Robert Tirsch was given the privilege of the floor to explain the proposed state aid applications and projects under the Division for Youth. One application is for reimbursement for salaries, etc., for staffing the activities of the Youth Board. Another proposal presented by Mr. Tirsch would employ four youth under a Probation Program - this project is 100% reimbursable. A project under the Community Counseling Center was explained by Mr. Tirsch and Mr. Roger Covill who is employed part-time by the Center. Funding through the Division for Youth will allow expansion of the services provided by the Center. Mr. Tirsch also requested that the Board approve the Chairman signing an application for state aid for the 1977 program of Camp Rainbow.

RESOLUTION NO. 168

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION NO. 172

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION AUTHORIZING PAYMENT OF DUES TO MUNICIPAL ORGANIZATIONS AND PURCHASE OF MAGAZINES AND OTHER PUBLICATIONS IF BENEFICIAL TO THE COUNTY

WHEREAS, State Comptroller's Opinion #72-721 held that dues to associations of municipal officials may be paid from public funds under certain conditions contained in that opinion, now therefore be it

RESOLVED, that this Board of Supervisors does hereby authorize payment of dues to municipal organizations and associations for County officials if the Committee for that department determines that such membership will be of benefit to the official and the County in the performance of his/her duties, and be it

FURTHER RESOLVED, that upon prior approval by a committee of this Board responsible for each department, that department may purchase magazines and other publications necessary for the operation of the department.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Bane requested that the request for leave of absence for Patricia Doolan, tabled at the April 6th meeting, be removed from the table.

It was moved by Supervisor Bane and seconded by Supervisor Piedimonte that a maternity leave of absence, without pay, be granted to Patricia Doolan, a CETA employee in the Department of Social Services, for the period May 5, 1978 to October 28, 1978.

Carried.

Supervisor Piedimonte informed the Board that Mr. Hancock had told him that the position can be filled by someone under CETA until the original employee returns from leave.

The request from the Village of Medina to have the County collect village taxes, which was tabled earlier in the year, was removed from the table and discussed. Mr. Norris Webster, Assistant County Attorney, acting in place of Mr. Young, who was excused, told the Board that a law passed in 1977 allowed the County to do this. Mr. Piedimonte presented a possible alternative to collecting the taxes, which would allow the County Treasurer to collect the unpaid village tax if the property is on the list of properties to be foreclosed. The County Treasurer has suggested that this might be a possible way to solve the problems encountered by the villages. The matter was tabled until after she attends the Finance School in Syracuse where the situation will be discussed with state officials.

#### RESOLUTION REQUESTING STATE FUNDING FOR DE-INSTITUTIONALIZED MENTALLY ILL

WHEREAS, the State of New York has been under court and legislative mandate since 1975 to de-institutionalize thousands of mentally ill and mentally disabled patients who could conceivably live relatively normal lives in their home communities, under proper medication, supervision and supportive services, and

WHEREAS, the State Department of Mental Hygiene has, in fact, discharged thousands of formerly institutionalized patients into various areas of New York State, and

WHEREAS, insufficient planning and funding of services for these former patients regarding housing, on-going medication, social services, employment or other useful activities or projects has occurred, especially in rural areas, leaving these former patients to live in low rent hotels and aimlessly walk the streets, and

WHEREAS, releasing the residents into the community will place an intolerable burden on all public institutions and services without any compensating benefit to the public or to themselves, and

WHEREAS, the State of New York has the moral and legal responsibility to provide care and adequate funding for services to be in place prior to the release of these discharged patients, now therefore be it

RESOLVED, that the Orleans County Board of Supervisors requests the State Legislature to introduce legislation to increase the state funding in 1978-79 for community services for de-institutionalized patients according to specific local plans to be carried out around the state, and be it

FURTHER RESOLVED, that the Clerk of this Board be directed to send certified copies of this resolution to Governor Carey; the Commissioner of Mental Hygiene; Senator Paterson and Assemblyman Hawley.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Nayman reported that the Board was again being asked to support legislation concerning retired teacher's retirement benefits. The Clerk was instructed to obtain copies of S-8783 and A-11596.

It was moved by Supervisor Nayman and seconded by Supervisor Whipple that Major No. 2292, Town of Albion, be sold to Sam Navarra for the sum of \$5,362.52. After discussion the motion was withdrawn.

Supervisor Whipple reported that the Insurance Committee would like some direction from the Board regarding increasing the County's liability insurance.

Supervisor Dudek suggested that names of several firms who do consultant work in relation to investigating the insurance needs of municipalities, be obtained. The Clerk will contact NYSAC on this.

It was moved by Supervisor Swiercznski and seconded by Supervisor Piedimonte that the meeting be adjourned.

Carried.

Adjourned at 10:00 p.m., until 9:45 a.m., May 4, 1978 for the public hearing on Local Law No. 2 of 1978.

REGULAR MEETING  
Thursday, May 4, 1978

The meeting was called to order at 10:00 a.m., by the Chairman. After the Pledge to the Flag, the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Bane and seconded by Supervisor Piedimonte that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Jeff Astles and William Larsen to bring the Board up to date on the status of the questionnaire regarding a county-wide water district. Mr. Astles explained that with the help of the computer at Brockport State 540 residents have been selected at random, representing various segments of the population, to be contacted in person by Mr. Astles and Mr. Tirsch, to answer the questions on the questionnaire. It is felt that by contacting the residents personally any errors can be avoided and any questions the residents may have will be answered. The results of the survey should give a good indication of the interest in such a county-wide water district. The Board discussed various other aspects of a county-wide water district such as whether it should be owned by the county or whether the water should be purchased from other sources.

Privilege of the floor was granted to Daryl VanAlstyne. Mr. VanAlstyne presented a report prepared by him on "Computer System Cost Comparison".

Supervisor Dudek read a letter from Yondata Corporation, Rochester, N. Y., stating that they would offer a one year contract at \$450/month to keep the Election Office on the same type of computer as the one at Brockport. In addition to the \$450/month the County would also have to pay the cost of the terminal and telephone charges.

Privilege of the floor was granted to Dr. Charles Ganim. Dr. Ganim presented a proposal from Technology's Edge, Buffalo, N. Y., to supply a Micro Computer at a purchase price of \$33,000.00 or on a rental basis of \$924.00 based on a five year rental.

After much discussion of the above proposals for computer service the matter was referred to the Purchasing Committee and Mr. VanAlstyne for recommendations.

Privilege of the floor was granted to John Staebler, Administrator of the County Health Department. Mr. Staebler read his letter of April 14, 1978 to the Board. In his letter he stated, "A detailed application must be submitted to the New York State Commissioner of Health who determines long term health care deliverers on the basis of recommendations by the relevant H.S.A. and the State Hospital Review and Planning Council.

Monthly Medicaid expenditures would be limited to 75% of the average monthly nursing home or health related facility rates, whichever is applicable.

A budget of approximately \$145,000.00 has been drawn up for this program which at onset may need initial startup funds advanced to finance the project since it takes approximately six months to be reimbursed. Only certified home health agencies (such as this Department has) and authorized providers of long term home health care programs are eligible for direct payment by government agencies (Medicaid & Medicare) for home care services."

Most home care services will be provided through contractual arrangements. Mr. Staebble told the Board that even if an application is sent to the State the Board could decide at a later date not to participate in the program. The Board discussed various aspects of providing home care for those eligible. No decision was arrived at.

It was moved by Supervisor Paduchak and seconded by Supervisor Bennett that the Board go into executive session to discuss the landfill contract with Mr. McKenna.

Unanimously adopted.

Adjourned at 12:50 p.m. for executive session. Adjourned for lunch at 12:55 p.m.

#### AFTERNOON SESSION

Reconvened at 2:15 p.m., all Supervisors present.

The Clerk presented the following communications:

Acknowledgement of Resolution No. 184 by Governor Carey; acknowledgement of Resolution No. 131 in support of A.69-A and S.102-A, from Assemblyman Hawley, Assemblyman Hawley co-sponsored this bill and will work for its passage.

Notice from the Dept. of the Army that the U.S. Fish and Wildlife Service is applying for a permit to deposit fill in a branch of Oak Orchard Creek in the Town of Shelby.

Letter from Dept. of Labor, dated April 27, 1978, regarding obligation of OJT funds.

Letter from Regional Planning Council, dated April 27, 1978, informing the Board that six counties have adopted the Council's recommended payment plan for the deficit.

It was moved by Supervisor Paduchak and seconded by Supervisor Piedimonte that all Supervisors be authorized to attend the Supervisors' and County Legislators' Association meeting at Kerhonkson, N. Y., on June 18-21, 1978, at county expense.

Carried.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that John D. Strickland, Director of Weights and Measures, be authorized to attend a meeting of the Executive Committee of the Weights and Measures Association in Syracuse, N. Y., on May 10, 1978, at county expense.

Carried.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bane that Arden McAllister, County Historian, be authorized to attend the New York State County Historians Association meeting at Fishkill, N. Y., on May 11, 12, 13, 1978, at county expense.

Carried.

It was moved by Supervisor Bane and seconded by Supervisor Swiercznski that Margaret Mathes, Aging Services Aide, be authorized to attend an Outreach Training session at Livonia, N. Y., on May 8th and 9th, 1978, at county expense.

Carried.

It was moved by Supervisor Paduchak and seconded by Supervisor Piedimonte that the County Planner, County Attorney and all Supervisors be authorized to attend the workshop on how to apply for federal funds to be held at the State University at Geneseo on May 18, 1978, at county expense.

#### RESOLUTION CREATING CETA POSITION IN MANPOWER OFFICE

RESOLVED, pursuant to the request of James Hancock, Manpower Coordinator, by letter dated April 20, 1978, there is hereby created the position of Counselor at an annual salary of \$8,200.00, under CETA Title VI, in the Manpower Coordinator's office, subject to approval by Orleans Community Action Committee, Inc.

Adopted. 372 ayes; 0 nays; 0 absent.

The Clerk read a letter from Raymond C. Pahura, Economic Development Coordinator, dated April 24, 1978, informing the Board that he is resigning that position effective May 8, 1978.

It was moved by Supervisor Paduchak and seconded by Supervisor Swiercznski that Mr. Pahura's resignation be accepted with regret.

Unanimously adopted.

The Clerk read a letter from the Department of State, dated April 18, 1978, regarding the 701 Funding. The letter stated in part, "For Orleans County, our preliminary review of the Summary Land Use and Housing Statement, which accompanied your letter, indicates that it probably satisfies the HUD guidelines. However, until such time as the plan (supporting documentation) is finalized and submitted along with a letter indicating either endorsement or the steps that are being taken to achieve endorsement, we cannot accept Orleans County's submission as complete for review and approval purposes."

"Therefore, we will not be able to award a 701 Grant until a full submission has been made and approved."

Mr. Astles told the the Board that when this letter was received he had called the Dept. of State. We have until July 1st to get this ironed out - but if it were not done until a later date we would only lose funding for the period which was not approved.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that the County Planner be authorized to open and answer any mail

received by the Economic Development Office and to take any telephone calls for that office until the position of Economic Development Coordinator is filled.

Carried.

The Clerk informed the Board that Local Law No. 1 of 1978 was filed with the Secretary of State on April 20, 1978.

#### RESOLUTION NO. 186

By Supervisor Paduchak, who moved the adoption.

The Board discussed the reapportionment plan in relation to whether there should be a mandatory referendum. It was the consensus that a mandatory referendum should be held.

Supervisor Paduchak introduced Local Law No. 3 of 1978.

A local law ..... Establishing a Plan for the Reapportionment of the Orleans.....  
(Insert title)  
County Board of Supervisors

Be it enacted by the ..... Board of Supervisors..... of the  
(Name of Legislative Body)

County  
City of ..... ORLEANS..... as follows:  
Town of .....  
Ridgeway

SECTION 1. ADOPTION OF PLAN

1.1 The Board of Supervisors of the County of Orleans, pursuant to an Order of the Supreme Court of the State of New York dated December 2, 1977, does hereby adopt the plan set forth herein for the reapportionment of the Orleans County Board of Supervisors.

SECTION 2. COMPOSITION OF BOARD

2.1 The membership of the Orleans County Board of Supervisors shall be increased from ten (10) to fourteen (14) members.

SECTION 3. TOWN SUPERVISORS

3.1 Each member of the Board of Supervisors elected as the Supervisor of his Town pursuant to the Town Law of the State of New York, shall be referred to herein as "Town Supervisors." Each such supervisor shall serve as a member of the Orleans County Board of Supervisors.

SECTION 4. COUNTY SUPERVISORS

4.1 In addition to the Town Supervisors, there shall be elected at large one Supervisor to be known as "County Supervisor" of each of the Towns of Albion, Murray, Shelby and Ridgeway.

4.2 Such County Supervisors shall hold no town office, shall be county officers and shall be compensated by the County of Orleans at the rate established by the County of Orleans for the compensation of Town Supervisors from County Funds, together with expenses as now or hereafter provided by law for Town Supervisors.

4.3 Each County Supervisor shall have the same qualifications to hold office as are set forth for Town Officers by Section 23 of the Town Law of the State of New York and other applicable statutes.

4.4 Each such County Supervisor shall hold office for a term of two (2) years commencing on the 1st day of January in each even numbered year and terminating December 31, in the following odd numbered year. Such County Supervisors shall be elected by the

voters of the Town which they represent and shall be voted upon in the general election held in November of each odd numbered year.

4.5 Each County Supervisor as herein defined shall be a member of the Board of Supervisors of the County of Orleans and as a member of such Board he shall have powers and duties coordinate with the powers and duties of Town and County Supervisors of the other Towns in the County of Orleans.

4.6 Vacancies in the Office of Town Supervisor shall continue to be filled in accordance with the provisions of the Town Law.

4.7 Vacancies existing in the Office of the County Supervisor shall be filled in the same manner as is provided for filling vacancies in the Office of the Coroner under provisions of the County Law of the State of New York.

#### SECTION 5. VOTING ON BOARD OF SUPERVISORS

5.1 Voting on all matters coming before the Orleans County Board of Supervisors shall be by weighted vote as analyzed by computer and adjusted so that the voting power of each supervisor shall be more or less equal to the percentage of the population which each supervisor represents.

5.2 No Supervisor may split his assigned weighted vote, but when voting, must cast the entire weighted vote assigned him as a block.

5.3 The apportionment of the voting strength of the members of the Board of Supervisors of the County of Orleans shall be determined by the 1970 federal census in the County of Orleans until the next decennial federal census, in which event the voting strength shall be changed, if necessary, to conform to such decennial federal census. On and after the effective date of this local law and continuing until the next decennial federal census, unless an official county census shall be made sooner, the apportionment of the voting strength of the members of the Board of Supervisors of the County of Orleans shall be determined by the number of residents in each town.

In preparing each reapportionment in accordance with any future federal census, or official county census, the Board of Supervisors shall employ an independent computerized mathematical analysis and such other method or methods as shall most nearly equalize the percentage of voting power of each Town and County Supervisor to its percentage of the total county population in accordance with this local law. Once the computerized weighted voting power of each Town and County Supervisor is obtained in accordance with such new census, Section 7 of this Local Law shall be amended to reflect any such changes in the assigned weighted voting power of the respective Town and County Supervisor. Such amendment shall be by Local Law and subject to permissive referendum.

#### SECTION 6. VOTES OF TOWNS

6.1 In each town having a Town Supervisor, but no County Supervisor, the voting power of such town shall be determined to be equal to the assigned weighted voting power of its Town Supervisor.

6.2 In each Town having both a County Supervisor and a Town Supervisor, each Supervisor shall represent all of the residents of the Town at large and neither shall be considered as representing a certain geographical district within the Town. In Towns having both a Town and County Supervisor, the computerized weighted voting power of the Town and County Supervisor will be determined by assuming that both the Town and County Supervisor each represents one-half the residents of their Town.

6.3 On any vote taken on the Board of Supervisors, the Town Supervisor and the County Supervisor shall cast their respective votes independently.

#### SECTION 7. ASSIGNMENT OF WEIGHTED VOTES

7.1 Assignment of weighted votes, pursuant to computer analysis on votes of the Orleans County Board of Supervisors requiring a simple majority for passage shall, after the effective date of this Law, and until the next special or general countywide United States Census of Orleans County, be as follows:

7.4 A total of 750 affirmative votes shall be required for the adoption of any resolution, local law, motion or proposal requiring a majority vote; a total of 666 affirmative votes shall be required for the adoption for any resolution, local law, motion or proposal requiring a two-thirds vote; a total of 602 affirmative votes shall be required for the adoption of any resolution, local law, motion or proposal requiring a three-fifths vote.

#### SECTION 8. FIRST ELECTION OF COUNTY SUPERVISORS

8.1 In the Towns in which the four additional at large County Supervisors are to be elected, such County Supervisors shall be elected in the general election held in November of 1978 for a term of one year commencing on January 1, 1979 and ending on December 31, 1979.

## SECTION 9. EFFECT OF OTHER LAWS OR ACTS

9.1 Any law, ordinance, resolution or other act inconsistent with the provisions hereto shall be superseded by this Local Law.

## SECTION 10. SEPARABILITY

10.1 If any clause, sentence, paragraph or section of this Local Law shall be adjudged by any Court of competent jurisdiction to be invalid, such adjudication shall not effect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph or section thereof directly involved in the proceedings in which such adjudication shall have been rendered.

## SECTION 11. REFERENDUM

11.1 This Local Law shall be subject to a mandatory referendum pursuant to the provisions of Section 23 of the Municipal Home Rule Law of the State of New York and shall be submitted for the approval of the electors of the County of Orleans at a special election or referendum to be held on July 18, 1978.

## SECTION 12. EFFECTIVE DATE

12.1 This local law shall be effective on the first day of January, 1979 provided it is approved by the affirmative vote of the majority of the qualified electors of the County of Orleans voting on a proposition for its approval at a special election to be held on July 18, 1978. Provided, however, that for the purpose of electing and nominating candidates to fill the four offices of County Supervisor from the Towns of Albion, Murray, Shelby and Ridgeway, this local law shall become effective upon its approval by the affirmative vote of the qualified electors of the County of Orleans voting on a proposition for its approval at a special election to be held on July 18, 1978 and its subsequent filing in the Office of the Secretary of State.

RESOLUTION ADOPTING LOCAL LAW NO. 2 OF THE YEAR 1978

WHEREAS, the following proposed Local Law No. 2 for the year 1978, was duly introduced at the meeting of the Orleans County Board of Supervisors on April 6, 1978, and a public hearing was held at 9:45 a.m., May 4, 1978, at which time no persons appeared in opposition at the public hearing, be it enacted as follows:

LOCAL LAW NO. 2 of 1978

A LOCAL LAW PROVIDING FOR THE COUNTY OF ORLEANS TO CLAIM AGAINST FIRE INSURANCE PROCEEDS FOR UNPAID TAXES.

BE IT ENACTED by the Board of Supervisors of the County of Orleans, New York, as follows:

SECTION 1: DEFINITIONS: As used in this Local Law, the following terms shall have the following meanings:

- (a) "Collecting Officer" means the Orleans County Treasurer.
- (b) "Tax District" means the County of Orleans.
- (c) "Real Property" means property upon which there is erected any residence, commercial or industrial building or structure, except a one or two family residential structure.
- (d) "Lien" means any lien including liens for taxes, special ad valorem levies, special assessment and municipal charges, arising by operation of law against property in favor of the County of Orleans and remaining undischarged for a period of one year or more.
- (e) "Governing Body" means the Orleans County Board of Supervisors.

SECTION 2: The County of Orleans is hereby authorized and empowered to claim against the proceeds of a policy of fire insurance insuring the interest of an owner and issued on real property located within the County of Orleans to the extent of any lien thereon which claim when made and perfected in the manner provided in this law shall further constitute a lien against such proceeds and shall, as to such proceeds, be prior to all other liens and claims except the claim of a mortgage of record named in such policy.

SECTION 3: Upon the adoption of a resolution by the governing body of Orleans County, the County Treasurer shall cause a notice of intention to claim against proceeds to be served upon the State Superintendent of Insurance for entry in the index of liens maintained by him as provided in Section 33-a of the Insurance Law of the State of New York. Thereafter the County Treasurer shall render to any insurer the certificate required by Section 33-a of the Insurance Law in the manner prescribed by such section and the amount stated in such certificate shall be a lien on the proceeds of the insurance policy until paid.

SECTION 4: The Board of Supervisors of the County of Orleans by resolution may authorize for the release or return to the owner insured of any amounts to which the County would otherwise be entitled to claim, provided that the owner insured agrees with the County in writing to restore the affected premises to the same or improved condition that the premises were in prior to the time that the lien of the County arose. The County in such a resolution may provide for such conditions as it deems necessary to guarantee the performance of the owner insureds obligation to restore.

SECTION 5: This Local Law shall become effective on its passage by the County of Orleans and its filing in the Office of the Secretary of State of the State of New York. An additional copy of this local law shall be filed with the State of New York Insurance Department.

Adopted. 372 ayes; 0 nays; 0 absent.

Before adoption of the following resolution, Supervisor Bennett made the following statement:

"I would like to pass around these pictures of some land taken 18 years ago and the same land taken last week. I am only 28 years of age, which I consider pretty young - there are 65 acres of land in this parcel, 20 years ago this land supported five families. Right now this muckland is waste land and grown up to trees which you can see from the pictures. This is something we should all be concerned about - this land was assessed at \$800 an acre at one time, now it is down to \$10. Imagine how that effects the towns of Barre and Clarendon. You can see in a short period of time what can happen to this productive land. Muckland is very good and if the price of lettuce is \$1.10 now what will it be if we can not help these muckers out. I would like to say this project was studied very well by the people involved, an impact statement was made. There is a water problem in the Town of Shelby but I feel this was considered in the study. These muckers are asking only that we help them - they will help themselves. It is a fact that over at the Iroquois Wildlife Refuge drains were not opened in November 1977 as they normally would be. They tried to open them in February 1978 but they were frozen. I think this caused some of the water problems. This is a project to help private businessmen and to help the economy in our area."

#### RESOLUTION NO. 192

#### RESOLUTION ESTABLISHING OAK ORCHARD SMALL WATERSHED PROTECTION DISTRICT

WHEREAS, a petition of the Orleans County Soil and Water Conservation District has heretofore been presented to the Orleans County Board of Supervisors requesting and recommending that there be established a Oak Orchard Small Watershed Protection District in the Towns of Barre and Clarendon, Orleans County, and that the entire district should include an area in the Towns of Byron and Elba in Genesee County, New York; and

WHEREAS, a public hearing was duly called on the 27th day of April, 1978 at which said public hearing all persons wishing to be heard for or against the establishment of the said Small Watershed Protection District were heard; and

WHEREAS, the establishment of the district within the County of Orleans is contingent upon the Genesee County Legislature establishing such a district as is set forth in the petition in the Towns of Byron and Elba in Genesee County, New York; and

WHEREAS, the Board of Supervisors of the County of Orleans have determined in the affirmative that all the property and property owners within the proposed district are benefitted thereby, that all property and property owners benefitted are included within the limits of the proposed district, and that it is in the public interest of the residents of Orleans County and particularly the property owners within the proposed district that a Small Watershed Protection District be established as proposed, and

WHEREAS, this Board of Supervisors having further determined that the establishment of the zones of assessment as set forth in the petition for the establishment of the Oak Orchard Small Watershed Protection District and the allocation of the cost of the improvements as between such zones of assessment represents as nearly as may be the proportionate amount of benefit which the several lots and parcels of land situate in said zones will derive therefrom,

NOW, THEREFORE, BE IT RESOLVED, that the maps, plans specifications and cost estimate as set forth in the petition of the Orleans County Soil and Water Conservation District are hereby accepted and approved, and

BE IT FURTHER RESOLVED, that there is hereby established an Oak Orchard Small Watershed Protection District in the Towns of Clarendon and Barre, Orleans County, New York, to include the area as shown in the map attached to this petition and as more fully described therein, and

BE IT FURTHER RESOLVED, that this resolution is contingent upon the adoption of a similar resolution by the Genesee County Legislature establishing an Oak Orchard Small Watershed Protection District in the Towns of Byron and Elba, Genesee County, New York, covering that area of the district which lies in those Towns, and

BE IT FURTHER RESOLVED, the Chairman of the Board of Supervisors of Orleans County be and he hereby is authorized to execute an agreement with the County of Genesee for the establishment of an Oak Orchard Administrative Board to administer the improvements to and the operation and maintenance of the district in accordance with the recommendations as set forth in the petition of the Orleans County Soil and Water Conservation District and this resolution is further contingent upon the execution of such an agreement; and

BE IT FURTHER RESOLVED, that this resolution for the purposes of publication and the laws applying to it shall take effect as of the date that such agreement is executed with the County of Genesee, and

BE IT FURTHER RESOLVED, that this resolution is subject to a permissive referendum by the qualified electors and owners of land within the District in accordance with section 257 of the County Law of the State of New York.

Dated: May 4, 1978 - Adopted. 372 ayes; 0 nays; 0 absent.

  
Uldine Jurhs, Clerk  
Orleans County Board of Supervisors

Supervisor Swiercznski said, "With the conclusion of this project - Mr. Batchellor spent many years and many long meetings on this."

Supervisor Paduchak, "I spent many years on the Soil & Water Board and heard talk of this project. We hope this will be beneficial. I know that Mr. Batchellor would be proud that this has gone through."

RESOLUTION CORRECTING ERRONEOUS ASSESSMENT IN THE TOWN OF CARLTON AND AUTHORIZING REFUND OF OVER PAYMENT OF TAXES AND CHARGE BACK TO THE COUNTY OF ORLEANS AND THE TOWN OF CARLTON.

WHEREAS, it has been stated by Arnold Basinait, Director of Real Property Tax Services, by letter dated April 28, 1978, that a clerical error was made on the 1978 tax roll of the Town of Carlton, whereby Major No. 353 assessed to Ray L. Mann, 14925 Roosevelt Highway, Kent, N. Y. 14477, was assessed at \$8300 and should have been assessed at \$6200, an agricultural exemption of \$2100 having been left off the tax roll, resulting in an over payment of taxes in the amount of \$64.91, now therefore be it

RESOLVED, that the County Treasurer be authorized to refund the sum of \$64.91 to Ray L. Mann, representing the over payment of taxes on Major No. 353, Town of Carlton, on the 1978 tax roll, and charge back the sum of \$39.96 to the County of Orleans and \$24.95 to the Town of Carlton (\$23.22 Town and \$1.73 Fire).

Privilege of the floor was granted to Ms. Helen Brinsmaid. Ms. Brinsmaid explained that the Homemaker/Home Health Aide Program because of several details which have not been completed with the Salvation Army, will not be ready to be taken over by them on June 1st. Therefore an extension will be needed to keep the program in operation beyond June 1st. Mrs. Carri Blake, Director of the Office of the Aging, told the Board that the New York State Office for the Aging have guaranteed enough funds to keep the program running for four months which will allow time for the Salvation Army to complete the paper work needed for them to take over the program. The Board adopted the following resolution:

RESOLUTION ADOPTING LOCAL LAW NO. 3 OF THE YEAR 1978.

WHEREAS, the following proposed Local Law No. 3 for the year 1978 was duly introduced at a meeting of the Orleans County Board of Supervisors on May 4, 1978 and a public hearing was held at 7:30 p.m. on May 18, 1978 at which public hearing all persons wishing to be heard for or against such Local Law were heard.

NOW, THEREFORE, BE IT ENACTED AS FOLLOWS:

LOCAL LAW NO. 3 OF THE YEAR 1978

A local law Establishing a Plan for the Reapportionment of the Orleans County Board of Supervisors.

Be it enacted by the Board of Supervisors of the County of Orleans as follows:

SECTION 1. ADOPTION OF PLAN

1.1 The Board of Supervisors of the County of Orleans, pursuant to an Order of the Supreme Court of the State of New York dated December 2, 1977, does hereby adopt the plan set forth herein for the reapportionment of the Orleans County Board of Supervisors.

SECTION 2. COMPOSITION OF BOARD

2.1 The membership of the Orleans County Board of Supervisors shall be increased from ten (10) to fourteen (14) members.

SECTION 3. TOWN SUPERVISORS

3.1 Each member of the Board of Supervisors elected as the Supervisor of his Town pursuant to the Town Law of the State of New York, shall be referred to herein as "Town Supervisors." Each such supervisor shall serve as a member of the Orleans County Board of Supervisors.

SECTION 4. COUNTY SUPERVISORS

4.1 In addition to the Town Supervisors, there shall be elected at large one Supervisor to be known as "County Supervisor" of each of the Towns of Albion, Murray, Shelby and Ridgeway.

4.2 Such County Supervisors shall hold no town office, shall be county officers and shall be compensated by the County of Orleans at the rate established by the County of Orleans for the compensation of Town Supervisors from County Funds, together with expenses as now or hereafter provided by law for Town Supervisors.

4.3 Each County Supervisor shall have the same qualifications to hold office as are set forth for Town Officers by Section 23 of the Town Law of the State of New York and other applicable statutes.

4.4 Each such County Supervisor shall hold office for a term of two (2) years commencing on the 1st day of January in each even numbered year and terminating December 31, in the following odd numbered year. Such County Supervisors shall be elected by the voters of the Town which they represent and shall be voted upon in the general election held in November of each odd numbered year.

4.5 Each County Supervisor as herein defined shall be a member of the Board of Supervisors of the County of Orleans and as a member of such Board he shall have powers and duties coordinate with the powers and duties of Town and County Supervisors of the other Towns in the County of Orleans.

4.6 Vacancies in the Office of Town Supervisor shall continue to be filled in accordance with the provisions of the Town Law.

4.7 Vacancies existing in the Office of the County Supervisor shall be filled in the same manner as is provided for filling vacancies in the Office of the Coroner under provisions of the County Law of the State of New York.

#### SECTION 5. VOTING ON BOARD OF SUPERVISORS

5.1 Voting on all matters coming before the Orleans County Board of Supervisors shall be by weighted vote as analyzed by computer and adjusted so that the voting power of each supervisor shall be more or less equal to the percentage of the population which each supervisor represents.

5.2 No Supervisor may split his assigned weighted vote, but when voting, must cast the entire weighted vote assigned to him as a block.

5.3 The apportionment of the voting strength of the members of the Board of Supervisors of the County of Orleans shall be determined by the 1970 federal census in the County of Orleans until the next decennial federal census, in which event the voting strength shall be changed, if necessary, to conform to such decennial federal census. On and after the effective date of this local law and continuing until the next decennial federal census, unless an official county census shall be made sooner, the apportionment of the voting strength of the members of the Board of Supervisors of the County of Orleans shall be determined by the number of residents in each town.

In preparing each reapportionment in accordance with any future federal census, or official county census, the Board of Supervisors shall employ an independent computerized mathematical analysis and such other method or methods as shall most nearly equalize the percentage of voting power of each Town and County Supervisor to its percentage of the total county population in accordance with this local law. Once the computerized weighted voting power of each Town and County Supervisor is obtained in accordance with such new census, Section 7 of this Local Law shall be amended to reflect any such changes in the assigned weighted voting power of the respective Town and County Supervisor. Such amendment shall be by Local Law and subject to permissive referendum.

#### SECTION 6. VOTES OF TOWNS

6.1 In each town having a Town Supervisor, but no County Supervisor, the voting power of such town shall be determined to be equal to the assigned weighted voting power of its Town Supervisor.

6.2 In each Town having both a County Supervisor and a Town Supervisor, each Supervisor shall represent all of the residents of the Town at large and neither shall be considered as representing a certain geographical district within the Town. In Towns having both a Town and County Supervisor, the computerized weighted voting power of the Town and County Supervisor will be determined by assuming that both the Town and County Supervisor each represents one-half the residents of their Town.

6.3 On any vote taken on the Board of Supervisors, the Town Supervisor and the County Supervisor shall cast their respective votes independently.

#### SECTION 7. ASSIGNMENT OF WEIGHTED VOTES

7.1 Assignment of weighted votes, pursuant to computer analysis on votes of the Orleans County Board of Supervisors requiring a simple majority for passage shall, after the effective date of this Law, and until the next special or general countywide United States Census of Orleans County, be as follows:

#### SECTION 8. FIRST ELECTION OF COUNTY SUPERVISORS

8.1 In the Towns in which the four additional at large County Supervisors are to be elected, such County Supervisors shall be elected in the general election held in November of 1978 for a term of one year commencing on January 1, 1979 and ending on December 31, 1979.

#### SECTION 9. EFFECT OF OTHER LAWS OR ACTS

9.1 Any law, ordinance, resolution or other act inconsistent with the provisions hereto shall be superseded by this Local Law.

#### SECTION 10. SEPARABILITY

10.1 If any clause, sentence, paragraph or section of this Local Law shall be adjudged by any Court of competent jurisdiction to be invalid, such adjudication shall not effect, impair or invalidate the remainder thereof, but shall be confined in its operation to the claims, sentence, paragraph or section thereof directly involved in the proceedings in which such adjudication shall have been rendered.

## SECTION 11. REFERENDUM

11.1 This Local Law shall be subject to a mandatory referendum pursuant to the provisions of Section 23 of the Municipal Home Rule Law of the State of New York and shall be submitted for the approval of the electors of the County of Orleans at a special election or referendum to be held on July 18, 1978.

## SECTION 12. EFFECTIVE DATE

12.1 This local law shall be effective on the first day of January, 1979 provided it is approved by the affirmative vote of the majority of the qualified electors of the County of Orleans voting on a proposition for its approval at a special election to be held on July 18, 1978. Provided, however, that for the purpose of electing and nominating candidates to fill the four offices of County Supervisor from the Towns of Albion, Murray, Shelby and Ridgeway, this local law shall become effective upon its approval by the affirmative vote of the qualified electors of the County of Orleans voting on a proposition for its approval at a special election to be held on July 18, 1978 and its subsequent filing in the Office of the Secretary of State.

#### RESOLUTION CALLING FOR A SPECIAL ELECTION OR REFERENDUM ON LOCAL LAW NO. 3 OF THE YEAR 1978.

WHEREAS, by Resolution No. 211 of the year 1978, Local Law No. 3 of the year 1978 entitled "A Local Law Establishing a Plan for the Reapportionment of the Orleans County Board of Supervisors" was adopted; and

WHEREAS, said Local Law and the Municipal Home Rule Law of the State of New York provides that Local Law No. 3 of the year 1978 be submitted for the approval of the electors of the County of Orleans,

NOW, THEREFORE, BE IT RESOLVED, that there shall be a special election or referendum within the County of Orleans on July 18, 1978 to vote on the following proposition:

#### Abstract of Proposition No. 2

Abstract of Local Law entitled "A local law establishing a plan for the Reapportionment of the Orleans County Board of Supervisors" adopted by the Board of Supervisors of the County of Orleans on May 18, 1978 and to be submitted as County Proposition No. 2 and voted on in the County of Orleans at a Special Election on July 18, 1978.

The purpose and effect of said Local Law is to provide for reapportionment of the County of Orleans as required by the United States Supreme Court and the Courts of this State establishing the One Man One Vote Rule.

That as of January 1, 1979, the Board of Supervisors of the County of Orleans shall consist of fourteen (14) members. Ten (10) of the members of the Orleans County Board of Supervisors will be Town Supervisors from the ten (10) towns within the County of Orleans. These ten (10) members will continue to hold the dual office of Town Supervisors and County Representative. Four (4) additional County Representatives will be elected in the general election in 1978; one each from the Towns of Murray, Albion, Ridgeway and Shelby. These four (4) additional representatives will hold no town office and will be paid by and work for the County of Orleans.

The fourteen (14) members of the Board of Supervisors shall cast their votes on any matters coming before them independently of the other members of the Board of Supervisors.

The term of office of the four (4) additional Supervisors to be elected in November, 1978 shall be for one (1) year from January 1, 1979 to December 31, 1979. Thereafter all fourteen (14) members of the Board of Supervisors shall be elected in odd numbered years for a two (2) year term.

Vacancies existing in the office of Town Supervisors shall be filled in accordance with the Town Law of the State of New York. Vacancies existing in the Office of the four (4) additional County Supervisors shall be filled by the Board of Supervisors.

Each member of the Orleans County Board of Supervisors at the time of his or her election and throughout his or her term of office shall be an elector of and from the Town from which he or she is elected.

The voting power of each member of the Board of Supervisors shall be established on a computerized weighted vote basis so that the power of each member is more or less equal to the percentage of population of the County which each supervisor represents.

This Local Law No. 3 of the year 1978 shall be submitted at a special election or referendum to be held July 18, 1978 and before it becomes effective shall be approved by the majority vote of electors voting on a proposition for its approval.

FORM OF SUBMISSION OF COUNTY PROPOSITION NO. 2  
County Proposition No. 2

Shall Local Law No. 3 of the year 1978 of the County of Orleans relative to the reapportionment of the Orleans County Board of Supervisors providing for a fourteen (14) member board consisting of the ten (10) Town Supervisors and an additional Supervisor from each of the Towns of Murray, Albion, Ridgeway and Shelby each of whom would vote on a computerized weighted vote basis be approved and adopted?

and be it

FURTHER RESOLVED, that the Clerk of the Board of Supervisors shall cause to be published in accordance with the Election Law a

notice of such special election on this Local Law in the County newspapers in each of the two weeks preceding the election and shall take such other and further action as is necessary to implement the special election or referendum to be held on July 18, 1978.

#### RESOLUTION AUTHORIZING CLAIM AGAINST INSURANCE PROCEEDS

WHEREAS, the County of Orleans has passed Local Law No. 2 of 1978 which said Local Law became effective upon its filing with the Secretary of State of the State of New York on the 9th day of May, 1978; and

WHEREAS, in accordance with Section 22, Subdivision 3 of the General Municipal Law of the State of New York, the County of Orleans now wishes to authorize the treasurer of the County of Orleans, as collecting officer to cause a Notice of Intention of claim against the proceeds of insurance to be served upon the superintendent of insurance of the State of New York,

NOW, BE IT RESOLVED as follows:

1. The County of Orleans pursuant to Section 22 of the General Municipal Law of the State of New York, shall claim the proceeds of policies of fire insurance insuring the interest of any owner and issued on real property as that term is defined under Section 22 of the General Municipal Law, located within the County of Orleans to the extent of any liens thereon for unpaid taxes as provided by law.
2. The treasurer of the County of Orleans as collecting officer shall cause a notice of intention to claim against proceeds to be served upon the State Superintendent of Insurance of the State of New York for entry in the index of liens maintained by him as provided in Section 33-a of the Insurance Law of the State of New York to perfect a lien on the proceeds of the Insurance Policy until paid.
3. Thereafter, the Treasurer of the County of Orleans as collecting officer, shall render to any insurer the certificate required indicating the amount of the lien claimed by the County of Orleans, including interest and penalties, as is provided for in Section 22 of the General Municipal Law, as is provided for in Section 22 of the General Municipal Law.
4. This resolution shall be deemed amended to comply with any amendment of Section 22 of the General Municipal Law or Section 33-a of the Insurance Law.

REGULAR MEETING  
Thursday, June 8, 1978

The meeting was called to order at 10:10 a.m. by the Chairman. After the Pledge to the Flag, the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Swiercznski that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Mr. Charles Biggs, Director of Community Services.

Mr. Biggs presented the Alcoholism Grant Application which has been submitted to the State for approval. The grant would provide for three positions with the responsibility for providing counseling service, 24 hour crisis service and informational and referral service along with education programs for the general public and the school systems within the county. The grant would be for a three year period with a phasing of cost to be - 4th year 80% State 20% County; 5th year 65% State 35% County; 6th year 20% State 80% County; after that it would be totally County funded. Mr. Biggs discussed various aspects of the program and answered questions from the Board.

Mr. Biggs explained that Phase 1 of the reorganization plan has been completed and requested authorization to proceed with Phase 2.

RESOLUTION NO. 224

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Shenck.

RESOLUTION AUTHORIZING COMMUNITY SERVICES DIRECTOR TO PROCEED WITH THE 2ND PHASE OF THE COMMUNITY SUPPORT SYSTEM FOR MENTALLY ILL

RESOLVED, that the Director of Community Services is hereby authorized to proceed with the 2nd phase of the county's proposal for a Community Support System to serve the cronic mentally ill which designates the Orleans County Community Services Agency as the Core Agency responsible for the administration of this program.

It was moved by Supervisor Bane and seconded by Supervisor Piedimonte that the Board go into executive session to discuss salaries with Judge Miles.

Unanimously adopted.

Recessed for executive session at 10:45 a.m., reconvened at 11:30 a.m.

The Clerk presented the following communications:-

Letter from Senator Javits dated May 31, 1978, re: RC&D Project. He informed the Board that he would make his views known to the Secretary of Agriculture that he supports the project.

Assemblyman Hawley dated May 17, 1978, re: the Board's request for funding for the de-institutionalized mentally ill. Mr. Hawley agrees that the State should pick up the cost. If legislation comes before the Legislature he will support it.

The Board also received a copy of Assemblyman Hawley's letter to the State Dept. of Parks and Recreation requesting information on any plans the department has for including boat launching facilities on the canal in Orleans County.

Notification from the Dept. of Audit and Control that Local Law No. 2 was filed in that office on May 9, 1978; notification from the Dept. of State that Local Law No. 2 was filed in that office on May 9, 1978.

It was moved by Supervisor Swiercznski and seconded by Supervisor Nayman that Geoffrey Astles, County Planner, be authorized to attend the public hearing on the Genesee River Basin Comprehensive Water Resource Plan to be held in Rochester on June 27, 1978.

Carried.

The Board discussed the letter presented from DOT dated May 17, 1978, re: Railroad Abandonment Notification Penn Central Transportation Company Ontario Secondary Track Charlotte (M.P. 96.0)-Barker (M.P.143.0) Monroe, Orleans and Niagara Counties. Part of the letter stated that "if you are interested in acquiring this property, we recommend that you contact the railroad company and express your interest. Should the railroad company agree to sell the property, they will formally request the Department of Transportation to initiate the preferential rights investigation which is required by Section 18 of the Transportation Law."

#### RESOLUTION NO. 225

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Bane.

#### RESOLUTION AUTHORIZING COUNTY ATTORNEY TO CONTACT DOT CONCERNING DISPOSAL OF P.C. RAILROAD PROPERTY

RESOLVED, that the County Attorney be authorized and directed to contact the New York State Department of Transportation concerning the disposal of Penn Central Transportation Company property in the County of Orleans to ascertain what claims the County might have on this property.

Adopted. 372 ayes; 0 nays; 0 absent.

Letters from Dr. John I. Mosher, W. Transit-Church Rd., Albion, N. Y., Dr. Stanley A. Wieczorek, Fancher, N. Y., and Emerson B. Carlton, Administrator, Village of Medina, recommending that the offices of Planning and Economic Development be combined, were presented to the Board.

Supervisor Dudek said, "One of the things that nobody's considering in all the articles and all the positions that are taken is that Jeff Astles had analyzed the way that office would function and came up with a chart he presented to several people, whereby he would be in charge of that department but most of his duties would be included in the economic development portion. The planning functions he envisioned transferring to Bob Tirsch who would become a full time county employee. In addition to those two he would have a CETA person. The combination of those two jobs in one department would not necessarily reduce the costs."

RESOLUTION NO. 226

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Nayman.

RESOLUTION AUTHORIZING PAYMENT OF MILEAGE TO VOLUNTEER WORKERS IN THE ORLEANS COUNTY PROBATION DEPARTMENT

RESOLVED, pursuant to the request of the Orleans County Director of Probation, it is hereby authorized that volunteer workers in the Probation Department working a minimum of one full day per week, shall be paid mileage at the rate of fifteen cents per mile (.15) for miles actually traveled using their own automobiles when on County business.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Bane and seconded by Supervisor Dudek that an educational leave of absence, without pay, be granted to Christine Ashbery, an employee of the Department of Social Services, for a period of one year beginning June 23, 1978.

Unanimously adopted.

It was moved by Supervisor Bane and seconded by Supervisor Whipple that the maternity leave of absence, without pay, previously granted to Ann Tower for a period of sixty days be extended for four months from June 14, 1978.

Unanimously adopted.

It was moved by Supervisor Bane and seconded by Supervisor Whipple that a maternity leave of absence, without pay, be granted to Denise Nenni, an employee of the Department of Social Services, from July 2, 1978 to January 2, 1979.

Unanimously adopted.

It was moved by Supervisor Dudek and seconded by Supervisor Swiercznski that John D. Strickland, Director of Weights and Measures, be authorized to attend the annual conference of the Weights and Measures Association to be held in Glens Falls, N. Y., June 26, 27, 28, and 29th, 1978, at county expense.

RESOLUTION NO. 229

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Shenck.

RESOLUTION INCREASING SALARY OF ASSISTANT COUNTY ATTORNEY AT THE DEPARTMENT OF SOCIAL SERVICES

RESOLVED, that the salary of the Assistant County Attorney assigned to IV-D matters at the Orleans County Department of Social Services be increased to \$5,400.00 per annum, effective with the next pay period.

Adopted. 372 ayes; 0 nays; 0 absent.

RESOLUTION NO. 230

By Supervisor Bennett, who moved the adoption.

Seconded by Supervisor Shenck.

RESOLUTION AUTHORIZING PART TIME EMPLOYEE IN THE OFFICE OF THE DIRECTOR  
OF REAL PROPERTY TAX SERVICES

RESOLVED, that the Director of Real Property Tax Services be authorized to employ a part time employee in that department on a temporary basis at a salary to be set by the Finance Committee of this Board of Supervisors.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Bennett and seconded by Supervisor Shenck that there be created the part-time position of Arson Investigator at an annual salary of \$1,700.00; and the position be given to David Green.

Supervisor Bennett read a job description for the position.

Supervisor Kubatek commented that he felt that if there is going to be such a position it should be in the Sheriff's Department. Mr. Kubatek stated that the position was being created for just one purpose, to give him (Mr. Green) an increase, and it is not being fair to the other employees.

Supervisor Dudek commented that there were several questions to be answered concerning such a position such as the civil service status of the job description; whose authorization the appointment would be if the position is created.

The County Attorney stated that the position would have to be created first and then an appointment made to the new position. The Civil Service could write job specifications and require a test on the position.

Supervisor Dudek said, "That position is as many of the county positions at relatively low salary levels in comparison to many of the surrounding county's. One problem is that there will be no change in job duties. And therefore, if we were just to authorize a salary increase in the overall position we would be eligible for 50% funding from the federal government because they do fund half of the cost of the Natural Disaster Office. By doing it the way we are, even though it is not going to change anything in the work that is being performed, it makes it 100% funded by the County. I don't know if there has been much consideration of that but it certainly seems like we are losing \$850.00 plus the fringe benefits."

Supervisor Swiercznski requested that the motion be tabled until the next meeting to give the committee a chance to come back with a recommendation.

Supervisor Nayman, "I would like to point out one thing here that we did hire an individual to check into every one of these jobs to fit them within the wage and salary structure as set up by this particular board. I think this should be taken into consideration where an impartial person, an impartial company or whatever you want to call it, has evaluated the position, and the way it is now set up, it would take, as you mentioned earlier the political part out of this. Strictly you are rating not the individual, you are rating the job. If you are going to change job descriptions, then it should be evaluated through the system we have established, as to what it is worth - dollar and cent wise."

Supervisor Bennett, "I feel that when this man is doing job evaluations, the least he could do is contact the committee involved with the person that he is evaluating and ask what they think of the person's status. I don't feel that the way the job's are evaluated here, the way we treat the county employees has been equitable, regardless as you say, by this non-biased person. The morale here of the county employees has gone down - they think we are a bunch of turkey's up here."

Supervisor Swiercznski withdrew his motion to table.

After further discussion of the subject, the matter was referred to the Finance and Public Safety Committees for a recommendation at the next Board meeting.

Privilege of the floor was granted to Mr. Richard Laskowski from the NYS Division for Youth and Robert Tirsch, Director County Youth Board. Mr. Tirsch discussed the agreement between the State and the County for the Probation Employment Program. Because the pre-payment from the State has been delayed it is requested that the County give \$1,000 advance payment to the program so that it can be implemented.

Various aspects of the program were discussed and the Board authorized the following resolution:

RESOLUTION NO. 231

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION AUTHORIZING CHAIRMAN TO SIGN PROBATION EMPLOYMENT AGREEMENT  
SUBJECT TO APPROVAL OF THE COUNTY ATTORNEY

RESOLVED, that the Probation Employment Agreement with the New York State Division for Youth, as herewith presented, be approved by this Board subject to the approval of the County Attorney, and the Chairman be authorized to sign said agreement in the name of the County of Orleans when approved by the County Attorney.

Adopted. 372 ayes; 0 nays; 0 absent.

RESOLUTION NO. 232

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Shenck.

RESOLUTION AUTHORIZING CHAIRMAN TO SIGN TRAFFIC SAFETY GRANT AGREEMENT

RESOLVED, that the Chairman of this Board be authorized to sign the Traffic Safety Grant Agreement upon approval of said agreement by the County Attorney.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Swiercznski informed the Board that there was an agricultural food processor interested in looking into the area. That IDA was trying to set up a tour and presentation from someone who could make a study and evaluation of the county so that there could be a package to present to interested businesses outlining what the county has to offer.

Supervisor Whipple reported that he had discussed the possibility of setting up a committee of interested insurance agents within the county to meet with Mr. Haines and the committee to assess the insurance needs of the county. Mr. Haines will endeavor to get some people to act on such an advisory committee.

Supervisor Nayman reported that there have been problems with the boiler at the County Home and Infirmary again. It has been suggested that an engineer be authorized to study the system and make recommendations. A complete new system would cost approximately \$13,000.00. The firm of Roberson and Wolz would make the study for \$1,500.00.

It was moved by Supervisor Nayman and seconded by Supervisor Bane that the firm of Roberson and Wolz be authorized to make a study of the boiler system at the County Home and Infirmary and make recommendations as to repairs or a complete new system, at an hourly rate not to exceed \$1,500.00.

After discussion the motion was withdrawn and the committee was instructed to contact Robert Balcerzak regarding the matter.

The County Attorney reported on a meeting he had with officials of Penn Central in New York City concerning the abandonment of the "Hojack" rail line. Mr. Young informed the Board that apparently the rails and track will be disposed of before the property. He also told the Board that the County Treasurer had done a good job getting Orleans County's claim to back taxes in to the company. It will be one of the first claims to be processed.

Supervisor Dudek reported that at the last meeting of the Board the Chairman asked the Public Safety Committee to meet with the Finance Committee to discuss the creation of an Arson Investigator position. The committees met on June 14th - all members of the committees were there and did discuss this for several hours. Dave Green and Sandy Bower were also present. Supervisor Dudek said that the Public Safety Committee would recommend to the Board that we do create the position of Fire Investigator, and offered the following resolution, seconded by Supervisor Bennett.

Supervisor Dudek read the following duty statement to be filed with the New York State Civil Service Department and sent back to the County.

"Fire Investigator - Description of Duties"

1. Respond to fires in Orleans County when requested by Fire Chief or Law Enforcement Agency to determine the cause and origin of the fire.
2. Keep detailed records of all fires investigated, to assist Law Enforcement personnel, insurance companies, neighboring investigators, and the court systems.

3. Provide pertinent information to proper Law Enforcement Agencies and work in cooperation with that agency as requested.
4. Attend schools, courses, seminars (when authorized) to update, maintain, and increase skills needed to perform the duties required.
5. Work in cooperation with the District Attorney's Office and the court system when requested, to provide expertise regarding cause and origin of fires.

Supervisor Swiercznski asked what department the position was going to be under. Supervisor Dudek replied that it was just an individual department. That it is not assigned to any other department. Investigations would be only of the fires themselves. He also stated that the Sheriff has some constitutional responsibility to investigate fires and has authority to make arrests. He told the Board that basically the operation would be as it is currently being done. That through the committee's discussions they found that to the best of their knowledge there isn't anybody that has the expertise who is supposed to do the work. Mr. Green has been doing that work even though it is not part of his job description or is he compensated for it. Mr. Dudek also told the Board that we have had requests from every fire company in the county, from the Fire Advisory Board, Fire Chiefs Association and from individuals to create this position.

Supervisor Kubatek said, "I would disagree with you on one point about the job specifications. I have a copy of the County Fire Coordinator job specifications - under general statement of duties - it says, administer the county fire training and mutual aid program, and does related work as required. It would seem to me that the Fire Coordinator and the Fire Chiefs are bound because of these conditions to assist the Sheriff's Department or whatever local law enforcement agency that is doing the investigation to determine the cause of the fire. I would think that would be one of his related jobs."

Supervisor Kubatek asked if the recommendation was with full agreement of the committee. Supervisor Dudek replied that the full Public Safety Committee were in agreement.

Supervisor Kubatek told the Board that he had a few questions which he wanted to ask the Sheriff.

- (1) Does your department investigate fires? And if so, is it on the request of the fire chiefs or the fire coordinator or do you investigate all fires?

Sheriff White answered - "The answer to the first part of your question, is yes - we do investigate fires. Stan did say it is a constitutional responsibility - I don't know if it is constitutional, but it is under General Municipal or County Law or under the code, but there is a section of law that says that the Sheriff shall investigate all fires within his jurisdiction and we do - any time a fire occurs an officer is sent and based on whatever happens to be available at the moment, it may indicate immediately that this is a suspicious fire and necessary for further investigation. Investigation may simply be name, address, insurance company, amount of loss, that kind of thing - where did it start; someone stood there and a pot blew up on the stove and caught the curtains on fire, you know the very obvious kind of thing. Where those things aren't so obvious we do investigate fires and do make arrests."

- (2) Has your department investigated fires in years past?

Sheriff White, "In my 19 years, yes."

(3) In your professional opinion, has the Sheriff's Department qualified personnel to investigate fires and determine whether the cause may be by accident?

Sheriff White, "Yes we do have. It goes beyond the ability to go to a fire. I particularly have had a great deal of experience - while I am not in the field and I really can't be counted as an expert - Jack Miles who is our criminal investigator has been trained very highly not only in the field of fire investigation and arson but he is also trained very highly in the forensic sciences. And fire investigation isn't just going to the scene and kicking a few ashes around and checking some copper wire and getting stupid advice and asking questions. Photography plays a very important role and as you know this Board purchased for us a very expensive camera for this purpose. We have a dark room set up and he has the capability and expertise in the development techniques. He has the training in gathering evidence and the rapport with the lab that supplies the necessary forensic science information. The answer to your question is yes, we do have a person who is trained."

Supervisor Piedimonte, "If this is the case, back in 1972-73 this Board authorized Dave Green to spend many hours in fire investigation. Now how come this Board, and I wasn't here, sent a man to school and I think the Fire Advisory Board said he put in 1100 hours going to Rochester, over a three year period, put all this money in an individual when you have a man in the Sheriff's Department. Something was wrong with this Board recommending Dave Green go to this school."

Supervisor Kubatek, "The Board recommended Dave go on the request that he wanted to go. And again, I look at it as being job related. Part of his training."

Supervisor Swiercznski, "It was requested by the Fire Advisory Committee."

Sheriff White, "I certainly am not here to knock down Dave Green's ability, because he does have a good deal of training. There is no question about that. You know, I just want to make it clear. I am not lowering Green's ability or capability."

Supervisor Swiercznski, "In other words, we are creating another department now? And we are going to assign it to somebody?"

Supervisor Kubatek, "There is another thing too. We are creating another department and putting a salary to it. First of all, I would like to know, if it is the Finance Committee's intent to have this go to Mr. Ganim as all other jobs that are being created, for evaluation, to be put into a grading system?"

Supervisor Piedimonte, "The Finance Committee didn't talk about that. We would see whether the job would be created and then go on from there."

Supervisor Kubatek, "Second, we talk about all this time being put in by the Fire Coordinator, investigating. Am I not right in assuming that many of these hours are during his regular day hours. He is doing civil defense work, fire coordinators work, investigating, all done on regular work schedule. I am sure he is not investigating the fires right at the scene of the fire. I am sure the investigation is done at the C.D. Center."

Supervisor Piedimonte, "I think when he is there in the day time he is looking to see what it is caused by - I am sure he is doing some investigative work too."

Supervisor Bane, "I am not in favor of creating this position under the C.D. I don't agree with it at all."

Supervisor Nayman, "I have no qualms with Jack Miles' work, Dave Green's work, both have been trained and excel in their fields. The question here is first of all, can this be construed as being part of the existing duties of either man? The job description saying "all related work". I am not opposed to creating - use the term a segregated position - but I think it should go through the same procedures that other positions have gone through. Are we going to consider the job on the basis of an evaluation of the job or going to switch the evaluation to a personality. If we are going to have a system set up where we have the job evaluated, let's have it evaluated. We have spent this money and time setting up these job descriptions, evaluations, pay schedules, I don't want to see this thing completely set aside. Otherwise let's take each job, bring each job before this Board and let this Board at a regular meeting decide on the job."

Supervisor Dudek, "I think one of the things that was discussed at that meeting was that there is a number of part-time jobs throughout the county and I don't believe that they all fall into step and grades. I think they have pretty much been excluded from that system and if you are requesting that all those jobs go step and grade and be evaluated, fine, at least that is what we discussed that day."

Supervisor Dudek asked for an answer as to whether part-time jobs were included in the step-grade system. Supervisor Piedimonte replied that Mr. Ganim had not done them.

Supervisor Paduchak, "The pressure from this thing has been terrific, but we have many people in this county that do extra things, they should be compensated too."

Supervisor Kubatek, "I think some people were misinformed through the press. Many of them thought Dave didn't get any raise. He got the raise according to the plan. I don't think the position is being created because there is a hard, strong feeling among some of you people sitting there that this position is really needed. I feel that this position is being created to give a man a raise in pay. Several department heads also feel this way, I told them they might as well give the Board their opinion. They are not here to object to giving Dave a raise."

Supervisor Bennett, "I admit that I am in favor of giving Dave a raise, I also feel that we as a Board perhaps have a plan here that isn't everything it is cracked up to be. If we can't sit down and evaluate county employees as to the abilities they have to perform their job and the people that put forth an extra effort should be rewarded for it. I don't feel that Orleans County pays most of their employees enough, and I would welcome a chance even though I have only been here six months, to analyze more of these jobs and give the people who deserve a raise one and fire the jackasses that we have also got around here. It works both ways."

Supervisor Bane, "I don't agree with creating this position that if you are doing this to give an increase then we had better talk to everyone in the county. If you are going to do this for him, then the rest of the people in the county should be considered too. I'd go along with it for Dave Green if you would do the same for everybody else."

Supervisor Paduchak, "Do you remember the budget hearings, Mr. Rumble, Mrs. Basinait, Mr. Johnson, they were supposed to get \$3000 for a three year term or a four year term. All hell broke loose. We appeased everybody, and talked to our faithful employees, we told them we would spread it over their term of office. Why don't some of these taxpayers from the taxpayers association yell now. It all depends on whose shoes you are wearing."

Supervisor Piedimonte, "I am still an active fireman. We have 1600 active firemen in Orleans County. These fellows give a lot of their time

and have worked hard through the years, they have climbed up trees to bring down little cats and dogs, gone and risked their lives. I feel the Fire Advisory Board asked for an arson investigator position and we should give them the courtesy of bringing it to a vote."

Supervisor Kubatek: "Even though we go ahead and create this position here and give the raise, in essence what you are saying is this plan you spent thousands of dollars to develop is worthless. You are going to place people in a grade lower - two grades lower for instance, in comparison you'll have that position which is two grades lower than the undersheriff position, will be making as much or more money."

The department heads who were present were asked if they wished to comment. Sheriff White, Undersheriff Lake, County Clerk Rumble and Commissioner of Social Services Klapper all spoke. They all stressed that they were not against Mr. Green receiving an increase but they felt that all county employees should be treated equally. That all the positions should perhaps be re-evaluated.

Supervisor Dudek, "One thing, I think it is a secondary problem, is the kind of job that is getting done by Mr. Ganim for the considerable dollars we are paying him. When he wanted to sell his computer he gave us all sort of back-up information at no cost, it was something like 27 pages. But when we sent him something like 15 salaries to be re-evaluated he sent them all back on a listing saying no increases due. And that was it - no back-up - nothing indicating that he spent any time at all on re-evaluating those positions. And we are paying a lot of money for that and I am very much displeased with the type of work that he did on that particular request. It wasn't an adequate job."

Supervisor Swiercznski, "If you are going to create the position of fire investigator you shouldn't tie it to a personality."

The Budget Officer, Mrs. Basinait, pointed out that this is actually being done to give Dave Green a raise but it is going to cost the county the 50% reimbursement by doing it this way. By creating the separate position there will be no reimbursement for that position.

Supervisor Dudek replied that it was discussed at the Public Safety Committee meeting and that one of the things everyone should be aware of is the only title that is reimburseable is the Office of Natural Disaster. Fire Coordinator is not eligible for reimbursement."

Supervisor Dudek explained the procedure for creating the new position - the job description will be filed with the Personnel Officer who will in turn file it in Albany, it would then be returned from Albany after approval. Because the position is part-time it would be non-competitive classification of Civil Service and no examination for the position would be necessary.

Commissioner Klapper, "We have several things on the floor at once. One is the credibility of Ganim's report, another is whether part-time employees are included in Ganim's report. It seems to me that if this position is necessary to the health and safety of this community then it ought to be created, and if Dave, the Board wants to single out David to award him for good service, then the Board should do that. But when you do one thing as an excuse for the other, I think that is bad government."

The following resolution creating the position of Fire Investigator was adopted:

RESOLUTION NO. 252

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Bennett.

RESOLUTION URGING STATE OF NEW YORK TO RESUME STOCKING LAKE ONTARIO

WHEREAS, sport and recreation fishing activity throughout the United States generates estimated expenditures of between 15 to 20 billion dollars per year and represents a major component of the economy of the county's bordering Lake Ontario in the State of New York, and

WHEREAS, sport and recreation fishing has important social values in that over 30% of the population participates regularly in this activity, and

WHEREAS, the State of New York in recent years undertook a praiseworthy, fish-stocking program within Lake Ontario which produced measurable economic and social benefits to the State of New York but benefits were diminished through the imposition of a ban upon certain types of fishing activity within Lake Ontario, and

WHEREAS, the State of New York has seen fit to lift the ban formerly imposed upon Lake Ontario and its tributaries based upon intensive studies of a scientific nature relative to public considerations, and

WHEREAS, this Board of Supervisors applauds the State of New York for its past fish-stocking efforts, but feels there is a need for a still more aggressive and substantially increased fish-stocking program for Lake Ontario and its tributaries by the State of New York to achieve significant social and economic gains for the benefit of New York State and its communities, now, therefore be it

RESOLVED, that the Orleans County Board of Supervisors hereby:

1. urges the State of New York to implement a more aggressive and substantially increased, comprehensive fish-stocking program for Lake Ontario and its tributaries;
2. urges the State of New York to resume stocking Lake Ontario with Coho and Chinook salmon;

3. urges that, in recognition of the large population which resides in the area surrounding Orleans County and the millions of tourists who annually pass through Orleans County for visits to Niagara Falls and the area surrounding that well-known tourist spot, the State of New York substantially increase the amount of fish-stocking activity for Lake Ontario and its tributaries within and around Niagara and Orleans County's, and
4. respectfully requests that Governor Carey issue a status report regarding the State's fish hatchery at Altmar, N. Y., located on the Salmon River, and clearly state the intended use of the hatchery in relation to Lake Ontario development, and
5. authorizes sending this resolution to the county legislatures of all counties bordering Lake Ontario requesting that they support the issues contained in this resolution.

REGULAR MEETING  
Thursday, July 6, 1978

The meeting was called to order at 10:05 a.m. by the Chairman. After the Pledge to the Flag, the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Swiercznski and seconded by Supervisor Piedimonte that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

The Clerk read a letter from Commissioner Klapper dated July 5, 1978. The Commissioner informed the Board that he had received notification from the NYS Dept. of Social Services that they are processing our adjusted claims for DSS administrative expenditures for a three year period commencing June, 1974 and ending June 30, 1977. The amount of the expected reimbursement will be approximately \$148,000. He also said that his department has submitted a claim for reimbursement for Pension Costs, Indirect Costs and Capital Construction Costs related to depreciation on reports from the County Home and Infirmary for 1971-1975. Reimbursement on this claim is expected to be approximately in the amount of \$100,000 to \$200,000.

Privilege of the floor was granted to Commissioner Klapper. Mr. Klapper told the Board that the first two phases of the reorganization of the Orleans County Department of Social Services have been completed. These encompassed a major administrative reorganization and the initiation of an ongoing cost containment program. The Commissioner presented a proposal for the third phase of the reorganization process. This proposal would strengthen the Child and Family Services unit by creating a new Senior Case Worker position, one new Case Worker position and making one CETA Case Worker position permanent.

Commissioner Klapper also proposes that a position of Director of Administrative Services be created and that Mr. Louis Monacelli fill this position with no increase in salary until the position and effectiveness of the position can be evaluated.

Under his proposal Mr. Klapper also is requesting that a position of Staff Development & Training Coordinator be created to be filled by Grade B Supervisor Leslee Vincent. Also under the proposal one Senior Examiner position would be made Principal Welfare Examiner with the promotion of Ellen Eibl to that position. In the Accounting Department the two CETA Account-Clerk-Typist positions would be made permanent.

After discussion of Commissioner Klapper's proposal the following motion was introduced:

By Supervisor Bane, seconded by Supervisor Dudek, that the Board authorize creation of the positions requested by Commissioner Klapper.

Supervisor Swiercznski requested that the motion be tabled until the July 20th meeting of the Board. Motion tabled.

Privilege of the floor was granted to Mr. Robert Waters as representative for the Armory Action Committee. Several members of the committee were also present. Mr. Waters presented the following proposal:

PROPOSAL TO THE BOARD OF SUPERVISORS  
OF THE COUNTY OF ORLEANS BY COMMITTEE  
TO SAVE THE ARMORY

BACKGROUND:

The former State Armory building located in the Village of Medina is currently owned as surplus property by the State of New York. The Committee to save the armory was formed to explore the means by which the former State Armory building could be transformed into an area-wide recreation and athletic facility under local control and direction. In its discussions, the Committee has been advised by the State of New York that the State will only conduct lease negotiations with either a local governmental body or an organization sanctioned by a local governmental body to so negotiate. The Committee has also learned that State and Federal funds for such a facility are only available to governmental bodies or organizations sanctioned by governmental bodies to so apply.

OBJECTIVE:

The aim of the Committee to save the armory is the formation of a Not-for-Profit Corporation which would be officially recognized and sanctioned by the Board of Supervisors of the County of Orleans to negotiate a long-term lease with the State of New York for use of the facility, and to seek Federal and State funding wherever such funding may be located for operation of the facility.

PROPOSAL:

It is the proposal of the Committee to save the armory that the Board of Supervisors of the County of Orleans adopt a resolution (a) recognizing the Not-for-Profit Corporation to be formed by the Committee as the official body to plan, create and operate an area-wide recreation and athletic facility in the former State Armory building at Medina, New York; (b) sanctioning the Not-for-Profit Corporation as the sole organization within the County of Orleans to enter into lease negotiations with the State of New York; (c) sanctioning the Not-for-Profit Corporation so as to give it the ability to seek State and Federal funding as available for operation of the facility.

ORGANIZATION OF THE NOT-FOR-PROFIT CORPORATION:

The Not-for-Profit Corporation will be formed and organized pursuant to the New York State Not-for-Profit Corporation Law. The Board of Supervisors is offered the authority either to appoint two or three individuals to the Board of Directors of the Corporation, or to have two or three supervisors sit on the Board of Directors so as to serve as a liason between the Corporation and the Board of Supervisors of the County of Orleans.

FUNDING OF THE NOT-FOR-PROFIT CORPORATION:

It is not the intention of the Corporation to request funds from the County of Orleans or to render the County of Orleans liable on any financial obligations which the Corporation might incur. It is intended that the Corporation will finance the operation of the recreational and athletic facility by means of securing State and Federal funding as well as fees from those using the facility.

Respectfully submitted,  
SAVE THE ARMORY COMMITTEE

by Robert E. Waters

Robert E. Waters, Chairman Pro Tem

Mr. Waters stressed the point that the Armory Action Committee needs to be sanctioned as the committee to negotiate with the State to lease the building and to seek funding for its operation as a recreation and athletic center for Orleans County and Niagara County. After discussion the Board adopted the following resolution:

RESOLUTION NO. 266

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION GIVING SANCTION TO ARMORY ACTION COMMITTEE TO NEGOTIATE WITH STATE

RESOLVED, that the Orleans County Board of Supervisors does hereby give sanction to the Armory Action Committee as an organization with the authority to create a "not for profit corporation" to be formed as the official body to plan and create a recreation and athletic facility in the former State Armory Building at Medina, New York, and be it

FURTHER RESOLVED, that the "not for profit corporation" to be formed be and it hereby is recognized as the sole organization within the County of Orleans to enter into lease negotiations with the State of New York for the former State Armory Building at Medina, New York, and be it

FURTHER RESOLVED, that the Orleans County Board of Supervisors does hereby give its sanction to the "not for profit corporation" to apply for any federal and state funding which may be available for the operation of the facility.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Bane and seconded by Supervisor Whipple that a maternity leave of absence, without pay, be granted to Elizabeth Westlund, an employee of the Social Services Department, for a period of one year effective July 24, 1978.

Carried.

The Clerk informed the Board that a proposal for the creation of an Agriculture District in the Towns of Gaines, Murray and Albion had been submitted.

The Clerk presented the following communications:

Letter from the County Attorney with a copy of a letter from Penn Central Transportation Company, dated June 22, 1978, re: Hojack Line. The P.C. Company informed the County that they have no desire to sell this property until other public dispositions are considered.

Notice from DOT concerning update of State Rail Plan. Copies will be available in July.

Copies of letters from the Village of Holley to the Supervisors of the towns of Clarendon and Murray, re: Possible Sanitary Sewer Service.

Annual Report 1976-77 NYS Dept. of Taxation and Finance. Ordered filed.

Letter from Genesee/Finger Lakes Regional Planning Council, dated June 28, 1978, re: Appointments to Regional Economic Development Advisory Committee. Chairman Kubatek expressed concern that small county's involved in the regional economic development district may not get their share of business generated by such a district.

Letter from Dept. of Labor, dated June 28, 1978, re: OJT funding.

Letter from the Governor's office, dated July 3, 1978, acknowledging receipt of Resolution No. 260.

RESOLUTION ACCEPTING BID FOR TRUCK FOR THE COUNTY HIGHWAY DEPARTMENT

RESOLVED, that the bid from Buffalo Truck Sales & Service, Inc., in the amount of \$41,478.00, be accepted for the purchase of one new heavy duty truck for use of the County Highway Department.

Adopted. 350 ayes; 0 nays; 1 absent, Supervisor Paduchak (22).

Supervisor Nayman reported that the Building Committee have been considering several alternatives to solving the problems with the boilers at the County Home and Infirmary. The County spent about \$11,000 in 1976 to repair the boilers and some of the same problems have reappeared.

Two alternatives suggested have been to repair the two boilers with certain changes at a cost of \$6,000.00. However there is no guarantee that this will solve the problem. The other alternative is to install a new boiler to replace the two boilers and to repair the better of the two boilers to be used as a stand-by at a cost for the total project of approximately \$30,000. Supervisor Nayman told the Board that the installation of a new boiler will also not guarantee that it will eliminate the stress problem, cracks and other things. Supervisor Piedimonte asked if someone reliable had suggested the repair of the old boilers and Supervisor Nayman replied that it was someone reliable. Supervisor Piedimonte told the Board that he felt that the \$6,000 repair job should be authorized.

It was pointed out that the present boilers are about 20 years old - one of the experts who looked at the system suggested that the County not put in any more money on the old boilers.

After further discussion the following resolution was adopted:

RESOLUTION NO. 271

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Swiercznski.

RESOLUTION AUTHORIZING ADVERTISING FOR BIDS FOR PURCHASE OF BOILER FOR COUNTY HOME AND INFIRMARY AND REPAIR OF ONE BOILER AT INFIRMARY

RESOLVED, that the Building Committee of this Board be authorized to advertise for bids for the purchase of a new boiler for the County Home and Infirmary and to advertise for bids for the repair of one boiler at the County Home and Infirmary, as per specifications to be prepared by the committee.

#### RESOLUTION CALLING FOR ENACTMENT OF NO FURTHER ENVIRONMENTAL MANDATES WITHOUT COMPREHENSIVE STUDIES OF ALL RAMIFICATIONS OF SUCH MANDATES

WHEREAS, the State of New York has been in the forefront of attempts to improve the quality of the environment; and

WHEREAS, in furtherance of these attempts, several programs have been enacted which have serious impact on the economy and business climate in this State,

NOW, THEREFORE, BE IT RESOLVED, that this Board of Supervisors calls upon the Legislative and Executive branches of the State government to enact no further environmental mandates without a study of, and a balancing of, all interests, including the effects of existing programs upon the economy and the individual taxpayers of this State, and be it

FURTHER RESOLVED, that certified copies of this resolution be forwarded to the Governor of the State of New York; Majority and Minority Leaders of the Senate and Assembly; and Assemblyman Hawley.

#### RESOLUTION REQUESTING RESTORATION OF THE 21% STATE REVENUE SHARING FORMULA

WHEREAS, for many years, New York State had properly assumed a portion of the cost of those local governmental services and functions which benefit all State residents by State Revenue Sharing; and

WHEREAS, in 1970, 21% of State Income Tax revenue was committed for sharing with local governments for this purpose; and

WHEREAS, this Board of Supervisors believes the program was fair, dependable and reliable because it permitted local governments to share as the State's economy advanced; and

WHEREAS, in 1971, the amount available to local governments was reduced from 21% to 18%; and

WHEREAS, in 1977, the percentage of such revenues to be distributed was frozen for no stated or logical reason, at the amount allocated for the preceding year,

NOW, THEREFORE, BE IT RESOLVED, that this Board of Supervisors calls upon the Legislature of the State of New York to restore the amount of State Revenue Sharing to 21% and to remove the freeze imposed in 1977 in order that local governments and their taxpayers may once again receive a fair and equitable portion of these monies, and be it

FURTHER RESOLVED, that the Clerk of this Board send certified copies of this resolution to the Governor of the State of New York; the Majority and Minority Leaders of the Senate and Assembly; and Assemblyman Hawley.

Adopted. 350 ayes; 0 nays; 1 absent, Supervisor Paduchak (22).

#### RESOLUTION NO. 277

#### RESOLUTION AUTHORIZING AD IN PENNSAVER'S TO ENCOURAGE VOTER PARTICIPATION

RESOLVED, that the Clerk be instructed to place a full-page ad in both the Albion-Holley Pennysaver and the Medina Penny Saver to encourage voter participation in the special referendum on July 18, 1978.

Adopted. 350 ayes; 0 nays; 1 absent, Supervisor Paduchak (22).

Supervisor Swiercznski once again asked that the new county building be named the Batchellor-Doherty Building. Supervisor Kubatek said he favored municipal buildings be named for the municipality.

Chairman Kubatek reminded the Planning and Development Committee that the solid waste agreement would run out at the end of the year and the committee should begin work on the project.

It was moved by Supervisor Swiercznski and seconded by Supervisor Piedimonte that the meeting be adjourned. Carried.

Adjourned at 2:00 p.m., until July 20, 1978 at 7:30 p.m.

REGULAR MEETING  
Thursday, July 20, 1978

The meeting was called to order at 7:40 p.m. by the Chairman. After the Pledge to the flag, the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Swiercznski and seconded by Supervisor Piedimonte that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

The Clerk presented the following communications:

Letters of acknowledgement of resolutions from this Board; Assemblyman Steingut, dated 7/12/78 re: Resolutions 275 & 276; Governor Carey dated 7/13/78 re: Resolutions 275 & 276; Senator Javits dated 5/3/78 re: letter concerning R. C. & D. funding; NYS Dept. of Public Services dated July 5, 1978 re: opposition to rate increase for NY Telephone Co.; Robert E. Waters on behalf of the Armory Action Committee dated July 15, 1978, thanking the Board for their positive action on the committee's request.

Directory of State Owned Real Property Available for Economic Development, along with a letter from James C. O'Shea of the Office of General Services, dated June 29, 1978.

Notice of the Inter-County Meeting to be held August 10, 1978, at OTB Headquarters in Batavia.

It was moved by Supervisor Bane and seconded by Supervisor Nayman that John D. Strickland, Director of Weights and Measures, be authorized to attend the Technical Training School for Weights & Measures officials to be held the week of August 7, 1978, at Morrisville, at county expense.

Carried.

A copy of the resignation of Dr. Singson as a member of the Community Services Board was received.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that Dr. Singson's resignation be accepted with regret.

Carried.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that the County Planner and all Supervisors be authorized to attend the public hearing on amendments to the State Environmental Quality Review Law to be held at Hamburg, N. Y. on July 31, 1978, at county expense.

Carried.

Presented the financial report for G/F Regional Planning Council for the period January 1, 1978-July 12, 1978. Chairman Kubatek reported that the council has approved the budget for 1979 for the Regional Planning Council.

The Board was informed that the County had received a summons in two lawsuits - Kelly vs County et al; also in the matter of the accident at La Mont's Migrant Camp.

The Board received a letter from Mrs. Carri Blake, Director of the Office for the Aging, dated July 5, 1978, requesting an increase in her budget of \$839.00 for Homemaker/Home Health Aid services and authorization to use \$1,096 in funds which were underspent at the close of the contract period. The new contract would cover persons 60 and over whose service is not covered by any other resource.

It was pointed out that this service is over and above any mandated services.

It was moved by Supervisor Bane and seconded by Supervisor Whipple that authorization be given to use only the carry-over funds of \$1,096.00, to fund the proposed Homemaker/Home Health Aide service and that the Chairman be authorized to sign any necessary agreements.

Upon roll call vote, the motion was defeated. 181 ayes; 191 nays, Supervisors' Bennett (21), Shenck (20), Swiercznski (24), Kubatek (72) and Dudek (54), voting nay; 0 absent.

The Clerk reported that she had received a telephone call from a minority newspaper called the Daily Challenge, published in New York City, requesting that the County advertise its Economic Development position in that paper at a cost of \$59.50. The Board felt that the cost would not be justified because the area covered by the paper would probably not result in ruraly oriented persons applying.

It was requested by Supervisor Bane that the motion regarding proposed changes in positions at the Dept. of Social Services which was tabled at the July 6th meeting be removed from the table.

Supervisor Bane read a letter from Commissioner Klapper stating that the title for the position to be held by Leslee Vincent should be Supervisor Grade B - Staff Development Coordinator.

#### RESOLUTION NO. 278

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Whipple.

Supervisor Dudek reported that the Public Safety Committee met with the Sheriff to investigate the hanging in the jail which occurred on July 19th. The Committee was satisfied that all regulations had been carried out. The Committee does recommend that screens be installed over bars above the cell doors to help prevent them being used by prisoners bent on attempting to commit suicide.

Supervisor Bane introduced Local Law Intro. No. 3 of 1978

#### LOCAL LAW INTRO. NO. 3 - 1978

A LOCAL LAW PROVIDING FOR A PERMANENT PLAN OF APPORTIONMENT FOR THE ORLEANS COUNTY BOARD OF SUPERVISORS ON A WEIGHTED VOTE BASIS

BE IT ENACTED by the Board of Supervisors of the County of Orleans,  
State of New York, as follows:

### SECTION 1. LEGISLATIVE INTENT

It is the intention of the Board of Supervisors of Orleans County by this Local Law to comply with the Constitutional requirements established by the Supreme Court of the United States and the Court of Appeals of the State of New York.

### SECTION 2. THE BOARD OF SUPERVISORS

The Supervisors of the several Towns in the County of Orleans, when lawfully convened shall now and after final adoption of this Local Law, constitute the Board of Supervisors of the County of Orleans, and shall continue to be known and designated as the Board of Supervisors of the County of Orleans, but their respective votes as such members thereof shall and after adoption of this Local Law be determined and fixed in accordance with the provisions of this Local Law to accomplish the reapportionment of the Board of Supervisors of the County of Orleans.

### SECTION 3. VOTING STRENGTH

The apportionment of the voting strength of the members of the Board of Supervisors of the County of Orleans shall be determined by the 1970 Federal Census in the County of Orleans, until the next decennial federal census, in which event the voting strength shall be changed, if necessary, to conform to such decennial federal census. #### SECTION 4. GENERAL REGULATION

A. No fractional votes shall be used or recognized.

B. The total number of votes which each Supervisor is entitled to cast shall not be divided and shall be cast as one unit.

C. The voting power of a Supervisor shall be measured by the mathematical possibility of his casting a decisive vote on a particular matter.

D. The voting power of a Town shall be deemed equal to the voting power of its Supervisor.

E. In preparing each reapportionment, the Board of Supervisors shall employ an independent computerized mathematical analysis and such other method or methods as shall most nearly equalize the percentage of voting power of each Town to its percentage of the total County population.

#### SECTION 5. EFFECT OF OTHER LAWS OR ACTS

Any law, ordinance, resolution or other act inconsistent with the provisions hereof shall be superseded by this said Local Law.

#### SECTION 6. SEPARABILITY

If any clause, sentence, paragraph or section of this Local Law shall be adjudged by any Court of competent jurisdiction to be invalid, such adjudication shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the claims, sentence, paragraph or section thereof directly involved in the proceedings in which such adjudication shall have been rendered.

#### SECTION 7. EFFECTIVE DATE

This local law shall take effect 45 days after adoption hereof, or after approval by the affirmative vote of a majority of the qualified voters of the County of Orleans voting on a proposition for its approval, after petition, whichever event first occurs.

Adopted. 307 ayes; 0 nays; 1 absent, Supervisor Nayman (65).

Privilege of the floor was granted to John Staebler, Administrator of the Health Department, and Mrs. Joanne Johnson, Director of Patient Services.

Mr. Staebler requested that the resolution to appropriate funds for the Homemaker/Home Health Aide Program be approved. Mrs. Johnson explained how the program is administered. The County is reimbursed 100% by Medicare for all funds expended for this program. Members of the Health Committee felt that the matter should have been approved by the Board of Health before it was brought to the Board of Supervisors.

Supervisor Swiercznski requested that the motion to appropriate these funds be removed from the table.

RESOLUTION NO. 296

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Piedimonte.

RESOLUTION APPROPRIATING ADDITIONAL FUNDS TO ACCOUNT A4010-4 FOR  
HOMEMAKER/HOME HEALTH AIDE PROGRAM

RESOLVED, pursuant to the request of John Staebler, Administrator of the Orleans County Health Department, by letter dated July 27, 1978, this Board does hereby authorize the additional appropriation of the

sum of \$12,600.00 to Revenue Account A3401 and \$12,600.00 to Health Department Account A4010-4 to provide funds for the Homemaker/Home Health Aide Program for the remainder of 1978.

Adopted. 241 ayes; 66 nays, Supervisors' Bennett (21), Shenck (20, and Whipple (25), voting nay, 1 absent, Supervisor Nayman (65).

Privilege of the floor was granted to Robert Tirsch, Director of the Youth Board.

Mr. Tirsch presented the Orleans County Youth Board Comprehensive Planning agreement and requested Board approval. The Board requested that one paragraph be changed in the agreement which would indicate that the Probation Employment Program has approval after a letter is received from the State of New York clarifying certain aspects of the program.

#### RESOLUTION NO. 297

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Dudek.

#### RESOLUTION APPROVING ORLEANS COUNTY YOUTH BOARD COMPREHENSIVE PLAN

RESOLVED, that this Board of Supervisors does hereby endorse and approve the Orleans County Youth Board Comprehensive Planning Agreement as herewith presented.

Adopted. 307 ayes; 0 nays; 1 absent, Supervisor Nayman (65).

Mr. Tirsch also presented a proposal from the Orleans County Youth Services requesting funds from the Division for Youth for advertising expansion for the Job Bank Program they are conducting. The Board discussed this proposal and the fact that they are using the name Orleans County Youth Services when their legal name is Orleans County Drug Abuse Prevention Council. It was stated that the money is in the departments budget for this proposal. It was suggested that the Director of the Orleans County Drug Abuse Prevention Council office be notified that in the future the legal name should be used on all correspondence, etc.

Adjourned for lunch at 12:20 p.m., reconvened at 1:35 p.m.

#### AFTERNOON SESSION

Supervisor Bane moved a motion to abolish the Fire Investigator position and assign the duties to the Sheriff's Department; seconded by Supervisor Dudek.

Supervisor Swiercznski asked if "we didn't have a recommendation from the Fire Advisory Board to create this position and shouldn't there be a recommendation from them about abolishing it".

Supervisor Dudek, "As Chairman of the Public Safety Committee, we had a lot of input from the Fire Advisory Board and the Fire Chiefs Association on combining that job with the person who had the job of Fire Coordinator and Director of Office of Natural Disaster. It made sense because he was on the scene of every fire. He had a vehicle, he had transportation, he had equipment. That situation no longer exists and it makes sense now to include that in with the Sheriff's Department until such time as the situation be changed. At this time it is not feasible to continue that position on any more. At the urging of the Fire Advisory Board one of the main reasons was keeping that individual available to the fire service. They were very reluctant to see him leave that position. He has left so the situation has changed. While I was one of the chief people in favor of keeping that position, that is no longer valid and it should be included with some agency that can handle it on a full-time basis and that is the Sheriff's Department."

Chairman Kubatek said, "I thought before it should be in the Sheriff's Department, they handle investigations. Investigator Miles is trained to do this."

#### RESOLUTION NO. 307

SPECIAL MEETING  
Friday, August 11, 1978

A special meeting of the Board of Supervisors was held in the Supervisors' Room, Court House, Albion, N. Y., for the purpose of allowing the County Attorney to report on the status of the reapportionment issue and to consider the next course of action; and to authorize advertising for bids for the purchase and installation of a new boiler at the County Home and Infirmary.

The meeting was called to order at 9:40 a.m., by the Chairman. After the Pledge to the Flag, the Clerk called the roll and all Supervisors were found present.

The County Attorney reported that he had met with Judge Kasler and much to his surprise and the other attorneys involved, was the fact that he would enjoin the county or prevent them from implementing the 10-member plan, under the proposed Local Law No. 3, for which there is a public hearing scheduled next Thursday. Mr. Young told the Board that Judge Kasler's theory on the thing was that the public has defeated that law and it would be inappropriate for the Board to implement something that the public has already defeated.

Mr. Young said the Judge felt that last November there was a weighted voted plan and a legislative presented together and this July there was a weighted voting plan presented by itself and that the logical next step would be a legislative plan presented by itself. He would like to see that done - put on the ballot this November.

Mr. Young told the Board that the time frame for implementing any plan to be put on the ballot is a little bit cumbersome because any plan must be adopted by the Board and submitted at an election not less than 60 days after it is adopted - 60 days prior to the November 7, 1978 election is September 8, 1978. In order to implement any local law for a legislative plan by Sept. 8th a public hearing must be held and a legal notice of the public hearing published in the newspaper August 30th in order to hold the public hearing sometime the following week and subsequently to adopt the law by September 8th. Normally a local law must sit on the desks of the Board members for seven days before action can be taken, however, in an emergency the Chairman can waive the seven day period. Mr. Young said that he personally felt that the time schedule is quite urgent if the Board desires to have a legislative plan and that the Board would not want to be responsible for throwing a legislative plan together in just a couple of weeks. The Judge did say that if a legislative plan was defeated in November he is going to impose his own plan on an interim basis, which is going to be different than what we have now.

Mr. Young discussed other court cases which resulted in the imposition by a judge of a plan for other county's. The Board discussed the question of whether to continue with the public hearing and other matters regarding the reapportionment issue, and adopted the following resolution.

RESOLUTION NO. 309

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Swiercznski.

RESOLUTION TO PROCEED WITH PUBLIC HEARING ON LOCAL LAW NO. 3 AND DIRECTING COUNTY ATTORNEY TO ARRANGE MEETING WITH JUDGE KASLER

RESOLVED, that the Board proceed with the public hearing scheduled for 7:30 p.m., August 17, 1978, on Local Law No. 3 and urges the public to attend and express their views on said Local Law No. 3 and any other proposal for reapportionment of the Board of Supervisors, and be it

FURTHER RESOLVED, that the County Attorney be directed to arrange a meeting with Judge Kasler and the Board of Supervisors to be held as soon as possible after the public hearing.

Adopted. 372 ayes; 0 nays; 0 absent.

#### RESOLUTION NO. 310

By Supervisor Whipple, who moved the adoption.

Seconded by Supervisor Paduchak.

#### RESOLUTION AUTHORIZING ADVERTISING FOR BIDS FOR PURCHASE AND INSTALLATION OF A NEW BOILER FOR COUNTY HOME AND INFIRMARY

RESOLVED, that the Building Committee of this Board be authorized to advertise for bids for the purchase and installation of a new boiler for the County Home and Infirmary building, as per specifications prepared by agreement with the engineering firm employed by the County.

Special Meeting  
Wednesday, August 23, 1978

The meeting was called to order by the chairman at 8:00 p.m. After the Pledge to the Flag, roll call was taken and all the supervisors were present, with the exceptions of Supervisors Nayman and Dudek. The chairman noted that all supervisors who were present had signed a waiver.

The chairman explained that the purpose of the meeting was to consider the directive of the New York State Department of Corrections concerning the housing of Genesee County and other out of county prisoners at the Orleans County Jail Facility. Privilege of the floor was given to Sheriff White.

Sheriff White said that he had talked with Mr. Lloyd Camp, who had previously spoken to this Board, and to Mr. Paul Splain, who is the director and author of most of the minimum standards; both of whom are tied in with the full Commission. He talked with them about the possibility of putting on two people until January - until something could be done about a budget.

The answer the Sheriff received was this. While they realize the County is in a financial situation, they are demanding that the County put three people on now, and that the other two fall in line with the budgetary problems; and that the County submit in writing that it is putting three on and that two more are on a timetable, in order to still get in five people. It has nothing to do really with the fact that Genesee County, and Monroe and Wyoming Counties - that they have their substitute jail facility withdrawn. This is based on the fact that the Commission has said the County needs five more people; and this stipulation is needed in writing, effective by Friday.

Supervisor Piedimonte asked what would happen if we did not house any out of county prisoners, would the county still be mandated to hire these extra people.

The sheriff said, "Yes. The state is saying that we are still not in compliance, and if there is an incident or death, or a fire or a serious matter over there, they are still going to condemn the county and the county is going to be sued and so am I."

After much discussion, Supervisor Bane made a motion, seconded by Supervisor Whipple, that Sheriff White be allowed to hire the three extra men.

The Board recessed at 8:45 p.m. and reconvened at 8:50 p.m.

Supervisor Paduchak made a motion, seconded by Supervisor Swiercznski, for an amendment to be added to the original resolution that the Board authorize this, contingent upon the receipt of a letter from the Director stating that these people must be put on as per law or mandate to justify the Board's position in providing the funding and the personnel for the operation of said jail.

Resolution and amendment adopted. 207 ayes; 46 nays, Supervisor Piedimonte; and two absent, Supervisor Nayman (65) and Supervisor Dudek (54).

RESOLUTION NO. 311

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Whipple.

RESOLUTION CREATING THREE POSITIONS OF CORRECTION OFFICER AT THE  
ORLEANS COUNTY SHERIFF'S DEPARTMENT

RESOLVED, that three positions of correction officer at the Orleans County Sheriff's Department are hereby created. The sheriff is authorized to hire individuals to fill the newly created positions.

FURTHER RESOLVED, that this resolution shall not take effect until receipt by the sheriff of a letter of mandate or compulsory directions from the New York State Department of Corrections.

Adopted. 207 ayes; 46 nays, Supervisor Piedimonte, and two absent Supervisor Nayman (65) and Supervisor Dudek (54).

Meeting adjourned at 9:10 p.m.

REGULAR MEETING  
Thursday, September 7, 1978

The meeting was called to order by the Chairman at 10:00 a.m. After the Pledge to the Flag, the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Commissioner Klapper and Stephen Heard, Administrator of the County Home and Infirmary. Mr. Heard explained that the position of Financial and Fiscal Officer for the County Home and Infirmary will be needed to go along with the new accounting manual which will be coming out January 1, 1979. He presented the duty requirements for the position which will meet the state mandates and civil service requirements. The person employed in this position will work with the contractor hired by Orleans County to implement the procedures required by the state manual. Mr. Klapper stated that a salary range of \$12,000-16,000 was being suggested for this position. The position is 75% reimbursable. The Finance Committee will meet to recommend a salary for this position.

RESOLUTION NO. 312

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Shenck.

RESOLUTION CREATING PROVISIONAL POSITION OF FINANCIAL OFFICER AT THE ORLEANS COUNTY HOME AND INFIRMARY

RESOLVED, that the position of Financial Officer at the Orleans County Home and Infirmary be created on a provisional basis, for a period of 18 months, effective September 15, 1978.

Adopted. 372 ayes, 0 nays; 0 absent.

Privilege of the floor was granted to the Planning Director to discuss the changes in the New York State Environmental Quality Review Act. Mr. Astles informed the Board that the new criteria for determining if an environmental impact statement would be required go into effect November 1st. Mr. Astles suggested raising the rates for review of applications and the actual completing of impact statements by \$2.00 an hour. The Board decided to delay any increase in the rates. It was suggested by Supervisor Dudek that if a project comes into the County that requires such a statement the benefits would probably outweigh the costs.

The Clerk presented the following communications:

Acknowledgement of receipt of Resolution No. 290 by Governor Carey, letter dated August 3, 1978; Assemblyman Steingut, letter dated August 4, 1978; and Assemblyman Hawley, letter dated August 15, 1978.

Letter from the County Attorney with a copy of a letter from the Attorney General's office dated August 7, 1978, which stated in part, "We, therefore, conclude that the County may participate in the Division for Youth's Probation Employment Program since any funds expended are in actuality Federal funds and their disbursement would not violate the private gift prohibition of Article VIII, section 1 of the New York State Constitution."

The Board discussed the problem of whether those employed under this program would effect the County's insurance liability. The Committee was instructed to investigate the insurance liability problem.

Letter from Off Track Betting Corporation, dated July 31, 1978, stating that Orleans County share of OTB profits for the second quarter of 1978 is \$14,710.00.

Letter from the County Attorney dated August 8, 1978, re: electrical service at Platt Street. Information attached indicates that the transformer which was repaired services county offices alone, and therefore Albion Industrial Center is not obligated for any part of the cost of installation of this transformer. The Clerk also informed the Board that there has been a problem with the same transformer and additional costs may result from having to use electrical service charged to Albion Industrial Center.

Letter from Dept. of Labor, dated August 29, 1978, re: OJT Funding.

It was moved by Supervisor Bane and seconded by Supervisor Dudek that John J. McCarthy, Director of the Office of Natural Disaster and Civil Defense, be authorized to attend a meeting of local directors to be held in Albany on September 26-27, 1978, at county expense.

Carried.

It was moved by Supervisor Paduchak and seconded by Supervisor Bane that John J. McCarthy, Director of the Office of Natural Disaster and Civil Defense, be authorized to attend an energy meeting in New York City, September 20-21, 1978, at county expense.

Carried.

It was moved by Supervisor Paduchak and seconded by Supervisor Swiercznski that E. Dean Holland, Probation Officer Trainee, be authorized to attend the NYS Division of Probation Training Academy at Albany, the week of September 11th, and for Michael E. Dreyfus, Probation Supervisor, to attend the week of December 4, 1978, at county expense.

Carried.

It was moved by Supervisor Paduchak and seconded by Supervisor Bane that Jeannette Riley, Probation Officer, be authorized to attend the NYS Division for Probation Training Academy at Albany, October 23-25, 1978, at county expense; and for Ms. Riley and Karen Yager, Probation Officer Trainee, to attend November 27th to December 1st, 1978, at county expense.

Carried.

The Clerk read a letter from the Department of Social Services, dated August 15, 1978, requesting a sick leave of absence, at 1/2 pay, for Frances Hadick, from August 2, 1978 to September 20, 1978. At the request of Supervisor Bane the matter was tabled.

It was moved by Supervisor Bane and seconded by Supervisor Dudek that the following maternity leaves of absence, without pay, be granted:

Deborah Butler - 1 year beginning August 28, 1978  
Joan Millis - 1 year beginning September 5, 1978  
Kathy Vagg - September 1, 1978 to August 12, 1979

Carried.

It was moved by Supervisor Swiercznski and seconded by Supervisor Shenck that the Soil and Water Committee be authorized to attend the public hearing on regulations for implementation of the Freshwater Wetlands Act, to be held in Rochester, September 27, 1978, at county expense.

Carried.

Privilege of the floor was granted to Mr. William Andreas, representative of the Urban Development Corporation. Mr. Andreas discussed the Section 8 Housing Proposal. He explained that Mr. Astles has been working with UDC and Social Services on the project and suggested that Mr. Astles and someone from Social Services be allowed to attend the training session conducted by UDC at Lake Placid. This training session will give all the necessary information for running a Section 8 Housing Program within Orleans County. Mr. Astles explained that the necessary staffing for the program would consist of an administrator and a program representative who would interview clients and prospective landlords, etc.

It was moved by Supervisor Dudek and seconded by Supervisor Paduchak that Jeff Astles and one person from the Department of Social Services be authorized to attend the training session held by UDC at Lake Placid, N. Y.

Adopted. 351 ayes; 1 nay, Supervisor Bennett (21); 0 absent.

Mr. Astles reported that the water survey has been completed as far as the interviews are concerned and the information is presently on the computer at Brockport State.

Privilege of the floor was granted to William Larsen, P.E. Also present were Mr. Staebble and Mr. Harding from the Health Department. Mr. Larsen reviewed information relative to formation of a possible sewer district county-wide for the County of Orleans. Mr. Larsen suggested up-dating the sewer study done a few years ago. He suggested a meeting with DEC to seek possible funding for such a study.

Adjourned for lunch at 12:45 p.m. Reconvened at 1:40 p.m., all Supervisors present.

The Clerk read the following letter:

STATE OF NEW YORK • EXECUTIVE DEPARTMENT  
STATE COMMISSION OF CORRECTION  
TOWER BUILDING, EMPIRE STATE PLAZA  
ALBANY, NEW YORK 12223

CHAIRMAN  
STEPHEN CHINLUND

COMMISSIONERS  
DOROTHY WADSWORTH  
JOSEPH WASSER

September 1, 1978

Sheriff Donald White  
Orleans County Sheriff's Department  
26 Platt Street  
Albion, NY 14411

Dear Sheriff White:

In recent conversations with Mr. Paul Splain, Director of the Local Correctional Facilities Bureau, I was pleased to hear of the progress being made to bring Orleans County Jail into compliance with the Codes, Rules and Regulations of the State of New York. However, during our last conversation on Friday, September 1, Mr. Splain informed me that he had been in telephone contact with you and that you indicated that you could not hire sufficient staff to operate the facility in conformance with those regulations until such time as you receive a directive to that effect from the Commission.

In an attempt to resolve the manpower problems, you were offered two options:

1. Employ sufficient personnel to operate the county jail in accordance with the manpower analysis as submitted to you on February 21, 1978. This requires the immediate employment of 5 additional correction officers or;
2. Honor the compromise that was offered by the State Commission of Correction in an August 29, 1978 letter to you from Mr. Splain. To wit:
  - a. the immediate employment of three correction officers thereby bringing the total number of correction officers to 17;
  - b. the hiring of two additional correction officers no later than January 1, 1979 thereby bringing the total complement of correction officers to 19;
  - c. the day shift will at all times have a minimum of 5 correction officers on duty; the afternoon shift will at all times have a minimum of 4 correction officers on duty; the night shift will at all times have a minimum of three officers on duty;

September 1, 1978

d. each tour of duty will be directly supervised by a designated individual who has a working knowledge of proper correctional practices.

The Commission does not recommend this as a wise alternative to the first option, however, we are cognizant of the fiscal burdens facing Orleans County and believe that the second option is a workable alternative providing vacation time and other leave periods are minimized between now and the hiring of the final two officers in January and that part-time staff be utilized in the interim in order to assure a full complement of officers on duty.

Upon your failure to exercise either of these options, the Commission will move to close certain portions of Orleans County Jail in order to restrict the operational space to an area that may be adequately supervised by the officers currently on staff.

This is a mandate of the Commission and failure to comply with the options available may result in judicial action and enforcement by the N.Y.S. Supreme Court pursuant to Correction Law 46(4). As Mr. Splain indicated to you in his letter of August 2, it is the intention of the Commission to work with localities in the interest of resolving problems to the mutual benefit of all concerned. However, you may be assured that the Commission will, if necessary, issue additional directives concerning the operation of the Orleans County Jail in the future as the need arises.

The inordinate number of suicides in the Orleans County Jail and the facility's poor rating on the security and supervision evaluation which was forwarded to you on July 11, 1978 are of grave concern to this Commission.

Sincerely,

Stephen Chinlund

Ms. Jurhs, Clerk, Board of Supervisors

Mr. Lloyd Camp, Correctional Specialist

Chairman Kubatek introduced Mr. Paul Splain, Mr. Lloyd Camp and Mr. Larry Wells from the New York State Commission of Correction.

Supervisor Dudek pointed out to the gentlemen that a large portion of the time the jail is not at capacity or even 50% capacity but that the same number of people are required to staff it. He asked if it wouldn't be possible to close down portions of the jail when there were no prisoners in certain categories. Mr. Splain replied that, "what we are really talking about when we are talking about supervision here, we are talking about one officer on the whole first floor of that facility, which is two housing sections. One man on the whole floor, one man on the second floor. So regardless, if you close down one block or whatever you close down, unless you close down the whole floor you are not saving anything."

Supervisor Bennett asked if the report had taken into consideration the part time help employed in the jail. The reply was no. Supervisor Bennett pointed out that, "with the economics of the situation it would seem that it is always good business to train a part-time person and then when there aren't any women prisoners, we don't have anybody on the payroll."

Mr. Splain, "I can accept that as far as the female situation is concerned, if you don't have females all the time, we will certainly go along with that 100%."

After much further discussion, Supervisor Dudek said, "we may need to take a look at what we do with female prisoners and again look at the contract with Genesee County. If I understand you right, if we had a situation where we didn't have any female prisoners in here, we may be able to get a reduction in the number of staff people that we need."

Mr. Splain, "what the manpower calls for is five female officers."

Supervisor Dudek, "you are saying that your requirements are that we have five females. If we have no female prisoners, would we be able to eliminate that five from our total?"

The answer was yes.

Mr. Splain suggested that the County could increase the amount of the contract for housing prisoners from other counties to help offset the additional cost of hiring more correction officers.

Supervisor Piedimonte suggested that the Sheriff and Undersheriff check their records to find out how many days Orleans County housed their own female prisoners. Also how many days Orleans County Jail housed prisoners from other counties.

It was suggested that a letter be sent to all the counties who use Orleans County Jail as a substitute jail and inform them that the contracts for housing prisoners may increase for next year. And that a copy of the letter from the Commission of Correction also be sent.

Supervisor Dudek noted that, "if you count the number of people the Sheriff has to watch the inmates, when we get done with this mandate, he will have the same number of people to watch 27 prisoners as he has deputies to protect 37,000 people in the rest of the county."

The Clerk read a letter from Richard Laskowski, Field Representative, for the NYS Division for Youth, dated August 29, 1978, re: possible establishment of a County Department of Youth.

Also read was a letter from Robert Tirsch dated August 21, 1978, relative to establishment of a County Youth Department. Mr. Tirsch also requested authorization to attend a conference on Juvenile Justice.

It was moved by Supervisor Bane and seconded by Supervisor Dudek that Robert Tirsch be authorized to attend the conference on Juvenile Justice to be held at the Nevele Country Club on September 21-22, 1978.

Carried.

The Clerk read a letter from Orleans Community Action Committee, Inc., dated September 1, 1978, re: expansion of the CATS system. The matter was tabled and referred to the CAC Committee.

The Clerk read a letter from Terrance Rodgers, Medina Daily Journal, re: request to be notified of committee meetings. The members were requested by the Chairman to notify the Clerk of committee meetings so that she can notify the press.

Letter from James Moore, Acting Secretary of the Fire Advisory Board, dated August 15, 1978, re: appointment of Director of Natural Disaster. Also read was Chairman Kubatek's reply dated August 21, 1978.

For the record the Clerk announced that Chairman Kubatek appointed Mr. John J. McCarthy II, Medina, N. Y., as Director of the Office of Natural Disaster and Civil Defense on August 7, 1978.

The Clerk presented letters from the Carlton Fire Department and the Albion Fire Department recommending persons to fill the vacant Deputy Fire Coordinator's position. Carlton recommended Audrey VanWycke and Albion recommended Ronald Armstrong. Also read was a letter from the Director of Natural Disaster recommending Mr. Armstrong for the position.

Letter from the County Attorney with the following attached resolution from the Orleans County Bar Association encouraging the creation of the position of Assistant Public Defender.

#### RESOLUTION OF THE ORLEANS COUNTY BAR ASSOCIATION

At a regular meeting of the Orleans County Bar Association held at the Surrogate's Court Room on the 11th day of September, 1978, the following resolution was unanimously adopted:

WHEREAS, various provisions of Law, including the Family Court Act Sections 262 and 252, Criminal Procedures Law, Sections 170, 180, 210 and 720 as well as Article 440, the Judiciary Law, Section 35 and the New York State Surrogate Procedure Act, Section 470 as well as other provisions of the Criminal Procedure Law and Statutes of the State of New York, require that counsel be provided for certain individuals charged with certain crimes and involved in certain civil proceedings in the Family Court and Surrogate Court, who are financially unable to obtain counsel; and

WHEREAS, this basic right to counsel has been expanded recently by the State of New York to provide that as of September 1, 1978, counsel be provided to witnesses appearing before the Grand Jury; and

WHEREAS, the County of Orleans has heretofore provided a Plan for the assignment of counsel by the Surrogate, Family and County Judge pursuant to the terms of the County Law, Section 722 which plan provides in essence that the Judge may assign the Public Defender to represent indigent persons; and

WHEREAS, the Public Defender presently has a caseload of approximately 800 persons per year; and

WHEREAS, due to the time limitations and restraints imposed upon the public defender, including conflict of interest in representing multiple defendants, it is necessary for the county, surrogate and family court judge to periodically assign private counsel for indigent defendants; and

WHEREAS, pursuant to provisions of the County Law, the assignment of private counsel and the compensation of said counsel is a county charge payable by the County of Orleans; and

WHEREAS, as a result of periodic absence or illness of the public defender, individuals who have the right to counsel may be denied representation; and

WHEREAS, it is the feeling of the Orleans County Bar Association that the obligations of the County to provide representation to indigent persons could be adequately fulfilled by the creation of the position of assistant public defender which would be more reasonable financially than paying for assigned private counsel,

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors of the County of Orleans cause to be created the position of assistant public defender as soon as possible to fulfill the obligations of the County to provide representation of indigent persons as provided for in the Law.

#### RESOLUTION AWARDING BID FOR PURCHASE OF BOILER FOR COUNTY HOME & INFIRMARY

RESOLVED, that the bid from Amering & Johnston, Inc., Rochester, N. Y., for purchase and installation of a "Sellers" boiler for the Orleans County Home and Infirmary at a cost of \$37,175.00, be accepted by this Board.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Whipple informed the Board that bids were opened for computer services. One bid was received from Mr. Lucero as representative of Compu Data Systems located in Westport, Conn.

The Clerk read a letter from Mrs. Mary B. Basinait, County Treasurer, which read in part, "I am apprehensive about accepting a bid from Mr. Lucero as representative of Compu Data Systems. This is a firm unknown to us.

Furthermore, it is now the time of the year when we are the busiest in the Treasurer's office. We will not have time at this point to spend with another vendor, nor would we have sufficient time to utilize all of the educational benefits we should receive from the proposed contract."

In view of the above conditions, I respectfully suggest that we wait until after the first of the year when we will hopefully have more time, and can rebid and commence the necessary procedures at that time."

It was moved by Supervisor Whipple and seconded by Supervisor Bennett that the bid for computer services be tabled for further study.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Dudek reported that the Public Safety Committee had met with the Sheriff and a group of ministers who expressed their concerns over certain conditions at the jail and certain things that they would like to see implemented. Mr. Dudek said that this was the second meeting that the committee had had with the ministers. There have been some meetings in the past between the ministers and the Sheriff. It was pointed out to the ministers the changes that had been made since the addition of additional staff, such as exercise, the area on the roof now being utilized.

There is a program in progress conducted by the Drug Abuse Prevention Council where once a week meetings are held with the inmates to interview them and get their feelings on different areas, etc.

The committee also reviewed figures on female occupancy of the jail. From January to the end of August, there were 80 days when females from Orleans County were locked up there. During that same period there were 179 days that there were Genesee County females. There were 134 days that there were Genesee County female prisoners in the jail and no Orleans County female prisoners. Supervisor Dudek stated that the cost effect is uncertain because if the facility was closed to female prisoners, Orleans County might have a problem finding housing for their female prisoners, there would also be the cost of transportation, deputies for transporting prisoners, plus the cost of keeping the female prisoners in another facility. At the present time Orleans County does receive some compensation from Genesee County for housing prisoners.

RESOLUTION NO. 341

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION AUTHORIZING PUBLIC SAFETY COMMITTEE TO NEGOTIATE NEW AGREEMENT WITH GENESSEE COUNTY FOR BOARDING GENESSEE COUNTY PRISONERS

RESOLVED, that the Public Safety Committee of this Board be authorized to conduct negotiations with officials of Genesee County for a new contract between the County of Orleans and Genesee County for boarding Genesee County prisoners in the Orleans County Jail.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Dudek also discussed the question of putting Deputy Richard Clark on the county payroll. Deputy Clark has been under the CETA program, however, his two year period as a CETA employee will soon expire. Supervisor Dudek suggested that because Deputy Clark has been trained to work in the dispatch room and if another person was hired to take his place that person would have to be trained, it might be better to hire an additional jailor to help meet the mandate of the state. This person could fill the CETA slot.

It was moved by Supervisor Dudek and seconded by Supervisor Whipple that Deputy Richard Clark be transferred from the CETA program to the County payroll.

Supervisor Bennett requested that the motion be tabled under Rule No. 12 of the Rules of Procedure. Motion tabled.

Supervisor Bennett suggested that the Highway Committee look into the possibility of the County CETA employees and any extra manpower that the County Highway Department might have, be given to the towns during the winter months to be used as wing-men on the plows to help the towns cut their budgets. Supervisor Bennett said this system is used in Genesee County. Referred to Highway Committee.

#### RESOLUTION NO. 342

By Supervisor Piedimonte , who moved the adoption.

Seconded by Supervisor Bane.

#### RESOLUTION AUTHORIZING PAYMENT OF CLAIM TO NEW YORK STATE EDUCATION DEPT.

RESOLVED, that the claim of the New York State Education Department for a quarterly payment due October 1, 1978, for reimbursement of costs for tuition and transportation costs of school age students in regular session during the 1975-76 school year under the provisions of Section 4403 of the Education Law, in the amount of \$1,753.63, be approved for payment.

Adopted. 372 ayes; 0 nays; 0 absent.

#### RESOLUTION NO. 343

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Shenck.

#### RESOLUTION AUTHORIZING PROMOTIONAL AD IN TOWN AND COUNTY GOVERNMENT MAGAZINE

RESOLVED, that the County purchase a 1/4 page ad in the New York State Town and County Government magazine at a cost of \$100.00.

Adopted. 372 ayes; 0 nays; 0 absent.

Chairman Kubatek announced that the school administrators have chosen Dr. Douglas Houck, Albion Central School, to serve on the Genesee Community College committee. Chairman Kubatek also appointed Mary Basinait, County Treasurer, to serve on this committee.

Chairman Kubatek appointed the following persons to a committee to study the court system needs regarding housing and also to study which departments might fit into the new county office building:

Judge Paul I. Miles, Robert Balcerzak, Commissioner Klapper and a person from the County Planning Board to be chosen by the Chairman.

The Board briefly discussed the problem of parking at the fishing derby.

It was moved by Supervisor Paduchak and seconded by Supervisor Piedimonte that the meeting be adjourned. Carried.

Adjourned at 9:30 p.m.

REGULAR MEETING  
Thursday, October 5, 1978

The meeting was called to order at 10:10 a.m., by the Chairman. After the Pledge to the Flag, the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Mr. William Larsen, P.E. Mr. Larsen informed the Board that he along with Chairman Kubatek and Jeff Astles had a meeting on September 22nd with DEC in Avon. DEC urges the formation of a County Sewer Agency so that DEC can deal with that agency to encourage funding for planning. Funding is available under Sec. 201 but the deadline for using these funds is September 30, 1979. Whether to form a County Sewer Agency is a matter for the Board of Supervisors to decide. The possibility of forming a joint sewer-water agency was discussed. There is a question as to whether this can legally be done.

Mr. Larsen also discussed the necessary steps in the "Construction Grant Program".

Privilege of the floor was granted to Jeff Astles and Rob Tirsch to present the results of the water survey conducted by their office. The report is on file in the Supervisors' office.

Recessed at 11:20 a.m., reconvened at 11:30 a.m.

Privilege of the floor was granted to James Hancock, Manpower Coordinator. CETA authorization expired on September 30, 1978. Congress has not passed the new CETA legislation but is expected to do so shortly. The County has received authorization to use surplus FY'78 funds to continue all CETA participants for obligations incurred after October 1, 1978. Mr. Hancock told the Board that there are enough funds to continue all applicants until Wednesday, October 11, 1978.

There are three ways to continue CETA employment after that date; 1) that all sub-agents up-front the money and be willing to wait until the new monies come; 2) County can request financial assistance from CAC. This would be only for a short period of time because their funds are not sufficient to support the program for any long period of time; 3) County can request financial assistance from the Employment and Training Administration in Albany. This would be done as a last resort even though they have guaranteed this is a possibility. Therefore, Mr. Hancock, told the Board, in that the Board of Supervisors can not legally advance money to the CETA program to keep the program solvent, a resolution endorsing his efforts to keep all participants working would be appreciated.

RESOLUTION NO. 344

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Nayman.

RESOLUTION CONTINUING CETA

RESOLVED, that on behalf of all CETA County employees the Board of Supervisors does hereby endorse the County Manpower Director, James Hancock, to continue all efforts within his ability to enable County CETA employees to be continued in their employment until such time as Fiscal 1978 CETA monies are exhausted, and thereafter said employees shall be retained and the County shall seek reimbursement from CETA for any salaries paid to the CETA County employees.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Bane and seconded by Supervisor Paduchak that the Board go into executive session to discuss pending lawsuits against the county.

Unanimously adopted.

Recessed at 12:00 noon for executive session. Reconvened at 12:15 p.m. Adjourned for lunch at 12:15 p.m.

#### AFTERNOON SESSION

Reconvened at 1:40 p.m., all Supervisors present.

It was moved by Supervisor Paduchak and seconded by Supervisor Swiercznski that the County Attorney and any Board member be authorized to attend a conference on Collective Bargaining - The 1980's and Beyond at Niagara University on October 21, 1978, at county expense.

Carried.

The Clerk read the following communications:

Letter from Chairman, Wayne County Board of Supervisors, dated October 3, 1978, stating that Wayne County has decided not to fund or participate in the Coastal Zone Management Program at this time.

The County Planner informed the Board that a meeting has been arranged for the 26th to discuss CZM.

Letter from Governor Carey informing the Board that the County will be receiving \$40,637.00 as a grant in connection with the ADC program.

Letter from Orleans County Assessors Association re: increase in staff, etc. to insure high maintenance of the assessment program.

Letter from NYS Labor Dept. re: OJT funding. All funding has been completely obligated.

Letter from Mr. Biggs, Director, Community Services, dated October 2, 1978, informing the Board that Dr. Kevin Gorman has been appointed Supervising Psychiatrist at the Orleans Mental Health Clinic. He will be employed 4/5's time or 28 hours per week at a salary of \$32,000 or 4/5's of the \$40,000 budgeted for this years budget.

#### RESOLUTION NO. 345

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Bennett.

RESOLUTION DIRECTING AGENCIES SEEKING COUNTY FUNDS FOR MENTAL HEALTH  
PROGRAMS TO SUBMIT PROPOSALS TO COMMUNITY SERVICES BOARD FOR REVIEW

WHEREAS, this Board of Supervisors has received from the Community Services Board a resolution adopted by them on September 6, 1978, recommending that all proposals connected with Mental Health, Mental Retardation, Developmental Disabilities, and Alcoholism and Substance Abuse, which seek funds from the County of Orleans, be submitted to the Community Services Board for review prior to submission to the Board of Supervisors, now be it

RESOLVED, that this Board of Supervisors does endorse the resolution of the Community Services Board and does direct that all agencies and institutions, both public and private, under contract or otherwise that seek to initiate, amend, or terminate programs or services in the areas of Mental Health, Mental Retardation, Developmental Disabilities, and Alcoholism and Substance Abuse, and who are receiving or intend to seek approval for funding from the Orleans County Board of Supervisors, should at some point in the process, review their proposals with the Director and Board of Community Services, in order to prevent duplication of services and to insure that said proposals are in accordance with the County approved local services plan.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Bennett and seconded by Supervisor Shenck that Arnold Basinait, Director of Real Property Tax Services, be authorized to attend a meeting on assessment administration in Canandaigua on October 27, 1978, at county expense.

Carried.

It was moved by Supervisor Swiercznski and seconded by Supervisor Shenck that Dr. Kevin Gorman, Supervising Psychiatrist at the Orleans Mental Health Clinic, be authorized to attend a conference on Rural Psychiatry in 1978 on October 5 and 6, 1978, at county expense.

Carried.

It was moved by Supervisor Swiercznski and seconded by Supervisor Whipple that Rev. Jarvis Schwarz a member of the Community Services Board, be authorized to attend a conference at Cornell University on September 22, 23, and 24, 1978, at county expense.

Carried.

RESOLUTION APPROVING RATE INCREASE FOR DAY CARE AT MARIAN HOUSE, INC.

RESOLVED, that the Orleans County Department of Social Services be authorized to increase the rate paid to "Little People's Center" Marian House, Inc., Albion, N. Y., from \$6.00 per day per child to \$9.00 per day per child, retroactive to June 1, 1978, and be it

FURTHER RESOLVED, that the County Attorney be authorized to prepare an agreement between the County and Marian House, Inc., reflecting said increase in rate and the Chairman be authorized to sign said agreement.

Adopted. 372 ayes; 0 nays; 0 absent.

RESOLUTION NO. 349

By Supervisor Nayman, who moved the adoption.

Seconded by Supervisor Paduchak.

RESOLUTION AUTHORIZING PURCHASE OF SANDER BOX FOR COUNTY HIGHWAY DEPARTMENT

RESOLVED, that pursuant to the request of the County Highway Superintendent, by letter dated October 5, 1978, he be, and hereby is authorized to purchase one 10' Sander Box for use of the County Highway Department, said purchase to be paid out of Account E5130/200 in the 1978 budget at a cost of \$2,796.00.

Adopted. 351 ayes; 1 nay, Supervisor Bennett (21); 0 absent.

The Clerk read a letter from William H. Murray, Director of the Veterans Service Agency, dated October 4, 1978, which said, "I hereby resign as Director of the Orleans County Veterans Service Agency effective at the close of business December 31, 1978".

It was moved by Supervisor Paduchak and seconded by Supervisor Whipple that Mr. Murray's resignation be accepted reluctantly and with regret.

Unanimously adopted.

Supervisor Dudek reported that the Human Services Committee had met with Mr. Murray and that it is his feeling that it takes a great deal of time for someone to become acclimated to that job. It is his desire that someone be put in that position to work with him to become familiar with the job.

Supervisor Whipple told the Board that there is no school or training for that position but that the person taking the job must learn it from someone with experience or pick it up as they go along.

Supervisor Dudek also told the Board that at budget time last year Mr. Murray requested that someone be put on for most of this year but that funds were not available for that. Therefore, something should be done soon about appointing someone to that position.

The matter was referred to the Human Services Committee.

RESOLUTION AUTHORIZING EMPLOYMENT OF SUPERVISING CLINICAL PSYCHOLOGIST AND SETTING SALARY FOR THAT POSITION

RESOLVED, that the appointment of Charles Patrick Ewing, Ph.D., as Supervising Clinical Psychologist, effective October 16, 1978, is hereby approved by this Board at an annual salary of \$20,500.00.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Bennett and seconded by Supervisor Swiercznski that pursuant to the request of the Director of Community Services, he be, and hereby is authorized to employ an M.S.W. Social Worker with five years experience at the top of the salary range for that position in the salary plan.

Supervisor Bennett told the Board that he could not see hiring someone at a higher rate, that the county should be able to hire at the bottom of the scale. He said he felt it was not fair to the employees who have worked for the county for a long time that if the Board goes along with doing this they will have to do it for others. Supervisor Bane said he agreed with that theory.

It was moved by Supervisor Swiercznski and seconded by Supervisor Paduchak that the request be tabled until the next meeting.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bane that this Board of Supervisors accept the resignation of Dr. Joan Uhrman effective 5 p.m., September 6, 1978.

Carried.

It was moved by Supervisor Swiercznski and seconded by Supervisor Dudek that Russell Harding, Public Health Engineer, be authorized to attend a meeting in Buffalo, N. Y., October 18, 19, 20, 1978, at county expense.

Carried.

#465 - 1977 Dodge 4 DSD - 8 cylinder Monaco - to David R. Wells, Lyndonville, N. Y. for the sum of \$303.00.

and be it

FURTHER RESOLVED, that the bid for the 1965 Pick-up Truck listed in the bid sheet as Unit #15, be rejected and the County Highway Superintendent authorized to rebid said Unit #15 along with Unit #462 a 1977 Dodge Monaco for which no bid was received.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Dudek noted that since these cars are not bringing a very good price that perhaps they should be kept licensed and used until they are worn out.

Supervisor Whipple, Chairman of the Purchasing Committee, reported that upon the recommendation of the County Treasurer, the committee was recommending rejecting the bid for the computer and rebidding it after the first of the year.

FURTHER RESOLVED, that the County Treasurer is hereby authorized to transfer the sum of \$1,000.00 from the County General Contingent Fund Account A1990 to Account A1325.2 (Equipment) to provide funds in that account for payment of said equipment.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Dudek reported on the status of the revaluation project. The CETA appropriation for this project has been under expended by \$60,000. The use of CETA personnel has worked very well for this project in Orleans County. The project is progressing satisfactorily.

The County Attorney was granted the floor to discuss the reapportionment decision. Mr. Young said, "Basically it advises that the county is enjoined from going any further on Local Law No. 3 of 1978 and it orders that the county be governed as of January 1, 1980 by a seven member Board of Legislators four of which are elected as districts throughout the county - these are the four districts the judge talked about the day we went to court - and three being elected at large. The judge thought that five was not enough for the county but that seven would be workable since a seven member plan had been considered in an election of November 1977. I am directed by this decision to submit to the court a formal order imposing this decision. This is the normal procedure in the sense that one of the attorneys for the parties looks at the decision by the court and actually drafts a formal order wherein he states what actually occurred and that it is ordered that this plan be imposed, that the county is enjoined and that the - in this particular case, the Commissioners of Elections be ordered and directed to cause to be elected a seven member Board of Legislators in the General Election of 1979.

I know there has been a lot of talk in the press of where do we go from here. And to make it perfectly clear for myself as well as for the public where we do stand, I think it is necessary at this particular time, to authorize me, once the order is signed to pursue this on appeal or exactly where I do stand or do nothing, in which case it would become effective. Now some of you have apparently made statements to the press that you want to appeal and everything and just go wide open and acknowledge everybody. I think we should have a formal vote, to authorize one way or another, should bring it on by motion, but I think this is the only way to do it, so that I have direction to take as well as knowing where to go. It may be premature because the order isn't signed yet, but the order will probably be signed next week and then if the decision is that there would be an appeal, then the appeal - the notice of appeal has to be filed within 30 days - I think you have all thought about it, and you do know where you stand and I think it should be made known so that when I'm asked I know exactly. It isn't my decision - it is your decision. I have been working and discussing this situation with the law firm of Nixon, Hargrave, Devans & Doyle and you are aware of that and I think the resolution if you decide to appeal should authorize me to continue that relationship with that firm and pursue it on that basis. So that is basically where we stand and I am asking you to come out and say one way or another so that I will know exactly where I am going."

Supervisor Piedimonte, "Mr. Chairman, I have had several calls from my constituents and talked to some of them at the fire hall the other night and I will tell you that they would like to have this appealed and they told me so, I'd like to move that motion - appeal it. I don't know if I'm going to get the support from the rest of them here, I don't know how some of them feel.

I feel that a seven man legislature with four districts and seven men - I'm sorry four legislative districts with three men elected at large - you know where the three men elected at large are going to come out where the biggest amount of population is, which is Medina - the west end area. I feel it is not fair for the east end who wouldn't get the proper representation - just like claiming what it is now on the weighted voting system. It is the same difference when you get all done. That is the problem with New York State today - we have got New York City telling the rest of us what to do and it is going to be the same thing with this county. So for my part I don't think this plan is worth the paper it is written on."

Supervisor Bane, "I agree with what Jim has said, I feel we should appeal it."

Supervisor Shenk, "At our town board meeting Tuesday night, there weren't any carpetbaggers there, but the town people who were there recommended to the town board that they have a resolution, which was made and passed, to send to Judge Kasler a letter and in the letter there was one little item that says - it is just too bad that the judicial has to stick its finger in the legislative pie. That was one way but it was put a little stronger too, that is how the taxpayers in Clarendon feel. Even though this article says all the taxpayers in Orleans County - I say that is wrong. That is misinformation."

Supervisor Bennett, "I would just like to say that I feel that any plan of the legislative body which would create more bureaucracy and create more tiers of government and employ seven more people in the county government has got to be bad for the towns and the people who are paying taxes. But I will say that I am in favor - that if we have to go into a legislative district, I like the district where it puts Barre, Shelby and Clarendon together because excluding the village of Medina, we are a rural district and I think a person could represent that adequately. But I don't think we could ever take a step forward by going to a legislature."

Supervisor Swiercznski, "I am in favor of appeal and I have been against the legislative body which would create another tier of government in Orleans County because we would wind up again as Mr. Bennett has stated with another group of people that we would have to have on the payroll. I am sure that it is going to lead to a county manager type of thing because if these people are part time, they are just not going to have time with the smaller body to do the work - you have got to have a county manager type of government. My own people who call me feel that the small towns would be disenfranchised in this plan. It would be a travesty of justice to see this type of plan imposed on Orleans County. I don't think the judge has the right to do this - I think it is the legislative body that has got to restructure itself if it has to be. I think we should try to appeal this as part of our duty to our taxpayers."

Supervisor Dudek, "I am in favor of a legislative form of government. Not necessarily the one that was imposed by the judge. I think there were a number of plans that we considered and the Committee for a County Legislature had discussed that perhaps would have been more representative. Go back to the issue of representation here and the threats about county manager and things of that nature, they aren't really the issue here. The issue is representation and one fault as I see it with this system of representation is that we get down here, we have where one person has three times as much in the way of voting power as another. If there was one way of equalizing that I think it would be a far more fair system of government. I think that the plan that was submitted has the benefits as Rich pointed out of tying the county together from east to west more so than has been done in the past. There are some problems with it, but the problems are now - in terms of being able to communicate with different agencies, different districts, different newspapers for example - different ends of the county, different telephone districts, but

those problems still exist. I am not certain of whether I'm in favor of appeal or not. It is a difficult decision to make and the reason of why I am not certain is that there are a number of unanswered questions in the judges decision. I think some was brought out earlier of whether a supervisor for example could run for a legislative position, that is not very clearly answered but I am not sure it would be answered in the appeal. There is the issue of whether or not that new system would be completely fair. There are three people that are elected at large representing 37,000 people. The districts by themselves represent about 9,000 people, so if a person elected from the county represents 37,000 people gets one vote, and a person elected from the district that represents 9,000 people get one vote, it is really hard to tell whether or not that is a constitutional system. I'm not sure that that is a fair system of representation either. And because of those things I would not invoke that article 15 that tables it because of appropriations nor will I vote against a motion to appeal it."

Supervisor Kubatek, "Was this plan determined constitutional, the five member was, but was one determined constitutional?"

Mr. Young, "No - there hasn't been a hearing. Now when you say the five member what do you mean by that?"

Supervisor Kubatek, "Didn't we get a ruling back from the Attorney General's office that a five member as proposed by the judge was constitutional?"

Mr. Young, "The Attorney General wrote a letter to the court in which he asked the court to consider as his brief following the October 17th court hearing in which he indicated in the letter that he felt that that plan was all right. There has been no comment, to my knowledge from the Attorney General on the seven member plan. There has not been a hearing on the constitutionality of this plan. This decision does basically what Judge Kelly's decision did in October of 1971 where he imposed an interim plan of 1 vote for each 100 persons in your town, which you are operating under right now. As we know, the court has said that plan is not constitutional - we've been operating under it legally because the court ordered it. But the court has said that plan itself is unconstitutional. For the simple reason, the computer analysis we've done to minimize the variances in changing the votes in a number of towns."

Supervisor Dudek, "I have one question. On the basis for the appeal - I am not really clear, maybe that is something that would have to be determined yet. But it would be appeal on constitutionality, on the fact of whether he had the right to impose it or is it something else."

Mr. Young, "Basically it would follow the arguments in my brief to the court following the October 17th hearing and it covers all of those points. Now, obviously, at that particular time, you will recall we were asked to comment, in a somewhat unusual procedure, to comment on the five member plan that the judge threw out that particular day. And I believe that my comments in the brief on the five member plan and discussing exactly what you were - the representative at large being elected by 37,000 people having the same vote as the ones from the district elected by 9,000 people. I think those arguments will apply to the seven member plan as well. In addition, I can argue that the court should not at this particular time have imposed a plan that is a legislative function, should not have enjoined the public hearing of October 17th, so all of those questions will be part of the appeal, it falls number one on the ability of the court to do anything at this particular time, and number two if the court can do it, is the plan itself constitutional."

Supervisor Dudek, "In the event that the appeal is won, it could be one or both of those items, then we would be right back to the same position that

we were in back in August. We would go back and start all over again. Even if we win the appeal, it doesn't make the Board of Supervisors the constitutional form of government. We are right back where we were."

Mr. Young, "No. Usually on appeal, if you win the appeal, the court will say the order below, the order that I am going to prepare and give to the judge to sign in accordance with this decision. If the appeal is successful, the appellate would say the decision was wrong and it is remanded to the court.

But they may decide that the judge had the ability for a determination of its constitutionality, which is another possibility. As I said, the Attorney General at the trial level, or in this court has not commented or given an opinion as far as the constitutionality is concerned at this particular time, so there are a number of possibilities on what could happen in this case - to say that this is going to happen or that is going to happen at this particular time, there are too many factors involved."

Supervisor Whipple, "I am 100 per cent in favor of the appeal. As far as the town is concerned, I have got a couple of mavericks down there - but the majority of the people feel that this Board was elected to carry this thing out and I think that most of the people will back the Board in this appeal."

Supervisor Paduchak, "I have had an opportunity to meet with quite a few people - I have been drawing apples and been in line with a lot of farmers from Orleans County - I have not heard one word from any of them in support of this seven man legislature because they feel, as we have been discussing here today that this is not a good idea having the at-large people representing such a large area. I must vote my constituents viewpoint and they say don't take this thing lying down. You are elected by us to do a job, and we are informing you to cast the ballot to appeal. And no newspaper runs the Town of Kendall, so therefore, I would have to go and vote for the appeal."

Supervisor Kubatek, "I myself, haven't had the chance to really weigh the seven man plan as presented to us. It seems like it might have some merit if we are going to go to a county legislature. I still will come up with a statement on the matter on how I feel from the beginning to the present date. However, I am going to vote in favor of the appeal. I am voting mainly because I do not feel that this judge should have stepped in at this point. It is a decision that must be made by the legislative branch, and not by the judicial branch and that is why I am voting in favor of appeal. It's not that I am against that particular plan but the way this is being handled."

Supervisor Piedimonte, "I want to thank you for your comment, because if I was sitting in your position, representing the people in that area, I think I would be in favor of the legislature plan. Because I would have a lot more power over here. You said you are in favor of the appeal, right now, and I respect you for that, but if I sat in your position, I wouldn't be."

RESOLUTION OF THE ORLEANS COUNTY BOARD OF SUPERVISORS AUTHORIZING SETTLEMENT OF LAWSUIT BY KASMER F. WIESNIEWSKI JR.

WHEREAS, the County of Orleans in the 1974 In Rem Proceeding acquired title to property formerly owned by Kasmer F. Wiesniewski Jr. of Marshall Road, Lyndonville, New York; and

WHEREAS, the County subsequently sold said property to Richard G. Cichocki Sr. and Irene Cichocki of 12334 Ridge Road, Medina, New York; and

WHEREAS, the said Kasmer F. Wiesniewski Jr. thereafter did commence an action and lawsuit against the County of Orleans to set aside the deed to the County of Orleans and to the said Richard G. Cichocki Sr. and Irene Cichocki alleging that insofar as this property was concerned, the procedures outlined in the Real Property Tax Law requiring that the Notice of Foreclosure of the In Rem Action be mailed to the last known address of each owner of Real Property affected thereby, as the same appears upon the records in the Office of the Enforcing Officer, was ineffective and not in accordance with the statute; and

WHEREAS, after trial of the issue in the Supreme Court Orleans County, the question at issue was appealed by the said Kasmer F. Wiesniewski Jr. to the Appellate Division of the Fourth Department, Supreme Court which by decision filed November 4, 1977 determined that the notice of the 1974 In Rem Proceeding to the said Kasmer F. Wiesniewski Jr. was ineffective and the Court having remitted to the Supreme Court, Orleans County the issues for a determination of damages to the respective parties; and

WHEREAS, the matter having been placed on the trial calendar of the Supreme Court, Orleans County for the October 2 term thereof and the County Attorney having conducted a pre-trial conference with the Honorable John J. Callahan, Justice presiding, and it appearing that it is in the best interest of the residents and citizens of the County of Orleans to settle and compromise the action between the County of Orleans and the said Kasmer F. Wiesniewski Jr., Richard G. Cichocki Sr. and Irene Cichocki, due to the potential liability claimed by the said Richard G. Cichocki Sr. and Irene Cichocki against the County in the amount of Thirteen Thousand Three Hundred Forty Two Dollars and twenty-four cents (\$13,342.24),

NOW, BE IT RESOLVED, that the County Attorney is authorized to settle said action on the following terms and conditions:

1. Both the County of Orleans and the said Richard G. Cichocki Sr. and Irene Cichocki shall execute quit claim deeds to the subject matter property to the said Kasmer S. Wiesniewski Jr.

2. The said Kasmer F. Wiesniewski Jr. shall pay to the said Richard G. Cichocki Sr. and Irene Cichocki all County, Town and School taxes paid by them from the date of acquisition of their title from the County of Orleans to the present.

3. The County shall pay to the said Richard G. Cichocki Sr. and Irene Cichocki the sum of Two Thousand Five Hundred Dollars, (\$2,500.00), representing reimbursement to them of expenses incurred in relying upon the County's deed.

4. All parties shall execute general releases to the other parties.

5. The Chairman of the Board of Supervisors and the County Treasurer are authorized to execute the necessary documents to effectuate this settlement on behalf of the County of Orleans.

Supervisor Dudek moved for the appointment of John D. Pratt, Jr. of 718 Church St., Medina, N. Y., to fill the temporary position of Veterans Service Officer until December 30, 1978, whereafter he would become the full time Veterans Service Officer.

Supervisor Dudek said, "To give you some background on Mr. Pratt, he was honorably discharged from the following services: NYS Guard Co. L, 65th Inf., NYS National Guard Co. C 174th Inf., and the US Navy and US Air Force. He is a life member of the VFW Post 1483, and the American Legion Post 204 and also the US Destroyers' Association. He had a number of citations for war service. We also have letters from the Veterans of Foreign War, Lincoln Post No. 1483 endorsing John D. Pratt, Jr. for the office of Veterans Administrator for Orleans County. And it gives the reasons why - "John, as former police officer for the Village of Medina, has the administrative experience to help him qualify for this position, plus the fact that he is a Navy veteran from WW II and knows the problems of people he would be helping and advising. We hope that you the Board of Supervisors, will give John every consideration in filling this position." We have a similar letter from the American Legion Post 204 in Medina. I also, this afternoon, spoke to Mr. Gaylord, who is the County Commander of the American Legion, and in talking about the qualifications for the people that he would suggest that the person have that fills that job and reviewing the qualifications of Mr. Pratt he thinks that he'd be a good choice."

Supervisor Whipple, "It was my understanding that a veterans organization, not a post, but a county-wide organization, would have to recommend on this, and the largest one in the county is the American Legion. Now, Stan said he did talk with Mr. Gaylord, is this his opinion or is it his organization's opinion?"

Supervisor Dudek, "He was most concerned about the ability to be accredited. And he says, that in view of his experience, and the fact that there is a recommendation from a Legion Post, that there shouldn't be a problem of accreditation. It is the same thing that Mr. Murray told us when he was here, that one is required to be accredited so that that person is able to have access to more information from the Federal Government."

Supervisor Bennett, "I don't question this man's qualifications because I don't know him, but it doesn't seem as though we are very consistent in the way we hire around here. We advertised for people in regards to the EDA post. I have had people come to me and say they were interested in the job. I assumed we would put an ad in the paper and were going to ask for applications for the job."

Supervisor Whipple asked if the appointment had to be made tonight. Supervisor Dudek replied that Mr. Murray will not be here for part of the rest of this year because of vacation, etc., and it is important to get someone in that office.

Supervisor Whipple, "Well, the point is I did agree with you on this thing, on the spur-of-the-moment. I've had second thoughts on it. I feel that maybe it should be passed around a little more. I realize the position you are in, being a Democrat, I wouldn't have a chance at it, but I was going to ask for the job. And the reason I am not is that I am a Democrat and I wouldn't get it."

Supervisor Swiercznski, "I know John Pratt, he does a good job in Medina, I know that he was involved in the services. His creditability, regardless of the political issue - we are grown up enough to know that this happens and you aren't going to change anything, so John Pratt has the qualifications."

Supervisor Dudek reported that the Public Safety Committee would be meeting with representatives of Genesee County next week to discuss the contract for boarding prisoners.

Chairman Kubatek asked the committee on the ambulance service to give some thought to perhaps the County purchasing a couple of ambulances and staffing them for transport purposes. The eastern and western parts of the county are now served with volunteer ambulances for emergency purposes - perhaps the center section of the county could get together and form a volunteer emergency service.

Chairman Kubatek also requested that the Public Safety Committee look over the report on the Civil Defense because there are several things which must be done to correct deficiencies in that department.

REGULAR MEETING  
Thursday, November 2, 1978

The meeting was called to order at 10:10 a.m., by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were present, except Supervisors' Whipple and Piedimonte.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Robert Tirsch who introduced Mr. William Bradley, Deputy Director of the NYS Division for Youth, Mr. Harvey Robinson, NYS Division for Youth, Mr. Richard Laskowski, NYS Division for Youth, and Mr. Bruce Smith, Chairman of the County Youth Board.

Mr. Bradley spoke briefly to the Board, complimenting Robert Tirsch for his hard work and efforts in the preparation of the Comprehensive Plan of Youth Services. He said, "Today I am present along with Mr. Robinson and Mr. Laskowski to give you our first hand recognition of the County's positive action in responding to youth problems and most importantly in developing a good environment for your youth to grow up in legitimate, self-fulfilling ways."

Mr. Laskowski thanked the officials present and said he looked forward to working with them in the future. He said he had been "knocking on your doors" since April of 1976 when this project first was discussed.

Supervisor Paduchak, "The roots of the youth program were instilled in some of us public officials by the fact that we did have youth programs in some of our own communities and that this was something that would in effect give us more funding in our own communities. So I think if you appeared before a group of legislators who were not associated on the basis of local participation in the youth program that you would see a different outcome of the program."

Mr. Laskowski said that in many county's we have a separate county legislature with different personnel and it is more difficult to put across this program.

Mr. Smith thanked the Board for their cooperation and said that the paper work connected with this project was made easier by having this plan put into effect. Supervisor Whipple arrived at this point.

Chairman Kubatek introduced Mr. Lawrence Wittul the new County Economic Development Coordinator.

Mr. Wittul said, "First, I would like to thank the Board of Supervisors for selecting me and allowing me to be Economic Development Coordinator for Orleans County. Some time in the future I would like to get together with the supervisors to discuss some of the problems and issues as to what you perceive to be the problems with the economic climate in the county. I will be putting together a list of goals and objectives which I would like to accomplish in the up-coming years as Economic Development Coordinator. I would like to get your comments on it. Being Economic Development Coordinator I can provide the coordination and direction but it is the responsibility of the Board of Supervisors to help me in establishing a sound program for economic development. Economic development is the responsibility of the

whole county and is not something I can do alone. It takes everyone, the Board, local Chamber of Commerce, departments and agencies. It is a task that everyone has to work at and I am more than willing to work with everyone to achieve this."

Privilege of the floor was granted to Robert E. Golden, Probation Director. Mr. Golden requested that the Board create a Probation Aide position to be used as an alcoholism counselor. For the past year the Probation Department has run an alcoholism program under a CETA project. Mr. Golden told the Board that recent figures indicate that most crimes involves 50% alcohol or alcoholism related problems in conjunction with criminal behavior. Mr. Golden explained that the approach used by Probation is different than other counseling services in that the people who come to Probation are coerced into coming. Probation gets to talk to the people who have the problem while many other agencies get to talk only to the families. Mr. Golden told the Board that over the past year his department had dealt with over 100 cases while the Mental Health program expects to handle only about 40. Mr. Golden recommended that the position be funded from December 1st when the CETA project ends through December 31, 1979.

The Board discussed the various proposed and already on-going alcoholism programs in the County. It was decided to table the request for this position until the other programs can be evaluated.

Mr. Golden informed the Board that possible funding is available for a recreational, educational, cultural type program for youth. The Probation Director, Jeff Astles and Rob Tirsch, prepared an application for funding which would provide for a center, perhaps at the Armory in Medina, sufficient funds for transportation to the center and funds for operation of the center. This would be a one year 100% grant. The request is for \$86,000 to operate this program. The Board expressed concern that if the funding is not renewed after one year where would the funds come from to continue the program. No action was taken on the proposal.

The Clerk presented the following communications:

Letter from Manufacturers Hanover Trust Company, dated October 24, 1978, advising the county that said bank has a first security interest in all accounts of John R. Fox & Son Construction Co., Inc.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bane that the above matter be referred to the County Attorney.

Adopted. 326 ayes; 0 nays; 1 absent, Supervisor Piedimonte (46).

It was moved by Supervisor Paduchak and seconded by Supervisor Bane that the Commissioner of Social Services and any member of the Board of Supervisors be authorized to attend the public hearing on Protective Services for Adults in Buffalo, N. Y., on December 1, 1978, at county expense.

Carried.

Letter from Dept. of State, dated October 23, 1978, re: 701 - Land Use and Housing Elements. The letter stated that the review of Orleans County's Land Use and Housing Element Summary Statement and supporting documentation showed that the minimum requirements applicable to such elements have been met.

Letter from the Mayor of the Village of Albion to Sheriff White, dated October 18, 1978, requesting that the Sheriff's Department consider taking charge of the dog control in the Village of Albion. Referred to the Public Safety Committee.

Letter from William J. McCarthy, Niagara Mohawk Corporation, dated October 25, 1978, informing the Board that at their request he would be happy to meet with the Board.

Presented the transcript of testimony of August 17 on the Reapportionment Hearing, copy of the County Attorney's brief, final order and notice of appeal for those who wish to review the same.

It was moved by Supervisor Swiercznski and seconded by Supervisor Shenck that Charles F. Biggs, Director of Community Services, be authorized to attend the NYS Directors of Community Services Conference, Syracuse, N. Y., November 14-16, 1978, at county expense.

Carried.

#### RESOLUTION AUTHORIZING EMPLOYMENT OF MSW AT MENTAL HEALTH CLINIC ON PART-TIME BASIS

RESOLVED, pursuant to the request of the Director of Community Services, by letter dated October 24, 1978, he is hereby authorized to employ Maureen O'Brien, MSW, on a temporary basis at \$15.00 per hour, prior to the time she begins full time employment as the Clinical Social Worker at the Orleans County Mental Health Clinic on November 13, 1978.

Adopted. 326 ayes; 0 nays; absent, Supervisor Piedimonte (46).

Letter from Mr. Biggs, dated October 25, 1978, re: request for up-front monies for the Alcoholism Services Center. Mr. Biggs informed the Board that the opening date for the County's Alcoholism Program is November 1, 1978. The NYS Division of Alcoholism has indicated that the first advance on this project will not reach the county until sometime in December or January. Therefore, he requested the sum of \$7,452.00 for up-front monies.

Letter from the Division of Alcoholism and Abuse, dated October 30, 1978, informed the Board that the contract is awaiting review by Counsel and should be signed and transmitted to the Attorney General by November 3, 1978. Execution of the contract and payment of the first quarterly voucher usually takes eight to twelve weeks. The letter also said, "while the Division must await receipt of the fully executed contract from the Department of Audit and Control before committing to payment of approved expenditures, past experience strongly indicates that the County should be in receipt of two paid vouchers by January 1979."

It was moved by Supervisor Paduchak and seconded by Supervisor Bane that the Rules of Procedure be waived to allow the following appointments to the Office for the Aging Advisory Council.

Carried.

#### RESOLUTION NO. 385

#### RESOLUTION APPROVING APPOINTMENTS TO OFFICE FOR THE AGING ADVISORY COUNCIL

RESOLVED, that the following appointments to the Office for the Aging Advisory Council be approved by this Board:

Marion Goheen of United Fund of Western Orleans to replace Paul Altaner - term expires August, 1981.

Maude Dunham of Lyndonville as a Senior Citizen representative - term expires August, 1980.

Adopted. 326 ayes; 0 nays; absent, Supervisor Piedimonte (46).

Supervisor Whipple informed the Board that he had attended a public hearing held by the Office for the Aging and one request that came out of that meeting was that the sales tax on utilities be lifted. The question was also raised as to what had happened to the sales tax which was used to pay off the jail. Supervisor Whipple was informed that that percentage of sales tax is now used to lower county taxes.

The Board received a copy of the letter sent by Lucien Morin to members of the Legislature re: S. 9969 - An act ratifying and legalizing a repayment plan to the County of Monroe by participating counties of the Genesee/Finger Lakes Regional Planning Board.

Supervisors of the  
Board of Supervisors  
of Orleans County

Gentlemen:

Enclosed please find a copy of the Fact Finder's Report regarding the Deputy Sheriffs' Bargaining Unit.

Please note that there are four outstanding issues: salary, shift differential, overtime, and longevity.

I make the following recommendations on each of the above items:

1. Salary - I recommend that the Board of Supervisors adopt the 12-step salary plan as previously adopted by the C.S.E.A. together with the rules of implementation regarding that plan. This will enable all employees within the County to be on the same salary structure although the terms and conditions of implementation will differ depending upon Bargaining Unit negotiations.
2. Shift Differential - I recommend that the current system of paying 8¢ and 12¢ shift differential be maintained and that the Fact Finder's recommendation be rejected.
3. Overtime - I recommend that the current system of paying straight time for overtime be maintained and that the Fact Finder's recommendation be rejected.
4. Longevity - I recommend that the current system of longevity be replaced by the above mentioned 12-step salary plan. Therefore, the Fact Finder's recommendation of continuing the current program should be rejected.

Sincerely,

Stanley R. Kubatek  
Chairman, Board of Supervisors  
Orleans County

RESOLUTION NO. 387

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Bennett.

RESOLUTION RE: DEPUTY SHERIFF'S FACT FINDERS REPORT

The letter from Community Action which was tabled on September 7, 1978, requesting support for an application for a Capital Improvement Grant for CATS was brought off the table and read again. The letter requested a letter of support for this application.

It was moved by Supervisor Shenck and seconded by Supervisor Nayman that this Board support the application for a grant under the Urban Mass Transportation Administration if CAC has the funds to operate the additional bus.

After discussion the matter was tabled.

Supervisor Piedimonte arrived at 2:20 p.m.

Supervisor Dudek reported on the revaluation program. An application has been submitted to CETA for six assistant assessors to work in the towns because of the additional workload. Sometime in the future the county must consider staff adjustments needed to to the extra work because the CETA personnel will be finished in January.

Supervisor Bennett told the Board that at a meeting with the assessors it was suggested that the county hire its own tax mapper and get a computer to handle the tax program.

RESOLUTION AUTHORIZING COMMUNITY PARTICIPATION IN COMPREHENSIVE PLANNING AND MANAGEMENT ASSISTANCE PROGRAM

WHEREAS, the County of Orleans, in order to provide for a planning study contributing to an overall program for its future community development, desires to participate in the Federal-State Comprehensive Planning and Management Assistance Program as authorized by Section 701 of the Housing Act of 1954, as amended, and Article 26 of the New York State Executive Law, and

WHEREAS, the New York State Division of Community Affairs of the New York State Department of State, is the official State planning agency designated to administer the Housing Act of 1954, as amended, now therefore be it

RESOLVED, that the Board of Supervisors of the County of Orleans hereby requests the New York Division of Community Affairs to provide planning assistance with such financial assistance as may be provided by the United States Department of Housing and Urban Development, under authority of Section 701 of the Housing Act of 1954, as amended. Such planning assistance is more particularly described in the project application.

RESOLVED, that if the aforesaid application is approved and accepted by both the Director of the New York State Division of Community Affairs and the Department of Housing and Urban Development, the County of Orleans shall enter into a formal agreement with the New York State Division of Community Affairs to undertake the project described in the approved application and to pay to the State of New York its share of the estimated total cost of the said project, together with such other terms and conditions as may be deemed necessary and appropriate to carry out the said project.

RESOLVED, that the County of Orleans hereby agrees to have available, in the year the project is to be completed, the sum of Two Thousand and Five Hundred dollars (\$2,500.00) or so much thereof as may be necessary to contribute a sum not to exceed 16.67 per centum (16.67%) of the total cost of said project, to be paid to the State of New York, on condition that the above-mentioned application is approved by both the Department of Housing and Urban Development and the Director of the New York State Division of Community Affairs of the New York State Department of State.

RESOLVED, that the County of Orleans shall assume the costs of operating and maintaining its own planning board or commission including such services as clerical personnel, office space, equipment, materials, communication and travel, as such costs cannot be charged to the Comprehensive Planning and Management Assistance Program.

RESOLVED, that the Chairman of the Board of Supervisors of the County of Orleans be and hereby is authorized and empowered to execute in the name of the County of Orleans all necessary applications, contracts and agreements to implement and carry out the purposes specified in this resolution.

Adopted. 372 ayes; 0 nays; 0 absent.

The question of the alcoholism program was again discussed and Supervisor Piedimonte requested that it be tabled.

#### RESOLUTION OF ORLEANS COUNTY SELF-INSURANCE FUND

WHEREAS, it is unclear which CETA employees are covered by the Orleans County Self-Insurance Fund; and

WHEREAS, it is the intention of the County of Orleans to provide for any CETA employees who are employees and actively working for the County of Orleans or any other municipal governing body within the County of Orleans covered by the Orleans County Self-Insurance Fund, and to exclude those CETA employees who are employed by or working for any non-governmental body within the County of Orleans,

NOW, BE IT RESOLVED, that the Orleans County Self-Insurance Fund provide coverage to any CETA employees employed by the County of Orleans or any other municipal governing body within the County of Orleans covered by the Self-Insurance Fund; and

BE IT FURTHER RESOLVED, that the Orleans County Self-Insurance Fund reject and deny coverage to any CETA employee employed by any non-governmental body or agency within the County of Orleans; and

BE IT FURTHER RESOLVED, that Resolution No. 123 of the Year 1975 be and the same hereby is rescinded.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bane that the meeting be adjourned. Carried.

Adjourned at 2:45 p.m. until November 10th at 10:00 a.m.

ADJOURNED MEETING  
Friday, November 10, 1978

The meeting was called to order at 10:30 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present except Supervisor Paduchak. Supervisor Paduchak arrived late.

The Clerk read a notice of the Inter-County meeting to be held on November 16, 1978 in Rochester.

Letter from the Orleans County Farm Bureau, dated November 6, 1978, notifying the Board of a resolution adopted by the Farm Bureau on November 1, 1978. The resolution read as follows:

WHEREAS: We are in a period of run-away inflation and even President Carter has asked that we keep all appropriations within a 7% annual growth rate.

RESOLVED: That the Orleans County Farm Bureau recommends that the County Board of Supervisors limit the increase proposed by the County Extension Service to 7% of the 1978 County appropriation supporting this service.

Privilege of the floor was granted to Mrs. Mary B. Basinait, Budget Officer, to read the tentative budget for 1979.

Chairman Kubatek questioned whether or not there was enough money in the Economic Development Department's budget for travel. Supervisor Piedimonte replied that the committee felt if it appeared that more funds would be needed they could be appropriated at a later date.

Supervisor Piedimonte, "I'd like to recommend that the Sheriff's Account 3110-100 be decreased by \$3,000.00. The Sheriff had asked for an increase, based on the schedules we felt he deserved that increase and, therefore, we go back to what the Sheriff is making \$17,500 and the Undersheriff \$15,000. I'd like to move that we take the \$3,000 out of there."

Supervisor Bennett, "So that actually, the new Sheriff will be getting paid the same as the old?"

Supervisor Piedimonte, "That is right."

Supervisor Nayman, "How come we have the change there - based on the county averages that we went through."

Supervisor Piedimonte, "Because, if you remember we gave Sheriff White the \$2,000 based on the years of experience."

Supervisor Nayman, "It was based on the salaries of the sheriffs in the other counties."

Supervisor Shenck, "Did you cut the new Veterans Officers pay down?"

Supervisor Dudek, "Yes, because he is a new man."

Supervisor Nayman, "You are right."

Mrs. Basinait, "I think the pay scale for the sheriff was from \$15,000-\$22,000."

Supervisor Piedimonte, "The average comes out to a little more than \$17,000."

Supervisor Kubatek, "I think if you are going to start these people up that high you had better start the new Veterans Director and Economic Development Coordinator up higher."

Further discussion of the Sheriff's budget took place concerning the breath analyzer, possible elimination of the boat patrol and the snowmobile patrol, the telephone system, tires, training, etc.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bennett that \$3,000 be taken off the 3110-100 account of the Sheriff's Department budget for 1979, that the Sheriff's salary will be \$17,500 and the Undersheriff salary \$15,000.

Motion adopted. 300 ayes; 1 nay. Supervisor Kubatek (72); 0 absent.

Supervisor Swiercznski suggested that the Board consider purchasing a vehicle for use of the Director of Weights and Measures. After discussion of the various costs, no action was taken.

During discussion of the Public Health budget Mrs. Basinait informed the Board that after their budget was submitted they asked for \$2500 to be included to pay a part-time attorney. That request has been left out of the tentative budget. \$3,000 was added to the miscellaneous category to allow for anticipated computer expense. Supervisor Piedimonte suggested that this might be deleted.

Mrs. Basinait explained that the Mental Health Department's request for \$219,802 for the ARC programs had been cut to \$116,616.

The Board discussed the salary for the Commissioner of Social Services. The Commissioner had requested a salary of \$25,000 for 1979; the committee recommendation was \$24,500.

It was moved by Supervisor Whipple that the salary for the Commissioner of Social Services be set at \$25,000 for 1979. Seconded by Supervisor Swiercznski.

Supervisor Piedimonte said that the Finance Committee spent a great deal of time along with the Personnel Officer, considering salaries, and the committee felt that the salary recommended was a fair one.

Upon roll call vote the motion was adopted. 283 ayes; 89 nays, Supervisors' Bennett (21), Paduchak (22) and Piedimonte (46), voting nay; 0 absent.

Mrs. Basinait informed the Board that the Extension Service had requested an increase of 22% over last year but that the committee had recommended an increase of 18%. After discussion of various portions of the Extension Service budget for 1979, the following motion was adopted:

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that the County give the Extension Service 10% over last year's request, an increase of \$13,661.00, making the appropriation for 1979 for the Extension Service \$150,272.00.

Adopted. 194 ayes; 178 nays, Supervisors' Whipple (25), Shenck (20), Nayman (65), Paduchak (22) and Piedimonte (46); 0 absent.

It was moved by Supervisor Bennett and seconded by Supervisor Whipple that the amount of money given to Community Action from FRS funds remain the same as in 1978 - \$6,000.00.

Adopted. 352 ayes; 1 nay, Supervisor Shenck (20); 0 absent.

The Board discussed the proposed 50¢ per hour increase for Highway Department employees and the amount of money given to the towns for sanding and plowing county highways. Supervisor Dudek informed the Board that his town had done an analysis of costs and that it is costing the towns money.

RESOLUTION NO. 396

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION INCREASING AMOUNT PAID FOR SANDING AND PLOWING ON COUNTY ROADS

RESOLVED, that effective January 1, 1979, the amount paid by the County to the towns in Orleans County for sanding and plowing county roads shall be increased from \$300.00 to \$400.00 per mile for sanding and from \$300.00 to \$400.00 per mile for plowing.

RESOLUTION AUTHORIZING HOURLY WAGE FOR COUNTY HIGHWAY DEPARTMENT EMPLOYEES IN THE 1979 COUNTY BUDGET

RESOLVED, that Orleans County Highway Department employees be given a 30¢ per hour raise in the 1979 County budget.

Adopted. 326 ayes; 1 nay, Supervisor Piedimonte (46); 0 absent.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the increase in the highway budget be taken from Federal Revenue Contingent Account in the 1979 budget.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Swiercznski complimented the Budget Officer and Finance Committee on the work they have done on the proposed budget.

It was moved by Supervisor Piedimonte and seconded by Supervisor Nayman that the tentative budget, with the changes made at this meeting, be adopted as the tentative county budget for 1979.

ANNUAL SESSION  
First Day  
Monday, November 13, 1978

The annual meeting of the Board of Supervisors of the County of Orleans was held in the chambers of said Board in the Court House, Albion, New York, on Monday, November 13, 1978.

The Board was called to order by its Chairman, Stanley R. Kubatek, at 10:20 a.m. After the Pledge to the Flag, the Clerk called the roll and all the following listed members comprising the Board of Supervisors for the year ending December 31, 1978, were present.

Francis Nayman, Albion, New York-----Town of Albion  
Richard Bennett, Albion New York-----Town of Barre  
Manley Whipple, Kent, New York-----Town of Carlton  
Geary Shenck, Holley, New York-----Town of Clarendon  
S. Theodore Swiercznski, Albion, New York-Town of Gaines  
Michael Paduchak, Kendall, New York-----Town of Kendall  
James J. Piedimonte, Holley, New York-----Town of Murray  
Stanley R. Kubatek, Medina, New York-----Town of Ridgeway  
Stanley Dudek, Medina, New York-----Town of Shelby  
George W. Bane, Lyndonville, New York-----Town of Yates

Privilege of the floor was granted to Mr. Robert Kieffer and Mr. William McCarthy representing Niagara Mohawk Corporation. The gentlemen appeared before the Board at the request of the Board to answer questions concerning the proposed move of the garage facilities from Albion.

Mr. McCarthy explained that the services to the residents of the County of Orleans would remain the same - at the present time most of the employees live in Medina and when there is an emergency situation they must first come to Albion to pick up their trucks before going to the scene of the trouble. With the trucks stationed in Medina and Brockport the crews would be able to save time in answering calls in many cases. The company feels that this is an economy move which would not effect the service to the communities served.

The Clerk presented the following communications:

Resolutions adopted by NYSAC at their meeting in September. Ordered filed.

Report from Genesee Transportation Council - Project Report I & II for the Western Monroe County Transportation Study.

Recommendations of the Orleans County Planning Board and the Agriculture Advisory Board concerning the proposed Agriculture District in the Towns of Gaines, Murray and Albion. Both boards recommend the adoption of the district as proposed.

Supervisors' Nayman and Piedimonte expressed concern that the petitioners had not met with their town boards to discuss the district.

It was moved by Supervisor Swiercznski and seconded by Supervisor Piedimonte that before any action on the district is taken the petitioners should appear before the Albion and Murray Town Boards to explain the district to them.

Adopted. 372 ayes; 0 nays; 0 absent.

Copy of the order dismissing the action of Dr. Terry vs the County was presented to the Board.

RESOLUTION NO. 404

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION AUTHORIZING CHAIRMAN TO REQUEST DOG QUARANTINE

WHEREAS, the deer population in the County of Orleans may suffer severe depredation due to dogs pursuing and killing deer, now be it

RESOLVED, that the Chairman of the Orleans County Board of Supervisors, be, and hereby is, empowered, when he deems it necessary during the 1978-79 winter period, to request the Commissioner of Agriculture and Markets, with the concurrence of the Commissioner of Environmental Conservation, to issue an order that all dogs in the County of Orleans be securely confined. Such confinement is to take effect 24 hours after notice is given in the manner prescribed by the Commissioner of Agriculture and Markets.

Adopted. 372 ayes; 0 nays; 0 absent.

The Clerk presented the Proposed Amendments to Regional Planning Council Reorganization Agreement. These amendments would effect minority representation on the council.

It was moved by Supervisor Piedimonte and seconded by Supervisor Swiercznski that the above proposal be tabled until the Director of the Council can appear before the Board.

Adopted. 372 ayes; 0 nays; 0 absent.

The Board received a letter of resignation from the County Historian, Arden R. McAllister, effective December 31, 1978. Mr. McAllister said he was resigning because, "the position requires more time than I feel I can give to it and do justice to the work."

It was moved by Supervisor Paduchak and seconded by Supervisor Bane that Mr. McAllister's resignation be accepted with regret.

Adopted. 372 ayes; 0 nays; 0 absent.

It was moved by Supervisor Bennett and seconded by Supervisor Whipple that the County advertise for applicants for the position of County Historian. Resumes to be received up to 5:00 p.m. December 11, 1978.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Dudek, Chairman of the Public Safety Committee, reported that he and the Sheriff had met with the Genesee County Legislature concerning a contract for boarding Genesee County prisoners in the Orleans County Jail during 1979. The proposal of the Public Safety Committee provides (1) that the rate for housing male prisoners be raised from \$20.00 per day to \$25.00 per day; (2) that for each female prisoner housed the charge would be \$5.00 per day and in addition that the total cost for operation of the female correction section, salaries, fringe benefits, etc., be divided between the two counties on per prisoner day basis. No objections to the agreement were raised by the Board. It was suggested that the contract be for one year with option to renew.

The County Attorney reported that in response to the letter from this County, Wyoming County would agree to pay the same thing as Genesee County if they board prisoners in the Orleans County Jail.

Supervisor Dudek informed the Board that the revenues for this item would be increased.

It was moved by Supervisor Dudek and seconded by Supervisor Swiercznski that the revenue account be increased in the 1979 tentative budget from \$20,000 to \$40,000 for this item. After discussion the motion was withdrawn.

Supervisor Dudek also reported that the Dog Warden's salary has been \$9,981.66 for 1978, Mr. Hollenbeck is requesting a salary of \$11,000 for 1979. All agreed that he has been doing a fine job. Supervisor Piedimonte asked that the matter be referred to the Finance Committee for them to re-evaluate the position and salary. Matter referred to the Finance Committee.

Privilege of the floor was granted to Mr. Robert Bauer, Chairman of the Orleans County Special Arts Festival under the Council on the Arts. Mr. Bauer explained the purpose of the festival is to give handicapped people a chance to display their talents. There will be prizes and certificates of awards given to the winners. Mr. Bauer requested that he be allowed to use a portion of the county flag design on the certificates.

ANNUAL SESSION  
SECOND DAY  
Wednesday, November 29, 1978

The meeting was called to order at 7:15 p.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

Privilege of the floor was granted to James Hancock, Manpower Coordinator. Mr. Hancock informed the Board that he and Supervisor Dudek had traveled to Albany to meet with CETA representatives and as a result of that meeting were advised that CETA Title VI funds for Orleans County will be cut approximately 60% for Fiscal 1979. The allocation for Title II will be slightly higher than last year. This will mean a cut in Title VI slots and that some people will be laid off. A freeze on filling vacant slots has been instituted until it can be determined which positions are to be eliminated. All agencies having CETA slots have been notified to advise the Manpower Office by December 5th on which jobs can be eliminated. A meeting with all Department Heads is scheduled for December 4th at 10:00 a.m.

Supervisor Dudek also pointed out that in addition to the cut in funds the eligibility standards have been tightened which will make it more difficult to transfer slots from one program to another. And also for applicants to become eligible to participate in the program.

Adjourned to the Court Room for the public hearing on the 1979 tentative county budget.

Reconvened at 10:00 p.m., all Supervisors present.

ANNUAL SESSION  
SECOND DAY  
Wednesday, November 29, 1978

The meeting was called to order at 7:15 p.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

Privilege of the floor was granted to James Hancock, Manpower Coordinator. Mr. Hancock informed the Board that he and Supervisor Dudek had traveled to Albany to meet with CETA representatives and as a result of that meeting were advised that CETA Title VI funds for Orleans County will be cut approximately 60% for Fiscal 1979. The allocation for Title II will be slightly higher than last year. This will mean a cut in Title VI slots and that some people will be laid off. A freeze on filling vacant slots has been instituted until it can be determined which positions are to be eliminated. All agencies having CETA slots have been notified to advise the Manpower Office by December 5th on which jobs can be eliminated. A meeting with all Department Heads is scheduled for December 4th at 10:00 a.m.

Supervisor Dudek also pointed out that in addition to the cut in funds the eligibility standards have been tightened which will make it more difficult to transfer slots from one program to another. And also for applicants to become eligible to participate in the program.

Adjourned to the Court Room for the public hearing on the 1979 tentative county budget.

Reconvened at 10:00 p.m., all Supervisors present.

The Clerk read the following communications:

Invitation to attend the open house at Community Services on November 30, 1978 between 4:00 p.m. and 6:00 p.m.

Letter from the Director of the Drug Abuse Prevention Council, dated November 15, 1978, requesting that the monies included in the 1979 budget for Job Bank advertising under the sponsorship of the Division for Youth be deleted and that the monies appropriated for the remainder of 1978 also be rescinded. Referred to the Finance Committee to take appropriate action.

Supervisor Swiercznski said that the Director should be commended for trying to save the taxpayers money.

Letter from Joseph E. Sadler, Assistant Plant Manager, Thomas J. Lipton, Inc., dated November 16, 1978, re: proposed salary increases for certain county employees over the 7% guidelines.

Notice of public hearing on Proposed Water Conservation Legislation to be held in New York City on December 8, 1978. Supervisor Swiercznski said it would not be necessary for anyone to attend but that the information will be forthcoming.

It was moved by Supervisor Paduchak and seconded by Supervisor Dudek that the County Planner be authorized to attend the SEQR Implementation meeting in Rochester on December 5, 1978 at county expense.

Monday, December 4, 1978 at 1:30 p.m. the Board is to meet for a workshop on the proposed county budget.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the meeting be adjourned. Carried.

Adjourned at 10:25 p.m. until 9:00 a.m. on December 7, 1978.

ANNUAL SESSION  
Third Day  
Thursday, December 7, 1978

The meeting was called to order at 10:00 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

Privilege of the floor was granted to Mr. Stuart Mitchell, representing Rural New York Farmworkers Opportunities, Inc. Mr. Mitchell informed the Board that his organization is a state-wide not-for-profit corporation licensed by the State of New York under the laws of not-for-profit corporation and chartered to provide services to migrant, seasonal farm workers and rural poor throughout New York State. Rural Farmworkers operates in 26 county's in New York State.

Jake Paterson is Project Director for the Monroe and Orleans County's and including northern Genesee County. Carolyn Harvey is Regional Coordinator covering the Lake Ontario area from Oswego to the edge of Ontario County. She is responsible for the operation of three offices and some of the program activities in her region. There are three regions in the state broken down into geographical areas. They cover areas where there is a concentration of migrant or seasonal farm workers. Federal funding to the U.S. Dept. of Labor provides employment, training and supportive services to migrants and seasonal farm workers as a grant from CETA. Funds are received directly from the national office under contract with the US Dept. of Labor. The program was established in 1973 and for the most part has been operating with CETA funds since that time. A Board of Directors establishes policy and sets program direction. It is comprised of at least 51% farm workers or their representatives.

There is an office in Holley headed by Jake Paterson and staffed with 12 people. The annual budget for that office is \$100,000. They provide employment and training services to farm workers in that area. They are also involved in assisting people in obtaining emergency services when they need them - food, lodging, transportation, counseling, etc. They assist people in training programs, high school equivalency diplomas, etc., to make them job-ready.

The office also runs an alcoholism program in Orleans County with one staff person assigned full time to deal with the problems of alcoholism among farm workers. That person is Ethel Grimes. She is working with Mr. Biggs at Community Services and other services in the county to deal with this problem.

This organization is also working to develop year around housing for farm workers.

Supervisor Kubatek noted that there are several agencies in the county doing basically the same type of work. It would seem to be a duplication of services.

Mr. Mitchell replied that "Just in the numbers of people we are dealing with, and the number that we have been dealing with, show that we are not reaching everybody. I think that duplication is when you serve the same person with the same need twice, at the same time - that is the definition of duplication."

The Board discussed several aspects of the program, particularly the alcoholism outreach program. Mrs. Grimes stated that she has started an AA meeting at the Brick Wall on Wednesday evenings at 8:00 p.m.

Mr. Biggs spoke in support of the alcoholism program run by Rural Farmworkers. He said he felt that because of the cultural system it took special outreach persons to reach the migrant alcoholics. He said he felt there would be many cases his department would have to pick up from the Probation Dept. His department would work closely with Rural Farmworkers Opportunities, Inc.

Privilege of the floor was granted to William Larsen, P.E. Mr. Larsen presented a proposal for his company with the help of the Planning Department, Economic Development and Health Department personnel would do a Phase 1 study of the Comprehensive Water Planning needs for the County, at a cost not to exceed \$3,000.00. The plan would have three goals in mind - public health, economic stability, and encouragement of economic growth. The study would result in a document form that will have the statistical data that will set the stage for several alternate schemes and explain in a preliminary way why those schemes were picked. After much discussion, it was moved by Supervisor Bennett and seconded by Supervisor Piedimonte that Mr. Larsen be authorized to proceed with Phase 1 at a cost not to exceed \$3,000.00.

Tabled until after lunch.

The County Attorney informed the Board that the County can not form a joint sewer and water agency.

Privilege of the floor was granted to Glenn Cooke, Director of the Genesee/Finger Lakes Regional Planning Council. Mr. Cooke discussed the proposed changes to the Regional Planning Council Reorganization Plan which deals with minority representation. Mr. Cooke explained that the proposed changes were necessary to meet the requirements of the Economic Development Administration.

#### RESOLUTION NO. 419

By Supervisor Bennett, who moved the adoption.

Seconded by Supervisor Dudek.

#### RESOLUTION APPROVING AMENDMENTS TO REORGANIZATION AGREEMENT FOR THE GENESEE/FINGER LAKES REGIONAL PLANNING COUNCIL

WHEREAS, this Board of Supervisors has been requested by the Genesee/Finger Lakes Regional Planning Council to approve two proposed amendments to the Reorganization Agreement for the Genesee/Finger Lakes Regional Planning Council, which amendments deal with minority representation and appointment and are being proposed to bring the Council into compliance with requirements of the Economic Development Administration,

NOW, THEREFORE, BE IT RESOLVED, that the two proposed amendments to the Reorganization Agreement for the Genesee/Finger Lakes Regional Planning Council, namely, Section 2 (b) Minority Representation and Section 10. Committees. Executive Committee, as herewith presented, be approved by this Board of Supervisors, and be it

FURTHER RESOLVED, that approval of the two proposed amendments to the reorganization agreement are contingent upon approval of said amendments by the Member Counties of Genesee, Livingston, Monroe, Ontario, Seneca, Wayne, and Yates.

Adopted. 372 ayes; 0 nays; 0 absent.

Adjourned for lunch at 11:55 a.m., reconvened at 1:40 p.m.

The Board discussed the proposal from Mr. Larsen.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that the proposal be tabled until the next meeting of the Board.

Carried.

The Clerk presented the following communications & reports:

Project Report IV from DOT on the Rochester Outer Loop.

It was moved by Supervisor Paduchak and seconded by Supervisor Swiercznski that the County Budget for 1979 be amended to restore funds for the County Extension Service - making the appropriation for 1979 \$160,272.00.

Adopted. 297 ayes; 75 nays, Supervisors Bennett (21) and Dudek (54) voting nay; 0 absent.

It was moved by Supervisor Bennett that the County Budget for 1979 be amended to give ARC and all the other agencies which were cut the same amount of increase given to Extension Service. There was no second to the motion.

Supervisor Piedimonte moved the adoption of the County Budget for 1979, as amended at this meeting, seconded by Supervisor Nayman.

Supervisor Whipple said, "I would like to thank the committee for the work they have done but as the Auditing Committee has pointed out there is excessive duplication and spending, I believe the only way to control this spending is to not give them the money. This is not the first time I have offered this resolution to other boards and still have not received a second to my motion, but I do move that we further cut the county budget by 10%. And that the Board emphasize the fact that this cut is to control the spending for utilities, supplies, etc., I offer that motion."

The motion was not seconded.

It was moved by Supervisor Swiercznski and seconded by Supervisor Whipple that the County Budget for 1979 be amended to reduce salaries to 7% across the budget for those proposed in excess of such figure by the Finance Committee and that the money be put in the contingent fund.

Board recessed at 2:35 p.m., reconvened at 3:00 p.m.

Supervisor Dudek, "There would be no effect on the amount to be raised by taxes, it would remain the same. The amount involved is less than \$5,000 and it is being given for merit raises and because of the increased workloads. If you wish to do some serious budget cutting fine, but not to cut it just for show."

After further discussion, the amendment was voted upon and lost. 70 ayes; 302 nays, Supervisors Nayman, Shenck, Paduchak, Piedimonte, Kubatek, Dudek and Bane, voting nay; 0 absent.

The resolution adopting the budget was approved as follows:

RESOLUTION NO. 428

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION ADOPTING THE COUNTY BUDGET FOR 1979

RESOLVED, that the tentative County Budget for 1979, as amended, and presented by the Finance and Budget Committee of this Board of Supervisors, be adopted as the County Budget for the year 1979, effective January 1, 1979.

Adopted. 347 ayes; 1 nay, Supervisor Whipple (25); 0 absent.

RESOLUTION NO. 429

By Supervisor Bennett, who moved the adoption.

Seconded by Supervisor Whipple.

RESOLUTION WITHHOLDING PAYMENT TO HEALTH SYSTEMS AGENCY, INC.

RESOLVED, that the Clerk of the Board of Supervisors and Orleans County Treasurer be instructed to withhold any payment to Western New York Health Systems Agency, Inc., until authorized by this Board of Supervisors to make any payments due.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Dudek, Chairman of the Public Safety Committee, reported that several meetings had been held with Midland Ambulance and Frontier Ambulance, the Regional Health Council and the Board concerning emergency/transport service for the county. A week ago Midland presented an alternate proposal which called for a \$60,000 subsidy or one for a \$52,000 subsidy with a \$10 increase in rates. In view of the fact that Frontier's proposal appears responsible but they do not have a license to operate, it is suggested that the Board take no action at this time. The money is just not available for such a large increase in subsidy.

It was pointed out that the service given by Midland has been very satisfactory.

Supervisor Paduchak reported that any local laws, etc., in connection with SEQR are obsolete and suggested that each Supervisor contact Avon to get a packet of information on the new law.

The County Attorney informed the Board that a Notice of Motion had been filed by Allen B. Harradine, on behalf of himself, individually, and as Director of the Orleans County Taxpayers' Association, Inc., and all other Citizens, Taxpayers and Voters in Orleans County, New York vs the Board of Supervisors of Orleans County asking that the County of Orleans pay the sum of \$21,325.00 for legal fees in connection with the reapportionment litigation.

RESOLUTION NO. 430

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Swiercznski.

RESOLUTION REJECTING CLAIM OF ALLEN B. HARRADINE AND TAXPAYERS ASSOCIATION

RESOLVED, that this Board of Supervisors does hereby reject the "Notice of Motion" filed against the County of Orleans by Allen B. Harradine and the Orleans County Taxpayers Association asking for the sum of \$21,325.00 in legal fees to be paid by the County on behalf of Allen B. Harradine, etc., in connection with their alleged legal fees in the reapportionment litigation.

Adopted. 372 ayes; 0 nays; 0 absent.

## RESOLUTION SETTING TERMS OF AUCTION OF COUNTY PROPERTY

RESOLVED, that the following "Terms of Auction" for county owned tax property for the auction to be held January 20, 1979, be approved by this Board as follows:

### TERMS OF AUCTION

#### ORLEANS COUNTY TAX PROPERTY AUCTION JANUARY 20, 1978

This is the sale at public auction of various parcels of real property which have been conveyed to the County of Orleans by final judgment under so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by various resolutions of the Orleans County Board of Supervisors and is in accordance with the appropriate provisions of the Real Property Tax Law.

This sale and the sale of each and every parcel herein is upon the following terms:

1. All sales are made subject to confirmation and approval thereof by the Orleans County Board of Supervisors, which confirmation and approval will be requested at a special meeting of the said Board to be held this day at 11:30 a.m. The resolution of confirmation will be immediately available at the close of said special meeting.

2. At least twenty-five (25%) percent of the final bid for each parcel shall be paid to the Clerk of these proceedings prior to the start of the special Board meeting above stated. Payment shall be in cash or by a good check upon a New York State financial institution.

3. The balance of the successful and accepted bid for each parcel shall be paid in cash or by certified check to the Orleans County Treasurer, Court House, Albion, New York, no later than Friday, February 16, 1979, between 9:00 A.M. and 5:00 P.M.

4. The County of Orleans is not required to send any notice to the purchaser or purchasers, and if the purchaser or purchasers neglect to pay the balance due and call at the Orleans County Treasurer's Office at the above stated time the successful bid shall at 5:00 P.M. on Friday, February 16, 1979 be deemed conclusively to be abandoned, the deposit retained by the County as liquidated damages and the parcel in question disposed of in such manner as the County determines without notice to or benefit to the defaulting purchaser.

5. Upon payment of the balance, as above provided, the County of Orleans will deliver a standard form quit claim tax deed which shall describe the parcel in the same manner as in the In Rem Foreclosure deed to the County and which shall quit claim all of the right, title and interest of the County of Orleans in and to the said parcel. The said deed shall name as grantee the successful confirmed bidder and shall state the amount of the successful confirmed bid. The County of Orleans will execute no warranties concerning the parcel or the title thereto and will not deliver or be responsible for abstracts, title searches, surveys, maps or other documents concerning the parcel whatsoever.

6. The successful and confirmed purchaser shall take the parcel, upon delivery of the above stated deed, in such condition as the same exists at that date and subject to all alleged possessory or other claims and all covenants, easements and restrictions of record.

7. The various parcels have been available for view by any and all interested parties prior to this sale date. No adjournment in bidding shall be allowed for further viewing of any parcel.

8. The various parcels shall be offered from the list of parcels, previously available, in such order and manner as the auctioneer shall deem proper.

Adopted. 372 ayes; 0 nays; 0 absent.

**BUDGET**

For the year 1979

Mary B. Basinait  
Budget Officer

DECEMBER 7, 1978

BUDGET MESSAGE 1979

TO THE HONORABLE BOARD OF SUPERVISORS  
AND TAXPAYERS OF ORLEANS COUNTY

Your Budget Officer and Finance Committee in conformance with Article 7 of the County Law, herewith submit our recommendations for a budget that we feel is necessary to carry out County functions for the year beginning January 1, 1979:

TOTAL APPROPRIATION		\$16,067,099
Estimated Revenues	\$13,002,558	
General Fund Surplus	500,000	
Less: Allowance for uncollectable Taxes & Deferred Tax Revenue	\$ 55,000	
AMOUNT TO BE RAISED BY REAL PROPERTY TAX	\$ 2,619,541	
TOTAL APPROPRIATIONS		\$16,067,099

The 1979 budget, as submitted, calls for a tax levy of \$2,619,541, which is \$74,768 less than the 1978 levy as adopted, and is within the Constitutional Tax Limitation of the County.

The total appropriation amount of the 1979 budget is \$16,067,099, which includes \$1,076,663 in Inter Fund Items (from one fund to another). The increase over the 1978 budget is \$943,273.

The increase in appropriations is due in a large part to Union negotiated salary increases (\$122,084), capital fund account (\$300,000) and additional personnel, most of which is mandated by the State. The capital fund account is to be used toward completion of the new office building. It is probable that Bond Anticipation notes will be sold to finance the remainder of the cost.

The cost of Social Services will increase by \$333,241 over the 1978 budget. This is partially offset by State and Federal revenues for this department.

This budget reflects an appropriation (as well as a revenue) amount of \$1,768,111 for the CETA program.

Total revenues are increased by \$142,973, which has helped to stabilize the tax rate. We were also able to apply \$500,000 in surplus funds to the reduction of the amount to be raised by taxes. This amount was accumulated from the following sources: \$120,000 interest received (in excess of budgeted amount), \$40,637 Home Relief bonus, \$30,000 Moynihan Relief (Social Services) and \$53,788 Pre-Ceiling Services, \$22,000 Repayments from Towns and Villages on snow emergency money, \$20,900 Railroad payment, (delinquent taxes), \$200,000, Sales Tax Receipts in excess of budgeted amount, \$12,675 Miscellaneous Revenues.

We have prepared the 1979 Orleans County Budget attempting to hold the line on County taxes and with the idea of stabilizing government as much as possible, while providing at the same time, the necessary services required by the citizens of our County.

Respectfully submitted,

Mary B. Basinait  
Budget Director

RESOLUTION NO. 441

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Shenck.

RESOLUTION REQUESTING AT-GRADE CROSSING IN TOWN OF MURRAY

WHEREAS, in the interest of public safety it is the opinion of this Board of Supervisors that the railroad crossing bridge located on the Bennetts Corners Road in the Town of Murray, Village of Holley, in the County of Orleans, should be demolished and replaced with an at-grade crossing, now therefore be it

RESOLVED, that this Board of Supervisors goes on record as encouraging the State and Federal representatives and legislators to take whatever measures are necessary to effectuate the replacement of the Bennetts Corners bridge with an at-grade crossing, and be it

FURTHER RESOLVED, that the Clerk send certified copies of this resolution to Congressman John LaFalce; Senator-elect John Daly; Assemblyman R. Stephen Hawley; Assemblyman Robert D'Andrea; Con Rail; Clerk, Town of Murray; Commissioner of the Department of Transportation.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Piedimonte reported that he had some complaints about the amount of smoking being done in some county offices. Chairman asked the chairmen of each committee to ask the personnel under them to give some consideration to this problem.

RESOLUTION NO. 442

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Piedimonte.

RESOLUTION REQUESTING EVALUATION OF RURAL NEW YORK FARMWORKERS OPPORTUNITIES, INC., BY FEDERAL AND STATE AGENCIES

BE IT RESOLVED, that this Board of Supervisors request that a proper evaluation of Rural New York Farmworkers Opportunities, Inc., be undertaken by the proper Federal and State agencies in order that there be no duplication of existing service availability in Orleans County, consisting of approximately ninety-four different agencies; including Orleans County Community Action, Inc., Legal Aid, Orleans County Social Services, etc., and be it

FURTHER RESOLVED, that certified copies of this resolution be forwarded to Congressman John LaFalce; State Senator John Daly; Assemblyman R. Stephen Hawley; Senator Daniel Moynihan; Senator Jacob Javits; HEW; and the U.S. Department of Labor.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Whipple suggested that the Board remember Pearl Harbor which occurred 37 years ago today. The Board stood for a moment of silence in remembrance of those who died at Pearl Harbor.

It was moved by Supervisor Paduchak and seconded by Supervisor Swiercznski that the meeting be adjourned. Carried.

Adjourned at 4:10 p.m. until December 15, 1978 at 10:00 a.m.

ANNUAL SESSION  
Fourth Day  
Friday, December 15, 1978

The meeting was called to order at 10:00 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were present except Supervisor Swiercznski who was excused.

It was moved by Supervisor Bane and seconded by Supervisor Piedimonte that Robert Tirsch, Youth Bureau Director, be authorized to attend, at county expense, the NYS Association of Youth Bureaus Conference on Youth at Cornell University, January 28 - February 1, 1979.

Carried.

The Clerk read a letter from the Director of Community Services requesting approval for Rev. Jarvis Schwarz, Senior Alcoholism Counselor, to attend a course entitled Alcoholism: Interventive Skills to be held Thursday evenings beginning December 7, 1978 and concluding March 1, 1979, at a fee of \$100.00. After discussion the matter was tabled.

Clerk read notice of Inter-County Association meeting to be held in Chatauqua County.

It was moved by Supervisor Bane and seconded by Supervisor Bennett that at the request of the County Attorney the Board go into executive session to discuss labor negotiations.

Unanimously adopted.

Adjourned at 10:30 a.m. for executive session; reconvened at 11:25 a.m.

County Attorney Young requested a motion to recess the regular meeting in order for the Board to hold the scheduled Legislative Hearing on salary negotiations with Sheriff's Department employees.

It was moved by Supervisor Piedimonte and seconded by Supervisor Dudek that the regular meeting be recessed in order to hold the scheduled Legislative Hearing.

Unanimously adopted.

The regular meeting was recessed. At the Legislative Hearing Mr. Richard Wyssling spoke for the County, he said, "We are before you today with respect to making a presentation for both management and union for a legislative hearing for the year 1978 according to the negotiating for the past 10 or 11 months now in an attempt to negotiate a settlement. Both parties were looking forward for settlement covering both years of 78 and 79. We have a tentative agreement now which we were hoping that both sides would ratify. The union has rejected that and I would suggest to you that you recess today's meeting and Mr. Pinto's joining me in requesting that recess today so that we can see the problems that the union had in accepting that last tentative settlement and some of the other direction and authority that they have received in their membership because of their rejection. Hence both sides would recommend it. We would like to have some time to sit down and continue negotiations and hopefully could then submit to you another tentative recommendation that both the union and yourselves have the right to ratify or reject. I think that because of the long healthy negotiations up to this point, that some additional time at this eleventh hour is warranted. And so I request it."

Mr. Nicholas Pinto - "I don't want to belabor the point. I am here for the same purpose and I just want to reiterate what Mr. Wyssling has stated. We have spent an awful lot of time negotiating the contract. Many, many months of hard labor have gone into this thing and for all practical purposes we have put together a contract that all the parties can live with in the areas that were open that we are talking about now - strictly salaries. We got down to that and we feel the same way. The committee has instructed me that they feel the same way and they would like you to adjourn this meeting so that if there is any possibility that we could consummate this agreement voluntarily it would be to the best interests of all concerned. So I hereby on the record indicate what Mr. Wyssling has requested and I make the same request on behalf of the union."

It was moved by Supervisor Bennett and seconded by Supervisor Dudek that the Legislative Hearing be recessed, to be convened at the request of Mr. Pinto or Mr. Wyssling, at an indefinite date in the future.

Unanimously adopted.

The Legislative Hearing was recessed at 11:30 a.m.

Regular meeting reconvened at 11:45 a.m.

The Clerk presented the signed contract for the Alcoholism Program.

It was moved by Supervisor Bennett and seconded by Supervisor Shenck that Rev. Jarvis Schwarz, Senior Alcoholism Counselor, be authorized to attend the Rochester Institute of Technology's course entitled Alcoholism: Interventive Skills, to be held Thursday evenings beginning December 7, 1978 and concluding March 1, 1979, at a cost of \$100.00.

Carried.

The Clerk read a letter from the County Treasurer dated, December 14, 1978, regarding information for a smooth and efficient transition to a computer system. Mrs. Basinait requested in order to accomplish this that a position of Account-Clerk-Typist be created in her office. The request was tabled under Rule 12.

Letter from Howard Farms, Inc., dated December 15, 1978, regarding the Gaines Ag District. The letter stated in part, "Our property, the former Almquist, Kidney and Smith farms, located on the South side of Ridge Rd., is in the proposed Agricultural District being discussed. We would like to request that the 300' frontage along Route 104 of our property be left out of this Agricultural District in order to be able to have a water district there in the future."

"We feel this is very important to assure the farmers an adequate water supply for irrigating and spraying their crops at crucial growing periods during the year. Also for use in watering livestock."

Letter from Gaines Town Board, dated December 18, 1978, recommending a corridor of 300' be allowed on all roads in the proposed water district in the Town of Gaines. That the plots of Kast, Kirby and Metcalf be allowed in the Route 98 and Route 379 area, corridor of 300' be allowed on Gaines Basin Road for water district.

Copy of letter from Sheriff-Elect to Personnel Officer, dated December 15, 1978, which states in part, "Per your request of 14 December 1978 regarding Rule 17 of the Civil Service Law. I am in agreement with the transfer of Susan L. Monell from the Orleans County Office of Natural Disaster and Civil Defense to the Orleans County Sheriff's Dept. to become effective 1 January 1979."

Letter from the Village of Medina, dated December 14, 1978, informing the Board that they must refuse requests for ambulance service originating outside their service area which encompasses the Towns of Yates, Ridgeway, and Shelby and the Village of Medina. The letter also stated that they will respond to mutual aid calls but cannot provide ambulance service to any other area in the county in the event that the present or future supplier of ambulance service for the county lacks the equipment and/or personnel to handle all calls coming to the dispatch office.

Letter from HSA-Orleans County SAC, dated December 13, 1978, with copy of letter to HSA regarding In-Home Services in Orleans County.

ORLEANS COUNTY OFFICE FOR THE AGING  
ANNUAL REPORT  
January 1, 1978 - December 31, 1978

The Office made major inroads in this period to strengthen its provision of services and to develop stronger coordination of services among provider agencies. The major achievements were obtaining a full time CETA outreach worker and completing some basic steps towards strong coordination and consolidation of aging programs and services.

I. Staffing

Staff includes three full time persons (Director, Aging Services Aide, Typist, and one part time person (Outreach Worker). In February the Office was able to add one full time Title VI CETA person as an Outreach Worker. This enabled the Office to develop a solid Outreach program for the first time since being opened. Prior to this time the Office had only one part time Worker and had never been able to keep up with the requests for service.

The Outreach component is an important part of the Office because it allows us to establish and maintain contact with the most elderly, low income, and frail persons. These persons do not normally know of the Office or other aging services that they need to support themselves successfully. The only way to reach them is to have enough staff time. Reaching these people and connecting them to necessary supportive services often allows them to remain in their homes, rather than go to a Nursing Home.

A key goal of 1979 must be to develop the funding to put the CETA position on the payroll.

Staff training was provided, especially to the Outreach Staff as both positions were filled by new persons in February. Training included a three day Outreach Coordination session (conducted by New York Statewide Senior Action Council), a seven part series on Overview of Aging and Case Management Techniques, and a one day Leadership Skills session (conducted by the University of Buffalo and Brockport State University College). Also provided were a two day workshop on Crisis Intervention Skills (conducted by the University of Buffalo), Food Stamp training (conducted by Dept. of Social Services), and Circuit Breaker Tax Credit Training (conducted by the New York State Dept. of Taxation and Finance).

II. Planning and Coordination

Under federal regulations Offices for the Aging are responsible for serving as the coordinating agent for all aging services in a County. This means that each Office for the Aging must develop a strong ability to coordinate, as funding for different aspects of aging services is located in separate agencies. Trust and cooperation must be established with other agencies in order to carry out this goal.

In Orleans County this goal has largely been successful. The Office works very closely with the Salvation Army Nutrition Program to avoid duplication of services and to coordinate each agency's abilities. The Office provides monthly information programs to participants at all nutrition sites, space in the monthly newsletter for Nutrition Project news, transportation on CATS for participants, and staff training. The two Agencies also jointly sponsored a Spring Celebration in May which was attended by over 300 Senior Citizens.

The Office also maintains a close link with the Public Health Nursing Service and the Salvation Army Homemaker/Home Health Aide program. All three agencies are sometimes active with a client when there are major needs. Sometimes Nursing and Homemaker services are withdrawn from a client because health insurance coverage stops. If the client still needs support, the Office picks up weekly visits to assure safety and maintain a link between the client & the service system. If client needs worsen, the Office is quickly aware of them and can reestablish professional services. The professional nursing staff is also very willing to consult with outreach staff informally to provide advice. They also provide assistance when a medical emergency occurs with a client.

Other coordination efforts included working closely with both the Albion and Medina Recreation for the Elderly programs to make some major changes that the programs identified as desirable. The Albion program which is under the sponsorship of the Village and cosponsorship of the central towns, has an extremely small budget and program. The Office assisted them in deciding and then arranging for consolidation with the Salvation Army Nutrition Project. The program no longer has rental costs and is able to spend more money on staff time and actual programming. The participants no longer need to travel to separate sites for a meal and for recreation. The actual change will be effective January 1, 1979 but all planning was completed during this year.

The Office assisted the Medina Senior Citizen Center in developing a funding mechanism that could support their entire budget. In 1978, a large deficit was made up from savings; therefore it was clear that some solutions needed to be found. The Office developed the concept of combining the Center funds with local municipal funds which would allow the Center funds to be matched from the State. This concept was adopted by the Senior Center and further efforts will be made in 1979 to implement the concept.

The major concern in 1978 was to begin the long process of consolidation of as many aging programs as possible. Many different aging agencies agree that it is difficult for clients to go to several different places for services, and that money is wasted when different agencies rent separate space, buy separate equipment, and hire separate receptionists and secretaries. In addition to this apparent need to share physical facilities, federal regulations in 1979 are expected to mandate consolidation of several aging programs.

In an attempt to develop a plan to meet this concern, the Office secured permission from the Board of Supervisors to file a preapplication for Community Development Funds. The funds would have been used to purchase a centrally located building where all the various services could be located. The County Planning Office wrote the preapplication; unfortunately many more applications were submitted than could be funded and ours was not approved. Since a major grant is necessary to this plan, it will need to wait until other funding opportunities become available.

To obtain input from older persons themselves about the need for and desirability of a consolidated service system, a fact finding trip was conducted prior to the preapplication submission. This trip was jointly sponsored by the Office, the Salvation Army Nutrition Project, and the three municipal Recreation for the Elderly programs. A bus was chartered and 40 selected Senior Citizen leaders were taken on a tour of the Batavia and Lockport Senior Citizen Centers. In both places, many services are located under one roof. The group was able to ask many questions about funding, programming, and services. The group completed a questionnaire at the end of the day which overwhelmingly suggested that such a Center become a goal for Orleans County.

### III. Direct Service

The two most important capabilities of the Office in this category, are the Outreach Program and a contract with CATS to provide affordable transportation to Senior Citizens. The Outreach Program as described before, provides the linkage between the low income and frail elderly and community services. Outreach has two main goals; 1) to find the isolated, frail, or low income elderly and 2) to conduct case management services that provide for continued follow up as needed. Some clients may be seen as often as twice a week, some only once every two months. Those who are seen often are the most at risk individuals. Infrequent visits are usually made to clients who call and ask for specific help on a one time need. Sometimes infrequent visits are made simply to remind clients who have borderline needs, that help is available at such time as actually needed.

A Special accomplishment of the Outreach Program in 1978 was assisting 66 persons in obtaining aid from Community Action's Emergency Energy Program. Low income persons who had high fuel bills in early 1978 were provided with payment of unpaid bills or a \$50 food voucher. The persons helped would not have applied on their own for a variety of reasons such as, being homebound, not having any transportation, or not understanding what was available.

The CATS contract pays the difference between rider's contributions and the contract price (for people over age 60). The total cost for 1978 was \$10,944. This provided a total of 5,059 round trip rides. 885 trips were to Nutrition Project sites, while 4,174 were for general purposes (doctor's, outpatient hospital, shopping, recreation, etc.)

The contribution rate for trips to nutrition sites was very low. The average was 12.6 cents per trip suggesting that our very low income persons are the ones who use CATS to get to the meal sites. The contribution rate for general transportation was much higher, averaging 48.9 cents per trip. The total average contribution of all rides provided under this contract was 42.6 cents.

Other areas where the Office provided direct service include the monthly newsletter, information and referral, telephone reassurance and friendly visiting. An important issue of the newsletter was the December Directory of Services. It listed a wide variety of agencies that Senior Citizens often use, how to contact them, and eligibility information. These services along with outreach and transportation form the core of the Direct Service component.

Throughout the year, several other areas received attention. In our ongoing assistance to the Meals on Wheels program, the Office provided a staff person to do pre-service, client evaluations. The Meals on Wheels program has a minimal budget and has always relied on assistance from other agencies to maintain service. The Office also provided general support and supervision to the meals coordinator who is a Green Thumb employee. Some minimal secretarial assistance was also provided.

The Office maintains a file of persons who would like to be employed in private homes to care for elderly persons. This is often very helpful to older persons who need long term help in their homes and who are able to pay for it. The file is used strictly to help match up employers and employees; it is clearly emphasized to both parties that wages and references are between them and not the responsibility of the Office. A common request that is extremely difficult to fill, is for live in and overnight help. While we recognize the serious need for live in help for some persons, we can do little about it as an agency. The cost would be prohibitive as an agency goal. Long term (overnight or live in) help seems destined to be available only to those able to pay for it independently.

The Office provided assistance to the Senior Citizen Action Council by helping to issue identification pictures in their membership sessions and with some secretarial and organizational assistance. This group runs a discount program whereby their members receive discounts at participating merchants. They also sponsor legislative action and informational programs which in 1978 included a visit from Assemblyman Hawley and a program on Crime Prevention.

#### IV. Expenditures

Costs are reimbursed at 87.5% with federal funds channelled through the State Office for the Aging. 12.5% of the expenses are paid by the County. The County share is made up of cash and in kind.

## DEFINITIONS AND INSTRUCTIONS

Grid #I - Refers to total number of establishment types within respective jurisdiction and total number visited for the purpose of inspections and tests.

1. Supermarket - a store selling primarily a variety of food at retail in large volume and utilizes a prepackaging operation e.g. Grand Union, A & P, Star Markets, etc.
2. Food Store - a store selling primarily a variety of food at retail in relatively low volume e.g. "Ma & Pa", Convenience, 7-11, etc.
3. Deli, Fish, Butcher, Candy, Bakery, Drug, Hardware, etc. - stores that sell commodities at retail and sale of commodities is directly related to connotational meaning of respective store name.
4. Multiple Operation - establishments which are usually considered department stores and contain such multiple operations as food store, deli, hardware, candy, drug, yard goods, etc.
5. Gas Station/Store - establishments that contain both a food or commodity store and gas station operation.
6. Processor/Warehouse/Manufacturer - businesses or establishments that sell bulk commodities or large quantities of individual items to either wholesalers, retailers or persons and where such quantity of material or item sold or delivered is determined by a device being used commercially.

Grid #2 - Refers to total number of classes or types of commercial weighing and measuring devices within respective jurisdiction, results of inspections and tests, and the number of devices not tested.

1. Pre-packaging scale - a device which is approved for and has capability of pre-packaging commodities.
2. Track scale - a hanging type of scale with hooks usually found in a meat room of a supermarket or butcher.
3. Misc. scales - includes hanging, axle, platform, belt-conveyor and any other scale type not mentioned.
4. Petroleum pump - a stationary device that pumps gasoline, kerosene, etc.
5. Petroleum meter - a vehicle mounted device that delivers fuel oils, kerosene, etc.
6. Liquid measure - a rigid measure of capacity designed for general and repeated use in measurement of liquids.
7. Volumetric measures - refers to a vehicle tank used as measures.
8. Linear measuring devices - refers to cordage, fabric, and wire measuring devices.
9. (+) plus and (-) minus - refers to a device's actual operation or performance determined by testing methods. E.g. A scale reads 10 lbs. with a nine pound test load is (+), running fast; a gasoline pump that indicates five gallons delivered but the official's test measure reads minus 8 cubic inches is (-), minus.
10. Other - refers to a device that is neither (+), (-), nor corrected. E.g. scale sticks, no indicator, tare may be set past "0", lack of money-value agreement, etc.

Grid #3 - refers to types of commodities tested, commodities found correct, short or over, and number of labeling violations found.

1. Labeling violations are not to be calculated into % correct.
2. Bulk commodities refers to coal, fertilizer, lime, household goods, etc.

STATEMENT OF OPERATIONS  
ORLEANS COUNTY SELF-INSURANCE PLAN  
January 1, 1978 - December 31, 1978

Board of Supervisors  
County of Orleans  
Albion, New York

To the Honorable Board Members:

We hereby submit to you a detailed report of the expenses of operations of the Orleans County Self-Insurance Plan for the year beginning January 1, 1978 and ending December 31, 1978. The breakdown of expenses as set forth hereon and as charged to the various members of the Self-Insurance Plan is the actual expense incurred by such participant through payments made to date by the Self-Insurance carrier for Worker's Compensation claims of employees and/or volunteer firemen. The amounts as shown are not to be considered assessments but are presented solely for the purpose of showing the disposition of funds.

ANNUAL REPORT of the Orleans County Historian: 1978

County Historian: Arden R. McAllister

The County Historian represented Orleans County at the County Historian's Convention in May. This was held in Fishkill, New York and was sponsored by Dutchess and Putnam Counties.

The local history column "ORLEANS MEMORIES" was continued in the two county newspapers: Albion Advertiser and Medina Journal-Register.

The Historian aided local Historical Societies in numerous ways. He loaned pictures to J. Howard Pratt for his book "Memories of Life on the Ridge". He also served actively on a project of the Orleans County Historical Association, "The Oral History Project", chaired by his wife Helen M. McAllister. More than twenty-five interviews with Senior Citizens were taped and transcribed. Copies were filed in the county archives.

The Historian also contributed items of historic interest for the cornerstone of the Print Shop Museum of the Cobblestone Society, at Childs, New York.

Mr. McAllister gave seventeen talks during 1978: Orchard Manor, Nutrifare in Albion, Medina Baptist Women, POE, Holley Home Bureau, Holley Library, Daughters of American Colonists (twice), Memorial Day in Mount Albion, Daughters of the American Revolution, Lions Club of Lyndonville, Lamplight Program at Cobblestone Church at Childs, Retired Teachers Association, Medina Study Club, Mormon Genealogy Class, Blackburn Study Club, Orleans County Historical Association.

Two tours of the Court House were conducted: one for local church Vacation-Bible-School; one for third grade students from Holley.

Numerous requests for genealogical information were answered.

Several students used the office and my assistance for research papers.

Mrs. McAllister volunteered many hours of work clipping, pasting and filing newspaper items.

## Annual report of County Historian

MAJOR EVENTS in Orleans County in 1978 were as follows:

Stanley Kubatek elected Chairman of Board of Supervisors. Thomas Young of Holley replaced Paul Miles as County Attorney. Stanley Kubatek switched from Democratic to Republican party, giving the latter control of county government. Tom Mack resigned as Chairman of the Democratic Party and was replaced by Richard A. Monacelli. Donna Rodden re-elected Mayor of Albion without endorsement of either party. Mount Albion Cemetery accepted into the National Registry of Historic Sites. Death of John Kennedy, ex-mayor and prominent civic leader of Medina. Sesqui-centennial of village of Albion. County-wide evaluation of property. Attorney Paul Miles appointed by Gov. Hugh Cary as County Judge to fill unexpired term of Judge Doherty. Paul Miles elected as County Judge in November. Charles Slack resigned post of Democrat Election Commissioner. David Green resigned as Civil Defense Director. He was replaced by John McCarthy of Medina. David Green, Democrat, defeated Donald White for Sheriff. Merle Fredericks appointed as Deputy-Sheriff. Outer shell of new County Office building neared completion. Supreme Court Justice Kasler ruled that the County Board of Supervisors be replaced by a seven member legislature. (This decision being appealed at year's end). State mandated more officers at County Jail. Raymond Pahura, first co-ordinator of Economic Development Agency, retired in May. He was replaced by Larry Witul of Buffalo. William H. Murray retired as director of Veterans Service Agency, effective December 31, 1978. He was replaced by John Pratt of Medina. Charles F. Biggs appointed administrator of Community Services (formerly Mental Health Department). Dr. Rashmikanth Sangani of India appointed as Psychiatrist for Community Services. Iroquois Job Corps re-opened. County Historian Arden McAllister resigned at year's end. Wilson Lattin appointed to replace him.

## Annual Report of Orleans County Veterans Service Agency - 1978

Pursuant to Article 17 of the Executive Law of the State of New York, I hereby submit a summary and comment on the activities of this office for 1978.

Attached is a statistical summary of the workload of this office in 1978.

In 1978, veterans of this county received 6225 days of hospital in-patient bed care at the Batavia Veterans Administration Medical Center and 1222 days at the Buffalo Veterans Administration Medical Center for a total of 7447 days at these two medical centers.

A total of 51 veterans of this county died during 1978.

Again in 1978, the U. S. Congress provided raises in both compensation and pension benefits paid to veterans, their dependents and survivors.

This office expresses its appreciation to the Orleans County Board of Supervisors, to the Director and staff of the U. S. Veterans Administration Regional Office at Buffalo, to the Directors and staffs of the Batavia, Bath, Buffalo, Canandaigua and Syracuse Veterans Administration Medical Centers, to veteran organizations and to other federal, state and county agencies for their cooperation and assistance during 1978.

Respectively submitted,

To The Honorable Board of Supervisors  
Albion, New York

Gentlemen:

In compliance with the New York State Election Law, Section 3-212 (4), the following is the 1978 yearly report of the Orleans County Board of Elections to your Honorable Body.

Total expenses for the office were as follows:

Personal Services	--	\$27,573.45
Equipment	--	810.00
Contractual Expenses		11,814.02

Central registration began on December 8, 1977 and continued through September 1, 1978. Throughout the year, 1298 registrations were taken, 1111 of these were registrations by mail. An additional 488 registrations were taken at the local districts.

The office is obligated to hire considerable extra help due to the unusual amount of mail registrations received after the close of central registrations. It is the feeling of this office that the deadline for receiving such registrations should be set at an earlier date to allow sufficient time for processing.

On July 18, a Special County Referendum was held. Two propositions appeared on the ballot with a total of 2,277 persons voting.

A Primary Election was conducted on September 12, 1978. Contests in the Democratic, Republican and Conservative Parties were held for state-wide offices. 689 Democrats voted, 1154 Republicans and 40 Conservatives, making a total vote of 1883.

Pursuant to Section 5-712, a post card was mailed to each of the 16,038 registered voters at the close of central registration to determine whether such voters still reside at their registration address. This communication

Annual Report -- Continued

also notified the voter of the days and hours of the ensuing general election, his election district and polling place and the fact that he must re-register if he has moved from the address where he last registered. Within one week after the conclusion of local registration a similar card was mailed to each voter who registered at such local registration.

On October 14, registration was held in the local districts from 12 noon until 9:00 P.M. and 488 registrations were taken.

Pursuant to Section 5-406, a purge list began in the second week of December and was completed in the third week in January. All permanent records and data related to more than 16,000 enrolled voters had to be individually examined to verify if the registrant has voted at least once in a general election during the past two years. All those that have not voted, must be notified of the impending cancellation of their status as a registered voter, unless they fill out, sign and return the re-instatement request form within three weeks of the date of the postmark on the notification. All persons not voting in 4 years are purged and cancelled with appropriate notice sent.

Prior to April 1, 1978, according to Sec. 5-604 of the law, the Board of Elections has published enrollment digests by Towns and election districts, listing every registered voter, his address and party affiliation. 250 such books were printed and distributed to the 4 State Political Chairmen, 2 County Chairmen, and the 72 committeemen of each of the 2 major political parties, as well as, various county offices. In addition to these enrollment digests, lists are printed for village, school district and special elections.

Due to the election of county offices this year, the Board had the responsibility of reviewing all nominating petitions and ruling on their validity.

A General Election was conducted on November 7, 1978 from 6 A.M. to 9 P.M. Public officers for state and county offices were elected. 391 absentee ballots were distributed for the election. A total of 13,044 registrants cast ballots, representing 80.9% of those eligible. After the close of the polls, all results had to be telephoned or delivered to the Election Office as required by law. 11 persons, along with the regular staff of the Election Office, received and tabulated voting results. Running totals, by district, were posted on a tally board displayed in the Grand Jury room, as results were made known.

As mandated by law, an inspection was made of all 36 voting machines in the county prior to each election and a re-canvass of the machines and all absentee ballots was conducted after each election and results certified to the State Board of Elections.

Article 14A requires the timely filing of at least 7 financial disclosures statements by party committees throughout the year with this office. Candidates and/or their committees must file 3 statements prior to election and at least 1 post-election report. Filings are recorded by this office and delinquents must be sent a certified letter stating failure to report within 5 days constitutes a civil penalty, subject to a fine, to be brought by either the County or State Board of Elections. This financial reporting

law has added a great deal of bookwork, filings and mailings to the office workload.

1978 was a very busy year, due to a special referendum and a transfer of registration records from the University of Rochester computer to the Yondata Corporation which required many changes in our computer programs. These changes were handled most satisfactory by our computer analyst, Mr. Daryl Van Alstyne. His assistance and co-operation to this office is most appreciated.

#### ORLEANS COUNTY HEALTH DEPARTMENT

1978

The Health Department was fully staffed for the entire year with the exception of several vacancies which occurred in Departmental Staff in 1978 due to retirements, death and relocation, but fortunately were filled quickly.

Blizzard conditions in January hampered operations but personnel were able to keep up with their public health commitments.

Slow start for the Oak Orchard stream survey the first part of the year was finally satisfactorily completed on schedule providing the needed information on the number of discharges in that study area. The Oak Orchard Stream Survey was conducted to identify and aid in abating sewage discharges into Oak Orchard Creek and its drainage basin. A report has been compiled, published and distributed.

Flu activity - Surveillance was maintained for A Texas, A Victoria which was prevalent in Monroe County but showed no abnormal activity in Orleans County. Emphasis on importance of pre-school and student immunization shots influenced the Board of Health to permit the Health Department nurses to give shots to children in the Health Department clinic or in schools if a physician was in the building or nearby. School enterers are well above the 90% rate.

The Long Term Home Health Care Program prepared by the Orleans County Health Department was not submitted by the County since the guidelines after acceptance by the State were not clearly defined. If the obligation and responsibilities are more clearly interpreted at a later date the County may reconsider

since it realized that this program may be essential to our people as ambulatory and primary care expand and institutional usage shrink and the elderly are encouraged to avoid entering nursing homes due to escalation of cost.

An additional Environmental Health Technician was added to the Environmental Health Staff due to increasing workload involving especially the Safe Drinking Water Act, expanded programs for air and landfill monitoring intensive monitoring practices designed to identify and stop discharges of toxic compounds (Mirex, Kepone, PCB's, etc.) before they pose a threat to the common environment.

Considerable work has been done on a County Sanitary Code but has not been acted upon pending further review and revision by the Board of Health and the Public Health Committee of the Board of Supervisors.

Giardiasis outbreak in one of the Day Care Centers was investigated taking a considerable amount of time identifying possible sources of Giardia Lamblia infestation in the children. Families, contacts and water supplies were checked in an effort to control the spread of this disease.

The program of accepting Brockport students and nurses for required training and exposure to a Health Department operation has been successful this year. Student nurses assistance in seeing mothers with new babies has been beneficial to the Department in relief in some work areas and providing a needed community service as well. Daemen College has approached the Department for acceptance of their nursing students for training but dates and procedure have not materialized this year.

Members of the Health Department were present at the Conservation Days at

the 4H Fairgrounds to provide first aid care where needed and also set up a booth to demonstrate one of the Environmental Health Programs.

Home Health Aide service has been provided by the Salvation Army with whom the Health Department has contracted to provide additional home health aide service where needed.

Plans have been made to implement a Venereal Disease Clinic which would operate on a two day per week basis with hours from 2 - 4 P.M. This will be a pilot project and will be evaluated each month with continued operation based on results obtained after one year.

Attached is a partial list of programs which the Health Department personnel perform and strive to comply with other additional programs and mandates from the New York State Department of Health.

ANNUAL REPORT OF COUNTY SUPERINTENDENT OF  
HIGHWAYS FOR THE FISCAL YEAR ENDING  
DECEMBER 31, 1978  
PURSUANT TO SECTION 012, of the  
HIGHWAY LAW

To the Honorable Board of Supervisors  
Orleans County, Albion, N.Y.

Gentlemen:

Due to the extreme cold weather during the year of 1978, the frost damage to several County Roads was severe. Using a Motor Paver, these bad spots were repaired. The total cost, including materials and labor, are listed below.

Culvert Road	C.R. #35	\$4,511.15
Eagle Harbor Road	21-44	5,263.25
Eagle Harbor-Knowlesville Road	2	944.39
East Barre Road	69	1,837.02
East Shelby Road	28	4,163.35
Lakeshore Road	85	590.64
Lakeshore Road	97	1,908.82
Lakeshore Road	93	2,962.95
Murdock Road	86	1,914.65
Salt Works Road	52	6,578.36
Townline Road	67	12,695.35
Transit Road	64	5,052.85
Upper Holley Road	96	9,808.50
Waterport-Carlton Road	68	349.10
West Shelby Road	87	715.14

The above spots were sealed with 70 B.C. and 1A stone at a total cost of \$13,703.04.

The Creek Road in the Town of Kendall was reconstructed for a distance of 2 miles. It was widened to 22' with 5' shoulders. All new drainage ditches were dug. The cost of materials, labor and equipment amounted to \$98,929.92. 322' of pipe was used at a cost of \$1,850.96.

County House Road was reconstructed for a distance of 1.3 miles, starting at Taylor Hill Road easterly, with one coat of #1 and #2 stone mixed. This work was done with a Motor Paver. The total cost amounted to \$21,109.00.

Several roads within the County were surface treated. The total mileage was 33.7 and the cost was \$99,206.58.

The Highway Department rented a Black-Top Machine and did some work on 31A with Hot Mix. The rental of equipment cost \$1,083.31, and the cost of materials was \$14,803.50.

Using the Department equipment, all County Roads 16' and wider were striped with a center line of yellow and edge line of white.

The cost of Snow and Ice Control on the State Highway system for the winter season 1977-1978 was \$226,228.28.

The following equipment was purchased and paid for from E5130 Machinery Fund monies for 1978:

1 - 1979 Heavy Duty Truck	\$41,478.00
1 - 1979 1/2 Ton Pickup	4,800.00

The mileage of State Highways, County Roads, and Town Roads in Orleans County, as amended, is as follows:

## 1978 ANNUAL REPORT

1978 has been a year of change and growth in services to the mentally ill, to the mentally retarded/developmentally disabled, and to the alcoholic of Orleans County.

Perhaps the most important accomplishment of 1978 was the establishment of the position, "Director of Community Services", as separate from the position, "Supervising Psychiatrist/Director, Mental Health Clinic". The powers and duties of the Director of Community Services as set forth in the Mental Hygiene Law include:

(a) serve as chief executive officer of the local governmental unit; (b) encourage the development and expansion of preventive, rehabilitation, and treatment programs in the field of mental illness, mental retardation and developmental disabilities, alcoholism and substance abuse; (c) recommend to the Board the provision of services and the establishment of facilities, including contracts therefore, and other matters necessary to accomplish the purposes of Article 11 of Mental Hygiene Law; (d) exercise general supervision over local services and local facilities. After extensive search and interviewing of eleven candidates for the position, Mr. Charles F. Biggs, C.S.W., was appointed Director of Community Services in April, 1978.

## MENTAL HEALTH

The position, "Supervising Psychiatrist", was created in April, 1978 and Dr. Rashmikan P. Sangani was appointed to supervise the

MENTAL HEALTH (continued)

Mental Health Clinic part-time until a full-time psychiatrist-director could be found. In October, 1978, Kevin J. Gorman, M.D. was appointed Director of the Mental Health Clinic. The Clinic is staffed by, in addition to a psychiatrist-director, a Ph.D. supervising clinical psychologist, two M.S.W. social workers, and a B.S.W. assistant social worker. One social worker and the assistant social worker plus a volunteer spend two days each week working with about 20 clients in a Socialization Program, at 113 East State Street, Albion, New York. The Mental Health Clinic currently has a case load of about 300 clients. There is no waiting list. Service to the jail and other agencies has improved considerably. An Open House was held on November 30, 1978 to introduce other county human services agencies to the new Mental Health Clinic staff.

In May, 1978 the Community Services Board began application for a 100% state-funded Community Support System for the Chronically Mentally Ill. This plan would provide services to previously hospitalized clients and upgrade our present Socialization Program. In August, Governor Carey announced that \$47,520.00 in state funds had been awarded to Orleans County. In addition, Buffalo Psychiatric Center was awarded \$19,350.00 to use for Orleans County for the purpose of hiring additional C.S.S. staff. The Community Support System provides for; (a) a case manager to be hired by B.P.C. who would help clients who are discharged from psychiatric hospitals to find appropriate services and also seek clients

MENTAL HEALTH (continued)

in the community who are in need of services; (b) transportation; (c) a Competency Skills Training Program which is treatment oriented and will offer nutrition counseling, competency training, personal care services, social services, work activities, and occupational therapy, as well as individual and group counseling. At this writing, final plans have to be presented to the Board of Supervisors and then go to Albany for approval with March 1, 1979 as a possible start-up date.

MENTAL RETARDATION AND DEVELOPMENTAL DISABILITIES

The Mental Retardation and Developmental Disabilities Planning and Coordinating Subcommittee made up of agency and school representatives, providers, and interested citizens considered a number of ways to provide services to the developmentally disabled. They considered a B.O.C.E.S. proposal, a Head Start proposal, and an Association for Retarded Children proposal. The Subcommittee recommended to the Community Services Board that the A.R.C. "umbrella" proposal be accepted under which a director would be hired to oversee three programs; pre-school, therapeutic recreation, and a sheltered workshop. The A.R.C. contract was accepted by the Community Services Board and by the Board of Supervisors in May, 1978. In June, Mr. Wayne Rowe was hired to head the A.R.C. program. An expanded recreation program was provided at Camp Rainbow in summer 1978; the pre-school program has grown to two classes; a sheltered workshop has begun with the

MENTAL RETARDATION AND DEVELOPMENTAL DISABILITIES (continued)

processing of six clients. A permanent location for the sheltered workshop has not been decided at this writing.

ALCOHOLISM AND SUBSTANCE ABUSE

The Alcoholism and Drug Abuse Planning and Coordinating Subcommittee, after reviewing the work of past task forces on alcoholism, agreed that the time had come to stop talking about it and provide some service. Therefore, a proposal was submitted in response to the State's Division of Alcoholism offer to allocate state monies to provide alcoholism services in Orleans County. In May, 1978 the Community Services Board accepted the Alcoholism Proposal and sent it to the Board of Supervisors for approval. It was then submitted to the Regional Office and to the State Division of Alcoholism. The Contract between the Division of Alcoholism and the County of Orleans for \$29,807.00 to provide services at an Alcoholism Services Center located at 113 East State Street, Albion, New York was forwarded to the Board of Supervisors in October, 1978. Rev. Jarvis Schwarz was hired as senior alcoholism counselor; a secretary was secured through C.E.T.A.; and services consisting of counseling and referral were begun on November 1, 1978. The addition of a junior counselor, emergency services, and a 24-hour answering service are yet to come. This program, having been state-funded for a three year period, will be evaluated at the end of that time to determine whether or not to continue the service.

COMMUNITY SERVICES BOARD

Recognizing that despite the fact that our title had always been Orleans County Community Mental Health, Mental Retardation, and Alcoholism Services Board, the services offered had been concentrated in the field of mental health. And also recognizing the need for input from other agencies and concerned citizens in planning for a wider range of services, our Board had set up in October, 1977 three separate subcommittees; one for mental health planning, one for planning for the mentally retarded and developmentally disabled, and one for alcoholism and substance abuse. These subcommittees were already in operation when the reorganization of the State Mental Hygiene Department which took place April 1, 1978 mandated such committees. Our subcommittees have been meeting monthly with attendance averaging more than 20, with much interest and excellent participation.

The reorganization created three separate offices at the state level: an Office of Mental Health, and Office of Mental Retardation/Developmental Disabilities, and an Office of Alcoholism and Substance Abuse. Each office has its own Commissioner. Thus, we must now deal with three different offices and paperwork has tripled. This reorganization at the state level has only confirmed our decision to restructure at the county level giving our Community Services Director over-all responsibility for mental health (with a psychiatrist, Dr. Gorman, as director of the Mental Health Clinic), mental retardation (services being contracted for with

COMMUNITY SERVICES BOARD (continued)

A.R.C.), and alcoholism (a new Alcoholism Services Center having been set up headed by Rev. Jarvis Schwarz).

The change in Mental Hygiene Law changed the name of our Board from Mental Health, Mental Retardation, and Alcoholism Services Board to Community Services Board. By-Laws have been rewritten and were adopted May 3, 1978. A letter was forwarded to the Board of Supervisors on September 6, 1978 asking that a resolution be adopted mandating that proposals having to do with mental health, mental retardation, or alcoholism be cleared through the Community Services Board. This would insure coordination of planning and avoid duplication of services.

There is much still to be done, but we feel that much has been accomplished in 1978. Our goals for 1979 include: increased mental health services to children; provision of better emergency service outside of regular Mental Health Clinic hours; service to residential care facilities; expansion of alcoholism services; revision of fee schedules; eventual expansion of sheltered workshop to include MH as well as MR clients; gradual upgrading of Competency Skills Program to Day Treatment; a mental health education program for jail personnel; and creation of a retrieval system which would easily provide timely and meaningful statistics to indicate gaps in groups being served.

#### DEFINITION OF PROBATION

"Probation is a community based governmental agency primarily established to protect society by aiding, through utilization of social work principles, individuals and their families who are involved or about to be involved in the Juvenile or Criminal Justice System."<sup>1</sup> Accordingly, our service endeavors to provide opportunity for our client to realize increased self-determination in meeting his needs and those of his family, friends, and society.<sup>2</sup>

## Evaluation of the Orleans County Probation Department Intake Services for '78

Through Intake (the "sifting" and "screening" process), where possible and prudent, cases are adjusted by counseling and referral to appropriate agencies rather than going to Court. This process is used principally in the handling of family matters, cases involving children, marital problems, including crimes of violence, arising out of domestic difficulties.

Probation officers, through Intake counseling, help the parties clarify the situation for them and enlist the cooperation of all, complainants, respondents, spouses, parents, school authorities, police and community resources, in an effort to adjust the case without Court action, where such adjustments seem in the best interest of all concerned. This process is helpful in re-uniting families, conciliating spouses, assisting in settling family and neighborhood disputes, and minor criminal matters.

It is essentially a negotiation type of counseling of a short-term nature (maximum time case can be serviced at Intake is 120 days) and probably a more realistic approach in personal disputes than attempting to place blame, decide innocence and guilt, as occurs generally in Court hearings. Rather, Intake counseling attempts to get all parties to see how they contribute to the problem. Further, it's less damaging to future relationships in that it attempts to highlight the positive aspects of personal relationships, be they between family members, friends, or neighbors, along with dealing with negative aspects which have caused the party to seek the help of criminal justice authorities.

The Orleans County Probation staff members feel, that the more effective we can be at the Intake level, the greater are the chances that we can reduce our work at the formal levels of pre-sentence investigations and supervision, that is, after people have been convicted of crimes. Thus, hopefully we can contribute to the philosophical purposes for which Family Court was formed in 1962, to assist in improving the quality of family and community life.

We see the Intake process as having four advantages:

1. Encourages self-reliance - both parties, defendant and victim, voluntarily engage in the resolution of their problem.
2. Immediate Probation intervention minimizes hostility and consequently can lessen potential for violence.
3. Frees the Court to deal with problems which really, require Court intervention.
4. Reduces costs - significantly cuts down on the demand for Family and Justice Court time and the time of prosecutor, public defender and police in both Family Court and Justice Courts.

Figures frequently are deceptive; on the other hand, they can be revealing: dispelling misconceptions, providing new knowledge, and suggesting different program directions.

In 1973 we obtained a Federal grant to "reach out" with Intake services. This program ran through July 1, 1976. We felt that the program was highly successful and the statistical accounting of our work during that period appears to verify the truth of that feeling.

With the end of the project and a reduction in staff, during the next two years Intake figures decreased considerably. In 1978, we decided to make certain changes to turn that around. Ann P. Nevin, our probation officer responsible for Intake, was assigned no more pre-sentence investigations and was to be given a reduced supervision caseload, freeing her to provide most of her time to Intake. E. Dean Holland, another probation officer, was assigned to provide emergency services to such Intake matters, which Mrs. Nevin's schedule precluded her from servicing.

*1. The figures between the years 1977 and 1978 are dramatic. In 1977 we dealt with 382 cases at the Intake level; in 1978 the figures rose to 519--a 35.6% increase in Intake services rendered.*

Family Offense--This problem--assaultive and harassment type behavior between members of the same family, generally spouses--is a serious problem, which has recently become more and more a matter of public concern. This, like child abuse, is apparently of much greater volume, than ever meets the public or officialdom eye. With family offense cases since 1973 it has been the Orleans County Probation Department's expressed view, that the sooner counseling services can be gotten to these problems, the better it is. We believe these problems, without counseling, tend to escalate to the point that serious injury--both psychological and physical--occur and frequently not only to the adults involved, but to the children in the home as well. 1977 saw a considerable drop off in the number of family offense cases we saw, and we wondered if this weren't a result of the new State legislation which allowed petitioners to take the matters to justice courts and pursue the matter criminally, rather than through the civil remedy of Family Court. Our speculation was that, because of the traditionally "laissez-faire" attitude toward "family matters", although this law was to assist "battered spouses" in getting service and in not being put off by the Criminal Justice System, in fact such parties were put off to an even greater extent.

The problem of family violence is considerable and indisputable, yet has not caught the effective interest of the public, or its legislative or governmental agency representatives -- this despite the fact that family disputes are the highest single cause of homicides, serious assaults, police injuries and deaths in the line of duties. Family offense matters account for most Intake emergencies. Negotiation-type counseling and our ability to coerce the reluctant second party to enter into a counseling relationship are particularly suited to these problems.

In 1977 we saw 28 such cases. In 1978 we saw 50 such cases -- nearly a 100% increase. We are pleased with our increased efforts in this area, but still feel that we're probably only scratching the surface of this nationally serious problem.

In May 1977, the New York State Senate Task Force on Critical Problems issued a report entitled "Family Court...The System That Fails All". The title was a gross exaggeration and, in fact, my interpretation of the data, as well as that of many others, felt that the title more fairly should have been, "Family Court...The System That Fails Some, But Helps Many". One of the major contentions of this report was, that at the Intake level among juveniles, the "status offenders" -- that is, children convicted of no crime, but rather find themselves in conflict with the authorities because of non-criminal behavior such as running away and truancy -- were more likely to be referred to Court and also more likely to be institutionalized than juvenile delinquents (children who have, in fact, committed crimes). The survey covered 10 counties in New York State, which by the way were also the 9 out of 10 counties most likely to institutionalize on a per youth capita basis and would appear, therefore, to be an unrepresentative sample.

Nevertheless, the analysis of this 10-county sample pointed up the fact that 45% of Persons In Need of Supervision, with which Probation Intake dealt, were referred to Court, whereas only 25% of juvenile delinquency cases were likewise referred.

However, Orleans County in 1978 and the 10-county survey sample were very different in this respect. We did refer 20.47% of juvenile delinquency matters to Family Court in 1978, similar to the 25% of the survey sample, but only 11.7% of Persons In Need of Supervision cases in contrast to the 45% of the survey sample. Thus, if the Senate Task Force's implied principle, that Juvenile Delinquency matters should be referred to Family Court more readily than Persons In Need of Supervision matters -- that is, that criminal matters should be dealt with more readily by the Court than matters involving "status offenders", which principle certainly on the surface does make sense, then Orleans County is in line with this principle.

This, again, fits in with our philosophy that Intake and family dispute matters can be best dealt with at the counseling level, unless of course they are of such a severe nature that safety's sake requires the intervention of the Court. We feel this principle particularly applies to Family Offense and Persons In Need of Supervision matters: Family Offense matters generally being disputes between spouses. Person In Need of Supervision matters generally involving disputes between parents and children.

A matter of concern to us is the fact that in 1978 we referred 35.7% of Intake cases to Family Court in comparison with only 25.3% in 1977. We wondered if we are becoming less effective in dealing with these matters at the informal level and possibly too quick to refer matters to Court; however, a closer look at the figures revealed that the increase in percentage of petitions to Family Court is accounted for by support cases entirely, and that in matters other than involving support, only 20.5% cases were referred to Family Court in 1978, comparing favorably with the very similar figure of 22% in 1977.

This does point up another problem with respect to the support area, which will be dealt with in more detail in a later section, where we discuss the fact that we feel that, with support operations being transferred to Social Services that there's a tendency to over-refer support matters to Court, with negative social results and waste of taxpayers' funds in terms of government staff/time expenditure, with little or no change in the effectiveness of support collections.

### INVESTIGATION

The investigation attempts to examine and evaluate the defendant's exact role and attitude before, during and after the crime; any past record; his social history including the emotional and economic atmosphere of his home, his relationships with family members, his school adjustments and achievement, work and military experiences, habits and leisure-time activities, religious contacts, etc. All this is to help the Judge have a factual picture and an emotional grasp of the human before him so that he can sentence in a manner best suited to the protection of society, the rehabilitation of the defendant and to deter others from committing crime.

### SUPERVISION

Through understanding, concern and discipline, and through an assortment of treatment methods concentrating on assisting the client to draw upon his own resources and those of the community, the Probation Officer helps the client avoid further criminal activity and, when applicable, to realize greater personal potential, enhancing his self-esteem and his becoming a more productive person and member of his community.

The Method of supervision includes devising a case plan, tailored to each individual probationer, based on review and evaluation of the pre-sentence investigation. Running records are kept on each probationer containing factual data as to the probationer's performance, as well as an evaluation of his behavior and attitudes, and in the process of recording each case in this fashion, the case plan is continually being updated to meet the changing circumstances and needs.

## ALCOHOLISM-HEALTH OUTREACH PROJECT

From December 1977 to November 30, 1978, we administered a CETA Alcoholism-Health Outreach Program. Our intention was to deal primarily with alcoholism, but also to get into other areas--we see a lot of clients with hypertension, ulcers, diabetes and other chronic illnesses and problems. This program mainly became an alcoholism program. I think all but one of the clients, which the probation officer in the project has, are alcohol connected.

When we started, we thought in terms that there wasn't an alcoholism service in the county and we might do some educational things as well. The fact is that Gerald Johnson, who was our alcoholism counselor, was just swamped with personal counseling work. He has dealt with well over one hundred cases and we haven't even scratched the surface of our caseload. I think we could probably have referred two times more cases to him.

Further, for the last six months of the program, we used him to evaluate every pre-sentence investigation we were doing where an alcohol problem was indicated.

In my request to the Board of Supervisors in November for an Alcoholism Counselor attached to the Probation Department, in view of the formation of an Orleans County Alcoholism Unit, the major question became: will there, in fact, be a duplication of services and will we be competitive for clients? My feeling on this, based on our experiences, was that this would not be so. We have more than enough work to go around.

Another aspect, is that Probation's counseling technique is different than Mental Health's techniques or Catholic Charities or the Community Counseling Service. All of our clients come to us in a somewhat coerced fashion. They have a choice of either seeing us or going to Court, and sometimes it is or going to jail, which is even more coercive. They can refuse us, but it is difficult.

So our approach is coercive<sup>1</sup> (hopefully we don't abuse it), but we recognize it as an element that we have that gives us an opportunity that other agencies don't get, to talk to primary clients. Other agencies frequently talk more with people who are concerned with getting family members in for counseling, whereas, we invariably get to talk to the person who is the major disruptive factor. We, in our office, have a lot of confidence in our ability to do this (to talk to resistant alcoholics, spouse-beaters, runaway kids, etc.) based on our past experience. And we have more confidence in our ability with alcoholics, based on our experiences through Mr. Johnson.

National<sup>2</sup> state and regional figures bear out the need for alcoholism counseling in the Criminal Justice System, but it was hard to relate to those national figures until we actually had the experience. National figures bear out that in violent types of offenses and burglaries, alcoholic intoxication is approximately 50% represented. In the instance of studies done in Dallas, Chicago, and Philadelphia, studies of homicide, assaults, rapes, and robberies, except for robberies, intoxication was existent, not only in the defendant, but frequently also in the victim in over 50% of cases. In the study done by Genesee-Finger Lakes Regional Planning, the same thing was essentially borne out at roughly a 33% level. Our

office last year dealt with 357 people on probation. We did 200 pre-sentence investigations. We did over 500 intake cases. Thus, we are talking about a large number of people, and if one-third of those, which is a minimal figure, have an alcohol problem, then it can be seen, we have reason enough to assign an alcoholism counselor to the Probation Department.

There is another advantage, I see, to the Orleans County community. In effect, it gives us another alcoholism worker. It gives us a worker who readily can go to houses and really insist on coming in and talking. This is our role as part of the Criminal Justice System and is something that we do a lot and, again, we are comfortable with it and I think are very successful at it.<sup>3</sup>

There are general differences, we believe, in the types of clients we, as opposed to other agencies, see. Our client, you see, is usually very resistant. I suspect that the type of client that Alcoholism Services is going to be seeing generally is someone who somewhere has acknowledged the problem, and is calling for help. We don't see that person in our office, people who come in and say we have a problem with alcohol. But those people utilizing our intake service are coming because they are having a domestic problem that could go to Family Court or because they are coming into Family Court because of an offense or a juvenile delinquency. We come onto an alcoholism problem, secondarily, to that, but there again, and frequently the client will be resistant to dealing with the alcoholism--again the crucial difference--we're in a position to insist on their dealing with the alcoholism problem and seeing that they do so.

There are recent reports<sup>4</sup> as to effectiveness--See attached excerpt from a National Institute on Alcohol abuse and Alcoholism publication

\* \* \* \* \*

The County did not provide the Probation Department with funds to hire an Alcoholism Counselor, but did add another such position to the County Alcoholism Unit to handle Probation's referrals (see also Probation Plan for 1979 in this report).

## Give Court Power to Order Treatment, Panel Urges

The family court should have the power to order treatment for alcoholic persons whose drinking is a factor in cases before the court, recommended an international group of experts at a seminar on legal issues related to alcoholism.

This court sees more alcohol-related problems than any other part of the judicial system, the seminar participants noted in a report after meeting at the 24th International Institute on the Prevention and Treatment of Alcoholism in Zurich, Switzerland.

The experts, who came from seven countries including the United States, expressed the view that, if one spouse's behavior — such as drinking — threatened family stability, the other spouse should have the right to petition the family court to "review the situa-

tion." A Delaware State law already provides such a right, the report pointed out.

The family court judge could refuse to hear the petition of a complaining spouse unless he or she also agreed to accept counseling where deemed necessary, under the concept advocated in the report.

Research has shown that persons forced into treatment at early stages of alcoholism — for instance, by threatened loss of their jobs — have about the same rate of recovery, 60-80 percent, as those who enroll voluntarily, said Allan Luks of New York City, seminar chairperson, in releasing the report. Mr. Luks, a lawyer, is executive director of the New York City Affiliate of the National Council on Alcoholism.

The seminar report also dealt with two other areas — criminal responsibility and employment discrimination.

The group agreed that criminal defendants should undergo an evaluation by personnel trained in the field of alcoholism to determine if the charge is linked to alcoholism or an alcohol-related problem.

However, while the degree of a defendant's intoxication during the commission of a crime might be considered in assessing a penalty, a plea of "not guilty by reason of alcoholism" should not be allowed by a court, the report recommended. It explained that present knowledge is inadequate to determine how criminal acts by alcoholics differ, if they do, from those committed by nonalcoholic persons who are drunk.

Regarding employment discrimination, the seminar participants agreed that no person should be refused employment solely because of prior alcohol abuse or alcoholism. However, they agreed that before hiring for certain positions it may be appropriate to determine the length and quality of an applicant's sobriety.

Besides the United States, other countries represented at the seminar were Hungary, Germany, Belgium, Canada, Denmark, and Switzerland. Written comments were also received from experts in Ireland and Finland.

## Delaware Court Aids Families With Alcohol Problems

A provision of Delaware's Family Court Act making it possible to file a civil complaint in court over a family drinking problem has proved to be "a most useful tool in dealing with alcoholism" in that State, according to Family Court Judge Daniel F. Kelleher of Wilmington.

Prior to passage of the act in 1971, a Delaware citizen's only recourse in the case of a serious drinking problem in the home was to make a criminal complaint. The stigma of "turning in" a family member to the police to be charged, booked, and fingerprinted often discouraged action until the situation had deteriorated further, Judge Kelleher noted.

However, based on his court's experience, he said, since 1971 a growing number of persons have been taking advantage of the Family Court Act's section on impending family relations by asking a judge to do something about the drinking of a relative. The act permits the filing of a civil complaint against a spouse, parent, grandparent, or adult child living at home.

In his court, the Family Court of the State of Delaware for New Castle County, Judge Kelleher said most respondents brought before him on a serious drinking

complaint wind up in a treatment program, often involuntarily.

Other subjects of complaint permitted by the section of the Family Court Act cited above include financial irresponsibility, sexual infidelity, and physical and mental abuse. But over 80 percent of the complaints that reach Judge Kelleher involve excessive use of alcohol, even if that is not always the main basis of the complaint, he said.

It was this statistic that led him to set up a program aimed at getting help for problem drinkers. Two alcoholism counselors work with the court to evaluate the severity of every alcohol problem brought before the court. When a problem is deemed serious, the judge recommends that the person enter a treatment facility for a 28-day rehabilitation course.

The court does not have the authority to commit a person to a private facility, but it can commit him or her to a state facility, Judge Kelleher said. Most defendants elect the option of entering a private hospital when faced with commitment to a state facility.

After treatment is completed, the court receives a progress report, a prognosis, and a recommendation for future handling of the case. The court then establishes conditions

Judge Kelleher consults with court alcoholism counselors Pat Ryan and Mary Lawson.

for the respondent to comply with. These usually call for such goals as avoiding alcohol, attending meetings of Alcoholics Anonymous or other such groups, and meeting financial obligations.

If the person fails to comply, he or she can be found in contempt by the court, and fined or even removed from the family residence.

In addition, the respondent's spouse is usually required to attend Al-Anon meetings and, if children are involved, they are directed to attend Alateen meetings.

Judge Kelleher said a frequent

excuse given by respondents for not wanting to undergo a 28-day rehabilitation course is that they couldn't take time off from their jobs. However, employers contacted by the court in such situations have been "very cooperative" in allowing the employee time off for treatment, he said. So far no one has lost a job because of commitment to a treatment facility.

### PROJECT REPORT

In the past year we have seen 122 families where alcoholism is present. The majority of these families are in the advanced early, or early middle stages of alcoholism. We have directed 62 alcoholics to AA. To the best of our knowledge, they have attended at least one meeting. Twenty-six are still sober with different periods of sobriety; 11 months to 20 days. Three of these are blacks, one teenager, and 22 males; no females. Forty-five individuals are probation cases. Thirty-five are Driving While Intoxicated Matters. Sixty spouses, children and friends have been directed to Al-anon and/or Alateen. We have assisted the court in 15 pre-sentence investigations and mental and physical health evaluations. Where diagnosis of illness is present, 14 have been directed to seek help for alcoholism, as a condition of their probation. To the best of our knowledge, all are attending AA regularly. The probation alcoholism program works.

### MEDINA BRANCH OFFICE

May 1, 1978 marked the beginning of a new dimension to our program with the opening of a branch office at the Masonic Temple Building, 414 West Avenue, Medina. The rented space provides two offices and a reception/waiting area for a staff of three: Officers Stephen C. Didas and Ann P. Nevin, and Mamie Walker, receptionist, all of whom are Medina-area residents.

At \$125 per month (includes all utilities), we believe the added space represents a true bargain when the many benefits are considered. Officers are able to manage their time more closely and effectively through a re-organization of caseloads along geographical lines. As a result, officers feel closer to what's happening in the community and with client activities. At the same time, because they are in Medina on a full-time basis, they feel more readily accessible to police, schools, and employers, as well as for client emergencies and walk-in situations. Feedback from Police Chief Homer Phillips, the school administration, and many other persons whom we have contact with indicate they too are pleased with our presence for the same reasons.

Although the transition understandably created some additional administrative and logistical strains, they were minor, so by year's end the operation had been fully implemented as an integral part of our overall service delivery program. We would like to thank the Medina Masons for their cooperation and their willingness to continue us as tenants.

In addition to our opening of the Medina office, we continued to use, as reporting centers, space donated by the Lyndonville Methodist Church and the Eastern Orleans Community Center in Holley. We would like to take this opportunity to publicly thank Reverend Hazlett and Mr. Bob Reisch for the fine cooperation they have shown in permitting us to utilize their facilities.

### Training & Staff Development Activities

In accordance with the rules and regulations established by the NYS Division of Probation, Probation Officers, Supervisory personnel and executive personnel shall participate annually in 35 hours of training in a program approved by the State Director of Probation. It is the Division's view that the effectiveness of the probation organization depends upon the competence of the staff. The competence begins with the proper selection of staff and is maintained and enhanced through an on-going program of educational experiences.

The staff at Orleans Probation has continued to maintain their high level of competence through various training courses offered by the Division, as well as those offered by other agencies. In May '78, the NYS Division of Probation ran a one-day workshop on "Intra-Office Communications." The workshop was offered to the staff of both Orleans and Genesee Probation, and was attended by both the professional and clerical staff of both departments.

Orleans County Family Planning offered a two-day workshop in January '78 entitled, "Sex: Can You Talk About It?" Karen Yager, Kathleen Dreyfus, Dean Holland, Ann Nevin and Michael Dreyfus attended this workshop, which was geared toward a counselor's approach toward sexuality issues when dealing with adolescents.

The NYS Division of Substance Abuse Services invited members of Probation to participate in their various training programs. Jeannette Riley attended their program on "Adolescent Counseling in June '78; Kathleen W. Dreyfus attended their courses in "Overview of Substance Abuse" in August '78 and "Issues in the Treatment of Women Substance Abusers" in December '78.

The NYS Division of Probation continued to offer courses throughout the year which various members of our staff attended. Supervisor Michael E. Dreyfus attended a five-day workshop in December '78 on "Unit Case Management", the purpose of which was to improve and develop supervisory and staff management skills. Karen Yager and Jeannette Riley participated in another program offered in December '78 entitled "The Law, Discretion and the Probation Officer". Miss Riley and student intern Maxine Butler also participated in a program offered by the Division on "Crisis Intervention" in October '78. Likewise, E. Dean Holland attended several classes offered by the Division including "Fundamentals of Probation Practice" in April '78, "Family Court Intake Workshop" in September '78, and "Supervising Juveniles: Concepts, Strategies & Practices" also offered in September '78.

Several staff members have continued their education through the State University College at Brockport. Director, Robert E. Golden, completed 12 graduate credits in 1978, and obtained his Master's Degree in Counseling from Brockport. We commemorate the hard work he put into this semester and are proud of his accomplishment. Ann Nevin is also working toward a Master of Science in Education at S.U.C. Brockport, Matriculating in January '78. In the Spring of 1978 she completed a three-credit course in Group Counseling; further in the

Fall of 1978 semester, Ann participated in two courses, "Psychological Testing and Assessment" and "Career Counseling" for a total of six credit hours. Jeannette Riley is enrolled in Brockport's Master's in Psychology program, completing 6 credit hours in "Learning & Motivation" and "Civil Rights in the U.S.A."

#### USE OF INTERN VOLUNTEERS AND CITIZEN VOLUNTEERS

During the past year, we have had five student intern volunteers on staff, which adds yet another dimension to our work by giving us the capability for more intense attention to cases at no added expense to the County. Three staff members -- Jeannette Riley, Ann P. Nevin, and Stephen C. Didas -- served as field instructors for Gail Sperber and Deborah Parent, both seniors at the School of Social Work at SUNY Brockport from September 1977 to May 1978. At present, beginning September 1978, Maxine Butler, Karl Holt, and Dan O'Neill are with us from Brockport. Together, our interns conducted 25 pre-sentence investigations, supervised at least 28 cases, and dealt with 35 Intake cases over a two-year period. While regular staff time is spent guiding, training, and assisting interns, it is clear that our student intern program has had a significant impact in meeting the demands of our ever increasing caseload pressures. Moreover this program provides added benefits in terms of improved staff morale through the challenge of channeling the creative and unique energies of these fine college students. Also through actual field experience, we have the sense that we are providing a unique link between the theoretical learning situation and the field of Probation, as well as other related professions. Thus, we feel we are making a valuable contribution toward the improvement and betterment of Probation practice.

From November 1977 to December 1978, we had the unique pleasure of working with Mrs. Sue Lane, a citizen volunteer, who worked in our office on a full-time basis as opposed to the two day per week commitment of our student interns. Mrs. Lane was instrumental in assisting with the difficult task of phasing over many of our Support Bureau activities to the Department of Social Services during the period of November to December 31, 1977. Mrs. Lane seemed to quickly grasp the scope and nature of our function, along with the various procedures and policies used in our agency. Thus, beginning in early 1978 Mrs. Lane was given the opportunity to make a further contribution to the department under the supervision of Officer Kathleen Dreyfus. In this capacity Mrs. Lane became significantly involved with completion of 14 pre-sentence investigations, 10 supervision cases, and 6 Intake cases. For Mrs. Lane's willingness to involve herself and for her unselfish contribution to this agency in terms of her time, energy, and skills we are thoroughly grateful and take this opportunity to remember her efforts publicly.

In general we feel the use of interns and volunteers recognizes the existence of many public spirited citizens who need an outlet for their generosity. The use of volunteers with certain of our clients allows for more personal time to devote to such clients and thus can give them experience in forming close personal relationships, thus helping them to adjust more positively to family, employment, and school problems which are frequently crucial factors in a person's getting into criminal difficulty.

### FOLLOW-UP TO SUPPORT BUREAU PHASE-OVER

January 1, 1978, marked the transition of Support Bureau enforcement and collection functions to Orleans County Department of Social Services. We had anticipated that this transition would result in a reduction of our workload overall. Our experience, however, has been to realize an increase in the number of cases opened for service at Intake in support of 69% in the year 1978. So, despite the fact we have lost responsibilities, we have in fact experienced an increase in our Support Intake, without the benefit of additional staff.

In the area of Support Collections and recoupment of Social Services expenditures, the figures are provided for comparative purposes.

Total collections for 1978 (DSS)	= \$445,039.42
Total collections for 1977 (Probation)	= 401,495.57
1978 DSS recoupment(DSS)	= 97,575.43
1977 DSS recoupment(Probation)	= 96,146.00
1976 DSS recoupment(Probation)	= 115,772.00

While the total collections for 1978 represents a 10.7% increase, Department of Social Services used a staff of 10 versus a Probation staff of 2 so that the overall cost effectiveness and benefit to tax payers seems questionable.

## PROBATION PLAN FOR 1979

Each year, as part of State Division of Probation reimbursement request, local probation departments must audit their compliance to State Rules of Probation and must submit a plan as to particular program efforts that will be made in that year.

In the following we share with you our thinking as to directions for 1979:

### I. INTAKE

#### A. Issue Identification

The volume of Family Offense cases has seen growth through some limited special effort in 1978 and there has been a reduction in Justice Court Diversion cases, whereas we feel certain that the volume of these problems should result in many more such cases.

State Social Services' mechanical, bureaucratic and non-communicative (to client and the Probation Department) approach to family support has apparently been a causal factor in a nearly 100% increase from 1977 to 1978 in support intake work and their expressed plans for the future would appear to further add to this aspect of our work.

#### B. Program Objectives

Publicize through public speaking generally and contacts with Town Justices as to services we provide and our philosophy; document nature and extent of these needs and problems and assign one more officer to Intake in order to provide quick and often immediate service to Family Offense matters.

Discuss possible amplifications of Social Services approach to support toward more economical use of County (both Social Services and Probation) staff with Social Services Commissioner, Family Court Judge and Board of Supervisors.

#### C. Additional Resources (If needed)

Has staff need implications: seeking special "Battered Spouse" Survey LEAA grant to conduct survey and try various service delivery techniques toward developing specific county program to deal with "Battered Spouse"/Family Offense problem in our community and will seek additional county-paid staff based on case-load needs.

May require additional Intake Probation Officer if adjustments can't be made.

## II. INVESTIGATION

### A. Issue Identification

Difficulty in determining and negotiating fair amount of restitution, and setting up reparation programs, expending great deal of Probation Officer time on essential non-counseling issues.

Victims are frequently forgotten and neglected elements in Criminal Justice process. Further, defendant, preoccupied with legal mechanics, loses sight of his crime's impact on victim.

### B. Program Objectives

To hire Probation Aide to handle these responsibilities.

To provide assistance and a sense of role to the victim and to impress defendant with his effect on victim.

### C. Additional Resources (If needed)

Probation Aide position: have applied for such position through a special comprehensive CETA program: Victims Assistance Program.

Victims Assistance Program requests Probation Officer position to provide counselling to victim and victim/defendant confrontation counseling.

Failing this, or if program successful, will seek positions through other, including County, funding sources.

## III. SUPERVISION

Caseloads too high to be workable.

- (a) Counseling quality has decreased.
- (b) Case contacts below minimum.
- (c) Case records below standards. Alcohol abuse and alcoholism shown to be factor in at least half of all cases including Intake and Investigations. Restitution and reparation tends not to be recommended, ordered or carefully enforced.

Provide sufficient staff to bring caseloads to workable level, provide mandatory alcoholism counseling and add paraprofessional to aid in assessing, setting up and monitoring restitution and reparation.

Sought four probation officer positions through NYS Probation Intensive Supervision project, two special CETA projects, and County funds. Obtained one officer through County funds and have one officer possibility through CETA project and thus require at least two more probation officers to have workable caseload levels.

Sought County-paid alcoholism counselor to work on teamwork basis with probation officers and a probation aide through special CETA grant to work on restitution and reparation. An alcoholism counselor was added to the newly-formed alcoholism unit to expressly meet probation needs and we've developed and will seek to maintain

(con't.)

### III. SUPERVISION

#### A. Issue Identification

#### B. Program Objectives

#### C. Additional Resources (If needed)

County and Family Court cases seen same day as sentenced. There are occasional delays with respect to Town Justice Court cases where we are not always promptly advised as to dispositions.

Meet with Town Justices to encourage them to notify us immediately upon Probation sentence.

a close working relationship with the County Alcoholism Unit, including the actual presence of the alcoholism worker in our office a minimum two days per week.

If CETA Program doesn't come through, seek Probation Officer and probation aide through LEAA and/or County funds.

### IV. OTHER

Public Relations: raise consciousness on:

- (a) Probation generally
- (b) "Battered Spouse" problem
- (c) Alcoholism's frequent tie-up with criminal behavior
- (d) Need for group home and foster homes for psychologically/physically deserted adolescents.
- (e) Plight of migrants/minorities in our county and their culture as it impacts on the general county culture.

- (a) Develop and publicize office, speaker's bureau on various topics.
- (b) More press releases
- (c) Reactivate advisory board
- (d) Develop slide, cassette presentation
- (e) Develop display board
- (f) Update and add art to pamphlet
- (g) Continue and encourage continued staff participation in community organizations.
- (h) Publish history of Orleans Probation.
- (i) Distribute annual report.
- (j) Update and offer intercultural Communications and Sensitivity Training Course.

Present

#### IV. OTHER

##### A. Issue Identification

##### B. Program Objectives

##### C. Additional Resources (If needed)

- (k) Develop a history and sociological study of migrant culture in this county, showing impact on migrant, their employers, the criminal justice system and the community in general.

#### V. BUDGET PREPARATION FOR 1980

Caseloads indicate need for two additional Probation Officers. This would result in additional clerical staff needs as well.

We've found that victims are often neglected by the system, police, district attorney, Court, Probation, and have little knowledge or input as to the processing of and decisions made in cases.

We'll study new staff additions and their impact and with input from staff and the Probation Advisory Committee will complete assessment as to additional staff needs by 6/30/79.

We've begun to include the victim in our pre-sentence investigation process, in particular, and also our supervision process, including efforts at restitution, reparation and counseling the victim. We will study the advantages, disadvantages and methods of victim confrontation sessions with Probationers.

Possible additional planning and line professional staff will be required and sought through total or partial County funding - the partial funding in conjunction with a LEAA or other grant with decision made on this, involving the same aforementioned input, by 8/79.

Clerk of the Board

ORGANIZATION MEETING  
Thursday, January 4, 1979

The Organization Meeting of the Orleans County Board of Supervisors was held in the Supervisors' Room, Court House, Albion, New York, on Thursday, January 4, 1979.

The meeting was called to order by the Clerk, Uldine D. Jurhs; after the Pledge to the Flag, Supervisors representing the ten towns in the county responded to roll call as follows:

Francis Nayman.....	Albion
Richard Bennett.....	Barre
Manley Whipple.....	Carlton
Geary Shenck.....	Clarendon
Theodore Swiercznski.....	Gaines
Michael Paduchak.....	Kendall
James Piedimonte.....	Murray
Stanley R. Kubatek.....	Ridgeway
Stanley Dudek.....	Shelby
George W. Bane.....	Yates

The Clerk announced that the first order of business was the selection of a Temporary Chairman, and called for nominations. It was moved by Supervisor Paduchak and seconded by Supervisor Piedimonte that Supervisor Stanley Dudek be nominated for Temporary Chairman. There being no further nominations, it was moved by Supervisor Piedimonte, seconded by Supervisor Paduchak that nominations be closed, motion carried. The Clerk declared Supervisor Dudek Temporary Chairman and presented the gavel to him.

Supervisor Dudek asked for nominations for Permanent Chairman for the year 1979. It was moved by Supervisor Nayman, seconded by Supervisor Bennett that Supervisor Swiercznski be nominated for Permanent Chairman; Supervisor Bane moved that Supervisor Kubatek be nominated for Permanent Chairman, seconded by Supervisor Shenck; Supervisor Bane moved that nominations be closed, seconded by Supervisor Shenck and carried.

The Clerk called the roll and the vote showed 237 votes for Supervisor Kubatek and 135 votes for Supervisor Swiercznski; for Supervisor Kubatek, Supervisors' Shenck (20), Paduchak (22), Piedimonte (46), Kubatek (72), Dudek (54) and Bane (23); for Supervisor Swiercznski, Supervisors' Nayman (65), Bennett (21), Whipple (25) and Swiercznski (24).

Supervisor Kubatek was declared Permanent Chairman for 1979 and the Temporary Chairman requested Supervisors' Paduchak and Whipple to escort the Chairman to the chair.

Chairman Kubatek thanked the Board for selecting him Chairman for 1979 and said that he would try his best to make things work effectively to move the county ahead.

It was moved by Supervisor Paduchak and seconded by Supervisor Dudek that Mrs. Uldine D. Jurhs, be reappointed Clerk of the Board of Supervisors for 1979, at a salary as set by the Finance Committee. There being no further nominations, Mrs. Jurhs was unanimously appointed Clerk.

Recessed at 10:10 a.m. for the Chairman and Clerk to take their oath of office.

Reconvened at 10:20 a.m.

Privilege of the floor was granted to the Commissioner of Social Services. Mr. Klapper requested that the position of Coordinator of Child Support Enforcement be created at the Grade B Supervisor level. Mr. Klapper informed the Board that the request was being made to comply with a directive from the Director of the State Office of Child Support Enforcement and the Director of the Bureau of Local Financial Operations, who have, with a state evaluation and monitoring team, assessed the effectiveness of the county's program. It has been determined that combining the functions of IV-D and Child Support Collections units into one unit to be named the Support Enforcement and Collection Unit would more effectively interrelate the program.

RESOLUTION NO. 1

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION CREATING POSITION IN THE ORLEANS COUNTY SOCIAL SERVICES DEPARTMENT

RESOLVED, pursuant to the request of Jerim Klapper, Commissioner of the Orleans County Department of Social Services, by letter dated December 28, 1978, there is hereby created in that department the position of Supervisor Grade B - Coordinator of Child Support Enforcement.

January 2, 1979

Orleans County Board of Supervisors  
Court House  
Albion, N.Y. 14411

Gentlemen:

This is to inform you that Mrs. Lois Klatt has been appointed  
Deputy County Treasurer.

Mrs. Klatt shall act at my pleasure and shall perform such  
duties as may be assigned to her. Also, during the temporary  
absence of the Treasurer, she shall act as the Treasurer.

Thank you for your continuing cooperation in this matter.

Very truly yours,

  
Mary B. Basinait

Petition with approximately 392 names, reading as follows:

"We the undersigned, as residents and/or taxpayers of Orleans County, endorse Richard A. Wentworth for the position of Director of the Orleans County Office of Natural Disaster and Civil Defense to become effective in January 1979."

Order of the State Comptroller made on December 28, 1978 granting permission for the establishment of Oak Orchard Small Watershed Protection District in said county which order has been filed with the Clerk.

The County Attorney explained that one of the next steps in the process would be the appointment of a joint Orleans-Genesee County Committee or Board to administer the District.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that the Director of Real Property Tax Service and any member of the Board be authorized to attend, at county expense, the public hearing on proposed 1979 agriculture values to be held by the NYS Board of Equalization and Assessment at Genesee Community College on January 23, 1979.

Adopted 372 ayes; 0 nays; 0 absent.

Letter from DOT re: Replacement of Bennett's Corners Road Bridge, dated December 28, 1978. The Board was advised that DOT is presently studying the evidence submitted at the public hearing to determine the feasibility of a grade crossing at this location. A formal DOT decision will be made in the near future.

Supervisor Piedimonte thanked the Board for their support in this matter.

It was moved by Supervisor Nayman and seconded by Supervisor Bane that the County Highway Superintendent and the Highway Committee of this Board be authorized to attend the County Highway Superintendent's Association meeting in Albany on January 22, 23, 1979, at county expense.

Carried.

Notice of Open House at the County Extension Building on January 4, 1979.

Presented the 1978 Annual Report of the Orleans County Sheriff. Clerk directed to have printed in the 1978 Proceedings.

In addition, there shall be two voting ex-officio members of the Oak Orchard Administrative Board, one of whom shall be the Chairman of the Orleans County Soil and Water Conservation District and the other shall be the Chairman of the Genesee Soil and Water Conservation District. The members shall be appointed from each County for a term of two years and be it

FURTHER RESOLVED, that any qualified member may succeed himself and herself; and be it

FURTHER RESOLVED, that all members shall serve without pay except that any member may be reimbursed for actual expenses paid by the member in connection with carrying out the work of the Oak Orchard Administrative Board; and be it

FURTHER RESOLVED, that a quorum for the purpose of conducting business shall consist of seven members and any action or determination made shall require the affirmative vote of not less than six members; and be it

FURTHER RESOLVED, that the Oak Orchard Administrative Board shall and it hereby is authorized to enact its own by-laws, determine such offices as it may deem appropriate and elect officers thereto; employ a secretary with a salary or hourly rate to be determined by the Oak Orchard Administrative Board and to conduct such other business as may be necessary and appropriate to the purpose for which the Oak Orchard Administrative Board is established; and be it

FURTHER RESOLVED, that the Oak Orchard Administrative Board shall on or before October 1 of each year submit its budget for the following calendar year to the Genesee County Legislature and to the Orleans County Board of Supervisors, unless there shall be changes, additions or deletions to the said budget by concurrent resolution by the Genesee County Legislature and the Orleans County Board of Supervisors on or before December 1, then such budget shall become the budget for the next calendar year of the Oak Orchard Administrative Board; and be it

FURTHER RESOLVED, that the expenses of the establishment of the District, the cost of the improvements and the expenses of maintaining and operating the District shall be assessed upon the lands lying within the District and collected from the several parcels in the same manner and at the same time as other County charges in accordance with Section 271 of the County Law of the State of New York. That the assessments so collected shall be disbursed to the Oak Orchard Administrative Board by the respective County Treasurers of the Counties of Genesee and Orleans, on a regular basis and in proportion to the total District assessments in each of the Counties. In the month of January each year, the Oak Orchard Administrative Board shall provide the County Treasurer of each of the Counties and the governing body of each of the Counties with a statement of receipts and disbursements for the preceding calendar year; and be it

FURTHER RESOLVED, that before this resolution shall become effective, the Genesee County Legislature shall pass a concurrent resolution.

Upon being put to a vote, the foregoing resolution was unanimously adopted.

#### RESOLUTION SETTING SALARY FOR DOG WARDEN FOR 1979

RESOLVED, that the salary of the Dog Warden be set at \$9,981.66 per annum, effective January 1, 1979.

Adopted. 351 ayes; 0 nays; 1 abstention, Supervisor Bennett (21); 0 absent.

Supervisor Bennett requested that he be allowed to abstain from voting because the Dog Warden is his uncle.

Supervisor Piedimonte reported that Dr. Houck of Albion Central School informed him that that school will not be having driver education courses. Those wishing to take driver education will go to Genesee Community College. Supervisor Piedimonte informed the Board that the County would have to pick up the cost which would amount to about \$20,000. There is a possibility that the school would pick up a 1/3, the parents a 1/3 and the County a 1/3 of the cost. Supervisor Piedimonte suggested that perhaps the cost of the Community Colleges should be charged back to the towns.

Supervisor Shenck suggested that perhaps a grant could be obtained through the Traffic Safety Board to have driver education classes for all the people in the county. The County Planner said it would seem to be a clearly eligible activity for the Traffic Safety Board and that he would look into it further. It was also suggested that Mr. Tirsch investigate the possibility of getting funds through the Division for Youth to pay for driver education classes for those under 21.

Supervisor Piedimonte presented a list of salaries for CAC which were slotted by Mrs. Bower at CAC's request. After discussion it was determined that the salaries in question were for CETA staff. Referred back to the CETA committee.

Supervisor Bennett requested that the following resolution which was tabled at the January 18th meeting be removed from the table:

RESOLUTION SETTING SALARIES FOR ADMINISTRATIVE STAFF OF CETA

RESOLVED, that the following salaries for the Administrative Staff of CETA be approved for the year 1979:

<u>Title</u>	<u>1978</u>	<u>1979 Step and Grade</u>	<u>1979</u>
Director	\$12,900	6/7	\$13,643
Administrative Asst.	8,500	*	9,000
Counselor Coordinator	9,637	3/3	10,317
Counselors	8,200	1/2	8,883
Fiscal Officer	8,500	*	9,000
Account-Clerk-Typist	7,306	5/2	8,006
Clerk-Typist	6,858	3/2	7,558

\*\$500 increase for all Administrative Personnel

Supervisor Dudek read a letter of resignation from Lu Ann Howe, Counselor-Coordinator for CETA. The letter read in part, "I, therefore, submit my two week working notice effective today (2/21/79). At the end of my two weeks, I then request my vacation time. I would further request a six month leave of absence without pay. This six months will give me a chance to decide if more money and teaching opportunities outweigh my desire to stay with this agency. I have talked over the leave of absence with the other members of our staff. They agree that with the cutbacks we have sustained, they could easily divide up my work and still maintain their own caseload as well."

The Board discussed the above. It was felt that the policy is that no leaves of absence be granted to CETA employees.

Supervisor Bennett introduced the following resolution. Supervisor Dudek made a motion that the resolution be tabled, seconded by Supervisor Bane. Motion was defeated. 77 ayes, Supervisors Dudek and Bane voting aye; 295 nays; 0 absent.

#### RESOLUTION TERMINATING AGREEMENT BETWEEN COUNTY AND COMMUNITY ACTION

WHEREAS: The County of Orleans has the responsibility for operating an organized and well administered CETA program, and

WHEREAS: The County of Orleans is ultimately accountable for all aspects of the CETA program, including programatic and financial functions, and

WHEREAS: The complexities and the size of the CETA program have greatly increased and departmentalization under the County structure would insure better communication, control and accountability, and

WHEREAS: The Orleans County CETA program and the Orleans County Civil Service could better coordinate their services under the same structure, with the same personnel rules and policies, and

WHEREAS: The County has made provisions for including the Orleans County CETA program in the new County Office Building, and

WHEREAS: The CETA program has the staff to carry on program operation so it should not significantly burden the Orleans County Treasurer's Office, and

WHEREAS: The sub-contract agreement with the Orleans Community Action Committee to administer the CETA program is outdated and makes for a cumbersome relationship between the County and their CETA Director;

THEREFORE, BE IT RESOLVED, The County of Orleans terminate its agreement with Orleans Community Action Committee in regard to the Administering of the Orleans County CETA program, and be it

FURTHER RESOLVED, the County of Orleans directly assume the sole responsibility of Administering the CETA program by the creation of a Job Development Bureau, and be it

FURTHER RESOLVED: That the above action be accomplished by June 30, 1979 and continue as long as Federal funds are made available.

Adopted. 327 ayes; 2 nays, Supervisors Bennett (21) and Swiercznski (24); 0 absent.

RESOLUTION IN OPPOSITION TO ARBITRARY REGULATION OF COUNTY JAILS BY  
STATE COMMISSION OF CORRECTIONS

WHEREAS, the Inter County Association of Legislative Bodies of Western New York, on January 18, 1979, did go on record in opposition to arbitrary regulation of county jails by the New York State Commission of Correction, with which the Orleans County Board of Supervisors is in wholehearted agreement, and

WHEREAS, the New York State Commission of Correction has adopted rules and regulations for operation of county jails in regard to security supervision and recreation of prisoners, and under such rules and regulations many jails operated by counties in Western New York have received mandates from the Commission of Corrections ordering additional staffing of the jails by additional correction officers, and

WHEREAS, local analysis and consideration of the need for such additional security and recreational opportunity can be provided without the additional staff as directed by the Commission of Corrections, and

WHEREAS, the addition of five to eight correction officers per county in Western New York results in additional costs of approximately \$100,000 per county, all of which is a direct burden on the taxpayers of such county, without state or federal aid. Now, therefore, be it

RESOLVED, that the Orleans County Board of Supervisors is opposed to the mandates of the State Commission of Corrections relating to staffing requirements in any county jail; also any additional costs incurred by mandates regarding jail operations should be funded by the State of New York, as recently ordered by such mandates, and be it

FURTHER RESOLVED, that the determination of staffing requirements be the basic responsibility of the elected Sheriff of the County, and be it

FURTHER RESOLVED, that certified copies of this resolution be forwarded to Governor Carey, Lt. Governor Cuomo, Senator John Daly, Assemblyman Stephen Hawley and the State Commission of Correction.

RESOLUTION SUPPORTING ASSEMBLY BILL NO. 1115

WHEREAS, the New York State Assembly passed an act to amend the tax law in relation to authorizing cities and counties to reduce the sales and use tax rate on certain energy sources and related services in certain cases; and

WHEREAS, Assembly Bill #1115 provides cities and counties with the option to establish a separate sales and compensating use tax on certain energy sources and related services used for residential purposes; this specific rate may be imposed at 3%, 2%, 1% or zero percent, and

WHEREAS, the specific energy sources and related services subject to the separate rate are fuel oil (excluding diesel motor fuel) coal, propane, (except when sold in containers of less than one hundred pounds), natural gas, electricity, steam and natural gas, electric and steam services utilized for residential purposes; wood also included but restricted to residential heating purposes;

NOW, THEREFORE, BE IT RESOLVED, that this Orleans County Board of Supervisors approves and supports Assembly Bill #1115, and

BE IT FURTHER RESOLVED, that the Clerk of this Board forward copies of this resolution to Hon. Hugh Carey, Governor of the State of New York; Senator John Daly, Assemblyman Stephen Hawley; Senator Warren Anderson, and Assemblyman Robert D'Andrea.

REGULAR MEETING  
Thursday, March 22, 1979

The meeting was called to order at 8:00 p.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Richard Laskowski, NYS Division for Youth. Mr. Laskowski commended the county on being the only rural county using its eligibility funding. He also informed the Board that Bruce Smith had been designated as the outstanding rural youth board chairman and Robert Tirsch as the outstanding rural youth board director. Chairman Kubatek said that the county should be very proud of these achievements.

Privilege of the floor was granted to Robert Balcerzak, P.E. Mr. Balcerzak presented preliminary plans for the interior design of the new county office building. The committee appointed by the Chairman and the department heads who will be moving into the new building had input into the layout for their departments. The offices of Civil Service, Veterans, Office for the Aging and Self Insurance wanted separate offices for their clerical rather than the common reception room which had been suggested. After discussion the Board felt that the plan should be changed to have the common reception room for those departments.

Mr. Balcerzak told the Board that it will take approximately eight months to design the plans and let bids.

Supervisor Swiercznski told the Board that he felt that Social Services should be on the first floor to insure better security.

The plans call for the Health Department and Community Services to move into the space vacated by the Social Services Department. Renovation of this space would be on a separate contract and would take place after the Social Services Department moves into their new quarters.

RESOLUTION NO. 110

By Supervisor Nayman, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION ADOPTING THE PLAN FOR THE INTERIOR LAYOUT OF THE NEW COUNTY OFFICE BUILDING

RESOLVED, that the plan for the interior layout of the new County Office Building as herewith presented, be amended to change the portion to be occupied by the offices of the Civil Service, Aging, Veterans Service and Self-Insurance, to include a common reception room, and be it

FURTHER RESOLVED, that this Board of Supervisors does hereby adopt the plan for the interior of the new County Office Building, as amended at this meeting.

Adopted. 348 ayes, 1 nay, Supervisor Swiercznski (24); 0 absent.

Privilege of the floor was granted to Glenn Cooke, Executive Director of the Regional Planning Board. Mr. Cooke brought the Board up to date on the accomplishments of the Regional Board during 1978. He informed the Board that 701 monies will help to keep the county contributions at the same level as 1978. He expressed appreciation to the Board for their support and particularly to Chairman Kubatek for his attendance at the executive council meetings.

The Clerk presented the following communications:

Letter from Department of State that Local Law No. of 1979 was filed in that office on March 12, 1979.

Letter from Ashley R. Ward, Coordinator, Housing Assistance Section 8 Program, dated March 6, 1979. Mr. Ward informed the Board that 292 pre-applications have been received to date; 34 applicants have been interviewed and 24 certificates issued; 16 contracts have been signed with landlords.

Geoffrey Astles told the Board that since that letter was written there have been 6 more contracts signed and that all of these have been for senior citizen housing.

RESOLUTION SUPPORTING ENACTMENT OF WELFARE LIMITATION IN NEW YORK STATE

WHEREAS, the high cost of government in New York State, as measured by the level of taxation, continues to be cited by industries which close, or move to other states, as a primary contributing factor in decisions to relocate; and

WHEREAS, the gross per capita tax level in New York State also is cited by those businesses remaining here as a major deterrent to full economic recovery; and

WHEREAS, the primary governmental cost in New York State involves mandated public welfare and medical assistance programs which account for approximately half of the gross budgets of the county governments in New York State; and

WHEREAS, the level of mandated benefits for recipients of public assistance in New York State are substantially higher than in comparable industrialized states, resulting in the highest burden on tax revenues for this major program category in New York State compared to other states; and

WHEREAS, the State of New York has a responsibility to its residents and taxpayers to bring welfare costs under control, reducing such costs to levels more closely related to other major industrialized states so that New York's tax level will be more competitive; and

WHEREAS, the enactment of previously introduced legislation, Senate 4089-B and Assembly 6383-B, the Welfare Limitation Act of 1978, would accomplish this reduction of New York State's basic monthly need for eligible recipients of public assistance over a two year period to the average level applying in the States of California, Connecticut, Illinois, Massachusetts, Michigan and New Jersey; and

WHEREAS, such reduction in welfare benefits would have a major beneficial effect on the tax burdens for state and local governments, while still providing reasonable assistance for persons in need; now, therefore, be it

RESOLVED, that the Orleans County Board of Supervisors hereby requests the New York State Legislature and the Governor to file and enact a Welfare Limitation Act of 1979 to provide immediate relief to both state and county taxpayers by limiting public assistance payments to a more reasonable level related to those existing in six comparable industrialized states.

Thursday, April 5, 1979

The meeting was called to order at 10:00 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were present except Supervisor Whipple who arrived at 10:15 a.m.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Robert Scott from the NYS Dept. of Environmental Conservation office in Avon. Mr. Scott works in the Regulatory Permits and Environmental Laws Section of that office. Mr. Scott presented the members with copies of the State Environmental Quality Review Law and a Local Guide to the Rules & Regulations. He explained some of the terminology used - such as SEQR - is a procedure for examining environmental impacts and establishes a coordination with other agencies and organizes the procedure for review of a major project. Its use is for making an informed decision which would consider cost, the benefits, economic impact, etc. He explained the use of several of the forms found in the booklets and how to determine if an impact statement is required.

The County Attorney told the members if their towns had a SEQR law it could be brought into compliance with the new law. It was not clear whether or not the rules had to be adopted or if the municipalities can just operate under the State rules and regulations.

Privilege of the floor was granted to Geoffrey Astles, Planning Director. Mr. Astles informed the Board that under the EDA grant for the new County office building, one of the functions required is a private audit of the funds. Requests for proposals for this audit have been received from three firms, Mr. Astles recommended the low bidder, Clarence Rainess & Co. of Buffalo, N. Y.

Board of Supervisors  
Court House  
Albion, New York 14411

Gentlemen:

This committee, convened by Judge Miles, has been meeting regularly for three months to address the problems of youth on a coordinated basis. In the creation of a Youth Officer, we the undersigned fully support the creation of this position by the Board of Supervisors on the basis of the needs established as follows: a high level/increase in youth crimes, increase in crimes of violence, increase in number of arrests, increase in automobile accidents involving young people, increase in child abuse, increase in use and abuse of alcohol and drugs, increase in teenage pregnancies, increase in suicide and suicide attempts, increase in "detached youths" 16-18, increase in school dropouts, increase in run-aways.

We, as a committee supporting Sheriff Green, believe that a Youth Officer transcends any political consideration and would be able to provide the essential skills and knowledge to prevent, intervene, and advocate for youth for the common interest of the citizens of the county.

We feel that intervention by such a Youth Officer can utilize effectively, existing county services and help keep youth in the community as lawabiding citizens and prevent costly institutionalization.

A Youth Officer could result in a savings to the taxpayers if only one youngster were kept out of institutional care for one year. We further believe that a Youth Officer working in crime prevention would be an effective deterrent to crime.

Respectfully submitted,

Sheriff Green told the Board that for the past three months every other week, the committee has been meeting to discuss the concerns and the problems of the youth. After discussing the many problems the committee feels that a youth officer is a necessity for the county to help solve the problems of youth.

Mr. Green told the Board that Judge Miles has made arrangements for Sgt. Richard Bliss a member of the Sullivan County Sheriff's Department Youth Division to address the Board today.

Sgt. Bliss was granted the privilege of the floor. He explained how the Sheriff's Youth Division in Sullivan County is run - there are three persons on its staff. He said that his department provides services to the Family Court which no other area can supply. They provide a lecture service on many topics. He said that they work very closely with the school districts in Sullivan County. In a lot of districts the truancy rate has been lowered with a resultant saving to the taxpayers. His staff teaches drug abuse and first aid courses.

Sgt. Bliss congratulated Orleans County on the cooperation between departments which he has witnessed during his visit. He said the county is saving money on that alone.

Sgt. Bliss discussed some aspects of the new juvenile laws and the problems connected with administering them. He teaches juvenile law to the police agencies in Sullivan County. Judge Miles expressed concern that the police officers in Orleans County do not always understand the law and cases may be lost because the arresting officer does not do the job properly.

Supervisor Dudek pointed out that we have agencies within the county that deal with drug abuse, planned parenthood, there is the youth bureau, and they are still not accepted and their programs are not accepted in many of the school districts. He told the Board that we have the tendency that whenever a problem exists of creating something new. That this same project might be accomplished by using somebody within an existing department. That it is just a question of priorities.

After further discussion, the request was referred to the Judicial and Public Safety Committees for recommendation.

Privilege of the floor was granted to William Larsen, P.E., and members of his firm. Mr. Larsen explained that his purpose for appearing before the board was to present the conclusions on the county-wide water study and on whether or not the county should pursue the sewer study plan.

Mr. Larsen said, "Keep in mind that what we set out to do last November was to attack the water problem from a county basis. In other words we said that we were working through you as a Board of Supervisors and not as individual town supervisors. The bottom line is - we can not seem to develop any kind of legal system that is economically feasible. It really would depend on the Villages of Albion and Medina perceiving that there was something in it for them and also requires encouragement on a county level."

Mr. Larsen and his associates then discussed the study and told the members that copies of the report would be forthcoming shortly.

Mr. Larsen and the Board discussed the possibility of doing a county-wide facilities sewer plan. After having meetings with DEC it appears that the only way the county wide sewer plan would be feasible would be with a "massive infusion of monies from the federal government".

Kendall, Shelby, Barre and Ridgeway have already started plans for a sewer study plan for their towns. A county-wide plan would cost \$100,000. Facilities plan funding is 75%. Mr. Larsen pointed out that the per cent paid by DEC would be the same whether on a town or county level. Mr. Dudek told the Board that DEC is waiting to find out what the county intends to do before proceeding with the town requests.

It was moved by Supervisor Bennett and seconded by Supervisor Dudek that Orleans County authorize a sewer study plan for the County of Orleans.

After discussion, the motion was defeated 72 ayes, Supervisor Kubatek voting aye; 300 nays; 0 absent. The Clerk was instructed to notify DEC of the defeat of this motion.

Adjourned for lunch at 12:30 p.m.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Nayman read a letter from Robert F. Balcerzak, P.E., dated April 3, 1979, which read in part as follows:

"Under separate cover I have submitted to you my interior layout design and cost estimates for completion of the new office building.

The next step in the process is to proceed with the final design of the interior finishing, mechanical and electrical systems. To accomplish this the County should contract for professional services from an Architectural or Engineering Firm and move the project to bid stage this Fall.

I request the consideration of the Board of Supervisors to retain me as your consultant to complete the project. Since I do not feel qualified to design mechanical and electrical systems, I propose that the County retain me to design all General Construction Work at a basic fee of eight percent (8%) and appoint me to act as the County's Administrative Engineer at a fee of one percent (1%) of all mechanical and electrical contract designed by another consultant at a basic fee of seven percent (7%).

In the name of the County I have solicited a total of seven qualified mechanical-electrical consultants. Replies were received from four and I recommend the County retain the services of Alex Daoud-Mardini of Grand Island as their mechanical-electrical consultant."

Supervisor Nayman stated that the percentage fees suggested are "pretty well common for the industry and professional service does not have to be bid".

Mr. Nayman presented projected cost estimates prepared by Mr. Balcerzak. The total budget project completion cost is estimated at \$1,380,816.00. This figure does not include estimates of legal service, interest on interim financing, bond advertising and sale, building insurance during construction, moving expenses or remodeling expense of the existing Social Services Building. Also presented was a completion timetable; if the final design contracts are awarded in April, the estimated final completion and County occupancy date of the new building is September 15, 1980.

Supervisor Nayman said that the estimates are up-dated to include what the cost would be at bidding time - October 15th. It is hoped that this will cover the cost of inflation.

Supervisor Nayman moved that the county contract with Mr. Balcerzak for design work of all the general construction work at a basic fee of 8% and appoint him to act as the county's engineer for 1% of the mechanical and electrical design contract and that the mechanical and electrical contract be assigned to another consultant for a basic fee of 7%. Seconded by Supervisor Bane.

Supervisor Piedimonte suggested that the item for general construction sitework estimated at \$119,000, could perhaps be eliminated by using the employees of the Highway Department. He said, "we have men of our own who can do that and build sidewalks - I can't see why we have to spend that kind of money."

After further discussion of this item, Supervisor Piedimonte moved to table the motion.

Supervisor Dudek, "I would like the minutes to reflect and I again refer to the Building Committee a request to consider the entrance to the building. In the designs that were presented today it appears the parking is going to be to the south or to the west of the building and the main entrance is designed to be in the front. It causes me a great deal of concern that with the weather you will be walking from a long ways around to get into the building. There will be motor vehicle, social services and so forth and some people really shouldn't have to walk that far if the building is designed properly. Using that west end - maybe we should redesign that area if it needs to be done but it should at least be considered now."

Supervisor Nayman, "I would like to speak to that - right now we are not concerned with the situation of security but at some time we will be and I think it is best to think of that now."

"Having one entrance the flow of traffic I think needs to be done for security and other reasons."

Supervisor Dudek, "If there was a central entrance it should be on the side with parking around it so that you would all be walking from one spot not having parking as far away as you can get from the building. All I am asking is that you consider the entrance to the building."

Supervisor Paduchak, "There would be no problem in having the south door the main entrance to the building. I am definitely against having the front of that building as a parking area. This is a building that is going to be there a long time and there is all the room in the world in back of that building for parking. This plan calls for parking space which is inadequate even for the employees. I can't see ruining a building by having a parking lot put right in front of it."

Supervisor Swiercznski, "Another thought - with motor vehicle in that building you should put in a drive-in window like they have in banks. A lot of business could be done right through a drive-in window. It could be designed like the one at Liberty Bank - you could save a lot of people a lot of time. If you are going into the building you should do things right and that wouldn't take much."

Supervisor Shenck, "I agree - I really don't care where the doors are, but I don't want to see any cars parked in front of the building. That should be a kind of showcase. It's the only county building we will build for a long time and it really should be dressed up and kept that way."

Supervisor Nayman, "Since we are very concerned with the outside and site work and those things - I don't care, you can design the parking lot in the back - I personally would rather see the parking in the back. I don't care for having the parking in the front of the building myself. Going with Stan's idea, everybody going from a central place, if the parking was in the back of the building this probably would fulfill your desires as well."

Supervisor Dudek, "That would solve the security problem of having the one main entrance in the back - just keep the front for executive or whatever. There is still time to adjust that - I don't think it is too late or that it is a major redesigning job."

Supervisor Paduchak, "No problem, just tell him you want to use the south door."

After further discussion, the motion to table was approved.

Chairman Kubatek appointed Mr. Carl R. Levandowski, Ridge Road, Albion, N. Y., as the Republican member of the Orleans County Alcoholic Beverage Control Board. Mr. Jesse Gillette whose term expired did not wish to be considered for the post. Mr. Levandowski's term begins May 1, 1979.

REGULAR MEETING  
Thursday, April 19, 1979

The meeting was called to order at 8:00 p.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were present, except Supervisors' Nayman and Dudek, who were excused.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Chairman Kubatek welcomed representatives of the Teen Age Republican Club. David De Fillips was granted the privilege of the floor. Mr. De Fillips spoke briefly and said, "Today more and more young people are being encouraged to participate in politics. The Teen Age Republican Club is one such group that involves teen agers between the ages of 12 and 20. These young people work in the promotion of Republican candidates. In doing so they gain an insight into problems in both state and local areas. This increased involvement helps create a more knowledgeable public and allows for more awareness in voting and other decision making policies. The TAR Club in Orleans County will this year, not next year, become more involved with the Republican Party's endeavors. They will also become more involved in promoting an increased awareness throughout the public."

Privilege of the floor was granted to Carri Blake, Director of the Office for the Aging. Mrs. Blake requested approval of a proposal for homemaker/home health aide services for people over 60 who are not now served by such a service. She told the Board that no county money would be involved in this service.

RESOLUTION NO. 150

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Whipple.

RESOLUTION AUTHORIZING AGREEMENT FOR HOMEMAKER/HOME HEALTH AIDE SERVICES

RESOLVED, that the Orleans County Office for the Aging be authorized to enter into an agreement with The Salvation Army for Homemaker/Home Health Aide Services for people over age 60 who are not eligible for other third party payment, at a cost of \$1,500.00, and be it

FURTHER RESOLVED, that said services will be 100% reimburseable with 90% being federal funds channelled through the State Office for the Aging and 10% being from the Salvation Army who is the service provider.

Adopted. 253 ayes; 0 nays; 119 absent, Supervisors Nayman and Dudek.

Privilege of the floor was granted to Robert Tirsch. Mr. Tirsch explained legislation introduced in the State Legislature by Assemblyman Hawley and Senator Daly which would increase the amount of state aid for each youth in the county from \$4.50 to \$10.50 and make a more equitable distribution of discretionary funds between rural and urban areas. After discussion the following resolution was passed urging support for this legislation.

RESOLUTION NO. 151

By Supervisor Swiercznski, who moved the adoption.

Seconded by Supervisor Piedimonte.

RESOLUTION SUPPORTING SENATE BILL S-5088 - THE COMPREHENSIVE PLANNING FOR YOUTH SERVICES

RESOLVED, that this Board of Supervisors goes on record as supporting Senate Bill S-5088 - The Comprehensive Planning for Youth Services, and urges the New York State Legislature to adopt this legislation, and be it

FURTHER RESOLVED, that the Clerk send copies of this resolution to Hon. Hugh Carey, Governor of the State of New York; Senator Warren Anderson, Senate Majority Leader; Hon. John Daly; Hon. Stephen Hawley; and the Pres. of Association of Youth Bureaus.

Adopted. 253 ayes; 0 nays; 119 absent, Supervisors Nayman and Dudek.

Privilege of the floor was granted to Stephen Heard, Administrator of the County Home and Infirmary. Mr. Heard requested approval of a proposal from Peat, Marwick, Mitchell & Co. to assist the county in complying with the state mandated manual for accounting in nursing homes. The proposal would also include training for the financial officer at the Infirmary. Mr. Heard explained that although the state has mandated this manual and accounting procedures, they do not have anyone to assist counties in setting up and training personnel in this procedure.

RESOLUTION NO. 152

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Whipple.

RESOLUTION AUTHORIZING AGREEMENT BETWEEN THE COUNTY AND PEAT, MARWICK, MITCHELL & CO.

RESOLVED, that the proposal presented herewith from Peat, Marwick, Mitchell & Co. to set up an accounting system and train the Financial Officer at the Orleans County Home and Infirmary, be accepted by this Board at a cost of \$5,000.00, and the Administrator of the County Home and Infirmary be authorized to execute said agreement in the name of the County of Orleans.

Adopted. 253 ayes; 0 nays; 119 absent, Supervisors' Nayman and Dudek.

Privilege of the floor was granted to Robert Balcerzak, P.E. Mr. Balcerzak presented the revised plans for the interior design of the county office building, including the parking area. As requested by the Board, the parking area and entrance to the building have been changed to the south side. Mr. Balcerzak told the Board that he feels that there should be a road around the front of the building to provide access for fire protection, moving equipment, and to improve the traffic flow. The Board discussed Supervisors Swiercznski's proposal of having a drive-in window for the motor vehicle department. The consensus of opinion was that it would be too expensive. Insulation for the building was discussed; Mr. Balcerzak said that the insulation would meet New York State requirements, which are quite stringent.

Supervisor Paduchak told the Board that the Building Committee had

talked to the County Highway Superintendent about the suggestion that the Highway Department could put in the parking lot. Mr. Johnson said they could do it but that it would have to be done when they weren't working on other projects.

After further discussion of items such as sewer hook up, possible funding and completion dates, Chairman Kubatek requested that the motion tabled at the April 5th meeting be removed from the table.

RESOLVED, that unanimous consent be granted to pay these claims and the Clerk and Highway Superintendent be directed to draw demand orders on the County Treasurer in payment of said claims.

Adopted. 372 ayes; 0 nays; 0 absent.

Supervisor Swiercznski reported that he had checked into the solar energy project at the "Brick Wall" and determined that no Orleans County CETA personnel were being used.

Supervisor Dudek requested that the Community Action Committee get a list of all properties that were winterized under the project run by CAC during the last three years.

It was moved by Supervisor Swiercznski and seconded by Supervisor Bane that the meeting be adjourned. Carried.

Adjourned at 12:25 p.m. until May 17, 1979 at 8:00 p.m.

REGULAR MEETING  
Thursday, May 17, 1979

The meeting was called to order at 8:00 p.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to a representative of the Village of Albion Board who requested a 100% exemption on the Village Sewer Plant.

When asked why the exemption was being requested, the answer was, "For the same reason I gave last year. I presume that due to the increased cost and the large amount of tax dollars that the county would derive from the taxation of the sewer plant, and the cost to the Village, we would certainly appreciate the 100% tax exemption."

The Board discussed whether or not other municipalities were being taxed for sewer plants. Supervisor Dudek suggested that the County should undertake a study on just how public utilities are taxed by the County. He told the Board that he felt that there are differences from town to town depending on what a town does.

The Clerk read the following resolution from the Gaines Town Board:

"At the Town Board meeting on May 8, 1979 Resolution was made by John Carr and Seconded by Arnold Roth setting the taxable amount at \$680,000.00 for 1979-80 for the Village of Albion Water Treatment Facility. Carried Unanimously."

Supervisor Swiercznski informed the Board that the assessors books must be completed in the next few days. He also stated that the County paid \$2710.00 in sewer tax for the Court House and Jail and close to \$5000 for the County Infirmary. And that the Village also receives \$194,000 in sales tax. He informed the Board that the Albion School District gave the Village a 100% exemption on the plant but that the Village granted the school district 100% relief from the sewer charge.

Supervisor Swiercznski moved that the county concur with the Town of Gaines assessment. Seconded by Supervisor Bennett.

Supervisor Paduchak asked why the Village waited until the last minute to request the exemption. He stated that he did not think the Village officials were being fair to the Board in asking them to make up their minds to such a matter without preliminary correspondence or information.

The Board discussed the matter further and adjourned briefly to determine if the County could take action on this matter.

After the meeting reconvened, Supervisor Dudek reported that he had talked to the Director of Real Property and was informed that May 1st was the last day for filing exemptions. That for the coming year the assessment will be the same as the Town of Gaines assessment, which is \$680,000.00.

The County Attorney told the Board that, "It is my opinion that any exemption granted by this Board would have to be done prior to the taxable status date, so that any action you take now would be insignificant. If you do take any action now, it would take affect at the next succeeding taxable status date, it means it would take affect in the year after, not this year's budget. So it is on the roll with the exemption that is granted by the Town of Gaines."

After further discussion, Supervisor Dudek moved to table the resolution to concur with the Town of Gaines until the Planning Committee can investigate the taxable status of water and sewer plants within the County. Seconded by Supervisor Nayman. Adopted. 348 ayes; 24 nays, Supervisor Swiercznski, voting nay; 0 absent.

Privilege of the floor was granted to Stephen Heard, Administrator of the Orleans County Home & Infirmary. Mr. Heard presented a proposal from Electronic Accounting Systems to process the required financial information at the County Home & Infirmary.

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Whipple.

RESOLUTION AUTHORIZING ADMINISTRATOR OF THE COUNTY HOME & INFIRMARY TO ACCEPT THE PROPOSAL OF ELECTRONICS ACCOUNTING SYSTEMS FOR PROCESSING FINANCIAL INFORMATION

RESOLVED, that Stephen T. Heard, Administrator of the Orleans County Home and Infirmary, be authorized to accept the proposal of Electronic Accounting Systems for the processing of required financial information mandated by the State of New York, at a cost of one time set up charge of \$816.30 and a continuing monthly processing charge of approximately \$546.00. This proposal is accepted with the understanding that the service may be discontinued by the County at any time.

Adopted. 372 ayes; 0 nays; 0 absent.

#### RESOLUTION NO. 176

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION AUTHORIZING AGREEMENT BETWEEN THE COUNTY AND PEAT, MARWICK, MITCHELL & CO. TO ASSIST IN PREPARATION OF IN-LIEU-OF RENT CLAIM

RESOLVED, that the proposal from Peat, Marwick, Mitchell & Co., dated April 13, 1979, to assist the Department of Social Services in preparing an "In-Lieu-Of Rent" claim at a cost of \$1,000.00, be accepted and the Chairman of this Board of Supervisors be authorized to sign said letter of agreement.

Adopted. 372 ayes; 0 nays; 0 absent.

Privilege of the floor was granted to Robert Tirsch. Mr. Tirsch introduced Mrs. Ann Reigle the new Chairperson of the Youth Board.

Mrs. Reigle addressed the Board and said, "I humbly accept the roll as Chairperson. I really hate to see Bruce Smith not carry on even though he is the vice-chairman. He has done a fantastic job. I started out with him in the beginning. He has a working understanding of the Youth Board that I don't have. All I do have to offer is a deep commitment and concern for the youth of our county. I have seen the Youth Board grow and grow in the past few years. A lot of that is due to you, your cooperation. It is my feeling that the youth are an important segment of our society and that our world tomorrow depends on what we do today. I really appreciate the cooperation that we receive from you. "

The Clerk presented the following communications:

Notice of conference on the new State Dog Law.

It was moved by Supervisor Paduchak and seconded by Supervisor Piedimonte that the Dog Warden, Sheriff and Committee be authorized to attend the conference on the new State Dog Law to be held at Erie Community College, June 4 - 5, 1979, at county expense.

Carried.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that all Supervisors be authorized to attend the Supervisors' and County Legislators' meeting at Saratoga Springs, N. Y., on June 24-27, 1979, at county expense.

Carried.

Privilege of the floor was granted to Charles Breuilly. Mr. Breuilly and Ron Miesner and Mark Heard explained the efforts a volunteer group have been making towards forming a volunteer ambulance service to serve the center towns of Barre, Albion, Gaines and Carlton. This ambulance service would be for emergency calls only. The people on the steering committee are all medical technicians, which means they have taken an 81 hour course and are certified by the State. Several of the women on the committee are registered nurses.

Mr. Breuilly described the type of operation they hope to run. It would be similar to the operation of the Ti-Town Ambulance Service which operates in Hartland-Middleport-Gasport areas. It is planned to cover the cost of operation of the service by having a \$10.00 membership fee per family. This would cover all family members for as many calls as required. There are approximately 6200 households in the center townships. There will have to be an initial cost of approximately \$27,500 to purchase equipment, etc. It is hoped that the subsidy of \$15,000 presently contributed by the towns to Midland would be granted. One of the biggest problems will be manpower. It is anticipated that it will take about 60 volunteers to keep the service running. Space to house the ambulance will be needed. It is hoped that an empty gas station or a similar building will be available.

A meeting will be held on June 11th at which the public will be invited. It is hoped that persons will volunteer to service in the group.

Supervisor Dudek pointed out that this meeting will be important to see if there is enough interest in having a volunteer ambulance service. The question of a license is also important, since Midland now has the license for this area.

Mr. Breuilly explained that a letter from the areas to be serviced needs to be sent to the Regional Emergency Medical Council. This would help in getting consideration for a license. The group will be meeting with the town boards concerned before the June 11th meeting.

It was moved by Supervisor Bennett and seconded by Supervisor Swiercznski that this Board send a letter to the volunteer ambulance group supporting their efforts, with the stipulation that if they get enough persons to volunteer, this Board will give their support. Supervisor Bennett amended his motion to include "volunteer ambulance service for the center towns, and that this Board would consider support after January 1, 1980, after they are established".

After discussion it was decided that the Board should have a resolution only supporting the concept of a volunteer service. No vote was taken. The County Attorney was requested to prepare a resolution on this matter to be voted upon at the June 7th meeting.

Privilege of the floor was granted to Robert Waters, representing the Armory Action Committee. Mr. Waters told the Board that the Armory group in Medina had an opportunity a few weeks ago to meet with Mr. James Anderson, Executive Director of the New York State Sports Authority. The Sports Authority was created by the Legislature and given bonding authority to lend money to various programs where it is needed. Mr. Anderson came to Medina at the invitation of Robert Tirsch, to see if his organization could be of help to the Armory Committee.

The Sports Authority is in a position to have performed a comprehensive study of sports, athletics and physical fitness as it would apply to an entire county such as Orleans. This is bigger than what the Armory Corp. is trying to do, therefore, we are telling you this is available. We would like to be a part of it. We think it has possibilities.

Following is a telephone conversation between Mr. Waters and Mr. Anderson:

"Question: Jim, let's look at this from a regional, county-wide viewpoint, can the study be set up to pin-point the needs of the entire county with its 38,000 population? And can it tell us the specific questions we want answered? Even considering that there may be other buildings or facilities in the county that should be considered for their potential use.

Answer: Sure, that would be the sort of information you'd get for the money. What you would have at the end of the study would be a county-wide sports and fitness resource plan. It would give you an idea of what you have, how you are presently using it, how you might be able to use it better to maximize the number of opportunities that the maximum number of people could take advantage of in both sports and fitness programming."

The study would take in all aspects of sports and physical fitness in the County. Types of buildings available, types of facilities needed. The cost would be \$20,000. It is suggested that if the Board is in favor of such a study they request the Legislature to include funding in their supplemental budget for this year.

Before the authority approves bonding for projects such a study would be needed.

RESOLUTION NO. 177

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Piedimonte.

RESOLUTION REQUESTING STATE LEGISLATURE TO INCLUDE MONIES IN SUPPLEMENTAL BUDGET FOR STATE GRANT TO ORLEANS COUNTY FOR RESOURCE PLAN AND STUDY

WHEREAS, the County of Orleans is interested in the possibility of conducting a county wide sports and fitness facilities resource plan and study; and

WHEREAS, the County has been informed of the potential for a New York State grant to conduct such study under the supervision of the New York State Sports Authority,

NOW, THEREFORE, BE IT RESOLVED, that Assemblyman Stephen Hawley and Senator John Daly request that a State grant in the Amount of \$20,000 be appropriated in the supplemental budget of the State of New York as grant monies to be allocated to the County of Orleans, which said monies would be utilized by the County of Orleans to conduct a sports and fitness facilities resource plan and study under guidelines and in cooperation with the New York State Sports Authority, and be it

FURTHER RESOLVED, that the Clerk of the Board of Supervisors be directed to send a copy of this resolution and cover letter to Assemblyman Hawley and Senator Daly requesting the appropriation in the supplemental budget.

Adopted. 351 ayes; 21 nays, Supervisor Bennett, voting nay; 0 absent.

The Clerk presented a booklet entitled "Community Action in New York State". This booklet was prepared by the Department of State.

SPECIAL MEETING  
Friday, May 25, 1979

A special meeting of the Board of Supervisors was called to order at 9:30 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present except Supervisor Nayman, who was excused.

The purpose of the special meeting was to reconsider the Village of Albion's request for a 100% exemption from county taxes on their sewage treatment plant; and to authorize the Clerk to pay insurance premiums to Albion Agencies, Inc.

County Attorney Young informed the Board that at the May 17th meeting he ruled that any exemption which might be granted by this Board would have to be done prior to the taxable status date, which is May 1st. Since then he has talked to the State Department of Equalization and Assessment and they informed him that a municipality can grant an exemption after the taxable status date. It is preferable that an exemption be granted prior to filing the roll which is June 1st. Such an exemption must be in writing by evidence such as a resolution passed by this Board.

The Clerk read the resolution adopted by the Gaines Town Board which was read at the May 17th meeting.

Supervisor Swiercznski expressed the opinion that the Board of Supervisors would be going against the wishes of the town board if they granted an exemption different from the one granted by the Town of Gaines.

Mayor Rodden spoke for the Village of Albion asking for relief from the county tax on the facility. By law, if the plant was within the village boundaries it would automatically be tax exempt.

The Economic Development Coordinator, Larry Witul, spoke in favor of the county granting the exemption. Mr. Witul pointed out that because of high water and sewer costs in the village, it is difficult to encourage business to settle in Albion.

Supervisor Dudek moved for Resolution No. 186; seconded by Supervisor Piedimonte.

Supervisor Shenck moved that the County grant 100% exemption to all municipal water and sewer plants in the county for county taxes; seconded by Supervisor Bennett. The amendment was ruled out of order because this is a special meeting and that was not on the agenda.

After further discussion, the following resolution was adopted.

RESOLUTION NO. 186

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Piedimonte.

RESOLUTION GRANTING 100% EXEMPTION FOR VILLAGE OF ALBION SEWAGE TREATMENT PLANT

WHEREAS, the Village of Albion has requested a 100% exemption for the County's portion of taxes existing on their new sewage plant which is located in the Town of Gaines and identified on the tax roll as Account No. 62.00-1-39; and

WHEREAS, it is felt that a reduction of the overhead costs to the Village of Albion by granting the assessment would better enable the County of Orleans and the Village of Albion to induce industry to locate or relocate in or around the Village of Albion; and

WHEREAS, it is the feeling of this Board of Supervisors that it would be in the best interest of the residents of the County of Orleans to grant the request,

NOW, THEREFORE, BE IT RESOLVED, that the Village of Albion be and it hereby is granted a 100% exemption from taxes assessed against their new sewage treatment plant identified on the County tax roll by Account No. 62.00-1-39.

Adopted. 237 ayes; 70 nays, Supervisors Bennett (21), Whipple (25), and Swiercznski (24), voting nay; 1 absent, Supervisor Nayman (65).

Paul Haines, Albion Agencies, Inc., was granted the privilege of the floor. Mr. Haines discussed various aspects of the county's insurance program.

RESOLUTION NO. 187

By Supervisor Whipple, who moved the adoption.

Seconded by Supervisor Shenck.

RESOLUTION AUTHORIZING PAYMENT OF INSURANCE PREMIUMS

RESOLVED, that the claim of Albion Agencies, Inc., for payment of insurance premiums in the amount of \$35,505.00, be approved for payment from the various accounts as indicated on the statement from Albion Agencies, Inc.

Adopted. 307 ayes; 0 nays; 65 absent, Supervisor Nayman.

Chairman Kubatek requested that the Planning and Development Committee work with the Economic Development Coordinator to study the recommendation on exempting all municipal plants from county taxes.

Adjourned at 10:50 a.m.

REGULAR MEETING  
Thursday, June 7, 1979

The meeting was called to order at 10:05 a.m., by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes from the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to the County Treasurer. Mrs. Basinait discussed the proposed takeover of the CETA program by the County. She informed the Board that plans have been made for the way payroll will be handled, revenues, etc. The County will have more control over the programs; there will be a good audit trail; after the computer is installed the payroll will be done by the County with reimbursement from CETA, until that time the payroll will continue to be done by a service bureau.

Mrs. Basinait pointed out that the major problem to be considered is the fact that there is no money in some of the CETA accounts, particularly the Summer Youth Program. Mr. Hancock has hired three people to administer the summer program and has transferred funds from one account to another to cover the payrolls. The auditors objected to this procedure previously and Mrs. Basinait stated that she would not consider doing this if the County takes over the program. The State will not be reimbursing the county on this program until after the funds are spent. Mrs. Basinait said she would like either a resolution setting aside money to front end the programs as needed or to delay the start of the takeover a month until the summer program is running.

Supervisor Piedimonte asked if this front ending would happen often and Mrs. Basinait answered that it probably would. The CETA administrative staff is paid from several accounts on a percentage basis; if there was no money in certain accounts they would either have to be laid off or work maybe 80% of the time and get paid accordingly. Mr. Hancock told the Board that in the FY-80 budget this would be changed so that there will be an administrative budget. He also stated that it takes between 6-8 weeks after a claim is submitted before any money is received from the State.

Because many questions have not been clarified concerning the takeover of CETA by the County, it was decided to have the committees meet again before the next Board meeting and come back with their recommendations.

Mrs. Basinait also briefly discussed the proposal from NYSAC concerning an insurance plan for non union county employees. After discussion the following resolution was adopted:

RESOLUTION NO. 188

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION AUTHORIZING CERTAIN ELIGIBLE EMPLOYEES TO PARTICIPATE IN  
NYSAC INSURANCE PLAN AT NO COST TO THE COUNTY OF ORLEANS

WHEREAS, Orleans County is a member of the New York State Association of Counties (hereinafter referred to as NYSAC): and

WHEREAS, employees of NYSAC counties who are members of public employee unions are offered opportunities under their respective union contracts to participate in group life and other group insurance plans and to obtain other related benefits thereby; and,

WHEREAS, NYSAC has contracted with Ter Bush & Powell, Inc. of Schenectady, New York, for insurance plans to be offered to certain eligible employees of member counties; and,

WHEREAS, an "eligible" county employee is defined as any officer or employee of a county, whether paid or unpaid, who is not a member of any public employee union, including members of any administrative board, commission or any agency thereof, and who is certified as eligible by the chief elected official of the county; and,

WHEREAS, it is deemed desirable and necessary to authorize voluntary participation by eligible county employees in said NYSAC insurance plan; now, therefore be it

RESOLVED, that Ter Bush & Powell, Inc., through NYSAC, is hereby authorized to disseminate information concerning the NYSAC insurance plan to all eligible Orleans County employees and upon presentation of authorization cards may bill the employee directly for said insurance until the proposed computer is in operation for payroll deduction of such premiums.

FURTHER RESOLVED, that this resolution shall become effective immediately.

Adopted. 372 ayes; 0 nays; 0 absent.

Privilege of the floor was granted to Robert Whitehouse, Resident Engineer with DOT. Mr. Whitehouse requested that the county consider the proposal from DOT for realignment of certain state highways in the County. The county request to DOT for them to purchase the portion of Route 31 from the County was rejected by DOT. The County expressed concern that taking over the Waterport bridge would in future years result in considerable expense to the county. After further discussion the following resolution was adopted:

RESOLUTION NO. 189

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Nayman.

RESOLUTION REJECTING JURISDICTIONAL REALIGNMENT OF HIGHWAYS BY THE  
STATE OF NEW YORK

WHEREAS, New York State Department of Transportation has proposed a highway jurisdictional realignment which would transfer Route 31A from Orleans County to New York State in return for the transfer of Route 279 between Routes 98 and 18 and Route 387 between Routes 31 and 104 from New York State to Orleans County,

NOW, THEREFORE, BE IT RESOLVED, that the County of Orleans is not in favor of such a jurisdictional realignment; and be it

FURTHER RESOLVED, that the Clerk be directed to send a certified copy of this resolution to the New York State Department of Transportation.

Adopted. 372 ayes; 0 nays; 0 absent.

BE IT FURTHER RESOLVED, that copies of this resolution of Proclamation be sent to local, state and international Special Olympics Committees, Governor Carey, Senator John Daly, Assemblyman Stephen Hawley, Congressman John La Falce, U.S. Senators Jacob Javits and Daniel Moynihan, and President and Mrs. Carter.

Unanimously adopted.

The Clerk presented the following communications:

Letter from James Anderson, Executive Director, NYS Sports Authority, dated June 8, 1979, re: feasibility study. Mr. Anderson stated that "the Authority is limited to financing such facilities (Armory) which are proposed by a municipality or other public benefit corporation. The Authority's basic financial tool is non-recourse, revenue bonds. This means, among other things that any facility financed by the Authority must be capable of producing revenue to meet the capital and debt service cost."

Resolution from Soil & Water Conservation District opposing construction of rail spur through Orleans County to the NYS Electric & Gas Plant in Niagara County. Resolution from Albion Town Board opposing locating the railroad spur east of the Town of Albion to the Ho-Jack line in the Town of Carlton. The County Planner informed the Board that the Environmental Impact statements are filed in his office.

Letter from Arnold Gregory Hospital along with a copy of a letter from Midland Ambulance. The letter from Midland informed the hospital that "Midland Ambulance must ask that on any transfer from your hospital that is not a true emergency payment must be made before this service can be provided." The hospital requested guidance as to whether this policy is within the contract limits with Midland.

Supervisor Dudek reported that Midland requested an advance of over \$4,000 to pay a claim to Internal Revenue Service. The Public Safety Committee recommends against this advance.

Supervisor Bennett stated that regarding the policy set by Midland this is within their contract limits.

Letter from New York Snowmobile Coordinating Group requesting support from current legislation regarding return of fees to county's. Because the Legislature is in recess, the request was tabled.

RESOLUTION REQUESTING NYS GENESEE STATE PARKS COMMISSION TO COMPLETE  
PLANS AND CONSTRUCTION OF BOAT LAUNCH SITE AT POINT BREEZE

WHEREAS, the State of New York, Genesee State Parks Commission owns undeveloped property at the mouth of Oak Orchard River West Bank, and

WHEREAS, prior to salmonoid stocking, plans were made to construct a marina on said site which have not been implemented, and

WHEREAS, only one boat launch facility currently exists and said state owned property is the only other suitable site for such development, and

WHEREAS, private investments will not be made to improve existing facilities without commitment to construct planned marina by the state, therefore hindering substantial economic development, sport fishing, and recreational use of a valuable resource, and

WHEREAS, the harbor at Point Breeze is one of the finest on the southwest coast of Lake Ontario, attracting a great many people from Rochester, Buffalo, Toronto, and numerous other surrounding areas, and

WHEREAS, ownership of said land by the Town of Carlton would make it eligible for certain grant and loan money to begin development; however, state ownership precludes local action, and

WHEREAS, there can be state funds available in conjunction with the Dingell-Johnson Act and Heritage Conservation Recreation Service Grant-in-Aid, now, therefore be it

RESOLVED, that the State of New York Genesee State Parks Commission complete the planning phase, allocate the funds, and begin construction of the boat launch site known as Oak Orchard at Point Breeze, located on Oak Orchard River, Town of Carlton, in the County of Orleans, New York, and be it

FURTHER RESOLVED, that this Board does request the Genesee State Parks Commission to begin this work without further delay.

Letter from Community Action - re: Appeal to May 15, 1979 request, originally denied. This request was for a CETA Outreach position.

It was moved by Supervisor Nayman and seconded by Supervisor Shenck that a CETA Outreach Worker position be created for Orleans Community Action Committee, Inc.

Upon roll call vote the motion was defeated. 152 ayes; 220 nays, Supervisors' Whipple (25), Piedimonte (46), Kubatek (72), Dudek (54), and Bane (23) voting nay; 0 absent.

Letter of resignation from Geoffrey C. Astles, County Planning Director, dated June 21, 1979. Mr. Astles resignation will be effective July 27, 1979 at 5:00 p.m.

It was moved by Supervisor Bennett and seconded by Supervisor Piedimonte that Mr. Astles resignation be accepted with regret.

Unanimously adopted.

Supervisor Swiercznski stated that Mr. Astles has done a good job and we will miss him.

Supervisor Dudek stated that everyone has the same sentiments and wish Geoff the best.

Letter from William C. Lyman, Chairman Committee for a County Legislature, dated June 21, 1979. The letter read in part, "Our Committee urges you to postpone making a decision to proceed with such a Public Hearing.

The recent decision by Judge Kasler that the current Board is operating under an unconstitutional Weighted Voting Plan suggests that this Board should make only those decisions necessary to accomplish day-to-day business. Judge Kasler has also imposed a new constitutional interim County Legislature. It would be appropriate and in the best interest of all concerned to allow this new Constitutional County Legislature to devise a proposed plan or plans for a permanent form of County Government which would be adopted by the voters.

In the event you do decide to proceed with adoption of this law, we hope you will make it subject to a mandatory referendum. You will recall this was the tenor of your discussion before the Appellate Court and also Mr. Paduchak expressed the desire that the people decide in his statement before Judge Kasler earlier this week."

Supervisor Paduchak, "I would like to make one correction in his letter pertaining to me, Mr. Chairman. The phrase "my answer to the question from the attorney" and I wasn't able to elaborate on the answer by the attorney. I said that people should have an opportunity to vote on anything. And they do, but this, if anybody wants him for it, sometimes we weren't treated too fairly, I don't think, in Judge Kasler's court."

Supervisor Piedimonte, "was this computerized weighted voting defeated twice?"

Supervisor Paduchak, "No." Supervisor Nayman, "Once." Supervisor Piedimonte, "why do they keep saying twice? They brought it up in front of the judge twice."

Supervisor Kubatek, "they've gone on the basis of the 14-member which is also a computerized weighted vote."

Supervisor Shenck, "two different plans." Supervisor Kubatek, that was a compromise plan."

Supervisor Piedimonte, "The Judge says ours is unconstitutional. If anything his is unconstitutional in that seven member legislative plan five people out of seven conceivably could all come from the Village of Medina. How are five men going to run the whole thing when they come out of Medina. Four could even come from the Town of Ridgeway. I just can't understand how in the world they can say something like that is constitutional and then say ours isn't. At least the rest of us have got something to say here."

Supervisor Dudek, "I would just like to clarify another reference that was made in that letter and get the attorney to clarify it, but in his opinion Kasler ruled that this Board shall have all municipal powers under Municipal Home Rule Law, which means that we are not limited to only day to day activities, but all the powers invested with a legislature or a Board of Supervisors. Isn't that correct?"

County Attorney Young, "Yes. I'm going to report on this thing. I don't know how many of you have read this decision. What we are talking about, I will read the pertinent sections to you:"

"Therefore, this Court hereby declares that the current form of county government in Orleans County is unconstitutional in view of and because of the serious discrepancies existing with respect to the population and voting powers of several of the towns represented on the County Board of Supervisors.

It is hereby ordered that the current form of government in Orleans County remain in effect until January 1, 1980 at which time the representatives of a new interim form of government, elected in November 1979 shall assume all the duties and powers of the existing Board of Supervisors.

Additionally, it is hereby ordered that the new interim form of government which will take office on January 1, 1980 and pursuant to which election will be held this November is the Seven-Member Board of Legislators plan delineated in this Court's memorandum decision of September 28, 1978, pages nine - eleven. The County Attorney of Orleans County is ordered to immediately direct the Orleans County Board of Elections to immediately take the necessary steps to effectuate the aforesaid plan and to insure that the Primary election of September 11, 1979 and the General Election of November 6, 1979 be held in accordance with the aforesaid plan. A copy of the court's decision of September 28, 1978 is attached hereto and made a part hereof.

This plan is meant to be a temporary, interim plan and by imposing this plan, the court in no way suggests that it is necessarily the best plan for Orleans County, but only that it is a constitutional one. The court recognizes that reapportionment is primarily a legislative function and the government of Orleans County, be it the current one or the new, is in no way precluded from proceeding under the provisions of the Municipal Home Rule Law in order to implement a constitutional plan of their own. This Court will retain exclusive jurisdiction of this matter until such time as a permanent constitutional plan of representation for Orleans County is finally in existence and operating.

Finally, it is ordered that under the plan imposed by this court and pursuant to Sec. 10 (13 (b) of the Municipal Home Rule Law, candidates for this office of Town Supervisor within Orleans County shall be eligible to be elected as members of the county legislative body and to serve in both capacities if elected to both offices."

Mr. Young, "So what the court is saying, that the plan is unconstitutional they are referring to the proportionate plan - the one vote for each 100 residents or portion thereof in the towns. They are saying that this body can operate from now through the end of this year as they have been. That this body or any subsequent body that may govern the county has the right to adopt the constitutional plan legislatively for the reapportionment of the county.

The part that Mr. Piedimonte raises regarding the constitutionality of the Judge's plan, this was argued before him, and although he didn't refer to the arguments, he does determine that his plan is constitutional. That is a question that may have to be ruled on appeal if you do so decide to do that.

Also there is the question of the town supervisor running for legislator, the County Law prohibits that. The Municipal Home Rule Law permits it in a legislatively imposed reapportionment plan. The question would be, can a court in a judicial reapportionment supercede the County Law. And I spoke with the Board of Elections in Albany today on that question and they were concerned about that. They didn't feel that the court could, but again that would be a question that could be determined on appeal or it could be a question that would not be raised on appeal.

- It is interesting that the court in its most recent opinion incorporates by reference that the prior court order which was reversed by the Appellate Division. The Appellate Division reversal of June 9th of this year stated in part that "it is not the duty of the court to police the political effective legislature being proposed, plan of reapportionment. It is the people themselves either by changing their political representation at the ballot box or by striking down a plan in referendum, that should determine the political issues, not the court. The Appellate Division affirmed this body's ability and right to implement laws to govern themselves. This body being representatives of the people and they go through the separation of powers of the three branches of government and discuss those powers. And it is the power of the legislative or executive branch of government to adopt laws and the action that we have taken back on August 17th calling a public hearing was the necessary prerequisite to the adoption of a particular law which was under consideration. Since this decision of the Appellate Division- the affect of Judge Kasler's order of last September, was reruled and now can proceed to reschedule that hearing which had originally been called for August 17, 1978.

I quote that section of the Appellate Division ruling regarding political effect. There are quite a few political problems presented at this late stage of the year. Petitions to have candidates placed on a ballot for a county-wide office have to be circulated from June 19th through July 23rd and filed in the Board of Elections office between July 23rd and July 26th. These county legislators are county offices and both parties have to circulate petitions for this, be it the democratic party or the republican party or any other party. It is not an office that could be filled by caucus, you file petitions with the Board of Elections the same as you do with the County Clerk, County Treasurer, County Judge, and County Sheriff. That is distressing to the democratic party that selects their candidates for town supervisor in caucus after the primary filing dates.

We have a problem - if this decision is appealed, the judge can order a stay and a stay is just that. You stay the way you are, status quo, until the Appellate Division considers the question. I see great difficulties in planning things. If the action is stayed and the Appellate Division doesn't rule on it by July 23rd through July 26th, the political parties are left

with the decision of circulating petitions and filing them and the Board of Elections, to be very frank, would have to refuse them and take that issue up to the Appellate Division, because they have to start action with the Election Commissioners Office to determine whether or not these petitions should be accepted and whether the county office or county legislators could be elected under this order that has been stayed, as the result of the appeal.

So it is my firm belief that it will probably be necessary for the Appellate Division to reconvene itself during the summer months as opposed to waiting until the term in September to answer these questions. I cannot advise either political party to not do anything because you may get past the point of circulating and filing petitions and if the Appellate Division did affirm Judge Kasler's order then you would have blank spots on the ballot - blank spots for both parties, where no candidates would want to run for one particular office. It would be considered a county office which under the law is filled by Governor Carey and I know that might be very favorable to the democrats, I don't believe that is what the people in the county would necessarily want. Certainly, that is not giving the people in the county a chance to choose their representatives. So the decision although it seems very clear in what it says, implementation and ramifications of it are tremendous.

There has been some talk about the possibility of holding some special election on the proposed local law. Time for a special election is such that it is practically impossible to do that prior to the November general election. It is not possible for the county to call and hold a special election within 60 days after they adopt the law. And the procedure used by the Election Office following an election in clearing the ballot box and machines and to set up for the general election, does not allow that possibility. I think that is the part you asked about."

Supervisor Dudek, "I just wondered about the timeliness of doing it between now and the time the primaries are held in September."

County Attorney Young, "First of all, this cannot be put on the ballot for the primary. Because in a primary only registered voters affiliated with a political party can vote. The referendum on any county proposition would have to be opened to anybody registered to vote - whether they are registered blank, or what party. And it is impossible to put it on the primary ballot."

Recessed at 9:10 p.m., reconvened at 9:15 p.m.

Supervisor Swiercznski, "I'd like to make one comment on the letter that was written by Mr. Lyman. Each and every one of us was elected by the people of the district they represent. I call them districts - they are towns. Not much difference in the districts that they want to create - the representation. I don't know anybody that elected Mr. Lyman to anything. I don't know anybody that elected Mr. LaMont to anything and I resent their criticism that this Board should roll over and play dead. I represent the Town of Gaines, Mr. Bennett, Barre, and Mr. Bane, Yates, each and every one of us elected by a group of people - and a small minority, which I call a minority, are creating confusion which they say we are creating. I very, very much resent that. If they want to get involved, let them put their names up, get on the ballot and we will see where they stand."

Supervisors Nayman and Whipple, "I agree with that."

Supervisor Paduchak, "In the court procedure in this matter, I think I have attended everyone, going from Kendall, to Albion to Buffalo. If I were to sit in judgment of anyone trying this case, the interest this Board

has shown continuously by being present but yet on the other side of the aisle the man who was suing us, was in court one time. How much interest does that man have in this matter, if he didn't even have the time or the effort to come to court to see how his case is coming out. I just can't understand how justice is being meted out in matters like this."

Supervisor Piedimonte, "The judge stated there, and I am sure I heard right, and there are members here who were present. The judge made a statement and then he is telling us that we have got to go to a seven man legislature plan, said he has never been in Orleans County. He said - I don't know anything about Orleans County, never been there. Now how can a man sit up there in a judge's chair and tell us that he has never been in Orleans County and tell us what government we are going to have."

Supervisor Whipple, "That is a falsehood, because Judge Kasler has been to Orleans County. I attended a dinner right up here at Marti's about ten years ago and he was there."

Supervisor Paduchak, "Now here is a public official who is making a decision that has an impact, a great impact, on the County of Orleans, the same as this Board makes decisions and has an impact on the County of Orleans. And for him to make a statement that he'd be afraid to jump in the car and ride through Orleans County, I jump in the car and ride through Orleans County and I make decisions for the county and I've done that now for 20 years and I am still alive, thank God."

County Attorney, "It's interesting that the court states our present form unconstitutional and yet permits the 10 representatives to operate until the end of the year. The judge has before him a plan of weighted vote for the ten members which is the local law that you have introduced, that would make you constitutional. It is hard for me to conceive how he can order the present operation unconstitutional and not order you to operate under the weighted vote that he has determined to be constitutional."

It is also interesting that the court in no way suggests that this legislative plan is necessarily the best plan for Orleans County, only that it is a constitutional one. It bothers me that at no point during this process has he asked for what the Board, or the Reapportionment Committee or the Legislative group or interested citizens would feel would be a constitutional legislative plan. This Board knows, and the court has before it, my own reports, and the reports of the Reapportionment Committee setting forth different legislative plans that were considered, whittled down from a number of plans. It bothers me that there wasn't that kind of input requested of the people of the county. It's also, in making his determination of constitutionality, basically the objection to the proportionate plan that we are operating under and the computerized one is the deviation in the variances of the proportionate votes assigned to each of you.

As Mr. Papayanopoulos testified, he ran some 2000 different plans for the County of Orleans, the local law that we introduced was one of those, yet it was the decision of the court in 1977 that that was constitutional because that was the best one of those plans, the variances were minimized to that extent. Mr. Papayanopoulos testified on Friday, that he says if you consider the present weighted voting plan, in other words your 100 to 1 plan, as an interim plan, it is going to operate for a limited number of months or years, very few of those outcomes will actually hurt the outcomes which will make your vote critical in a particular situation. Therefore, the voting power will not be based on long-term averages. As an interim plan it will probably be no less accurate than the next plan, the approved weighted voting plan, that was mentioned and called computerized weighted voting, which appeared on page 21 of his report."

Supervisor Kubatek, "Who declared Judge Kasler's plan constitutional, the judge himself?"

County Attorney, "Yes."

Supervisor Kubatek, "The plan we are under is the plan Judge Kelly told us to go under, right? He must have felt that that was constitutional, at that time."

Mr. Young, "But that was never ruled on. It's been traditional in all reapportionment cases in the state, that what Judge Kelly did has been done in a number of counties."

It also bothers me that in 1980 we are going to have a census and the results of that census will come down in 1981 and that is why the testimony of Lee Papayanopoulos on how long would this next plan have to operate. It would be a short period of time before this county has to reapportion itself once again, following the 1980 census."

Supervisor Dudek, "I think that even before the census, which is next year, this is an interim plan and even if that seven man plan went into effect, one of their responsibilities right upon their being elected is to create a plan that is constitutional and acceptable to the public, isn't it. Prior to their duties, as Judge Kelly had done to us have the Board put together a plan, so even if it goes through, one of the immediate actions of the next legislature would be to try to put together some sort of constitutional plan that is acceptable to the public."

County Attorney, "That is correct. The judge in finding your present plan unconstitutional, referring back to Papayanopoulos' testimony - such rationale is more appropriately applicable to Justice Kelly's order in 1971, no doubt a large number of voting outcomes have occurred, which voters in Orleans County have in many instances been effectively disenfranchised with the respect to the operation of county government. To allow this situation to continue in the hopes that the current Board of Supervisors will effectuate a court approved constitutional plan in the near future will be unconscionable. The court had before it the proposed schedule of your adoption calling for a hearing on this local law."

It also bothers me the judge creating seven new political positions, and I say they are new, because they are definitely new. To do that, if this Board wanted to do that, to create positions like that, it would have to be voted on at a mandatory referendum by the people in the county. For the judge to do it without that bothers me.

If the Board wishes to appeal this matter, or take further action on it, the points I've just discussed ---"

Supervisor Piedimonte, "That judge was questioning witnesses and everything else up there. He was all one-sided."

Supervisor Bane moved that the county appeal. Seconded by Supervisor Nayman.

Supervisor Bennett, "I would just like to say that, I am the youngest one on this Board and quite often people think that young people always tend to overthrow the establishment, something of that thing, I was elected by the people in the Town of Barre to come down here to represent them. And I am proud to be able to represent the people from the Town of Barre. If I don't sit here and fight against a judge or anyone coming down here and man-

dating the citizens in my town, then there is no point for them to elect me to begin with, and I think it is time that we all get off the pot, and go to work this fall. I intend to visit every household in the Town of Barre and explain to the people the situation that we are in. I want them to know exactly where I stand, because when they go to vote in November, I don't want to be sitting here if they don't want me. They are going to know that I want to keep the current form of government. I am sure that the people in our town are going to be right there to support us, when something like this happens it reminds you of the Congo-Bongo in Africa with a coup d'etat - doesn't seem to me as though it can happen in Orleans County. I'm not going to sit here and let a judge throw a money wrench into the machinery."

Supervisor Nayman, "I think one thing we should remember here. We have asked many times before, who the taxpayers group are and various other groups. We have never received this answer. We have never received notice of when their meetings are. It appears we have about 10 people that are trying to confuse and make a royal mess out of the Orleans County government. I feel very strongly in this. I think we should appeal. I think it is time that we bring it right down to the wire and see what the answer is."

Supervisor Kubatek, "The other four judges again stated that Judge Kasler shouldn't have pushed this on us."

County Attorney, "The ruling was that the judge was interfering in the legislative process. Judge Kasler now acknowledges that and states that this body or any future body can go ahead and pass laws."

Supervisor Kubatek, "As Supervisor Piedimonte says - inasmuch as that plan would have to favor my area you know I still have to vote against it because I can not sit back and have a judge step in when it is not his duty to do so and tell us what we are going to do. I still think it is up to this body and to the people, not to a judge. I think the judge had better sit back and find out what their obligations and duties are. If we let the judge dictate to us, then we might as well take the American flag right down."

Supervisor Piedimonte, "Mr. Chairman, I'd like to thank you for your opinion of that. Because if I were sitting in your position, and I could control the whole county, I think I might want to go that way. Then I could have everything in this county for my town."

Supervisor Kubatek, "I don't think you would. I've thought about it a lot, it does favor our area, but again, the day we start letting the judge tell us what the heck we are going to do, then that is the time to take down the American flag."

Supervisor Dudek, "I know that like Rich, I am one of the younger members of the Board, I personally have been committed, and believe that a legislative form of government can act in the best interest of the county. But that aside, it has to be a good legislative plan to be able to do that. The one that the judge imposed is not, in my opinion and in the opinion of most of the people including those that favor a legislature. A democracy is set up on a system - government of the people, for the people and by the people, and that ought to apply to Orleans County, the same as it does to the nation as a whole. I would have to vote in favor of the appeal. It leaves us, if we don't, in a state of turmoil. It has become very confusing. There is no question that if he was truly concerned about the political situation or the legislative form, representation, etc., there are alternatives to what we had. He could have mandated the Board of Supervisors to present

a plan now to him. There were some that were presented to him before, where there could have been input by elected representatives. There is procedures where the public as a whole could have convened a special hearing and had input by the citizenry. The people have never spoken in favor of what he has done, anything like what he has done. And as much as I favor a legislature, what he did, in my opinion, was wrong."

Supervisor Kubatek, "As much as we are being criticized, the Board as a whole, I have to question whether we are getting a fair shake from Kasler. I think his mind is made up and he is going to try to push his thoughts on us whether we agree with him or not."

Supervisor Paduchak, "In the previous court appearances, all you members are aware of what happened when the honorable justice came out with his 5-member plan to the so-called taxpayers and citizens, etc. groups and one of the illustrious attorneys, right after the judge said - well how does this 5-man Board hit you, -- Oh, wonderful, the best plan ever -- without ever going back to the people and the rest of you Board members heard it -- the best plan that ever happened. They had no way of knowing what it entailed, what it was all about. Anything was good for a change. Five-man Board. This man made a speech, and any man that was there will corroborate my statement. Without - the judge no sooner finished his speech. How does that 5-member board hit you? Wonderful! My God, is this what they want? If this is what they want, I don't want to sit there if they don't want me here."

Supervisor Kubatek, "I want to make one point clear before I shut my mouth. I do not object to the legislature. I don't. I take a hard look at it, and if it was a full-time legislature, I could see a lot that the county could gain, but I don't think the county could afford a full-time legislature, so on that basis, with a part-time legislature all they are doing is changing faces. They are not accomplishing anything."

Supervisor Whipple, "This comment I have to make doesn't mean so much to a lot of you inasmuch as it is on the political side. But Judge Kasler is a democrat, or was at least, when he was seeking this office that he now has, he came here to Albion and painted a very quality picture of the democratic party and the gains we were making and what-not. The message I have for Judge Kasler is this: If he is so concerned about the democratic party in western New York, he is killing the party in Orleans County. Because no longer can a person like myself be able to be elected if we go on with this district voting. If I go on with Kendall and Murray, what chance have I got or any person who is a democrat, especially. He is killing the party in Orleans County. Maybe some of you like that, and maybe some of you don't. But we have got to have a two-party system in order to make this government work."

Supervisor Paduchak, "We like somebody to pick on once in a while."

The following resolution was unanimously adopted.

RESOLUTION AUTHORIZING COUNTY ATTORNEY TO APPEAL DECISION OF JUDGE KASLER  
DATED JUNE 19, 1979

WHEREAS, the Hon. Theodore S. Kasler, by Decision and Order dated June 19, 1979, declared the present weighted voting system used by the Orleans County Board of Supervisors unconstitutional and does order that a seven member legislature be elected at the November, 1979 General Election to take office January 1, 1980, now, therefore be it

RESOLVED, that the County Attorney be and he hereby is authorized to take the necessary steps to appeal the aforementioned decision and order, and be it

FURTHER RESOLVED, that the County Attorney be and he hereby is authorized to retain the law firm of Nixon, Hargrave, Devans and Doyle for the purposes of the appeal in this case.

Chairman Kubatek informed the Board that at the last Regional Planning Council meeting a memorandum of understanding was proposed by the Rural New York Farmworkers Opportunities, Inc. At the request of Chairman Kubatek the matter was tabled until the next council meeting. Mr. Kubatek told the Board he requested this because this Board has questioned the need for another organization to be working in this County. The County Planner was asked to comment on the proposal.

Mr. Astles, "What this is is a memorandum or formal agreement, formalizing the relationship of the Rural New York Farmworkers Opportunities, Inc. and the Genesee/Finger Lakes Regional Planning Council. The memorandum restricts itself to all those areas or issues that deal with housing and what they are trying to do is to formalize an agreement whereby Rural NY Farmworkers will be required to take into account all the plans that we made as a county planning board, that the Regional Planning Council has made and open lines of communication, have formal staff meetings once a month, things of that nature, so that the Regional Planning Council will understand specifically what actions that Rural Farmworkers are going to take.

The other half of the coin is, it was supposed to be required of the Regional Planning Council that they perform their functions, that they take into consideration in the area of housing, the advisement of Rural Farmworkers when it comes to the allocation of housing units, the type, location, and a third category - number. The questions that came up at a meeting between the Chairman, Larry Witul, Charlie Pulley and myself, also Ashley Ward and another person was - if the Regional Planning Council signs that agreement, where does that place this county in terms of its housing programs, because we have a formal agreement with the Regional Council. Secondly, at least in my opinion, Rural Farmworkers by that document gets formal recognition in effect has the ability, if not the expertise, to perform planning functions in the area of housing, and I have serious reservations on that on two counts. One - I am not sure that they have that kind of expertise and two - that is why you have a planning office and regional planning office.

The document also makes references to and in general the formal relationship in terms of exchange of information, input, that type of thing. In my opinion, there are several things, one whether they have planning expertise and two what kind of obligation does that place our county in because of our relationship with the Regional Planning Council. And three, I feel that overall, it is not a very equitable agreement as it requires more out of the Regional Planning Council than it does out of Rural Farmworkers."

In reference to the request by Midland for an advance payment, the County Attorney advised the Board against making any advance payment to Midland. Mr. Young will notify Mrs. Jensen of this decision.

It was moved by Supervisor Paduchak and seconded by Supervisor Nayman that the four permanent members of the Board of Election staff be authorized to attend the summer seminar of the New York State Election Commissioners Association to be held at the Granit Hotel, Kerhonkson, N. Y., July 9-12, 1979, said attendance at county expense.

Carried.

Supervisor Piedimonte reported that he is trying to set up a meeting between the Board and the Transportation Authority for July 9th at noon at the Apple Grove.

Supervisor Paduchak stated that he has asked the County Clerk to get some figures as to the amount of mortgage tax which would be collected by adding the 1/4 of 1% tax for the Transportation Authority. He also stated that he is opposed to taxing home owners to fund transportation.

Mr. Astles reported that he and Mr. Witul took all the consultant reports connected with the Hojack question and after reviewing them came to the conclusion that in the economic area the reports were not specific enough to draw any solid conclusions about what benefits or disadvantages there might be to Orleans County if the spur through Orleans County were constructed. It also appears that the amount of land needed for the right of way has been underestimated. Also the effect it might have on values of adjacent properties and the tax rates which would be affected by construction of the rail spur. DEC has decided to become the lead agency on the environmental impact portion and they will hold the hearings. It is important in the hearing process that the county have some kind of statement prepared for that hearing. Mr. Astles said he felt many people would attend and state that they don't wish to have it in their "back yard".

It was moved by Supervisor Paduchak, seconded by Supervisor Bennett, and carried, that the following Clerk's bill for bringing action against delinquent dog owners, as presented and read by the Clerk, be approved for payment.

Supervisor Nayman introduced Resolution No. 223, seconded by Supervisor Bane.

It was moved by Supervisor Dudek and seconded by Supervisor Bennett that the local law be amended to provide for a mandatory referendum.

In offering the amendment, Supervisor Dudek, stated that as legislators or representatives of the towns he does not feel it is the Board's duty to impose a form of government on the citizenry anymore than it is for the Honorable Justice Kasler.

County Attorney Young told the Board that the proper procedure would be that after the local law is adopted by the Board following the public hearing, the Board could consider a resolution to submit it to the referendum. If the local law were amended the amendment would not have been on the members desks for seven days and therefore the public hearing would have to be postponed.

Supervisor Dudek stated that he felt the public should know before the public hearing how the members felt on the question of a mandatory referendum. County Attorney Young said the Board could pass a separate resolution on that question. Supervisors' Dudek and Bennett withdrew the motion.

RESOLUTION AUTHORIZING PUBLIC HEARING ON LOCAL LAW INTRODUCED AS LOCAL LAW NO. 3 OF 1978 NOW RENUMBERED AS LOCAL LAW NO. 2 OF 1979.

WHEREAS, there had been duly presented and introduced at a meeting of this Board of Supervisors held on July 20, 1978, a proposed local law entitled "A Local Law Providing for a Permanent Plan of Apportionment for the Orleans County Board of Supervisors on a Weighted Voting Basis," and

WHEREAS, said Local Law at the time it was introduced was designated and numbered Local Law No. 3 of 1978; and

WHEREAS, by Resolution No. 293 of 1978, this County Board of Supervisors did schedule a public hearing on the said proposed local law on August 17, 1978; and

WHEREAS, the Honorable Theodore S. Kasler, Supreme Court Justice, by Order to Show Cause dated August 14, 1978, did temporarily restrain and order this Board of Supervisors not to hold the public hearing scheduled for August 17, 1978; and

WHEREAS, on June 1, 1979 by Decision and Order the Appellate Division of the Supreme Court did unanimously reverse the Order of the Honorable Theodore S. Kasler which did preliminarily and permanently enjoin the holding of the public hearing on Local Law No. 3 which has been scheduled heretofore on August 17, 1978; and

WHEREAS, the year 1978 having passed in the interim and the Local Law having been renumbered and designated as Local Law No. 2 of 1979; and

WHEREAS, the Orleans County Board of Supervisors now desires to hold a public hearing on this local law concerning the reapportionment of Orleans County for the purpose of eliciting the views of all citizens wishing to be heard in favor of or against this Local Law and the form of government it proposes and further eliciting from citizens of Orleans County their views concerning this proposed Local Law and form of government and any other form of government which may be in contradiction of this Local Law,

NOW, THEREFORE, BE IT RESOLVED, that a public hearing shall be held on July 9, 1979 at 7:30 p.m. in the Orleans County Court House, Albion, New York on the above mentioned Local Law No. 3 of 1978 as introduced now known as Local Law No. 2 of 1979; and be it further

RESOLVED, that at least five (5) days notice of such hearing shall be given by the Clerk of the Board by posting the notice of public meeting submitted with this resolution on the bulletin board in the County Court House and by publishing the notice of public meeting in the official newspapers of the County, the Albion Advertiser, Inc. and The Medina Daily Journal-Register, Inc. in their editions of June 27, 1979 and by further causing to be published a notice of this public hearing in the Albion-Holley Pennysaver and the Medina Pennysaver at least five (5) days prior to July 9, 1979.

RESOLUTION CREATING ALTERNATE ENERGY COMMITTEE AND APPOINTING MEMBERS

WHEREAS, there is increasing national need for the conservation of energy, and

WHEREAS, the cost of conventional energy is escalating at an alarming rate, and

WHEREAS, the County owns several buildings and is constructing a major new office building all of which will require significant amounts of energy, and

WHEREAS, the County of Orleans is desirous of conserving energy and reducing the energy cost of its buildings, and

WHEREAS, a utility industry is willing to perform an analysis of the County's energy situation at no cost to the County, and

WHEREAS, the company is looking for an expression of intention from the Board of Supervisors on the exploration of the feasibility of alternate energy sources,

NOW, THEREFORE, BE IT RESOLVED, that the Orleans County Board of Supervisors does hereby create an Alternate Energy Committee to explore the economic and mechanical feasibility of alternate energy sources, and

BE IT FURTHER RESOLVED, that the Alternate Energy Committee shall consist of the following:

1. A Board of Supervisors representative.
2. The County Planning Staff.
3. A consumer representative.
4. The Chamber of Commerce.
5. The contact person to the energy industry.
6. The Chairman of the Board of Supervisors.
7. Three Members At Large.

and further that the Board of Supervisors does hereby appoint the following persons to the Alternate Energy Committee:

Adjourned at 10:45 p.m. until July 12, 1979 at 10:00 a.m.

REGULAR MEETING  
Thursday, July 12, 1979

The meeting was called to order at 10:15 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Shenck and seconded by Supervisor Bennett that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to the County Treasurer, Mary B. Basinait. Mrs. Basinait explained that originally Penn Central Railroad Corporation were willing to settle what they owe the county in back taxes for 44%. Then another proposition came along whereby the county could take what was owed in bonds some of which would come due in 1979 and some in 1987. The C-1 bonds due in 1987 amount to \$95,300. The county has an offer to sell these bonds for 69.77% of face value. The interest is not compounded and the county gets no interest until 1987. In 1987 the railroad company could renew the bonds, they have that privilege, and the county would receive no interest until 1987.

Mrs. Basinait said, "It is my recommendation that we sell these C-1 series bonds for \$66,491. In December we will get \$20,400 interest on the Series D notes and also get interest on the D term notes which would give us about \$100,000 to use as a cash surplus in our 1980 budget. It is my idea that the people who paid the railroad taxes in the first place are the ones who should be getting the benefits, if we hold them until 1987 the people who paid them might not be around to benefit from it. I would like to see it done now and the money invested and used as a cash surplus in our 1980 budget. If we had accepted the first offer we would have gotten about \$105,000. If we sell these for the \$95,300 we will have received \$158,653 and will still own \$58,700 of bonds. \$20,900 will be received in 1979. This would be a total of \$217,353 or about \$112,000 more than we would have received with the first offer."

Seconded by Supervisor Bane.

RESOLUTION AUTHORIZING COUNTY TREASURER TO SELL CERTAIN SECURED NOTES OF THE PENN CENTRAL CORPORATION

WHEREAS, it is the feeling that it would be in the best interest of the County of Orleans to sell the Penn Central Corporation Series C-1 secured notes due December 31, 1987 having a face value of \$95,300.00, now, therefore be it

RESOLVED, that the Orleans County Treasurer be and she hereby is authorized to sell four Series C-1 secured notes of the Penn Central Corporation due December 31, 1987 having a face value of \$95,300.00 for the highest sale price available to her.

Adopted. 372 ayes; 0 nays; 0 absent.

Mrs. Basinait also informed the Board that approximately 30-32 students have filed residency certificates to attend Genesee Community College for elementary school courses. These students are from Albion and Holley schools. This would mean a charge back to the County of approximately \$10,000. After discussion the following resolution was adopted:

RESOLUTION NO. 230

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Swiercznski.

RESOLUTION REGARDING CHARGE BACKS FOR COURSES FOR JUNIOR AND SENIOR HIGH SCHOOL STUDENTS ATTENDING GENESEE COMMUNITY COLLEGE

WHEREAS, there has heretofore been established the Genesee Community College Committee which was created for the purpose of approving courses offered by Genesee Community College, the cost of which could be charged back to the County of Orleans for each county resident enrolled in such courses, and

WHEREAS, the Genesee Community College Committee has not approved the charge back of any junior or senior high school level courses, and

WHEREAS, it has come to the attention of this Board of Supervisors that approximately thirty students from the junior or senior high school level have enrolled in Genesee Community College for junior or senior high school level courses the cost of which Genesee Community College intends to charge back to the County of Orleans, and

WHEREAS, it is the further feeling of this Board that only courses approved by the Genesee Community College Committee for college level students be eligible for cost charge back to the County of Orleans,

NOW, THEREFORE, BE IT RESOLVED, that the County Treasurer refuse to pay to Genesee Community College any charges for courses for junior or senior high school students or other courses not previously approved for charge back by the Genesee Community College Committee.

#### RESOLUTION SETTING DATE FOR PUBLIC HEARING ON ORLEANS COUNTY AGRICULTURAL DISTRICT NO. 5 IN THE TOWNS OF GAINES, ALBION AND MURRAY

WHEREAS, by Resolution No. 463 of 1978 this Board of Supervisors approved Orleans County Agriculture District No. 5, as modified by said Resolution No. 463, and

WHEREAS, the New York State Department of Environmental Conservation has notified this Board that they have approved said agriculture district, as modified, and

WHEREAS, Orleans County Agriculture District No. 5 was modified by this Board after the public hearing held on December 14, 1978, and the New York State Agriculture and Markets Law requires that a second public hearing be held if a district is modified after the public hearing,

NOW, THEREFORE, BE IT RESOLVED, that a public hearing be set at the Gaines Carlton Community Church, Ridge Road, Town of Gaines, Orleans County, New York, Thursday, July 26, 1979 at 7:00 p.m., for the purpose of providing information to said landowners, governmental officials and all interested parties relative to the final approval of Orleans County Agriculture District No. 5 in the Towns of Gaines, Albion and Murray, and be it

FURTHER RESOLVED, that the Clerk of the Orleans County Board of Supervisors notify all land owners of said district in writing of such meeting and publish the notice of hearing in the Albion Advertiser, Inc. and the Medina Daily Journal-Register, Inc.

Adopted. 329 ayes; 2 nays, Supervisors Bennett (21) and Paduchak (22); 0 absent.

Supervisor Paduchak voting against the above resolution, said that he did so because he felt that the time set for the hearing did not allow farmers enough time to attend.

Copy of letter to County Attorney from Assessor for the Town of Gaines along with a letter from Equalization and Assessment to the Assessor. E & A in answering a question from Mr. Morrissey, Assessor for the Town of Gaines, stated, "I would conclude that agreements to exempt sewage disposal plants reached subsequent to taxable status date do not apply to assessment rolls prepared on the basis of that taxable status date. For example, the resolution of the town board of the Town of Gaines dated May 8, 1979 authorizing a 50 percent exemption for the Village of Albion sewage plant should not apply until the preparation of the tentative 1980 assessment roll; that is the first assessment roll prepared upon the basis of the ensuing May 1, 1980 taxable status date."

Mr. Young said that Mr. Morrissey will show the sewage plant with a 50% exemption for town taxes and 100% exemption for county taxes. It will be up to the assessors in each town whether or not they grant the 100% exemption on the rolls for the water plant and lines.

Presented report on the St. Lawrence River & Eastern Lake Ontario. Also, information from Dept. of Commerce on matching funds program. Referred to Economic Development Coordinator.

Read a letter from Martin Basinait, Director for Orleans County on the OTB Board of Directors. Mr. Basinait urged the Board to adopt a resolution similar to the one adopted by Niagara County supporting "All Sports Betting".

It was moved by Supervisor Swiercznski and seconded by Supervisor Bennett that this Board go on record as opposing All Sports Betting by Off Track Betting Corporation.

It was moved by Supervisor Paduchak and seconded by Supervisor Dudek that the above motion be tabled. Adopted motion to table. 242 ayes; 4 nays, Supervisors Nayman (65), Bennett (21), Shenck (20), and Swiercznski (24) for total 130 nays; 0 absent.

Letter from Robert Tirsch, Youth Bureau Director, dated July 10, 1979, re: grant in the amount of \$11,600 in 100% State Aid to Orleans County as part of the Special Delinquency Prevention Program II allocation.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the salary for Robert Tirsch be increased from \$9800 to \$12,000.

Recessed at 2:15 p.m., reconvened at 2:25 p.m.

It was pointed out that Mr. Tirsch received a raise in January, 1978 and one of over 1400 dollars in October of 1978. Supervisor Dudek also stated that we are beginning negotiations with county employees and any raise given now might influence those negotiations. Also, although Mr. Tirsch has done a good job, it is a CETA position and any salary over \$10,000 must be paid by the County. Supervisor Dudek moved that the motion be tabled.

Supervisor Bennett inquired what the Finance Committee was doing regarding an increase in wages for the matrons at the jail. Supervisor Piedimonte replied that the Sheriff was going to look into seeing if

the matrons could work full time at the jail and where they would fit in the salary schedule. He has not gotten back to the committee with this information. The Clerk was advised to arrange a meeting of the Finance Committee, Public Safety Committee and the Sheriff to discuss this matter.

Supervisor Paduchak, "Mr. Chairman, I have a Resolution to adopt Local Law No. 2 of 1979 after a duly authorized and constitutional hearing on this matter. I so move for the adoption of Local Law No. 2, but we cannot amend it. We have to have another resolution afterward to set a mandatory referendum, correct Mr. Young?"

Mr. Young, "The resolution as I prepared it for you, is a resolution that provides for the adoption of the law. It also provides that a proposition be submitted for its approval at the November 6th election, and also provides that the local law would not become effective unless the proposition as submitted at the election receives the affirmative vote of the majority of the voters voting on the law."

Supervisor Paduchak, "That is the proper way. I look at it this way, that we would be no better than anyone else forcing mandates and edicts upon Orleans County and as a legislative body to be fair I do not want to sit here if people do not want me."

Supervisor Nayman seconded the motion for adoption of the local law.

Supervisor Dudek, "I support the adoption of the local law because it gives the people the final choice. The final decision will rest in the hands of the people in November. We won't be imposing a form of government any more than the judge that we so much criticized for trying to impose solutions."

Supervisor Kubatek, "I feel strongly myself that the people should be given a choice to vote on it, but I do also have strong reservations in one case because I've had many people contact me and say regardless of whether you guys try to put the legislative plan through or this one, we are so confused that we still don't know what either plan is. So there you go. If you don't put it up to them you are going to be criticized for not giving them the choice. It's an unfortunate situation."

Supervisor Whipple, "It's up to the Board to get out and work, and I know they will, to inform the people and explain it when the ballot is written."

Supervisor Swiercznski, "I'd like to say that I think that this Board has bent over backwards at all times and talked with all groups and freely discussed this with them, as much as can be freely discussed with some people, and if you heard them at the meeting, they wanted us to vote this down and say no and not even put any referendum up to the people. We are doing it by the democratic process allowing people to have their choices. Those people didn't want that - you can tell by their antics that they just want to tear down the form of government that we now have. They don't care what takes its place. They don't care if they elect one man to take its place, so long as it is different they want it. So this proves that they really aren't out to serve the taxpayers but that they are out for personal motivation, and I do detest that. I was rather perturbed after the meeting I was quoted by one of them and I was kind of roughly told that I had better vote for a mandatory referendum or else I'm no good for anybody - I take that with great insult."

Supervisor Paduchak, "If they take this action in moving for the adoption on the basis of the people that I am supposed to represent, percentage wise, this is what these people tell me to vote for. This is what I consistently told the court that if I had a number of people or a greater number of people that were agitating for a county legislature, I would be the first one to champion their cause because that is my job. My job is to represent them. But I am representing these people who do not want a county legislature and they want to maintain this present system of government in this county for themselves and the future generations. I still maintain and I have given it in sworn testimony to the court that I would go the other way if this is what the people wanted."

Supervisor Kubatek, "A question posed by Mr. Lynch at the public hearing, as to what I did to try to bring the legislative plan in. I instituted the lawsuit to begin with - I wasn't familiar with the computerized weighted plan at that time, all I knew is that in my own township - the Town of Ridgeway - we were not getting a fair shake at the county level being the larger town. Judge Kelly was the one that came up with the weighted voting that we are presently using and I know in discussions with my attorney at the time, I was satisfied that that did meet one man-one vote representation as far as my township was concerned. I have nothing against the legislative plan. I do however, feel that the part-time legislature is not the answer. I can favor and can go along with a full time legislature but on the basis of the two, of a part-time legislative board or the computerized weighted voting, I want to make it clear, that out of the two, I think that my township has more to gain by a computerized weighting voting plan. I am going one step further, even though I did not like the fact that Judge Kasler was the one that imposed the legislative plan upon us, if I were going to be sitting here next year, that would be the plan I would go for; if I were going for a legislature. Out of the plans submitted I feel the county is better off with the computerized weighted voting plan than with a part-time legislature"

Supervisor Piedimonte, "Mr. Chairman, along with your same line of thinking, this county with approximately 37,000 people in population, as small as we are, I feel that the supervisor can still represent the people and the better of the two plans is the computerized weighted voting plan."

Supervisor Shenck, "Along with what Mr. Piedimonte said, you know the majority of people in your town that you are representing but if you are representing on a county level it is very hard to know all the people or a good share of the people that you are representing. If everybody takes care of their own people you are bound to have a successful county."

Supervisor Whipple, "There is just one thing I would like to ask, where do they - by they I mean the people who are trying to impose this legislature - where does the town supervisor and the county legislature come together. There has got to be a meeting ground here on some issues. There is no provision made within the plan to sit together or to meet."

Supervisor Kubatek, "That was discussed before, I think they assume that a town supervisor if we go to a legislature should be coming to the meetings."

Supervisor Paduchak, "They made that statement that the town supervisor would have more time to come up here and sit in on the county legislative meetings."

Supervisor Whipple, "The assessment problems - a lot of that is going to be county, but they do depend on the towns to collect the taxes and the supervisor has to get involved in that along with other people."

Supervisor Kubatek, "I think it was obvious to all of us that were present at the time that Judge Kasler imposed the plan the first time, that the people in favor of the legislative plan were overwhelmed with it because as long as they got a legislature, they didn't even stop to say - is this plan going to work."

County Attorney Young, "Just to answer Supervisor Whipple's question. I will be preparing the proposition if this resolution is approved and the proposition will read in as simple language as I can, but yet still make it adequate enough to make it legal. You know all of these propositions you read on the ballot, they seem pretty confusing and really unless the citizen studies them ahead of time, he may be confused. But it will be worded so that the individual votes "yes" on it if he is voting for the supervisors under the weighted voting. And if he votes "no" he is saying he does not want the supervisors under the weighted voting plan. I think some people may still be confused on what effect that would have in light of the fact that legislators will also be on the ballot if the Appellate Division doesn't reverse Judge Kasler as a result of our hearing on August 22nd.

If the Appellate Division upholds Judge Kasler then you will have everyone who goes into the voting booth voting on three at-large legislators, plus a legislator for their district and they will also be voting on the proposition. If the proposition is approved by the majority of the people who vote on it, supervisors will take office, and the legislators who may have won their election will not take office. If the proposition is defeated, then the legislators who were successful in the election will take office."

#### RESOLUTION ADOPTING LOCAL LAW NO. 2 OF 1979

WHEREAS, Local Law No. 2 of 1979 of the County of Orleans, New York, entitled "A Local Law Providing For a Permanent Plan of Apportionment for the Orleans County Board of Supervisors on a Weighted Voting Basis" was heretofore on July 20, 1978 introduced as Local Law No. 3 of 1978; and

WHEREAS, said Local Law as originally introduced as Local Law No. 3 of 1978 is now renumbered and designated as Local Law No. 2 of 1979 pursuant to Resolution No. 223 of the Orleans County Board of Supervisors adopted June 21, 1979; and

WHEREAS, such local law has been in its final form upon the desks or tables of the members of the Orleans County Board of Supervisors for at least seven calendar days exclusive of Sunday prior to its final passage; and

WHEREAS, the public hearing on said local law having been duly called and held on July 9, 1979 at the Orleans County Court House, Albion, New York; and

WHEREAS, said local law as introduced provides that it is subject to a permissive referendum in accordance with the provisions of the Municipal Home Rule Law of the State of New York and after due consideration and deliberation it is the feeling of the Orleans County Board of Supervisors that this local law be adopted and that the local law before it shall become effective shall be approved by the voters of the County of Orleans voting on a proposition for the approval of such local law at the next general election to be held on November 6, 1979,

NOW, THEREFORE, BE IT RESOLVED, that Local Law No. 2 of 1979 entitled "A Local Law Providing For a Permanent Plan of Apportionment for the Orleans County Board of Supervisors on a Weighted Voting Basis" which local law was originally introduced on July 20, 1978 as Local Law No. 3 of 1978 be and the same hereby is adopted; and be it further

RESOLVED, that in accordance with the provisions of Section 24 (2) (j) (2) of the Municipal Home Rule Law of the State of New York; a proposition for the approval of such local law shall be submitted to the qualified electors of Orleans County at the next general election to be held on November 6, 1979; and be it further

RESOLVED, that Local Law No. 2 of 1979 shall not become effective unless the proposition for the approval of such local law to be voted on at the November 6, 1979 election is approved by the affirmative vote of the majority of the qualified electors of the County of Orleans voting on such proposition.

It was moved by Supervisor Piedimonte that the meeting be adjourned.  
Adjourned at 3:15 p.m. until July 26th at 8:00 p.m.

REGULAR MEETING  
Thursday, July 26, 1979

The meeting was called to order at 8:00 p.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

The Clerk read a letter from Carri Blake, Director of the Office for the Aging, dated July 19, 1979, requesting that the County accept the sponsorship of the Salvation Army Nutrition Project beginning January 1, 1980. The 1978 Amendments to the Older Americans Act require that money for nutrition projects be funnelled through Offices for the Aging. The Salvation Army is willing to subcontract with the County to run the program.

In a letter from Mary B. Basinait, County Treasurer, dated July 25, 1979, she stated that "the County will need to front-end the money (Mrs. Blake says that there is a possibility of 25% advance funding, but if it's like the rest of the "advance" funding, I would question it's effectiveness.)"

Mrs. Basinait also stated that under an agreement with the Army, personnel to run the program would be hired by the Salvation Army and would be under their control and not the County's.

Privilege of the floor was granted to Mrs. Blake. Mrs. Blake told the Board that because there are some questions which need to be answered that perhaps the Board might want to table the request.

Supervisor Paduchak asked Mrs. Blake what prompted the change from having the Salvation Army in charge of the funding.

Mrs. Blake explained that the federal government is trying to consolidate the aging program into one focal point, so they are saying the money has to go through the Office for the Aging and they cannot proceed to subcontract it out to another office like the Salvation Army. In our case, the Salvation Army is willing to accept the contract and they are also willing to continue funding the 10% local share. The increase to the County is more the cash flow concern.

It was moved by Supervisor Bane and seconded by Supervisor Whipple that the request that the County accept sponsorship of the nutrition program be tabled for further consideration.

Adopted.

Privilege of the floor was granted to the District Attorney, Curtis L. Lyman, Sr. Mr. Lyman requested that the Board create a second Assistant District Attorney position at an annual salary of \$7500, effective August 1, through December 31, 1979. Mr. Lyman explained that because the District Attorney's office is responsible for prosecuting the four murder cases committed this year and all the justice court work which occurs during the week nights, it is imperative that another assistant position be created.

RESOLUTION NO. 257

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION CREATING ONE ADDITIONAL ASSISTANT DISTRICT ATTORNEY POSITION

RESOLVED, pursuant to the request of the District Attorney, by letter dated July 26, 1979, there is hereby created one additional Assistant District Attorney position at an annual salary of \$7,500.00, effective August 1, 1979 through December 31, 1979.

Adopted. 372 ayes; 0 nays; 0 absent.

The Clerk read the following communications:

Letter from Genesee Transportation Council, dated July 19, 1979, requesting an appointment to fill the vacancy created by the resignation of Geoffrey C. Astles.

Request from the Village of Lyndonville that the County exempt their municipality owned water plant at Shadigee and the water line from Shadigee to the Village line. These properties were part of the resolution adopted by the Board exempting all municipally owned facilities.

Copy of letter from Regional Planning Council to Rural New York Farmworker Opportunities, Inc., dated July 20, 1979, informing them that the Council voted not to enter into a Memorandum of Understanding with Rural New York Farmworker Opportunities, Inc. The letter stated that "this action was the result of a number of concerns raised about the objectives of the RNYFO program, possible duplication of services, and more importantly, the effect that such an agreement might have upon the Regional Council's activities in housing planning."

Letter from Regional Planning Council with attached copy of the proposed budget for 1980.

Letter from President Steiner of GCC, dated July 19, 1979, in response to the resolution from this Board concerning remedial courses for junior and senior high school students. Dr. Steiner pointed out that the committee appointed by the Board of Supervisors and the agreement signed by the County and GCC applied only to courses to be held in Orleans County. Dr. Steiner stated that GCC has adhered to both the actual wording and the spirit of that agreement. Dr. Steiner also informed the Board that in the matter of eligibility to make chargebacks for students of any age taking eligible courses at the college, a letter is being sent to the County Treasurer by the State Education Department to clarify this matter.

Mr. Young told the Board that Mrs. Basinait had received a letter from the State Education Dept. which said in effect that Genesee County could charge back any course that is approved for state aid reimbursement, regardless of the student.

Chairman Kubatek informed the Board that he had talked to President Steiner and he was willing to come before the Board but that he didn't feel it was necessary. The schools contacted the college on having these courses. Dr. Steiner wanted to make it clear that the college did not solicit this.

The cost of the high school students taking these courses will result in an approximate charge back of \$10,000.

Supervisor Paduchak, "We are paying double - I don't care how you look at it, but this Board is giving the districts sales tax money. Then we have to turn right around and pay a second shot for summer school programs."

After much discussion this matter was referred to the liason committee of the Board to meet with the school officials and college officials to clarify the questions which have been raised.

Presented the draft of the NYS/U.S. EPA Water Quality Management Agreement.

It was moved by Supervisor Swiercznski and seconded by Supervisor Piedimonte that an educational leave of absence, without pay, be granted to Joan Lettis, Home Health Aide, for the period August 10, 1979 to July 1, 1980.

Carried.

It was moved by Supervisor Bane and seconded by Supervisor Bennett that a maternity leave of absence, without pay, be granted to Susan Gaylard, employed at the Department of Social Services, for the period August 24, 1979 to January 7, 1980.

Carried.

It was moved by Supervisor Dudek and seconded by Supervisor Piedimonte that John J. McCarthy, Director of the Office of Natural Disaster, be authorized to attend a civil defense meeting in Albany, July 25, 1979 and an energy meeting July 26, 1979, at county expense.

Carried.

It was moved by Supervisor Paduchak and seconded by Supervisor Bane that John D. Strickland, Director of Weights and Measures, be authorized to attend the annual Technical and Training School for the Department of Weights and Measures to be held at Morrisville, N. Y. the week of August 13, 1979, at county expense.

Carried.

Letter from Central Orleans Volunteer Ambulance Service, Inc. to all Ambulance Services located in Genesee, Niagara and Orleans Counties, dated July 16, 1979, re: granting of a volunteer ambulance registration to COVA.

Letter from Fire Chiefs Association requesting that if federal and state legislation changes so that the C.D. Office and Fire Coordinator are separated that the Chiefs Association have a say in the appointment of the Fire Coordinator.

Supervisor Dudek reported that approval or disapproval was needed for a project application submitted by Community Action for a CETA Title IV Project. The project would be a sort of Youth Corps who would do winterization of about 125 homes. It would employ 14 youths. The cost of the project is \$97,949.00 and would run from October 1, 1979 to July 31, 1980. Even if the county disapproves the project it could still be submitted to the state and perhaps approved by them.

#### RESOLUTION NO. 266

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Swiercznski.

#### RESOLUTION APPROVING CETA TITLE IV PROJECT APPLICATION

RESOLVED, that this Board of Supervisors does hereby approve filing the application submitted by Orleans Community Action Committee, Inc. for a CETA Title IV Project in the amount of \$97,949.00, for the purpose of creating a "Youth Corps" to winterize approximately 125 homes; said project to be for the period October 1, 1979 to July 31, 1980.

Adopted. 372 ayes; 0 nays; 0 absent.

Adjourned at 10:00 p.m. until August 9, 1979 at 10:00 a.m.

REGULAR MEETING  
Thursday, August 9, 1979

The meeting was called to order at 10:10 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Mr. Lynn Tyler, Department of Agriculture and Markets to discuss the new State dog law. Under the present law the Town Clerk receives only 25¢ tag fee. Under the new law the Town Clerk will receive 53% of the statutory \$2.50 fee for spayed or neutered animals, 53% of the \$7.50 fee for unspayed or un-neutered animals, which amounts to about \$1.31 in one category and approximately \$4.00 in the other.

Mr. Tyler stated that in addition, licensing municipalities can set local fees up to a maximum of \$5.00 on each side as long as they retain a \$5.00 minimum between the two fees. Municipalities will keep 100% of this local fee. The new law doesn't require a municipality to hire a dog control officer or build a shelter. The towns can appoint the Dog Warden as Dog Control Officer and contract with the County for a shelter and services. The State will provide a central record repository system with an 800 number so that municipalities can try to find lost dogs. The maximum allowances for farm animals destroyed by dogs has also been raised.

Supervisor Dudek asked Mr. Tyler how the towns and county can comply with the provision of the law which calls for shelter services to be provided either by a municipality or by the Humane Society. Mr. Tyler told the Board that if the county leases or rents the building now being used for a county shelter and put the Dog Control Officer in complete charge of this building, then the county can use that as the county pound.

Mr. Tyler also stated that a dog enumeration is not required every year. However, if the county feels that the dog control isn't picking up enough of the ones that aren't licensed it may want to do a enumeration.

The County Treasurer, Mrs. Basinait, told the Board that she felt the salary of the Dog Control Officer and all other costs connected with dog control should come out of the licensing fees. Mrs. Basinait said that as she understands the new law the towns and county do not have to spend more on dog control than they take in.

Costs of rabies clinics does not come out of dog control funds, it is a public health charge.

Recessed at 11:00 a.m., reconvened at 11:10 a.m.

The Clerk read the following communications:

Presented the Financial Report March 31, 1979 for the Genesee Valley Regional Market Authority.

Mailgram from State Energy Office informing Mr. Kubatek that they have determined that the County's adjusted share of the set-aside reserve for local originated directives is 50,000 gallons for the month of August.

Copy of letter to County Treasurer, dated July 24, 1979, stating that the 2nd quarter OTB earnings for Orleans County were \$18,023.00. Supervisor Swiercznski noted that the Board should protest any moving of OTB offices from Batavia since many Orleans County residents work there.

Letter from District Attorney, dated August 1, 1979, informing the Board that he has appointed Curtis L. Lyman, Jr. as Second Assistant District Attorney for the County of Orleans.

Letter from State Commission of Correction to each Sheriff and County Chairperson, dated August 1, 1979, re: staffing county correctional facilities. The letter stated that compliance with all staffing requirements must be made by January, 1980 or legal remedies will be sought by the Commission. Supervisor Dudek reported that at the present time Orleans County has met all the staffing requirements as outlined by the State Commission of Correction.

Letter from Carri Blake, Director of the Office for the Aging, dated August 6, 1979, which stated in part, "Mary Basinait and I have discussed the concerns regarding the County acting as the recipient of Nutrition Project funds which would then be contracted to the Salvation Army. We have resolved the concerns raised before and would like to request approval of this takeover to be effective January 1, 1980.

The two major concerns were that my Office might require more clerical staff in the future to do the increased vouchers and claims, and that perhaps the County would prefer to run the program rather than subcontract it.

We do not expect to increase clerical staff as the increased work will be a simple extension on our present claim forms; not a new separate set of procedures.

In terms of the County running the program directly, this would not be possible. As the law allows present operators of the program to continue to do so as long as they are doing an effective job."

#### RESOLUTION NO. 273

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Dudek.

#### RESOLUTION ACCEPTING SPONSORSHIP OF THE SALVATION ARMY NUTRITION PROJECT

WHEREAS, the 1978 Amendments to the Older Americans Act require that money for nutrition projects be funnelled through Offices for the Aging, and

WHEREAS, the funds for the Salvation Army Nutrition Project will continue to come from 90% Federal Funds and 10% Salvation Army Funds, now, therefore be it

RESOLVED, that effective January 1, 1980, the County of Orleans Office for the Aging does accept the sponsorship of the Salvation Army Nutrition Project to administer the funding from Federal Funds and Salvation Army Funds for this project.

Adopted. 351 ayes; 1 nay, Supervisor Bennett (21); 0 absent.

It was moved by Supervisor Bane and seconded by Supervisor Dudek that Mrs. Carri Blake, Director of the Office for the Aging, be authorized to attend a conference for directors and nutrition staff at Silver Bay Conference Center, Lake George, September 17-20, 1979 at county expense.

Carried.

Request from Stephen T. Heard, Administrator of the County Home and Infirmary, dated August 1, 1979, that a petty cash fund in the amount of \$600.00 be established for the County Home & Infirmary. Request tabled on motion of Supervisor Piedimonte.

It was moved by Supervisor Bane and seconded by Supervisor Swiercznski that the maternity leave of absence, without pay, be extended for Joanne V. Kent, RN on the staff of the Orleans County Home and Infirmary, for the period September 1, 1979 to October 15, 1979.

Carried.

Request from Stephen T. Heard, Administrator of the County Home and Infirmary, dated July 30, 1979, to authorize bids for the purchase of lounge furniture for the County Home & Infirmary at an approximate cost of \$7,200.00, was tabled.

Letter from Yondata that the monthly cost for computer time sharing for the Board of Election Office will be raised to \$540.00 effective September 1, 1979. Referred to the County Attorney.

TERMS OF AUCTION

ORLEANS COUNTY TAX PROPERTY AUCTION OCTOBER 20, 1979

This is the sale at public auction of various parcels of real property which have been conveyed to the County of Orleans by final judgment under so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by various resolutions of the Orleans County Board of Supervisors and is in accordance with the appropriate provisions of the Real Property Tax Law.

This sale and the sale of each and every parcel herein is upon the following terms:

1. All sales are made subject to confirmation and approval thereof by the Orleans County Board of Supervisors, which confirmation and approval will be requested at a special meeting of the said Board to be held this day at 11:00 a.m. The resolution of confirmation will be immediately available at the close of said special meeting.
2. At least twenty-five percent (25%) of the final bid for each parcel shall be paid to the Clerk of these proceedings prior to the start of the special Board meeting above stated. Payment shall be in cash or by a good check upon a New York State financial institution.
3. The balance of the successful and accepted bid for each parcel shall be paid in cash or by certified check to the Orleans County Treasurer, Court House, Albion, New York, no later than Friday, November 9, 1979, between 9:00 a.m. and 5:00 p.m., unless extended by the Board of Supervisors.

4. The County of Orleans is not required to send any notice to the purchaser or purchasers, and if the purchaser or purchasers neglect to pay the balance due and call at the Orleans County Treasurer's Office at the above stated time the successful bid shall at 5:00 p.m. on Friday, November 9, 1979 be deemed conclusively to be abandoned, the deposit retained by the County as liquidation damages and the parcel in question disposed of in such manner as the County determines without notice to or benefit to the defaulting purchaser.

5. Upon payment of the balance, as above provided, the County of Orleans will deliver a standard form quitclaim tax deed which shall describe the parcel in the same manner as in the In Rem Foreclosure deed to the County and which shall quitclaim all of the right, title and interest of the County of Orleans in and to the said parcel. The said deed shall name as grantee the successful confirmed bidder and shall state the amount of the successful confirmed bid. The County of Orleans will execute no warranties concerning the parcel or the title thereto and will not deliver or be responsible for abstracts, title searches, surveys, maps or other documents concerning the parcel whatsoever.

6. The successful and confirmed purchaser shall take the parcel upon delivery of the above stated deed, in such condition as the same exists at that date and subject to all alleged possessory or other claims and all covenants, easements and restrictions of record.

7. The various parcels have been available for view by any and all interested parties prior to this sale date. No adjournment in bidding shall be allowed for further viewing of any parcel.

8. The various parcels shall be offered from the list of parcels, previously available, in such order and manner as the auctioneer shall deem proper.

9. All sales are subject to 1979-1980 school taxes. That is the purchaser at the auction will be obligated for the school tax levied for the school fiscal year July 1, 1979 to June 30, 1980. The amount of such unpaid school taxes can be obtained from the various school tax collectors and will also be available at the time of the auction.

Adopted. 372 ayes; 0 nays; 0 absent.

AFTERNOON SESSION

Reconvened at 1:45 p.m. all Supervisors present.

Supervisor Piedimonte, Chairman of the Finance Committee, presented two proposals from Value Management Consultants, Inc.; under one proposal VMC would negotiate with the Sheriff's unit at a fee of \$6,000 per year and under the other proposal would agree to a two year contract under the same terms and conditions as the present contract for \$34,000. Also presented was a proposal from Richard Wysling to negotiate with the Sheriff's unit at a cost of \$60.00 per hour or a maximum of \$7,000. Mr. Wysling and VMC had been asked to submit proposals for negotiating with the Sheriff's unit. After much discussion the following resolution was adopted:

RESOLUTION NO. 280

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Nayman.

RESOLUTION AUTHORIZING AGREEMENT BETWEEN THE COUNTY AND VALUE MANAGEMENT CONSULTANTS, INC.

RESOLVED, that the proposal from Value Management Consultants, Inc., Buffalo, N. Y., dated July 23, 1979, as herewith presented, be approved by this Board of Supervisors at a cost of \$34,000.00 to be payable in twenty-four monthly payments of \$1,416.67.

Adopted. 252 ayes; 120 nays; Supervisors Bennett (21), Whipple (25), Shenck (20), and Dudek (54). 0 absent.

Supervisor Bane moved the meeting be adjourned. Adjourned at 2:05 p.m. until September 6, 1979 at 10:00 a.m.

REGULAR MEETING  
Thursday, September 6, 1979

The meeting was called to order at 10:05 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present except Supervisor Whipple, who was excused because of illness.

It was moved by Supervisor Piedimonte and seconded by Supervisor Bane that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to Mr. Richard Bloom. Mr. Bloom presented the following report on the activities of the Medical Scholarship Board:

## ORLEANS COUNTY MEDICAL SCHOLARSHIP BOARD

COURT HOUSE BLDG.

ALBION, NEW YORK 14411

TO: Board of Supervisors of the County of Orleans

RE: Report of the Orleans County Medical Scholarship Board

The Orleans County Medical Scholarship Board was established by Resolution No. 126 of the Orleans County Board of Supervisors adopted on September 8, 1966 in accordance with authority granted in the New York State Education Law. It was hoped that such a medical scholarship program would help provide a continuity of medical services in our rural area that, at that time, did not seem to attract General Practitioners.

The members of the Scholarship Board are pleased to submit this report that we believe will indicate the success of the program and, moreover, will encourage and justify continued sponsorship by your Board.

Present members of the Board are:

<u>Term Expires</u>	<u>Name</u>	<u>Address</u>
1980	Dr. Angelo F. Leone	Medina, N.Y.
	Mrs. Betty Childs	Medina, N.Y.
	Dr. Arthur Mruczek	Medina, N.Y.
1981	George Wolfe	Albion, N.Y.
	N. Richard Brain	Waterport, N.Y.
	Rev. H. Burton Entrekin	Medina, N.Y.
1982	David Doyle	Kendall, N.Y.
	Richard Bloom	Albion, N.Y.

Plus the Chairman of the Board of Supervisors

Under its Charter, the Board is authorized to award grants in the amount of \$3,000. per year for up to six years. Preference is given to Orleans County residents who qualify.

The program was in effect for 3 years before the first scholarship was awarded to Arthur W. Mruczek of Corfu, N.Y.. Dr. Mruczek studied under the County Program from 1969 through 1975 and now practices Ophthalmology in Medina, N.Y.. He has recently added an associate and his office fills a vital need in the County.

David Novelli, of Erie County, was approved in 1971 but withdrew after two terms in Medical School and immediately repaid the \$3,000. grant that had been advanced.

Dr. Edmund D'Orazio received five full years of assistance, from 1971 to 1976, but elected to enter practice in the Syracuse area and is presently making repayment to the County.

Dr. Frank Cutson, of Elma, N.Y., received his first grant in 1972 and requested that it be discontinued in 1976 since he felt he could proceed in his term of residency without assistance. He completed his residency in Family Practice in June 1979 and opened his office in Albion, N.Y. in August, 1979.

Dr. Joseph Misiti, of Medina, N.Y., studied under the program for the six year maximum from 1972 to 1978. He is continuing his residency in surgery for an additional two years after which he will return to establish an Orleans County practice.

Scott Brundage of Medina entered the program in his sophomore year of Medical School and is currently in his Junior year at Indianapolis University Medical School.

David Hicks, of Albion, N.Y., has been awarded his initial grant for the Fall Term of 1979 and is now attending the University of Rochester Medical School.

Timothy Speciale, of Medina, N.Y., has also been awarded a grant starting with the Fall Term of 1979 and is attending the Philadelphia School of Osteopathic Medicine at Philadelphia, Pa..

The entire 1979 budget item of \$6,000. has been committed to students but the sum of \$3,000. has been received in repayment and has been turned over to the County Treasurer. The Scholarship Board has attempted to make reasonable budget requests and in any year in which the total item was not used for scholarships the balance has been released rather than encumbered. Except for the initial printing of stationery in 1966 and one roll of stamps, the program has been conducted without administrative cost.

Obviously, because of the activity in the program, it will be necessary to request additional funds for 1980 and succeeding years. In addition to the three currently sponsored medical students the Board already has an application from an Orleans County resident who expects to be admitted to Medical School in the Fall of 1980. It is, of course, possible others will also qualify. The Board will make every effort to use good judgement in the number of scholarships granted in the light of availability of medical services in the County.

We respectfully request the budgeting of \$15,000. for the year 1980 with the expectation that \$3,000. will be received in repayment making a net of \$12,000.

We wish to emphasize that this is a long range program. We are looking six and seven years ahead when the benefits of this effort will be seen throughout the County with the return of sponsored students as fully qualified medical practitioners. We know of no program involving County tax dollars that has the potential of your Medical Scholarship Program.

On behalf of all the residents of Orleans County, and particularly on behalf of those students you have assisted, we extend sincere thanks for past support and urge your continued sponsorship of this program.

FOR THE ORLEANS COUNTY MEDICAL SCHOLARSHIP BOARD

September 7, 1979

 Chairman  
Richard C. Bloom

It was moved by Supervisor Bane and seconded by Supervisor Shenck that the Board go into executive session to discuss labor negotiations.

Unanimously adopted.

Adjourned at 10:30 a.m. for executive session. Reconvened at 11:15 a.m.

Privilege of the floor was granted to Stephen Heard, Administrator of the County Home & Infirmary and to Dean Burdett, Financial Officer. Mr. Heard and Mr. Burdett discussed the request for a petty cash fund and purchase of lounge furniture which were tabled at the last meeting.

#### RESOLUTION NO. 281

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Dudek.

#### RESOLUTION AUTHORIZING PETTY CASH FUND FOR THE ORLEANS COUNTY HOME AND INFIRMARY

RESOLVED, that pursuant to authority contained in Section 371 (1) of the County Law, a revolving petty cash fund in the amount of \$600.00, be established in the Orleans County Home and Infirmary and the County Treasurer be, and she hereby is, authorized to transfer the amount of \$600.00 from the General Fund Account to Petty Cash Account No. 210 for the establishment of such a revolving petty cash fund.

Adopted. 347 ayes; 0 nays; 1 absent, Supervisor Whipple (25).

#### RESOLUTION NO. 282

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Paduchak.

#### RESOLUTION AUTHORIZING ADVERTISING FOR BIDS FOR PURCHASE OF FURNITURE FOR USE OF THE ORLEANS COUNTY HOME AND INFIRMARY

Adopted. 347 ayes; 0 nays; 1 absent, Supervisor Whipple (25).

Privilege of the floor was granted to Robert Tirsch. Mr. Tirsch presented the Orleans County Youth Board proposals for 1980. Mr. Tirsch pointed out that the Holley Library and the Lake Plains YMCA are two of the new agencies proposed for funding. The Yates Library did not apply for funds although they have been advised of the procedures. The money allocated to the Village of Albion for a Juvenile Officer is money that is guaranteed to them under the Comprehensive Plan. Each of the towns and villages has a guaranteed allocation. All of the requests for funding for 1980 were reviewed by a committee of the Youth Board and the program finalized by the entire Youth Board.

Supervisor Nayman stated that when the Youth Board was started it was to promote something new for the youth of this County, and all the programs are those that were already existing but are now being funded by a different method. Mr. Tirsch replied that the libraries did have a youth program but did not have a cultural arts program such as they had this past year. Also that the CPR program was new for the youth. The Special Olympics in Orleans County received substantial funding this year, the YMCA is new.

The Supervisors questioned the Community Counseling item - some felt that it was a duplication of the work done by the Drug Abuse Office. It was pointed out that each town has a representative on the Youth Board and if that representative is not attending the meetings then they should be replaced.

Supervisor Kubatek said he would vote in favor of the programs but he did have an objection to the item for the Juvenile Aid Bureau.

#### RESOLUTION NO. 283

By Supervisor Paduchak, who moved the adoption.

Seconded by Supervisor Bane.

#### RESOLUTION ENDORSING YOUTH BOARD PROGRAMS

Letter from the Alternate Energy Committee was read as follows:

**ORLEANS COUNTY PLANNING BOARD**

151 Platt Street  
Albion, N.Y. 14411

September 4, 1979

Stanley R. Kubatek, Chairman  
Orleans County Board of Supervisors  
Court House Square  
Albion, New York 14411

Dear Chairman Kubatek:

On June 21, 1979, the County Board of Supervisors created, by Resolution 226, an Alternate Energy Committee. I have been requested by the Energy Committee to inform the Board of Supervisors of our activities and progress.

To date, we have convened three meetings with good attendance and enthusiasm.

Enclosed find long range objectives reached by the Committee.

To date, we have deployed subcommittees to investigate four priority areas. They include:

- a. Assessment of Energy Needs for the New County Office Complex
- b. Evaluate the economics and energy efficiency as it relates to the system of mileage reimbursement to county employees for county business
- c. Inventory of Alternative Energy Sites in Orleans County
- d. Energy audits of all existing County operated buildings.

In an attempt to fulfill objective (d), a member of our Committee, Mr. William Plumb, has attended a workshop, sponsored by the State Energy Office, on how to conduct an energy audit on a building.

He has reported to us that the County could be saving many dollars by modifying the internal arrangement of a building as it relates to lights, heat, etc.

Pursuant to his taking this course, he is now certified to conduct an energy audit for municipal buildings and also, has made Orleans County eligible to apply for State funding to modify buildings so they are made far more energy efficient.

It was reported by the Energy Committee member, Mr. Plumb, that other municipalities, schools and nursing homes have saved thousands of dollars by making some simple changes in the functioning of a building. Additional members of the Committee will be attending this free certifi-

cation course that qualifies individuals to be energy auditors. This will insure that all County buildings have an energy audit conducted and as a result precious County tax dollars can be saved.

In an attempt to fulfill objective (c): Inventory of Alternative Energy sites in the County, the Committee has made an appeal via the local media for individuals with expertise in alternate energy sources to contact the Planning Office.

Our purpose here is to educate ourselves as to what exists in Orleans County and how to optimize that technology where appropriate for the welfare of the County.

Objective (b): Evaluate the economics and energy efficiency as it relates to the system of mileage reimbursement to county employees for county business. The Committee has secured extensive studies from other states, counties, towns and are reviewing these documents for future recommendations.

In an attempt to fulfill Objective (a), assessment of energy needs for the New County Office Complex, the Committee has determined that one potential source of alternate energy that demands continued exploration is wind power. Orleans County, as documented by scientists at Brockport State University, has been determined located in a wind belt. Coupled by the fact that our new building is located on a hilly plateau, we believe the feasibility of wind power to supplement the electricity supply of the building warrants further exploration.

It should be noted that wind power is currently being used by many home owners in wind belt areas to supplement their public utility supply.

Dr. John Mosher, a member of our Committee, recently informed us he has visited the University of Massachusetts where he saw Habitat I, a wind and solar energy efficient house. He has placed us in contact with a Dr. William Heronemus, Chairman of the Civil Engineering Department, who is the principal scientist involved in this project.

At the request of the Committee, I contacted Dr. Heronemus. He indicated to me that he would be willing to explore the feasibility of wind power on our partially constructed County Office Complex.

He also indicated that he would be willing to let us utilize a computer program, which has been developed to secure the exact wind parameters which must be met in order to fulfill our needs in Orleans County, if we supply the data to him. There would not be any cost for this computer service.

Also, we have been informed that Enetech Corporation, a leading manufacturer of wind devices, is located within the same vicinity.

Finally, we would like to visit the Town Hall at Half Moon, New York where they are utilizing a combination of insulation and solar technology to maximum energy consumption at their Town Hall. This is the same structure that the Planning Office visited two years ago along with Supervisors Dudek and Piedmonte. Since its final construction, it has received national recognition as an example of an energy efficient structure. We would like permission to re-examine this structure and re-evaluate the data and the claims.

In an attempt to fulfill the objectives of our Committee, as outlined by Resolution #226, the Alternate Energy Committee is respectfully requesting permission to attend the University of Massachusetts and visit with Dr. Heronemus and Enetech Corporation for the objectives outlined herewithin.

We are requesting that Mr. William Plumb, Supervisor Dudek, Bruce Smith and myself be given the authority to attend these two exceptional educational resources, at County expense.

We estimate the cost of the total trip, for four individuals, should not exceed \$350.

We understand that it is not general policy for the Board of Supervisors to approve multi-participation to conferences, however, we feel the nature of this highly technical educational opportunity is such that it genuinely demands four participants.

On behalf of the Alternative Energy Committee, including Dr. John Mosher, Bruce Smith, Jerim Klapper, Mr. Stanley Kubetek, Sur Graziano, William Plumb, Dick Eddy and myself, we herewithin request this opportunity.

In a related energy issue, the Alternate Energy Committee would like to inform and subsequently encourage the Board of Supervisors to authorize someone to attend the next Energy Audit Conference sponsored by the New York State Energy Office. The conference will take place September ~~18th~~ 18th and ~~19th in Syracuse, New York.~~ 19th at Niagara University.

As Mr. William Plumb, of our Committee, can testify, the cost saving benefits derived from this Conference are substantial.

The Committee would like to encourage the Board of Supervisors to authorize someone from each County operated building to attend so that an energy audit of each County Building can be formulated and subsequent ways of saving money can be planned.

Respectfully submitted,

Robert D. Tirsch

Supervisor Bennett said, "I thought when I made that resolution that Jack McCarthy was supposed to be on that committee".

It was also stated that Dick Eddy is not a member of that committee, he was at a meeting, but was never appointed by this Board.

Supervisor Dudek pointed out that we don't have a representative who has participated in one of these energy audits, we don't have anyone who can sign an application. This is needed before the county can apply for grants.

Supervisor Piedimonte, "I agree that we should have the committee but as far as going to Half Moon, the committee was there once. They are having problems with that building. I think windmills do have a potential for our County."

Supervisor Nayman, "The gentleman who designed the Half Moon made a lot of promises which have not turned out to be true. There's a lot of solar being studied and facts and data available, but it has not worked out that well in this area of the country. Wind power is not as dependable as a lot of people like to think it is in this area."

Supervisor Nayman discussed various aspects and drawbacks to solar energy and stated that before we get carried away with something that may be a dream we should step cautiously.

Supervisor Dudek, "I am a member of that Energy Committee and the point of the Committee is to take a look at some alternate sources of energy. The Committee is not suggesting at this point that the County get involved in building windmills. It had made arrangements, and the people from the University of Massachusetts are willing to study the figures from Brockport at no cost. There is also discussion of trying to set up a testing area here that could be set up and monitored here to apply for grants to see what funds are available. The Federal Government right now is putting up test sites all over. They have given grants to individuals. One member of this committee himself has received a grant from the Federal Government to put an energy saving project in his home. All they are saying is that if you want the Committee to do some work, they want to go and see what's available. If the Federal Government's going to put up a windmill some place, why not have them put one up in Orleans County if it's possible? That's what they're looking at. They are not saying that we should go spend the money. There's a committee appointed to study this. You might as well disband the committee if you don't want them to look at these

approaches. They're not making a recommendation that we do it, but some of these things need to be studied in other places because in Orleans County there's nothing to study."

Supervisor Nayman, "I don't mean to shoot down the Committee in any of their efforts - just so long as it does not cost the taxpayer of this County direct money for experimentations which do not concern them."

Supervisor Bennett, "I have to agree that we appointed a Committee to look into this and we have to kind of go along with it, but just because a committee recommends something doesn't mean that I have to like it and it doesn't mean that I'm going to go along with sending four people to Massachusetts."

No action was taken on the request of the Alternate Energy Committee.

Following is a summary of the transportation survey received to date.

#### TRANSPORTATION SURVEY

There have been approximately 70 replies to this survey. About 45 of these replies were from those people who travel East to work. A good amount of these people would be going to Kodak. About 23 replies came from people who would be traveling West to work. Most of these workers would be going to Harrison Radiator in Lockport. The remaining few replies came from those people who would want a North-South Route from Albion to Batavia.

Most of the people work a 9 to 5 day, but there were quite a few who work different shifts and would require the service for those particular hours.

There were about 6 people who mentioned that they thought it would be a good idea to have the service running along Route 104.

Most of the replies to the survey came from Albion and Medina, with some also from Holley and a few from Lyndonville. There was one reply each from Brockport, Knowlesville, Waterport, Kendall, Kent and Gasport. Also two from Clarendon.

The number of days that people would use the service ranged from two to six, with the most popular answer being 5.

One Clarendon resident suggested a pick-up and drop-off point at the old Holley High School or the IGA store in Holley.

The price people would be willing to pay ranged from \$.50 to \$3.00 one way. The majority of the people felt that from \$1.00 to \$2.00 would be reasonable.

Two people mentioned the fact that this questionnaire was published at a time when many people were on vacation and would not have seen it.

There were many positive comments regarding the possibility of having such a service. Many of those who replied feel that it is a long overdue need in our County.

#### RESOLUTION CREATING POSITION OF ADMINISTRATIVE ASSISTANT TO THE COMMISSIONER OF SOCIAL SERVICES

WHEREAS, there has for some time been funded by CETA the position of Administrative Assistant to the Commissioner of Social Services and that funding will terminate effective October 8, 1979, and the Commissioner of Social Services has requested that that position be made a permanent county position, now therefore, be it

RESOLVED, that this Board of Supervisors does hereby create the position of Administrative Assistant to the Commissioner of Social Services, effective October 8, 1979, at a base salary of \$9,000.00, subject to evaluation and grading of that position.

Adopted. 302 ayes; 2 nays, Supervisors Bennett (21) and Swiercznski (24); 1 absent, Supervisor Whipple (25).

In discussion before adoption of the above resolution, Supervisor Swiercznski asked if the position was necessary since there is a Deputy Commissioner.

It was moved by Supervisor Paduchak and seconded by Supervisor Swiercznski that authorization be given for attendance at county expense by employees of the Probation Department at the following meetings:

Letter from Administrator of the County Home & Infirmary requesting approval of an agreement between the County and C.O.V.A. to transport patients from the Infirmary.

Supervisor Paduchak asked if it is permissible for a municipality to pay to a volunteer service? The County Attorney replied that this is not a volunteer service. It is a non-profit organization. Mr. Paduchak replied that C.O.V.A. is a volunteer organization but Mr. Young stated that it is not an ambulance service operated through a volunteer fire company.

Supervisor Bennett stated that his town had been solicited with the intention that C.O.V.A. would provide emergency service to the Town of Barre. He questioned where the back up service would be when they are doing transports. Supervisor Dudek replied that the transports go from Arnold Gregory to the Infirmary and back. All patients who leave the infirmary go to Arnold Gregory first. If we do not provide a local service but hire someone out of the city to take them from Albion to the Infirmary and back we would pay a big price.

Supervisor Paduchak suggested that perhaps the orderlies at the County Home & Infirmary could use the van at the Infirmary to transport these patients. Supervisor Dudek pointed out that the contract with C.O.V.A. would be for \$2500 and the County could not operate a van and pay the orderlies for that cost. There are also emergencies involved which require immediate attention.

After further discussion, the following resolution was adopted:

#### RESOLUTION NO. 332

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Bane.

#### RESOLUTION AUTHORIZING AGREEMENT BETWEEN THE COUNTY AND C.O.V.A.

RESOLVED, pursuant to the request of the Administrator of the Orleans County Home and Infirmary, by letter dated September 28, 1979, this Board of Supervisors does hereby approve an agreement between the County and C.O.V.A., subject to approval of the County Attorney, to provide transport service for the patients at the County Home and Infirmary through December 31, 1979, at a pro rated annual fee of \$2,500.00.

Adopted. 347 ayes; 0 nays; 1 absent, Supervisor Whipple (25).

The Clerk presented the following news release regarding the Orleans County Courthouse Historic District:

"State Commissioner of Parks and Recreation Orin Lehman, announced today that the Orleans County Courthouse Historic District in Albion has been listed on the National Register of Historic Places. The irregularly shaped area surrounding the square which includes portions of East State, East and West Park, Main and Platt Streets contains 33 buildings dating from the 1830s to the early 20th century. It is the heart of the Village of Albion which grew along the old Erie Canal at the intersection of two important rural highways.

Commissioner Lehman serves as the State Historic Preservation Officer and is responsible for New York's efforts on behalf of the federal program to preserve historic resources.

"The district reflects the 19th century political, religious, and cultural achievements of Orleans County and the prominence of Albion as the county seat," said Commissioner Lehman. "It is still an active center for the prosperous rural area. Although there are examples of many different architectural styles, there is a distinct local flavor to the buildings because so many were made from locally quarried red sandstone."

The Courthouse Square, the focal point of the district, was given to Orleans County by Nehemiah Ingersoll, one of the people who was instrumental in having Albion chosen as the county center over its rival community, Gaines. The Courthouse (1858), the County Clerk's and Surrogate's Building (1888), and the new County Jail stand on one-half of the square. The remainder of the square serves as a village green. In the surrounding district, there are seven churches.

Properties are listed on the National Register in recognition of their historic and architectural values. Owners of listed properties are eligible to apply for preservation grants-in-aid through the Office of Parks and Recreation. If their property produces an income, they are able to take advantage of certain provisions of the federal income tax law. The listing also provides a measure of protection. A project that may have a negative effect upon the District must be carefully reviewed and justified before it can be funded or licensed by any federal agency. Information about the National Register can be obtained by calling Claire Ross, 518-474-0479, or by writing to the Historic Preservation Field Services Bureau, New York State Office of Parks and Recreation, Governor Nelson A. Rockefeller Empire State Plaza, Albany, N. Y. 12238."

RESOLUTION AUTHORIZING PURCHASE OF LOUNGE FURNITURE FOR COUNTY HOME & INFIRMARY

RESOLVED, that the low bid of Garlock Office Products, Medina, N. Y., to supply lounge furniture, as per specifications, for use in the Orleans County Home and Infirmary, at a cost of \$6,080.00, be accepted by this Board.

Adopted. 347 ayes; 0 nays; 1 absent, Supervisor Whipple (25).

Supervisor Bennett reported that the Purchasing Committee had received bids on supplying a computer to the County Treasurer's Office and the Election Office. Resource Trading Corporation submitted a bid to supply two computers (Dolphin Model) and four programs at a cost of slightly over \$42,000.00. IBM submitted a proposal for one computer with two terminals, printer, programs, etc. for a cost in excess of \$55,235.00. IBM's proposal exceeded the specifications, their firm felt that the County was requesting too small a computer. The staff of the Board of Elections are not in complete agreement concerning the computer recommended by Mr. Herbert Bothwell of Resource Trading Corp. It was moved by Supervisor Bennett and seconded by Supervisor Shenck that the County purchase the one computer for the County Treasurer's Office and get that set up and running and that we have the option to purchase the second computer for the Election Office in January; and that we do not pay for the computer until the County Treasurer is satisfied with its operation. Seconded by Supervisor Shenck. After much discussion the motion was tabled to get more information on the capacity of the "Dolphin" computer. Representatives from Resource Trading Corp. and IBM will be asked to be present at the next meeting to answer any questions.

Building Committee  
County of Orleans

Reference: Orleans County Office Building

Members of the Board of Supervisors:

The bids for HVAC, Plumbing and Electrical of the project were received at your Orleans County Courthouse and publicly opened on 17 October 1979.

Attached herewith you will find the tabulation of bids for contracts HVAC, Plumbing, and the Electrical, thus constituting all of the mechanical trades for this project. From this tabulation, the low bidders are:

HVAC	Hamberger & Company, Inc.	\$397,700
Plumbing	Bemat Company	97,300
	Division of Joseph Davis, Inc.	
Electrical	Ferguson Electric Company, Inc.	<u>219,300</u>
TOTAL		\$714,300

In our original budget, dated 2 April 1979, and given to the Members of the Board via Mr. Robert Balcerzak, we had listed an item of \$45,000 for utilities; namely, involving the Sanitary System, Electrical Power, and Telephone System exterior underground work for the building. This \$45,000 should be divided among all the three trades, HVAC, Plumbing, and Electrical, since the work involved does not list a separate utilities contract on this project. Consequently, our original budget, including the contingency, would be pro-rated in the following manner for the various trades: HVAC, \$223,980; Plumbing, \$94,800; Electrical, \$198,000.

Comparing the Plumbing and Electrical bids to the original budget dated 2 April 1979, these low bids have acceptable variances. The HVAC, however, came in as a much higher bid than our original budget. This could be best explained in the following manner: Geographical location of the project constituted a mixed bidding between Rochester, Buffalo and Niagara Falls Union Locals for pipe fitting work. Inclusion of an emergency power generating system under this trade added to the cost above and beyond the original budget. Flexibility in design of the HVAC system

a p r o f e s s i o n a l c o r p o r a t i o n

Mr. Stanley Kubatek

to accomodate future changes in the building from the standpoint of movable partitions, etc., also contributed to this extra cost in the bids. Addition of smoke barriers in the ceiling cavity and, thusly, the requirements of smoke dampers in the supply and return air ductwork was another addition. Last but not least, the additional number of thermostats to control the various spaces with a Central Setback Temperature System for energy conservation also added to this extra cost.

Hamberger & Company, Inc., for the HVAC work, Bemat Company, Division of Joseph Davis, Inc., for the Plumbing work, and Ferguson Electric Company, Inc., for the Electrical work, are all triple-A rated trade contractors. These trade contractors have done work on many of our projects in Erie, Chautauqua, and Niagara Counties. I can assure members of the Board of Supervisors that this office building would be constructed to the best standards allowable by the budget for the trades involved.

Based on our Bid Analysis, we recommend the signing of contract with each of these prime bidders for the work to be performed. Our office has notified each of the bidders, successful and unsuccessful of the status and the bid results.

I will be present with Mr. Balcerzak this evening should any member of the Board of Supervisors have a question regarding the project.

Very truly yours,

Alex Daoud-Mardini, P.E.

Mr. Balcerzak informed the Board that he had contacted J. W. Criswell (without Mr. Daoud-Mardini's knowledge) and asked him what he thought about the heating and ventilating system and how it related to the cost and he said we have an excellent system and that it is well designed. Mr. Balcerzak informed the Board that his reason for contacting Mr. Criswell was that the thought was the Board might reconsider redesigning the system to save some money. Mr. Criswell stated that the system could be redesigned to save perhaps \$40,000 but the money that you save is not going to be worth what you are sacrificing in the controls. He felt that the controls that we have were self-amortizing, that they will pay for themselves over the years by being able to master control the thermostat at settings in the building, it automatically cuts down to whatever temperature you want it set at. Mr. Balcerzak told the Board that there are cheaper systems available but that he did not feel that the money that could possibly be saved on redesigning is worth it. He said that Mr. Criswell would have the most to gain by recommending redesigning the system because he would have another chance at the job. Mr. Balcerzak stated that we have a good system and he would recommend staying with it and awarding the bid to the lowest bidder. He stated that we received four bids on the HVAC, one from just about every city so we know there is no collusion.

The County Attorney informed the Board that the County has been working with FHA as far as financing is concerned. They have looked at the plans and specifications as they were prepared prior to the bidding. The County has a letter of approval so far as the specifications are concerned from FHA. FHA will now have to approve the bids. The bids are good for 45 days.

After further discussion of the project, the approval of the bids was requested tabled by Supervisor Paduchak.

Mr. Balcerzak presented a letter to the Board informing them that the work on the shell of the building is now complete and recommending that the County accept the building effective this date. The one-year warranty will run from that date. After further discussion the following resolution was adopted.

#### RESOLUTION NO. 350

By Supervisor Bane, who moved the adoption.

Seconded by Supervisor Nayman.

#### RESOLUTION ACCEPTING 1ST PHASE OF CONSTRUCTION OF NEW COUNTY OFFICE BUILDING

RESOLVED, upon the recommendation of Robert F. Balcerzak, P.E., by letter dated October 16, 1979, this Board of Supervisors does hereby accept the 1st phase of construction of the shell of the new Orleans County Office Building, effective October 18, 1979.

Adopted. 347 ayes; 1 nay, Supervisor Whipple (25); 0 absent.

#### RESOLUTION NO. 351

By Supervisor Nayman, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION AUTHORIZING DISTRIBUTION OF MONIES DUE ON CONSTRUCTION OF  
THE SHELL OF THE NEW COUNTY OFFICE BUILDING

WHEREAS, Orleans County has accepted the Orleans County Office Building construction of the shell as and in accordance with John R. Fox and Son Construction Co., Inc., contract, and

WHEREAS, the said John R. Fox and Son Construction Co., Inc. having defaulted in their contract and the construction now having been completed and various claims and liens by materialmen and laborers having been filed against the County; and

WHEREAS, the Fidelity and Deposit Company of Syracuse, New York having insured and guaranteed the payment of all materialmen and laborers under their Bond No. 5991012 and said company having agreed to indemnify and hold the County harmless from any payment on mechanic's liens for laborers and materialmen including but not limited to indemnification to the County for payment to the Internal Revenue Service for taxes due and owing from John R. Fox Construction Co., Inc. and Niagara Mohawk for the 845-circuit feet of three phase primary service to the extent of \$3,500; and

WHEREAS, the original contract amount was for \$273,495.00 and the County having approved a change order No. GC-01 dated March 15, 1979 increasing the contract amount by \$1,730.70; and

WHEREAS, all of the contract monies due and owing have been paid with the exception of \$38,755.20,

NOW, THEREFORE, BE IT RESOLVED, that the Orleans County Treasurer be and she hereby is authorized to distribute the above sum of monies remaining on hand as follows:

Payment to New York State Department of Labor	\$ 655.20
Payment to Petronio Construction Co., Inc. per contract	878.00
Credit to Orleans County for builders risk policy	779.47

and that the balance of monies on hand be paid to Fidelity and Deposit Company of \$36,442.53 upon approval by the County Attorney and the receipt by him of an indemnity agreement duly executed by Fidelity and Deposit Company; all of such payments being in accordance with letter from County Attorney to Clarence Rainess and Company (EDA Auditors) dated October 18, 1979.

Adopted. 372 ayes; 0 nays; 0 absent.

Privilege of the floor was granted to Harold Hill, Election Commissioner. Mr. Hill discussed the computer situation in relation to the Board of Elections office. Mr. Hill expressed concern with that office switching to another computer, particularly the "dumping" of information from one type of program and equipment to another. Mr. Hill stated that because the Commissioners do not understand computer language, he had asked Mr. Daryl VanAlstyne, who has been assisting the office in their programing and problems, to be present to ask some questions of Mr. Bothwell from Resource Trading Corporation. Mr. Hill stated that he wanted the approval of Mr. VanAlstyne before approving any acquisition of equipment for the Election Office.

Supervisor Dudek asked Mr. Bothwell that if the equipment broke down since it is manufactured by three different manufacturers, who would fix it. Mr. Bothwell replied that it can be serviced by Xerox or Motorola. It is

all standard equipment. Mr. Bothwell stated that there is what is called a "diagnostic disk" which would show where any malfunction is on the machine. When asked how old the firm of Resource Trading Corporation is, Mr. Bothwell replied that it is the "old" Elliott Addressing Machine Co. which was started before the turn of the century and has been in Buffalo about 16 years. The firm has 2,000 customers in the Western New York area.

The Board, Mr. Bothwell and Mr. VanAlstyne discussed various aspects of the proposed computer, particularly the concern that floppy disks could be destroyed (the information destroyed) by various magnetic forces. Mr. Bothwell stated that the floppy disks are mailed all over the world and he has not experienced any loss of information. After further discussion of the proposal from Resource Trading Corporation, the following resolution was adopted.

#### RESOLUTION NO. 352

By Supervisor Shenck, who moved the adoption.

Seconded by Supervisor Bennett.

#### RESOLUTION AUTHORIZING PURCHASE OF COMPUTER FOR THE COUNTY TREASURERS OFFICE

RESOLVED, that Orleans County purchase one Dolphin computer at a cost of \$20,500.00; 1 CRT at a cost of \$2,000.00, including two programs, from Resource Trading Corporation, Buffalo, N. Y., for use of the Orleans County Treasurers Office, as per the proposal dated October 2, 1979; one half the cost of said equipment to be paid within thirty days of installation and one half to be paid when the equipment and programs are running to the satisfaction of the County Treasurer; and be it

FURTHER RESOLVED, that the Board of Elections come back to this Board with a recommendation on the type of computer equipment they need for their office.

Supervisor Bennett reported that the Planning Committee is still in  
the process of hiring a County Planner.

The Clerk presented the following summary on the Transportation  
Survey.

We had a total of 22 responses to the Second Transportation Survey.  
Out of these responses, only two were interested in service traveling  
West to their place of business. The remaining replies were from those  
who would travel East to their places of employment.

The greater amount of responses were from those people who would be  
traveling to Kodak or Brockport. The times they have to arrive at work  
varied from 6:30 a.m. to 9:30 a.m.; except for those on trick work. The  
times of leaving work varied from 4:10 to 4:40, again excluding those  
working shifts. Four of the responses came from those people who work  
trick work. They expressed the importance of being on time for their  
different shifts.

One response mentioned the desirability of having the service run  
on Route 104.

Another response came from a person who lives and works in Holley,  
who, therefore, would not use the service, but just the same felt that it  
would be a vital service for Orleans County.

Concerning the amount of one-way fare, the responses ranged from  
.30 to \$1.50.

As in the first survey, the response was definitely positive.

#### RESOLUTION NO. 357

By Supervisor Dudek, who moved the adoption.

Seconded by Supervisor Paduchak.

#### RESOLUTION APPROVING AGREEMENT BETWEEN COUNTY AND C.O.V.A.

RESOLVED, that the agreement, herewith presented, between the  
County of Orleans and C.O.V.A. to provide transport service to patients  
at the Orleans County Home and Infirmary be approved and the Chairman  
of this Board be authorized to execute said agreement in the name of  
the County.

Adopted. 372 ayes; 0 nays; 0 absent.

RESOLUTION NO. 358

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Bennett.

RESOLUTION SETTING SALARY FOR COURT ATTENDANTS

RESOLVED, that the salary for the Court Attendants be set at \$27.50 per diem with no payment for mileage, effective immediately.

Adopted. 372 ayes; 0 nays; 0 absent.

RESOLUTION NO. 359

ADJOURNED REGULAR MEETING  
Saturday, October 20, 1979

The meeting was called to order at 9:20 a.m. by the Chairman, all Supervisors were found present.

Privilege of the floor was granted to Mrs. Mary B. Basinait, Budget Officer, to present the tentative county budget for 1980. The tentative budget calls for a tax levy of \$2,692,903.00.

Recessed at 9:55 a.m. to the Court Room for the auction of county owned property taken in foreclosure proceedings. Reconvened after the auction at 11:15 a.m.

Privilege of the floor was granted to Mr. Michael Plymack from IBM. Mr. Plymack discussed the IBM System 32 and 34 versus the proposal for a computer from Resource Trading Corporation. After a great deal of discussion of both the proposal from IBM and from Resource Trading Corp., Mr. Plymack proposed that the Board purchase one computer from R.T.C. for the Election Office and one from IBM for the Treasurer's Office. Mr. Bothwell objected to this and suggested that IBM write a program for the Election Office and put an IBM machine there and that R.T.C. put their programs and machine in the Treasurer's Office.

Supervisor Dudek stated that the County has made a commitment to go with one machine and that we should be careful about having two separate systems. That they may both work fine after 60 or 90 days and then the Election Office will want to keep theirs and the Treasurer's Office theirs. In a short period of time, 3 months or so, we will have an idea whether or not it works. If it doesn't work it will not cost us anything but the time and effort involved. The specifications were written generally so that people could compete, it is up to the vendor to find out what is needed and put the program together to fit the County.

The Board took no action to reconsider the resolution adopted on October 18th to purchase one computer from Resource Trading Corporation for use of the Treasurer's Office.

RESOLUTION NO. 362

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION ADOPTING TENTATIVE COUNTY BUDGET FOR 1980

RESOLVED, that the tentative budget as presented by the Budget Officer be adopted as the tentative county budget for 1980.

Adopted. 372 ayes; 0 nays; 0 absent.

RESOLUTION NO. 363

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Dudek.

RESOLUTION FIXING DATE OF PUBLIC HEARING ON TENTATIVE COUNTY BUDGET  
FOR 1980 AND ON THE USE OF FRS FUNDS IN THE 1980 COUNTY BUDGET

RESOLVED, that the public hearing on the tentative budget for the year 1980 be held in the Court House, Albion, N. Y., on Thursday, November 15, 1979 at 7:30 p.m. and that the notice of hearing be published in the Albion Advertiser, Inc., and the Medina Daily Journal-Register, Inc., and be it

FURTHER RESOLVED, that the public hearing on the use of Federal Revenue Sharing Funds in the 1980 county budget be held in conjunction with the public hearing on the 1980 county budget.

Adopted. 372 ayes; 0 nays; 0 absent.

The Board discussed briefly an article in the Medina Journal which criticized the Board of Supervisors for building the new County Office Building. Supervisor Dudek pointed out that all one has to do is visit many of the county offices to see the overcrowded conditions.

It was moved by Supervisor Bennett that the meeting be adjourned.

Adjourned at 12:25 p.m.

REGULAR MEETING  
Thursday, November 8, 1979

The meeting was called to order at 10:10 a.m. by the Chairman. After the Pledge to the Flag the Clerk called the roll and all Supervisors were found present.

It was moved by Supervisor Paduchak and seconded by Supervisor Shenck that the reading of the minutes of the previous meeting be dispensed with and the same be approved as prepared by the Clerk.

Carried.

Privilege of the floor was granted to the Election Commissioners and Mr. Plymack a representative of IBM. The Election Commissioners informed the Board that pursuant to the Board's resolution, they were recommending that the Board lease or purchase a System 32 IBM computer for use of the Election Office.

Mr. Plymack stated that IBM proposes that the County lease the System 32 at a monthly rental of \$1,109.00, or a monthly lease of \$1,010.00, or purchase it for a sum of \$24,390.00. If purchased there would be a monthly maintenance cost of \$175.00. The rental plan allows cancellation with 90 days notice and does not include price protection. Lease includes price protection but there is a penalty of two months lease equivalent if the lease is broken during the 36 month lease period. Under both lease or rental, 45% of the payments will accrue towards purchase. Maintenance for parts and labor are covered around the clock on either the lease or rental plans.

A continuous charge of \$46 per month is required during preparation and testing of the programs. After there are no more programming changes this fee can be reduced to \$15 per month. IBM estimates approximately 40 hours of work for programming. At the IBM rate this comes to a one-time cost of \$2,080. Miscellaneous costs such as supplies and transportation should be less than \$500.

After some discussion the following resolution was adopted:

RESOLUTION NO. 365

By Supervisor Whipple, who moved the adoption.

Seconded by Supervisor Nayman.

RESOLUTION APPROVING AGREEMENT BETWEEN THE COUNTY AND IBM FOR RENTAL OF COMPUTER FOR ELECTION OFFICE

RESOLVED, that this Board of Supervisors approve an agreement between the County and IBM to supply one System 32 computer for use of the Election Office on a six month rental basis at a rental price of \$1,109.00 per month, plus \$46 per month for programming changes; not to exceed \$2,080.00 to write the programs, and be it

FURTHER RESOLVED, that the Chairman of this Board is hereby authorized to sign said agreements upon approval of the County Attorney.

Adopted. 232 ayes; 140 nays, Supervisors' Nayman (65), Bennett (21), and Dudek (54), voting nay; 0 absent.

Chairman Kubatek read a letter from the Fire Advisory Board re: funds in the 1980 budget for a full-time Fire Coordinator.

Supervisor Bennett stated that at the Fire Advisory meeting the members were told that if they didn't like the budget or if they had requested that they wanted more money in the budget for different items, they should have come to the budget hearing. Supervisor Bennett also said, "I also feel that it would be wrong for us to create a position like this at this time. If they can convince the people that are going to run the County next year that it is needed, I'm sure they can find the money in January. I was disappointed that nobody came to the budget hearing and they were aware of it."

Supervisor Piedimonte replied that this position can not be justified.

The County Treasurer informed the Board that the libraries were not happy with the amount of money they are getting and that the Swan Library had to cut the number of hours they are open. Several Supervisors stated that the libraries were told years ago when the County first started giving them funds that there may be a possibility that they may not receive the amounts they desire.

The Board discussed the ramifications of doing away with the sales tax on heating fuels. It is estimated that the amount of lost revenue would be approximately \$336,000.

It was moved by Supervisor Swiercznski that the County take the 3% sales tax off heating fuels.

The County Treasurer stated that it will affect the town budgets and school budgets.

Supervisor Bennett stated that it is not fair because the Town of Barre is getting their sales tax back in cash and their budget reflects the sales tax. Also that every time you take off the sales tax the money must be made up somewhere and it would be made up with land tax, the most unfair tax there is.

Supervisor Dudek stated that his position is the same as Supervisor Bennett's, where will the \$350,000 come from? Based on the County properties, every \$100,000 is about a dollar a thousand tax rate.

The County Treasurer pointed out that it isn't all County money, the towns and villages and schools receive approximately 1% of the total sales tax monies.

Supervisor Dudek stated that homeowners would only save about \$30.00 on sales tax on their fuel bill but would pay about \$30.00 more in land taxes, all of which would have to be paid in January rather than being spread throughout the heating season.

After much further discussion, Supervisor Swiercznski moved a resolution to comply with the suggested resolution prepared by the State, to remove the county sales tax on home heating fuels; seconded by Supervisor Piedimonte; upon roll call vote the motion lost; 277 nays to 95 ayes; Supervisors' Whipple, Swiercznski and Piedimonte voting aye; Supervisors' Bennett, Shenck, Paduchak, Kubatek, Dudek, Bane and Nayman voting nay; 0 absent.

It was moved by Supervisor Bane, seconded by Supervisor Shenck, and carried, that the following Dog Enumerators' bills as presented and read, be allowed as claimed and that the Clerk be directed to certify same to the County Treasurer for payment:

Name	----	Town	Amount Claimed and Allowed
Mildred Grimm		Barre	\$345.50
Richard W. Ferris		Carlton	410.50
Hazel Root		Clarendon	314.00
Jean Eddy		Gaines	292.50
Marietta R. Nilsson		Yates	297.50

The following letter offering to purchase county owned property in the Town of Shelby was read:

From: O. G. Massey, 4475 Water Works Road, Medina, N. Y. 14103  
Dated: November 10, 1979

This letter is in regards to the property formerly owned by Aldon G. Massey, lot number 129-5, Water Works Road, Shelby. It is an empty lot, 125 x 200 ft., containing not even a driveway, yet it was assessed for \$3600. I believe the taxes are so high because my son Aldon applied for a building permit but never picked it up. It is my opinion that the property was over-assessed due to the delinquency of the assessor, who assumed that the lot contained a trailer. This was very unjust. The property was deeded back to me, Osborne G. Massey, on October 10, 1978. Presently the taxes for this lot amount to \$779.89. I have paid the 78-79 taxes which were \$285.42. I am making a bid with a certified check for \$500 to clear the back taxes on this property.

RESOLUTION DESIGNATING WASTE TREATMENT MANAGEMENT AGENCY (IES)

WHEREAS, the New York State Department of Environmental Conservation is designated as the State Agency responsible for developing a Statewide 208 Waste Treatment Management Plan as described in Section 208 of the Water Pollution Control Act Amendments of 1972 and the subsequent revisions contained in the Clean Water Act of 1977, and

WHEREAS, the local municipalities are encouraged to be active partners in the development of the 208 plan, and

WHEREAS, the 208 plan will set the direction for implementing programs directed toward correcting local problems that impair the State's waters, and

WHEREAS, the Governor must designate management agencies to implement the 208 planning proposals, and

WHEREAS, funding for future programs will be directed only to those local agencies specified in the 208 plan, and

WHEREAS, this county wishes to maintain its position of responsibility as implied by home rule, and

WHEREAS, this county has agencies with capabilities, in some cases existing, but with the possibility of expansion could correct defined water quality problems within the county, and

WHEREAS, the problems have not yet been adequately defined by the Department of Environmental Conservation, and

WHEREAS, because the problem definition is not yet complete, it is not possible to match existing capabilities with the magnitude of the problem

and the time frame to correct the problem to meet the 1983 goal of fishable, swimable waters.

NOW THEREFORE, BE IT RESOLVED, that the Orleans County Board of Supervisors be designated as the management agency to fulfill the intent of the law until the problems are fully defined subject to the following conditions:

1. The county commitment for time and money is kept within its means as determined by the governing body.
2. The county can delegate to appropriate agencies, committees or boards be they local, regional, or state such functions to carry out the program as is deemed necessary.
3. The State and E.P.A. assure a basic level of financial incentives over a period of time to encourage participation.
4. The State and E.P.A. do in fact identify the magnitude of the problem and the improvements expected when controls are implemented.

BUDGET MESSAGE 1980

TO THE HONORABLE BOARD OF SUPERVISORS  
AND TAXPAYERS OF ORLEANS COUNTY

Your Budget Officer and Finance Committee in conformance with Article 7 of the County Law, herewith submit our recommendations for a budget that we feel is necessary to carry out County functions for the year beginning January 1, 1980:

TOTAL APPROPRIATIONS	\$17,091,916
LESS: Estimated Revenues	\$13,796,475
LESS: General Fund Surplus	600,000
PLUS: Allowance for uncollectable Taxes & Deferred Tax Revenue	48,000
AMOUNT TO BE RAISED BY REAL PROPERTY TAX	\$ 2,743,441

This proposal calls for a 4.5% increase in the tax levy over the 1979 approved budget as adopted by the Board of Supervisors on December 7, 1978. It is the opinion of the Committee that the tax rates will remain approximately the same as in 1979, depending on the increase in assessment in the various towns. The towns of Barre and Shelby have elected to receive their share of the sales tax in cash this year, and will, therefore, have a higher County tax rate.

The increase in appropriations is \$2,101,480. which is offset to a large extent by the increase in revenues of \$1,870,580. The increased appropriation is due to the normal growth of County operations, inflation and estimated minimal salary increases.

The \$600,000. General fund surplus includes sales tax revenues received over the 1978 budgeted amount: \$279,518., Railroad taxes settled: \$92,893., Interest on investments in excess of budgeted amount: \$101,000., Social Services surplus (County share): \$53,366., Off Track Betting revenues over budgeted amount: \$23,000., and unanticipated revenues which increased the fund balance: \$50,223.

We have again changed the format of the budget by adding two additional columns, both reflecting the effects of the CETA program - CETA personnel salaries and fringe benefits with their respective departments, and the Cost to the County for each department should there be a withdrawal of the CETA program.

Throughout the year, administrative emphasis was placed on sound financial management and austerity. Whenever possible the filling of new positions was deferred so as to assure an affordable 1980 financial plan for the taxpayers of our County.

Respectfully submitted,

RESOLUTION REQUESTING STATE GRANT TO FINANCE COST OF COMPREHENSIVE ENGINEERING  
STUDY FOR COLLECTION, TREATMENT, AND DISPOSAL OF SEWAGE

WHEREAS, Section 18-1901, Article 17 of the Environmental Conservation Law of the State of New York makes possible a study grant to finance the total cost of a comprehensive engineering study and report for the collection, treatment, and disposal of sewage, and;

WHEREAS, the aforementioned Environmental Conservation Law requires that such studies be carried out by counties or by the joint action of those municipalities located within the areas of present or projected high densities of population within a natural drainage area, and;

WHEREAS, the Board of Supervisors of the County of Orleans has directed and empowered the Chairman of the Board of Supervisors of the County of Orleans to execute an application and contract for a state grant to finance a comprehensive study and report for the collection, treatment, and disposal of sewage and execute such other documents as are required for completion of such study and report, and;

WHEREAS, the County of Orleans will not be financially encumbered for payment of the study expense nor bound by a recommendation which may be contrary to sound judgment and not in the best interests of the aforementioned County, and;

WHEREAS, the Board of Supervisors has authorized and directed the County Treasurer to act for and in behalf of the County of Orleans to receive payments from the State and to make payments to the Engineer for work required by this program, now, therefore, be it

RESOLVED, that the Chairman of the Board of Supervisors be, and hereby is, authorized and directed to execute all applications and contracts for a State grant to finance a comprehensive study and report for the collection, treatment, and disposal of sewage and execute such other documents as are required for completion of such study and report, and be it further

RESOLVED, that the study includes those areas as indicated on the map attached hereto and which are in agreement with the requirements of the law, rules and regulations established for this program and be it further

RESOLVED, that the County Treasurer be, and hereby is, authorized and directed to act for and in behalf of the County of Orleans to receive payments from the State and to make payments to the Engineer for work required by this program, and be it further

RESOLVED, that the consulting firms of Lewis E. Kohl, Inc., and William C. Larson both of Rochester, N. Y., and any other firms contracted by the towns be considered as candidates to perform all engineering studies, surveys, and investigations as required for the satisfactory completion of the comprehensive study and report, and be it further

RESOLVED, that a copy of this resolution be transmitted to the New York State Department of Environmental Conservation.

Adopted. 372 ayes; 0 nays; 0 absent.

#### RESOLUTION ADOPTING LOCAL LAW NO. 2 OF THE YEAR 1979

WHEREAS, the following proposed Local Law No. 2, for the year 1979, was duly introduced at the meeting of the Orleans County Board of Supervisors on September 20, 1979, and a public hearing was held at 9:45 a.m., December 6, 1979, at which time no persons appeared wishing to be heard, be it enacted as follows:

##### LOCAL LAW NO. 2 OF 1979

A LOCAL LAW GOVERNING MEDICAL EXAMINATIONS OF EMPLOYEES OF THE COUNTY OF ORLEANS AND REPEALING SECTION 2 OF LOCAL LAW NO. 1 FOR THE COUNTY OF ORLEANS FOR THE YEAR 1974.

Be it enacted by the Board of Supervisors of the County of Orleans, New York as follows:

SECTION 1. This local law applies to the following, each referred to as an employer:

- (a) The County of Orleans
- (b) All participating municipalities in Orleans County's Self-insurance plan.
- (c) Membership in any Volunteer Fire Department organization or agency for which the County is responsible for the payment of worker's compensation or similar benefits including compensation for loss of life.

SECTION 2. Employment shall mean any engagement or hire by an employer, or membership in any department, organization or agency described in Section 1 (c) for which the County of Orleans is responsible for the payment of worker's compensation or similar benefits, including compensation for loss of life.

SECTION 3. The Administrator of the County's self-insurance plan is directed to prepare an appropriate health and physical condition questionnaire for all candidates for employment as defined in this local law. He is directed to promulgate and file in his office a regulation prescribing the manner of execution of the questionnaire, the physicians' examinations required, the compensation for the examinations, the frequency with which such examinations may be required, the responsibility for payment for examinations, the method of payment and any other matters necessary to protect the County's Self-Insurance Fund from claims by persons known to be physically handicapped or incapacitated or in such a state of health that the person might reasonably be expected to become the object of a claim for worker's compensation.

SECTION 4. No employment shall be entered into until the employer has submitted the required questionnaire to the Administrator and obtained his approval. Within ten (10) days after the receipt of the questionnaire, the Administrator shall return the questionnaire with his approval or disapproval endorsed thereon.

SECTION 5. Any employment entered into in violation of this local law is null and void.

SECTION 6. This local law may be enforced by injunction proceedings.

SECTION 7. The administrator is authorized to make regulations not inconsistent with this local law carrying out the intent of this local law on approval by the Insurance Committee of the Board of Supervisors.

SECTION 8. This local law shall not apply to the following:

- (a) Any employee who is mandated by the State to undergo a physical exam
- (b) Any elected County, Town or Village official
- (c) Any appointed County, Town or Village official

SECTION 9. Section 2 of Local Law No. 1 of the County of Orleans for the year 1974 is hereby repealed.

SECTION 10. This local law shall be effective immediately upon its adoption and filing in the Office of the Secretary of State.

Unanimously adopted. 372 ayes; 0 nays; 0 absent.

Recessed at 11:20 a.m., reconvened at 11:30 a.m.

#### RESOLUTION AUTHORIZING COMMUNITY PARTICIPATION IN COMPREHENSIVE PLANNING AND MANAGEMENT ASSISTANCE PROGRAM

WHEREAS, the County of Orleans, in order to provide for a planning study contributing to an overall program for its future community development, desires to participate in the Federal-State Comprehensive Planning and Management Assistance Program as authorized by Section 701 of the Housing Act of 1954, as amended, and Article 26 of the New York State Executive Law, and

WHEREAS, the New York State Division of Community Affairs of the New York State Department of State, is the official State planning agency designated to administer the Housing Act of 1954, as amended, now therefore be it

RESOLVED, that the Board of Supervisors of the County of Orleans hereby requests the New York State Division of Community Affairs to provide planning assistance with such financial assistance as may be provided by the United State Department of Housing and Urban Development, under authority of Section 701 of the Housing Act of 1954, as amended. Such planning assistance is more particularly described in the project application.

RESOLVED, that if the aforesaid application is approved and accepted by both the Director of the New York State Division of Community Affairs and the Department of Housing and Urban Development, the County of Orleans shall enter into a formal agreement with the New York State Division of Community Affairs to undertake the project described in the approved application and to pay to the State of New York its share of the estimated total cost of the said project, together with such other terms and conditions as may be deemed necessary and appropriate to carry out the said project.

RESOLVED, that the County of Orleans hereby agrees to have available, in the year the project is to be completed, the sum of One Thousand and Six Hundred and Sixty-seven dollars (\$1,667.00) or so much as may be necessary to contribute a sum not to exceed 16.67 per centum (16.67%) of the total cost of said project, to be paid to the State of New York, on condition that the above-mentioned application is approved by both the Department of Housing and Urban Development and the Director of the New York State Division of Community Affairs of the New York State Department of State.

RESOLVED, that the County of Orleans shall assume the costs of operating and maintaining its own planning board or commission including such services

as clerical personnel, office space, equipment, materials, communication and travel, as such costs cannot be charged to the Comprehensive Planning and Management Assistance Program.

RESOLVED, that the Chairman of the Board of Supervisors of the County of Orleans be and hereby is authorized and empowered to execute in the name of the County of Orleans all necessary applications, contracts and agreements to implement and carry out the purposes specified in this resolution.

Adopted. 372 ayes; 0 nays; 0 absent.

Privilege of the floor was granted to Robert E. Golden, Director of Probation, to explain his requests for positions as outlined in his letter dated December 10, 1979. Mr. Golden explained that the Probation Officer position requested has been held by Jeannette Riley, first through CETA, and for the remaining three months of 1979 as County. The request is to make this position permanent as of January 1, 1980. The other position requested is for a Probation Officer Assistant. This position has been held by Sue Lane as a volunteer for the past two years. But Ms. Lane can no longer continue working as a volunteer and Mr. Golden stated that it is his intention to try and hire Ms. Lane for this position.

#### RESOLUTION NO. 432

FURTHER RESOLVED, that there be created in the Orleans County Probation Department one position of Probation Officer Assistant, effective January 1, 1980, at a salary of \$8,703.00.

Adopted. 372 ayes; 0 nays; 0 absent.

Privilege of the floor was granted to Ms. Carri Blake, Director of the Office for the Aging. The County Attorney asked Ms. Blake if it is the intention of her office to contract with Mental Health for the services

referred through her office. Also what type of position are they creating in Mental Health, what type of hours, salary, etc.

Ms. Blake replied that it would be 18 hours a week with the funds available. It would be a counseling type position - either a social worker or a person with a bachelors or masters in counseling. This person would be supervised by the Mental Health Director and by the Mental Health Psychiatrist. The position would be no higher than a Grade 7 and perhaps a grade lower - there is at present no comparable position.

The County Attorney pointed out that this position was not budgeted. Ms. Blake said that the contract would not start until April 1st. Mr. Young stated that the Board could pass the resolutions to approve the applications for funding and then take action later on to create any necessary positions.

Supervisor Piedimonte asked if the Board was going to approve the Annual Plan for the Office for the Aging.

RESOLUTION REQUESTING SPECIAL LEGISLATION FOR ORLEANS COUNTY TO AMEND THE REAL PROPERTY LAW

BE IT RESOLVED, that Orleans County's representatives in the New York State Legislature be requested to introduce special legislation for the County of Orleans as follows:

AN ACT to amend the real property law, in relation to recording of conveyances of real property affecting land in Orleans County.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section three hundred thirty-three of the real property law, is amended by adding a new subdivision one-1 to read as follows:

1-1. The recording officer of the county of Orleans shall not record, or accept for record, any conveyance of real property affecting land in said county without the tax billing address of the new owner, the appropriate tax map designation and a statement of the full sales price relating thereto to be reported in a form and manner prescribed by the state board of equalization and assessment. For the purpose of this subdivision, the term "full sales price" means the price actually paid or required to be paid for the real property or interest therein, whether paid or required to be paid by money, property, or any other thing of value, including the cancellation or discharge of an indebtedness or obligation, and the amount of any lien or encumbrance on the real property or interest therein which existed before the delivery of the deed and which remains thereon after the delivery of the deed, but excluding the fair market value of any personal property received by the buyer. The provisions of this subdivision shall not operate to invalidate any conveyance of real property where the tax billing address of the new owner, the appropriate

tax map designation and a statement of the full sales price relating thereto or one or more of these items has not been reported or which has been erroneously reported, nor affect the record contrary to the provisions of this subdivision, nor impair any title founded on such conveyance or record. The statement of the full sales price filed pursuant to this subdivision shall not be made available for public inspection or copying except for the purposes of administrative or judicial review of assessments in accordance with rules promulgated by the state board of equalization and assessment.

Section 2. This act shall take effect on the ninetieth day next succeeding the day on which it shall have become law and the provisions of this act relating to a statement of the full sales price in connection with a transfer of title to real property shall apply to transfers where the date on which title passed from the seller to the buyer occurred on or after the effective date of this act.

BOND RESOLUTION NO. 477 OF DECEMBER 28, 1979, AUTHORIZING THE ISSUANCE AND SALE OF SERIAL BONDS OF THE COUNTY OF ORLEANS, NEW YORK IN THE AGGREGATE PRINCIPAL AMOUNT OF ONE MILLION THREE HUNDRED FIFTY-TWO THOUSAND NINE HUNDRED FOURTEEN DOLLARS (\$1,352,914) FOR THE ORIGINAL INTERIOR CONSTRUCTION OF A NEW COUNTY OFFICE BUILDING IN ALBION, NEW YORK, TOGETHER WITH AND INCLUDING SITE IMPROVEMENTS AND THE ACQUISITION OF ORIGINAL FURNISHINGS, EQUIPMENT, MACHINERY AND APPARATUS REQUIRED FOR THE PURPOSES FOR WHICH THIS BUILDING IS TO BE USED.

Be it resolved this 28th day of December, 1979, by the Board of Supervisors of the County of Orleans, New York, as follows:

Section 1. One Million Three Hundred Fifty-Two Thousand Nine Hundred Fourteen Dollars (\$1,352,914) of general obligation serial bonds of the County of Orleans, New York, shall be issued pursuant to the provisions of the Local Finance Law of the State of New York for the object or purpose of original interior construction of a New County Office Building in Albion, New York, together with and including site improvements, and the acquisition of original furnishings, equipment, machinery and apparatus required for the purposes for which this Building is to be used (the "Improvement") for the County of Orleans, New York and to provide funds to defray the costs of sale and issuance thereof.

Section 2. (a) One Million Six Hundred Fifty-Two Thousand Nine Hundred Fourteen Dollars (\$1,652,914) is estimated to be the maximum cost of the object or purpose, more fully described in Section 1 hereof, for which such serial bonds are to be issued.

(b) The plan for financing the Improvement consists of the issuance of serial bonds of the County in the aggregate principal sum of One Million Three Hundred Fifty-Two Thousand Nine Hundred Fourteen Dollars (\$1,352,914) to be applied toward the maximum estimated cost of the Improvement and of the balance of such cost, Three Hundred Thousand Dollars (\$300,000), to be paid from a budgetary appropriation for such Improvement previously made in the County's annual budget for the year ending December 31, 1979.

Section 3. It is hereby determined that the object or purpose for which such serial bonds are to be issued falls within subparagraph 11(a) of subdivision (a) of Section 11.00 of the Local Finance Law, and that the period of probable usefulness of such object or purpose is 30 years.

Section 4. The proposed maturity of the serial bonds hereby authorized will not be in excess of 30 years.

Section 5. There has been duly provided the sum of Three Hundred Thousand Dollars (\$300,000) from current funds. Such sum shall be applied to the cost of the Improvement.

Section 6. This Board expressly reserves the power on any interest payment date prior to maturity to call in and redeem at par with payment of interest to date all of such bonds outstanding and unpaid, or any part thereof in the inverse order of maturity, upon the giving of notice of such call for redemption by publication at least three times in a financial newspaper published and circulated in the City of New York and the official newspaper of this County, the first publication to be at least thirty (30) days prior to the date set for such redemption or in the case of registered bonds by mailing such notice to the registered holder at least thirty (30) days prior to such date.

Section 7. The faith and credit of the County of Orleans are hereby pledged to the payment of the principal of the bonds and any bond anticipation notes issued in anticipation thereof pursuant to Section 8 of this resolution and interest on such bonds or bond anticipation notes when due. An amount sufficient to pay such principal and interest as such principal and interest becomes due each year shall be included in the annual budget of the County for that year.

Section 8. In order to effect and facilitate the issuance of the serial bonds which are the subject of this resolution, it is hereby further resolved that the County Treasurer, as chief fiscal officer under the Local Finance Law, be empowered:

(a) to authorize the issuance of any bond anticipation notes in anticipation of the bonds herein authorized;

(b) to prescribe the terms, form and contents of any such bond anticipation notes or of the bonds themselves;

(c) to sell and issue any such bonds or bond anticipation notes as prescribed by Article II, Title 4 of the Local Finance Law.

Section 9. This resolution shall take effect immediately.

STATE OF NEW YORK)

Clerk of the Board of  
Supervisors of the County of  
Orleans

RESOLUTION NO. 478

By Supervisor Shenck, who moved the adoption.

Seconded by Supervisor Bane.

RESOLUTION RETIRING BOARD OF SUPERVISORS CHAIRS

WHEREAS, the County of Orleans over the past one hundred and fifty and some odd years has been governed by a Board of Supervisors who sat in this chamber and in these seats in performance of their duties as representatives of their communities, and

WHEREAS, the County of Orleans wishes to honor such townships and the communities for their efforts, now

BE IT RESOLVED, that the historic meaning of the ten seats be continued in each of the ten townships of the County of Orleans; whereby the Supervisors of each township shall have the privilege of sitting in a traditional seat of honor, now be it

FURTHER RESOLVED, that the ten seats in this legislative chamber be retired to each one of the ten townships as a historic memory of their contribution to the County of Orleans; and such shall be placed and kept in the various town halls as a memento to this service and the chairmans' seat shall still remain as the seat of authority in this county, and be it

FURTHER RESOLVED, that this Board does not wish to inconvenience the new Board therefore there shall be a six months grace period before removal of these seats.

Adopted. 318 ayes; 1 nay, Supervisor Dudek (54); 0 absent.

RESOLUTION NO. 479

RESOLUTION NO. 480

By Supervisor Piedimonte, who moved the adoption.

Seconded by Supervisor Swiercznski.

RESOLUTION SETTING SALARY FOR COUNTY CLERK

RESOLVED, that the salary of Francis A. Rumble, Orleans County Clerk, be set at \$20,500.00 per annum, effective January 1, 1980 through December 31, 1982.

Adopted. 372 ayes; 0 nays; 0 absent.

Before adoption of the above resolution, Chairman Kubatek stated that he thought the position was worth the money but if this salary was going to be given to one county official the others should be given consideration.

Recessed at noon to attend the swearing-in ceremony for the new legislature. Reconvened at 12:40 p.m.

Mrs. Basinait, County Treasurer, told the Board that she appreciated everything they had done and hoped that they would all come back and visit.

Supervisor Paduchak, "Mr. Chairman, through the good graces of the people from the Town of Kendall, I have been able to sit here for two ten-year periods. Someone asked me how long have I been here; I have been here for as long as the birch trees out in the yard - that's how long I have been here.

But I have had the privilege to serve with 29 gentlemen that were sent up here by their communities and I want to say that these people that came up here served the county with great distinction. Many of them through personal sacrifice. I know that some of them worked for industry and had to take days off, and lost monetary compensation. The ones of us that were in business for ourselves - I know in my own personal instance, many times I left a load of apples on a load that I didn't deliver, I left hay in the windrow and I left the combine standing, and I left my family at the dinner table to take care of county business. But this is what I had to do because this is why I ran for office. Two individuals I served with out of that 29 I served with two times.

Some of the things I had -- I served with two Clerks of the Board and both of them were very nice people, even though one I did get up here from the Town of Kendall. I served with four Welfare or Social Services Directors. I started here when the old poor house was on the County House Road where the C.D. started. That building was all brick; and Victor Hawkes was the Welfare Commissioner. I served with three Sheriffs, and three County Treasurers, five County Attorneys, four County Judges, three Probation Directors and two Highway Superintendents.

Now if I were to eulogize this Board, this is what I would say -- In the past, it's been their heritage, the present was their responsibility and the future has always been their challenge. I wish everybody well and again I thank the general public for allowing me to sit in this chair for that length of time. I think I have set a record in the County of Orleans as a representative for the community for 20 years, and that I am grateful for because I placed this responsibility way and above my own personal business and my personal life -- thank you for being able to say that.

And being in that position Mr. Chairman, that this is the last day that you will preside, the Board would like to present you with this."

Supervisor Paduchak presented Mr. Kubatek with a gavel inscribed with his name.

Chairman Kubatek, "Thank you very much. Thank you, it is really beautiful, I really appreciate it."

Supervisor Swiercznski, "Having served on this Board for 10 years - I have served with Mike. In fact, he is one of the original left that I have

been with here, and you Stanley, a few years later. It has been a great pleasure - there have been nothing but fine gentlemen in here. However, we have got to know that there are changes and there will be changes - 1980 is coming. This legislative body which is coming in as of January 1st is going to have a lot of challenges, going to have a lot of hard work, because, in the past you have always had some type of continuity between the Boards, while in this instance you only have three old timers and I really feel sorry for the fellows. They are going to have to work hard and this is going to take a lot of their time. However, they put their names up, they ran for election and right there makes the mark of a man, which very few even attempt any more - they are going to be a credit to the county and I am sure they are going to try their best. They are all going to make mistakes like we have so I can say, if they are right half of the time, they are ahead of the game. I wish the Legislature a lot of luck and we as a group - I know the supervisors are going to form a Supervisors Association - we will definitely meet on a regular basis and this will be taken up after the first of the year. Again, those who are leaving politics, I wish them all the luck and health in the world."

Supervisor Shenck, "Just a couple of quick things. Being the newest member of the Board, I just wanted to thank everybody for their help, including Deanie and Mary for putting up with my idiosyncrasies or whatever they are, I really do appreciate it. I want to thank you all."

County Attorney Young, "I would just like to say, as County Attorney I appreciate your placing your faith and trust in me and giving me an opportunity and the challenge we have had over the past two years. As Ted mentioned, there are a lot of changes coming in. One of the first things I did as County Attorney was approve the contracts for the Revaluation Program. There is this along with many other programs that will carry forward to the legislature and it will be their responsibility to complete the programs you have initiated. As a taxpayer of the County I believe you have done a responsible job. You have undertaken this project in particular for the benefit of all persons in the County as opposed to leaving it to the local towns to do it on an independent basis. I trust that the Legislature will follow your lead in representing all the people of the County."

And here I would like to particularly thank Stan Kubatek. I have only been here for two years, but if this County has had chairmen like Mr. Kubatek in the past, then you have had great leadership. Once again - just thanks."

Supervisor Dudek, "Mr. Chairman - on behalf of the legislators-elect, I would like to extend their appreciation in the responsible way you have acted in this transition period. There was no deliberate attempt to make it more difficult. In fact every courtesy was extended towards making that transition a good one, a smooth one. The budget that was passed was a responsible one - provided the funds for running the county. The actions that needed to be taken were taken and weren't deferred. The people that make up this Board are some of the finest that I have ever known. And with those that continue on in the position of supervisor, should not feel that their position is any less responsible than the one that they hold here on the county level. We are all here for the benefit of the county and for the people that we represent and as supervisors you need to hold your head down to no one because that is an extremely responsible position. And for all the courtesies extended to us, I would like to thank this Board, whom I will truly miss as individuals."

Supervisor Bane, "I would like to say I have enjoyed being here. I have met an awful lot of nice people and I am going to miss the people that I have worked with, and I want to wish everyone of them a lot of luck in the future."

### Annual Report of Orleans County Veterans Service Agency - 1979

Pursuant to Article 17 of the Executive Law of the State of New York, I hereby submit a summary and comment on the activities of this office for 1979.

Attached is a statistical summary of the workload of this office in 1979.

In 1979, veterans of this county received 4880 days of hospital in-patient bed care at the Batavia Veterans Administration Medical Center and 2375 days at the Buffalo Veterans Administration Medical Center for a total of 7255 days at these two medical centers.

A total of 62 veterans of this county died during 1979.

Again in 1979, the U. S. Congress provided raises in both compensation and pension benefits paid to veterans, their dependents and survivors.

This office expresses its appreciation to the Orleans County Board of Supervisors, to the Director and staff of the U. S. Veterans Administration Regional Office at Buffalo, to the Directors and staffs of the Batavia, Bath, Buffalo, Canandaigua and Syracuse Veterans Administration Medical Centers, to veterans organizations and to other federal, state and county agencies for their cooperation and assistance during 1979.

Respectively submitted,

Dear Sirs:

Pursuant to Resolution #119 adopted May 16, 1974 by the Orleans County Board of Supervisors, I herewith submit a summary of indigent veterans' burials, the number of permits issued for burial in county owned veterans' cemetery plots and the number of headstones furnished during 1979.

Indigent Burials (Section 148 General Municipal Law) -  
Funds were expended in the amount of \$2000 toward the  
cost of burial of four World War II veterans.

Permits Issued for Interment - Veterans' Plots (Section 222  
County Law, State of New York) - Seven interments were  
authorized in Mt. Albion, Albion, one in Boxwood Cemetery,  
Medina and none in Hillside Cemetery, Holley.

Headstones Provided (Section 148 General Municipal Law) -  
In 1979, twenty-three upright and eight flat stones, for a  
total of thirty-one headstones were provided to mark the graves  
of veterans.

## INTRODUCTION

The year 1979 has been a period of transition for Economic Development in Orleans County. This, the first full year of the new Office of Economic Development, has seen the creation of programs that are more responsive to the needs of business. The establishment of goals and objectives that are more in tune with the growth patterns of this region. And has become involved with various businesses and government agencies that will contribute to the economic expansion of Orleans County. This Annual Report for the Office of Economic Development will provide an overview of the economic climate of the nation and the region, activities undertaken by this Office, and future programs and projects that will be developed by Economic Development.

## NATIONAL ECONOMY

While the nation entered the new year with several of the same economic problems it suffered with in 1978, there was a great deal of confidence on the part of the Federal Government that inflation would begin to subside and a rejuvenation of the national economy would take place. Although hopes were high; reality began to set in. The Federal Government's projected inflation rate of 8% for 1979 was short-lived and by the end of March, many economists were projecting an inflation rate of 13%-15% coupled with a national recession.

Early efforts to curb inflation and stabilize the economy were dealt a staggering blow by increases to the cost of crude oil as established by the Organization of Petroleum Exporting Countries. By late Spring of this year, crude oil and petroleum supplies were being depleted and the cost of gasoline and home heating oil was to increase by an annual rate of 89%. The decreasing supply and increasing costs of gasoline brought back one of the most unpopular American pastimes: waiting in line at the gas station. This lack of gasoline proved to have a negative economic impact on the nation, especially that of the tourism trade, including that of Niagara Falls, New York. Although this is not the only sector of the economy that was to be adversely affected, it was one of the first to feel the squeeze.

The American public was prepared to decrease its driving and pay the higher costs for gasoline, but the national consumer was not prepared to deal with an annual inflation rate of 13%. With inflation hitting 13% and the cost of living reaching 11.5% annually, the local consumer has had to drastically alter his spending habits. With the cost of energy increasing, the redistribution of the family budget has decreased the amount of money available for savings or the purchase of major items, including automobiles, houses and home appliances.

One of the major problems facing this nation has been

the skyrocketing rate of inflation. In an attempt to slow down inflation, the Federal Reserve Board increased its lending rate to member banks. Eventually, this increase led to the present prime lending rate of 15-3/4%. While this action was intended to slow down the rate of inflation, it has also created a much tighter money market that has decreased the ability of business to secure loans for new expansion. The increased rate on loan money not only affects expansion possibilities, but also affects the ability of business to make capital improvements, purchase new equipment, update the production process and maintain a reasonable stock surplus.

While the increase to the prime lending rate has hindered industries' ability to secure money, it has also put increased pressure on the local consumer to avoid entering into loans that might overextend the individual's capability of repayment. With a national consumer debt of approximately 80%, great strides must be taken to reduce this debt and increase the consumer's actual disposable income.

The national recession that this country is facing cannot be resolved by the institution of one or two programs nor by increasing the prime lending rate. To overcome the economic problems we have placed on ourselves, a number of activities and objectives must be reached. First, it is imperative that the Federal Government reduce the national

deficit and return a degree of solvency to the American monetary system. Second, the dependancy on foreign oil must be reduced if not eliminated. Third, the Federal Government must enact an energy policy that will reduce the amount of energy wasted, and look toward alternate forms of energy to meet the growing demand. Fourth, the American Auto industry should enact its own policy of creating a more fuel efficient automobile as well as automobiles that can utilize other forms of energy. Fifth, the American public must resolve itself to that fact that we must conserve on energy and each individual must reduce the amount of energy consumed. Sixth, it is imperative that we reduce the number of jobs that are dependant upon the Auto industry which presently accounts for one out of every seven jobs.

#### LOCAL ECONOMY

While the nation as a whole has been struggling with a recession that some have termed "fictitious", Orleans County has been able to maintain a relatively stable economic climate. Being primarily an agricultural community, Orleans has not been as drastically affected by the decrease in petroleum supplies as other parts of Western New York. Likewise, the relatively few number of manufacturing firms related to the auto industry in this county has not drastically altered the unemployment rate of local workers.

One sector of the national economy that has afflicted Orleans County is the increase in the prime lending rate. Several businesses within this county have expressed a desire to expand, and while the Office of Economic Development is doing everything possible to provide assistance, the tight money market and high rate of interest has forced businesses to delay new construction. With the regional financial institutions not willing or being able to offer low interest loans to business, small firms are having to reassess their future growth and make a determination of whether or not to remain within this community. For small industrial firms to remain in Orleans County, the banking institution must show a willingness to invest in this community or the formation of an Industrial Development Investment Firm must be established by area residents willing to personally invest in local businesses.

Although new expansion in Orleans County has been relatively slow, several changes in the business community must be considered as a positive influence on the local economic climate. The relocation of the Corporate Headquarters for the Bernzomatic Corporation from Rochester to the Village of Medina, and the recent acquisition of a business in Lyndonville by the Pillsbury Company will have a strong impact on this area's economic growth.

The relocation of the Bernzomatic Corporate Headquarters to the Village of Medina will mean an increase in the number of professional and technical personnel working in this area.

But of greater importance to this community, the location of these policymakers within the county will strengthen the possibilities of local expansion as this firm grows. One of the intangible advantages of having the Corporate executives located in Medina is the prestige and notority it will add to this community. Having the Corporate Headquarters of a firm in Orleans County will increase this area's ability to attract new firms and encourage the local expansion of existing businesses.

In May of this year, the Pillsbury Company purchased the Lyndonville Canning Company, making it the second facility in the Village of Lyndonville to be acquired by this firm. While Pillsbury intends to expand the existing operations with the addition of an apple juice line, it is also an indication of this county's growing importance as an agricultural center.

The economy of Orleans County has and continues to be influenced by the metropolitan centers of Buffalo and Rochester. These two areas account for a major segment of the employment opportunities for local residents, hundreds of thousands of dollars of commercial goods and services; and hundreds of hours of leisure time activities. The single most influential segment these areas have on the local economy is employment. Of this county's 13,585 employed persons; 43% or 5,785 work outside the county

with 31% or 4,174 working in Monroe County.

Two major employers outside this county that have a strong impact of the area's labor force are Harrison Radiator in Lockport (Niagara County) and Rochester Products in the City of Rochester (Monroe County). With both industries being closely related to the manufacturing of automobiles, the recent decline in auto sales has forced these firms to reduce production and employment. Because these businesses strongly influence the local job market; lay-offs by these firms have contributed to this county's September unemployment rate of 7.7%. With one out of every seven jobs being related to the auto industry, the continual decline of domestic auto sales will push the local and national unemployment rate up. Although Orleans County has only three manufacturing firms related in some way to the auto industry, the continual cutback by firms outside the county will contribute greatly to the local unemployment rate.

The County of Orleans is in the advantageous position of having a diversified industrial base. Within this county, forty-three (43) industrial plants employ almost 4,000 people and manufacture a variety of products that range from children's toys to iron castings, electronic equipment to agricultural chemical products. One area that this county must remain aware of is the fact that the

two largest manufacturing facilities in this county employ fifty percent of those persons employed by local industry. Thus, it is imperative that not only the county, but also the towns and villages do whatever is possible to assist Fisher-Price Toys of Medina and T.J. Lipton Company of Albion, to avoid possible cutbacks or plant closings.

#### ECONOMIC DEVELOPMENT OFFICE

The Office of Economic Development, as it is known today, was created in November of 1978, with the installation of a new Coordinator. This Office is responsible for the coordination of economic development activities throughout the county and also serves on the Orleans County Industrial Development Agency. While the Business Assistance Program has been the top priority of this Office, it's programs, goals and objectives are diverse and broad ranging.

In an attempt to deal with all sectors of the local economy, the Office of Economic Development created four separate categories: Industrial Development; Commercial; Recreational/Tourism; and Agricultural. Although these represent the major sectors of the county's economy, it must be remembered that transportation, energy and government have an impact on the region's economic climate and must be addressed.

For the year 1979, the Office of Economic Development established two main objectives. First was the initiation of the Business Assistance Program, which was accomplished;

and the second objective being the creation of the Industrial Development Factbook for Orleans County. The Factbook was to serve as an economic development tool in assisting local business and attracting new firms, but this goal was never attained. Lacking this promotional item has not really hindered the industrial expansion of Orleans County, but it would have proven to be an asset if it was available. The development of the Factbook is expected to be undertaken in December, 1979, with a completion date in the Spring of 1980.

One of the most intensive projects the Office of Economic Development had worked on was an attempt to attract Greater Buffalo Press, Inc. to the Village of Albion. Working closely with the Orleans County Industrial Development Agency, this Office hoped to realize the development of a ten million dollar (\$10M) printing facility. While these two organizations did everything possible to realize the development of this project, it was not to be. In September, Greater Buffalo Press, Inc. made the decision to locate its new facility in the Washington, D.C. area. The selection of this location was not due to the lack of cooperation and aggressiveness on the part of local government but rather on the sheer economics of the total project.

When the Office of Economic Development was created, its staff consisted solely of the Coordinator. In February, 1979, Mrs. Barbara Fry was added to the staff to provide secretarial services. Now in November, 1979, the Office of

Economic Development is anticipating the arrival of a Planning Aide, via the C.E.T.A. Program to undertake the responsibilities of creating the Industrial Development Factbook and to conduct a county-wide Business Survey. While a great deal of 1979 has been devoted to the initiation of several programs and projects, the addition of a new staff member and the appointment of a new County Planner should mean the completion of needed projects in the year 1980.

#### BUSINESS ASSISTANCE PROGRAM

The most important accomplishment of this Office has been the creation of the Business Assistance Program. This Program was designed to provide a government agency that is geared specifically toward assisting area businesses in an effort to jointly solve local industry problems.

The Business Assistance Program was initiated by the Office of Economic Development in February of this year. Letters of introduction were sent to over forty (40) industrial firms and was subsequently followed by a series of personal interviews. Through these interviews, the Office of Economic Development had the opportunity to meet with area business leaders and discuss the various problems each industry has encountered within this region. Some of the most prevalent problems that industry has been faced with include the cost and/or availability of sewer and water services, the high rate of interest on business and industrial loans, the increas-

Although the Business Assistance Program has become involved with a variety of issues that are of concern to many businesses, one of the most pressing issues was the high cost of water and sewer rates in the Albion area. To overcome this problem, the Office of Economic Development approached the Board of Supervisors and requested that this body enact legislation that would eliminate county property taxes on local sewer and water facilities. Likewise, the Village of Albion was requested to grant a reduction in rate to industrial water users if the county were to approve the tax abatement legislation. Both government bodies, in an effort to assist local industry, subsequently approved the needed legislation, thus offering industry a more competitive water rate.

#### ECONOMIC DEVELOPMENT GOALS - 1979

While the Office of Economic Development spent a great deal of time and energy in establishing and implementing the Business Assistance Program, it has likewise initiated work on several other economic objectives as established in the May, 1979 Report on Economic Development and Orleans County. The following will provide an overview of the activities taking place to achieve these economic development objectives:

##### A. BUSINESS ASSISTANCE PROGRAM

The Business Assistance Program was designed to help area businesses and create a positive economic climate in Orleans County.

This Program was implemented in the early part of 1979 and personal interviews were conducted with approximately forty (40) industrial firms. Of these forty (40) firms close to fifteen (15) businesses requested and received supplementary assistance, ranging from the receipt of government regulations to zoning changes and the enactment of needed government legislation.

#### B. INDUSTRIAL LANDSITE HANDBOOK

The purpose of this Handbook is to provide a central listing of vacant industrial and commercial landsites in Orleans County. This directory also includes such information as who the present owners of the property are; dimensions and location of the land parcel; and the availability of utilities.

Work on this Landsite Handbook was initiated in the Summer of 1979 by Miss Susan Ehrenreich, completing approximately 85% of the project. Unfortunately, this Office has not had the opportunity to finalize the work necessary, but this document should be completed and ready for distribution by the Spring of 1980.

#### C. INDUSTRIAL PARKS

The need for industrial landsites with all necessary utilities has been made quite apparent by the County's endeavor to attract Greater Buffalo Press, Inc. To meet this demand,

the Office of Economic Development has been actively working on the creation of two Industrial Parks, one in the Albion area, and the second in the Holley area.

The Albion Industrial Park was initiated during the County's discussions with Greater Buffalo Press, Inc., although we have been unsuccessful in attracting this company, this Office is still actively working to see the area designated as an Industrial Park.

Diaz Chemical, in the Village of Holley, approached the Office of Economic Development in an effort to jointly create an Industrial Park for this area. This project, which has been initiated by the private business sector, will not only meet the needs of this company, but will also provide industrial sites for business wishing to serve the Rochester marketing area.

#### D. INDUSTRIAL DEVELOPMENT FACTBOOK

The Industrial Development Factbook for Orleans County is intended to be an information and resource tool in assisting and attracting businesses. This manual will provide information on available loan programs, tax incentives, area demographics, transportation, and Economic Development Agencies. The creation of this Factbook will be a joint effort on the part of the Orleans County Industrial Development Agency and the Office of Economic Development. Work on this project will be undertaken by an individual hired through the C.E.T.A. Special Projects Program sometime in December, 1979.

E. COMMERCIAL REVITALIZATION PROGRAM - MEDINA

Improvement to the commercial sector of the area's economy has been the concern of this Office and that of the Medina Area Business Retailers. To gain some insight into the problems encountered by the retailer and establish a Revitalization Program that is acceptable to all involved, the Office of Economic Development is working with Medina retailers and the local government. Once the initial steps are taken toward understanding these problems, a Redevelopment Program will be established to encourage new growth and add to the improvement of the retail sector of the local economy.

ECONOMIC DEVELOPMENT OBJECTIVES - 1980

While the Office of Economic Development will continue to work toward the completion of several previously established objectives, it will also be involved with three additional goals for 1980. The new objectives or goals are as follows:

A. BUSINESS SURVEY

Under the Business Assistance Program, the Office of Economic Development will create and conduct a Business Survey of Industrial firms. This Survey will seek to provide an industrial base, evaluate industries' problems, help in creating needed programs for business and identify growth industries of this area.

Although this information will be of great importance to

the Economic Development Office, it will also be of benefit to other agencies in setting up programs to meet the needs and desires of business. It will enable the various government agencies to enact educational and training programs to meet future demands; it should help in assessing government programs and how these programs impact industry and the survey should be of assistance in the county's efforts to create a more conducive business climate.

B. URBAN DEVELOPMENT ACTION GRANT

The Village of Medina has recently been designated as an area eligible for Federal Urban Development Action Grant. These Action Grants will result in a one dollar Federal contribution for every three dollars of private sector investments for new development, primarily in the industrial and commercial sectors. In an effort to take advantage of these monies, the Office of Economic Development will be working with the Village of Medina to identify possible businesses and projects that are eligible under the Urban Development Action Grant Program and encourage the execution of those projects.

C. RECREATION/TOURISM

The Orleans County Fishery Advisory Board has been actively working with county and state agencies in an attempt to increase boating access to Lake Ontario. Oak Orchard Creek, being one of the prime fishing spots in this region, will soon realize the construction of a new boat

launch and parking area. While this is a badly needed improvement to this area, it will not meet the growing demand.

The Fishery Advisory Board, along with the Office of Economic Development, is actively seeking government money to establish additional boat launches and parking areas in addition to the creation of an area fishing map, promotional brochures and encouraging the growth of the recreation industry.

#### ECONOMIC DEVELOPMENT RECOMMENDATIONS

The ability of Orleans County to remain competitive and encourage new economic growth is often hindered by the lack of necessary tax incentives, the availability of money for new expansion and the lack of county personnel to assist in the development of projects and programs. To improve the county's efforts in expanding its economic base, the Office of Economic Development would like to offer several recommendations.

The following recommendations should be viewed as possible actions that could be undertaken by government and business and are not legislative proposals that must be acted upon.

##### A. REAL PROPERTY TAX INCENTIVES

At the present time, few government bodies have legislation that offers a new or expanding business real property tax exemptions. This lack of legislation, even though tax breaks may be offered, has caused some difficulty in dealing

with area business. Because actual legislation does not exist, a business will not know what tax breaks are available to him. To overcome this problem, each taxing entity should enact a uniform policy for offering real property tax exemptions to expanding businesses. Each government, including county, town, village and school district should enact the same form of Taxing Legislation so there is uniformity throughout the county.

B. REDUCE SALES TAXES

In an effort to increase retail sales and expand the commercial/retail base of Orleans County, the feasibility of reducing the local sales tax should be studied. By reducing the local share of the State's sales tax from the present three percent to two or even one and one-half percent, residents of Orleans County would be encouraged to spend locally as opposed to shopping outside the area. Likewise, with a reduced sales tax, residents from outside the region would be enticed to purchase goods from Orleans County.

The reduction in sales tax would not only encourage an increase in retail sales, but it could also act as an inducement for new retail facilities to enter the area, thus creating new employment opportunities.

Although a reduction of 50% of the local sales tax would create the need to increase retail sales by 100% to maintain the present incoming revenues, this reduction in the long run would help to increase the retail sector of the local

economy.

C. FEDERAL REVENUES SHARING

The Federal Government, in an effort to help local government, established the Federal Revenue Sharing Program. While this program has been of great importance to various government agencies, programs and organizations, it has not been utilized to its fullest extent. County and local governments should be allocating a certain percentage of these federal monies for economic and/or industrial development projects. Monies should be set aside for acquisition and development of industrial land, redevelopment of the downtown business sectors, highway improvements and a vast number of projects that would improve this region's economic growth potential.

D. INDUSTRIAL INVESTMENT CORPORATION

The inability of business to secure low interest loan money for new expansion from the financial institutions has hindered the industrial growth of this area. In an attempt to encourage new growth, local businesses and private individuals could form an Industrial Investment Corporation that would purchase Industrial Revenue Bonds of local businesses. This action would provide low interest loans to area businesses; it would encourage local growth and would serve as an inducement in attracting new, small businesses.

E. INCREASED STAFFING

At the present time, the Office of Economic Development and Planning have three and one-half people working on the

physical and economic growth of Orleans County. Although this may initially seem like a sufficient number of personnel to accommodate the needs of these two offices, a closer look at the responsibilities and activities of these offices will reveal the actual need for additional staff.

Presently, the Office of Economic Development is operating the Business Assistance Program, establishing two Industrial Parks, creating a Commercial Revitalization Program for the Village of Medina, and serves on two additional organizations. While the Planning Office can be expected to assist in the creation of the Industrial Parks and the Revitalization Program, the Planning Director will likewise be expected to implement a separate Planning Program for the County. In an effort to fully staff the needs of these two offices, it would be advantageous to have a Business Assistance Specialist and an Assistant Civil Engineer.

The Business Assistance Specialist could assume full responsibility for the Business Assistance Program of Economic Development, while the Assistant Engineer could work on the technical aspects of Planning as well as assisting the County Highway Department.

#### CONCLUSION

While the year 1979 has been considered a period of transition for Economic Development, 1980 must be viewed as a period of planning and action. Orleans County must

build on the basic element it has developed and actively pursue the successful completion of projects presently underway.

The economic future of this County is dependant upon government ability to provide for and meet the needs of business. Government must be willing to allocate and spend the monies necessary to make improvements to the existing infrastructure and for the undertaking of needed economic development projects.

Business must be encouraged to invest and expand within this community and the banking institutions and the Industrial Development Agency must do everything possible to provide the needed monies. Local retailers should cooperate with government in developing needed revitalization programs and support the growth of the retail sector.

When the Buffalo Evening News published a series of articles on what other cities have done to improve the local economic climate, the terms "Whiz Kids" and "Young Turks" came into prominence. To dispel the misnomer, it does not take a group of "Whiz Kids" or "Young Turks" to turn around the economy of a region; it takes a community and the people that are a part of it to actively and cooperatively work together. It takes people wanting to see things accomplished and then actively pursuing those goals. Economic Development is a community effort and it is the community that must be willing to sacrifice in order to attain.

The Office of Economic Development has served on or worked with the following agencies, organizations and projects:

1. Orleans County Industrial Development Agency -  
Thomas Mack, Chairman

The Economic Development Coordinator acts as the Administrative Director of this agency and works closely with this group in assisting and attracting business.

2. Orleans County Fishery Advisory Board - Carol  
Oschmann, Chairperson

The Economic Development Office serves as the Corresponding Secretary and provides a great deal of the clerical work and the coordination of activities. This Board has been working on the improvement of fishing access to Lake Ontario and is looking to improve the quality of recreational activities along the waterfront.

3. Special Building Committee - Stan Kubatek, Fran  
Nayman

This Committee has been delegated the responsibility of coordinating all activities relevant to the new County Office Building and the utilization of space.

4. Genesee/Finger Lake Regional Planning Board -  
Glenn Cook, Director

The Office of Economic Development has attended meetings of this Board and anticipates working with the Regional Economic Development Coordinator in establishing programs and projects that would be of benefit to Orleans County and this region.

5. Countywide Sewer and Water - Stan Kubatek

This Office along with Planning and Health, worked with William C. Larsen, of Larsen Engineering, in evaluating the needs of a countywide waste program and a prioritization of needed improvements.

6. Hojack Rail Line - Planning and Economic Development prepared a report on the proposed Albion Rail Spur that would serve the Hojack Line and the N.Y.S. Electric and Gas Corporation Somerset Generating Plant. The report analyzes the Planning and Economic benefits and deficiencies of the proposed rail extension.

7. Medina Area Chamber of Commerce - and the Medina Area Business, Inc.

Economic Development has been working with these organizations in an effort to establish the Commercial Revitalization Program and to assist the goals, objectives, and responsibilities of these groups.

8. Recreational/Historical Sites Information

The Office of Economic Development has been collecting information on areas that are of historical interest or recreational potential. The long range objection being, to establish a countywide brochure identifying these sites, and utilizing them to their fullest potential.

STATEMENT OF OPERATIONS  
ORLEANS COUNTY SELF-INSURANCE PLAN  
January 1, 1979 - December 31, 1979

Orleans County Legislature  
Court House  
Albion, New York

To the Honorable Legislators:

We hereby submit to you a detailed report of the expenses of operations of the Orleans County Self-Insurance Plan for the year beginning January 1, 1979 and ending December 31, 1979. The breakdown of expenses as set forth hereon and as charged to the various members of the Self-Insurance Plan is the actual expense incurred by such participant through payments made to date by the Self-Insurance carrier for Worker's Compensation claims of employees and/or volunteer firemen. The amounts as shown are not to be considered assessments but are presented solely for the purpose of showing the disposition of funds.

## DEFINITIONS AND INSTRUCTIONS

Grid #1 - Refers to total number of establishment types within respective jurisdiction and total number visited for the purpose of inspections and tests.

1. Supermarket - a store selling primarily a variety of food at retail in large volume and utilizes a prepackaging operation e.g. Grand Union, A & P, Star Markets, etc.
2. Food Store - a store selling primarily a variety of food at retail in relatively low volume e.g. "Ma & Pa", Convenience, 7-11, etc.
3. Deli, Fish, Butcher, Candy, Bakery, Drug, Hardware, etc. - stores that sell commodities at retail and sale of commodities is directly related to connotational meaning of respective store name.
4. Multiple Operation - establishments which are usually considered department stores and contain such multiple operations as food store, deli, hardware, candy, drug, yard goods, etc.
5. Gas Station/Store - establishments that contain both a food or commodity store and gas station operation.
6. Processor/Warehouse/Manufacturer - businesses or establishments that sell bulk commodities or large quantities of individual items to either wholesalers, retailers or persons and where such quantity of material or item sold or delivered is determined by a device being used commercially.

Grid #2 - Refers to total number of classes or types of commercial weighing and measuring devices within respective jurisdiction, results of inspections and tests, and the number of devices not tested.

1. Pre-packaging scale - a device which is approved for and has capability of pre-packaging commodities.
2. Track scale - a hanging type of scale with hooks usually found in a meat room of a supermarket or butcher.
3. Misc. scales - includes hanging, axle, platform, belt-conveyor and any other scale type not mentioned.
4. Petroleum pump - a stationary device that pumps gasoline, kerosene, etc.
5. Petroleum meter - a vehicle mounted device that delivers fuel oils, kerosene, etc.
6. Liquid measure - a rigid measure of capacity designed for general and repeated use in measurement of liquids.
7. Volumetric measures - refers to a vehicle tank used as measures.
8. Linear measuring devices - refers to cordage, fabric, and wire measuring devices.
9. (+) plus and (-) minus - refers to a device's actual operation or performance determined by testing methods. E.g. A scale reads 10 lbs. with a nine pound test load is (+), running fast; a gasoline pump that indicates five gallons delivered but the official's test measure reads minus 8 cubic inches is (-), minus.
10. Other - refers to a device that is neither (+), (-), nor corrected. E.g. scale sticks, no indicator, tare may be set past "0", lack of money-value agreement, etc.

Grid #3 - refers to types of commodities tested, commodities found correct, short or over, and number of labeling violations found.

1. Labeling violations are not to be calculated into % correct.
2. Bulk commodities refers to coal, fertilizer, lime, household goods, etc.

*"Good Law Enforcement

February 4, 1980

Orleans County Legislators  
Court House  
Albion, New York 14411

Subject: 1979 Annual report of Orleans County Sheriff's Department Activities

Gentlemen:

The year of 1979 was an extremely busy one for our department. We have worked very closely with other law enforcement agencies and all agencies involved with our department.

We have made many changes in the jail to meet the standards required by the Commission of Corrections. We did receive a letter of commendation from Chairman Chinlund of the Commission of Corrections.

We started a program of donated foods with the Bureau of Government Donated Foods of the State of New York which should cut down on the expenses of food for the jail.

Our program for receiving a high school equivalency diploma has been doing very well and hopefully, will be of some help to a prisoner receiving a job.

I am very concerned about the very rapid increase in crime in the county. Most alarming were the five (5) homicides within a one year period, the use of drugs and alcohol by our young people and the number of fatal accidents in our county because of drugs and alcohol.

The above has kept our deputies very busy along with the increase in civil papers to be served.

Our patrols travelled in excess of 400,000 miles in the year 1979.

## ANNUAL REPORT OF COUNTY HISTORIAN - C. W. Lattin

County Historian C. W. Lattin assumed the post January 1, 1979, upon being appointed by the Supervisors to replace Arden McAllister who resigned effective that same date. The annual salary for 1979 was set at \$2,000.00, the position being part-time. Regular office hours were set for Monday, Wednesday, and Friday, 1 - 4 P.M. However, during the months of January, February, March, October, November, and December, the historian has been in his office approximately thirty hours a week. During the fair weather months his attention was directed mainly to the Cobblestone Museum Complex at Childs. Historian Lattin has made every attempt to integrate himself and the County History Department with other agencies and organizations during 1979. Currently he is President, Swan Library Association; Curator, Cobblestone Museum; Acting President for Orleans County Historical Monument Corporation to restore the Mt. Albion Lily Pond; Executive Director for the Orleans County Council on the Arts; a member of the Albion Chamber of Commerce; a member of the Orleans County Historical Association, and was a judge to select the Century Farm Award in Orleans County in 1979.

Through the historian's architectural and historical research, the Court House and thirty-three other buildings in the neighborhood of the County Square were written into the National Registry of Historic Places on August 31, 1979. He is now working on a similar project to include all the cobblestone buildings in Orleans County as a group nomination to the registry.

Through his efforts the history department is responsible for erecting two memorial plaques at Swan Library: one, a visual memorial to Charles W. Howard, and the other a resurrected bronze tablet telling about Albion's first Funeral Home. A brochure was also designed on Mt. Albion Cemetery telling of its historical and scenic beauty.

During the summer of 1979 an exhibit of farm tools and implements was arranged by the historian in Farmers Hall at the Cobblestone Complex. The exhibit bespeaks the importance of a long history of farming in Orleans County. Many photographs from the county archives were loaned for enlargement to accompany that exhibit. The history department also cooperated with OTB in lending photographs for enlargements to decorate their new office.

During 1979 the historian gave seventeen lectures relating to local history to the following groups: Medina Rotary, Waterport PTA, Medina Women's Study Club, Medina Cotillion Club, Orleans County Historical Association, Orchard Manor, 24th Annual Congress of Local Historical Societies, Annual Patriotic program at the Cobblestone Church, Medina Tuesday Club, Luncheon of Local Historical Societies, Daughters of American Colonists, Medina Rebeccas, Albion High School Career Fair, Middleport Rotary Club, and Albion Masonic Lodge. The historian had the distinct honor of speaking to the Orleans Chapter DAR on the 50th Anniversary of residency in their Chapter House. Also, the historian spoke on video tape at the Orleans County 4-H Fair. Six tours were also given of the Court House and neighboring churches to the following: Boy Scouts, Holley Fifth Grades, and Albion Summer School Students. A tour was also conducted by the historian of Mt. Albion Cemetery for Holley students. In addition to this, the historian conducted twenty-seven tours for various groups at the Cobblestone Museum.

During 1979 historian Lattin wrote fifty-one historical news columns under the heading "Bethinking of Old Orleans". These appeared weekly in the Albion Advertiser, Medina Journal-Register, and Albion-Holley Pennysaver.

When time has allowed help has been given to those seeking genealogical research.

Clippings of significant happenings have been saved for the archives from the Albion Advertiser and Medina Journal-Register, complimentary issues of which are given to the history department.

This report would not be complete without some mention of the historic decision by the voters in November to change their 153-year-old form of county government to a new Legislature.

Respectfully submitted,

*C. W. Lattin*

## ORLEANS COUNTY OFFICE FOR THE AGING

### ANNUAL REPORT

January 1, 1979 - December 31, 1979

The Office for the Aging experienced a year of strong growth, both in the amount of service provided, and in its acceptance within and understanding by the community it serves. The Office's goal of assisting older persons to maintain their independence is accomplished in two ways; direct service to clients, and coordination and planning with other agencies.

#### A. Direct Service

Direct service activities increased substantially in 1979. No new positions were created in order to accomplish this, but each staff person became utilized to full capacity. The increase is mainly attributable to the increased knowledge about the Office by older persons and their willingness to ask for assistance from it. The following table shows comparison totals of 1978 and 1979 services:

	<u>1978</u>	<u>1979</u>	<u>% Increase</u>
Newsletters	32,877	34,554	5%
Hot Line Calls	582	734	26%
Office Visits	748	1,225	64%
Outreach Worker Visits	1,373	2,057	50%
CATS Rides	5,059	6,430	27%

The Outreach staff, Anita Pettigrew (full time CETA) and Barbara Draper (part time - office payroll) devoted outstanding energies towards finding older persons in need and obtaining services for them. It was their diligence which allowed such a major increase in outreach services.

The Information and Referral component, conducted by Margaret Mathes, also made important strides in getting complex and necessary information out to people. In addition to increasing numbers of people receiving information, she also established monthly information programs at nutrition sites. These programs provide assistance directly at a site the people already come to, alleviating the need for many to come into the Office for services. Also when outreach capacities are overloaded, Mrs. Mathes steps in and makes home visits to assure people who need service have access to it.

The Office introduced another new service in June. This was a contract with the Salvation Army for Homemaker/Home Health Aide services. Only people not covered by any other third party were eligible for payment under this contract. The contract proved underutilized in 1979; however the project was understaffed and couldn't handle all the referrals they received.

#### B. Administration

Administratively the Office worked in two major areas: to improve inter-agency relations among groups who serve older persons; and to implement new federal and state regulations regarding program operation. Most agencies are quite concerned about avoiding duplication and desire to work together to best utilize their limited dollars. Social Services formed a task force in summer of 1979 on Adult and Aging Services to address these concerns. The Office Director chairs this task force and hopes to make major strides in assigning specific types of clients or cases to certain agencies. If all agencies cooperate in this type of delineation, duplication will be greatly decreased.

The Office spent considerable time in developing plans to meet new State and Federal requirements. The first concern was to address the requirement that Offices for the Aging consolidate with Nutrition for the Elderly programs. Many discussions and meetings were held with the Salvation Army and Board of Supervisors. In August the Board agreed to accept the administration of the program January 1, 1980. The County plans to subcontract with the Army to run the project.

The Office then turned its attention to the State requirement that a Comprehensive Plan be completed by January 1, 1980. Under a \$5,000 planning grant from the State, a Consultant (Consultation and Training Associates, Buffalo) was hired to assist with this task. The plan delved deeply into existing services and needs within the County. It then developed a framework by which future services will be closely consolidated with existing services. The major goal to come out of this planning document was a long range three year goal. This is to develop neighborhood centers in Medina, Albion, and Holley where all services for older persons will be operated from. Clients will then not have to travel to different agencies for services which is often difficult for people with physical disabilities.

In addition to the extensive planning function of the Plan, it was also a mechanism to apply for new state funding. These new funds, available April 1, 1980, will allow the Office to hire a new staff person and to fund several new services which are expected to be available through the neighborhood center concept.

### C. Special Projects

The Office worked on several special projects during the year. In its continuing in kind assistance to the Meals on Wheels program, the Office took over client billing in January. The only staff person for the program is paid under a federal employment program (Green Thumb). When her hours were cut in January, the only solution was for the Office to increase assistance.

Early in 1979, the Office approached the Rotary Club of Albion to request them to sponsor a "Vial of Life" project. The Club agreed and purchased the \$350 worth of materials necessary to operate the project. This program provides older persons with a medical information sheet and plastic vial. The sheet is placed in the vial which is placed in the refrigerator. If an emergency should occur, rescue workers can obtain vital information immediately. The program was coordinated through the Sheriff's Office to alert police and fire departments to start looking for the vials when on an emergency call. The Office distributed the Vial through group meetings and through outreach staff to homebound persons.

A very important project that the Office worked on was fuel assistance. During 1979 there were three different programs which could possibly qualify individuals for credit to their fuel company. In the spring the Office assisted 136 individuals to apply for two programs run by Community Action. In late fall 171 individuals were assisted in applying for a program run by the State Department of Social Services. The Office helped persons who were homebound by visiting them, filling out the applications and bringing them into the certifying agencies. The fuel programs have escalated in seriousness, with the large home heating fuel increases, to the point that many eligible recipients will not survive a harsh winter without aid, unless they actually give up their homes. Therefore the Office identified these programs as first priority during their application periods.

A new benefit for New York State residents in 1979 was a Property Tax Credit. This was available to people who paid more in property taxes than the State felt was appropriate for their income. The Office spent many staff hours informing people of this new program and assisting them in filing the necessary form. Many persons were eligible for a refund check of up to \$200. The Office also trained staff of the Medina Senior Citizen Center, Holley Community Center, and Community Action in filling out the forms.

The final special effort of the Office was the presentation of a four week seminar for children of aging parents. The seminar was designed to discuss the problems of aging parents, the role of children in assisting, and options the older parent has. The seminar was well received by the attendees and may be considered for offering a second time in 1980.

ANNUAL REPORT OF COUNTY SUPERINTENDENT OF  
HIGHWAYS FOR THE FISCAL YEAR ENDING  
DECEMBER 31, 1979  
PURSUANT TO SECTION 012, of the  
HIGHWAY LAW

To the Honorable Board of Legislators  
Orleans County, Albion, N.Y.

Gentlemen:

The following roads were reconstructed:

#1 - West Shelby Rd.

The first road to be reconstructed for the year of 1979 was the West Shelby Road from West Shelby to the Niagara-Orleans Co. line. This road was widened to a width of 22 ft. with a 5 ft. shoulder. The following materials and cost are:

Stone - 4168.23 tons	16,986.66
Labor	10,502.45
Gravel - 1277.55 tons	1,596.95
Scalplings - 187.80 tons	4,882.28
Top Soil - 70 tons	70.00
Asphalt - 65,202 gals.	31,977.70
Paver Rental	1,145.50
Pipe - 393 ft.	2,171.64
Total	<u>69,333.18</u>

#2 - Eagle Harbor Rd.

Eagle Harbor Road from West Barre to the County Line. This road was built with wedging with #2 stone and a top coat, a new process called Armor Coat.

Stone - 3062.15 tons	4,056.85
Asphalt - 36,644 gals.	19,559.85
Paver Rental	592.50
Pipe - 185 ft.	1,103.25
Labor	6,045.50
Total	<u>31,357.95</u>

#3 - Podunk Rd.

This road was widened to a width of 18 ft. and one layer of #1 and #2 stone, mixed in the motor paver.

Stone - 2900.80 tons	6,597.03
Asphalt - 16,662 gals.	8,912.05

Uldine D. Jurhs, Clerk  
Orleans County Board of Supervisors

1979 ANNUAL REPORT  
STATE OF NEW YORK  
COUNTY OF ORLEANS  
OFFICE OF THE COUNTY ATTORNEY

THOMAS J. YOUNG  
ORLEANS COUNTY ATTORNEY

As County Attorney it is my obligation to provide general representation as legal advisor to the governing body of the County and all of its Departments. It is my obligation to prosecute and defend all civil actions and proceedings brought by or against the County. In addition, it is my obligation to perform such additional and related duties as the governing body directs including those services as are prescribed by the County Law. Following is a list of various categories of effort:

1. The County received nine different mechanic's liens during the first construction phase on the County Office Building amounting to some \$79,000. These liens were filed by various contractors, the Internal Revenue Service and New York State Labor Department. All of these claims have been disposed of through negotiations and contractual agreements with the Bonding Company with no cost to the County.

2. The County had one judgment filed against it in the Harradine Reapportionment action for legal fees amounting to \$21,325. This judgment is still being litigated and is presently in the Appellate Division of the State Supreme Court. The decision on the judgment and order awarding it is being awaited.

3. The County received various civil claims arising as a result of defective highways, inadequate street signs, etc. An annual report is made on this in the spring of the year to coincide with reports made to the Department of Audit and Control. In 1979, approximately ten civil claims were received and are at various stages of litigation. A more complete report on these claims will be made later in the year.

4. Opinions. In 1979, I issued approximately twenty formal written opinions to various Department heads. Generally an opinion is requested in writing from me when the Department needs to justify a particular legal action to another State Agency or Department. Example: Opinions to the County Treasurer to justify actions to the Department of Audit and Control. In addition to formal written opinions, innumerable oral opinions governing legal matters were given to various county employees and Departments.

5. In my duties, I will occasionally run across difficulties I see with the State County Law as it relates to Orleans County. When this occurs, I request new legislation from the State via Home Rule or otherwise. Among legislation requested or presently pending in the State Legislature as a result of my requests are the following:

(a) A restriction on the obligation of the County to publish the complete text of all local laws adopted as required by County Law §214(2). The cost of publication has increased dramatically in the past and if this legislation was adopted it would permit the County to publish an excerpt or synopsis of the local law rather than the complete text. I can envision the County adopting a local law which would take pages to publish at tremendous expense to the local taxpayer.

(b) The elimination of the need for referendum approval for the relocation of certain County Offices outside the Village of Albion limits as required by §216 of the County Law.

(c) A removal of the requirements that a court stenographer used in grand jury hearings be a county resident. Presently, there is no court stenographer utilized by our Court who resides in Orleans County. This requirement could be raised by the Defendant's attorney to challenge a grand jury proceeding or subsequent convictions and result in a breakdown in our County court work.

(d) A local law providing that the County Treasurer can foreclose village properties for delinquent village taxes at the same time the county taxes are enforced in the In Rem Proceedings. This would relieve village governments of the legal expenses of conducting an In Rem tax foreclosure proceeding and at the same time assure the payment of delinquent village taxes.

6. Annually, the In Rem Tax Foreclosure proceeding is conducted and is commenced in April of each year and completed in the county court in approximately September of each year. As a result of this proceeding in 1979, the County acquired the title to twenty parcels of land of which nine have been sold privately by the County to the prior owners or other interested persons for the amount of the delinquent taxes. In November of 1979, the County also auctioned off approximately nineteen parcels of land which had been acquired in earlier In Rem Proceedings. The amount received from the auction was in excess of the taxes owed on the various parcels.

7. In accordance with recommendations of Audit and Control, I have initiated lawsuits under the Agriculture and Markets Law for damages done by dogs to domestic fowl and reimbursed by the County Treasurer. Although these claims are few in number, the institution of the proper procedure for the collection of them should alleviate any criticism by Audit and Control in the future.

8. I have instituted a regular collection procedure for the Mental Health Department against patients who have not paid their consultation fees. Where appropriate, because of the nature of the individuals involved, the small claims courts in the County are used for enforcement.

9. Orleans County Medical Scholarships. There were two new medical scholarship agreements with medical students. One agreement was for repayment by a Doctor who failed to relocate in Orleans County.

10. Contracts. A review of my files readily available shows that I have on hand approximately fifty different agreements and leases that have been approved by me during 1979. Many agreements between various Departments, ie., Probation-Public Health-Mental Health are reviewed by me, initialed and forwarded to the Department for safe keeping. These are not included in the above total.

11. 1979 marked the establishment of the first County Special District, the Oak Orchard Small Watershed Protection District for the conservation and improvement of the muckland in the Towns of Barre and Clarendon, Orleans County and the Towns of Elba and Byron in Genesee County. The district was created through an application process and approved ultimately by the Department of Audit and Control. The work involved in the application procedure was divided between myself and John Rizzo, the Genesee County Attorney. The initial financing for the district will be dealt with by the Legislature in 1980.

12. Poor Persons Proceedings. Approximately thirty applications in the form of notice of motions and orders to show cause in Supreme Court were received by this Office from Orleans County Legal Aid Bureau and Prisoners' Legal Services of Western New York, (Buffalo based) requesting court approval to allow their clients to proceed in civil actions commenced by them as poor persons. A court order awarding them that status entitles them to prosecute the action at county expense including court costs, filing and transcript fees. A court appearance or determination has to be made as to the individual's financial eligibility for such relief.

13. 1979 also marked the first bond resolution of the County since the New York City fiscal crisis of 1976 and the resulting statutory restrictions on issuance of bonds with full disclosure in accordance with the Securities Laws as they had been amended. Previously submitted to this Committee was the official statement of the County for \$500,000 borrowed on the building. This has resulted in the County being able to borrow that sum at 6.78% which by comparison with other municipal borrowings through the State is very favorable. This speaks well not only for the particular work involved in my Department and the County Treasurer's Office in preparing of the statement, but also for the general view of the financial community towards the County's fiscal standing.

14. Attached to this report is an outline of legal services performed by the assistant county attorney, Norris Webster, for the Department of Social Services. Of significance is the recoveries made from estates through the Surrogate's Court of Orleans County and liens on properties amounting to over \$80,000.

15. The assistant county attorneys involved in Family Court work have provided the County with effective representation in child abuse and neglect cases which incidents have greatly increased over the last two years as a result of the institution by the State of New York of the child abuse hotline and increased public awareness. In addition the Family Court assistant county attorneys handle IV-D areas which is child support and recovered for the Department some \$99,170 which was reduced from recipient's aid to dependent children grants.

The activities of my Office which have been previously outlined and for which statistical information is contained in this report demonstrates that such activities are not overfunded by the County. Consideration must be given to meet the necessary functions imposed upon my Department and which must be performed.

In submitting this report, I want to pay high tribute to the Assistant County Attorneys on staff whose professional endeavors and back up to me have made possible the notable accomplishments recorded in this report.

Respectfully submitted,

  
THOMAS J. YOUNG  
County Attorney

LEGAL SERVICES PERFORMED BY NORRIS WEBSTER FOR THE DEPARTMENT OF SOCIAL SERVICES

- Reviews all contracts as to form and content. Draws up new contracts with providers as need arises.
- Represents Department in court for Article 78 proceedings. (An Article 78 proceeding is a court action brought by a client against the Department to appeal a fair hearing decision rendered in the Department's favor. A small percentage of the approximately 100 requested fair hearings in 1979, the majority of which were decided in the Department's favor, went to Article 78 proceedings.)
- Represents the Department in actions brought by client advocate groups.
- Acts as legal consultant in the event of disputes with medical vendors and other counties.
- Handles alleged human rights violations, actions against patients who are delinquent in payments, audit appeals against the state, and malpractice suits.
- Acts as consultant in matters regarding the recovery of monies from estates, and liens on property. (In 1979 we recovered over \$80,000 from estates, liens on property and other claims.)
- Does some interpretation of CSEA contract and Civil Service law.
- Used as legal advisor for fraud cases brought into court.
- Is legal advisor for adult protection services cases. As opposed to child protection, the laws governing adult protection are lacking and vague. Because of this, legal counsel is also needed regarding clients rights and interests.
- Is used by Commissioner of Social Services as legal advisor in matters affecting the Department overall such as the interpretation of State regulations, actions brought against the Commissioner or the Department, potentially volatile issues which could result in law suits, etc.

ORLEANS COUNTY HEALTH DEPARTMENT  
DIVISION OF ENVIRONMENTAL HEALTH HIGHLIGHTS  
1979

The state owned Fancher Campus of the State University College at Brockport and the Orleans County Jail continued under this agency's jurisdiction.

The Iroquois Job Corps Center under the jurisdiction of the U.S. Department of Interior's Bureau of Fisheries and Wildlife is inspected quarterly upon request.

The Albion Head Start Center, Association for Retarded Children Day Care, and the Little People's Center of Albion are day care centers inspected by this Division upon request.

The Environmental Health Division routinely inspects service food establishments in order to enforce Part 14 of the New York State Sanitary Code. Those establishments inspected include places where food is prepared and/or served whether consumption occurs on or off the premises.

Approximately 100 establishments are inspected. Owners and operators of service food establishments are expected to operate their premises in such a way as to avoid imminent health hazards.

Vending machine operations were not inspected in 1979 except for those machines existing in establishments already under permit.

Inspections were made of food preparation and service facilities

operated by or for the Office For Aging Nutrition Program.

Fifteen (15) establishments submitted the required license application and twenty-five dollar (\$25) license fee for frozen dessert establishments.

Soft ice cream samples were collected from all machine locations at six (6) month intervals and submitted to the Genesee Laboratory for analysis.

During the 1979 calendar year, six (6) firemen's carnivals, a 4-H Youth Fair and miscellaneous organizations having approximately one-hundred temporary food establishments were inspected.

Due to increased activity of covered dish suppers sponsored by religious, fraternal, charitable and non-profit organizations, new guidelines were added to the State Sanitary Code to provide guidance and assistance in preparing safe food.

No formal Rodent Control program was conducted. The education of persons with rodent, insect, pigeon, and other vermin problems was done with the use of Health Department prepared literature.

No change in procedure occurred within the animal bite (rabies) program. Each reported incident was investigated. Quarterly animal bite reports were forwarded to the State Health Department. A total of fifty (50) animal bites were investigated during 1979. This total was 23 percent lower than the 1978 investigations.

In 1979, fourteen (14) rabies specimens (100% increase) were submitted to the Albany Rabies Laboratory. None of the ten (10) incidents involving human contact were found to be positive for rabies.

Of four (4) bat surveillance samples analyzed, one (1) positive specimen from the Town of Clarendon was identified.

The five 1979 Rabies Immunization Clinics administered one-thousand one-hundred ninety-two (1192) doses of rabies vaccine. A total of nine-hundred fifty-five (955) dogs, two-hundred thirty-six (236) cats, and one (1) skunk were immunized with 50 percent of the cost state reimbursed.

Routine school inspections continued throughout the school calendar year. Orleans County currently has 18 educational facilities.

Under a Memorandum of Agreement and upon request, this Department continued to perform total system evaluations and sampling of water supplies on properties under the jurisdiction of the Department of Agriculture and Markets.

Review of Operator Qualifications for community and non-community water operator certification was routinely handled. Assistance with enrolment in training courses was also provided.

The Bottled and Bulk Water Program had some activity in the county. Approximately six bulk water haulers are in operation. As requested by the New York State Department of Health, Bureau of Public Water Supply, a shelf survey of supermarkets, health food stores, and specialty food shops was undertaken to identify bottled waters and mineral waters available in this region.

The Cross-Connection Control Program is involved in all programs when water is consumed. Water suppliers are routinely advised to be alert to potential cross-connections.

The new Route 31E watermain of the Town of Ridgeway and the Clarendon Street watermain improvement of the Village of Albion were completed, disinfected and are expected to be placed into service early next year.

Surveillance samples for bacteriological testing were collected from thirteen (13) systems twice a month. Each of the water systems is also required to submit a monthly operational report to indicate whether the system complied with Part 5, New York State Sanitary Code requirements. No violation of a Maximum Contaminant Level was exceeded. No major emergencies occurred in the water systems.

Non-community water systems are typically those which include many food service establishments, children's camps, hotels and motels, migrant labor camps, and other facilities that serve the public from an individual well which were never before regulated. There are about forty-five (45) establishments in the county considered to have non-community water systems.

Because Part 21 of the New York State Sanitary Code has not been adopted by the Orleans County Board of Supervisors, no formal residential housing program is in existence. Housing complaints are answered on request when exterior conditions of the building including sewage disposal, water supply, and refuse disposal are involved.

Lead poisoning cases were routinely investigated under the rules and regulations set forth in Part 67 of the New York State Sanitary Code and as individual requests were received from concerned parents, local doctors and the C.H.A.P. Program.

Some activity occurred in the Realty Subdivision program involving the review for approval of individual sewage disposal and water supply systems for single lots in unapproved subdivisions.

Individual sewage disposal and individual water supply activities became more active than during the previous year. Although permits for new sewage disposal systems remained constant, approximately 115 lending agency approval requests from the Federal Housing Authority, Farmers' Home Administration, Veterans' Administration, Farm Credit, Commercial and Savings Banks and individual attorneys for either sewage disposal systems or individual water supplies were investigated.

Individual water supplies were sampled and tested for bacteriological results at no cost to the property owner if conditions of the sanitary survey were satisfactory. Some sampling was done as a result of illness reports.

In conjunction with the New York State Department of Health and Health Research, Inc., the Department conducted a Poison Prevention Program under a contract with The Consumer Product Safety Commission. Approximately \$2400 was received to hire a part-time worker, Miss Mary Ann Gunning, to carry out assemblies, teacher seminars, and displays in local institutions. The program is the first of its kind in Orleans County and it is anticipated the accidental poisoning of children under age five (5) will be reduced by ten percent as a result. Voluntary efforts in past years established a need for this funded program and The Consumer Product Safety Commission has given the program complimentary comments.

The Labor Camp Program was carried out at the same level as during 1978 with thirty (30) camps being permitted to operate. Three smaller camps did not operate with more than five (5) migrants, thus, did not require permits. Three (3) new camps opened this year, indicating the number of seasonal farm workers is not declining, but maintaining a status quo for the last five (5) years.

Six (6) Notices to Discontinue Violations (P.H.L.-1330) were issued to camps which had uncorrected violations. Five camps complied with the Notice within two days. The Woodworth Camp did not comply within two (2) days and required an informal hearing to assure no health hazards existed at the camp. Compliance with Part 15 was received and a letter of conditions agreed upon at the hearing was issued to Mr. Woodworth. Several informal conferences and field conferences were held with camp operators this season to assure violations of Part 15 were corrected.

Lakeside Beach State Park was the only operating government campsite. The expansion of facilities for picnic and recreational use has not been completed in 1979, but plans are being made to open this new area for the 1980 season. Tentative plans are under consideration for a public beach along the Lake Ontario shore.

Seven (7) Swimming Pools operated this summer with two (2) pools under jurisdiction of the Children's Camp Code. All pools met Part 6 standards and chlorination reports are required to be submitted monthly during the operating season. The wading pools formerly exempt under Part 6 are now required to meet Part 6. The Medina Wading Pool

was closed and filled in rather than expend funds for upgrading the facilities to meet Part 6, New York State Sanitary Code.

The two Albion Wading Pools were operated by draining and filling periodically to comply with the turnover requirement of the code.

The Medina Central School District has plans to construct a new swimming pool sometime in 1980. A referendum vote was held and approved, giving the school board the green light to proceed with the project. This Department must review and approve final plans prior to initiation of construction.

Bathing Beaches operated at Wildwood Lake Campsites, Medina Conservation Club, and Gene's Recreation during the summer season. At the Medina Conservation Club, the high water level of the quarry has submerged the concrete dock under 1-2' of water making footing very slippery. The problem was resolved by roping off the concrete dock and installing a wooden floatable dock.

Twelve (12) Mobile Home Parks operated in 1979 with one park becoming dormant. County Line Mobile Home Park was required by this Department and the Department of Environmental Conservation to install a new trunk sewer line where an existing sewer line had broken and plugged. After completing the construction, this Department issued a permit to operate after a complete inspection determined substantial compliance with Part 7, New York State Sanitary Code.

Asbestos surveys were conducted in three Albion schools and the Administration Building on Academy Street. Of the three schools surveyed, only one school had a minor flaking problem while the others

had no flaking problems. The Academy Street building was removed of all asbestos material mid-year in 1979. The school employees followed guidelines for removing asbestos as outlined in Environmental Protection Agency manuals.

Department of Environmental Conservation programs were carried out by this Department in accordance with a memorandum of agreement between the two Departments. A brief summary of those activities are as follows:

1. Solid Waste - Landfills are inspected monthly by representatives of this Department.
2. Stream Pollution - A break in the Village of Albion Industrial Sewer created a discharge of liquid wastes to Marsh Creek. Survey of the stream and environmental damage caused by the spill was performed. The Village was issued a Notice to Appear before the Department of Environmental Conservation for the spill and subsequent fishkill.

Also, several streams were surveyed to locate any sources of pollution, mainly individual sewage disposal system discharges. The Towns of Shelby, Barre, and Ridgeway have submitted Plans of Study to the Department of Environmental Conservation for review of a proposed sewer collection/treatment system to eliminate sewage discharges to streams in their respective towns.

The new Albion Sewage Treatment Plant has worked out most of the operational problems encountered during start-up in 1978. The quality of effluent discharging to the stream is almost that of drinking water.

3. Air Sampling - In Air Pollution Control Program, Hi-Vol sampler operation continued on a weekly basis in Albion and Medina. Sampling operations were discontinued in Medina as of late October upon request of the Department of Environmental Conservation as a result of budgetary cut backs. Surveillance of Diesel Engine Emissions, Open Burning, and Incinerator and Boiler Operations continued during the normal course of daily activities.

4. Hazardous Wastes - Our Department has determined that two (2) hazardous waste sites are within the county, neither of which has been used in the last 25 years. The FMC, Dublin Road site has been surveyed, sampled, and a report prepared by FMC. No appreciable amount of toxic wastes have been found which would be a concern to public health. The other site at Dobbins & Ramage Property in Lyndonville has been sampled and no hazardous materials have been found.

The Rotary Gas Station in Medina replaced the existing three (3) gas tanks with two (2) larger tanks after testing determined leakage was occurring.

No other hazardous spills were reported during 1979.

5. SPDES - All of the failing sewage systems at establishments generating more than 1000 gallons/day were corrected in 1978 with no failures found in 1979.

The Applegrove Restaurant in Medina was fined and given a conditional discharge after a jury found the owner guilty of discharging sewage to a stream without a SPDES permit.

Correction of the problem must be completed by January 1, 1980, or the owner could face further legal action.

Representatives of this Department testified at the trial.

ORLEANS COUNTY HEALTH DEPARTMENT

DIVISION OF NURSING HIGHLIGHTS

1979

The Nursing Division has had staffing problems throughout 1979. The staff consists of a Director of Patient Services, two (2) Public Health Nurses, two (2) Registered Nurses, one (1) Licensed Practical Nurse, One (1) Home Health Aide, a Physical Therapist and additional Home Health Aides under contract. Due to the maternity leave of a Public Health Nurse, the resignation of a Registered Nurse due to family problems and the educational leave of absence of the Home Health Aide, fifty percent of the nursing division staff have worked in the agency less than six (6) months. These positions were filled by temporarily promoting a Registered Nurse who is a qualified Public Health Nurse to the Public Health Nurse position. This created a temporary Registered Nurse position, which has been filled. A Licensed Practical Nurse was appointed to fill the temporary Home Health Aide position. During October through December, ten (10) Registered Nurses who are in the degree program at the State University College at Brockport obtained their Community Health Nursing experience by working in this County two days a week. There were only five students in this agency at any one time as the group was divided in half. Each group of five had a six week experience in the Health Department and a six week experience in another community agency assessing health

needs and providing health education. The students visit clients that are active with the Home Health Agency as well as visiting families with new babies.

The Home Health Agency was surveyed in August of 1979 and there were a considerable number of deficiencies found. These have been corrected and once again, the Agency has met the criteria for certification. Due to the changes in the staff and an extended illness of one nurse, the number of visits made to clients decreased. The Nursing Division spends approximately 84 percent of their time meeting the needs of Home Health Agency clients. This figure continues to gradually increase each year as does the complexity of care required in the home. Inasmuch as the staffing pattern has remained constant over the past six years, and the amount of time spent with Home Health Agency clients has increased, the amount of time spent in traditional (preventative) services has decreased. It is anticipated with a full staff that the Nursing Division will return to the 1978 level of visits in 1980. However, if the size of the staff remains constant at the 1978 level when the caseload was at an optimum level, then an increase in the number of clients seen or the number of services provided is not possible. To alleviate this situation, the Public Health Director and the Board of Health have recommended an additional Public Health Nurse, which has been provided for in the 1980 budget. The Nursing Division continues to spend a limited amount of time visiting post partum clients, newborn infants, those residents in need of health guidance, follow-up on communicable disease reports, conducting investi-

gations as appropriate and advising individuals of appropriate care of a family member or themselves.

The format of the nursing chart has changed. The staff is now using a flow sheet to record visits which saves some time. The effective use of the dictating equipment purchased in 1979 has been slow. Currently one nurse consistently uses the dictating equipment, and the other Public Health Nurse is increasing her use of it. Through use of the dictating equipment, the records are more legible and closer meet the criteria for adequate validation expected by the Department of Health, Education and Welfare. It is anticipated that in the first quarter of 1980, the dictating equipment will be in full-time use by the nursing staff.

Adequate validation was found to be very poor during the 1979 survey. Improvement has been made. The Director of Patient Services requested that the surveyor make periodic visits to this Agency to continue the in-service education and assistance with validation as well as reviewing charts to ascertain that quality level is maintained. In doing this, it is hoped that the survey in 1980 will show a marked improvement.

The contract with the Salvation Army Homemaker/Home Health Aides was renewed in June 1979 to extend until December 31, 1979. There will be a change in the contractual arrangement in order to have it correspond with the County budgetary year. The Home Health Agency has utilized the equivalent of two full time aides. Currently, the aide agency is lacking qualified home health aides to meet the requests

for service. Therefore, there have been times when service has had to be limited due to too many requests and not enough aides. It is hoped that early in 1980, there will be more trained aides available to meet the Home Health Agency needs. Many of the clients that were followed by the Health Department for maintenance care have been transferred to the aide agency on self pay basis. This has freed the aide employed by the Health Department to spend more time with individual clients.

Due to staff illness and changes in personnel in the nursing division, a nurse managed Venereal Disease Clinic was not initiated. Should the staffing pattern change, this could be a new project for 1980.

The Nursing staff continues to participate in pre-school immunization, respiratory disease and medical rehabilitation clinics. They are also involved in school immunization clinics.

Due to the implementation of vaccine information forms and different permission cards, the time clients spend in immunization clinic has increased. The forms require more nursing time, but parents are better informed regarding the immunizations their children are receiving. The nursing staff has assisted the schools as they are completing the new enterers and attendees survey. It is anticipated that when the new law which requires that persons attending school as well as new enterers must be fully immunized that the Health Department will address this need by changing the pre-school immunization to immunization clinic.

The Health Department did not participate in an influenza clinic program. However, letters were sent and vaccine was delivered to any private physician who wished to use the vaccine. The Health Department continues to make available all immunologicals to any physician in the County.

Statistical reporting has been a problem. Since the institution of the new reporting and categories of visits, all computation of visits has been calculated by personnel. In early December, the Agency was informed by Genesee Community College that the statistical program was lost at a time of administrative change. Therefore, hours spent and visits must be manually tabulated. It is hoped that there will be help available through the CETA office in this matter. Currently, we are discussing the possibility of using the program and facilities of Genesee County. They have the same statistical needs that Orleans County Health Department has and they already have an existing program.

The nursing staff has participated in a variety of in-service and continuing education programs. The staff has continued to attempt to be aware of community agencies and their functions. In-service education has been planned to be beneficial to all levels of the staff. As the staff size and caseload permitted, one or two staff have attended workshops within and outside the County. Oncology educational experiences included chemotherapy, early detection, post hospital care and food fads which affect oncology clients. Nutritional education dealt with nutritional assessment, diet therapy, popular fad diets and infant nutrition. Other in-service programs included effective

charting, changes in chart forms, venereal disease and immunization clinic procedures. Representatives from Community Action, Housing Program and Alcohol Program met with staff to explain their programs. In groups of two, all professional nursing staff have attended workshops on chest disease and assessment. The individuals who attend the workshops return and share with other staff members what was learned at the workshop.

1979  
ANNUAL REPORT  
OF  
ORLEANS COUNTY PROBATION DEPARTMENT

## DEDICATION

From 1826 to 1980 the Town Supervisors governed the business of Orleans County. This annual report is dedicated to the memory of their 156 years of service to our citizens.

I'd like to especially remember the four chairmen of the Probation Committee since 1963, two of whom are now deceased, Carl G. Kleindienst and George L. Batchellor.

Carl Kleindienst of Carlton chaired with a quiet class and equanimity that was reassuring to this fledgling director.

William L. Kennedy of Ridgeway presided with a straightforward and skeptical quality that ensured both the department's and the county's gain.

George Batchellor of Barre was fiercely honest in public and private, high in his expectations of himself and others, and yet humble and possessed of a sense of humor that kept things in perspective.

Michael Paduchak, with whom I dealt as a committee member or chairman 14 of the 16 years our services coincided, was always available when you needed him, prompt in dealing with issues, a man of his word still providing stalwart services to the Town of Kendall.

I thank all four of these men for their time, their loyalty to the county, and to quality Probation service.

\* \* \* \* \*

I'd like also to remember Judge J. Kenneth Serve, who died this year. Judge Serve, who served the County as District Attorney, County and Family Court Judges with great effort and knowledgeable and careful attention, strongly backed Probation Department efforts during his 15 years on the bench.

## ANNUAL REPORT

## ORLEANS COUNTY PROBATION DEPARTMENT

January 1, 1979 - December 31, 1979

## DEFINITION OF PROBATION

"Probation is a community based governmental agency primarily established to protect society by aiding, through utilization of social work principles, individuals and their families who are involved or about to be involved in the Juvenile or Criminal Justice System."<sup>1</sup> Accordingly, our service endeavors to provide opportunity for our client to realize increased self-determination in meeting his needs and those of his family, friends, and society.<sup>2</sup>

Probation is positioned in the Criminal Justice System so as to have a major role in the three most critical decisions made:

1307 decisions  
in 1979

- (1) At Intake/Diversion -- whether the case goes to Court or not;
- (2) At Investigation -- whether the defendant goes to jail or not; and

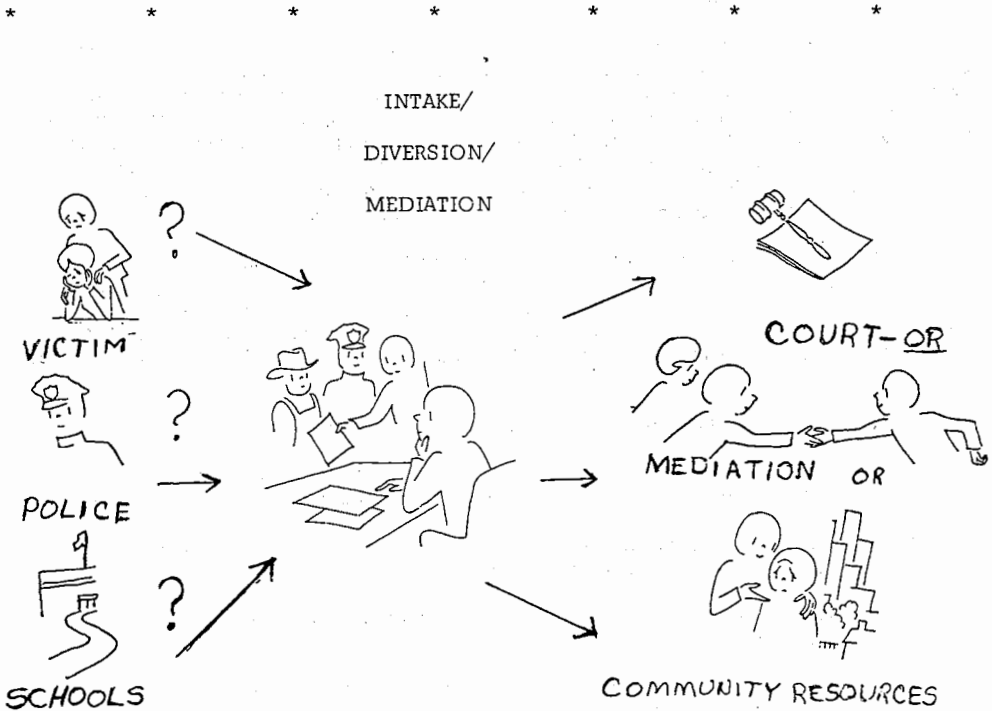

1. From Area 1, N.Y.S. Council of Probation Administrators, 11/4/74.

2. From Group VIII, N.Y.S. Probation Conference of 12/2-5/73.

- (3) Under Supervision -- whether the probationer remains under community supervision or goes to jail.

Further, the decision process is frequently one tied to the quality of our own performance: at Intake -- whether or not we can successfully mediate between the aggrieved parties, during pre-sentence investigations -- whether or not we can develop a plan, marshal community resources and motivate the client in order to convince ourselves and the Court that the defendant can be safely supervised in the community, and at Supervision -- whether we can successfully counsel and supervise the probationer. Especially with Intake and Supervision, where there is no time limit, the decisions have to be constant, as to whether or not the case situation has deteriorated to the point that the safety and integrity of society is being threatened.

655 Decisions  
Jan 1979

INTAKEEvaluation of the Orleans County Probation Department Intake Services for 1979

Through Intake (the "sifting" and "screening" process), where possible and prudent, cases are adjusted by counseling and referral to appropriate agencies rather than going to Court. This process is used principally in the handling of family matters, cases involving children, marital problems, including crimes of violence, arising out of domestic difficulties.

Probation Officers, through Intake counseling, help the parties clarify the situation for them and enlist the cooperation of all, complainants, respondents, spouses, parents, school authorities, police and community resources, in an effort to adjust the case without Court action, where such adjustments seem in the best interest of all concerned. This process is helpful in re-uniting families, conciliating spouses, assisting in settling family and neighborhood disputes, and minor criminal matters.

It is essentially a negotiation type of counseling of a short-term nature (maximum time case can be serviced at Intake is 120 days) and probably a more realistic approach in personal disputes than attempting to place blame, decide innocence and guilt, as occurs generally in Court hearings. Rather, Intake counseling attempts to get all parties to see how they contribute to the problem. Further, it's less damaging to future relationships in that it attempts to highlight the positive aspects of personal relationships, be they between family members, friends, or neighbors, along with dealing with negative aspects which have caused the party to seek the help of criminal justice authorities.

The Orleans County Probation staff members feel, that the more effective we can be at the Intake level, the greater are the chances that we can reduce our work at the formal levels of pre-sentence investigations and supervision, that is, after people have been convicted of crimes. Thus, hopefully we can contribute to the philosophical purposes for which Family Court was formed in 1962, to assist in improving the quality of family and community life.

We see the Intake process as having four advantages:

- (1) Encourages self-reliance - both parties, defendant and victim, voluntarily engage in the resolution of their problem.
- (2) Immediate Probation intervention minimizes hostility and consequently can lessen potential for violence.
- (3) Frees the Court to deal with problems which really require Court intervention.
- (4) Reduces costs - significantly cuts down on the demand for Family and Justice Court time and the time of prosecutor, public defender, and police in both Family Court and Justice Courts.

Figures frequently are deceptive; on the other hand, they can be revealing: dispelling misconceptions, providing new knowledge, and suggesting different program directions.

In 1973 we obtained a Federal grant to "reach out" with Intake services. This program ran through July 1, 1976. We believed that the program was highly successful and the statistical accounting of our work during that period appears to verify the truth of that belief.

With the end of the project and a reduction in staff, during the next two years Intake figures decreased considerably. In 1978, we decided to make certain changes to turn that around. Ann P. Nevin, our probation officer responsible for Intake, was assigned no more presentence investigations and was to be given a reduced supervision caseload, freeing her to provide most of her time to Intake. In 1978, E. Dean Holland, another probation officer, was assigned to provide emergency services to such Intake matters, which Mrs. Nevin's schedule precluded her from servicing.

Because of ours and the growing society concern over the "battered spouse" problem we decided to attempt to service such complaints immediately, rather than give them an appointment as is our practice in other Intake matters. Further, in 1979, we assigned still another officer, Kathleen Dreyfus, to Intake.

*1. The figures between the years 1977 and 1979 are dramatic. In 1977 we dealt with 382 cases at the Intake level; in 1979 the figures rose to 655 -- a 71.5% increase in Intake services rendered.*

Family Offense (legal term for more commonly known problem of Domestic Violence/"Battered Spouses") -- This problem -- assaultive and harassment type behavior between members of the same family, generally spouses -- is a serious problem, which has recently become more and more a matter of public concern. This, like child abuse, is apparently of much greater volume, than ever meets the public or officialdom eye. With family offense cases since 1973 it has been the Orleans County Probation Department's expressed view that the sooner counseling services can be gotten to these problems, the better it is. We believe these problems, without counseling, tend to escalate to the point that serious injury -- both psychological and physical -- occur and frequently not only to the adults involved, but to the children in the home as well. 1977 saw a considerable drop off in the number of family offense cases we saw, and we wondered if this weren't a result of the new State legislation which allowed petitioners to take the matters to justice courts and pursue the matter criminally, rather than through the civil remedy of Family Court. Our speculation was that, because of the traditionally "laissez-faire" attitude toward "family matters", although this law was to assist "battered spouses" in getting service and in not being put off by the Criminal Justice System, in fact such parties were put off to an even greater extent.

The problem of family violence is considerable and indisputable, yet has only recently begun to catch the effective interest of the public, or its legislative or governmental agency representatives -- this despite the fact that family disputes are the highest single cause of homicides, serious assaults, police injuries and deaths in the line of duties. Family offense matters account for most Intake emergencies. Negotiation-type counseling and our ability to coerce the reluctant second party to enter into a counseling relationship are particularly suited to these problems.

In 1977 we saw 28 such cases. In 1978 we increased this to 50, and in 1979, 96 -- nearly a 250% increase over 1977. We are pleased with our efforts in this area, but still feel that we're probably only scratching the surface of this nationally serious problem.

Because of this, we applied for a State Social Services grant. The following excerpts from the grant request describe our present approach, which, however, to perform adequately requires additional staff. (The grant would provide such staff.):

# I. PROBLEM STATEMENT

## A. Problem Description

1. Domestic violence between spouses, their mature children and siblings\* is a social problem -- it impacts on children traumatically and the community -- it lowers the quality of life, creating an atmosphere, a tolerance for, a condoning of violent behavior.
2. It is a crime problem -- it is the majority cause of homicides in this country and the single greatest cause of police injuries and deaths in the line of duty.
3. It is a human rights problem -- it is an aspect of a culturally-generated oppression of women, involving societal attitudes, and criminal justice and human service agencies' insensitivity.

(Since the victim is frequently the wife in these circumstances, although occasionally husbands and other family members become assaulted as well, for convenience's sake and since it most often reflects reality, we would generally refer to the victim as female, and the batterer as male.)

## B. Why Don't Victims Get Help?

1. Victims don't know help is available.
2. Victims don't know how or where to seek help.
3. Victims fear reprisal -- this is realistic in view of the fact that, if the person is arrested and put in jail, frequently he's out of jail quickly. Often he is so dependent upon the family situation and so threatened by the possibility of his family breaking up that reaction to the arrest, or for that matter even being notified of his wife's trying to take any action, is violent.
4. Victims fear the economic impact -- frequently the battering party has a good job, is a good provider, and the victim fears that the employer's finding out might result in his loss of job. Further, the victim may fear separation from the battering person, because she lacks confidence in being able to support herself and her children.
5. Frequently the victim is ashamed -- she is embarrassed to let family, friends, neighbors, or anyone for that matter, know that such problems exist in their home.

\* That is all violence in homes, among family members except child abuse, which is the responsibility of CPS.

6. Frequently the victim feels guilty -- she feels responsible in some fashion, or at least to some degree, for the violent behavior of the battering person, and is unreasonably afraid or immobilized in their own guilt to take necessary action.
7. They fear they will lose control -- they fear that if they tell an agency of what's happening in the family, that that agency will somehow take over, not concerned with their feelings and desires; for instance, have the battering person put in jail or the children taken away.
8. They meet resistance on the part of officials -- many police agencies, courts, social service agencies, probation departments, and the legal profession are insensitive and minimizing of the problem of domestic violence; they make that clear to the victim seeking help, and that victim becomes discouraged.

#### V. PROJECT DESCRIPTION

- A. Probation has the responsibility to provide service to domestic violence and problem matters per # 823, 824, 922, 923, and 424 of the New York State Family Court Act; the Uniform Family Court Rules: R-2508-2.1, 2.2, 2.3, and R-2504-2.1, 2.2, and 2.3; New York State Probation Rule # 354:
  1. At the complaint level -- the victim will be assisted in gaining access to both criminal courts and Family Court, and depending upon the county, to assist in filing of petitions.
  2. At the counseling level -- through problem analysis and counseling the victim and respondent will be helped to cope better with their problems and possibly resolve them without necessity of Court action.
- B. During this project we will provide the following in each of the above areas of responsibility:
  1. Generally
    - (a) Confidentiality -- contacts with Probation Intake are entirely confidential; no one need know that the victim sought help from our agency.
    - (b) The victim will maintain control of what happens in her case. The Probation agency will contact no person nor take any action without the permission of the victim.
  2. At the complaint level
    - (a) Immediate response -- immediate service is frequently helpful to many of our clients who either are very upset at the point of seeking services or have been putting off seeking help for some time and finally are taking the step and need to be encouraged to do so.

Immediate response is frequently necessary from the standpoint of safety, since in family offense matters the possibility of further and dangerous assault (or suicide) exists.

- (b) We would advise the victim of all alternatives.
- (c) Through the counseling process we will assist the client in personalizing the impact of each alternative so that they might be able to make a decision based on their own situation and needs.
- (d) We recognize that victims are frequently vulnerable and lack personal independence and:
  - (i) We must be careful that we don't use our position to influence the victim into making what we see as the "proper" decision.

### 3. At the counseling level

- (a) We will use the coercive aspects of our position to make contact with the second party who is frequently reluctant; therefore, we have an opportunity to talk to the reluctant second party and to involve both parties in counseling including, possibly, mediation.

Why do they come in:

- (i) To avoid unnecessary legal action;
- (ii) because of intervention of Probation/Court services in the complaint, which previously had been confined to the family; now the victim finally has made a move and this gives her strength in the spouse's eyes (in the past the victim had always threatened but now finally has taken action and apparently really means it this time).
- (b) We will provide crisis counseling:
  - (i) we must be particularly sensitive to the fear and uncertainty the victim has of her ability to survive and, therefore, will need support services.
- (c) We will provide on-going counseling for a period up to 60 days, including mediation counseling between parties.
- (d) We will follow up, remaining active in the case; if the victim doesn't make a decision or an appointment is not kept, we will contact that person again to see what is happening for them.

- (e) We will encourage the victim to use us as a support person -- once a decision is made, we encourage the person to get back in touch with us should more problems arise. Frequently the victim has no one else they feel they can talk to or no one who is unbiased and makes no judgments about them, so we will attempt to serve<sup>as</sup> that person.
- (f) We will do group counseling with "battered spouses" and/or the "batterers".
- (g) We will do pre-sentence investigations and supervise domestic violence offenders sentenced to Probation.

C. We will develop referral contacts with support services and will take an advocacy role on the victim's behalf with such services, including police, social services, long-range counseling services, and mental health.

1. With law enforcement agencies:

- (a) We will encourage them to provide service to the victim that they are mandated to do, and to refer cases to Probation Intake even though the victim is reluctant to bring charges.

If the victim gets unsatisfactory service from police agencies, we will encourage her to make complaints to the chief, plus we will act as a source of information for the chiefs-of-police as to how their staffs are performing.

- 2. We will do advocacy with other agencies in general, encouraging them to be sensitive to the problem and to refer victims to us where victims are at a loss as how to proceed and, specifically, encouraging them to provide services to victims of domestic violence.
- 3. We will attempt to draw together all those agencies involved in the problems of domestic violence toward coordinated efforts in dealing with this serious problem, through the use of case conferences and through an advisory committee as described in IV. Project Goals.

\* \* \* \*

Two other elements we proposed and will proceed on whether or not we receive the grant, are as follows:

- E. We will develop a network of "safe homes" (drawing on Chautauqua County's experience) to take in "battered wives" and their children at a moment's notice. We will utilize both paid project staff and volunteers in assisting "safe homes" in receiving, consoling, counseling, and meeting other needs of the fleeing "battered" wife and children.

(We've had experience recruiting homes for non-secure detention, since we administer that service in Orleans County, and for foster care.) Further, we have utilized volunteers since 1972 and have confidence in our ability to recruit and retain volunteer workers.

- G. Public Awareness Program -- we will provide regular articles to local newspapers concerning domestic violence, provide speakers to churches, service clubs, etc., do public service announcements over television and radio, develop handouts (~~Attachment V-1~~), and other public awareness materials (for instance slide shows, posters, cassettes, etc.).

We will encourage Family and criminal courts to view spouse assaults as serious matters and thus refer them to Probation for pre-sentence investigations and to sentence appropriate "batterers" to Probation with enforced treatment (alcoholism, mental health, etc.) and restrictions to either remain away from the "battered spouse" or not to threaten, harass, or harm her in any way.

#### PETITION TAKING:

Although preparing petitions (complaints) to bring matters into Family Court has traditionally been a court clerk's job, because Probation does Family Court Intake work and has much of the information needed for the petition, Orleans County Probation and some other county probation departments do this petition work. This prevents unnecessary duplication of obtaining the same information and makes it easier for the victim or police officer having to deal with only one agency. Last year we prepared a total of 219 petitions as follows:

1. Juvenile Delinquent		43
2. PINS		9
3. Family Offense		24
4. Support Petitions		93
a. Modifications	65	
b. Enforcement	6	
c. Paternity	7	
d. Support	7	
e. U.S.D.L.	6	
f. Violation of Support Order	2	
5. Visitation		9
6. Custody		2
7. Violation of Criminal Orders		39
a. Violation of Probation	38	
b. Violation of Order of Disposition	1	
Total		219

Comment: Our Principal Account Clerk prepares these petitions, each requiring approximately 1 1/2 hours to prepare and assemble all supporting documents so they meet legal requirements. These same functions are carried out in the majority of counties by the Family Court Clerk. In Monroe County, and possibly others, not the clerk, but lawyers prepare all petitions. Our Principal Account Clerk earns \$11,150. A Family Court clerk (under State Court system now) starts at \$17,951 with yearly increments of \$708. With her fifteen years of service, our clerk would be making \$21,191, plus longevity increment. It points up the disparities between state and local government salaries. It also shows that local government provides service at less taxpayers' expense, in spite of Governor Carey's blaming local government for raising New York State expenses, much of which growth, by the way, has been mandated by the state.

### Juvenile Delinquency and Persons In Need of Supervision

Comparison of 1978 and 1979 figures show a considerable increase in juvenile delinquency and persons in need of supervision work at the Intake level -- 64% increase in juvenile delinquency (97 - 159) and 75% increase in persons in need of supervision (52 - 91). This tends to verify society's view of a growth in youthful misbehavior or may be the result of a greater sensitivity and a greater interest in dealing with juvenile crime and misbehavior problems, or a combination of the two.

The Probation Department has attempted to address both assaults against teachers and other students and insubordination in schools. The Probation Director has participated in the Human Services Committee chaired by Judge Miles, which has sought to strengthen working relationships between the human service agencies in the county and has then met with clergymen, police officers, and school officials at different times throughout 1979 toward expanding that working relationship into those disciplines as well.

A similar effort has been made by a Lyndonville Committee to deal with the social and criminal problems in Lyndonville (an example of frank appraisal by that community that could be followed by other communities). Our Intake staff has worked in all five school systems in the county, in some instances regularly counseling clients in the school buildings, and in others, developing a presence through meetings with school administrators, principals, and guidance counselors.

That problems of assaults and insubordination in schools exist is no longer a matter for dispute. We have attempted to encourage the school systems' utilization of Probation Intake resources and Court resources to deal with these difficult problems toward attempting to achieve some sort of disciplinary equilibrium in the schools of Orleans County. It appears from a comparison of 1978 and 1979 Intake figures in the two areas of juvenile delinquency and persons in need of supervision that, in fact, our schools, as well as others are availing themselves to such services in an effort to restore respect for authority.

\* \* \* \* \*

In May 1977, the New York State Senate Task Force on Critical Problems issued a report entitled "Family Court...The System That Fails All". The title was a gross exaggeration and, in fact, many believed that the title more fairly should have been, "Family Court...The System That Fails Some, But Helps Many". A major contention was, that among juveniles, the "status offenders" -- that is, children convicted of no crime, but rather find themselves in conflict with the authorities because of non-criminal behavior such as running away and truancy -- were more likely to be referred to Court and also more likely to be institutionalized than juvenile delinquents (children who have, in fact, committed crimes). The survey covered 10 counties in New York State, which were also 9 out of the 10 counties most likely to institutionalize on a per youth capita basis and would appear, therefore, to be an unrepresentative sample.

The analysis of this 10-county sample showed that 45% of Persons In Need of Supervision were referred to Court, but only 25% of juvenile delinquency cases.

However, Orleans County in 1979 and the 10-county survey sample were very different in this respect. We did refer 30.2% of juvenile delinquency matters to Family Court in 1979, slightly higher than the survey sample, but only 10% of Persons In Need of Supervision cases. Thus, if the Senate Task Force's implied principle, that juvenile delinquency matters should be referred to Family Court more readily than persons in need of supervision matters -- that is, criminal matters more readily than "status offenders", which principle does make sense, then Orleans County is placing the right priorities.

This, again, fits in with our philosophy that Intake and family dispute matters can be best dealt with at the counseling/mediation level, unless they are of such a nature that safety's sake requires Court intervention. We feel this principle particularly applies to Family Offense and Persons In Need of Supervision matters: Family Offense matters generally being disputes between spouses; Person In Need of Supervision matters generally involving disputes between parents and children.

\* \* \* \* \*

The dramatic growth in Intake would indicate that there is a greater need for these services (also commonly known nationally as "diversion services" or "mediation services"). More and more people are recognizing that in some disputes, even where crimes result, that frequently there are two sides to the story and simply finding one person innocent or guilty does not reflect the reality of the circumstances. Therefore, counseling and mediation, which is the practice of New York State Probation Intake services, in such instances, can help parties assess their own responsibility for the situation, rather than battle out who's innocent or guilty, which in many instances neither party accepts no matter what the Court decides. With a mediated acceptance of guilt, resolution becomes possible and avoidance of such future events more likely.

Apparently, because of societal recognition of this factor, mediation as a method of settling disputes in criminal and civil matters is resulting in the greater reliance upon New York State Probation Intake services and mediation and arbitration services throughout the nation, as evidenced by State and Federal legislation setting up such programs and news articles describing mediation programs.

The implications of this movement as a more effective method, in some instances, than a purely legal approach, will be touched on further in our report on our Victims' Assistance Program, which follows.

GRAPH OF CASES CLOSED 1979 BY METHOD

INVESTIGATION

The investigation attempts to examine and evaluate the defendant's exact role and attitude before, during and after the crime; any past record; his social history including the emotional and economic atmosphere of his home, his relationships with family members, his school adjustments and achievement, work and military experiences, habits and leisure-time activities, religious contacts, etc. All this is to help the Judge have a factual picture and an emotional grasp of the human before him so that he can sentence in a manner best suited to uphold the law, protect society, rehabilitate the defendant and deter others from committing crime.

The Pre-Sentence Investigation then is used by Probation Departments, Correction Institutions, Child Services, Mental Health Clinic and other referral resources as the basis for working with the client. If, for instance, a person is sentenced to probation and transferred to another probation department, the investigation is sent to the receiving department so they can develop a comprehensive plan in dealing with the defendant. If he then violates and is sent to an institution, the investigation accompanies him to the institution, so the institution can deal with him in a significant fashion including educational and vocational training. Then, when he is released on parole, the parole department uses the investigation in their planning for the defendant.

Investigations done in 1979 were as follows:

	<u>Total</u>	<u>Family Court Juvenile/Family</u>		<u>Criminal Court Felony/Misdemeanor</u>	
1. Pre-Sentence	210	28	1	93	88
2. Supplemental	31	0	1	3	27
3. Custody	4	0	4	0	0
<b>TOTAL</b>	<b>245</b>	<b>28</b>	<b>6</b>	<b>96</b>	<b>115</b>

Further, the probation officer develops a recommendation, with spelled out rationale, and a treatment plan on each case. The investigation and recommendation are discussed with and agreed upon by the supervisor. Especially since our recommendations generally have been followed by the Judge in approximately 90% -plus of the cases, we feel a great weight upon us to make our decisions carefully with the community's future safety and the client's life so much at stake. . . . we made 245 of these recommendation decisions in 1979, 210 of them in criminal cases.

The breakdown is as follows:

Definitions:

Conditional Discharge -- person released to the community under certain conditions, e.g. don't contact victim in any way, but without Probation supervision.

Probation -- supervision of person by Probation with probationer responsible to meet certain conditions for terms of 1, 3, or 5 years.

Split -- combination of 60 days or less in jail plus probation for full term as above.

Jail -- sentence to either a State Correctional Facility, the County Jail, or in case of juvenile to Division For Youth facility.

Statistics:

Total Criminal case decisions in 1979 -- 210

<u>Type</u>	<u>Recommendation</u>	<u>Court's Sentence</u>
Conditional Discharge	24	10
Probation	101	111
Split	28	37
Jail	57	52
<b>TOTAL</b>	<b>210</b>	<b>210</b>

### Interpretation:

Overall the Courts followed our recommendations in 76.8% of cases. Moreover, there was a 97.3% agreement on jail vs. being left in the community. Interestingly, despite the general view that Probation is lenient, we recommended jail more often than Courts sentenced persons to jail.

The greatest source of disagreement was over conditional discharge. Here we recommended this considerably more frequently because we recognize our staff limitations in being able to supervise adequately even the caseload we presently have. I take it as a compliment and a note of confidence in our office on the part of the Judges that the Courts sentenced more frequently to sentences involving our supervision of the client (split and probation) than we recommended for ourselves.

### Detention for Juveniles

Since 1972 the counties have been required by law to provide Non-Secure Detention services for children being detained for Family Court trial. Failure to do so would result in a risk to all Division For Youth reimbursement for various child care and recreational programs. In 1977 the Board of Supervisors was required to designate an agency to administer detention. At that time Probation was taking responsibility for the placement of children in secure detention, where Social Services provided non-secure detention services. On 2/10/77 the Board of Supervisors designated the Probation Department as the agency to administer detention. Since that time the Probation Department has been recruiting non-secure detention homes -- that is, regular family homes where the home stands willing to receive a child at any time and provide that child with 24-hour supervision. These are children who do not require physical restraint. More recent legislation stipulates that all Persons In Need of Supervision (PINS) children cannot be placed in secure detention.

Juvenile Delinquents -- that is, children who have committed crimes -- can be placed in secure detention if they are a danger to themselves or to others, liable to commit another crime, or liable not to appear at Family Court hearings.

The cost of secure detention is great. Further, there are associated costs in that the Sheriff's Department has to transport the child to either Monroe County or Erie County Detention and then has to go and get the child and bring them for Court hearings here in Albion and following the Court hearing return that child.

Therefore, not only is non-secure detention a preferable treatment for children that cannot be left in their own homes, but don't necessarily require being physically restrained, but it is also a much less expensive alternative. Non-secure detention parents are paid \$15 per day per child as opposed to \$136.30 per day per child in secure detention.

We do pay a holding fee of \$30 per month to each non-secure detention parent to reimburse them for their being on call to receive at a moment's notice a disturbed and acting-out child.

Our use of detention during 1979 was as follows (as can be appreciated, the use of non-secure detention as opposed to secure detention represents a considerable savings to the taxpayers):

Secure Detention:

1 boy for 11 days + 1 girl for 4 days = total of 15 days

Non-Secure Detention:

3 boys for 20 days + 4 girls for 54 days = total of 74 days

Detention Totals for 1979:

	Children	Days	Average Stay Per Child
Secure	2	15	7.5 days
Non-Secure	7	74	10.6 days
TOTAL	9	89	9.9 days

Costs:

Secure:

11 days x \$90.47 (Erie County Detention price to 9/79)	=	\$995.17
4 days x \$136.30	=	<u>545.20</u>
TOTAL:		\$1540.37

Non-Secure:

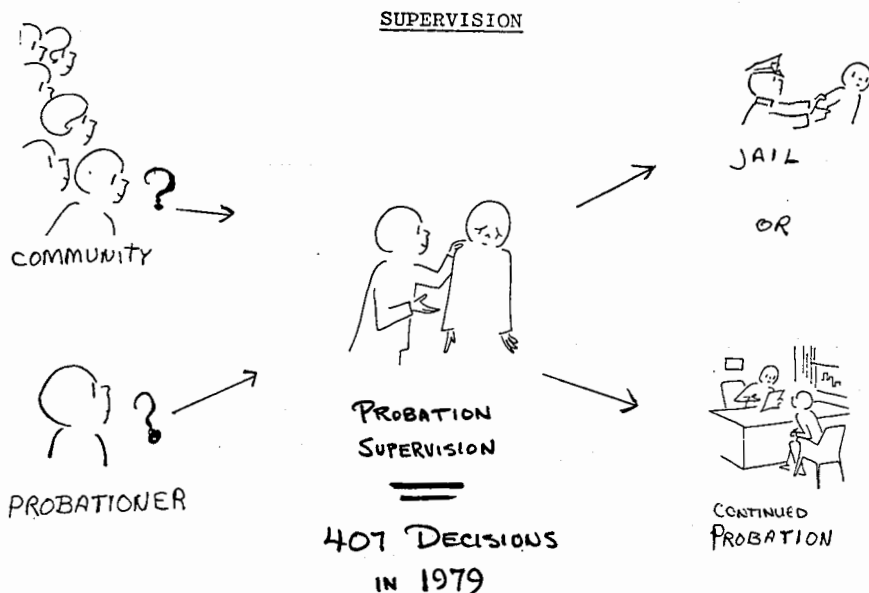

Holding fees of \$30 per month x 10 months x 2 homes	=	\$ 600.00
74 days at \$15 per day	=	<u>1110.00</u>
TOTAL:		\$1710.00

Cost if secure detention were used in the seven (7) non-secure cases:

1.	74 days at \$136.30	\$10,086.20
2.	Transportation costs:	
(a)	7 children x 2 trips at 76 miles/round trip x \$ .15 per mile	159.60
(b)	1 deputy (minimum, based on parent accompanying) on 14 trips at 2 hours each + Court time of approximately 2 hours each x daily salary and fringes of approximately \$68.09	476.63
	Total Projected Costs	\$10,722.43
	Cost of Non-Secure	- 1,710.00
	Savings to Orleans County and State taxpayers (share expenses 50/50)	\$ 9,012.43

Comment:

The State of New York requires that non-secure detention services be provided for the reasons suggested above: the excessive use of secure detention is not only unjust but financially wasteful. State regulation is a response to the abuses of secure detention nationally publicized in the early 1970's. However, the State Division For Youth has proceeded in a typically bureaucratic fashion and developed 26 single-spaced pages of rules which apply not only to programs in New York City, but to programs in Orleans County and also requires an annual plan which involves some 13 pages of format and forms to be filled out by such diverse places as New York City, Rochester, and Orleans County. Thus, although probably the legislation and regulations were necessary to stop abuse of children and waste of taxpayers' funds, the administering of regulation, however, may prove as expensive as the savings, especially in smaller counties where detention is utilized little, but still has to adhere to the same rules.

Through understanding, concern and discipline, and through an assortment of treatment methods concentrating on assisting the client to draw upon his own resources and those of the community, the Probation Officer helps the client avoid further criminal activity and, when applicable, to realize greater personal potential, enhancing his self-esteem and his becoming a more productive person and member of his community.

The Method of supervision includes devising a case plan, tailored to each individual probationer, based on review and evaluation of the pre-sentence investigation. Running records are kept on each probationer containing factual data as to the probationer's performance, as well as an evaluation of his behavior and attitudes, and in the process of recording each case in this fashion, the case plan is continually being updated to meet the changing circumstances and needs.

#### Success of Supervision

Of the 407 probationers we've supervised during this year, 40 committed additional crimes = 9.8%. That means that during 1979 90.2% of our clients did not get into further criminal difficulty.

Another 32 committed technical violations (e.g. failing to report, moving without letting us know, failing to participate in alcoholism, mental health counseling) = 7.9%.

We're pleased with these statistics as we feel it demonstrates that probation can safely supervise convicted persons in the community and protects society as well as jails and prisons at a fraction of the cost.

It might be argued that, at least while the person is in jail, the community is perfectly safe. Even this is not true as prisoners escape, and frequently commit crimes in the process, e.g. stolen cars, burglaries, and further they commit crimes in prison, assaulting guards, other prison staff, other inmates and steal from the institution or do criminal mischief to the facilities, thus victimizing taxpayers. Further, in New York State probation sentences are generally three times longer than jail terms so usually probation provides a longer supervision.

Therefore, the violation figures give us confidence that we can supervise persons and provide a degree of community safety.

### Industriousness of Probation Staff

Common opinion has it that there is a great deal of waste in government, an opinion which I happen to share (by the way, I also feel there's a great deal of waste in private industry as well -- witness: New York Central/Penn Central/now Conrail, Lockheed, American Motors, Chrysler -- all of whom we taxpayers are subsidizing). As to government, however, I feel that the waste generally takes place in over-regulation. The good intentions that regulation represents, become self-serving in terms of preserving jobs and diluting responsibility.

Where the government worker is providing the service to the community (in contrast to regulating service), however, especially among local governments, I see very few "dead-beats" -- a great number of people are enthusiastic about their work, struggling against the over-regulation, but still devoted to serving the public. I believe our Probation Department is a case in point:

*During 1979 we worked 12½ extra weeks -- that is, put in 384 extra hours which they did not take off under the compensatory time allowance -- that's approximately 55 days or 11 weeks. Further, there were 7½ days of vacation time earned that were not utilized. A total of 12½ weeks.*

*As to sick time, 54 total days were used; divided by a staff of 14 = 3.86 days average per person: that is, 3.86 days vs. the 18 days per year to which a person is entitled.*

Furthermore, the Department, for the past 10 years, has been open during lunch hours with the phones being answered and someone being here to see people, purely on a voluntary basis. Usually there are staff here early in the morning before 8:30 (starting hours are 9:00) and as late as 6:00 P.M. and some evenings as late as 7:30 and 8:00 P.M., and phones will be answered even during off-hours and clients seen, as evidenced by the fact that numerous calls come into this department before 9:00 A.M., well after 5:00 P.M., and during the lunch hours, indicating that people are used to being able to get us during those times.

There are many instances during the last year when people were ill, but they came in to work to get certain tasks done, and then returned home to nurse their illnesses, or had work brought to them at home.

It makes an administrator's job easy when he has such a devoted and responsible staff.

Further, the staff is very involved in community affairs, being board officers of 4-H, the County Youth Board, Business and Professional Women, the Community Counseling Center, board members of the Drug Abuse Prevention Services, the Marion House, Oak Orchard Community Health Center, being active members of Western New York Coalition Against Domestic Violence, Boy Scout/Explorers and Cubs, the Lyndonville Committee, Human Services Committee, Mental Health Sub-Committee, Alcoholism Sub-Committee, the Armory Action Committee, Catholic Charities, United Fund, Foster Care Advisory Committee, and the Library Book Review. The Director represents all the Probation directors on the New York State Probation Commission and has for the past eight (8) years.

Further, 11 Probation staff people participated in the 4-H Fair and donated their time evenings and weekends.

### USE OF INTERN VOLUNTEERS AND CITIZEN VOLUNTEERS

During the past year, we have had six student intern volunteers on staff, which adds yet another dimension to our work by giving us the capability for more intense attention to cases at no added expense to the County. Three staff members -- Jeannette Riley, Ann P. Nevin, and Stephen C. Didas -- served as field instructors for Maxine Butler, Karl Holt, and Dan O'Neill, seniors at the School of Social Work at SUNY Brockport from September 1978 to May 1979. At present, beginning September 1979, Debra Powers, Laura Sussman, and Nancy Cohen are with us from Brockport. Together, our interns conducted 30 pre-sentence investigations, supervised at least 35 cases, and dealt with 38 Intake cases over a two-year period. While regular staff time is spent guiding, training, and assisting interns, it is clear that our student intern program has had a significant impact in meeting the demands of our ever increasing caseload pressures. Moreover this program provides added benefits in terms of improved staff morale through the challenge of channeling the creative and unique energies of these fine college students. Also through actual field experience, we have the sense that we are providing a unique link between the theoretical learning situation and the field of Probation, as well as other related professions. Thus, we feel we are making a valuable contribution toward the improvement and betterment of Probation practice.

From November 1977 to December 1979, we had the good fortune to have Mrs. Sue Lane, a citizen volunteer, working in our office on a full-time basis as opposed to the two day per week commitment of our student interns. Mrs. Lane was instrumental in assisting with the difficult task of phasing over many of our Support Bureau activities to the Department of Social Services during the period of November to December 31, 1977. Mrs. Lane seemed to quickly grasp the scope and nature of our function, along with the various procedures and policies used in our agency. Thus, beginning in early 1978, Mrs. Lane was given the opportunity to make a further contribution to the department under the supervision of Officer Kathleen Dreyfus. In this capacity Mrs. Lane became significantly involved with completion of numerous pre-sentence investigations, supervision, and Intake cases. For Mrs. Lane's willingness to involve herself and for her unselfish contribution to this agency in terms of her time, energy, and skills we are grateful and take this opportunity to remember her efforts publicly.

We utilize volunteers in other fashions -- Hilda White and Kendall Ortlip Wilt have worked with several of our clients in developing and utilizing their artistic talents. Hilda assisted young clients in graphic arts in a space donated by the Medina Masons and with art supplies provided by the Youth Bureau. Kendall Ortlip Wilt worked with one of our clients in creative writing.

Georgia Pritchard and Dennis Drought did one-to-one volunteer work for us; that is, one volunteer with one client.

Alice Nichols helped us prepare materials for the display at the 4-H Fair and Alice Nichols and Michael Golden collated reports and other documents for us at different times throughout the year, as well as assisting us in other clerical duties.

In general we feel the use of interns and volunteers recognizes the existence of many public spirited citizens who need an outlet for their generosity. The use of volunteers with certain of our clients allows for more personal time to devote to such clients and thus can give them experience in forming close personal relationships, thus helping them to adjust more positively to family, employment, and school problems which are frequently crucial factors in a person's getting into criminal difficulty.

## VICTIMS' ASSISTANCE PROGRAM

Quote from a Greek classic:

"How shall we achieve justice in Athens?"

"We shall achieve justice in Athens when those who are not injured become as indignant as those who are injured."

A. Description of Needs

Victims tend to get "lost in the shuffle" in the Criminal Justice System. (Defendants, interestingly, often get lost in the shuffle, too.) The mechanics of this system take precedence and the system sees to its needs much sooner than the victim's or the defendant's needs, who are central to it. The victims become incidental: they are left out of the system; they become perplexed. They feel powerless: they have already been victimized, and then they feel they have no input as to what happens and no knowledge as to what is going on. They are neglected by the system and frequently this adds to their problems of being victimized. Frequently they have a lot of problems with the defendant because there is some relationship there: neighborhood, friendship if not familial.

They frequently feel that they've been "victimized" and the "system" and the persons running it don't care and the criminal doesn't have to pay in any way for his crimes against them; and further aggravating the situation is that there is no one they can talk to who can do anything about it.

B. Action Taken

In the Fall of 1978 we applied for a Special Project CETA grant and received approval.

On 3/29/79 we hired a Probation Officer Trainee and Probation Aide and instituted four aspects to our services to meet victims' needs:

1. Victim counseling -- we personally meet with victims, get their version and feelings around the criminal incident, advise them as to what to expect from the criminal-justice system as it relates to the defendant as well as to themselves, refer them to agencies for any needed services, advocate for them where necessary, and attempt to insure that their feelings have some impact on the degree of conviction and sentence.

*From April thru December 1979 the two staff persons from this unit contacted and discussed the case with 53 victims and did counseling with 14 victims. Additionally, the regular staff was required to and did contact victims in all 140 pre-sentence investigations conducted April thru December 1979, and included their statement to us in the pre-sentence reports, and did actual counseling with 35 victims.*

2. Restitution -- we recommend to the Court a fair restitution amount, obtaining receipts, estimates, bills, etc. and in questionable areas negotiating between victim and defendant. We then keep track of restitution amounts, assist in collection of the restitution, budget counseling, etc., substantiating the client's ability to pay.

This is not a new service, but utilizing the program personnel we were able to concentrate more on this area, encourage restitution's being ordered, and then pursue its payment.

*From April thru December 1979 we set up 41 new cases, had to negotiate 24 cases, completed payment in 18 cases. During all of 1979 we collected \$13,452.00 in restitution, which was paid back to Orleans County victims of crime. This represented a 40% increase over restitution payments in 1978.*

3. Reparation -- we contact victim and agencies to arrange work for the defendant, assist defendant in setting up work schedule, and actually supervise defendants on the job, negotiating with employers, etc.

*From April thru December 1979 we set up and supervised 16 reparation cases, seven of which have now been completed. Ten of these had to be negotiated, that is, there were differences between the victim and defendant as to what was fair reparation and we had to negotiate between the two parties and reach an amicable agreement.*

4. Victim-defendant confrontation -- in the process of both the victim and defendant getting lost in the system, we've frequently lost sight of the crime. As far as the defendant is concerned, also lulled by the passage of time, it becomes unreal to him; what does become real is the legal mechanics, and he becomes more pre-occupied with whether or not the prosecution can prove him guilty than with what he did. Through victim confrontation we hope to bring home to the defendant the impact he had on the victim. It also gives the victim a chance to deal with some of his feelings with the defendant, gives the victim a chance to ventilate his feelings to the defendant.

This is, by its nature, a sensitive type of counseling, and as stated in the Program plan, these matters were referred to more experienced probation officers who handled the actual confrontations.

Most victims do not elect to avail themselves to this service. Those, who have, however, we believe were gratified by the results.

*From April through December 1979 we've set up and conducted 15 of these confrontations.*

Statistics: 3/29/79 - 12/31/79:

Total Cases Referred to Victim's Assistance Unit: 99

Case Type:	Intake	11
	Investigation	44
	Supervision	44

Insurance Co.	5
Police	62
Appraiser	2
Spouse/ Parent	37

On 12/6/79 we requested a six-month extension of this program through 10/28/80 and closed out our request with the following:

COMMITMENT TO FUTURE:

We have, as a nation, become more and more sensitive to victims issues. Thus, we would particularly like to be able to get a more firmly established restitution/reparation and victim/defendant confrontation program.

Further, as an extension to victim counseling, we see the need to, in fact, advocate for victims. This is particularly true in certain areas: (1) Frequently the victims' feelings, fears and convenience are not considered in the processing of a criminal case. We would advocate with the Courts and lawyers on behalf of the victims so that their feelings are considered and needs met. (2) Frequently victims in property crimes have difficulty getting stolen property back, which has been held for purposes of being used as evidence. We would advocate on their behalf with the police agencies and with the Courts in an effort to return property to victims in a timely fashion. (3) Frequently victims of domestic violence have difficulty either knowing or getting appropriate help. We would advocate with police, social services, and mental health agencies, as well as relatives and friends on their behalf to provide them some alternatives.

ELEMENT WE WOULD LIKE TO ADD:

In doing reparation, we presently set up public service work opportunities for clients as needed. Through one of our volunteers, we have developed a rationale and procedure for setting up on-going resources for public service work.

As addition to the Victim Assistance Program, we would like to set up with not-for-profit private agencies or public agencies, a program whereby they would routinely receive our clients to do public service employment. They would be prepared to work with such clients and be prepared to supervise them, and our office and theirs would have process to accomplish referral and monitoring and back-up counseling with respect to the proper conduct of our clients doing public service employment.

Further, we would like to set up such arrangements in the three major population areas in the county -- Medina, Albion, and Holley.

Under this new approach we would commit ourselves to developing the three public service work employment resources and during the requested six-month extension we would do 15 additional reparation cases.

\* \* \* \* \*

Therefore, we request a six-month extension and would commit ourselves to increase our commitment as cited in the original proposal by 50%.

\* \* \* \* \*

The request for extension has been approved: by the Board of Supervisors 12/79, by State 1/80.

Robert E. Golden's Testimony at a Hearing on Priorities for 1981 Law Enforcement Assistance Act Funds Before the New York State Crime Control Planning Board, Juvenile Justice Advisory Board and Division of Criminal Justice Services on February 22, 1980 in Buffalo, New York:

The cost of supervising a person in the community is a tiny fraction of the cost of institutional care.<sup>1</sup> In fact, the cost of maintaining persons with physical health problems, mental health and mental retardation problems, as well as criminal behavior problems, in the community is less costly and more effective. We have made an effort to deinstitutionalize the mentally ill, the mentally retarded, the physically ill, and criminals but we've only provided half the solution: we haven't put the corresponding effort into providing the community services to effectively maintain persons in their homes, and so they suffer and society suffers their unnecessarily frequent relapses. Deinstitutionalization by itself is neglect. A strong belief, and therefore, effort at maintaining our clients and patients in the community will still be a saving in cost as well as in suffering to the client/patient, their families, neighborhoods, and community.

\* \* \* \* \*

Recidivism (the criminal relapse) rates are much lower for ex-probationers than for ex-inmates.<sup>2</sup> Even Robert "Nothing Works" Martinson, in conjunction with Judith Wilks, in a compilation of over 3,000 studies, found that probation had a recidivism rate that was considerably less than that of prison sentences.<sup>2</sup>

Prisons are seemingly "schools for crime", a waste of humanity, and most persons imprisoned are back in the community in one to three years more dangerous than ever. Group work with inmates in our local jail, years of conversations with the clients and practitioners in this field and recently, and graphically, Norman Mailer's "Executioner's Song" about Gary Gilmore, have brought to my consciousness the conviction that jail tends to create a "set" of denial, a lack of contrition, a posture that becomes a way of life and predisposes the person's committing further and maybe even more serious crime.

It might be argued that, at least while the person is in jail, the community is perfectly safe. Even this is not true as prisoners escape, and frequently commit crimes in the process, e.g. stolen cars, burglaries, and further they commit crimes in prison, assaulting guards, other prison staff, other inmates and steal from the institution or do criminal mischief to the facilities, thus victimizing taxpayers. Further, in New York State, probation sentences are generally three times longer than jail terms, so usually probation provides a longer supervision.

Virtually every recent national and state commission report<sup>3</sup> under Democratic and Republican, liberal, middle-of-the-road and conservative leadership has recommended probation as the sentence of choice.

Yet, as a society and State, we've yet to make a serious political and economic commitment to trying probation with criminal offenders:

Except in occasional special projects, we've yet to give probation the resources necessary to have workable caseloads of 50 cases (Challenge of Crime in a Free Society report recommended 35 cases per worker) -- we've yet to develop the kind of requirements, pay the kind of salaries, provide the training and educational opportunities that allows recruitment and retention of quality staff and the updating of their skills. In short, we've yet to demonstrate we value community corrections at all. Instead, as a society we continue to be enamored of building jails at \$42,000 per bed and a care cost of \$14,000 per year per adult inmate and \$37,000 per year per child inmate.

And we know that "somethings do work". Martinson's earlier, most famous study described successful programs. Different counseling modalities, advocacy, alcoholism counseling, employment programs, group counseling, utilizing volunteers, arts programs, health, dietary and wholistic approaches, family-centered counseling have all helped.

Our whole system of government, in fact this hearing process, attest to our belief that we humans can have an impact on each other, and that, through meaningful communication, we may be able to improve our psychological and physical lot. I believe the same is true in dealing with the person who is convicted of committing a crime.

I realize that asking LEAA to allocate its funds to probation and community corrections programs is requesting further "occasional special project" efforts, but at least it will help, and maybe help in convincing the public that, while prisons are dangerously overpopulated, we can't afford to look to institutionalization as a solution when for many law-breakers, supervision in the community can be effective at a fraction of the cost.

(1) Knowledge In Criminal Justice Planning, a preliminary report (Grant 76-NI-99-0023), by Robert Martinson and Judith Wilks, dated October 15, 1976; The Center for Knowledge in Criminal Justice Planning, 38 East 85th Street, New York, New York 10028: In a compilation of over 3,000 studies probation had a mean recidivism rate of 21.3% compared with prison, followed by parole - 25.4%, "max out" - 31.6%, partial custody followed by prison - 41.7%.<sup>2</sup>
- A. (2) New York State Division of Probation's year-old Intensive Supervision Project's preliminary reports indicate that serious offenders can safely be supervised in the community.
- A. (3) From National Advisory Commission of Criminal Justice Standards and Goals, 1/23/73: "As probation use increased, growing interest in its effectiveness developed. One demonstration of its effectiveness was the Saginaw Project conducted in Michigan between 1957 and 1962. The project, staffed by trained workers with manageable workloads, had three objectives. First, probation should be used for 70 to 75 percent of convicted offenders. Second, there should be no increased risk to community safety. Third, actual tax dollar savings should be achieved by reduced construction and maintenance of institutions. All objectives were accomplished. Follow-up studies of probation elsewhere indicated that failure rates of persons on probation were relatively low."
- B. New York State Division of Probation examined two groups of probationers to see if they had gotten into further criminal difficulty, checking the first group for ten and the second for five years after discharge.  
 Of the 564 persons in the first group, 85% got into no further criminal difficulty.  
 Of the 835 persons in the second group, 75% or slightly better than 90% got into no further difficulty.
- C. From California Correctional System Study, 7/71, referring to an expanded probation project: "the judges agreed to increase the number of persons placed under the supervision of trained probation officers. Prior to beginning the project, the judges had used probation in about 50% of the cases; with the project's inception, they increased the use of probation to 80%. Despite the 60% increase in the use of probation, there was no increase in the revocation rate over the three-year demonstration period. There is little reason to believe, therefore, that increasing the use of probation will lead to diminished community safety. In California, between 1961 and 1967, the percent of adults granted probation after a superior court conviction increased by 31%. Yet the probation violation rates remained virtually constant. This was true for violations involving new crimes, as well as those involving the violations of conditions of probation, "and further concerning special projects in the California Study from Reader's Digest, 2/71, referring to RODEO (Reduction of Delinquency through Expansion of Opportunity)." RODEO can show impressive successes. Some 68.5% of Mrs. Rushen's probationers have stayed out of further trouble. In view of Watts conditions, this has been described by experts as phenomenal. (The youth reformatory success rate is 38.5%)...RODEO boys' recidivism has been about half of what it would have been had the boys been jailed, then turned loose six to 18 months later."

- D. From Challenge of Crime in a Free Society Task Force Report on Corrections:  
"One summary analysis of outcomes observed in 11 probation studies indicates a success rate of from 60 to 90%. A survey of probation effectiveness in such states as Massachusetts and New York and a variety of foreign countries provides similar results with a success rate at about 75%. An exhaustive study was undertaken in California when 11,638 adult probationers granted probation during the period 1956-58 were followed up after seven (7) years. Of this group, almost 72% were successful in terms of not having their probation revoked."
- E. From Deterrent Effects of Criminal Sanctions, another California study, 5/68:  
"30% of all released offenders (75% in some areas) are reimprisoned within five (5) years, often for worse crimes," referring to the lack of success in jails and in prisons."
- F. From Crime, Punishment, and Social Science, 1972, by Martin A. Levin: "In a recent review of the studies of persons on probation, Levin concluded that they 'all indicate that offenders who have received probation generally have significantly lower rates of recidivism (i.e., are less likely to be arrested for, or convicted of, a subsequent offense) than those who have been incarcerated.'"
- G. 1970 California Superior Court Probation and/or Jail Sample study: "found that almost two-thirds of those offenders placed on probation had, one year later, no known subsequent arrest, while less than one-half of those sent to prison had been equally successful. These differences in "success" persisted even when one took into account the sex, age, race, offense, and prior record of the offender."

## PROBATION PLAN FOR 1980

Each year, as part of State Division of Probation reimbursement request, local probation departments must audit their compliance to State Rules of Probation and must submit a plan as to particular program efforts that will be made in that year.

In the following we share with you our thinking as to directions for 1980 (excerpted):

### MAJOR PROGRAM OBJECTIVES

We have a new form of government in Orleans County, with principally new legislators now taking the reins of government. In order to familiarize them with Probation services, we plan to invite, in particular, members of our Committee and, in general, all members of the County Legislature, including the chairman, to sit in on case supervision sessions with case supervisor and officer, to make home visits with one of our probation officers; to be a volunteer with our department and possibly to be a foster parent for one of our clients.

To meet the problem of domestic violence, which is being recognized nationally, and state-wide, we will seek outside funding to develop a model domestic violence project involving a comprehensive Intake service that will highlight new counseling and intervention techniques, a hot-line in conjunction with the Sheriff's Department, improved transportation, training for Probation, police, Court, and other agency personnel, and safe homes for victims of domestic violence and their children.

### COMPLETION DATE

During 1980

### ADDITIONAL RESOURCES

Staff implications: an additional Probation Officer II, a Probation Aide, and a Project Coordinator.

MAJOR PROGRAM OBJECTIVESCOMPLETION DATEADDITIONAL RESOURCES  
(If Needed)

Since 3/28/79 we've run a CETA Special Projects Victim's Assistance Program with efforts to provide services to victims of crime by keeping them informed as to what's happening in Intake and Investigation cases, plus obtaining restitution and reparation both in Intake and Supervision cases. We've become more and more convinced as to the need for such services and the positive impact upon the defendant and thus plan to integrate this approach into our over-all program and to generate some in-service training and literature toward sensitizing Probation staff, other county criminal justice staff members, to the point of view of victims and the fact that their information, feelings, and rights should be considered during the process of our work, and further towards sensitizing the defendants and the public toward the point of view of victims.

During 1980

In conjunction with recommending reparation as a condition of probation or of adjustment at Intake, we plan to develop reparation resources in the three major population areas in Orleans County, whereby clients can work off reparation by working for non-profit charitable organizations.

10/31/80

Shouldn't create appreciable additional work.

In order to increase personnel motivation we plan to do the following: run monthly two-hour staff group sessions; seek the upgrading of positions; provide more meaningful training opportunities.

### MAJOR PROGRAM OBJECTIVES

### COMPLETION DATE

### ADDITIONAL RESOURCES (If Needed)

Comparing 1978 and 1979 figures reveals a more than 20% increase in the work in all three (3) major categories of Probation service; that is: Intake/ Diversion, Investigations, and Supervision. These factors suggest the need for 20% additional help.

The tendency has been to respond to specific issues with specific programs, whereas the general public, and for that matter governmental decision-makers, aren't necessarily sold on the concept of Probation. Or, at least, the public is not sufficiently sold to truly commit themselves to probation's optimally-recommended staffing levels, nor for that matter to quality staffing, which requires adequate salaries to attract and retain qualified personnel against the competition of State, Federal, and private counseling agencies, the universities, and industry.

During 1980

A 20% increase in services rendered last year over the prior year suggest the need for a 20% increase in staffing. This does not even take into consideration added responsibilities the State Legislature and State regulatory agencies have<sup>put</sup> upon the probation departments during this last year.

This year we will endeavor to introduce Probation to the public as a powerful force it has been and can continue to be, in providing alternatives to institutional care, giving Courts the information and resources with which to make the most efficacious sentence and toward helping persons solve their problems at the least formal level, encouraging personal independence rather than blind reliance upon government.

As can be seen by the above figures, we dealt with 1405 cases during 1979 and that generally means families because in almost all instances we deal with both husband and wife, and sometimes children, or with child and parents. We could double that figure of 1405 in terms of the number of people we actually counseled. Subtracting the cases in the first categories where generally only one contact was made, it still leaves 1254 cases with which the Department has had an on-going contact during 1979.

In terms of the average number of cases in which the Department was involved on a per-month basis, the total is 388.1 cases per month divided up among six Probation Officers. (We have another CETA officer who works with Victims Assistance only.)

The State Division of Probation, in order to try to assess caseloads based on the demands of different types of cases devised a numerical weight to be given to each different type of case using the probation supervision case as the standard, that is, one case unit. Assessing our caseload using these unit weights shows that the Probation Department supervised 531.1 case units per month on the average which is slightly more than 88.5 cases per Officer with six officers.

## ORLEANS COUNTY PLANNING BOARD

151 Platt Street  
Albion, N.Y. 14411  
(716) 589-7065

### ANNUAL REPORT OF THE YEAR 1979 of the ORLEANS COUNTY PLANNING BOARD

The Orleans County Planning Board was created in 1968 as a planning and advisory body to the County government in matters pertaining to land use and development, and the environment. It also was to coordinate and assist local governments in these matters, especially through reviews of zoning actions.

The Planning Board has accepted these challenges over the years and has delivered researched information and recommendations to the Board of Supervisors. In 1979 the Planning Board examined several subjects and delivered some important results.

The Coastal Zone Management Program and the Section "208" Water Quality Planning Process were actively participated in through the Planning Board. These programs substantially affect development activities and, in the case of "208", flow of federal dollars for water pollution control into the County. The results of Planning Board participation in these policies will insure that Orleans County's interests and needs will be advanced for years to come.

The Planning Board also engaged in investigation into several subjects. Included were studies into the Hojack Line - Orleans Extension, road improvements, nominations to the Federal Register of Historic Places, Knowlesville Bridge replacement, Highway Departments and grants. Assistance was provided to grant applicants with raw data and application review that resulted in thousands of dollars coming into the County.

The Planning Board experienced difficulties in meeting needs due to staff fluctuations during the year. The Planning office began the year with a Planning Director and a CETA Planning Technician. In the early summer, an additional CETA aide was added. In July, Geoffrey Astles, Planning Director, resigned. In September, the Planning Trainee was given Youth Board responsibilities. Essentially, from August to December, the Planning Board was without staff. The year ended with Patrick Rountree as Planning Director, assisted by 1/3 time services of Marion Taylor as clerk/typist/accountant.

The Planning Board also oversees the Section 8 Housing Assistance Program. Created in November, 1978, the Section 8 program was 90% certified by December 31. Considering that each certifica-

tion requires the listing of housing units, meetings with the landlord and interviews to determine eligible applicants, a housing unit inspection and documentation of all efforts, the certification of 90 units in one year represents a major accomplishment by any standard of measurement. Ashley Ward coordinates the program with 1/3 time assistance from Marion Taylor.

The Traffic Safety Board is also under the Planning Board. In 1979, the Traffic Safety Board obtained few results and was inactive most of the year. A successful grant application was lost due to the prolonged absence of a Planning Director to administer the grant.

In 1980, the Planning Board hopes to expand its assistance and training to town and village planning boards in their roles of administering local zoning and other land use controls. It will also seek to help planning boards be of greater assistance to their respective governing bodies. The County Planning Board also expects to explore issues such as: availability and cost of mass transit, impact of revaluation on the residential and agricultural sectors, recertification of existing agricultural districts, economic development opportunities.

The Planning Board hopes to earn the continued support and respect of the Orleans County Legislature.

Dear Gentlemen:

I feel that this page is the most substantiative, and meaningful of this document.

Planning documents can only reflect a certain quantitative, qualitative magnitude of performance projections.

As is the case with any new agency, credibility, non-duplication of services, and financial and programatic accountability are paramount obstacles in sustaining a strong foothold in the political and youth advocacy community.

What can be written and documented may/or may not be accurate of the climate and state of affairs of a particular agency.

Growth, maturity and progress are accurate documented descriptions of the Youth Bureau this past year.

I genuinely feel that the Youth Bureau has moved from its infancy, and predictable identity crisis into a role that is self supporting, and truly action orientated, with a dynamic overview of the needs of youth in Orleans County. Critical unaddressed needs of youth in Orleans County have begun to receive program funding priorities by the Youth Board.

Critical areas, such as housing, sexuality, basic education, poison prevention, juvenile justice alternatives, special needs of handicapped, cultural arts and health programming are all essential elements of our planning document; and are reflected in our funding priorities for 1980.

These additions in priorities have meant the cuts in other areas, specifically the library program.

Readers of this document should realize that a total of \$42,000.00 was requested by the County libraries with approximately \$25,000.00 being appropriated.

It should be documented that to date all eligible amounts of money to Orleans County are being utilized.

A couple of years ago, pre-Youth Bureau days, most dollars were unused, this is not the case today.

While dollars do not always equate with social change, and reform, they are an essential ingredient to any movement.

The utilization of the dollar must always be equated with funding priorities based on established, well documented needs.

We believe that our Planning Committee has sagaciously addressed this element, and so it is reflected within.

Respectfully,

A handwritten signature in dark ink, appearing to read "Robert D. Tirsch". The signature is written in a cursive style with a large, prominent initial "R".

Primary Comprehensive Planning Objectives for 1980.

(These objectives are part of our 5 year Comprehensive Planning Objectives)

1. Increase the involvement of parents and other family members in all youth programs since other social institutions can seldom replace the family as a means of individual and collective development.
2. Expansion of the Youth in Government program in all schools.
3. Where justified by documented need, and effective delivery of services, continue to support youth serving agencies that we are currently funding.
4. Develop a County Youth Advisory Board, whose purpose would be to have direct input into youth program and policy.
5. Develop a program with the Office of the Aging and a school district to work with Senior Citizens.
6. Continue to develop a working relationship with Child Protective Services at D. S. S. in an attempt to establish more viable preventative planning mechanisms.
7. Continue to promote and support cultural art activities and participation for young people.
8. Develop a Juvenile Central Registry System with the six police agencies.
9. Continue to support and promote training and workshops on youth related subjects for youth, parents, educators, and human service personnel, police agencies and the community at large.
10. Assist agencies and the community in writing grants that promote the goals and objectives of the Comprehensive Plan.
11. Develop an agency monthly participation form in an attempt to more closely monitor and evaluate existing programs, as well as chart agency contact with youth.

15. Patrol places where youth gather.
16. Publicize constructive work done by youth.
17. Conduct appraisals of youth services and needs.
18. Seek to remove any contributory cause to juvenile delinquency.
19. Organize and mobilize community resources for dealing with youth problems.
20. Provide needed services through existing agencies.
21. Operate services only where no other agency can be found to function.
22. Operate services on a demonstration basis.
23. Help young people to stay out of trouble; help those in trouble.
24. Fill gaps in youth services.
25. Develop an aggressive program to reduce school drop-outs.
26. Promote adequate standards for recreation, in services, personnel, budget and space.
27. Develop a plan to reach stay-aways who need the benefits of organized recreation.
28. Promote adequate standards for case work and probation services.
29. Inform the clergy with respect to youth and family needs, and enlist their support in meeting them.
30. Study the case histories of delinquent youth to learn where the community failed.

The Orleans County Youth Bureau whose genesis enfolded in 1977 has begun in three years to address the issues of youth development and delinquency prevention programs in Orleans County.

The initial major accomplishment of the Orleans County Youth Bureau was in being the first rural county to have an approved Comprehensive Planning document in New York State.

The central function of this Comprehensive Planning Agreement was a needs assessment, a review of our total youth service delivery system, and method by which the most cost efficient system could be developed, that will enable our young people to fully recognize their own individual talents, strengths, and potential impacting most beneficially to their families and their communities.

I believe our most important goal and objective contained within the Comprehensive Planning Agreement is to "increase the involvement of parents and other family members in all youth programs since other social institutions can seldom replace the family as a means of individual and collective development."

I believe all of our activities seeks the optimal fulfillment of these objectives.

The Youth Bureau's function in executing its goals and objectives within the parameter of the Comprehensive Planning Agreement could be identified with six specialized components. They include:

- A. Financial Assistance: Financial assistance is provided to agencies who fulfill multi-objectives contained within the Comprehensive Planning Agreement (CPA) who receive Youth Board and Legislative approval. (See appendix for agencies funded and budget breakdown)

Currently, funding grants are either Youth Service or Recreation, and are usually on a matching 50 State/50 Local basis, although special 100% discretionary money is sometimes available. In 1979 the Youth Bureau funded nine agencies.

They include::

Swan Library - Albion, N.Y.

Library programs include pre-school story hours, summer reading programs, Friday evening film program and various Cultural Arts programs highlighted the 1979 program.

Total Cost of Program           \$ 28,900.00

County Youth Bureau           \$ 14,450.00

Swan Library                   \$ 14,450.00

In addition to the above monies, the County Youth Board granted a 100% funded supplemental grant to the Library for additional cultural arts performances and shelving restoration costs. Cultural arts opportunities included ticket purchases for:

Lets Make a Play, at Swan Library  
Midsummer Night Dream, at SUC Brockport  
Leroy and the Ark, at Swan Library  
Arsenic & Old Lace, at SUC Brockport

Total 100% supplemental grant   \$ 1,050.00

Lee Whedon Library - Medina, N.Y.

Library programs included a pre-school story time, BOCES Library Services, summer reading program, story time film program, Young Adult program, school tours, in addition to the cultural arts program.

Total Cost of Program           \$ 24,719.00

County Youth Bureau           \$ 12,359.55

Lee Whedon Library           \$ 12,359.55

In addition to the above programs, the Lee Whedon Library received a supplemental grant. This grant fostered additional cultural arts opportunities. They included:

Lets Make a Play, at Lee Whedon  
Leroy and the Ark, at Lee Whedon  
Arsenic & Old Lace, at SUC Brockport  
Midsummer Night Dream, at SUC Brockport  
Christmas Carol, at SUC Brockport

Total 100% supplemental grant   \$ 1,594.00

Special Olympics

The Niagara-Orleans Special Olympics, Inc., was another agency that received Youth Bureau funding. The program which was funded with a 100% supplemental grant enabled for the first time, a planned, organized approach to recruiting, and providing Special Olympic opportunities to young people in Orleans County.

10

In recognition of their unique socio recreational service the Orleans County Board of Supervisors unanimously approved a "Resolution in Proclamation of Special Olympics". This resolution was approved in a ceremony and presentation at the Board of Supervisors meeting. Finally, it should be noted that the Special Olympics program is a year round, character building training program. Events are continuously scheduled throughout the year in preparation for the State Special Olympics.

Total 100% supplemental grant \$ 3,027.00

School Cardio-pulmonary Resuscitation Program

In an attempt to promote preventative health care and maintenance to all youth in Orleans County the Heart Association of Orleans County teaches the Cardio-pulmonary Resuscitation to all school districts and B.O.C.E.S.

The primary objective of this program is to insure that each student accurately learns and retains the psychomotor skills of Cardio-pulmonary Resuscitation.

The educational significance of CPR cannot be understated. CPR 1) saves lives 2) teaches the importance of preparedness and the necessity for an emergency action plan. 3) makes students and parents more aware of the need intervene in a medical emergency 4) attempts to increase self confidence and self reliance 5) provides opportunities to increase involvement with the County 6) offers numerous career insights 7) provides a vehicle for personal growth, creativity and high motivation as well as an opportunity for County recognition. 8) presents a worthy cause for personal commitment.

Total Program Cost \$ 4,400.00

County Youth Bureau	50%
Heart Association	50%

Park on Wheels

The Park on Wheels program, operated by Co-op Extension Service, is an attempt to bridge the problem of delivering recreational services to a rural county. A mobile recreationally equipped bus travels throughout Orleans County and offers

various organized recreational and skill oriented training.

Total program cost.                      \$ 5,700.00

Camp Rainbow

The Camp Rainbow program operated by the Orleans County Chapter of Retarded People provides professional recreational, and summer educational programs to retarded children in a summer camp situation. The philosophy of the program recognizes that recreation and education is needed by this special population to help them learn to use leisure time and to help them maintain skills needed for general growth and maturation.

The camp provides specific kinds of activities including:

1. Help campers maintain and develop swimming skills.
2. Teach leisure time activities.
3. Maintain and develop gross and fine motor skills.
4. Enable those 14 and older to give minimal first aid.
5. Insure knowledge of entry into emergency care systems.
6. Help campers improve basic nutritional knowledge.
7. Encourage activities which build a positive self image.
8. Teach adaptive recreation.
9. Teach basic sports concepts.

Total program cost.                      \$ 6,150.00

A. R. C.	3,075.00
State Aid	3,075.00

In addition the Youth Bureau assisted the Albion Juvenile Aid Bureau in expanding their Juvenile Unit based upon their documented success.

The Juvenile Aid Bureau, through efforts of the County Youth Bureau, made available Youth Initiative Funds for the purpose of expanding their program. The attached annual report from that agency explains their level of contact with the community.

Youth Initiative Funds	\$ 3,983.60
Regular Service Funds	\$ 2,821.00

The Youth Bureau has also listed, as one of their top priorities in addressing the needs of Orleans County youth, the complex area of child abuse and neglect.

A request was made by the Child Protection Unit at the Department of Social Services to supplement their limited audio-visual resource materials. A film was purchased on Child Abuse, that is the centerpiece of community and school presentations made by that agency.

In addition to the purchase of the film a working relationship was developed with that agency.

This is particular noteworthy due to the fact that Child and Family Services can get involved in preventative and family enrichment activities. These areas are also a high priority in our comprehensive plan.

Also, as a result of this contact the Youth Bureau is a working member of the County Foster Care Committee.

The main function of this Committee is to plan in the areas of Foster Care.

In addition to this program, the Youth Bureau has taken an advocacy position and has worked diligently, and consistently for what we at the Orleans County Youth Bureau perceive as "essential preventative programs".

They include the School Breakfast Program, Housing Council, Anti Child Abuse Campaign. (See attached materials)

The Youth Bureau has channeled some funding into these areas (\$ 300.00 supplemental money to purchase child abuse film), but primarily these tasks have been organizational and advocacy. Progress can be identified in all three areas.

A modified school breakfast program was implemented in the Albion School District.

The Housing Council has targeted its energy toward securing a full time grantsman and administrator, and completion of the By-Laws. (See attached)

Meetings with the Director of Child and Families Services, at the Department of Social Services, and the Commissioner, have transpired the past year. We

are attempting to plan in future Division for Youth dollars in the preventative areas of Child Abuse Programming. Linkages with Social Services have been executed on this plane.

- B. Research: The Youth Bureau is actively engaged in establishing a central registry of youth demographic information.

The need for accurate documentation, and its responsible analysis is imperative, due to the fact that previously this collection of information was non-existent. The data is used by the Youth Board to make recommendations for future programming and activities.

- C. County Youth Advocacy: The Youth Bureau is constantly working with community groups, schools in providing technical assistance, special programming opportunities, and specialized training forums to these organizations. For example; the Youth Bureau is currently working with three school districts in the County to provide special programming, the YMCA and Armory Action Committee in Medina, and the Teen-Center Committee in Kendall, as well as the Orleans County Foster Care Committee.

- D. Training: The Youth Bureau has spearheaded for the benefit of the community youth workers, various professional workshops and seminars.

Centralized training opportunities for youth advocates, such as school personnel, Probation Officers, youth workers, and the community at large, is the most cost effective way of educationally updating the resources available to our youth service delivery network.

Topics such as overview of Substance Abuse, Body Chemistry and Behavior, and understanding holistic health, have been offered with excellent feed back and attendance from the community.

- E. Youth Bureau Direct Service: The Youth Bureau also provides direct services to young people in Orleans County.

Programs, such as the Cultural Arts Forum, Youth-in-Government are two illustrative examples.

These programs have involved hundreds of Orleans County youth.

- F. Program Evaluation and Monitoring: The Youth Bureau evaluates all funding agencies and in-house programming.

# Special Interest Groups <sup>MAR 79</sup> Can Overshadow Majority

**ALBION** — The reason why special interest groups are able to influence politicians is because "the vast majority of taxpayers don't want to have anything to do with the political process," State Assemblyman Stephen Hawley said yesterday.

Hawley, who won re-election earlier this month to the 137th Assembly District, told a seminar of Albion High School students that "we will have one-issue candidates and one-issue parties if people don't get out and show more interest."

"Our government today at the state and federal level is being influenced by powerful groups in one specific area," he said.

"There's nothing wrong with a particular group of individuals trying to do their thing and influence legislators," he said. But Hawley warned that the views of the majority of citizens could be overshadowed by the more vocal special interest groups.

The assemblyman told the students, who are participants in the Youth In Government program sponsored by the County Youth Bureau, that these groups "will exert much more pressure than their numbers justify."

"There's so much more to government than one issue," he told the students.

Voter apathy, combined with the power special interest groups now hold, is hurting the two major political parties, he said. "I'm in favor of a strong two-party system," he explained, "because when you have a majority party, they run the show and you can hold them responsible."

Countries run by a coalition of splinter parties have less accountable governments, he said.

Hawley also attributed many of the fiscal problems of government to legislators who bend to the demands of special interest groups.

The two-party system has also been weakened by the recent trend of voters who register as independents, he noted.

"It is just a phase we're going through that people are registering as independents," he said. "One thing that's been believed a lot by people, especially since Watergate, is that politics is dirty."

The trend, he said, "is sad because they lose the opportunity to vote in the primaries."

"They're taking away half of their responsibility to vote, perhaps," he said.

Hawley also spoke in favor of so-called "sunset" legislation, which are programs that must be reviewed after a certain period of time before they can be renewed.

"It's almost impossible to halt a government program once it's started," he said. The periodic review of government programs "is a step in the right direction that will help prevent the duplication of services," he said, explaining that "assessment of this kind should be done by an impartial body."

Hawley also said he would be working in the next legislative session with other lawmakers to revise the state highway Donovan Plan. The Donovan Plan, which allows local municipalities to maintain and build highways through partial state funding, has fallen behind the rising costs borne by municipalities, he said.

**A Wise Decision**

9/24/79

Orleans County is fortunate in being but a "step" away from two institutions of higher education, both of which are most generous in offering the benefits of their advantages to the youth of the county. They are the State University College at Brockport and the Genesee Community College at Batavia.

On Saturday last the Youth Board of Orleans unveiled the first part of a cultural arts program that will extend through the weeks ahead. To make the presentation more reachable to the young men and women for whom it is designed they are being held both in Albion and Medina.

The program is being given through the courtesy of Brockport State and the first was directed to appeal to the 8-11 aged group. Presentations to interest older youngsters will be geared for them in the future, as well as the younger students.

It has only been during recent years that a planned program has been arranged which deals with encouraging the cultural side of the youth. Many have taken advantage of it through their own inclinations but bringing the services of the colleges and universities into the county with pre-announced programming is a relatively new factor.

It is made possible financially through state grants and the work is not at all peculiar to Orleans County. There is some assistance from the county in covering part of the expenses incidental to the work.

Not too many years ago practically all of our efforts and money were directed toward outdoor sports.

These too are essential and will be carried out through the vacation months. But elbow-rubbing with the various virtues of what is classified as culture has a definite place in the growing-up period of a youngster.

The county is fortunate in being able to engage in the program that has been arranged under the supervision of Robert D. Tirsch, director of the County Youth Bureau.

The Board of Supervisors acted wisely in giving the stamp of permanency to the youth program for the county.

The designation of Robert Tirsch, present youth director, as a county agent on a permanent basis takes the work out from under the uncertainty of CETA funding.

In as much as one-half of the \$12,000 salary identified with the director's position is paid through the State Division of Youth, the cost to the county is minimal considering the nature of the activity.

There is every indication that there is a dire need for some agency to direct and encourage the youth of the county into programs that will prove of great value to all and especially those during their formative years.

Director Tirsch can now give his attention to the programs with the certainty of establishment rather than working from month to month under the uncertainty of funding through the Comprehensive Employment Training Act.

## Barbara Reed on 'Diet And Behavior'

Barbara Reed

Mrs. Barbara Reed, Chief Probation Officer, Cuyahoga Probation Department, Cuyahoga, Ohio,

talked about her successful work with Probation clients through diet counseling.

Eighty-five persons heard Mrs. Reed describe her own health problems and how her successful experiments with nutrition led her to introduce some of the same concepts to her clients. Several Orleans County Human Service agencies, physicians, and Probation Departments and Youth Bureaus from surrounding counties participated in the workshop.

Chairperson Robert Tirsch, Orleans Youth Bureau Director, noted that the County Youth Bureau, whose objective is to be involved in youth development and delinquency prevention, believes that diet and nutrition are the cornerstone of fulfilling their initiative.

Mrs. Reed, who's appeared on the Phil Donohue Show, been the subject of a front page story by the Wall Street Journal, and 5-minute special by CBS News, described how she encourage her clients through education and the use of an intake questionnaire to involve themselves in a diet that virtually eliminates sugar. Many clients reported improved health, performance on their jobs or school and less conflict in the community.

Both Rev. Fr. Edward Mengelsdorf of the Orleans County Drug Abuse Service and Robert E. Golden, Director of Orleans County

Probation Department, tell that their agencies are prepared to introduce a similar program.

Fr. Mengelsdorf tells that he and the agency, for some time, have been concerned with the problem of low-blood sugar and hypoglycemia and its effect on behavior.

Golden tells that over the past 5 years his agency has developed a growing awareness of their clientele's having chronic health problems, such as diabetes, hypertension, ulcers, and alcoholism. The suggested tie-up between diet and these chronic health problems and behavior caught the interest of several of his staff.

Jerim Klauper, Social Services Director, said he has noticed an improvement in outlook and attitude among staff members of his department who have tried the suggested diet. He further states his department is still exploring the possibilities and implications of recommending the diet to clients there.

Mrs. Reed, also testified before a 1978 Senate Select Committee Hearing on the relationship between nutrition and behavior. Senators Hubert Humphrey, Charles Percy, Robert Dole, Edward Kennedy, George McGovern and Richard Schweiker made up the committee.

The program was sponsored by the Orleans County Youth Bureau, Probation Department, Drug Abuse Service, Department of Social Services and the Albion Juvenile Aid Bureau.

## Youth Bureau, Library Sponsor Trip To Play

MEDINA  
JOURNAL

**ALBION** — The Orleans County Youth Bureau and Swan Library are sponsoring another cultural arts program — this time for freshmen and sophomores at Albion High School.

Robert Tirsch, county Youth Bureau director, said 120 students will be taken to the State University College at Brockport Oct. 17 to see the stage production of Joseph Kesselring's "Arsenic and Old Lace."

"This is a continuation of the commitment the county Youth Bureau has made to provide cultural arts opportunities for young people in Orleans County," Tirsch said.

Tirsch said high schoolers from throughout the county participated in a spring trip to Brockport to see another play and that "we got very positive feedback from the kids."

He said that the cost of the upcoming youth trip will be covered using state Division For Youth funds that were appropriated to Swan and Lee-Whedon libraries.

Asked why other schools were not participating in this program with Brockport, Tirsch said, "Other schools have not expressed a continued interest in participating." He said that any area schools that would like to participate in upcoming activities should contact him.

"The superintendent of schools in Albion (Douglas

Houck) has been most cooperative in assisting in cultural arts programming for young people in his school district," he explained.

Tirsch said he considered this type of program "one of the direct services to the youth that the county Youth Bureau provides." He said future activities are being planned and that the schools and community will be notified of those activities.

## Funds for Youth A Good Priority

Bureaucracy is a debatable way of getting things accomplished but sometimes when it is based close enough to the people it serves it can be effective. It was Richard Laskowski of the State Division for Youth who said this month that "Orleans County has been one of the best counties in the state in the promotion of projects for youth." This is a tribute to the Orleans Youth Bureau directed by Robert Tirsch.

Tirsch reported to county officials that there are 11 contracted services and 16 municipal programs for youth in the county and in the operation of these \$102,500 comes from the state, \$35,000 from towns and villages, \$15,000 from the county budget and \$43,000 in private matching funds.

The \$15,000 from the county budget breaks down to about one dollar per person under age 21.

Laskowski called Orleans "one of the most progressive counties" and said "the priorities are in the right place".

A word to those people looking for a good place to live, work and grow: Orleans seems to be taking care of its young people.

March 14, 1980

TO: Honorable Members of the  
Orleans County Legislature

Fiscal year 1979 proved to be a very interesting year for CETA program operators across the nation. The CETA Legislative authorization ran out officially on September 30, 1978. Under the re-authorization of CETA legislation, which began effective October 1st, 1978, Congress made many changes in the CETA law. Many of these changes were directed toward making sure that those individuals in need of CETA services were the ones actually being serviced. CETA staff are now required to verify each applicant's eligibility. In the past we were not required to do this. Many other changes were directed toward alleviating the fraud and abuse of the CETA program by the participants and those agencies who make use of the CETA funds. These changes, while necessary for the protection of the local counties, have, as you might expect, put greater burden on the administrators who have to implement the program. The year 1979 was quite a year of change, which particularly required the staff to undertake more duties and perform tasks that continually tested their expertise and judgement. Most performed admirably.

Fiscal year 1979 saw more emphasis being placed on services to our clients and in particular an emphasis placed on training. In 1977 and 1978 more emphasis was placed on Public Service Employment. This was primarily so because during that time unemployment was unconsciously high. In 1979, unemployment had eased and Congress wanted to get the program back to its original intent, temporary employment and training.

CETA works due to the cooperation and participation of the political sub-divisions, school districts, state agencies and the non-profit agencies that we serve. 1979 saw an increasing alignment with the Orleans County Civil Service Office and the Department of Social Services. 1979 also saw the County of Orleans assume their program responsibility for the Administration of the CETA program. A program the size of CETA needs to have the direct impact by the legislative sub-division, if it is to have any impact on the community and the citizens it serves. CETA does work and with your continued cooperation CETA will continue to service the needs of the county.

Respectfully submitted,

James E. Hancock, Director

## 1979 ANNUAL REPORT

### ORLEANS COUNTY JOB DEVELOPMENT AGENCY

#### INTRODUCTION

In late 1973, Orleans County accepted the first of several categorical federal grants designed to provide temporary work experience and various forms of skill training to adults and youth of the county. In 1974, these Manpower categorical grants were replaced with a new federal program entitled CETA or the Comprehensive Employment Training Act. CETA was expanded in 1975 by the federal government to include additional public service employment programs as a response to the growing unemployment throughout the nation. These programs were designed to create jobs in the public sector for those persons who were unemployed. Additional federal monies were appropriated in 1976 for Public Service Employment jobs as a further stimulus to the economy. In early 1977, a new dimension was added with an influx of funds for what are known as Title VI Projects. These are designed specifically to put to work long-term unemployed persons from families of limited income. These persons are employed on what are known as "projects", which are short-term definable tasks or groups of related tasks that have specific objectives and result in the provision of a public service. Operators of projects are limited to governmental agencies, educational agencies, and for the first time, public and private non-profit organizations that are engaged in a public service. By the end of December 1977, the projects alone had employed in Orleans County an additional 192 persons above the on-going "sustaining" level of public service employment programs.

With the enactment of CETA, municipalities of over 100,000 persons were called "Prime Sponsors" and were eligible to receive direct grants from the federal government to implement CETA programs. In New York State those municipalities with less than 100,000 persons and who wished to participate in CETA became what is known as "Balance of State" counties under the State, which acted as the "Prime Sponsor".

As Orleans County has a population of less than 100,000, it is a "Balance of State" county and administers the CETA programs locally. Being a "Balance of State" county means that the federal money is channeled from the federal government to the State and thence to the county. Block grant monies are available to implement the variety of job opportunities and training programs for low-income, unemployed and underemployed persons.

The State has also established a Balance of State Planning Council consisting of representatives of the participating counties, state agencies and the Department of Labor. This council sets overall policy for the "Balance of State" relating to the implementation of CETA, although local County discretion is allowed in the administration of the various CETA programs.

The Orleans County Job Development Agency was responsible for administering the following CETA programs in 1979: Title IIABC, Title IIABC - Voc. Ed., Title IID, Title IV Y.E.T.P., a Summer Youth Employment Program, Title VI and Title VI Special Projects. These programs were administered during our fiscal year 1979, which started on October 1, 1978 and ended on September 30, 1979.

In October 1978 and after long debate, Congress passed and the President signed into Law, the reauthorization of the Comprehensive Employment and Training Act. Enacted for another four years, the Act bore little resemblance to the previous CETA programs.

It was not until April of 1979 that the final rules and regulations were issued, though from October to April, transitional regulations were promulgated. These transitional regulations set the stage for the new CETA.

Typical of large domestic assistance programs, rules for eligibility, increased verification of eligibility, provisions to guard against fraud and abuse of funds, restrictions of length of participation in the CETA programs were introduced. At the same time, CETA changed direction in the goals and types of activities permitted. There was increased emphasis on training and employing long term unemployed persons, classroom training, career counseling, assessment was encouraged and an attempt to encourage the participation of the private sector.

The net result was that in 1979 we saw the administration of the CETA programs in the County evolving into a more effective and comprehensive package of services and programs being offered to the eligible participants. This evolution affected not only the programs themselves, but also changed the approach and administration of the programs at the county level.

#### PROGRAM ACTIVITIES

##### Title IIABC Program

CETA Title IIABC Program is composed of several elements: Adult Work Experience Program, Youth (In-School) Work Experience Program, Individual Referral, On-The-Job Training and a Vocational Educational Program as a component of the Adult Work Experience Program.

##### A. Adult Work Experience Program

The purpose of the Adult Work Experience Program is to provide temporary meaningful work experience jobs for unemployed or underemployed out-of-school adults. Many of these individuals have minimal marketable skills and either have no work record or have trouble holding jobs as a result of poor work records. The program purpose is fulfilled by the Job Development Agency matching a potential participant with a worksite that is best suited to assist that person to meet the goals of the program.

The participants work 20 hours per week in part-time positions, with a maximum of 40 hours per week full-time at a rate of \$2.95 per hour. The participants are considered county employees. The staff of the Job Development Agency is involved in counseling the participants in the program. Work habits, job counseling and obtaining unsubsidized employment are emphasized by the counselors.

During 1979, this program served 77 participants with an average enrollment of 38. During the year, 77 were placed in the program and 48 were terminated. Termination statistics are as follows:

Total Terminations	48	
Total Entered Employment	24	(50%)
Total Entered Employment	24	
Entered Public Employment	11	(46%)
Entered Private Employment	13	(54%)
Total Positive Terminations	27	(56%)
Total Non-Positive Terminations	21	(44%)

Chart #1 shows the worksites where Adult Work Experience participants were stationed in 1979.

#### B. Youth (In-School) Work Experience Program

The purpose of the Youth (In-School) Work Experience Program is to provide meaningful part-time work experience for economically disadvantaged secondary students, ages 14-21. The emphasis is placed upon developing worksites where the youth participant can develop his or her skills or where the youth has shown an interest in performing certain tasks. Participants worked 10-20 hours per week at \$2.95 per hour. The Job Development Agency provided individual counseling that is designed to assist the participants in developing acceptable social and work habits.

The Title IIABC Youth Program runs concurrent with the school year. During the summer months, youth are hired under another CETA program - Title IV Summer Youth Program.

Worksites served by these youth included all school districts, non-profit organizations and governmental agencies. These are all listed on Chart #2.

#### C. Summer Youth Program

See 1979 Summer Youth Employment Program

#### D. Individual Referral

The Individual Referral Program is designed to provide vocational education and training in a classroom setting. Participants are placed on an individual basis according to their ability and their interests in occupations where skill shortages exist. Supportive allowances are also provided.

In the Individual Referral Program, 22 participants were enrolled during FY'79. During this time, they were enrolled in the following training courses:

Accounting - 1	Criminal Justice - 1
Cosmetology - 1	Secretarial - 6
Modelmaking/Design - 3	Marketing - 1
Licensed Practical Nurse - 2	Dental Assistant - 1
Quality Control - 1	Truck Driving - 5

For a breakdown of Placement Information, see Chart #4.

#### E. On-The-Job Training

On-The-Job Training (OJT) is training conducted in a work environment designed to enable individuals to learn a bonafide skill and/or quality for a particular occupation through demonstration and practice.

The On-The-Job Training Program utilizes funds appropriated to Orleans County by the State and administered by the New York State Employment Service by what is termed a Non-Financial Agreement entered into between the County and the Employment Service. \$43,328.00 of CETA funds were allocated to this program.

Enrollment statistics can be found in Chart #4.

#### Title IV Y.E.T.P.

In 1977, Congress enacted into law another group of CETA Youth Programs entitled Youth Employment and Demonstration Projects Act of 1977 (YEDPA). These programs are designed to employ and increase future employability of youth in the county. This new

Act was in response to the problem of high unemployment of teenagers in the United States.

The Act contains specific programs. Orleans County was declared eligible to apply for a grant under the Youth Employment Training Program (YETP). These grant funds would be used for employing school dropouts, potential dropouts and to provide specialized training and counseling services to these youth.

The county received approximately \$106,664 to implement this program. Plans indicated a cooperative agreement with BOCES, the local school districts in the county, and the county to coordinate the program activities. A variety of job opportunities were provided to the youth which will be combined with career development and other supportive services. Of note is the requirement that the YETP will be in addition to the Title IIABC In-School Program.

Termination statistics can be found on Chart #5.

#### Public Service Employment - Title IID and Title VI

The introductory portion of this report referred to the Congressional action that led to the establishment of two types of Public Service Employment (PSE) Programs funded under CETA. The first of these public service programs is Title IID. This program is designed to produce jobs in the public sector for persons who were unemployed for 15 out of the last 20 weeks. Initially, only municipalities that were classified as being "Areas of Substantial Unemployment" were eligible to participate.

The Title VI Program, basically the same as Title IID, also permitted the creation of temporary PSE positions. Eligibility of the participants in both these programs are basically resident of the county, unemployed at the time of application and have an income at or below the Basic Lower Living Standard. For example, a family of four gross income cannot be any higher than \$11,900.00.

In the on-going PSE positions, the county contracted with 8 towns, 4 villages,

5 school districts, BOCES, 3 State agencies and 4 non-profit agencies. In addition, 10 county departments also participated in the program (see Chart #3).

Statistics concerning participant terminations for the Title IID and VI Public Service Programs appear on Chart #5.

#### SUMMARY

It is evident that the CETA Programs have had a direct impact upon the economy of the county as well as the residents we serve. Through the utilization of subsidized employment, the amount of unemployment insurance benefits paid was reduced. Also, I feel the CETA Programs have contributed to the reduction of the total amount of social services assistance that was being paid out in 1979. The wages, all taxable, certainly assisted the economy of the county, especially in a time when unemployment was growing.

In non-financial terms, the CETA Program was also beneficial to the participants. There was provided the opportunity for the participants to obtain needed work skills, work habits that did or will lead to a better opportunity for the participants to obtain employment in the unsubsidized labor market. The participants were able to receive counseling from the Job Development Agency staff and referral services to other professional and career oriented services.

Additionally, the program also provided community agencies and governmental units with the opportunity to undertake projects or maintain services that normally would be difficult in times of economic restraints. Municipal projects, such as beautification or debris clearance, which typically receive a low priority, were undertaken. Non-profit agencies had the first real opportunity to avail themselves of the CETA Programs. Principally through the use of Title VI Projects, many social oriented programs have been initiated.

The year 1980, no doubt, will see a continuation and perhaps continued expansion of the CETA Programs. Indications point toward a continuation of the Title VI project concept. Already, President Carter, as part of his proposed Welfare Reform, has considered the CETA Programs as a prime deliverer of the jobs component of his proposal.

In summary, 1979 has been extremely busy for the staff of the Job Development Agency, who have performed their duties admirably. In turn, over 400 participants were directly assisted by CETA. Hopefully, the CETA Programs have benefited the entire county as a whole.

ORLEANS COUNTY FISHERY ADVISORY BOARD  
ANNUAL REPORT FOR 1979

Introduction

The Orleans County Fishery Advisory Board was officially created by the Orleans County Board of Supervisors on February 22, 1980. "Generally, the purpose of the (Fishery Advisory) Board shall be to study the problems associated with maintaining and improving the Lake Ontario fishing, to determine needs for improved access, support facilities and services, and to advise the Board of Supervisors and local governments as to actions that could be taken to realize the full potential of the County's fishing resources".

Organization

The Orleans County Fishery Advisory Board has a total of twenty-two (22) members, eleven (11) of which are voting representatives. The Advisory Board consists of five (5) members from the Orleans County Fish and Wildlife Management Board; two (2) representing each of the three (3) towns along the Lake (equalling six (6) persons); and eleven (11) Ex-Officio members.

The Advisory Board created and elected the following to the respective responsibilities: Chairman-Carol Oschmann; Vice-Chairman-Richard Hoffman; Recording Secretary-Hugh James; and Corresponding Secretary-Lawrence Witul. It was further resolved that the Office of Economic Development act as a clearing house for information and correspondence with the

Cooperative Extension, Sea Grant Office, providing additional assistance.

The Fishery Advisory Board has, when necessary, established committees to address particular issues, activities and projects that impact the local fishing and boating resources. These committees will often be chaired by one of the Advisory Board officers with the balance of the group serving on a voluntary basis. The Chairman of the Advisory Board has been delegated the authority to appoint committees and committee members when it is necessary.

#### Activities

The Fishery Advisory Board, having been given the responsibilities of enhancing the fishing resources, began to identify areas of particular concerns. One of the most prevalent issues raised was the need for increased boating access to Lake Ontario and sufficient parking facilities for both fishers and boaters. During the time the Advisory Board was addressing this issue, it received a boating access survey from the New York State Fish and Wildlife Management Board.

In responding to the Survey, the Advisory Board wanted to select sites and projects that would best serve the interests of the community, provide boating access to the Lake, and utilize locations that are already in public ownerships. Using the basic criteria, the Advisory Board recommended that boat launches be developed on Johnson's Creek and the West side

of Oak Orchard Creek. Johnson's Creek was selected because it would provide direct boating access to the Lake from Lakeside Beach State Park and the West side of Oak Orchard Creek was selected because it would provide sufficient parking and boat launching facilities as well as offering a protected harbor.

(West Side)

The Oak Orchard Creek project was given top priority for development by the Advisory Board and would include a three (3) ramp boat launch and parking facilities for seventy-five (75) cars and trailers. The unofficial cost of this project was estimated to be \$300,000 and would represent the first phase of an overall development plan.

One of the major accomplishments of the Orleans County Fishery Advisory Board has been the funding of boat launching improvements on the east side of Oak Orchard Creek. The funding of this project was due to the cooperative efforts and recommendations of the Monroe County Fishery Advisory Board.

In the 1979 Supplemental Budget of the State of New York, \$140,000 was allocated for recreational facilities in Monroe County. When New York State Senator Eckert made this announcement to the Monroe County Advisory Board, this group requested that the monies be used for improvements to Oak Orchard Creek.

Because of administration delays, the money for the Oak Orchard project was in jeopardy and the subsequent loss

of these funds were eminent. Through the efforts of the Orleans County Fishery Advisory Board, State Senator John B. Daly and Assemblyman R. Stephen Hawley, the State Budget Office released the project funds.

With construction of the project to begin in April, 1980, the County will realize the development of a new three-ramp boat launch, improved parking areas and the inclusion of related facilities.

Presently, the Orleans County Fishery Advisory Board is developing an Orleans County Fishing Map. This map will identify fishing areas, boating facilities, and services, recreational areas, as well as, the kind of fish that can be caught. It is the intent of the Advisory Board to make this map available to the public free-of-charge and to cover publication costs by the possible sale of advertising space of the reverse side of the maps.

#### Concerns/Issues

The Orleans County Fishery Advisory Board has identified and is addressing a variety of issues and concerns relating to sport fishing and boating. The following is a listing of some of those areas of concern:

1. Increased fishing and boating access to county waterways and Lake Ontario.
2. Improved and increased parking facilities.
3. Public and private access to all fishing waters.

4. Improved accomodations for fishermen.
5. Increased promotion of fishing and boating opportunities that exist in Orleans County, as well as, the establishment of an information center.
6. Increased community support of the Fishery Advisory Board and promotion of Orleans County fishing.
7. Efforts should be made to encourage fishermen to keep the area clean and have an increased number of trash containers and trash pick-up.
8. Encourage, support and increase the amount of private development for recreational-related facilities, including marinas, boat launches, camping areas, shops and stores, restaurants, etc.
9. Limit the areas where snagging for fish can take place.
10. Increase the number of facilities that can sell fishing licenses, particularly those stores that maintain late hours.

### ANNUAL REPORT: 1979

#### Orleans County Drug Abuse Prevention Council/Services Agency

The Orleans County Drug Abuse Prevention Council/Services Agency, while being the legally designated drug abuse program for the county, is also a comprehensive human services agency concerned with the whole person in a whole way, with people and their problems, in that problems can lead to drug abuse and drug abuse is also symptomatic and generative of problems. As a comprehensive drug abuse services agency we provide and have provided for 1979 the following services: confidential counseling, drug information and counseling for the prevention and treatment of drug abuse; in-school classroom programs on self-esteem, peer pressure, decision-making, values clarification and drugs; institutional programs; a 24-Hour crisis intervention service; for youth, field trips, a Job Bank program; a range of services tailored to meet the needs of the individual. The types of counseling we have provided in relation to drug abuse intervention and treatment are individual, family, group, self-concept, self-esteem, values clarification, process/problem solving, decision-making, alternatives, goal setting, educational, vocational, at times marriage and crisis intervention.

In addition to the services provided, as listed above, we also more inclusively provided and/or initiated the following services in relation to drug abuse education, information, counseling and treatment, as well as intervention and prevention strategies, which are listed statistically and by program component:

- Number of clients seen for personal counseling 124  
(over approx. a 3-month period)
- Number of client contacts in the schools 8,256  
(school programs)
- Number of suicide interventions 41
- Number of clients not institutionalized as  
a result of our services 120  
(At a saving of ca. \$10,000 per person for institutionalization)

Judge Paul Miles' Committee: Formed in February of 1979, this on-going group of County Department Heads, including Fr. Edward Mangelsdorf, Director of Orleans County Drug Abuse Services, Robert Golden, Director of Probation, Helen Brinsmaid, Director of the Department of Social Services, Charles Biggs, Director of Mental Health, and Sheriff David Green of the Orleans County Sheriff's Department sought to coordinate service delivery systems and to better inform the public sector of all human services in the county. Workshops were conducted for the clergy, law enforcement and school personnel of the county to raise their awareness of human services available in the county.

Inter-agency cooperation: Judge Miles' Committee has also fostered further inter-agency cooperation: Joint staff in-service training seminars, sponsored free-of-charge by the Division of Substance Abuse Services; guest speakers scheduled locally at a savings of mileage expenses, etc. to agency personnel; joint human services booth at the Orleans County Fair; and our on-going cooperative efforts to jointly help and/or refer clients appropriately.

Hypoglycemia Intake Component: Initiated by the Director of Orleans County Drug Abuse Services, Fr. Mangelsdorf, and undertaken as a method of attacking drug abuse as a root cause of why people abuse drugs and alcohol; community awareness, a newspaper article, written by Fr. Mangelsdorf in the Medina Journal-Register, entitled "Sugar Blues", providing information about hypoglycemia (low blood sugar), and outlining symptoms/behavior of the hypoglycemic; a presentation by Barbara Reed, Probation Officer, Cuyahoga Falls, Ohio, who has pioneered in nutrition as it affects behavior; setting up a referral system with Dr. Joseph Duba of the Oak Orchard Health Clinic, for medical testing/treatment of hypoglycemia and development of a diet; inter-agency cooperation with hypoglycemia intake questionnaire for clients; statistical data gathering by cooperating agencies.

Hospitals: Have set up an emergency referral system with Medina Memorial Hospital, Arnold Gregory Memorial Hospital and Lakeside Hospital in Brockport for crisis/suicide intervention in drug overdose cases; working closely with doctors and hospital social workers on follow-up for clients; medical/technical information on drugs, such as PCP (phencyclidine), and recommended medical treatment forwarded to the hospitals.

Schools: The Orleans County Drug Abuse Services Agency has pioneered educational modules dealing with alcohol and drug abuse by dealing with the root causes of this: poor self-concept, peer pressure, lack of values, etc.; and in conformity with the New York State Department of Education guidelines that school districts work with the local drug abuse agency, we have: in all five county school districts, offered/conducted a 3-day prevention/education program in the classroom, focusing on self-esteem, peer pressure, decision-making and drug and alcohol education with grades 3-6; initiated a program for the Kindergarten students of Albion Primary School and Waterport School to alleviate fears of school, to see the teacher as a "parent away from home" and to become aware of other people's feelings; in addition to the district school presentation, prevention/education classes were conducted at St. Mary's Roman Catholic School in Holley; conducted a weekly Information Table at Kendall High School; sponsored as Educational Field Trip Program, aimed at the potential high school drop-out student, to enlighten the student as to the job market, value of education in securing positions, etc.; made available to school health classes drug and alcohol information and education modules.

Sub-Committee on Alcohol and Substance-Abuse: In February, 1979, Orleans County Drug Abuse Services received a letter of commendation/endorsement to continue/do, as we have been doing since 1971, alcohol as well as drug abuse education in the schools.

Awareness of the Law Seminar: Al Capurso, our Drug Abuse Worker, initiated a program to instruct students in bearing responsibility for their actions. This program was conducted for 240 6th grade students from Albion Middle School. It included meeting with Judge Paul Miles; Curtis Lyman, District Attorney; Gary Adduci, Juvenile Aid Officer, Albion Police Department; Sheriff David Green, Orleans County Sheriff's Department, and a tour of the County Jail. During the tour, students met with an inmate, who related his personal experiences with the criminal justice system; also observed a trial in criminal court.

Institutional Programs: A weekly program is conducted at the Orleans County Jail, exercises in goal-planning, decision-making, values clarification, etc. with the inmates; weekly classes at the Albion Correctional Facility, prevention/education of drug and alcohol abuse; and in September, 1979, a weekly program was initiated for the women in the County Jail by Chris Capurso, our Drug Abuse Worker.

Community Programs: Participated in a panel discussion on Social Issues in the towns of Albion, Holley, and Medina, focusing on drug abuse; conducted a Parent-Child Communication Workshop in Lyndonville, to increase parents' communication skills with their children, skills which are critically important in preventing the major problems which can lead to drug and alcohol abuse; participated in the Community Awareness Day in Lyndonville, presented information/education on drugs; our Job Bank Program, which is responsible for the referral of young people to assist with odd jobs; with the Senior Citizens at the various Nutrifare sites throughout the county, to raise

Orleans County Drug Abuse Prevention Council/Services Agency

the awareness of older citizens to the possibility of prescription misuse.

Other: In May, 1979, Orleans County Drug Abuse Services received a letter of commendation from the New York State Office of the Division of Substance Abuse Services, Office of Systems Analysis, citing "excellence in reporting procedures and the continuing pride and concern shown by staff"; in August, 1979, the Division of Substance Abuse Services encumbered monies for a third Drug Abuse Worker for our Agency because of the continuing demands made on our services and their high regard for our program's services.

The above reflects the activities of the Orleans County Drug Abuse Services for 1979, with the emphasis more and more on intervention strategies to prevent major problems and as in the hypoglycemia component, to attack the root causes of the problem, which will be the continuing emphasis of the program into the 80's, so that people may remain in society and on the tax rolls as productive human beings for the commonweal of the county.

Respectfully submitted,

*Fr. Edward R. Mangelsdorf*

NOTES TO THE FINANCIAL STATEMENTS

COUNTY OF ORLEANS

NOTES TO FINANCIAL STATEMENTS

December 31, 1979

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies:

FUND ACCOUNTING

Fund Accounting facilitates the observance of statutory limitations and restrictions on the use of county resources. Accordingly, the county maintains the following governmental funds and account groups:

1. Governmental Funds:

General Fund - to account for revenues (e.g., Real Property Taxes, State and Federal Aid) which are not required by law or other provisions to be accounted for within other funds.

Special Revenue Funds - utilized to account for revenues derived from sources which are required by law or regulation to be accounted for in separate funds. Special revenue funds include the following:

Federal Revenue Sharing Fund - used to account for federal revenue sharing funds received pursuant to the State and Local Fiscal Assistance Act of 1972, Public Law 92-512.

County Road Fund - used to account for expenditures for highway purposes authorized by section 114 of the Highway Law.

Road Machinery Fund - used to account for the purchase, repair, maintenance and storage of highway, tools and equipment pursuant to section 133 of the Highway Law.

Debt Service Fund - provided to account for the accumulation of resources for, and the payment of principal and interest on longterm indebtedness (i.e., serial bonds, statutory installment bonds and capital notes for capital purposes) incurred in connection with all funds except enterprise funds. (Reference A)

Capital Projects Funds - used to account for resources committed to, or to be used in the acquisition of construction of capital facilities and other capital outlays. (Reference B)

2. Fiduciary Funds:

Trust and Agency Funds - used to account for those funds held in trust and for funds held for subsequent distribution, transmittal or release to other governments, persons or funds.

Self-Insurance Fund - used to account for payment of administration, compensation and other obligations under the Workmen's Compensation Law, Article 5.

3. Account Groups:

General Fixed Asset Group of Accounts - used to account for those General Fixed Assets which are not within proprietary funds (i.e., Internal Service or Enterprise Funds).

General Long-Term Debt Group of Accounts - used to account for long-term debt not required to be accounted for within other funds. (Reference C)

BASIS OF ACCOUNTING

1. Governmental Funds - are accounted for on the modified accrual basis.

Revenues - are recognized when received, except for revenues which are susceptible to accrual (measurable and available to finance current operations) and revenues of a material amount that have not been received at the normal time of receipt. Such revenues are accrued when earned. In those instances where expenditures are the prime factor in determining eligibility for state and federal grants, revenues are recognized when the expenditures are incurred. In the Capital Project Funds, long-term debt is recognized as revenue upon receipt of the proceeds.

Expenditures - are paid on a voucher system, after service completed, and/or item received.

A. Prepaid expenses are not recognized.

B. Accrued interest on indebtedness is not recognized as an expenditure until due.

C. Leave time is recognized as an expenditure when paid.

2. Account Group - General Fixed Assets are recorded at historical cost, or estimated historical cost if the original cost is not available; gifts or contributions are valued at the fair market value at the time received.

NOTE 2 - RETIREMENT BENEFITS

The county provides retirement benefits through contributions to the New York State Employees' Retirement System (and the New York State Policemen's and Firemen's Retirement Systems) for substantially all its regular full-time employees and its part-time employees who elect to participate. The System computes the cost of retirement benefits based on its' fiscal year which ends March 31, and bills the participating municipalities for their contributions in May of the succeeding calendar year. Thus, the county contribution paid in the 1979 county fiscal year was related to the System's year ended March 31, 1978. It is our county's policy, as it is with most municipal entities in New York State, to fund pension costs in the year payable, rather than as these costs accrue. Having been given the permission from NYS Audit and Control, we are continuing this policy in 1980.

ADDITIONAL INFORMATION MAY BE OBTAINED FROM THE NEW YORK STATE EMPLOYEES RETIREMENT SYSTEM.

As Tier I employees retire and Tier I and II employees leave our employ, a definite reduction in this benefit cost to the County is evident.

After the first quarter of 1980 work sheets on our employees covered by retirement are completed, ready to compare with NYS Retirement's computer list and estimated billing for 1981.

FUND ACCOUNTING - 1 Governmental Funds  
(Reference A - Debt Service)

Since Debt Service Fund has been made optional, we chose to discontinue using this fund in 1980.

FUND ACCOUNTING - 1 Governmental Funds  
(Reference B - Capital Project)

Our two capital projects are Tax Revaluation Program and County Office Complex.

The Tax Revaluation starting in 1976 with tax mapping should be fully in operation by the fall of 1981. Federal Revenue Sharing monies have been used for the major expense of this project.

The Office Complex shell was constructed under a Federal EDA grant. Construction beginning late in 1977 and completed in 1979. Borrowings of \$500,000.00 Bond Anticipation Notes early in 1980 will facilitate interior construction and finishing. Additional borrowings of \$792,300.00 are anticipated later in 1980.

FUND ACCOUNTING - 3 Account Groups  
(Reference C - Long-term Debt)

Our long term debt - serial bonds maturing in 1983 will be transferred in 1980 to the new Home and Infirmary Enterprise Fund.

In the near future the county is purchasing a building for \$30,000.00 with plans for repairs and renovation to make it usable for more office space and storage. No estimate has been made as to possible cost, or whether borrowings will be necessary.

ADDITIONAL NOTES - MISCELLANEOUS

1. 1979 actual revenues over estimates - explanations:

Our excess revenues were considerably effected by the high interest rates available for invested monies. In the general fund, we realized a revenue of \$189,151.00 over our estimates. Current taxes from town collector came in extremely well early in the year allowing us to have more monies available for investing. We kept very low to zero checking account balances and used a bidding system on Repo's and C.D.'s.

Sales tax revenue, county share, was budgeted for \$1,983,299.00 with an actual amount of \$2,99,979.00

Notes Receivable (Railroad Settlement) we unexpectedly sold the Series C-1 notes. The Face Value at issue being \$95,300.00 to mature December 31, 1987 and we sold them in August for \$66,829.00. We felt that this was in the interest of the taxpayers.

Our Refund Prior Years revenue also went well over the years estimate. This was mostly due to CETA's reimbursement to the county for expenses of county employees that had been up-fronted in 1978, in the amount of \$134,918.00.

There was a surplus of Federal Revenue Funds which had been appropriated for the Road Fund. This was due in part to the lack of bad winter weather and the expense incurred as a result of this. Also, personnel was rehired to replace certain County employees who resigned or were on extended leaves due to illness. CETA employees were available and were hired by the Highway Department whenever possible.

2. Major Changes:

Since the beginnings of the CETA programs in our county we acted as Prime Sponsor, turning over government monies to Community Action, who acted as Sub-grantee. On July 1, 1979, the sub-grantee agreement was cancelled and the whole program was absorbed into our general fund accounting. At that time our fund balance was increased by \$250,207.39 as we received all of CETA's cash into our accounts.

Dear Lois:

Re - General Account No. 852-01017-6  
Stop Payment - Check No. 66926 - \$15.15

This will confirm that on December 31, 1979 we accepted a stop payment on the above check which had been issued in May, 1979. However, this check had been paid on December 3rd, 1979.

We apologize that in researching to determine if this check had been paid at the time the stop payment was requested that we did not determine that this check had already been paid.

Sincerely,

**I. Mental Health Services - Administrative overview from the Director of Community Services.**

As of May 1978, the Orleans County Mental Health Services consisted of an Out-patient Mental Health Clinic and a relatively unstructured Socialization Program. In-patient services covering the County consisted of the Buffalo Psychiatric Center and private hospitals in Monroe, Genesee, Erie and Niagara Counties. In the voluntary sector, there existed a Mental Health Association, which for all intents and purposes appeared to be inactive. A Community Counseling Center, Inc. a counseling service manned by volunteers and staffed by two part-time Ph.D. level Consultants or Case Supervisors existed on the periphery of the County's Mental Health network but not actually an integral part of the system. No community residences existed within the County. Emergency Services fell heavily on the out-patient clinic and the law enforcement agencies would not transport. In 1979, thanks to the actions of a very involved and knowledgeable Board of Community Services and the Health Committee of the County Board of Supervisors, the Mental Health system continued to function in spite of the problems created by a shattered State Mental Hygiene System, and in spite of the problems usually associated with small rural Counties (i.e. lack of dollars and the inability to attract and retain the highly qualified staff required for clinical services). With respect to the former, the paper work at the local level tripled without any corresponding increase in administrative personnel at the local level. L.G.U.'s in general were faced with individual budgets and plans for Mental Health, Mental Retardation and Alcoholism Services. Local Directors had to respond to a burgeoning State Bureaucracy, tightening State deadlines for information, plans and budgets. New State concepts, emerged into full view, only to fade into temporary or even total obscurity (i.e. Single Source Funding; Balanced Service Systems, etc.).

Locally, the administration of Mental Hygiene programs was further complicated by an archaic system of budgeting control (any expenditures over \$100.00 had to be approved by the Health Committee and any over \$500.00 by the entire Board of Supervisors). Civil Service - Union agreements prevented adequate salaries for recruitment purposes and hiring salaries for vacated positions always reverted back to base or beginning salary levels.

Toward the end of 1979, the State of New York's continued its pre-occupation with deinstitutionalization, and its effect on the State operated Mental Health System, led to proposals for staff sharing, State staffing of forensic services in local correctional facilities and management districts. The latter, involves setting up districts consisting of one or more counties. The final step in developing such a management district will involve shared services, but later on will involve joint planning, budgeting and financing. This concept is to be

## **I. Mental Health Services (continued)**

carried out without new State Legislation being required. However, it will require that local governments give up some of their control over their own Mental Health system.

The Orleans County Board of Supervisors was very involved in 1979 and its Health Committee was very supportive of all Mental Hygiene programs and particularly of Mental Health. All budgetary proposals were accepted. The final CSS proposal, and contract were approved, and the concept of staffing via contractual services was approved permitting more flexibility in hiring and improved salaries without added cost to the County.

## **II. The Board of Community Services**

Among their accomplishments are:

### **A. The Mental Health Clinic**

- a) **Ending the isolation of the Mental Health Clinic from other providers in the human services network (Clinic improved services to Probation, Social Services, Courts and the Jail.**
- b) **Progress toward making the Mental Health Clinic the single entry point into the County Mental Health System (Agreement with Social Services to use the clinic whenever possible rather than to contract out of the County for services.**
- c) **Effective monitoring of the structure and staffing of the Mental Health Clinic.**

**The Community Services Board struggled with Clinic organization as the Supervising Psychiatrist, faced with mounting client loads, proved unable to effectively administer the Mental Health Services. The Community Services Director assumed responsibility for directing the Clinic in the interim while the board deliberated about a new organizational structure. Finally Maureen O'Brien, C.S.W. was appointed Acting Clinic Coordinator. In the meantime, the following staff resigned for a variety of reasons:**

**Charles Ewing, Ph.D. Supervising Clinical Psychologist resigned on 7/6/79 to pursue full time private practice.**

**Martha Neubert, M.S.W. resigned on 6/1/79 to take a position with a Rochester Agency.**

**Nita Feierstein, B.S. resigned on 8/24/79 to pursue her Master's Degree at Boston University.**

**Kevin Gorman, M.D., Supervising Psychiatrist, resigned on 12/28/79. Increased transportation costs (commuting 124 miles per day) and the winter hazards associated with this travel were cited as the reason for terminations.**

**When recruitment for clinical psychologists and psychiatrists failed, the Board of Supervisors was persuaded to expand the use of contractual services, and the following part-time people were hired from adjacent counties:**

A. (c) continued.

Lita Lampa, M.D., Adult and Child Psychiatrist (3.5 hours per week)

Gordon Pleune, M.D. - Psychiatrist (4 hours per week)

Dorothy Kaplan, Ph.D. - Clinical Psychologist (7-10 hours per week)

Eugene McCabe, Psy.D. - Clinical Psychologist (7 hours per week)

- d) Development of written policies and procedures for the Mental Health Services.
- e) Revision of the Fee Scale. The fee scale is being adjusted to provide appropriate fees for salaries beyond \$10,000.
- f) Development of Staff Accountability System (Daily Log - Monthly Report)
- g) Development of improved billing procedures and assignment of new staff to implement them.
- h) Preparation for renewal of Clinic Licensure - Records revised in accordance with Section 85.9 of the Mental Health Law.
- i) Improved Forensic Service:  
All clinic personnel can provide screening to prevent inefficient use of psychiatrist time. A letter of intent directed at the Regional Office has indicated a desire for their assistance in providing staff for the County Jail.
- j) A Saturday Clinic for children and youth staffed by a Board Certified Child Psychiatrist and three psychologists (9:00-4:00 p.m.) began in December, 1979.
- k) Worked with the Orleans County Office of the Aging to apply for funding to support a half-time position in the Mental Health Clinic (to serve the elderly on an outreach basis).
- l) Emergency Coverage - remained essentially the same as in 1978. Emergency coverage was provided by the Supervising Psychiatrist, a part-time Psychiatrist and the Director of Community Services.

Many of the problems relative to emergency situations in off hours (5:00 p.m. until 9:00 a.m.) related to the uncertainty by emergency rooms of the local hospitals as to the proper procedures when clinical personnel were not available; the uncertainty by law enforcement officers as to their custody and transportation responsibilities under the law and the failure to take advantage of the implications under the 9.39 law whereby almost any person in human services can evaluate and ask the law enforcement officers to take the person into custody and transport to B.P.C. or any other designated 9.39 hospital. Several meetings involving Board members clarified these problems, but much remains to be done before we have an effective rural county system.

##### Statistical Data:

##### 1) Number on the rolls and patient visits

In the period from 1/1/79 through 12/31/79 the clinic saw 1444 individuals and totaled 2237 patient visits. 120 visits were at other locations (homes, etc.). Clinic Socialization Day Program: 1906 visits.

In a corresponding period in 1978 the clinic served 1374 individuals and totaled 2574 visits. 91 visits were at other locations. Clinic Socialization Day Program: 1302 visits.

A breakdown of referral sources in 1978 and 1979 reveals the following picture:

B. The Competency/Socialization Skills Training Program:

The Board of Community Services accomplishments in this area include the following:

- 1) Assignment of a Staff Social Worker full time to the program to serve as the Director and Case Manager for non-C.S.S. clients and to develop program design.
- 2) Development of a truly cooperative program, one in which C.S.S. staff from the B.P.C. grant work under the supervision of the "Core" Agency Director].
- 3) Reached agreement with Medina Armory Committee to locate the program on the second floor of the Armory.
- 4) Integration of the Case Manager into the County Mental Health System.
- 5) Development of a Competency Skills program - a joint effort by the Director, staff and B.P.C. personnel.
- 6) Assignment of a State Contract number to the County's C.S.S. Contract which is in the amount of \$75,401. Contract is for period 11/1/79 through 10/31/80.

IV. Program Directions - 1980

The Board of Community Services sees 1980 as a year in which they will continue to struggle with the problems associated with the Mental Health Clinic and with the development of a fully operational Competency Skills Training Program under a \$75,401.00 Community Support System "Core" Agency grant from the State of New York.

The Board sees itself struggling to find solutions to some of the following questions:

A. The Mental Health Clinic:

- 1) Considering the growing difficulty in recruiting qualified staff, (particularly from the profession of psychiatry) and the difficulty in finding Supervising Psychiatrists who have administrative experience, what clinical model will solve our clinical and administrative problems.

IV. A. The Mental Health Clinic: (continued)

- 2) How should the out-patient clinic relate to the Competency Skills Training Program being developed at a different location?
- 3) How can the clinic improve on its Forensic Services (County Jail).
- 4) What emergency services model would best serve the needs of a rural County.
- 5) How can we best deal with the ever increasing work load from the Courts: The Family Court, the County Court, and more recently the local Jurisdictional Courts are making ever increasing demands on psychiatric and psychological time and they are beginning to hinder the non-court related services for adults, children and youth. The Board is aware that it has to deal with this issue in terms of economics while being aware of the need to keep the Mental Health Clinic the focal point for mental health services in the County (i.e. if the Court has 100% reimbursement versus the Clinic's 50% State funding, could we think of Court funding for a psychiatrist on the Clinic staff who would serve the Courts?).
- 6) How best to provide the missing elements of a Balanced Service System (residential settings).
- 7) How best to develop a true human services model so that mental health care is everybody's business.

B. The Competency/Socialization Skills Training Program:

In 1978, the Board approved our seeking 100% State Funding for a C.S.S. (Community Support System) grant to develop a Competency Skills Training Program whose goals are to help the Chronic Mentally Disabled to achieve the maximum level of functioning in the community. In addition to the program just described, Buffalo Psychiatric Center was awarded a C.S.S. Grant to assist in the staffing of the Competency Skills Program. Included in the B.P.C. grant is a Case Manager's position. The Case Manager acts as an advocate for the chronically disabled client and assists him/or her to deal with community agencies and resources. The B.P.C. component has been operating since the summer of 1979. The socialization program element, staffed by Clinic personnel provides the socialization element to the C.S.S. program and it has been tooling up to provide Competency Skills Training. As of 1/28/80, the "Core" Agency C.S.S. grant money of \$75,401 has not been received.

The Board in 1980 will be seeking the answer to such questions as:

- 1) What kind of statistics on the program do we need?
- 2) Can the eligibility requirements be broadened sufficiently to include the large number of chronically mentally disabled who do not meet the existing eligibility requirements of: all individuals 18 years of age and older with:

IV. B. 2) (continued)

- a) over 6 months total consecutive psychiatric hospitalizations and a primary diagnosis of mental illness or
- b) who within the past two years have had either 3 or more admissions of 2 weeks or more or 3 more months of cumulative psychiatric hospitalization?
- 3) How can we provide Case Manager services to those chronically disabled in the Competency Skills Program who are not eligible to use the C.S.S. Case Manager?
- 4) Are Community residences needed for some of these C.S.S. clients, and if so, how many beds are we talking about?
- 5) What should be the relationship between the Competency/Socialization Skills Training Program and the Mental Health Clinic? Should the Competency Skills Program be separate, independent or closely tied with the Clinic?
- 6) Is the organizational and staffing pattern of the Competency Skills Program adequate?
- 7) How soon can the Competency Skills Program move into more spacious quarters in the Armory at Medina, and will the movement of this program to Medina (located on the Western fringes of the County) create problems of transportation and accessibility?
- 8) What answers do we have to the questions being raised about our County's Community Support System which, while being administered by the County, involves joint staffing (B.P.C. and Orleans County) and consequently raises the issue of reporting on who are served by this joint project?

C. Other Key Areas in Mental Health Requiring Consideration by the Board of Community Services in 1980

In-Patient Services

- 1) The possibility of the County's involvement in the development of a psychiatric unit in St. Jerome's Hospital in Batavia. It would be a 14 bed unit and would serve the residents of Genesee, Orleans and Wyoming Counties.
- 2) The development of a psychiatric service in one of the County's two General Hospitals - one economically feasible and related to acute care.
- 3) Improved Mental Health Services for the schools.
- 4) Exploration of Community Residences for the mentally disabled.
- 5) Consideration of the Management District concept for Orleans County.

## ALCOHOLISM SERVICES

1979

Orleans County submitted a proposal for an Alcoholism Services Center in June of 1978 to the New York State Division of Alcoholism and Alcohol Abuse. The proposal was approved by the Division, and the Orleans County Alcoholism Services Center officially began operations on October 1, 1978 at 113 E. State Street, Albion, New York. The County did all the necessary renovations and painting to provide the necessary office space.

It was originally funded as an Information and Referral, 24-hour Crisis Service and Outpatient Clinic with an initial budget of \$41,140. \$29,807. of this budget was contributed by the New York State Division of Alcoholism and the remainder came from Federal funds (CETA/and the County of Orleans (See attached proposal covering the period from 10/1/78 to 9/30/79).

While the original application listed 109 individuals in the County as needing outpatient Counseling Services, the Centers' first ten months of operation saw it exceed even this estimated need when its caseload reached 110 individuals.

The Center is staffed by an Alcohol Abuse Counselor with a Masters Degree, and a paraprofessional with Alcoholism Counseling experience. This second staff person, (the Alcoholism Rehabilitation Aide) is a recovered alcoholic with several years experience in Alcoholism Services. The Center is also staffed by a CETA Clerk-Typist Receptionist. The Alcohol Abuse Counselor also serves as program developer, administrator and coordinator under the general supervision of the Director of Community Services. Counseling is under the supervision of the Psychiatrists at the Mental Health Clinic.

In the counseling area, the staff, (with only one Counselor in the first six (6) months, and the second counselor not on board until April of 1979) had a caseload of some 120 clients by 12/31/79. In the absence of a local Drinking Drivers program (yet to be explored) some residents from nearby DDP programs have been referred to the Center for Counseling.

The Center instituted its 24-hour crisis answering service in July, 1979 and currently has two Counselors on call: The Sheriff's Department is serving as the Communications Center during the hours when the Center is closed, alerting the Counselors through a page system when crisis calls are received. There has not been sufficient experience on which to base sound conclusions about the value of the service.

The Alcoholism Services Centers' initial efforts to develop an educational program for youth in the Junior High Schools of Orleans County uncovered unusual resistance on the part of school administrators and other service providers who had established other educational programs in the schools.

ALCOHOLISM SERVICES

1979

The County Drug Abuse Service had already gained entre' (into the school systems, and so the Alcoholism Center began to work with the Drug Services to develop a cooperative integrated curriculum (Junior High Level). This beginning effort will explore the feasibility of inservice training of administrators, teachers, and guidance personnel. An alcoholism prevention educational component aimed at specific women's groups has not yet been explored, but will be an area of special emphasis in the second year of the grant. At least five women's groups will be identified and contacted for programs in Alcoholism identification, symptomatology in 1980. One aim of such a program will be the development of a volunteer advocacy group on women and alcoholism.

A fourth component of the Alcoholism Services Center is the Information and Referral Services: A special task force on Public Relations has been formed which has developed a brochure that will be printed and distributed to the various agencies and general public in June 1979. Local T.V. and radio stations and newspapers have been contacted and responded favorably for public service type announcements for the Center and will carry such announcements by the end of 1979. AA and other literature on alcoholism and alcohol abuse is being distributed to both clients and other agencies. This will be increased in the future, especially to selected target groups as churches, hospitals, Social Services, businesses and families.

Brochures were designed, printed and distributed to many agencies and potential sources of referral in 1979. A pilot agreement has been developed for referrals. (See attached copy of probation's agreement \*pg. 28.) This will be used to write agreements with other agencies that provide services to alcohol abusers and alcoholics, and their families. The Center is getting an increased number of calls for information about Alcoholism and the Centers' services.

A Citizen Emergency Task Force has been formed. It has met with the staffs of each hospital (there are two in the County) once in a joint meeting and once to explore the Centers' relationship to the hospitals in emergency care procedures for the acutely intoxicated person. The Task Force started initial exploration on in-service training which will take place in late 79 or early 80.

The fifth component of the Alcoholism Services Center is the delivery of services to the alcoholic or alcohol abuser is the continued identification and coordination of community services for the alcoholic. The Subcommittee on Alcoholism and Drug Abuse of the Community Services Board, with the Alcohol Abuse Counselor and Program Administrator as its staff resource person is the main vehicle through which such coordination is currently taking place.

ALCOHOLISM SERVICES

1979

The sixth component remains the development of a county-wide plan for comprehensive services for the alcohol abuser and alcoholic. While much initial experience and data is and will be compiled in 1979 and 1980, the Subcommittee on Alcohol and Drug Abuse will more directly address itself to the development of a comprehensive plan in 1980-81, the third year of the project.
