Legislator Callard moved to approve the sale of County-owned property with the exception of property 80.9-1-36 in the Village of Medina, Town of Ridgeway and asked that verbiage be inserted between the second and third paragraph as stated by our attorney. County Attorney David Schubel indicated that it would be an additional recital clause that would state: "WHEREAS, this Legislature determines that acceptance of the alternate bid for plots five (5) and six (6) as a single sale parcel rather than as separate parcels is in the best interest of the County". Chairman Bower asked if everyone understands this. Attorney Schubel stated clearly under our auction rules, we can bid these parcels alternately, so by adding this clause, we are taking into consideration that anyone can bid them

separately as a combined parcel and that the resulting bid as the combined parcel is higher than the combination of the two lots as a single parcel. Legislator Eick asked if this was done after the two were bid or at the end of the auction. It was stated, at the end of the auction. Attorney Schubel stated that attempt was made to contact Mr. Scharping and we did talk to the members of the American Legion, certain officers there who were also aware of the issue. We made a good faith effort to apprise them that we wanted to do an alternate bid. Legislator Callard reaffirmed his motion to not accept the bid for 80.9-1-36 and for the additional verbiage; seconded by Legislator Eick. The following resolution was then adopted:

RESOLUTION NO. 224-507

APPROVING SALE OF COUNTY-OWNED PROPERTY

WHEREAS, a public auction of various parcels of property owned by the County under the In Rem Foreclosure was held May 9, 2007; and

WHEREAS, bids for various properties were obtained by the auctioneer at such auction in accordance with the stated terms of auction; and

WHEREAS, this Legislature determines that acceptance of the alternate bid for plots five (5) and six (6) as a single sale parcel rather than as separate parcels is in the best interest of the County; and

WHEREAS, due deliberation has been made by the Orleans County Legislature as to the propriety of each of the said bids; now therefore, be it

RESOLVED, that bids for various parcels set forth on the schedule hereto annexed be, and the same individually are accepted pursuant to the provisions of the Real Property Tax Law; and be it

FURTHER RESOLVED, that the standard form quitclaim tax deeds be prepared for the separate parcels and delivered to the County Treasurer for execution and delivery upon receipt of the balance of the purchase price set forth in the said deed.

Attorney Schubel wanted to make an additional response to Legislator Eick's comment. In addition to that it was announced by the Auctioneer on a number of occasions through the auction that there would be a combination of plots 5 and 6. It was announced throughout the time of the auction. It was done properly commented Chairman Bower.

Legislator Beedon moved to adjourn; second by Legislator Callard.  
Meeting adjourned at 5:13 PM.

### **LEGISLATURE MEETING** **May 23, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Notice of meeting for Orleans County Planning Board on May 24, 2007. Notice of Genesee Finger Lakes Regional Planning Councils 30<sup>th</sup> Annual Meeting on June 14, 2007. Office for Small Cities invites the Orleans County Legislature, partners in Community Development to attend a "Meet and Greet" with Deborah VanAmerongen, Commissioner of NYS Department of Housing and Community Renewal and Chairperson of the Housing Trust Fund Corporation; and Joe Rabito, Director, Office of Small Cities on May 31<sup>st</sup> at the Brighton Town Hall. David Griggs, Fancher Road in Holley sent a note thanking the County and all other partners who helped receive the Federal Grant money issued to Orleans County for the October Storm damage. He was very pleased with the Crew from Orleans Community Action who helped remove some dangerous hanging branches from his home.

Chairman Bower offered the floor for public comments. No comments were made.

Susan Heard, Treasurer, distributed the Auction summary brochure that the Auctioneer prepared and on top is the county view of the money versus the way the Auctioneer looked at it. The gain on sale over what was budgeted ends up at \$34,800 with the assumption that everyone that bid will come in to pay his or her final payment by May 31<sup>st</sup>. There will be an update again after this May 31<sup>st</sup> deadline date, as to if there are any

discrepancies or should someone fail to pay. Chairman Bower felt the brochure was a great finish to a real good auction. They were very professional from beginning to end.

During open discussion Legislator Rush reported that he went to the County Federation meeting and was asked about the money that was promised for the County Federation, which came in after the budget was adopted. Will take a look at this during this years budget preparations to see if we can help them. Buildings and Grounds and Highway met on May 15<sup>th</sup>. Everything is going well. Buildings and Grounds promised to take care of the electric at the Marine Park so whenever there are functions; equipment can be plugged in safely. Mr. Watts will have this done soon and the materials have been ordered. He attended the Supervisors and Legislators meeting and attended the Legal Careers public gathering this afternoon, which was very nice.

Legislator Allport indicated that the Public Health Board has not heard back from the State yet on the certification of the applicant, therefore the meeting this month was cancelled because Mr. Lucyszyn was out of town. He attended the Mental Health Fair. Next year they are going to look for a different venue and look to get the word out differently. Legislator Allport felt it was hard to compete against Thomas the Train activities. Community Service's annual luncheon meeting will be held in June and Mental Health will be sending out notices. He attended Jeannette Riley's award ceremony today for the 8<sup>th</sup> Judicial District in Buffalo with Legislator Smith.

Legislator Eick forgot to mention at the last meeting that he attended the FFA Annual State Meeting in Albion. It was well organized, including 900 members, advisors, and chaperones. Adam Krenning and his son were involved and did a great job in organizing the whole thing. Thomas the Train was in the Medina area the same weekend. There was a lot of activities going on that weekend. Most of us attended the InterCounty meeting at the Village Inn. He attended the GCC ground breaking in Medina and welcomed the group on behalf of the Legislature. The Soil and Water committee met at Iroquois Refuge and the program was on the proposed Quarry, which is amongst controversy. Jack Welch spoke regarding Workers Compensation Law at the Supervisors/Legislators meeting and did a great job. Ridgeway will be hosting the next meeting and will be having the State Fire Investigators in to speak.

Legislator Beedon also attended the BOCES Legal Careers Academy this afternoon. If not aware of the program, Legislator Beedon explained that they seek permission from the Orleans County Legislature to run their career program at the Public Safety Building. It has been a very positive experience, not only for those people involved in the program, but great experience for Orleans County Government. The students shadowed various professionals of Public Safety. Today, we received a beautiful plaque, along with Probation, District Attorney, and the Sheriff, from the BOCES officials thanking us for the use of the Public Safety Building. He spoke with Mr. Grabowski after the program and he would love to run the program again next year. Legislator Beedon assured him that the Legislature would not be opposed to that. Legislator Beedon asked to have the Clerk prepare a resolution for discussion and adoption in July or August allowing them to use the Public Safety Building from the first full week in September through the end of the second full week of June to continue this Legal Academy.

Legislator Smith stated that Chuck Nesbitt, Don Allport, Sheriff Hess, Chairman Bower, Kevin Hale and himself traveled to Albany on May 15<sup>th</sup> to meet with the Commission of Corrections in reference to the jail. Hopefully, we will receive a response within a week or two to give us information regarding the size, etc. and looking for a favorable response. The Aging Advisory committee did tour the Nursing Home this week. He mentioned attending the 8<sup>th</sup> Judicial District Luncheon today and that Jeannette Riley received an Outstanding Women in Law Award. He attended the Community Action Annual dinner. Mr. and Mrs. Grant, from Barre Center, received the Angel Network award for placing a new roof, new siding, heating, and water in their home. It was a moving experience after hearing all the testimonials.

Legislator Callard met with tourism today. The Finance Committee wishes to have the Tourism Committee put together their Budget early so they can get pre-approval before October. The purpose is to apply for I LOVE NY grant monies during their budget timeline. Another interesting item is that a resident of the Town of Carlton questioned on how they are charged for solid waste for cottages and there is some confusion on how cottages should be charged. Legislator Callard received a copy of the law and asked that everyone take a look at this and read it. He wants the lakefront Assessors to make sure there is uniformity in these classifications and be consistent in charging solid waste fees.

Chuck Nesbitt stated that Chairman Bower received a letter from Governor Spitzer regarding an executive order to create a commission on local government efficiency and competitiveness. The commission is charged state wide to make recommendations on measures that they feel could be adopted to facilitate and expedite partnership with State and Local Government. To approve the efficiency through either consolidation, shared services, smart growth, etc. The commission will address the issues that Mr. Nesbitt has stated and is asking that local government leadership in each county identify at least one major merger, consolidation, shared service or smart growth initiative that is either already on underway or can be initiated in the year 2007. They are asking the county leaders to coordinate and identify these initiatives. Mr. Nesbitt stated he looked at it and began to digest it and realized he cannot tackle all this on his own. He distributed all the information to all of the Legislators and he took the time to put together a draft. He has worked on a response that at least details some of the things we uniquely do in our County, that other Counties may want to take a look at. The Commission provided frequently asked questions on their website, which have also been provided to the Legislators. These clarify some of the vagaries of the letter. Case studies are also available to review on their website. What we need to do is determine what initiatives we want to return to the Governor's Commission. As a side note, we have a Shared Services Forum, sponsored by Cornell University, scheduled for May 31<sup>st</sup> at the Holiday Inn in Batavia. Orleans County has been identified as having best practices in the area of Highway Services, shared services and consolidation. It speaks well, as well as the recognition that we received recently on the quality of our roads. Mr. Nesbitt will forward on any input he receives.

Chairman Bower stated we currently have shared services in the area of Assessment. Chairman Bower asked to share any ideas that arise. Chairman Bower also wanted the Legislature to notice the sidewalks to the south of the building. They are now painted, designating sidewalks and parking spots. It was through the cooperation with the Village of Albion and Orleans County Buildings and Grounds who performed all the work. That is now all laid out, which is long overdue. He attended a GCASA Stop DWI Arts Award function in Batavia. They recognized the artwork for the Stop DWI campaign from the schools in Orleans and Genesee Counties. It was well done and the artwork is on the internet. It was a real nice event.

The following resolutions were presented:

**LEGISLATURE MEETING**

**June 13, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Town of Yates will hold two Public Hearings on June 14, 2007 on two proposed rezoning amendments to the Comprehensive Plan of the Town and on the enactment of a Local Law known as a Local Law Amending the Yates Zoning Law and Zoning Map for rezoning purposes. Notice of meeting for the Intercounty Association of Western New York on June 15<sup>th</sup> in Hammondsport, NY. Important Census 2010 and Local Updates of

Census Addresses Information has been distributed from the Genesee Finger Lakes Regional Planning Council.

Legislator Smith presented Jeannette Riley, Orleans County Probation Officer, with a Special Recognition Award certificate from the Orleans County Legislature to recognize her for being awarded an “Outstanding Women in the Law Award” presented to her by the Eighth Judicial District Gender and Racial Fairness Committee. The Orleans County Legislature congratulated her for her accomplishments and dedication in your professional role. Legislator Smith mentioned that Legislator Allport and himself attended the awards luncheon today to witness her being honored.

During today’s conference session a Proclamation, declaring the month of June as dairy month, was presented to Niagara Orleans Dairy Princess Amanda Flansburg who served milk punch to the Legislators.

Chairman Bower opened the floor for open discussion. Amy Witryol came here from Niagara County today and she is asking for support for important Great Lakes Legislation that is pending in the New York State Senate, offered by Senator Maziarz. It effects citizens of Niagara County and protects the citizens in Orleans County as well as the 37 million people who rely on the Great Lakes for drinking water. The bill states no more toxic landfills in the Great Lakes System unless the applicant can demonstrate that the facility would not have the potential to pollute the Great Lakes System. Last year the bill passed overwhelmingly by the NYS Legislature but was vetoed. The bill was reintroduced this year, passed in the Assembly two weeks ago and is now pending in the Senate, which ends their session on June 21st. The new Governor may see Great Lakes policy differently than the former Governor did. Niagara County hosts a toxic waste landfill which serves 30 other states, Puerto Rico and Canada. The toxic landfill operator, a subsidiary of the giant Waste Management Inc., is looking to expand for up to 30 more years. Ms. Witryol continued to discuss businesses reducing or recycling hazardous materials and alternatives to toxic landfills therefore no need to site toxic landfill capacity in New York State, per the EPA. She asked for support, by contacting Senator Maziarz and Senator Bruno, for the passage of Bill Number S5862.

Legislator Allport asked if she contacted any of the Watershed organizations to send letters of support. Mrs. Witryol, distributed a memo, recognizing citizen and environmental groups that supports this legislation. Legislator Callard stated that we could facilitate this through

our Soil and Water Director. Legislator Allport will contact James Kingston to notify him of this Legislation. Chairman Bower stated that we will be behind them and send a letter of support.

Legislator Rush attended the Fish and Wildlife Management Board Meeting in Canandaigua. This is funded through the federal government and operated by the State of New York. The Board's main agenda is wildlife habitat and access. He discussed the Habitat Stamp and its funding distributions. Orleans County received two grants from the Habitat Fund. Refurbishing Glenwood Lake's parking lot in Ridgeway was mentioned. We wish that more hunters buy Habitat Stamps in New York State to provide additional grants. Over the last few years 700 stamps have been purchased, providing a fund of \$35,000, not a lot of funding to provide grant opportunities.

Legislator Allport represented the Legislators in the Memorial Day parade in Lyndonville. At tonight's ARC Board meeting, he will be touring the new Medical Center. He also attended the Hamilton Street ribbon cutting ceremony. He rode with Assemblyman Hawley in David Green's vintage car in the Strawberry Festival parade.

Legislator Eick has attended his committee meetings. At the Soil and Water meeting, the big excavator promised by Senator Maziarz was put on hold. There are enough funds through Soil and Water and the funds Senator Maziarz had available to purchase the cutting mechanism, which will adapt to the current County Excavator. Senator Maziarz advised them not to lose hope. The Ethanol Facility in Shelby is going up fast. Currently pouring 1,000 yards of concrete a day for the construction of the two large silos, that are 65 feet across and 145 feet tall, which will take 45 days of constantly pouring concrete.

Legislator Beedon attended a self advocacy conference in Batavia. Self advocacy is a new concept in dealing with people with handicap conditions where they basically live in the community, rent their own place and be totally independent. They managed their own conference and asked him to speak on "How to speak to your elected officials". He worked with another handicapped, blind individual who is from Albany who works closely with the Blind School. It was a great day. Legislator Beedon took voter registration forms but all were registered voters. These people are very active in their communities.

Legislator Smith stated that a Jail tour is scheduled for June 20<sup>th</sup> in Steuben County. Many attended a meeting in Albany regarding the jail and are waiting for some official information from this meeting. He rode in a 1954 Chevy convertible in the Strawberry Festival. We all enjoyed a tour today of Washington Mutual and is sure that all walked away with something they did not know about this facility. He also toured the ARC Hamilton Street Facility.

Legislator Callard mentioned the upcoming resolution pertaining to Computer Services. He knows the Director is so passionate with the work that his department does. We are proposing to do an evolution of Computer Services, which the need of computers has magnified tremendously since he has been on the Legislature. One man can no longer do it all with all the computer needs and what is mandated by the state. They are making significant strides, and we are proposing a re-organization of the department. This will make it more competitive in the municipal world and assist us in the retention of the staff as we move forward.

Dave Schubel wanted to make a statement as a resident of the Town of Ridgeway and wanted to personally express his appreciation to the County for all their assistance they rendered to the Town in remediating a petroleum spill at the former Town Hall. This helped in moving forward with the sale of the property. With the Town retaining an Environmental Consultant, all the work was done in house and a very significant portion of work was done by County forces and with the assistance of Ed Houseknecht. The Ridgeway Town Board will be forwarding a letter of appreciation to the Legislature. Because of the timeliness issue and doing it in house, the town saved about \$90,000. As he sees all these letters regarding intergovernmental cooperation and consolidation, he is always impressed at the ability, particularly the Highway Department, as they join together and do something; it was a real collaborative effort. The County did an extraordinary job. Chairman Bower thanked him and appreciated his comments.

Chuck Nesbitt added that this is certainly an example of why Orleans County was selected by Cornell University to be presenters at their Shared Services forum. They view our Shared Services, that we have within our County, as an example of best practices and that we have gone far in formulizing agreements and allowing our people to make the best of what we all have throughout our County. He appreciates Mr. Schubel sharing

his example and this furthers our case of doing a good job in sharing services.

Legislator Beedon moved to add two resolutions to the agenda; second by Legislator Smith. All in favor.

The Treasurer's report was distributed by Susan Heard. Mrs. Heard noted that she added another line at the bottom of her report, a comparison of the last two years of spending. Spending is up as compared to last two years at this time. Cash is up \$540,000 in the figures presented due to sales tax. State aid in May is down but coming in well in June. Can't exactly tell where the spending is other than the vendor roles. Mrs. Heard is watching this and hopes General Fund does not have to do a cash flow later in the year. Chairman Bower said we can react should we need to. Legislator Allport asked about Medicaid reimbursement. Mrs. Heard stated that that comes in when it comes in. We can't bank on when these monies arrive. Mrs. Heard also mentioned the BOND proceeds for the 911 upgrades and the cash will arrive and be in our hands on July 19<sup>th</sup>. We are expecting the balance in mid August on the one million dollar Revenue Anticipation Note for the Nursing Home. Tomorrow will be Mrs. Heard's 30<sup>th</sup> anniversary in the Treasurer's Office. Mr. Nesbitt mentioned that the cash flow at the end of the month will have completed 6 months and at that time, we will review budgets to see where we are. This may be an indication that as the budget continues to grow, we will need to carry a higher fund balance.

The following resolutions were presented:

#### RESOLUTION NO. 239-607

#### AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY

## **LEGISLATURE MEETING**

**June 27, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County Planning Board meeting on June 28, 2007 at 7:00 PM; Town of Shelby will be holding two Public Hearings on July 10, 2007 on the adoption of a Local Law known as a Local Law Extending the Moratorium on Wind Energy Deriving Towers and Transmission Facilities and on the adoption of a Local Law known as a Local Law Extending the Moratorium on

Excavating and/or Mining. The Town of Yates will be holding a Public Hearing on July 12, 2007 on the enactment of a Local Law known as a Local Law Amending the Zoning Local Law. The Orleans County Youth Board June 6, 2007 Director's Report has been received.

Chairman Bower opened the floor for open discussion. With there being no public comments, Legislator Beedon reported that he attended the annual meeting of the Community Services Board. Legislators Bower and Allport also attended. This meeting allows us to review what Mental Health has done in the past year. Reports were also presented by their subcommittees. He has been attending the Port of Entry Task Force meetings, with the second one being held at Medina Hospital. Through the Office of the Aging, Orleans County is ahead of the game in putting this Point of Entry program in place by the first of July deadline. At today's Nutrifare meeting it was announced that on July 5<sup>th</sup> they will be interviewing another candidate for Director. He attended the Town of Yates and Village of Lyndonville meetings. Tuesday he is planning on attending the project meetings for the Nursing Home. Tours of the new addition were provided by Chairman Bower today, and it was the first time for many of the Nursing Home staff to see the new addition.

Legislator Smith had the opportunity to go to Steuben County last week to tour their jail, along with seven other Legislators and Department Heads. We received good ideas from what they are doing, who is doing it, and how they are doing it. Legislator Smith also toured the Nursing Home today and it is really nice.

Legislator Callard also toured the Steuben County Jail and thought it was interesting and innovative in the conceptualization of the way jails should be. Legislator Rush and himself has had some LDC activity involving a new influx of money for more opportunities to lend to small businesses in the county.

Legislator Rush attended the Intercounty meeting in Hammondsport with Chairman Bower and discussed many topics of interest. We had Buildings and Grounds and Highway committee meetings. Most of us have been going to the Nursing Home Construction meetings every Tuesday. He also attended the Jail tour in Steuben County. He attended the Supervisors and Legislators meeting in which a Genesee Regional Planning Representative spoke about the 2010 Census and their plans to organize this for several counties in our area. An additional speaker from the Codes Division of New York State spoke about the Towns having to be more

precise in the enforcement of the New York State Codes due to recent litigation. He attended the Glenwood Lake Greenway meeting this afternoon with Legislator Beedon. They are looking at the Oak Orchard River for a Greenway starting at the Iroquois going down through Medina to Point Breeze. They are recruiting volunteers for this project should anyone be interested.

Legislator Allport attended the ARC Board meeting and the Board proposed their short and long term plans for the agency. They are currently trying to centrally locate their services. He attended the Zone Tillage luncheon in Elba. Cornell Cooperative Extension is proposing new ways to work ground and Legislator Allport explained the process. In the Town of Shelby, they are using this method for planting. Legislator Allport also attended the Fire Fighters graduation and Legislator Beedon delivered a great speech to 23 graduates, which was their biggest class ever. About 130 people were in attendance and they did a great job.

Legislator Eick was unable to make the Fire Fighter graduation because he attended the Cooperative Extension Board of Directors meeting that evening. At this meeting it was decided to name the new Education Center after Dwight "Buzz" Hill who oversaw this project to completion. A bronze plaque will be displayed on the building explaining who Mr. Hill was. Their plan is to place bronze plaques on all the buildings explaining their dedications. Legislator Eick attended the Town of Barre Board meeting. He also went on the Jail tour. He thought it was interesting to see the pods or preformed cells that are made and how they just slide them together which would save architectural, engineering and construction time. At the Supervisors and Legislators meeting last night Janique Curry, from the Governors Office, was very inquisitive and took notes regarding comments made about the State's proposition in taking over wind energy from our municipalities. This would then be controlled by the State. According to Dick DeCarlo, Town of Gaines Supervisor, it has passed in the Assembly and now is in front of the Senate. Legislator Eick updated the Legislators on the Ethanol Plant construction project.

Susan Heard, Treasurer, did not have a written report at this time. She has been busy doing the paperwork on the two borrowings. Everything is in route and on schedule.

Chairman Bower stated that as he conducted tours of Nursing Home today and one question continued to be asked; after the amazement of the project, when will the residents be able to be moved in? He stated that the

residents in the “C” Wing (North Wing) which is the newer wing, will move in July 15<sup>th</sup>. This wing will be sprinkled for fire protection, painted, and floors will be scrubbed and waxed. Then they will move back into their “like new” wing once this is complete within three weeks. On or about September 1<sup>st</sup> the entire project could be complete and everyone will be in the new facility. We will plan an open house on a Sunday around that completion date. Many employees of Public Health, who deal with the elderly, asked many questions and were able to see it for future reference in dealing with the elderly. Around September 15<sup>th</sup> or October 15<sup>th</sup>, we will have a waiting list to get into our Nursing Home which will put us in a good financial state.

With there being no further comment the following resolutions were presented:

RESOLUTION NO. 272-607

SUPPORTING LEGISLATION FOR THE “NEW YORK STATE  
PROPERTY TAXPAYER PROTECTION ACT”

WHEREAS, the tremendously high property tax burden on New York families and businesses is the number one issue facing our community today, and the sheer cost of living in New York has forced many residents and businesses to leave, thus slowing the economic engine of the state; and

WHEREAS, Young people are finding it difficult to purchase homes, seniors are struggling to maintain their homes, and businesses are facing immense challenges to create and retain jobs; and

WHEREAS, New Yorkers face the highest property taxes in the nation, and when measured as a percentage of home value, nine of the top 10 property tax rates in the entire country belong to counties in New York; and the State must act now to thwart the detrimental effects that high property taxes are having on local governments; and

WHEREAS, Assembly Minority Members have introduced the “New York State Property Taxpayer Protection Act (Assembly Bill 8775),” which puts forth new and innovative ideas for property tax reform that limit the amount school districts can raise annually through local tax levies to four percent or the rate of inflation, whichever is less; in addition the Act would relieve municipalities and school districts of unfunded mandates, reduce county Medicaid cost, strengthen financial accountability over school tax dollars, promote local government efficiency, and encourage local option insurance pooling; and

WHEREAS, The “New York State Property Taxpayer Protection Act” will help fix New York’s broken property tax system, providing homeowners, businesses and municipalities significant and lasting relief from the crushing burden on skyrocketing property taxes; and now, therefore be it

RESOLVED, that the Orleans County Legislature pause in its deliberations to acknowledge New York State’s property tax crisis and urge the immediate passage and chaptering of the “New York State Property Taxpayer Protection Act,” which will help local governments reinvigorate New York’s economy by providing incentives for people and businesses to move and stay here; and be it further

FURTHER RESOLVED, that a copy of this Resolution, suitably engrossed, be transmitted to the Governor of the State of New York, the

Temporary President of the New York State Senate, the Speaker of the New York State Assembly, and to each member of the New York State Legislature.

Legislator Rush presented a resolution to approve an agreement between Orleans County and Industrial Appraisal Company and transfer of funds within the Records Management budget from the contingency fund in the amount \$8,740 to other contractual expenses and miscellaneous contracts/agreements; seconded by Legislator Callard. Mr. Nesbitt stated that a portion of this is for KVS for data conversion to the fixed asset program and is for \$900, not \$1,000, which needs to go into the .418 line and the remainder of \$7,740 would go into the .432 line therefore the total agreement would be \$8,640. Legislator Rush moved to amend the resolution as so noted; seconded by Legislator Beedon. The following resolution was adopted:

Legislator Beedon moved to adjourn; second by Legislator Eick. Meeting adjourned at 4:57 p.m.

**LEGISLATURE MEETING**  
**July 11, 2007**

---

Vice Chairman Rush called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Bower.

The Clerk presented the following communications: Genesee/Finger Lakes Regional Planning Council has submitted their 2008 Preliminary Regional Council Budget. Susan Heard, Orleans County Treasurer, submitted Disclosure of interest forms filed by six county employees. Oak Orchard Watershed Protection Alliance will hold their meeting on July 18, 2007 at 7:00 PM at the Oak Orchard Yacht Club. Grand Opening of the Medina Farmer's Market will be Thursday, July 12, 2007 at 3:00 PM in the Medina Canal Basin

During Open Discussion, Dan Merrick who lives on Gaines Waterport Road spoke. Two years ago the Town of Gaines and the County were doing a ditch. The Town of Gaines did their part and the County started and then left their equipment there for three weeks and did nothing. Now my property gets flooded every spring and fall. The water goes through the woods and across the back of my property. It is ruining my property. The equipment was just left and then I find out from Mr. Winehardt up the road south of the airport that he has been to meetings with the State and the County and they said that there is no money and that they used the money that the state gave them for something else. It will be two years in August that they started and nothing is finished. The east side of my property and my back lawn is getting washed away. The ditch needs to be cleaned out south of me. The next thing for me to do is have the news channel there.

Mr. Nesbitt asked Mr. Merrick if he contacted anyone at the Orleans County Highway Department? Mr. Merrick said he talked to Ryan

Manella, and Henry Smith and nothing has been done. Mr. Nesbitt repeated, did you talk to anyone at the Highway Department? Mr. Merrick said “no”. Mr. Nesbitt said he would be happy to facilitate that conversation for you and get it straightened out for you as soon as possible. Mr. Merrick asked why was it started two years ago and it still hasn’t been finished? Mr. Nesbitt said he couldn’t answer that question. Vice Chairman Rush said he could answer that question. He said he knows that the Highway Department and the Town of Gaines have been down there. They put in a holding pond and it was to catch the excess rain. Mr. Merrick said it is not working. Vice Chairman Rush said he would take care of it and will get back to him once he finds out why it is not working and to stop it from running across his property.

Vice Chairman Rush asked if there was a Treasurer’s Report?

Mr. Nesbitt said he did some preliminary reviewing of the expense and the revenue reports. It looks like the expenditures are about 49.2% and the revenues are in at about 48.6%. We are running very close to being right on budget which is encouraging.

Legislator Beedon moved to add five resolutions to the agenda; second by Legislator Smith. All in favor. The following resolutions were then adopted:

## **LEGISLATURE MEETING**

**July 25, 2007**

---

Chairman Bower called the meeting to order at 4:40 PM. After the pledge to the flag, the Deputy Clerk called the roll. All Legislators were present, with the exception of Legislator Rush.

The Deputy Clerk presented the following communications: Genesee Finger Lakes Regional Planning Council will hold an Executive Committee Meeting on July 26<sup>th</sup> at 9:00 am at the Radisson Hotel on Jefferson Road, Henrietta. Orleans County Cornell Cooperative Extension Board of Directors July meeting will be postponed until August 16<sup>th</sup> at 6:30 pm in the Conference Room at the Education Center. Notice of

Adopted resolutions have been received from the Town of Clarendon regarding Supporting the New York State Property Taxpayer Protection Act and Opposing Legislation for Inclusion of Siting of Windmills in Article X of the Public Service Law.

During Open Discussion, Richard DeCarlo, Supervisor of the Town of Gaines wished to comment about Article X. Supervisor DeCarlo brought a letter from Jeffrey Haber, Executive Director of the Association of Towns with him and provided copies. It is a four-paragraph letter, but he read the first, second, and the last paragraph: this article 10 as it is being proposed right now and is being pushed heavily by the Government, is an attack on Home Rule--total preemption on any power generating facility in New York State. We will lose every shred of local control. So, bringing this to the Legislature today and in discussing this with the County Administrator; I am encouraging this Legislature to adopt a resolution that he believed is going to be placed in front of you today and a very condemning resolution he hoped. (Supervisor DeCarlo read letter) the letter indicated to read the information and if you have any questions to contact your State Senator and Assembly. Letter explained article 10 and that the counties should have control over siting of Power Plants. We want to maintain our local control here in Orleans County with our Towns. Just to clean up some misconceptions, there were two bills, one in the assembly and one in the senate (different versions of article 10). Under normal procedure in Albany, one would stop the other. However, the key factor here is that it has gone to a joint Legislative Conference on Energy. They are going to make that decision. We have to be very careful and proactive. I am going to leave this with you along with all the contacts. There are actually two resolutions in here, one from the Town of Caroline at the east end of the state and the other from Somerset. So, I would encourage you to adopt a resolution today opposing Article 10. Please be sure to pass it on to Intercounty. Legislator Beedon indicated that we all have that letter and Chairman Bower said yes we do. Legislator Beedon said we are going to pass the resolution. Supervisor DeCarlo thanked everyone and said it makes a lot of sense speaking from the Town of Gaines, we have spent a lot of money on Wind Energy. I did have a contact with the Senator and he said if you can think of anything in that Bill that you would like to have pulled what would it be? I said Wind Energy, but I still don't like preemption at all—losing local control.

Mr. Nesbitt said to clarify the resolution, the final portion of it says “Be Further Resolved, that the Clerk of the Legislature and the County of Orleans shall forward copies of this resolution to Governor Spitzer and

Elected Officials”. Supervisor DeCarlo said that we need to communicate this to all the towns and counties in this state.

Legislator Allport said the EDA had their Public Hearing for Bernzomatic to try to keep them there in Medina to help them out. Last Friday, Mayor Ehrenreich showed up and that went well. For Public Health, there is a resolution on today that replaced a Doctor on the Public Health Board to make the three minimum requirements. We are moving forward with the Public Health Director.

Legislator Eick indicated that it has been slow since the last Meeting. He has attended committee meetings and also Monday night he attended the opening ceremony for the fair. After the opening ceremony, the dedication of the Educational Building took place. If you haven't seen the buildings or the sign on the buildings, take a drive by. The sign is a 2' x 10' sign and it is dedicated to Dwight “Buzz” Hill. All the family was there and it was very inspirational.

Legislator Beedon said the Red Cross contacted him to serve on the committee to help raise funds for disaster relief. There will be an auction on September 8<sup>th</sup> and he will participate in this endeavor. Legislator Beedon handed out a Flyer to review. If you have anything that you would like donate to that auction, they will be glad to come and pick it up. Anything is acceptable except for clothes. He had a great visit at the Nursing Home yesterday and the residents that were in the “C” wing have been moved into the new addition. It is beautiful and spacious. The rooms are large and the residents seem to be very happy and enjoying themselves. It reminded him more of assisted living than true Nursing Home care. The staff was great. Chairman Bower said that there will be an Open House September 22<sup>nd</sup> from 1:00 pm to 4:00 pm.

Legislator Smith said he really didn't have anything to share since the last meeting. The only thing is that he attended the Orleans County Fair but was not able to attend opening ceremonies.

Legislator Callard said most of our committees met and Bill and I share the same committees. He has been involved with Cooperative Extension to set up opening ceremonies and the meeting with the Legislators and Supervisors last night. Soil and Water is progressing. As far as the Nursing Home, the master gardener committee is going to meet with the Director of the Nursing Home to understand the task at hand and put a design in place.

Chairman Bower indicated that the Business Association of Albion called and would like to have a “Cruise In” in a few weeks and they would like to put a banner on our lawn and all the Legislators approved.

Chairman Bower indicated that the Treasurer is at a conference. There is no report, but Mr. Nesbitt reported on the sales tax and we are tracking at about \$189,000 above projection. October and November are the biggest months. We are half through the year and we have collected what we expected and plus a little breathing room which is largely attributed to the gas prices.

Legislator Beedon moved to wave the rules of procedure to add two resolutions to the Agenda; seconded by Legislator Smith. Motion Carried. The following resolutions were then adopted:

RESOLUTION NO. 293-707

Legislator Beedon moved to adopt a Local Law increasing the terms of office for our Legislators. Legislator Beedon said it does allow for election every two years. The first terms it would move from two years to four year if it was voted on by the voters. The voters will be voting on this resolution. Regardless how we feel, the voters will have final say. The District Legislators if the vote is approved would serve the first four year term and in two years, the At Large will come back for another election and then they will serve a four-year term so it is staggered. The voters will have the final say on this law. Legislator Smith seconded the motion.

Chairman Bower said the one thing that was not mentioned tonight that he thinks is an advantage is that if this goes through, we will never replace all seven Legislators in one election. Even though that might be remote that is very important. The following resolution was adopted.

**LEGISLATURE MEETING**  
**August 8, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Western New York Fire Chief's Show will be held on August 25, 2007 at the Orleans County Fairgrounds and the Orleans County Volunteer Fire Police Association requests attendance at an Informative Seminar, discussing the Role of Fire Police and the NYS Municipal Laws, to be held during this event. Seneca County will be hosting the Intercounty Association of Western New York meeting on August 17, 2007. NYS Department of Agriculture and Markets forwarded a copy of Chapter 213 of the Laws of 2007 setting forth the amendments to Agriculture and Markets Law section 303-a relating to the 8 year review of agricultural districts. The State of New York State Board of Real Property Services provided the List of Certified 2007 State Equalization Rates of 100% established July 23, 2007 for the Towns of Albion, Barre, Carlton, Clarendon, Gaines, Kendall, Murray and Ridgeway. Rural Opportunities, Inc. has forwarded their 2006 Annual Report.

During open discussion, Chairman Bower asked those in attendance if anyone wishes to comment. With there being no questions or comments,

Chairman Bower asked Legislator Beedon to begin the reports. Legislator Beedon reported about a resolution that is placed on the agenda today to change the name of the Nursing Home to “The Villages of Orleans” and hopes to get support for this today. He wanted it understood by the media that does not mean that we are coming up with names for the wings. We have only been in discussion on what we would like to call each wing. Those department meetings that we have been holding, to discuss the Nursing Home, are open to the press and public. So the public would have known that no names have been decided upon for the wings. He has been reading editorials in the paper that the wings have already been named for the four villages in Orleans County, which they have not. To show how democracy works, Legislator Beedon stated that we are going to ask, for the next two weeks, the people of Orleans County to submit names that they would like to see each wing named. The Legislators will meet and review the submissions. Legislator Beedon explained why these names may have been assumed for the wings. The contractor was installing the fire alarm system and needed to place a code on the system so they can locate where the alarm was coming from. At this time names were used rather than wing A, B, C, etc. He has read the editorials in the Journal Register and has liked some of the names he saw. But today they are only requesting the name change for the Nursing Home to “The Villages of the Orleans”, which it does not sound like we are talking about the Nursing Home or the Infirmary. All name submissions can be sent to the Legislature Office. Legislature Rush added that in committee, it was decided to accept names from the outside for the next two weeks.

Legislator Smith stated that we are waiting for a response from the Commissioner of Corrections, in Albany, before we can move forward regarding the Orleans County Jail.

Legislator Callard took the opportunity to continue with Legislator Beedon’s discussion. He loves the concept of changing the name to get away from the Nursing Home and Infirmary, and more about life as it was and is remembered in the community. Maybe we will go against the concept of not choosing the names of the wings to be Albion, Holley, Lyndonville, and Medina. He is very pleased with what Legislator Beedon has reported and the opportunity for the community to make recommendations. He will vote for the name change and he would hope that when we consider the names of the wings; to have the opportunity to do so in a way that it reflects the historical and cultural integrity of the area. Legislator Callard thanked Legislator Beedon.

Legislator Rush worked at the Cooperative Extension Chicken BBQ at the 4-H Fair selling tickets and has done so for several years now. The Nursing Home did have a construction meeting a few days ago and everything is coming along great. Many took a tour through the Nursing Home and did look at the window wall in the lobby of the old part, which needs some repair. Different ideas have been discussed, such as changing the windows, but will have something drawn up soon. He went down to the Marine Park and attended the Assembly Republican Agriculture Tourism and Outdoor Recreation Task Force meeting, and they explained the Trout and Salmon Net Pen Rearing Project. Three assembly members were there, along with task force representatives. After lunch round table discussions were held at the Yacht Club. Chairman Bower and himself made a visit with a property owner on Oak Orchard River a couple days ago and are discussing a contract regarding the fishing on the Oak Orchard River.

Legislator Allport reported that things are going well in all of his committees. Tonight the ARC Board meets and will review the three-year long term goals that the Board set out with Don Colquhoun, the Executive Director.

Legislator Eick attended the Soil and Water meeting and during today's conference session James Kingston filled us in on their upcoming expectations. He further stated that he has worked with Soil and Water for thirty five years and Mr. Kingston is doing a "heck of a good" job. We are fortunate to have a local boy, who grew up in Orleans County, take over the Soil and Water Department and has done a superb job. He is ambitious and he is going after grant money. Legislator Eick has never seen so much grant money come into a county like he is getting in. Especially with this spraying project, Orleans County is the only county in the Nation that has these sprayers and is doing testing with them. Legislator Eick thinks this is fantastic and I give James a lot of credit.

Susan Heard presented her Treasurer's Report. Sales tax arrived at \$114,000 over last years check received at the same time. As you review this report, the sales tax is not arriving as fast as we are spending. The \$500,000 borrowed for the 911/Radio Upgrade Capital Project had a rate of 4.44%. The extra \$1,000,000 for the Nursing Home Project will drop into the account on August 15<sup>th</sup> and had a rate of 4.43%. The money is disappearing as it does and second part of the year is always a little tight. The County was rated by Moodies and lucky to keep our A3 rating. Few concerns regarding the general fund balance and its ability to help the

Nursing Home through its cash flow issues. Legislator Callard stated our A3 rating is outstanding for our rural county. We have done very well to maintain it and will make every effort to keep maintaining this rating.

Legislator Beedon moved to add two resolutions to the agenda; second by Legislator Smith. Motion carried. The following resolutions were then adopted:

Legislator Beedon moved a resolution opposing the transfer of costs to Orleans County for the Connections Computers; seconded by Legislator Rush. Legislator Callard stated that this is another example of New York State transferring costs to the County, rather to the local tax payer. He asked if we knew how much this is going to be? Mr. Nesbitt stated it would be 25 computers at the Department of Social Services that were previously paid for by the State. It will be 100% local share. Legislator Beedon further stated that this is after the last administrative change in Albany where they said that there would be no more mandated services passed back to the local government and that the state would pick these up. Legislator Callard again wanted it pointed out that this is another unfunded mandate. The following resolution was adopted:

#### RESOLUTION NO. 325-807

**LEGISLATURE MEETING**  
**August 22, 2007**

---

Vice Chairman Rush called the meeting to order at 4:42 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Bower.

The Clerk presented the following communications: Thank you from the Albion Business Association for allowing the use of the Courthouse yard for their Cruise Nite Banner. Orleans County Planning Board August meeting has been cancelled and September meeting is scheduled for September 27, 2007. Orleans County Undersheriff's notice of Allen Turner, Communications Coordinator being involved in a Motor Vehicle Accident on August 22, 2007.

Vice Chairman Rush stated that Chairman Bower is not here today due to a death in his family.

During open discussion, Legislator Beedon stated that at the last meeting we challenged the newspapers to let people know that we were asking for submissions of names for the Nursing Home wings. To date we have received 48 names. Legislator Beedon asked the Legislators to mark their four top picks from the list and then the committee will be reviewing them the first part of September to make a final decision.

Emerson Young from Orleans County Chapter SCOPE. On October 28, 1993 resolution no. 550-1093 was passed by the Orleans County

Legislature protecting our second amendment right here in Orleans County. It was overwhelmingly adopted. At the time, he thought it was memorialized because letters were sent out to State Officials, meaning making it a law for our County. Last week he attended a board meeting in the Town of Gaines. They passed a resolution in the town that bars anyone from coming into the Town Hall, or any town property carrying a weapon even though they are licensed to carry. Mr. Young feels this is wrong. If you have a license to carry in New York State than you have the right to carry a handgun. It is not just a permit, it is a License. Most Law Enforcement carry under their badge and don't go through what we need to do in order to get a license to carry. New York State is one of the toughest states to get a handgun license. Mr. Emerson is questioning if the Orleans County Legislature back in 1993 wrote a law for the County because the Town of Gaines stated to him that this resolution meant nothing to them. He requested the County Legislature to help him on this issue and clarify if this is a County law. After more discussion, Legislator Rush stated that they will take this under advisement and will research it further and get back to him.

Ed Morgan who is the Chairman of the Orleans County Republican Committee is here today on behalf of the Orleans Republican Party to make a \$1,000 contribution to the Orleans County Nursing Home to go explicitly toward furnishing the atrium, a neutral place to go visit. Some of the other towns are considering doing the same. The seniors are the backbone of this County. It is not politically motivated; we feel that the seniors deserve this. A check was presented to Jeffrey Glatz, Orleans County Nursing Home Administrator. Legislator Beedon thanked the Orleans County Republican Party for doing that and appreciates their desire for some input into the Nursing Home. He recommended that a plaque be placed commemorating this offering.

Legislator Beedon moved to wave the rules of procedure and add four resolutions to the agenda; second by Legislator Smith. All in favor. The following resolutions were then presented:

Legislator Eick presented a resolution for adoption regarding approval of a lease agreement between Orleans County and Roy and Scott Salmon which has been an ongoing problem for many years and we hope that we have a solution that will cure the fishing access issues. Mr. Nesbitt wanted to bring further details to the attention of the board. The first payment will be paid from the contingency account and the following years will be budgeted into the Hotel Tax. Mr. Nesbitt stated that this resolution should be amended to include that the first payment to be paid from the contingency fund. This will open up 4,000 feet of fishing access down on Oak Orchard River. There is currently about 50 posted signs and cable that have been across the river for many years. Mike Waterhouse indicated that the cable wire has been there for three years, posted signs there for nearly eight to ten years and razor wire within the last year or so. Mr. Nesbitt said this has been an ongoing problem for as many as 10 years and this is a solution that we have come to after extensive long term negotiations with the Salmon's to open up fishing and pump up tourism for the fishing in Orleans County. Mr. Nesbitt further stated that this has been a long time coming and we worked very hard on this. Mr. Nesbitt wished to thank the fisherman and those in the community that help us through this. An amendment should be made to the resolution adding in the first payment. Legislator Eick moved the resolution and to amend it adding that the first payment come out of contingency and the balance of the payments will come out of the Hotel Tax revenue. The amended resolution was seconded by Legislator Beedon. The following resolution was adopted:

### **LEGISLATURE MEETING September 12, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Notice of the Oak Orchard Watershed Protection Alliance meeting on September 19, 2007. The Villages of Orleans will have their OPEN HOUSE and Ribbon Cutting Ceremony on September 22, 2007 from 2pm to 4pm. Wolcott J. Humphrey III Symposium on Leadership and Community Life will be held on September 17<sup>th</sup> at the Batavia GCC campus and is focused on governmental consolidation and collaboration. Town of Alabama will hold a Public Hearing at 7:15 pm on Monday, September 24, 2007 at the Town Hall for the purpose of adopting LL2 of 2007 for the Administration

and Enforcement of the New York State Uniform Fire Prevention and Building Code. From Ronald Manella, Town of Gaines Highway Superintendent, Thank you was read to the Orleans County Legislature for allowing Soil and Water and Highway Department for their assistance with their Route 104/279 drainage project.

Legislator Smith presented a Proclamation for United Way Red Cross Month in Orleans County for October to Lori Stupp, Regional United Way Director.

During open discussion Arpad Dosa stated he bought 14005 Route 104, corner property at Rt. 104 and Rt. 279, in Gaines at the In Rem County Auction in May. An issue arose that the septic system is actually on another person's property. Mr. Dosa spoke with the neighbor the next day who told him that the septic system was on his property. The neighbor indicated to Mr. Dosa that he notify the County of this situation. The neighbor asked Mr. Dosa if they disclosed this to him when he purchased it. Mr. Dosa stated it was not disclosed to him. After some attempts with negotiations with the county, he did not get any where. With the County Attorney not present today, Mr. Dosa referenced an e-mail and hard copy letter that he forwarded advising the County as to his solution to resolve this problem. Mr. Dosa stated that he received a response back from the County Treasurer that his proposal to resolve was not acceptable. Mr. Dosa is here to appeal to the Legislature to revise and bring a fair judgment to his case. Mr Dosa mentioned other homes that he bought and the conditions they were in when he bought them. He has now fixed them up and that is his contribution to the Town. Mr Dosa further referenced 16969 Rt. 104 in Murray being another property he has purchased and renovated. His intention is to bring a positive contribution to the neighborhood. When selling, he looks for people who are in need of housing with low income. Chairman Bower stated that they would look at everything, take it under consideration, and do what they can. He will look at these other properties. The Board will discuss with the Treasurer and County Attorney to see if there is a remedy to satisfy everyone. Mr. Nesbitt asked Mr. Dosa if he had any formal documentation of the septic system. Mr Dosa went to the Health Department and the inspector for the Town of Gaines. No documentation was found. A visual inspection of the bathroom and kitchen did find that it once functioned and he does not know were this drained to.

Gary Kent of Albion wanted to congratulate the Legislature on the successful resolution of the fishing quandary that they have been in for

many years, including the two he was here for. Mr. Kent indicated that his remarks he made today was subscribed to by himself and Harold Suhr. The following was read by Mr. Kent. "The public is obviously not privy to your private deliberations regarding the jail issue, and we have no idea what is being discussed internally. That said, we would suggest that the Legislature explore the possibility of some sort of collaboration with the Commission of Corrections. You have made it clear that the full cost of the Jail is to be borne by County taxpayers. What we are suggesting is that, given the continuing presence of the State facilities in our community, it is entirely reasonable to think the State should be amenable to some sort of consolidation of the State Facilities and the services provided by the Orleans County Jail. Thinking further "outside the box", perhaps even two separate units, one for males, and another for females could be constructed adjacent to Orleans Correctional and Albion Correctional if possible. It might go nowhere, but is certainly worth a try especially in light of the State's continuing efforts, rightfully so, to push consolidation." He thinks the cooperation and collaboration between the County and the DEC with fishing access and so on are indicative of the direction that is for us.

Mr. Kent continued..."should a concerted effort to reduce the cost of a new jail to County taxpayers through collaboration with either or both, of the State facilities be rebuffed, despite your best efforts, we would suggest you consider locating a new jail on, and/or adjacent to County owned property west of the Nursing Home, Mental Health, and Buildings and Grounds where acquisition of additional property would not involve road frontage and infrastructure is already in place."

Mr. Kent stated, that there is third issue. He has discussed with Legislator Allport before today's meeting and with Sheriff Hess a few weeks ago. "It is our understanding that pursuing the idea of volunteers keeping the Animal Control Facility open perhaps two days a week has been approved by the Public Safety Committee. Would it be possible for the Legislature to formally approve the idea so that a group of volunteers might be assembled to permit the public to visit the Facility to check out animals for possible adoption. The sooner the better. Mr. Kent thanked the Legislature for the opportunity to address them today.

Chairman Bower stated that he would like to address Mr. Kent's comments and Mr. Nesbitt can follow up. Mr. Nesbitt stated that there were a couple of things that Mr. Kent brought up that he wanted to address directly. As Mr. Kent mentioned how the state is so hard to deal with and

how one hand doesn't know what the other hand is doing; Mr. Nesbitt explained that the Department of Corrections that runs the state facilities is distinct from the Commission of Corrections, which is a much smaller agency that oversees county jails and their regulation. Mr. Nesbitt said that they did through state delegation, reach out to the Department of Corrections to discuss the possibility to buy their acquiring land or buildings at the state facility and did not get anywhere with this. Mr. Nesbitt said the most recent effort made was in speaking with Lori Heitoff, Deputy Commissioner of the Local Government Efficiency Commission, a new agency that was formed for SMSI. This conversation with her was about the possibility of any kind of collaboration with the state or use of state property or buildings, for the County Jail and as of yet has not received a response but do expect to see her next week at the Association of Counties and will continue to press the issue.

Chairman Bower stated that they discussed with the State with respect to consolidating a Jail between Genesee and Orleans Counties. Genesee County is not as far along as us but is also in need of a new Jail. The State told Orleans County that we need our own Jail. He feels that was a good remedy seeing the State is talking to us about consolidation. Chairman Bower stated that building a new jail has been in the back of his mind for the last five years since the first study was handed out on our existing jail. Chairman Bower remembers handing Mr. Kent the study while he was on this board. It did not go anywhere until January of 2006 when the State invited them down for the second time and this body stated they would go talk to them because we did not want to be closed down and put the burden on to the people. Chairman Bower stated that in his mind there are some sights that are better than others. The first thing he is looking at is how are the citizens in this community going to be affected, which Chairman Bower feels is the far most important issue to consider first. We are not going to construct a jail in a populated area with houses and children, which is just not right. We have one here now and it does not work. When you look at sites, you look at the State of New York Correctional if there is land there and area views of the land. He thought of the land across the road from the Correctional facility on Gaines Basin Road. He thought about land south of the County Administration Building and property on the east side of Butts Road that EDA has. Chairman Bower has discussed this with Judge Punch who would like the jail close to the Courthouse but knows it can't be and is tolerant of what we are doing. Chairman Bower has looked at land east of the Women's Facility but he does not know of the footprint of our Jail at this time to know if it would fit. Knowing of all the possibilities in his eyes, he has never talked

to any other owners, except the woman who contacted him that has land on the west side of the Gaines Basin Road. This Legislature wants to go out to the people for locations. Ones that himself, or the board has overlooked that might be a suitable spot for the new jail. We currently have surveys out and we put the form on the County website. We also handed it out at the Supervisors/Legislators meeting. To date none have been returned. We have looked for the best possibility with respect to this jail and how it will fit in to the general populous of Orleans County. He could care less who owns it, if it is the best spot and if we all agree on a location, then that is where it is going to be.

Mr. Kent's point was not knowing what locations have and have not been considered. Chairman Bower stated he has been looking at aerial views of different land. This body has not sat down to do a check list to see if sewer and water is available, how many acres and how many residents will be effected which are all the criterias that will be gathered to see where this facility will be. Mr. Kent stated that Mr. Nesbitt's remarks were indicative of your acceptance of the idea that building something where you could collaborate with the State Facilities is something that has a lot of merit otherwise this group would not have checked into this. Chairman Bower stated we think it does have merit. Mr. Kent added that the argument for doing some of that is powerful and the board should greatly push this.

Mark Taylor, retired from the NYS Department of Corrections, would like to add that the response time of the Sheriff's Department in critical times is ridicules; sometimes an hour and a half to two hours. We want to put \$30 million dollars into a jail when we might want to think about putting more money into our law enforcement. Mr. Taylor stated if you get aggressive with the State of New York he thinks we can be a model not only in New York State, but for other counties throughout the United States if you really push the issue with consolidation. When he worked with the Department of Corrections at the Wyoming, Orleans, Albion, Wendy facilities they called it a hub and they started consolidating services. If you could annex a County jail onto the state system you could use their sewer, water, food services, and medical services. We would of course need to reimburse the state for these services but money would be saved. Mr. Taylor stated that there is a Sheriff in Arizona that did not have money to construct a jail, he put up tents which we cannot do. Mr. Taylor stated that we should keep pushing the state, if they don't want to work with us, keep pushing harder. Chairman Bower stated he wished it was that easy but we are trying everything we can to make this project as

cheap as we can, even looking to use part of their heat. We have done a lot of things you have talked about but just not getting far with the State. In reference to what Mr. Taylor said they are easy to work with, Chairman Bower stated they are not easy to work with. Mr. Taylor stated he knows they are not easy to work with but when they cut back on taxes, where did the burden go.

Debbie Keller stated that these comments were refreshing and appreciates hearing that people think like she does. Her concern is that about 40 years ago when they built the old jail back in 1969 (Chairman Bower stated that the Board of Supervisors built it) and it was said, from the get go this was absolutely tragic and all kinds of problems exist in the jail. She is hoping that when you build this new jail, you make these contractors liable for poor workmanship. Her idea is always fix things instead knock things down and build a new one, like what they do in Europe. If who ever builds this new jail, hopefully has to give some type of warranty. Millions of dollars is a lot of money for getting bad contractors. She also would like to know who the contractor was who built the first jail and if they are still bidding? Chairman Bower stated this could be looked into but does not think they are still around.

Legislator Rush attended Office of the Aging advisory picnic, went on the Soil and Water tour and meeting. Attended Supervisors/Legislators Meeting and several Nursing Home meetings. Attended the Town of Carlton meeting and distributed the jail progress update. Also working with Paul and Pete at Emergency Management to come up with a resolution for what they are going to do with personnel in that department.

Legislator Allport, besides attending his regular committee meetings, he went on the Soil and Water tour and what they are doing for the watershed is great, working on one property at a time. Sheriff Hess gave him a small demonstration on the new 911 system, the consoles and what is in place which is going to be very nice. Tonight is the ARC of Orleans Board Meeting.

Legislator Eick stated that Soil and Water tour was last Tuesday. They saw some of the completed projects and some that are going to get started. There are hundreds of thousands of dollars that are coming in from federal and state monies for these projects. We saw the demonstration on the new sprayer in Orleans County which there are 10 of them. The only sprayer like this in all of the United States and it is very impressive. I believe it is going to improve the industry tremendously. Mr. Kingston, of Soil and

Water, has been working on a water problem on Rt. 98, across from the Stacey property. It was a plugged sluice which caused flooding spring through the fall. The County Highway and Town of Barre Highway Departments along with Soil and Water have resolved this problem. They buried tile and cleaned out the ditches. Legislator Rush added that they are tiling up at Rt. 98 today, going across that yard. Hopefully this has resolved that problem. The thirty year old tractor that was in compound a while at Cooperative Extension will be replaced with a new tractor due to OSHA review. The new tractor will have a cab, and a loader and hopefully we will receive grant monies to pay this off.

Legislator Beedon has been very involved in the Nursing Home for the last two years and today we have a resolution to approve the new names of the wings. As our result of our contest, we had over 50 names submitted from the community. The west wing will be called Garden View, South Wing - Orchard View, North Wing - Autumn View and East Wing-Canal View. We are hoping to get pictures donated to help decorate these wings. Legislator Beedon wanted to thank the community for submitting the names. The Alzheimer's Memory Walk will be held on September 29<sup>th</sup>. Rachel Fisker asked to have permission to place a banner at courthouse square to announce. The Medina Hospital also is requesting a banner be placed at courthouse square for the Community Partners Wellness center to advertise their upcoming Screen and Win Health Fair on October 20<sup>th</sup>. The Legislators were all in favor of their requests. Legislator Beedon hopes that everyone will attend the Nursing Home Open House on September 22<sup>nd</sup>.

Legislator Smith attended the Supervisors/Legislators meeting and today toured the Nursing Home of which he was very pleased with and thoroughly impressed.

Legislator Callard, besides going to Soil and Water and Supervisors/Legislators meeting, Legislator Allport and himself participated in a half day training for the IDA and LDC public official training which was very informative. It gave us some ideas that we can carry forward with the Legislature. We had a meeting with Chuck Kinsey, and we reported that we received all the computers for the first year round of leases and implementation. We went out to bid with the State, which will hold good for next year, we found with round two that we will save \$65 per station. The state, to a new extent as far as consolidation, is giving us some direction to discuss the feasibility of consolidating assessment functions throughout the County and the counties throughout

the state. They have grant monies available for feasibility studies. We are tentatively scheduling a meeting here on the last Monday of the month at 7 pm. We will formally invite Legislators, Supervisors, and Councilpersons for informational purposes so everyone is aware of what the state is proposing and what we might be able to do to help each other.

Legislator Rush added that he contacted Photos by Bruce and he would be more than willing to place pictures at the Nursing Home.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through August, 2007. She reported that she is \$10,000 ahead of last year. First sales tax for September was up \$117 thousand and another check will arrive tomorrow. Road levy is paid in full.

Chairman Bower stated that the comment was good that we should really make sure that a project is done properly and workmanship is good. This Nursing Home project has taken about two years and we have had a progress meeting every week. We may have skipped two meetings. Almost every Legislator and Chuck Nesbitt has been to most of these meetings watching over not only the contractor but the design people. If there is a problem, we know about it and respond to it. As of the end of the week, residents should be moved into the new addition. The C Wing was repainted and is now the Dementia Wing and those residents have been moved back in. A lot of investigation has gone into the colors chosen and into the music that will be played is totally directed to them and them alone to make their stay at our nursing home as wonderful as we can possibly make it. Chairman Bower asked the Legislators to please be at the Open House. This has been a project that has been dear to him along time, he is proud of it and he thinks the people of Orleans County once they see it they will be proud of it too.

Legislator Beedon moved to add 3 resolutions to the agenda; second by Legislator Allport. All in favor. The following resolutions were then adopted:

Chairman Bower requested the Clerk to contact Joe Cardone, Orleans County Distirct Attorney to be here for the September 26, 2007 Conference Session to update us on the Major Felony Crime Task Force. There has been a lot of action and controversy when it first started back in January. Chairman Bower would like to have him discuss all the success we have had with this task force.

Legislator Smith moved to adjourn; second by Legislator Eick. Meeting adjourned at 5:17 p.m.

**LEGISLATURE MEETING**  
**September 26, 2007**

---

Legislator Beedon made a motion to move into executive session at 4:24 pm per section 105 (d) of the Public Officers Law for the purpose of a discussion regarding proposed, pending or current litigation; seconded by Legislator Smith. Executive session closed at 4:43 pm.

Chairman Bower called the meeting to order at 4:44 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County Planning Board meeting is scheduled for September 27, 2007 at 7:00 PM; State of New York Office of Real Property announced that the County of Orleans has qualified for the New York State Office of Real Property Services County Excellence in Equity Award and Dawn Allen will be presented framed certificate at the October 15<sup>th</sup> assessors meeting; NYS ORPS sent notice that the State Board established the county equalization rates at 100% for all the towns in Orleans County; Orleans County Youth Board will hold their meeting on October 3, 2007 at 5:30 PM; NYS Department of Agriculture and Markets notice of Agricultural Districts 1, 2, and 3 are certified that the inclusion of predominately viable agricultural land as proposed is feasible and shall serve the public interest by assisting in maintaining a viable agricultural industry within these districts. Also a notice that Agricultural District 2 was eligible for redistricting and was certified. Notice given that the next district reviewed must be complete on or before August 2, 2015; NYSAC will be holding a Middle Class STAR Rebate Program Informational Webinar on September 27<sup>th</sup>.

Legislator Eick and Chairman Bower presented a Proclamation for National 4-H Week, October 7-13, to Margo Bowerman and Deborah Roberts of Orleans County Cornell Cooperative Extension.

During open discussion, Richard Ferris stated that he had the pleasure of being at the Open House at the Nursing Home this past weekend and it is a beautiful place. He appreciates the new facility and the Legislators for all they have done. His mother is currently a resident there. Mr. Ferris voiced his concerns for the lack of staff. He feels that the staffing numbers really need to be upgraded, especially during the second shift. He feels there is not enough staff on duty to take care of the residents. His sister, Sharon Gurzynski, is the head of the family focus group and they too are concerned. Mr. Ferris came today asking for the Legislature to consider looking into the staffing issues. Chairman Bower stated that he has spoken to Jeff Glatz the Administrator and stated that it is hard to attract people for these positions. Currently six employees are out on Worker's Compensation issues. They are currently interviewing and hopefully they will attract employees with the new facility. Chairman Bower stated that they know of the problem, they are addressing it and giving us a little time, it will be solved. Legislator Beedon stated that there are resolutions to be presented today to resolve these staffing issues.

Legislator Callard recently conducted a meeting with Town Supervisors or Council members from seven towns to discuss grant possibilities in relation to the Assessment functions within the County. Those that were present felt the County should pursue the grant to conduct a feasibility study regarding consolidation of assessment functions. It does not obligate a town to do it but may be helpful to find ways to better serve the people. The message was also presented at the Supervisors/Legislators meeting last evening.

Legislator Smith stated he missed the Nursing Home Open House, which he deeply regrets because he really wanted to be there. He was happy that it went well. He went to the Supervisor/Legislators meeting and heard Senator Maziarz speak. Legislator Smith is excited about the progress of the Major Felony Crime Task Force and feels that the County really needs this task force. He hopes their success continues.

Legislator Beedon reported that the Nursing Home open house was a huge success and that 117 beds are occupied in the Nursing Home. Our goal is to have full occupancy with a waiting list. Legislator Beedon visited Paul Fulcomer, Director of Veterans Affairs, in the hospital. He fell and broke

his hip. Mr. Fulcomer is very worried, with him being out of the office, of the needs of our veterans. He announced the Alzheimer Memory Walk that will be held this Saturday.

Legislator Eick stated that about thirty were present to hear Senator Maziarz speak at the Supervisors/Legislators meetings. Question and answer session worked well. He attended a meeting with various officials regarding the part time radio communication employee.

Legislator Allport congratulated Chuck Nesbitt on his graduation from the Pelletier Institute. Last night at the Community Services Board meeting it was announced that the YES program is being cancelled. This program dealt with teaching teens to say no. It was a 70% federal share and 30% state share funded program. Eleven states opted out of it with New York being one of those. It did not have the word education in the description. It was a very successful program going into its third year of a five year contract. Two full time and two part time people were involved in this program. Only the two part time people were absorbed into the ACT Program.

Legislator Rush attended the Town of Kendall board meeting. He updated them on the progress of the Nursing Home and Jail projects. He attended the County Federation meeting last week. We used to budget money for the federation but will not include into the County budget until they need it.

Treasurer Heard did not have a report.

Chairman Bower stated that all the inappropriate signs and cable have been removed from the fishing access area on Oak Orchard River and all the appropriate signs are up.

Chairman Bower said it was a very nice transaction between the parties and feels it will be a success. Legislator Allport said that the word on the web is very good.

Legislator Beedon stated that Cheryl Tuttle asked if purple ribbons could be placed around the trees on Courthouse Square to recognize Domestic Violence month in October. Unless there is opposition he would encourage this to occur. All were in favor.

Legislator Beedon moved to wave the rules of procedure to add one resolution to the agenda; second by Legislator Allport. All in favor. The following resolutions were then presented:

Legislator Rush moved authorizing appointment to Assistant County Attorney Positions by District Attorney and Assistant District Attorney and authorizing prosecution of Juvenile Delinquency Proceedings under Article 3 of the Family Court Act. Legislator Rush called upon County Attorney Schubel to elaborate on this resolution. David Schubel stated that he presented this at last month's conference session and will briefly reiterate on that discussion. The Family Court Act Article 3 makes the County Attorney's Office responsible for the prosecution of juvenile delinquent proceedings. Over the years, these proceedings have evolved

into a full blown criminal proceeding against people under the age of sixteen. Criminal procedural and penal laws have incorporated into the procedures for prosecuting these juvenile delinquents. That would include a young person who needs to go to a secure detention facility or similar measures, the judge needs to have a probable cause hearing within 72 hours of his initial appearance. Also the proof burden is also the same as in a criminal proceeding so it is important to have all the police work up completed and be able to issue subpoena's to the police officers who are going to testify and various witnesses. The Assistant County Attorney, Jim Bell, has been doing all this as well as neglect and abuse proceedings up until a few years ago and this Legislature authorized the creation of a third Assistant County Attorney position. Susan Sillman had this position along with being an Assistant District Attorney. This worked out well with her location being at the District Attorney's Office and her ability to have the resources to be accessible at all times. Unfortunately, she left. In addition to all that we have the Integrated Domestic Violence Court which requires the participation of both the District Attorney and County Attorney offices as well as Probation. Ms. Sillman was the representative for both offices. Since her resignation, we were concerned about staffing. Instead of finding more staff, a plan was discussed to have Joe Cardone and John Sansone, Assistant District Attorney, to deal with these proceedings on an as needed basis. Attorney Schubel said his second assistant is not walking away; it is just because we have to appear in court on such short notice. In addition to having Joe and John do this, we can utilize the staff in the District Attorney's office too for issuance of subpoenas, and we can prove our case when we go to court. The last element of this resolution is an agreement between the County Attorney's Office and the District Attorney's Office so the salary for the 3<sup>rd</sup> assistant County Attorney will go to the District Attorney to offset their cost. No additional salary will be paid to the District Attorney's office to do this, but this will allow them, if necessary, to handle these juvenile delinquency proceedings. Legislator Rush confirmed his motion to approve this resolution; seconded by Legislator Allport. The following resolution was adopted.

#### RESOLUTION NO. 409-1007

AUTHORIZING APPOINTMENT TO ASSISTANT COUNTY ATTORNEY POSITIONS BY DISTRICT ATTORNEY AND ASSISTANT DISTRICT ATTORNEY AND AUTHORIZING PROSECUTION OF JUVENILE DELINQUENCY PROCEEDINGS UNDER ARTICLE 3 OF THE FAMILY COURT ACT

WHEREAS, the Office of the County Attorney has the responsibility to conduct prosecutions of juvenile delinquency proceedings originating under Article 3 of the Family Court Act, and

WHEREAS, the Orleans County Attorney's Office is desirous of additional staff in order to fulfill its duty to prosecute juvenile delinquency proceedings originating under Article 3 of the Family Court Act, and

WHEREAS, the duties of the District Attorney are enumerated under section 700 (1) of the County Law, and

WHEREAS, section 700(1) of the County Law further provides that the District Attorney shall perform such additional duties as may be prescribed by law and directed by the Board of Supervisors, and

WHEREAS, due deliberation having been had, this Legislature determines that it is in the public interest to authorize and direct the District Attorney and an Assistant District Attorney to prosecute juvenile delinquency proceedings originating under Article 3 of the Family Court Act by means of their respective appointments to the positions of Assistant County Attorneys, now, therefore, be it

RESOLVED that this Legislature authorizes the creation and filling of the positions of Third Assistant County Attorney and Fourth Assistant County Attorney at no salary for each position, the sole duties of each position being the handling and prosecution of juvenile delinquency proceedings originating under Article 3 of the Family Court Act, and be it further

RESOLVED, that pursuant to the provisions of County Law section 700(1) this Legislature authorizes and directs the District Attorney and an Assistant District Attorney to handle and prosecute juvenile delinquency proceedings originating under Article 3 of the Family Court Act and further authorizes their appointment to the positions of Third Assistant County Attorney and Fourth Assistant County Attorney at no additional salary, their sole duties being limited to prosecution of juvenile delinquency proceedings, and be it further

Legislator Eick asked to withdraw the resolution updating the unit count in the sold waste contract

Legislator Callard moved a resolution opposing Governor Spitzer's policy to allow illegal immigrants to secure New York State Driver Licenses. He asked County Clerk Karen Lake-Maynard to be present today should she wish to elaborate further on this issue. As it is now, the law requires applications for driver's licenses to provide valid Social Security Numbers in addition to proof of age and identity. Legislator Callard further presented the complete resolution. He feels that the rationale for this is beyond his comprehension. Legislator Callard further stated that 13 counties have gone one step further. He asked that this Legislature consider adding another resolved; which our County Clerk is in favor of; directing her (County Clerk) not to process any driver's license applications in Orleans County without a valid Social Security number or proof of ineligibility to satisfy the Social Security Number requirement. It would be breaking both the state and federal law to do so. Legislator Callard would like to add this to this motion. Chairman Bower requested a unanimous second. Unanimous second voiced by all members of the Legislature. The following resolution was adopted.

RESOLUTION NO. 411-1007

OPPOSING GOVERNOR SPITZER'S POLICY TO ALLOW ILLEGAL IMMIGRANTS TO SECURE NEW YORK STATE DRIVERS LICENSES

WHEREAS, Section 502 (1) of the New York State Vehicle & Traffic Law requires applications for drivers licenses to provide a valid Social Security Number, in addition to proof of fitness, age and identity; and

WHEREAS, the NYS Department of Motor Vehicles promulgated a regulation to allow legal residents who are ineligible for a Social Security Number to provide proof of ineligibility to satisfy the SSN requirement; and

WHEREAS, the NYS Department of Motor Vehicles, in accordance with the 9/11 Commission report, adopted a policy requiring documentation of the Social Security Administration statement of ineligibility for a SSN, which was upheld by the State's highest court, the Court of Appeals; and

WHEREAS, on September 21, 2007, Governor Spitzer and his DMV Commissioner announced that they will no longer require illegal aliens to submit proof of a valid SSN or illegibility for the same and will not inquire into an illegal alien's immigration status before issuing that illegal alien a driver's license; and

WHEREAS, on September 24, 2007, Governor Spitzer and his DMV Commissioner, without notice to County clerks or the public, removed the Temporary Visitor Legend from NYS Drivers licenses for all foreign visitors in the country on temporary visas; and

WHEREAS, the Governor's policy changes are contrary to the clear statutory direction provided by the Legislature and effectively re-write both the existing statute and regulation, without consultation with the Legislature or the public; and

WHEREAS, the Governor's actions reward those who have violated U.S. immigration law and grants them a privilege formerly accorded only to law abiding residents of the state; and

WHEREAS, the Governor's actions compromise our state's and our nation's security by providing a driver's license, which is the most commonly accepted form of identification for entry into government facilities, boarding of domestic aircraft, gaining employment, accessing our financial institutions and participating in our elections, to persons who have to be screened by the INS or the Department of Homeland Security and who could have criminal records here or in their native lands; and

WHEREAS, the Governor's policies are in direct conflict with the federal Real ID Act, which was overwhelmingly approved by both Houses in Congress as a means of providing real security for state driver's licenses; and

WHEREAS, the Governor's policies would devalue the NYS Driver's License so that it would no longer be accepted as a valid form of identification for federal purposes once the Real ID Act is fully implemented and would require lawful residents of New York State to secure passports or some other federally approved form of identification to board domestic aircraft or to enter federal facilities; now, therefore,

BE IT RESOLVED, that the Orleans County Legislature hereby finds that the Governor's policy that would allow illegal immigrants to secure NYS Driver's licenses without providing a valid SSN and without providing documents submitted to the SSA demonstrating the applicant's ineligibility for a SSN is ill conceived, compromises the security of the residents of Orleans County, the residents of our state and the residents of our country; and be it further

RESOLVED, that this legislative body urges Governor Spitzer and his DMV Commissioner to cease and desist from the implementation of, and to forthwith rescind, these ill conceived policies and further urge the Governor to work with our elected state representatives and county officials before pronouncing any similar policy directives; and be it further

RESOLVED, that this Board hereby directs the County Clerk to not process any drivers license applications in Orleans County without a valid Social Security Number; and be it further

RESOLVED, that the Clerk of the Legislature shall forward a certified copy of this resolution to Governor Eliot Spitzer, DMV

Commissioner David Swarts, Attorney General Andrew Cuomo, Senator George Maziarz and Assemblyman Steve Hawley.

Moved, Callard; Unanimous second.  
Adopted. 7 ayes; 0 nays; 0 absent.

County Clerk Karen Lake-Maynard thanked the Legislature for standing behind her because she wholeheartedly believes this is the right thing to do.

Jack Welch, Director of Personnel and Self Insurance, made a presentation on a session that he attended at his conference in Corning. This session was an update on the Gaps and Overlaps in the American's With Disability Act (ADA), Family and Medical Leave Act (FMLA) and Worker's Compensation Law (WC). Mr. Welch further explained these in a condensed overview to the Legislature. He stated that the active oversight of these laws could reduce absences, encourage employees to return to work and reduce benefit costs. Mr. Welch feels that we need to establish a system to automatically provide notices, exercise rights for medical documentation and analyze each request under each law independently on its own merits. He feels that our current system of administering our leave policy is decentralized. Each department implements our policies. Mr. Welch stated that we do need over sight of the compliance of these laws.

Legislator Callard moved into executive session at 5:01 p.m. to discuss personnel issues relating to the medical history of an employee or employees as so allowed under Open Meetings Law section 105(f); seconded by Legislator Beedon. Motion Carried.

The Clerk presented the following communications: Notice of meeting for the Orleans County Planning Board for October 25, 2007. Letter from Senator Joseph Bruno responding to adopted resolution for the New York State Property Taxpayer Protection Act. Putnam and Essex Counties Legislative Board resolutions for the DMV Licenses and Medicaid County Protection Act. Notice of meetings for the Genesee Finger Lakes Regional Planning Council.

During open discussion Mike Fuller, Fire Chief of the East Shelby Fire Department and representing the West Battalion Fire Chiefs, read a letter to the Legislature concerning the staffing of the Radio Manager Position. The West Battalion Fire Chiefs feel that a permanent, qualified, full-time radio manager is required to oversee the counties complicated radio system and to insure the safety of emergency personnel. Should he need additional assistance to help him or work overtime, we request that he will be provided a budget for this. Mr. Fuller stated it is such an essential emergency component that helps us do our jobs for this entire county and our townships.

Chairman Bower rest assured Mr. Fuller that this Legislature is looking at this being budget time, it is one of their priorities and they will respond. Mr. Fuller thanked the Legislature.

Legislator Allport stated that at the Board of Health meeting discussion of the process of appointing Paul Petitt in Albany is moving forward.

Legislator Rush mentioned the importance of the fishing on the Oak Orchard River. With the easement we obtained, the fishermen are back and you can see the fish swimming up the creek. It is elbow to elbow where they fish in that area, and they are getting a lot of fish as well. It is a great thing to see again.

Chairman Bower asked that after Legislator Callard present the next resolution, if he could explain to the students what these resolutions involve. Legislator Callard moved the final resolution to authorize the County Treasurer to relevy unpaid village taxes for the 2007-2008 tax season to the 2008 county/town tax bills; seconded by Legislator Allport.

Legislator Callard stated that taxes are issued in January and at a certain point if these taxes have not been collected, than there is a process to add them to the next years tax roll. It can reach a point when taxes have not been paid for several years and then the county can take claim against the property that is being taxed. The county collects school taxes, village taxes, town taxes; and solid waste and recycling fees. Eventually, we pay back to these entities the taxes that are owed and the county assumes the ownership of the delinquency of taxes and then we will continue to relevy them until they are either collected or else the property has taken claim against. The following resolution was adopted:

Susan Heard, Treasurer, did not have a written report with all the finalizing of the school and village tax collections. Ms. Heard was very pleased with the audit. She took a trip to the city to discuss some of the comments and the audit ended up with no findings.

Chairman Bower stated that when he met with the fishermen on Saturday, they were from all over our state and some from out of the state; they said they could not be happier with our fishing. Everything he heard was positive so he feels what was done was right and will in the future help our local economy.

Legislator Smith wanted to comment that he recently visited the animal shelter and they are doing a tremendous job there. It is a facility we should be proud of. It is a very clean facility and Kathy Smith does a great job. Legislator Beedon asked if volunteers are beginning to work there. Legislator Smith stated that the process is being put into place as we speak. Chairman Bower believed they currently have 15 volunteers. Mr. Nesbitt reported that they are interviewing now for a volunteer coordinator.

Budget Officer Chuck Nesbitt stated that he gave the Finance Chairman the option for the budget message to be entered into the record at this time or before the resolution adoption for the 2008 preliminary budget. At this time, Mr. Nesbitt presented his 2008 Orleans County Budget Message to the Legislature.

The following resolutions were then presented:

Legislator Beedon moved a resolution authorizing abolishing, creating and filling positions in the Job Development Agency; seconded by Legislator Callard. Legislator Beedon explained that Carol Miller will be retiring as the full time director at the end of the year and will be the part-time director in January. It will save money in this department to continue providing the various functions in our community. Every year it appears they receive less money to perform their activities. Mrs. Miller has done a wonderful job as director and will probably make herself available daily, for a certain number of hours, to make sure that the day to day activities are being taken care of. The following resolution was adopted:

Legislator Callard presented the resolution to adopt the 2008 Preliminary County Budget and set the public hearing date; seconded by Legislator

Beedon. Before the final budget is adopted, Chairman Bower hopes to look at healthcare. He reported that we are spending \$13,000 a year for a family policy, which is increasing by 10% and possibly in five years we will be paying \$20,000 a year for healthcare. We need to look at this closely. Legislator Callard also stated that we need to review the budget on the expense side. We can't increase revenues, and we have done what we can with fund balance and with sales tax. We have to look at more reductions in our spending. As the CAO outlined, this budget is greatly impacted by the Nursing Home and the flat revenues by New York State. With there being no further discussion, the following resolution was adopted:

RESOLUTION NO. 455-1107

Legislator Callard moved to authorize the sale of Tax Map Parcel No. 80.9-1-36 by sealed bid. This is located at 536 Orient Street in the Village of Medina, Town of Shelby. We need to make a determination of the minimal amount to be bid whether that will be determined by the amount of past taxes to be owed. Currently \$12,000 is owed in delinquent taxes for 2007. Legislator Rush asked when this building was occupied last. No one could exactly provide a time line of that but it had been several years per Attorney Schubel. Legislator Allport recalled that previous bids on this building ranged from \$6,000 down to the last bid of \$2,000. Legislator Allport suggested that the average minimal bid of \$4,000 be considered for adoption. Treasurer Heard stated that the way it is listed they would be paying the 2007 delinquent taxes plus the next year. Legislator Callard confirmed his motion to include the minimum bid amount of \$4,000 as discussed; seconded by Legislator Rush. The following resolution was adopted:

RESOLUTION NO. 462-1107

AUTHORIZING SALE OF TAX MAP PARCEL NO. 80.9-1-36 BY  
SEALED BID

WHEREAS, Resolution No. 108-386 sets forth the procedure for the sale of County owned properties acquired in In Rem Tax Foreclosure Proceedings; and

WHEREAS, the parcel identified as tax map parcel no. 80.9-1-36, commonly known as 536 Orient Street, Village of Medina, Town of Shelby, has been included in County auctions of tax foreclosed properties and the bids received for the parcel were rejected by this Legislature; and

WHEREAS, the parcel has been listed on the webpage of Haroff Auction & Realty, Inc. at [www.NYSAuctions.com](http://www.NYSAuctions.com) and no acceptable offers have been tendered for the parcel; and

WHEREAS, the building on the parcel is vacant and not occupied, causing it to be subject to deterioration and dilapidation; and

WHEREAS, this Legislature, on behalf of the County of Orleans, now determines that it would be in the best interests of the County of Orleans to sell the property identified as tax map parcel no. 80.9-1-36 in the most expeditious means available rather than listing the parcel with a local realtor; therefore be it

RESOLVED, that the following procedure be employed for the sale of the aforementioned parcel:

1. The parcel identified as tax map no. 80.9-1-36, commonly known as 536 Orient Street, Village of Medina, Town of Shelby, shall be sold by sealed bid to the highest bidder.

2. The Orleans County Attorney shall prepare a Notice of Sale by Bid, which said Notice of Sale shall be published in the official newspaper of the County of Orleans once a week for a period of three (3) weeks. Advertisement of the sealed bid process may also be published in such other newspapers or pennysavers as designated by the Orleans County Treasurer with such frequency as determined by the Treasurer.

3. The bid to purchase the property shall be in a minimum amount of \$4,000 and the 2007 County/Town taxes, 2007-08 Village taxes and the 2007-08 School taxes. The County, in its sole discretion, may reject any and all bids to acquire the parcel and may, in addition to any requirements set forth herein, require or impose such other additional restrictions or conditions on any sale of the property.

4. In the event the parcel is not disposed of by the afore described process, the County may then sell the property at a private sale to any person or corporation on such terms and conditions as may be agreed upon, and the County may employ individual realtors to bring about such sale.

5. All deeds from the County shall be Quit Claim deeds without warranty by the County as to the title of the premises, and shall contain a condition and covenant that the County shall in no event, be or become liable for any defect in the title so conveyed for any cause whatsoever or that no claim or demand of any nature shall ever be made against the County arising from such sale or conveyance or any proceedings leading thereto. All such property shall be sold subject to any matters of record.

Legislator Beedon moved to adjourn; second by Legislator Smith.  
Meeting adjourned at 5:05 PM.

**LEGISLATURE MEETING**  
**November 28, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Notices of Public Hearings for the Town of Shelby to be held on December 4, 2007 at 7:00 PM on the adoption of a Local Law Governing Wind Energy Facilities in the Town of Shelby and at 7:30 PM on the adoption of a Local Law Governing Mining and Excavation; Rural Opportunities – Community Partners Holiday Open House, Wednesday, December 12<sup>th</sup> from 4:30 pm to 7:30 pm at Rural Opportunities on East Avenue, Rochester; Genesee/Finger Lakes Regional Planning Council will hold their meeting on Thursday, December 13<sup>th</sup> at 10:30 am at the Radisson Hotel Rochester; The Genesee Livingston, Orleans, Wyoming Workforce Investment Board Invites all to the Annual GLOW WIB Breakfast – Friday December 14<sup>th</sup> at 7:15 am at Terry Hills Restaurant in Batavia; received adopted resolutions from the Schuyler County Legislature and Fulton County Board of Supervisors Supporting the Medicaid County Protection Act of 2007.

During Open Discussion, there was no public comment.

Legislator Rush has been on vacation for a week. I checked the fishing in Oak Orchard and made sure it was still in existence. There were between 30 and 40 cars there yesterday. I saw them catch ½ dozen brown trout while I was standing there for five minutes. Steelhead trout are also starting to run. It is great to see that they are still active down there. They will stay open to fish all winter.

Legislator Allport works with some fishermen at Kodak, and they have gone out of their way to stop to talk to me and voice their appreciation.

Legislator Eick attended the Legislator Supervisor dinner last night and the guest speaker was Stu brown. It was a very good meeting. There is a lot money out there to be applied for as in grants for municipalities.

Legislator Beedon stated that one of my responsibilities is OFA, and as a result of the OFA, I serve on the Nutri Fair Board. On November 20, 2007, I attended a family care giving support group meeting at Lakewood Village. Tammy Zicari, from OFA, gives a lot of support to families who have members in their family that are going through early, middle and late stages of Alzheimer's. They have open discussions about their situations. I was very impressed how Tammy does this, and I think we have some great employees working for Orleans County. Today, I went to the Nutri fair monthly meeting, and there was a discussion about one of the workers who work for Nutri fair and went to one of the homes to deliver a meal.

There was no answer so he called out the name and there was still no answer. He opened the door and he found a woman in bed who was very ill. If he hadn't checked on her she would have died. He called for emergency services and she is still alive today. We have great employees who work for these groups.

Legislator Smith also attended the Legislator Supervisors meeting with Stu Brown as the guest speaker. One of things he talked about was a combination of services and/or towns getting together to apply for grants. I think it would be advantageous if towns started to do that. Major Felony Crime task force is having a great impact on our community and doing a great job for this county and for our streets.

Legislator Callard had nothing in addition to add other than attending committee meetings.

Chairman Bower said he had a Nursing Home meeting and the census is 119. One more is coming next week so we will probably have a full house. This will be the first time since renovation.

Susan Heard, Treasurer did not have a report today. She delivered to the Clerk of the Legislature all the relieved amounts for schools and villages.

Legislator Beedon moved to add three resolutions to the agenda; second by Legislator Rush. Motion Carried.

The following resolutions were then adopted:

AUTHORIZING SETTING UP NEW MONEY IN REAL PROPERTY TAX SERVICE BUDGET

RESOLVED, that the County Treasurer is authorized to set up new money in the Real Property Tax Services Budget for receipt of state aid reimbursement for training as follows:

Revenue:

A3040	Real Property Administration Training	2,949.46

Legislator Callard stated that before he calls the question, he asked that Chuck Nesbitt, the Budget Officer, review some of the changes to the Revenue and Expenses. We took a good hard look at some revenues and expenses, including the possibilities of additional cash transfer from fund balance, additional sales tax, cutting of the Task Force amongst other things. It was quite a long list and this resolution presented is what he proposes to move forward with, a responsible cut. It results in a \$329,000 net increase, between revenue, expenses and balance transfers. It is a \$.22 per thousand decrease from the preliminary budget tax rate, and it results in \$9.16 per thousand county property tax rate. Chairman Bower asked that before we get into any further discussion, we need to have a motion on this resolution. Legislator Callard stated that there were some suggestions from the floor this evening that we should act upon at this time or warrant more discussion as we move forward. Legislator Eick commented that we went as far as we could on this budget as far as cuts. We did have some suggestions tonight of which Legislator Eick stated was not in total favor of. We are lucky that we could come up with this

reduction, which Chuck was on top of. Legislator Beedon said that we worked hard to get this down \$.22 more cents. The Nursing Home is the main culprit as far as the state reimbursements and governmental transfer monies not coming in. The department heads have worked so hard to come up with their budgets and he can't see burning them any further because of the deficit in the Nursing Home - that they didn't create. Legislator Callard moved to present the budget as corrected by Mr. Nesbitt, which will be a rate of \$9.16 which incorporates a \$.22 reduction from the preliminary budget; seconded by Legislator Beedon. Legislator Eick added, that the public has to realize that we are all tax payers that sit on this legislative board, some of us are landowners. We know what the tax rate is going to be and how it is going to affect us and our businesses. We are not just throwing a figure out there and say this is the tax rate. We are all concerned about tax rate revenue. Legislator Callard stated that it maintains the financial integrity and the need to maintain a certain amount of fund balance to move forward. With there being no further discussion, Chairman Bower requested that a roll call vote be called. The following resolution was adopted.

**LEGISLATURE MEETING**  
**December 12, 2007**

---

Chairman Bower called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Beedon.

The Clerk did not have any correspondence to present. Chairman Bower opened the floor for comment. Chairman Bower asked if any of the students had any particular questions of the board. They asked what they do at the meetings and how often does the board meet. Chairman Bower provided those answers.

Legislator Callard said besides his normal committee meetings, he attended the Soil and Water meeting, which they are applying for grant money which we will discuss later in this meeting. We also had numerous meetings on the Management Compensation Plan with Legislators Eick, Allport and himself along with Personnel Director Jack Welch and Chuck Nesbitt. He thanked them all for all the hard work that came forth in formulating the changes that will be presented today.

Legislator Smith added he had nothing new from the last meeting. He welcomed the students to the meeting today and mentioned that one young lady who was here worked at the Sheriff's Department.

Legislator Eick reported that he spoke with Mike Waterhouse and they discussed how great the fishing is down at the Oak Orchard River. He will provide us with a report in the New Year.

Legislator Allport had nothing to report.

Legislator Rush attended an Eagle Scout Awards ceremony with Chairman Bower. Two gentlemen in Holley received these awards and he was glad that he attended. He did the auditing this month. He attended an Emergency Management Meeting and Code Red was discussed. If a catastrophe is in an area, they isolate the area and contact the people in that area of this event. They are in the planning stages at this time.

Susan Heard reported that the Treasurer's report looks good this month. Even with the three payrolls in the month of November; with October and November being the last months to pay to avoid a tax lien being filed, money is coming in on taxes; short term loan money to the road fund so the General Fund has improved just by cutting off spending for a little bit of time. One sales tax check has been received this month to date and another one will be received later this week. The first check was up \$139,000 and is optimistic if everyone comes in, we will be ok on our projections.

Legislator Callard moved to waive the rules to add on four resolutions, second by Legislator Rush. Motion Carried. The following resolutions were presented:

Legislator Callard moved the resolution to approve changes to the Management Compensation Plan. He commented that this is the first comprehensive review we have had in over ten years. It addresses specific language and generalized areas. One new aspect of the change is that all employees hired on or after January 1, 2008 will be required to pay 10% of their cost of a single medical coverage or 20% of their cost of family medical coverage for their duration of their eligibility for county health coverage. The following resolution was adopted.

RESOLUTION NO. 517-1207

APPROVING CHANGES TO MANAGEMENT COMPENSATION PLAN

RESOLVED, that this Legislature approves the following changes to the Management Compensation Plan:

Under COMPENSATION AT APPOINTMENT, the second paragraph will read:

Appointments to County Service shall not be started on a holiday or a weekend day.

And the following position shall be in the part time:

SPOA/SPOE Specialist

The following part-time position is required to work an average of 20 hours per week:

Employment & Training Director III

Under BEREAVEMENT LEAVE, the following shall be added as the last paragraph of the section:

Part-time employees shall not be eligible for paid Bereavement Leave.

Under ANNUAL LEAVE, the following shall replace the existing table:

(\*Part Time-provided employee is not receiving medical coverage and not an elected official)

Under EMPLOYEE RESIGNATION, the following shall be added as the last paragraph of the section:

An employee who has resigned from County employment or has

retired from County employment has created a break in years of service with the County. An employee who is subsequently rehired for employment with the County will be considered a new employee, with a new anniversary date. However, a retired County employee is not eligible for a second retirement with benefits with the County.

Under HOLIDAYS, the following shall replace with last paragraph of the section:

Part-time employees shall not be eligible for Holiday pay.

Under SICK LEAVE, the following shall replace the first sentence under (a):

Sick leave may be taken by the employee after one complete calendar month of County service only in the event of his/her own illness or the illness of an immediate family member.

Under DEPARTMENT HEADS, the following shall be added to the last paragraph of the section:

If a Department Head was promoted to the position from another position with Orleans County, then after one year of service as a Department Head, the employee will be credited with 30 days of sick leave.

Part-Time Department Heads (provided not receiving medical coverage and not an elected official) shall earn sick leave at a rate of 3.5 hours per month after one complete month of County service.

Under MEDICAL COVERAGE, the following shall replace the existing section:

All elected officials (excluding Coroners), department heads, and full time managerial and confidential employees covered by the Orleans County Medical Plan will be eligible for family coverage. All employees hired between January 14, 2004 and December 31, 2007 will be required to pay 10% of the cost of their Medical Coverage for the duration of their eligibility for the medical benefit. All employees hired on or after January 1, 2008 will be

required to pay 10% of the cost of their single medical coverage or 20% of the cost of their family medical coverage for the duration of their eligibility for County paid coverage.

The Orleans County Medical Plan offered by the county shall not be offered to new employees if the employee is covered by another comparable medical plan. A spouse employed by the Federal Government, New York State, a New York State agency or authority, a public school district, a state funded College or University or other governmental agency or municipality covered by a medical plan offered by one of these employers shall be considered as comparable medical plan and thus the County employee shall not be entitled coverage under the Orleans County Medical Plan.

An employee hired on or before December 31, 2007, who leaves the Orleans County Medical Plan and then reapplies either during open enrollment or a qualifying event will be required to contribute 10% of the premium for medical coverage for the duration of the employee's eligibility.

All employees hired on or after January 1, 2008 entering the Orleans County Medical Plan will be required to contribute 10% of the cost of their single medical coverage or 20% of the cost of their family medical coverage for the duration of their eligibility for County paid coverage. All employees hired on or after January 1, 2008 who leave the Orleans County Medical Plan and then reapplies either during open enrollment or a qualifying event will be required to contribute 10% of the cost of their single medical coverage or 20% of the cost of their family medical coverage for the duration of their eligibility for County paid medical coverage.

Employees who are not eligible for Orleans County Medical Plan paid medical insurance coverage may participate, through payroll deduction, in the Orleans County Medical Plan at the employee's own expense. The County agrees to enact an Internal Revenue Service Section 125 Plan, also known as a Flexible Spending Account.

With respect to retirees, the County will provide the following benefit within the Orleans County Medical Plan:

A.) Medicare Eligible Retirees may select a Medicare sponsored HMO product (example: Preferred Care Gold or Univera Senior Choice Secure) and continue to have the County make the payments until benefit time is exhausted. The County will be responsible for amounts up to and including the amount equal to the premium for a single policy paid for an employee in the Orleans County Medical Plan on a prorated basis until benefit time is exhausted.

Exceptions:

i.) If a retiree turns 65 or is Medicare eligible and has a spouse (only) remaining eligible for the Orleans County Medical Plan (under 65), who is not yet Medicare eligible, then the spouse would be eligible to remain in the Orleans County Medical Plan until age 65 or is Medicare eligible and the employee would migrate to a Medicare sponsored HMO plan within the Orleans County Medical Plan.

When the eligible spouse reaches age 65 or is Medicare eligible, the retiree (provided they have remaining benefit time) will switch the spouse to a Medicare sponsored HMO product within the Orleans County Medical Plan until benefit time is exhausted.

If a retiree with remaining benefit time has an eligible spouse that turns 65 or is Medicare eligible before the retiree, the retiree would remain in the Orleans County Medical Plan until age 65 or is Medicare eligible (or exhaustion of benefit time) and the County will provide coverage for the eligible spouse under a Medicare sponsored HMO plan within the Orleans County Medical Plan. The County will only be responsible for coverage on the spouse for amounts up to and including the amount equal to the premium (not including the Social Security Medicare Part B portion) for a Medicare sponsored Senior HMO product without enhancement (example: Preferred Care Gold or Univera Senior Choice Secure).

ii.) If a retiree turns 65 *or* is Medicare eligible and has a spouse and dependent children remaining eligible for the Orleans County Medical Plan (under 65), who are not yet Medicare eligible, then the retiree, spouse and dependent children would remain on family coverage for the duration of the time that the employee remains eligible to receive benefit time.

Once per year the County will sponsor an informational session for employees nearing retirement and eligible retirees to explore Medicare sponsored HMO options. The County will approach vendors from various carriers providing offerings in the County. The employees and retirees will have sole responsibility to make the choice of what vendor they eventually use.

B.) Benefit time for medical coverage is calculated in the following fashion. Employees of the County who have completed ten (10) years of continuous service and who are fifty-five (55) years of age or older immediately preceding date of retirement will receive fully-paid medical coverage as described in the following Managerial and Confidential section or the Department Heads and Elected Officials (excluding Coroners) section. The Orleans County Medical Plan offered to County paid medical eligible retirees who retire will be the same as the plan in which the retiree was enrolled while an employee or similar to the extent allowed by the plan. Retirees who are over age 65 and Medicare eligible, shall be entitled to the same plan coverage that they were enrolled in at the time of retirement to the extent allowed by the Orleans County Medical Plan. If both spouses are employed by the County, both benefit calculations for each employee shall be utilized for the purpose of providing Medical Coverage as specified within. The spouse with the lesser benefit calculation amount shall be credited at the rate of fifty (50) percent for all of their benefit calculation.

After the MEDICAL COVERAGE, the following section will be added:

#### SPOUSAL BUY BACK

Employees who are participants in the Orleans County Medical Plan, and who are eligible to participate in medical/hospitalization coverage through a spouse's employer, may participate in the Spousal Buy Back Program upon submitting sufficient evidence of enrollment in the spouse's employer's medical plan to the Personnel Office, and upon signing an Orleans County release form. In lieu of the employee's participation in the Orleans County Medical Plan, the employee will receive an annual cash settlement of two thousand dollars (\$2,000.00). The cash settlement shall be paid in two equal annual installments, one thousand dollars (\$1,000.00) during the month of July, and one

thousand dollars (\$1,000.00) during the month of December. Any employee wishing to participate in this program must initiate the process by requesting the release from the Personnel Office, completing and returning same to the Personnel Office. The employee's participation will commence on the first of the month following the receipt and approval by the Personnel Office.

An employee hired on or after January 1, 2008 with existing Medical/Hospitalization coverage through a spouse's comparable medical plan or employer other than with the Orleans County will not be eligible to participate in the Orleans County Medical Plan and will not be eligible for the Spousal Buy Back Program. An employee has a right to appeal this decision when the employee believes the spouse has a non-comparable medical plan to the Director of Personnel and Self Insurance and the Chief Administrative Officer.

Employees hired on or before December 31, 2007 enrolled in medical coverage with the Orleans County Medical Plan whose spouse is employed by the Federal Government, New York State, a New York State agency or authority, a public school district, a state funded College or University or other governmental agency or municipality-eligible for coverage under a medical plan offered by one of these employers shall be eligible to participate in the Spousal Buy Back Program.

An employee who has a spouse working for Orleans County is not eligible to participate in the Spousal Buy Back Program. Current employees not enrolled in the Orleans County Medical Plan on December 31, 2007 are not eligible to participate in the Spousal Buy Back Program on January 1, 2008.

An eligible employee may join or leave the Spousal Buy Back Program at any time. An employee's termination and reentry shall be limited to once each calendar year. However, in the event of divorce, death of spouse, or the spouse's loss of employment (a qualifying event), immediate re-entry is available to the employee upon written thirty day notice to the Personnel Office.

An employee who leaves the Orleans County Medical Plan and then rejoins will be considered a new member of the Orleans

County Medical Plan, subject to the same limitations and provisions as described in the Medical Coverage section.

Upon leaving the Spousal Buy Back Program and joining the Orleans County Medical Plan, an eligible employee shall be entitled to a prorated payment in July or December to reflect the proportion of the six month period the employee is enrolled in the Spousal Buy Back Program.

Upon leaving the Orleans County Medical Plan and joining the Spousal Buy Back Program, an eligible employee shall be entitled to a prorated payment in July or December to reflect the proportion of the six month period the employee is enrolled in the Spousal Buy Back Program.

All earnings from the employee's participation in this program shall be paid in a separate check. Earnings are not eligible for retirement credit. The W-2 issued at the end of the year shall indicate these additional earnings.

The Spousal Buy Back Program is not available to retirees, employees excluded by statute for this payment, employees whose spouse is employed by Orleans County and part time employees eligible for Orleans County Medical Plan.

Under MANAGERIAL AND CONFIDENTIAL, the following shall replace the existing section:

Employees who have completed 10 years of continuous service, and who are 55 years of age or older immediately preceding date of retirement, or law enforcement employees who retire under the 20 or 25 year early retirement plan, will receive 1 month of fully paid medical coverage for every 4 days of accumulated sick leave upon retirement. An employee may only retire once from the County. The Medical Plan offered to County paid medical eligible retirees will be the same as the plan in which the retiree was enrolled while an employee, to the extent allowed by the Orleans County Medical Plan.

Retired employees who are eligible for post employment benefits and contributing to the cost of the medical coverage at the time of their retirement will have the option of continuing to make their

contribution payments to the Treasurer's Office or have their benefit time reduced by the same percentage as their required contribution. If the election is not made at the date of retirement, then the retiree's benefit time will be reduced by the same percentage as their required contribution.

Employees hired on or after January 1, 2008 who retire shall have their paid medical coverage limited to a maximum of 12 months.

Under DEPARTMENT HEADS AND ELECTED OFFICIALS (excluding Coroners), the following shall replace the existing section:

The County shall offer the Orleans County Medical Plan as described in the Medical Coverage section for Department Heads and Elected Officials excluding Coroners.

Upon retirement, a Department Head or a qualified elected official employee with 10 or more years of continuous service as a Department Head or a qualified elected official, and who are 55 years of age or older immediately preceding date of retirement, shall be eligible to receive these benefits in retirement at the rate of three months of coverage for each year of continuous service. An employee may only retire once from the County.

Upon retirement, a Department Head with less than 10 years of continuous service as a Department Head but has completed 10 years of continuous service with the County, and who is 55 years of age or older immediately preceding date of retirement, shall be eligible to receive benefits in retirement prorated between the time as a Department Head as described above and as described in the Managerial and Confidential section prior to becoming a Department Head.

Retired employees who are eligible for post employment benefits and contributing to the cost of the medical coverage at the time of their retirement will have the option of continuing to make their contribution payments to the Treasurer's Office or have their benefit time reduced by the same percentage as their required contribution. If the election is not made at the date of retirement, then the retiree's benefit time allowed paid medical coverage will be reduced by the same percentage as their required contribution.

Employees hired on or after January 1, 2008 who retire shall have their paid medical coverage limited to a maximum of 12 months.

#### RESOLUTION NO. 518-1207

#### SUPPORTING SHARED MUNICIPAL SERVICES INCENTIVE GRANT PROGRAM

WHEREAS, the County intends to provide an excavator for the Slashbuster to be installed on; and

RESOLVED, that this Legislature is in support of the Shared Municipal Service Incentive grant application in the amount of \$45,000 that the Orleans County Soil and Water District will submit and be lead agency to purchase a Slashbuster for the County excavator.

Chairman Bower commented, regarding the equipment that we are buying for both Soil and Water and Highway Department, that it is at our

advantage to help the residents of this county to have the equipment to use in our community by these departments.

Legislator Rush said that he was approached last week by an official from Moss Codilis regarding problems with parking and they are still talking about hiring more employees. This person asked if the County can do anything to help him with this parking situation. This person mentioned about finding a parking lot and busing employees down but said the charge to use the bus was costly. Legislator Rush said that a lot of people are working there and more will be working there in the future. We would not want to see losing this small business because of this issue. Chairman Bower asked that Legislator Rush and Legislator Smith meet with them to discuss their needs and Legislator Smith can speak with the bus company. Chairman Bower asked if they could present this at the next meeting. Legislator Callard wished to tone in on this because the same question was asked of him.

Legislator Callard added with the shared municipal services incentive grant program not only does it involve Soil and Water but the co-applicants are the Orleans County Highway Department and the ten towns in the County. It is truly a cooperative municipal effort towards the intention to address the drainage problems identified through the Flood Mitigation Prioritization Plan in Orleans County. It is a great example of entities working together for a common good.

Legislator Smith moved to adjourn; second by Legislator Allport. Meeting adjourned at 4:50 PM.

### **LEGISLATURE MEETING** **December 26, 2007**

---

Chairman Bower called the meeting to order at 4:34 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Beedon.

The Clerk presented the following communications: Resolution supporting Federal Medicaid County Protection Act of 2007 from Essex County Board of Supervisors. Susan M. Heard, Orleans County Treasurer, notification that the County Treasurers office has examined all Petty Cash Accounts for 2007.

During open discussion, Mark Taylor mentioned about the large raises and that there has been poor response time with law enforcement. There have been jokes about committing crimes in Orleans County because of the response time. I called twice this year and had a three-hour wait and a one and quarter hour wait. I get the same excuse from the Sheriff's department, that we are understaffed. He asked that when tossing the money around to look at areas of need. Chairman Bower said that there should be three cars in the County: East, Center, and West at all times and he would look into this.

Paul Lauricella asked about the filing of the local law. What is this on page 2 where it says (Final adoption by local legislative body only)? The Clerk answered that it is a general form and that once it is adopted; it has to be filled out based on the certification information and how we have to file with the State. The first page is the local law. Paul Lauricella asked if the pay raises are just County employees correct. Chairman Bower said that it was just for County employees.

Thom Jennings asked about why we don't have the previous salaries along with the new salaries to look at so that we can see what the percentage of the increase is. Chairman Bower said it is 3%. Is there any way we can see what the increase is per person. Chairman Bower said we can get that information to you. Mr. Jennings asked before or after you vote on it? The Clerk referenced the 2006 proceedings and indicated the list of salaries of the County of Orleans appointed or elected for a definite term. Mr. Jennings also asked why the disparity between the raise of the Real Property Tax Director and everyone else? Chairman Bower said when the Real Property Tax Director took off as of October 2006, she was filling a term that ran to October 2007. The law says that you cannot get a raise. The office has completely changed and we knew what we were going to ask of her to do. We talked to her about it and told her we would pay her the additional funds. That is why hers is different. Mr. Jennings asked about a particular formula that the County uses for pay raises. Chairman Bower said it is 3% plus a step.

Roger Cherry from Shelby asked about Section 20 Home Rule Law and what does it have to do with this Local Law. Mr. Schubel said that the Law says that you cannot increase a salary of someone who is appointed for a fixed term during that term except by enactment of a local law which is subject to permissive referendum. So, Section 24, subdivision 2H provides that because these positions which are said forth on the local law are in the middle or some point in their term that in order to raise their

salary it has to be done by local law. This section of the municipal Home Rule Law is the section that provides the Legislature to do that. The subject of permissive referendum is that somebody within the next 45 days from the day of enactment collects a petition that has 10% of the people that voted in the last gubernatorial election would then be put up for referendum as it has been passed by this Legislature.

Legislator Rush reported that he attended committee meetings.

Legislator Allport thanked his wife and sons for their support over the last couple of years. This experience has been one that he will always cherish. He stated that it has been an honor and a privilege serving all of you and I wish you the best.

Legislator Eick reported that he attended committee meetings. He thanked Don and said it was a pleasure serving with him.

Legislator Smith thanked Don. He stated that Don will be missed and that he has done a tremendous job.

Legislator Callard said that it has been pleasure working with Don.

Chairman Bower said over the last eighteen years he has worked with many Legislators. Before he was a Legislator when he was on the EDA and Health Board, he worked with a lot of Legislators. If you took the good qualities we all have and put them on the table you would have Don Allport. He has been the finest Legislator we have ever worked with. He has made a difference in Public Health and in Mental Health. He has worked with the director of Mental Health to bring the cost down to \$86,000. Chairman Bower added that many times people on the street have stopped and told him what a good job Legislator Allport does; especially on the ARC board. He has made a difference on that board in the last two years, more than anyone else has done on that board in 10 years. That is why they are trying to develop a special spot for him on that board even though he does not qualify to be on that board. I cannot say enough good things about Don Allport. "We will miss you", said Chairman Bower.

Legislator Callard waived the rules and moved to add four resolutions to the agenda; second by Legislator Rush. Motion carried.

The following resolutions were then adopted:

## 2008 Budget Message

The purpose of county governments in New York State is two-fold. One purpose is to administer the many state mandated programs that make up a large portion of county operations. The second is to provide services consistent with the wishes and needs of the public. It is the job of those elected to determine the best way to allocate the available resources to maintain day to day operations while at the same time responding to the taxpayers. We must reinvest in our critical areas of need and we must also exercise caution and prudence with the limited financial resources of the county.

I will take a quote from the 1994 budget message:

“Elected officials throughout the county are finding that there are no easy solutions to the financial crisis confronting their municipalities. The public continues to feel that pressure applied to the right places will encourage the governing body to continue to fund any program. The truth is that revenues cannot keep pace with the demand for services. This is a problem which cannot be denied, or postponed, or reconsidered at a later date—it must be confronted immediately.”

Essentially, we are in the same position today. Whether or not some deem it to be a crisis, the truth is there is pressure to continue to fund programs and our revenues cannot keep pace.

The Finance Committee’s recommendation for the 2008 Orleans County Budget is a proposed financial plan for county operations for the named fiscal year. The proposed operating plan recommended by the Finance Committee maintains all existing county programs and protects the integrity of the county fund balance. Although there are no programs cut, the committee very carefully scrutinized both revenues and expenses of the various programs and made spending reductions as well as adjustments to revenue in an effort to maximize the value to the taxpayers. Upon completing this evaluation and adjustment process it is clear that 2008 is a difficult year.

The 2008 budget is primarily affected by three things:

1. The County Nursing Home. The county nursing home is going to need funding of nearly 1 million dollars for fiscal year 2008.
2. Public Safety spending continues to increase. The cost of keeping our county and its residents safe is increasing due to, among other things rampant drug related crime in Orleans County.
3. The cost of doing business in NY State continues to increase. As a public employer in New York State, it is costing us more to deliver the same services. Our staff costs are rising due to mandated pension and retirement costs passed on from the state to counties, and contractual obligations to provide salary increases and health insurance benefits.

Total spending for fiscal 2008 is projected to be \$67,518,343 while total revenues are projected at \$52,633,751 leaving a county cost of \$14,884,952. The County tax rate per thousand of assessed value for 2008 is projected to be \$9.38, an increase of \$0.79 over 2007.

The 2008 County Budget includes a subsidy to the Villages of Orleans (formerly the Orleans County Nursing Home) of \$999,562 to maintain solvency. The 2008 financial plan for the facility also includes a revenue anticipation note of \$1.5 million dollars to maintain operations. This is an increase of \$371,068 over the 2007 subsidy. The subsidy to the home represents a levy of approximately 67 cents per thousand of assessed value.

Employee salaries and health insurance benefits are expected to rise \$1,496,290. The county is contractually bound to provide salary and benefit increases to all collective bargaining unit members as described in their respective contracts as provided by New York State law.

A commitment to law enforcement is a critical yet expensive investment. Appropriations for the Orleans County Public Safety programs are up \$695,372. The bulk of these costs are made up of increases in contractual obligations. The Major Felony Crime Task Force will receive an additional \$111,049 as part of an increased investment in drug enforcement county-wide.

Mandated Social Service programs as a whole are up \$288,525. Although county Medicaid expenses have stabilized with the implementation of the Medicaid cap, this only lessens the rate of increase to \$211,429 for 2008. The \$7,478,812 budgeted for Medicaid is still a significant factor in the county budget.

The Community College line item is the required local government contribution to the education of our residents at the various community colleges across New York State. This is a direct investment in education at the local level. Increased enrollments as well as a rate increase from Genesee Community College are driving costs to \$990,000 a \$200,000 increase on this line from the 2007 budget.

Undoubtedly, the increase in the county property tax rate is disappointing. We have made every effort to take a reasoned and balanced approach to allocation of the available resources, maintain day to day operations, reinvest in our critical areas of need and most importantly respond to the wishes and needs of our taxpayers.

Respectfully Submitted,

Charles H. Nesbitt, Jr.

## **ORGANIZATION MEETING**

**January 3, 2008**

---

The Clerk of the Legislature called the meeting to order and led the Pledge of Allegiance. Legislator Smith then led the Orleans County Legislature with a prayer. The Clerk called the roll.

The Clerk then opened the floor for nominations for a temporary Chairman of the Legislature. Legislator Callard moved that Legislator Rush be the temporary Chairman, seconded by Legislator Smith. The Clerk asked if there were any other nominations. Motion was carried.

Temporary Chairman Rush asked for nominations for a Chairman. Legislator Johnson made a motion that Henry Smith be made Chairman, seconded by Legislator Callard. Temporary Chairman Rush asked for any other nominations.

Legislator Kent nominated David Callard. Legislator Callard graciously declined the nomination in favor of Henry Smith. Legislator Kent made another nomination for Ken Rush. Legislator Rush thanked Gary Kent for the nomination, but declined.

Legislator Kent indicated that he wanted to discuss the situation of Chairman. Legislator Kent said that in his view, there are three people that are qualified to be Chairman of the Legislature: George Bower, David Callard and Ken Rush based on years of experience. I really have a difficult time understanding how someone out of the loop for two years and finishing coming back for two years is the best qualified person to be Chairman of the Legislature. Dave and George have been around for 8 to 12 years. He thinks this is more of what serves the party than the public interest. He wanted someone to explain this. Temporary Chairman Rush asked if there was any more discussion on this and there was no response. Temporary Chairman Rush requested that we should do a roll call vote at this time.

Roll Call Vote:

6 ayes: Bower, Callard, Eick, Johnson, Smith; Rush; 1 nay: Kent.

Motion was carried.

Legislator Eick moved to nominate Dave Callard as Vice Chairman, seconded by Legislator Johnson. Temporary Chairman Rush asked for any other nominations and there was no response. He then asked for

discussion and there was no discussion. Temporary Chairman Rush moved that the nominations be closed.

Roll Call Vote:

7 ayes: Bower, Callard, Eick, Johnson, Kent, Smith; Rush; 0 nays.

Motion was carried.

Legislator Kent asked if we are appointing a Chairman here today for two years or one year? The Clerk said that we have a local law on the books that it would be for a two-year term. Legislator Kent said that the outgoing Chairman told me that it was illegal. Legislator Bower stated that was not correct. We made it legal in 2006. We made a local law in 2006 when I came into office that made in two years.

The Clerk announced that we have Karen Maynard, County Clerk to perform the Oath of Office. The Oath of Office was taken by all Legislators and the Oath book was signed.

Temporary Chairman Rush turned the Organization Meeting over to the new Chairman Henry Smith, Jr.

#### **RESOLUTION NO. 1-108**

##### **APPOINTING CLERK OF THE LEGISLATURE**

RESOLVED, that Nadine P. Hanlon be appointed Clerk of the Legislature to serve during the pleasure of the Legislature, at grade 5, step 3 of the Management Compensation Plan Salary Schedule.

Moved, Rush; second, Eick

Adopted. 7 ayes; 0 nays; 0 absent.

#### **RESOLUTION NO. 2-108**

##### **APPOINTING COUNTY ATTORNEY**

RESOLVED, that David C. Schubel be appointed County Attorney to act as the Attorney for the Orleans County Legislature, the County of Orleans, and the County Officers, for a term of two years with salary set at Grade 11, Step 9 of the Management Salary Schedule; and, that in addition thereto, the reasonable disbursements and expenses of the County Attorney incurred in the conduct of County business shall be paid upon the usual monthly vouchers to be audited by this County Legislature.

Moved, Rush; second, Bower  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Rush moved the resolution fixing the compensation for the Legislators; seconded by Legislator Callard. Legislator Kent said that it seems to me that this is more about what is good for the people than the inner sanctum than it is for the public interest. He would like some clarification as to what is meant by the term "other duties committed to him" in the second paragraph of the resolution; other duties committed to him or her by whom? Mr. Schubel said it would be any regulations for duties promulgated by the Legislature or Legislator by resolution imposed duties over and above committee assignments. The intent here is that the annual salary encompasses anything that you do in the service of the County that you are not entitled to get paid over and above any work that you do. Chairman Smith asked Legislator Kent if that answered his question? Legislator Kent said it is one cent per mile below the IRS rate for your official duties like attending committees, committee work and I am just wondering what these other duties are. What I am getting at is that during the campaign, there were some questions raised about compensation for mileage having to do with political affairs or essentially for political purposes. I wanted it to be clear that these other duties committed to him are duties committed to him by the Legislature or in some official County capacity and not related to the Republican party and Democratic party. I do not want to doing something like manning their booth at the County Fair and then expecting that I can claim mileage as a County responsibility. I shouldn't be able to do that. Mr. Schubel said that you are correct. Anything compensation that is paid to the Legislator or any reimbursement for any expense or claim has to have a proximate relationship to your duties as County Legislator.

### **RESOLUTION NO. 3-108**

#### **FIXING COMPENSATION OF LEGISLATORS**

RESOLVED, that pursuant to provisions of Section 200 of County Law, effective January 1, 2008, the compensation of each Legislator payable by the County of Orleans shall be annual salary, with the Chairman's salary to be \$16,932.00, and each other member to receive \$11,287.00 in lieu of all other compensation for both meetings and committee work, payable in bi-weekly installments in the same manner as other county salaries are paid; and be it

FURTHER RESOLVED, that each Legislator shall also receive from the County, travel allowance and expenses in the performance of his duties in attending meetings, committee work and other duties committed to him, at the rate of 1 cent per mile less than the IRS rate in effect for each calendar year per mile for the miles actually traveled by the most usual route in going and returning between his residence to the place of the performance of each duty; and be it

FURTHER RESOLVED, that in performing duties assigned or committed to him outside the County, each Legislator shall receive from the County his actual expenses and if he furnishes his personal automobile for such travel shall receive, therefore, mileage at the rate of 1 cent per mile less than the IRS rate in effect for each calendar year per mile for the miles actually traveled by the most usual route in going and returning between his residence and place of such assignment; such expenses and mileage shall be audited by the Legislature upon the usual voucher thereof, and paid as are other County charges; and be it

FURTHER RESOLVED, that each Legislator shall be entitled to fringe benefits as currently prescribed by the Management Compensation Plan; and be it

FURTHER RESOLVED, that Legislators are not allowed expenses for meals between Conference Sessions and Legislature Meetings.

Moved, Rush; second, Callard.  
Adopted. 6 ayes; 1 nay, Kent; 0 absent.

#### **RESOLUTION NO. 4-108**

#### **DESIGNATING NEWSPAPERS**

WHEREAS, the Democrat members of this County Legislature have filed a certificate designating the The Journal Register to publish the Concurrent Resolutions for 2008, the Tax Redemption Notices for 2008; the Official Canvas for 2007 and the Election Notices for 2008; and

FURTHER RESOLVED, that all official notices required by law shall be printed solid in not exceeding eight-point type, 12 ems.

Moved, Callard; second, Eick.  
Adopted. 7 ayes; 0 nays; 0 absent.

### **RESOLUTION NO. 5-108**

#### **DESIGNATING MAJORITY AND MINORITY LEADERS OF THE LEGISLATURE**

RESOLVED, that William H. Eick is hereby designated by the Republicans as Majority Leader of the Legislature and that Gary F. Kent is hereby designated by the Democrats as Minority Leader of the Legislature.

Moved, Rush; second, Callard.  
Adopted. 7 ayes; 0 nays; 0 absent.

Chairman Henry Smith, Jr. wished to address the Legislature from a quote from Martin Luther King that states occasionally in life we have those moments of inaudible fulfillment which cannot be completely explained by those simple small words. This meeting can only be articulated by an audible language of the heart. A special thanks to all the Legislators and the Orleans County community responsible for this opportunity you have given me to lead this great Legislative body for the next two years. I am honored and extremely humble and will collaborate and work diligently with all the County Officials; elected or appointed, our up line people: Assemblyman Steve Hawley, Senator George Maziaz and Congressman Tom Reynolds to help Orleans County move forward. Coming into a new position requires a learning curve. With your help and support, we will work together to move forward as a united body and in a positive direction. Vice Chairman, Dave Callard and I will work very closely together to attend as many County related functions as possible. We will work hard with the entire Legislative body using the team concept. I am asking each and every one of you who hold a County position elected or

appointed to put any differences you may have aside and let us unite and take care of our County business. I am asking not more of you than you said you would do in your Oath of Office. Fellow Legislators, I am asking for a united Legislature.

I would like to establish an Advisory Committee to take a look at all the County functions. I would like that lead by our Majority and Minority leaders which is Gary Kent and Bill Eick. We want to make sure that it is not politically motivated and we would like to have these people come up from the County as a whole and look at the County and see and make recommendations to us as to how we can do the job better. I would like to have you come back in six to nine months to tell us what or if anything can be done a little bit better than we are doing now. We are asking all Legislators to meet one hour prior to our Legislative session so that we can discuss any issues that we might have. We would like to closely monitor our expenditures in the County. When we have a Public Hearing, we would like to at least wait until the next meeting before we get a vote on it. We would like to have our Legislators explain a little bit more in detail as to what the resolutions are about to let everybody know whether there is any County cost involved or just annuals.

Our biggest challenge going forward is going to be Health Care. We want to take a proactive approach to that. We want to see if we can do anything to help that along. I am excited and passionate about this opportunity and hope that you share my enthusiasm and excitement for the new 2008 year.

Ben Jones stated that he has attended several sessions and appreciate what they have done for Orleans County and that you have done a great job. They did not satisfy all the people you cannot satisfy everyone. I love what they have done for the Veterans, elderly, and the Nursing Home. I appreciate it and hope they continue to do well and better for this great County. I have been here a long time and do not want to move from here. I hope that they continue to do a great job.

Michael Paduchak said that he had the opportunity in 1959 to walk through the door and become a member of the Orleans County Board of Supervisors. It has been my pleasure for all these years to hold a good camaraderie with all of you members and the community. I would like all of you to remember that you are serving the people and the people are not serving you.

Legislator Rush moved to adjourn, second by Callard. Meeting adjourned at 4:56 p.m.

**LEGISLATURE MEETING**  
**January 9, 2008**

---

Chairman Smith called the meeting to order at 4:43 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County Planning Board announces their 2008 Meeting Calendar. Meetings will be held the fourth Thursday of the month, except for November and December to avoid Holidays. Wayne Hale, Director of Tourism, 2007 Annual Report for the Marine Park which has been forwarded to the NYS Office of Parks, Recreation and Historic Preservation. Orleans County Youth Board calls for nominations for the 26<sup>th</sup> Annual Youth Recognition Banquet for youth and adults who have performed outstanding service to our community.

Treasurers Report – Susan indicated she has no written report. As you know, with changing over into the new year, we are just swamped. I will have the Cash Report and a Sales Tax Report at the next meeting. I am expecting a sales tax check next week, and I need that check in order to tell you how we did in the year 2007.

Chairman Smith opened the floor for discussion and no public comment was offered. The Chairman thanked everyone for coming.

Legislator Rush said he doesn't know of his appointments and he is still making phone calls to set up.

Legislator Kent said he scheduled committees for their regular times. First is Social Services at 9:30 a.m., second Monday of the month at the Legislature Office and 10:15 a.m., for the Office of the Aging. He wanted to point out to all the students that might not of heard, is that if you want to vote in the February 5<sup>th</sup> Republican Presidential primaries in New York State, you have to be a registered Republican by the end of the day Friday. If you want to vote in the Democratic primary, you have to be a registered Democrat. If you are registered as anything else, they will not let you vote in those primaries. There is a lot of interest in the primary. Legislator Kent passed out some of the voter registration forms. He referenced article from the Daily News on the voting machines. Three years ago, our Board of Elections was leaning toward touch screen voting machines. The article I gave you said that the State Board of Elections has not approved

any touch screen voting machines for New York State because none of the ones on the market meet the standards of New York State, which is a big win for everybody in NYS. Touch screen voting machines will cost us a fortune to purchase, maintain, and service as Don Allport said at the candidate forum. We will get optical scan voting machines that will replace the lever machines. We cannot afford touch screen voting machines even if there were some approved in this state and the ones on the market do not win big in NY. Touch screen machines are expensive like Don Allport said at the forum.

Legislator Bower said he has scheduled his meetings the second Wednesday of the month for Mental Health at Mental Health at 1:30 p.m., 2:00 p.m. at Public Health and 2:30 p.m. at the Nursing Home and those meetings did take place today. Legislators should be seen at these departments.

Legislator Eick said that Legislator Rush and he attended Soil and Water.

Legislator Johnson said that they have scheduled the first Public Safety Committee meeting on Wednesday, January 28<sup>th</sup>. We are meeting with Probation at 8:45 a.m., Sheriff at 9:30 a.m., District Attorney at 10:00 a.m., and Emergency Management at 10:30 a.m. You have asked me to come into this meeting to share if we have any goals and I do. One is to visit our policy for health insurance being offered to part-time employees. I represent District 2; which is Ridgeway and Yates. These districts do not offer health insurance to part-time employees. I think we need to set the standards and that is something that I would like to see addressed. I have spoken to Mr. Nesbitt regarding our mileage reimbursement and I think that needs to be addressed in 2008 and what is appropriate. And speaking of long term, being Chairman of the Public Safety puts me into the jail situation. I would like to make certain that we have community members involved.

Legislator Callard commended Steven Lin for his speech on the Constitution "We the People". The people need to participate in the process and it is hardening to see the students here and residents taking interest. We need the input of the people because we represent the people because that will help us make better decisions. Legislator Callard will be assisting Legislator Johnson in her committees as co chair. She will assist in my Finance Committee. One thing that Legislator Eick, Chief Administrative Officer, and Treasurer is trying to put a curve on spending as much as possible. We are doing that by the processing of vouchers

through the CAO and Treasurer's office, and I think it was beneficial. We would like to consider the possibility of doing that in some semblance on the first quarter and continue through so we have a tighter control on cash flow. We are going to look at some ways to do that and have a program that might allow us to have a retainage amount to monitor departments if spending goes beyond what should be in a timely manner.

Mr. Schubel said he has always enjoyed working with the incumbents and certainly enjoy working with the new Legislators. Legislator Johnson's first audit posed some probing questions on things that I am working on with the County which is healthy and good.

Legislator Eick said he attended the Legislator's/Supervisor's Organizational meeting this month. We have selected a Chairman and Co Chair. He encourages everyone to attend.

Chairman Smith said that Legislator Johnson spoke about the Jail committee. We will have two people from the community serve on that committee. We will be scheduling a meeting soon. I have been working on the Legislative Standing Committees. It is very difficult to place the Legislators in areas they want to be. We evaluated people and their expertise, and we tried to put them exactly where they would be best suited for the County. If there is anyone who decides and/or thinks they should be in other places, please let him know, and we will try to make that happen. The following resolutions were presented:

**RESOLUTION NO. 14-108**

**ADOPTING FAIR HOUSING/ANTI-DISPLACEMENT PLAN AND APPOINTING FAIR HOUSING OFFICER**

WHEREAS, Orleans County, State of New York, has made application for Community Development Block Grant (CDBG) Funds from the State of New York; and

BE IT FURTHER RESOLVED, that the Orleans County Legislature appoints Nadine P. Hanlon, currently the Clerk of the Legislature, to serve as the Fair Housing Officer for Orleans County.

Moved, Bower; second, Kent.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Bower moved a resolution adopting a statement of policy prohibiting use of force by law enforcement agencies; seconded by Legislator Eick. Legislator Kent asked if we have any idea what constitutes a civil rights demonstration. Attorney Schubel said that you have a valid question and Nadine contacted me about this requirement. The block grant funding authority says it is a requirement for its lending. Use of force is continually under review. Insurance carrier NYMIR annually audits that as well. We have a much defined policy for use of force by law enforcement in this County and it certainly would be more restrictive than the Community Block grant requires. The following resolution was adopted:

**RESOLUTION NO. 15-108**

**ADOPTING STATEMENT OF POLICY PROHIBITING USE OF FORCE BY LAW ENFORCEMENT AGENCIES**

WHEREAS, Orleans County, State of New York, has made application for Community Development Block Grant (CDBG) Funds from the State of New York; and

RESOLVED, that pursuant to Orleans County being granted CDBG funds by the State; Orleans County, by administrative act, does adopt a statement of policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations.

Moved, Bower; second, Eick.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Eick moved a resolution to supplement a prior agreement with NYS Board of Elections extending the ability to expend funds; seconded by Legislator Kent. Legislator Kent questioned the amount of training and that if it varies on different machines and asked if the amount changes. Mr. Nesbitt said the grant dollar amount is what will be available for training. He said it is an interesting scenario. It would cost a lot more to train someone to operate those other machines. Legislator Eick said it will be a tight schedule according to the article in the paper. The following resolution was adopted:

#### **RESOLUTION NO. 16-108**

#### **APPROVING SUPPLEMENT TO PRIOR AGREEMENT BETWEEN ORLEANS COUNTY BOARD OF ELECTIONS AND THE NEW YORK STATE BOARD OF ELECTIONS**

Adopted. 7 ayes; 0 nays; 0 absent.

#### **RESOLUTION NO. 19-108**

APPROVING AGREEMENT BETWEEN ORLEANS COUNTY CLERK AND ACS GOVERNMENT RECORDS MANAGEMENT

RESOLVED, that this Legislature approves an agreement between the Orleans County Clerk and ACS Government Records Management, P O Box 4889, Syracuse, New York 13221 to perform a backfile conversion project at a cost not to exceed \$19,180 with complete cost covered by LGRMIF grant funds.

Moved, Callard; second, Kent.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Eick moved to approve the agreement with Soil and Water; seconded by Legislator Rush. Legislator Kent asked if this is a renewal. Mr. Nesbitt indicated that all outside agencies received same amount of funding as last year. Legislator Kent asked if he could receive some background as to what goes on there. Legislator Eick said it is farmer participation, and have had over \$100,000 of grant money coming in from the Federal Government. We have gone through ditching programs with these monies. Legislator Bower said there is a real problem with drainage in this County. That part of the program in itself is a wonderful program. Attorney Schubel can attest as a user of their programs due to his beef operation. One of the critical factors is the manure stream pollution run off and keeping within environmental regulations. They are very useful program and helpful in addressing these issues. The following resolution was adopted:

**RESOLUTION NO. 20-108**

**APPROVING AGREEMENT WITH SOIL AND WATER  
CONSERVATION DISTRICT**

RESOLVED, that this Legislature approves an agreement between the County of Orleans and the Orleans County Soil and Water Conservation District, Albion, New York, for the provision of services by "Soil and Water" for the calendar year 2008, at a cost of \$55,000.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Johnson moved to approve agreement with Mercy Flight; seconded by Legislator Callard. Legislator Johnson wishes to commend Mercy Flight for their services to Orleans County. The following resolution was adopted:

**RESOLUTION NO. 21-108**

**APPROVING AGREEMENT WITH MERCY FLIGHT**

RESOLVED, that this Legislature approves an agreement with Mercy Flight, Inc. for the provision of necessary air medical transfers; Orleans County to pay \$6,000 for the 2008 calendar year.

Moved Johnson; second, Callard.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Kent reviewed agreements and moved to renew three agreements with the Office for the Aging; seconded by Legislator Rush. Legislator Johnson said to Legislator Kent that she has a problem with both of the rate increases being over 3% that we set for the County. In all fairness, if we are giving our employees 3% both of these positions would be an increase over 3%. Legislator Kent asked if \$.50/hour an increase being more than 3%. Mr. Nesbitt said that just note on the Personal Care Aide, you have an agreement with our County Health Department. Legislator Kent said he asked Pam Canham about that and she said they were 3% increases and one of them was a little over 3% and the other one is a little under. Legislator Johnson recommended leaving it at 3%.

Legislator Kent offered to make an amendment to decrease the one for Registered Dietician Services from \$31 down to 3% of 30 which is \$30.90. Mr. Nesbitt said you should table it before you make an amendment like that because it is an outside contractor. Legislator Kent tabled the agreement for Ellen Foster and he offered the resolution for the other two. Legislator Bower seconded the amendment to the resolution. The following resolution was adopted as amended.

#### **RESOLUTION NO. 22-108**

#### **APPROVING AGREEMENT RENEWALS BETWEEN OFFICE FOR THE AGING AND VARIOUS AGENCIES**

Legislator Callard made a motion to adjourn the meeting at 5:27 p.m., seconded by Legislator Johnson.

**LEGISLATURE MEETING**  
**January 23, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County Planning Board has cancelled their regular January Meeting due to insufficient number of items for action on agenda. Next meeting is scheduled for February 28, 2008. Susan Heard, Orleans County Treasurer, filed a copy of the Dog License Report for the year ending December 31, 2007. We received and filed a printed copy of Governor Spitzer's second Annual State of the State Address that has been forwarded to us by New York State Association of Counties.

During open discussion; Chairman Smith opened the floor for comment. Robert Harding questioned how much money Local Law No 2 would save the county. Mr. Nesbitt responded that we don't have any legislation to have the ability to pay anyone therefore we don't know who would be attracted to the Spousal Buy Back program. He doesn't expect anyone to make a judgment on a hypothetical when it comes to their family's health insurance. Robert Harding questioned the progress of the Ethics Committee. Chairman Smith stated that it is going to happen. Chairman Smith asked County Attorney Schubel to provide information on this issue. Attorney Schubel stated that there is an ethics committee and the initial committee was set up in 1970. At that time it was set up as an advisory committee to advise the Legislature on items of that nature. The Chairman and CAO asked him to check with other counties to see what they were doing in this regard. Orleans County is unique because of the threshold level for mandatory disclosure and certain ethics, under state statute is \$50,000. His discussion so far, in talking with smaller counties, the experience is comparable with other counties. Others may have an established committee, but have not been fully appointed with members. Attorney Schubel is preparing a report on this. He knows that we have some Legislators who are keenly interested on the subject and in moving forward. He will have some recommendations. He thinks that the last resolution downsized it to three and he believes it should be a bit larger than that. He will have some suggestions on protocols that the committee can operate and move forward with. Attorney Schubel will have this report prior to the next meeting so the Legislature can review his recommendations.

Legislator Rush continues to set up his committee meetings. He attended regular committee meetings with Legislator Kent. He attended the Orleans County Federation Meeting last week and several questions were asked of him regarding the budget and how they can obtain their funds. Treasurer Heard stated that we can prepare a voucher. They did discuss many non subject items such as windmills and stone quarries. They are

having their annual banquet in March. He tried to attend the Kendall Town Board meeting however it was postponed due to the death of Scott Hardenbrook, who worked for the county and town for many years. He could not make the next Kendall Town Board meeting because he attended the Cooperative Extension Board meeting.

Legislator Kent has met with most of the Department Heads representing the committees he is on; either had meetings or scheduled future meetings with them. He attended the Cooperative Extension Board meeting with Legislator Rush. It was his first one and it was quite an education. He spoke with Election personnel regarding the decisions that need to be made regarding the voting machines. He is unsure who is going to make the decisions, which needs to be made soon. He is going to schedule a meeting with the Election Commissioners sometime next week with Chairman Smith and Legislator Eick. It is a very important issue and he spoke with one of the members of the League of Woman Voters who has followed this for the last four years. He has reviewed the SWOT analysis project that was put together. It is an excellent overview of every department and very educational. It gives a very good perspective especially when we can only serve on certain committees, it overviews the entire gamut. He commended the group for putting this together. Legislator Kent stated that he had a letter in the paper today regarding the Spousal Buy Back program which he has put a lot of consideration to and he has some reservations about it that he feels are important.

Legislator Bower had no regularly scheduled meetings in the last two weeks. He did attend the Family Focus session at the Nursing Home with Legislator Kent. He has attended many of these in the past. The major difference at this session than in past is that some concerns were addressed, but much more praise was also given. Staffing seems to be up to the level it should be with a Nursing Home closing in the neighboring county. It was a good meeting and the concerns are going to be addressed and followed up on.

Legislator Eick attended the Highway, Buildings and Grounds and Weights and Measures committee meeting. He attended the Supervisors and Legislator dinner meeting last evening. It was a social gathering with welcoming new people and setting up our program for the new year.

Legislator Johnson had no regular committee meetings scheduled however did attend the Town of Yates organizational meeting. It was well attended and they set a good program to move forward with this year.

Legislator Callard has been in contact with his committees and meetings will be scheduled for the third Thursday of each month. The Chairman and himself visited the Town of Kendall Supervisor and will continue to meet with each Town Supervisor in the future. The first town meeting was productive and it set the tone for future meetings.

County Attorney Schubel stated that he miss spoke regarding the Ethics Committee. The Ethics Committee was first established in 1980, not 1970. The first Code of Ethics was implemented in 1970. He also said the Treasurer’s office also sends out disclosure statements annually to anyone who holds a policy making capacity. These are on file and reported to the State Auditor.

Chairman Smith thanked everyone for the support they have provided him thus far and believes we are moving along well and he appreciates that. Treasurer Heard does not have a written report however reported that the final sales tax check last week made it so we topped the budgeted amount by \$323,000 which is exactly what we need to help counter the additional costs of community colleges for 2007. Her office continues to close out 2007.

Legislator Callard moved to appoint a representative to the Genesee Finger Lakes Regional Planning Council; seconded by Legislator Eick. Legislator Kent questioned how many meetings does this entail during the year. Legislator Rush indicated about five in a year. The following resolution was adopted:

**RESOLUTION NO. 29-108**

**APPOINTING REPRESENTATIVES TO THE GENESEE FINGER LAKES REGIONAL PLANNING COUNCIL**

RESOLVED, that this Legislature appoints Kenneth E. Rush and Gary F. Kent as alternate legislative representatives to the Genesee Finger Lakes Regional Planning Council, for a 2-year term ending December 31, 2009.

Moved, Callard; second, Eick.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Callard moved a resolution appointing members to the Soil and Water District Board; seconded by Legislator Johnson. Legislator Kent questioned if it would be more useful to have an additional person on who has a farm background on this Board. Legislator Eick stated that Jamie Neal, also a farmer, sits on this board. Legislator Kent stated it would make more sense placing Ken Rush, also a farmer, on the Soil and Water Board and Legislator Bower on the IDA board. Legislator Kent further felt it would make more sense to have a person with a farm background on this Board. He knows that there are several on it and he knows that Legislator Bower could fit right in there but would be a fish out of water on that Board. The following resolution was adopted:

**RESOLUTION NO. 30-108**

**APPOINTING MEMBERS TO THE SOIL AND WATER DISTRICT BOARD**

Legislator Rush moved to appoint three additional members to the County Planning Board; seconded by Legislator Kent. Legislator Eick added that he has served the last two years on this board and the only thing he has accomplished is getting a seat at the table. Legislator Kent moved a resolution to allow the Department of Social Services to fill a Senior Child Support Specialist position and a Child Support Specialist position and to fill any vacancy that might be a direct result of filling the Child Support Specialist position. Legislator Kent added that there are a couple, actually two cases that people have been in positions that they have not passed the tests and other people have become available and they have taken positions and it is causing reshuffling, one person going back to a job he had previously and another person they had previously. It would be a good juggler in Social Services. Legislator Rush seconded the motion. Legislator Callard questioned if this is a situation that results in a domino effect or is this one line of replacement. Mr. Nesbitt stated it is a domino effect that affects about eight different employees and the net effect is we may really only hire one person which would be new. All of these are people that are already working in Social Services that these positions are affected by the reshuffle. Legislator Callard stated that he thinks we have had this discussion before where we loss control of filling of the positions. It is not just filling one position and it may be eight positions. We tried to discourage this in the past so we know who still is in one position. Mr. Nesbitt stated that most of these are people who have bumping rights to titles. Legislator Callard understood that. Legislator Bower added that if we do one at a time, which was part of that discussion, it would take six months to fill the one you really want filled. Mr. Nesbitt stated that the Personnel Director and himself had extensive discussions with the Social Services Director about how to do this without having to pay unemployment as a result before we send someone home and then bring them back and then have a break in service in positions that these people have already held. Mr. Nesbitt said it is a union situation and he would be happy to draw diagrams and everything afterwards but Mr. Welch might want to take a stab at explaining it.

Legislator Kent stated that as he understands it, two people failed to pass the test to qualify for them for a particular job. So one was put back where she was before and the other guy was put back where he was before. He believes, asked Mr. Nesbitt to correct him if he was wrong. Legislator Kent continued to say that the Senior Account Clerk Typist left, retired? Mr. Nesbitt said a retirement is involved in this whole shuffle. Legislator Kent said another person took a test for the Legal Assistant in Carri's office, which that person is moving into the job of the one who failed the test, vacated the position. Mr. Nesbitt stated that the provisional folks are moving out of the positions that are being replaced with those people that actually placed high enough on the test to be placed into those positions. Chairman Smith called for a vote. The following resolution was adopted:

**RESOLUTION NO. 34-108**

**AUTHORIZING FILLING OF VACANCIES IN THE DEPARTMENT OF SOCIAL SERVICES**

RESOLVED, that this Legislature hereby authorizes the filling of the following vacancies in the Department of Social Services

Legislator Callard moved to accept the proposal from Jack Venesky for the countywide cost allocation plan; seconded by Legislator Kent. Legislator Kent asked Legislator Callard to give a brief understanding of this. Legislator Callard referred this to Treasurer Heard. She stated that this is the way the county maximizes federal and state aid. All costs associated with each department is calculated and figured into the mix so we can get state and federal aid. We cannot apply for state and federal aid unless you have a cost allocation report completed. Mr. Venesky bills each department that are the major players to again maximize revenue. The following resolution was adopted.

#### **RESOLUTION NO. 36-108**

#### **ACCEPTING PROPOSAL FROM VENESKY & COMPANY FOR COUNTY WIDE COST ALLOCATION PLAN**

RESOLVED, that this Legislature accepts the proposal from Venesky & Company, which will provide for the preparation of the 2007, 2008 and 2009 consolidated County-wide Cost Allocation Plan, a Department of Social Services Indirect Cost Proposal and the determination of County-wide allocated indirect costs for the Public Health Department as well as the County Nursing Home, and be it

Legislator Kent moved to approve agreements between the Office for the Aging and various agencies, in particular the Neighborhood Legal Services which provides legal services for Seniors. Actually when our agreement started in 2003 we were paying them about \$28 an hour for their services. Their client load and hours have increased to where they were getting around \$18 an hour. This increase would bring the rate back up to \$22 to \$23 an hour which is still \$5 an hour less than what we started with in 2003. Legislator Kent reviewed the other contracts. Legislator Rush seconded the motion. The following resolution was adopted:

**RESOLUTION NO. 38-108**

**APPROVING AGREEMENTS BETWEEN OFFICE FOR THE AGING AND VARIOUS AGENCIES**

RESOLVED, that this Legislature approves the following agreements between the Office for the Aging and the following agencies for 2008 calendar year:

**APPROVING APPOINTMENTS TO INTERCOUNTY ASSOCIATION OF WESTERN NEW YORK**

Legislator Callard moved to adopt Local Law No. 2-intro of 2008, entitled a local law providing for cash payments in lieu of health insurance; seconded by Legislator Eick. Legislator Kent moved to have the resolution tabled; seconded by Legislator Bower. Mr. Nesbitt added that it will require a motion to reconsider it from the table. Attorney Schubel added that it involves money issues. Chairman Smith declared it tabled.

Legislator Bower moved the appointments to the Industrial Development Agency; seconded by Legislator Eick. Legislator Bower indicated that he received calls, in which he could not answer, if there might be in the course of this position be a conflict of interest at time with David Callard being a real estate person. In not knowing the answer to that, Legislator Bower contacted Attorney Schubel and he reassured him it is not. Attorney Schubel added that he reviewed this and reviewed the County Code of Ethics as well as the IDA Code of Ethics and in November of 2006 in accord with the Public Authorities law, that was amended in 2006, our County IDA adopted a rigorous Code of Ethics. He does not find that Legislator Callard's appointment would be prohibited on its face and the extreme example is if he had a listing of a vacant parcel of property where an industry would want to buy that as part of a site selection. That conflict would be cured by disclosure of recusal. He spoke with Jennifer Strong, General Counsel for IDA, and reviewed fact situation with her and she did not see a problem with Legislator Callard serving on this Board. Legislator Kent added that as he suggest before in speaking about the Soil and Water Board, he believes quite strongly that the talents of the Legislature would be much better utilized by switching Legislator Bower and Legislator Rush on these two committees. It would make more sense to place Legislator Bower on this board. Legislator Rush added that he has served on the IDA board for six years before he went off for two years so he is acquainted with how the EDA is operated. Legislator Rush knows that they are looking for more people to fill their board and questioned if Legislator Bower could be on this board as an outside community member rather than a Legislative representative. Attorney Schubel stated that we would have to look into their composition as governed by statute. Legislator Rush knew that there was some vacancies, at least there were at their last meeting rather they have been filled or not. Mr. Nesbitt stated that the Legislature is the authoritative body to fill these vacancies. The following resolution was adopted:

**RESOLUTION NO. 43-108**

**APPROVING APPOINTMENTS TO THE COUNTY OF ORLEANS  
INDUSTRIAL DEVELOPMENT AGENCY**

RESOLVED, that this Legislature approves the following appointments to the County of Orleans Industrial Development Agency:

Legislator Eick moved to establish an advisory committee to review government services in Orleans County. The purpose of the Citizens Advisory Committee is to provide advice and recommendations to the Legislature on matters relating to the Orleans County Government operations and citizen outreach. We agreed to have five outside citizens to accompany this committee upon review of their services. Legislator Bower seconded the motion. Legislator Johnson questioned if the Majority and Minority leaders with an additional five members will serve on this committee. Chairman Smith indicated that the Majority and the Minority Leaders will oversee this committee. The following resolution was adopted:

**RESOLUTION NO. 48-108**

AUTHORIZING THE ESTABLISHMENT OF AN ADVISORY COMMITTEE TO REVIEW GOVERNMENT SERVICES IN ORLEANS COUNTY.

Legislator Bower questioned where the jail project stands and that we don't want to drag our feet on this because the state will be after us if we do. Chairman Smith indicated that we are going to have a meeting set up in the next few weeks. Mr. Nesbitt stated that the Commission of Corrections was out a few weeks ago and the Sheriff is waiting on the status of the renewal of our population variance and once we get the confirmation on this we can move forward. Legislator Johnson added that she spoke with Sheriff Hess and they are going to give her a full update so she is aware of our status and that will occur next week. Legislator Kent questioned if it is correct that no sights will be considered that are less than ten acres. Mr. Nesbitt stated at least nine acres will be required for the project. He added that fifteen sites have been submitted to the County.

Legislator Eick moved to adjourn, seconded by Legislator Callard. Meeting adjourned at 5:21.

**LEGISLATURE MEETING**  
**February 13, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

During open discussion, Mark Taylor from the Town of Murray wished to present a few problems he has been having with the restaurant that was built next door to his residence. He stated that this is a Town of Murray problem which apparently they can't or refuse to address. The restaurant next door, which has only been in operation for a couple years, is now closed but still remains a nuisance. Now that this restaurant has been closed, the owner continues to keep this huge Pepsi light on, which shines

into their home. The town laws state that this can't be done but don't enforce their own laws. Mr. Taylor hoped that this Board could help him in this situation. He further stated that he has addressed this issue with the District Attorney and the Sheriff's Department, and they have done nothing to help him. He has sworn reports that were given to the Sheriff. Chairman Smith stated that they will look into it. Mr. Taylor stated that this light has been on for two years and is wreaking havoc on his life. Legislator Bower asked why the light is on if he no longer has a business. Mr. Taylor stated that the owner is doing it out of spite. Legislator Bower stated that he will personally speak to the Town Board members directly. Legislator Rush asked if he addressed this at last evenings Town Board meeting. Mr. Taylor stated that the Town Board felt that the light should be turned off. Mr. Nesbitt asked if an arrest was made in relation to this matter. Mr. Taylor stated that one was made. He stated it was a result of some statements made at a Town Board Meeting. The light was off until his arrest on January 19<sup>th</sup> and the light went back on and has been on ever since. Mr. Taylor would appreciate any help that he can be provided. Legislator Rush stated that he will speak to the Code Officer. Mr. Taylor stated that he has already approached the Attorney General. The Town knows that Mr. Taylor has made this contact. Legislator Kent questioned Attorney Schubel regarding going to a judge to get a court order. Attorney Schubel felt if he has a personal cause of action for a nuisance that he could avail himself for traditional intervention on his own as well as seeking public intervention.

Paul Lauricella of Lyndonville understands that Local Law 2 is on the agenda to be passed today. He questioned if the Board had time to look into how many people will take advantage of this and how much we would save. He would also like some clarification before it gets passed regarding if it is going to be a onetime payment for these people to move off the insurance or will it be a yearly stipend for not taking the insurance. Mr. Nesbitt advised that Local Law No. 2 will enable legislation to allow the County Legislature to offer this as a benefit. The Local Law does not address how it will be administered. In this particular case, the benefit is defined in the Management Compensation Plan and in this Plan it will be on an annual basis. Mr. Lauricella asked why you would pay annually for not taking something. Mr. Nesbitt stated that we would be giving them \$2,000 so we cannot pay a \$13,000 health insurance cost. Mr. Lauricella states that they are now being covered with health care under their spouse, unless they lose this, why should they be paid annually for not taking insurance. Mr. Nesbitt added that the way the Management Compensation Plan is written, we are encouraging employees to take an inferior

insurance product than what is offered by the County. Mr Nesbitt stated that if it is equal or just as good as our plan, then they would be eligible to receive this benefit. Mr. Lauricella would not be in favor of annual payments, but a one time payment would be acceptable.

Mr. Lauricella asked about resolutions regarding approving Agreements with CSEA. Mr. Nesbitt explained the agreements. In allows modifications to the restrictions in the collective bargaining agreement with regard to hiring nurses in the Mental and Public Health Departments due to the fact that we are having a very difficult time finding nurses to staff weekends, part time shifts because we are unable to hire them at anything other than hiring rate at this point. Nurses have been telling us that we are \$3 to \$4 short per hour than what Hospitals are offering. We are unable to hire people to do this work at straight time, therefore, we are asking our people to do the work with overtime which is time and a half at those same kind of rates. The other agreement is a Spousal Buy Back Plan that has been negotiated with CSEA, which does not require a local law because it is part of the collective bargaining agreement.

Chairman Smith and Vice Chairman Callard presented a special recognition certificate to Legislator Rush thanking him for his service as Vice Chairman for the last eight years. They also presented a special recognition award to Legislator Bower for his dedicated and committed leadership and drive for his work on The Villages of Orleans construction project.

Susan Heard, Treasurer, reported that they received a second sales tax check for February. Sales tax is currently 15% over last year's cash at this time or \$250,000. We have to remember with sales tax, one month may look good but possibly not the next month.

Chairman Smith announced that should anyone be interested in serving on the Advisory Committee to provide your name to the Clerk or send it into the Legislature.

Legislator Eick moved to waive rules to add on four additional resolutions; seconded by Legislator Rush. Motion carried. The following resolutions were presented:

Johnson and then we will understand how it works. They have requested that we would not give out any information on this property which would benefit someone who supplies comparable equipment. Legislator Callard moved to approve an agreement with Orleans County and CSEA Local 837 in which they have entered into negotiations relative to a Spousal Buy Back program, similar to what we would like to put into place with Management. The buy back in this situation would be to receive an annual cash settlement of \$2,500, to be paid in two equal annual installments; seconded by Legislator Eick. Legislator Johnson stated her feelings, also pertaining to the local law, is that it is a “band aid” fix and it will not fix the long term problem we have with health insurance costs. She feels that we need to negotiate to have all employees contribute a portion to their health care costs instead offering a quick fix that she does not see being a solution for long term. Legislator Bower agrees to what she is saying. He goes beyond partial payments by all employees and feels that there should be a cap. We keep increasing health care costs at 10% a year and this county will not be able to afford it in a few years. If there is a cap, like he wanted to impose on management which was not a popular idea, that any amount that goes over the cap, the employee pays that amount. The employee would then have an option, should they not want to pay the addition amount, they can elect to have less insurance than what they are getting now. It is contract time, unions are not going to like it, and they are going to want a raise too. Legislator Kent echoes what Legislators Johnson and Bower said. Legislator Kent added that the Town of Carlton has an \$8,900 cap on what the town pays for health insurance. They have found a family insurance plan for \$8,850 that has less attractive co-pays. In the long haul we need to do something more drastic. He firmly believes that the only way to do it is for the Legislature itself to take a hit. The Spousal Buy Back has gone a long way down the road toward being a done deal from the last Legislature. He supposes there is no turning back on it now and he will not vote in favor of it. Legislator Eick feels two different issues are being discussed. To him this is a start with the Spousal Buy Back and need to look into either a cap or cheaper insurance. At least this is a start. Legislator Callard does not disagree with what has been said, we will eventually have to deal with the issue of a cap. What is concerning is that in negotiating a cap, it is not going to be done within one, two or three years of negotiations. This is a first immediate step for relief in cost. It is a good initiative to begin with and yes we have much more to do but he is encouraged to vote this thing through for immediate relief. Legislator Kent added that he takes Legislators Eick and Callard points, he is not persuaded, but wishes to add that no one he has spoken to likes the idea. Legislator Johnson followed up and said that she was the bookkeeper in the Town of Ridgeway and J. Gidley was supervisor. He took the initiative to place a cap across the

board on all employees' health insurance, past retirees and present. That had generated employees to drop the Town insurance and go onto their spouses insurance. If we fix it right the first time, we will not have to revisit it. Now is the time to fix it right as we move forward and not place the band aid on the situation. Legislator Callard, again stated he does not disagree, but in fixing it you can't resolve this within a year or several years. This will give immediate relief. Legislator Rush said that we are not sure if anyone will step up but need to give this a try. He also agrees with Legislator Bower and that setting a cap may be down the road for us. He feels it is a good idea to start someplace and it is not set in stone if down the road they feel this is not a good idea. Legislator Callard added that if you consider a number of employees, let's say if 10 people do it, we save \$100,000 and so on. He feels it is a good immediate start. If we don't save, then we will have to pursue other alternatives. Legislator Bower stated that that statement leads him to his original objection to this. We have people in this county to where their spouses pay a portion of their insurance that could have come back to the county and the county would have picked it up but they didn't. If they would have come back to the county, can you imagine what we would have saved because they didn't. It is a slap in the face to anybody whose spouse has carried insurance for the family and has paid a portion of it. Chairman Smith requested a roll call vote.

Chairman Smith requested a roll call vote. The following resolution was adopted:

**RESOLUTION NO. 69-208**

**APPROVING AGREEMENT WITH ORLEANS COUNTY AND CSEA LOCAL 837**

Legislator Johnson moved a resolution to authorize to abolish a part-time Radio System Manager position and create a full-time temporary Radio System Manager position within the Management Compensation Plan for a fourty hour work week; seconded by Legislator Callard. Legislator Bower added that full-time benefits for a temporary full-time position bothers him. More than that, he truly believes that the radios are not working properly. Legislator Bower said, before a good fireman, law enforcement personnel, or any one good citizen gets hurt because of the radios not working properly, he does not want anyone to say that he was not aware of the problem and did nothing about it. Legislator Bower requested that it be tabled due to a money issue. Attorney Schubel confirmed with Legislator Bower his wish to lye over this resolution until the next meeting per our rules of procedure. Chairman Smith affirmed that this resolution be tabled at this meeting due to a money issue.

Legislator Eick asked Chairman Smith if we can revisit the tabled resolution pertaining to the Radio Manager position and pull it off the table. Chairman Smith requested a ruling of this request from Attorney Schubel. Attorney Schubel stated that provision four, having a motion lye over, is part of our rules of procedure. Once Legislator Bower made that request, then at that point it is moved to suspend our rules and the request is timely to have the resolution lye over until the next meeting.

Legislator Kent made a motion to adjourn the meeting at 5:22 p.m., seconded by Legislator Bower.

**LEGISLATURE MEETING**  
**February 27, 2008**

---

Chairman Smith called the meeting to order at 4:41 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County Planning Board will hold their meeting on February 28, 2008 at at 7:00 pm. A request for permission has been made by the Albion Business Association to use the courthouse lawn on March 15<sup>th</sup> from Noon to 3:00 pm for their annual Easter Egg Hunt. In addition, they would like to post a banner on the lawn by March 1<sup>st</sup> to announce the event. This event is also being hosted by Community Action and Washington Mutual. Oak Orchard Watershed Protection Alliance and the Orleans County Water Quality Coordinating Committee will be held on March 3<sup>rd</sup> at 10:00 am at the Orleans County Soil and Water Conservation District Office. Orleans County Youth Board meeting will be held on March 5, 2008 at 5:30 pm. The Genesee Finger Lakes Regional Planning Council will be holding their meeting on Thursday, March 13<sup>th</sup> at 10:30 am at the Radisson Hotel on Jefferson Road in Rochester. March is American Red Cross Month and in Orleans County many events are planned in celebration. The Chinese Auction and Steak Dinner will be held at the American Legion in Albion on March 8<sup>th</sup>. Local Blood drives are scheduled for March 4<sup>th</sup> at Medina High School; March 20<sup>th</sup> at Albion High School, March 25<sup>th</sup> at the Albion American Legion and March 28<sup>th</sup> at the Holley American Legion. During the month of March they are hosting “Bring a Friend Free” to all of their Health and Safety Classes. The New York State Commission on

Property Tax Relief has tentatively scheduled a meeting on Thursday, March 20<sup>th</sup> in Rochester. NYS Department of Agriculture and Markets notice has been received to advised us that December 2, 2008 will mark the anniversary of Orleans County Agricultural District No. 1, first formed in 1976.

Chairman Smith and Vice Chairman Callard presented a proclamation for American Red Cross Month for the month of March to David Green representing the Orleans County Red Cross. They also presented a proclamation to Marlene Hill, President; and Kellie Spychalski, Assistant Director of the Arc of Orleans County to name the month of March as Developmental Disabilities Awareness Month.

During open discussion, Chairman Smith asked if any member of the public wished to address the board, with there being no comment Chairman Smith moved on to Legislator reports.

Legislator Eick stated that he attended his regular committee meetings. He attended the Supervisor/Legislators meeting last evening.

Legislator Johnson attended public safety and finance committee meetings. They toured Association Brands and the Ethanol Plant as a Legislative body. We are also establishing and beginning to meet with the Jail Construction Committee which will start this Friday and plans will move forward with coordinating on this new project.

Legislator Callard said that Legislator Johnson and himself Chair the same committees. He attended the Intercounty session in Rochester with Mr. Nesbitt. The bulk of the discussion was on the State Budget and a lot of uncertainties if it is a good budget. The reality of the budget is that it has a negative impact on the counties. NYSAC is very concerned and it will impact our county by several thousands of dollars.

Legislator Bower reported that other than attending his regular meetings, a lot of focus was on what we might do with the old structure of the Nursing Home. With moving out of the A and B wings; Chuck, Buildings and Grounds, Highway and other Legislators have discussed various options. Will take a good look at the building and certainly like to get tenants in this building. We will come up with an idea as to how we are going to proceed.

Legislator Kent advised that he had two meetings occurring at the same time this morning and will get information on the Planning Meeting he missed from Legislator Rush. Legislator Rush and himself attended the Cooperative Extension meeting. He indicated that he spent a lot of time on the Radio Manager Position. He met with Wayne Litchfield, dispatcher and Director Wagner. He is beginning to think that there are problems with both ends of this relating to communication and cooperation issues, and the transition to some new technology. Radio system communication is an extremely important issue that we are all aware of. He does not think that appointing someone to a full time position is the answer to the problem. Better communication, more team play and more cooperation is really at the base of resolving this issue in a satisfactory fashion.

Legislator Rush met with regional officials from the DEC and it was very interesting. He went to the Town Board meeting in Kendall; and EDA and Cooperative Extension meetings. The Aging Advisory Council meeting was cancelled due to bad weather. We had a Planning committee meeting this morning and many things are happening with this committee.

Chairman Smith stated that he toured the Ethanol Plant with Legislator Johnson and he is pleasantly surprised at the facility itself. If you look at it from the roadway it looks small, but it is not.

Attorney Schubel stated that pursuant to the request of the Legislature, he has been reviewing not only our code of ethics and conditions of our board of ethics. but he has also been in communications with other counties in western NY looking at what they are doing and discussing this issue with his fellow county attorneys. Attorney Schubel presented a brief history which he felt would be helpful to understand the background and what has transpired regarding this issue. In December 1970, the Board of Supervisors adopted a code of ethics which governed the conduct of all employees, officers and elected officials of the County. It incorporated by reference the provisions of section 806 of General Municipal Law which sets forth the state statute prohibiting the conflict of interest. In 1980, the Legislature adopted a resolution forming a Board of Ethics which was done under the statutory provisions of Section 808 of the General Municipal Law. That resolution establishing the County Board of Ethics consisting of five people to serve for five years on staggered terms so that there would be an ability to have consistency within the board. After formation of that board there were individuals appointed to serve on the board. To the best of his knowledge, he does not believe the Board of

Ethics ever met and he has been the County Attorney since 1992. As County of Attorney in his virtue of the staggered terms no one was ever reappointed to the board after the incumbents positions ran out. The shell of the board of ethics was there but was dormant for lack of appointees. Last fall the Legislature adopted a resolution amending the 1980 resolution and downsized the Board of Ethics from 5 to 3 individuals which would serve staggered terms. The function of the Board of Ethics remains the same, which is to render advisory opinions to officers and employees of the County with respect to General Municipal Law conflict provisions as well as to the County Code of Ethics. It is a pretty narrow function in returning advisory opinions.

In looking at the State Statute that authorizes the formation of the Board of Ethics, it provides that it shall consist of at least three individuals in which the majority of whom shall not be officers or employees of the County and at least one of whom shall be an elected or appointed officer, or employee of the County. In looking at this Attorney Schubel sees three issues that he would recommend the Legislature to look at. At the Chairman's request, he was asked to prepare a memo to provide guidance on particular concerns.

The way the present resolution reads it provides that all members of the Board of Ethics not be affiliated with the County in any sense. Clearly, the state statute comprises at least one of those to be associated with the County. That is a mandatory change we must make. The second issue is the way the Board of Ethics is presently constituted it can only consider matters referred to it by the County Legislature and make a report or recommendation to the Legislature. In the state statute, it clearly provides that advisory opinions can and should be rendered at the written request of any officer or employee of the County. He can see the underlying basis for this because he is sure that there is a need for guidance from the committee in certain instances and does not see any reason for the request to be made through the Legislature. Finally, in light of the fact that at least one member should be affiliated with the county, this Legislature should consider increasing the size of the board back to five members. With one person affiliated with the county and two non county people, this would make up a small committee. In looking at other county Boards, most of them are around a five to seven member range as opposed to the statutory minimum of three. Attorney Schubel will distribute a memo and asked for guidance from the Legislators as to how they wish to proceed so he can prepare the proper paperwork.

Mr. Nesbitt said that the Albion Business Association requested permission of the Legislature to use the Courthouse grounds for their annual Easter Egg Hunt on March 15<sup>th</sup>. They also asked to place a banner on the grounds a few weeks earlier to announce this event. There were no objections from the Board.

Susan Heard, Treasurer, distributed an Analysis of Monthly Cash Receipts and Disbursements through January 2008. It does include the payment to the Retirement System under the employee benefits as an expense for February. If we look at ending balances for each checking account for the end of January, there are some concerns to her. February is a better month for the County as the tax payments have begun to arrive and next month's report will look better. She has not closed the books for 2007 and is consulting with departments for clarification for certain large items. By the next meeting she will have a better understanding as to our status.

Attorney Schubel added, with respect to the Treasurer's office, pursuant to the direction of the Legislature, we advertised for bids for the purchase of 536 Orient Street in Medina. We placed legal notices in our legal newspapers and the Pennysaver to try to generate some interest. Today the bid opening was scheduled and we received no bids. Attorney Schubel has not had a chance to speak to Mrs. Heard, but we will need to make a recommendation to proceed. The longer the building sits there, the worse the condition of this building will get. Mrs. Heard said that we can add it to the 2008 auction. Attorney Schubel also suggested that we place it in the hands of a realtor.

The following resolutions were then presented:

**RESOLUTION NO. 81-208**

**RESOLUTION NO. 85-208**

**RESOLUTION APPROVING APPOINTMENT TO THE COUNTY  
PLANNING BOARD**

RESOLVED, that this Legislature approves the following  
appointment to the Orleans County Planning Board:

<u>NAME</u>	<u>REPRESENTS</u>	<u>EXPIRATION DATE</u>
Thomas Fenton 12411 Ridge Road Medina, New York 14103	Town of Ridgeway (Alternate)	12-31-2010

Legislator Johnson moved to authorize abolishing the part-time Radio System Manager position and to create a temporary full-time Radio System Manager position; seconded by Legislator Callard. Legislator Kent reiterated that he spent a lot of time talking to people about this and he does not feel this is the answer to the problem of the radio communication system. He would like to see this person continue as a part time person. He understands that other counties do not have a radio system manager at all. It is not an issue of whether the person is working on a part time capacity, it is not an issue of his or dispatchers confidence. It is an issue of communications and cooperation. After much communications, he feels they need to get over their issues and work together to get things straightened out. The issues are not technical at all. Legislator Kent has a problem with paragraph three in the resolution in regards to setting precedence.

Legislator Johnson wished to address a couple of points that Legislator Kent made. She is the Chairman of the Public Safety Committee, and we have had many round table discussions with the dispatchers, the Sheriff's Office, and Emergency Management. At the last round table discussion, we discussed eight or nine issues that we are working through. We have new radio consoles and she feels in the interest of public safety the timing

is right to have this full time position. To have one person in this job description manage this equipment so that we get away of total loss of control as to where we are now. Regarding the third paragraph, if we offer a full time position, than that full time position should come with benefits.

Legislator Kent said we can have one person managing the system the way it is now.

Legislator Eick added that two years ago the Legislature went with the idea to update our radio system. It is like anything else, it has glitches as it is being put together. Until it gets work out and run smoothly we will have problems. Legislator Eick believes that we already are spending a large amount of money on this and he is basically working a full time position. Legislator Johnson and he met with E.F. Johnson and there is a lot of work to be done with portable radios, the next phase of this project. It is not just the problems we have now; it is what is going to happen down the road until we get this up and going. E.F. Johnson is very confident and are a very knowledgeable company; working all over the area. Legislator Eick needs to support this resolution.

Legislator Rush indicated that he has met with many people this week. He has been in favor with this all along but is hesitant to approve of this at this time.

Legislator Kent said no one is talking about getting rid of the part time person in this position but making this position full time.

Legislator Johnson said that this past Legislature was addressed by a Fire Chief. He was requesting and representing other fire chiefs requesting that this position be made full time. Legislator Johnson said that at that time, Legislator Bower indicated that they would look into it and take care of it. Legislator Johnson stated that our current Radio System Manager is responsible and that he can coordinate this. The time is now to make this a full time position because of the radio upgrades that are ongoing.

Chairman Smith added that he has sat in on many meetings. That this position change is good until the end of the year and we can revisit it should it not work out.

Legislator Bower inquired about having a job description and how does it address radios from other towns. Who is going to repair these and who is going to pay the cost. Is this in the job description? Will someone else

repair the radios and have that fire district or highway department pay their own cost? Legislator Johnson stated that we do have a job description and asked if EMO Director Wagner can explain the job description. Mr. Wagner said that there is no specific language in the job description as to what radios will be worked on. Basically, it looks at the backbone situation but it also says that certain repairs of ancillary, mobile, and portable radios may be done. As he indicated in the past at committee meetings and various people of this group, it only makes sense to repair a radio locally in 15 minutes that we do that regardless of who has ownership of this radio, rather than taking that radio out of service for hours or perhaps days to send it into a shop for a 15 minute repair. We have never done large repairs in situations on any radios; those are sent out for repair.

Legislator Kent said that at the last committee meeting he was present at, no one objected when we said that the present part time Radio System Manager repaired them and that the towns should be charged for the repair costs. Legislator Johnson said she will take this to her committee and will work on a policy as to who will pay for repairs. The following resolution was adopted:

Roll Call:

4 ayes: Callard, Eick, Rush, Smith; 3 nays: Bower, Kent, Johnson; 0 absent.

Adopted.

Legislator Callard moved that a reclassification be made for a position in the Personnel Office, by abolishing a Personnel Clerk position and creating a Personnel Assistant position. The cost differential is about \$700 which will be offset by budget opportunity in that department. Legislator Johnson seconded the motion. The following resolution was adopted:

**RESOLUTION NO. 99-208**

WHEREAS, the Personnel Clerk position has been reclassified to a Personnel Assistant position in the Personnel Department; be it

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Johnson moved a resolution to amend the Rules of Procedure to add a Jail Construction Committee to the list of Public Safety Standing committees. She feels that this is very important to have public involvement in this. Legislator Kent and herself have each recommended to the Legislature a name to add to this committee. Legislator Callard seconded the motion. Legislator Bower asked who the community members are. Legislator Johnson provided the name of Rev. Roy Harriger from Ashwood. Legislator Kent provided the name of Lawrence Nelson. Legislator Callard asked if we will have a separate resolution naming these community members to this committee or will they be incorporated into this one. Legislator Bower stated that we should name them in the resolution. Legislator Johnson said it specifically says two community

members. She said we can amend it to add the names. Attorney Schubel added that they can be added to this resolution or provided in a separate resolution. Legislator Kent said the first meeting is Friday so we should place the names in this resolution. Attorney Schubel asked if this is an advisory committee. It doesn't say it is an advisory committee and your adding this to part of the legislative standing committee. He stated there should be some clarity there. Attorney Schubel recommended calling it an advisory committee so they don't have any authority to make any decisions. Attorney Schubel stated that the names should be added to the resolution and to call it the Jail Construction Advisory Committee. Legislator Johnson moved to amend the resolution to add the names of the two community members and call it the Jail Construction Advisory Committee; Legislator Bower seconded the motion to amend the resolution. The following resolution was adopted as amended:

#### **RESOLUTION NO. 100-208**

Legislator Johnson moved to adjourn; second by Legislator Callard. Meeting adjourned at 6:50 pm.

**LEGISLATURE MEETING**  
**March 12, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present with the exception of Legislator Rush.

The Clerk presented the following communications: Onondaga County Legislature forwarded their adopted resolution Memorializing the United States Congress in Support of the Federal Medicaid County Protection Act of 2007. Farmer to Neighbor Night, presented by the Orleans County Farm Bureau, Chamber of Commerce, Cornell Cooperative Extension and Soil and Water Conservation District is scheduled for March 15, 2008 at 6:30 pm at the Sacred Heart Club in Medina. International St. Lawrence River Board of Control will hold a public teleconference to discuss the regulation of outflows and water levels in the Lake Ontario/St. Lawrence River System on the evening of March 18, 2008 from 6:45 to 8:30 pm at the Xerox Auditorium, Gleason Building, Rochester Institute of Technology.

Legislator Kent said he did the audit and found some interesting things; one of which was that Frosted Flakes, Fruit Loops and Sugar Corn Pops are on the menu at the County Jail. They are probably more expensive than Corn Flakes, Oatmeal and Cheerios. It is an unbelievable spike to the glycemic index and sugar is the number one ingredient in all of them. All you are doing is making diabetics out of the inmate population. Also, it costs \$10,476 transporting four people to Spencerport BOCES in one month. He also went to the Federation of Sportsman meeting on Saturday and the state is looking to buy public fishing access on Sandy Creek, Johnson Creek and Oak Orchard Creek for a one time payment. If you know someone that owns property on one of those creeks, the state is looking to buy some land. We have also talked about it being a poor year to gather salmon eggs. They have looked into importing them from Michigan and I guess Lake Huron had the same kind of results as we did. Tomorrow I will be going to the Genesee Finger Lakes Regional Planning

Council. The good news on the bills is that we are paying \$2.58 a gallon for gasoline.

Legislator Bower said he attended the regular meetings this afternoon. The 2007 Mental Health finances looks better than we expected. The new Public Health Director is doing a great job. Right now we are in the midst of looking at relocation. In meeting with the Nursing Home, it looks like their finances are improving. There are four of us going to a symposium—Chuck Nesbitt, Jeff Glatz, Gary Kent and myself are going to Albany Wednesday to talk about the cuts to our Nursing Home. Hopefully, with the mass of people and a new Governor, we can turn this around.

Legislator Eick said George said it all on the meetings they attended this afternoon. It was very positive from all three departments. Tomorrow Dave and I were supposed to go to Buffalo for the press conference due to the budget, but it has been cancelled due to the resignation of the Governor.

Legislator Johnson said she has been doing the Finance Committee meetings with Dave and the Public Safety Committee meetings and also meeting weekly with the dispatchers of Emergency Management and working throughout the radio console upgrades and it is going in the right direction.

Legislator Callard said he is doing the same as Lynne. Additionally, the Chairman and I have did all our visitations to the Department Heads and next week we will finish up meeting with the Town Supervisors and Village Mayors.

The Treasurer presented the report for the month of February and it looks very good. Of course if you raise property taxes, the tax collection does have to go up with that and tax collection was up \$1,600,000 over last year at this time. Sales tax, department fees, and state aid; each of those items were also up a \$100,000 each. In comparing this report to 2007, we paid the retirement bill in January 2008 instead of February. As of right now, 2008 looks very promising. We are still working on 2007 and have some concerns as you know, but I will not close those books until I am sure I have every nickel coming.

Legislator Eick moved to add four resolutions and Legislator Kent seconded the motion. The following resolutions were presented;

**RESOLUTION NO. 101-308**

Legislator Kent moved to award the bid and approve an agreement for printing of the county fishing map; seconded by Legislator Bower. Legislator Kent said the second bid was \$3,035 for a county printer. There is a 12.4% difference comparing this bid and we should continue to yearn for situations where we can award more contracts to county businesses. It was unfortunate that we couldn't have gone to a county provider. Chairman Smith asked how these maps are distributed once they are printed. Legislator Kent said they take them to the shows, Chamber of Commerce, etc. The following resolution was adopted:

**RESOLUTION NO. 120-308**

**AWARDING BID AND APPROVING AGREEMENT FOR PRINTING OF 2008 COUNTY FISHING MAP**

### **RESOLUTION NO. 122-308**

**URGING THE STATE LEGISLATURE TO OPPOSE THE PROPOSED SHIFT OF THE STATE'S HISTORIC SHARE OF PUBLIC ASSISTANCE TO COUNTIES**

WHEREAS, The Orleans County Legislature believes that the 2008-09 Executive Budget has broken a historic, fundamental state/local partnership by proposing to increase the county share of public assistance by two percent, while simultaneously decreasing the state share by two percent; and

WHEREAS, this shift in cost sets a policy from the Governor that mandates local property taxpayers increase their taxes for public assistance, while the State saves itself \$40.5 million per year; and

WHEREAS, since 1938, counties and New York State have equally shared in the cost of public assistance at a 50 percent state, 50 percent local split for this program; and

WHEREAS, the 2008-09 Executive Budget proposes to break this historic state/local fiscal partnership by shifting a portion of the State's cost for the Family Assistance and the Safety Net program; and

WHEREAS, the Governor's proposed budget includes another serious impact to counties by implementing a local share for the cost of carving out two-parent families from the federal work participation rates, by removing the local district hold-harmless provision; and

WHEREAS, this carve-out of the two parent families will save the state approximately \$7.5 million per year, but directly, negatively impact county budgets:

NOW, THEREFORE, BE IT RESOLVED, that the Orleans County Legislature opposes any policy or fiscal initiative like this proposed increase in the local share for public assistance and “two-parent carve-out” that changes the fundamental promise Governor Spitzer made to the counties of New York State about ongoing, historic state and local partnerships; and

BE IT FURTHER RESOLVED, that the Orleans County Legislature shall forward copies of this Resolution to Governor Spitzer, Lieutenant Governor Paterson, Senator George Maziarz, Assemblyman Stephen Hawley and all others deemed necessary and proper.

Moved, Kent; second, Bower.

Legislator Kent moved a resolution to urge the State Legislature to oppose cost shift of Juvenile Detention facilities to counties; seconded by Legislator Bower. Legislator Callard wanted to emphasize the state reimburses the county 50% of the share and now they are asking the counties to assume 100%. Legislator Kent said it is local responsibility that determines what happens to young people, and we are the ones with the capacity to do something with the young people. We don't do enough with them and consequently, more people go astray. The following resolution was adopted:

**RESOLUTION NO. 123-308**

**URGING THE STATE LEGISLATURE TO OPPOSE THE PROPOSED SHIFT OF 100 PERCENT OF THE COST OF JUVENILE DETENTION FACILITIES TO COUNTIES**

WHEREAS, The Orleans County Legislature strongly opposes the unprecedented 2008-09 Executive Budget proposal that ends the state/local partnership in funding the costs associated with operating local detention facilities by requiring counties to assume 100 percent of the cost; and

WHEREAS, according to the 2008-09 Executive Budget proposal, effective April 1, 2008, counties will assume the full cost of youth placed by the Family Court in secure and non-secure detention facilities; and

WHEREAS, currently, the State reimburses counties 50 percent for secure and non-secure detention costs but by shifting the cost completely to counties, the State's estimated savings for this initiative is \$35.4 million; and

WHEREAS, the policy rationale behind this cost-shift is the State's recommendation that counties find alternative, diversion programs for these youth, such as community-based solutions, however, there is no possibility of diversion or other community-based alternatives for a youth who has been placed in a secure detention facility; and

WHEREAS, this is an example of a break in a state/local partnership, where local property taxpayers will be directly impacted; and

WHEREAS, at the time of this proposal, the State is currently in the process of closing many of their state owned and operated secure detention facilities, which will result in immediate state savings;

NOW, THEREFORE, BE IT RESOLVED, that the Orleans County Legislature urges the State Legislature to oppose this policy and fiscal shift of 100 percent of the cost of juvenile detention facilities to counties, and to focus on strengthening, not severing, the local/state partnership; and

BE IT FURTHER RESOLVED, that the Orleans County Legislature shall forward copies of this Resolution to Governor Spitzer, Lieutenant Governor Paterson Senator George Maziarz, Assemblyman Stephen Hawley and all others deemed necessary and proper.

A Proclamation was presented to Terrissa Drennan, Crime Victim's Services Coordinator, by Legislator Johnson and Chairman Smith for National Crime Victims' Rights Week April 13-19, 2008 in Orleans County.

During open discussion, Chairman Smith asked if any of the students have any questions. There were no questions.

Legislator Callard said along with attending his committee meetings, the Chairman and I visited with the Supervisors of the Town of Clarendon, Murray, Ridgeway and the Mayor of Holley in an effort to open lines of communication and to discuss mutual areas of concern. It has been very interesting because each town seems to give unique ideas especially on consolidation issues. We also met with the newly elected Mayor of Medina, and we discussed village participation with the Major Felony Task Force.

Legislator Johnson said they conducted the Public Safety Committee meetings. Chairman Smith and I had the opportunity to go to Rochester and represent Orleans County with our new Governor Paterson. I have also been holding weekly meetings with the dispatchers and Emergency Management to get a good working relationship with the new consoles. I would like to commend Wayne Litchfield for devising a virtual simulcast which was able to be used on all of the new consoles there and it took care of the situation with the quick simulcast that we were having problems with.

Legislator Eick met with Buildings and Grounds and went over their proposals for the coming year and also the Highway Department. One of the big projects this year with the County Highway Department is the garage we built which is a 12' x 20' structure made out of wood material to be moved down to the County park when weather permits.

Legislator Bower said he has been attending his regular committee meetings. He attended the Mental Health Community Service Board meeting and the Public Health Board Meeting and can assure you that both of those departments are doing real well. It is a pleasure to see how well their functioning. I will let Gary tell you about our trip to Albany to try to encourage some people to give us more money for the Nursing Home.

Legislator Kent said that George Bower; Chuck Nesbitt; Jeff Glatz, the Nursing Home Director; and I went to Albany on March 19<sup>th</sup> and went to NYSAC's Headquarters to talk about the State of Assistance Aid to Nursing Homes statewide and the turnout was great. Some of the points they made were that Nursing Homes should be evaluated on a case by case basis. In Orleans County, I think 50% of the institutionalized long term

care facilities are in our County Nursing Home. Livingston has 75% and I believe one county had 100%, but there are many others that have plus or minus 10% and many more local options for people than we do. Mark Kissinger from the Department of Health had indicated much of what the state can do to help reimburse Nursing Homes for their costs depends on what the Federal Centers for Medicaid and Medicare services decides to do. It won't be until August at the earliest that we are lucky to know. We were expecting a year and half to a two year delay on changes in reimbursement that are desperately needed here. This is basically a confirmation of that. The speaker stressed that the County mission to serve the neediest were typically Medicaid payers rejected by private homes, and assisted living facilities. Carl Young from NYASHA is willing to come out here and talk to us as a group. Wayne Hale and I went to the GFLRP Meeting in Henrietta on March 13<sup>th</sup> and was encouraged by Dan McCay, Director of Public Policy for the Preservation of New York State to write letters to our State Senators and State Assemblyman supporting a7935 and s5424 language in the final budget to increase tax credits for renovation of historic commercial and residential structures. Legislator Kent said there was a tight deadline to get letters out as a whole group and there was a suggested format that was provided so he sent a letter out from himself. He also said he did the audit and indicated that it was interesting that Legislator Johnson did her proclamation and talked about Crimes Impact on communities. We had a couple of inmates that have one prescription per month costing \$1,388.76 each. It is amazing the amount of money that we spend on prescription medication for people in jail. That is another impact of crime on the community that a lot of people do not take into consideration and the cost of maintaining people by going foul with the law. He also complemented Kevin Doherty on his descriptive work that he attaches to his bills for the county. He thinks that all bills that are submitted should have more description on what work was done. He also met with the Office for the Aging Advisory Council.

Chuck Nesbitt said he has a slightly different recollection of what Mr. Young said. Mr. Young said his organization was not partisan and his comments were not meant to be partisan. He proceeded to say if you have a Democratic Senator representing you in your district with the County Nursing Home, you should go back to your district and slap your Democratic Senator.

Legislator Eick moved to add resolutions to the agenda; seconded by Legislator Kent. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 126-308**

Legislator Bower moved to authorize an agreement between the Health Department and Cherry Tree Productions; seconded by Legislator Eick. Legislator Kent asked what we were supporting. Paul Pettit, Interim Public Health Director, advised that it is a video that is produced for adolescent tobacco use prevention for underage smoking. They are creating a new training video that we can use for our underage minors when we train to do compliance checks.

Dave Schubel said we are obligated to do underage compliance checks once a year with every outlet that sells cigarettes. Paul Pettit said Cherry Tree Productions films produces it, and we would use it for our training purposes. The following resolution was adopted:

Legislator Bower moved to approve a Memorandum of Understanding for special population groups in Orleans County regarding mass vaccinations; seconded by Legislator Eick. Legislator Kent asked George if he could talk a little bit about what this is all about.

Paul Pettit stated that this targets our migrant population groups. If there ever is a situation where we need to do a mass vaccination clinic due to a pandemic flu, this will allow us to go to different pod sites for distribution. They are mainly labor camps throughout the County where it would be more convenient to mass vaccinate this population group. The issue with this is we are trying to keep people isolated instead of bringing them into town and mixing them. It is a lot easier to get this special population where they are. It is basically a Memorandum of Understanding allowing us to use a few pre destined sites so that we can go down and take the mobile unit to these sites. The following resolutions were adopted:

#### **RESOLUTION NO. 132-308**

#### **APPROVING MEMORANDUM OF UNDERSTANDING FOR SPECIAL POPULATION GROUPS WITHIN ORLEANS COUNTY**

and other potential special populations who will benefit from this MOU;

**LEGISLATURE MEETING**  
**April 9, 2008**

---

Chairman Smith called the meeting to order at 4:39 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Crime Victim Unit is requesting permission to do a display in and around the Victim Victory Garden at the Courthouse and hold their annual Candle Light Vigil on April 18<sup>th</sup> at 7:00 PM. Washington Mutual is requesting permission to sell Buffalo Newspapers to benefit Women and Children's Hospital of Buffalo on April 29<sup>th</sup> from 6 a.m. to 10 a.m. at the entrance of the County Office Building and Route 31. The Orleans County Chapter of ABATE of New York is requesting permission to use the Courthouse steps for their Motorcycle Safety and Awareness Rally on April 27<sup>th</sup> from Noon to 3 p.m. The Albion Strawberry Festival Committee is requesting permission to hold its annual festival on the Courthouse Lawn on June 13<sup>th</sup> from 11 a.m. to 9 p.m. and June 14<sup>th</sup> from 9 a.m. to 5 p.m. The League of Women

Voters of Orleans County is hosting Erie County Attorney Kevin Gaughn on April 10 at 7:00 pm at the LGI room at the Albion High School. He will be speaking about matters relating to government consolidation. Orleans County Youth Board will hold their 26<sup>th</sup> Annual Youth Recognition Banquet on May 8<sup>th</sup> at 6 p.m. at the Trolley Building on the Orleans County 4-H Fairgrounds. Seating may be limited so please reserve early. Montgomery Board of Supervisors forwarded passage of a resolution Urging the State Legislature to oppose the proposed shift of 100 percent of the cost of Juvenile Detention Facilities to Counties Social Services. Town of Clarendon Town Board is requesting the elimination of tax or at least the reduction in percentage of tax on home heating fuels. Orleans County will be hosting the InterCounty Association of Western New York Meeting on April 18<sup>th</sup> at the Trolley Building at the 4-H Fairgrounds. We will be touring the WNY Ethanol Plant.

A Proclamation was presented to Tim Sweeney and Dale Graff from the Orleans County Chapter of ABATE, by Legislator Johnson and Chairman Smith to proclaim the month of May as Motorcycle Safety and Awareness in Orleans County. Mr. Graff requested that one of our honorable Legislators to present it on the day of their Rally. Legislator Johnson indicated that she would be glad to do the presentation. Mr. Graff stated that, on behalf of Orleans County ABATE and the motorcyclists who ride through Orleans County, he thanked the Legislature for their continued support in motorcycle safety and awareness.

Legislator Bower moved to authorize the Crime Victim Unit, Orleans County Chapter of ABATE to use the Courthouse on those dates requested and Washington Mutual to sell newspapers at the entrance of the County Office Building and Route 31; seconded by Legislature Rush. Motion Carried. The Clerk will notify Buildings and Grounds of these approvals.

The Treasurer did not have a written report today.

During open discussion, Paul Lauricella, of Lyndonville, said he knows of people who have small businesses where there is a need to register vehicles. He understands we are going through some bad times with the cost of medicare/medicaid and rising fuel costs for everyone. He inquired if there is something that can be done at the Motor Vehicle Department, where they are finishing up early every day. He asked if there is a possibility to get some automated machines that people can use, like they have in Tops in Medina. He is trying to make a suggestion to save money. He had to register all his vehicles in the last year and it cost \$20 per

registration payable to Orleans County. He does not know if these fees keep DMV afloat. Maybe in the future, if you are looking to save money, the machines can be put in DMV. You don't have to pay wages, insurance, and retirement for it.

Mark Taylor, of Holley, was inquiring why telephone calls were not returned by Chairman Smith and Legislator Bower when citizens have pressing issues. Chairman Smith indicated that a letter was written to Mr. Taylor and he felt everything was addressed in that letter. Mr. Taylor responded to that letter by e-mail and an additional phone call. He feels that he has a serious issue, which has been turned over to the Attorney General's Office, which obviously this group can not help him with. He is curious why you refuse to help him. Legislator Bower indicated that it should be addressed with the District Attorney because he personally does not get involved in Law Enforcement business, as he has explained that to Mr. Taylor in the past.

Legislator Rush is catching up from being on vacation by reading his mail and e-mail. He made several visits to the County Office Building to speak with Jack Welch; to Highway Department to speak with Highway Superintendent; and to our office getting updated by Mr. Nesbitt. He had a great time on vacation and was welcomed back.

Legislator Kent said he has been doing double duty covering for Legislature Rush because we are on the same committees. Legislator Kent has registered for the G/FLRPC Local Government workshop and attended the Cooperative Extension Board Meeting. He found out how crunched they are for matching their programs with their resources. He was involved in interviewing the candidates for the new Youth Bureau Director. The nominations were reviewed for the Youth Recognition awards for the May 8<sup>th</sup> ceremony. They had a lot of outstanding nominations and quite a competitive list of people nominated for the Helen Brinsmaid and Eileen Heye awards for adults. He has put a lot of time in the Radio System Manager issue. He took a contractor out to Cooperative Extension to see if we could get an in-kind donation of services for some repair work there. He attended his first Local Development Corporation meeting of which he can say he had quite an education. They are doing a lot to accomplish their purposes to encourage small business in Orleans County and their loan repayment rate is outstanding.

Legislator Bower reported that they had a Nursing Home committee meeting this afternoon and it looks like the State is going to put back in their budget about \$650,000 to go to our Nursing Home. If it takes place, it will be a real boost to us. Those were some encouraging words and hopefully, they won't go back on their word.

Legislator Eick attended today's Nursing Home and Mental Health committee meetings and their reports seem encouraging. On Tuesday night he attended the public hearings in the Town of Shelby regarding the new CO<sup>2</sup> plant. He said there is some controversy regarding the noise with the current plant. Hopefully, the plant will begin construction in April and have it running by August. Legislator Eick said he has never seen so much truck traffic coming into this county, stating that the plant averages about 100 trucks a day. When he went to work at 6 a.m. there were 17 trucks in line.

Legislator Johnson has attended her Public Safety and Finance Committee meetings with Legislator Callard. The Radio meetings have gone back to weekly meetings regarding the radio system upgrade process, and we are making progress. Legislator Johnson chaired the Jail Advisory Committee meeting this past week where they met with the Department of Immigrations and Customs Enforcement. They shared their need of housing with the committee. Today, she sent a letter out to Assemblyman Hawley and Senator Maziarz inviting them to the next Jail Advisory Committee meeting on April 25<sup>th</sup> at 10 a.m. Her feelings are that we have been mandated by the State to build this Jail and she wants the State Assembly and State Senate to know that we can't afford it.

Legislator Callard shared many of the same meetings with Legislator Johnson. He attended the IDA meeting. The Chairman and himself visited the Mayors of Albion, Lyndonville, and Medina and also the Supervisors of Albion and Yates.

Chairman Smith wanted to say to this group of Legislators, Chuck, David, Susan, and Nadine that he feels it has been great so far and they all have helped him out tremendously and for what he can see so far, we are doing well as a team. He hopes and prays that this will continue because he believes if we continue to do this, we will accomplish what we set out to do by the end of the day.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion Carried. The following resolutions were then adopted:

Legislator Callard moved to authorize the Treasurer to set up funds from the reserve account to the central repair account, more specifically for office maintenance and telephone repairs; seconded by Legislator Kent. Legislator Johnson questioned Treasurer Heard why it would come from the reserve account. Treasurer Heard stated that years ago it used to be called fund balance, which we can no longer use that terminology. The money that is left at the end of 2007, we now call it a reserve account to roll it into the next year. Legislator Johnson questioned why it is coming from a reserve account, not the central repair account. Treasurer Heard indicated that they need a mechanism to get it from 2007 to 2008, so we reserve that balance just long enough to move it into 2008. Legislator Johnson questioned that we actually, at the end of 2007, set up this reserve account. Treasurer Heard said it is a pass through just to hold that money that is left in that account just long enough until she closes the books and we move it into the current year. She said it is a little confusing. Legislator Johnson understands the reserve account mechanism but she has the understanding that a reserve account has to be set up by resolution. Treasurer Heard said that a resolution is not necessary and that this is a recognized accounting for our books. The following resolution was adopted:

**RESOLUTION NO. 157-408**

**AUTHORIZING TREASURER TO SET UP FUNDS FROM RESERVE  
ACCOUNT TO CENTRAL REPAIR ACCOUNT**

WHEREAS, funds in the amount of \$19,920.86 from the 2007 Central Repair Account have been reverted to the County's Reserve Account, and

Legislator Johnson moved to authorize execution of the secretarial services contract for the Orleans County Public Defender. A change should be made in the resolution to state Public Defender, not county attorney. Legislator Johnson requested the amendment be made; seconded by Legislator Callard. Treasurer Heard inquired if you would like to further resolve that the Treasurer set up the money from the personal services account over to the 452 line item for Personal Service Contracts. Legislator Johnson further moved to do this transfer in this amended

resolution; seconded by Legislator Callard. The following amended resolution was adopted:

**RESOLUTION NO. 159-408**

**AUTHORIZING EXECUTION OF SECRETARIAL SERVICES CONTRACT FOR ORLEANS COUNTY PUBLIC DEFENDER**

RESOLVED, that the Chairman of the Legislature is authorized to execute, on behalf of the county, a contract for Secretarial Services for the Orleans County Public Defender, at an annual cost of \$26,672; and said amount to be paid in quarterly installments of \$6,668, upon submission of a county voucher at the end of each quarter; agreement effective for the 2008 calendar year; and be it

**LEGISLATURE MEETING**

**April 23, 2008**

---

Chairman Smith called the meeting to order at 4:39 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present. Chief Administrative Officer, Charles Nesbitt was not present.

The Clerk presented the following communications: The Western New York Fireman's Convention will be held in Albion in July. Karen Bradshaw, on behalf of the Albion Fire Department, requested to use the County Administration Building's rear parking lot on July 26<sup>th</sup> for a truck rodeo. The parking lot will be used from approximately 8am-noon. Orleans County Planning Board meeting will be held on April 24<sup>th</sup> at 7 pm at the County Administration Building. Orleans County EAP is sponsoring a Defensive Driving Course on May 5<sup>th</sup> and 6<sup>th</sup> from 6-9 PM at the Christ Episcopal Church. Clerk Hanlon will be away for the next Legislature Meeting attending her Legislative Clerk conference in Cobleskill, NY.

A Proclamation was presented to James Graziano, Director of Mental Health, designating May as Mental Health Month by Legislators Eick, Bower, and Chairman Smith.

A Proclamation was presented, designating May as Older Americans Month by Legislators Kent, Rush, and Chairman Smith to Ella Jones, a member of the Aging Advisory Council.

Treasurer Heard distributed an Analysis of Monthly Cash Receipts and Disbursements through March 2008. She claims that finances look good because at this time, compared to last year's tax collection is up \$2.7 million; sales tax is up \$225 thousand; state aid up \$1.7 million; and federal aid up \$275 thousand. In addition, spending is down \$1.9 million for the first three months. This gives us a cash balance of \$11 million. All the capital project reports were also attached. Legislator Rush questioned what are the large expenses that are down. Treasurer Heard indicated that HEAP was taken over by the state, so \$475 thousand we didn't pay in 2007. Other DSS costs were down by \$250 thousand. She indicated that in 2007, we had an additional vendor roll of \$600 thousand which played into the mix. If we can keep this going, three months at a time, it would be good. Legislator Callard stated that the cash balance is \$5 million greater than what it was at this time last year and questioned if Mrs. Heard anticipates it to continue like this. Mrs. Heard indicated she does not. If you compare 2006 and 2007, most of it would be in tax collection. Legislator Callard asked at the end of the year, what might be a more appropriate cash balance. Much discussion resulted. Hopefully, she can put back money into the fund balance at the end of the year to fix the drop in 2007 of \$.5 million that she freed up from reserves to get it to only this amount. Legislator Eick asked what percentage of the sales tax increase is due to the rising costs of gasoline. She has not figured it by a percentage.

Chairman Smith opened the floor for discussion. Ella Jones, of Ridgeway, asked if this Legislature can do anything to lower the taxes to help with the price of gas in Orleans County. Legislator Callard said it is a difficult problem because it goes beyond what we can do in our county. Even if we eliminate all of our tax, the price of gas will continue to go up. The revenue that we obtain from gas, that we utilize in the budget now, would be a cost to be passed on in another matter. The appropriate solution is almost a national one. The oil companies should not be making absorbent profits of billions of dollars. They should be taxed and should flow back to us. Trying to solve the problem from grass roots up is an impossibility. Eliminating the tax on gas will result in higher property taxes. Legislator

Callard also stated that prices stem from the national level down; why do the oil companies have to have increasing profits when the prices go up. Mrs. Jones additionally asked that with the Ethanol plant, will it help in the future with making gasoline to bring our prices down. Chairman Smith said he does not think it will make that much of a dent in the world market, but unsure its effects in our County. Legislator Callard spoke of the independence of fossil fuels by 2020 in Sweden. They are in the second generation of production of ethanol. We are in the first generation of production, causing prices of corn to increase to \$6 a bushel. We may not see a difference until second or third generations with the costs. We need to look at alternative fuels, to stop arbitrarily supporting the oil companies and to stop purchasing from automotive companies who use these expensive fuels. Technological development and subsequent manufacturing is what will help this country. Legislator Eick added that it is all under federal mandates.

Paul Lauricella, of Lyndonville, referenced a plan that Senator McCain put forth to eliminate federal gas tax for three or four months through the summer and he does not see why Orleans County does not eliminate tax for even a month. If it is promoted properly, say over the radio, we would have people come here from other counties. Most people plan their trips. They would come here to get gas and spend money at Wal-Mart, restaurants and grocery stores. You would more than get your money back. The money spent would make our County a better county. Mr. Lauricella referred back to a statement that Legislator Callard made regarding not supporting our auto industry. He said that the auto industry is the backbone of our country and they need our support. He believes that people will come here to spend money if tax is suspended on gasoline. He suggested just trying it for one month.

Chairman Smith said that Senator McCain's suggested plan is to suspend tax on gas during the summer and that has been tried before. This plan has not been put forth. More discussion resulted on our local level taxes and temporary fixes. Mr. Lauricella added that our country is in an energy crisis and all these mandates should be waived until we get our energy policy in order, getting the prices down. Everything will stop and food prices will increase or become scarce. Legislator Johnson commented that an abatement should be reviewed. She thinks it is a great suggestion. Legislator Callard and she are on the Administrative and Finance Committee and his suggestion will be reviewed by them.

Legislator Bower had no report due to loss of his voice.

Legislator Kent heard a presentation on the LIFE- Liberty Partnership Program by Teresa Elam-Swifka, Director at the Child Welfare Association meeting, and it was outstanding. It is a program that money is funneled through by the state and our Youth Bureau. He attended a Drug and Alcohol Task Force Meeting at the Holley High School which was a great meeting. He attended the Community Action Board meeting and Nathan Varland completed a new needs assessment for Orleans County which is impressive. He attended the Crime Victims Candlelight Vigil to present their proclamation. He held a public input forum at the Apollo this past Saturday morning. Trees were planted behind the nursing home with the help of some students from the Albion High School. Legislator Kent attended the Intercounty meeting and toured the Ethanol plant. Had a conversation with a Cold War Veteran regarding the Cold War exemption and this gentleman was admit about local veterans receiving this exemption.

Legislator Rush reported that other than attending his districts Town Board meetings and committee meetings, he attended a Fish and Wildlife Board meeting in Canandaigua. Much discussion at this meeting was the bear that has been traveling in our area. They located him and moved him to the Adirondack area and continue to track him by wearing a collar. He has been recently tracked in the Old Forge area.

Legislator Callard beyond his regular attendance at committee meetings, he attended the IDA meeting, and they have many projects in the works. The Carbon Dioxide plant was greatly discussed. He suggested that our sound system in the Legislative Chambers be fine tuned and brought up to speed.

Legislator Johnson attended the Village of Lyndonville meeting where they adopted their budget. She commends them for lowering their tax rate going into the 2009 year. The Jail Advisory meeting will be here on Friday, April 25<sup>th</sup> with representatives attending from Assemblyman Hawley and Senator Maziarz offices. She encourages the public to also attend.

Legislator Eick met with Buildings and Grounds and Highway Departments. Bridge projects were discussed. The Highway Department agreed to install the black top parking area at the Education Center at the Fairgrounds, and they hope to save money with their assistance. The Carbon Dioxide plant was discussed at a recent Public Hearing in Shelby

and he stated that this plant will possibly reduce some of the smell. The Shelby Planning Board agreed to having this project commence. Legislator Eick said that he met with the Sawyers and they want to be friendly neighbors. He said that once the trees have leaves, this may help with the noise. He also attended the InterCounty Association meeting and was unable to attend the Supervisors/Legislators meeting due to the Shelby meeting.

Chairman Smith added that he too attended the InterCounty meeting, which was very educational. This was his second time he toured the facility, everytime he goes through this plant it is educational and is amazed at the process.

The following resolutions were then adopted:

**LEGISLATURE MEETING  
May 14, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Deputy Clerk called the roll. All Legislators were present, with the exception of Legislator Bower.

The Deputy Clerk presented the following communications: Total Family Wellness Fair will be held today from 4 p.m. to 8 p.m. at the Albion American Legion. The Town of Murray will hold their Bicentennial the weekend of August 1<sup>st</sup> through 3<sup>rd</sup>. The Town of Murray Bicentennial Committee invites all Orleans County Legislators to participate in their Grand Parade on August 2, 2008 at 5:00 p.m. The Orleans County Economic Development Agency/IDA announces a Public Hearing to be held on May 29, 2008 at 9 a.m. at the Orleans County Industrial

Development Agency Offices, 111 West Avenue, Albion, NY relating to Brunner International, Inc. – IDA Transaction.

The Board formally approved the request of Karen Bradshaw whom requested on behalf of the Albion Fire Department for use of the rear parking lot at the County office Building for the Western New York Fireman's Convention truck rodeo to be held on Saturday, July 26<sup>th</sup> from 8:00 a.m. to noon. All members were in favor to grant this request.

The Treasurer distributed the 2008 Monthly Cash Receipts and Disbursements. Mrs. Heard said the bottom line looks good.

During open discussion, Mark Taylor from Holley, stated he noticed at the last meetings an armed deputy has been present. He asked the Legislature if they have taken any consideration to how the public feels and is there any safeguards that have been put in place. Legislator Kent stated that it is standard operating procedure across the United States. Mr. Nesbitt asked Deputy Silleman if he has been trained in all the procedures of the Sheriff's Department. Deputy Silleman said he has.

Legislator Rush said he attended his regular committee meetings. He called Mike Waterhouse today because he was wondering what happened with Shanook & Steelhead that we penreared. Mike said that this year, they penreared 46,000 Shanook Salmon and 14,000 Steelhead Trout. Because of the unusual warm weather and the temperature difference between Lake Ontario and Oak Orchard River that penreared fish had to be released in the river instead of taking the pens out of the lake. He also named the winners in the Lock Derby that was held last week.

Legislator Kent mentioned that they found out from Carol Miller, Job Development, about our dissipation rate; which are people receiving temporary assistance to needy families is the 2<sup>nd</sup> highest in low region. We had the 2<sup>nd</sup> highest job entry in the state and received a special accommodation along with some other counties. This is attributed to the people who work at Job Development here in Orleans. He attended the GLFRP local government workshop. Dave, Lynne, and I attended the training awards dinner for volunteer Fire and EMS people on Saturday. He attended the Youth Recognition Banquet. He went to Cohocton and spent the afternoon checking out turbines and wind turbines.

Legislator Eick went to the Governor's presentation in Genesee County. He talked about concerns on Ag and immigration issues. He was very

impressed with Governor Paterson. He indicated that the Slash Buster is in for Soil and Water.

Legislator Johnson said they had a Finance Committee meeting yesterday. She addressed the question of Mr. Lauricella at the last Legislature meeting regarding sales tax abatement on gasoline. I received an email from the Treasurer who stated that she talked to NYS Department of Tax and Finance regarding the one week sales tax exemption on gasoline sales. They said it is not possible. The state is allowed to do it, but counties cannot. We requested Mike Connors from Albany County to come and speak to us about this sales tax issue. Chairman Smith said he just heard on the news that it will not pass.

Legislator Callard and Chairman Smith have met with supervisors for the towns and villages first. Then we will meet with those Elected Officials in a group session with the Legislature to discuss some of the common issues and concerns that we all have. We have tracked the top items of concern with each town and village. There will be another meeting on June 12<sup>th</sup> at the Legislature to see if we can make positive changes. At the Fireman's training awards banquet, they talked about reverse 911. Instead of the citizens calling into dispatch for emergency purposes, central dispatch can call out to the community. It sounds like an interesting prospect. He also attended the IDA meetings. Most importantly, worth of a front page spread, the NYS Association of Treasurers and Finance Officers named Orleans County's own Treasurer, Susan Heard, as Treasurer of the year. Susan thanked everyone and said it was quite an honor.

The following resolutions were then adopted:

TERMS OF AUCTION  
ORLEANS COUNTY TAX PROPERTY AUCTION  
ALBION AMERICAN LEGION POST  
ALBION, NEW YORK  
June 25, 2008  
11:00 AM

This is the sale at public auction of various parcels of real property, which have been conveyed in the County of Orleans by final judgment under the so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by various resolutions of the Orleans County Legislature and is in accordance with the appropriate provisions of the Real Property Tax Law. This sale and sale of each and every parcel herein is upon the following terms:

TERMS AND CONDITIONS  
OF THE  
ORLEANS COUNTY AUCTION OF TAX FORECLOSED PROPERTY

1. Orleans County acquired title to these properties in accordance with Article 11 of the Real Property Tax Law of the State of New York, and all known rights of redemption under said provisions of law have been extinguished by the tax sale proceedings; and/or as a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be defined as a section, block and lot number.
3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose; (b) applicable zoning/land use/building regulations; (c) water assessments are the responsibility of the purchaser, whether they are received or not; (d) the levied 2008 Town and County tax bill including any relieved taxes, 2007/2008 village taxes, 2007/2008 school tax, any village or town water and sewer rents and assessments, in addition to any other applicable charges (including,

but not limited to, omitted and pro rata taxes, demolition charges, interest and penalties); and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the public auction.

4. The purchaser shall be solely responsible for the payment of: the levied 2008 Town and County tax bill including any relieved taxes; any Village taxes levied after May 31, 2008, the 2008/2009 school taxes, the 2009 Town and County taxes, penalties and interest and charges levied against the property subsequent to the auction.
5. All purchasers are advised to personally inspect the premises and to examine title to the premises prior to the date of the auction. Upon delivery of the quitclaim deed by the County of Orleans to the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
6. No personal property is included in the sale of any of the parcels owned by Orleans County, unless the former owner or occupant has abandoned same. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.
7. All informational tools, such as slides, tax maps, deeds, photos, auction listings, auction catalogs, auction signs, property record cards, etc., are for identification purposes only and are neither a guarantee nor a warranty as to location, dimensions, parcel use and/or size, or anything else. **THE COUNTY, THE AUCTIONEER, AND THE AUCTION SERVICE MAKE NO WARRANTY EXPRESSED OR IMPLIED IN CONNECTION WITH THIS SALE.**
8. The County of Orleans reserves the right, in its sole discretion, to withdraw from the auction any of the properties listed on the schedule of real property.
9. Notice is hereby given that the premises being sold may lie within an Agricultural District as designated upon the tax map. It is the sole responsibility of any bidder to ascertain which specific parcel(s) is so designated and sold subject to the provisions of law applicable thereto.
10. All bidders are required to register and provide suitable personal identification prior to the auction. Auctioneer reserves the right to decline registration if identification is not sufficient.
11. All bidders are required to use the bidder number issued to them for all purposes associated with the auction. A bidder may not bid on behalf of a party who is on the prohibited bidder list.

12. Bidder acknowledges receipt of the pamphlet entitled “Protecting Your Family From Lead in Your Home.” Bidder also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards, mold, asbestos or any other hazardous substances.
13. The former owner of the property, or his agent, shall not be deemed to be the successful bidder on the property or purchase same at the public auction, unless the bid amount exceeds the amount of the purchase price to affect the release of County’s interest. If the former owner or his agent reacquires the property, all liens existing prior to the foreclosure, will be reinstated and the purchaser (former owner) must sign the deed to reinstate the liens.
14. Purchaser shall provide information necessary to complete, and shall execute, the necessary forms and documents required for recording the deed in the Orleans County Clerk’s Office. The purchaser executing the auction terms and conditions of sale may not assign or otherwise transfer his right to complete the bid, unless the County agrees in writing. The deed prepared will be in the name of the successful bidder (and spouse) only. No third party bidding will be accepted, unless the bidder identifies that he is bidding as an agent for a disclosed principal.
15. The auctioneer’s decision regarding any disputes is final, and the auctioneer reserves the right to reject any bid that is not an appreciable advancement over the proceeding bid.
16. The Purchaser will execute an Offer to Purchase form immediately upon being declared the high bidder. The approval of each bid by Resolution of the County Legislature *will not constitute a Contract of Sale* and the County reserves the right to reject any bid prior to the closing of title and the recording of the deed.
17. The Purchaser shall be responsible for the payment of an eleven percent (11%) buyer’s premium should buyer be paying by credit card or a ten percent (10%) buyer’s premium should the buyer be paying by cash or by bank check in addition to the accepted purchase price and the closing fees/costs. The “buyer’s premium” is the fee/commission earned by the auctioneer. Accepted purchase price is the amount bid by a perspective bidder, which has been approved by the Orleans County Legislature.
18. All required deposits must be paid in full for all successful bids immediately upon being declared the successful bidder. Any successful bidder, who fails to tender the deposit immediately upon being declared the successful bidder, will be forbidden to

participate in this or any other auction. Any parcels which the County did not receive deposits for, as per these terms and conditions, will be considered to be defaulted, and resold and the bidder will be disqualified from further bidding.

19. 25% of the total contract price (total contract price is the combination of the high bid and the buyer's premium, as defined in section 17 of these terms and conditions), shall be paid as a down payment on the day of the auction upon execution of an Offer to Purchase Form. Total contract prices selling for \$250.00 or less must be paid in full at auction, including all closing costs which consist of the following will be paid with the down payment on the day of the auction for each parcel: (a) New York State Transfer Tax [\$2.00 for each \$500.00 of the purchase/bid price]; (b) Filing Fee for the Real Property Transfer Report [\$75.00 if the parcels classification code is 100-199, 200-299 or 411-C; \$165.00 for all parcels otherwise classified]; (c) Filing Fee for combined Gains Transfer Tax Affidavit [\$5.00]; (d) all fees required by the Orleans County Clerk for recording of the deed [\$31.00 to record a one page deed; \$3.00 for each additional page] *Closing costs may be subjected to an increase in fees as required by law, without notice.* All deposits must be made in cash or guaranteed funds payable to the "Orleans County Treasurer" and drawn on banks insured by the Federal Deposit Insurance Corporation (FDIC). No exceptions.
20. All bids shall be subject to approval by the Orleans County Legislature, which shall have the right, in the Legislature's sole discretion, to reject any bid for any reason whatsoever.
21. All parcels for which you are the successful bidder for must be paid in full. No selective closings subsequent to the auction. Failure to remit full payment on all parcels for which you are the successful bidder will result in a default of all deposits tendered, and you will not be permitted to close on any other parcels for which you are the successful bidder.
22. The entire balance of the accepted purchase price, the buyer's premium, as defined in section 17 of these terms and conditions, and all closing costs/fees must be paid by cash or guaranteed funds payable to received by the Orleans County Treasurer's Office on or before July 31, 2008. The County is not required to send notice of acceptance to a purchaser. If the purchaser fails to pay the balance of the total contract price plus closing costs and fees as herein provided, the deposit shall be forfeited. The County reserves the right, in its sole discretion, to extend the time of payment upon such terms and conditions it deems appropriate.

23. If the successful bidder fails to tender such amount due by the close of business on July 31, 2008, then the County may, but is not obligated to offer any unsold property to the second highest bidder. All terms and conditions for the sale set forth herein above shall apply to the second highest bidder and/or any other purchaser.
24. All sales shall be final, absolute and without recourse, once title has closed and the deed has been recorded. In no event, shall Orleans County and/or Haroff Auction & Realty, Inc and/or Absolute Auctions & Realty, Inc. be or become liable for any defects in title for any cause whatsoever, and no claim, demand or suit of any nature shall exist in favor of the purchaser, its heirs, success or assigns, against Orleans County and/or Haroff Auction & Realty, Inc and/or Absolute Auctions & Realty, Inc. arising from this sale.
25. The County of Orleans will execute no warranties concerning the parcel or title thereto and will not deliver or be responsible for abstracts, title insurance, title searches, surveys, maps or other documents concerning a parcel whatsoever.
26. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the year upon which the County acquired title or as corrected up to date of deed. The deed will be recorded by the County upon payment in full of the accepted purchase price, buyer's premium, and closing fees/costs. POSSESSION OF PROPERTY IS FORBIDDEN UNTIL THE DEED IS RECORDED WITH THE ORLEANS COUNTY CLERK CONVEYING TITLE TO THE PURCHASER. TITLE VESTS AT THE RECORDING OF THE DEED. It is agreed between the County and the purchaser that delivery and acceptance of the deed occurs upon recording the deed.
27. A quitclaim deed issued as a result of the auction shall contain the following provisions: (a) "Nothing contained in any description herein is intended to convey more than the assessed owner owned at the time of the levy of the tax, the non-payment of which resulted in the tax sale. There is no representation as to the extent of the acreage conveyed herein;" (b) Orleans County shall in no event be or become liable for any defect in the title so conveyed for any cause whatsoever, or for any encroachments or disputed boundaries; and that no claim or demand of any nature shall ever be made against said Orleans County arising from such sale or conveyance or any proceedings leading thereto.

28. Evictions, if necessary, are solely the responsibility of the successful purchaser after closing and recording of the deed.

## **LEGISLATURE MEETING**

**May 28, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Annual meeting of the Orleans County Local Development Corporation will be held at 8:30 a.m. on June 5<sup>th</sup>, at 111 West Avenue, Albion NY 14411. Genesee Finger Lakes Regional Planning Council will be held on Thursday, June 12<sup>th</sup> at 10:30 am at Joey B's Restaurant, Fairport, NY. The Orleans County Planning Board is pleased to co-sponsor with Niagara County Department of Economic Development another training opportunity for municipal land use officials and interested citizens. This evening workshop will be held

on June 18<sup>th</sup> at the Niagara County Community College. Registration is due by June 10<sup>th</sup>. By attending these sessions, planning board and zoning board of appeals members will fulfill the four hour annual training requirement established by the state. Training in Orleans County will be held on Wednesday, September 24<sup>th</sup>, which will also fulfill the necessary training requirements. Orleans County Community Services Board requests your presence at their Appreciation Luncheon on Tuesday, June 24<sup>th</sup> in the downstairs conference room of the Orleans County Mental Health Building. Lunch will be served from 12 noon to 1 p.m. Their annual meeting will commence at 1 p.m.

During open discussion, Chairman Smith asked if public wished to comment today and there was no public comment.

Legislator Callard stated that the speaker today was a result of their investigation into gas tax consequences. Legislator Bower challenged Legislator Callard to some landscaping at the Nursing Home. Legislator Bower is planting an English Garden, he is planning to construct a walking garden. Legislator Callard distributed a copy of the garden plan. A walkway will be laid first with cement then formulate the garden around that. A fencing issue needs to be discussed regarding exiting in case of an emergency. Administrator Glatz added that the base for the waterfall came from the excavation of building the new foundation. They broke up the limestone into smaller pieces to create a cascading effect. The Master Gardeners are involved in this project. Legislator Callard firmly believes that the quality of life is enhanced with this type of landscaping and one of our residents has the pleasure of having a garden of his own.

Legislator Johnson reported on her attendance at the public safety committee meetings this past week. Chairman Smith and herself will be attending Hawley's Legislative Conference in Albany next week. Chairman Smith challenged her, along with Legislators Callard and Kent to review and make recommendations for the Ethics committee that will be addressed at the next meeting.

Legislator Eick stated that Jack Welch, Director of Personnel, did a great Civil Service presentation at the Supervisors/Legislators meeting.

Legislator Bower reported that the Public Health Board discussed changing their meeting which will free up that Legislator who sits on that board to attend the Supervisor/Legislators meetings. The English Garden

at the Nursing Home should be completed within the next two weeks and Legislator Bower will help to get it done.

Legislator Kent attended the Nutri-fare Board and County Planning Board meetings. The Gaines amendment to their zoning concerning Wind Energy was approved. It restricts wind turbines to approximately 120 feet tall for agricultural purposes only. In a large packet he received, it states in Article one of their zoning that the Town of Gaines does not have a low density of residences typically found in wind farm host communities. He thought that was noteworthy. The Town of Murray just approved some changes for their zoning which encourages concentrations of residential housing and bans further commercial development on Route 104. Also Tim Horton's plan was approved by the County Planning Board in Medina. The Aging Advisory meeting was a good meeting. He received an e-mail from Mr. Hale of work that needs to be done at the Marine Park and feels this needs to be prioritized. There is a possibility to obtain a few white oak trees for either courthouse square or the Nursing Home. He would also like approval by this board for the use of the Courthouse Square grounds for the Ecumenical Festivities on July 6th from 12 Noon to 2:30 p.m. that the Albion Ministerium is planning with the provision that there would not be any cooking on the grounds. The earlier they can get approval, then the quicker they can publicize it. All were in favor of this request.

Legislator Rush reported on Conservation Field Days indicating that five schools were in attendance at the 4-H Fairgrounds. The Federation of Sportsman, along with Soil and Water, do an educational portion of this event. They had 300 six graders throughout our county attend this school. The Federation of Sportsman sponsor milk to be served with their event.

Treasurer Heard met with County Tax Collectors last evening to discuss Orleans County going over the Tax Collection grant that the state is offering. They are interested in exploring a few ideas and plan to get back to her with these.

Chairman Smith added that on June 19<sup>th</sup>, we plan to host a meeting for various elected officials, from towns and villages throughout the county to discuss consolidation or areas to save dollars for the County. Hopefully, out of this meeting some committees will be established to work on these issues. Chairman Smith congratulated Chuck Nesbitt for being elected President of the New York State Association of County Administrators' and Managers at their Association Annual Meeting on May 16<sup>th</sup>.

The following resolutions were then adopted:

Legislator Bower moved to approve the Albion High School as a temporary stop-over point in the event of a disaster for Nursing Home residents; seconded by Legislator Eick. Chairman Smith asked if this is an annual agreement. Administrator Glatz stated that is part of their disaster plan that if something should happen to our Nursing Home that would create a need to evacuate, the plan calls for a stop-over point so we can collect individuals being evacuated and then send them to an appropriate location from the High School. This temporary location would be for a 12 to 24 hour period. Legislator Callard asked how they will provide for the transportation. Mr. Glatz said it is part of a mutual aid plan under Western New York. They are working on this as a result of the area ice storms. They are setting up a state wide plan, and we are part of the Western New York Mutual Aid Plan. The following resolution was adopted:

Legislator Callard withdrew a resolution authorizing the Chairman of the Legislature to approve real property tax refunds for further discussion.

Legislator Callard moved to authorize the Real Property Tax office to collect certain fees. A correction needs to be made to the electronic per parcel additional fee under Real Property Information reports changing it to \$.015, not \$.15. Motion was seconded by Legislator Kent. Legislator Johnson asked how much the fees went up as compared to the existing fees and I do not have the current fee schedule to compare. Legislator Kent thought some were lowered. Mr. Nesbitt stated that some fees were lowered because some reports have become easier to produce. Legislator Johnson stated that she has difficulty agreeing to raise fees when we are in a situation with gas prices, which we can't help there, but we seem to charge more with permits and fees. She has a problem charging taxpayers more money to get information on their taxes. Mr. Nesbitt said that the previous Director charged \$1,000 for the pdf file for the entire county, which is now \$250. Legislator Rush indicated that she reduced the individual page from \$1.00 to \$.50. After further discussion of having the existing fees to compare, Legislator Callard tabled this resolution at this time.

Legislator Johnson asked to lye over the resolution approving the agreement with the Crime Victims Assistance Program so further information could be obtained to move forward with this at the next meeting.

Legislator Bower moved to adjourn; second by Legislator Eick. Meeting adjourned at 5:04PM.

**LEGISLATURE MEETING**  
**June 11, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present. Chief Administrative Officer, Chuck Nesbitt was not present due to his attendance at training school.

The Clerk presented the following communications: Economic Security Cabinet Town Hall Meetings will be held in our area from 4 p.m. – 7 p.m.

on Thursday, June 19, 2008 from at the Erie Community College in Buffalo or on Wednesday, June 25, 2008 at Rochester City Hall. Governor Paterson has charged his Economic Security Cabinet with exploring opportunities to support struggling low-income families. These Town Hall meetings will provide an opportunity to hear about New York State's commitment to protecting and enhancing economic security. InterCounty Association meeting will be held in Livingston County at their Emergency Operations and Training Center in Mt. Morris on June 20<sup>th</sup>. After the meeting and lunch, a tour of the Mt. Morris Dam will occur.

Legislator Eick and Chairman Smith presented Abby Criswell, the Niagara/Orleans Dairy Princess, a Proclamation proclaiming June as Dairy month in Orleans County.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements report through May 2008. She also distributed a copy of the county auction booklet prepared by Haroff Realty for the June 25<sup>th</sup> County Auction. Mrs. Heard added that forty-three parcels were included in the auction; however three have been redeemed. Today is the last day to redeem by 5:00 p.m. unless they request Legislative approval for redemption after this deadline. Mrs. Heard reported that the cash flow report looks the best it has looked since the summer of 2005. Next month, we will be paying the Highway bills during the month of June for the final on the snow and mowing. Legislator Bower asked how we stand on sales tax. Mrs. Heard said that sales tax is up approximately \$900 thousand over last year at this time, this includes the first check received in June.

Chairman Smith opened the floor for public comment. Paul Lauricella, Lyndonville, stated that he noticed that every month on the agenda there is authorization to create and fill positions, at least one or two a month. He is concerned with the rate of growth of government. Legislator Rush indicated that most of these are vacancies for people who have retired or left their positions. Mr. Lauricella is not opposed to filling a vacancy when someone leaves, but in the creation of new jobs. Mr. Lauricella questioned the resolution for the positions in the Highway Department. Jack Welch, Director of Personnel, explained the resolution concerning Highway Department personnel, which avoids short staffing in the Highway Department during the very busy summer months. Mr. Lauricella raised a concern regarding last week's tabled resolution for Real Property Tax Office to collect certain fees. He is opposed to raising any fees, even if it is a penny. He feels that we are getting good revenue

from the gas tax and cost of paper should be passed on to the public. Legislator Callard said the information written in the newspaper article was misleading. There are no rate hikes. Mr. Lauricella questioned if new services will be added. Legislator Callard stated that we are establishing new fees for new services and it must be done by resolution. Why it was labeled an increase in rates in the article was a total misnomer. Mr. Lauricella questioned if some of these fees will be going up. Legislator Callard said no, that a fee will be established for new services. It is not an increase from an existing fee. We are entitled to be paid for the new services we can provide. Mr Lauricella questioned if the service is necessary, Legislator Callard stated it is.

Mr. Lauricella stated that several months back there was an oversight committee established by resolution to go to various agencies and bureaucracies and look to see if there are duplicate services being done. He questioned the status of this. Legislator Callard said he could not address that. This is a responsibility for individual conveniences as well as the departments. If services are being requested, we need to establish uniform fees. Mr. Lauricella questioned that if these people are requesting services that you can't provide them. Legislator Callard stated that these services can be provided and it is a benefit to the abilities that we have achieved. We can create new services for business requests, from non property owners, and entitle us to be paid for services we provide, which in turn pays for the staffing that we maintain. Legislator Callard added that these fees focus primarily on businesses, not on property tax payers. Legislator Kent added that the Real Property Tax Director presented the fees at the last meeting. She explained that she did an analysis of the fees being charged, some were increased because of the true cost of the service, and some were reduced. Most services remained the same but were in fact new services that no rate had been established for yet. Legislator Kent felt that there was a lot of unnecessary alarm created over this. We should not be doing things to lose money on, we should be compensated on the services we can provide.

Mr. Lauricella indicated that the Legislature should put an article in the paper or pennysaver to clarify things. Legislator Callard indicated that they rely on accurate reporting by our newspapers.

Legislator Eick stated that Aaron Clark from the Town of Clarendon obtained his Eagle Scout Award and as a representative from this district, Legislator Eick forwarded a Special Recognition award to be presented to Aaron. Aaron built a bridge in the Clarendon Town Park to allow the

residents to access more of the park. Legislator Eick added that he attended the Soil and Water meeting and he reported that many projects are going on as a result of federal money being received.

Legislator Johnson attended the year-end Village of Lyndonville meeting and good news was reported that their property tax is decreasing. She chaired the final Radio Management meeting. She believes a great effort was made between Orleans County Dispatch and Emergency Management to work together. On June 1<sup>st</sup> she and Chairman Smith attended the Local Government Conference in Albany. They met with Assemblyman Hawley, Senator Maziarz and state representatives from the Commission on Local Government Efficiency regarding the county jail. Legislator Johnson shared that the Emergency Management Office forward copies of thank you cards from Kendall Central School 5<sup>th</sup> and 6<sup>th</sup> graders who expressed their appreciation and thanked County Emergency Personnel for their dedication in all that they do. She wanted to make sure that they were recognized and to express how much their notes were appreciated.

Legislator Callard reported on his attendance at his joint committee meetings with Legislator Johnson. He has been involved in the gardening effort at the Villages of Orleans. We will discuss further the expansion at Brunner International that will result in additional jobs when Legislator Rush will present a resolution regarding that.

Legislator Rush went to the Town of Carlton meeting and concerns have been addressed by them regarding the kids swimming at the Waterport Bridge. With this being a County bridge, we may want to look into this concern and discuss with Attorney Schubel. Signs were thrown in Lake Alice and it was a concern of the towns last evening. Legislator Eick voiced a concern with the recent drowning in Medina and kids jumping off the bridge at Marshall Road. Legislator Rush feels we should look into these situations.

Legislator Kent reported that work is being advanced at the Marine Park by the efforts of Mark Watts. Wayne Hale is pushing that issue and hopefully, there will be progress on that between now and next spring. The Highway Department and Buildings and Grounds planted two white oak trees behind the Nursing Home. Volunteers have been watering and mulching the trees at the Nursing Home. The volunteers who built a bird feeder also put it up near the C wing of the Nursing Home. In respect to Mr. Lauricella's earlier comment, Legislator Kent explained a position resolution that will be forthcoming in the Office for the Aging. This

department will be receiving aid from the State which is going to be spent on an Aging Services Specialist. This specialist will travel throughout our county to answer questions from our Seniors regarding health care issues and other concerns. Legislator Kent felt it is good to raise questions on positions. He plans to advocate for another Buildings and Grounds position due to all the work that needs to be done on our grounds, renovating one of our Nursing Home wings, and the projects scheduled at the Marine Park. Legislator Kent stated that he spoke to Sheriff Beilein from Niagara County over the weekend. He has been appointed by the Governor, not yet confirmed by the State Senate, to be on the Commission of Corrections. The jail project was discussed. He was understanding, but he was favorably disposed towards regional jails. At the LDC meeting on Thursday morning, James Whipple discussed rent subsidies for start up businesses in the commercial districts of the Villages in Orleans County up to \$250 per month. That might be what allows businesses to get started in our villages. Legislator Kent said he has heard from a number of people concerning the fuel oil sales tax. We are also mindful of the need to create a volunteer nurse ward to provide for emergencies that might arise such as pandemic flu. These volunteer nurses will be able to do mass immunizations.

Legislator Bower has attended all his meetings. In Mental Health they are getting close to becoming fully staffed which means a lot because they generate income for our county. We will need to fill another vacancy at our next meeting due to a recent resignation. People in that area move quite readily and it is hard to recruit in our small county. They are doing a great job. Public Health, Highway Department and Buildings and Grounds are in good hands. Highway and Buildings and Grounds are stressed. There is a lot of work going on with local events and festivals, also at the Marine Park. We have a work crew that helps out at the Nursing Home. Legislator Bower thanked the press for writing a nice article in respect to the garden project. Nursing Home finances are doing well. The rehab unit has ten rooms which generate extra income and by the end of the year will be a real plus for Orleans County. Legislator Bower added that all the departments that he chairs and is vice chair for are doing a great job.

Legislator Kent added more comment regarding filling vacancies. There is a resolution on today to temporarily fill a key person's absence in the Buildings and Grounds Department who had surgery. At a previous meeting, we had a resolution to create replacement people to supervise our work fair program. In order for this program to work, we need

participants and people to supervise them. We get penalized if we don't have participation rates in that program that is up to par. Legislator Rush added that they don't get compensated unless they fill in for those who are absent.

Chairman Smith announced that a meeting is scheduled on June 19<sup>th</sup> here in our Chambers with all of our Supervisors, Mayors, Council members and Trustees throughout our County. Chairman Smith added that he and Vice Chairman Callard visited all the Supervisors and Mayors of the County and discussed issues that could help make Orleans County a county of choice. This included talking about consolidation and possibilities to lower the cost to live here in Orleans County. Last Sunday the Victory Baptist Church here in Albion invited all the local officials to thank them for their service to our County.

The following resolutions were presented:

**RESOLUTION NO. 225-608**

Legislator Callard moved a resolution that was tabled on May 28, 2008 authorizing Real Property Tax office to collect certain fees, off the table to be further acted upon, seconded by Legislator Bower. Legislator Callard moved to amend the resolution for the presentation of fees. Some information was not included in the resolution presented at the last meeting. Each of the Legislators has a new copy of the resolution for adoption. He requested that the press receive a new copy of the resolution. We are formalizing the fees for the services that we are providing. This is not a new structure to raise fees. The only basic change is the non property owners for the full size paper map. It was typed \$6.00, but the fee is \$7.00 for non property owners, which is our cost factor. The property owner's remain the same at \$5.00. RPS extract information fees was added because it was incidentally excluded in the last resolution. Legislator Bower moved to amend the resolution as presented by Legislator Callard. Legislator Bower commented that when we hired a new Real Property Director, who is here today, we also brought in the assessing for the Towns of Albion and Gaines. In doing so, we brought in a lot more capability into this office and now can generate more reports that people want. That is why we are doing this today. We have the abilities in this office that we never had before, not even five years ago. We are doing these services which are best for the county taxpayers.

Legislator Eick updated the board on the construction of the CO<sub>2</sub> plant in Medina and that Bates Road is under construction at this time.

Legislator Johnson moved to adjourn; second by Legislator Callard.  
Meeting adjourned at 5:24 PM.

**LEGISLATURE MEETING**  
**June 25, 2008**

---

Chairman Smith called the meeting to order at 4:34 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County Planning Board will hold their monthly meeting on June 26<sup>th</sup> at 7:00 pm at the County Administration Building. Susan Heard, Orleans County Treasurer, forwarded 14 Disclosure of Interest forms from employees per the State Comptroller's recommendation and per General Municipal Law Section 803(1). The Village of Albion is presently working on an application to apply for a grant to update Carosol and Linwood Parks in

the Village. They are asking the Orleans County Legislature to support their efforts by sending letters to the Village Office. Town of Clarendon forwarded a resolution in Support of Local Tax Collection and a copy of a letter they forwarded to NYS DEC Division of Air Resources regarding amendments to the Environmental Conservation Law concerning any new legislation regarding the burning of brush. They feel new legislation could create a financial hardship should the Highway Department need to schedule brush pickup events. The Albion Business Association will be holding their Annual Car Show on August 2, 2008 from 5:00 p.m. to 8:00 p.m. They are requesting to use the Courthouse square for this event. They would like to post a 2 ½ x 12 foot banner in the Courthouse lawn on July 26<sup>th</sup> promoting the event. They would like to use the parking lot on the corner of Main St. and E. Park. They are requesting access to an electrical outlet and permission to put up two 15x15 tents to host a band in the lawn and if Orleans County Buildings and Grounds could put these tents up.

Further discussion will occur at next week's Buildings and Grounds committee meeting regarding the request for use of the Courthouse grounds.

Chairman Smith opened the floor for discussion. Paul Lauricella, Lyndonville, addressed an earlier discussion on positions in the county and he suggested that prisoners be utilized on projects at the Nursing Home, Highway Department, Marine Park and various other departments. This could save taxpayers money because we have all this labor that could be used. He commented that they owe the taxpayers who pay for their stay at the prisons.

Legislator Kent addressed a Highway Department position in which we are replacing one person who left. We are not adding to the workforce. He did indicate that he felt we should consider an additional person at Buildings and Grounds. Mr. Lauricella's point is well taken and prisoners are cleaning up the roadsides at this time. Doug Granger, from the prison, has a crew who works at Cooperative Extension and in other areas. Legislator Kent said it is worth exploring to see if they can do more than what they are doing now. In some degree, it is in place and there is a lot of judicial red tape.

Paul Lauricella added that we should not only look at prisoners from our prisons but also from our local jail, low level offenders.

Legislator Bower responded that in our County jail there are no convicted felons, they are in the state prisons. They do go out on work details to help out local organizations. The County has worked out arrangements with the Magistrates, that rather than sentence an offender to jail to fill up the jail, they assign them to weekend work crews. Years ago, we tried to have supervised workforce during the day which was costly and had a situation with an escape while working. The weekend program works well.

Thom Jennings, Albion, suggested that the County Legislature change their meeting times to later in the evening when more people could attend. During the budget process and now with undertaking a major Capital Project in building a new jail, the taxpayer should have an unlikely hardship to attend meetings due to their work schedules if meetings were scheduled in the evening. He knows the argument in the past is that when meetings were held at 7 p.m. no one showed up, but we have not faced a project of this magnitude in many years. This will allow taxpayers to have an opportunity to attend meetings if they are scheduled later in the evening.

Mark Taylor, Holley, questioned the status of the Ethics Committee. Chairman Smith indicated that a resolution is on the agenda to appoint members to the Board of Ethics. Mr. Taylor asked when it will move forward. Chairman Smith indicated within thirty days.

Legislator Rush attended Town Board meetings in Carlton and Kendall; and the Fish and Wildlife Management Board meeting in Canandaigua. Legislator Kent and he attended the Property Committee at Cooperative Extension. He performed this month's audit. He attended the Aging Advisory Meeting and a large concern there is that Seniors will have a hard time paying for their heating costs with having a limited income. The HEAP program has regulations on what they provide. Legislator Rush questioned if we can adopt a resolution to forward to our State and Federal Legislators requesting them to raise the limits to help with their energy needs.

Legislator Kent added that an individual at the advisory meeting said she paid \$4.699 a gallon for fuel oil. At that meeting, lowering thermostats, shopping around for prices and many other ideas were discussed to help the seniors. At the Cooperative Extension meeting, they itemized 14 issues that need to be completed and they do not have funds for materials but have the people to do the work. Legislator Kent added that the fair represents the County very well and it is an opportunity for us to showcase

the County. It would be nice if we could help them out in these projects. Three students from Albion High School went and helped with Bingo at the Villages of Orleans. The residents really enjoyed them being there. The students were very patient and diligent in what they were doing. Legislator Kent was impressed with these individuals.

Legislator Bower reported that students helped in the face lift of the activities room. They placed a shuffle board court on the floor and received a grant to purchase a flat screen TV which is now hanging on the wall. They have the Wii game and plan on having bowling leagues and the ability to play carnival games such as ring toss. The students in our Nursing Home got behind this project and really wanted to make this work. Legislator Bower discussed the issues of smoking in the County and the problems it can cause. Cancer deaths are high because of smoking. Legislator Bower had a conversation with a resident in the Nursing Home who quit smoking. He could not smoke anymore because he is a resident of the Nursing Home. It has been brought to Legislator Bower's attention by several people about employees who smoke outside and what it is doing to their health. He believes it should be a smoke free County including all County property including vehicles. With being Chairman of the Health Committee, Legislator Bower has discussed this with the Health and Mental Health Boards, and they see the benefits of having a smoke free County. These Boards have written letters to the Legislature supporting this idea. The votes are there on the Legislature to do this. It is not something we like to do, to take rights away from of a person. Legislator Bower will introduce a resolution to do this effective January 1<sup>st</sup> which will be a good New Year resolution. He will be working with Attorney Schubel to establish the resolution. School Districts and hospitals are smoke free. Many years down the line, we will be thanked for doing this. Legislator Bower will keep the board informed of his progress.

Legislator Eick met up with Ms. Dills from Congressman Reynolds office while at the Shelby Town Hall. He expressed to her the need for more money for road repair based on increasing oil prices. He also asked if any grants were available for our Jail project. She would take these concerns back to Congressman Reynolds. Andrew Meier spoke about tax abatement at last evenings Supervisor/Legislator Meeting. The group felt that the County should look into this further. He attended the EAP picnic this noon at the Nursing Home.

Legislator Johnson added that Chairman Smith and Vice Chairman

Callard hosted a consortium here last Thursday on consolidation of government. All Villages and Towns were invited and we had a host from the NYS Commission on Local Government Efficiency and Competitiveness that Governor Spitzer formed. She provided figures on how many elected government officials there are in New York State. This group was very well accepting to look at how we can pare some of these layers off to consolidate services. She thought it was a step in the right direction and very well done.

Legislator Callard said that the Chairman and himself will now visit the Superintendents of the School Districts and discuss other ways we can share services. We will prepare a list of ideas mentioned, some novel and some repeated by many. We will then divide into groups to work on ideas. Legislator Called added that several meetings have been held at the Nursing Home regarding the landscaping. There is a need to have an overall plan to do the parking lots. Legislator Callard traveled with the Director of Emergency Management to visit Genesee, Wyoming and Monroe Counties EMO operations. It was very informative for him to see how we compare with other counties. In many regards we compare well with their operations. It appears we have a great report with Monroe County because they have included us in an Intermunicipal grant and we can share equipment. Legislator Johnson will follow up in touring Niagara County EMO operations.

Legislator Eick mentioned that he and Chairman Smith attended the Intercounty Meeting and toured the Emergency Management operations in Livingston County and toured the inside of the Mt. Morris dam.

Chairman Smith stated the he also attended the Supervisor/Legislator meeting.

Legislator Eick moved to add two resolutions to the agenda; seconded by Legislator Bower. Motion carried.

Legislator Callard reviewed and further moved the resolution approving and adopting a Nepotism Policy for Orleans County; seconded by Legislator Johnson. Legislator Kent requested a summary of actually what the resolution provides. Basically, we are avoiding situations of hiring people who are under the direct supervision that may be related to them or are members of the household. Legislator Kent stated that the resolution imposes the policing of this on the Chief Administrative Officer in the most part to anticipate that it might create a conflict of interest. Legislator Callard said that most of this can be precluded in the application process. Mr. Nesbitt explained that Personnel has adopted a disclosure form for relationships disclosed. Legislator Kent commented that we are not saying that people can't be employed by the County who are related to people who already work for the County, we are just talking about chain of command and disciplinary review is that correct? The following resolution was adopted:

#### **RESOLUTION NO. 254-608**

#### **APPROVING AND ADOPTING NEPOTISM POLICY FOR ORLEANS COUNTY EMPLOYMENT**

RESOLVED, that this Legislature approves and adopts the following Nepotism Policy for Orleans County:

##### **Policy and Procedures regarding Nepotism**

##### **1. Purpose:**

This policy is designed to guard against employment relations from which nepotism or charges of nepotism might arise, to assure reliability and the appearance of fairness in the best interests of the County, to assure and maintain accountability and to avoid the potential for employment related conflicts of interest.

##### **2. Policy:**

It is the policy of Orleans County not to discriminate in its employment and personnel actions with respect to its employees

and applicants on the basis of marital or familial status. Notwithstanding this policy, no person shall be appointed or employed in any position in the County if such appointment or employment would cause the employee to come under the supervision of a relative or a relative member of the employee's household, either directly or through a chain of authority. Further, no person shall hold a position where he/she would be responsible for auditing or evaluating the work of a relative or a relative member of the employee's household.

3. Application:

This policy applies to all categories of employment, including full and part time, temporary, casual or seasonal appointments within all Departments or divisions of the County. This section does not prohibit the appointment, in the competitive service, of an individual if (1) the individual is within reach for selection from an appropriate certified eligibility list and (2) an equally qualified alternative selection cannot be made from the certified eligibility list.

4. Definitions:

a. . Relative: Includes individuals who are relative by blood, marriage or adoption including the following: parent, child, spouse, brother, sister, grandparent, aunt, uncle, niece, nephew, grandchild, legal guardian, foster child, in-laws and step relationships.

b. . Relative member of the employee's household: Includes individuals who are cohabiting with the employee as well as any individual of the cohabitant who are relative by blood, marriage or adoption including the following: parent, child, spouse, brother, sister, grandparent, aunt, uncle, niece, nephew, grandchild, legal guardian, foster child, in-laws and step relationships.

c. . Supervision: Shall mean any employee, regardless of job description or title, having authority (or practical power) in the interest of the

employer to hire, transfer, suspend, layoff, recall, promote, discharge, assign, reward, or discipline other employees, or responsibility to direct them, or to adjust their grievances, or effectively to recommend this action, if, in the connection with the foregoing, the exercise of this authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

5. Procedure:

- I. The County shall employ no person in any position that places such person under supervision of another employee to whom such person is a relative or a relative member of the employee's household. Exceptions may be approved, by the Chief Administrative Officer, for employment that would be for the benefit of the County.
- II. Whenever a department head proposes, as an exception to the County's policy, to employ a person or to continue the employment of a person in a position that would fall under the administrative supervision of anyone to whom the person is related in any manner specified in paragraph I, such supervisor shall prepare a written request for approval of each appointment or continuation. This request, which shall include an alternative procedure for supervision, shall be submitted to his or her immediate supervisor for review and recommendation, through each higher supervisory level, to the Chief Administrative Officer, for approval. Exceptions will only be permitted where there are unique circumstances and there is a benefit to the County.
- III. When two existing employees marry or begin cohabiting, and a determination has been made that the potential for creating adverse impact as described above exists, the department head in conjunction with the Personnel Officer, shall make reasonable efforts to minimize problems of supervision, or safety, security or morale through reassignment of duties, relocation or transfer. The proposed plan for accommodation shall be submitted to the Chief Administrative Officer for approval.

IV. The Chief Administrative Officer, in consultation with the County Attorney and the Chairman of the Legislature, shall have the final authority and responsibility for determining if a potential for adverse impact exists or does not exist, and deciding whether to approve the appointment or promotion of the applicant or employee.

6. Effective Date:

This policy shall become effective upon adoption by the County Legislature and applies to all future appointments and promotions of employees of Orleans County.

Legislator Bower moved to approve a Memorandum of Understanding for a GIS Initiative with the Department of Health and Lake Plains Community Care Network; seconded by Legislator Callard. Legislator Bower called upon Paul Pettit, Public Health Director, to explain this briefly. Mr. Pettit explained that this is a Rochester Health Foundation grant that Lake Plains and he applied for. We will use GIS technology to map all the private septic systems and private wells in our County using these grant funds. We can create a geo database of all these locations in the County and during this process convert all our paper files into electronic files. It is a three-year grant and Lake Plains is the grant administrator. It is going to be conducted with Genesee County's Health Department. The grant is for \$330,000 over three years which is \$110,000 per year. A lot of the up front cost will be to put a RFP out from Lake Plains for an engineering firm to create a functional database. Mr. Pettit expressed that it will take advantage of modern technology to bring our department up to speed at no cost to County taxpayers. Mr. Nesbitt added that once this three-year grant period is over, we will have all this infrastructure in place that we can place other layers of information unto this, other than Public Health information, which will be useful for the Real Property office, Planning office and EDA. We can continue to build on this GIS information. The following resolution was adopted:

**LEGISLATURE MEETING**  
**July 9, 2008**

---

Chairman Smith called the meeting to order at 4:34 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Oak Orchard Water Shed Protection Alliance will hold their meeting on July 15<sup>th</sup> at 7:00 p.m. at the Oak Orchard Yacht Club.

During open discussion, Paul Lauricella, Lyndonville, brought up a discussion held at the last meeting concerning smoking ban. He is tired of government micromanaging. He referenced a study he had from the Hartland Institute that was released on June 1<sup>st</sup> that scientific evidence shows second hand smoke is not a danger. He feels that personal freedoms are being taken away and feels that people should have the right to smoke outside. If this is about people's health, Mr. Lauricella suggests that they should ban the sale of tobacco products in Orleans County. Mr. Lauricella left a copy of this study with the Clerk of the Legislature to make copies to distribute. Mr. Lauricella feels that we can't do anything without someone telling us what to do. Mr. Lauricella also commented that he is fine with the decision that was made with the Board of Ethics.

Legislator Eick summed up that they have held their committee meetings and that all his departments are doing well.

Legislator Johnson stated that she had the honor of attending the Lyndonville Lions 4<sup>th</sup> of July festivities and they were spectacular, probably the biggest attendance so far. Legislator Johnson praised the Legislative staff for helping her with the audit and for all they do to prepare the vouchers for the audits.

Legislator Callard reported on the Shared Services Summit. The Chairman and he have met with most of the Superintendents of the Schools, with a few left to meet with next week. The School Superintendents' will be joining the consortium. They have decided that with the volume of ideas, that they would schedule regional meetings to prioritize the total listing of ideas shared. They will make recommendations to the whole group. Two steering committee meetings have been scheduled for next week.

Legislator Rush attended the Town of Murray Board meeting and the question was asked as to how full our Nursing Home was. He followed up that the Nursing Home has 119 residents out of 120. Legislator Callard added that we do have a waiting list.

Legislator Kent voiced that he continues to hear comments on the fuel oil sales tax. This is something that needs to be given a lot of consideration before October. He will be hosting a public input session on July 19<sup>th</sup> from 9 to 11 am at the Apollo should anyone wish to join him. We are moving forward with the Advisory Committee, holding a short meeting on that today. The Nursing Home holds Bingo on Saturday afternoons and they could always use more help with the residents. He stated that he was disappointed in the lack of support for an amendment to the slash buster resolution to have it stipulated for it to not be used in the months of April, May and June during the peak of the spring nesting season but appreciates the Highway Superintendent that he would make every effort in avoid using it during that time.

Legislator Bower reported that Mental Health and Public Health are running well and looking at cuts in state funding and need to take this into consideration as we move forward. In the Nursing Home good reports are surfacing, with not only the number of residents but also on the rehabilitation center. Within a month, we plan to have a report to provide encouraging news on how well this rehabilitation program is running.

Legislator Kent added that he has read through the Orleans County Community Services Annual Report and wanted an explanation on why the intakes were down 21% in 2007 over 2006. James Graziano, Director of Mental Health indicated it is due to staffing issues.

Mr. Nesbitt, the Center for Medicare and Medicaid at the Federal level has approved a new methodology for calculation of the upper payment limit. A plan was submitted from the NYS Department of Health. Essentially, what it means is that the Nursing Home, which we all know has been struggling financially, will see \$625,000 in additional money this year. It will be helpful in taking that grant off our books. There are ongoing structural increases in the Medicaid funding for the Nursing Home. It is a long term solution that the NYS Department of Health came up with. Mr. Glatz added that it has been an ongoing battle for over two years. Mr. Nesbitt also added that he has been working with Ken Crannell, NYSAC Legislative Director, about the 2% state funding cut across the board. We also need to be prepared for the additional cuts made by the Governor to the state agencies. The agencies are trying to make administrative changes were possible to shift costs. The Association has hired John Kate, a former state budget director, to do an analysis of what was done by the state in the budget. There will be an extensive presentation on that at the fall conference, which will be held in Niagara Falls.

Chairman Smith talked about the Biz Kids program. CCIA has bought the program so we do believe in economic development. CCIA will be having a program for the young people at Orleans County starting Monday, July 14<sup>th</sup> thru July 19<sup>th</sup>. The program will be held at Genesee Community College. Chairman Smith gave a quick overview of what the program entails. Feel free to join and sit in on the July 14<sup>th</sup> through the July 19<sup>th</sup> from 1:00 p.m. to 4:00 p.m. You can call and sign up a student at 589-6750.

The following resolutions were then adopted:

**LEGISLATURE MEETING  
July 23, 2008**

---

Chairman Smith called the meeting to order at 4:30 p.m. After the pledge to the flag, the Deputy Clerk called the roll. All Legislators were present. There were no communications.

Chairman Smith and Legislator Bower presented a proclamation for the Town of Murray Bicentennial. Henry Lehning, Supervisor of the Town of Murray and David Dill, Chairman of The Murray Bicentennial Committee honorably accepted this proclamation.

Treasurer's report was presented by Susan Heard. She made the Finance Committee aware that sales tax had an adjustment of \$313,000, so it is not on the tract that it was. She has not received a statement from the sales tax office to date. Legislator Bower asked where the adjustment needed to be made. Mrs. Heard will be able to review the statement when received. Legislator Callard explained that New York State overpaid counties sales tax erroneously, so we believe. Legislator Callard added that other counties suggested that counties be careful in budgeting sales tax as a revenue and lowering taxes on next year's budget. Mr. Nesbitt added that it was widely discussed at a Budget Officer meeting. Many counties felt theirs were not within the normal parameters so universally they felt there was a problem.

During open discussion, Eugene Outterson from Medina, came today to ask the County to rescind the 4% sales tax on home heating fuel. As a retired person and other residents, we will be struggling with the high cost of heating our homes this winter. Food is a necessity and is not taxed. Heating our homes is a necessity too and should not be taxed. The cost of home heating oil has increased more than 93% per gallon since last year. Mr. Outterson purchased heating oil in July 2007 and paid \$2.499/gallon with a 5% per gallon pre buy discount, sales tax of \$58.78 totaling \$1,528.18 to heat his home last year for 600 gallons. This July the pre-buy price is 4.699/gallon, no discount being offered, sales tax of \$112.78, for a total bill \$2,932.18. This is an increase of \$1,404 from 2007. The sales tax money should be used to buy heating oil for homes this winter. Mr. Outterson knows that the County will surely say that they need this sales tax money for budgeted expenses, relying on taxpayers and forcing them to cut their expenses to pay their bills and pay sales tax. Mr. Outterson expressed that as county officials, county government does not have to follow the same practices as home owners follow. He believes that the County has based the budget on gasoline at \$2.39/gallon, which gives the county \$0.09/gallon sales tax. As of July 18<sup>th</sup>, gasoline in

Medina cost \$4.259/gallon which \$0.17/gallon is sales tax, which is \$0.08/gallon over what the County budgeted. A July 16<sup>th</sup> Daily News publication, Albany provided information that Orleans County had the greatest increase in sales tax at 8.78%. It went from 12.56 million to 13.67 million dollars. Mr. Outterson questioned where and what has been done with this extra money? Has it been set aside? He also understands that three County Legislators are in receipt of full paid medical benefits by the county taxpayers. You are elected part-time officials. Mr. Outterson feels that this money should be used to help taxpayers. Most employers have employees that contribute to the cost to offset their expenses. These Legislators should do this also. Mileage is being paid to you for County business which is justified, but why should mileage be collected from your home to attending regular Legislature Meetings. You are elected and know what you are going to be paid for these positions from the start. It has been requested that Legislators take a pay cut by taxpayers and this group has ignored that request. Mr. Outterson asked what this Legislature has done with the Town of Clarendon's request concerning the heating fuel sales tax. If you are concerned about County residents and heating their homes this winter, you will eliminate the county sales tax on heating fuel. As a tax payer and retired person, it appears to Mr. Outterson that you are not listening to the taxpayers of Orleans County. If you had, you would have confronted these issues before this date.

Paul Lauricella, Lyndonville, agrees with Mr. Outterson's concerns. Bob Harding was unable to attend today's meeting and asked Mr. Lauricella to inquire about the projection system that is in the Capital Plan for \$15,000. Mr. Nesbitt explained the projection systems in the County Office Building and in the Legislature Chambers and was so noted in the Capital Plan. It will be for training and presentations. The system would include a screen, wall controls, white board, and projectors that would be ceiling mounted. Presentations would be done without last minute panic, stringing wires causing disruption to meetings and safety issues. Mr. Lauricella asked if this is the best price. Mr. Nesbitt asked if he would like to bid on it he could. Mr. Nesbitt indicated that this amount is not set in stone. Mark Watts, Director of Buildings and Grounds, expressed that this is an estimated cost. If it exceeds ten thousand dollars, it would need to go through the competitive bidding process. Mr. Lauricella inquired about the itemized listing of the Capital Plan. Mr. Nesbitt stated that they were available for public distribution at the last meeting but would be sure to supply him a copy.

Mark Taylor, Holley, also appreciates the comments of Mr. Outterson and asked if he is going to get an answer. Chairman Smith indicated anytime something is brought up in session, they will discuss this as a group.

Legislator Rush reported that he attended the Kendall Town Board meeting and Office for the Aging, Job Development and Social Services Committee meetings. He met with Chuck, Legislator Kent and Chairman Smith with Modern Disposal. He met at the Log Cabin with the County Sportsman Federation, attended the 4-H Fair several times including the Opening Ceremonies. He attended the Cooperative Extension, EDA and Aging Advisory Meetings.

Legislator Kent also attended his committee meetings, but missed the Cooperative Extension meeting. He also met with Modern Disposal regarding our solid waste contract. Legislator Kent expressed that it was pointed out that if we recycle more and we reduce the amount of garbage to the landfill, we could get a better consideration on our rates. There is a monetary value to the people of Orleans County to recycle. They do have a recycling operation in Lewiston. There is money in recycling, and we could benefit along with our environment. He met with the Advisory Committee applicants and interviewed them. He missed the meeting on the Shared Services Steering Committee. He attended the extremely enlightening Ethics Committee orientation that Attorney Schubel conducted and attended the Sportsman Federation meeting. He wrote some letters of support for a grant that the Village of Albion is trying to obtain. He has spent a lot of time lining up support for a resolution he will present at the next meeting. Assemblyman Hawley, Sheriff Hess and Attorney Schubel all seem favorable of this resolution and do not see any concerns.

Legislator Bower reported that besides attending his regular meetings, he met with Roy Salmon to follow up on how the County was doing with our agreement with him. Legislator Bower's concerns were the cleanliness of the property after the season was over. Mr. Salmon was satisfied with the lease agreement and did not have any complaints. Legislator Bower said that was a testament to our departments in our County, especially Tourism, who rallies up volunteers to keep the area clean and keep things under control during the fishing season. This was a real win for our County and Mr. Salmon is happy.

Legislator Eick attended his committee meetings and participated in the interviews for the Citizen Advisory Committee. They interviewed seven

candidates. He attended the opening ceremony at the fair and the Soil and Water meeting at the Log Cabin. He added that Monday night attendance at the fair was excellent. He attended the Supervisor/Legislator picnic at the fair.

Legislator Johnson commended Attorney Schubel for his orientation at that Ethics Committee and he did a superb job. She is glad we are on track with that now. Legislator Johnson encourages everyone to go to the County Fair. She also attended the Supervisor/Legislators meeting at the Fair.

Legislator Callard stated that Legislator Johnson and he chaired committee meetings this month. He hosted the first Shared Services regional Steering Committee in the Town of Shelby. Legislators Eick, Johnson, Smith and himself along with representatives from the Towns of Shelby, Ridgeway, Yates, Village of Medina and the Medina Central School District attended. They reviewed items of discussion developed from their previous meetings with elected officials and school districts. They want to get regional consensus of major concerns. From this first meeting, a major concern was Healthcare and then purchasing. The other Steering committees will be held and then we will come together again as a whole group in August to discuss regional concerns and how to move forward with these.

Chairman Smith shared how well the Biz Kids program went last week that Community Coalition Initiative in Action sponsored. It started July 14<sup>th</sup> and ended on July 18<sup>th</sup>. Twenty four students participated, and I hope next year many of you can visit the program while it is in session. It had several modules focused on marketing, goal setting, public speaking, interviewing skills, networking. The kids really got a kick out of it. The program went very well.

Legislator Eick moved to add one resolution on to the agenda; seconded by Legislator Bower. Motion carried.

**LEGISLATURE MEETING**

**August 13, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: InterCounty Association of Western New York meeting August 15, 2008, will be held at the Montezuma Audubon Center in Savannah, hosted by Wayne County. NYS Board of Real Property Services provided final state equalization rates for the 2008 assessment rolls for various municipalities in Orleans County. NYSAC Fall Seminar will be held September 24<sup>th</sup>-26<sup>th</sup> at the Conference Center in Niagara Falls. The 7<sup>th</sup> Annual Fall Land Use Workshop, co- sponsored by the Orleans County Department of Planning and Development and the Niagara County Department of Economic Development will be held on September 24<sup>th</sup> 2008 from 4:30 p.m. to 9:00 p.m. at the Albion High School Group Instruction room. Jerome Pawlak, President of Bells Food Center, Inc, provided letter supporting the importance of migrant farm labor to agriculture in Orleans County. Lori

Stupp, United Way Regional Director for Eastern Orleans, is asking permission on behalf of the United Way Board of Directors to display an outside banner advertising the 2009 United Way Campaign from Monday, September 29<sup>th</sup> to October 13<sup>th</sup> in the Courthouse lawn. The Fifth Annual Wolcott J. Humphrey III Symposium on Leadership and Community Life will be held on September 11<sup>th</sup> at Genesee Community College, Batavia Campus.

Chairman Smith and Legislator Bower presented a proclamation proclaiming August as Herbert Sewar Month at the Villages of Orleans. Mr. Sewar celebrated 30 years as a resident in the Orleans County Nursing Home on August 3<sup>rd</sup>. Legislator Bower mentioned that he has known Mr. Sewar for over 20 years and he has been strong for the Nursing Home and supportive of this body in our endeavor to build our new facility. Legislator Bower went one step further and wanted to honor Mr. Sewar from this day forward as the honorary Mayor of the Villages of Orleans.

All Legislators were provided a copy of the Treasurer's report and no further questions were asked.

Chairman Smith saved the open discussion until after resolutions are put forth.

Legislator Rush attended all committee meetings and the Town of Carlton Board meeting.

Legislator Kent inquired from the Chairman why he postponed the period of public comment. Chairman Smith indicated it would best suit our needs until after we do our resolutions. Legislator Kent did two blue bird presentations for the Nutri-fair sites in Albion and Kendall. He has acquired five flowering trees from Dell Ray Nursery in Akron for the Villages of Orleans; which were planted by Buildings and Grounds. He attended the LDC meeting. At this meeting, we approved \$10,000 for the village that is chosen for the Main Street designation and will move forward for a subsidy for store front start up businesses. He also attended his regular committee meetings and the Jail Advisory meeting. Today he spoke with Louise Slaughter regarding the proposed new order plan of 2007 and the lake levels regulation of the International Joint Commission and how it works. He asked her support for dredging the Oak Orchard Harbor. Congresswoman Slaughter indicated that Plan B plus might actually be put into place. Commissioner Grantis is in favor of Plan B plus; which would be helpful in recreational interests such as fishing and

tourism but not pleasing to the lake shore property owners. He also spoke to her about the heating situation and she expects that a good appropriation will be in place for the HEAP program for this year. She also spoke optimistically about getting an Ag Jobs bill passed and was optimistic as well about doing something to shore up social security. Legislator Kent spoke of a radio talk show host who made negative comments on the radio concerning a resolution that he was going to introduce to this Legislature. This resolution's central focus is a reminder that the Constitutions 4<sup>th</sup>, 5<sup>th</sup> and 14<sup>th</sup> amendments apply today as much as ever. He supports enforcement of Immigration Laws providing that the Constitution is not violated in the process. Orleans County Law enforcement has enough to do without having other unfunded mandates forced upon them. The resolution he is presenting today attempts to make it clear that agriculture is important to Orleans County's economy and migrant workers are vital to our agricultural sector. It emphasizes that constitutional principles of due process matters to us as our laws are enforced. It makes a commitment to human rights. When our illegal immigration dilemma plays out in our real world, families are often divided. The resolution speaks for itself, as the County Attorney told him, to be against it you would have to be against the Constitution and due process. Legislator Kent understands that Chairman Smith received many calls regarding this and inquired how many calls he received and if these callers saw the clarification in the Daily News and if they have seen the resolution that they were calling about. Legislator Kent took strong exception to the re-ordering of the public commentary until after the resolutions.

Chairman Smith indicated that he received three calls and he did not know if those callers saw the newspaper or the proposed resolution.

Legislator Bower attended his committee meetings and these departments are doing well and are in good hands. The Nursing Home currently has a waiting list. This is a real plus for the Villages of Orleans and for the citizens of Orleans County.

Legislator Eick was out of the country visiting Germany and Legislator Bower took on the responsibilities of meeting with his committees.

Legislator Johnson attended all of the Public Safety committee meetings and Finance meetings held in the past three weeks. She attended the Village of Medina Board meeting and the Jail Advisory Meeting. Legislator Johnson announced an evening Jail Advisory Committee

meeting to be held on August 26<sup>th</sup> at 7:00 pm and encourages people to participate during this large decision making process.

Legislator Callard added that the Finance Committee has discussed home heating fuel concerns and education is the first step in the process. Legislator Callard has invited the Commissioner of Social Services and Legislator Johnson has invited the Sheriff to speak at our next conference session so people know what assistance is available to them. We are very concerned with the preliminary discussions on the Governor's call for 600 million dollars savings from spending in the State Legislature and it appears that the State Legislature may accomplish this by passing the cost onto the County and onto the property owners through taxes. The Finance Committee will make recommendations in county spending based on this. Legislator Callard asked Chief Administrative Officer Chuck Nesbitt to read a message from NYSAC relative to the State Budget. Mr. Nesbitt read an article from the August 1<sup>st</sup> edition of the Albany Times Union regarding a commentary on the Governor's July 30<sup>th</sup> speech on the State's finances and that he announced that there is a 6.4 billion dollar budget gap in the 2009-2010 fiscal year. The New York State Budget Director, Laura Anglin, assured counties that costs would not be passed down to local governments. This leads to another communication from Ken Crannell, Legislative Director of NYSAC, who stated that it is clear that the counties could be impacted significantly by an additional across the board reduction in aid in localities and new cuts to county operated Nursing Homes. Mr. Crannell further wrote that in addition that these proposals could represent the largest cost shift in counties in decades. Mr. Nesbitt further read about the Medicaid reductions that will negatively impact county operated Nursing Homes including the elimination of the public nursing home grant worth 35 million dollars this year and 100 million dollars next year; elimination of Nursing Home trend factor on half year basis in calendar year 2008 and full elimination in 2009; reduction of the 2008 rebasing transition payments; delay of rebasing payments from January to April of 2009 and capped 2009 rebasing payments. Mr. Nesbitt said this means bad news for the Nursing Home, and we thought earlier this year we would see the light at the end of the tunnel. Mr. Nesbitt further read a statement from Steven Acquario, Executive Director of NYSAC, who stated, "let's be clear here, we are not cutting aid to counties, they are cutting reimbursements for programs that county governments are required by State statute to deliver. We still have to spend taxpayer money to deliver the States programs; the difference is that we just have less of the States funding to pay for it. If we are going to make the hard choices to address the current economic situation, then we

need to reduce State programs and services not simply shift more cost to county property taxpayers.”

Legislator Eick moved to add 2 resolutions to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 305-808**

Legislator Johnson stated that this resolution is very important and is being presented at the same time in Genesee County. We are collaborating with Genesee County officials to work towards a Shared Services Grant to look at regionalizing the County Jail with Genesee County and trying to meet our needs. New York State mandates every County to have their own County Jail but New York State is telling us to consolidate services. In order to do this, we need to change the law and we are seeking our Chief Administrative Officer to work with the Genesee County Manager to prepare this Shared Services Grant to see if regionalizing is something we can do, therefore she further moved the resolution. Legislator Kent seconded the motion. Legislator Callard commented that we are entering into unchartered territory and he does not like being mandated by the state in terms of unfunded mandates. He commends the Jail Committee in looking at every alternative and the regionalization, which may or may not reduce cost, is a great step to undertake this study to see if it is feasible. If it is we should pursue it wholeheartedly and maybe sign the state act in response in what they are asking us to do and allow us to do things less expensively than what the State would otherwise have us do. The following resolution was adopted.

**RESOLUTION NO. 314-808**

**RESOLUTION NO. 323-808**

**AUTHORIZING THE ESTABLISHMENT OF A CONTINUITY OF GOVERNMENT ADVISORY COMMITTEE FOR ORLEANS COUNTY**

WHEREAS, the ability of the Orleans County government to function is critical to ensuring the health and safety of all citizens of the County; and

WHEREAS, the type and magnitude of the effects of a diminished work environment cannot be predicted and recent acts of terrorism in New York and elsewhere, outbreaks of Severe Acute Respiratory Syndrome (SARS) and various widespread natural disasters, as well as the need to plan for a pandemic influenza outbreak, have served to heighten the need to ensure emergency response and continuity of operations as a priority; and

WHEREAS, normal day-to-day procedures usually are not sufficient for effective disaster response, as extraordinary emergency measures must be implemented quickly to continue certain essential services, and

Legislator Bower moved to approve an agreement between the Health Department and Venesky and Company; seconded by Legislator Callard. Legislator Kent felt we should inform the public of this resolution. Mr. Nesbitt stated that due to the rising costs in the Community Home Health Agency through the Public Health Department over the last several years, we feel we should take a good hard look at how we are delivering services so we can bring those costs back down. Genesee County went through a

very similar operation, and they were able to bring it down to zero county costs and that is our intent in adopting this resolution. It is to have the study completed and have controls in place to keep an eye on bringing those costs back in line. Legislator Kent said that if this succeeds, it would save the County about \$170,000. Legislator Bower said we might not get it down to zero, but we could get partial back and it would still be successful. Mr. Nesbitt added that it might not be possible in one year for zero county cost, but in two years it would be well worth it. The following resolution was adopted:

**RESOLUTION NO. 324-808**

**APPROVING AGREEMENT BETWEEN HEALTH DEPARTMENT  
AND VENESKY AND COMPANY**

RESOLVED, that this Legislature approves an agreement between the Health Department and Venesky and Company, 611 State Route 31, Cicero, NY 13039 to conduct a SWOT analysis to create a business plan to reduce costs and maximize revenue for the County Certified Home Health Agency at a cost of \$11,000, at a County cost of \$7,040.

CORPORATE COMPLIANCE PLAN AND PROGRAM FOR  
ORLEANS COUNTY**

WHEREAS, the policy of Orleans County always has been to conduct its business in compliance with all applicable and constitutional laws and regulations, and with adherence to the highest ethical standards; and

WHEREAS, the Orleans County Legislature recognizes that federal and state laws and regulations require that certain healthcare providers/entities that receive Medicaid funding are required to develop and implement formal corporate compliance plans and programs; and

WHEREAS, in light of the foregoing, and in light of the importance of limiting the potential exposure of the County and its employees, agents, governing board members and officers, the Orleans County Legislature believes that adoption of a formal County Corporate Compliance Plan and Program is desirable;

NOW, THEREFORE, IT IS HEREBY RESOLVED that the Orleans County Legislature adopt and implement a County Corporate Compliance Plan and Program.

Chairman Smith opened the floor for public comment: Lynne Phillips, of Albion, is the President of the League of Women Voters in Orleans County. She wished to address the immigration resolution that Legislator Kent has put forth and is now tabled. She cannot speak for the local League of Women Voters because their meeting is tomorrow evening; however the National League of Women Voters have done studies on immigration and she read the U.S. position from the League on Immigration.

Karen Cushing, of Albion, is concerned of the ill treatment of those in the migrant community by immigration authorities. She has witnessed these individuals being forcibly removed from the aisles of the local grocery store in an undignified manner by Immigration officials. Her daughter works at the store and witnessing this has caused her distress. She has witnessed border patrols in parking lots. Ms. Cushing read Article 2, 7 and 9 of the Universal declaration of Human Rights. These people come here with a great sacrifice and families are in danger. People are here to work and it is wrong to be hustled off.

Paul Lauricella, of Lyndonville, spoke on the other side of the issue. If they are here legal he welcomes them, if they are illegal and they are doing something wrong than immigration should become involved. The US Constitution is for US citizens stated Mr. Lauricella. If he did something wrong in Mexico, he would probably be thrown in Jail if he

was there illegally. In Mexico their laws do not apply like ours. He understands that the farming community needs their help. Mr. Lauricella feels that we need to change our labor laws to allow teenagers to work.

Ami Kadar, Director of the CETA Program, stated that people put their families at risk because they don't have anything and this is their last chance to come here and do something. You need a lot of money in the bank to obtain a visa. In Mexico, they live in drastic conditions and risk their lives. They come here to work for their families. They contribute and are key players to our economy. Legislator Kent's resolution recognized that and gives credit to them. They are human beings like us and have intelligence just like us. Farmers here are struggling and are moving or not continuing to farm. In support of Legislator Kent's resolution, Ms. Kadar stated that it does acknowledge this vital and crucial contribution the farm workers make to our economy, and we cannot forget the founding principles of this country. No matter where people come from, we all have some basic civil and human rights. Due process and equal protection should be allowed by everyone. Ms. Kadar read a letter in support of the resolution from Rev. LeBaron of the Albion Free Methodist Church.

Debbie Keller, of Medina, is ashamed that we have to beg for a resolution for basic human rights for these people that we rely on. She respects the Board's views, but thinks that they are misguided in the fact that if there are illegal's here, it is the person who hires them who is responsible for that. Ms. Keller feels that we would not have any problems with immigration at all if in fact the farmers, or CEO's, who hire these people need to check all their credentials and if things are out of sorts, go after that person. She referred to the Universal Declaration of Human Rights that was passed for practically all the countries in 1948. Ms. Keller said that if you really want to go after the answer to the problem, go after the person who hires illegals.

Sister Judith Justinger, works with the Hispanic Migrant Ministry, and has worked with this ministry for eight years in Monroe, Orleans, Genesee and Niagara Counties and resides in Orleans County. In her views, the problem this resolution puts before is multifaceted. Immigration has no simple solution and will not be solved soon. It is not a question of changing the law but changing many laws and many attitudes. This resolution is not dealing with the law, but with an attitude. The attitude, in her understanding, is that every dark skinned person who looks like they are from of Mexican heritage is a potential victim of harassment. It is a

question of racial bias. The laws need to be enforced, and the person who shops in the grocery store has not broken any law. Crossing the border to come into this country is wrong but it is not a criminal offense. It becomes a criminal offense when they use an assumed name or you use someone else's documents. Many of these people have been here for centuries and many past generations are citizens. The resolution that is tabled is simply a plea to law enforcement agencies in this County to spend their time where they are needed and let the enforcing of the immigration statutes go to ICE and the Border Patrol.

Lawrence Nelson, of Albion, asked who is going to do this work if they won't do it. Mr. Nelson commented on the history of those individuals willing to work in the fields. We have people who are willing to work but now won't let them do it. Mr. Nelson commented of a situation when a worker was having a problem and called law enforcement. They took him away and then came for the rest of the crew. It is wrong that they can't get help without being in fear of being taken away.

Gene Outterson, of Shelby, has had the occasion to work with migrant workers and farmers can't find anyone who works harder or find someone who will do the job like they do. The majority of migrants he worked with want to earn a wage, not gain citizenship. He blames our politicians in Washington because if they allow them to come to work to earn a wage, we would not have these problems. Most people do not want to do this type of farm work and can't get people to work for \$7 to \$8 an hour when they can receive the same income on welfare. He agrees with Legislator Kent's resolution and they do deserve recognition for what they contribute to the farming industry in Orleans County.

Bob Golden is Chairman of the Holy Justice Committee at the Holy Family Parish in Albion and was appointed to the National Advisory Council on Alcohol and Substance Abuse under the Reagan Administration. He believes the Immigration Reform and Control Act of 1986 was never enforced and that is why we have 13 million undocumented people in this country. This is due to economic pressures. Mr. Golden stated that he did not see Legislator Kent's resolution being directed towards any particular agency but to just adhere to the constitution standards. Until somebody at the national level or maybe state or local level really tackles this issue and figures out what to do, 13 million people would be allowed into this country and be able to work. The least we should do is to adhere to the law we have currently and to the

constitutional amendments. That is what Legislator Kent's resolution requests.

Gary Saunders, community member for 23 years is the Pastor of the Presbyterian Church, and his central streams of effort in his generation have been to work on the concept of community and how we live together well. He is one that helped work on the resolution that is on the table. We live in a strange place at a strange time and the immigration issue is on that we trip over everywhere we go. It is not the power of this Legislature to settle these kinds of issues which is a federal thing. Part of our Orleans County community is an agricultural workforce and no one can dispute that they are part of our Community. Rev. Saunders indicated that this Legislature is in a remarkable position because a statement can be made about our community. This Board has the power, the ability, and the opportunity to say as the Orleans County Community, it is a kind of bed rock that applies to everybody who is here. He has sensed in previous deliberations regarding Albany mandates of being jerked around, but in this instance, a statement can be made on their own that everybody in this County is protected by basic human rights. He hopes that this board acts on this opportunity to stand up to be counted and not wait for Washington to do a miraculous thing.

James Renfrew, Presbyterian Minister in Clarendon, would like to make a comment regarding this tabled resolution. In his course of ministry, he has enjoyed meeting with farmers, farm workers, local merchants, pastors and community leaders. He is proud that his congregation has hosted gatherings that have involved farm workers so people who live in the same community who are almost invisible to each other, can share a meal together. We have a calling to meet our neighbors, to help each other. He is pleased to provide a comment regarding Legislator Kent's resolution. His denomination has undertaken comprehensive reviews of immigration policy since 1953. He referenced a quote made in 1981 from his denomination. "Mexican immigrants reveal our divided minds about immigration. They are told they are needed but at the same time they are not wanted. They are regarded as both burdened and benefited." Pastor Renfrew has spoken with farmers who are deeply worried as to who will bring in the harvest and others have commented this is the life blood of the economy of this County. Merchants also depend on a large part of their sales from these people who have moved into our County. He has spoke with Pastors who say these people are afraid to attend their church services. He discussed an encounter with a farm worker and this individual's greatest hurt is that the hard work that he does is not

appreciated. Pastor Renfrew believes we all hold common ground with Legislator Kent's resolution and encourages its passage.

Legislator Eick commented that as a retired farmer, this has been an ongoing problem for years. The producers who hire these people are not educated enough to know if the paperwork is legal. They say they can start working and then ICE is pulling them out of the fields for illegal paperwork. We can't blame the producers for this type of procedure. He has been in Farm Grow for 30 years and immigration has been talked about in Washington and New York for at least ten years. He has lobbied in Washington and it is a big problem that no one has an answer to. We are not going to solve it by passing this resolution, but we can support what this County needs. Agriculture is the number one industry in our County, and we need the farm workers. Immigration is a problem all over the world.

Chairman Smith offered Legislator Kent the opportunity to move this resolution off the table and move forward. Legislator Kent moved it from the table; seconded by Legislator Eick. Motion carried.

Legislator Kent moved the resolution affirming the importance of migrant farm labor to agriculture in Orleans County for adoption; seconded by Legislator Eick. Legislator Eick stated that he has some problems with some of the wording. Legislator Eick would like to offer an amended resolution by substitution in the entirety and further read the new resolution presented. Legislator Eick moved to amend the resolution as so read in its entirety; seconded by Legislator Bower. Motion carried to amend the resolution. The following resolution was adopted:

Legislator Eick did the auditing of the vouchers today and met with the Elections committee this afternoon. We went to the RC&D meeting last week. They work with the Watersheds of the area and also land conservation and Soil and Water.

Legislator Bower said in addition to the regularly scheduled meetings, he had the opportunity this week to review the budgets for 2009 for his committees. They look like they are in good order. He thanked the department heads. He and Legislator Rush attended the Wooden Boat Festival. It went really well and everyone seemed to be enjoying themselves.

Legislator Kent said that he and Legislator Rush looked at the Workforce Development and the Housing budgets and signed them. He attended a long family focus meeting at Nursing Home. People were wondering about the CNA class whether or not we can get somebody to train the people. They encouraged everyone on the Legislature to visit the Nursing Home especially on the weekend. Family Focus group is going to create a fund to, hopefully pay for some items that are extras that the Nursing Home could use. They have some concerns regarding the air conditioning system. He attended the Office of the Aging Advisory Council meeting yesterday. He also spoke with Jim Bensley for the potential of County liability with respect to wind turbines and he reassured me that there was not likely to be any County liability for the problems that occur as a result of installation with wind turbines. He attended the Jail Advisory and Elections committee. He also stated that he still doesn't understand why public comment is being put off until the end. He said he doesn't understand the purpose of talking about it if we have already acted on it. Having public comment at the beginning of the meeting encourages public participation. Legislator Bower agrees.

Legislator Rush attended all his regular meetings.

David Schubel said that the Ethics Board met last week and it was their first meeting after our orientation session. Jeff Swartz was elected Chairman of the Board and Bryan Spangler was elected as Vice Chairman or alternate Chair in the event Jeff is unable to be there. The committee talked about the scope of what they wanted to do and also meeting time and dates. They would like to meet regularly on Wednesdays at 5 p.m.

Chairman Smith said he attended the Intercounty meeting in Savannah, New York. He also was at Iroquois Job Corp and they asked him to speak on the importance of voting. The League of Women voters were there and a person from the Democratic Party as well.

Chairman Smith opened the floor for public comment, with there being none, Legislator Eick moved to enter into executive session at 5:04 p.m., seconded by Legislator Johnson. Motion carried. Chairman Smith informed the public that no further business will occur.

Chairman Bower moved to reconvene meeting and come out of executive session at 5:06 p.m.; seconded by Legislator Kent. Motion carried.

Paul Pettit held more discussions concerning the titles of the Environmental Health Employees. A request of change resulted from the need to place employees in the appropriate title for the work being performed. The current division consists of two Technicians, two Sr. Technicians and two Sanitarians. These titles have been being used since the Health Department was created back in the 1970's. These duties have shifted and the supervision is no longer a viable reason to maintain the old structure. The Health Committee was presented a proposal to abolish the Technician and Sr. Technician titles and make all staff Sanitarians. This shift would put all staff at an appropriate titled position for the work they are performing.

Various members of the Committee were concerned that abolishing the titles would eliminate the ability to advance and would lock them into one title. With this concern in mind, the development of a promotional tract was created and supported by the committee. The promotional tract consisted of employees being hired as technicians, after two years move to Sr. Tech, then after 3 additional years, move to Sanitarian. This tract would allow all employees to reach the Sanitarian title after five years of service. The proposal was discussed with Personnel to create a resolution to put this tract in place. The Director of Personnel commented (after review with this committee) that this proposal was possible but the Finance Committee was not in support of this. The Finance Committee indicated that this was the first they heard about it.

Legislator Callard did not understand the lack of filling this position relative to the water program. Mr. Pettit added that the Health Department was notified that it was failing to maintain effort (MOE) in its water program (including the water enhancement grant). Maintaining effort in all Health programs is a basic requirement for receiving State Aid. The reason for this reduction is due to many issues including the expansion of water districts, which reduces the amount of water systems on private water. The State recommended that a way to address this problem would

be to fill the current vacancy and adjust staffing (titles and pay) and apply the additional expenses to the water program.

Mr. Pettit stated that this grant has been in place since 2001 and no sign in going away. It helps with water structures and water protection of our water supplies. If we don't maintain effort, they will reduce the state aid for that program. An option is to stay as is and have our state aid reduced. We are trying to find a way to avoid this.

Legislator Johnson discussed the same type of issue that occurred in the Public Defender's Office. We need to be sure that the perceptions are clear here. Legislator Johnson felt that we need to concentrate on the classifications of the positions and not on the maintenance of effort of the expenditures.

Mr. Pettit further advised that in other counties there has been a shift in moving towards creating just Sanitarian positions. The trend is to be more consistent in the modern structure of Environmental Health.

Legislator Bower and Legislator Eick both stated that this has been discussed at length in their committee meetings. The Legislators provided the idea of the promotional tract. This was not in agreement and we bring before this group today for further discussions.

Legislator Callard stated that the Finance Committee will meet and discuss this further. Mr. Pettit was hoping to resolve quickly to avoid these individuals from taking more than one civil service exam. Mr. Nesbitt stated that based on job descriptions the Sanitarian position requires a more technically skilled person and would then create a more professional staff. Mr. Pettit was in full agreement with that statement.

Mr. Nesbitt wants to know exactly what the financial implications will be. He feels that the state will be able to quantify this. Legislator Johnson requested a chart to show us direction and justify budget implications. Legislator Bower directed Mr. Pettit to give the Finance Committee what information they need to thoroughly review the issue.

Legislator Bower moved to adjourn; second by Legislator Kent. Meeting adjourned at 5:38 PM.

**LEGISLATURE MEETING**  
**September 24, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Johnson.

The Clerk presented the following communications: Integrated Domestic Violence Court is requesting to place purple ribbons around the trees on the Courthouse Square to recognize Domestic Violence Month in October. Orleans County Planning Board will hold their regular meeting on September 25<sup>th</sup> at 7:00 p.m. The 6<sup>th</sup> Orleans County Agricultural Industry Tour will occur on October 3<sup>rd</sup>. Orleans United Against Substance Abuse Coalition will be holding a complimentary breakfast at the Village Inn on October 8<sup>th</sup> at 8:30 a.m. to announce their recent grant award for the Drug Free Communities Grant and to introduce their new coordinator Kaitlin Smith. Genesee Finger Lakes Regional Planning Council presents their Fall 2008 Local Government Workshop on November 14<sup>th</sup> at the Genesee River Restaurant and Reception Center, Mt. Morris. Resolutions adopting the Orleans County All Hazard Mitigation Plan from the Towns of Barre, Gaines and Ridgeway have been received and filed in the Legislature Office and forwarded to the Planning and Development Department.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through August 2008. In the months of July and August, sales tax revenue was lagging, but has improved a bit in the month of September.

During open discussion, Legislator Eick reported that a Citizens Advisory Meeting was held bringing the group together for introductions.

Legislator Callard held full committee meetings. He attended several IDA meetings. The Chairman and he visited with OTB representatives, Martin Basinait and Marcia Tuohey.

Legislator Rush attended the Youth Board meeting. He went to Rochester to attend a Regional Planning Board Meeting. He attended the County Sportsman Federation meeting and had a few items of interest he wanted to discuss. The Federation has a walleye pond at Iroquois Refuge. This is the first year they did not remove any walleyes from the pond. They put in 31 thousand during the time the weather was changing and unsure if the water was too cold. They typically harvest 6 to 20 thousand walleyes from that pond. Reported there is sufficient game available for hunting

season. Only one Eagle hatched at the Iroquois Refuge. The walleye pond is chlorinated this year, which hopefully will bring a better year next year. The State Legislature passed legislation for deer hunting to allow Jr. hunters, ages 14 to 15, to hunt deer with a gun. Hunting courses have been held at various locations in Orleans County and attendance has increased. He attended the Supervisor/Legislators meeting where shared services discussions were held regarding assessing.

Legislator Kent went to North Carolina to visit family and in his return he visited Russell Nursery in Lockport to obtain trees for the Nursing Home. He attended the Cooperative Extension meeting with Legislator Rush and at that meeting several questions were asked about the overall financial picture of our County. He spoke with Doug Granger, Orleans Correctional, about the possibility of having his work crew help with the renovations of the vacant wings at the Nursing Home. Mr. Granger indicated that they may be able to help in the winter of 2009 into 2010.

Legislator Bower reported that in addition to his regular meetings, himself, Chairman Smith and Chuck Nesbitt are currently attending the NYSAC Conference in Niagara Falls. At these meetings, the news is discouraging. The State is not in a good financial state and even worse since Wall Street took a tumble. We can expect that the counties will get less funding which we need to consider at budget time. We need to brace ourselves for some tough roads ahead.

Chairman Smith asked the Legislators for approval for the United Way Fundraising Campaign banner to be placed on the Courthouse lawn and for purple ribbons, recognizing Domestic Violence Month in October, be placed around the trees in the Courthouse Square. All members were in favor of these requests.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Callard. Motion carried. The following resolutions were then adopted:

Legislator Callard presented a resolution in its entirety calling upon New York State Congressional Delegation to support an increase in the Federal Medical Assistance Percentage to provide New York Counties with property tax relief. Legislator Callard added that it is just not a resolution coming from Orleans County alone, it originates from New York State Association of Counties who has joined with Governor Paterson to urge Congress to authorize this increase before the close of the Congressional session in a few weeks. In New York, Medicaid represents the largest single program expense in every county budget. It siphons away the limited resources needed to fund other critical budgetary needs on the county level. New York is among a handful of states that receive the lowest FMAP, at 50 percent. New York State and its counties fund the remaining 50 percent of Medicaid payments. Legislator Kent seconded the motion. The following resolution was adopted.

**RESOLUTION NO. 363-908**

CALLING ON THE NEW YORK STATE CONGRESSIONAL DELEGATION TO SUPPORT AN INCREASE IN THE FEDERAL MEDICAL ASSISTANCE PERCENTAGE (FMAP) TO PROVIDE NEW YORK COUNTIES WITH PROPERTY TAX RELIEF

WHEREAS, under Federal Law, local governments are not responsible for any portion of Medicaid funding, however Congress has given states the ability to require local governments to share in financing the non-federal share of Medicaid costs; and

WHEREAS, the United States Centers for Medicare and Medicaid Services, data demonstrates that no other state in the country financially burdens its localities like New York State; and

WHEREAS, Medicaid represents the largest single program expense in every county budget and siphons away the limited resources needed to fund other critical budgetary needs at the county level; and

WHEREAS, the National Governor's Association (NGA), including Governor Paterson, have supported a proposal for a temporary increase in the Federal Medical Assistance Percentage (FMAP) as an economic stimulus option that would provide more federal funding for state Medicaid programs; and

WHEREAS, the NGA has indicated that it would both help to stimulate the nation's economy and shore up the safety net for low-income families; and

WHEREAS, this proposal would provide nearly \$1.6 billion in fiscal relief to New York State, including \$480 million in relief to county government; and

WHEREAS, this FMAP increase would reduce the local Medicaid burden and provide immediate property tax relief to the residents of New York State:

NOW THERE FOR BE IT RESOLVED, that the Orleans County Legislature calls upon the New York Congressional Delegation to support an increase in the Federal Medical Assistance Percentage (FMAP) to provide New York's local taxpayers with relief from the crushing financial burden of the Medicaid program; and

BE IT FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to the New York State Congressional Delegation, Governor David Paterson and all others deemed necessary and proper.

Chairman Smith opened the floor for public comment. Mark Taylor, Holley, said he attended the Ethics Committee meeting. He is concerned that they don't have any power. He sees five people, who have dedicated their time to serve on this board, that have no power at all. Mr. Taylor asked for the Legislature to elaborate on this. Chairman Smith inquired as to what he means when he says they don't have any power from Mr. Taylor. Mr. Taylor thinks that they don't have power to make recommendations and looks like to him it was set up for a fishing expedition. If he has a complaint to the Ethics Commission, he gives it to them and they give it to the Legislature and that would be the end of that. Legislator Kent said that they can issue advisory opinions. Jeffrey Schwartz, Chairman of the Ethics Board requested permission to speak. Mr. Schwartz stated that the Board has not had an opportunity to submit to the Legislature all the issues that they have discussed and what the rules are going to be. Mr. Schwartz felt Mr. Taylor's comments are premature and to wait until the Legislature has reviewed what the Board has done and approve what they have done.

Paul Lauricella, Lyndonville, stated that he was at the last Ethics meeting and thought that the Board was going to make a presentation today to ask

for more power. They said at the last meeting that there was no need to have this Board if they didn't have any subpoena power, power to call witnesses, or make recommendations if they found someone guilty. They also stated at their meeting that a member of the public could not go to this Board with a concern, it is only available for County employees. Mr. Lauricella felt that if this Board does not have any authority, the committee is a fraud.

Legislator Kent stated if a resident has a question regarding ethics, they can address that with a Legislator to present it to the Ethics Board. He understands that they can issue advisory opinions and unless the ethics complaint or question relates to a specific individual, instead to a class of individuals those things can be available through Freedom of Information Law. Legislator Kent said some of this is to benefit county employees and Legislators to get an impartial opinion if something is ethical. Legislator Kent does not know what Mr. Lauricella wants from this Board. Mr. Lauricella would like to see in the Ethics Board what they are recommending.

Mr. Taylor said he has brought complaints to the Legislature. The Legislature said that they don't have power over elected officials. Mr. Taylor was upset about a FOIL request that was not produced timely and was costly. Mr. Taylor felt that this was done to hinder what he was requesting. This is an issue that should go to the Ethics Board and he should be held accountable, that is what we are looking for in this Board. Mr. Nesbitt said that sounds like a legal matter because this person did not comply with the Freedom of Information Law.

Mr Schwartz added that what they are referring to is at the last meeting it was discussed that he make a presentation to this Legislature and submit what the Board has done so far in conformance with what the Legislature wanted them to do in accordance with Local Law 3 of 2008. Due to scheduling restraints, Mr. Schwartz was directed to submit a written report. Chairman Smith asked Mr. Schwartz to provide this report to the Clerk for distribution.

Legislator Callard moved into executive session at 5:01 p.m. to discuss collective negotiations pursuant to Article 14 of the Civil Service Law authorized per Open Meetings Law section 105(e), seconded by Legislator Rush. Motion carried. Chairman Smith advised the public that no further business will take place after they reconvene the meeting from executive session.

Legislator Callard moved to reconvene their regular Legislature meeting at 5:40 p.m., seconded by Legislator Eick.

Legislator Rush moved to adjourn; second by Legislator Callard. Meeting adjourned at 5:40 p.m.

**LEGISLATURE MEETING**  
**October 8, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Genesee County Legislature forwarded their adopted resolution No. 343-2008 to authorize their County Manager to collaborate with Orleans County officials in a study to regionalize county jails in Orleans and Genesee through a Local Government Efficiency Grant Application. The County of Orleans Audit Report for the year ended December 31, 2007 from Eldredge, Fox & Porretti, LLP has been filed. Orleans County Joint Veterans Council will hold the Company F Monument Dedication on October 14 at the Medina Armory at 10 a.m., with a luncheon immediately following at the VFW, 216 East Center St. InterCounty Association of Western New York will hold their meeting at Byrnclyff Resort and Conference Center, Varysburg, in Wyoming County on October 17. Program will consist of a presentation and tour of the High Sheldon Wind Project. Iroquois Job Corps Center announces their Fall Graduation Ceremony on October 24<sup>th</sup> at 2:00 p.m. in the Recreation Center. Orleans County EAP will be sponsoring a Defensive Driving Course on October 29<sup>th</sup> and 30<sup>th</sup> from 6-9 PM at the Christ Episcopal Church. There will be a joint seminar of the Orleans and Genesee Counties Integrated Domestic Violence Court Stakeholders on November 6 from Noon until 2:30 p.m. at the Elba Fire Hall. Orleans County Farm Bureau announces their 53<sup>rd</sup> Annual meeting to be held on November 6<sup>th</sup>. Patrick Hooker, Commissioner, New York State Department of Agriculture and Markets sent notice that they certified the inclusions of predominantly viable agricultural land in Orleans County Agricultural Districts No. 2 and No. 3. A Resolution adopting the Orleans County All Hazard Mitigation Plan from the Town of Clarendon has been received.

The Treasurer prepared an Analysis of Monthly Cash Receipts and Disbursements through September 2008 that was on the desks of the Legislators.

Chairman Smith asked if anyone from the public would like to comment. No public comment was offered.

Legislator Rush attended the Energy Forum and his other committee meetings. He has joined all the Legislators in the discussions at the Budget meetings.

Legislator Kent also attended the Energy Forum that Office for the Aging sponsored. He was concerned of comments of citizens who pre-bought fuel oil at a larger cost than what it is now. They are stuck with the pre-buy price they negotiated in July. This should be addressed by someone. He attended the LDC meeting. He spoke with Orleans Correctional about sending a crew over to Buildings and Grounds and succeeded in getting the proper paperwork needed to have work approved by the Correctional Facility.

Legislator Bower stated that in addition to his regular meetings, he has been involved in the budget meetings. He has met with two Holley board members to look at the old canal path that traveled through Holley to try to enhance that. At the recent LDC meeting, they established a rent subsidy program, setting aside \$30,000. If they meet certain criteria, they could be eligible for \$250 a month, for a year towards their rent. It will help establish small businesses in our four villages. Legislator Bower is on the three person committee to review these applications.

Legislator Eick went on the Ag Tour with Cooperative Extension and had 50 people participate. They toured the Ethanol Plant and new grain facility owned by Todd Roberts. Soil and Water had tour and viewed various projects that they were involved in. This morning he attended the GCASA breakfast. GCASA was awarded a \$125,000 grant to continue with their educational endeavors. He will be attending this evenings ARC meeting.

Legislator Johnson stated that this was her first budget go-around and that we are in tough financial times. She commended the Department Heads for allowing the Legislature to “slice and dice” their budgets. In speaking of hard financial times, she commends Genesee County for adopting the

resolution to collaborate with our county on the regionalization study of a county jail.

Legislator Callard also attended the Energy Forum and stated that they did a great job on informing the public on energy issues through the large variety of vendors in attendance and prepared people well of handling current energy issues through the slated speakers. He attended the IDA meeting and some subcommittee meetings. He visited the Chamber of Commerce and has been involved in the budget preparation meetings.

Chief Administrative Officer, Chuck Nesbitt, reported on attending the fall NYSAC conference and specifically one of the key speakers. John Cape, a consultant, who was hired by NYSAC to do a financial study of the States financial position and to report back to the counties. Mr. Cape was a former Budget Director under the Pataki administration and was a Cuomo appointee. A presentation was given by Mr. Cape of the state's finances as of the latest time they called the special session of the Legislature in August. At that time he showed, the best case scenario, at least a 6 billion dollar shortfall that has been described and has painted a very grim picture of what needs to be done at the state level to overcome this billion dollar shortfall. Since that time, Mr. Nesbitt has supplied our Legislative Board the latest update from the Governor's Budget Office that was released on October 3<sup>rd</sup> that described the worsening of the state's financial picture relating to the Wall Street crisis. Mr. Cape described several actions that could be taken by the state, all of which were unprecedented in their financial scope, including two billion dollar cuts in the Medicaid program, laying off 5,000 state workers, a \$500,000,000 cut in education funding as well as a \$2 billion income tax increase. All of which would still leave us with \$1.6 billion short, which would likely come back to localities to try to recover that money going forward. Mr. Nesbitt said that is the perspective in which we are looking at our budget. A problem we are facing is that the State Legislature has chosen to reconvene session on November 18<sup>th</sup>, which is very odd timing because Counties, by statute, are to file their preliminary budget by November 15<sup>th</sup>. This leaves us with no options in terms of reactions to what the State is doing. Mr. Nesbitt advised that once you adopt a preliminary budget we cannot raise it just lower it. If the State removes significant revenue that we are expecting in order to carry out our operations, we will be in very difficult financial times. NYSAC has provided an outline of fifteen to twenty different suggestions on how the counties and the state can responsibly approach the issues at hand and partner in a way to reasonably cut aid to localities in a way that gives counties discretion in terms of how

we cut our own budget and staff if it comes to that. We are hopeful that NYSAC is successful in getting an audience with the Governor's office as well as the State Legislative leaders that would be involved. Mr. Nesbitt is very concerned that our concern will not be heard.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Rush. Motion carried. The following resolutions were then adopted:

Legislator Bower moved to pay the bills; seconded by Legislator Callard. Legislator Bower stated that he pulled one bill that is from one of the town courts. He believes that we should not pay this bill and he will discuss further with Attorney Schubel to review this and possibly communicate with the Town Justice so we all are aware of what the taxpayer should and should not pay for. He will hold until he is satisfied with these discussions. The following resolution was adopted:

### **LEGISLATURE MEETING October 22, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Callard.

The Clerk presented the following communications: Daniel Schiavone, DDS forwarded a letter concerning dental plans. The Orleans County District Attorney will be presenting Safe Homes-Safe Streets Initiative, Landlord Training, The Trespass Affidavit Program and Narcotics Eviction on October 29<sup>th</sup> at 7:00 PM at the Orleans County Courthouse.

Chairman Smith opened the floor for public comment. Michael O'Keefe, an attorney for the assigned council program, stated that he is here because the County is withholding payment of his vouchers. He requested that if there is not a problem with the services he has provided, that the County pay his vouchers as requested. He understands that the vouchers are from 2007, but there is case precedence that payment of services must be made and that the County is indebted to him. If it is decided to continue to withhold them, he requested a letter to be written with explanation as to why so he can set up a suspension cause of action. A copy of the case law was given to Chairman Smith. He stated that he has spoken with Attorney Schubel and Treasurer Heard on this matter. He provides a discounted service to the County for indigent people and would like to be paid for that. Legislator Bower advised Mr. O'Keefe that he should submit his bills in a timely manner. Mr. O'Keefe said he does not have a problem submitting his bills in a timely manner but expressed that there is no County policy submitted or approved of rules on when and how to submit these vouchers. Many other counties have policies. He now can't be held to the arbitrary rules that pop up and the case laws state that the common rules of contract law prevails. He claims that he would whole heartedly follow the rules if a plan is in place. Legislator Kent questioned Mr. O'Keefe if it would be reasonable if work was done in February of 2007 to submit his voucher prior to August of 2008? After much discussion, Mr. O'Keefe requested that policies be addressed and set up for the submission of vouchers. He claimed that pattern of practice has been that all of his vouchers have been accepted regardless of the tardiness of them. He said that he has submitted 2006 vouchers in 2008 with no question and does not know why it is an issue now. Treasurer Heard explained that the State Comptroller has been auditing and brought this issue to the forefront. The Auditor advised the Treasurer that she has no legal authority to make payment when money was not accounted for at year end to pay these bills. Chairman Smith will take this issue under consideration.

Jeff Glatz, Administrator of the Villages of Orleans, provided an update on the Memory Walk that they hosted in September for the Alzheimer's Association. Their fundraising goal was \$10,000 and \$13,000 was raised. This year, Niagara Falls was lit in purple and hands were joined across the international bridge to bring the Canadians into our mission. Mr. Glatz asked if there is a significant building in Orleans County that they could light up in purple for next year's event on September 26, 2009. Mr. Glatz asked for it to be given consideration for next year's event. He thanked all who participated in this year's event.

Andrew Meier, Village of Medina, encouraged the Legislature to pass the two property tax exemption Local Laws that are on the agenda this evening. He has addressed this subject at past Legislature meetings. Mr. Meier wanted to acknowledge all of the hard work that the Legislature has put in to thoughtfully consider this proposal and certainly the culmination of hard work done by Dawn Allen; and Legislators Callard and Johnson is greatly appreciated. Chairman Smith asked Mr. Meier if the graduating exemption reductions of the eight and ten year time frame fall within the statutory limits. Mr. Meier stated that the proposed Local Laws do follow the statutory guidelines.

Legislator Eick reported on attending his regular committee and town board meetings. He attended the memorial dedication at the Medina Armory and stated it was a nice ceremony and the monument is beautiful.

Legislator Johnson reported on the budget hearings and stated that the Treasurer and Chief Administrative Officer worked hard preparing them for this budget. She wished to note, with sympathy, the passing of Bill Vick this past weekend. Mr. Vick served on the Orleans County Legislature from 1984 to 1989, and served as Chairman for two years.

Legislator Rush stated he attended the Towns of Kendall and Murray Town Board meetings and went to the regional planning meeting in Rochester with Wayne Hale. He also has been working on the budget.

Legislator Kent attended the Company F Monument dedication in Medina and the project was very impressive. He wanted to call attention to a very good article that appeared in the Journal Register on October 13<sup>th</sup> which was entitled "Help for those who have served". It applauds the work of Mary Jo Syck and Paul Fulcomer at the Veterans Service Agency. Our participation rate at Workforce Development is 42%, at three months running has been near 40% which is outstanding. This puts us ahead of other counties in New York State. It's owed to a lot of hard work by many at that office, particularly Gloria Nauden. He has participated in the budget meetings. He attended the Cooperative Extension and Veteran Services Council meetings.

Legislator Bower said in addition to the budget meetings, he attended the Intercounty Meeting in Wyoming County. After the meeting, the fourteen counties represented are concerned with how we are going to fair with the state budget. We are going to have to be on our toes and may need to make adjustments to our budget come November. He toured a wind farm

that is constructing about two turbines a day, with a total of 70 to be in operation. Their revenue is going to be \$800 thousand a year and their budget for a year is \$750 thousand. It will be a blessing for those that live there because of the high taxes and that is why they are getting on board with wind energy.

Legislator Kent wanted to bring attention to refund anticipation loans. Habitat for Humanity New York is putting a flyer warning about these loans because you can pay up to 700% interest on these loans and strongly advising people against these loans.

Legislator Rush followed up on the Hazard Mitigation Plans. The Village of Lyndonville and the Towns of Barre, Clarendon, Gaines and Ridgeway have adopted the Orleans County Hazard Mitigation plan. Legislator Rush asked if the Legislators who represent the Towns who have not been mentioned, to remind them to follow up with their adopted resolutions. Legislator Rush will provide copies to all the Legislators to follow up on.

Legislator Smith requested a moment of silence for the passing of Bill Vick, past Legislator of Orleans County. Chairman Smith attended a presentation by Tom Rivers at the Swan Library and said it was a well done presentation. He also took a bus ride on the OTS bus line and encouraged all the Legislators to do that in the future.

Legislator Eick moved to add 3 resolutions to the agenda; second by Legislator Bower. Motion Carried. The following resolutions were then adopted:

### **RESOLUTION NO. 383-1008**

#### **AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY**

Legislator Johnson moved to adopt Local Law No. 5 of 2008 for property exemption for Capital Improvements to residential buildings and the Finance Committee along with Mr. Meier's aide has done a lot of work on this, seconded by Legislator Kent. Legislator Bower stated he was in favor of this but felt eight years is too long. Legislator Kent added that we hope that this abatement will encourage home improvements which are often put off because of their concern of immediate assessment increases to pay for the home improvement. We also hope it will stimulate local businesses supplying materials and contractors doing home improvement related work. It will be a win all the way around. The following resolution was adopted:

Legislator Johnson moved, and read in its entirety, a resolution urging the Governor and the State Legislature to reduce State spending without shifting costs for State Programs to County Government. Legislator Bower requested the Chairman to have a unanimous second. It was seconded unanimously. Legislator Kent asked that “as well as pressures to add regressive fees at the County level” be added to paragraph three of this resolution and further moved the amended resolution. Mr. Nesbitt explained that the Association of Counties mentioned that requests have been made by the Governor’s Office to supply them with a list of possible local revenues that they could authorize us to raise so that they can shift costs to the counties without feeling guilty about it. Legislator Bower further said that NYSAC has not given them a list. Mr. Nesbitt added that NYSAC further advised the Governor’s Office that there is no such list and no such fees to be raised; that they should cut their own spending and pay for their own programs. Legislator Bower seconded the amendment. The following resolution, as amended, was adopted as follows:

**RESOLUTION NO. 394-1008**

**URGING THE GOVERNOR AND THE STATE LEGISLATURE TO  
REDUCE STATE SPENDING WITHOUT SHIFTING COSTS FOR  
STATE PROGRAMS TO COUNTY GOVERNMENT**

WHEREAS, Counties in New York have long served as the principal partner in administering the State’s most critical programs in areas such as health, human services and public protection; and

WHEREAS, as part of administering these programs, the State mandates that counties fund a significant portion of these programs through the county budget; and

WHEREAS, these State mandates are the root cause of high property taxes at the county level as well as pressures to add regressive fees at the County level; and

WHEREAS, the enacted budget for State Fiscal Year 2008-09, included an across the board 2 percent reduction that affected over 100 county programs; and

WHEREAS, the majority of the programs affected by this across the board reduction are State mandated, thus, significantly limiting a county’s ability to mitigate the fiscal burden of this State action; and

WHEREAS, the State policy makers continue to address looming State budget deficits it is critical that they draw a clear distinction between “cuts” in State funding and simple cost shifting that requires counties to fund a larger share of State mandated services; and

WHEREAS, as experienced managers who must balance their own budgets, county officials understand and support the need for spending restraint, especially in difficult times; and

WHEREAS, counties believe that it is preferable to restructure and eliminate unnecessary and wasteful spending than to implement across the board reductions without examining the merits of each program and service:

NOW THEREFORE BE IT RESOLVED, that the Orleans County Legislature calls on the Governor and State Legislature to reduce State spending without shifting the costs for State programs to county government; and

BE IT FURTHER RESOLVED, that the Orleans County Legislature believes that by working together, the State and its counties can fashion program efficiencies and changes that provide real, timely and mutual fiscal benefit, while minimizing the impact on taxpayers; and

### **LEGISLATURE MEETING**

**November 12, 2008**

---

Vice Chairman Callard called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Chairman Smith.

The Clerk presented the following communications: InterCounty Association of Western New York meeting is November 21, 2008 in Genesee County at the Milton Cat Batavia Facility. Genesee County Self Insurance and Orleans County Self Insurance present Workers' Compensation Information Day on November 20<sup>th</sup> from 2:00 to 4:00 p.m. at the County Building Number 2 at 3837 West Main Street Road in Batavia. Oak Orchard Watershed Protection Alliance is holding a meeting on November 19<sup>th</sup> at 7:00 p.m. at the OC Soil and Water Conservation District.

Treasurer's Report – Mrs. Heard handed out the report. She continues to hold steady in this uncertain time. She is up fronting the Road Fund some money from the General Fund. They will be able to return that money in December with their chips money. There were three payrolls in October, which show the increase in the payroll amount.

Vice Chairman Callard asked about how many more sales tax distributions we would have. Mrs. Heard said we will have two in November, four in December and one in January to complete the year.

During open discussion, Vice Chairman Callard invited the public to have the privilege of the floor and for any comment to be made within three to five minutes.

Slawomir Majorowski demanded investigation of his real estate property in the Town of Carlton and issued a letter requesting the Legislature to look further into this potentially serious problem. The letter is of three pages and signed by him and his wife Anna Majorowski who was also present. Mr. Majorowski went into detail about the problems.

Vice Chairman Callard stated that we will distribute the letter to the members of the Legislature. While assessments are a function of the town, we realize there is a problem and will meet with all the parties in concern to do what we can to sort it out. We thank you for coming and will do our best to sort it out in a reasonable manner.

During open discussion: Legislator Eick attended the Soil and Water meeting, Employee Recognition Luncheon, Farm Bureau Annual Meeting and Cooperative Extension had a dinner for Leader Recognition.

Legislator Johnson has been kept busy with Fire Advisory Board and Fire Chief Association and the Jail Advisory Committee.

Legislator Bower attended his regular scheduled meetings in addition to the dinner we had for the Leaders Association for 4-H. It is a real nice time to show our appreciation for these volunteers.

Legislator Kent said we all attended a three-hour budget meeting. Legislator Rush and he were at the Aging Advisory Council. He attended the Shared Services Summit meeting, the Employee Recognition Luncheon and the Veterans Ceremony.

Legislator Rush attended two meetings at Cooperative Extension, Fish and Wildlife Board Meeting, Self Insurance Advisory Meeting, Legislators/Supervisors meeting, Aging Advisory Meeting, Budget Hearing, IDA Meeting, 4-H banquet, Veterans Day Ceremony and our department committee meetings this morning.

Vice Chairman Callard stated that he is concerned about the price of gasoline and he heard on the news that Buffalo has the highest rates in the entire nation. Some of the responses are distribution. He finds it hard to believe that Buffalo is any farther set aside than other parts of the country that can possibly justify the rates. He had an opportunity to speak to the Assistant Attorney General for the State of New York. There is a question of jurisdiction so the Clerk of the Legislature was asked to check with congressional representation: Congressman Reynolds and Congresswoman Slaughter to see who exactly is responsible for this. There seems to be some thought that the FDC is, but as soon as we find out, it behooves to pass a resolution and encourage our perspective Legislators to investigate this matter and find out why the Buffalo area has the highest gasoline in the entire nation.

Legislator Eick moved to add one resolution; second by Legislator Rush. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 404-1108**

Legislator Kent moved the resolution to establish the Day Care rates in the Department of Social Services; seconded by Legislator Rush. Chairman Smith asked if the rates are dictated to us by the state. Commissioner Ludwig stated that the state provides us a ceiling and we cannot pay over that ceiling rate. We are under the ceiling because we do not want our rates higher than what private payees pay. So when providers establish a rate we try to understand what that private rate is, because if we establish a higher rate that would encourage them to increase the rate and private pay people would have to pay more than what the provider is actually asking for. In most cases, we are around or slightly under what private pay ranges are. The following resolution was adopted:

**RESOLUTION NO. 431-1108**

**LEGISLATURE MEETING**  
**December 10, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Eick.

The Clerk presented the following communications: Received the Orleans County Cornell Cooperative Extension 2008 Annual Report. A resolution from Niagara County Legislature was received requesting Governor Paterson to order an investigation of gasoline dealers possible price gouging. Resolution adopting the Orleans County All Hazard Mitigation Plan from the Village of Albion has been received and filed in the Legislature Office and forwarded to the Planning and Development Department. The Clerk read a notice from NYS DOT regarding replacement of Route 31 bridge over Erie Canal, Town of Clarkson, near the Monroe County-Orleans County Line Road. Project is scheduled to begin July 2009, with an anticipated completion date of December 2010.

Chairman Smith and Legislator Kent presented a proclamation to Rev. Gary Saunders, of the First Presbyterian Church, recognizing and congratulating them for over 30 years of service to the elderly living in Orleans County and their families through the Orleans County Nutrition Program. Special recognition plaques were also presented to Don Ross, Lynn Miller and Brad Shelp who have been involved in the program since it began.

Treasurer's report distributed – Treasurer Heard reported that November looks good. That is because of the recent resolution regarding IGT money. This Friday she will be writing the retirement check. CAO

Nesbitt pointed out that this is the first time in several years that the County has paid the retirement bill in December rather than in February, which saves us about \$30,000 in additional charges for retirement. We got off schedule back in 2005 and it took us up until now to get back on schedule. Chairman Smith applauded them to getting back on schedule.

Legislator Bower moved to add one resolution to the agenda; second by Legislator Rush. All in favor.

Chairman Smith opened the floor for public comment, with there being none; Legislator Johnson reported that we had good attendance at our 2009 Budget Public Hearing at the Courthouse. She mentioned that the public wanted access to the budget prior to the hearing. Copies were available and several were picked up from the Legislature Office. She also thanked the Treasurer's Office for working so avidly with them on the budget.

Legislator Callard stated that they had a meeting at the Nursing Home of the committee that is working on the Dementia walkway. Large scaled drawings were viewed and depiction of the types of flowers, bushes, and trees to be used, along with water treatments were included. Master gardeners will be invited to be part of the group along with an eagle scout. We are hoping to move this along in early spring.

Legislator Bower reported that he, and Legislator Eick, held their regular committee meetings. He added that all these departments are running in top notch fashion and that they are doing a fantastic job in respect to staying within their budget and running competent programs.

Legislator Kent has attended his committee meetings. He mentioned an article in the Batavia Daily on budgets in the various counties was very timely. It didn't point out that Orleans County gives out a portion of sales tax to our towns and villages. As the CAO pointed out, if we didn't give out the sales tax, it could lower our county tax rate by \$.91 per thousand in 2008.

Legislator Rush attended the Youth Board Christmas Party and he attended the Town of Carlton Town Board Meeting. He performed the audit this month.

Chief Administrative Officer Nesbitt has been visiting departments to check on their needs and get problems solved.

Chairman Smith wished to thank all the Department Heads, Legislators, Treasurer's Office and Chief Administrative Officer. They all did a tremendous job in getting our budget finalized.

The following resolutions were then adopted:

counsel claims have been submitted late and we need to get current year claims in the current fiscal year. Resolution was seconded by Legislator Callard. Legislator Rush added that during his audit he found several assigned claims submitted for services back in June of 2006. Legislator Bower asked how attorneys are going to be informed. Legislator Johnson said that the Orleans County Bar Association will be notified. Attorney Schubel will take care of contacting the Bar Association and will also speak to the Orleans County Magistrates Association. Legislator Kent is concerned about attorneys from other counties. Attorney Schubel expressed that the word will get out. The following resolution was adopted.

Legislator Callard moved to adopt the 2009 Orleans County Budget which represents a zero increase in taxes for the year; seconded by Legislator Johnson. Legislator Kent stated that it should be noted that the entire Legislature spends a lot of time on the budget, hour after hour, day after day; and he stated that it might be understood by some people in the community as to how much time is spent on this. In general, we did a fine job on the budget as, he thinks in every year he has been on the board, everybody is real serious about it and delves into it with great concern. **LEGISLATURE MEETING**  
**December 23, 2008**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The County Treasurer's Office has reported that all Departments that hold petty cash accounts have been examined for 2008. Orleans County Planning Board has set their meeting dates for 2009 and their meeting calendar has been received. Oak Orchard Watershed Protection Alliance meeting will be held on January 5, 2009 at the Orleans County Soil and Water Conservation District Office at 10:00 a.m. Final resolutions adopting the Orleans County All Hazard Mitigation Plan from the Village of Medina and the Towns of Kendall, Murray and Albion have been received and filed in the Legislature Office and forwarded to the Planning and Development Department. All fourteen resolutions have been received.

During open discussion, Thom Jennings questioned a statement that was made about him running a primary against Legislator Kent. Chairman Smith stated that this is not a time for political discussions. Mr. Jennings stated that he would appreciate in the future that the Legislature meetings be moved to a time in the evening that would be more accessible to most of the general public. Legislator Bower responded that in 2006 meetings were changed, having one meeting a month at 7:00 p.m. We did see that attendance did decrease at this meeting. We did try it without success. Mr. Jennings felt that it takes time for people to become aware of it. He feels that with the large County Jail Project on the horizon that the public may have a heightened interest in attending these meetings to see what is going on. It also may be a sense that people think that what they say may not mean anything at this point. Mr. Jennings feels that offering the meetings at 7:00 p.m. would be a message to the general public that says that we would like you to attend and participate if you can't do so at the 4:30 meeting. Legislator Kent added that he has taken the same position and will continue, and that we should have every other meeting at night to

increase the accessibility of government to the people of this county. He explained his involvement on the Board of Habitat for Humanity and how it took the public many years to learn of this organization. It took ten years or more for people to catch up with that. What makes this board think that trying to have night meetings for every other session for six, eight months or a year is going to allow the people to catch up with the fact that we are having night meetings, said Legislator Kent. He added that 98% of the people in this County do not even know where the Legislature meets. He said it frustrates him that this Board does not get this and he feels that it is about making government more accessible to people. Legislator Kent said that Mr. Jennings is right on point with this issue. Legislator Callard addressed the article that Mr. Jennings wrote concerning going bowling rather than attending the Budget Hearing. Mr. Jennings stated that he felt that nothing he says matters, that is why he wrote that.

Legislator Callard reported that they continued their meetings at the Nursing Home regarding the Dementia Walkway and hope to present the drawings at the first January Legislature meeting.

Legislator Johnson reported on the Jail Advisory meeting and Finance committee meeting that Legislator Callard and she attended. The Finance Committee has met with the Treasurer and the Finance Committee will recommend that when the Treasurer closes the books for 2008 that we set aside monies for the Jail Construction Project. This will be increasing monies that we have already set aside for that project. The Finance committee will come to this board when the books are closed with that amount at a later date.

Legislator Eick said that he attended the Highway Department luncheon and the rest of his committee meetings were at the beginning of the month.

Legislator Bower reported on attending the Christmas Party at the Nursing Home. He said that for some of the residents, this is the only time that family comes in to visit their loved ones. He has suggested that a summer gathering be scheduled so they may visit twice. He has heard nothing but great compliments of the care and staff at our facility. The party is a highlight of the Christmas season for him and thinks it would be for many others.

Legislator Kent said that he attended the Jail Advisory meeting. The Citizens Advisory Committee met on December 11<sup>th</sup> and he felt it was a

good meeting. Another meeting is scheduled for January 8<sup>th</sup> at 6:30. He met with Ed Fancher concerning Long Term Care Council business and attended a joint Veterans Service meeting. The Cooperative Extension meeting addressed their financial situations and the Aging Advisory meeting was cancelled. Legislator Kent wrote letters to our New York State elected representatives to appeal to them to help us out with any economic stimulus infrastructure money that the federal government may make available. He feels the Jail project would be a great candidate for this. Legislator Johnson expressed her appreciation for his letter writing. Additional follow up letters were written by other Legislators’.

Legislator Rush also attended the Cooperative Extension and EDA meetings. He reported on meeting with the Real Property Director, Dawn Allen, to discuss a few assessments in the Town of Carlton.

Attorney Schubel advised the board that at last week’s County Bar Association meeting, Mr. Church, the Public Defender, and himself reviewed the policy that was adopted by this Legislature with respect in getting some uniformity in processing of vouchers for assigned counsel. They felt the policy adopted was reasonable and appreciated the County sending forth the policy to give guidance in respect to this subject and also in the matter of the outstanding vouchers that had become an issue. They were all appreciative that this was resolved and at this point forward, they foresee the policy to work well.

Chairman Smith said that a year and a half ago, Legislator Bower nominated him to become the Commissioner for Orleans County on the Rochester Genesee Regional Transportation Authority. He received a letter from the Governor’s Appointment Office that he has been appointed to the RGRTA Board and has been named the Orleans County Commissioner to oversee OTS in Orleans County. He was quite pleased and thanked the Board.

Legislator Rush moved to add one resolution to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 482-1208**

**RESOLUTION NO. 507-1208**

## APPROVING MODIFICATION TO THE EMPLOYEE HANDBOOK

WHEREAS the Federal Department of Labor has revised the final regulation under the Family and Medical Leave Act, it becomes necessary that the Orleans County Employee Handbook be updated;

RESOLVED, that this Legislature approves the following changes to the Orleans County Employee Handbook effective January 1, 2009:

*Under the FAMILY AND MEDICAL LEAVE section, the entire section will be replaced and will read:*

### ***FAMILY AND MEDICAL LEAVE***

Employees who have been employed for at least one (1) year, and for at least 1,250 hours during the preceding 12-month period are eligible for family and medical leave. Except for those employees designated as “highly compensated employees”, employees will be returned to the same or to an equivalent position upon their return from leave. The law defines “highly compensated employees” as salaried employees who are among the highest paid 10 percent of the employees employed within 75 miles of the facility at which the employee works. Family or medical leave will be unpaid leave; however, employees must use their accrued sick leave and annual leave while on family medical leave as a result of the employee’s serious health condition and must use their unused accrued annual leave while on family and medical leave for reasons other than because of the employee’s serious health condition.

### **REASONS FOR LEAVE**

All employees who meet the applicable time-of-service requirements may be granted a total of twelve (12) weeks of unpaid family and medical (“FMLA”) leave and/or paid sick, and annual leave combined, during any 12-month period (the 12-month period commences with the first day of FMLA leave), for the following reasons:

- (1) the birth of the employee’s child and in order to care for the child; or
- (2) the placement of a child with the employee for adoption or foster care; or
- (3) to care for a spouse, child or parent who has a serious health condition (care for parents-in-law is not covered by FMLA); or

- (4) a serious health condition that renders the employee incapable of performing the functions of his or her job; or
- (5) because of any qualifying exigency arising out of the fact that the employee's spouse, child, or parent is a covered military member on active duty (or has been notified of an impending call or order to active duty) in support of a contingency operation; or

A husband and wife who are eligible for FMLA leave and are employed by the County shall be limited to a combined total of twelve (12) weeks of leave during any 12-month period if the leave is taken for birth of the employee's child or the care for the child after birth, for placement of a child with the employee for adoption or foster care or to care for the employee's parent with a serious health condition.

All employees who meet the applicable time-of-service requirements may be granted a total of twenty-six (26) weeks of unpaid family and medical ("FMLA") leave and/or paid sick, and annual leave combined, during any 12-month period (the 12-month period commences with the first day of FMLA leave), for the following reason:

- (6) to care for a covered servicemember with a serious injury or illness if the employee is the spouse, child, parent, or next of kin of the servicemember.

Based on the type of FMLA taken, the following accrued paid leave must be used:

<b>LEAVE UNDER THE ACT</b>	<b>ACCRUED PAID LEAVE THAT MUST BE EXHAUSTED*</b>
Birth, Adoption, Foster Care	Annual, Comp. Time
Care for a Family Member	<u>Sick</u> , Annual, Comp. Time
Employee's Serious Health condition	Sick, Annual, Comp. Time
<u>Exigency</u>	<u>Annual, Comp. Time</u>
<u>Covered Servicemember</u>	<u>Sick, Annual, Comp. Time</u>

The entitlement to leave for the birth or placement of a child for adoption or foster care expires twelve (12) months from the date of the birth or placement.

\*Does not apply to leave granted under Section 23.2 of the CSEA Agreement (childbearing leave).

## **APPLICATION FOR LEAVE**

In all cases, an employee requesting leave must complete the “Application for Family and Medical Leave” and return it to the County Personnel Officer. The application must be completed in full including the reason for the leave, the duration of the leave, and the starting and ending dates of the leave.

## **NOTICE OF LEAVE**

An employee intending to take family and medical leave because of an expected birth or placement, or because of a planned medical treatment, must submit an application for leave at least thirty (30) days before the leave is to begin. If leave is to begin within thirty (30) days, an employee must give notice to his or her immediate supervisor and the County Personnel Officer as soon as the necessity for the leave arises.

An employee needing leave is required to provide the County with notice of the need for leave. The employee must submit an FMLA application. Failure to submit a completed FMLA application may result in disciplinary action, up to and including discharge. The employee must explain the reasons for needed leave so as to allow the County to determine that the reason for the leave is for an FMLA-qualifying reason. If the employee fails to explain the reason, leave may be denied. Notice should include enough information to make the County aware that the employee needs FMLA-qualifying leave, and the anticipated timing and duration of the leave. Failure to provide timely notice may result in a delay in or the denial of the leave and/or cause the absence to be considered as unexcused, which will subject the employee to disciplinary action up to and including discharge.

The employee should provide as much advance notice as possible so that the County can make appropriate arrangements to cover any work that needs to be performed in the employee’s absence. The employee is also responsible for complying with any local rules regarding the reporting of absences. The minimum amount of required notice under the FMLA is as follows:

When the need for leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment of the employee or the employee's spouse, child or parent, the employee must provide the County at least thirty days' advance notice.

If thirty days' notice is not practicable, such as because of a lack of knowledge approximately when leave will be required to begin, a change in circumstances or a medical emergency, notice must be given as soon as practicable, ordinarily within one or two business days of when the need for leave becomes known to the employee. If the dates of leave are originally unknown, or if the dates of scheduled leave change or are extended, the employee is likewise responsible for giving notice as soon as practicable.

If the approximate timing for leave is not foreseeable, an employee should give notice to the Company of the need for FMLA leave as soon as practicable, ordinarily within one or two working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible.

Special rules apply when the employee fails to give advance notice of the need for leave and the employer does not learn of the reason for the absence until the employee's return (*e.g.*, where the employee was absent for only a brief period). In such circumstances, if the employer does not designate the leave as FMLA leave and the employee desires it to be counted as FMLA leave, the employee must, within two business days after resuming to work, notify the employer that the leave was for an FMLA reason. In the absence of such timely notification by the employee, the employee may not subsequently assert FMLA protections for the absence.

An employee taking FMLA leave is required to report periodically on his or her intent to return to work. If an employee needs leave beyond the anticipated date originally provided for the ending of such leave, the employee must provide reasonable notice to the County as soon as possible and no later than within two business days after learning of the need for an extension of the leave. The employee is also responsible for complying with any local rules regarding the reporting of absences. If the employee is able to return to work earlier than expected, the employee must provide the County with reasonable notice as soon as possible and no later than two days' notice from when the employee learns that he or she will be able to return to work earlier than expected.

## **MEDICAL CERTIFICATION OF LEAVE**

An application for leave based on the serious health condition of the employee or the employee's spouse, child or parent must also be accompanied by a "Medical Certification Statement" completed by the applicable health care provider. The certification must state the date on which the health condition commenced, the probable duration of the condition, and the appropriate medical facts regarding the condition.

When the leave is foreseeable and at least thirty days' notice has been provided, the employee should submit a medical certification before leave begins. The medical certification must be issued by the health care provider of the employee or the employee's ill family member. The medical certification must be on the form approved by the County and include complete responses to all information sought. When this is not possible, or when the leave is not foreseeable or the employee has not provided thirty days' notice, the employee must submit the certification within fifteen days after the employee is notified of the requirement to submit the certification, unless it is not practicable under the particular circumstances to do so despite the employee's diligent good faith efforts, in which case, the notice must be provided as soon as is reasonably possible under the particular facts and circumstance.

In the case of foreseeable leave, failure to submit a required medical certification within the fifteen-day period may result in a delay or in a denial of leave until the certification is provided, and may cause the employee's absence to be considered as unexcused, which will subject the employee to disciplinary action, up to and including discharge. In the case of leave that is not foreseeable, failure to provide a required medical certification within fifteen (15) days after the employee is notified of the requirement to submit the certification or within a reasonable time under the pertinent circumstances, may result in a delay in or denial of the employee's continuation of FMLA leave and may cause the absence to be considered as unexcused which will subject the employee to disciplinary action up to and including discharge. If the employee does not produce the certification, the leave may not be FMLA leave.

Medical recertification will be required to be provided to the County Personnel Department every thirty days. Such recertification must be issued by the health care provider of the employee or the employee's ill

family member. Failure to submit a required recertification may result in disciplinary action up to and including termination.

If the employee is needed to care for a spouse, child or parent, the certification must so state along with an estimate of the time the employee will be needed. If the employee has a serious health condition, the certification must state that the employee cannot perform the functions of his or her job.

### **CERTIFICATION FOR LEAVE TAKEN FOR EXIGENCY**

An application for leave based on the qualifying exigency must also be accompanied by a Certification of Qualifying Exigency For Military Family Leave. The first time an employee requests leave because of a qualifying exigency arising out of the active duty or call to active duty status of a covered military member, the employee is required to provide a copy of the covered military member's active duty orders or other documentation issued by the military which indicates that the covered military member is on active duty or call to active duty status in support of a contingency operation, and the dates of the covered military member's active duty service. A copy of new active duty orders or other documentation issued by the military shall be provided to the County if the need for leave because of a qualifying exigency arises out of a different active duty or call to active duty status of the same or a different covered military member.

### **CERTIFICATION FOR LEAVE TAKEN TO CARE FOR A COVERED SERVICEMEMBER (MILITARY CAREGIVER LEAVE)**

An application for leave based on the care for a covered service member must also be accompanied by a Certification For Serious Injury or Illness of a Covered Servicemember for Military Family Leave. This certification must be completed by an authorized health care provider of the covered servicemember. One of the following health care providers may complete such a certification: a United States Department of Defense ("DOD") health care provider; a United States Department of Veterans Affairs ("VA") health care provider; a DOD TRICARE network authorized private health care provider; a DOD TRICARE non-network authorized private health care provider.

### **RETURN TO WORK CERTIFICATION**

Prior to an employee's return to work from an FMLA occasioned by the employee's own medical condition that made the employee unable to perform the employee's job, the employee must present certification from the employee's health care provider that this employee is able to resume work. Failure to provide the return to work certification will result in disciplinary action up to and including termination. The County reserves the right to have the employee examined at the County's expense.

## **BENEFITS COVERAGE DURING LEAVE**

During a period of family or medical leave, an employee will be retained on the Orleans County Medical Plans under the same conditions that applied before leave commenced. To continue health coverage, the employee must continue to make any contributions that he or she made to the plan before taking leave. Failure of the employee to pay his or her share of the health insurance premium may result in loss of coverage if payment is more than thirty (30) days late. If the employee fails to return to work after the expiration of the leave, the employee will be required to reimburse Orleans County for payment of health insurance premiums during the family leave, unless the reason the employee fails to return is the presence of a serious health condition which prevents the employee from performing his or her job or circumstances beyond the employee's control.

An employee is not entitled to the accrual of leave credits if on unpaid FMLA. An employee who takes family or medical leave will not lose any employment benefits that accrued before the date the leave began. Seniority will not be affected by FMLA unless the employee is on extended leave without pay in excess of one year.

## **RESTORATION TO EMPLOYMENT**

An employee eligible for family and medical leave - with the exception of those employees designated as "highly compensated employees" will be restored to his or her old position or to a position with equivalent pay, benefits, and other terms and conditions of employment. The law defines "highly compensated employees" as salaried employees who are among the highest paid 10 percent of employees employed within 75 miles of the facility at which the employee works. Orleans County cannot guarantee that an employee will be returned to his or her original job. A determination as to whether a position is an "equivalent position"

will be made by Orleans County. The determination as to whether the employee is a key employee should be made by the County at the time of the request for leave.

### **FITNESS-FOR DUTY CERTIFICATION**

As a condition of restoring an employee whose FMLA was occasioned by the employee's own serious health condition that made the employee unable to perform the employee's job, the employee is required to obtain and present a certification from the employee's health care provider that the employee is able to resume work. The employee has the same obligations to participate and cooperate in the fitness-for-duty certification process as in the initial certification process.

The County may seek a fitness-for-duty certification only with regard to the particular health condition that caused the employee's need for FMLA leave. The certification from the employee's health care provider must certify that the employee is able to resume work. Additionally, the County may require that the certification specifically address the employee's ability to perform the essential functions of the employee's job.

The cost of the certification shall be borne by the employee, and the employee is not entitled to be paid for the time or travel costs spent in acquiring the certification.

The County may delay restoration to employment until an employee submits a required fitness-for-duty certification.

### **RETURN FROM LEAVE**

An employee must complete a "Notice of Intention to Return from Family or Medical Leave" before he or she can be returned to active status. If an employee wishes to return to work prior to the expiration of a family or medical leave of absence, notification must be given to the employee's supervisor at least five (5) working days prior to the employee's anticipated return to work date, absent circumstances beyond the employee's control. Amidst unusual circumstances, the employee must notify the supervisor and Orleans County Personnel Director of their anticipated return to work date and provide a return to work certification issued by their health care provider.

### **FAILURE TO RETURN FROM LEAVE**

The failure of an employee to return to work upon the expiration of a family and medical leave of absence will subject the employee to immediate termination unless an extension is granted. An employee, who requests an extension of family or medical leave due to the continuation, recurrence or onset of her or his own serious health condition, or the serious health condition of the employee's spouse, child or parent, must submit a request for an extension in writing, to the employee's immediate supervisor. This written request should be made as soon as the employee realizes that he or she will be unable to return at the expiration of the leave period.

Legislator Callard moved to amend the presented resolution excluding all except for the final paragraph concerning the current salaries of the Legislators. Legislator Callard expressed that we talk about the budget process at the beginning of the year but there is not one person here who does not live the budget day by day. It is a collaborative effort between the Finance Committee, Treasurer's Office, Chief Administrative Officer, and the members of the Legislature. It is apparent that this next year may be one of the most difficult years that we may experience with the economy since the days of the depression. Last year we were able to sustain two and six percent reductions in revenue in certain programs. We were able to maintain a tax rate with a zero percent increase in 2009. This year it will be ever so more challenging with the indication of the impact of the proposed budget on the County which could possibly impact us by one million dollars. We have prepared to great extent to meet those challenges but it is apparent that difficult decisions lie ahead for this Legislature, and for the Department Heads and Employees. These decisions may be distasteful but we will meet the challenges of the year going forward. This Board has made the decision to decrease its salaries; we have forgone salary increases for the past two years of three percent consecutively and what would otherwise be a salary increase of three percent this year. To that, we are adding three percent decrease in salary which amounts in whole to twelve percent. In terms of dollars it may have minimal impact but you can't deal in absolute numbers in terms of proportionate sacrifice. This Legislature has forgone twelve percent in the passage of this resolution and calls upon his fellow Legislators to support this resolution and reduce the salaries by three percent. Legislator Johnson seconded the resolution. CAO Nesbitt suggested that the resolution be renamed appropriately with the change of content that occurred. The following resolution was adopted.

## **2009 Orleans County Budget Message**

I am presenting to you today the 2009 Tentative Budget. I am recommending that this be filed as a tentative budget rather than adopted as a preliminary budget, while this is a break from Orleans County tradition, it is necessary that we allow our legislature maximum flexibility to address the pending changes we see taking place at the state level that may impact the many variables of our County budget.

We are living in a difficult time for the State of New York, one of unsustainable growth and plummeting revenues that have put the state in crisis. In the words of Governor Paterson “New York is at the epicenter of an extraordinary financial crisis on Wall Street. We will have no choice but to take bold and aggressive action to reduce state spending.” The Governor is projecting a \$47 billion deficit at the state level over the next four fiscal years based on current statutory obligations and projected revenues. At the same time, The New York State Legislature will meet to take further actions to correct a current year deficit now projected at \$2 billion. The expected deficit for state fiscal year 2009-2010 is expected to be \$12.5 billion.

The mounting state deficit compounded by a national economic crisis places a significant amount of uncertainty on our County budget because it will be difficult to project the many variables that make up our budget. As an administrative arm of the state government, we administer many state mandated programs and services making up a big share of our operation. It is quite possible that as the state begins to move forward with the deficit reduction plan that Counties will face both the elimination of programs as well as cost shifts to cover shortfalls at the state level for mandated programs. However, the following recommendation is made based on the information available to us as of today. It is my sincere hope that Orleans County is able to weather this financial storm with a minimum impact to county property taxpayers.

The 2009 Tentative Budget is a proposed financial plan for county operations for the named fiscal year. The proposed operating plan maintains all existing county programs and protects the integrity of the county fund balance. Although there are no programs cut, the budget office and the Finance Committee very carefully scrutinized both revenues and expenses of the various programs and made spending reductions as well as adjustments to revenue in an effort to maximize the value to the taxpayers.

The 2009 Tentative Budget includes the following items worthy of note:

1. The 2009 Tentative Budget includes the assumption the Orleans County Legislature will move to adopt a local law as enabled by the State of New York to raise the County Clerks Fees for filing documents. This item is estimated to raise \$125,000 in revenue and correspondingly reduce the property tax levy by the same amount relieving property tax payers of nine cents per thousand in levied taxes.
2. The 2009 Tentative Budget includes an additional \$323,000 in General Fund Balance Transfer – effectively returning the excess sales tax received in 2007 to the property taxpayers in 2009.
3. Health Insurance is projected to be up \$306,453 from 2008 to 2009.
4. Public Safety Costs are projected to be up \$302,360 from 2008 to 2009.

## **2009 Orleans County Budget Message (Continued)**

5. The Community College line item is the required local government contribution to the education of our residents at the various community colleges across New York State. This is a direct investment in education at the local level. Increased Community College enrollments continue to drive costs from \$990,000 in 2008 to \$1,200,000 projected in 2009, an increase of \$210,000.
6. Gas and Oil budgets across all departments are up \$108,725 from 2008 to 2009.
7. Electricity budgets across all departments are up \$132,590 from 2008 to 2009.
8. The projected Orleans County Medicaid expenses are projected to rise \$200,415 from the 2008 number. The Medicaid payment will also be increased to account for the County share of the Intergovernmental Transfer or IGT.
9. The 2009 Tentative Budget makes some changes based on the availability of federal Medicaid funds through a change to the calculation methodology used to determine the Upper Payment Limit or UPL Medicaid Nursing Home IGT – this amount is reflected in the Medicaid budget as an additional \$675,115. The corresponding federal revenue accessed is reflected in the budget of the Nursing Home as a revenue. The Nursing Home's cost to the County is projected to be \$675,115. This number is reflected in the Social Services budget as a Medicaid expense.
10. You will see that we have added, as required by statute, the value of all county property tax exemptions.
11. Solid Waste and Recycling will see the first increase in many years. The fee will rise from \$140 per unit to \$159.02 per unit reflecting the cost of the program. This increase can be attributed in large part to the increased cost of fuel as part of the CPI adjustment. This is still a service that is provided at a cost that is amongst the most inexpensive in the entire state.

Total spending for fiscal 2009 is projected to be \$70,665,343 while total revenues are projected at \$55,730,711 leaving a county cost of \$14,934,632. The County tax rate per thousand of assessed value for 2009 is projected to be \$9.16, which is exactly the same as 2008.

I am encouraged by the effort of County Departments to submit responsible and resourceful budgets in the midst of trying times. I thank the Department Heads for their efforts.

Respectfully Submitted,

Charles H. Nesbitt, Jr.
