This sale is ordered by various resolutions of the Orleans County Legislature and is in accordance with the appropriate provisions of the Real Property Tax Law. This sale and sale of each and every parcel herein is upon the following terms:

All sales are made subject to confirmation and approval thereof by the Orleans County Legislature, which confirmation and approval will be requested at a special meeting of the said Legislature to be held directly following the auction. The resolution of confirmation will be immediately available at the close of said meeting. At least 25% of the final bid for each parcel shall be paid to the Clerk of these proceedings prior to the start of the special Legislature meeting above stated. Payment shall be in cash or by a good check upon a New York State financial institution. The balance of the successful and accepted bid for each parcel shall be paid in cash or by certified check to the Orleans County Treasurer, Central Hall, 34 East Park Street, Albion, New York, 14411, no later than Tuesday, May 31, 2005 between 9:00 AM and 5:00 PM unless extended by the Legislature. The County of Orleans is not required to send any notice to the purchaser or purchasers, and if the purchaser or purchasers neglect to pay the balance due and call at the Orleans County Treasurer's Office at the above stated time the successful bid shall at 5:00 PM on Tuesday, May 31, 2005, be deemed conclusively to be abandoned, the deposit retained by the County as liquidation damages and the parcel in question disposed of in such manner as the County determines without notice

to or benefit to the defaulting purchaser. Upon payment of the balance, as above provided, the County of Orleans will deliver a standard form quitclaim tax deed which shall describe the parcel in the same manner as in the In Rem Foreclosure deed to the County and which shall quitclaim all of the right, title and interest of the County of Orleans in and to the said parcel. The purchaser upon payment of the final bid and the unpaid taxes shall also deliver to the Treasurer a check for all recording fees due to the County Clerk for recording the deed. Such fees are estimated as follows: The deed document (required Orleans County cover page plus 2 page deed document) will cost \$34.00, the Equalization and Assessment Form (EA-5217) \$75.00 or \$165.00, depending on property class with residential and agricultural @ \$75.00 and vacant @ \$165.00, Combined Real Estate Transfer Tax Return Credit Line Mortgage Certificate and Certification of Exemption from Payment of Estimated Personal Income Tax Form (TP-584) for a fee of \$5.00 and transfer tax due at a rate of \$4.00 per \$1,000 of purchase price beginning with purchases over \$501.00 and more. The successful and confirmed purchaser shall take the parcel "as is" upon delivery of the above stated deed, in such condition as the same exists at that date and subject to all alleged possession or other claims and all covenants, easements and restrictions of record. The various parcels have been available for view by any and all interested parties prior to this sale. No adjournment in bidding shall be allowed for further viewing of any parcel. Legislator Callard withdrew a resolution authorizing the purchase of handguns for the Jail. He said he is withdrawing this pending the establishing of a firearms policy.

Legislator Beedon presented a resolution approving an agreement between the Mental Health Department and Coordinated Care Services; second by Legislator Bower. Legislator Bower asked if this is the same company that we contracted with before, and they were paying bonuses to employees. Mr. Dudek said it was actually an employee that we hired through CCS. Chairman Tuohey said Dr. Amos is here and can answer questions. Dr. Amos explained that the Mental Health Department has been looking for someone to perform financial management support, and CCS is the best choice. He said the reason Coordinated Care Services was chosen is their knowledge of what is going on with OMH funding. They provide this service for a number of different counties, and in his opinion, they are the most knowledgeable and the best choice for this service. Mr. Dudek said the problem that we had before was not the company's problem. They did what they were told by the Director. Legislator Kent asked if this is for billing services. Dr. Amos replied that it is for financial management services; they monitor state funding streams and give us red flags when those things are going bad. Legislator Kent asked what the urgency is, making this an added resolution. Dr. Amos responded that we have not had anyone doing this in three months and we are swamped. Mr. Dudek said because we were lacking some information, the resolution approving this agreement was not put on the agenda. The resolution was here before the deadline. Legislator Kent said the fact sheet does not show any

previous cost. Chairman Tuohey said that is because this is a new contract. Legislator Bower said he has no problem with the contract, but with who we are doing business with. Chairman Tuohey asked Dr. Amos to address Legislator Bower's statement as far as who else is out there to perform this work. Dr. Amos said he explored other alternatives, but did not find one. He said he does not believe Coordinated Care was in any way complicit with the problems that went on. The following resolution was then adopted:

RESOLUTION NO. 109-305

APPROVING AGREEMENT BETWEEN MENTAL HEALTH DEPARTMENT AND COORDINATED CARE SERVICES

RESOLVED, that this Legislature approves an agreement between the Mental Health Department and Coordinated Care Services, 1099 Jay Street, Rochester, NY, providing financial management services at a cost of \$16,100, agreement effective for the 2005 calendar year.

Moved, Beedon; second, Bower.

Chairman Tuohey said, as you all know, this is Stan's (Dudek) last meeting. She said she would like it in the record that he will be missed. Those of us who work with him on a daily basis know the extent of his talent, dedication and expertise. He has served the county residents well.

Mr. Dudek expressed his thanks to everyone. He said this is one of the hardest things he has ever done. He was here as a member of the Board of Supervisors representing one of the larger towns. The Board of Supervisors was composed of ten towns, three of which had the most votes because of being the largest towns. Three Supervisors had enough votes to override the other seven. Mr. Dudek said even though he was the Supervisor of one of the three towns that had the most votes, he joined a group that was against that form of government, because he did not think it was fair. Eventually the court sided with the group that was challenging the Board of Supervisors and imposed a form of government on Orleans County. The first Orleans County Legislature was established in 1980, and Mr. Dudek said he was honored to be the first Chairman of that Legislature. He said the very existence of the Legislature is, he feels, part of his creation, and for the first time in 25 years he will not be part of it. The County is in good hands. There are some wonderful people in terms of handling the day to day affairs of the departments. Mr. Dudek particularly thanked Kathy (Ahlberg) and Susan (Heard). He said there are so many people to thank. He would really like to thank Rich Bennett. Mr. Dudek said he gave Legislator Bennett many reasons not to support him in the early

years, but he did. He put politics aside and gave me his support when I needed it. Mr. Dudek then told Legislator Bennett that he will never forget that. Mr. Dudek also thanked David Schubel, the County Attorney for all the help that he has given him over the years. He said Mr. Schubel does so much for the county, a lot more than people realize.

Legislator Beedon motioned to adjourn; second by Legislator Bennett. Meeting adjourned at 4:55 P.M.

The following resolutions were then adopted:

Legislator Callard motioned to bring a tabled resolution to the floor; second by Legislator Kent. Legislator Callard said Sheriff Hess has been discussing the fees with the Genesee County Sheriff. Since Genesee County's budget was already in place, they were not able to change the fees for this year. Discussion will resume soon to determine fees for next year. The following resolution was then adopted:

**LEGISLATURE MEETING**

May 11, 2005

The meeting was called to order by the Chairman at 4:35 p.m. After the pledge to the flag, the Clerk called the roll. All Legislators were present with the exception of Legislator Beedon.

During open discussion, Chairman Tuohey said she received a letter from the Albion Business Association indicating that they would like to erect a Welcome to Albion sign on our front lawn. Chairman Tuohey had suggested to that Association that someone meet with our Buildings and Grounds Superintendent to discuss exactly where to put it. Chairman Tuohey asked the County Attorney if a resolution is necessary to authorize the erection of the sign. Mr. Schubel said no. Chairman Tuohey said she would tell Mark Watts to go ahead with the sign.

Chairman Tuohey spoke about the upcoming sales tax exemption weeks. She said the Chamber of Commerce asked if Orleans County would be participating. She explained that the counties have to opt in to either both upcoming weeks, or neither. Since we did opt in to the last tax-free week, we can opt in to the next two by doing nothing. All agreed that Orleans County would take part in the next two tax-free weeks, which are the weeks of August 30, 2005 and January 30, 2006. Chairman Tuohey said she would send a letter to the Chamber, letting them know that we will be opting in to both weeks.

Legislator Bower said he and Legislator Rush met with Wayne Hale and Sid Lovell at the Marine Park. They discussed beautification of the park. A work crew will get gardens prepared and flowers planted. Legislator Bower said it

will start out small, but should develop over the years to make the park more attractive to people that use it.

Susan Heard passed out the Analysis of Monthly Cash Receipts and Disbursements through April 2005. She said Medicaid year to date is \$591,000 over the same time last year. Mrs. Heard said, on the plus side, the auction parcels showed a gain of approximately \$95,000.

Legislator Bower motioned to waive the rules to add three resolutions to the agenda; second by Legislator Rush. All in favor. The following resolutions were then adopted:

July 13, 2005

The Clerk presented the following communications: Notice of Oak Orchard Watershed Protection Alliance meeting on July 20, Notice of Public Hearing for Town of Yates regarding adopting a local law to amend the zoning law, Invitation to the Lake Plains Resource Conservation and Development Council picnic to be held on August 11, Invitation to Enhancing Main Street, Making Upper Floors Work Again sponsored by the Orleans County Planning Department.

During Open Discussion, David Schubel said the Main Street, Making Upper Floors Work Again event has an extraordinary set of panelists. Chairman Tuohey said Wayne Hale set it up.

Legislator Callard said the Health Committee was in discussion with Jim Graziano as late as yesterday regarding the New York Statewide Task Force on Telepsychiatry. There are eight pilot sites. The grant is for \$15,000. Should we be approved, we would be one of the test sites. This would help with telecommunications tied into psychiatry services. The grant had to be applied for yesterday. The Legislature would have to approve acceptance of the grant. Jim Graziano said the \$15,000 will be spread among various counties. He said this is something worth pursuing. He needs to obtain more information. In

addition to Mental Health, this will involve rural hospitals and two university sites.

Chairman Tuohey asked Mr. Graziano how the audit went. Mr. Graziano responded that it went very well. He said the amount of money needed to return is \$34,860. When he calculated that in terms of dollars that came in, it came to 2.2%. Mr. Graziano asked the auditors how we fared with other comparable clinics; they said other sites owe a lot more money. Legislator Callard said it was a good audit. There was great cooperation between the auditors and the staff.

Legislator Callard presented a resolution authorizing the sale of county vehicles at impound, second by Legislator Beedon. Chairman Tuohey said she had noticed that the impound area was pretty bare so she called Ray Emerson to ask where the cars were, since they were not yet approved to be sold. Mr. Emerson said they have been picked up. Chairman Tuohey asked Mr. Emerson how he could sell them when the sale has not been approved by the Legislature yet. Mr. Emerson replied that he had not thought about that. Legislator Bennett said he took a junk pickup to a scrap yard and got \$195 for it; these vehicles were sold for \$25. Legislator Callard said there is a process for awarding bids. He said Legislator Bennett makes a valid point, that consideration should have been given to taking the vehicles to a junk yard. He said they did follow the bidding process, even though they allowed the cars to be taken before approval. David Schubel said this bid process is the proper way to do it. They called and asked me and I said to do it this way. Legislator Bower said it might have been handled properly but it comes back to us to accept these bids and this looks ridiculous. Legislator Callard recommended that the Chief Administrative Officer write a letter to the Sheriff discussing the violation of policy regarding releasing the cars before approval. Chairman Tuohey commented that the Highway Department vehicles are still there. She said the sale price did not bother her; it's the fact that the proper procedure was not followed. Legislator Kent commented that the County Attorney had been contacted regarding the proper procedure. Chairman Tuohey said this is a personnel issue and should not be discussed in open session. Legislator Bower asked if what we did today is legal. Dave Schubel said, yes, approving the sale of vehicles is legal. Should he have let them go prior to a resolution being adopted....no. Mr. Schubel said this topic has been a concern to me over the years that departments dispose of surplus equipment and I don't think we are all aware of it. A department head says something is surplus and they sell it and you don't vote on it. Mr. Schubel and Mr. Nesbitt will discuss this on Friday; possibly write a more clear policy. Chairman Tuohey said there is a form that department

heads fill out for disposal of property. Then Buildings and Grounds takes the items to store to be sold at the next auction. Dave Schubel said as you get new people in positions, they might not be as aware of the policy. Maybe it is time to reaffirm what that policy is. After further discussion, Legislator Callard motioned to adjourn; second by Legislator Bower. Meeting adjourned at 5:10 P.M.

Legislator Beedon presented a resolution approving agreements with the Health Department; second by Legislator Callard. Chairman Tuohey said that the committee met and discussed the contract with Ridge Road Express for transportation. Andrew Lucyszyn, Health Director, said they were the sole bidder for this and there was concern about the cost of transporting seven severely handicapped children for out of county for services. They questioned whether transport could be done by the parent. Mr. Lucyszyn checked the regulations and said the parent could transport the child and they have done that in the past. They could pay them our county rate for mileage of \$.395 for a total of approximately \$39.50 per trip. The state pays a maximum of \$.37 so the additional amount would have to be picked up by the county. However, the county could increase the rate to the parents and it would still be a savings to the county. Some families cannot afford to transport their child or they have no means of transportation, but perhaps raising the rate with the approval of the Legislature would be a possible means of saving money. Tom Weeks is certainly a reasonable man and would discuss the clause in the contract concerning amendments allowed. There was a \$200,000 increase in the contract, but no one else wanted to bid. Chairman Tuohey noted that it cost \$240 to transport one child so it was suggested that a parent or relative be given money to transport as opposed to the \$240. Mr. Lucyszyn said it should have been put in the bid specs, but there is a paragraph which allows us to open negotiations in the contract for any changes. The following resolution was then adopted:

#### RESOLUTION NO. 309-805

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Beedon presented a resolution to transfer funds within the Health Department budget for overtime; second by Legislator Callard. Legislator Callard questioned if this was seasonal, and Mr. Lucyszyn said they have had a tremendous amount of weekend work and he has had to call every nurse for patient duty. They are now down one nurse (one nurse retired this week) and they have had a lot of overtime. Legislator Beedon asked if this would be enough money to get through to the end of the year, and Mr. Lucyszyn said he thought it would. Legislator Bower asked if this was all because of the retirement, and Mr. Lucyszyn said not all of it. Legislator Bower said they put something into effect some time ago to try to reduce the overtime and he questioned whether it was working, and Mr. Lucyszyn said the number of nurses are at a premium. However, if they had a nurse working weekends, that would certainly help them. Chairman Tuohey asked when he filled the position that was just vacated, could you have that nurse work weekends.

Mr. Lucyszyn said the nurse he hired will work a regular Monday through Friday, 9 am to 5 pm. If they hire any additional part-time nurses, they specifically tell them they have to carry at least one weekend. The following resolution was then adopted:

RESOLUTION NO. 310-805

Adopted. 7 ayes; 0 nays; 0 absent. 167

Legislator Bower presented a resolution transferring funds into the Records Management budget; second by Legislator Kent. Legislator Callard wondered what this involved, and Chuck Nesbitt said we had used a program set up by the previous County Administrator but the software does not support Windows XP and we investigated other program that we could use long term. They received three quotes and this one was \$5,000 less than the higher quote. They have a situation now where boxes are stacking up at DSS, the software doesn't work, and these records have to be put into the system. This is a tracking/inventory system and we are developing a strategy on how exactly it will work out. They will barcode all files and the way the system will work is if someone knows where a file is located, they can determine if it has been taken out, who has it, etc. The following resolution was then adopted:

Legislator Bower motioned for an executive session to discuss a personnel issue; second by Legislator Rush.

After the executive session, Legislator Beedon motioned to adjourn; second by Legislator Kent. Meeting adjourned at 5:00 p.m.

**LEGISLATURE MEETING**

September 28, 2005

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Announcement of October Intercounty meeting.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through August, 2005.

During open discussion, Legislator Bower talked about issues that had been discussed at a finance committee meeting last week. He said there might well be a cash flow problem by the end of the year. It is not so much a problem with departments' budgets, as it is revenues not coming in as fast as in prior years. The finance committee decided to stop all unnecessary spending. A memo was sent out to all departments limiting spending to certain line items. Legislator Bower asked if the Legislature wants to change that letter in any way. He said there was not a lot of time to wait on this, so we acted last Tuesday. Susan Heard said the cash balance is over \$3,041,000 less than at

this time last year. \$2.4 million of that is claimed for reimbursement that has not yet come in. Medicaid year to date is up \$1,250,000 in cash expended in the same time period. Mrs. Heard said the departments are within their budgeted line items, however, because the cash isn't flowing as fast as we are spending it, she agrees that it is a good idea to stop spending where you can. Legislator Callard said it is important for the public to understand that, based on past years' performance at this time, we would be collecting about \$600,000 from the state, but this year we are waiting for \$1.2 million, that is hampering our cash flow. We expect monies to come in but as they string out it is causing us to possibly borrow and incur interest expense while the state is using the monies. Chairman Tuohey, referring to the letter that went out, said the Legislature has the bottom line authority as far as curtailing any spending. She said the memo was a good suggestion, but the Legislature should act on it. She asked Legislator Bower if he has any suggestions. Legislator Bower responded that he thinks we should continue with what we have set up. If a department head has a question, they can call the CAO, or come to the Legislature with any unusual expenses they have to pay for. Legislator Bower said he would rather act now and save the taxpayers money, than react later and cost the taxpayers money. Chairman Tuohey asked Legislator Bower if he has a suggested resolution to add to today's agenda. Legislator Bower said he has nothing prepared. Chairman Tuohey suggested that the letter that had been sent out could be formed into a resolution. Legislator Callard said that memo indicates that we are asking for cessation of unnecessary expenditures, but did it establish procedure? Legislator Bower said the memo says the Legislature would decide on those expenses not covered in the memo. Legislator Callard suggested adding some discretionary limitation so the CAO could facilitate the process, rather than a 2-week delay for everything. Mrs. Heard said she's seen about \$115,000 of claims since Thursday that should have been in before. Chairman Tuohey asked Mr. Nesbitt what he would need in order to make it convenient for him to make the decisions without coming to the Legislature. Mr. Nesbitt said he would like to have some sort of guideline established by the Legislature to operate by. He said to be given straight discretionary power puts him in a difficult position with department heads. It was agreed that a resolution would be presented, authorizing the CAO to use his discretion for purchases up to \$500 in line items that are not approved in the memo, above that amount legislative approval will be necessary.

Susan Heard said if things do not improve over the next two weeks, she would like to be authorized by resolution to process a revenue anticipation note. Legislator Callard asked what the term would be. Mrs. Heard said six months, at a rate of 3%. Mrs. Heard said she would keep a close watch to see if she needs to go that route. She distributed a sales tax report, which indicates that the sales tax is up at the end of the third quarter. Legislator Bower asked Mrs. Heard to keep the finance committee informed.

Legislator Beedon motioned to add three resolutions to the agenda; second by Legislator Rush. All in favor.

The following resolutions were then adopted:

Legislator Kent introduced a resolution approving agreements with Cannon Design for Construction Management Services and Architectural and Engineering Services for the Nursing Home; second by Legislator Bower.

Legislator Callard said we recognize the need, but he is concerned about the financial implications of the project. He thinks it warrants timelier

consideration. If you consider we had a fund balance of about \$4.6 million at the beginning of 2005 and a cash balance of \$2.7 and historically in recent years we have been budgeting \$1.1 million against our balances. From what I understand, the nursing home will be able to sustain its expenses for this year. If we are going to incur a deficit during 2006 where will the money come from? It has to come from the general fund. If we consider that, and we discussed this in committee, that could be from \$600,000 to \$750,000, based on an average occupancy of 115 and we have had 112 year to date now. That dollar amount could increase to a million. The question is, what ramifications will it have on our budget. Will we have to increase taxes for that purpose? The project will not be complete until 2008. Legislator Callard said he wants the Legislature and the public to understand the financial implications. If we completed the project by the end of 2007, how much more would we have to inject into next year's budget, another million, half million? Given these dollar amounts, are we going to deplete our resources completely? We budgeted very well in years past and it is critical that we budget properly this year. We cannot afford to deplete our balances and sustain the nursing home. Once construction is completed and new rates are established, that really only brings us to break even. Legislator Callard said he has not seen any cash flow projections relative to this project. If we are going to invest up to \$10 million, we have to seriously consider the ramifications and implications of this and what they will do to the tax rate in 2006, 2007 and 2008. Nobody questions the importance of dealing with the issue, but the public needs to fully understand that taxes will go up. Legislator Bower said the public also has to understand that if we do nothing, the ramifications are a lot worse. We will not only be faced with a deficit of \$600,000 to \$750,000 a year, but if that facility deteriorates at the rate it has been, we will get less occupants and the burden on the taxpayers will be greater. I would rather have some burden for two years, knowing that in 2008 we will have a nursing home that will just about be able to sustain itself. There are not a lot of alternatives, if we sell it, a new owner would get rebased and not put one penny into that nursing home. Legislator Bower thinks we owe it to our citizens who we represent in their last years of life, that they have a place that is fitting. Legislator Callard said we do have an obligation to our seniors, but our average occupancy is 112; there are more than 112 taxpayers paying the taxes that will support this, so this warrants disclosure to the public so they have an understanding of the situation. He would appreciate their input. Legislator Callard cannot justify entering into \$10 million of construction without seeing numbers to substantiate this. Chairman Tuohey said the state is considering lower level cares in the nursing homes, therefore, reimbursement will be less and they are really in flux right now as to what they are going to do. We have sent a letter in decreasing our census to 120 beds which should help, even the way it is now in bed hold revenue, so even though we don't do a thing but decrease the beds to 120, that will help our cash flow. As far as the \$10 million, I have been mulling it over

about going one way or the other. I appreciate what you said about owing the senior citizens, but I also say we owe a lot more to the taxpayers who are footing all these bills. I disagree that if it is sold that it would not be upgraded. I don't know of anyone who would buy it and not upgrade it, because that would decrease their reimbursement rate. \$10 million is increasing our debt, doubling our debt. Legislator Rush said yes, a little more than double. Legislator Bower said it is important to remember if we do nothing we are going to lose \$600,000 or \$700,000 a year. Chairman Tuohey agreed with what Legislator Callard is saying, that maybe at this particular time it might be good to stop and reevaluate. Legislator Kent said we have been in this process for a year, basing what we are doing on what we have seen happening in other parts of the state. When private companies come in and buy a nursing home they get rebased, when renovations took place in Wayne or Livingston counties, or wherever it happens, they get a higher reimbursement rate. We have every expectation going through this process that we are going to get a higher reimbursement rate. If you are talking about delaying it, maybe that is a possible option, but changing your mind at this point.....you (Legislator Callard) are the only one who expressed any reservations about it publicly. Legislator Kent said he will go down in flames for this particular thing. There is no way on earth you could convince me that we should sell the nursing home. We owe it to the senior citizens in this county to have a first rate facility. Chairman Tuohey said maybe the way to have a first rate facility is to have somebody buy it. \$10 million is a lot of money. Legislator Kent said \$8 million of it will be reimbursed by the state if past practice is anything to go on. Chairman Tuohey said with the changes being made, it is not going to do that. Legislator Kent said we have to go on the basis of what we knew when we did it. Chairman Tuohey said no, we go on the basis of what it is today. Legislator Bower said if anyone buys the nursing home, it automatically gets rebased, by state law. We have to put a new, or mostly new facility in to get rebased. If they get rebased to the \$135, \$140 per day range, why would anyone want to put more money into the facility; they are going to get the money anyway. They can convince people anywhere in the state to come to their nursing home. We have an obligation to the people in Orleans County, and our people don't have to travel to Genesee, Wyoming, Buffalo or Rochester to see their loved ones. Chairman Tuohey said we do have nursing homes in Orleans County, and it does not mean it would not be there if we sold it. Legislator Callard said he brought up the discussion not to argue the need, but the financial implications on our budget, which could have \$1 million or \$2 million of implications which we pass on to the taxpayers, or it could deplete the fund balance completely, that is what scares me. He is just trying to bring out the need for public disclosure. Chairman Tuohey called the question. Legislator Bennett motioned to table this resolution pending more information. He said he thinks Legislator Callard brings up a genuine concern. Legislator Bennett's understanding is that by ~~84~~ pending this money, we will get

reimbursement so we can break even after two years, but I have not seen the cash flow. Does two weeks make that much of a difference? Legislator Beedon agreed with tabling the resolution. Legislator Callard said maybe in the meantime we will get more feedback from the public. Legislator Kent said we have been talking about this for a year and have not had any feedback yet. The resolution was tabled with Legislators Bower and Kent opposing to table. Legislator Bower asked exactly what information is needed. Legislator Callard replied, cash flow implications for 2006, 2007 and 2008. The following resolutions were then adopted:

RESOLUTION NO. 343-905

Legislator Bower told Legislator Callard that he will get the information requested, regarding the 2006-2008 budget ramifications, but he asks of Legislator Callard that he talk to some of the families of residents in the nursing home. Legislator Callard said he does not deny the need, he only wants the legislature and the public to understand the financial implications. Chairman Tuohey said, then you better also tour the dog pound, and the jail. Legislator Bower said we house people that are breaking laws at the expense of the taxpayers, but we are going to try to table something for our elderly; that doesn't make sense. Chairman Tuohey said we do not have to build a new jail, the prisoners can be sent somewhere else. Legislator Bower said the taxpayers would pay the total cost for a new jail, but only about 20% for the nursing home.

Legislator Kent withdrew a resolution authorizing the creation of a part-time position in the Social Services Department.

Legislator Bower moved to adjourn; second by Legislator Callard. Meeting adjourned at 5:10 pm.

## **LEGISLATURE MEETING**

October 12, 2005

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communication: Orleans County Single Audit for 2004 filed by County Treasurer.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through September 2005. She commented that the general fund balance continues to drop a little.

During open discussion, Gale Keene, a resident of Holley, spoke about the county nursing home. She said she was rather distraught to find out that the whole plan for renovation expansion has been shelved. She feels that the people who live there have been taxpayers, and everyone in the county has parents who might one day need a nursing home, so the argument of saving taxpayers does not seem to hold water. Ms. Keene said she would like justification as to why this project that has been being planned for so long has been shelved. Chairman Tuohey replied that it has not been shelved yet. Paula Bannister of Brockport said her mother is in the Orleans County Nursing

Home. She referred to an article in the Batavia Daily News, which mentioned the jail and the animal shelter and wondered, as a taxpayer, if these come out of the same budget. They don't quite seem on an equal footing to anyone that has someone in the nursing home. She said it seems like there could be a pretty good grass roots campaign in this county for people to get involved in to support this nursing home.

Legislator Beedon motioned to add three resolutions to the agenda; second by Legislator Bower. All in favor.

Legislator Callard presented a resolution appointing the Orleans County Director of Off Track Betting; second by Legislator Beedon. Legislator Kent said he does not question that the Chairman deserves this appointment, but he said the way it is being done causes us all damage because of the cynicism that is out there already. The following resolutions were then adopted:

Legislator Bower introduced a resolution amending a previous resolution regarding spending guidelines. He said he is moving the resolution without including the last paragraph, which authorizes the Chief Administrative Officer to approve spending up to \$1000. ## **LEGISLATURE MEETING**

October 26, 2005

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Deputy Clerk called the roll. All Legislators were present.

The Deputy Clerk presented the following communications: Notice of Planning Board Meeting, Notice of proposed Local Law from the Town of Alabama amending a zoning law, Notice of Youth Board Meeting, Notice of Amendment to Zoning Ordinance from Town of Hartland, Resolution from Ulster County supporting the Clean Money Clean Election bill.

During open discussion Chairman Tuohey asked if anyone would like to speak and Gary Derwick from Meadowbrook Drive said he was a lifelong resident and taught 32 years in Albion, and he would like to give his opinion about the Nursing Home. He said it is a hard decision when you are working with taxpayers and there is a lot of pressure on both sides, but we all have to look at the needs of our moms and dads and senior citizens. His mom needed to go into a nursing home and they looked at the different facilities in the area and they ended up going to Orchard Manor in Medina as they felt that although the facility in Albion would have been much more convenient and easier, it wasn't where they wanted her to be because it wasn't up to par and he didn't think his mother would get the right care. However, he said we have to be vigilant as far as our tax money, but he thinks the county is doing a good job – he has looked at how the school taxes have gone up, and the county taxes have stayed down; but at the same time we have to look after our seniors, our relatives, and pretty soon us too. When we get to that point, we want a facility we feel comfortable with and some place where we want to go.

Ted Swiercznski, former Legislator for 25 years, said we or our families will need this facility and he noted that the county should have extra money in a couple of years from the sales tax that Walmart will generate and this will help. He hopes the Legislature will make the right decision.

Rachel Fisker from Ingersol Street said her father was in the nursing home – he is only 53 and has been there four years with Alzheimer’s disease so it is not just senior citizens at the facility. When this happened her sister was only 14 years old. Her family is in Kendall and Brockport, but since her mother grew up in Albion and she was living in Albion, they decided to have her father in our nursing home, but the facility is not up to par. These diseases are starting to affect younger people, not just senior citizens, so you have to start looking at the bigger picture.

Eli Howard from Knowlesville is an employee of the nursing home and would like to see it continue to be here. He started when he was 19 and he is 31 now. He remembers the old timers at the nursing home when he started who would say they only have 3 more years before retirement and he would think – he has 42 years to go. Now, he never thinks about going anywhere else and it has come to the point that the county nursing home is part of his life. He said that everything he has in his life is credited to the nursing home. He understands it is a tough decision for the Board to make but he hopes it will continue to be in Albion.

Adolf Genter who is a volunteer at the nursing home, said the A and B wings need to be completely updated.

George Burlingame said his wife has been in the nursing home for three years and he has been given permission to feed her every day so he is well acquainted with the staff and they are second to none. He would hate to see them have to look for a job. He is real proud of the facility.

The Treasurer stated she did not have a written report at this time.

#### **LEGISLATURE MEETING**

November 9, 2005

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Resolution adopted by Herkimer County Urging NYS to use an Asset Test to Determine Eligibility of HEAP Applicants, Announcement of November Supervisors and Legislators meeting, Announcement of November Intercounty meeting.

Paula Bannister, Chair for the Family Focus Group, said the group supports the Orleans County Nursing Home. Ms. Bannister said she has followed the research and planning of this project over the past 15 months. The defects of the facility have been clearly outlined, money and time have been invested in the research and planning, now it seems you are getting cold feet. Ms. Bannister said the comment that she has heard from a Legislator that bothers her the most is that a renovation project was defeated in 2001, and she also believes there was money in 2000 for it. She said it is a simple analogy, keep your home up, you borrow money and pay back the money. This building is not going to get better over the years. The project is not going to get cheaper.

Alice Klatt-Miller, a physical therapy assistant at the Nursing Home said she works with the residents every day and it saddens her that half of them cannot get to their beds by themselves, they need assistance no matter how much they can do for themselves because they cannot get between the beds if they are wheelchair bound, because there is so little space. It saddens her when staff has to take them to another bathroom because there is not enough room for the patient and two staff members; they have to use someone else's or a public bathroom that is larger.

Marshall Burlingame said his mother is a resident of the Orleans County Nursing Home. He said he has heard terrible stories about other facilities, which strike him as being common to what happens in a nursing home where people don't care and those are usually private. Mr. Burlingame said he was amazed at the level of caring at the Orleans County Nursing Home. He said there are only two options, either do renovations or sell the facility, which he thinks would be a terrible tragedy of public neglect toward our citizens. Privatization is the wrong way to go. As far as renovations, we all know things get more and more expensive; a decision needs to be made as soon as possible.

Chairman Tuohey explained that there is a resolution that has been tabled, which is to hire the architect and engineers to proceed with this project. The problem was the \$10 million figure. She said she had asked Legislators Bower and Kent the day after the resolution was tabled why they are not doing something about addressing the cost. She advised the Chief Administrative Officer to get in touch with the architect and come back with a plan that is less than \$10 million. They did present a plan to us last week and it is in the area of \$7 million. There has never been any official discussion about selling the nursing home. The problem has been the cost; it is our responsibility to see that

the taxpayers get every dollar for what they pay in taxes. Most of the legislature has been responsible in addressing the cost of this project. Chairman Tuohey then asked if there are any other legislators who would like to comment. No comments. Chairman Tuohey said, as far as the resolution goes, it can be voted on to be brought off the table, but it does not have the appropriate amount of dollars, there has to be a new contract, and alterations to the certificate of need. Ms. Klatt-Miller asked if, with a lower cost facility, we can be assured that some of the things being take out to bring the cost down will not have to have money spent on them within three to five years, to put those things back in. Chairman Tuohey responded that nothing will be taken out that would affect the quality of care, we are still proposing a whole new section with new rooms, there are areas that can be changed without effecting the facility, possibly not big offices, we might have to do some of the work with our own people. No one can assure you right now what is going to happen in five years. Chairman Tuohey then called for a short recess.

After the recess, Legislator Beedon motioned to add a resolution to the agenda; second by Legislator Bower. All in favor.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through October, 2005.

The following resolution was then adopted:

#### RESOLUTION NO. 400-1105

#### AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY

WHEREAS, claims for the General Fund, Job Development Agency, the Highway Department, the Nursing Home, and account S1710 of the Self-Insurance Fund have been audited by this Legislature, be it

RESOLVED, that the claims against the General Fund, represented by checks numbered 7362 through 7539, and totaling \$235,242.43 be paid, and claims against the Self-Insurance fund, represented by checks numbered 37732 through 37736, and totaling \$8808.08 be paid, and claims against the Highway Department, represented by checks numbered 4360 through 4378 and 1677 through 1683 and totaling \$63,811.71 be paid, and claims against the Nursing Home, represented by checks numbered 29450 and 29477 and 32474 through 32475, and totaling \$186,300.19, and claims against the Job Development Agency represented by checks 3151 through 3160 and totaling \$11,944.48 be paid, and that the Clerk of the Legislature, the Director of Job Development Agency, the Superintendent of Highways, and the Self-Insurance

Administrator be authorized and directed to draw demand orders on the County Treasurer in payment of said claims.

Moved, Kent; second, Beedon.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Bower presented a resolution to adopt the preliminary county budget for the year 2006 and set the date of public hearing; second by Legislator Beedon.

Chairman Tuohey said she would like each legislator to offer any comments on this resolution.

Legislator Callard said he is voting against it. He feels that the sales tax revenue should be used to decrease the tax rate, not to maintain programs and increase departmental spending. He said the tax rate is too high and we need to continue to review the budget and refine line items.

Legislator Kent said he would not be surprised if he votes against this. He said he would like to see a couple of things done, such as not buying the Highway Superintendent a new truck with 4-wheel drive under the circumstances that we face right now in the county. He would like to see every department that gets any new computers justify getting a monitor with it, and I share some of Legislator Callard's concerns. Legislator Kent votes no.

Legislator Beedon said he will vote yes. We worked hard on this. There was a concern by Legislator Callard that the 2.9% that we had before was not enough to meet certain expenditures, so we had a second meeting and discussed it, and got the budget to a point that we could live with it because of some of the expenditures that we will be having this coming year.

Legislator Bower said he votes yes for this budget. It might be a little high, but there is time after the public hearing to reduce that. If at that time we decide to reduce the budget somewhat, we can. He thinks because of added spending, especially retirement of about \$1.8 million plus we added health care costs, and some expense to the nursing home, this is a good budget.

Legislator Bennett said he is not particularly happy with the increase, but because it is the preliminary budget, he will vote for it, but if it stays the same, he will not vote for the final budget.

Legislator Rush said he supports the preliminary budget. He is aware of what Legislator Bower is talking about, maybe trying to lower it a little bit more before the final budget comes up. 215

Chairman Tuohey said she is disappointed in this preliminary budget. Addressing Legislator Bower, she said we have stood shoulder to shoulder for 16 years projecting a tax rate that was affordable without jeopardizing services, even a decrease last year of .16 cents per thousand. She does not understand how, at a finance meeting a few days ago, a tax rate of increase of .24 cents per thousand was agreed upon, then a few days later at a finance committee meeting which a couple of us were not invited to, this rate was doubled to .49 cents per thousand. Chairman Tuohey said what she believes was removed was the \$200,000 contribution from the Social Services department, a \$9 million budget, and you and Legislator Kent could not find anything to cut from this budget. Other departments were nicked and dimed. Buildings and Grounds was cut \$39,800, Sheriff \$51,950, and Highway \$544,750. A reduction in the use of the existing fund balance is one of the significant contributions to this increase. We have a healthy fund balance, almost \$5 million, 16 years ago when you and I came on board it was just under \$1 million. This happened through department's prudent spending and the Legislature's fiscally responsible budgeting. This is what was done two weeks ago, establishing a .24 cent per thousand increase, not .49 cents per thousand. It is apparent that the increase in the sales tax revenue is being used to increase spending, instead of using it to decrease taxes. Chairman Tuohey said that Legislator Kent has said the key to revitalizing Orleans County is making it user friendly for seniors. I say economic development, attracting industry, creating jobs and a fiscally responsible tax rate is the way to revitalize Orleans County and keep our young adults here. I vote no.

The following resolutions were then adopted:

Legislator Bower presented a resolution authorizing the treasurer to charge back erroneous taxes to county, town and school districts; second by Legislator Beedon. Legislator Callard asked how these errors occur, and when they do occur, if it goes back to the towns which then give it back to the people. Susan Heard said she gives a check to the person. It could be due to an error in the assessment, possibly an exemption not applied. The error starts with the town assessor, when it hits the tax bill is when the person sees it, then they fill out the correction form, then at the end of the year we recoup this. Legislator Rush said it is the assessor's responsibility to have it right. Mrs. Heard said it is a matter of correcting either a clerical error or an error in essential fact. The following resolutions were then adopted:

Legislator Beedon presented a resolution authorizing a purchase from the Mental Health budget; second by Legislator Callard. Legislator Beedon said if this is purchased before the 30<sup>th</sup> of this month, there is a large savings. This will bring the billing system back to Orleans County and will allow our people to do it in house. Legislator Rush asked if the county has to make up the difference between the \$60,000 unspent reinvestment monies and the purchase cost of \$67,000. Legislator Beedon said we are going to try to find the difference in the existing Mental Health budget, but if the county has to make up the difference, I'd rather do that than have to pay someone to do the work next year. Legislator Beedon said he is very pleased with the effort that has been made by the Mental Health department to get a handle on this. The following resolution was then adopted:

RESOLUTION NO. 423-1105

AUTHORIZING PURCHASE FROM MENTAL HEALTH BUDGET

RESOLVED, that this Legislature authorizes the purchase of scheduling, billing and electronic records software from Accumedic Computer Systems, Inc. in the amount of \$67,556, purchase contingent upon approval from the State Office of Mental Health to utilize \$60,800 in unspent reinvestment monies from 2005, which is 100% state dollars.

**LEGISLATURE MEETING**

December 7, 2005

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Notices of two Public Hearings for the Town of Shelby; one regarding amending the zoning law; the other regarding a garage sale local law.

During open discussion, Legislator Kent said four or five months ago we received a report from the County Attorney regarding deputy election commissioners; whether they can be ~~229~~ back into the step and grade system.

Legislator Kent asked if anything is going to be done about this. Dave Schubel said, as he recollects, the deputies had been removed from the step and grade system and were not getting longevity. An inquiry was made as to whether or not it is permissible to put them back into the step and grade system, and whether they could get longevity, He said he feels that they could and they can. Whether you do it or not, is a policy decision. Legislator Bennett said a resolution would be needed to do that. Legislator Kent said, with all the changes they (Elections) will be forced to deal with in the next year or so, this would be a good time to throw them a bone of some sort. Chairman Tuohey said, so as of the first of the year, they would go back to the step and grade system. Legislator Bennett said yes, he thinks we should do that. Legislator Callard agreed that this resolution should be proposed for December 28. Legislator Bower said the new one never starts at the bottom step; they are always paid the same. When the last newcomer came on she was paid the same as someone who was there for years. Legislator Callard said he and Legislator Bennett will formulate a resolution.

Chairman Bower introduced a resolution to adopt the 2006 Orleans County budget, with a change from the preliminary budget. Chairman Tuohey said this change from the preliminary budget will provide for an average tax rate of \$8.53 per thousand, which is an increase of .38 cents per \$1000, or a 4.705% increase. Chuck Nesbitt said, due to rounding, it is actually a .39-cent increase. The Clerk pointed out that previous resolutions adopting the budget with an amended figure included the information of what the actual change is that was made. Mr. Nesbitt said that would be an additional \$150,000 taken as cash surplus from the road fund. A roll call vote was then taken and the following resolution was then adopted:

RESOLUTION NO. 424-1205

ADOPTING THE 2006 ORLEANS COUNTY BUDGET

WHEREAS, the 2006 preliminary budget for Orleans County was presented to the general public at a public hearing held at 7:30 p.m. on December 5, 2005, and

WHEREAS, this Legislature has reviewed and discussed said preliminary budget, be it

RESOLVED, that this Legislature does hereby adopt the 2006 preliminary budget, with one amendment, which is an additional \$150,000 from the Highway road fund to be used as cash surplus.

Moved, Bower; second, Beedon. 230

After adoption of the resolution, Legislator Bower thanked Susan Heard, Chuck Nesbitt and all the legislators for all their hard work in getting to this point where we could adopt a budget that hopefully will satisfy the people that we represent. The following resolutions were then adopted:

After the executive session, Legislator Callard motioned to adjourn; second by Legislator Beedon. Meeting adjourned at 5:40 pm.

**LEGISLATURE MEETING**

December 14, 2005

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Announcement of NYSAC Legislative Conference to be held from January 30 through February 1.

During Open Discussion, Legislator Kent asked about the possibility of passing a resolution encouraging the towns to give a moratorium on tax assessment increases. Chairman Tuohey said that is something to be handled at the local level. Legislator Kent said he knows it has to be done at the town level, but he is looking for the Legislature to encourage the towns to do it. Chairman Tuohey suggested that this would be a good topic to bring up at the Supervisors and Legislators meeting. Legislator Kent said it would be a good idea for the Legislature to pass a resolution encouraging this. Chairman Tuohey suggested that Legislator Kent talk to the County Attorney regarding a resolution.

Andrew Lucyszyn, Director of the Public Health Department said the disaster exercise that was held this past week was very successful according to the regional coordinators and the State Health Department. Mr. Lucyszyn thanked the legislators for allowing county employees to participate; he also thanked the employees who participated.

Chairman Tuohey asked Chief Administrative Officer Charles H. Nesbitt, Jr. to report on the meeting that was held with Cannon Engineers this afternoon. Mr. Nesbitt said we met earlier today with Cannon Design, our construction management and architectural and engineering firm for the proposed nursing home project. The project specs came in on what is being proposed as a reduction in cost. The original total project cost was just under \$10 million. The new design is approximately \$6.28 million for construction and contingencies relative to construction. Planning, architecture and engineering, construction management and other expenses such as surveys and testing, comes in at approximately \$937,569. Equipment under the new plan comes in at roughly \$190,000, for a total project cost of \$7.406 million, with additional cost for financing and interim interest expenses of approximately \$560,000, bringing the total comparable project costs to \$7,966,848. Mr. Nesbitt said he believes it is the intention of the Legislature to look at voting on the project on December 28.

Kathy Ahlberg spoke about the Totally Wireless agreement. She said the amount of time being spent by the office staff trying to determine what the bills are for is not worth the small amount of savings that has been realized since the contract began. The owner of Totally Wireless agrees that there is more time being spent by both parties than is warranted by the small savings. It was agreed that a letter will be sent to Totally Wireless to terminate the agreement.

Susan Heard, County Treasurer, distributed a report, which shows the difference in the amount of school, and village relieved taxes for 2004/5 and 2005/06. The school districts will take in \$78,409 more than last year and the

villages are up by \$94,323. Legislator Bower asked Mrs. Heard to explain how the county up fronts this money. Mrs. Heard said the county makes the towns, villages and school districts whole. This is the amount of their unpaid school and village taxes that the county will collect and make payment to them, so they are paid in full.

The following resolutions were then adopted:

Legislator Rush, along with the rest of the board members and office staff, presented Chairman Tuohey with a plaque in recognition of the 16 years she served on the Orleans County Legislature; 10 of which were in the capacity of Chairman. Legislator Beedon presented a resolution amending a prior resolution regarding a purchase made from the Mental Health budget; second by Legislator Callard. Legislator Beedon explained that the original resolution approved the entire dollar amount to be paid to Accumedic, but there was software purchased too, so there is a bill for Accumedic Computer Systems, which is not the total amount. They will be paid \$44,228 and Docutrac is paid the other \$23,328 for software. It is the same dollar amount, but the way it was before, we could not make the payment to Docutrac. Chuck Nesbitt said the Docutrac portion is a functioning piece of the entire software package and it will not function without that. The following resolutions were then adopted:

## 2006 Budget Message

### Overview

This 2006 preliminary budget proposes an increase of \$734,484 in the total levy. Overall spending under this budget will increase \$3,073,014 or 5.27% while revenues will grow by \$2,510,832 or nearly 5.4%, increasing the county cost by \$562,182 or 4.72%. The projected year-end fund balance available to reduce the tax levy is \$970,000, a 15.7% decrease from the 2005 budget. The value of real property countywide has increased by 0.87%.

The result is a bottom line 2006 property tax rate of \$8.63 cents per thousand, 49 cents greater than a year ago an increase of approximately 6%.

### Fund Balance

A reduction in the use of existing fund balances (\$180,000) is a significant contributor to the increase in next year's tax levy. The \$970,000 is made up of three components: \$885,000 from the General Fund, \$65,000 from the highway fund and \$20,000 from the machine fund. The \$970,000 amount is to be generated by projected growth in the corresponding fund balances and higher than expected 2005 sales tax receipts.

### Debt Service

The 2006 cost of the County's long term debt has been reduced by \$10,725 with the total outstanding County debt at \$6,555,000.

### Appropriations Highlights

For the first time in recent years the County will provide a subsidy to the Orleans County Nursing Home of at least \$591,000. The subsidy is being offset by a one-time revenue of \$125,000 for disadvantaged facilities making the net subsidy at least \$466,000.

The budgeted amount for contributions to the New York State retirement system is up from 6% of total payroll in 2005 to 9.5% of total payroll.

The rise in the cost of employee medical insurance is expected to be 14.5% or approximately \$444,213 in the 2006 budget year.

The 2006 budget includes \$450,851 or a 5.2% increase in cost to Orleans County taxpayers for state and federally mandated Social Service programs. The grand total of \$9,041,901 makes up 78% of the entire \$11,543,323 levy. New York State is implementing the new cap on Medicaid in 2006, which will allow the County to more predictably budget an approximate 3.5% increase for the 2006 budget year.

The County's Solid Waste and recycling fee remains unchanged at \$140.00 per household.

### Revenue

The 2006 budget projects sales tax receipts to rise by \$950,000 over the budgeted 2005 amount with generally higher fuel costs and the construction of the new WalMart super center in the Town of Albion

Respectfully Submitted,  
Charles H. Nesbitt, Jr.  
Chief Administrative Officer

STATE OF NEW YORK)

I hereby certify that the following Proceedings of the Legislature of Orleans County by the authority of said Legislature are a true statement of the record of such proceedings as filed in this office.

Nadine P. Hanlon  
Clerk of the Legislature

**ORGANIZATIONAL MEETING**  
**JANUARY 5, 2006**

The Clerk of the Legislature called the meeting to order at 4:30 p.m.

Legislator Beedon offered a prayer, which was followed by the pledge to the flag. After the Clerk called the roll, the floor was opened for nominations for a temporary chairman. Legislator Bower nominated Legislator Kenneth Rush; second by Legislator Beedon. Being no further nominations, a vote was taken with all in favor of Legislator Rush being temporary chairman.

Temporary Chairman Rush opened the floor for nominations for a permanent chairman. Legislator Smith nominated George Bower, saying "I, Henry Smith Jr., Orleans County Legislator, District 3, representing the great towns of Albion and Gaines would like to nominate the gentleman from Holley, N.Y., George R. Bower, Orleans County Legislator At Large, to be the chairman for the years 2006 and 2007". Legislator Rush seconded the motion, saying, "George, I know you have put in 16 years of service for Orleans County and I congratulate you." All in favor of the nomination of George R. Bower for Chairman of the Orleans County Legislature.

Chairman Bower thanked the Legislators for their vote of confidence to lead this body. It is a humbling experience. He thanked everyone for being here. Chairman Bower said he views this job as chairman as one who will move things forward and not rule from an elevated position. He said "the past few days I have been told of the many challenges we face, I instead view these as opportunities to serve the people of Orleans County, and we will serve the people of Orleans County as a body of legislators, we not I. We have only started the Nursing Home project, but most of the work is yet to be done. We must look at the jail. We must look at the animal shelter. Acting, not reacting, will best serve the good people of this county. This will be a we Legislature, and to help me never forget this view, I had Buildings and Grounds remove both reserved signs for Chairman from the parking lots and replace them with reserved signs for legislators, so every time I drive into that spot it is going to remind me that this is truly a team effort, and to a lesser extent, all the other legislators. One last thing. Everyone who attends our meeting that wishes to speak will be allowed to speak, and, furthermore, we will listen. Thank you very much".

Chairman Bower said he will now receive nominations for vice-chairman. Legislator Beedon nominated Legislator Kenneth Rush; saying that for the past two terms, Ken has served as vice-chairman and he has served the county well. Whenever the chairman goes away, there seems to be a disaster, and Ken comes through and does a great job of guiding the county through those disasters. Ken is always available and will make a great vice-chairman. Legislator Callard seconded the nomination. Legislator Callard said Ken has done a marvelous job and adds so much to the legislative body. Should you not be able to attend a meeting, he will fill your shoes well. Legislator Callard said he is pleased to second the nomination for Legislator Rush as vice-chairman. All in favor. Legislator Rush thanked the board for the nomination. He said this will be his seventh year on this board and he appreciates the support.

Chairman Bower said the members of the Legislature met to decide who would best fit the committees to represent the people in our county.

The following resolutions were then presented:

**LEGISLATURE MEETING**

January 11, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: 2005 Annual Report from Cornell Cooperative Extension, Orleans County Marine Park 2005 Annual Report, Announcement of Agricultural and Farmland Protection Board meeting, Notice of Supervisors and Legislators Association meeting.

During open discussion Legislator Beedon motioned to waive the rules to add a resolution to today's agenda; second by Legislator Rush. Chairman Bower asked Susan Heard, County Treasurer, to give a brief insight on her office to let the new board members know what to expect. Mrs. Heard said she distributes a cash flow chart to show where we stand, usually the first meeting of the month she furnishes this for the month before. January is a little difficult, because we are still trying to end 2005. She said she usually gives a report on the sales tax at this meeting. She does not yet have the final 2005 figure; she has to wait for a check that comes this Friday. Mrs. Heard said hopefully she will get that information to Chuck Nesbitt to include in the weekly newsletter. Medicaid weekly shares have

now been capped, so instead of the fluctuation we have seen over the last two years, we will know exactly what it is going to be. Chairman Bower asked if that would help the cash flow. Mrs. Heard said yes, because she will know what to expect. She said, other than that, we are swamped with payroll changes; it is a busy time of year in the Treasurer's Office.

The following resolutions were then adopted:

TERMS OF AUCTION  
ORLEANS COUNTY TAX PROPERTY AUCTION  
ORLEANS COUNTY COURTHOUSE  
ALBION, NEW YORK

MAY 6, 2006

10:00 AM

This is the sale at public auction of various parcels of real property which have been conveyed in the County of Orleans by final judgment under the so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by various resolutions of the Orleans County Legislature and is in accordance with the appropriate provisions of the Real Property Tax Law. This sale and sale of each and every parcel herein is upon the following terms:

All sales are made subject to confirmation and approval thereof by the Orleans County Legislature, which confirmation and approval will be requested at a special meeting of the said Legislature to be held directly following the auction. The resolution of confirmation will be immediately available at the close of said meeting. At least 25% of the final bid for each parcel shall be paid to the Clerk of these proceedings prior to the start of the special Legislature meeting above stated. Payment shall be in cash or by a good check upon a New York State financial institution. The balance of the successful and accepted bid for each parcel shall be paid in cash or by certified check to the Orleans County Treasurer, Central Hall, 34 East Park Street, Albion, New York, 14411, no later than Wednesday, May 31, 2006 between 9:00 AM and 5:00 PM unless extended by the Legislature. The County of Orleans is not required to send any notice to the purchaser or purchasers, and if the purchaser or purchasers neglect to pay the balance due and call at the Orleans County Treasurer's Office at the above stated time the successful bid shall at 5:00 PM on Wednesday, May 31, 2006, be deemed conclusively to be abandoned, the deposit retained by the County as liquidation damages and the parcel in question disposed of in such manner as the County determines without notice to or benefit to the defaulting purchaser. Upon payment of the balance, as above provided, the County of Orleans will deliver a standard form quitclaim tax deed which shall describe the parcel in the same manner as in the In Rem Foreclosure deed to the County and which shall quitclaim all of the right, title and interest of the County of Orleans in and to the said parcel. The said deed shall name as grantee the successful confirmed bidder and shall state the amount of the successful confirmed bid. The County of Orleans will execute no warranties concerning the parcel or the title thereto and will not deliver or be responsible for abstracts, title searches, surveys, maps or other documents concerning the parcel whatsoever. The deed shall contain a condition and covenant that Orleans County shall in no event be or become liable for any defect in the title so conveyed for any cause whatsoever, or that no claim or demand of any nature shall ever be made against said Orleans County arising from such sale or conveyance or any proceedings leading thereto. All parcels are sold subject to the 2006

Town and County tax, including any relieved charges and the 2006 recycling waste fee. The amount of such unpaid tax shall be announced by the auctioneer prior to the auction of each parcel. The unpaid taxes must be paid prior to May 31, 2006 to avoid further penalty, and prior to the filing of the deed.

The purchaser upon payment of the final bid and the unpaid taxes shall also deliver to the Treasurer a check for all recording fees due to the County Clerk for recording the deed. Such fees are estimated as follows: The deed document (required Orleans County cover page plus 2 page deed document) will cost \$34.00, the Equalization and Assessment Form (EA-5217) \$75.00 or \$165.00, depending on property class with residential and agricultural @ \$75.00 and vacant @ \$165.00, Combined Real Estate Transfer Tax Return Credit Line Mortgage Certificate and Certification of Exemption from Payment of Estimated Personal Income Tax Form (TP-584) for a fee of \$5.00 and transfer tax due at a rate of \$4.00 per \$1,000 of purchase price beginning with purchases over \$501.00 and more. For example, if the final bid is \$10,000, the transfer tax would be \$40.00 (10 times \$4 equals \$40). The successful and confirmed purchaser shall take the parcel "as is" upon delivery of the above stated deed, in such condition as the same exists at that date and subject to all alleged possession or other claims and all covenants, easements and restrictions of record. The various parcels have been available for view by any and all interested parties prior to this sale. No adjournment in bidding shall be allowed for further viewing of any parcel. The various parcels shall be offered from the list of parcels previously available in such order and manner as the auctioneer shall deem proper. Legislator Beedon presented a resolution authorizing a subrecipient agreement with the Industrial Development Agency. The County Attorney said this agreement is to administer the grant covered by a previously tabled resolution, so it would seem appropriate to table this one. Legislator Beedon tabled the resolution.

Chairman Bower asked each legislator to briefly report on his or her recent activities. Legislator Smith said that last Wednesday the Chairman, CAO, Jail Superintendent and Sheriff went to Albany to the Commission of Corrections to get information regarding the jail. He said we have to start looking at building a new jail. Mr. Nesbitt said we needed the commission to extend a variance to us for an additional six months in regard to our population in the jail. We are certified for 82, but have spikes, particularly on weekends. We were granted a variance for six months. At this meeting we saw a slide show with pictures of our jail, showing some of the problems with the facility, we discussed some of the boarding in we are doing. We have an agreement with Genesee County to board their female prisoners, also at times from various other agencies, which generates revenue for the facility. More or less what was discussed was the county needs to begin moving in the direction of either renovating the facility, which the state said would be throwing good money after bad, as the structure was not so well built, or move in the direction of building a new jail. Otherwise, we would no longer be granted permission to board folks in. It was made clear that they have the ability to allow or not allow us to board in. We make about \$300,000 revenue on that per year. Mr. Nesbitt said the initial step will be to take part in a training course with the

National Institute of Corrections. The institute allows, free of charge, a four-day training course, which allows four people from the county to attend. Mr. Nesbitt recommended sending a contingent to attend that course. Chairman Bower said the course will be held from May 1 through May 4. The institute spells out who should attend. Mr. Nesbitt said they want the Sheriff, Jail Superintendent, County Administrator and Chief Executive of the county to attend. Following that, we will have to commission a study to determine what our needs are. They gave us numbers on what they thought would be proper bed numbers, they laid out between 150 and 200, which is significantly larger than what we have now. Following that would be a move toward design and structure. Legislator Rush asked if we get a variance six months at a time. Chairman Bower said it had been for a longer period, but now it has been shortened to six months. Legislator Smith said as long as we actively pursue this, the variance will stay in place. Legislator Allport asked how long an independent evaluation would take for the findings to come in; about 30 days; will that satisfy the state? Mr. Nesbitt said as long as we are moving in that direction, this body will be the one to determine how quickly we can run something like that. Chairman Bower said we are talking three to four years from now for it to be done. They will give us time and variances as long as we are moving ahead. Mr. Nesbitt said if we do not move forward, we will lose our jail revenue, and they can order us to build a new jail, in which case we lose the ability to be proactive and make our own decisions. Chairman Bower said the biggest downfall of not doing anything is that once we lose the variance, when the population hits a certain number, everybody else would have to be boarded out somewhere else and that is a tremendous expense. Legislator Rush asked if there are any counties that go together on building a jail. Chairman Bower said, not to his knowledge. Legislator Rush said he asked the question because Genesee County is thinking about the same thing we are. Chairman Bower said they asked about juvenile facilities, they would have to be separate buildings. That would be a big undertaking, but we will look at everything.

Legislator Rush said he attended Highway and Buildings and Grounds committee meetings a few days ago. They are pretty much in line with what they are going to do this year. We discussed a couple of new vehicles that have been budgeted, one for each department. It looks like the state bid is reasonable.

Legislator Allport said the meetings he has gone to for Mental Health and the Board of Health were very interesting. What these people do for the

county is amazing. The Board of Health is receiving a trailer through a grant. One of the items that is key to them is an outside tent in case of a countywide disaster and they have to set up shop outside. This trailer is coming to the county through the Homeland Security grant.

Legislator Eick said he attended basically the same meetings as Legislator Rush. Soil and Water the first part of the month; Cooperative Extension. They are more than pleased with what contractors are doing with their new building, and pleased with the time frame. Chairman Bower said Legislator Eick is now a co-chair of the Legislators and Supervisors Association.

Legislator Beedon said he has been very involved with Nutrifare and the Office for the Aging. He was appointed to the Nutrifare Board, which has reorganized and is now bringing two people from outside the church on to their board. Legislator Beedon went to a meeting this morning at which they discussed issues that the county and nutrifair have faced during the last six to eight months. There is a lot being done for seniors in this county.

Legislator Smith said it has been an exciting month for him, working with Legislator Beedon and their committees. Social Services is certainly a learning curve, also the Nursing Home is going to be a challenge. Legislator Smith said he has recently scheduled some 8:00 a.m. committee meetings, which some people are not too excited about it, so he will make changes. He said things are going well in the county and he is looking forward to an exciting year.

Legislator Callard said he and Legislator Allport have formalized a schedule to meet with every committee at least once a month. The Finance Committee met today. We discussed the upcoming financing and questions relative to the Nursing Home project; also some issues with regard to in rem properties. It will be important for us to be involved, especially with projects such as the Nursing Home, to make sure operations run according to budget and the construction, these need to be followed closely. Legislator Callard said the Treasurer has indicated that a healthy sales tax check has been received.

Chairman Bower said people from Cannon Design were at the Nursing Home yesterday. They talked with each of the different employee groups to get their input on what is needed in the Nursing Home. They are really

interested in this and willing to work with us. I look for nothing but the best in this next year to come regarding the Nursing Home.

Legislator Callard motioned to adjourn; second by Legislator Smith. Meeting adjourned at 7:10 p.m.

## **LEGISLATURE MEETING**

February 8, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present with the exception of Legislators Beedon, Eick and Smith.

The Clerk presented the following communications: Notice of February Intercounty meeting, Notice of filing of the 2005 Dog License Report, Notice of Planning Board meetings for the 2006 year, Notice of February Supervisors and Legislators meeting.

During open discussion Chairman Bower thanked those department heads that were present for coming. Addressing the students in attendance, Chairman Bower said over the next year he is going to try to get the students a little more involved. He passed out brochures to help familiarize the students with Town and County government.

Legislator Callard motioned to add four resolutions to the agenda; second by Legislator Rush. All in favor.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through the end of 2005. She also handed out her cash flow reports for the months of December and January. Mrs. Heard said you can see that in December the amount that had to be spent was more than receipts taken in. We made the \$1,700,081 payment to the retirement system, which could only be done with the help of some of our big townships. Albion, Ridgeway and Murray gave some tax money in advance. Now the tax money is coming in so we are in an improved state of finances. Yesterday we received the first sales tax payment for the year, which was \$89,000 above last year at that same time. Legislator Callard asked if that will be the only payment made to the retirement system this year. Mrs. Heard said yes. Legislator Callard asked if we had to pay that much last year. Mr. Nesbitt said we did not pay any last year. In the past, the 2006 payment would have been made in 2005. We were

given the opportunity to either continue that way or make the 2006 payment in 2006. The following resolution was then adopted:

RESOLUTION NO. 60-206

AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY

WHEREAS, claims for the General Fund, Job Development Agency, the Highway Department, the Nursing Home, and account S1710 of the Self-Insurance Fund have been audited by this Legislature, be it

Moved, Callard; second, Aliport.

Adopted. 4 ayes; 0 nays; 3 absent, Beedon, Eick and Smith.

Legislator Rush said he should have presented the previous resolution since he audited the bills. Chairman Bower explained that there are a lot of resolutions that different legislators than usual will introduce because there are three members that are absent. Chairman Bower explained that resolutions are usually offered by the Chairman of the particular committee. He said the brochures he distributed explains some of that and suggested the students read it, and share it with their instructors. The following resolutions were then adopted:

Mrs. Heard said tax collection is coming in pretty well; it is up almost \$400,000 over this same time last year. She has received the first five sales tax checks for 2006, and that amount is pretty good, \$57,000 above last year's money. Mrs. Heard said she is wrapping up all the necessary paperwork to get the bonding going on the nursing home. That is expected to go out this week.

The following resolutions were then adopted:

**LEGISLATURE MEETING**

March 22, 2006

The meeting was called to order by the Chairman at 6:35 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

The Clerk presented the following communications: Notice of Farmer to Neighbor Evening, Notice of Hazard Mitigation Team meeting, Notice of Legislators and Supervisors Meeting, Notice of dinner and chinese auction sponsored by the Red Cross, Notice of Negative Declaration regarding Town of Murray's Local Law 1 of 2006, which is Moratorium on Wind Energy Deriving Towers and Transmission Facilities, Notice of March 23 Planning Board meeting, Resolution adopted by Livingston County urging the Governor and the State Legislature to enact senate and assembly bills providing long term care financing reform.

During open discussion, Chairman Bower said he asked Wayne Hale to be here today to discuss a transient docking project that has been in the works a long time. Chairman Bower said Mr. Hale has been working on this for a long time, and has had all kinds of problems with the federal

government; now it is finally resolved. Mr. Hale said after nine months, we have all our approvals. He distributed the plans to the board members. Mr. Hale explained that this is a joint project between the Town of Carlton and the county. Last year we applied for state funding and received it. We have a grant from the State Coastal Management Program to do this. It basically serves the need for transient docking at the point. There is none available to the public now. This will be established between the existing launch ramps at the Marine Park, north about 175 feet near the handicapped-fishing platform. This will accommodate seven or eight boats based on the average size boat on Lake Ontario. We want this to be transient use, for a couple of hours. We have to establish some guidelines. We do not want to step on the toes of marina owners who want overnight guests at their docks as well. This will be similar in construction to the docks at the launch ramp. The floating docks will be on floating piles that will be attached within the creek. There will be two gangways; one attached on south to the deck where people can access the docks. The issue of fishing came up with the permitting process. We certainly want to continue to allow fishing. We will have to take these out in the winter. The flow is pretty swift and we do not want ice damage. Part of the project is in kind service by both the Town of Carlton and County Highway Departments to an amount of about \$20,000, to prepare the site, there is a lot of debris, timber, concrete etc, that will all be removed. Ed Houseknecht said they will use big concrete blocks for bank stabilization. We have an agreement with the Town of Carlton. We applied for the grant to both the Department of State Coastal Management and NYS Parks Environmental Protection Fund. We were denied by Parks, but did receive \$50,000 from the Department of State, but counties are not eligible for that money. The town is the applicant, so we signed an agreement with the town. They are doing the bidding. The bids are due at their April 11 meeting and shortly thereafter we will get together and approve the bids. The construction of the docks will probably take the longest; installation will not take very long. The work for the county and town highway departments will depend on when the docks will be available. We do not want to close off that section of the park for a couple of months during the summer. Chairman Bower said the county put some money into this. Mr. Hale said the county put in \$30,000. We expect this to be a \$75 to \$80,000 project. The money has been transferred to a Town of Carlton fund so they can have up front monies; this is a reimbursable project. Legislator Smith asked about the time frame. Mr. Hale said he hopes it will be done by August. Mark Watts asked if there are any electrical or lighting improvements as part of the project. Mr. Hale said there is nothing in the specs, but we may want to do something later. We

do not need approval by the Corps of Engineers or the Coast Guard if we are not doing navigational lights. Chairman Bower thanked Mr. Hale for the work he has put into this. Mr. Hale said he thinks this will help bring more tax dollars into the county with boaters coming from Canada and from the east and west.

The Legislators reported on their activities since the last Legislature meeting. Legislator Allport said one of the things he did was go to Orleans Enterprises. He strongly recommends touring this facility to see what the Arc of Orleans is doing for their clients; it is very impressive.

Legislator Eick said he has met with Highway and Buildings and Grounds. Mr. Houseknecht, Highway Superintendent, said they are getting caught up with winter projects. They are getting ready to look at the Murray bridge for replacement. Ed Morgan, Town of Murray Highway Superintendent, said a public informational meeting will be held on April 4. As far as Buildings and Grounds, Mark Watts has done some estimating on fencing. We are still working on the furnace at Emergency Management. \$6,000 is too much to spend on an old furnace. There are a couple more bids coming in. If the bids are too high, I think we will go ahead and put the walls up with the idea that once the furnace goes, it can be taken out and it will have to be put to bid at that time. Legislator Eick said the Cooperative Extension building is coming right along and it is anticipated that it will be finished sometime in April.

Legislator Beedon said last Friday he and Chairman Bower went to Glens Falls for the Intercounty meeting. The thrust of the meeting had to do with Nursing Home reimbursement rates. Legislator Beedon referred to the resolution that was adopted by Livingston County that was mentioned in communications at the beginning of the meeting. Livingston County built a new nursing home, which cost about \$35 million. Before building that nursing home, they were losing \$90 a day on Medicaid reimbursement. After it was built, the loss went down to \$55 a day. There are bills going before the State Legislature to provide for long term care financing reform, which would increase the Medicaid reimbursement rate in New York State. It is now based on 1983 costs. Every nursing home in the State of New York is operating on 2006 costs. 90% of the nursing homes in New York State are losing money. This has nothing to do with management. They are operating on 2006 wages and reimbursement rates almost 23 years old. Part of the problem will be solved by our new nursing home, but Livingston County would like us to support these two bills. The goal is to bring the rate up to 2002 and 2003 costs, then every

five or six years maybe revisit the Medicaid reimbursement rate. As of last October, the fund balance they worked so long to build up is depleted. Chairman Bower invited anyone who is interested to attend the Intercounty meetings, which are held on the third Friday of the month. The next one is in Allegany County and the program will include a tour of their jail.

Legislator Smith said he went to New York City on March 8 to the Simon Wiesenthal Tolerance Center. He was invited by Dr. Grabowski as part of a group of about 20 people from Orleans County. Legislator Smith said, if we can work through what they are asking us to do, we will be used as a model all over the country. Albion was picked because of the diversity here in the county. The center is about all the things that used to be done in a discriminatory fashion from years ago, be it people of color, Japanese, Chinese. They are trying to show you what happened in those days so it does not come back again into Orleans County or any other county. Legislator Smith said he is pleased we were picked. The group that went will meet in a week or so and will come up with a strategic plan as to how we are going to implement this so everyone has an opportunity to use it. Dean London, the Albion Police Chief, is part of the group that went. He is putting a group together, and some of those people will go to the center. Legislator Smith said he asked Chief London to include the legislators as part of this group.

Another thing Legislator Smith has been working on is the dog shelter. He commended the Legislature for getting together and pulling this off. We found a location here in the county that includes a building and two acres. It is in move in condition. This will not cost the county any more than what we are paying now. This is an excellent opportunity for the county. Legislator Smith commended the Chairman for pushing to make this happen. The deal was finalized today at a cost of about \$150,000, which will be paid off in three years. Legislator Smith asked the Chief Administrative Officer if he wanted to add anything. Mr. Nesbitt said the site is on the corner of Routes 98 and 31A. The property is the former Starrview Kennel. Mr. Nesbitt said there is a resolution on tonight's agenda to approve this purchase. The facility includes an increase in space from the old facility. The facility has 40 runs; we have 17 now. There is a lot more space. There are also some safety and other issues with Agriculture and Markets that will be remedied with this purchase. Legislator Beedon thanked Kathy Smith, the Animal Control Officer, who came up with the idea of considering Starrview Kennel for use as the county animal shelter.

Legislator Beedon said this afternoon the county received an award from United Way of Eastern Orleans for an increase in donations given by our employees.

Legislator Callard thanked Legislator Beedon for explaining the proposed legislation for nursing home reimbursement rates. He said he would urge the legislature to consider its support of Livingston County's proposal. This is paramount to the success of nursing homes across the state. Legislator Callard said he thinks all the departments under his committees, which are shared with Legislator Allport, are doing a fine job. The Treasurer's Office is about ready to begin expansion of their computer system, which will be more state of the art and will give networking capability, especially in terms of the budget. The departments do not know when their revenues come in until they are informed by the Treasurer's Office. The departments will have the capabilities of reviewing their own budgets in terms of revenues and expenditures. In our Finance Committee meeting we learned from the Treasurer that the fund balance for 2005 should be completed by the end of the month, and it appears that we will at least hold our own. That is always a fine accomplishment. We talked about the delayed opening of Wal-Mart, which should not have any impact on our revenues. We are a little ahead in some areas, and a little behind on others. Overall we are on an even keel for the first three months of the year. Legislator Callard said he is also working with Rural Opportunities, which is dedicated to betterment of the quality of life for rural workers. They have met with the Town of Carlton to discuss some housing improvements that would be located in that town. Legislator Callard said he will continue to work with Rural Opportunities to help improve the quality of life in that area.

Chairman Bower said there was an article in the Medina Journal that he was going to speak extensively on, but after all the good things we've talked about tonight, he does not think we should talk about it at all. He said to the reporters, if you have a little picket fence around a dollhouse and decide to paint it, never use a 3" brush to do it. Todd Fielding of the Buffalo News asked Chairman Bower if he could provide some context to that statement. Chairman Bower suggested that Mr. Fielding read the "Our View" in the Journal Register that was published a few weeks ago. Chairman Bower said, at our first meeting when we formed this Legislature, we talked about three things: the jail, the nursing home and an animal shelter. They were the priorities we were going to look at. He said he did not believe we would make such progress in such a short time.

Some of us are going to classes regarding building a new jail, with expenses paid by the US government. This is so we will be more attuned to what we need to do when building a new jail. It is a complex undertaking. You have heard about the progress with the nursing home. It has been a struggle. This year there have been many meetings to get moving with getting it closed up by winter, because if it is not, the dollar signs will go right out the roof. As far as the animal shelter, not two months ago I named a committee to look into it, with Legislator Henry Smith as the Chair, also Legislator Jack Beedon, CAO Chuck Nesbitt, Sheriff Scott Hess, Buildings and Grounds Superintendent Mark Watts, and Animal Control Officer Kathy Smith. We were thinking about building. Some legislators went to Genesee County and saw the building that they spent \$850,000 on. We thought about doing this, then at one meeting Kathy Smith presented the idea of looking into buying Starrview Kennel. The group looked, came back all enthused. Then there was a meeting where discussion included what kind of fence could be put up, and incineration. Now we are here today with a resolution on to buy that facility. Chairman Bower thanked the committee, legislators and Kathy Smith for the work they put into this.

Legislator Beedon motioned to add six resolutions to the agenda; second by Legislator Smith. All in favor.

The following resolutions were then adopted:

## **LEGISLATURE MEETING**

April 12, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Resolution adopted by Schoharie County requesting New York State to take back local share of Medicaid as a component of true Medicaid reform and to utilize current budget surplus to fund same, Notice of April Oak Orchard Watershed Protection Alliance meeting, Notice of April Intercounty meeting, Notice of Hazard Mitigation Planning Team Meeting.

Legislator Callard presented a proclamation to Dale Graff, the Legislative Coordinator for "ABATE". The proclamation is to promote Motorcycle Safety and Awareness Month. Legislator Callard announced that the ABATE rally will be held on April 30. The ceremony is at 2:00. Chairman Bower thanked Mr. Graff and his colleagues for all they have done. Mr. Graff thanked the Legislature for recognizing motorcycling and making it safer.

Michael Giglio, American Legion Orleans County Commander, along with Frank Berger, 1<sup>st</sup> Vice Commander of the Butt-Clark Post, Medina, and Charles Pulaski, Commander of the Jewell Buckman Post, Holley, was presented by Legislator Beedon with a proclamation declaring April as American Legion Membership Month. Mr. Giglio thanked the Legislature for the proclamation. He said membership is the life flow of the American Legion family. Mr. Giglio summarized key areas of the American Legion, including taking care of our veterans, taking care of our children, standing for a strong national defense. The goal for membership

in Orleans County is 941 Legionnaires. As of March 30, only 809 Legionnaires have paid their dues. Mr. Giglio said this is one of the reasons he wanted to call attention to the need to meet their goal. The good we are able to do is directly related to our strength in numbers. With your support this program can be the first step in assuring a stable future for the American Legion. Our veterans, our community and our country need that. I thank you for your time and the proclamation presented to us today.

After the presentation of the proclamations, the legislators reported on their activities over the last two weeks. Legislator Allport said he has finished his tour of the Arc of Orleans. He had a tour of the County Highway Department, Treasurer's Office and Real Property Tax Office. It has been very educational. Legislator Allport said he went to the meeting regarding the bridge over County Line Road. It is going to be a nice looking bridge. Legislator Allport sat in on a meeting regarding pistol permit software. He said this looks very impressive.

Legislator Eick met with the Highway Department and Buildings and Grounds. The biggest project coming up is the bridge. There was a meeting on that April 4. They are finishing up tree work. Still working on the furnace procedure at the Emergency Management Office. Nothing new with Soil and Water. The mower is in. The procedure and schedule is made out.

Legislator Beedon said the Nursing Home project continues to move ahead nicely. On April 25<sup>th</sup> we are going to Cannon headquarters. They are going to run us through all the things that have to be done to get this project off the ground. We want to make sure there are no glitches. Tomorrow Jack Welch and I are going to a Regional Collaboration Session in Rochester on long-term health care. We will be sharing ideas with other health care providers in the Rochester/Buffalo area. Today you will be approving a resolution we are passing in support of senate bill S5881 and assembly bill A8983. This resolution addresses long-term care financing reform.

Legislator Smith said he is also on the committee for the nursing home, and it is exciting and interesting. He said he was hoping the closing would be held today for the animal shelter, but hopefully it will be done in a week or so. We need a little cosmetic work to be done by the end of the month. We plan to move in by May 1. That is moving along quite nicely. Legislator Smith said he would like a letter of support from the Legislature

for the Albion School District. They are planning on putting some athletic fields on land that they purchased near the school. They are drawing up some plans, and have involved the towns. Legislator Smith said he was asked to sit on the board to look at what we can do to bring some things into the community for the youth. They are going to approach some corporations hoping to receive some grant money for a study.

Legislator Callard said the Sheriff's Department overtime cost is within \$270 of budget. That is a fine accomplishment to have brought that in line. Over spending in corrections is being offset by savings in public safety. Legislator Callard said he has been appointed to the Board of Directors for the Habitat for Humanity. They build a house per year, strictly from donations. He discovered that only two or three counties in all of New York State tax the habitat while the building is in progress, yet they each have the same not for profit status. He is going to investigate this. While it is not the county's responsibility, something must be occurring to cause us to be one of the exceptions. Site selection and plans are beginning to build their 11<sup>th</sup> house in Orleans County.

Chairman Bower asked the County Attorney if he had any information regarding when the closing will be for the animal shelter. Mr. Schubel said the survey work has been done and he is waiting for the abstract. When we get that, we are in a position to close.

Chairman Bower asked the Chief Administrative Officer if he has anything he wants to discuss. Mr. Nesbitt said he is working on any number of things, some of which are sensitive or not quite ready for this forum. He said when they are ready for this forum, he would like to defer to the committee chairman to announce or do with those things as they please.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through March 2006. Mrs. Heard said you can see where the cash balance stands, however, on April 1 she did mail out the sales tax distribution to the towns and villages, amounting to about \$450,000. Also on April 1 the schools and villages sent their returned taxes that were paid to them in the amount of \$3,038,000. Chairman Bower asked Mrs. Heard her feeling overall. Mrs. Heard said right now the county is in fine shape. She said the State Comptroller had an exit audit last week. There was nothing they wanted to review further. We passed their risk assessment with flying colors. Mrs. Heard said tomorrow is the closing on the bond sale and she is hoping for a good rate. Legislator Beedon asked how sales

tax is looking. Mrs. Heard replied that she has received one check in April that was up about \$35,000 over last year's check at the same time. She receives another check tomorrow. Legislator Callard said the fund balance has maintained itself. Our cash situation has strengthened, as you can see each month.

Legislator Rush said he met with Buildings and Grounds on Tuesday, and attended a meeting at the Town of Carlton that evening. He attended a Planning Board meeting earlier today.

The following resolutions were then adopted:

#### RESOLUTION NO. 154-406

## **LEGISLATURE MEETING**

April 26, 2006

The meeting was called to order by the Chairman at 6:40 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Resolution adopted by Putnam County requesting the state to overhaul its education system to better provide for cost efficiencies such as consolidation of services and to provide for further relief in the financial burden on our residential home owners by shifting their present portion of the cost of education to another revenue source, Notice of April 27 Planning Board meeting, Notice of 2006 Lake Ontario Pro-Am Salmon & Trout Team Tournaments, Announcement from the Health Department of a presentation for community leaders regarding pandemic flu to be held on May 8 at 7 P.M. in the Albion Middle School Auditorium.

During open discussion, the legislators reported on their activities over the last couple of weeks. Legislator Rush said he attended the Kendall Town Board meeting. He said he usually goes to the town meetings for the three towns he represents. He attended Highway and Buildings and Grounds committee meetings, also a meeting with Cooperative Extension, as well as attending the Intercounty meeting in Allegany County, which included a tour of their jail. Legislator Rush also went to the Supervisors and Legislators meeting.

Legislator Allport said he attended the Community Services Board meeting. He said there is a big push this year for public education of the services they offer and they are trying to reduce the stigma associated with their services. On May 13 at the 4-H Fairgrounds from 11:00 until 3:00 the Mental Health Department, along with the Community Services Board, will have a fair to start this educational process for the public. Legislator Allport also toured the jail in Allegany County. The other night, Chairman Bower presented at the Emergency Management meeting the possibility of locating them in any new structure. In Allegany County they put the Sheriff's Department and all their emergency management offices and training centers all right there in the jail. Legislator Allport attended the Arc dinner, and was very impressed with the turnout. He said

there will be a public meeting at the Albion High School regarding the ethanol plant, on May 16.

Legislator Eick attended the Arc dinner last week. He said it was very enlightening to see the kids. They have a very good program. He also went to the Intercounty meeting and toured the Allegany County jail. He said we heard a lot of ins and outs of what could have been different in that jail. Once we sit down and consider building a jail we have to look at all that. The person that gave the tour is a very knowledgeable individual. He has been on the project since day one. Legislator Eick said these are the things he likes to hear before we get started on something. He met with Cooperative Extension last week. There is nothing new going on there except moving into their new building this week. They moved last Friday and are getting organized this week.

Legislator Beedon said one of the committees he serves on is Veterans Services, which he really enjoys. They have a breakfast meeting once a month and talk about things that concern veterans. On March 23 Legislator Beedon went to Lyndonville where they honored two people who were charter members of the founding of the American Legion in Lyndonville. Tomorrow night he is going to the American Legion in Medina where they will be honoring 50 and 60-year members. We are continuing to bring the nursing home project together. Yesterday we went to Grand Island to Cannon Design. The designs will be going out to bid soon. Legislator Beedon said he would like to recognize two people for doing a great job in assisting Cannon. One is Jack Welch from the Nursing Home. He has been a great help coming up with figures and dollar amounts. The other is Mark Watts. There are so many infrastructures to worry about. Mark can sit down with the engineers and discuss it; he really knows what he is doing. Legislator Beedon said at the last meeting we adopted a resolution to support a senate and assembly bill regarding increasing aid to nursing homes. The Governor did veto those bills, but the assembly has overridden the governor's veto and today the senate will override the veto. If it is overridden, the Governor will agree to release those funds.

Legislator Smith said he also went to Grand Island yesterday to Cannon Design. He said it was certainly a learning experience, which he enjoyed. He said he believes this nursing home will be a model when it is complete. Regarding the animal shelter, we have not closed on it yet, and are hoping to within the next couple of days. Mr. Nesbitt said we actually secured a possession agreement this afternoon so we should be able to move in

tomorrow. Legislator Smith said, in terms of the jail, a group of legislators will be going to Colorado in the next few days for a week and hopefully will get a handle on some things we need to know about building a new jail. Legislator Smith went to the Supervisors and Legislators meeting last night, which was very educational. On May 17, we are going to have a meeting of the legislators. This is something we started that will be done on a quarterly basis. This one will be held in Lyndonville. People that can't make our meetings can come to the town meetings and ask questions, or we can give an overview.

Legislator Callard said we are holding our own financially. He had discussion with the Treasurer and Chief Administrative Officer regarding the foreclosure process. We are going to delineate the process from four years to three, and have a written procedure so everyone has a better understanding of it. That will be done over the next couple of months. Another thing that will be done is a review of purchasing procedures. Legislator Callard said he had comments from a number of Town Highway Superintendents regarding a review of the health inspections, hopefully to streamline the process. Legislator Callard also continues to work on the tax-exempt status for Habitat for Humanity.

Legislator Rush motioned to add two resolutions to the agenda; second by Legislator Callard. All in favor. The following resolutions were then adopted:

Legislatur Rush asked for an explanation. Legislator Smith explained that the school owns 60 acres of land that they want to put athletic fields on. There is no cost involved to the county. They are trying to write some grants and are asking corporations to support this. They will place the fields strategically so if they ever put an addition on the school, they will not have to move the fields. Legislator Rush said he understood that when we voted on buying this piece of property, there would not be anything done and it could be rented for farmland. Legislator Smith said they are still renting it for farmland. They did a survey which showed there is not enough for young people to do in this community and that is why they are doing this. Legislator Beedon said the first governmental transfer money came to the nursing home yesterday in the amount of \$321,000. This should cut into the deficit that we are expecting. Legislator Beedon visited with Assemblyman Hawley, who said there is an attempt to compromise to release the rest of the override. It will probably be a reduced rate. Legislator Beedon said there would be a Legislator's town meeting on May 17 in Lyndonville at the village hall. This meeting is for anyone who wants to ask questions of the legislators. Legislator Beedon also attended the Youth Awards Banquet. There were 26 young people awarded for many different things. Two adults were also honored for their commitment to youth. They are Sandy Church and Carmen Brittan. Legislator Beedon also attended Governor Pataki's presentation regarding the ethanol plant.

Legislator Smith also attended the Youth Awards Banquet. As Legislator Beedon said, 26 students were honored, but there are a lot more that could have been. There will be a visit to the Ontario County jail on May 30. The animal shelter was closed on last Friday, and is being worked on right

now. Fencing is being put up and cosmetic work is being done inside. Legislator Smith said there will probably be a dedication in June. Chairman Bower commented that all the labor on the inside is being done by volunteers. Legislator Smith said he is also involved in the Tolerance Committee, for which he went to New York City. This group is very exciting and interesting.

Legislator Callard said all his committees have met during the month and all departments are functioning well. He received a call today from an out of town realtor who asked questions relative to a national firm coming into Orleans County. You never know how far it can go, but this could start the process, which is exciting especially in light of the Bernzomatic closure. Legislator Callard said he has always wondered why, and challenges the newspaper reporters to look into why, the price of gasoline in Orleans County is .05 cents more per gallon than in Niagara and Monroe County. He said this is not to say our retailers charge exorbitantly because he believes they have a standard margin, but the concern is it probably comes in the distribution. Legislator Callard said he thinks our residents deserve better. He asked the reporters present to look into it.

Chairman Bower said he would like Legislators Smith and Callard to serve on a committee to look at just how well or not well our busing is doing in the county. We had promised the people that we would look into it. People's mortgages are going up and that ¼% is being tacked on. Talk to the County Clerk, find out how much that money has generated. Find out how many riders, what rent they are paying, type of riders.... how long might that take? Legislator Smith suggested reporting back at the second meeting in June. Legislator Callard agreed. Chairman Bower said he attended a meeting regarding the nursing home; we met with Cannon Design. Representatives from Cannon Design came in and talked to some of the leaders at the nursing home in the different disciplines, food, laundry, etc, they came up with a real good plan regarding what we are going to do as the nursing home is being built, so it least affects the residents. So many good things came out of that meeting from our staff. Part of this will not come out of the bond money, work being done by the Buildings and Grounds Department. People will be moved around while certain areas are being worked on, to accommodate different things. So many good ideas came out of that meeting. It shows the commitment the staff at the nursing home has to this project. Chairman Bower said no one could do better than what Mark Watts has done and the ideas that he has had. If we have to put part-timers on in the summer to help him, that will come out of that bond money. A lot of things in the nursing home will be

done by our people. Legislator Beedon said we do not have to wait until after September to start the infrastructure work. A lot of credit goes to Mark for working with the engineers. Legislator Rush said he was at the nursing home this morning. He said he compliments Jeff Glatz on his staff, they are doing a great job. Legislator Smith also complimented Mr. Glatz.

Legislator Smith motioned to add two resolutions to today's agenda; second by Legislator Callard. All in favor.

The Treasurer distributed the Analysis of Monthly Cash Receipts and Disbursements through April 2006. She said, in looking at the cash balance compared to this time last year, we are on the mend. Legislator Beedon asked how much ahead we are on sales tax. Mrs. Heard replied that the first check she received for the month of May was up \$30,000 over last year. Sales tax is doing well, but I can't tell you the exact number.

The following resolutions were then adopted:

#### RESOLUTION NO. 201-506

## **LEGISLATURE MEETING**

May 24, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Deputy Clerk called the roll. All Legislators were present.

The Deputy Clerk presented the following communications: Receipt of Annual Financial Report Update document from the state Comptroller's Office, notice of Youth Board meeting, Notice of Planning Board meeting, Notice of Public Hearing in Town of Alabama in connection with wind energy conservation systems, Notice of Public Hearing at Shelby Volunteer Fire Hall on the ethanol manufacturing plant.

During open discussion Jared Saj welcomed Legislator Allport to the Arc Board and also Chairman Bower who was doing a great job.

Chairman Bower asked the Legislators to report on their activities during the last two weeks. Legislator Rush said he attended the Kendall Town Board meeting, County Federation meeting, Highway and Buildings & Grounds committee meeting, Capital Plan meeting and also Election

committee meeting where new voting machines and software was discussed and tour of Cooperative Extension's offices.

Legislator Allport said he was sorry he missed the last legislature meeting but he went with the 7<sup>th</sup> grade to Albany and Senator Maziarz and Assemblyman Hawley were very gracious. He was acknowledged on the floor of the Assembly as an Orleans County Legislator. He attended the firemen's award dinner in Shelby. These men save us over \$7M a year by volunteering and it's nice that they dedicate their time in training and keeping up with everything. He attended the Mental Health Fair at the 4-H Fairgrounds where he met with representatives from ACT and YES, which he heard about from the Community Services Board. It was the first time they had this fair, which promoted education on what mental disease is. There was an Open Forum in Lyndonville, which had a bigger attendance than Assemblyman Hawley's Forum in Albion. He did tour Social Services today and learned a lot about what this huge department does for the county.

Legislator Eick met with Buildings & Grounds last week and attended the firemen's award dinner, Legislator/Supervisors meeting and had a tour of Cooperative Extension. He attended the Public Hearing the Planning Board had last week on the ethanol plant. There were only three people who spoke at the hearing. The presentation was very good and any questions were answered in the presentation. Dave Callard questioned what the next step was after the public hearing in Shelby next week, and Dave Schubel said that the Zoning Board of Appeals has to grant a variance. Legislator Eick said they would start excavating on the site the first part of June.

Legislator Beedon attended the Office for the Aging Nutrifair appreciation dinner for the volunteers and the highlight was the Albion Drama Club doing songs from Joseph and the Amazing Technicolor Coats. Office for the Aging also had their golden gala celebration at the Knights of Columbus which started with games at 9 am and then they had lunch. This was attended by Congressman Reynolds, Senator Maziarz and Assemblyman Hawley. The Office for the Aging does a great job with the senior citizens in the community.

Legislator Smith said in terms of the Animal Shelter that is going very well and by the next meeting we should be able to set a date for the grand opening and tour of the shelter. This is really a great investment for the county. He and Legislators Allport, Beedon, Eick and Callard will have a

tour of the Ontario County Jail next Tuesday. He attended a brunch in Kendall with Legislators Bower, Callard and Beedon and will go to the Simon Meizenhal Museum in NYC tomorrow and Friday with Legislators Callard and Beedon. He attended the GSASA luncheon today where they recognized students in grades three through high school who did posters. Along with Legislators Allport, Callard and Beedon he attended the Lyndonville meeting last week and also the Jazz Festival at the Apple Orchard Inn which was fantastic.

Legislator Callard said there was a Capital Plan review process where short term and long term planning was looked at and things are going well enough that they will be able to do 2007 projects this year including some wireless communications work.

Chuck Nesbitt said they are planning for the NYS Commissions of Corrections to give a presentation on June 28<sup>th</sup> and in July they will be visiting the Warren County Jail which was pointed out to be a good example of a jail facility and all Legislators will be invited.

Chairman Bower reminded all Legislators that a picture of the Board will be taken at the next meeting – June 14<sup>th</sup> at 2 pm.

Legislator Beedon motioned to add two resolutions to the agenda; second by Legislator Smith. All in favor.

The following resolution was then adopted:

#### RESOLUTION NO. 209-506

Moved, Callard; second, Allport.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Allport presented a resolution to approve an agreement between Mental Health and Eldredge, Fox & Porretti; second by Legislator Callard. Legislator Callard said he noted that there has been quite a cost savings. Jim Graziano said they put out bids for the services required and the other significant piece is that CCSI does such a good preparation job so it will be less time consuming on their part. The previous contractor did the preparation along with the audit, but now there is just the auditing to be done. Legislator Callard wanted it noted that this is a 58% savings from last year and this is indicative of the job that Mr. Graziano is doing at Mental Health. The following resolutions were then presented:

#### RESOLUTION NO. 210-506

#### APPROVING AGREEMENT BETWEEN MENTAL HEALTH DEPARTMENT AND ELDREDGE, FOX & PORRETTI, LLP

RESOLVED, that this Legislature approves an agreement between Mental Health and Eldredge, Fox & Porretti, LLP, 180 Canal View Blvd., Suite 100, Rochester, NY 14623, providing the 2005 Consolidated Fiscal Report compliance review/audit at a cost of \$6,000.

### **LEGISLATURE MEETING**

June 14, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, Chairman Bower requested a moment of silence in honor of Legislator Rush's mother who passed away earlier this week. The Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

The Clerk presented the following communications: Notice of filing by the State Comptroller of a copy of the application of the Town of Albion for water district number 6, Notice of Oak Orchard Watershed Public Information meeting, Notice of EAP picnic, notices of public hearings in the towns of Lyndonville, Kendall, Shelby, Yates and Oakfield.

During open discussion, Legislator Eick presented Lydia Shafer, Niagara-Orleans Dairy Princess, with a proclamation announcing June as Dairy Month. Miss Shafer served milk punch.

Chairman Bower said during the months of July and August only the first Legislature meeting of the month will be held.

The Legislators reported on their activities since the last Legislature meeting. Legislator Allport said he walked in the Straswsberry Festival parade. He also attended the Barre Center Park opening, as well as the grand opening and ribbon cutting for Wal-Mart. Legislator Allport also attended a discussion at the Medina school regarding the ethanol plant.

IDA has approached school districts requesting help in funding projects that will benefit the school district's tax base.

Legislator Eick said he missed some of his committee meetings due to the sale of his cows and cattle. He did attend the Barre Center Park dedication; also the Wal-Mart grand opening and ribbon cutting. Legislator Eick also attended the graduation of firemen at the EMS office.

Legislator Beedon attended the Wal-Mart opening and ribbon cutting. He also attended a finance meeting with IDA. They went over their financial picture with us, and it is looking rosy. Legislator Beedon also attended the Medina School Board meeting. A study regarding the ethanol plant was discussed, including a possible expansion on Bates Road, at least on the turns off Routes 31E and 31A. The taxing entities will be asked to help fund that study. Legislator Beedon also attended the graduation of firemen. Legislator Callard asked Legislator Beedon if a force will be remaining at Bernzomatic and, if so, is it for a short term basis. Chairman Bower said he heard yesterday that it will be on a permanent basis. There have been 180 lost jobs.

Legislator Smith said the animal shelter is coming along very well. Maybe next meeting we can announce a grand opening date. Legislator Smith went to Ontario County last week to look at their jail. The Chairman is forming a committee to take a look into the possible building of a jail. He also attended the firemen's graduation, which was a very nice event.

Legislator Callard accompanied Legislators Beedon and Smith to New York City to visit the Simon Wiesenthal Tolerance Center. This was a very worthwhile experience, Legislator Beedon said the sheriff and undersheriff also went, as well as Dean London, the Village of Albion Police Chief, and three of his officers. The sheriff and undersheriff have been invited back to speak to new groups coming through. Legislator Smith said there will be another trip planned to go there. The museum is picking up all the costs. Legislator Smith hopes our other legislators will go for this one day training.

Chairman Bower said the trip to Denver showed us that there are many things to do regarding the building of a new jail. Representatives from the NYS Commission of Corrections will attend our June 28 conference session. Chairman Bower has appointed members to the newly formed County Corrections Task Force. The members are Judge James Punch, Scott Hess, Kevin Hale, Luci Welch, Charles Nesbitt, Jr., Jack Beedon,

Henry Smith, Sanford Church, Mark Watts, Wayne Hale and Dave Pollack. These members are invited to hear the presentation at the next conference session. Chairman Bower said he also wants to appoint two additional members from the public.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through May, 2006. Mrs. Heard said in May, because the last meeting in April fell so late, by the time we processed the roll, the checks were dated for May, which kind of throws things off. You will see that the balance for "all other" under disbursements is a little high, but that includes three vendor roles. Chairman Bower asked how the sales tax looks. Mrs. Heard said as of yesterday's payment, it is over 2005 by \$217,000. Chairman Bower asked how much over budget is the sales tax. Mrs. Heard said she does it by cash; Mr. Nesbitt figures it by budget. Legislator Beedon asked if the amount of sales tax that came in during the two weekends in May when Thomas the Train was here can be projected. Mrs. Heard said she looked at that last year and could not actually determine that. She looked at those two weekends and compared to the previous year there was only about an \$8,000 difference and it was not actually anything she could pinpoint. Mrs. Heard said she is not sure if some of the outside vendors put tax back to where they reside.

Legislator Beedon motioned to add four resolutions to today's agenda; second by Legislator Callard. All in favor. The following resolutions were then adopted:

## LEGISLATURE MEETING

June 28, 2006

The meeting was called to order by the Chairman at 6:35 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

The Clerk presented the following communications: Announcement of Reality Check car wash in exchange for canned goods, Notice of Ag and Farmland Protection Board Meeting, Notice of Public Hearing in the Town of Murray.

During open discussion, Chuck Nesbitt recognized Carol Miller as the new Director of the Job Development Agency.

Legislator Smith said he hopes there will be an announcement at the next meeting regarding an open house for the new animal shelter. Legislator Smith also commented on what a nice picnic lunch was provided at the Nursing Home today.

Legislator Beedon said today is Jim Hancock's last day as Director of Job Development. He has done a great job. He said there were very good candidates to fill the position and he is looking forward to working with Carol Miller.

Legislator Eick went to the open house for the new Cooperative Extension building. He met with Buildings and Grounds and Highway. Mark Watts said the animal shelter is progressing, the fence looks excellent. Mark Watts also reported that the courthouse pillars are in the process of being painted. Mr. Watts and Ed Houseknecht did a lot of work at the Marine Park to get ready for the fishing derby. Legislator Eick read a letter written by Mike Waterhouse, which praised the great job done by Terry Williams and his crew in preparing the Marine Park for the Lake Ontario Pro-Am Tournament. The Highway Superintendent reported at his committee meeting that Murdock Road is being rebuilt, West Countyhouse Road will be repaved in July. The county and towns have

been helping prepare the fairgrounds. Soil and Water has a new mulcher coming in to get the ground seeded and mulched for the fair. Legislator Callard said he was at the fairgrounds and it was nice to see all the intermunicipal cooperation. Legislator Eick said Mr. Houseknecht also gave a report on the docks. He is getting in contact with vendors. Chairman Bower said the Town of Carlton is happy with the progress made on this. Legislator Eick also spoke with Paul Wagner regarding insulating the garage and putting a cement floor in, as well as heat for the firemen to come in so they are not out in the cold refilling their packs and doing other necessary things. There are probably five or six things that the County Fire Advisory Board wanted done. One thing that is completed that Ed Morgan helped out with, as well as the county, is finer stone over the coarse stone around the firehouse facility. Legislator Eick said the Town of Shelby is involved in the controversial issue of mining being proposed on Fletcher Chapel Road. This will be an ongoing issue for months.

Legislator Allport said he has attended various meetings and public events. He said he hears nothing but compliments about how we are doing our jobs.

Chairman Bower said yesterday bids were opened for the nursing home project. One for excavation and one for the foundation. The combination of the two came in under budget by \$50,000. In about two weeks there will be bids for the rest of the structure.

#### RESOLUTION NO. 311-806

#### ADOPTING TRAVEL POLICY

RESOLVED, that this Legislature adopts the Travel Policy for Orleans County as written by the members of the Policy Committee, effective immediately, as follows:

The County agrees to award available opportunities for training or conference attendance on a fair and equitable basis among qualified employees within a department. All employees must submit a Meeting Attendance Request form to the Department Head for approval of overnight Training and Conference Attendance. Overnight travel must also be approved on this form by the Chief Administrative Officer. An agenda for the requested training/conference must accompany the form. Out of state travel requires a resolution of the Legislature. Although most overnight conferences are held in the hotel where the training is being given, it is the responsibility of the employee to determine the most economical lodging.

When an employee is authorized to attend an out-of-county conference or meeting, they shall be entitled to reimbursement for meals without receipt provided the meal cost is not included in any registration fee or other fee paid by the county. This amount of reimbursement will be based on the amount of time the employee is away from the county as follows:

Qualifier: Employee is away for at least four hours including the hour between:

	<u>Rate</u>
7 a.m. to 8 a.m.	Breakfast \$ 5.00
noon to 1 p.m.	Lunch \$ 8.00
6 p.m. to 7 p.m.	Dinner \$19.00
Employee is away for at least 11 hours including the hours between:	
7 a.m. and 6 p.m.	Daily \$32.00

Receipts for tolls and/or parking must be submitted with the voucher in order to obtain reimbursement.

A copy of the Meeting Attendance Request Form, with actual expenses filled in, as well as times of departure and return, should be attached to the expense voucher when it is submitted for payment.

When traveling out of the county, employees are to utilize the least costly mode of transportation. It is the responsibility of the department head to see that all available options are reviewed. If employee chooses other than the most reasonable means of transportation, they will be reimbursed only for the least expensive option. Options include, but are not limited to, rental cars, which can be fueled at the county fuel farm, train, county vehicle or private car with mileage reimbursement at the contracted rate, which is .01 cent less than the IRS rate. In the normal course of conducting business, the employee will start and end their trip from their worksite, and will receive reimbursement for the mileage incurred. However, there may be occasions when it will be necessary for an employee to go to their first appointment from their home. Under this circumstance, the employee will record the total mileage of the trip and then deduct the usual mileage from their home to the office (commuter miles). The same principle applies if an employee drives directly to their home following their last appointment of the day.

There may be occasions when an employee is required to work at a site other than their usual worksite (e.g., a presentation for a community

group) after their workday has ended or on a weekend or a regularly scheduled day off. Also, there may be times when an employee will go to a meeting, conference, etc. from their home and return directly there. In these situations, the round trip distance from home will be compared to the round trip distance from the office and the employee will be reimbursed for the lesser amount of the two. An employee can not be reimbursed for mileage from their home to their usual worksite and vice versa.

## LEGISLATURE MEETING

September 13, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Beedon.

The Clerk presented the following communications: Notice of defensive driving course to be sponsored by EAP, Notice of NYSAC Fall Conference, Notice of Public Hearing in the Town of Kendall regarding a local law providing for a one-year moratorium on applications for wind energy, Notice of the 5<sup>th</sup> Annual Agricultural Industry Tour, Negative Declaration from the Town of Carlton regarding a Moratorium on Wind Energy Deriving Towers, Conversion Systems, Meteorological Towers and Transmission Facilities Law, Acknowledgement of receipt of the Environmental Review Record for the proposed infrastructure improvements to the Orleans County Nursing Home, Announcement of September Legislators/Supervisors meeting.

Legislator Rush presented Donna Smith, Vice-Regent of the Orleans Chapter of the Daughters of the American Revolution, with a proclamation declaring the week of September 17, 2006 as Constitution Week in Orleans County.

During open discussion, Donna Persia addressed the board regarding a social security/disability tax exemption. She said the Town of Murray has passed this. She is going to talk to Holley School on Monday. Mrs. Persia said she hopes the Legislature will pass it. Chairman Bower said we have not forgotten about this. He asked Legislator Callard to speak briefly on this. Legislator Callard said he thinks the issue needs to be dealt with. He said we have looked at it to some extent. It is difficult to obtain numbers so we can study the impact. We have tried to assist in other ways based on income; we have increased our exemptions that will be set forth in 2007. We have not been able to deal specifically with those on social security disability because we cannot pin down more exact numbers. Mrs. Persia asked what numbers. Legislator Callard replied the number of people that would be affected by the exemption. Mrs. Persia said she does not think there will be very many. Legislator Callard said he would communicate with the Town of Murray to see if they have numbers to use. Mrs. Persia

said we need an answer before March to get affected by it. Chairman Bower said we would follow up on it.

Ella Jones, a member of the advisory council for the Office for the Aging, spoke on behalf of a group that would like a law passed increasing the maximum household income eligibility for the senior tax exemption from \$24,000 to \$32,000. Chairman Bower said we have received some letters about this. We have discussed it. We have to look at things. He said when people bring things up to us, they might not always get what they are after, but we always look at it.

The Legislators reported on their activities since the last Legislature meeting. Legislator Eick said he attended Highway and Buildings and Grounds committee meetings on Aug 15. Things are going right along in the Highway Department. The Buildings and Grounds superintendent updated us on the progress of the nursing home, which is progressing right along. Legislator Eick also attended a Cooperative Extension meeting, and all is on an even keel there. He attended the Supervisors and Legislators meeting on August 22, at which the District Attorney was the main speaker. Also attended the groundbreaking for the new Arc housing on Hamilton Street on August 23, which should be up and running shortly after the first of the year. Legislator Eick was at a presentation given by Congressman Reynolds at the ethanol plant; \$25 million of federal loan monies was presented; also attended the August 29 nursing home presentation. He attended a Soil and Water meeting on September 5; everything seems to be on an even keel there. The tractor mower is still operating, as it should be. The basic concern is where to get the money to pay the operator next year. They are working on their budget.

Legislator Allport said he attended his regular department meetings. The League of Women Voters hosted a freedom of information meeting presented by Robert Freeman. It was very educational; he is a very enthusiastic man. Legislator Allport went to the seminar in Batavia for the statewide proposed wireless network system for emergency management. He toured the Department of Motor Vehicles.

Legislator Rush said Legislator Eick pretty much covered everything we did together. Legislator Rush did not go to the Arc groundbreaking. He went to one of the construction meetings at the nursing home, which was very interesting. Everyone seems to be working great together.

Legislator Smith said Sheriff Hess is putting together another trip to New York City to the Simon Wiesenthal Tolerance Center. He would like to know who is interested in going on November 2. Legislator Smith attended the Open Meetings Law presentation sponsored by the League of Women Voters, which was very educational. He also attended a press conference today regarding Orleans Transit. RGRTA announced that they will be expanding the loop here in Albion, and adding four new buses in Orleans County. Legislator Smith said he has heard good reviews about our dog shelter. It is functioning well and there has been a lot of positive feedback. Legislator Eick said four years ago the county contributed \$65,000 for the OTS startup. As of this year, the return is above and beyond the \$65,000. Chairman Bower said they do not talk about people buying or re-mortgaging their homes who are taxed ¼%. The Treasurer said this has come to about \$25,000 a month. Legislator Smith said we will look at that and include it in our presentation.

Legislator Callard said he does not have much to add to what was already said. He mentioned the retirement of our Personnel Director. We interviewed and the new Director is now in office. We have the upcoming retirement of the Real Property Tax Director and will be advertising for a replacement. The rest of the year will be consumed with budget preparations. The Budget Officer said budgets were due from the departments by September 8. He and the Treasurer have been working on processing all that information and we are ready to attack that head on as a group next month.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through August 2006. Mrs. Heard said sales tax is up \$514,000 as of today's payment. In September alone it was \$107,000. She thinks we are on target to make our budgeted projection. Mrs. Heard said finally all checks are up and running. The next payroll will be the beginning of checks under the new system. There are a couple of foreclosure proceedings going on, the auction is coming up October 7, and our office is swamped.

8. The County of Orleans reserves the right, in its sole discretion, to withdraw from the auction any of the properties listed on the schedule of real property.
9. Notice is hereby given that the premises being sold may lie within an Agricultural District as designated upon the tax map. It is the sole responsibility of any bidder to ascertain which specific parcel(s) is so designated and sold subject to the provisions of law applicable thereto.
10. All bidders are required to register and provide suitable personal identification prior to the auction. Auctioneer reserves the right to decline registration if identification is not sufficient.
11. All bidders are required to use the bidder number issued to them for all purposes associated with the auction. A bidder may not bid on behalf of a party who is on the prohibited bidder list.

13. The former owner of the property, or his agent, shall not be deemed to be the successful bidder on the property or purchase same at the public auction, unless the bid amount exceeds the amount of the purchase price to affect the release of County's interest. If the former owner or his agent reacquires the property, all liens existing prior to the foreclosure, will be reinstated and the purchaser (former owner) must sign the deed to reinstate the liens.
14. Purchaser shall provide information necessary to complete, and shall execute, the necessary forms and documents required for recording the deed in the Orleans County Clerk's Office. The purchaser executing the auction terms and conditions of sale may not assign or otherwise transfer his right to complete the bid, unless the County agrees in writing. The deed prepared will be in the name of the successful bidder (and spouse) only. No third party bidding will be accepted, unless the bidder identifies that he is bidding as an agent for a disclosed principal.
15. The auctioneer's decision regarding any disputes is final, and the auctioneer reserves the right to reject any bid that is not an appreciable advancement over the proceeding bid.

16. **The Purchaser will execute an Offer to Purchase form immediately upon being declared the high bidder. The approval of each bid by Resolution of the County Legislature *will not constitute a Contract of Sale* and the County reserves the right to reject any bid prior to the closing of title and the recording of the deed.**
17. **The Purchaser shall be responsible for the payment of a ten percent (10%) buyer's premium in addition to the accepted purchase price and the closing fees/costs. The "buyer's premium" is the fee/commission earned by the auctioneer. Accepted purchase price is the amount bid by a perspective bidder, which has been approved by the Orleans County Legislature.**
18. **All required deposits must be paid in full for all successful bids immediately upon being declared the successful bidder. Any successful bidder, who fails to tender the deposit immediately upon being declared the successful bidder, will be forbidden to participate in this or any other auction. 19. **25% of the total contract price (total contract price is the combination of the high bid and the buyer's premium, as defined in section 17 of these terms and conditions), shall be paid as a down payment on the day of the auction upon execution of an Offer to Purchase Form. No exceptions.**

20. All bids shall be subject to approval by the Orleans County Legislature, which shall have the right, in the Legislature's sole discretion, to reject any bid for any reason whatsoever.
21. All parcels for which you are the successful bidder for must be paid in full. No selective closings subsequent to the auction. Failure to remit full payment on all parcels for which you are the successful bidder will result in a default of all deposits tendered, and you will not be permitted to close on any other parcels for which you are the successful bidder.
22. The entire balance of the accepted purchase price, the buyer's premium, as defined in section 17 of these terms and conditions, and all closing costs/fees must be paid by cash or guaranteed funds payable to received by the Orleans County Treasurer's Office on or before October 31, 2006. **The County is not required to send notice of acceptance to a purchaser. If the purchaser fails to pay the balance of the total contract price plus closing costs and fees as herein provided, the deposit shall be forfeited.** The County reserves the right, in its sole discretion, to extend the time of payment upon such terms and conditions it deems appropriate.
23. If the successful bidder fails to tender such amount due by the close of business on October 31, 2006, then the County may, but is not obligated to offer any unsold property to the second highest bidder. All terms and conditions for the sale set forth herein above shall apply to the second highest bidder and/or any other purchaser.
24. All sales shall be final, absolute and without recourse once title has closed and the deed has been recorded. 25. The County of Orleans will execute no warranties concerning the parcel or title thereto and will not deliver or be responsible for abstracts, title insurance, title searches, surveys, maps or other documents concerning a parcel whatsoever.
26. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the year upon which the County acquired title or as corrected up to date of deed. The deed will be recorded by the County upon payment in full of the accepted purchase price, buyer's premium,

and closing fees/costs. **POSSESSION OF PROPERTY IS FORBIDDEN UNTIL THE DEED IS RECORDED WITH THE ORLEANS COUNTY CLERK CONVEYING TITLE TO THE PURCHASER. TITLE VESTS AT THE RECORDING OF THE DEED.** It is agreed between the County and the purchaser that delivery and acceptance of the deed occurs upon recording the deed.

27. A quitclaim deed issued as a result of the auction shall contain the following provisions: (a) "Nothing contained in any description herein is intended to convey more than the assessed owner owned at the time of the levy of the tax, the non-payment of which resulted in the tax sale. There is no representation as to the extent of the acreage conveyed herein;" (b) Orleans County shall in no event be or become liable for any defect in the title so conveyed for any cause whatsoever, or for any encroachments or disputed boundaries; and that no claim or demand of any nature shall ever be made against said Orleans County arising from such sale or conveyance or any proceedings leading thereto.

Legislator Callard presented a resolution authorizing the signing of a sales agreement with EF Johnson; second by Legislator Eick. Legislator Rush asked Paul Wagner, Director of Emergency Management, to explain the resolution. Mr. Wagner said he has had ongoing discussion with his committee and other legislators about upgrading the console to integrate with the 800 mhz system. We have had equipment failures and this is a portion of equipment required to upgrade the system. The quotation we had is due to expire at the end of September, so we are trying to move forward so we do not have to get quotes again, which could be more money. The following resolutions were then adopted:

#### RESOLUTION NO. 400-906

County Attorney David Schubel asked if the bids for the upcoming property auction will be approved at the following Legislature meeting. Vice-Chairman Rush said that is correct.

Legislator Smith motioned to adjourn; second by Legislator Callard. Meeting adjourned at 4:50 P.M.

**LEGISLATURE MEETING**

October 11, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: 2005 county audit performed by Eldredge Fox & Porretti, Results of the examination of all petty cash accounts filed with this office, Notice of October Legislators and Supervisors meeting.

During open discussion, Legislator Beedon motioned to add six resolutions to the agenda; second by Legislator Allport. All in favor.

Chairman Bower said in years past, we have not had the second meeting in November because it falls the day before Thanksgiving. Skipping meetings makes it tough on departments and the Legislature. Chairman Bower said if there will be a quorum, he would like to have the meeting, but if others disagree, he will follow the majority. Legislator Rush said he plans to be away at that time, but the others will be here. The meeting will be held.

Legislator Eick said he has been attending various committee meetings. Regarding the Planning Board, the biggest topic right now is windmills. He said every township in the county has a moratorium on windmills. There are two towers set up in Barre. Legislator Eick said he has excused himself from the October 25 Legislature Meeting as he is going on a bus tour to the Tug Hill area, which is in Lewis County. It is called the Maple Ridge Wind Farm. There will be 195 towers constructed by the end of this year. There is a lot of money involved in this for the county if there is wind here. The county receives 20% of the tax money from these wind towers, schools get 40% and the towns get 40%.

Legislator Allport said he has been attending his regular meetings and has been busy the last few weeks. Tonight he will attend the Arc Board. Legislator Allport said he cannot say enough about what good work they do; they are a shining star in this county. He also said he is still enjoying working with all the Legislators.

Legislator Rush attended the town board meetings in Carlton and Murray. He was at a meeting with DEC a couple of weeks ago, at which there was discussion regarding fishing on the Salmon property in the Oak Orchard River. Legislator Rush said he was not able to make the Agricultural Tour sponsored by Cooperative Extension. He attended the Supervisors and Legislators meeting, and a meeting with Soil and Water. They had the tire pickup a week or so ago, which was very well attended. There were well over 1000 tires as well as cleaning up all the county's tires that were stored up there. Legislator Eick said he attended the agricultural tour and it was very good. He said we can be very proud of agriculture in this community. He said there is a big controversial issue with immigration in this county. Farmers are losing crops because of wet weather and not enough help to get the crops out. He knows someone who started off with 117 workers and they are down to 31. Legislator Callard said western New York lost over \$300 million dollars in crops.

Legislator Beedon said he attended meetings in the Village of Lyndonville, Town of Yates, Town of Ridgeway and Village of Medina. The nursing home continues to progress. Most of the concrete forms are in, and shortly we will see some walls going up. The goal is December 24 to have it enclosed so they can work through the winter. Right now it is right on schedule for that to happen.

Legislator Smith said he attended the Gaines Town Board meeting, which was quite interesting. He had the opportunity to give an overview of the

task force that is going to be coming on effective January 1. Legislator Smith also talked to them about making a contribution to the county, which they already have in their budget. He said he is working on the budget, which is always pretty interesting and keeps us busy. We had a full day yesterday. Legislator Smith has been going to the nursing home. He said watching it go up is certainly changing the atmosphere over there. Fairly soon we will be starting some work on the jail. We visited two jails last month, to get a good idea of what they are doing and how they operate.

Legislator Callard said this past week he was invited to meet with the Board of Directors of the Yates Library to discuss the library and education systems in Orleans County. He said he will report more as we progress. He said he, along with Legislator Beedon, toured the new animal shelter and the nursing home. We will have a state of the art facility. Legislator Callard said he would like to see a courtyard. That would really add meaning to the lives of the people who are living in the nursing home. He spoke with Dave Reville who is the head of the master gardening program at Cooperative Extension and he thinks it is conceivable. Legislator Callard said he will approach that group next week to possibly develop a landscaping design around the whole nursing home.

Legislator Rush said the contractor for the transient docking in Point Breeze is pretty much finished. The floating docks have not been put in yet because it is not really reasonable to put them in to be used for a month. He thinks they are going to be delivered to the Town of Carlton to be stored there until next spring. There is quite a lot of work to be done down there on the highway level and with the Town of Carlton as far as fixing up the stone and debris. The Highway Superintendent said he wanted to get at it during October, so hopefully we can get it pretty much finished, except for putting in the docks next spring.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through August 2006. Chairman Bower asked Mrs. Heard what she thinks about our financial situation. She said things are not as good as they were last year at this time, but we are still seeing the impact from when we reduced the retirement payment two years ago. The auction last Saturday produced a net gain of \$25,000 or more after delinquent taxes. The sales tax year to date with the first check in October is up \$530,000 over last year. Mrs. Heard said she thinks the year will play out okay.

The following resolutions were then adopted:

RESOLUTION NO. 402-1006

AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY

Legislator Callard presented a resolution approving the sale of county-owned property; second by Legislator Smith. Legislator Beedon said there were a couple of parcels that went for a very low price. He asked if

those were removed from this resolution. Chairman Bower said that can be done now. Legislator Beedon said there is some property in Medina that we might want to hang on to or let go to IDA. Chairman Bower asked if the case is that if we do not let it go, it will divert back to Medina. The County Attorney said, no it is ours. Susan Heard said the owner is Medina Properties. David Schubel said you have the authority to put it in the hands of a commercial realtor. At this point, you have the authority to direct where you want the title to go. Chairman Bower asked which is the other property that is in question. Legislator Allport said it is the one on Platt Street. Chairman Bower said it was mentioned that it was low, but it is a house he thinks can go back on the tax rolls. Mrs. Heard said it abutts to the parking lot of the Treasurer's Office. She said for the amount of money you would be wiping out in taxes, the opportunity might not come along again to have property that close to the square. Chairman Bower asked if more parking space is needed. Mrs. Heard said when court is in session it is hard to park. Mr. Nesbitt agreed. Chairman Bower said if we do this, we are taking it off the tax rolls. This group will have to decide if we want to accept that bid. Legislator Beedon asked what the bid amount was. Mrs. Heard said it was \$3,500, with probably \$8,000 due in taxes. Chairman Bower said we can amend this resolution and remove one or both of those properties. Legislator Allport said, regarding the parcel on Platt Street, if some day the jail is no longer there, you will have parking there. He said that should be taken into consideration. Legislator Beedon motioned to amend the resolution to exclude the Medina property located at 536 Orient St., second by Legislator Callard. All in favor. Legislator Smith motioned to remove the Platt St. property in Albion from the resolution; second by Legislator Callard. The motion failed with Legislators Rush, Allport, Bower and Beedon opposed. The following resolution was then adopted:

Legislator Callard said we asked that the following resolution be added after discussion with the Department of Social Services. He said he will read the resolution in it's entirety so the public knows the difficulties we have with increasing costs. He said that in short, he thinks this stinks. We as a county, and every county, need to tell the state just that. Chairman Bower said he thinks we all agree and that is why this resolution is being presented today. The following resolution was then adopted:

RESOLUTION NO. 424-1006

AUTHORIZING LETTER TO GOVERNOR PATAKI REQUESTING RELIEF ON STATE TRAINING SCHOOL RATE INCREASES

WHEREAS, the New York State Office for Child and Family Services provides placements for youth who have been adjudicated by Family Court as a juvenile delinquent, and

WHEREAS, each County in New York State is responsible for paying one half of the costs of said placements through the Department of Social Services budget, and

WHEREAS, the State Office of Children and Family Services has recently promulgated rate increases for 2006 that are 51% higher than previously established rates, and

WHEREAS, it is the intention of the State Office of Children and Family Services to develop retroactive rate increases for the period January 2001 – December 31, 2005, and

WHEREAS, such rate increases were not previously announced resulting in a \$250,000 deficit for both the current 2006 and the proposed 2007 Orleans County budgets, be it

RESOLVED, that this Legislature authorizes a letter to Governor Pataki requesting that all counties be forgiven the retroactive payments for January 2001 – December 31, 2005; that all counties be allowed to pay the 2006 increase over a two year period; and that OCFS be required to provide 120 days advance notification on all future rate increases to ameliorate the negative impact of unplanned changes to county budgets.

Adopted. 7 ayes; 0 nays; 0 absent.

Chairman Bower said he would like to refer back to resolution 415 regarding the radios. He said he thinks the people should know how we are going to pay for that. We are talking about roughly \$180,000. Mr. Nesbitt said the Legislature has authorized the Treasurer to secure funds from the best possible source, which has not yet been determined. Payback of those funds will be from a user fee on cell phones, which has been discussed and passed in terms of authorization. The Clerk said the

legislation cannot be presented at the state level until next year. Mr. Nesbitt said that will generate enough revenue to more than cover that amount, as well as keeping our radio system in good repair. Mr. Nesbitt said that Mr. Kinsey knows a little more about the exact problems we are having, but we have to use a gaming utility to slow down old pc's to interface with the current radio system which is about 13 years old. We are using band-aids and rubber bands to try to hold it together. It is time to do some upgrades and I am glad to see this going through.

Legislator Smith motioned to adjourn; second by Legislator Callard. Meeting adjourned at 5:12 p.m.

## LEGISLATURE MEETING

October 19, 2006

The meeting was called to order by the Chairman at 9:00 a.m. The Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

Chairman Bower explained that this meeting was called to address the resolution being presented because we have a deadline for this application to be submitted. Chuck Nesbitt said it has to be in Albany by October 20. Chuck Kinsey, Computer Services Director said the focus of the grant is to establish a shared server between Orleans County Real Property Services and the town assessors of Albion and Gaines. We would establish a central depository database to hold all the tax information on the parcels in the county. The focus is for the assessors and clerks to dial into this system to retrieve information for the public and the county to establish a relationship with the towns of Albion and Gaines to provide assessment services. The portion related to information technology infrastructure would allow someone to come into the Town of Albion or Gaines and ask the assessor or clerk to access information on the server. Mr. Kinsey said we already have a shared system in place in the Sheriff's Department for use with the police forces. This is not a pilot. We have already done this using the same type of technology. Mr. Nesbitt said the hope would be to push the same service out to the towns. This initial thrust is a test case for assessors and parcel related information.

Legislator Callard asked if we expand beyond this area, would it necessitate more money. Mr. Kinsey said we factored in that question in terms of future expectations. When this is established, licensing needs to be set up. We will have licensing that will allow up to ten users. Mr.

Kinsey said he finds it difficult to imagine that we would ever exceed that quantity. For the Sheriff the most we have had was five concurrent users. The cost of licensing is \$50 per user.

Mr. Nesbitt said we will be able to serve other towns. Yes, that could involve more money. It is possible that we could get that money from a shared municipal services grant. In speaking with Mark Thomas, he said we are setting ourselves up well for future grants along those lines.

Legislator Callard asked about the time frame until practical application. Mr. Kinsey said approximately six to eight weeks until implementation after receipt of grant monies.

Legislator Smith asked if there is a high percentage of possibility of receiving the grant money. Mr. Nesbitt responded that Mr. Thomas's analysis is that many of these grants have been funded on doing studies. This is actually concrete. We have a good chance.

Mr. Kinsey said the resolution includes a county cost. This is a projection of the cost for labor involved.

The following resolution was then adopted:

#### RESOLUTION NO. 425-1006

#### AUTHORIZING DIRECTOR OF COMPUTER SERVICES TO APPLY TO THE NEW YORK STATE DEPARTMENT OF STATE FOR SHARED MUNICIPAL SERVICES INCENTIVE GRANT

RESOLVED, that this Legislature authorizes the Director of Computer Services to apply to the New York State Department of State for a Shared Municipal Services Incentive grant in the amount of \$25,000, grant monies to be used to assist the town assessors in remotely accessing the Real Property Tax Services data on the Orleans County network, and be it

FURTHER RESOLVED, that the Orleans County Computer Services Department will provide labor for the project with an in-kind cost of \$2,448.

Moved, Callard; second, Smith.  
Adopted. 6 ayes; 0 nays; 1 absent, Rush.

After adoption of this resolution, the meeting was adjourned at 9:10 a.m.

## LEGISLATURE MEETING

October 25, 2006

The meeting was called to order by the Chairman at 4:40 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislators Allport and Eick.

The Clerk presented the following communications: Notice of October 26 Planning Board meeting, Notice of a Planning a Future for Farms seminar to be held on November 9 at GCC.

Legislator Rush said he met with both the Buildings and Grounds and Highway Superintendents. Ed Houseknecht, Highway Superintendent, said everything is up to date. He is in the process of working on the transient docks at Point Breeze. Legislator Rush, along with Chairman Bower, attended the Intercounty meeting, where there was discussion regarding Medicaid, property taxes and nursing home funding. After the meeting, they toured the new Livingston County nursing home. It is beautiful. It cost over \$39 million and has 260 beds. Legislator Rush made a couple of visits to Emergency Management during the snow emergency. He also attended the Supervisors and Legislators meeting

Legislator Beedon said he was approached about ten days ago by Ed Grabowski. A year ago we were approached through Boces about housing the students from the Legal Academy Program. At that time, the legislators decided it was not the way to go. The academy found a place in Albion at the Visitors Center. They were told that as of November 1, the Visitors Center is going to start charging rent. Ed asked me if we would be interested in housing the academy. They are requesting permission to use the conference room at the public safety building. This is an extremely successful program. Today we have resolution number 438 on the agenda, to grant this request. Legislator Beedon asked for support for this resolution. The students will shadow people at the public safety building. Mr. Grabowski is an instructor for the program. Chairman Bower said part of the stipulation would be that they work around the schedule of the District Attorney. Mr. Grabowski said all the logistics will be worked out with the three department heads that are there. He has spoken to the Probation Director about it, and Legislator Beedon has discussed it with the District Attorney and the Sheriff. The District

Attorney mentioned using the grand jury room, which is only used one or two Thursdays a month. We will not be there every day. The legal academy has me as an instructor three days a week and two days the students attend the GCC campus in Albion. Now they are taking sociology and next semester they will take psychology. In November they will not even be there three days a week, because that is the month that the students will be shadowing. Mr. Grabowski said if the resolution passes, he will get together with the three department heads. Anything he has that would be left there they are welcome to use. Legislator Beedon explained that this would involve things like laptops. Mr. Grabowski said presently they use laptops. The school does not like to buy laptops because they are easy to walk away with. If we are able to have a secure building, we can go with desktops. Chairman Bower said that might cause a space problem. It will have to be worked out. Mr. Nesbitt said he thinks desktops would be problematic. Mr. Grabowski said that is not a problem. The students are technically GCC students and can go across the street and use all their facilities as well as those of the main campus in Batavia. They are high school seniors. They have to have all their requirements done at their home school. They only pay \$144, which is basically a third of what some will pay when they go to GCC. It is a reduced fee because it is cooperation between Boces, who provides the instructor, and GCC who provides a reduced fee for the credit hours.

Legislator Smith said within the last week or so, most legislators spent a lot of time working on budgets. He commended Paul Wagner, Director of Emergency Management, and all the firemen that worked to get everything back up and running. They did a fantastic job. Legislator Smith said early in 2006, a number of people from the community went to New York City to the Simon Weisenthal Tolerance Center. Following that visit, we began a dialog about the richness of diversity in this community. The conversation expanded into forming a committee to discuss how to enhance what exists here, how to create a community in our wonderfully diverse population. As a result, Neighboring Albion was born. This is a group of individuals who represent many different occupations and professions united by a shared vision. We claim Albion as a unique community of neighbors. We are committed to respect and nurturing. You will be hearing a lot about this group that we call Neighboring Albion.

Legislator Callard said he would like to report to the public from the Finance Committee, which consists of Legislator Allport, Chairman Bower and himself, that we were requested to look at the senior citizen

exemption based on income in regards to property taxes, and we now have a new request to look at social security disability people in consideration of a property tax exemption there. We are beginning to compile the information. There are a number of counties that have responded that do have this disability exemption. Legislator Callard thanked Kathy Ahlberg for helping to compile this information. Next we will really chart what other counties are doing, and also chart the surrounding counties in terms of the 65 and older property tax exemption. We will then review that in committee and make a recommendation to the legislature. Hopefully we can present it to the whole legislature during November.

Susan Heard, County Treasurer said foreclosure letters were just sent out. David Schubel, County Attorney, said the number of foreclosure parcels is down. This is one of our smaller ones. Mrs. Heard said she thinks it has finally rolled around where you catch up on the years. Mr. Schubel said it was a good idea of the legislature to allow two in one year.

Legislator Beedon said there is a copy on your desks of dates that the Public Health department will be offering flu shots.

During open discussion, Legislator Beedon motioned to add four resolutions to the agenda; second by Legislator Rush

The following resolutions were then adopted:

## LEGISLATURE MEETING

November 8, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Notice of Public Hearing in the Town of Oakfield Regarding Amending the Zoning Law, Notice of Public Hearing in Town of Alabama regarding the zoning law, Notice of November Intercounty meeting, Notice of GCASA and YES Program Pizza Gobble Gathering.

During open discussion Ella Jones from the Town of Ridgeway, asked about increasing the income eligibility for a tax exemption for senior citizens. Legislator Callard said we have surveyed surrounding counties. The Finance Committee will review it and make recommendations to the legislature as a whole. Chairman Bower said something would have to be done prior to March to be effective for the following year.

Chairman Bower asked the legislators to report on their activities since the last legislature meeting.

Legislator Callard said we have a balanced budget. This is always challenging. The state finds ways to download taxes to cover its budget, which comes back on people that own property and we have no choice but to comply with these unfunded mandates. He said he always felt that the state should take care of its own budget through state income tax, rather than forcing it to be incorporated into local budgets. We are charting to see what other counties are doing in terms of disability for people both under and over age 65. An exemption for both disability and over age 65

might be double dipping, so it would be one or the other. The legislature will have discussion with the goal of doing something before March 1.

Legislator Smith said he has been attending a lot of meetings regarding the nursing home. The construction is going very well. He said he is excited to be part of that committee. He has learned a lot while reviewing the budget, and is lending his thoughts to try to make it better. He said it is going well, and he commends Chuck Nesbitt and Susan Heard for the work they have done on this budget.

Legislator Callard said during the budget presentation, it occurred to him that one good thing that was done through the Computer Services Department was to create systemization of purchasing or leasing computers and programming. This will be done under one department that would have a better handle on it than each department doing its own. Some departments have computers that are seven or eight years old and others have brand new ones. Every year we are progressing with our systemization and computer technology. Legislator Callard said Legislator Allport is very adept at that piece, as well as Mr. Nesbitt.

Legislator Beedon said last Wednesday he had the exciting experience of going to Bernzomatic, along with Chairman Bower and Legislators Callard and Eick, for the announcement to the employees that the jobs that were going to be eliminated are going to be reinstated. It was a great experience watching the excitement of the people who work there. Of the 230 plus employees, over 190 are Orleans County residents. It is nice to know that outsourcing will not be done at Bernzomatic. The employees made a better product. The Chinese were having a difficult time making the product work. Legislator Beedon said there will also be 31 additional jobs.

Legislator Eick said it made him happy to see the enthusiasm of the people at Bernzomatic. This announcement was fantastic. He said he did not attend the last legislature meeting, as he went on the windmill tour that was put together by the Town of Shelby. About 40 people went. It was a fantastic tour. We counted approximately 50 to 60 windmills for phase one on the left, then to the right, there were about 45, all at a standstill; those are part of the phase two program. There was no noise. They have done studies there on bird and bat kill, as well as goose. Legislator Callard asked if that area would be considered more of a prime site than Orleans County, based on wind. Legislator Eick said possibly. Tug Hill is a windy area, but we have a lot of hills here. Mr. Nesbitt said, based on a

map he saw, there was a preliminary study conducted. About 20 miles in from Lake Ontario there are viable areas they want to test. Legislator Eick said where he lives is another good area for wind, from the Town of Shelby into the Lockport area. This is very interesting and has a lot of potential. Lewis County is getting \$8.2 million in revenue. Legislator Smith asked how much electricity is generated by one windmill. Chairman Bower said 550 homes could be provided with electricity.

Legislator Allport said he has been working on the budget. He would like to commend the Economic Development Agency for the great job they do for this county. He said between the things going on and the potential of what is coming, it is amazing what they do with three staff members.

Legislator Callard asked Legislator Allport to mention the Real Property public informational meetings. Legislator Allport said there are two more coming up. They are very educational for the public. It shows how the assessors calculate, and the rules and regulations that they work by. Legislator Callard said they conducted one informational session for elected officials to make sure they understand the process. There was one presentation in Albion, the next one will be in Medina for the public to understand how assessment works and how it relates to taxes.

Legislator Rush sat in on a meeting with NEI last week. There have been a lot of calls in relation to garbage pickup, and we decided it was time to find out the reason they were this far behind. The snowstorm we had put them behind a lot. Dumping at the landsite put them a day behind. Then they were trying to catch up by skipping little areas. It looks like they are all caught up now. Mr. Nesbitt said we implemented a program by which NEI communicates to us by fax whether they are having any problems or not. They are to tell us the locations of missed homes, so if we get calls from the towns, we can report to them.

Legislator Rush said he looked at the transient dock today to see if they have started filling up the space between the dock and the bank. There has not been time for anything to be done yet. From what I understand his intentions are to work on that this winter or fall. Legislator Rush said he checked on the fishermen two or three times over the last couple of weeks. He stopped and talked to Sharon Narburgh today, and she said it has been a great year with a lot of fish. He said the two or three times he checked out the area there have been anywhere from 35 to 50 cars parked there for fishing. It looks like all is going along well.

Susan Heard said she "squeaked through" the month of October. They were later than usual with the vendor role, but made payroll on time. Mr. Nesbitt asked how much revenue is due us now. Mrs. Heard said around \$3 million.

Legislator Rush motioned to add one resolution to the agenda; second by Legislator Allport. All in favor.

The following resolutions were then adopted:

Chairman Bower asked Susan Heard if the sales tax for the Town of Kendall will be handled differently this year. Mrs. Heard said yes, they will be receiving cash. Chairman Bower commented that their rate will go up. Mrs. Heard said yes, it will make their tax rate go up, although they will be getting the same amount of money. Chairman Bower explained that until this year, the Town of Kendall took their share of the sales tax as a credit against their portion of the county tax, which decreased their tax rate. Now they will take the money and apply it to their town taxes, so the town tax will reflect a reduction. Kendall is getting all the money they deserve, it is just in a different fashion. Legislator Eick motioned to adjourn; second by Legislator Smith.  
Meeting adjourned at 8:10 p.m.

**LEGISLATURE MEETING**

December 13, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Notice of December Planning Board meeting, Notice of Public Hearings in the Towns of

Shelby and Yates Regarding a Local Law Providing for the Administration and Enforcement of the NYS Uniform Fire Prevention and Building Code, Annual Report filed by Orleans County Cornell Cooperative Extension for 2006.

During open discussion, Donna Persia asked about the adoption of social security disability half taxes. Chairman Bower referred this to Legislator Callard. Mrs. Persia told Legislator Callard that she appreciates everything he has done. She said this is really needed. Mrs. Persia said the Town of Murray has put her in a category of 40%. She is pushing for the school to adopt this. They are waiting for the county to do something. Legislator Callard told Mrs. Persia he appreciates her bringing this to the Legislature's attention. He said it is something he always felt needed to be looked at objectively. We are doing so now and also looking at the same issue relative to 65 and older. This will be discussed at a finance committee meeting, and we will act accordingly in January. In order for it to impact next year's taxes, this needs to be accomplished before the end of March. Mrs. Persia said the school indicated that there were too many people in Clarendon at one time that this would affect. That is why they stopped it. Chairman Bower said we have no jurisdiction over the schools.

Chairman Bower spoke about Kathy Ahlberg, the Clerk of the Legislature. He said today is a special day; in that one of our own can retire and do a lot of things that she wants to do. Kathy is retiring next week. This is her last meeting. Chairman Bower said he really never got to know Kathy very well. She was in the office and it went that the legislators, not the Chairman, went to Joan. When we had to have something done, we went to Joan. He said he did learn to go to Kathy, and over the course of the last twelve months, we have had many conversations. He said it has been a wonderful year for him and Kathy has helped make it that way. She has been an outstanding employee for many years. Chairman Bower said he knows he is speaking for every legislator, the department heads, and everyone.

Kathy thanked Chairman Bower for his kind words. She thanked all the legislators for the opportunity they have given her to work with them. She said they are a great team with George in the driver's seat and have done a terrific job. Kathy said her last year has been a truly great one; a very productive and satisfying year, including a great relationship with all of you. She said it is hard to believe that she is at this point in her life. She must have had a lot of fun, because time sure flew.

Legislator Beedon motioned to waive the rules to add a resolution to the agenda; second by Legislator Smith.

Legislator Beedon said he took complaints from people about garbage pickup. That is something he had not faced a lot of before. They did respond favorably to coming back and picking up the garbage. Legislator Beedon said he is still busy with the nursing home. The brick is started on the outside, the roof is going up. It looks good and will be pretty well enclosed by December 24.

Legislator Smith said he can echo what Legislator Beedon said about the nursing home; everything is going well. He wished everyone happy holidays.

Legislator Callard said he has had discussions relative to a disability and over 65-tax exemption with Donna Persia and others. He has also had conversations with people about the garbage situation.

Legislator Rush said he has attended all his regular meetings. He went to a financial program at the library last weekend. It covered things the library does and will do, including information about their new building. Legislator Rush said the work has started on the transient dock at Point Breeze. He attended a meeting of the Fish and Wildlife Board. Legislator Rush will report on this board more thoroughly at a later date. He would like to talk about what the board is all about and how people are picked to sit on that board. Chairman Bower said he would like to hear about it.

Legislator Allport has attended all his regular meetings. He thanked the legislators for sharing their knowledge and experience with him this year, which has helped make him a better legislator. He thanked Kathy Ahlberg for her help throughout the year. Legislator Allport wished everyone a very merry and joyous holiday season. He said he hopes it is prosperous and safe. He said he looks forward to next year.

Legislator Eick told Kathy Ahlberg that it has been a pleasure working with her, and wished her the best of luck. He said he has had garbage complaints that he hopes to see resolved. Legislator Eick attended the Cooperative Extension annual dinner, and the Supervisors and Legislators dinner, which had the basic topic of windmills. He also attended his regular town meetings.

Chairman Bower reminded the legislators of their assignments for the next meeting. He said there would be a resolution on the next agenda to change the backup roles of the standing committees. The chairmanship will not change. This is so you get more experience with how the different departments in the county are run.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through November 2006.

The following resolutions were then adopted:

After adoption of the above resolution, Legislator Callard asked if this is a mutual exchange. Mr. Nesbitt explained that we do not have the facilities that are necessary for the treatment of prisoners needing this service, so they are housed in Oneida County when necessary.

Chairman Bower said we now have an "add-on". Legislator Beedon asked if there are two "add-ons". The Clerk said there is only one to be added. Chuck Nesbitt said there should be one for payment of bills for the Nursing Home project. Mrs. Ahlberg said the resolution was received after the deadline and she was under the impression that it would be on the December 27 agenda. Mr. Nesbitt said he had told David Lockwood that the resolution would be added on to the agenda. Mrs. Ahlberg said that information was not given to her. The resolution will be presented today.

Legislator Callard presented a resolution approving an agreement between Real Property Tax Services and the Towns of Albion and Gaines; second by Legislator Allport. Legislator Callard said while the Towns of Albion and Gaines were doing this collectively, it is now coming under the auspices of the county. He said he thinks it is a wonderful move to bring

consistency in the assessment of county properties in these two towns at a savings affected overall between the county and the towns. The following resolutions were then adopted:

### LEGISLATURE MEETING

December 27, 2006

The meeting was called to order by the Chairman at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Notice of Public Hearings in the Town of Shelby and Yates regarding moratoriums on excavation and/or mining and wind energy towers, NYSAC 2007 Legislative Conference, and the Orleans County Youth Board Meeting Notice.

County Treasurer Heard indicated no treasurer's report prepared due to December being a busy month.

During open discussion Gary Kent wished to pass one thing on that was volunteered to him and stated he has spoke with Scott regarding this. Kent understands that there may have been some evolution with fishing and Mr. Salmon and there was concern expressed to him about that and how much damage can be done to the county regarding access to the river. Chairman Bower advised him that it has been an ongoing discussion with the Legislature and we will continue to look into it. Chairman Bower added that the Legislature is aware of the problems and not trying to hide them.

Donna Persia thanked everyone again for discussing the Social Security disability tax. She hopes all agree on it next month. Legislator Callard

advised the Legislature that he will be taking it to committee and discuss it with the Legislature in January.

Mr. Kent questioned the Legislature if considering increasing the exemption on senior property tax in the County. Legislator Callard informed Mr. Kent that they are looking at both issues. He said they have surveyed other counties within the state to help compare both issues.

Chairman Bower indicated that this is the end of the year of 2006 for the legislature. "Fifty one weeks ago when I became chairman I had a vision," Chairman Bower said, "that the Legislature would change, that we all would work together, all have more responsibilities." "That we would share the credit and share the blame through one body that is committed to work together", continued Chairman Bower. We had some goals: to look into the new jail, in which the state was pushing us but we never did. Another goal was to get the nursing home back on track. Chairman Bower said the third goal was to look into doing something with the animal shelter. A lot of things have happened more than just these three, many things were done because the Legislature worked together, expressed Chairman Bower. No matter what Legislator he asked to do something, they responded and responded positively. Chairman Bower stated it has been a great group to work with and he is very proud of what has been done by this Legislature. Chairman Bower expressed that he is very proud of a lot of other people in the county for what they have done, including many who are in the room tonight. Chairman Bower invited people to this Legislature meeting tonight to share with us and give them thanks for what they have done. Each Legislator is going to discuss a project that was accomplished for the benefit of the people in this county.

Chairman Bower requested Legislator Beedon to begin the presentations.

Legislator Beedon reported that on July 14, 2006 began the long-awaited nursing home project with the formal ground breaking ceremony. Since that time the project has proceeded at a rapid pace. As of today, December 27, the project is on schedule to have a late May or early June completion date. The weather, in spite of the weekly rains, has allowed the various contractors to proceed on schedule. When the nursing home is completed it will be one of the finest of its kind in the Western New York and Finger Lakes Region.

The \$10,000,000 project could not be done without the entire support of the present Orleans County Legislature. Each legislator has pledged his

support to the completion of the project with one Legislator even promising to lend his expertise in doing much of the landscaping as a result of completing the Master Gardeners Program through Orleans County Cornell Cooperative Extension. Legislator Callard has reported that they already agreed upon taking this project on at their recent meeting.

Much of what has already been done could not be accomplished without the team effort of various department heads working closely with the county's Chief Administrative Officer, Charles Nesbitt, and Legislative Chairman, George Bower. With excellent leadership from Jeffrey Glatz, our nursing home administrator, the employees from the nursing home have been allowed to have input in how they feel their department should look when the project is finished. This allows the various employees to buy into the project. Good leadership has allowed this input. Even though Jack Welch has moved on to become Orleans County's Personnel Director, he has agreed to oversee the financial record keeping that allows the various contractors to be paid. He is a valuable part of the finances that the taxpayers are allowing us to spend on this project. Without the expertise of Mark Watts, Superintendent of Buildings and Grounds and Ed Houseknecht, Highway Superintendent, this project would cost much more than the budgeted amount. The buildings and grounds people have been used to do projects that would prove more expensive if done by outside contractors. The highway department, along with the various ten towns, loaned trucks to haul away a mountain of dirt, when the project first started. Mr. Houseknecht will be using the county highway personnel to finish the sewer and final hook-up to the Town of Albion sewer lines in the spring. This project will eliminate the expensive electrical pumping system now used by the nursing home.

Legislator Beedon added that we all begin to see that department head cooperation shows the deep commitment our Orleans County employees have to this project. It is my personal belief that when this project is completed, we will all agree that a dedicated staff allows things to happen in a positive way and that Orleans County is truly a wonderful place to live and work.

Legislator Eick stated that the Jail has been plagued with water damage for many years. The water damage has compromised the integrity of the building. It has caused the steel to rust and the concrete to deteriorate. Some of the rusting steel and deteriorating concrete found in housing areas can be removed by hand, which poses a threat to both inmate and officers.

The deterioration has also damaged our mechanical infrastructure such as the electrical, plumbing and HVAC.

For many years, Legislator Eick added, the jail has been limited on space, creating small rooms for medical, mental health, school and attorney conference rooms. The New York State Commission of Corrections has worked with the jail over the years dealing with overcrowding and lack of space for programs. The jail has to apply for a variance to house inmates in areas that normally wouldn't be used for housing. Even though the jail has had the variance for many years the NYSCOC has cautioned that the variance is a "temporary fix" not "a way of life" the County needs to eliminate the need for the variance. The only way the County can eliminate the variance is to house inmates in other facilities or stop taking inmates from other Counties; both options will cost the County money.

Legislator Eick stated there is very little that can be done with the current facility. The county could spend millions of dollars to repair the existing jail, but that wouldn't solve our overcrowding at all. To solve the overcrowding you naturally would have to expand which is not an option due to the fact the jail is landlocked.

On January 18, 2006, the public safety committee along with the Sheriff and Chief Administrative Officer traveled to Albany to meet with the NYS Commission of Corrections. The purpose of the visit was to ask that Orleans County's population variance be extended. At that time the commission made it clear that Orleans County had stalled for many years in fixing the problems with the current facility. The county could no longer stall. It was time to plan on building a new facility. The time for remediation of the old facility had passed. The Orleans County Jail was too decayed and physically inadequate to meet the county's needs for the future. The commission stated that we have a mandate set forth in the New York State Constitution requiring that counties maintain a jail, and that means we can not share a jail with other counties Legislator Eick further explained.

Therefore, the Legislature began to act said Legislator Eick. On February 15, 2006 County officials toured the Alleghany County Jail. On May 1<sup>st</sup> through the 5<sup>th</sup>, County officials attended the Planning of New Institutions training sponsored by the National Institute of Corrections in Longmont, Colorado. On June 28, 2006 the NYS Commission of Corrections addressed the same issues regarding the jail to the Orleans County Legislature in conference session. On August 28<sup>th</sup> and 29<sup>th</sup>, County

officials toured the Warren County and Chenango County jails. Legislator Eick asked what's next. At this point we need to do something. As long as we show initiative on doing something we can move ahead on this process in the upcoming years. In January 2007, the County Legislature will consider a resolution to commission a study of our long-term corrections needs. Once the study is complete we must take that information and determine the course of our future.

Legislator Allport stated he has the honor of informing the Legislators of the achievements of the EDA and he hopes he has captured the essence of what the EDA does for our county.

Everything we are able to do begins with economic development, said Legislator Allport. We are fortunate to have the accomplished EDA group of Jim Whipple, Gabriel Barone and Diane Blanchard working for Orleans County. Their experience and hard work moves our county in the right direction. It is a thankless job, seldom recognized for their accomplishments and accused for their secrecy on projects that is mandated by laws and ethics.

One of the top stars of the year was the Ethanol Plant with fifty new jobs. The Orleans Land Restoration Corporation, a 501c3, was created to complete the Ethanol Plant project. The OLRRC helps take environmentally challenged lands and get them back into production in the private sector. This included the land between the Ethanol Plant and the railroad line, allowing the rail spur to be laid to the plant. The EDA, working the NYPA, was able to secure the electrical needs for a future CO2 plant to be built next to the Ethanol Plant, creating another twenty jobs.

The EDA doesn't just bring new companies to our county further explained Legislator Allport but they work with existing companies in expansion, relocation and staying in the county. They do this by loans, including the Micro-Enterprise Loans, grants and working with the State to help ease the tax burden. They are responsible for maintaining the Empire Zones in our county, a monumental task, just trying to keep up with the regulations and changes that come out of Albany. The EDA is responsible for the development of the three business parks located in Medina, Albion, and Holley.

Legislator Allport said working with Senator Maziarz, the New York Power Authority, and the Empire State Development, the EDA helped

keep Bernzomatic in the Medina area saving 275 jobs. Many businesses were able to expand because of the help from the EDA, including Empire Coating, Moss-Colidis, Precision Packaging Products, Sanmore and Matrix Scientific. They helped secure a \$200,000 NYS Grant for the R.E. Newell block project in Medina.

The EDA also works closely with other agencies in the county, like planning boards, to work on projects sharing information and knowledge. The EDA coordinated an informational meeting with the towns and county on Wind Energy. They provide training for Micro-Enterprises, training 234 county residents, representing 136 businesses. Currently the agency is working on 22 request for proposals for different projects involving economic development in our county

These are just a few of the EDA's accomplishments this year stated Legislator Allport. The professionals of the EDA work with communities, our county, surrounding counties and the state to promote Orleans County and the residents living here. They use the uniqueness and benefits we have to offer as a county to attract businesses from all over to locate in Orleans County. Legislator Allport thanked them on behalf of the entire Legislature for their efforts on behalf of our County.

Legislator Rush indicated that Wayne Hale, Director of Planning, Tourism and the Marine Park provided a report that he would like to present. There were seventy referrals to the County Planning Board, which is the most in the last six years; the next highest year was in 2005 in which they received 50 referrals. Agricultural District No. 3 review was completed which resulted in a net gain of 768.6 acres, mainly due to relocation of parcels in northeast Murray from Agricultural District No. 1. The June annual Agricultural District enrollment; added 1,007 acres, which is the most since the new law became effective in 2003. The Land Use Workshop was hosted on September 20<sup>th</sup> in Albion with a total of 106 registrants. Technical assistance has been provided to several municipalities, most recently the Town of Murray committee in revising their Comprehensive Plan. The Hazard Mitigation Plan, one for County and each municipality, is on schedule and nearing completion. At the Marine Park, 19 groups used the pavilion, totaling 1,270 visitors. The Wooden Boat Festival was successful with 2,800 people in attendance. Legislator Rush added Ed Houseknecht, Gayle Ashbery, and Wayne Hale, worked on the Transient Boat docks in Carlton for at least the 7 years he has been a legislator and it is finally getting done. He thanked Mr. Houseknecht for doing a great job

and wishes to thank the Town of Carlton too for doing a great job and getting this project complete.

Legislator Callard stated that every year the county budget is a challenging task because every year New York State's unfunded mandates exceed what we already raise with property taxes. Every year we must struggle with the state's deficit requirements by managing our money as best we can in order to support the state's mismanagement of funds.

Legislator Callard added that this year was no different. The state required nearly \$2,000,000 more than what we were already collecting. The only way we were able to meet this great burden was to carefully budget our use of sales tax and fund balance without over estimating future sales tax revenue and without compromising the integrity of the fund balance. The task is an on-going one and actual budget preparations take over five months.

Given this background we were faced with a potential tax increase of several dollars per thousand, added Legislator Callard. We were then under \$1 per thousand, then under 50 cents, 25 cents, 15 cents, 12 cents, 9 cents, and finally 7 cents – a modest increase given the circumstances.

But the 2007 budget has provided for a increased investment in agriculture, economic development, and education. It funds a sorely needed new Orleans County Major Crime Task Force; and it funds the employee retirement fund without borrowing, and maintains the level of solid waste removal fees.

Legislator Callard added that as a side bar to the actual budget is the budget technological enhancements that have been driven through the interactions of the CAO and Treasurer in cooperation with Computer Services. On-line budget capability is being driven and enhanced between the two budget offices now and will eventually be spread to all departments; thereby down streaming a more comprehensive budget review capability. On-line capability and direct budget information between all levels of government will enhance our management of cash streams and better prepare us for possible borrowing needs.

Legislator Callard finally expressed that the budget process has truly been a team process and the Legislature is proud of its CAO and Treasurer, the Department Heads, of which many are here, and the staff of Orleans County for their contributions in making this a good budget year.

Legislator Smith thanked all who were involved in the Animal Shelter and this was one thing we accomplished as a group in a timely manner. Legislator Smith reported that in early 2006 the county began looking at the possibility of building a new facility for the County Dog Pound. During those meetings, the idea of purchasing the former Starrview Kennels building was mentioned and it made a great deal of sense. Other counties had spent hundreds of thousands of dollars to build new facilities. The purchase of the existing facility was more economical and offered more humane conditions for the animals, better working conditions for the staff and opportunity to bolster the adoption program. The new facility had 40 runs, a separate office and reception area as well as a room where cats could be segregated from the dogs. It also included a fenced in area where dogs could be exercised. Negotiations began and the long-term benefits clearly outweighed the costs.

Legislator Smith added that the former facility on Culver Road in Barre was a potato storage facility converted many years ago to serve as the dog pound. It included 17 dog runs with poor ventilation and no outdoor runs for the animals at all. Cats were kept in the same areas as dogs as well as the animal control officer's desk. For many years Orleans County had rented the facility and operated a disposal incinerator on site. The utility bills were high and the rent was not buying the county any equity.

On March 22, 2006 Orleans County purchased the former Starrview Kennel facility at the corner of Routes 98 and 31a from the Starr family for \$150,000 over three years, an amount easily justified by the rent being paid at the old facility. From that day until the grand opening on August 11, 2006 a number of renovations were done. The County Buildings and Grounds Department rebuilt the fence and did many repairs while Kathy Smith did a great deal of redecorating, much of which she did on her own time with the help of her husband, explained Legislator Smith. New signage was erected to identify the new Orleans County Animal Control Shelter. Disposal operations were contracted out at a savings to the county. Legislator Smith added that this is a great asset to the county and thanked everyone involved that made this happen.

Chairman Bower asked for a brief recess at 5:00 PM. Chairman Bower requested the meeting be brought back to order at 5:02 PM.

Legislator Beedon moved to waive the rules to add resolutions to the agenda; second by Legislator Smith.

Legislator Callard presented a resolution authorizing salary increases for Management and certain Part Time and Unclassified Employees; second by Legislator Allport. Chuck Nesbitt, Chief Administrative Officer, stated that the Budget Officer position was omitted from this resolution. Mr. Nesbitt added that the Budget Officer should be listed with the same dollar amount as the Deputy Budget Officer dollar amount of \$2,951. After discussion with County Attorney Schubel, Legislator Callard, and Chairman Bower; Legislator Callard moved to amend this resolution to add the Budget Officer position, for the amount of \$2,951, second by Legislator Allport. Legislator Smith moved the resolution authorizing extension of agreement with the New York State Division of Housing for the Section 8 Housing Assistance program, second by Legislator Beedon. Chairman Bower asked to address an issue. This is a department that has nothing to do with Orleans County and in fact at one time it wasn't part of Orleans County. In the last year there has been a lack of funds and we had to lay a person off. Chairman Bower fears there will come a time when there will be a lack of funds and the State will mandate the County to pick up the added expense. Chairman Bower feels that in 2007 the Legislature should take a look at this department. In many counties of this state, it is not under county government. It is either under Rural Opportunities, Community Action or other agencies. Before more tax dollars are paid out, this should

be reviewed before this time next year and decide on what should be done. The following resolution was adopted:

### 2007 Orleans County Budget Message

The Orleans County Chief Administrative Officer's Budget recommendation for the 2007 fiscal year is a representation of the projected cost of overall county operations. The 2007 preliminary budget proposes an increase of \$258,152 in the total levy. Overall spending under the proposal will increase by \$2,955,916 or 5.06% while revenues grow by \$2,427,764 or 5.23%. I am recommending a \$8.67 County tax rate per \$1000 of assessed value.

The total proposed County Budget for 2007 totals \$64,393,770 with a projected tax levy of \$11,641,475 to balance the budget. This proposal includes a recommendation to use \$935,000 of the county's \$4.7 million dollar general fund balance, \$150,000 from the county road fund, \$20,000 from the county machine fund, \$150,000 from debt service and \$150,000 from the county solid waste fund to reduce the levy and the overall tax rate.

The county will benefit in 2007 from the changes in New York State method of funding Medicaid. Orleans County's local share is still substantial at \$7,267,383 a \$67,383 increase over the budgeted amount for 2006. Although we have seen stabilization in the County Medicaid budget as a result of the "Medicaid Cap" until 2008, the state legislature still has the ability to implement changes that may result in further instability for County taxpayers as the program is subject to continuing annual state approval.

The Orleans County Nursing Home is going to require county assistance again this year in the amount of \$ 628,494. This is a substantial amount. However, it is significantly less than earlier projections made for 2007. The reduction of the projected deficit is largely due to some long overdue changes in state funding and continuing sound management of the facility. There is hope that changes in state funding; our new addition to the facility and an expansion of programming will make this facility self-sufficient again very soon.

Employee Health Insurance costs continue to rise at rates far above inflation. The increase for 2007 is expected to be 12.67%. However, changes implemented in early 2006 are projected to save the County an additional \$120,000 in 2007.

The County is mandated by the state to significantly fund six major programs including Medicaid, Pre-school for Handicapped Children and Early Intervention, Mental Health, the County Jail, Probation and the Public Defender \ Assigned Counsel. These programs consume the county's entire property tax levy and then some. The cost of these programs exceeds the property tax levy by nearly 17% and continues to grow.

The 2007 proposed budget includes 11.95 million dollars in sales tax revenue, an increase of \$1.35 million over the 2006 budget.

After several years of either reductions or flat spending, the 2007 county budget proposal includes increases in funding for Cornell Cooperative Extension, Orleans Economic Development Agency, Mercy Flight, Soil and Water and the public libraries.

The fee of \$140 per parcel for solid waste removal and recycling remains the same for the year 2007.

The 2007 proposed budget also includes funding for a new Major Felony Crime Task Force department in partnership with the towns and villages. There will be a new supervising investigator position created in the District Attorney's office to address the countywide problem of drug related crime.

A concern that continues to loom large over the horizon is the New York State Commission of Corrections and their insistence that Orleans County take steps to replace a deteriorating county jail facility. The Legislature and the Sheriff continue to conduct due diligence on behalf of the citizens of the county in an effort to comply with pressure from the Commission. The further we delve into those exercises of diligence, the clearer it becomes that there is no easy fix.

I want to thank the employees of Orleans County, particularly the department heads as well as the Legislature for their cooperation and support. I also want to make special thanks to the Treasurer and her staff for their ongoing support throughout the budget process.

I respectfully recommend the 2007 proposed budget to you the Orleans County Legislature for your approval.

Chuck Nesbitt  
Chief Administrative Officer  
Orleans County

COUNTY OF ORLEANS)

STATE OF NEW YORK)

I hereby certify that the following Proceedings of the Legislature of Orleans County by the authority of said Legislature are a true statement of the record of such proceedings as filed in this office.

Clerk of the Legislature

(Printing Company)

**LEGISLATURE MEETING**  
**January 10, 2007**

---

Chairman Bower called the meeting to order at 4:42 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present with the exception of Legislator Beedon.

The Clerk presented the following communications: Town of Oakfield announcing two scheduled Public Hearings for proposed Local Laws concerning an ordinance to Amend the Town of Oakfield Zoning Ordinance to add criteria for Wind Energy Systems; and an ordinance to add Incentive Zoning for Wind Energy Systems; Rescheduled Meeting Notice for the Orleans County Youth Board; and NYSAC (NYS Association of Counties) appointing Chairman George Bower to serve on the Medicaid and Human Services Standing Committee and appointing Chief Administrative Officer Charles Nesbitt to serve on the Legislative Standing Committee.

Chairman Bower stated that when he first sat in his chair a year ago he felt some apprehension in the chamber, but today he does not feel that and thanked the Legislators for that. Chairman Bower stated that at that time he asked this body to work together in doing the people's work, we have and he thanked them. We will work everyday to keep the county tax rate low. There are four areas we must address in 2007: 1) A new radio system for dispatch, paying for it with the 30 cent surcharge per month on all cell phones; 2) We will work with Real Property to establish the county doing the assessing for both the Towns of Albion and Gaines and at the same time save money for all three municipalities; 3) We will endeavor to make the newly formed Major Felony Crimes Task Force a success. Chairman Bower noted that he will not be at the next Legislature meeting as there is a public hearing in the Village of Albion about the Major Crime Task Force and as Chairman, he felt he should be at this public hearing; and 4) The Jail...to find suitable land, determine the size by working with the state and start the design phase.

Chairman Bower added that 2007 and 2008 may well be the most challenging years in decades but it can also be the most rewarding if we work together and never loss sight as to who is paying the bills. Chairman Bower feels we should move forward today with these four points in mind and do the job we have been doing for the people in this county.

Chairman Bower, apologized for not doing this last meeting and welcomed the new Clerk, Nadine Hanlon, who is now part of the team. We have gotten to know Nadine in the last few months, we appreciate what she has done and what she brings to this group and thanked Nadine. Clerk Hanlon thanked the Legislature for having her as Clerk.

Open Discussion: Chairman Bower asked if any one wishes to comment. Chairman Bower addressed the students and stated they probably would get a better grade if they ask questions and write their answers on their sheets.

Ben Jones understands that the legislature is working on this but questioned the tax exemption for the elderly. Ben wanted to let the Legislators know that many are interested in knowing how the Legislators are processing this matter. Legislator Callard stated that they are charting information received from other counties in how they treat income levels for people over 65 and disability considerations for people under 65. The committee needs to meet next week to discuss and have an agreement to submit to the Legislature two weeks from now.

Jim Shambaugh, President of the Oak Orchard Business Association, is one of the gentlemen Mr. Bierstine talked about. Mr. Shambaugh is an out of state resident for 5 months of the year and the rest of the year is a New Yorker. He spends approximately \$6,000 a year up here from April to November. Fishing is a concern and hears it down in Pennsylvania. Next to him is a bait/fly shop outfitter and he does not go in there because he always is asked about New York fishing. It is a serious matter to the fishermen and he thanked the Legislators for their time. He hopes that this Legislature comes up with a resolution to suit the whole population of the area and the fishermen of this country.

Tom Danaher stated he does a lot of the trade shows for the county. In doing these shows, he talks with people from New Jersey, New York City, Detroit, Cleveland and Pittsburgh and when they find out where he is from, the main concern they have is the access to Oak Orchard River. Mr. Danaher has been told stories of the abuse that people have taken while they are up here. Mr. Danaher would like the Legislature to take a look at what Mr. Bierstine had to say. Mr. Danaher has talked to a lot of people who would be coming to this area, and with the way things are now, they really don't want to come anymore. That is too bad because there is a good resource here.

Legislator Callard wanted to mention that the Finance Committee is always reviewing from paper clips, up. One aspect discussed is fixed assets. This is an area that we need to address. There is more up to date computer software that will improve this process that we will need to consider this sooner than later. Legislator Callard is also going to propose a resolution, going forward, on our taxes. All too often we see the bigger total levy of \$11,534,668 and then we tend to dwell on the smallest things and forget the largest un-funded mandates that are part of that tax levy. \$9,770,456, almost 85%, of our taxes have to go to un-funded mandates of the state. So if we were not burdened with the state cost, we can only imagine what this \$9 million could do to our budget. Legislator Callard stated that there would be those that criticize with what little we are dealing with, but they need to remember also the larger picture that impacts us the greatest. Remember 85% of our tax dollars goes to the state for un-funded mandates. In proposing this resolution we should list that dollar amount on our taxes so people are reminded of where we really need to begin to fight the battle. The 15% we are accountable for we do look for nickels and dimes. We cannot lose sight of the larger dollar amount that impacts us all. Legislator Callard stated he attended Soil and Water for his first meeting and is rapidly being educated in the agricultural business and enjoyed it very much.

Legislator Smith stated that at the last meeting we spoke about our accomplishments of last year and wish to build on those accomplishments in 2007. One of the things the Chairman talked about was the jail, which will be one of the biggest things that we will be working on. One item Legislator Smith is excited about is the Major Felony Crime Task Force that is going to be working in the area. With those items going forward it is certainly going to help us.

Legislator Eick wanted to reiterate Mr. Nesbitt's comment about the fishing problem that Mr. Bierstine presented and what Chairman Bower said; we all have been in various meetings concerning this problem. It is a serious problem and we have not come up with a solution, but it is not being taken lightly. It has to be resolved somehow and is not being brushed aside. As Legislator Callard stated, Legislator Eick attended Soil and Water meeting. Exciting things are happening with Senator Maziarz's office in regards to this committee. We will have a presentation at the next meeting regarding that.

Legislator Allport said he looks forward to another good year. He is excited about it and looking forward in serving with Legislator Smith on his committees. He is learning more about the county.

Legislator Rush commented, now that he is serving on the Nursing Home Committee, he attended the construction meeting and after that took a tour of new facility. As soon as he walked into it he could hardly see the far side, which reminded him of Wal-mart. He said we are going to have a beautiful facility when it gets all done and hopefully there will be times when people want to stop to look at it or at least look at the outside of it by driving up at the County Office Building to see its size. Legislator Rush voiced that that his one pet peeve is the transient dock at Point Breeze. He visited the area because he knew they were working on it further and said it is starting to look great. When boaters enter our Point Breeze harbor they are going to be real pleased with the way it looks. He knows that the docks have not been installed, but once they are in the spring it will look that much better. Legislator Rush said that Mr. Houseknecht and the Town of Carlton have a few more things to do with it. It really looks good and complimented them.

Susan Heard is busy collecting state aid vouchers, estimates; the year is not over so she is not ready to provide reports, but will as soon as she can. The next sales tax check, for 2006, will arrive on Tuesday.

Chairman Bower asked to move on the add-on resolutions. Legislator Callard moved for a short executive session on a personnel matter, which will have a bearing on add on resolutions, second by Legislator Allport. All in favor.

Mr Nesbitt advised that these appointments are not a creature of this Legislative Board. Legislator Beedon therefore withdrew this resolution.

Legislator Beedon moved to withdraw the resolution from the table authorizing filling of vacancy in the Department of Social Services, because we approved an amended resolution earlier, second by Legislator Smith. All in favor.

Legislator Beedon moved a resolution off the table to approve the agreement between Office for the Aging and the First Presbyterian Church, seconded by Legislator Callard. All in favor. The following resolution was adopted:

Vice Chairman Rush indicated that there were no add on resolutions. He stated that they typically adjourn at this point of the meeting however he will open it up for a brief open discussion should anyone wish to speak.

Troy Cressy is a resident from Oswego County and drove out today from Pulaski. Mr. Cressy stated that fishing rights and public access on Oak

Orchard River, along with other bodies of water across the lake shore counties, is very important to him for a number of reasons. He travels out here, mainly in the fall, bringing many clients to this area because they enjoy the fishing that the streams in this area have to offer. It will be a shame that this access be closed.

Donna Persia questioned why the senior/disability tax exemptions did not go through, why no action was made at this meeting. Legislator Callard commented that the committee recommended positively to do it. Now it has to be acted upon by the Legislature. Mrs. Persia thought it was to be done today. Legislator Callard stated that he indicated that he would propose it and they have. Now it is at the pleasure of the Chairman to act upon it and is now in review by the CAO and Real Property Director. Mrs. Persia questioned when it would be done? Mrs. Persia stated that it has to be done before March, and if not done before March, she stated she might as well sell her house. Legislator Callard stated that the Committee acted upon it and recommends that we do it.

Vice Chairman Rush thanked all for coming, appreciated thoughts on the fishing and hope to have this issue resolved.

Legislator Beedon moved to adjourn; second by Legislator Smith. Meeting adjourned at 4:55 PM.

### **LEGISLATURE MEETING** **February 14, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Office of the County Administrator, Jefferson County, resolution of the Jefferson County Board of Legislators petitioning the NYS DEC to repeal current trout/salmon fishing regulations for Lake Ontario; Orleans County Youth Board March meeting notice and request for nominations for Recognition Awards; Announcement of the February Legislators/Supervisors Meeting; A demonstration is scheduled of a new phone system for the dispatch center; Final Public Information Meeting scheduled for the Orleans County Hazard Mitigation Plan.

Chairman Bower opened the floor for public comment, no comments were made.

Chairman Bower advised the Legislators that a notice was provided in their mail boxes informing them that he will be out of town next week. Vice Chairman Rush will be in charge while he is out of town.

Legislator Rush reported that he has been to three Nursing Home construction meetings. Construction is going fast and is getting closer to completion. He has attended radio meetings at Emergency Management and as long as Pete Stritzinger and Paul Wagner know what is going on, he is pleased with that. Legislator Rush attended the Soil and Water Annual Meeting with six other Legislators. James Kingston put on a great Annual Meeting. He met with Ed Houseknecht and he will be going with Mr. Kingston to Texas to look at an excavator for the County ditching program. Legislator Rush stated that he will present an add on resolution today to send Mr. Houseknecht on this trip. Legislator Rush met with Mark Watts at one of the Cannon Construction meetings with a concern of the construction crew slipping and sliding around due to the snow. Mark will spread more salt around to help prevent that. Plowing is also done by our Highway Department at the construction site to help get the construction crew around.

Legislator Allport reported that the ARC of Orleans County is proposing a respite house. This idea will be presented at the ARC Board of Directors this evening. The Director of ARC has this as his number one goal to pursue. Legislator Allport explained that they will have a house structured with bedrooms, recreation or activities room for children with disabilities or special needs. Legislator Callard questioned what respite is. Legislator Allport stated that family members could drop off children of special needs, knowing they would be in competent hands when they need to attend appointments. They would have trained staff needed to oversee these children. Legislator Beedon indicated that there are other respite houses geared towards adults. Adults are dropped off for a few hours a day so loved ones can take a break or run needed errands. Chairman Bower stated that we could re-do a section of the Nursing Home for this purpose. Respite rooms were available in the Nursing Home for quite a few years. It was more extensive. You could place your grandmother, who was living with you, in there for two to three weeks while you went on vacation. Chairman Bower said that we may have room for them, or work with them to develop an area for their needs. Legislator Allport said they are just looking for an area, especially during the daytime for that purpose. He will let Don Colquhoun, Director of the ARC of Orleans

know of this possibility. Chairman Bower said that we work well with them. Legislator Allport said that they are a great organization.

Legislator Eick has attended the computer committee meeting and computers are on order and will be in place within the next 30 days. One quarter of our computers will be replaced. Most of us attended the annual meeting of Soil and Water. James Kingston was pleased that six of the Legislators were there. It is the first time this has ever happened. The 4-H Youth Recognition night was attended by himself and Legislator Beedon at Hickory Ridge. Twenty-five to thirty kids were recognized for their 4-H achievements throughout the year. He felt it was very inspiring. Legislator Eick said it is very heartwarming to sit back and look at the people heading up our Departments. He knew James Kingston when he was showing cattle at the Orleans County 4-H Fair. He has come a long way and is a fantastic individual handling Soil and Water in our County; a local boy. Chuck Nesbitt is another person who grew up locally and handles a great position in our County. Ed Houseknecht, also a local boy from Medina, doing a fantastic job handling our County Highway Department. Deb Roberts, Director of Cooperative Extension in our county who is a local individual. She didn't grow up in Orleans County but did marry a local farmer. She too is doing a fantastic job. Legislator Eick stated how heartwarming it is having these local people work for our County.

Legislator Beedon added that just about all our Department Heads are doing a great job and it is good to have locals lead these departments. Legislator Beedon reported on the Nutrition Program. One of his responsibilities is to serve on the Nutri-Fair Board. Recently Angie Blackley, who was the Director of our Nutri-Fair program, resigned and has taken another job in Lockport with an area physician. Because of that many of our Senior Citizens had this feeling that we were going to dump the program. Rumors then were going around that we were attempting to dump the program and not carry it on. Pam Canham and he went around to the nutrition programs in Medina and Yates just to let them know that this program is mandated and that we are definitely responsible for that program. We also indicated that we have no intention of cutting this program off. It was important for us to advise them that this program is here to stay and funding will be provided for it. It is important to do that and they needed to hear that from us to stop the rumors. Legislator Beedon is surprised that the Yates program has many more in their program than in Medina. Many people have their meals delivered to their homes. This is a good program to have.

Legislator Smith had the opportunity, on the 19<sup>th</sup> of January, to ride with Nathaniel Lorenz, an Orleans County Sheriff Deputy. It was a very interesting night. He had a small jacket on and was not prepared for the weather. On that night they went to many calls and it was terribly cold, and there was a lot of accidents. Deputy Lorenz patrolled the middle section of the county. The county is split into three sections: center, east and west. They were in Clarendon when received a call for a terrible accident on Rte. 98. When he was outside with the Deputy; Legislator Smith said he almost froze to death. It was a great experience and Legislator Smith has a great appreciation for these guys and for what they do. This was a real dedicated young man and was really impressed with the job he does for this County. Not only him, but also many others too that really impressed him and Legislator Smith thanked the Sheriff for allowing him this opportunity to ride with these deputies. Legislator Smith went to Albany on January 28<sup>th</sup> with the Chairman and CAO and felt it was an excellent learning experience for him and enjoyed every minute of it. He had the opportunity to listen to the Governor and Senator Bruno speak. He also attended the Soil and Water Annual Meeting and felt it was very interesting. He toured the Nursing Home on the February 13<sup>th</sup>. He believes the public will be very pleased once they see the inside. He was blown away and did not realize that much work was done. It is an excellent facility and is absolutely stunning. Legislator Smith stated he has been rather busy and enjoying every minute.

Legislator Callard stated that Legislator Eick covered our committee meetings for the last two weeks. He also has had the opportunity to walk the salmon fishing banks with Ron Bierstine. He got a full understanding on both sides and saw the issues at hand. It was nice of Ron, on a very cold day, to walk with him. It brought back a lot of memories when he used to fish at the Bower House 50 years ago. They didn't have trout, it was always bass. It has changed a lot since he has been there, but was familiar too. Ron went through great lengths, spending a couple of hours so he could understand all the issues at hand and he thanked Ron for that opportunity. From a financial perspective, both Legislator Callard and the committee are concerned. According to the third payroll of the county, the Sheriff's department is overrun by \$10,000. We want to keep in mind that we increased that budget as well. The \$10,000 would actually be a higher number than what it would have been last year. This is a very serious situation very early in the year. When we are dealing with \$400,000 in the budget, it appears it could go over \$100,000 or \$150,000 if it keeps going at this rate. Legislator Callard urges the committee to

delve into this. Chuck Nesbitt stated, for the benefit of the newspaper, that Legislator Callard is referring to overtime in the Sheriff's Department.

Legislator Rush questioned Legislator Callard that when Ron was escorting him around, did he notice the new parking lot that DEC has put in. Legislator Callard stated that they were working on it while he was down there. Actually, it was almost a reason why he did not recognize things because they are opening it up. They are filling it in to hold 50 cars so people can walk down to the immediate fishing area. It is not finished but it is in progress. Legislator Allport asked if it was on the east or west side. Legislator Rush indicated east side.

Mr. Nesbitt, CAO, stated that last year when we purchased the vehicles he received nasty phone calls from local dealers because we purchased some of those vehicles off state bid. In accordance with New York State Purchasing Law, he completed a 31 page bid document for four (4) sheriff cars and personally delivered them to the local dealers in the county; two in Medina and one in Albion. They will have an opportunity to place a bid on these vehicles.

The Treasurer was not present to provide report.

Legislator Beedon moved to add two resolutions to the agenda; second by Legislator Rush. All in favor. The following resolutions were then adopted:

#### RESOLUTION NO. 56-207

#### AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY

Moved, Beedon; second, Eick.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Rush moved to authorize an extension of temporary positions in Buildings and Grounds Department. We did extend this about two months ago for sixty days and in speaking with Mark Watts, he wished that it would be extended for an additional sixty days, second by Legislator Beedon. Chairman Bower wished to comment on this. For those who have not seen the work these temporary workers have done at the Nursing Home, that is what they were hired for. Call the Nursing Home and have them give you a tour of what they have done for this County. You will be amazed at the work that they have done. We had either two men at times, or at the most we had three. They did much of the renovation to the interior of the existing building. Some of this is completed now. The physical therapy room is completed and it is a marvel. The Beauty Shop that takes care of the hair for our people has been redone. All the classrooms for the students in Albion have been redone. All by the people in this troop. In addition to all the new offices that were established for billing, that was all redone by these people. They have done a marvelous job and with the cooperation this County is getting from Buildings and Grounds and Highway on this Nursing Home project is something that he will never forget. It was something in years past that we never got. We get it now and Chairman Bower felt that every Legislator sitting here understands it and appreciates it. So those who have not seen what these people have done, call Jeff Glatz or myself to provide a tour because you will be amazed. Legislator Rush stated that you would think that they were professionals. They have done an excellent job, not only that, they don't only do the refurbishing. If Mark has something else to do they will do it. In fact, in the kitchen they tore out the old cooler. There is always something for them to do and Mark said that they are great workers. Legislator Beedon stated that if we did not hire these men to do this job, it

would have had to be done by Cannon Design, with additional expense of hundreds of thousands of dollars. Mr. Nesbitt indicated we would have had to pay prevailing wage for all of this work. The following resolution was adopted:

One more thing Chairman Bower wanted to mention before adjournment on a lighter side. There was a letter to the editor in a local newspaper sort of insinuating that Nadine Hanlon is related to me in some way. Chairman Bower set the record straight that she is not related in any way.

Legislator Beedon moved to set the date of the Public Hearing regarding Small Cities Program Grant on February 28, 2007 at 4:15 pm; second by Legislator Callard. Legislator Beedon asked if Charles, Nesbitt, CAO, could explain this. Mr. Nesbitt said that the purpose of this resolution is to open for public comment and to discuss community development needs. In order to make an application to the Governor's Office for Small Cities (GOSC), this is one of the requirements. In order to do that we need to have two Public Hearings to take input from the public. We will have a presentation about the Home Ownership Program that could be funded through GOSC. This is something that we would do in conjunction with Rural Opportunites which will provide grants for assistance to first time homeowners, down payment assistance, closing cost assistance, as well as rehabilitation of homes. Legislator Eick questioned if this is a just a grant program, not a low interest loan type program. Mr. Nesbitt stated it is a grant program which also includes education for first time home buyers. In order to qualify for this grant, they have to attend several classes and learn how to be responsible homeowners. Rural Opportunites is already giving these classes in Genesee and Orleans Counties. Folks that attend them are eligible for grants. Several Orleans County residents are attending these classes in Genesee County but since Orleans County doesn't have this type of program they don't have access to these types of grants. Legislator Rush questioned Mr. Nesbitt if we have quite a few people attending these classes. Mr. Nesbitt indicated we have, according to Rural Opportunites, about 40 families that might possibly qualify for this. The following resolution was adopted:

#### RESOLUTION NO. 89-207

A little snag has caused us to extend our expectations for the next 30 days or so. He is pleased to announce that the Public Hearings relative to public comment for income eligibility criteria for people over 65 and disabled people up to age 65 are set into motion. Legislature Callard is concerned, from a financial perspective, that the overtime sheets show a doubling of overtime in the Sheriff’s Department over 4 pay periods and this needs to be brought into line by the committee. He encourages that committee to look at that so it doesn’t get out of hand.

Legislature Smith responded to Legislator Callard's concern and indicated that they are looking into the overtime situation. Legislator Smith toured the Nursing Home again and the project is going well. He believes completion date is in May. Chairman Bower clarified that in May or the first part of June is when the new structure will be complete and will transfer some people into the new section so work can be done on the rest of it. The total completion is still scheduled for August.

Legislator Beedon stated that one of his responsibilities is with the Veterans and they meet once a month at the Apollo restaurant. At the last meeting he attended, Paul Fulcomer, Director of Veterans Administration, shared an interesting fact in that the total number of veterans transported to Batavia, Rochester, and Buffalo for veterans' services in 2006 was 1,161. In January of 2007 alone, 113 were transported. The numbers will be higher at the end of 2007, than in 2006, if they continue to transport at this rate. They have five vehicles for transporting. They have two grants totaling \$22,000 and they are going to purchase a vehicle. They hope to purchase a brand new vehicle and retire one of their vehicles to use it for parts. The vehicles are getting up there in mileage. We are one of the few veterans groups in the entire state that transport our veterans to their required appointments at veterans' hospitals. He said it is an awesome service. Legislator Beedon stated he is pleased to serve on this committee. We have some great patriot Americans who have served us well in past wars. Mr. Fulcomer is doing a great job in making sure they are taken care of. Legislator Rush questioned if the 1,100 number reflects veterans transported or number of trips. Legislator Beedon indicated that these are all veterans. Chairman Bower stated that all the drivers are volunteers. Legislator Beedon stated that they are thoroughly investigated in order to transport our veterans.

Legislator Eick stated that Legislator Callard covered his committees in his report. He attended the Towns of Albion and Gaines meeting regarding wind energy. They had an attorney present, Dan Spitzer, who has been working with municipalities, not for or against wind. Mr. Spitzer is working with the municipalities to get the process started and to organize to get wind power in their town should they want to pursue it. It was a very interesting meeting and Legislator Allport also attended. There is a lot of interest sitting on the County Planning Board with wind energy throughout the county and it is going to be a big issue.

Legislator Allport stated he is attending his regular committee meetings. The big thing is with the Department of Health. With Andy Lucyszyn retiring as Director of Health, the Board of Health is receiving resumes and applications for the Director position, which are being forwarded to Albany for the certification process. There seems to be a lot of positions in the Department of Health, people retiring or leaving that will be opening soon. This will be an issue coming up.

Legislator Rush stated that he enjoyed going to the contractors meeting for the Nursing Home. On Tuesday they spent an hour and a half listening to the contractors on how they are setting up the different jobs with each other. With Legislator Smith, he took a little tour through the Nursing Home and can't believe the infrastructure through the ceilings and walls, which was quite interesting. We had a Highway meeting and it was discussed about putting in the sewer system at the Nursing Home; and after Ed Houseknecht talked about starting it, more snow came. Legislator Rush stated he enjoyed doing Chairman Bower's job while away. He came in to review resolutions and sign contracts.

Chairman Bower wanted to add a little bit about the Nursing Home. A very interesting and very worthwhile thing that the contractors are doing before they progress in any one area, is that they will bring in the Legislators to scope out the rooms. They want to make sure all the electrical outlets are positioned right because the beds and chairs need to be in the right positions so they can get light and see the TV. This is also so we can find any errors that appear beforehand so we don't have any change orders unnecessarily as the project goes forward. In the next two weeks, one room will be complete with tile, ceilings and floor and then we can look at the room again before they go too far. It is a very worthwhile practice with these contractors meetings as usually four Legislators are in attendance. They are more on their toes because we are listening, questioning, and inspecting. Even though we have had a few bumps in the road, the project is going forward very nicely. When the Open House is scheduled we will advertise so the community can see what some of their tax dollars are going towards.

Legislator Beedon moved to add two resolutions to the agenda; second by Legislator Smith. All in favor. The following resolutions were then adopted:

**LEGISLATURE MEETING**  
**March 14, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

The Clerk presented the following communications: Tioga County Legislature, an adopted Resolution urging the United States Congress to enact the "Medicaid County Protection Act of 2007"; Orleans County Cooperative Extension Board of Directors meeting will take place on March 15, 2007 at the Education Center.

Chairman Bower opened the floor for public comment, no comments were made.

Susan Heard, Treasurer, handed out cash flow reports for January and February. She has not closed the books for 2006 because she is still hopeful for a few items to be received. The cash flow report will show where the cash balance might land for 2006. The other report that was distributed is the Capital Projects and the balances on each of these accounts. Mrs. Heard stated that the General Fund has made a loan to the Bridge Account a couple of years ago and she is still waiting for that money. Legislator Callard questioned that the cash balance for this year is considerably lower than last year at this time and if she sees this as being a continued trend throughout the year. Mrs. Heard fears that it is a continuing trend. On the levy, she has made \$400,000 more year-to-date

in February than last year at this time. The \$400,000 is paying other funds quicker. Legislator Callard said we need to operate cautiously. Mrs. Heard said she has a big chunk of money right now but needs to have that last all year.

Legislator Eick attended the Chamber of Commerce Legislative Luncheon last week. He said Senator Maziarz and Assemblyman Hawley were very informative. He also attended a Soil and Water Meeting. Senator Maziarz said that the excavator is still available for us. James Kingston and Ed Houseknecht traveled to Texas on February 28<sup>th</sup> to look at these machines in operation and were impressed. They will give a report at the next Highway Committee Meeting. He attended the Town of Barre Board meeting and various other committee meetings.

Legislator Allport reported on the search for the Public Health Director. Candidates will be presented to the Board of Health at their March 26<sup>th</sup> meeting.

Legislator Beedon said that he sits on the Committee for the Office for the Aging, along with Legislator Smith. Around September of last year, a concern with the possibility of increasing the exemptions on Senior Citizens began. One thing Mr. Jones suggested to these individuals, if they really wanted it, is to not only go to one of the Legislature meetings, but to attend several meetings to see how the process continued. The public did this in a very nice, non adversary, non offensive way but just here to see it moving along. Legislator Beedon said it has moved moderately ahead even though government can be slow. He said that the Nursing Home project is moving along beautifully.

Legislator Smith stated he is very excited about the Nursing Home. He believes that at the end of September this project should be completed and is really going to be a nice addition to our county. Legislator Smith stated that we need to start on our new jail and expect a report back from LaBella at the end of the month. At this point in time, we can start looking at property. We will be focusing on this project within the next year or so. Legislator Smith is excited about the project with ROI, helping people in Orleans County with home ownership and repairing properties.

Legislator Callard and Chairman Bower went to the Nursing Home to give them the opportunity to look at the landscaping. He said Chairman Bower mentioned a colonial vegetable garden and he went to the Master Gardeners, which is structured through the Orleans County Cooperative

Extension, and they are taking on the task to help design and incorporate the Chairman's vision. They were also thinking about an English flower garden, with birdhouses and birdfeeders. Legislator Callard said we will get the money, even if he does it personally and he will work it out. It would be good for our people. Legislator Callard reflected...people think government or Legislators are insensitive but we are real people. We are dealing with people in our county. With holding the Public Hearings on tax exemptions for Seniors and Disabled persons today, helping provide affordable housing for low to moderate incomes, and the well being of our infirmed people; our Legislature is a caring one, and we are individuals who care about our people in Orleans County.

Chairman Bower asked Chuck Nesbitt to address an issue that has been a concern to him. To make sure this Legislature knows what our response is and to deal with the situation properly.

Chuck Nesbitt stated that the Legislature may have varying levels of awareness with the Democrat & Chronicle that ran a series of articles for "Sunshine Week". It was critical of various county governments around the region for their various responses and levels of cooperation related to requests for some very sensitive Emergency Response Plan information that contained information on critical infrastructure and hazardous materials that exist here in our County. The article that came out on Monday entitled "Keeping Secrets" that implies some sort of sinister motive and we felt it was unfair. The Chairman asked me to put together a statement of response to the Democrat and Chronicle about the County's position relative to the actions of our Emergency Management Director Paul Wagner, and did so in consultation with the County Attorney. Mr. Nesbitt read the following statement although the Democrat and Chronicle did not bother to return his call.

"We as government officials have a responsibility in a post 9-11 environment to the citizens of our municipalities. Section 87, subsection 2, part F, of the Public Officers Law was passed granting an agency the right to deny access to records or portions thereof that if disclosed could endanger the life or safety of any person. Thoughtful consideration of the Freedom of Information Law requests that may reveal sensitive details about critical infrastructure is in the public interest and must be carefully and thoughtfully balanced with the public's right to know."

Chairman Bower indicated that the article we are referencing was in the Sunday's Democrat and Chronicle. He does have a copy of this article

should any Legislator wishes to read it. Chairman Bower felt that our EMO Director handled it appropriately. Legislator Eick requested a copy of this article.

Mr. Nesbitt thinks being critical of the counties for wanting to redact information relative to, for instance, places people can steal chemicals to cause harm, is probably inappropriate.

Legislator Beedon moved to urge the Governor and the New York State Legislature to continue to make New York State Small Cities funds available to communities hopefully to help with economic development projects and micro-enterprise businesses, seconded by Legislator Allport. Legislator Callard asked if this is separate from the ROI grants we are applying for. Mr. Nesbitt indicated that these economic grants are available through the Governor's Office of Small Cities on a project-by-project basis. There is a concern at EDA that based on some of the actions taken with the overhauling of the State administration that some of these funds may disappear. We have been a recipient in terms of Economic Development funds, based on population, far and away benefiting more than any other county in the State. The following resolutions were adopted:

Chairman Bower wanted to clarify and assure that every one of the resolutions presented this evening takes hours if not months to develop. All the committees work on these and all Legislators receive a copy of these ahead of time so questions can be asked. Be reassured that they are well thought out and well meaning for the taxpayer. Legislator Beedon added that they work with the Department Heads to develop many of the resolutions.

Legislator Allport moved to adjourn; second by Legislator Eick. Meeting adjourned at 5:05 PM.

**LEGISLATURE MEETING**  
**March 28, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

The Clerk presented the following communications: Town of Alabama Town Board held a Public Hearing on Local Law 1 of 2007 amending the Zoning Law and Zoning Map of the Town of Alabama; Notice of Orleans County Agricultural and Farmland Protection Board meeting; Village of Lyndonville Board will conduct a Public Hearing on a Local Law to Provide for the Administration and Enforcement of the New York State

Uniform Fire Prevention and Building Code; Orleans County Federation of Sportsman's Clubs Inc. is providing notice of their delegates, Neil Newton and Alternate Mike Elam, to the Fish and Wildlife Management Board.

Chairman Bower opened the floor for public comment, no comments were made.

Joan Kusnierczak, Deputy Clerk of the Legislature, was asked to join the Legislative meeting.

During open discussion Legislator Beedon stated that this is Joan's last Wednesday as an employee. Over the last 12 years of his service on the board, Joan has been here. He always thought her last name was Kusnierczak but she always answered the phone "Orleans County Legislature, Joan speaking". He didn't know her last name was "speaking". That was always the way she greeted us and took great care of us over the years whenever there were issues we needed to address. We always called Joan because she knew the answer. We wanted everyone to know that she is retiring on March 31<sup>st</sup>. We are going to miss her. Joan and Kathy were a vital part of our Legislature. Joan, we love you and you have done a great job. We are going to miss you.

Legislator Smith wished to continue on Legislator Beedon's comments and feels the same way as Legislator Beedon. Although he has not been here for 12 years, he is into his fourth year of his second term. He said Joan has treated him well and has had no complaints at all. Joan has done a tremendous job for this Legislature. He wished Joan well in the rest of her life, enjoy, and don't forget about us.

Legislator Callard asked Joan if she was coming to work on Saturday, her last day of work. He said it was always fun auditing the bills and liked to try to catch Joan to see if she missed a date stamp. No matter what, she always got more points than he did. She always caught more than he did in these audits. She was always very sharp and very good. She always served the County well. We are certainly going to miss her, but will see her around town.

Attorney David Schubel stated he has been here since 1992 and Joan has certainly assisted him in doing his job as County Attorney. She is a trusted and valued colleague. He thinks the major thing of what we do either as an elected or appointed official, is respect the dignity of our

fellow man or taxpayer of this county. He has never heard Joan, personally or anyone ever related to him, personally attacking anyone. Joan has always respected everyone whatever stage of life he or she came from. She has always been a model representative of the county and this body. It has certainly been a pleasure and honor to serve along with her in that regard.

Chuck Nesbitt said that he has almost been here two years and it was almost as if he had someone there to direct him where he wanted to look for things or where he might want to investigate. Anytime something came up, Joan was there to act as a terrific resource. She knew all the players and knew where to look for everything. He stated he was going to miss all these things, and the sticky notes that said, "You may want to look at this one, it does not look quite right." Mr. Nesbitt really appreciates Joan's help and was an immense help in helping him transition into his position and really appreciates Joan professionally and working with her.

Legislator Eick felt the Legislators just about said it all. Joan and his wife have worked together in the Medina School system about 15 years ago and that is where he got to know her. He has enjoyed working with her in the last two years. Joan has helped him with auditing and answering any questions he had. Legislator Eick wished her well in her retirement and to enjoy her family.

Legislator Allport thanked Joan very much for everything.

Susan Heard would of liked to have said what Dave Schubel did because it was perfect. I am going to miss the phone calls from Joan saying "Susan I don't want to tell you how much the vendor roll is". Susan told Joan she will miss her.

Chairman Bower said he was here when Joan originally came and he thought about this day to say a few words about her. What do you say about a worker who has done a great job like Joan has for all these years? I don't believe in cloning, never have, but if he could clone the work ethics of Joan he would do it in a heartbeat. Chairman Bower thanked Joan very much.

The Orleans County Legislature presented Joan Kusnierczak a Special Recognition Certificate for her dedicated service to the County of Orleans. Chairman Bower read, "On this 28<sup>th</sup> day of March 2007, we wish to recognize your 14 years of dedicated and committed service as Deputy

Clerk to the Legislature. The Orleans County Legislature acknowledges your dedication, commitment and your service to the Citizens of Orleans County.”

Joan stated it was a pleasure to work with all of you. “I never knew anything about county government until I came here and learned an immense amount”, said Joan. She said it has been a pleasure working with this Legislature, some longer than others. “Some of you are new, and some have been around this Legislature. I am going to go on and enjoy the rest of my life and have fun”, said Joan. Joan thanked them very much for what they have done for her.

Susan Heard did not have a written Treasurers report this afternoon but just recently updated everyone at the last finance committee.

State aid shall be granted to the city of New York and the respective counties outside the city of New York only to the extent of reimbursing fifty per centum of the approved expenditures incurred by the county or city in maintaining and improving local probation services.”; and

WHEREAS, over the past two decades, local reimbursement for probation services has decreased from 46.5% to lower than 20%; and

WHEREAS, also during this period of time, the state has increased unfunded mandates on Probation, such as: interim supervision, DNA collections, Sex Offender registration, ignition interlock, and community service for DWI; and

WHEREAS, counties have been forced to assume a greater proportion of probation costs resulting in layoffs, reduction in services and/or increasing property taxes; and

Legislator Callard moved to adjourn; second by Legislator Beedon. Meeting adjourned at 4:48 PM.

### **LEGISLATURE MEETING** **April 11, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Smith.

The Clerk presented the following communications: Legislators/Supervisors Meeting is scheduled for April 24, 2007 and the Town of Carlton is hosting and the speaker will be Martin C. Basinait, President and CEO of Western Regional OTB/Batavia Gaming. Public Notice from the Town of Alabama regarding a public scoping session on May 3, 2007 at the South Alabama Fire Hall for the purpose of providing guidance to Alabama Ledge Wind Farm, LLC as to what items of potentially adverse environmental impact the public wants to address for the proposal of the construction of approximately 56 2.1 megawatt wind turbines in the Town of Alabama. New York State Association of Counties has forwarded to all of Orleans County Legislators the 2007-2008 Enacted State Budget Impact on County Government publication. The 25<sup>th</sup> Annual Youth Recognition Banquet will be held on Wednesday, May 9, 2007 at the Orleans County 4-H Fairgrounds.

During open discussion Legislator Rush stated he has been busy since he has been back from vacation. He walked through the Nursing Home to update himself because he has not been there since February. He has had a couple of meetings with the Highway Superintendent, who is in the process of appointing a deputy superintendent. He attended the construction meeting at Nursing Home and met with Mr. Nesbitt on a few matters. Mr. Nesbitt, Mr. Watts and himself went up to the barns at Emergency Management to look into cleaning these up to make room for some of the trailers. The doorways and ceilings are short for one of the trailers. Open air garages may be our only option we have at this time. He attended the Murray Town Board Meeting. Mr. Houseknecht was named Employee of the Month.

Legislator Allport stated that they are moving along with replacing the Public Health Director. They have it narrowed down to a couple of people, of which one is very promising. At the end of this month, a Board of Health meeting is scheduled so interview times can be set up for next month. We are very glad that Andy Lucyszyn is staying on part time to keep the paperwork flowing to the state. He met with Jeff Glatz today, who was gracious enough to take him through the Nursing Home on a tour. The Nursing Home project is very impressive.

Legislator Eick met with Chuck Kinsey and the computers are on schedule. He attended various Town meetings. A meeting is scheduled for Saturday at 2:00 PM at the Shelby Fire Hall and the speaker is coming from the Town of Eagle regarding Wind Energy. The public is welcome to attend this meeting.

Legislator Beedon has been busy with his various committees but one committee he is on is the Office of the Aging, also serving on the Nutri-fair Board. As of yet, there has been no replacement for Angie Blackly who has resigned. We are hoping to fill this soon because we want to make sure this person is a certified nutritionist. The two Helens', who have been filling in, have been doing an excellent job. Very shortly, all of you will be receiving an invitation to attend the 30<sup>th</sup> Anniversary of the Nutri-fair program. It will be held on Friday, May 4<sup>th</sup> from 4 to 7 PM. Senator Maziarz will be awarding a member item grant in the amount of \$10,000. This event will be held at the Knights of Columbus.

Legislator Callard attended the last Supervisor and Legislator Meeting and Dawn Allen, the Real Property Director, did well as the guest speaker. All the updates have been completed with the exception of the Town of

Ridgeway. He also attended the Soil and Water meeting and the machinery is on track. Legislator Callard announced that today is the premier date of our new County Website. Chuck Kinsey explained what changes were made and that the website is updated. He is confident that the framework will support our operations.

Legislator Beedon mentioned that Personnel did a wonderful article on the Computer Services Department in the recent employee Newsletter.

Chuck Nesbitt stated that at the next conference session Labella Associates will be doing a presentation of the findings of the first phase of the Jail Study. On Friday we will be having a discussion of their preliminary findings. Mr. Nesbitt and the Treasurer, Susan Heard will be attending Finance School in Syracuse on May 1<sup>st</sup> through May 4<sup>th</sup> so they will not be able to make the 30<sup>th</sup> Nutri-fair Anniversary celebration.

Susan Heard presented the Treasurer's report. Ms. Heard is not happy as a result of a combination of items. The Real Property taxes collected year to date, for the first three months, are down 1.3 million dollars over last year at the same time. In addition to the picture, the vendor roll, or spending, is way up approximately 1.3 million dollars. There is a 2.5 million dollar mix that you see in the bottom line. Last audit for February was carried over which would make the March vendor role higher and February vendor role was not low. Ms. Heard is very concerned. On April 1<sup>st</sup> we had to spend 3.5 million dollars, to make the school districts and villages whole. It is a problem and when we see this report next month, unless major money comes in from different sources, a concern exists. Taxes need to come in. We will raise money with an auction in May. Legislator Callard asked if the state is holding back revenue. Ms. Heard said it appears they send money when it is available and does not appear that money is being held back. Legislator Callard asked about the Public Health area. Legislator Allport said the Early Intervention program typically holds back money, which is statewide. Ms. Heard stated that the money for the Handicap children has always been two to three school years behind in collection which is not unusual. Ms. Heard stated that we need to watch our spending. Legislator Rush, in reviewing the quarterly report, saw that the bridge fund was in arrears. He inquired from Ed Houseknecht who said it was for building the new bridge on the Countyline Road. Mr. Houseknecht said he received a check in excess of \$400,000. This may not show because it goes into the Bridge Fund. This report is for the General Fund.

Legislator Bower stated that you don't read a lot of good in the Newspaper unless you read the local articles. Last week the Rochester Newspaper had an article that stated that the Genesee and Orleans County roads are some of the best in the State. He said that sounded very good and sent a copy over to Mr. Houseknecht.

Legislator Beedon moved to add one resolution to the agenda; second by Legislator Allport. All in favor. The following resolutions were then adopted:

RESOLUTION NO. 163-407

WHEREAS, as citizens of the United States of America, have promised our troops through military enlistment contracts comprehensive

This is the sale at public auction of various parcels of real property, which  
have been conveyed in the County of Orleans by final judgment under the  
so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by  
various resolutions of the Orleans County Legislature and is in accordance  
with the appropriate provisions of the Real Property Tax Law. This sale  
and sale of each and every parcel herein is upon the following terms:

TERMS AND CONDITIONS  
OF THE  
ORLEANS COUNTY AUCTION OF TAX FORECLOSED PROPERTY

1. Orleans County acquired title to these properties in accordance  
with Article 11 of the Real Property Tax Law of the State of New  
York, and all known rights of redemption under said provisions of  
law have been extinguished by the tax sale proceedings; and/or as  
a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be  
defined as a section, block and lot number.

3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose; (b) applicable zoning/land use/building regulations; (c) water assessments are the responsibility of the purchaser, whether they are received or not; (d) the levied 2007 Town and County tax bill including any relieved taxes, 2006/2007 village taxes, 2006/2007 school tax, any village or town water and sewer rents and assessments, in addition to any other applicable charges (including, but not limited to, omitted and pro rata taxes, demolition charges, interest and penalties); and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the public auction.
4. The purchaser shall be solely responsible for the payment of: the levied 2007 Town and County tax bill including any relieved taxes, any Village taxes levied after May 31, 2007, the 2007/2008 school taxes, the 2008 Town and County taxes, penalties and interest and charges levied against the property subsequent to the auction.
5. All purchasers are advised to personally inspect the premises and to examine title to the premises prior to the date of the auction. Upon delivery of the quitclaim deed by the County of Orleans to the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
6. No personal property is included in the sale of any of the parcels owned by Orleans County, unless the former owner or occupant has abandoned same. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.
7. All informational tools, such as slides, tax maps, deeds, photos, auction listings, auction catalogs, auction signs, property record cards, etc., are for identification purposes only and are neither a guarantee nor a warranty as to location, dimensions, parcel use and/or size, or anything else. THE COUNTY, THE AUCTIONEER, AND THE AUCTION SERVICE MAKE NO WARRANTY EXPRESSED OR IMPLIED IN CONNECTION WITH THIS SALE.
8. The County of Orleans reserves the right, in its sole discretion, to withdraw from the auction any of the properties listed on the schedule of real property.
9. Notice is hereby given that the premises being sold may lie within an Agricultural District as designated upon the tax map. It is the

sole responsibility of any bidder to ascertain which specific parcel(s) is so designated and sold subject to the provisions of law applicable thereto.

10. All bidders are required to register and provide suitable personal identification prior to the auction. Auctioneer reserves the right to decline registration if identification is not sufficient.
11. All bidders are required to use the bidder number issued to them for all purposes associated with the auction. A bidder may not bid on behalf of a party who is on the prohibited bidder list.
12. Bidder acknowledges receipt of the pamphlet entitled "Protecting Your Family From Lead in Your Home." Bidder also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards, mold, asbestos or any other hazardous substances.
13. The former owner of the property, or his agent, shall not be deemed to be the successful bidder on the property or purchase same at the public auction, unless the bid amount exceeds the amount of the purchase price to affect the release of County's interest. If the former owner or his agent reacquires the property, all liens existing prior to the foreclosure, will be reinstated and the purchaser (former owner) must sign the deed to reinstate the liens.
14. Purchaser shall provide information necessary to complete, and shall execute, the necessary forms and documents required for recording the deed in the Orleans County Clerk's Office. The purchaser executing the auction terms and conditions of sale may not assign or otherwise transfer his right to complete the bid, unless the County agrees in writing. The deed prepared will be in the name of the successful bidder (and spouse) only. No third party bidding will be accepted, unless the bidder identifies that he is bidding as an agent for a disclosed principal.
15. The auctioneer's decision regarding any disputes is final, and the auctioneer reserves the right to reject any bid that is not an appreciable advancement over the proceeding bid.
16. The Purchaser will execute an Offer to Purchase form immediately upon being declared the high bidder. The approval of each bid by Resolution of the County Legislature *will not constitute a Contract of Sale* and the County reserves the right to reject any bid prior to the closing of title and the recording of the deed.
17. The Purchaser shall be responsible for the payment of an eleven percent (11%) buyer's premium should buyer be paying by credit card or a ten percent (10%) buyer's premium should the buyer be

paying by cash or by bank check in addition to the accepted purchase price and the closing fees/costs. The “buyer’s premium” is the fee/commission earned by the auctioneer. Accepted purchase price is the amount bid by a perspective bidder, which has been approved by the Orleans County Legislature.

18. All required deposits must be paid in full for all successful bids immediately upon being declared the successful bidder. Any successful bidder, who fails to tender the deposit immediately upon being declared the successful bidder, will be forbidden to participate in this or any other auction. Any parcels which the County did not receive deposits for, as per these terms and conditions, will be considered to be defaulted, and resold and the bidder will be disqualified from further bidding.
19. 25% of the total contract price (total contract price is the combination of the high bid and the buyer’s premium, as defined in section 17 of these terms and conditions), shall be paid as a down payment on the day of the auction upon execution of an Offer to Purchase Form. Total contract prices selling for \$250.00 or less must be paid in full at auction, including all closing costs which consist of the following will be paid with the down payment on the day of the auction for each parcel: (a) New York State Transfer Tax [\$2.00 for each \$500.00 of the purchase/bid price]; (b) Filing Fee for the Real Property Transfer Report [\$75.00 if the parcels classification code is 100-199, 200-299 or 411-C; \$165.00 for all parcels otherwise classified]; (c) Filing Fee for combined Gains Transfer Tax Affidavit [\$5.00]; (d) all fees required by the Orleans County Clerk for recording of the deed [\$28.00 to record a one page deed; \$3.00 for each additional page] *Closing costs may be subjected to an increase in fees as required by law, without notice.* All deposits must be made in cash or guaranteed funds payable to the “Orleans County Treasurer” and drawn on banks insured by the Federal Deposit Insurance Corporation (FDIC). No exceptions.
20. All bids shall be subject to approval by the Orleans County Legislature, which shall have the right, in the Legislature’s sole discretion, to reject any bid for any reason whatsoever.
21. All parcels for which you are the successful bidder for must be paid in full. No selective closings subsequent to the auction. Failure to remit full payment on all parcels for which you are the successful bidder will result in a default of all deposits tendered, and you will not be permitted to close on any other parcels for which you are the successful bidder.

22. The entire balance of the accepted purchase price, the buyer's premium, as defined in section 17 of these terms and conditions, and all closing costs/fees must be paid by cash or guaranteed funds payable to received by the Orleans County Treasurer's Office on or before May 31, 2007. The County is not required to send notice of acceptance to a purchaser. If the purchaser fails to pay the balance of the total contract price plus closing costs and fees as herein provided, the deposit shall be forfeited. The County reserves the right, in its sole discretion, to extend the time of payment upon such terms and conditions it deems appropriate.
23. If the successful bidder fails to tender such amount due by the close of business on May 31, 2007, then the County may, but is not obligated to offer any unsold property to the second highest bidder. All terms and conditions for the sale set forth herein above shall apply to the second highest bidder and/or any other purchaser.
24. All sales shall be final, absolute and without recourse, once title has closed and the deed has been recorded. In no event, shall Orleans County and/or Haroff Auction & Realty, Inc and/or Absolute Auctions & Realty, Inc. be or become liable for any defects in title for any cause whatsoever, and no claim, demand or suit of any nature shall exist in favor of the purchaser, its heirs, success or assigns, against Orleans County and/or Haroff Auction & Realty, Inc and/or Absolute Auctions & Realty, Inc. arising from this sale.
25. The County of Orleans will execute no warranties concerning the parcel or title thereto and will not deliver or be responsible for abstracts, title insurance, title searches, surveys, maps or other documents concerning a parcel whatsoever.
26. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the year upon which the County acquired title or as corrected up to date of deed. The deed will be recorded by the County upon payment in full of the accepted purchase price, buyer's premium, and closing fees/costs. POSSESSION OF PROPERTY IS FORBIDDEN UNTIL THE DEED IS RECORDED WITH THE ORLEANS COUNTY CLERK CONVEYING TITLE TO THE PURCHASER. TITLE VESTS AT THE RECORDING OF THE DEED. It is agreed between the County and the purchaser that delivery and acceptance of the deed occurs upon recording the deed.
27. A quitclaim deed issued as a result of the auction shall contain the following provisions: (a) "Nothing contained in any description

herein is intended to convey more than the assessed owner owned at the time of the levy of the tax, the non-payment of which resulted in the tax sale. There is no representation as to the extent of the acreage conveyed herein;" (b) Orleans County shall in no event be or become liable for any defect in the title so conveyed for any cause whatsoever, or for any encroachments or disputed boundaries; and that no claim or demand of any nature shall ever be made against said Orleans County arising from such sale or conveyance or any proceedings leading thereto.

28. Evictions, if necessary, are solely the responsibility of the successful purchaser after closing and recording of the deed.

**LEGISLATURE MEETING**  
**April 25, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Eick.

The Clerk presented the following communications: From the Greene County Legislature, an adopted Resolution urging the United States Congress to enact the “Medicaid County Protection Act of 2007”.

During open discussion,

Juanita Nelson, didn't know if she was in the right place to present this, but brought an invoice from her phone carrier she deals with out of state. She has called them numerous times regarding charges that are on her phone statement. She does not understand what they are, why she is being charged for these, and how long this will continue. The phone company told her to contact her local government or Legislators because these are charges for taxes that they are imposing. Federal Universal Fund is one that she questioned, among others listed on her bill. She said she is anxious to find out why she is being charged for all of these. Chuck Nesbitt stated there is an agency called Consumer Protection Board and this is a good place to start. Mr. Nesbitt said he could look up the number for her or should be available in the phone book or online. David Schubel stated that the Attorney General's Office has a representative who comes to the localities periodically, either Albion or Medina. Mr. Schubel said he could find out more information to forward to her. Chairman Bower asked her to leave her name and phone number so we can direct her in the right direction to get her questions answered.

Deacon Lawrence Nelson asked how this County could get a hotel that has an evening answering service to call into after 9 p.m. Currently, many go home before this time or close up. He has many relatives that travel and he cannot call them after 9 p.m. Chairman Bower suggested that he contact the Chamber of Commerce. They may have some influence on local motels.

Susan Heard does not have a written Treasurer's report today. Closed the year end and the annual update document is ready to be shipped to the State Comptrollers office by Monday's due date. Auction booklets have been distributed and we have been seeing activity there.

Legislator Rush attended the Kendall Town Board meeting and Fish and Wildlife meeting in Canandaigua. This meeting discusses fishing easements, habitat, and laws. He attended the Building and Grounds and Highway committee meetings and was present for the opening of the Mowing bids. He attended the IDA Local Development Corporation meeting and the Tuesday meeting at the Nursing Home. George and himself attended the Intercounty meeting in Genesee County at GCC. On

Saturday morning he went to Kendall for Assemblyman Hawley's Town meeting. He also went to the Supervisors and Legislators meeting. He was present for the grand opening of the Countyline Road Bridge in Murray this week, south of 104. The Highway Department built it this winter, they did not have the best weather to do it but it looks nice.

Legislator Allport took a tour of the ARC Hamilton Street facility. It is full. He likes the way it is set up and feels it will accommodate the clients very well. He attended the Best Friends Dinner, which was a spectacular event. The Board of Health will begin interviews next month for the Public Health Director. The Community Services Board reported that GCASA is doing well as far as seeing people the same day they call in.

Legislator Beedon attended the Luncheon on Saturday for Congressman Reynolds and a Town meeting in Lyndonville with Assemblyman Hawley. There were eight to ten people there with many questions asked about assessments and other issues. He also attended the Supervisor Legislators Meeting with Martin Basinait from OTB. He attended the Nutri-fair meeting and now has two applications for the position of Director. Credentials of these two applicants are being sent to the state today by Pam Canham to make sure they meet the qualifications for the job and hopefully, the interviews will begin soon for these two strong candidates. The volunteer luncheon for Office of the Aging was held today and officers were elected for the New Year. He attended the EDA meeting today and it was nice to know that very good things are happening in Orleans County. May 4<sup>th</sup> is the 30<sup>th</sup> Anniversary dinner for Nutri-fair at the Trolley Building. Senator Maziarz awarded a member line item grant in the amount of \$10,000 for this event. A Gala Celebration is planned with music and Tom Randall will be doing a Mark Twain presentation.

Legislator Smith and the Jail committee met with Labella Associates last week. This group will be going to Albany on May 15<sup>th</sup> to meet with the Commissioner regarding the size of the jail. We had a meeting with the drug task force and they are doing good for this community. He did a Nursing Home walk through and the project looks great. He also attended the lunch meeting for Tom Reynolds. On Tuesday of last week, he took five students to Albany to meet with Senator Maziarz and Assemblyman Hawley. It was a very informative trip and the students really enjoyed it.

Legislator Callard also reported for Legislator Eick in his absence regarding their committee meetings. They attended the Soil and Water and Cooperative Extension meetings. He is getting well into the financial

and understanding the operations for the staffing they have. They do an extraordinary job and reach a lot of people. He also attended the Local Development Corporation meeting and attended Congressman Reynolds luncheon.

Chairman Bower announced a death in the County. Mr. Hill worked for the Sheriff's Department and District Attorneys office for many years. He was pleasantly working as the Grounds Keeper at Cooperative Extension. He has done a very good job at every place he has worked and an unfortunate accident took his life. Chairman Bower asked for a moment of silence for him and his family.

Legislator Beedon moved to add three resolutions to the agenda; second by Legislator Smith. All in favor. The following resolutions were adopted:

Legislator Callard moved to adjourn; second by Legislator Beedon. Meeting adjourned at 4:57 PM.

### **LEGISLATURE MEETING**

**May 9, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Oak Orchard Watershed Protection Alliance meeting on May 16, 2007 at the Iroquois National Wildlife Refuge Headquarters; Orleans County Annual Financial Report for 2006 has been received. Public Hearing scheduled this evening at 5:30 p.m. regarding the Agricultural District 2 to consider recommendations of the Orleans County Planning Board and Orleans Agricultural and Farmland Protection Board and any proposed modifications.

Chairman Bower opened the floor for Public comments and the following comments were made:

Ted Scharping, a New York State License Real Estate Broker for 40 years, is here as an agent for an undisclosed buyer. In an effort to protect their interest in a parcel that I as voted agent for an undisclosed buyer for a bid at the County auction this morning and to bring forth any questions that the Chairman and Board or anyone else may have so far as our legal right to have our bid accepted by the County Legislature.

Chairman Bower asked Mr. Scharping to go into details because not all the Board members were present at the County Auction.

The parcels were sold in numerical-sequence starting with 2, 3, 4, 5. Five (5) is a parcel of land with its own individual tax map number that is undeveloped land. It is assessed with a figure of \$2,000. This parcel is joined by two property owners. The original owner of the house is Dorothy Jones and her husband who bought property 40 years ago. I have a copy of the deed. There are two parcels described, Parcel 5 and 6. The County in my humble opinion has every right to sell these properties as separate parcels. The County has an obligation to the people to raise as much money as possible through the sales of these Parcels. After I bought the property for the undisclosed buyer whom some of you know who is the undisclosed buyer, but the buyers are a group of five Veterans who represent 408 Veterans in the Albion vicinity. At this time, I would rather not disclosed that. Shortly after I made the deposit and received a receipt, as a bonafide and qualified bidder, I received a phone call from a number 914-474-1232 (County tax auction) and said come back as soon as possible as the County decided to auction 5 and 6 in combination. I would like to ask the Legislature who in the County authorized that phone call?

Chairman Bower indicated that he did not know who authorized it?

Mr. Scharping said that he could only assume that the buyer of Parcel 6, after the property was struck down and he was the successful bidder, raised an objection because, I happen to know the buyer who is a very knowledgeable Real Estate Investor in our County. I asked him if he was aware of an encroachment. He said, "No." Then you bought the property as is, said Mr. Scharping. I attended an educational meeting on Monday night, and I have attended the County Auction today and signed all the property papers. My assumption is that once he learned that there may be an encroachment on the lot that I bought as agent for the undisclosed buyer decided he may have made a mistake without checking the property. He may appeal to the auctioneer or one of our County Officials. They may decide on their own to cancel out our bonafide bid and offer the property as one property. Our contention is that what we did was legal and what the County did was legal. The reason why the American Legion, my undisclosed buyer, they own the property behind, on the side, provides them a fire route to the North Side of the valuable Legion premises as a safety precaution. As I understand these auctions, the Auctioneer took the number of the backup buyer. If the buyer number of (6) did not want to proceed, it would seem to me it was sold as is that that decision would intimate. As I understand it, he would lose his deposit if he pulls out. However, I can assure you as agent for the buyer, the buyer in all probability will not take undo advantage. There are three ways that this can be resolved. The County accepts the bids in the contracts that are presented to them tonight.

Number one is upon having a survey, which has already been afforded by us. If there is an encroachment by 5 to 7 feet, that isn't going to create that much a problem for the people we represent so then it becomes a negotiation problem. I think we have the legal right to insist that the garage be torn down. We can grant an easement or we can sell the strip. Those are the solutions, but again, we had a knowledgeable buyer. He has been to a lot more auctions that I as a broker have attended. He knew what he was buying or bought and for him to raise an objection after the sale was struck down for whatever reason is unprofessional and unethical. To impose his wishes upon County Officials and the Auctioneer to re-auction as one parcel when according to all the legal documents I have accumulated, it is two separate tax map parcels. Thank you.

Chairman Bower explained what took place today. There were three Legislators there with our Attorney. We discussed it and for the benefit of the taxpayers of this county, we make the most of that auction. We decided that combining those parcels would be a better thing to do for the

taxpayer in Orleans County. Mr. Scharping said he understands that. Chairman Bower repeated the following: It was better for us to combine the parcels to re-bid to benefit the taxpayers much more rather than by not re-bidding them at all. We received the advice from our Counsel.

Mr. Scharping said that he doesn't think Mr. Chairman was properly informed because we did notify the County Officials that we would proceed to pursue this in a legal matter. The reputation of the County is going to be severely affected if they turn down for the sake of one individual investor and I will question whether or not if when you take the deposit of 25%, if this house went for \$22,000, 25% of that is about \$5,500. That is a deposit. The County has the right to keep that if the buyer doesn't go forward. Then you go to the next buyer, which I think was \$21,000 or \$20,000, and you may with a deposit end up with more money for the County. You just said that was your goal. There is very list risk and very little in auctioning for more. You just told me that you have already decided which I think is unfair Mr. Chairman.

Chairman Bower said you stated your case, I have stated mine. With respect to the people that were there at the Auction and the advice of our counsel, that is what you asked me. "Why did we do it"? That is why we did it, for the benefit of the taxpayer.

Mr. Scharping said your Counsel is on a retainer or what, however, we are going to seek counsel and the net cost of the County is going to be severe and the Board could be embarrassed if you don't change your bids.

Mr. Nesbitt wanted clarification. He indicated that the County used the discretionary decision within the laws of the State to achieve maximum benefit for the taxpayers. You have a problem with that because of what?

Mr. Scharping said that he explained to you this auction was advertised virtually all over the country. These pamphlets have been handed out. There were 25 or 30 separate parcels, separate tax maps and all unpaid tax dues were with them. After the property was struck down, after I signed and made our deposit, after parcel (6) was struck down, the County has taken this position upon your advice or the County Attorney's advice which he has not spoken, I guess. The County is taking a position that what we did wasn't right and you can change in midstream.

Mrs. Heard indicated that over the years, the County has had that option when there is adjoining properties. The auctioneer has an idea if you sell

them separately to see what they bring, if you put them back together and then see what they bring. We have done it many times in the past.

Mr. Scharping said that you did not do that today.

Mrs. Heard said that we did, however that you (Mr. Scharping) had left the building. We needed you back because you were part of the original bid.

Chairman Bower indicated that they were not going to argue and that Mr. Scharping had his chance to say your peace. Mrs. Heard can say her peace. We would like to go on.

Mr. Scharping said he asked a simple question. Did you re-auction off 5 and 6?

Mrs. Heard and Chairman Bower answered "yes" together.

Mr. Scharping asked who the buyer was?

Mrs. Heard said it is on the list. It was a gentleman from Medina. County Attorney Schubel indicated Gary Saj.

Mr. Scharping said then you bought yourself a lawsuit.

Chairman Bower said you can do what you want, but that is what it is.

Mr. Scharping said you are not making any friends doing it this way. Keep one final thing in mind Mr. Chairman, I am here as an agent for a buyer. I represent my clients to the fullness of my professional ability. I don't mean to preach to you, but I am convinced that I am right.

Chairman Bower said "okay". Does anyone else have any discussion?

Mrs. Heard asked Chairman Bower if he wanted the auctioneer to speak or not? Chairman Bower said he can if he wants.

Mr. Haroff indicated that they do have copies of the report from the auction and he passed out the information. A few of you were there today to observe the auction. We did have a crowd. We had close to 100 bidders. The total Sales of this auction was \$247,500.00 which actually fell \$4,457 below the tax delinquency. As far as the Shelby Commercial Building that is out there, Parcel 23, the offer was not reasonable. It will

be a difficult property to sell. You need somebody that has a plan to put in place to make that a viable venture. Some of them sold significantly more than the tax delinquency and some sold for significantly less. Does anyone have any questions? Chairman Bower said he thought the auction went very well. The Legislators agreed and Mr. Haroff thanked everyone. Chairman Bower thanked the auctioneer.

The Treasurer's report was handed out by Susan Heard. We made the payments to the schools, and villages for their relevy's in the amount of \$3,075,000. Also, on the receipt side \$599,537 for tobacco. The money arrived in April.

Chairman Bower asked what about outstanding taxes this year compared to last year - are there more. Susan said they are just getting them in right now. I won't really know that as of yet. On his final report, the delinquencies that are showing here is if the taxpayer would of walked in our door with the payment in hand. On the next meeting, I will have taken out the interest and penalties that we did not receive and put it down so that you will see the true gain on the sale. It will look better.

Legislator Beedon asked how many more years do we have to go on tobacco? Chairman Bower said 20 to 25 years. Mrs. Heard stated that if we reached 10 years, anything over and above that it would be a windfall.

Chairman opened the discussion to all the Legislators

Legislator Rush said he went to the Snowmobile Club Barbeque dinner, spaghetti dinner, and champagne brunch. I went to check the new docks at Point Breeze. They look great and the Town of Carlton should be proud.

Legislator Allport attended the Crime Victim's ceremony which some of those stories were hard to listen to. Just to remind you that this Saturday is the Mental Health Fair at 4-H Fairgrounds from 10:00 – 1:00pm. I attended the Best Friends dinner at the ARC which is always a huge event. On the Public Health Director, we are still awaiting certification from Albany.

Legislator Eick attended the Regular Committee Meetings. He also attended the Snowmobile chicken barbeque in Carlton. He attended the Medina Village Board Meeting last night and there was some controversial issue that Medina and Shelby have.

Legislator Beedon said last Friday, Legislator Smith and himself attended the 30<sup>th</sup> anniversary dinner and we had a great time. There was over 250 people standing room only. Mark Randall performed an impersonation of Mark Twain. Pam and her crew did a great job and Helen Bilicki and Helen Nowack did a great job with Nutri Fair. He is attending the Youth Award Banquet at the Trolley Building. Kenneth Strickland and Susan Gerick will be receiving award. One of the things I do is attend the Veterans meetings and at a previous meeting we passed a resolution on health benefits for Veterans for the Federal government to keep their commitment to the Veterans and since then, we have also hit all the towns and villages to pass this resolution. We ask for your support today for the Veterans to acquire a helicopter as part of their display. They have a Korean War cannon. In order to do that, we as the Board have to approve of a document that Nadine can write down saying that we approve a purchase and would assume all responsibility for the upkeep and safety of the displayed item. We would like to make that generic in case we would like to purchase anything else in the future.

Chairman Bower asked for all in favor of taking the responsibility of this equipment? All Legislators are in favor of obtaining this helicopter and to maintain the upkeep.

Legislator Smith attended a Gaines Town Board Meeting last night and one of the issues that they were discussing was Wind Energy. They also talked about a moratorium. All the Legislators have toured the Nursing Home today and we are quite pleased with that and is coming along well. That is a facility to be proud of. I also attended a function with Legislator Beedon with the Nutri Fair. They do a great job. A group of us are planning to go to Albany on May 15, 2007 to meet with the Commissioner for the Jail.

Legislator Callard indicated that most of his activities have been covered by everybody.
