland Security grant funding may become limited. Paul Wagner, EMO Director, stated that the funding for the 2011 fiscal year can be expected at a 20% decrease. Legislator Smith seconded the motion and the following resolution was adopted:

**LEGISLATURE MEETING**  
June 8, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: County of Orleans Industrial Development Agency will hold a Public Hearing on June 16, 2011 at 9:00 a.m. in the offices of COIDA at 121 N Main St, 2nd Floor, Albion NY 14411 for the purposes to consider financial assistance requested of COIDA by Liberty Fresh Farms, Albion NY. Monroe County will be hosting this month's InterCounty Association of Western New York meeting on June 17th at the Ebenezer Watts Conference Center in Rochester. After the meeting a tour will be held of the new state of the art Monroe County Public Safety Crime Lab Facility. Webelos Scouts of Den 5 Pack 164 Leader Eric Brown expressed appreciation for the time and effort the Orleans County Legislature afforded the boys and the information shared by the Board helped each boy earn their Citizenship Badge.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through May, 2011. The report was passed out and looks very well. The Treasurer will be cutting checks for snow plowing, so the end of June may not look as well. Legislator Rush added that this included roadside mowing. The Treasurer also stated that it was to fulfill the contract of the previous season, not the upcoming one. Legislator Johnson inquired about the sales tax. The Treasurer stated the check she just received was down by six or seven thousand from this time last year. In June we will receive another check next week and also on June 30.

Chairman opened with a statement on redistricting. Chairman read the following:

*Last week the Orleans County Legislature was informed by the New York Affiliate of the American Civil Liberties Union of its intent to take legal action against the county should it not redistrict the legislature, apparently at the request of one resident within the county. Its contention is that the variation among the district population is too great and violates the one-man-one vote rule. It further indicated that we cannot wait until July to draw new lines because the parties need to circulate nominating petitions in June.*

*The county legislature feels that there is significant merit to arguments for maintaining the current district structure. A majority vote of the*

Resolutions 191-197

*legislature always represents a majority of the constituency. After much discussion with the county attorney, the legislature has decided that it is in the best interest of the Orleans County taxpayers to make a slight adjustment to the current legislative district structure rather than enter into a protracted legal confrontation. If the county's case were unsuccessful in federal court, the risk of such a lawsuit would be two-fold. First, the county would not only be forced to bear the cost of defending the suit, but would also be liable for the legal expenses of the ACLU related to the lawsuit. This could represent a significant outlay of county dollars, possibly reaching into the tens of thousands of dollars. This is an untenable risk in tough economic times for the citizens of our county to bear.*

*The second, and possibly even more important risk were the county to lose, is that a federal court would likely appoint an outside person to draw legislative districts for Orleans County. It is my belief that the process of redistricting the County of Orleans should not be forfeited to a federal entity by the duly elected representatives.*

*Therefore we will be introducing Local Law No. 3 of 2011 today regarding reapportioning the legislative districts and setting the date of the public hearing for our next meeting. This local law makes a slight adjustment to the current structure by moving one election district in the Town of Shelby from Legislative District One to Legislative District Two. Election District Number 3 in the Town of Shelby will be taken from Legislative District 1 and placed in Legislative District 2 thereby alleviating the threat of a lawsuit based on the assertions of the American Civil Liberties Union. Election District 3 consists of the portion of the Village of Medina south of the Shelby line and from West Avenue to the west ending at the village lines.*

*The plan brings Orleans County into compliance with the standard used by the ACLU with only a very small impact on the integrity of town lines in Shelby and Ridgeway. The plan also preserves the geographically contiguous districts. In fact, only two of the four districts are changed at all. According to the ACLU the at-large seats are not in question and those remain intact as well. Only legislative candidates for District 1 and District 2 need to be concerned with the small changes impacting petitions. Information on the specifics of those changes are readily available at the County Elections Office.*

*It is important to note that despite the ACLU's assertions, the variance would have had no impact on the outcome of any vote as four votes of seven in every instance results in a majority.*

*This will need to be done in a timely manner, as the petitions have the need to be circulated.*

Legislator Smith reported that RGRTA will be providing bus shelters in October/November. One will be placed here in Albion and the other will be placed in Medina. There will be further discussion as to where exactly the shelters will be placed.

Allen Lofthouse, Kendall, questioned Resolution No. 195 in regard to the hard economic times why are we purchasing property on W. Academy Street for \$64,900, what would be the reason for this purchase, and what will be the return on investment. Nesbitt, CAO, stated that the County is looking to get out of the business of renting property. Currently, there is a tenant on the property that generates \$250 per month in rent to the County. The County is not looking to grow the Highway Department. In the future RGRTA may look to expand an area for bus maintenance.

Paul Lauricella, Lyndonville, referred to the article in this week's paper that Orleans County highest taxed per capita in the country in regards to property. The Chairman stated that Orleans County is one of 22 counties in the State of NY that is in the list of the top 25 in the nation, so this is a New York State problem. It becomes more evident in this county because the real estate values are low. If it were a measure of spending versus people, we rank among the best in the state. If you took the median salaries and the median values of home, Orleans County is one of the best ratios in the country. It all depends on how it is measured. Until we get unfunded mandate relief this statistic is not going to change. Mr. Lauricella argues that between the County and the State it takes two. On a local level, there must be something that can be done. The Chairman emphasized that over 100% of the tax levy goes to unfunded state mandates. The County must continue to convince the State to stop spending and passing it down through the counties. We could sell the nursing home and get rid of the highway department and sheriff department, but we would still be paying 100% of our tax levy to NYS. Legislator Bower added that the biggest part of the tax is school tax, which this Body has no control over at all. The Chairman stated there is a chart that breaks down the school taxes, county taxes, town taxes, and village taxes. The school's portion is 63.9% of the total, which begs to ask what

are the schools doing, along with the towns and villages. The schools are under state mandate as well. Mr. Lauricella asks if this government can relinquish aid and put its foot down and not pay. Nesbitt, CAO, responds that what Mr. Lauricella is asking is illegal. The counties exist due to a state law as a way to put the programs throughout the state, and they have also used the counties as their personal bank account. Mr. Lauricella references that economists are reporting a depression worse than the great depression. The Chairman agrees that this issue is coming to a bursting point and the only solace is that we are not alone in this issue. All of the counties are living through this. Legislator Johnson added that Orleans County has taken numerous actions to consolidate funds. Last year the Highway Department and Buildings and Grounds were consolidated into one department. The record of employees has dropped. In looking at District 2, the County is considering consolidating services of the Village of Medina, Town of Shelby, and the Town of Ridgeway. There are two school districts on the west side that are currently without superintendents. There needs to be pertinent conversations about sharing these services that benefit the tax payer and still provide at least the level of service that is provided currently.

Chairman Callard, referred to the nursing home discussion last week and public referendum on the ballot in the November election, has looked into this and it is not legal for us to do that. County Attorney Schubel stated that the Municipal Home Rule Law has a specific list of topics for referendum. The sale of the nursing home is not amongst them. He further stated that the state comptroller has released opinions on municipalities holding referendum on great public interest and it is inappropriate to use public funds for no statutory authority to do it. The Chairman reiterates the this Legislature has not made the decision to sell the nursing home and it would be irresponsible to do so without looking at the financials and seeing how it will effect tax payers in the long run. For the first four month the nursing home has made a 45% improvement, but is still running at a loss. Chris Loss asked when the Legislature anticipates making a decision on the sale of the Nursing Home. The Chairman reiterated that they hope to have the results of the annual report by the next meeting. The Legislature has a responsibility to the taxpayers to do what is best for the County. There is no rough timeframe of making a decision. There has been no request for buyers, only an expression of interest to simply see what is out there.

Mr. Lauricella stated that the opposition to selling the Nursing Home is becoming very organized. There are letters almost daily. His suggestion

is to issue a letter explaining the Legislature's case. He is not in favor of selling the Nursing Home if the County can keep it, but on the other hand Mr. Lauricella is getting pounded on his taxes. For the first time in his life he paid his property taxes in May and is not happy about the 5% increase that happened this year. He continued to ask the Chairman to issue a letter to the newspapers to reiterate what has been reiterated in these meetings concerning the Nursing Home. Chairman said what he reads is fair and balanced for the most part. Legislator Bower added that he has stated many times during these meetings that not a single Legislator wants to sell the Nursing Home. He further stated that the paper leads you to believe he is the only Legislator that doesn't want to sell the Nursing Home and this is not correct. Do not believe everything you read in the newspaper. If there comes a time that the taxpayers can not afford to keep it, he may have to vote to sell it. Currently we are doing everything we can to advertise and promote the facility to bring public awareness of the quality of care we provide here in Orleans County.

## **LEGISLATURE MEETING**

June 22, 2011

---

Chairman Callard called the meeting to order at 4:39 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present. Charles Nesbitt, Jr., the Chief Administrative Officer was absent.

The Clerk presented the following communications: Albion Middle School Service Learning Class wished to thank Chairman Callard and the Legislature for helping them with the Alms House Cemetery Project. A Thank you note was sent, signed by the members of that class and Mr. Archer. Go ART! 2012 Reach & Ripple Grant Program Workshop Schedule has been announced. Visit [www.goart.org](http://www.goart.org) for details of the dates and locations. Funding is available to assist nonprofit organizations and individual artists in the creation and presentation of arts and cultural programming throughout Genesee and Orleans Counties. This funding is contingent on the approval from the New York State Council on the Arts. They have requested that pre-registration is a must to attend the scheduled workshops.

Legislator Johnson announced that three Orleans County Officials were recently honored from New York State for outstanding contributions to community corrections and interagency collaboration at the Mid Atlantic States Correctional Association Conference and Training Institute sponsored in Albany. Probation Director Luci Welch, retired Commissioner of Department of Social Services Carol Ludwig, and current DSS Commissioner Thomas Kuryla shared the 2011 award for outstanding collaboration between Probation and Social Services. Legislator Johnson shared that there are 3,100 probation officers in New York State who supervised 125,000 adult and 17,000 juvenile probationers across New York last year. Probation Officers along with their partners in community corrections and Social Services make a significant difference in the lives of countless youth at risk along with young adult and adult offenders and their work can often go unnoticed. She stated that this County has taken great strides in collaborating services between

departments and consolidating services whenever a chance arises without affecting positions. Here is a great example of two departments that worked together to collaborate. Legislator Eick, Chairman of the Economic Assistance and Opportunity Committee and Legislator Johnson, Chairman of the Public Safety Committee presented special recognition certificates to both Luci Welch and Tom Kuryla congratulating them for collaboration between the departments of Probation and Social Services.

Chairman Callard opened the floor for discussion. Bob Golden, Carlton, was pleased to hear how the departments of Probation and Social Services are continuing to work together, as they did back when he was Director of Probation. In regards to the Nursing Home, he urged the Legislature to not look at the difference between the expenses and revenues as a loss but look at the expenditures the same way we expend tax dollars on the Sheriff's Department. It would be nice to run the infirmary without any debt dollars but if not, he said it is worth to the citizens to pay the extra tax dollars if necessary to keep the Nursing Home going. He knows that there are increasing revenues for the rehab beds and understands that the County is working on promoting that as well. He knows, with his involvement with Holy Family Parish, that people will pay the additional tax dollars to make sure we maintain a county home. He has seen personally all of the good work done in the care of our residents at our Nursing Home

Gary Kent, Albion, apologized to Legislator Bower for unintentionally misrepresenting his vote on the hiring of William Gillick. He was, in fact, the lone "No!" vote. In a separate vote, Legislator Bower offered Resolution No. 373-1010 which authorized the CAO to seek Requests for Expressions of Interest in purchasing The Villages, as well as subsequent Request for Proposals authority. The vote in favor was unanimous.

Mr. Kent stated that some of us have decided that selling the County Nursing Home would be unwise, as did CGR advise Genesee County in selling their facility. If Orleans County leaders could recognize a need and respond to it in 1833 by building an Alms House, we can recognize a similar commitment today. Mike Paduchak and Joan Hudson have accurately framed the issue as it existed in the 19<sup>th</sup> century simply and eloquently. The need continues and so must courageous leadership.

Mr Kent expressed that selling The Villages would provide short term gain at considerable "cost." It would be abdicating our responsibility to many functionally incapacitated County residents such as his 98 year old friend

*June 22, 2011*  
*Resolutions 198-213*

who requires skilled nursing care, whom has no family, and cannot live alone. Our unwritten covenant with seniors must be kept.

He explained that to sell The Villages based on vague projections is imprudent. There is no one here who can predict the future. How well was sales tax revenue for 2011 predicted? What would five dollar a gallon gas do for sales tax revenues? None of us knows where the economy and retirement contributions will be in 2014. Will the nation continue to allow the insane system in which private health insurers buy Congress and beat County residents out of \$5,000,000 a year in taxpayer funded municipal health insurance premiums forever? There are informed opinions about IGT money and Medicaid reimbursement, but is anyone here certain about where these will be three years from now? Can you predict the priorities of our next Governor? Consider how much things changed when a new Commissioner of Corrections came to town. Mr. Kent claimed that Chairman Callard has said Nursing Home financials are not looking as dire as anticipated last fall. If we cannot even guess what will happen in the next six months, how can we forecast 2014?

In its response to a concerned citizen's information point, the Legislature said, "The Villages has been the most widely publicized program for the last five years for a variety of reasons." When Legislator Eick left The Villages Rehab last June, he astutely noted that area nurses and doctors are not aware of our rehab wing, and we need to advertise this. The minutes of June 23<sup>rd</sup> show he may have used the word "excellent" three times in describing his care.

How do we know what The Villages bottom line would look like with an aggressive attempt to sell its services, asked Mr. Kent. How will a shortage of nursing homes in nearby Niagara County affect The Villages? What if a similar scenario occurred in Genesee County? Could Orleans be marketed as a community that welcomes and values its seniors? Though Erie and Albany Counties are building new long term care facilities, the trend is to close or sell them. Mr. Kent further stated that if we can buck the trend by holding on to what is essentially a new facility, we can put ourselves on the map. Excellent public safety, ambulance services and a hospital add to the attractiveness of Orleans County. But a peaceful, rural setting in close proximity to Erie and Monroe County medical facilities positions us well to capitalize on an aging population. If you take this course, it would be news across the Empire State.

Whether you take the long view, or not, the concerned citizens of Orleans

County are not going anywhere. We are a diverse group with Nursing Home employees and family members constituting less than ten per cent of us. CSEA has yet to play a role in our efforts. Legislator Bower was correct when he spoke to Christine Loss--if he meant that opposition to selling The Villages has political implications. At its core, it is not political. He knows better than most that it isn't political with me.

Mary Bannister and Christine Loss were unable to be here today. Their appreciation for The Villages stems from the fact that three of their parents are residents. One of our staunchest activists greatly values the care his father received before he passed away after several years as a resident. There are many other citizens who share a sense of responsibility to seniors without ever having had a family member need long term care. It would be a mistake to see the interest of such thoughtful people as political, continued Mr. Kent.

As difficult as it may appear, liquidating an asset like The Villages Long Term Care and Rehabilitation facility would mean we took the easier way. We understand the Siren call of privatization. It is not that we think you are evil, but we disagree that selling The Villages is in the long term interests of Orleans County. Mr. Kent thanked the Legislature for their indulgence. Chairman Callard thanked Mr. Kent for his thoughtful comments.

Paul Lauricella, Lyndonville, said that people are coming to these meetings looking for funding. The reality is that there is no money. The ARC for example, which is a noble organization, started out doing a service and now over the last twenty years have expanded into other services, which got them away from their original intent. That is great when the money is good. As a taxpayer, he does not want his taxes raised. He would love to see these programs and organizations funded. As a business man if he expanded into areas that are not successful, he would have to pull back or go out of business. If your primary source is the taxpayer, he indicated that we have had enough. Taxpayers are also cutting budgets at home and these organizations also need to make further cuts. The taxpayers are not in the market to subsidize programs, policies and not for profit organizations. They are nice to have when the money is here but if there is no money reductions need to be made. There are people in this county who are taxed to death. Mr. Lauricella said he rather have less services and lower taxes than support all of this stuff.

Grace Denniston, Carlton, wished to re-iterate what Bob Golden stated earlier that the Nursing Home is a service that we provide like other

departments in the county. It is not there to make money. Certainly we want to do all we can to make the cost bearable but in the end this is what we are providing to our Senior Citizens. She feels that we can through them out the window and she would pay higher taxes to keep the Nursing Home.

Kay Walter, Barre, indicated that she has had four close family members in the Nursing Home over the past fourteen years. She said that not one of them wanted to be in the Nursing Home, certainly she didn't want to put her mother there. Once they got there, they all thought it was wonderful. She appreciated having them close so she could visit, rather than traveling to Niagara or Genesee Counties or them being forgotten by family. She urged the Legislature to do everything they can to keep the Villages open.

Chairman Callard indicated that it is the desire of the Legislature to keep the Villages open. This Board has a fiscal responsibility to the taxpayer. The figures are studied month by month and that through the month of May the figures have improved by 72% from budget but still running at a loss. We need to run a profitable operation, in operations itself and not be dependent on the State for survival. The State is our biggest problem and what it is going to do to impact our viability. The State is forcing counties to give up this operation. This Board has not given up and we will continue looking at this and making steps everyday to try to enhance the viability of the Nursing Home. He indicated that we may even see future advertising on the television promoting our facility.

Kay Walter indicated that she would be willing to pay higher taxes to keep the facility. Chairman Callard said he thinks all of us would but we may be in a better position to do that other than an average tax payer whose annual income is \$40,000. It becomes an increasing burden on the majority of people. We need to be cognizant of the needs of all the people of our county.

Diana Dudley, Albion, who's mother was a resident at the Nursing Home and was thankful that she was able to live close so she could go three times a day to help feed her. She spoke recently to a Nurse's Aide, who has worked at Beikirch, Orchard Manor, and the Villages, who said that the Villages does not bill the state for reimbursement for detailed activities for the residents. She said they can bill for much more reimbursement detailing the care of a resident, such as if a resident needs to be hand fed but said it involves much more paperwork. Legislator Bower stated that it is completely incorrect. He said that we do everything we can do to get

every dollar we can for reimbursement. Chairman Callard appreciates the input and it is important for the Board to hear what is going on. His mother in law was placed in The Villages, even though Orchard Manor was closer, traveling eleven miles each way because of the great care.

Grace Denniston questioned if the old section of the nursing home could be rented out for additional revenue. Chairman Callard said that they looked at the potentiality however a large cost could be involved in the upgrades. Currently the Board of Elections office is there along with another area being rented.

Gary Kent thought in 2009, when he was a sitting legislator, an estimate to update the air conditioning in the old section of the nursing home was in the neighborhood of 150 to 200 thousand dollars. He believes that an investment needs to be made in that space to make renting profitable. He stated that a lot of people at this meeting do not realize how many things are on the Legislators plates. He knows from being here, that a lot of things slip through the cracks, are forgotten about or new priorities step forward. He wondered if the cost of renovating this space has been discussed since then. Chairman Callard stated that they have talked about this within the year and would need new cost estimates. He said there is a lot of rentable space in Albion, even within the entire County and feels that they would not get the occupancy such to offset the cost. Legislator Bower stated that this has been looked into and in knowing that we have an income from renting that, the State would reduce their payments to us which would end up costing us more.

Paul Lauricella asked Chairman Callard if there is a possibility in running the numbers on the Nursing Home and on all these other programs that people want to keep in effect or funded as to how much per taxpayer their taxes would go up. Mr. Lauricella suggested placing an ad in the local newspaper or pennysaver to seek volunteers to pay for this, having their taxes raised. Chairman Callard said they could determine that and questioned Mr. Lauricella if he is willing to pay additional taxes. Mr. Lauricella said he does not want to see it go but he can't afford the taxes he is paying now.

Legislator Allport indicated that every \$16,000 expense is a penny per assessed thousand on your taxes.

Richard Kox, Barre, said his father was in the Nursing Home but unfortunately passed away February 5<sup>th</sup>. The time that he was in there, he

*June 22, 2011*  
*Resolutions 198-213*

accepted it as his home. He knows of others who are in there and also accept it as their home. Mr. Kox would pay additional taxes to keep The Villages here.

Legislator Rush commented that he and Legislator Bower worked on the construction project by meeting with the contractor daily and watching it progress. He said that both Legislator Bower and he have rooms picked out and he is not in favor of selling it.

Legislator Bower commented on the apologies of Gary Kent who miss quoted his record of voting in his article "Where does our Legislators stand on the Nursing Home", of which an apology was made publically today and the other in this week's newspaper. Legislator Bower confirmed that he did not vote to have William Gillick be the Director of the Nursing Home. He was adamant about it and still is now. Legislator Bower stated today that Mr. Gillick has done an excellent job at the Nursing Home. Legislator Bower has been on the Nursing Home Committee for almost the twenty two years on the Legislature, and it is the best run Nursing Home today that he has seen. In Mr. Kent's correction in the newspaper, it was stated that Legislator Bower did vote for request of interest in the sale of the Nursing Home. Legislator Bower likened that to the County Highway Department getting in trouble with the State mandates cut us off on the funding and then we would need to get rid of that. It would be foolish for him to vote against going out and looking to where we would have these facilities provided for us in the future. We have to protect what we have here and one way to protect it is in looking out for things that might happen tomorrow. This is not the first time he has had problems with articles written by Mr. Kent, but Legislator Bower expressed that these really hit home. If anyone knows him, he loves this Nursing Home. The three factors that are driving the real problem in the Nursing Home are the retirement costs, health care costs, and the high raises. Legislator Bower recited portions of the November 22, 2010 letter to the editor in the Daily News written by Mr. Kent and in that Legislator Bower pointed out that the raise issue was only vetoed by Legislator Bower, not Mr. Kent's.

Legislator Eick commented on the article in the paper because he was criticized as being silent in regards to the Nursing Home. His position is that this Board is looking at all aspects of the Nursing Home and we want to keep the Nursing Home. He was in the Nursing Home for several weeks and it is an excellent facility. A Nursing Home is drastically needed by the hour because his Dad is in Orchard Manor because it is

closer for his mom but he needs to be there, expressed Legislator Eick. He said we all have concerns and the idea that this Board is going to sell it needs to get out of people's heads. He explained him getting out of the dairy farm business because of future declining milk prices. We as a group want to keep the Nursing Home but later on we may need to do something. We have spoke of various aspects of advertising and will have a booth at the 4-H fair, which we welcome volunteers to man this booth.

Legislator Johnson stated that on behalf of Mr. Gillick, a list was given to her pertaining to what was done in the month of May concerning marketing the Nursing Home.

Richard Kox stated that at an Office for the Aging event held at the Trolley Building, The Villages was not represented. A quick phone call was made to Bill and then they quickly were able to get there. The facility needs more marketing. He suggested that the televisions should be turned off to help cut costs.

Legislator Bower announced that The Villages Garden will be included in this year's Master Gardener's Garden Tour on July 9<sup>th</sup>. Legislator Bower requested that all citizens need to help in marketing our Nursing Home by telling friends and neighbors about our great Nursing Home and the opportunity of having great rehabilitation. The hospitals in Monroe County are not going to help us. He announced that he will continue hosting tours the first Friday of each month at 1:00 p.m.

Legislator Smith indicated he does not have a room picked out but we do have a beautiful facility as eloquently stated and is certainly in favor of everything said by his peers here today. There is no way the Nursing Home will be sold unless something happens down the road.

Theresa Martilotta, Albion, stated that she was in for rehabilitation for eight weeks a year ago this past September and everyone was wonderful. The nurses and the aides were all wonderful and she could not imagine being without the Nursing Home.

Pam Canham, Director of Office for the Aging, reiterated what Legislator Bower said and that people can advocate for their frail and elderly loved ones. The Office for the Aging staff meets with care givers and provides them information that they have options as to where their loved ones can be placed to be cared for. That is one of the missions for the Office for the Aging.

Chairman Callard called for the presentation of the following resolutions:

Legislator Eick moved to adopt the redistricting Local Law which was discussed extensively this afternoon and explained by our County Attorney; seconded by Legislator Smith. On behalf of the Legislature, Chairman Callard presented the following statement prior to final adoption of the resolution:

*Before the vote on redistricting commences I thought it is appropriate to review the record on how this resolution was necessitated. The issue was raised by one, who recently announced his candidacy for the District 3 Albion and Gaines Legislative seat. At the April 27<sup>th</sup> meeting he commended CAO Nesbitt and Clerk of the Legislature Hanlon for providing his FOIL requested information in a timely manner. He specifically mentioned his concerns with the At Large Central District and the District 3 population where he lives, and while conceding that there may not be a legal issue, redistricting should at least be looked at by a citizen group.*

*The county legislature has maintained that there is significant merit to arguments for maintaining the current district structure and that a majority vote of the legislature has always represented a majority of the constituency. Redistricting, when not required, would only become a politicized issue.*

*That same individual revisited the legislature on May 25<sup>th</sup> and stated that he had been consulting with an attorney and that he was aware that the*

June 22, 2011  
Resolutions 198-213

*New York Affiliate of the American Civil Liberties Union would be writing a letter to the county and that something had to be done. That person further suggested that the county remove its residency requirements for legislative offices.*

*One week before the June 8<sup>th</sup> meeting of the legislature, the county was informed by the Civil Liberties Union of its intent to take legal action against it should the county not redistrict. Its contention was that the variation among the district population is too great and violates the one-man-one person rule. It further indicated that this needed to be done immediately because of the political parties needing to circulate nominating petitions this month.*

*The legislature decided that it was in the best interest of the Orleans County taxpayers to make a slight adjustment to the current legislative district structure rather than enter into a protracted legal confrontation with the Civil Liberties Union which could cost tens of thousands of dollars.*

**The legislature was given ONE WEEK, then, to legally set this in motion** *(one week - which in itself causes one to question the motive and whether or not it was political in nature). A decision had to be made immediately and a call for a Public Hearing placed at the June 8<sup>th</sup> meeting and a vote is being taken at this meeting to comply with the Civil Liberties Union's request. One week is hardly time for a citizen group to be formed and to deliberatively discuss the issues.*

*Election District Number 3 in the Town of Shelby will be taken from Legislative District 1 and placed in Legislative District 2 thereby alleviating the threat of a lawsuit based on the assertions of the Civil Liberties Union.*

*The plan brings Orleans County into compliance with the standard used by the Civil Liberties Union with only a very small impact on the integrity of town lines in Shelby and Ridgeway. The plan also preserves the geographically contiguous districts.*

*The Local Law is subject to permissive referendum under the provisions of the Municipal Home Rule Law of the State of New York should the people feel it is necessary; or if the one or two who have been driving this request wish to pursue it through a lawsuit, then so be it – but this legislature will*

*not be intimidated or threatened by politicians and the people will ultimately know how the cost occurred.*

July 13, 2011

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, the invocation was led by Bob Beach Sr., World War II Veteran and Chaplain of the Military Honors Firing Squad from Medina.

Chairman Callard announced that United States Marine Corp Sergeant Trevor Thomas Cook passed away on July 6<sup>th</sup> as a result of a Marine Corps' Helicopter crash at Camp Pendleton, California. Sergeant Cook was a 2004 graduate of Lyndonville High School. Sergeant Cook was a highly decorated Marine who served two tours overseas including the Pacific Asiatic Theatre in the Gulf of Aden and USMC Camp Bastion in Afghanistan. He was currently serving with the Third Marine Division, 369<sup>th</sup> Light Helicopter Attack Squadron, who were known as the "the Gunfighters".

Chairman Callard requested a moment of silence to remember our local hero and to pray for his family and friends during their time of loss.

The Clerk called the roll. All Legislators were present, with the exception of Legislator Eick.

The Clerk presented the following communications: The Albion Ministerium, a group of clergy from the Greater Albion community, requests the use again, for the fourth consecutive year, of the outer grounds of the Courthouse for their annual Ecumenical Picnic on Sunday, July 17<sup>th</sup> from Noon until 2:30 p.m. Approximately 15 congregations gather, about 200 people in total, to celebrate common bonds and to grow in greater fellowship with one another. Access to the grounds would be from 10:30 a.m. until 3:00 p.m. EAP is sponsoring an American Red Cross Blood Drive which will be held on July 15<sup>th</sup> from 9:00 a.m. to 2:00 p.m. at the Orleans County Administration Building Conference Rooms. Resolutions 214-228*

Albion Mayor Dean Theodorakos, thanking Jerry Gray and the Orleans County Highway Department for assisting the Village DPW in demolition of the former restaurant at 19 North Main Street.

The Board approved the request of the Albion Ministeriam to use the Courthouse grounds on July 17<sup>th</sup>.

Legislators Johnson and Smith of the Public Safety Committee presented the Probation Department a Proclamation designating the week of July 17 – 23<sup>rd</sup>, 2011 as Probation, Parole and Community Supervision Week in Orleans County. Those present to accept the proclamation included Luci Welch, Director of Probation; Jeannette Riley and David Quaranto, Probation Supervisors; Casey Gearing and Chris White, Probation Officers.

During open discussion, Chairman opened the floor. Jeanne Crane, Carlton, Orleans County Democrat Chairwoman, came before the Board to today explain their position regarding redistricting and Local Law No. 3 of the year 2011. Their intent was not done maliciously but rather was initiated because no redistricting has been done in approximately thirty years. It is the duty of the Legislature to review their plan every ten years after each census has been completed. Their concern is the concept of “one man, one vote”. Mrs. Crane advised that the League of Woman Voters presented a program on February 3<sup>rd</sup> on redistricting and the gerrymandering that occurs when a partisan party initiates the process. At that time the Democrats formed a subcommittee to review Orleans County’s plan. Thom Jennings, as a member of that subcommittee, did some of the research and crunched the numbers. She indicated that this was not politically motivated as previously stated in news articles. The committee wanted to make sure their numbers were correct and were eventually referred to the NYCLU. They did not threaten litigation or lawsuits, she stated. Therefore, she said it was unfair to single out Mr. Jennings. As this Board may be aware, Mayor Koch garnered 138 lawmakers to sign an independent redistricting process. Redistricting is important for all local and state wide because it ultimately impacts the future political agenda, and possibly the pool of candidates in one particular area. She feels it is unfair to say that the Legislature had only one week to fix the issue. The issue was presented to the Legislature in April and May, and the NYCLU sent several e-mails requesting to review the process. She hopes that this will end the dialogue in the Pennysaver. Let each legislative candidate stand on their own platform. In closing, Mrs. Crane asked as the Orleans County Democratic Chair that each

legislative candidate follow the guidelines of the League of Women Voters and sign a "Fair Campaign" pledge. She thanked the Board for their kind attention.

Paul Lauricella, Lyndonville, asked about the resolution for the Sheriff to apply for a Governor Traffic Safety grant for Child Passenger Safety Program. He asked if this is to show people how to use car seats. Sheriff Hess stated that the Child Seat program is to teach new or young parents how to properly install child safety seats into vehicles; which is not as easy as it used to be indicated the Sheriff. There are specifically trained Deputies to do this. We also supply child safety seats for those who cannot afford them. Mr. Lauricella stated that this implies that people are morons and can't read directions. Mr. Nesbitt stated that he just utilized a Deputy to install a new car seat into his vehicle because he is a new father. He said he read the directions and there were a couple of tricks to get it secured safely into his vehicle and the Deputy was very helpful which he greatly appreciated the assistance. Mr. Lauricella questioned if the government should be funding this program. Mr. Nesbitt said that would have to be taken up with the State. He said it seems like a waste of money. Sheriff Hess said that the service is provided for keeping our children safe.

Amy Hope Witroyl, Lewiston, expanded on the remarks of Mrs. Crane and also noted that in her pleasant acquaintance with her she has never known Mrs. Crane to put any partisan interest before public interest. She said she has also never been to a Public Hearing after which the Chairman read a statement drafted before the public even made comment. She found it to be ironic that the absence of any discussion or even acknowledgement of public comments at the redistricting hearing prior to the voting on the measure was just as what Mr. Jennings had predicted. County Officials first politicized this issue and the Legislators wholesale failure to educate and engage the public about something important enough to be in the US Constitution discourages people from caring, so does holding the hearing during normal work day hours, stated Ms. Witroyl. It seems to be a shame to her especially for our young people who are more likely to stay educated and engaged.

She asked to consider the following facts: 1) New census data was released at the end of March. 2) According to the data, the difference between the highest and lowest populated districts in this county was 13.6%, thereby exceeding the 10% threshold established by the courts. 3) The County declined to redistrict when first asked in April. The County

declined again when asked a second time in early May. The county declined to take up the issue when raised a third time at a meeting in May only after a FOIL request from an Attorney in early June to the County for proposed redistricting and did so behind closed doors. 4) The petition process for County Legislators began July 7<sup>th</sup>. Finally, on June 22<sup>nd</sup> the legislature passed a proposal that would change the variance from 13.6% to 9.3%. There were only ten weeks between the census data and July 7<sup>th</sup> start for petitions. The heated refusals by the county to comply with legal requirements invited litigation. It was her understanding that the County did not request additional time from NYCLU. Under the law, the Chairman still suggests that litigation against the County can only come about because of politics. She said this notion seems absurd at best because based on enrollment; this party will inevitably dominate any county legislature district. The new 9.3% variance is at the high end of the 10% maximum compliance threshold. Courts have been known to order much less than 9.3% and in all Orleans districts are not within 5% of the average district size, neither are at large seats slated from scrutiny. Ms. Witroyl stated that is just one illustration under the new law every ten votes in Yates or Ridgeway will affectively equal every nine votes casted in Shelby or Clarendon. She certainly hopes that no one sues the county but if we do, it will be due to compliance and process concerns, not politics. The county should evaluate the possibility of rescinding the amendment provided however NYCLU are willing to forbear to allow for a reasonably independent proposal process with public education and input. If such a request was made of the NYCLU, doing so in partnership with other stakeholders would seem important in this juncture. A rescission would not alter the qualifications of any of the announced candidates for this election, but maybe easier to accomplish within the current year period. The new lines, whatever they may be, would become effective within the next election. The bigger impact for all of us in upstate is that if we don't come to terms with a fair redistricting process, New York City may see an increase in gerrymandering therefore domination of the State Assembly. Ms. Witroyl has been told that the next speaker could be far less attentive to upstate and it may well be because all of us together in upstate fail to insist on independent redistricting now before the tables inevitably turn in the State Senate. As for Orleans County, taxpayers should not be unduly exposed because of the latest by the Legislature which rushed what are to be argued as partial compliance with redistricting requirements. Residents deserve process that is worthy of this great county, stated Ms. Witroyl. She said it is always a pleasure to see everyone and thanked the Board for their time.

Paul Lauricella, Lyndonville, questioned Resolution No. 216-711 asking what the rate of pay for a grade 18 concerning positions in the Mental Health Department. Chairman Callard said we could provide that figure to him after the meeting. Legislator Bower said this is to better serve the people of Orleans County. Mr. Lauricella asked if there is ever a position that should be gotten rid of and not create another one. Mr. Nesbitt indicated that we have reduced 40 positions in the last twelve months. Chairman Callard said the budget for 2011 is for 606 filed positions and currently we have 566.

Legislator Johnson moved to add one resolution to the agenda; second by Legislator Rush. Motion carried. The following resolutions were then adopted:

### **LEGISLATURE MEETING**

July 27, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Legislator Eick, the Clerk called the roll. All Legislators were present.

The Clerk had no communications to present. The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through June 2011. Sales tax was paid to towns and villages July 1<sup>st</sup>.

During open discussion, Larry Montello, County Commander of the American Legion, indicated that he was here in the past concerning a 911 memorial stone. Mr. Montello distributed a handout as to what the stone looks like, incorporating all three 911 events that occurred. In his past visit, approval was given by the Board to place this at the flag pole at Courthouse square. Mr. Montello had some concrete questions which he was referred to Jerry Gray, County Highway Superintendent. Mr. Montello also asked if an additional clip could be attached to the flag pole because his family purchased the County a 911 memorial flag. Mr. Montello announced that they will be having another 911 memorial event and asked if power and a podium could be available for this event. Chairman Callard stated that Mr. Montello should be commended for his efforts and those present also applauded his efforts. Chairman Callard stated that the Board is welcome to help in the future arrangements of this event.

Paul Lauricella, Lyndonville, asked if the new dump truck they are purchasing today had snow equipment included and if it will be reimbursed through CHIPS because he thought CHIPS was only for road materials. Jerry Gray, Orleans County Highway Superintendent stated

*July 27, 2011  
Resolutions 229-246*

that the new dump truck will not be equipped with snow equipment and that CHIPS reimbursement does allow equipment but the program has criteria they need to follow.

Allen Lofthouse, Kendall, questioned Resolution No. 233-711, by asking if the full-time employment training counselor that is being abolished is at the same grade 15 as the part-time position that is being created. Carol Miller, Director of Job Development indicated that both positions are grade 15. Mr. Lofthouse asked, referencing Resolution No. 236-711, if the K9 dog is fully trained. Mr. Nesbitt indicated that he is not fully trained, but has done extensive training and will be going through additional training with the K9 Officer. Mr. Lofthouse asked how much that training would cost. Mr. Nesbitt indicated that a proposed training budget has not been submitted.

Chris Loss, Concerned Citizens Group, inquired about the power shut down at the Nursing Home on Friday, July 22<sup>nd</sup> during one of the hottest days of the year. Mr. Nesbitt indicated that the County is part of a program through the New York State Independent Operators that helps them accomplish grid management by holding wide spread blackouts by shutting down electricity and going to generator power. There was a scheduled shutdown that we were notified of on Thursday that power could be shut down either on Thursday or Friday, with only one hour notification provided to us. Mrs. Loss felt it was an endangerment to her mother and other patients with heart/lung problems. She indicated that they only had four outlets in the dementia unit and cords were all over for fans, bathroom lights were not on. Mr. Nesbitt stated that they had extensive debriefing on how the shutdown went and planned ahead for the same event to occur in the future. Mr. Nesbitt appreciated hearing her concerns and will duly note them.

Roland Nenni, new Village of Albion Police Chief, voiced how important the relationships they have with the Sheriff's Department are and would like to continue that relationship. He stated that they will continue working on the formation of the county-wide SWAT team and make sure everything is operable amongst all the entities involved. They will continue to pull together a legal agreement on how to run the team, which is standard across the state. Chief Nenni stated that he knows that we continue to have concerns with the radio system and as a police manager he is concerned with the equipment and down the road on a budgetary standpoint, that they don't become too costly. He wants to make sure the equipment is reliable and maintained. Chief Nenni does not want to be a

complainer; he wants to be part of the solution. He offered the Albion Village Police Department's assistance to facilitate a solution. He wants to make sure that the safety of the residents is being met. Mr. Nesbitt asked Chief Nenni if their records incorporate concerns or problems they have had and if they could be shared with our Emergency Management Department. Chief Nenni indicated he will get that information to them quickly. Chief Nenni introduced Holley Police Chief Murphy and Deputy Fuller who will be very willing to help facilitate this. Chief Murphy indicated that he has also kept records of their departments concerns. He said in the Village of Holley, and parts of the Town of Murray, have areas that have radio problems because they are in a "bowl" type setting. Chairman Callard voiced his appreciation that they came today to introduce themselves and he looks forward to the spirit of cooperation in all working together. Legislator Johnson expressed that the Emergency Management Department and this Legislature are working admittedly to get these situations under control. She stated they are making good strides in getting to where they want to be. Legislator Johnson asked again to forward the documentation of the issues so we have the evidence we need to move forward.

Legislator Allport announced the Meals on Wheels Chicken BBQ fundraiser on Thursday, August 4<sup>th</sup>.

Chairman Callard mentioned that he was invited to Monroe Community College yesterday to participate in Governor Cuomo's announcement of the formation of the new Finger Lakes Regional Economic Development Council to help drive growth in New York. He was able to meet the Governor personally. This council is one of ten councils being formed around the state to compete for more than one billion dollars in stimulus funding. Bradley McDonald, Vice President of Brunner International will serve on the Board and Chairman Callard has been named to the council as an ex-officio member representing Orleans County. Their work will begin immediately by submitting a proposal to the state by November with awards being announced in December.

Legislator Rush announced that the Orleans County 4-H Fair is ongoing this week. The chicken BBQ is Thursday night and also mentioned the Master Gardeners Honor Garden and that bricks are for sale if you wish to honor someone.

Legislator Bower withdrew two resolutions to cancel the first meeting in August and the related resolution to process and release account payable checks due to cancelling the meeting.

Legislator Johnson moved a resolution in its entirety to set zero percent compensation increase for Management and Elected Officials for 2012 and phase in health insurance contributions for employees hired prior to January 14, 2004 and setting 2012 salaries for the Orleans County Legislature; seconded by Legislator Bower. Legislator Johnson stated that she thought long and hard about the introduction of this resolution. This is not something that she does lightly, she said. She wanted to stress that she is very appreciative of the jobs done by the management team. She does not want these folks to see this as a diminishment of their efforts. These times dictate that we all have to take part in the sacrifices necessary. She expressed that they have an extremely dedicated group of professionals helping the Legislature to run their county operations, however times are tough. She expressed that all employees are being asked to do their parts. All the Sheriff's unionized employees have taken a zero percent raise in either 2009 or 2010; and she stated that they still look to the CSEA to do the right thing at some point as well. It is the Management team's turn to do their part in this economy to help the common tax payers make ends meet. It is best to settle this issue prior to going into the budget season and as she stated last year, it is entirely inappropriate to leave our Management team with an uncertain future as late as December for the following year. Legislator Johnson stated that there was discussion about the idea of sitting down with a representative group of the Management team to discuss a way forward but unfortunately she said she does not see a consensus amongst the Legislators to do this. Therefore, Legislator Johnson proposed a way forward for 2012 and offering this resolution that includes zero percent pay scale increase for 2012 and a five year phase in for health insurance contributions for those non-contributing management personnel. This resolution also calls on the Legislature to take no pay raise for 2012 and this is the fifth year in a row that the Legislature has taken no increase in addition to taking a pay cut in 2009. Legislator Johnson asked the Legislature to support her proposal and asked all Management and Elected Officials to share the pain.

Chairman Callard stated that he always expressed his support for fair compensation for workers in the marketplace and for our employees in the county and certainly the management team is no exception. He expressed that this team has done an excellent job in the execution of its duties and has done much to control expenses while the State continues to reduce revenues. It is unfortunate that we are in such a time of national economic stress. He stated that this resolution lays out a reasonable and thoughtful approach to next year's budget in a difficult time and he will support it.

July 27, 2011  
Resolutions 229-246

Chairman Callard called for a vote and the following resolution was adopted:

**RESOLUTION NO. 246-711**

SETTING A ZERO PERCENT COMPENSATION INCREASE FOR MANAGEMENT AND ELECTED OFFICIALS FOR 2012 AND PHASING IN HEALTH INSURANCE CONTRIBUTIONS FOR EMPLOYEES HIRED PRIOR TO JANUARY 14, 2004 AND SETTING 2012 SALARIES FOR THE ORLEANS COUNTY LEGISLATURE

WHEREAS, this Legislature desires to control costs and provide certainty for the approaching budget process as it relates to compensation for management and elected officials; therefore be it

RESOLVED, that the management compensation plan for 2012 will remain the same as 2011 including all pay scales except for the following language to be inserted in to the section relating to medical coverage on page 12:

*“Employees hired prior to January 14, 2004 will contribute to health insurance as follows:*

*2% of the cost of their medical coverage for 2012*

*4% of the cost of their medical coverage for 2013*

*6% of the cost of their medical coverage for 2014*

*8% of the cost of their medical coverage for 2015*

*10% of the cost of their medical coverage for 2016 and thereafter*

*Elected officials serving a term ending after December 31 2011, would be exempt from the changes described directly above for the remainder of their current term. Upon beginning a new term, elected officials would be required to contribute consistent with the terms for a regular employee with the same date of service.*

*Management employees will be offered a less expensive tier II medical plan on a voluntary basis. An employee selecting the tier II plan will afford the employee a contribution discount of 6% of the cost of their medical coverage. In no case will the employee contribution be less than 0%.*

*The County may also offer other voluntary health coverage as it sees fit.”, and be it*

FURTHER RESOLVED, that all conflicting sections of the Management Compensation Plan are to be removed; and be it

FURTHER RESOLVED, that this legislature authorizes the current salaries for the legislature and the Chairman to remain the same for 2012 at \$16,424 for the Chairman and \$10,948 for the members respectively.

### **LEGISLATURE MEETING**

August 10, 2011

---

Vice Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Pastor Roy Harriger from the Community Fellowship Church, the Clerk called the roll. All Legislators were present, with the exception of Legislative Chairman Callard.

The Clerk did not have any communications to present.

Vice Chairman Bower called upon Mr. Larry Montello, Commander of the American Legion of Orleans County, to discuss the 911 Memorial. Mr. Montello stated that he forgot to ask a couple questions while he presented at the last Board meeting. The memorial stone is done, with the exception of a few things needing to be etched on it. Mr. Montello requested permission to place a banner on the lawn of the Courthouse Square to let the public know of the candlelight service that is to be held on 9/11. Vice Chairman Bower asked the Board if there was any objection in doing this. All were in agreement. Mr. Montello asked a member of the Board to come and speak along with Assemblyman Hawley on that evening. Legislator Allport stated that he would be honored to come speak. Mr. Montello presented the Board with a brand new American flag and a 911 memorial flag to be placed on the new pole, in his family's name. The Board thanked him for all the work that he has done, followed by a round of applause.

*August 10, 2011  
Resolution 247-252*

Mr. Nesbitt added that he had talked to the Buildings and Ground Committee earlier and a resolution was added on to this agenda to help pay for a new flag pole as well as a new concrete setting. During an inspection of the existing flag pole and space to set the new stone it was decided by Mr. Nesbitt, Mr. Gray, and Mr. Cliff that trying to place it on the existing sight would make the project look like a cob job. There are things that just can't be done halfway and a 911 memorial is one of them.

During open discussion, Paul Lauricella, Lyndonville, referred to last meetings add-on resolution added by Legislator Johnson, regarding the wage freezes and benefit phases. He questioned if that was something that is in the works right now or is it a finalized deal? Mr. Nesbitt stated that it is done. Vice Chairman Bower answered that it is finalized. Mr. Lauricella continued to question the 5 year portion of the health insurance benefit. He asked, do you think you have five years the way the economy is starting to meltdown right now? The world is on fire, France is going to get a downgrade today, Spain and two other countries in Europe are about to default. The economy is going down the tubes. At this time next year will this county even have the money to operate? Isn't there a way to phase that in for everybody, immediately for the following year? Legislator Johnson thanked Mr. Lauricella for his comments and further commented that that resolution was a very difficult resolution to move. What we ended up doing is freezing our department heads wages and for those who don't contribute towards their health insurance will phase in 2% per year over the next five years so that everyone in the end will be contributing the same amount. That was a huge step in the direction the State has put us in. It was a reaction because of the Tax Cap. We have the best department heads in any county or anywhere. This was a very difficult thing to do to the people who run this County. With that being said, I appreciate your input but this was a step in the right direction early so we could get the budget done. Mr. Lauricella is not diminishing the department heads, he is simply stating that by this time next year the County may not have very much money and the Board will probably have to revisit this.

Vice Chairman Bower thanked Mr. Lauricella for his comments and asked if there was anyone else who would like to address the Legislature. There were no further comments.

Legislator Johnson moved to add one resolution to the agenda; second by Legislator Allport. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 247-811**

The Treasurer provided on the desks of the Legislators an Analysis of Monthly Cash Receipts and Disbursements through July 2011. In Treasurer Heard's absence, Legislator Johnson deferred her question to CAO Nesbitt if the sales tax is running ahead. Mr. Nesbitt confirmed that it is. Legislator Johnson inquired about the largest transfer to other funds and asked CAO Nesbitt if he knew what that was for. CAO Nesbitt did not know.

During open discussion, Chairman Callard welcomed Town of Kendall Supervisor Dan Gaesser who was present at today's meeting. Chairman asked if anyone from the floor would like to address the Legislature. No comments were asked. Chairman opened up comments from the Legislators.

Legislator Rush reported on the success of the "Concerts in the Park" series this summer at the Marine Park. He indicated that the last concert held last evening brought about 400 listeners, which is the most we have had all summer.

Legislator Johnson reported that four Legislators' attended the Supervisor/Legislators meeting last evening in which Senator Maziarz and Assemblyman Hawley spoke concerning the 2% property tax cap. They specifically requested that a meeting be set up by them for Orleans County to meet with Governor Cuomo to let him personally know how the tax cap is affecting Orleans County. Assemblyman Hawley advised them that he will get back to them with a date. Chairman Callard asked Legislator Johnson if the state will be addressing the unfunded mandates before the yearend so it will impact how we react to the property tax cap or does it look like it will be left undone and dealt with next year. Legislator Eick said it sounded like they will deal with it when they are back in session. Legislator Johnson thought that it didn't sound like it would be done in time for our budget preparations. Legislator Smith expressed that it was stated last night that we might have a friend in Lieutenant Duffy, since he is from Rochester. Chairman Callard said we will look forward to that. CAO Nesbitt stated that Lieutenant Duffy was quoted in saying "stop your whining about the tax cap". The following resolutions were adopted:

Legislator Rush moved to approve the selection of F-E-S Associates to prepare a Lake Ontario Regional Harbor Dredging Plan and approve the agreement. Legislator Rush asked Wayne Hale, Director of Planning, if he wished to comment. Mr. Hale indicated that Clerk Hanlon gave him some notes that reminded him that we requested these funds in 2008. Our dredging still is a real need, which he considers infrastructure for the county just like other roads, bridges and utilities. The federal budget does not allow any funding for the harbors so that is why we are doing this plan. The plan covers twenty harbors, including ours, all along Lake Ontario. Mr. Hale stated that the Department of State did approve the agreement with F-E-S as well. There will be some sampling and economic analysis on all the harbors and hopefully a package could be presented to all federal and state legislators to show them our dredging needs. Legislator Allport seconded the motion. Chairman Callard asked how long the plan preparation will take. Mr. Hale said he hopes less than eighteen months. There is a lot of up front data collection and there will be two opportunities for public input. Legislator Smith asked what the next step is. Mr. Hale believes that the six counties and municipalities involved should take this to our federal and state delegations. The \$34,000 only covers the plan; it does not include the dredging which involves a big pocketbook. The following resolution was adopted:

### **LEGISLATURE MEETING**

September 14, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Rev. James Maxwell, the Clerk called the roll. All Legislators were present, with the exception of Legislator Johnson.

The Clerk presented the following communications: State of New York Office of Real Property Tax Services has sent the List of Certified 2011 State Equalization Rates for the 2011 assessment rolls for Orleans County municipalities and has been filed in the Legislature office. Susan Heard, Orleans County Treasurer, in accordance with the State Comptroller's recommendation, has filed ten (10) Disclosure of Interest forms with the Orleans County Legislature from employees who received funds in addition to wages from Orleans County. Flu Vaccine Clinics will be held this September 28<sup>th</sup> and 29<sup>th</sup> at the Public Health Department between the hours of 8 a.m. and 11 a.m. and also 3 p.m. and 6 p.m. on both days.

These hours are walk in hours so no appointment is needed. The Domestic Violence Task Force is looking forward to Domestic Violence Awareness Month in October. They are interested in obtaining permission to shade the dome purple again this year. It was a successful venture last year. Probation has asked Highway Superintendent Gray who stated that his department would be willing to do the work once approved by the Legislature. The Legislature approved this request.

Chairman Callard stated that before open discussion begins, he wanted to address the public as it related to the Village of Orleans Health and Rehabilitation Center and where they are at this point. Chairman Callard read the following statement:

*Since the Fall of last year, the legislature has been extremely concerned about the viability of our county owned skilled nursing facility, The Villages of Orleans. The budget for the facility was, for the first time projecting seven figure losses. It became abundantly clear to this Board that the time had come to begin to explore the county's options for the facility as losses of this magnitude have a profoundly negative impact on not only the home but all aspects of county operations.*

*Our first step was a request for expressions of interest (RFEI). The RFEI was put out to determine if there was private interest in the operation of the facility. There were six respondents and largely those that responded were known, private, New York State skilled nursing facility operators.*

*The second step was to have a financial projection prepared by EFP Rotenberg to determine what we could reasonably expect going forward in terms of the magnitude of the operating loss. We learned that the losses will continue to grow. More recently the Villages received word that its Medicare rates would be slashed 11% starting in October as part of the federal debt reduction deal. That is projected to cost the facility approximately \$300,000 in revenue per year, adding to the mounting problems.*

*Understandably, throughout this evaluation process, there has been a group of people that are upset at the idea that the facility could change hands and no longer be under county control. A campaign has been actively run to keep the facility public and to stop the process of due diligence on the part of the county.*

*The efforts to promote continuing public control have resulted in a great deal of confusion. As a result of that confusion, we have lost potential residents and staff. Wild rumors about the facility have become commonplace and have left the existing residents, their families, and the staff of the nursing home anxious about the future. I am frequently asked if the Villages will be closing – and the answer to that question is an emphatic NO! That is not nor has it ever been the intention of this evaluation.*

*There is reason at this point to pause and further evaluate. The county has recently learned that we can expect a substantial influx of cash from the 2009 and 2010 Inter-Governmental Transfer. These are expected revenues. They do, however, exceed what had been originally budgeted. This coupled with the monies received at the end of last year from rebasing represent a shot in the arm to the facility financially.*

*Therefore, in order to bring some measure of stability and certainty for our current and future staff and residents, there is a resolution on the agenda today that represents a commitment by the legislature to maintain public governance of the facility at least through 2014. We believe that due to the enhanced financial picture we can keep the county contribution to the facility stable for the next three years. This will provide an opportunity to work with the state and the union to attempt to change the financial course of the facility.*

*We have worked extremely hard to better the financial situation of the Villages. The facility is outperforming our expectations for 2011 so far. During this year William Gillick has served as Administrator of the Villages and has contributed much to improving the financial situation and has enhanced the nursing home programs. Under his leadership, net losses for the first seven months have been reduced by 75% from budgeted projections.*

*The Orleans County Legislature is committed to maintaining the existence and continuing operation of what is a high quality, stable, and compassionate long term care facility for the residents of the county, and to ensuring the employment of our nursing home staff.*

*Due to the arrival of the IGT and rebasing monies and the improved operating performance, the legislature will not be releasing Requests for Proposals in the short term. Having said that, the legislature wishes to provide peace of mind to both residents and staff of the Villages. We have*

September 14, 2011  
Resolutions 266-285

*asked Mr. Gillick to commit to at least another year to help us keep the facility on the right track. There is a resolution on today to address that issue as well.*

*The legislature will continue to give the nursing home its utmost attention; it will exercise its fiscal responsibility, and will continue to keep the public informed of the facts.*

Chairman Callard opened the floor to the public. Paul Lauricella, Yates, asked if the money (IGT and rebasing) is guaranteed. The County expects it to be received within the next few weeks. He questioned Resolution No. 285- 911 pertaining to the purchase of the new boiler at the jail and asked how old the one is there now. Mr. Nesbitt stated it is the original one placed there nearly forty years ago. Mr. Lauricella asked if a maintenance contract will be included in this. Mr. Nesbitt stated that it could be explored. He said that the good news about this Energy Performance Contract is that the engineers are committed to make sure it is efficient and they are committed to the savings they say we are going to get.

Allen Lofthouse, Kendall, questioned Resolution No. 268-911 and asked how much the funds are for the Indigent Legal Services. Mr. Nesbitt stated that the amount is about \$11,000 which was made available by the State for some monies unspent in the Indigent Legal Services fund. We supplied backup for grant funds to cover translation services for a high profiled murder trial that went on in our County and Case Management software for the Public Defender's Office to better produce performance reports of this office. Mr Lofthouse asked about the existing compensation for the acting Nursing Home Administrator. Mr. Nesbitt advised that it is \$11,000 per month. Mr. Lofthouse asked if the county gets \$.30 per phone per month for the 911 service. Mr. Nesbitt stated that there is a charge on all phones, including cell phones. Mr. Lofthouse asked if this money is used for the upkeep of the 911 services. Mr. Nesbitt indicated that a few years back about \$750,000 was spent on upgrading the 911 Center. We apply phone revenue towards the debt service on this project. Mr. Lofthouse asked if this is a separate account and Mr. Nesbitt stated that the Treasurer takes the money in and would be better to answer how she accounts for these revenues. Mr. Lofthouse asked how it works with a "Tracfone". Mr. Nesbitt stated that he is not sure how those work. Chairman Callard interjected that Mr. Lofthouse should be informed that the County is not receiving all of the 911 monies that are being accrued that the State, itself, is using those monies rather than passing it back to the county. Mr. Nesbitt stated that the landline surcharge is different than

the cell phone surcharge. Mr. Lofthouse asked if one specifically comes back to the County. Mr. Nesbitt stated that the one we specifically set up to fund that specific bond goes directly to the County and goes towards that bond. Mr. Nesbitt added that that the State does collect \$200,000,000 per year for 911 services which they allocate to the general fund and they only allocate about 5% to the counties, which amounts to \$9,000,000. Mr. Lofthouse questioned if it does not go directly to the county; does it go to the State and then comes back to the county. Mr. Nesbitt stated that was correct. Chairman Callard reaffirmed that 95% is retained by the state and it is those monies that could be utilized to improve our systems here and rightfully should be. Mr. Nesbitt stated, that as he understands it, there is no state 911 center, they are all operated by a county. Chairman Callard stated that each one of us should be addressing this to our state assembly and senate. Mr. Nesbitt stated that there was some movement in last year's budget to increase up to \$75,000,000 to create a program and the last go around in negotiations with the senate majority nixed that.

With no further comments from the public, Legislator Allport invited everyone to the ARC of Orleans Best Friends dinner this Friday night to support this agency. Like most not for profit agencies, they are taking a huge hit with state reimbursement. He toured the Panek Facility, Liberty Foods on Route 98, and they are beginning to pack onions, which is fantastic news for our local agricultural industry. Legislator Allport spoke at the Mercy Flight dedication, at the Batavia Airport, for their new helicopter and was given a ride. He reminded everyone that Saturday is Constitutional Day and it will be observed on Friday.

Legislator Bower remarked on the Nursing Home and the problems that have been alluded to. He stated that we see a lot of the yellow and white signs that say "Save the County Nursing Home" and he is not sure what those signs are intended to do. He said there is no big crane with a ball at the end trying to tear the Nursing Home down. Legislator Bower stated that these signs have caused discouragement for workers who have wanted employment at our Nursing Home. It has made our staff extremely nervous. He has spent time up there to explain to staff, family, and residents of what is going on. He is not sure what these signs are set out to do, he believes it is political in nature and he knows he will be blasted for that comment, which is his belief not the Legislature. He stated that those signs probably cost \$5 to \$7. If they took that money and donated a couple of dollars for buying prizes for Bingo, look what that would have done. Wouldn't that have served a better purpose? People could also volunteer, which would also serve a better purpose. Legislator Bower

questioned how many people who have signs in their yards have ever stepped foot in the Nursing Home. He has done tours in the last few months by taking people by the hand and pushing people around in wheel chairs, to see what this Nursing Home brings to this county. Then they can tell their friends, family, and neighbors what a great place it is. He wears a shirt that says, "The Villages, It's your home and mine". Everybody who has a sign in their yard...it is their home. They are paying taxes on the Nursing Home, who are paying for loved ones to stay in there. Let's ask them to donate their time to volunteer or a few dollars towards prizes.

Legislator Bower asked the union, who was represented today, who put up the white and blue signs and the people who put up the yellow signs, to please take down the signs.

Mrs. Nacca thanked Legislator Bower for caring. She indicated that she was interested in the Nursing Home and she thinks he does a wonderful job. She has been in the medical field for years. She has taken ice cream several times to the residents and they love it there. She said the County should be very proud of this facility and she will work with anyone to keep this Nursing Home here.

Legislator Bower stated that on occasion this Legislature has differences, and that is good and expected, but the one thing we all agree on is the love we have for the Nursing Home, its staff and its residents.

Legislator Eick added that two of us had experiences in being in the Nursing Home and it is a very excellent facility and they do a tremendous job taking care of people.

Legislator Smith informed the Board that RGRTA has a new Chief Executive Officer, Bill Carpenter, who he hopes will come before this Board in October.

Legislator Rush, who recognized the two nurses here today who took care of him at the Nursing Home, thanked them again for what they did while he was there.

Debbie Sherk, President of the CSEA County unit, thanked the Board on behalf of staff and residents for what they did today for the Nursing Home. She could not take ownership for the yellow signs but CSEA purchased the blue and white signs. She is sure that many of the staff took these signs home because they were concerned for their jobs and wanted it to

stay a public facility. She is sure the staff at the Nursing Home realized that the Nursing Home was not going to close, but that they were going to lose their jobs and have to go to a private company to work. She said that they would be ever so happy to pull all those blue/white signs. Legislator Bower thanked Ms. Sherk for that.

Chairman Callard will forward today's address to the Administrator at the Nursing Home so they can disseminate it to the residents and to the staff so they can clearing read what has been said. Mr. Gillick stated he would be happy to take care of that. Mr. Gillick added that Legislators Eick and Rush will be receiving an invitation shortly for the first rehabilitation reunion.

Legislator Eick mentioned that most of the Legislators attended the 911 Ceremony on the evening of September 11<sup>th</sup> at Courthouse Square. The new flag pole, foundation, and monument was presented by the Legion. It was very moving and it was very well attended. Chairman Callard mentioned that the Legislature will be purchasing two urns to set on the foundation and will be received within two to four weeks.

Legislator Smith asked that people take a look at the new monument of which they should be very proud of. Legislator Rush thanked the Board for allowing everyone to speak today.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Smith. Motion carried. The following resolutions were then adopted:

Legislator Allport moved to adopt Local Law No. 4 of 2011 which will authorize separate listings on each property tax statement setting forth the amounts attributable to New York State imposed mandates, the County Nursing Home, and general County services. Legislator Allport stated that unfortunately they could only place these three additional lines on the tax bill without the tax bill being extended onto two printed pages. He hopes this is a start in getting out the information to the County property tax payers as to where their property taxes are going. He stated that Orleans County collects roughly \$16,000,000 of property taxes out of the \$71,000,000 budget and the rest comes out of Albany. Legislator Allport moved a resolution to urge the multi-year State takeover of local share of Medicaid. Legislator Allport further announced that 90% of the property taxes collected in New York State, which is \$48,000,000,000, goes towards funding 9 unfunded mandated programs which are programs that the State mandates are to be provided and the total cost is pushed down to the local taxpayers in the counties, which is Statewide. It costs Orleans County \$156,000 a week for the Medicaid program and we are urging our two local representatives, Senator Maziarz and Assemblyman Hawley to get behind bill S5889-B to support the State to take over these costs which will result in a 55% cut in our local property taxes. Legislator Allport asked that this resolution also be forwarded to the Assembly Speaker and to the bill sponsors. Legislator Bower requested an unanimous second to this resolution because of its importance. Chairman Callard stated that he can't emphasize the importance of this bill. We can not continue to pay the State's bills and that is exactly what the local property owners are being asked to do. He further expressed that the Counties, Towns, Villages, and Schools have accepted their fiscal responsibility but are unable to pay the bills because we all continue to pay the State's bills. It is time for the State to become fiscally responsible and pay for what would otherwise mandate to the local property tax owners, Chairman Callard stated. He encourages that

our local representatives, Senator Maziarz and Assemblyman Hawley, publically state that they will support this. They both supported the property tax cap and both have said that it will not work without mandate relief. Chairman Callard stated that this is the time to take action and this is the most significant piece that we have asked for support. We have down streamed it to the Towns and Villages and have asked them to support this like this Legislative Board has done today. Chairman Callard called a unanimous vote of approval and the following was adopted:

**RESOLUTION NO. 301-911**

**RESOLUTION URGING MULTI-YEAR STATE TAKEOVER OF LOCAL SHARE OF MEDICAID**

WHEREAS, county officials across the state are presently introducing their 2012 budgets; and

WHEREAS, these budget decisions are being made under the constraints of the State's new property tax cap; and

WHEREAS, when State lawmakers enacted a property tax cap, they pledged to provide mandate relief that would enable and empower local leaders to implement that tax cap locally; and

WHEREAS, that mandate relief has not materialized; and

WHEREAS, by far, at a local statewide cost of \$7.3 billion, Medicaid is the number one mandate facing counties; and

WHEREAS, State Legislation (S.5889-B) will require state policymakers to take full fiscal responsibility for New York's largest in the nation Medicaid program, by implementing an eight (8) year gradual State takeover of county Medicaid costs; and

WHEREAS, removing county taxpayers from the financing of Medicaid is the single most important thing the State Legislature can do to lower property taxes for New Yorkers; and

WHEREAS, the State takeover of county Medicaid costs will lead to lower property taxes and enhance New York's economic competitiveness and improve economic opportunities for all New Yorkers; and

WHEREAS, state lawmakers can fund the takeover with a combination of Medicaid program reforms, state-derived savings and other spending controls, including, applying MRT (Medicaid Redesign Team) reform savings to mandate relief and pursuing a federal Medicaid waiver to leverage state cost containment initiatives that can be applied to property tax relief and applying future revenues to lowering property taxes and by allowing federal health care reforms to cover New Yorkers; now, therefore be it

RESOLVED that the Orleans County Legislature calls on State lawmakers to keep their promise, and sign on to legislation (S5889-B) designed to provide mandate relief for counties, in the form of an eight-year State takeover of county Medicaid costs; be it

FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, Senator George D. Maziarz, Assemblyman Stephen Hawley, NYSAC, InterCounty of Western New York and all others deemed necessary and proper.

**LEGISLATURE MEETING**  
October 12, 2011

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Legislator Henry Smith, Jr. the Clerk called the roll. All Legislators were present.

The Clerk did not have any communications to present and the Treasurer was not present to distribute a Treasurer's report.

During open discussion, Allen Lofthouse, Kendall, inquired about the Pathstone presentation at the last meeting concerning farm labor camps that the Board supported at the last meeting. He said that years ago farm labor camps were built back in orchards or far off the road but these days' farmers are buying houses that have road frontage. He said that any house bought and used for farm labor is removed from the tax rolls. He stated in Kendall that amounts to \$595,300 in assessed evaluation, which amounts to \$26,329.02 in taxes. Chairman Callard clarified that Pathstone's presentation was informational only and no vote resulted in supporting that. Chairman Callard stated that they are delving into the program so they understand how it is written and questioning the particulars. It was understood that it was not a mandated program. Chairman Callard thanked Mr. Lofthouse for his comments.

Paul Lauricella, Yates, asked if it is true that these houses are being bought and farmers are placing workers in them and they are coming off the tax rolls. Legislator Allport stated a process needs to be followed. The farmer notifies the code officer, who then approaches the Department of Health who approves it being made into migrant housing. Then the Department of Health will need to certify that it will be farm worker housing who notifies the Department of Labor who finalizes that it will be deemed farm worker housing. This is when it becomes tax exempt. Mr. Lauricella asked if this is happening in Orleans County. Legislator Allport

confirmed that it is based on his discussion with the Real Property Tax Services Office. Legislator Eick was not aware of these exemptions. Mr. Lofthouse said he obtained a list from the Town of Kendall of which they have them exempt. Mr. Lauricella stated that he supports our local farmers but he can't support the exempt farm housing because they are running a business. These subsidies are getting out of hand. He sees farmers driving nice equipment and other nice stuff. He says he doesn't mind helping the little farmer. Dawn Allen, Director of Real Property Tax Services indicated that these properties are exempt under strict regulations. Mr. Lauricella said that there are so many people applying for tax exemptions and he feels everyone should pay their fair share.

Legislator Bower announced that the Orleans County Nursing Home entered into a contract with YNN to do some short commercials to promote it. Mr. Nesbitt showed the thirty second spot that has been seen on YNN, both Buffalo and Rochester viewing during the afternoon or evening hours.

Legislator Allport reported that the ARC of Orleans County named Kelly Spychalski as the new Executive Director, who was an internal candidate. Tomorrow evening a pot roast dinner will be held to benefit the Meals on Wheels program on Academy Street.

Legislator Eick moved to add three resolutions to the agenda; second by Legislator Smith. Motion carried. The following resolutions were then adopted:

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Legislator Henry Smith, Jr., the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The Fulton County Board of Supervisors and the Town of Shelby has forwarded their adopted resolutions urging the State to take over local share of Medicaid. Albion Main Street Alliance requested placement of a Christmas Tree on the lawn at Courthouse Square, in the same location as previous years. The tree will be installed on December 3<sup>rd</sup> and be lit on Sunday, December 4<sup>th</sup>. The tree will be dismantled on or around the 2<sup>nd</sup> of January. The Legislative Board approved their request. Fall 2011 Regional Local Government Workshop will be held on November 17, 2011 at the Clarion Hotel in Batavia. The Town of Gaines will hold a Public Hearing to consider proposed amendments to the Town of Gaines Comprehensive Plan on November 1, 2011 at 7:30 at the Town of Gaines. The Treasurer was not present to provide a Treasurer's report.

During open discussion, there was no public comment. Legislator Allport reported on his meeting today with the Budget Officer regarding meeting the Governor's 2% Tax Cap. This was a concerning issue at the beginning of the year without any unfunded mandated relief. The tentative budget will be out in a week or so; and six weeks away for the final budget but we are well below the 2% Tax Cap. Legislator Allport wanted to commend the Budget Officer and all the Legislators for this fine job. Chairman Callard commended the Finance Committee, under the leadership of

Chairman Allport and Vice Chairman Bower. Chairman Callard stated that the tentative budget will be filed at our next meeting to be held on November 9, 2011.

## LEGISLATURE MEETING

November 9, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by WWII Veteran Michael Paduchak, the Clerk called the roll. All Legislators were present, with the exception of Legislator Smith.

The Clerk presented the following communications: InterCounty Association of Western New York meeting will be hosted by Ontario County on November 18, 2011 at the New York Wine and Culinary Center in Canandaigua. The Town of Clarendon has adopted a resolution urging the State to take over local share of Medicaid. Susan Heard, Orleans County Treasurer provided notice that all Petty Cash Accounts have been examined that are allotted to the various County Departments.

Legislator Eick and Legislator Rush presented a Special Recognition Certificate to Larry Montello, Orleans County American Legion Commander on behalf of the Orleans County Legislature for his leadership in the placement of the 911 Memorial Tribute stone and flag pole at Courthouse Square. Special Recognition Certificates were also presented to the Orleans County American Legion Posts which include: Sheret Post 35, Albion; Jewell Buckman Post 529, Holley; Houseman-Tanner Post

1603, Lyndonville; and Butts-Clark Post 204, Medina for their community involvement; their contributions towards the 911 Memorial services; and for the 911 Memorial Tribute stone and flag pole. Legislator Rush and Legislator Eick also presented a Veteran's Day Proclamation for November 11, 2011 to Paul Fulcomer, Director of Veteran Services and to the following veterans present at today's meeting including Kevin Sheehan, Gary Befus, Michael Paduchak, Steve Goodrich, John Hucknall, and Larry Montello. They were applauded for their service to our country.

Larry Montello mentioned that he has been organizing the 911 Memorial Service for seven years. Mr. Montello stated that two stones were presented one at Sheret Post 35 and at Courthouse Square. Mr. Montello presented two photo boards which he wanted to donate to the Highway Superintendent. He also presented a picture to the Legislature of the 911 Memorial Stone Dedication of which the Legislators were standing behind. Mr. Montello presented certificates of appreciation to the Legislature and the Highway Department by the Orleans County American Legion. Vinnie Navarra and Ron Manella were also thanked for their volunteerism in putting in the cement base and were also presented certificates by Mr. Montello. They were not present to receive these therefore Highway Superintendent Gray was asked to deliver them.

Susan Heard, Orleans County Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through October 2011. She reminded everyone that December is a big month for bills, retirement is one of them. She indicated that money will be available for those.

During open discussion, Paul Lauricella, Yates, questioned Resolution No. 338 regarding Local Law on Hotel Occupancy Tax and asked if this is to renew the tax. Chairman Callard said it is to renew. Mr. Lauricella stated that it should be repealed. It is business unfriendly and it targets unfairly a business that chooses to go into a hotel business, an entrepreneur.

Mr. Lauricella stated that we all are aware of the two murders that occurred in Orleans County within the last year. He feels that the Sheriff Department and INS should do their jobs, and there should be no interference as far as people racially profiling and targeting people unfairly. He indicated three years ago that a law was passed here in the County, with church people present, and everybody was crying that they were hated, per Mr. Lauricella. He indicated that no one hates anybody. He stated that he loves immigration legally. He state that there was a little

bit of laxness because people did not want to be called racist. He said let people do their job to clean this county up a bit and does not want illegal people here. Chairman Callard said to set the record straight that this Legislature agrees with you, along with the public, and no one is interfering with the operations of the Sheriff's Department. Mr. Lauricella stated that he thought back then that there was a kick back from the farmers and they were harassing the buses that were coming into the town to shop. Mr. Nesbitt stated that he could share the resolution with him that was passed by this Legislature and it said that this Legislature would like to see comprehensive federal immigration policies that included a legal guest work program in order to meet the needs of Agriculture in Orleans County. Mr. Nesbitt stated to Mr. Lauricella that he thought he would be supportive of what it said. Mr. Nesbitt stated that he just read it the other day and that he would provide Mr. Lauricella a copy of that resolution.

Tom Snyder, Ridgeway, stated that his father, Warren Snyder, and himself own Medina Lumber and Hardware, LLC, which is located in the old Sommerset Lumber yard in Medina. He stated that in recent months a local family owned business, Hahn Hardware, has been sold to an outside company named Evan's Hardware. He said that Evan's would like to expand their store and have had their eye on the Jubilee Building. They would not only like expand their hardware line but also would like to expand their lumber world. Mr. Snyder stated that what he just explained, he has no problem with. This is where his problem starts, Mr. Snyder stated. He indicated that the IDA started a PILOT program for Evan's Hardware to help repair the building because this building was in the May In Rem tax auction but was pulled by someone. He said that the public as a whole did not have a chance to bid on this property as they have on every other parcel that is available. He understands that a deal could be made because they do not make no where's near as close on the back taxes. He said in making this PILOT program, the IDA has come to the Village of Medina and asked the BPW to fix the compromised sewer main. If the IDA has not already come to the county, they will be asking to tear down the existing old HSBC drive thru on the west end of the property, fixing the compromised storm drains in the back of the property, and resurface the parking lot. He stated that Evan's is only going to pay for the materials for those things but has yet to commit in buying this building. He said that because the County owns the building, the County can do work on it as is any other municipality and no wrong doing is done, Mr. Snyder stated. He said that they are tailoring it for custom retail business. Mr. Snyder stated that he has been paying taxes in Orleans County since he got out of the military and has been doing it for eleven

years. He indicated that his father has been paying taxes for over fifty years. He said he is not so warm and fuzzy on the idea that he is going to help finance the competition to come into that building and not have to carry all of that business burden, because that is part of business. When you buy a structure that is part of it and have to figure that in, as they did when they bought their business. Mr. Snyder stated that they need a new roof on three of their main buildings, they have put new windows a couple of their buildings and had to redesign and redo concrete work and they have spent a fair amount of cash this year in re-organizing and improving their building, which is a long ways of being done. He felt it is a bit of a kick in the pants for him to help finance the competition to come in. He said that he went to the IDA to see if he could get a business loan. He spoke to Gabrielle Barone who advised him that he would need to do is to attend the Microenterprise course, to come up with a business plan, create a mission statement, provide financial records and a credit score, provide assets and liabilities and they could help him. Mr. Snyder advised Ms. Barone that could take six months. She indicated to him that it could take the six months or more. He advised her that if the lumber yard closed down till February, it was June; he would never recover from the burden waiting the six months to provide requested items to get their help and not be able to resurrect the service he planned to provide. He said the funding that Evan's has to come up with for the materials on this project comes out of an escrow account because the IDA has already loaned them \$100,000. He would be interested to know if Evan's has gone through the microenterprise system, come up with a business plan and mission statement and all of the fun stuff asked of him.

Chairman Callard stopped Mr. Snyder to address many of his questions. The Chairman stated that the basic assertion that the IDA has established a PILOT program is incorrect. Mr. Snyder stated that in the minutes of the Village of Medina Board meeting, Ms. Barone reported his. Chairman Callard stated that he was not aware of this and there is no finalized agreement. Chairman Callard stated that the county has not been approached to do any of the items Mr. Snyder listed earlier and if the county is approached, the county would have to be remunerated if it was doing services. Chairman Callard state that no such approach or agreement has been made. Mr. Snyder interjected by saying not yet. Chairman Callard stated that he is making the assumption, that it is going to be, but it hasn't. Mr. Snyder offered to go get the minutes from the Village of Medina that are in his truck, which said that Ms. Barone was going to approach the County to do those projects as well. Chairman Callard questioned Mr. Snyder that what he is saying that IDA has already

approached the county and this is what the county is doing. Mr. Snyder said that she stated that IDA is going to approach the county to get the services done and the deal is that Evan's is suppose to pick up the material cost while the county is to pick up the labor cost because it is an In Rem property and right now in fact owns the property. Chairman Callard thanked Mr. Snyder for bringing that to their attention but the information thus far is incorrect. Chairman Callard asked if Attorney Schubel wished to comment at this time, which he did not but stated that Mr. Nesbitt will.

As the Chairman stated, Mr. Nesbitt confirmed that the deal that is being proposed by the IDA has not been approved at this level nor has any work been approved for the Highway Department to assist with any of that. The County has the right to assess the property and in the interest of the county taxpayer, to get as much money for the property as the County can. In Mr. Snyder's comment that the property was pulled from the In Rem auction, Mr. Nesbitt understanding of the rationale for pulling it was to allow the IDA to make some attempts to market it, which they are doing now. This will allow bringing it back onto the tax rolls which would be in the best highest use of the property for the community. Mr. Snyder stated that he knew of two entities that were interested in the property, had it gone to tax In Rem, who would be willing to fix the parking lot; the sewer and water main; the storm drains; and knock down the HSBC at no cost to the county, village or the Town. Chairman Callard stated that those entities are welcome to discuss it with the County. Mr. Snyder stated that if they knew it was pulled from the In Rem auction, otherwise they would have gone to the "powers that may be" to work out a deal. Chairman Callard said that they could still make the approach to the County with any such offerings. Mr. Snyder said he has spoke with several people, business owners and private citizens alike, and he has yet to meet somebody that is warm and fuzzy on the idea that that the county's taxes that they pay are going to pay to revamp a property tailoring it towards a retail business. Chairman Callard said that has not been established that that is going to happen. Mr. Snyder said that it is going to, but if you have not heard about it he is giving the Board the heads up so the county does not get broadsided. He wanted the Board to know that there is a large group that is not happy if this goes through. Mr. Snyder is all about bringing business into Medina. If Evan's would like to move on their dollar to fix the parking lot, the sewer main and tear down the building, remodel and restructure on their dollar. He will not have anything to say. If it is his taxes going towards this, he has a problem with it. Why does not all other businesses in the County get a piece of this as well, Mr. Snyder expressed. In knowing what the economic times are and local business starting up,

offering a little bit of help could be beneficial. Every little bit helps. Mr. Snyder hopes to be at the next meeting to get an update on this project. He said that he has spoken with the head of the IDA, Mr. Whipple, who is a good person. He has not given him a line of garbage and has been upfront on what is going on. Mr. Whipple told Mr. Snyder that there is a tax break that they are working on if Evan's takes the property. Mr. Snyder stated that Evan's will not take the property unless all of the items are fixed, and building taken down; and why would they because they are taking on all of that overhead. Mr. Snyder indicated that he hopes that there is a resolution with this that is fair.

Chairman asked if any public would like to comment or Legislators wished to address the public. Mr. Montello stated that he was approached with an idea for the Veterans Office for a Freedom Path to go out towards the cannon and out around the cannon. Chairman Callard stated that he should meet with the Veterans Committee, involving Legislators Eick and Rush, so that a recommendation can be made to the full Board.

Chairman Callard called upon Mr. Nesbitt, the Chief Administrative Officer, who is also the Budget Officer who filed the 2012 Orleans County Budget and read in its entirety the 2012 Orleans County Budget message. Chairman Callard thanked Mr. Nesbitt for the budget submission and he stated that copies have been distributed. Chairman Callard stated that the budget hearing will be scheduled at the next meeting but will most likely be held on the first Monday in December at the Courthouse.

The following resolutions were presented for adoption:

Legislator Rush moved to schedule the public hearing for Local Law No. 5-Intro regarding the Hotel Occupancy Tax; seconded by Legislator Allport. Legislator Rush explained that we put this into effect many years ago and we had a reason for doing it. It doesn't matter where you travel, you pay between 4% to 6% occupancy tax. With Orleans County being a fishing county, probably 80% to 90% of the occupancy tax that we receive is from fisherman. This tax helps pay for our easements and promote tourism. Chairman Callard said we will have an opportunity to discuss it further at the public hearing because Mr. Lauricella stated that it is still a tax and it is still wrong. The following resolution was adopted:

**RESOLUTION NO. 338-1111**

### **LEGISLATURE MEETING**

November 22, 2011

---

Chairman Callard called the meeting to order at 4:34 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

The Clerk presented the following communications: The Orleans County Genealogical Society is planning a photo session, scheduled for Saturday, April 21, 2012 and wishes to pose for this on the Orleans County Courthouse steps. This photo shoot will coincide with the launch of their book – *Legendary Locals of Orleans County, NY*. They hope to have approximately 200 people. Board approval requested. Request approved.

The Treasurer was not present to provide a Treasurer's report.

During open discussion, Thom Jennings, Gaines, wished to talk about Resolution 363-1111 in amending 281-710 regarding retirement reporting for elected and appointed officials. Mr. Jennings had requested a copy of this sent to from email by Debbie Prest, and she got it to him within twenty minutes. As far as the calculation of the hours, which Mr. Jennings can see is 4.28 is the days per month, which is on the resolution. Mr.

Jennings believes that is correct. He has done his own calculation on this based on a few different things. Mr. Jennings stated that he should back up. For those of you that don't know, he explained that he FOILED a copy of Legislator Henry Smith's retirement calendar back in September. There were some discrepancies in it and Mr. Jennings shared those with four or five different people to be sure he wasn't seeing something that wasn't there. He was crossing the "T's" and dotting the "I's". Among some of the discrepancies were some of the meetings that were listed. The Town of Gaines for example, which Mr. Smith was not listed on the Town meeting minutes. Mr. Jennings called Jean Klatt who is the Clerk, and asked her what the procedure was. She advised him that if you sign in, you will be put on the list, but if she recognizes the person as someone she knows from around town she will make sure to put them in the minutes. That raised Mr. Jennings suspicions. He then cross checked the Legislature minutes as to what was reported. Out of 13 meeting, Mr. Jennings feels that there was time added to the end of nine of the meetings. He stated that there was one meeting that Legislator Smith reported three hours, which was not attended. Mr. Jennings FOILED the RGRTA minutes. There is one meeting on Mr. Smith's calendar that is not showing in the minutes. There are implications to the taxpayers, in that the hours are used to determine the pension payout. There is no immediate consequence in that no money has been given that wasn't due. But, it does call into question the integrity of the reporting, which Mr. Jennings feels should be looked at. Also, the wording of the resolution says it was a clerical error. Mr. Jennings doesn't believe it was a clerical error. He believes the 21 hours added on to February were carried over from January. Mr. Jennings is asking at this time that the Legislature table this resolution to investigate this further to see if this information was falsified or if there was generally a mistake.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 347-1111**

Legislator Allport stated that this project is taking the place of the project that was previously discussed about Fiber Optics. He then asked Mr. Kinsey, Director of Computer Services to discuss the cost benefits of this. Mr. Kinsey stated that our expenses to replenish hardware, is something that is an ongoing cost. Our current fleet is about thirty servers, at \$7000 per server, it is a \$210,000 service deficit we will have to pay. If we reduce the amount of servers in half, we in turn reduce the service deficit to \$105,000. It will reduce the replacement cost and the operational cost. There will be \$6000 in saving in power cost to run half the amount of servers. The project in-turn will pay for itself and benefit the taxpayer. Legislator Allport commended the IT Team for this alternative plan of action.

Chairman Callard has asked the Personnel Director to review the reporting and submissions prior to this meeting. He then asked Jack Welch, Director of Personnel, to comment on the process of this review so that everyone can have a clearer understanding. Mr. Welch stated that he was given the document and then he reviewed the regulations that came into effect in 2009. The regulation reads that the first 90 days that are submitted are to be used for the calculation of the retirement. It doesn't matter how many months were submitted, the interpretation is you must take the first three months, otherwise you could be manipulating the three month cycle. Therefore the focus of the review was on the first three months, January, February, and March. The regulation also specifies that you can't alter the document that has been submitted to the Clerk of the Legislature. In the review, prior to it being received by myself, 21 hours from January were calculated in the month of February, as well as 2 hours in the month of March were also miss added. The review also showed that there was time at events where hours were not added to the calculation. There is a record of events that were not reported that took place. Mr. Welch also double checked the meeting minutes of the Legislature and the meeting minutes of the Standing Committees, what I found is that the Department Heads don't consistently show who is in attendance from month to month. However, of all the days that show committee minutes, Legislator Smith was in attendance at each of them. During the month of February, Legislator Smith audited the bills, however on his calendar he did not allocate anytime for doing this. This is a relatively lengthy process to go through every bill. From what Mr. Welch can tell, is there was several instances that Mr. Smith did not give himself credit for. From all of the calculations being reviewed, he agrees with the 4.28 days that are being reported.

Chairman Callard addressed Mr. Jennings' attempt to interrupt by stating that if he had any further questions, he could address it with the Director of Personnel after the meeting. Mr. Jennings continued by stating that he still believes there are inconsistencies and asked again for the resolution to be tabled. Mr. Jennings stated that he would like to sit down with Mr. Welch and share what he has found. Mr. Welch has stated that they can not alter the records and account for the time unaccounted for. I am showing that Legislature meetings end at five o'clock and Mr. Smith is

putting down that he is leaving at six o'clock that is clearly adding an hour to the end of these meetings alone. If anything, Mr. Jennings believes that warrants a second look into this resolution that was presented and voted on. Mr. Jennings doesn't understand why a six month calculation was acceptable at first, which has been done for all of the other Legislators, to the best of Mr. Jennings knowledge. Now it is being backed off to only three month calculation for this particular Legislator, because someone has brought this to someone's attention. Chairman Callard stated that his comments have been noted. The regulation has been followed and we fallen within the guidelines.

Chairman wanted to make it clear for public and press that this budget is within the property tax cap. The reason why we are asking for a public hearing for Local Law and overriding the tax cap levy is not to override

the property tax cap. The budget is within the tax cap. What bothers us, as does other towns and counties, there are inconsistencies when we question the comptroller's office regarding such things as chargeback's, future borrowing, and such that in order to have over ridden the tax cap should the comptroller's office come back in a number of years and make a determination, asking the questions now before we even vote. That imposes a problem when they say "Well you really exceeded the tax cap." They have not made it clear in the questions that we have asked. This may be an over abundance of caution, but it is an insurance policy that we comply with the law, should the comptroller make a decision years down the road and retroactively comment on our budget this year.

### **RESOLUTION NO. 364-1111**

SETTING DATE OF PUBLIC HEARING FOR LOCAL LAW NO. 6 -  
INTRO OF 2011 REGARDING OVERRIDING TAX LEVY LIMIT FOR  
FISCAL YEAR 2012

WHEREAS, there has been duly presented and introduced to this Legislature a proposed local law entitled "A Local Law Overriding Tax Levy Limit Established in General Municipal Law 3-c for Fiscal Year 2012"; therefore be it

Moved, Johnson; second, Smith.

Legislator Johnson stated that this is just the application for the 2011 State Homeland Security Program. She also commended Emergency Management for applying and administering these Homeland Security Grant programs. This money supplies the much needed public safety to this County. We intend to extend this so it will aid in the much needed improvements of our radio system upgrade which we foresee taking place in 2013.

**AUTHORIZING PARTICIPATION IN THE 2011 STATE HOMELAND SECURITY PROGRAM (SHSP FY2011)**

**SPECIAL LEGISLATURE MEETING**

December 7, 2011

---

Chairman Callard called the meeting to order at 4:38 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present.

During open discussion, Paul Lauricella, Town of Yates, commented that the only budget he would be in support of would be a balanced budget with cuts.

Legislator Eick moved to add one resolution to the agenda; seconded by Legislator Smith. Motion carried. The following resolutions were then presented:

Legislator Johnson moved to adopt Local Law No. 5 of 2011; seconded by Legislator Smith. Legislator Allport stated that there was a CFO for a major auto dealer who sat in front of a board of directors who stated clearly that no matter what you make your numbers. He was talking about the numbers as they give the predictions to Wall Street and he said if you sell the furniture you make those numbers. Legislator Allport said we have made the numbers according to the game that is being given to us by the State. He said to sit here and try to predict what the State is going to do years down the road, maybe under another administration, is impossible and if you think that by passing this that we are protected from

the State from taking our money. He says what has happened with the Department of Health has proven the fact that they will get it any way they can, take it from us any way they can, or short us. Legislator Allport further stated that we have made our cap. This Local Law is not going to protect us from anything as far as the State has done and that has proven throughout the history of what they do in Albany. When they run short of money they keep our money, they don't pass it down and that is why Mr. Allport is opposed to this resolution.

Legislator Eick stated that he feels a little different than Legislator Allport. He has had two towns in his district that have passed the override based on the recommendation from their Attorney. Now our County Attorney, the CAO, the County Treasurer, and our Real Property Director all recommend to us to pass this Local Law. Upon these recommendations, Legislator Eick can't see how we can't pass this. Chairman Callard stated he is in agreement with Legislator Eick but it is a sad commentary on the operation of the New York State government. We will go on record that we have made our statements and will act accordingly. Chairman Callard asked if there are any further comments, with their being none, Chairman Callard requested a roll call vote.

**RESOLUTION NO. 366-1211**

ADOPTING LOCAL LAW NO. 5 OF 2011, ENTITLED A LOCAL LAW TO OVERRIDE THE TAX LEVY LIMIT ESTABLISHED IN GENERAL MUNICIPAL LAW 3-C FOR FISCAL YEAR 2012.

WHEREAS, Local Law No. 6-Intro of 2011 was introduced at a regular meeting of the Orleans County Legislature on November 22, 2011 and a Public Hearing was held on December 7, 2011, at which time all interested persons wishing to speak were heard; therefore be it

RESOLVED, that Local Law No. 6 Intro of 2011, in the form hereto annexed below, and hereby is adopted as Local Law 5 of 2011; and be it

FURTHER RESOLVED, that the Clerk of the Legislature shall duly cause publication of the adoption of Local Law No. 5 of the year 2011, together with the required text thereof in the official newspaper and shall file such adopted Local Law No. 5 of 2011 as prescribed with the Office of the Secretary of State.

LOCAL LAW NO. 5 OF 2011  
A Local Law to Override the Tax Levy Limit Established in  
General Municipal Law 3-c for Fiscal Year 2012

**Section 1. Legislative Intent**

The slow recovery of the national and state economies and the continued financial obligations imposed on the County of Orleans by New York State in the form of mandated governmental services not fully funded by the State are conditions beyond the control of County government. Notwithstanding these circumstances, the County will need to provide services in 2012, in addition to those mandated by the State, which are important to our citizens.

It is the intent of this local law to override the limit on the amount of real property taxes that may be levied by the County of Orleans pursuant to General Municipal Law §3-c, and to allow the County of Orleans to adopt a budget for the fiscal year 2012 that requires a real property tax levy in excess of the “tax levy limit” as defined by General Municipal Law §3-c, and to allow the County of Orleans to adopt a budget for the fiscal year 2012 that requires a real property tax levy in excess of the “tax levy limit” as defined by General Municipal Law §3-c.

**Section 2. Authority**

This local law is adopted pursuant to subdivision 5 of General Municipal Law §3-c, which expressly authorizes the county legislature to override the tax levy limit by the adoption of a local law approved by vote of sixty percent (60%) of the county legislature.

**Section 3. Tax Levy Limit Override**

The County Legislature of the County of Orleans, New York, is hereby authorized to adopt a budget for the fiscal year 2012 that requires a real property tax levy in excess of the amount otherwise proscribed in General Municipal Law, §3-c.

**Section 4. Severability**

If any clause, sentence, paragraph, subdivision, or part of this Local Law or the application thereof to any person, firm or corporation, or circumstance, shall be adjusted by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or

invalidate the remainder thereof, but shall be confined in its separation to the clause, sentence, paragraph, subdivision, or part of this Local Law or in its application to the person, individual, firm or corporation or circumstance, directly involved in the controversy in which such judgment or order shall be rendered.

**Section 5. Effective Date**

This local law shall take effect immediately upon filing with the Secretary of State.

Moved, Johnson; second, Smith,  
Roll Call. 6 ayes; Bower, Callard, Eick, Johnson, Rush, Smith; 1 nay,  
Allport; 0 absent.  
Adopted.

Legislator Allport moved to adopt the 2012 Budget as presented; seconded by Legislator Bower. Legislator Bower stated that he will vote yes on this budget but at the next two meetings he would speak again about making additional cuts in this budget, in areas that we can cut. He stated that he will support it right now but he is not completely happy with it. The following resolution was adopted.

**RESOLUTION NO. 367-1211**

### **LEGISLATURE MEETING**

December 14, 2011

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Legislator Smith, the Clerk called the roll. All Legislators were present.

The Clerk did not have any communications for presentation. The Treasurer provided reports for distribution but was not present for explanation.

Dorothy Daniels, Albion, inquired if everyone received her e-mail regarding the Occupancy tax. Chairman Callard believed that everyone was in receipt of it and did have discussion relative to it.

Allen Lofthouse, Kendall, inquired about Resolution No. 381-1211, he thought it was stated that easement costs come out of the Occupancy tax, what is the cost for the county per year? Legislator Rush reported that we have an easement contract with Mr. Salmon for about a mile easement in the amount of \$10,000 and this year it is \$7,500 with a trade of some property. It is a five year contract. Mr. Nesbitt further reported the contract is \$7,500 this year and \$10,000 per year for four years. Mr. Lofthouse asked if the cost of the travel guide is taken out of this tax. Legislator Rush said advertising is taken out of this tax. Mr. Lofthouse asked if the Tourism Coordinator is paid from this tax. Legislator Rush indicated that there is probably not enough to take his salary from here seeing the coordinator's salary is \$19,000 per year and the bed tax revenue is about \$27,000. Mr. Lofthouse inquired what the Tourism Coordinator does for the salary he receives. Legislator Rush stated that he works about 20 hours per week. Mr. Nesbitt stated that he represents Orleans County at Trade and Tourism shows. Mr. Lofthouse asked if travel is included in the salary. Mr. Nesbitt stated that travel is not included.

Ralph Dollinger, Shelby, asked how the return of this tax is measured. Mr. Nesbitt stated that some of it is measured by fishing license sales. They compare zip codes with those that were present at a trade or tourism show. Mr. Dollinger asked if there is a public report to be reviewed. Mr. Nesbitt indicated that Mr. Hale from our Tourism Department could generate something.

Chairman Callard asked if any of the Legislators wished to comment. Lynne Johnson announced the Oratorical Contest that the American Legion sponsors at the Albion Middle School this Saturday at noon, where students prepare an eight minute speech regarding the US Constitution. She added that it is an incredibly moving experience. She encouraged everyone to attend because attendance is typically small.

Legislator Bower stated that he questioned the same thing regarding the importance of the travel shows when he became a new Legislator. He stated that he went to one of the biggest shows in the area and he could not believe the information that was asked of us in the booth. He can attest that those shows are worth every penny that is put into them because he has seen it firsthand.

Dorothy Daniels stated that no one has ever come to speak to her from the County seeing that they are in the motel business and they accommodate fisherman. They get repeat customers year after year. She asked if there

is a way to measure if the money spent this year will increase tourism next year. She speculates that an increase of money would increase tourism. She said she is not getting enough new people coming to the motel to warrant charging the repeat visitors to pay for the County to entice new visitors. Chairman Callard said he would have the Tourism Director get in touch with Ms. Daniels.

Legislator Rush stated that the Tourism Department only participates in successful shows. Should they attend a show that they don't find profitable, then they will no longer attend that show. Ms. Daniels stated that bed tax revenue should see significant increase with the more money you spend in promotional tourism dollars. Mr. Nesbitt stated that, a flip side of that is, that if we don't spend the money how much will we lose. Chairman Callard said the County brings in \$20,000,000 in tourism dollars. He then asked her to leave contact information with the Clerk for further follow up.

Legislator Allport announced Don Colquhoun's retirement as the Director of the ARC of Orleans County. A retirement gathering will be held at Hickory Ridge on December 29<sup>th</sup> from 3 to 6 p.m., with presentations at 5:00 p.m.

The following resolutions were then adopted:

**RESOLUTION NO. 380-1211**

**AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY**

WHEREAS, claims for the General Fund, Job Development Agency, the Highway Department, the Nursing Home, and account S1710 of the Self-Insurance Fund have been audited by this Legislature, and claims for recurring Utility/Community College bills will be audited by this Legislature; be it

RESOLVED, that this Legislature authorizes payment of said claims against the following funds and that the Clerk of the Legislature, the Director of Job Development Agency, the Administrator of the Nursing Home, the Superintendent of Highways, and the Self-Insurance Administrator be authorized and directed to draw demand orders on the County Treasurer in payment of the following claims:

Fund/Department	Check Number (s):	Amount:
General	9102-9375	\$625,111.41
Highway	857-866; 2233-2251	\$66,764.37

Job Development	1448	\$35,270.00
Self Insurance	49502-49506; 1007- 1010; 49443,49575	\$29,076.06

Moved, Rush; second, Allport.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Rush moved to adopt the local law to extend the Hotel and Motel Room Occupancy Tax; seconded by Legislator Bower. Legislator Allport stated that two years ago this Legislative body along with the Tourism Department, met with local businesses at the 4-H Fairgrounds to get ideas on the promotion of local Tourism. He understands that Tourism is a \$22 million industry for Orleans County, with \$12 million coming from the fishing industry. He added that fishing magazines around the country have our spot at Oak Orchard Creek as one of the top ten fishing holes. This Board addressed the issue of unsafe fishing at Oak Orchard Creek and we addressed that with Mr. Salmon and opened up that location to the fisherman. Legislator Allport has a core economic belief that if you have an activity and you remove the fees or hidden taxes on it then more people will come. He believes this will bring in more revenue, not only to the businesses, but local government with sales taxes. Legislator Allport understands all of the financial situations but that is why he is opposed to continuing this tax. The following resolution was adopted by official roll call vote.

Legislator Johnson moved the continuation of work hours for Emergency Management Director and she is excited to announce the RFP was awarded and 2012 will be a very good year for our radios which was a long due process and we can commend the EMO Director and CEO in making this come into fruition so Public Safety Radios will again be in working order. Legislator Smith seconded the motion. Legislator Allport commended Paul Wagner and his organization with this being a five year ordeal. A few years ago a full time radio person was brought on to try to

resolve this issue. This radio person is now gone and we have a company out of Rochester doing the radio repairs. Last week we announced the project going forward and he looks at it now as normal business for this department. We set these hours last year and Legislator Allport said that he does not see the need to extend them this year and have the additional cost to the taxpayers and that is why he is voting against this resolution. Legislator Allport moved to oppose the POWER NY ACT of 2011; seconded by Legislator Rush. Legislator Allport encouraged our local towns to pass similar resolutions and forward to the State representatives because it is concerning their powers over their land too. The following resolution was adopted:

**RESOLUTION NO. 412-1211**

**OPPOSING THE POWER NY ACT OF 2011**

WHEREAS, New York State recently enacted legislation known as the Power NY Act of 2011; and

WHEREAS, said Legislation amended the public service law by adding a new article 10, which establishes a New York State Board of Electrical Generation Siting and the Environment; and

WHEREAS, said Board will have the authority to permit the siting of electrical generating facilities in the State which have a nameplate generating capacity of twenty-five thousand kilowatts or more; and

WHEREAS, previously, while various state agencies had regulatory oversight for such facilities, as a home rule state, New York's local municipalities, by virtue of decisions made by locally-elected representatives, could ultimately decide whether such development was in their residents' best interests; and

WHEREAS, the Power NY Act of 2011 removes said decision making from local municipalities, and puts that authority into the hands of a bureaucratic State board which will have nominal representation from affected communities, and even that representation cannot be from elected representatives of those communities; and

WHEREAS, the new Board will have the authority to ignore "any local ordinance, law...or any local standard or requirement if it finds that such is unreasonably burdensome...on ratepayers whether located inside or outside of such municipality"; and

WHEREAS, the new law further states that "no municipality may require any approval, consent, permit, certificate or other condition for the construction of operation" of such facility; and

WHEREAS, while the law provides for the set-aside of funds for pre-hearing research on behalf of the affected communities, said funds are controlled by the Board and will be allocated as it sees fit; and

WHEREAS, the large majority of the Board's membership will have no connection to the affected communities and will not be directly affected by their decisions; and

WHEREAS, while municipalities may be a party to the siting hearings, so may any individual within 5 miles of the proposed facility's site, and therefore the municipality itself, which purpose, by law, is to represent the residents who elect its officials, is diminished to the level of

each individual within the 5 mile radius, whether or not he/she lives in the affected municipality; and

WHEREAS, said law follows a disturbing trend in New York State to remove powers from local jurisdictions and therefore from the affected electorate and transfer such powers to a faceless bureaucracy which has no constituency; now, therefore be it

RESOLVED, that the Orleans County Legislature opposes, protests, and expresses its deep disappointment and concern over the establishment of said siting Board and of the enactment of the Power NY Act of 2011; and be it

FURTHER RESOLVED, that certified copies of the resolution be sent by the Clerk of the Legislature to Governor Cuomo, Senator George Maziarz; Assemblyman Steve Hawley, and, NYSAC, InterCounty of Western New York, the Towns in Orleans County, and COAXNY.

Legislator Bower expressed that it has been almost two months since election time and he has not read an article or have seen a person here at our meeting that complained months ago on what a terrible job this Legislature has done in respect to saving the Nursing Home, as they have put it; but to keep the Nursing Home as a County Nursing Home. Tonight, Legislator Bower, thanked Mr. Gillick, who was present, and his entire staff for doing an excellent job with the Nursing Home with our encouragement. Legislator Bower stated that we knew at one time that finances were not good but we worked on it diligently, contrary to what was written in the papers and what we were told here at our meetings. Legislator Bower complimented all of the people working in the Nursing Home. Legislator Bower asked Mr. Gillick to take that back to the staff and he thinks the staff knows how he feels but wanted Mr. Gillick to take his appreciation back on behalf of the entire Legislature. Honorable Members of the Orleans County Legislature:

Please accept the filing of the following document as the 2012 Orleans County Tentative Budget. The Orleans County government continues to adapt to the new realities we face as a result of the 2008 recessionary cycle that the country, state and county are slowly recovering from. 2012 will be another trying year for the Orleans County government, programs, personnel and management. Facing tough fiscal constraints, the primary goal of this budget is to maintain the core services provided by the County while living within the New York State imposed tax cap despite the lack of any of the meaningful mandate relief promised by its' advocates. The 2012 Tentative Budget achieves this goal.

The budget includes a reduction of eleven full time jobs, an additional 2.4% reduction in the fulltime workforce from 2011, continuing a trend that now totals nearly 7% of the fulltime slots and nearly 10% of all part-time slots since 2010.

There are broad arrays of financial pressures being placed on the county that shape the budget. This past legislative session, the State of New York passed the property tax cap law that limit the increase in taxes levied by local governments to 2% with some modest exceptions for real growth in the tax base due to new construction or major improvements as well as a small portion of pension increases. The budget office estimates the cap number for Orleans County for 2012 to be 2.92% or \$403,248 of allowable growth. Aside from the tax cap law, demands on the human services programs delivered by the County continue to be very high. Health insurance and pension costs continue to grow at a pace well above 2% while state aid is on the decline.

There are major cost drivers looming on the horizon. The County will face the need for investment in major improvements to the public safety radio infrastructure that will likely drive additional costs for debt service in 2013. Major improvements to the county's bridge infrastructure will also come due in 2014 with design taking place in 2012 including a 1.3 million dollar maintenance project to extend the life of the bridge over Lake Alice. These projects will undoubtedly put additional pressure on the county budget.

The nine major mandates as defined by the New York State Association of Counties now make up more than 100% of the Orleans County property tax. The eight mandates that the County now shows as a line item on the tax bill make up \$13,655,582 or 88% of all property taxes levied up from 84% in the 2011 budget. The costs of those eight mandates are up \$1,007,390. The need for mandate relief at the state level has been repeated over and over to the Governor and our legislative delegation at the state level. Although the tentative budget is tax cap compliant, without significant and timely mandate relief, staying within the tax cap is unsustainable at the rate of growth in the state's programs alone. If the state fails to provide the necessary relief, we will be forced to eliminate important local services or override the cap in order to continue to pay the state's bills.

The tentative budget for the first time in several years is projecting growth in the sales tax of \$500,000. Additionally, the availability of fund balance in the enterprise fund allows the county to reduce the net property tax levy attributable to the Villages of Orleans to \$825,000 from \$1,501,529. The remaining \$1,003,571 in projected operating deficit will be covered with monies from the enterprise fund balance remaining from the IGT and rebasing dollars received over the last year. The State of New York had projected to finalize Medicaid reimbursement rates in October of 2011. Unsurprisingly, October has come and gone and the Villages still has no long term rate established leading to continued future uncertainty.

The tentative budget will allow the County to maintain nearly all programs and services. Mental Health and Office for the Aging are undergoing reorganization and staff reductions due to revenue lost in the state budget. Funding to the Villages for participation in the Major Felony Crime Task Force is reduced in the tentative budget by 25%.

In summary the 2012 budget supports total expenditures of \$75,485,740 and revenues of \$57,027,666. The property tax levy is offset with \$1,825,000 in cash surpluses from the General Fund, Road Fund, Debt Service Fund and Machine Fund a reduction of \$90,000 from the same funds in the 2011 budget. New cash surpluses are being tapped from the Enterprise Fund to offset cost of operations at the Villages of Orleans and \$320,000 will be used from the County's retirement reserve to offset the rapid expansion of employer contribution costs to the New York State Retirement System. The levy will increase 2.78% or \$384,690 over 2011 and the tax rate will rise 2.183% to \$9.59 or 20 cents per thousand. Impact on a home assessed at \$80,000 will be approximately \$16.00.

The budget officer also recommends that the Orleans County Legislature pass the local law overriding the property tax cap despite the 2012 Tentative Budget being tax cap compliant. This measure should be taken to protect the county and the taxpayers from future regulation and interpretation of the property tax cap law. Implementation of the tax cap at the state level has been a work in progress. Guidance on the cap's implementation has

been somewhat indecisive. Several years from now, new staff with new interpretations of how the cap was to be implemented could review municipal budgets for 2012. Their interpretations could very well be inconsistent with those available now and may result in multi-year penalties to many municipalities including Orleans County.

The tentative budget is a result of the best efforts of the Budget Office, department heads and staff to maintain essential county programs at a reasonable cost

Respectfully Submitted,

Charles H. Nesbitt, Jr.

## **Organizational Meeting**

January 4, 2012

---

The Clerk of the Legislature called the meeting to order at 4:32 p.m. The Pledge of Allegiance was led and Nadine Hanlon, Clerk of the Legislature, recited a prayer that was offered by the late Rev. Robert H Mowatt at the January 5, 1984 Organizational meeting of the Orleans County Legislature. The Clerk called the roll and all Legislators were present.

The Clerk opened the floor for nominations for a temporary Chairman of the Legislature. Legislator Eick moved that Legislator Rush be the temporary Chairman. Legislator Allport second the motion. The Clerk asked if there were any other nominations. Motion was carried.

Temporary Chairman Rush asked for nominations for Chairman. Legislator Bower stated that he has been a Legislator for many years; and has worked with fifteen different Legislators and six different Chairmen. He said he has a ranking for David Callard as being Chairman and he said we have had some great Chairmen. Legislator Bower would put Legislator Callard on the top. He has been hard working, dedicated, honest and said he represents the three L's. He is a willing listener, and outstanding leader, and he has an abiding love for the people of Orleans County. Legislator Bower said he is proud to nominate Legislator Callard to be Chairman for 2012-2013. Legislator Eick seconded the nomination. Temporary Chairman Rush asked if there were any other nominations. With there being none, a roll call vote was requested.

Roll Call Vote: 7 ayes; 0 nays; therefore the motion for Legislator Callard to be Chairman of the Orleans County Legislature was carried.

Temporary Chairman Rush asked for nominations for Vice Chairman. Legislator Allport stated it was his honor to nominate Legislator Bower as Vice Chairman. Legislator Allport expressed that Legislator Bower's dedication to Orleans County is unquestionable. He is proud to serve with him and believes this position should duly be his. Legislator Johnson seconded the nomination. Temporary Chairman Rush asked if there were any other nominations. With there being none, a roll call vote was requested.

Roll Call Vote: 7 ayes; 0 nays; therefore the motion for Legislator Bower to be Vice Chairman of the Orleans County Legislature was carried.

A brief recess was called for the swearing in of the Orleans County Legislature by Orleans County Clerk, Karen Lake-Maynard. Karen Lake-Maynard asked everyone to rise and she performed their oaths of office and the official book was signed by the Legislators.

Clerk Hanlon introduced Joyce LaLonde, a Junior from the Albion Central School, who performed her speech on the United States Constitution. Ms. LaLonde was the Orleans County American Legion Oratorical Contest winner for Orleans County. First, John Hucknall, Orleans County American Legion Oratorical Contest Chairman, introduced the purpose of the contest. He defined oratorical – talking in front of a group of people. He said a lot of people are scared to death to do it but the contest is based upon the Constitution and the rights and responsibilities of a citizen. He said all five school districts have been involved over the last four or five years, and it keeps growing. He said the more students they get involved, the more they will know about the constitution. The more we put through the contest, the more educated people we will have to step up as leaders in Orleans County. The contest is completely funded by the American Legion, no tax dollars involved, and has been going on for seventy-five years. Mr. Hucknall said that Joyce won the county contest but all nine contestants did a fabulous job. It was a tough decision to choose a winner. Mr. Hucknall introduced Joyce LaLonde. Upon the completion of her speech, she was applauded by the room. Legislator Rush thanked Joyce and expressed that he could see why she was the contest winner. He thanked her for doing a wonderful job.

Temporary Chairman Rush escorted the newly elected Chairman to the Chairman's seat and turned the organizational meeting over to Chairman Callard.

Chairman Callard stated that if this was the Orleans Caucus today, Ms. LaLonde would be our winner and he thanked her again for performing her speech before the Board.

He also announced that the next regular meeting will be held on January 11, 2012 at 4:30 p.m.

Legislator Allport moved to adjourn; second by Legislator Smith.  
Meeting adjourned at 4:58 p.m.

## LEGISLATURE MEETING

January 11, 2012

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, led by Legislator Smith, the Deputy Clerk called the roll. All Legislators were present.

The Deputy Clerk had no communications to present and Treasurer Heard was present but she did not have a report today because they kept the cash available longer. She will have a report prepared for the next meeting.

During open discussion Allen Lofthouse, Kendall, questioned Resolution No. 11-112 pertaining to the monthly and annual cost of the Secretarial Services contract with the County Attorney. He asked how many hours of coverage in the contract. Attorney Schubel stated that the numbers are whatever are necessary. Mr. Lofthouse asked how he comes up with the figures on the contract. Mr. Nesbitt stated that we get more than our monies worth and we don't pay for a support staff for him. Attorney Schubel, starting his twenty-third year here, stated that it used to be an employee of the county who used to be the secretary to the County Attorney but he decided to contract with his office to do that rather than paying an employee. He now is absorbing all the employer costs. His office also supplies the computer, equipment, and office overhead. The County is not paying New York State Retirement, worker's compensation, and health insurance. Mr. Lofthouse thought it was a goofy answer as far as he was concerned and figured maybe they are right and maybe they are not, he doesn't know that and it sounds like a trade off in some way.

Mr. Lofthouse inquired about Resolution No. 13-112 and what the county pays for in Soil and Water services. Mr. Nesbitt requested Mr. Dan Schuth, the Regional Director of Soil and Water, to answer. Mr. Schuth stated that Soil and Water has an Intermunicipal agreement with the County Highway Department to share equipment and services. Soil and Water Conservation District owns several pieces of equipment and in turn the Orleans County Highway Department does maintenance on that equipment with billing back to them at a very reasonable rate; less than an equipment dealer would charge them for the same type for repairs. Soil and Water supplies engineering for drainage projects and manpower on ditch drainage projects by shooting grade while a ditch is being done and calculating backfill or material to be removed from a drainage ditch for a

project. This sums up their contributions to the County. Mr. Nesbitt inquired from Mr. Schuth what the return on investment was. Mr. Schuth said last year it was somewhere around \$19 for every dollar in the county allocation for Soil and Water.

Mr. Lofthouse asked about Resolution No. 22-112 and who actually serves on the Continuity of Government Committee. Mr. Nesbitt listed the CAO, the Emergency Management Director, the Bioterrorism Coordinator, the Public Health Director, the Mental Health Director, the Highway Superintendent, and the Directors of Personnel and Computer Services. This group prepared a disaster plan to provide for the relocation of operations if our sites were destroyed or disabled. The plan also prepares for resources needed to continue operations, such as computers, staff, etc. The plan also incorporated different contingencies for time of operations disrupted. It is a requirement by the State to have a plan in place and this group was asked to oversee the development of our plan. Chairman Callard stated that there is no increase in cost with the contracts that were referenced. The cost is the same for 2012 as it was for 2011 and 2010.

Henry Smith introduced and welcomed Gloria Morgan, the Associate Dean from Albion's Campus Center of Genesee Community College. Ms. Morgan thanked Mr. Smith for the introduction. She said she is home here because she is both an Albion and GCC graduate. She said she appreciates having the opportunity of Orleans County students to take classes at both the Albion and Medina campuses. She also appreciates the utilization of partial funding coming from this Board. She provided new GCC pins for the Board. Chairman Callard asked if she had any utilization numbers of the Albion or Medina campuses. Ms. Morgan stated that they had to cancel 12 out of 60 classes due to low enrollment. Enrollment in Albion is about 1400-1600 students, and Medina campus is around 1,000. She would be happy to follow up with more concrete numbers at a later time. Chairman Callard thanked her for coming.

Mr. Nesbitt referred back to Mr. Lofthouse's concern regarding secretarial services. The contract done with Mr. Schubel was not under his tenure. What was done under his tenure was about a \$30,000 savings by switching from a full-time employee in the county to a similar arrangement as Mr. Schubel's office with the Public Defender's office. We were spending about \$52,000 in public employment costs and took it down to about \$23,000 with the Public Defender's office at this time.

January 11, 2012

Resolutions 6-28

Mr. Nesbitt stated that the County applied for and received \$27,847 for a Records Management Improvement Funds Grant for the expansion of the County Record's Center. The existing Records Center has records stacked to the rafters and has a loss of space especially before they perform the annual clean out. The old vacant Buildings and Grounds offices are available to be used for the expansion. The computer and the multi-functional copier were not approved, which was about a \$1,500 reduction in the grant application. A meeting has been held with Gerry Gray, Jim Noreck, Debbie Prest, and himself on how to execute the project and they began demolition. This project should be completed by April.

Legislator Eick moved to add one resolution to the agenda; seconded by Legislator Smith. Motion carried. The following resolutions were presented for adoption:

**LEGISLATURE MEETING**

January 25, 2012

---

Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Legislator Smith, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The 4<sup>th</sup> Quarter Distribution of Revenue report has been submitted on behalf of the Traffic Diversion Program. Senator Catharine M. Young has confirmed receipt of Orleans County Legislature Resolution No. 301-911 which supported the multi-year state takeover of local share of Medicaid costs. As a co-sponsor on Senate Bill 5889-B, she appreciated Orleans County's support in adopting the resolution of support.

Chairman Callard asked if a Treasurer's report was submitted, which one was not.

During open discussion, Allen Lofthouse, Kendall, inquired about Resolution No. 30-112 and in what capacity do these various employees serve. Chairman Callard stated that a copy of the Local Law has been placed on the desks of the Legislature and he will see that Mr. Lofthouse receives a copy. Today it is just being presented to the Board and a Public Hearing to be set.

Mr. Lofthouse also inquired about Resolution No. 34-112. He was concerned about the dates and the the time frame of the approvals. Mr. Nesbitt advised Mr. Lofthouse that we may not get paperwork from the State until a later date, especially if we extend our grants, which we are doing in Resolution No. 34-112. We do not draw the grant down until the agreement is approved and signed. We approve these agreements when we get the paperwork from the State, which may be delayed from the actual starting date of the program.

Mr. Lofthouse asked if the property, referenced in Resolution No. 39-112, has been sold and was the County able to recoup all the interest in the real estate. Chairman Callard stated that it has not been sold and will address the Legislature with comments on this.

Paul Lauricella, Yates, inquired about Resolution No. 38-112, Support of the ALERT ACT and what it would cost the County. Mr. Nesbitt stated it is a Federal Act so we are hoping that in order to provide that capability, they will provide us with the money to carry this program out. Mr. Lauricella said he is not up on texting and technology but was wondering if it could be added to loosen up some of the gun control laws because some of these places where legitimate citizens are holding pistol permits, a lot of these murders would not take if there was an honest citizen there to take them out if they begin shooting. That is the problem that law abiding citizens can't carry in certain places and the laws are being made thinking it makes people safer but no one is save because the people who can be armed are unarmed.

Legislator Johnson commented that Chief Matt Olles, Carlton Fire Company and Paul Wagner, Director of EMO, were invited to the Governor's State of the State address on January 3<sup>rd</sup> in Albany. The Governor issued invitations to those fire personnel, law enforcement, military and naval affairs that participated in the response to Hurricane Irene and Tropical Storm Lee and we were honored to have them there. Director Wagner stated that about 300 coordinators, first responders, law enforcement, and military personnel who responded down state to assist and it was nice to be recognized for all of their efforts.
