**LEGISLATURE MEETING**  
**January 14, 2009**

---

Chairman Smith called the meeting to order at 4:30 PM. The pledge to the flag and invocation was led by Chairman Smith. Chairman Smith explained that we will have an invocation at each meeting. He has assigned each Legislator a month to take it upon themselves to lead us in the pledge and invocation or to find a community member to lead us. The Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Orleans County League of Women Voters will be hosting a breakfast meeting at the Apollo Restaurant on January 17, 2009 at 9:00 a.m. Their guest speakers include Dennis Piedimonte and Helen Zelazny, Orleans County Election Commissioners to discuss the implementation of the HAVA requirements and the new voting machines.

The Treasurer does not have a written report due to closing out the 2008 budget year.

During open discussion, Legislator Rush reported on attending the Kendall Town Board meeting. He has met with Cooperative Extension three times in the last week and tomorrow he will be attending the IDA meeting.

Legislator Kent attended the Citizens Advisory Committee and discussed in length about consolidation and shared services within our school districts. He received a communication from Senator Maziarz responding to his correspondence regarding concerns with pre-buying fuel oil. Senator Maziarz is sympathetic with the issue and he plans to take the issue to Albany. He also wrote letters to Senator Schumer, Congresswoman Slaughter and Congressman Lee concerning the jail project.

Legislator Bower has held his regularly scheduled committee meetings with Public Health, Mental Health and the Nursing Home and all departments are running well. He also went to a Soil and Water meeting and he is concerned with not receiving grant funds that were expected in October. He is concerned that the State may not follow through with these grants. Our representatives have been contacted and hopefully this will help. Other than that, Soil and Water is moving forward nicely.

Legislator Eick met with Highway and Buildings and Grounds Departments last week. They went through their list of clean up work that is planned. The Highway Department is looking at placing a sidewalk in along the main entrance to the County Office Building. Superintendent Houseknecht can obtain the metal curb forms from the Village of Medina and can pour the curbing over the winter.

Legislator Johnson has audited the claims and met with Susan Heard, Treasurer, and has received an update of our county finances. She has spent time writing letters following up with constituents. She announced that Ridgeway Fire Department will be holding their annual banquet this Saturday.

Legislator Callard stated that the only thing he wanted to report on was what was discussed at the conference session concerning the Empire Zones.

Legislator Kent added that him and Legislator Rush also held their Social Services, Job Development and Aging committee meetings. He said that the public should be aware of the state budget situation and how extremely unsettled and uncertain it is for all of us in planning. We have seen it in Cooperative Extension, Youth Bureau and Soil and Water. It is affecting good agencies in our County and it is hard to know how to proceed with these programs. These agencies are important to our lives in our County.

Legislator Rush and Chairman Smith attended the ribbon cutting ceremony at the Albion Academy today. Chairman Smith encouraged everyone to tour this newly renovated facility. They did an excellent job and we should be proud of these renovations. Chairman Smith gave credence to retired Assemblyman Charlie Nesbitt for starting this project. Pam Canham said it was well done and it is a beautiful building. A few years ago her and Chuck had to enter the building through the fire escape to view the building. It was a challenge, but the seniors and the community are excited about it. Legislator Kent said it was a disaster when he went through it several years ago. It would have been a shame to have lost it being the type of building it is. With Charlie Nesbitt's vision six years ago, we owe a lot to him for his drive to see this happen and get completed. Chairman Smith stated that the contractor(s) did a very nice job.

Legislator Eick moved to add two resolutions to the agenda; second by Legislator Callard. Motion carried. The following resolutions were then adopted.

**RESOLUTION NO. 1-109**

**AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY**

WHEREAS, claims for the General Fund, Job Development Agency, the Highway Department, the Nursing Home, and account S1710 of the Self-Insurance Fund have been audited by this Legislature, and claims for recurring Utility/Community College bills will be audited by this Legislature; be it

RESOLVED, that the Legislature authorizes payment of said claims against the following funds and that the Clerk of the Legislature, the Director of Job Development Agency, the Administrator of the Nursing Home, the Superintendent of Highways, and the Self-Insurance Administrator be authorized and directed to draw demand orders on the County Treasurer in payment of the following claims:

Fund/Department	Check Number (s):	Amount:
General	13160-13346	\$349,920.73
Highway	405-409; 1029-1044	\$60,016.99
Nursing Home	3279-32740; 32743; 36265-36311	\$156,730.48
Job Development	No Claims	
Self Insurance	43916-43917; 43919-43921; 44039	\$20,008.54
Utility/Community Colleges	13150-13159	\$11,439.97

Moved, Johnson; second, Kent.  
Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Kent complemented and appreciated Legislator Johnson’s explanation of the audit to the students. He said we should be cognizant to the fact that students are at our meetings and how in the past it was automatic in presenting the resolutions. An explanation is very appropriate for these students.

Legislator Callard introduced the resolution setting the Legislature meetings for 2009. He moved to amend the resolution to read that the first

meeting of the month would be at 7:00 p.m.; seconded by Legislator Johnson. Legislator Bower said that in January 2006, when he became Chairman, we did try this for more public input. Legislator Bower said that in June of 2006, Legislator Callard was most vocal that it was not working and we should go back to 4:30 p.m. meetings. Legislator Bower asked Legislator Callard what has changed since then? Legislator Callard stated that people should have a selection to attend afternoon or evening meetings by having two different times a month for meetings. Legislator Kent added that it will maximize the opportunity for public participation and this has been realized by Legislator Callard. Legislator Kent said that we have a Citizens Advisory Committee and Shared Services Committee which meets at night because participants are more available at night. He questioned why is it so surprising that the public in general wouldn't be more available to come to evening meetings? People just can't make it to afternoon meetings, expressed Legislator Kent. If they might want to be here, they should have an opportunity to be here. Legislator Bower said that people do not attend Town Board meetings unless there is a critical issue. He added that, in general, most people do not attend government meetings. Legislator Bower said that this is a boring meeting to most people who believe things are being done properly and they do not need to be here. He further stated that we had less attendance at night and those that are complaining never attended the night sessions in the past. Legislator Eick agreed with Legislator Bower. He said that we tried it for six months and did not notice an increase in attendance. He does not see why we have to re-visit this again. Legislator Eick questioned what time they would have to be here if they have evening meetings. We now come in at 2:30 for resolution review and conference sessions; with a night meeting we would have to be here by 5:00. He does not see how this will work. Legislator Callard said that we can't think in terms of the Legislators' calendars, but in terms of public access. If the Towns thought the public was not responsive to 7:00 meetings, why have they not changed their meetings to afternoon? Legislator Kent added that he felt that six months trial was not a long enough period to have the public catch on to evening meetings and that the attendance had not increased at the night meetings because of this. He said that if you had four people come to an afternoon meeting and four different people come to the evening meeting, then you made it available for four different people to attend these meetings. Legislator Rush said that he attends several Town Board meetings every month and there is very little attendance at those. At our afternoon meetings, we have ten to twelve Department Heads that attend our meetings and are here to answer questions. If we had evening meetings, they would not be here. The high school students are able to

come to our afternoon meeting and may not be able to come at night. He is not in favor of the evening meeting. Legislator Callard said that is why he proposed a compromise having one meeting a month in the afternoon and one meeting in the evening. Legislator Johnson thinks that the number of people that attend should not be considered; it is making it available for those who would like to attend. In her district she represents, all the village and town board meetings have evening meetings. The attendance varies depending on the issues at hand. We have to be reminded that we work for the people. It is important for us to be accessible to them. Legislator Bower offered an alternative. We can host a "Town Meeting" at 7 p.m. for the west, center and east ends of the county. We can invite people to attend and answer their questions and concerns. We then can have our meetings during the day so Department Heads can attend. He said this may be an answer to this dilemma. Legislator Kent said it would be worth considering that in the next couple of years we may see a drastic increase in public interest in what goes on in government generally, with the budget situation as it is. Things are changing very fast, and the public will have much more of a sense of urgency.

Chairman called for a vote on the amended resolution which would allow for the first meeting a month to be held at 7:00 p.m. and the second meeting be held at 4:30 p.m., our regular time. Amendment was defeated: 3 ayes: Callard, Johnson, Kent; 4 nays: Bower, Eick, Rush, Smith.

The Great Lakes Commission is holding their semi-annual meeting held from February 23-25<sup>th</sup> at the Madison D.C. Hotel. The annual Dog License Report for the year ending December 31, 2008 has been forwarded to the Legislature Office by the Orleans County Treasurer. Albion Central School District is requesting the use of the Courthouse lawn from February 13 - February 26 for a 36" x 96" banner to advertise a free parenting program for the community "Helping your Child Succeed". The Orleans County Chamber of Commerce 2009 Legislative Luncheon will be held on February 6<sup>th</sup>, 2009 at Tillman's Village Inn.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through December 2008. In terms of cash, we fared better than 2007. All loans to other funds have been paid off. The Treasurer's office is still posting, making corrections and still getting receivables. She anticipates closing the books before the end of March.

During open discussion, Paul Lauricella of Lyndonville said he had a conversation with Gabrielle Barone regarding the cost of doing business in New York State. In essence of what she is saying is that government is the problem. Who makes and imposes all these regulations? In our electric bill, many forms of government collect a few cents in there, picking your pocket. The state is in bad shape right now, lost money from the Indians and now billions of dollars lost from high executives not getting their bonuses. He sees the public sector getting hurt by the loss of jobs. He does not see the government jobs being eliminated. He wonders if it is really that bad out there. What he sees proposed by the new congress and our new president are a large amount of new government jobs but nothing for the private sector. He knows that this Legislature will need to make some very tough choices this year. He is supportive of closing offices down on some days for programs and laying people off. He is not a fan for using public money for private industry. It is the government who has created this with their taxes, regulations, permits and their environmental laws. New York State is the most business unfriendly state, except for California, in the country. This has to stop. We need to stop electing these people to Albany, you feel powerless. He feels that they have a majority in office that will drive the state into worse economic times, expecting the federal government to bail them out. Mr. Lauricella is not in favor of bailing out these companies. He feels government is the biggest problem we are facing right now in this country.

Legislator Bower reported on Public and Mental Health Board meetings. Public Health Board will be changing their meetings to the second Tuesday at 7:30, so now Legislators on these boards can now attend the Supervisors/Legislators Association Meetings, which has always been a conflict.

Legislator Kent attended the Aging Advisory Committee meeting. The January 19<sup>th</sup> article in the Democrat and Chronicle was questioned and discussed concerning Orleans County Taxes being the worst. He found that Scott DeSmitt's column of January 10<sup>th</sup> was interesting which took issue of a lot of the Governor's revenue gathering measures that he has proposed from the standpoint of the working man. He found it interesting and has written responses to these articles. He has been in communications with Slaughter's office in trying to see what our chances are in getting federal stimulus money in Orleans County. He visited Animal Control on Saturday and the adoption volunteers are there Wednesdays and Thursdays from 6 p.m. to 8 p.m. and 12 p.m. to 2 p.m. on Saturdays. They are adopting out a lot of animals, particularly dogs. Two

have been adopted since Saturday. A number of the dogs available are purebreds.

Legislator Rush reported that he and Legislator Kent attended the Cooperative Extension meeting a week ago. Their budget was the major topic of discussion and they have another finance meeting tomorrow. He attended the IDA, Youth Board, and Planning Board meetings.

Legislator Eick said that his committee meetings are next week. Last evening was the Supervisors/Legislators organization meeting and it was well attended. We need to encourage all the Boards to get involved because of the business that takes place and for all of the presentations that are made. He was asked by Congressman Lee to serve on his Agricultural Committee within his congressional district, along with twelve other agricultural producers. New York State Farm Bureau President will also serve on this committee.

Legislator Johnson has had a very busy past two weeks with the Finance Committee meeting and meeting twice with Genesee County regarding prospects with a regional Jail Facility. She attended the Fire Advisory Board and Public Safety Committee meetings; along with the Criminal Justice Symposium at the Courthouse. This was very informative. She attended the Town of Ridgeway Board meeting and the topic of conversation was also the Democrat and Chronicle article. It is important to say that the study that was done was not a study on the cost of county government. It was a study on nationwide property taxes that used the County boundary. Mr. Nesbitt provided her figures because he researched that Orleans County government, in 2008, had the most spending per citizen of any rural county in western New York State. The average is \$1,911 and we are at \$1,526. In 2008, Orleans County taxpayers paid lower than the western New York average on County, Town and School tax bills. She thinks this needs to be said since we made number one on the headlines in the Rochester newspaper. You really need to look into the figures. This certainly means, as Mr. Lauricella said, that we need to continue to work very hard at reducing our taxes in this county. This article did not portray the whole picture. The Jail Advisory Committee meeting is Thursday at 2 p.m. and she encourages public participation. Congressman Lee will be holding a public outreach forum at the Town of Ridgeway on February 3<sup>rd</sup>.

Legislator Callard explained property taxes versus property values. Western New York affords the best buys in the nation. If you compare

real estate to income, it is also the lowest in the nation for purchases in this state. There are two sides to every issue and it is a matter in how you look at it. Our taxes are outstandingly high in line of other taxes, but our costs are actually less than rural counties of Western New York. These are items that need to be considered. Legislator Callard stated that he sold two properties to out of country residents.

Chief Administrative Officer Nesbitt added to Legislator Callard's comment. There is a map available on the Census Bureau's website that shows the cost of living for various areas around the country. It is broken down by the actual monthly cost of living and is color coded for various levels of cost. Our County shows the second lowest of group of counties for the cost of living. This takes into account all things including taxes, utility costs, and housing costs.

Chairman Smith publicly acknowledged and thanked Chuck Nesbitt for taking immediate action on the roof at the County Office Building that blew off during high winds. He acted on this on Sunday morning and he was there getting it repaired quickly. Chairman Smith also read a letter from Jonathan Gillman, Kendall Town Supervisor, for Mr. Nesbitt's response to the fire and immediate clean up actions at 1846 Kendall Road.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Rush. Motion carried. The following resolutions were then adopted:

WHEREAS, these parole violators have always been considered a State responsibility, although the State reimburses counties for only a portion of the housing costs incurred in maintaining these inmates while their parole revocation proceedings are held and completed and provides no reimbursement for medical costs for such inmates incurred by New York State counties; and

WHEREAS, there are a number of State Correctional Facilities throughout New York State that could house these parole violators; and

WHEREAS, the number of inmates incarcerated in State Correctional Facilities has declined significantly in recent years and that the Governor and some members of the New York State Legislature have called for a closing of several State Correctional Facilities; and

WHEREAS, Governor Paterson in his proposed 2009-2010 State budget has recommended elimination of all funding to counties for

housing such parole violator inmates on behalf of the State of New York; therefore be it

RESOLVED, that Orleans County should seek appropriate relief from New York State Division of Parole and the New York State Department of Correctional Services to lessen the amount of time that parole violators are held in county jail; and be it further

RESOLVED, that Orleans County urges the State of New York to pass legislation to allow parolees awaiting a parole violation hearing to be incarcerated in a State Correctional Facility in or near the county where the alleged parole violation occurred, rather than a county jail; and be it further

RESOLVED, that until such time as a parolee awaiting a parole violation hearing is held at a State Correctional Facility, that Orleans County should be entitled to reasonable compensation for housing such alleged parole violators at a sum equal to the actual cost of confinement, including actual medical expenses incurred by the County; now therefore be it

RESOLVED, that certified copies of this resolution be sent to New York State Governor David Paterson, Senate Majority Leader Malcolm Smith, Assembly Majority Speaker Sheldon Silver, Senator George Maziarz, Assemblyman Stephen Hawley, NYSAC and InterCounty Association of Western New York.

**LEGISLATURE MEETING**  
**February 11, 2009**

---

Chairman Smith called the meeting to order at 4:32 PM and the pledge to the flag was led. The Clerk called the roll and all Legislators were present. The invocation was led by Legislator Callard.

The Clerk presented the following communications: GCASA is holding a Gambling Awareness Program on March 3, 2009 from Noon to 2 p.m. at

Terry Hills Banquet Center in Batavia. The 4-H Senior Council will be hosting the Annual Teen Recognition Night Dinner on February 21<sup>st</sup> at 7:00 p.m. in the Trolley Building at the Orleans County 4-H Fairgrounds. The Kendall Fire Department will be holding their Annual Banquet on Saturday, March 7<sup>th</sup> at the Carlton Rec Hall.

Chairman Smith shared a quote by Peter Ruckert to celebrate Black History Month.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through January 2009. Through January and the first ten days of February she has received 4.8 million dollars in real property tax. Chuck Nesbitt and Chairman Smith presented a check from NYMIR. Mr. Nesbitt stated that years ago the County became a part of the New York Municipal Insurance Reciprocal which is a collective of municipalities that got together to share risks of their operations. Orleans County has the foresight to be one of the first to invest and as a result, NYMIR has done so well that they are paying back our investment over the next few years and we received our first check installment for \$14,162.50. The check was given to Treasurer Heard.

During open discussion, Chairman Smith opened the floor for public comment. With there being none, Legislator Eick reported on his regular committee meetings. He also met with the Elections Commissioners with Legislator Kent. New voting machines have not been certified so the old machines may need to be used in our fall elections. This continues to be a controversial issue. He also attended the Chamber luncheon and the Town of Shelby Board Meeting. He went to the Albion Historical Alliance meeting representing Farm Bureau. Discussion was held on what could be brought into the Village of Albion to enhance tourism. Farm markets, railroad, and the canal were discussed.

Legislator Johnson stated that the Chamber luncheon was very well attended by Federal, State and local officials. They did a very good job to pull us together to answer various questions.

Legislator Callard reported on his committees that he shares with Legislator Johnson. They toured the jail last week and were very impressed with the improvements. Buildings and Grounds and the Jail Superintendent were asked to provide a prioritized list of repairs to stay ahead in a systematic manner.

Legislator Bower reported on his regular committee meetings and every thing is running well. He attended the annual Soil and Water Meeting and they reviewed their projects that they have done throughout the year. In all the time he has been Legislator, Soil and Water has never been in better hands. He thanked them for their impressive work. Legislator Bower reported on the passing of Herbert Sewar. He was recognized last August by this Legislature for being a long residing resident of the Nursing Home since 1978.

Legislator Kent reported on his regular committee meetings. He also attended the Youth Board and Election Committee meetings. He attended two interviews for the National Trust for Historic Preservation and discussed many items regarding community revitalization. He attended the Chamber luncheon and stated that Legislator Johnson did an outstanding job speaking on the jail project. A noteworthy item is that a comment from Senator Maziarz was made that the Governor's budget proposes a sweeping \$500M from the power authority which would make economic development in Orleans County even more problematic than what it is. Remarks from Congressman Chris Lee were impressive to him. Congressman Lee was extremely complimentary towards the President and Congresswoman Slaughter. Legislator Kent stated that Lee's tone is what we need more of today. Chris Zeltman called from Congresswoman Slaughter's office responding to the letters forwarded seeking assistance on the jail project. He questioned if an environmental study had been completed. He did not act as if funding for a jail project is out of the question. Since we have not done an environmental study and we have not picked a sight, which Legislator Kent said he doesn't understand the reasons for that, it is not going anywhere. Mr. Zeltman is interested in the possible extension of the railroad line from Brockport to Rochester, which he did not know anything about. Cindy Troy at the Youth Board discussed the possibility of additional money for out of school, young people training monies that may be in the stimulus package.

Legislator Rush reported on Cooperative Extension. They paid off part of the mortgage for the Education Center which now the debt is down to \$75,000. They would like to receive contributions through the next two years to get the balance paid off. The state has cut back some of their funding, making it tough for the Director to continue with some of their programs. He also attended the Soil and Water Annual meeting. Legislator Bower made an excellent remark as to what Soil and Water does not only do for our farmers, but for our County too. Our young and

ambitious director has received a lot of money for the county for Soil and Water projects.

Chuck Nesbitt reported on the NYSAC Conference. He stated that they heard Andrew Cuomo, Dean Skelos, Jim Tedisco, Malcolm Smith, Sheldon Silver and Governor Paterson speak. They met Governor Paterson in person for the first time. Tom Beilein spoke, taking a very different tone in regard to the intent of the State Commission of Corrections and Mr. Nesbitt felt this was refreshing. They heard a lot of doom and gloom regarding the state budget and a lot of uncertainty of the federal stimulus package, although the Governor has appointed Tim Gilchrist to head up the state's efforts to cash in on our share of the federal stimulus package. Mr. Nesbitt will be available for any further discussion and questions regarding the NYSAC conference.

Chairman Smith said the NYSAC conference was very educational. He questioned if the 531 extension project will be included in the federal stimulus package. Chairman Smith indicated he could not get that answered. He participated in the Legislative luncheon that the Chamber hosted. He asked Jim Whipple of IDA to speak concerning our Empire Zones in our County at this luncheon.

The following resolutions were then presented:

Legislator Johnson moved to authorize the Orleans County Sheriff to apply for a Homeland Security Grant called Operation Stonegarden. This was a grant that we were able to apply for in 2008 because the Federal Government stipulated that we needed a land mass that bordered international land. Niagara, and other counties were able to apply for this. They opened it up for land masses that border a shore line that is shared by international land mass. It is for marine operations on Lake Ontario and for the northern border of Orleans County. Legislator Johnson asked that Sheriff Hess be here today should any further questions needed to be answered. The motion was seconded by Legislator Callard. The total grant is for \$60 million and Orleans County is applying for \$800K. Equipment is the majority of the cost of this grant. The grant writers will

discuss with Border Control items left out which could include storage, mileage, and fringe benefits. The Federal Government said that our borders need protection. Neighboring counties have received tremendous amounts of grant monies for equipment. The grant money can be adjusted by re-drafting and re-submission. Legislator Kent finds it inconceivable to absorb \$800K in one year. He understands much is in equipment but questions if existing staff can handle the additional responsibilities. Sheriff Hess explained that the separation is based on the intelligence gathered through the Orleans County Sheriff's Department, Federal government, Border Control and I.C.E. This can be handled through our seasonal salaries that have been built into this grant. Legislator Kent gathered that a lot is about establishing protocols for certain eventualities or situations, such like pre-positioning equipment, communications in case of emergency. Will the grant money be spent, and equipment be used, under emergency situations? Sheriff Hess stated it will enhance what we do now and really enhance their border operations. Legislator Kent asked how our law enforcement will become involved with federal and state law enforcement. Sheriff Hess explained that if intelligence indicates a suspicious vessel is approaching our border, we can be first responders and handle the situation until other officials become available. Legislator Kent asked what other ongoing Legislative review is needed. Legislator Johnson stated that we have asked for coverage of fuel costs and storage for the boat because if we are awarded this grant we will want to encompass these things. In fact, we will come back with figures to amend this amount, stated Legislator Johnson. We also need to look into insurance on the equipment and other things that we may want to address in the grant. Legislator Kent asked if it is conceivable for this to be terminated. Legislator Johnson said that we are applying for a one time grant award because we are now eligible. Legislator Kent said legislative review does not mean termination. Legislator Johnson said that if we get awarded a lesser amount, we want to make sure what we get awarded will cover the maintenance of what we get. Mr. Nesbitt stated that the Sheriff has indicated that we have about thirty days to make changes to the actual application so that is the intent of the legislative review. Sheriff Hess explained that we have strict time frames and want opportunities to review and make changes to the grant proposal. Legislator Kent requested to make two amendments to the resolution. He moved to amend by adding to the end of the language..."and noting that constitutional protections of probable cause and due process of law apply to all persons within the United States and that federal agencies do not have authority to require local law enforcement to ignore the constitution". Chairman Smith called for a second on the amendment. No second given. Legislator Bower

stated that he never worries about the first year of the grant. We could get the money to purchase the large vessel, adding no cost to the county. His question is what happens in the years that follow and who will pay for the cost of maintenance years out for the expensive vessel purchased. Chairman Smith asked if grants will become available years out for ongoing support. Sheriff Hess needs to inquire if we can incorporate these marine assets into our state funding. That is why we put subject to legislative review in the resolution for these issues, stated Sheriff Hess. Legislator Kent said that this resolution just authorizes us to apply at this time due to time frames involved, we could pull the plug on it later or we could not be awarded the grant later. Legislator Kent found it incomprehensible that he could not get a second on his amendment that speaks to the premise of the Constitution of the United States of America. He understands that they did not get a chance to discuss this amendment beforehand. If maybe there is a chance to think of it more, many may think differently about the amendment. Legislator Kent did not see what was so controversial about the amendment. The following resolution was adopted.

#### **RESOLUTION NO. 76-209**

#### **AUTHORIZING THE ORLEANS COUNTY SHERIFF TO APPLY FOR A HOMELAND SECURITY GRANT**

RESOLVED, that this Legislature authorizes the Orleans County Sheriff to apply for a grant in the amount of \$840,210 through the U.S. Department of Homeland Security; which will provide funding to enhance cooperation and coordination between Federal, State, and local law enforcement in a joint mission to secure our borders; subject to ongoing Legislative review.

**LEGISLATURE MEETING**  
**February 25, 2009**

---

Chairman Smith called the meeting to order at 4:32 PM. After the pledge to the flag, the Clerk called the roll. All Legislators were present, with the exception of Legislator Kent. The invocation was led by Legislator Callard. Chairman Smith quoted Martin Luther King, Jr. to celebrate Black History Month.

The Clerk presented the following communications: Oak Orchard Watershed Protection Alliance meeting will be held on March 2, 2009 at the Orleans County Soil and Water Conservation District office at 10:00 a.m. This is a joint meeting with the Orleans County Water Quality Coordinating Committee. The Orleans County Youth Board will meet on March 4, 2009 at 5:30 p.m. at the Orleans County Career Center.

The Treasurer distributed a Year End Capital Projects Report for various capital accounts that still have balances. Mrs. Heard reviewed the report. The Nursing Home, Radio Project, Courthouse Renovations and Public Safety Building all have balances. An elevator was discussed in years past from the Public Safety Building Capital Project in the amount of \$13,000. Legislator Callard questioned if the capital projects are complete, can the funds be used for something else or would we need to look at something like Courthouse renovations. Mrs. Heard stated that it could be used for Courthouse renovations or we would have to return it to the debt service to pay it down. Chairman Smith inquired as to when the books will be closed for 2008. Mrs. Heard stated as soon as she can.

During open discussion, Chairman Smith opened the floor for public comment. With there being none, Legislator Rush reported on attending the Fish and Wildlife meeting on habitat and access in Avon. He attended the Cooperative Extension Finance and Property meetings and things are getting worked out there. He attended the IDA meeting and discussed the old Holley High School. He attended the 4-H Teen Recognition Night and Supervisors/Legislators Meeting.

Legislator Bower reported on the LDC meeting and explained the rent subsidy program. It provides new business to be brought into the villages

by providing them \$250 per month for a year rent subsidy. Three new businesses in the Villages of Medina, Holley and Albion have been approved to receive this subsidy. We have others looking to bring small businesses into the villages. He explained all the new programs at the Villages of Orleans. He introduced Darryl Elam, the new Director of Nursing. Jeff Glatz, Nursing Home Administrator, provided Mr. Elam's nursing background and expressed that he grew up in Orleans County. He attended Nursing School and graduated top of his class in 1992. Mr. Glatz fully listed his credentials and voiced that he is extremely pleased to have Mr. Elam on board.

Chairman Smith questioned Legislator Bower regarding the rent subsidy monies, asking if the money comes from grant funds. Legislator Bower stated that LDC has a pool of money to encourage businesses to locate in our villages to set up new business.

Legislator Eick attended the Clarendon's Firemen Installation Dinner. He attended the Code Enforcement Overview meeting that Clarendon Supervisor Moy spearheaded. There are a lot of pros and cons, and they are researching the cost if the County would take over Code Enforcement on a countywide basis. He attended the Supervisors/Legislators dinner last evening.

Legislator Johnson met with the Major Felony Crime Task Force, including all the Village Mayors concerning the 2009 contracts. She met with the Sheriff to review the Homeland Security Grant that was put forth last meeting so it would include maintenance, gas, storage and other expenditures to make sure it encompassed all before the grant application was submitted. We held a meeting with the Radio Advisory Board which updated us on the changes with the radios and the rebanding project. They are going to provide two meetings for radio users on March 4<sup>th</sup> at 9:30 at Conference Room C at the County Office Building and at 7:00 p.m. at the Ridgeway Fire Hall.

Legislator Callard added that over the next ninety days, decisions will be made on problems that they have been exploring over the last three years relative to the rebanding. All these meetings going forward will be critical in the final decision making. He met with Stuart Brown relative to grant writing and how we could better utilize his services. We explored what has been done and what could be done on a county-wide basis. The finance committee will hold two meetings a month, while finances are going well, it is a critical time with the State Budget and its impact on the

county. We need to react to the State's decision making, and we need to explore internally and how best we can utilize the monies we have as effectively as possible.

Chairman Smith added that he attends all the mentioned meetings as well. Chairman Smith reported that discussions were held that this Legislature will meet two hours prior to our session on the second Wednesday and one hour prior to our session on the fourth Wednesday to allow discussions.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Rush. Motion carried.

The following resolutions were then adopted:

**RESOLUTION NO. 77-209**

### **AUTHORIZING OUT-OF-STATE TRAVEL FOR OFFICE FOR THE AGING DEPARTMENT EMPLOYEE**

RESOLVED, that this Legislature approves the Out-of-State travel request by Melissa Jewell, Assistant Director, to attend the National Center for Long Term Care Business and Strategy in the Aging Network at Miami University in Oxford, Ohio on May 14 – 16, 2009. All out-of-state cost covered directly by the National Association of Area Agencies on Aging. No county cost.

Moved, Rush; second, Bower.

Adopted. 6 ayes; 0 nays; 1 absent, Kent.

Legislator Callard offered the resolution to adopt Local Law 1 of 2009 to increase the salaries of various employees of the county either appointed or elected for a definite term; seconded by Legislator Johnson. Legislator Johnson said this Local Law is setting pay rates for elected and appointed department heads for 2009. We did a prior resolution that was for the rest of the department heads, but she is concerned about the economy and she is hearing from residents who are losing their jobs and their homes. These are tough economic conditions for people everywhere. New York State is now cutting our state aid to this county. She stated that we had a zero percent tax increase for 2009 and so we are going forward with the department head salary increases. The Finance Committee has discussed going forward in looking at more contributions to health insurance, retirement incentives, four day work weeks and freezing salaries. She thinks that we are sailing on unchartered waters and the Finance Committee has agreed to meet twice a month. It is not business as usual anymore and these are different times. Legislator Bower supports Legislator Johnson's comments. He stated that the record will show that he opposed the union pay raises. He did make the statement that he did not oppose it for the first year because the Union made concessions, but in the additional years we don't know what is coming. We need to look at everything next year with Management and see if we can get things under control. He will support this resolution because it is only for one year. Legislator Callard further stated that the County will do what it needs to do to react to the economic times. We can not offset what the state will do to the County. In the paper several days ago, it stated that New York spends 48 billion dollars for Medicaid, which is more than any other state in the nation. That burden is passed down to the County at fifty percent

and only two states in the nation passed that burden down to the counties. If we cut Medicaid at the State level, to levels that other states pay for, we would not have this deficit in New York, and we would not have this down streamed burden. We will do what we can to minimize the taxes here and the problem is far greater than centered to Orleans County, it is New York State, and we can not lose site of that. The following resolution was adopted.

Legislator Callard withdrew a resolution authorizing the establishment of an Advisory Committee to research matters relating to the provision of government services in Orleans County.

Legislator Johnson moved a resolution to support Governor's proposal to fix the Indigent Legal Services Fund Maintenance of Effort provision which is in support of a NYSAC proposal; seconded by Legislator Bower. The following resolution was adopted:

**RESOLUTION NO. 85-209**

**RESOLUTION SUPPORTING GOVERNOR PATERSON'S PROPOSAL TO FIX THE INDIGENT LEGAL SERVICES FUND MAINTENANCE OF EFFORT PROVISION**

WHEREAS, in recent years, Orleans County and an increasing number of other counties in New York have not been able to meet the Maintenance of Effort (MOE) required by the State of New York through its Indigent Legal Services Fund (ILSF) and therefore have become ineligible to receive an allocation from the fund; and

WHEREAS, given that Orleans County will lose 100% of its State ILSF allocation or \$80,088 this year and other counties also are at risk of losing funds, the State must work with counties to develop a reasonable solution that will not adversely impact the delivery of indigent defense services within a county; and

WHEREAS, the existing MOE provisions are problematic as local defense costs can fluctuate significantly from year to year due to caseloads and case complexity; and

WHEREAS, the existing system discourages providers of indigent legal defense from finding efficiencies and assumes that spending more money equates to providing better services; and

WHEREAS, Governor Paterson has included language in his 2009-2010 budget proposal that would provide additional predictability for counties as they budget for indigent defense services and determine available State funding for future years; and

WHEREAS, this legislation would modify the current MOE by using a three-year average of local expenditures for the basis of the MOE calculation as opposed to recalculating the MOE annually; and

WHEREAS, the bill further stipulates that, in the event a county still does not meet the maintenance of effort, the county would lose only a percentage of its ILSF funding instead of 100% of its share;

NOW, THEREFORE, BE IT RESOLVED, that the Orleans County Legislature supports Governor Paterson's proposal to fix the chronic issues Orleans County and other counties face with the ILSF Maintenance of Effort provision; and be it further

RESOLVED, that copies of this resolution be forwarded to Governor Paterson, Senator George Maziarz, Assemblyman Steve Hawley, the New York State Association of Counties, New York State Defenders Association and the Orleans County Public Defender.

Moved Johnson; second, Bower.

Adopted. 6 ayes; 0 nays; 1 absent, Kent.

Legislator Callard moved a resolution for Denial for Correction of Error for Tax ID Number 28.-1-68 for the 2009 County/Town Tax Roll; seconded by Legislator Johnson. Mrs. Heard, Treasurer, believed that this resolution goes against resolution 48-209 that makes the Treasurer the designated employee to review these corrections and goes against Real Property Tax Law §556 as well, which recommends that it would have had to come to her first before this could take place. Mr. Nesbitt does not believe this is true. Attorney Schubel stated that it goes to Real Property Tax Office first. Mrs. Heard explained that is where it starts. Then Real Property Tax Law takes it to the person designated by resolution to do those corrections and from there it would go....Mr. Nesbitt said if it is recommended for approval. Mrs. Heard would think that they would not want to do this at this time until it is researched further. Attorney Schubel stated that he would agree to do this, but at this time he does not agree with Mrs. Heard. Attorney Schubel stated, with respect to the Treasurer, she is questioning something therefore, there is no reason not to hold over until next meeting for review. Legislator Callard said he would withdraw it. Legislator Bower suggested it to be tabled so it will automatically be held over to the next meeting. Legislator Callard tabled the two resolutions concerning denials for correction of errors for tax identification numbers 28.-1-68 and 5.11-1-14.1 for the 2009 County/Town Tax Roll. Mrs. Heard indicated that neither of these corrections have been on her desk.

**LEGISLATURE MEETING**  
**March 11, 2009**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Legislator Smith, the Clerk called the roll. All Legislators were present, with the exception of Legislators Callard and Rush.

The Clerk presented the following communications: Genesee Finger Lakes Regional Planning Council meeting is scheduled for March 12, 2009 at 10:30 a.m. Allegany County is hosting the InterCounty Association of Western New York meeting on March 20, 2009 at Alfred University Susan Howell Hall. The Albion Business Association and Community Action are requesting the use of the Courthouse lawn for their Annual Community Easter Egg Hunt on April 4<sup>th</sup> from 10:00 a.m. – 3:00 p.m. They would also like to place a banner on the Courthouse lawn to advertise this event. The Albion Strawberry Festival Committee, under the Orleans County Chamber of Commerce, would like permission to hold its Annual Festival on the Courthouse Lawn on June 19<sup>th</sup> and June 20<sup>th</sup>.

Approval was given by the Legislature for use of the Courthouse lawn for the Annual Community Easter Egg Hunt sponsored by the Albion Business Association and Community Action. A resolution will be forthcoming for the Strawberry Festival event request.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through February 2009. The County taxes are coming in nicely. The first sales tax check has been received for March and is down slightly. Legislator Johnson asked what the other income is on Mrs. Heard's report. Mrs. Heard stated that it includes all other items that do not fit under the other categories. Some of those items may include refunds from prior years and miscellaneous type revenue sources. Mrs. Heard could supply a breakdown. Legislator Johnson stated that it is almost a million dollars.

During open discussion, Chairman asked for any comments from the public. Jack Welch, Secretary of the Sandy Creek Cemetery Association in the Town of Murray, stated that they have been in operation since 1810. He is here today regarding the resolution on the cost of burials. Their annual budget is \$2,700 and in order to cover the budget, we need to sell graves and receive monies from burials. As a not-for-profit cemetery, we have to have approval for any fees charged by the Division of Cemeteries

at the State. For every opening, they are required by the state to put aside \$35 for each opening for perpetual maintenance and 10% of each grave that is sold. Those fees are used to maintain our cemetery, especially for mowing the grass and such. With not having electricity or equipment, graves are hand dug with a shovel and wheelbarrow. When fees for grave openings are lower than what we are able to charge, that dramatically affects our ability to stay open in our future. It puts a burden on not-for-profit cemeteries to not receive the fees they are allowed to charge. If there is a burial that is going to be a county burial, their Association will not accept a fee lower than what they charge.

Legislator Kent reported on the meetings he attended which included the Aging Advisory Council, Homeland Security Grant proposal meeting with Sheriff Hess, New York State Comptrollers Energy Audit meeting; and Aging, Job Development and Social Services Committee meetings. He reported that our Child Support Unit has increased their child support collections by 8.68% in the last year which was second in the state to Sullivan County, which is outstanding.

Legislator Bower reported on his committee meetings and that everything is in good hands. We want to make sure we have adequate staffing in the Nursing Home which will be addressed today.

Legislator Eick agrees with Legislator Bower that their departments are running well and are being very cost conscious. He attended the Radio Meeting in Ridgeway and the Radio Systems Manager is currently working on completing a full inventory. He attended the East Shelby Fireman's Installation.

Legislator Johnson thanked Legislator Eick for providing the update on the Radio Meeting. A meeting was held with the Court Consolidation subcommittee of the Shared Services Summit. District Attorney Joe Cardone will be making a presentation at the next Supervisors/Legislators Association meeting. She indicated that there is positive movement in Town Court consolidation.

The following resolutions were then adopted:

**TERMS OF AUCTION  
ORLEANS COUNTY TAX PROPERTY AUCTION  
ALBION AMERICAN LEGION POST  
ALBION, NEW YORK  
May 13, 2009  
11:00 AM**

This is the sale at public auction of various parcels of real property, which have been conveyed in the County of Orleans by final judgment under the so-called In Rem Tax Foreclosure Proceedings. This sale is ordered by various resolutions of the Orleans County Legislature and is in accordance with the appropriate provisions of the Real Property Tax Law. This sale and sale of each and every parcel herein is upon the following terms:

#### **TERMS AND CONDITIONS**

OF THE  
ORLEANS COUNTY AUCTION OF TAX FORECLOSED PROPERTY

1. Orleans County acquired title to these properties in accordance with Article 11 of the Real Property Tax Law of the State of New York, and all known rights of redemption under said provisions of law have been extinguished by the tax sale proceedings; and/or as a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be defined as a section, block and lot number.
3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose; (b) applicable zoning/land use/building regulations; (c) water assessments are the responsibility of the purchaser, whether they are received or not; (d) the levied 2009 Town and County tax bill including any releived taxes, 2008/2009 village taxes, 2008/2009 school tax, any village or town water and sewer rents and assessments, in addition to any other applicable charges (including, but not limited to, omitted and pro rata taxes, demolition charges, interest and penalties); and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the public auction.
4. The purchaser shall be solely responsible for the payment of: the levied 2009 Town and County tax bill including any releived taxes; any Village taxes levied after May 31, 2009, the 2009/2010 school taxes, the 2010 Town and County taxes, penalties and interest and charges levied against the property subsequent to the auction.
5. All purchasers are advised to personally inspect the premises and to examine title to the premises prior to the date of the auction. Upon delivery of the quitclaim deed by the County of Orleans to the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
6. No personal property is included in the sale of any of the parcels owned by Orleans County, unless the former owner or occupant has abandoned same. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.
7. All informational tools, such as slides, tax maps, deeds, photos, auction listings, auction catalogs, auction signs, property record cards, etc., are for identification purposes only and are neither a

guarantee nor a warranty as to location, dimensions, parcel use and/or size, or anything else. THE COUNTY, THE AUCTIONEER, AND THE AUCTION SERVICE MAKE NO WARRANTY EXPRESSED OR IMPLIED IN CONNECTION WITH THIS SALE.

8. The County of Orleans reserves the right, in its sole discretion, to withdraw from the auction any of the properties listed on the schedule of real property.
9. Notice is hereby given that the premises being sold may lie within an Agricultural District as designated upon the tax map. It is the sole responsibility of any bidder to ascertain which specific parcel(s) is so designated and sold subject to the provisions of law applicable thereto.
10. All bidders are required to register and provide suitable personal identification prior to the auction. Auctioneer reserves the right to decline registration if identification is not sufficient.
11. All bidders are required to use the bidder number issued to them for all purposes associated with the auction. A bidder may not bid on behalf of a party who is on the prohibited bidder list.
12. Bidder acknowledges receipt of the pamphlet entitled "Protecting Your Family From Lead in Your Home." Bidder also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards, mold, asbestos or any other hazardous substances.
13. The former owner of the property, or his agent, shall not be deemed to be the successful bidder on the property or purchase same at the public auction, unless the bid amount exceeds the amount of the purchase price to affect the release of County's interest. If the former owner or his agent reacquires the property, all liens existing prior to the foreclosure, will be reinstated and the purchaser (former owner) must sign the deed to reinstate the liens.
14. Purchaser shall provide information necessary to complete, and shall execute, the necessary forms and documents required for recording the deed in the Orleans County Clerk's Office. The purchaser executing the auction terms and conditions of sale may not assign or otherwise transfer his right to complete the bid, unless the County agrees in writing. The deed prepared will be in the name of the successful bidder (and spouse) only. No third party bidding will be accepted, unless the bidder identifies that he is bidding as an agent for a disclosed principal.

15. The auctioneer's decision regarding any disputes is final, and the auctioneer reserves the right to reject any bid that is not an appreciable advancement over the proceeding bid.
16. The Purchaser will execute an Offer to Purchase form immediately upon being declared the high bidder. The approval of each bid by Resolution of the County Legislature *will not constitute a Contract of Sale* and the County reserves the right to reject any bid prior to the closing of title and the recording of the deed.
17. The Purchaser shall be responsible for the payment of an eleven percent (11%) buyer's premium should buyer be paying by credit card or a ten percent (10%) buyer's premium should the buyer be paying by cash or by bank check in addition to the accepted purchase price and the closing fees/costs. The "buyer's premium" is the fee/commission earned by the auctioneer. An additional one and one half percent (1.5%) of the purchase price will be added to each parcel for advertising expenses. Accepted purchase price is the amount bid by a perspective bidder, which has been approved by the Orleans County Legislature.
18. All required deposits must be paid in full for all successful bids immediately upon being declared the successful bidder. Any successful bidder, who fails to tender the deposit immediately upon being declared the successful bidder, will be forbidden to participate in this or any other auction. Any parcels which the County did not receive deposits for, as per these terms and conditions, will be considered to be defaulted, and resold and the bidder will be disqualified from further bidding.
19. 25% of the total contract price (total contract price is the combination of the high bid and the buyer's premium, as defined in section 17 of these terms and conditions), shall be paid as a down payment on the day of the auction upon execution of an Offer to Purchase Form. Total contract prices selling for \$250.00 or less must be paid in full at auction, including all closing costs which consist of the following will be paid with the down payment on the day of the auction for each parcel: (a) New York State Transfer Tax [\$2.00 for each \$500.00 of the purchase/bid price]; (b) Filing Fee for the Real Property Transfer Report [\$75.00 if the parcels classification code is 100-199, 200-299 or 411-C; \$165.00 for all parcels otherwise classified]; (c) Filing Fee for combined Gains Transfer Tax Affidavit [\$5.00]; (d) all fees required by the Orleans County Clerk for recording of the deed [\$50.00 to record a one page deed; \$5.00 for each additional page] *Closing costs may be subjected to an increase in fees as required by law, without notice.*

All deposits must be made in cash or guaranteed funds payable to the "Orleans County Treasurer" and drawn on banks insured by the Federal Deposit Insurance Corporation (FDIC). No exceptions.

20. All bids shall be subject to approval by the Orleans County Legislature, which shall have the right, in the Legislature's sole discretion, to reject any bid for any reason whatsoever.
21. All parcels for which you are the successful bidder for must be paid in full. No selective closings subsequent to the auction. Failure to remit full payment on all parcels for which you are the successful bidder will result in a default of all deposits tendered, and you will not be permitted to close on any other parcels for which you are the successful bidder.
22. The entire balance of the accepted purchase price, the buyer's premium, as defined in section 17 of these terms and conditions, and all closing costs/fees must be paid by cash or guaranteed funds payable to received by the Orleans County Treasurer's Office on or before June 30, 2009. The County is not required to send notice of acceptance to a purchaser. If the purchaser fails to pay the balance of the total contract price plus closing costs and fees as herein provided, the deposit shall be forfeited. The County reserves the right, in its sole discretion, to extend the time of payment upon such terms and conditions it deems appropriate.
23. If the successful bidder fails to tender such amount due by the close of business on June 30, 2009, then the County may, but is not obligated to offer any unsold property to the second highest bidder. All terms and conditions for the sale set forth herein above shall apply to the second highest bidder and/or any other purchaser.
24. All sales shall be final, absolute and without recourse, once title has closed and the deed has been recorded. In no event, shall Orleans County and/or Haroff Auction & Realty, Inc and/or Absolute Auctions & Realty, Inc. be or become liable for any defects in title for any cause whatsoever, and no claim, demand or suit of any nature shall exist in favor of the purchaser, its heirs, success or assigns, against Orleans County and/or Haroff Auction & Realty, Inc and/or Absolute Auctions & Realty, Inc. arising from this sale.
25. The County of Orleans will execute no warranties concerning the parcel or title thereto and will not deliver or be responsible for abstracts, title insurance, title searches, surveys, maps or other documents concerning a parcel whatsoever.
26. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the

year upon which the County acquired title or as corrected up to date of deed. The deed will be recorded by the County upon payment in full of the accepted purchase price, buyer's premium, and closing fees/costs. POSSESSION OF PROPERTY IS FORBIDDEN UNTIL THE DEED IS RECORDED WITH THE ORLEANS COUNTY CLERK CONVEYING TITLE TO THE PURCHASER. TITLE VESTS AT THE RECORDING OF THE DEED. It is agreed between the County and the purchaser that delivery and acceptance of the deed occurs upon recording the deed.

27. A quitclaim deed issued as a result of the auction shall contain the following provisions: (a) "Nothing contained in any description herein is intended to convey more than the assessed owner owned at the time of the levy of the tax, the non-payment of which resulted in the tax sale. There is no representation as to the extent of the acreage conveyed herein;" (b) Orleans County shall in no event be or become liable for any defect in the title so conveyed for any cause whatsoever, or for any encroachments or disputed boundaries; and that no claim or demand of any nature shall ever be made against said Orleans County arising from such sale or conveyance or any proceedings leading thereto.
28. Evictions, if necessary, are solely the responsibility of the successful purchaser after closing and recording of the deed.

## **LEGISLATURE MEETING**

**March 25, 2009**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present, with the exception of Legislators Callard and Rush. Chuck Nesbitt, Chief Administrative Officer, was also not present.

The Clerk presented the following communications: Real Property Tax Refunds issued to date notice has been received from Susan Heard, Treasurer and has been filed in the Legislature Office. 2008 Annual Report of the Orleans County Marine Park has been received from Wayne Hale, Jr.; Marine Park Manager and has been filed in the Legislature Office. The 2009 Farmer to Neighbor Night, "The Taste & Talent of Orleans" is March 28, 2009 in the Trolley Building at the Orleans County Fairgrounds. Orleans County Federation of Sportsmen's Club sent a note of appreciation for the County's support this year and will use the resources to benefit the county in conservation fundamentals. Orleans

County Planning Board will meet on March 26<sup>th</sup> at 7:00 p.m. at the County Office Building.

The Treasurer had no report due to being very diligent in closing the books for 2008.

During open discussion, no comments were made from the floor and Chairman Smith welcomed the students.

Legislator Kent explained that he audited the bills this month. He mentioned that the County spends about \$1.2 million in tuition for county residents to attend college. He reviewed assigned counsel vouchers and claims were submitted for services back from 2006. He stated one claim was made in the amount \$15,930 to be paid to one assigned counsel for travel time over a period of February 2006 to the present. He thinks that there is going to be some investigation into this issue, which he felt was good. He received a call from a resident concerning the New York Power Authority and suggested that the Legislature should become more vocal concerning the supply of more power to Orleans County, and we should contact the media to get them after the Power Authority. He e-mailed Channel 4 News to encourage them to make a case on our behalf for allocation of power for Economic Development. In some instances, if a project does not come to Orleans County, it ends up in another State. He attended the Cooperative Extension Meeting last Thursday.

Legislator Eick reported on the Supervisors/Legislators meeting and the Court Consolidation presentation made by Joe Cardone and Judge Markey. The Towns of Shelby and Ridgeway lead the way in consolidation of Courts. There is a lot of interest in Court Consolidation and progression will continue. He encouraged the Board to attend the Farmer to Neighbor Night on Saturday Night at the 4-H Fairgrounds.

Legislator Johnson also attended the Supervisors/Legislators meeting and expressed that the presentation was well done. She attended the Towns of Ridgeway and Yates Board meetings and notably the Village of Medina's Board meeting in which they thanked Trustees Lustumbo and Toale for their years of service on the Board. They also welcomed Trustees Kiebala and Irwin onto the Village Board. She attended her first Medical Scholarship Board meeting. She was impressed with the work that they do for students from Orleans County.

Chairman Smith reported on attending the InterCounty of Western NY meeting at Alfred State College. He said it was a very interesting meeting and the guest speaker was from the College of Ceramics School of Engineering. It was exciting to hear how ceramics is involved in our everyday lives such as in the auto industry and in furnaces.

Legislator Eick moved to add one resolution to the agenda, seconded by Legislator Bower. Motion was carried. The following resolutions were presented.

Legislator Kent moved to authorized payment of claims; seconded by Legislator Bower. Legislator Johnson questioned if the bills in question for the assigned counsel were pulled. Legislator Kent affirmed that they were. He said the total bill was for \$35,227.50 and almost half of that was for travel. Legislator Eick questioned if they charge for mileage or a set fee. Legislator Kent said they charge per hour. Legislator Bower thought they get paid \$75 per hour, which he feels they are well compensated. Legislator Kent felt they are getting overcompensated for travel. They get the same fee for travel as they do for writing briefs, counseling their client, and writing letters. The following resolution was adopted:

Legislator Johnson requested to keep the two corrections of error resolutions tabled at this time.

Legislator Kent moved to have the Indigent Burial Rates resolution off the table for further action; seconded by Legislator Bower. Legislator Kent moved to amend the resolution with replacing it with the various changes submitted by the Department of Social Services; seconded by Legislator Bower. Legislator Johnson was confused in that the replacement resolution was not lowering the price; it is increasing the price on four different items. She thought that the purpose of the resolution being tabled, after Mr. Welch’s discussion at the last meeting regarding rates, was to review it. We are now coming back to the table increasing the rates. Legislator Kent said that some items were not challenged by Mr. Welch. The burial and crematory fees were changed. These were changed after Commissioner Ludwig had additional discussion with area Funeral Directors, and as a result, recommended that the resolution be submitted with these changes. Commissioner Ludwig clarified that two issues have been resolved. A rate was listed in the previous resolution for urns and in further discussion with the funeral home industry, she learned that cremation is a legal disposition of the body and there is no need to spend money on an indigent burial for an urn. Therefore, the money that they might have put into an urn allowed to slightly increase some of the rates for the actual funeral services. The second issue resolved, was the internment issue where some cemeteries may charge more than our rates. The asterisk at the bottom of the new resolution submitted states that they will pay internment rates up to the published rates of a given cemetery if the person already owns the plot in that cemetery; but not to exceed the

purchase of the plot. She believes they addressed two issues in the changed resolution. The following resolution was adopted as amended.

**RESOLUTION NO. 123-309**

**ESTABLISHING INDIGENT BURIAL RATES IN THE DEPARTMENT OF SOCIAL SERVICES**

WHEREAS, the Department of Social Services, pursuant to Section 141 of the Social Services Law is required to pay for the burial of certain indigent persons; and

WHEREAS, the County wishes to establish specified rates that will be paid to funeral homes and cemeteries for such services; now

THEREFORE BE IT RESOLVED, that this Legislature hereby establishes indigent burial rates paid by the Department of Social Services, for the period January 1, 2009 – December 31, 2009 as follows:

## **LEGISLATURE MEETING**

**April 8, 2009**

---

Chairman Smith called the meeting to order at 4:32 PM. After the pledge to the flag and invocation, led by Legislator Eick, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The Orleans County Chapter of ABATE of New York is busy planning this year's MS&A Rally, scheduled for May 3, 2009. They are requesting the month of May to be proclaimed Motorcycle Safety & Awareness Month in Orleans County. Permission to use the County Courthouse steps has been requested from noon through 3:00 p.m. Ontario County will be hosting the InterCounty Association of Western New York meeting at the Ramada Geneva Lakefront in Geneva on April 17<sup>th</sup>.

Legislator Johnson read a proclamation and was assisted by Legislator Callard and Chairman Smith, who presented to Dale Graff, representative of the Orleans County ABATE for the month of May to be proclaimed Motorcycle Awareness and Safety month in Orleans County. Dale Graff thanked the Legislature for their continued support for Motorcycle Safety and Awareness in Orleans County and invited all of the Legislators to the

Rally. Legislator Johnson stated it would be an honor for her to present the proclamation at the Rally.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through March 2009. We made the loan to the Nursing Home so they could pay off their RAN. Tax collection has gone very well. In talking to the collectors, they felt tax payments came in faster than usual. She had to pay out sales tax to the towns and villages; and relieved taxes for schools and villages also have been paid, which is about three and half million dollars on April 1<sup>st</sup>. You will see this in next months report.

During open discussion, Chairman Smith asked if any public comment wished to be offered. Legislator Callard said it was good to be back from vacation.

Legislator Johnson welcomed Legislator Callard back and expressed that his wife has been in all of our prayers through their ordeal. The best news she can share is that Empire Center for New York State Policy released recent research from the Comptroller's office. Chuck Nesbitt interjected that they released research during comparative analysis and benchmarking between all of New York's towns, cities, and counties. In looking at all the research done and looking at where we rank as a county relative to our peers, and knowing a lot of comment being made on a prior study done nationwide and our reaction to that is that we operate in New York State, not in another state, and we have the rules imposed upon us by New York State that we have to live by. When you look at the statistics and where we ranked, a few stuck out. Our County, of the 57 counties of New York State outside of New York City, ranked 50<sup>th</sup> in spending per capita. Out of the same 57 counties, we ranked 56<sup>th</sup> in taxes per capita. Chuck felt this was a real telling of where we actually stand in terms of fiscal responsibility in this county. Legislator Johnson thanked Chuck for these details.

Legislator Eick attended the Farmer to Neighbor Dinner which had about 130 people in attendance. Last Tuesday and Wednesday, Legislator Eick lobbied in Washington, D.C. through Orleans County Farm Bureau on eight issues through Congressman Lee's Agriculture Committee. One big issue was with milk prices and that producers are losing \$1,000 per day in cost of production. Those are the type of things dairymen are seeing now and no one has the answer. It is becoming a very serious problem. They are moving products out of storage and giving it to food pantries and

schools. Today Legislator Eick and Legislator Bower held their committee meetings. Buildings and Grounds is coming along well with the Jail repairs, but halted due to the 17 drug arrests last week. The Election Commissioners met and wish to move to a vacant wing of the Nursing Home, but the time frame is getting too tight and plan to hold off until after elections.

Legislator Bower had his monthly meetings with the Board of Health and the Community Services Board. Legislator Bower stated that Tight Line Charters has donated a six hour fishing tour on Lake Ontario for six people and tickets are being sold to benefit the Dementia Walkway. Legislator Bower encouraged all Legislators and Department Heads to take ten tickets to sell.

Legislator Kent reported that Legislator Bower, Chairman Smith, and he went to a meeting in Holley for the possibility of renovations to the old Holley High School similar to the Albion Academy renovations. He attended the Sportsman Federation Annual Meeting and a lot of good news was expressed there. The Youth Bureau funding is going to be restored minus 10% of the previous formula and is not going to be within a block grant as the Governor proposed. He attended the Farmer to Neighbor Dinner. He said that Lisa Tucker, the speaker, spoke about buying and eating locally and how it makes sense in terms of the environment, nutrition and how it impacts our local economy. Debbie Kerr-Rosenbeck also advised him that she secured AmeriCorps workers for the Swan and Lee Whedon Library, and may have additional workers available for the Lyndonville and Holley Libraries also. He also attended the LDC meeting.

Legislator Rush stated that he kept up on things through his computer while on vacation. He received a thank you letter from the Sportsman Federation for the little amount of funds we budgeted for them and they surely will use those funds wisely.

Legislator Eick moved to add two resolutions to the agenda; second by Legislator Rush. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 124-409**

Legislator Callard moved to request enactment of a special Law authorizing Orleans County to impose an additional 1% sales and compensating use tax; second by Legislator Johnson. Legislator Johnson asked Treasurer Heard how much this 1% revenue amounts too. Susan said she has not looked at it for a long time but was approximately \$1.5 million at that time. Chuck Nesbitt indicated that it involves 25% of the \$13.9 million that is budgeted which is about \$3.5 million. Susan said her number was pre Wal-Mart days. The following resolution was adopted.

Celebrating the Victims of Crime Act” Balloon Launch and Celebration will occur May 1<sup>st</sup> at 7:00 p.m. at the Orleans County Courthouse. Orleans United Coalition Meeting, featuring Rick Stoddard, is scheduled for April 28<sup>th</sup> at Cornell Cooperative Extension 4-H Fairgrounds. The Orleans County Youth Board will hold their 27<sup>th</sup> Annual Youth Recognition Banquet on Thursday, May 14<sup>th</sup> at the Trolley Building at the Orleans County 4-H Fairgrounds. The Oak Orchard Lighthouse Museum and Albion Main Street Alliance is planning the “Olde Orleans Erie Canal Festival” for Sunday, May 24<sup>th</sup> (Memorial Weekend) from 12 p.m. to 6 p.m. They are requesting use of the Courthouse Square for an Ecumenical Choir “Sing-off”, honor guard, and picnicking by the public. They also may need a spot for a couple of information booths if they can’t fit them downtown. There will be no vendors at this event and is strictly a historic/cultural/educational event for community building. They would like the Legislature’s permission to move forward with their planning and to use the grounds as specified. NYSAC has informed us that May 3-9, 2009 is National County Government Week. In New York State, this year’s event will emphasize the theme of “Modernizing County Government” which includes, but is not limited to, the environmentally-friendly initiatives being driven at the county level. This is consistent with the national theme of “Greening our Future”

The Legislative Board approved the use of the Courthouse grounds for the May 24<sup>th</sup> “Olde Orleans Erie Canal Festival” event.

The Treasurer reported that she does not have a report, and they are currently working on the annual update document that is due to the State by May 1<sup>st</sup> and it will be on time.

During open discussion, Paul Lauricella, Lyndonville, addressed a few issues. He said that the April 15<sup>th</sup> nationwide TEA parties were well attended by regular citizens that were not bused in or organized by phone calls; they went on their own free will. Paul said he went to one and said that the message was loud and clear, to stop spending money. This is at all levels. In the year 2010, it is going to be a tough year for lawmakers, nationally and locally. People are sick of spending, and we need to have fewer programs. He also addressed concerns regarding a resolution to introduce the Local Law for prohibiting texting while driving. He is surprised this made it to this board. It is just an additional thing to pick peoples pockets. Legislator Callard interjected to say that this resolution is going to be withdrawn. Paul announced that today is Earth Day and would like to give recognition to some pioneers who made this country

great; the coal and oil industry. He said that if it wasn't for them, none of the conveniences we have, none of the clothes on our backs or the things that we drive would allow us this quality of life. He urged the Board to resist the "green" movement because it costs twice as much, if not more, and restricts freedom. It does absolutely nothing for the environment except make people feel good and create jobs to spend more tax payers money. In the end, this could put us in a third world country status because that is how they live.

Legislator Rush reported on attending the Kendall and Murray Town Board meetings and his regular committee meetings. He attended the Fish and Wildlife Management Board meeting in Canandaigua. He also attended the EDA meeting and Office of the Aging Advisory meeting.

Legislator Kent reported on attending his committee meetings. The DSS Commissioner discussed day care funding being cut because we did not use all of our daycare funding in 2008. We may be able to make up the potential shortfall with the flexible fund for family services. He attended the Joint Veterans Council meeting in which it was noted that seven municipalities in our County have not adopted the Cold War Veterans exemption. He wrote a letter to those municipalities urging them to consider adopting the exemption. It was pointed out by Frank Berger that the tax rate in the Town of Ridgeway was increased by one percent to pay for their cold war exemptions. Bill Menz did a presentation on the Company F Memorial Monument and that they still need to raise \$6,000 to cover the \$75,000 project. They also need to raise \$1,000 to place a roster and photograph in each school highlighting the contributions of Company F of WWII. Legislator Kent provided information as to how to make tax deductible donations in care of Medina Savings and Loan. He attended the volunteer luncheon for the Office of the Aging of which Craig Lape, Director of Weights and Measures, sang for entertainment. Office of the Aging staff honored volunteers who work for and support their mission. He wrote to Governor Patterson regarding the proposed IDA reform bill. The "Treasures of Holley" mural project, which Stacey Kirby is working on, is being paid partially by a Go Art grant but she is also counting on contributions from the community. It seemed to him that it offers a blue print for Albion and Medina as far as promotion of canal towns and tourism. He also worked with Stockham Lumber to donate treated 4x6's to repair the horse barn at the 4-H Fairgrounds.

Legislator Eick reported on the Soil and Water meeting in which the ditching programs were discussed and the usage of the slashbuster.

Legislator Callard attended the Master Gardeners monthly meeting and heard nothing but the highest praise for the Orleans County Highway Superintendent in his participation in the finalization to the Dementia Walkway. He also attended the EDA meeting.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Kent. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 144-409**

REQUESTING NEW YORK STATE LEGISLATION FOR RATIONAL  
STATEWIDE ECONOMIC DEVELOPMENT POLICIES AND  
REAUTHORIZATION OF CIVIC FACILITIES FINANCING

WHEREAS, Industrial Development Agency reform bills establishing greater accountability and new reporting requirements for local agencies have been introduced in both houses of the New York State Legislature; and

WHEREAS, the New York State Legislature first enacted amendments to the General Municipal Law in 1997, which have been extended every two years prior to this session, authorizing county-wide Industrial Development Agencies to utilize their tax exempt bonding authority to finance construction of civic facilities including not-for-profit hospitals, continuing care residential facilities for the elderly, college dormitories and other projects for non-profit community-based organizations; and

WHEREAS, this financing mechanism has provided non-profit hospitals and residential care facilities with significant savings on costs for construction on new medical facilities since financing through local Industrial Development Agencies is considerably less expensive than that available through other sources assisting their efforts to control the costs of health care; and

WHEREAS, the Orleans County Legislature has charged the County of Orleans Industrial Development Agency (d/b/a/ Orleans Economic Development Agency) with promoting economic development throughout the county; and

WHEREAS, proposed Legislation such as A.8703 would require Industrial Development Agencies to include representatives from local government, local school boards, organized labor and environmental organizations to serve on its board, introducing special interests; and

WHEREAS, community based, not-for profit organizations employ thousands of New York's citizens and are an integral part of the economic framework of our local communities; and

WHEREAS, A.8703 and similar Legislation would force all Industrial Development Agency assisted projects of private investors to pay prevailing wages during construction and pay median wages on all

subsequent jobs, thereby further increasing the cost of doing business in New York State; and

WHEREAS, those additional costs would effectively negate any and all Industrial Development Agency benefits and limit Industrial Development Agencies' ability to generate project fee revenues; and

WHEREAS, the authority of county-wide Industrial Development Agencies to finance not-for-profit and civic facilities projects expired on January 31, 2008 without action by the State Legislature; and

WHEREAS, over \$2 billion in construction projects for not-for-profit organizations, which will increase the quality of services to our citizens and create new jobs particularly in communities hardest hit by our current economic recession, have been delayed, scaled back or abandoned as a result of the lapse of this authority; and

WHEREAS, the lapsed authority for financing of civic facilities projects was limited to a cap of \$20 million per project, severely curtailing the ability of not-for-profit hospitals to take full advantage of the cost savings for construction financing of expansion and modernization projects available through county-wide Industrial Development Agencies; and

WHEREAS, A.8703 would potentially force Industrial Development Agencies, which are largely self-funded, to seek additional county funding or cause a "Going Out of Business Scenario" for many counties' major tool for economic development; and

WHEREAS, these additional costs caused by the lapse in this authority and the delay in these much needed projects will ultimately be borne by the taxpayer, either through reduced services or higher costs of construction; now, therefore be it

RESOLVED, that the Orleans County Legislature calls upon the New York State Legislature to immediately enact the permanent authority of county-wide Industrial Development Agencies to finance civic facility projects with an increase in the volume cap to \$50 million per project as part of overall Industrial Development Agency reform; and, be it further

RESOLVED, that the Orleans County Legislature supports the enactment of Industrial Development Agency reform legislation that

strengthens public accountability and secures the confidentiality of personal and proprietary information while maintaining local flexibility, oversight and control of Industrial Development Agencies, and opposes specifically A.8703 or any similar legislation; and, be it further

RESOLVED, that the Orleans County Legislature shall forward copies of this resolution to Governor David Paterson, the New York State Legislature representatives Senator George Maziarz and Assemblyman Stephen Hawley, NYSAC and the InterCounty Association of Western New York.

Moved, Rush; second, Kent.

Adopted. 5 ayes; 0 nays; 2 absent: Bower, Johnson.

Legislator Callard requested to move the first Correction of Errors resolution (Tax ID No. 28.-1-68) off the table, second by Legislator Eick. Legislator Kent requested to discuss this because he was not in favor of pulling this resolution off the table. He was brought aware of the controversial nature of this resolution and in receiving a lot of information within the last few hours and the conversation he had yesterday; he did not have enough time to review and digest in the last few hours. Also, with two Legislators not being present today, including one that is on the Finance Committee, he feels we should wait until all of the Legislators are present. Chairman Smith requested a vote of those in favor of pulling it off the table. Legislators Callard, Eick and Smith were in favor; Legislators Kent and Rush were not. Motion was denied for failure of receiving four affirmative votes.

The two resolutions regarding denial for Correction of Tax Errors remain tabled.

Legislator Callard moved to adjourn; second by Legislator Eick. Meeting adjourned at 4:57 PM.

**LEGISLATURE MEETING**  
**May 13, 2009**

---

Chairman Smith called the meeting to order at 4:32 PM. After the pledge to the flag and invocation led by Legislator Rush, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The Annual Financial Report Update Document for the County of Orleans Fiscal Year ending December 31, 2008 has been received from the Orleans County Treasurer and filed in the Legislature Office. The Oak Orchard Watershed Protection Alliance meeting will be May 20, 2009 at 7 p.m. at the Orleans County Soil and Water Conservation District Office. The Arc of Orleans County will be holding an Open House on May 20, 2009 between 12:30 p.m. to 4:00 p.m. at the Albion Academy in honor of the Meals on Wheels, Nutri-Fair and Day Habilitation programs and their collaboration with Albion Central School District Human Services Academy. The Car Show Committee is asking permission to post a 2 ½' x 12' banner promoting the Annual Car Show on August 8, 2009 that is being sponsored by the Albion American Legion, the Albion Business Alliance and Arnold's Auto Parts. They are also requesting permission to use the courthouse parking lot on the corner of Main St. and E. Park St. for the August 8<sup>th</sup> Car Show. Permission for the use of the courthouse parking lot and banner was approved by the Legislature.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through May 2009.

During Open Discussion: Debbie Sherk, President of the Local 837 of CSEA, spoke and she stated that she represents over 300 employees that work for Orleans County. She is here in support of our nurses that work for the Public Health Department - CHHA unit. (A copy of the petition with Legislative Report was distributed to all Legislators - please refer to report). Apparently, there was an RFP put out to sell off this part of the unit of the Public Health Department. Orleans County has been in the healthcare business for over 42 years providing quality healthcare and services for the people of Orleans County in a cost effective manner. The CHHA currently employs 13 full-time and part-time staff including nurses and support staff. Debbie discussed the potential fallout if the Legislature decides to privatize the CHHA. She continued to talk about how the independent auditor, Jack Venesky & Associates, found the services to be of high quality with excellent customer service. They also found some areas in need of improvements. Debbie has signatures from nurses and support staff that are here today.

Paul Lauricella from Lyndonville, said he noticed in the tabled resolutions that the denial of correction in error of tax identification number has been going on for about six months now. He stated that he did not know the details, but people are talking about this in the social circuit and he thinks it is time that the Legislature does something about this. If there was a mistake on the county's part, make it right in favor of the property owner. Also, it is no secret that government spends, taxes and regulates too much. He has seen the government waste billions of dollars bailing out the auto industry with the end result of filing for bankruptcy. General Motors is restructuring its way of doing business. Our government needs to do the same thing because it has been a burden on the taxpayer.

Chairman Smith stated that we take the things that you say seriously. We may not respond right now, but we do talk about it. If there is a response, we will get back to you.

Legislator Bower asked Jeff Glatz, Administrator of the Village of Orleans, to speak. Jeff talked about the Charter Fishing raffle that raised \$2,285 for the Dementia Walkway. Steve Zinone, Court Reporter at the Courthouse, was the winner. The dementia walkway is right off the dementia wing; there is no outside venue for those residents. The Eagle Scouts, Master Gardeners, and Lighthouse Landscaping out of Holley, etc... volunteered their time and services.

Legislator Kent did the Crime Victims Recognition/Proclamation event and it was quite educational. He also had a Youth Bureau committee meeting and talked about the impact of the 18% reduction in the state funding of the Youth Bureau and the possibility of having to cut funding for some programs effecting young people. He had a Cooperative Extension committee meeting and they talked about the sharing of the director with Erie County. They have added increased fees for the use of space and storage and to add revenue and cover expenses.

Legislator Rush had a meeting at Cooperative Extension. It is a property meeting that we have every other month and we talk about how we are going to keep the buildings in shape with very little money. We also had a quarterly meeting with Deborah Roberts and she gives us an update of what Cooperative Extension is doing. He attended the Supervisors/Legislators meeting, Youth Bureau meeting and Youth Bureau Banquet. He also went to the Town of Carlton to listen to their views and complaints and attended the County auction.

Treasurer Susan Heard talked about the auction results. If you were buying property, today is the day that you should of went. However; from a County prospective, it is not so good. If you accept all bids that were received today, it is a loss of tax revenue of \$160,000. Legislator Rush asked about the year-to-date sales tax and questioned being down by \$118,800. Susan said that there might be a few parcels that you may want to reconsider whether or not they should sell for those prices.

Legislator Eick attended the OFA lunch and the Awards ceremony for fire service awards in Shelby.

Legislator Johnson attended the Emergency Management Training Banquet along with Chairman Smith, Legislator Rush, and Legislator Eick. That is a banquet every year to recognize First Responders who go through training classes. For the past year, there were a total of 10,717 man-hours of training for Orleans County First Responders. I applaud that type of commitment for volunteers in Orleans County to protect the citizens of Orleans County.

Legislator Callard attended his normal committee meetings, IDA Management and the Master Gardener meeting to discuss the Dementia Walkway and feels we should move ahead with the construction.

Chairman Smith reminded everyone that they are having a Legislative Town Hall Meeting on Tuesday, June 2 at 7:00 p.m. in the Trolley Building at the Fairgrounds. This is open to the public.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 155-509**

Legislator Callard moved to approve the sale of county-owned properties that Haroff Realty auctioned off today at the American Legion; seconded by Legislator Johnson.

Legislator Bower moved to review the listing because he feels that there are some properties that are way out of bounds, and we shouldn't be selling them at that price and it is not fair to the taxpayers. Legislator Callard asked if we had a time issue or can we handle this at the next meeting. Dave Schubel said if we table this resolution, it would be very problematic for the Treasurer's office because you set certain time frames and people have the expectancy that they can move forward with the transaction. Susan mentioned that the state has new filing fees that go into effect on June 1, 2009 so anyone that doesn't pay this month and doesn't close are going to be subject to more fees. Legislator Bower asked if they could go through some of them right now and eliminate some of them. Susan said yes.

Attorney Schubel said that we had an excellent auctioneer and have used them for a number of years. This auction was well promoted with lots of publicity and well attended. He explained the problematic properties.

Mr. Schubel said that we put on the "Terms of Sale" that they are not to take possession of property until they are entitled to. There was further discussion on selected properties. The recommendation was to pull #49

(Tax ID: 80.37-1-9) Town of Ridgeway; #50 (Tax ID: 80.37-2-31.1) Town of Ridgeway; #56 (Tax ID: 79.19-2-6) Town of Shelby; and #65 (Tax ID: 80.45-3-54) Town of Shelby. The following was adopted as amended:

Legislator Callard moved that the resolution of denial for correction of error for tax identification number 28.1-68 for 2009 county/tax roll be moved from the table; second, Legislator Bower. Motion carried.

Legislator Callard moved to adopt the Resolution of Denial for Tax ID No. 28.-1-68; seconded by Legislator Johnson.

Legislator Johnson indicated that it is important to know that it has not been six months that we have been handling this resolution, it has been two months. This is because we needed to do our homework. We needed to study this and we met with the Town of Carlton and Real Property. There were many questions. The second thing is the motion to deny it under the error that it was filed under, but I spoke with Director Allen and I think it is in the best interest of the taxpayer that we continue to work here and have Dawn look at submitting this under an Error of Essential Fact and work with the Town of Carlton Assessor. Director Allen is doing some research if that can be done or not. What we are doing here is we are declining the applications that came in. I think it is worth spending some time looking at how we can apply for relief for this taxpayer in an appropriate way. Legislator Callard said it would be appropriate for any

further discussion pertaining to this subject proceed through the proper channels and committee. The following resolution was adopted:

Legislator Kent also attended the Youth Recognition Awards Banquet in which 21 youth, evenly divided throughout our five schools in our county, received awards. It is a great reminder of our outstanding youth. Joey Griffin and Robert Batt received the Helen Brinsmaid Award for working

with youth in a paid capacity and Mike Trimm received the Eileen Heye Award for working with youth in a volunteer capacity. He reported on the Hazardous Waste Collection event on Saturday and that we received very positive comments. Legislator Kent moved to approve an agreement between the Office for the Aging and the ARC of Orleans for Social Adult Day Care Services for four hours per day; seconded by Legislator Rush. Legislator Kent stated that Orleans County has never had social adult day care and it is something that has been a dream for our current Director and previous Director of the Office for the Aging. It is a shame that the service has not been provided, therefore the net impact is that it forces more people into a Nursing Home. It does support family members who want their loved ones to continue to live at home. Legislator Callard asked if it serves someone who has Alzheimer's. Pam Canham stated that they are targeting individuals with mild or moderate Alzheimer's. Chairman Smith asked if there is a limit as to number into this program. Pam stated that the ARC of Orleans will begin slowly until they know what they can handle and what the Office of the Aging can pay for. Pam indicated that not every one will go every day. They assume that an average will be 10 to 12 per day but that they will have more clients. Chairman Smith questioned the ratio of staff per clients. Pam indicated that it will be 1 to 4/5. They are placing it next to their day habilitation program for their older adults so they have staffing and programming in place right now. The following resolution was adopted:

**RESOLUTION NO. 182-509**

**APPROVING AGREEMENT BETWEEN OFFICE FOR THE AGING

It is our regional Haz-mat grant that was applied for in January and we have been awarded the grant partnering with Genesee, Niagara and Wyoming Counties. An AreaRae Multi-Gas Detector Kit will be purchased with these grant funds. Chairman Smith asked if this is a first time grant. Paul Wagner, Director of Emergency Management, stated that it is a first time grant for this consortium. Legislator Kent asked about the Air monitoring system. Paul stated that it will coordinate the oxygen, carbon monoxide, and flammability limits which allows you to remotely set up the equipment and reports back wirelessly to a PC, so we don't need man power then to do this. Legislator Johnson moved to support changes to Section 500 of the New York State Correction Law; seconded by Legislator Callard. Legislator Johnson stated that no county in New York State charges their inmates, a law does not allow that. Recently, Virginia did change their law and they charge their inmates \$1.00 per day. She said that it does not sound like much but when we get these mandates from the state it does add up quite a bit. This is a chance that we have to say to New York State that we don't want this extra burden to fall on the taxpayer, that we want it to fall on the inmates. The following resolution was adopted:

**RESOLUTION NO. 192-509**

**SUPPORTING CHANGES TO SECTION 500 OF THE NEW YORK  
STATE CORRECTION LAW**

WHEREAS, the 2009-2010 New York State Budget has resulted in the elimination of state revenues to offset the cost of holding state ready inmates and parole violators thereby shifting the cost from the State to local taxpayers with no apparent rationale; and

WHEREAS, the elimination of those funds is likely to result in over \$70,000 in lost revenue to Orleans County annually; and

WHEREAS, the residents of Orleans County will now be required to bear the undue burden of housing state ready inmates and parole violators for the State of New York with no compensation representing a change from an underfunded mandate to an unfunded mandate; and

WHEREAS, the Legislature of the State of New York also recently passed changes to the Rockefeller Drug Laws that will cause additional crowding, further burdening local property taxpayers and stressing an already overtaxed system of local incarceration; now, therefore be it

RESOLVED, that this Legislature supports changes to section 500 of the New York State Correction Law to allow counties to charge fees to the inmates of the respective county jails in order to support the operations of the jail and allow prisoners to assist in the provision of the necessary services that are required based on their own conduct; and, be it further

RESOLVED, that the Clerk of the Legislature shall forward a certified copy of this adopted resolution to Governor David Paterson, Senator George Maziarz, Assemblyman Steve Hawley, NYSAC, and InterCounty Association of Western New York.

Moved, Johnson; second, Callard.

Adopted. 7 ayes; 0 nays; 0 absent.

### **LEGISLATURE MEETING June 10, 2009**

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation given by Rev. Roy Harriger, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: InterCounty Association Meeting will be held on June 19<sup>th</sup> in Yates County at the Inn at Glenora Wine Cellars in Dundee. Guest Speaker will be Peter Landre, Executive Director of Yates County Cornell Cooperative Extension, "Small Farms, Big Impacts!". Annual Strawberry Festival's 2<sup>nd</sup> Annual Turtle Race will be held on June 20<sup>th</sup>. The Turtle Race will begin at 2:00 p.m. with Assemblyman Steve Hawley being the official MC. The Orleans County Community Services Board will be holding their

Appreciation Luncheon and Annual Meeting on June 23, 2009 in the Mental Health conference room. The Orleans County Agriculture and Farmland Protection Board will meet on July 8<sup>th</sup> at 7:30 p.m. in the Orleans County Cornell Cooperative Extension Buzz Hill Education Center conference room. Holy Family Parish and Deputy Mayor Kevin Sheehan on behalf of the Village of Albion are requesting the use of the Courthouse grounds on Sunday July 19<sup>th</sup> from 10:00 a.m. to 3:30 p.m. to hold their Ecumenical Picnic. This event was held last year and was very well attended. The Village of Albion will be closing down East State Street for this event.

The Legislature approved the request for the use of the Courthouse lawn for the Ecumenical Picnic on July 19<sup>th</sup>.

Chairman Smith and Legislator Kent presented a proclamation to Helen Zelazny for 42 years of service in the Board of Elections Office and wished her well in her retirement.

Chairman Smith and Legislator Rush presented June is Dairy Month in Orleans County proclamation to Niagara/Orleans Dairy Princess, Betsey McKenna from the Town of Barre.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through May 2009. She will be making a payment of over one million dollars to the Highway Department for payment on their plowing and mowing contracts. A little improvement over last month in receipt of federal aid was seen and three payrolls were dispersed in the month of May, which does not occur again until November.

During Open Discussion, Paul Lauricella, Lyndonville, thanked the Legislature for having the town meeting in June. He felt it was good for the public to air their grievances or applause for all that was going on. He felt he struck a nerve on discussions about Wal-Mart's presence in Albion with Legislators Kent and Rush. He felt a lot of people shop there and it provides a good tax base. Legislator Kent stated he never made the statement that they should not be here, he just felt that they should have been brought in on our terms, not on Wal-Mart's corporate terms. Legislator Kent felt they should have built in the Village. Mr. Lauricella also commented on the discussion regarding receiving grant money. He is concerned that we continue to take grant money that taxpayers money is going to. Legislator Kent further commented that if we don't take it then other people will get it. It might just as well benefit people here rather than

giving it away. Mr. Lauricella says it is time to reign in spending. He understands that government spends money, but it is time to take a look at new ways to do things.

Legislator Rush participated in serving meals at the Community Center in Holley and felt that went well. He did speak with Wayne Hale concerning Marine Park repairs.

Legislator Callard met with the Finance Committee and Real Property. Finance Committee is always dealing with trying to outthink what NY State is going to do next to increase their revenues at the expense of our revenues. We coordinately try to plan in advance and figures are holding their own. We have had little negative impact as the year continues. In the Real Property meeting the CGR report was discussed, which was the review of the property tax assessment options for Orleans County. A meeting is being called of the Town Supervisors and Assessors within the month to discuss the findings that are in the report. We have asked the Assessors to highlight items that are of interest to them. We are trying to find common ground of the end result of stream lining the process.

Legislator Kent has handled citizens complaints and phone calls. The Legislative Town Hall meeting went very well and hope to see more of them in the future. At the Youth Bureau Meeting, the Director spoke about the funding of the summer youth recreation programs. Current funding is at 1975 levels due to funding cuts. Assistance to various agencies that service our youth have also experienced 15% reductions. Legislator Kent noted an article that Tom Rivers wrote in the Farm Bureau Publication "Grass Roots" and of another article regarding farm birds and how they adjust to changing practices in farming in New York State. He also wished to note, with much sadness and profound sense of loss, the passing of Clarence Preston, a 4-H and County Fair Volunteer extraordinaire and valued member of the Cornell Cooperative Extension Board of Directors.

Legislator Johnson had the honor of attending the Top 10 Seniors Dinner with Legislators Bower, Rush, Eick and Kent and we recognized forty incredible assets introduced into Orleans County that night. Since our last meeting, Commissioner Beilein came in and gave approval on the final jail cell so that now the 17 cells that were closed due to the deterioration of the jail have all been re-opened and as of tomorrow the final seven inmates boarded out in Ontario County can be returned. CAO Nesbitt really

brought forth the department heads into a well oiled machine to finish this project ahead of schedule. She is very proud of all those involved in that.

Legislator Bower said that he attended the Soil and Water Conservation meeting and again we hear about the state not making their payments on time. They have missed their payments and hopefully we will receive them soon or Soil and Water will be in tough shape.

Legislator Eick also mentioned about serving meals at the Community Center in Holley and attending the Top Ten Senior Night event.

Chairman Smith also wished to applaud all that were involved in the jail renovations and thanked everyone involved.

The following resolutions were then adopted:

**RESOLUTION NO. 195-609**

**AUTHORIZING THE HIGHWAY DEPARTMENT TO ACCEPT BID FOR 2009 WHEEL LOADER**

Legislator Kent moved to create and fill a position in the Department of Social Services; second by Legislator Rush. Legislator Kent noted that case loads have increased dramatically since this time last year, therefore we are in great need of this position. Legislator Callard also noted that this is at no cost to the county. The following resolution was adopted:

**RESOLUTION NO. 201-609**

**AUTHORIZING CREATING AND FILLING POSITION IN DEPARTMENT OF SOCIAL SERVICES**

FURTHER RESOLVED, that this Legislature authorizes the filling of this newly created position.

Moved, Kent; second, Rush.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Kent moved to approve agreements with the Department of Social Services; second by Legislator Rush. Chairman Smith asked if these are all renewal contracts? Commissioner Ludwig noted that the Orleans County Health Department is a new contract, but it is a new payment mechanism. They have been doing this service and billing it through the Medicaid system. It is much easier for them to bill DSS directly as a Medicaid administrative cost, but it does not change the reimbursement in any way, it is still no county cost. Legislator Kent stated that the others do include county cost. Commissioner Ludwig indicated that Foster Care does include county cost, but it depends on the child's own eligibility. It is different for every child that is placed. Legislator Kent also added that he believes that these agreements are put in place in case we have the need for these contractors, but may not need their services. Commissioner Ludwig stated that was correct. The following resolution was adopted.

**RESOLUTION NO. 202-609**

**APPROVING AGREEMENTS WITH THE DEPARTMENT OF SOCIAL SERVICES AND VARIOUS AGENCIES**

Legislator Johnson invited Sheriff Hess to explain this agreement. Sheriff Hess stated that we receive an allocation from the State out of 911 monies to support our costs of our 911 call center in Orleans County. This is a year agreement that we see every year. **SPECIAL LEGISLATURE MEETING**  
**June 18, 2009**

---

Chairman Smith called the special meeting to order at 9:15 a.m. The Clerk called the roll and all Legislators were present, with the exception of Legislator Kent.

Legislator Callard moved to amend previous resolutions authorizing the County of Orleans to offer an optional twenty-year retirement plan to certain deputy sheriff's, Shannon Brett and James DeFilipps; second by Legislator Johnson. Legislator Callard asked Chuck Nesbitt, Chief Administrative Officer, to provide an explanation as to why we are doing this. Chuck indicated that we are memorializing the agreement that has been negotiated between the County and the Deputy Sheriff Association. Once the deputies join the county road patrol they would then be sent paperwork by the New York State Comptroller's office, to be completed by the deputy, to upgrade their retirement plan from the standard retirement plan to the twenty-year optional retirement plan. In this case the Comptroller's Office does not have a record of receiving those applications and paperwork that were suppose to have been filled out by the deputies. We are living up to our end of the collective bargaining agreement honoring them the power and the commitment to see this through. The following resolution was adopted:

**RESOLUTION NO. 211-609**

AMENDING RESOLUTION NO. 134-409 AND RESOLUTION NO. 169-509 REQUESTING THE ENACTMENT OF SPECIAL LEGISLATION AUTHORIZING THE COUNTY OF ORLEANS TO OFFER AN OPTIONAL TWENTY-YEAR RETIREMENT PLAN TO CERTAIN DEPUTY SHERIFF'S

WHEREAS, Resolution No. 169-509 authorized the Orleans County Legislature to request the enactment of Senate Bill S.4522, sponsored by Senator Maziarz, and Assembly Bill A.7711, sponsored by Assemblyman Hawley, authorizing Shannon E. Brett and James A. DeFilipps to obtain service credit for service as Deputies in the County of Orleans; now, therefore be it

Brett and James A. DeFilipps who are not currently covered by Sections 552 and 553 of the Retirement and Social Security Law; and be it

The regular meeting of the Orleans County Planning Board will be held on June 25<sup>th</sup> at 7:00 p.m. at the County Administration Building.

During Open Discussion, Vice Chairman Callard opened the floor for public comment with there being none, Legislator Rush reported that he attended the Cornell Cooperative Extension Property meeting and the Master Gardeners is trying to find a location to keep their tools.

Legislator Kent also attended the Cooperative Extension meeting as well and they are trying to keep the grounds in good repair and trying to make necessary arrangements to get things done on a limited budget. He reported on attending the Genesee Finger Lakes Regional Planning Council Annual Meeting at Hickory Ridge and on attending the Genesee Transportation Council meeting in Henrietta. Rich Perrin spoke about the challenges of maintaining an aging infrastructure in the inclement weather of New York State and also that the Highway Trust Fund will be broke by August 22<sup>nd</sup> because the gas tax has not been increased since 1993. They have the equivalent of 70% of their original purchasing power due to inflation and especially in the increase of prices of oil based products. They spoke a lot about high speed rail. Legislator Rush and he had their committee meetings and also attended the Aging Advisory Meeting. He wrote a letter to support the ARC grant application to study the viability of full time adult day care which letters of support are due tomorrow. This is something we could really use here and expand the adult day care to full time basis. He also prepared an application for watchable wildlife for the canal in the Town of Albion.

Legislator Bower stated that today the County had their picnic and this year's fundraiser was for the water garden along the dementia walkway. The water garden has been started and the walkway has been completed thanks to the efforts of Ed Houseknecht and his staff. It was a wonderful event. Legislator Bower has asked Paul Petitt, Public Health Director, to provide an update on the Swine Flu. Paul Petitt updated the group on the Swine Flu. A map was distributed and Paul indicated that it can be pulled off the State Health Department website, which is updated on a daily basis of the confirmed cases per Counties in the State. Since he spoke at the last meeting, the World Health Organization (WHO) has raised the level to a six which is a global pandemic which is the highest level activity; not due to the severity, but due to the spread of it. It is throughout the world at

this time. Orleans County has had two positive confirmed cases last week and several in for testing so that number may change. We expect to see activity throughout the summer and continue to see these pockets of increased positive samples for swine flu. It is interesting to see these hot pockets through NY right now. Erie County is an area that has a high concentration of cases and did have one death this week due to the swine flu. The Health Department continues to be diligent monitoring and in working with the providers. It is good that school is letting out which will help mitigate that situation, but day cares will have more attendance and will monitor those. Paul encouraged people to stay home if sick. He said that people questioned why certain people are not being tested or why information is not being reported, we are responding to them that confidentiality issues does not allow them to release a lot of information. General releases will only be made should we get any more positive cases. Paul and his staff will continue to monitor this flu and will continue to keep the board updated.

Attorney Schubel asked why the governmental entities continue to refer to this as the swine flu. Mr. Schubel feels this grossly impinges on the livestock industry. Paul stated that the name has changed several times. Paul said that now they named it H1N1 to do away with the agricultural connection.

Legislator Eick stated that he and Chairman Smith attended the InterCounty Association meeting in Yates County. About 45 to 50 people attended from the 12 counties represented. He found it interesting that Yates County has a population of twenty four thousand people and is represented by 14 Legislative members. He attended the employee picnic and the Supervisor/Legislator Association meeting was cancelled due to cancellation of the speaker.

Legislator Johnson has attended all of her village and town board meetings. Legislator Callard and herself met with all their committees since last board meeting. They also met with the Major Felony Crime Task Force. She stated that the employee luncheon was well attended and thanked everyone for the very well organized luncheon. She shared some good news that the unemployment rates in Orleans County have seen a decrease while nationally it continues to rise.

Legislator Bower moved to add three resolutions to the agenda; second by Legislator Eick. Motion carried. The following resolutions were then adopted:

Legislator Johnson presented the following resolution in its entirety for adoption by the Orleans County Legislature; seconded by Legislator Kent. Legislator Bower agrees whole heartedly with this and it would bring an undue expense to the County and he doubts very much if justice would be better served. Legislator Johnson added that she agrees with Legislator Bower and added it would be death of the justice system that we now have that is closest to the people. The following resolution was adopted:

#### **RESOLUTION NO. 230-609**

MEMORIALIZING THE GOVERNOR AND THE LEGISLATURE OF THE STATE OF NEW YORK IN OPPOSITION OF ASSEMBLY BILL A05899 AND SENATE BILL S4091 PROVIDING AN ELECTION BY A DEFENDANT IN CRIMINAL MATTERS IN VILLAGE AND TOWN COURTS TO HAVE THEIR CASE APPEAR BEFORE A JUDGE OR JUSTICE ADMITTED TO PRACTICE LAW IN THE STATE OF NEW YORK

WHEREAS, Assembly Bill A05899 and Senate Bill S4091 have been introduced and provide for an election by a defendant in criminal matters in village and town courts to have their case appear before a magistrate who is a duly admitted attorney in the State of New York; and

WHEREAS, approximately 1500 of the 2200 active town and village magistrates in the State of New York are not attorneys; and

WHEREAS, extending the opportunity to “opt out” of using a non-attorney justice when charged with criminal matters simply results in an unfunded State mandate and imposes further burdens on those local courts which have attorneys presiding; and

WHEREAS, of all the magistrates in the County of Orleans only one (1) of such local justices is an attorney and some counties have none; and

WHEREAS, recent efforts have been made on both a state and local level to study and make improvements upon the current justice court system; and

WHEREAS, it is recognized by this Legislature that the reformation and consolidation of Justice Courts within Orleans County is a worthwhile goal but requires comprehensive and coordinated planning and not just a piecemeal approach that will likely create more problems for Orleans County than it will solve; now, therefore be it

RESOLVED, that this Legislature does hereby memorialize the Governor and the Legislature of the State of New York in opposition to Assembly Bill A05899 and Senate Bill S4091 providing for an election by a defendant in criminal matters in village and town courts to have their case appear before a judge or justice admitted to practice law in the State of New York; and be it further

RESOLVED, that certified copies of this resolution be forwarded to Governor David Paterson, Assembly Speaker Sheldon Silver, Senate Majority Leader Dean Skelos, Senator George Maziarz and Assemblyman Steve Hawley, NYSAC, InterCounty Association of Western New York and the Orleans County Magistrates Association, Hon. Craig Lape, Director, c/o Kendall Town Court.

Legislator Eick moved to adjourn; second by Legislator Johnson. Meeting adjourned at 5:03 PM.

### **LEGISLATURE MEETING** **July 8, 2009**

---

Chairman Smith called the meeting to order at 4:31 p.m. After the pledge to the flag and invocation by Legislator Kent, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Oak Orchard Watershed Protection Alliance will be holding their next meeting July 15, 2009 at the Orleans County Marine Park at 7 p.m. The Garden Path Tour of Orleans County, brought to you by Orleans County Cornell Cooperative Extension and the Master Gardeners, will be held on July 11<sup>th</sup> from 10 a.m. to 3 p.m. Orleans County Marine Park presents “Sophisticated Swing”, a free concert at the Maziarz Pavilion on July 21<sup>st</sup> from 7 to 9 p.m. The Oak Orchard Lighthouse Museum will be preparing hot dogs, chicken barbeque, and beverages for \$8.00 beginning at 6 p.m. until gone.

During Open Discussion, Legislator Eick requested the Highway Superintendent, Ed Houseknecht, to explain the Sign Replacement Project. Superintendent Houseknecht stated that it has been several months since the President signed the Federal Stimulus package and the County applied for a number of projects in the region and this was the only successful project while other bridge projects were not successful. This project is meant to bring the signs, as many as they can afford to purchase through this program, up to the new federal standards. The bulk of that is how reflective the sign is at night and in the future, they will be required to be tested for reflectivity. We have a couple of other resolutions on the agenda this evening to set up money for the design portion and for construction and construction inspection of this project. The Highway

Department's intent is to concentrate on intersections with stop and stop ahead signs. These are the most important for the traveling public because those are where we have the largest exposure for accidents or injuries to the public. The intent of this project is to do as much as we can with the dollars that have been allotted. The speed in which the contractor does his work directly impacts the amount of money we spend on construction inspection, therefore if he is able to accomplish a lot of work in a shorter period of time, the construction inspection amount will decrease and the actual signs that will be put in place will increase; not to exceed \$200,000. We originally applied for one million dollars, but when we showed our project, it was reduced and that is all we have to work with now. Chairman Smith asked how they will dispose of the old signs. Superintendent Houseknecht stated that they will be disposed of unless some are of good quality; they will be kept, but they do not meet the new requirements.

Chairman Smith asked about the Gaines Basin Bridge and will it be closed for a while? Superintendent Houseknecht stated that the New York State Thruway Authority has a contract to do rehabilitation on that bridge. A notice has been received from NYS DOT of its closure and it will be closed into the fall of 2010.

Legislator Rush questioned if a design engineer is necessary to get the money? Superintendent Houseknecht stated that they do. He explained how much paperwork and documentation is necessary for this grant project; so much more is required than their bridge projects. Legislator Rush is concerned that 25% of the stimulus money is spent on the engineering and not on the signs. Superintendent Houseknecht stated that the purpose of the stimulus money is to create jobs and engineering is included in that. The problem is that the design portion is not eligible with stimulus money, only construction inspection and construction. The design portion had to be done from some other funding source, which we chose to do that from CHIPS. This project does not have any county cost.

Marc Scarr, Village Mayor of Lyndonville, stated that he just met with Assemblyman Hawley and has also been in close contact with the Assembly and the Senate. He has also spoken with Legislators Callard, Johnson and Chairman Smith regarding this. He recently received notification from his insurance company that he will be surcharged or taxed on their health insurance. It will cost \$100 to \$400 per policy or per person for every employer. This will pay for this update and to balance the state budget. This is an expensive proposition. People are concerned that their insurance will be dropped. This is going to get passed down to

the taxpayer; therefore something needs to be done. He feels that the crazy spending spree needs to be stopped. He came here today to ask this body to help make the government, through the board's powers, do something to make them aware that Orleans County is not thinking positive about this. Mayor Scarr has written many other Legislators. Mayor Scarr stated that the deficit reduction plan earlier this year covered to raise the assessment of \$920 million to \$1.04 billion dollars, which will come out of these surcharges. He asked this body to go to the Governor with a resolution and inform him that he can't ride the backs of the taxpayers this much. Mayor Scarr questioned if anybody thinks that if we had national health insurance, that the government will pay for medical procedures or pharmaceuticals for a person that is 71 years of age; or will they say that person is too old - you need to find another way to pay. It is an idea to think about, stated the Mayor. Legislator Johnson stated that we do have a resolution on the agenda today to address this. Mayor Scarr stated that Assemblyman Hawley is willing to come before this board to review this in detail.

Legislator Eick attended the Shared Services meeting and there was a lot of interesting discussion. He audited the bills this morning.

Legislator Johnson also attended the Shared Services meeting and commended the organizing of these meetings to bring many people together for open communication on what our Towns and Villages are doing with shared services. She also commended the Lyndonville Lyons Club for a successful 4<sup>th</sup> of July celebration, it was very well attended. Legislator Johnson also addressed an editorial in last week's Journal Register asking the County Legislators to not pass the extra 1% sales tax. She said that CAO Nesbitt has done the research on the dollar figures and that 1% would be \$3.5 million in sales tax revenue that we would give up by staying at 7% as compared to the 8% sales tax; which would be a property tax hike of \$2.33 per thousand. If we were not going to pass that on to the taxpayer and we cut county programs to make up for that, we could not even make up for that by cutting all of road patrol or highway department. We are hopeful that the Senate will pass that Home Rule Request. Chuck Nesbitt, CAO, explained our Home Rule procedures in that every two years we need to pass this Home Rule and forward to the State Legislators. It has passed in the Assembly, however is stuck in the Senate. Mr. Nesbitt stated that we would need \$117 million in new purchases to make up for the 1% sales tax. A five year loss from 2004 through 2008 would be \$15,723,971 in loss revenue. The County could make up for it in our overage which the County has within the last five

years been within 5% of the \$12 to \$14 million dollar “guess” we make every year. On average we have been 3.823% with projections, so we are not particularly sandbagging that.

Legislator Callard wished to address Medicaid which is a huge portion of the County budget. It accounts for the number one mandate from the State and it is paid through property taxes, not income taxes. Chemung County Executive, Tom Santulli, made a proposal to seriously look at a Medicaid Reform plan to significantly lower property taxes. Legislator Callard read the opinion of Tom Santulli, which is something that we need to consider, look at and support. It is an opinion of his own, certainly any opinion that seeks to lower the cost is worth while to examine on the County and State level, stated Legislator Callard. The Santulli plan expresses that all it takes is better management of the State’s Medicaid program. If the Governor signs the bill, it could cut Chemung County property taxes by two-thirds. The savings would vary depending on where in NY you live. Currently, local Medicaid contributions account for more than 70 percent of property tax bills. The Santulli Plan calls for the State to pick up the local share. Santulli has the data to show how better management of the Medicaid system on the State level can cut those costs out all together. Many counties use software to track every dollar spent on Medicaid and Santulli claims if the State uses the same system, it would uncover unnecessary spending. The Medicaid program could be cut by \$10 billion dollars just by stopping the over utilization of services and stopping all the people going to emergency room for minor ailments, Santulli said. The changes would not be possible until 2011 which is when the State’s Federal Medicaid Assistance Percentages (FMAP) expires and the reform plan can take effect. Santulli states that they are going to work state-wide with NYSAC and various counties. It is going to revolutionize the state and the whole tax structure state-wide if the Governor accepts the proposal. Legislator Callard stated that this will continue in our discussions. Mr. Nesbitt indicated Santulli is the president elect of NYSAC and he is one of the authors of Medicaid Cap legislation and is one of the key lobbyists for this.

Legislator Rush also attended the Shared Services Summit meeting.

Legislator Kent questioned Legislator Callard if he felt it would be better if Medicaid be resolved by the use of income tax rather than property tax. Legislator Callard stated not necessarily, the way it is structured the cost results in property taxes; and according to the article, it is not who should pay for it, but how money can be saved. Legislator Kent thought that

Santulli's solution was proposing the use of income tax to pay for Medicaid. Legislator Kent again discussed that if the State takes over all the cost of Medicaid, the property tax burden would be reduced. Legislator Callard agreed that it would not be reduced to the entirety, but would have a positive impact on property taxes. Legislator Kent asked how the Medicaid programs will be paid for. Legislator Rush interjected stating that fees will pay for it. Mr. Nesbitt indicated that Santulli said that the amount would be reduced enough to eliminate the local share. Legislator Callard said that they should not have to pay more taxes if they become more efficient.

Legislator Kent attended the Shared Services meeting and a meeting regarding the meals program for senior citizens.

Legislator Bower had nothing unusual to report, everything is in order.

The Legislature approved the request of CCIA for the BizKids to sell Lemonade at the County Administration Building and at the Courthouse Square.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through June of 2009. When looking at the bottom line, the loan made to the Nursing Home will be paid back later this week. Sales tax was down by the end of this report by \$301,000. The month of July has improved, but still down from a cash basis by \$120,000. Legislator Johnson asked if historically we see sales tax come in this

way. Chuck Nesbitt stated that it was down like this last year, but it gets better at the end of the year.

Chairman Smith opened the floor for discussion. Mayor John Kenney, Village of Holley, stated that he has made calls to Attorney Schubel regarding the status of the liens on the old Holley High School and asked if there has been a plan agreed upon by this body. Attorney Schubel indicated that for the liens to be removed, the County would be required to re-instate the property and begin in-rem foreclosure actions. Attorney Schubel advised the Mayor that he would respond in writing if he would first pose the question in writing.

Legislator Bower reported on attending his committee meetings. He attended the Nursing Home Carnival in which the Nursing Home Administrator and the Director of Nursing were dunked in the dunking tank. Robert Batt, Fair Board Chairman, is looking for participants for their dunking booth at the 4-H fair on July 29<sup>th</sup>.

Legislator Johnson reported that Legislator Callard and herself met with all their committees. She wished to commend Sheriff Hess for the jail population being down, and we are currently boarding in females which produces revenue for the County. The maintenance is continuing at the jail. We are doing a joint study with Genesee County looking at the

feasibility of what would work in a regional situation. We are going to hear from Don Pryor from CGR, who will attend our next Jail Advisory Committee meeting. We will review all the points that both Genesee and Orleans Counties want to look at so we can continue to move forward.

Legislator Rush reported that besides attending his committee meetings, he attended the Agricultural and Farmland Protection Board meeting. He attended the Kendall Town Board meeting and sat on the reviewing stand during the Kendall Carnival Parade. He met with the Highway Superintendent from the Town of Kendall. Legislator Bower moved in its entirety the resolution to approve the Asset Purchase Agreement/ Certified Home Health Agency Certificate of Need between County of Orleans and Home Care of Rochester; second by Legislator Eick. Legislator Kent moved to table the resolution, no second provided on his motion. Chairman Smith opened the floor for discussion:

Legislator Johnson stated that she came in unsure of how she was going to support this, but with the assurance of Ms. Zicari and Mr. Maxim, her resolutions were answered. She wanted our employees protected and

wanted Hospice to remain viable. That has been assured to her and financially, it is a good move for Orleans County.

Legislator Bower stated that he has been part of this review group as being Chairman of the Health Committee. They have done everything that they could possibly do to make sure that this County would do the right thing. The information circulated by a particular group stated that the Legislature was irresponsible by doing this. He takes this personal, and we would be irresponsible for doing nothing. We have bent over backwards to support services for our Veterans and our Seniors. It shows in our Nutrition Program for our Seniors today, and our Nursing Home renovations. We acted when we needed to act. There is a lot of credit to those that are on this Legislature, some were not on the board during some of this, but we all are responsible to the citizens of this County. The Board of Health, consisting of three physicians, a pharmacist, a farmer, a veterinarian who sit on this board, are responsible individuals who also looked out for the best interests of our County. In every step of the way, we kept them informed and they voted overwhelmingly to support this resolution. We did as much as we could to protect the adults of this community who need special care, to the employees who may possibly lose their jobs or have different jobs, and to the clerical staff as well as the nursing facility. The Nursing Home is in need of two nurses right now. Home Care of Rochester reassured us that they will hire those nurses and that they will rent space from us to have a spot in our County. When you add everything up, this is one of the best things we have done for this County.

Legislator Kent does not believe that we acted irresponsibly when we put the request for proposals out there. He thinks it was something that needed to be done under the circumstances. He is just questioning the speed in which we are doing this. We need to consider and think about the long term viability of Hospice in Orleans County and the impact it might have on our one hospital in Orleans County. He thinks that the Board should slow down on making a decision on this and that the Board should think more about this before moving forward.

Chairman Smith agrees with what Legislator Bower said. He does not want to be called irresponsible. He also believes that they took everyone and everything into consideration when making a decision. He is certainly a dedicated Legislator to do everything we possibly can for the County to make it better for our citizens to live. If someone on the outside makes a statement like that, they are not thinking as well for the good of all our citizens.

Legislator Eick added that he wanted to commend the committee for all the time and effort they put into the review process. It is not an overnight thing that they did. They spent months on this and deserve a lot of credit. Legislator Kent added that the Board had two and a half months to consider it themselves. Chairman Smith called for a roll call vote and the following resolution was adopted:

## **LEGISLATURE MEETING**

August 12, 2009

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The new Oak Orchard Harborfest Regatta & Wooden Boat Show will be August 15 – 16, 2009 at the Orleans County Marine Park. Antique, Classic and Wooden boat show in the water and on shore, Sailing Regatta sponsored by the Oak Orchard Yacht Club, Super Cruise-In, “West of the Mark” concert, moonlit Movie on the River, Spiritual Sunrise Service, and Pancake Breakfast are activities that all can enjoy. The State of New York State Board of Real Property Services has forwarded the List of Certified 2009 State Equalization Rates for six of our ten municipalities. Larry Montello, of the Albion American Legion, is requesting the use of the Courthouse lawn to display a 911 tribute banner. He is also requesting permission to use the Courthouse steps for September 11, 2009 at 6:00 p.m. for a candlelight tribute. Orleans and Genesee County Departments of Planning and Development have joined together this year to sponsor a popular in-County training series for local land use board members. This year’s workshop has been split into two sessions of two hours each on consecutive Wednesdays, September 9, 2009 and September 16, 2009 from 7:00 p.m. to 9:00 p.m. and this year it will be moved to the Albion Middle School Auditorium. This training session will cover SEQR Basics. The Orleans County Planning regular meeting for August has been cancelled. Next regular meeting will be September 24, 2009. The Swan Library has introduced ongoing and upcoming programs, visit [www.swanlibrary.org](http://www.swanlibrary.org) for program details.

Legislators Johnson and Callard, and Chairman Smith, presented a proclamation for Community Supervision to Luci Taylor-Welch, Director; Barbara Rice, Senior Probation Officer; Chris White, Matt Williams, Kate Hardner, Sandy Harding, Gavin Lorenz - Probation Officers acknowledging the Orleans County Probation Department for their professionalism, dedication and commitment in the vital services they

offer to the criminal and juvenile justice system and for our community corrections of Orleans County.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through July of 2009. County paid their share of IGT and the Nursing Home paid back their loan. At the end of July the Home Enterprise account has done well.

During Open Discussion there were no public comments. Legislator Bower and Legislator Eick reported on auditing the books at Soil and Water and everything was in order. Things are going well with their Departments.

Legislator Kent said he was slimed at the 4-H Fair. Ed Houseknecht took a vacation day and with his son Pete and Jim Lustumbo, they hooked up the sewer and water for the new habitat home on East State Street, which was greatly appreciated. The 4-H Fair was a great success and rain free. He reported on doing things for constituents, which involved talking to people from the state.

Legislator Johnson met the new Medina Superintendent, Neal Miller, and his wife and he is a very impressive man. She reported that Director Wagner from Emergency Management advised me that we had received a call from the Office of Fire Protection Control in Albany asking for a deployment of four Storm Emergency Fire Fighting Units from Orleans County. It was a crew of four Firefighters. They departed from Barre, Lyndonville, Holley and Shelby on Monday morning to go to Gowanda where they would get further assignment. She asked Paul Wagner to elaborate further. Paul said their assignments that they received were due to flooding in Cattaraugus County. His expectation on this is that there will probably be a Presidential Declaration out of this for Chautauqua, Cattaraugus and Erie County. There was approximately \$25M in damages. The Firefighters completed their task and are back in the County as of last evening.

Legislator Johnson said she attended the Village of Lyndonville Board Meeting on Monday. There was a meeting notice in the local paper on the consolidation study that was going to be presented. She indicated that very few village residents were in attendance. Mayor Marc Scarr led the discussion against consolidation. The motion to not pursue consolidation at the Village of Lyndonville with the Town of Yates was passed by a 3 to 2 vote. It was 2 to 2 among the Village Board Members and the tie

breaker was cast by the Mayor against consolidation. The County, Town Board Members, Village Board Members and I were personally attacked for being helpful and offering solutions to the objections raised by the village. We offered solutions to problems and they clung to excuses and road blocks. Change is difficult and we saw just how difficult in the Village of Lyndonville on August 11, 2009. Clearly, consolidation is not a simple process. There are lots of details that go into consolidation of municipality entities before it can succeed. Many of the details relative to a possible consolidation of the Village of Lyndonville to the Town of Yates remained to be considered and evaluated through any discussion between members of both Town of Yates and the Village of Lyndonville Boards. To the detriment of the taxpayers, many of these things were unconsidered, unresolved and without discussion and rush to judgment. It is my fear that by squashing the exchange of ideas that a disservice has been done to the taxpayers in my district. If this concept had been fully considered, all the facts gathered and the conclusion reached that this was the wrong thing to do after a complete process of due diligence, then there would be no reason to criticize the decision made by the Village Board, but unfortunately, that is not the case. Is this concept of shared services something that should not be pursued or are we just being provincial? I hear from taxpayers every week, as I am sure many of you do, that they support the idea of consolidation and shared services. If we are not pursuing and reviewing this, we are not doing our best for the people who put us there. I believe that it is important to reduce the number of governments within New York State recorded at 10,521 government bodies, which include school districts, water and special districts. If consolidation can reduce property tax burden, it is definitely worth the time and effort involved and do a thorough evaluation rather than cast it aside at the first sign of discomfort. This process will take courage and honesty. New York State has a new law that allows residents of this Village and Town to sign a petition for the consolidation or dissolution of a municipality if 10% of the qualified voters sign. This process requires the consolidation be put to referendum on the ballot to voters. So, it is possible that the voters may take it out of the Board's hands. Orleans County Legislature has held many shared services summits to encourage local leaders to work together to consolidate and share services. We owe this time spent doing our homework on this issue to the taxpayer.

Legislator Rush went to the County Planning Board meeting last Thursday and that is the first time he has been there in several months. They are a great group and hardly anyone is absent. If they do, there is always an alternate in their place. He attended the 4-H fair including the opening.

There were five different counties taking a tour of our fair. Legislator Rush and Legislator Bower had a meeting with the Salmon's on the new lease agreement with the fishing rights at Oak Orchard River. He worked at the Fair barbeque and attended the Town of Kendall Board Meeting.

Legislator Callard had the opportunity to visit along with the CAO and County Attorney in meeting the Village of Medina Mayor, Deputy Mayor and Treasurer to discuss property issues. He also had a meeting with the Village of Holley Mayor and Deputy Mayor and representatives from the Town of Murray and the School Board to discuss property issues.

Mr. Nesbitt indicated that he and Attorney David Schubel have been working very diligently with the Unions on labor relation issues.

The following resolutions were then adopted:

OF MEDICAID AS A COMPONENT OF TRUE MEDICAID REFORM

WHEREAS, a looming Medicaid crisis exists in New York State which has not been adequately addressed by our State representatives for many years; and

WHEREAS, for nearly two (2) decades, state legislators have hidden behind their inability to pass an on-time state budget as a means of avoiding true Medicaid Reform; and

WHEREAS, New York State is one of the few states nationwide which passes down a percentage of Medicaid costs to the county level, which in New York State amounts to 20-25% on average; and

WHEREAS, our state leaders need to boldly step forward in a non-partisan fashion and act decisively to start us on the road to true Medicaid Reform, whether or not such actions are popular to the voters at home; and

WHEREAS, true Medicaid Reform will stem, or even reverse, economic decline and the migration from New York State of businesses and taxpayers to more friendly environs, will stabilize economic impacts on health care providers, and modernize current laws that allow for shielding of large levels of income by individuals who should pay for their care; and

WHEREAS, implementation of this program should not include offsetting by county revenues such as sales tax or the like; now, therefore, be it hereby

RESOLVED, that the Orleans County Legislature requests that the State of New York, as part of larger true Medicaid Reform, take back the local costs paid by counties statewide, which program should be implemented over a five (5) year period at the rate of twenty (20%) percent per year, so that at the end of that term the State of New York shall bear all Medicaid costs statewide without contribution by offset or otherwise from counties; and be it further

RESOLVED, that the Clerk of the Legislature shall forward copies of this Resolution to New York State Senators Schumer and Gillibrand; Congressman Lee; Governor Paterson; Senator Maziarz and Assemblyman Hawley; NYSAC; and InterCounty of Western NY.

## **LEGISLATURE MEETING**

August 26, 2009

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: Paul Grout, President of the Orleans County Board of Health, forwarded the newly adopted Environmental Health Fee Schedule that was adopted by the Board of Health on July 14<sup>th</sup>. Service fees have not been adjusted since 2004 and were raised to bring them in line with the actual costs. All pre-existing fees on record are no longer valid. The Town of Murray has completed their county-wide dog census and has been filed in the Legislature Office. The Alzheimer's Association Western New York Chapter will be hosting their annual Memory Walk in Orleans County on September 26, 2009.

During Open Discussion, Paul Lauricella, Lyndonville, questioned the resolution on the agenda regarding a grant application concerning "Green Jobs". Legislator Kent explained that it was a competitive grant application to subsidize green jobs at recycling places, agricultural jobs, soil and water type work but did not receive enough responses to make the application possible so the resolution is going to be pulled. Mr. Lauricella questioned if these businesses are hurting. The one business that responded favorably will be hiring two to three people within the next sixty days. Another business was reducing people in their operation due to the colder weathered months ahead. There are not enough businesses in the County to fit the requirements of the grant application. Mr. Lauricella expressed that his business is hurting too, but would not take advantage of this type of opportunity.

Mark Taylor, Murray, stated that he was shocked that this Board did not take a stance on Governor Paterson providing assistance to those who could not afford school supplies. He stated that Monroe County took a stance and it would have been nice if Orleans County did also. He stated that he never received assistance like that for his children.

Legislator Callard reported that they have a whole day of committee meetings scheduled for tomorrow.

Legislator Rush attended the Light House ground breaking in Carlton and Senator Maziarz's gathering in Lockport. He also attended an IDA meeting and Supervisor/Legislators Meeting.

Legislator Johnson attended the Yates Town Park Opening, hosted by the Lyndonville Lions, and the park was dedicated to the community. Assemblyman Hawley also appeared along with at least 300 community members.

Legislator Kent stated that in addition to the regular committee meetings, we also had Planning and Tourism, Elections and Transportation Committee meetings that we normally don't hold on a monthly basis. He attended the Office of the Aging Advisory Council and Supervisor/Legislators meeting. County-wide Cable was the topic of discussion at the Supervisors/Legislators meeting which Pam Canham stated that 30 senior residences that were helped with converter boxes through the DTV grant, eight still have problems with obtaining reception. He has handled several constituent issues, more than usual and referred an issue to Legislator Johnson. Legislator Rush and him met with Deb Rosenbeck and she pointed out that one of the municipalities did not receive 2007 funds. He thought that they did not apply for it. Their match could be used with the employment of their police force, which they may have not been aware of. Legislator Kent took a freshman student to the Nursing Home and she loved helping the residents. He also met a woman who was downsized by Kodak and started workforce classes with the stimulus money and she was all fired up with that positive move. Legislator Kent also met with Paul Pettit concerning a Medical Reserve Corp.

Legislator Eick also attended the Lighthouse groundbreaking and stated that the bids came in higher than what they anticipated, but the committee feels that they can raise the additional money needed to build the Lighthouse. He also attended Senator Maziarz's picnic. We held all committee meetings, which everything is in good working order. Last night the Supervisors/Legislators Association held their regular meeting.

Legislator Eick moved to add two resolutions to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

The purple loosestrife releases toxins into our water and ground, which is a problem for amphibians. The phragmites are pushing out the cattails. This should be addressed before it is too late. It is Fetal Alcohol Awareness Day and our country does not have any concept of its seriousness, stated Legislator Kent. This costs us billions of dollars a year. Flu vaccinations are available today and tomorrow and additional clinics will be held in the future when additional vaccine arrives.

Legislator Johnson stated that she has reviewed her budgets with her departments and the final review will be held this Friday. She announced an open invitation to attend the groundbreaking for the Kendall Community Park Gazebo on Sunday at 1:00 p.m. The Alzheimer's Memory Walk is September 26<sup>th</sup> at the Villages of Orleans Health and Rehabilitation Center.

Legislator Johnson moved to approve an agreement to participate in the Cook Chill Program, which should provide a much more reasonable cost for food at our Jail; seconded by Legislator Callard. Legislator Kent requested CAO Nesbitt to explain how the Cook Chill Program is going to be implemented. Chuck indicated that the Cook Chill Program is put on by the New York State Department of Corrections, and they are marketing their existing excess capacity to produce food for inmates in their system to county jails, other county facilities and not for profit organizations. The County has done some analysis as to what opportunities lie in the terms of preparation of food that we already do; and had concerns regarding the storage space we have. We are taking this one step at a time. We will

utilize the program to the extent that it makes sense. The Nursing Home has also done some extensive research in terms of what they see in opportunities and their current food prices are competitive, if not better, than what this program offers. The Cook Chill Program does not beat what we do in some areas but it does provide better pricing in others. The facility is impressive in Oneida County, which is outside of Rome. He has toured it and it is essentially a food factory storing food either in dry form or in gallon to two- gallon bags and those bags are then shipped out and delivered. This is a good opportunity in Orleans County because they charge delivery based on the distance off of their normal path. We currently, have two facilities that utilize this program and this provides us with a very small delivery charge of \$.50 per mile. Chairman Smith questioned that this contract is to 2012 so if this does not work out for us; do we have to stick to this date? Chuck explained that the contract arrangements are that if we order from them, then we have to pay them. The following resolution was adopted:

**LEGISLATURE MEETING**

September 23, 2009

---

Chairman Smith called the meeting to order at 4:35 PM. After the pledge to the flag and invocation led by Legislator Callard, the Clerk called the

roll. All Legislators were present, with the exception of Legislator Johnson.

The Clerk presented the following communications: Alzheimer's Association Memory Walk will be held at the Villages of Orleans Health and Rehabilitation Center on September 26<sup>th</sup>. Prior to the start of the Walk, the Villages will hold a Ribbon Cutting and Dedication Ceremony for the Memorial Gardens Walkway. RGRTA and OTS will be holding a press conference on September 28<sup>th</sup> at 11:00 a.m. at the Orleans County Legislature Office to announce OTS Bikes on Buses. Orleans County Farm Bureau will be holding their 54<sup>th</sup> Annual Meeting on October 21, 2009 at 7:00 p.m. at the Trolley Building, Fairgrounds. Niagara County Legislature forwarded their Legislative resolution entitled "A Resolution Calling on the New York State Legislature to Override Governor Paterson's Veto of S.5603C/A.8405C "Establishes the New York State War of 1812 200<sup>th</sup> Anniversary Commemoration Commission."

During open discussion, no public offered any comments. Legislator Bower stated that at our last meeting, we had RGRTA come and give a presentation, and at that time, he was surprised that we hired someone for the OTS Regional Manager position from outside the County. He did not know at the time that anyone else did apply. Since then, he has found out that applications were received from Orleans County residents. He is very disappointed that we did not hire an Orleans County resident. He is sure that all of these people pay taxes to run this transit system. Legislator Bower asked for an explanation from Chairman Smith. Chairman Smith indicated he can not explain why an Orleans County resident was not hired. He knew that one Orleans County resident, who was interviewed, was offered the position but did not accept the offer. The new OTS Manager, Mr. Todd, was a former resident of Orleans County and lives just outside our borders. He felt that was a good move at the time because they could not get the guy they wanted. Legislator Bower indicated that we have an obligation to our taxpayers to hire our own residents first. Chairman Smith agreed that he wanted someone from Orleans County but he did not have the final say.

Legislator Eick reported on attending his committee meetings. He also attended the funeral of Doug Maynard, Town of Ridgeway Councilman and husband of our County Clerk, Karen-Lake Maynard.

Legislator Kent attended the 911 Memorial at the American Legion, and reported on his committee meetings. He also attended the Sportsman

Federation meeting of which much discussion resulted on new burning regulations. Paul Kroft told them that they were going to exempt properties of 5 acres or greater. They also expressed that Snow geese have been a nuisance and they are encouraging hunting them. Genesee/Orleans Community Action will be collecting coats soon and also they will accept venison donations should anyone have surplus. He attended the Supervisors/Legislators meeting on the radio upgrades. He attended the Orleans United Coalition meeting and met the new Drug Free Community Coordinator Chris Lewis. They discussed programs that they have in our schools concerning drug and alcohol prevention and other programs. The Eastern Orleans United Way campaign was kicked off, with his wife and him being campaign chairs. They have a goal of \$152,000. He expressed that his neighbors now have TV reception thanks to another neighbor who recently added his name to the volunteer list at Office for the Aging to help others with their TV reception problems. Legislator Rush added that Office for the Aging will furnish the equipment to get better reception, but that person will have to pay for what is used. Chuck Nesbitt added that they have been having some signal interference problems, therefore they were unable to turn the signals up to full power that was expected when this digital conversion plan was rolled out per what Brian Napoli, Supervisor of Town of Ridgeway, reported at last night's Supervisors/Legislators meeting.

Legislator Rush reported on attending the Kendall Town Board meeting and the groundbreaking for the Kendall Community Park gazebo. Besides his regular meetings, he attended the Sportsman Federation meeting. Chris Rice who is teaching gun shooting safety and shooting trap has 26 kids who are shooting trap and competing on a state level, recently winning several first place awards. He attended the Cooperative Extension Board, IDA, and Supervisors/Legislators meetings.

Legislator Callard reported that he and Legislator Johnson had their committee meetings and worked on their department budgets. He attended the IDA meeting and today the Chairman and he visited the Orleans County Correctional facility, which is a first class operation. They will arrange for another visit because they could not see it all today.

Chairman Smith reported in more detail of their tour of the Orleans Correctional Facility. They visited the medical facility and the educational wing. He said they encourage all of the inmates to obtain their GED. The chairman hopes to schedule another time to go back to see

more. He also added that our local Community Action is a recipient of the goods they grow in their gardens within the grounds of the facility.

Chairman Smith also noted our sadness of the passing of Douglas Maynard, Town of Ridgeway Councilman and the husband of Orleans County Clerk Karen Lake-Maynard.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

**RESOLUTION NO. 316-909**

A RESOLUTION REFLECTING THE SENSE OF THIS BODY THAT ORLEANS COUNTY'S OWNERSHIP INTEREST IN THE WESTERN REGIONAL OFF-TRACK BETTING CORPORATION MUST BE PROTECTED.

WHEREAS, it is today widely acknowledged that New York State and its municipalities, including the County of Orleans, are facing substantial financial and budgetary challenges brought on by the current recession; and

WHEREAS, state-wide for over the past 30 years, 43 participating counties and municipalities have received more than \$3 billion in revenues as their return on their collective investment as the "stockholders" in respective New York off-track betting corporations; and

WHEREAS, the Western Regional Off-Track Betting Corporation ("WESTERN") has itself in its 34 years of existence, distributed immense sums to its statutory beneficiaries in pursuit of its charge by the state legislature to support New York racing and provide reasonable revenues for state and local government:

- ✓ \$321 million commissions to race tracks in New York; and
- ✓ \$203 million to its participating municipalities; and
- ✓ \$93 million to the State of New York; and
- ✓ \$34 million to the Breeders' Fund; and
- ✓ \$57 million to the New York State Lottery since May, 2005;

WHEREAS, Western provides over 600 full and part-time jobs for the community at its branches and the Batavia Downs complex while pumping additional millions in indirect revenue to agribusinesses in western New York; and

WHEREAS, Orleans County is a participating owner of Western, having **invested \$8,760 in 1974** and, not only having seen that original amount returned, with interest of \$1,265, on May 30, 1975, but realized shareholder dividends since investing in Western of **\$2,035,514** in the form of operating and surcharge **profits through 2008**; and

WHEREAS, Orleans County employs its profits from Western to help offset the rising rate of property taxes; for special education, address the rising costs of Medicaid, retirement and health insurance; and to assist other important County-funded programs; and

WHEREAS, Western is a public benefit corporation created by statute in 1974 that is unique in off-track betting corporations in that it not only operates a retail branch business with over 30 branches facilities spread over its 15 county area, but owns and operates Batavia Downs racetrack with live racing, inter-track wagering, and since 2005, video lottery gaming; and

WHEREAS, we are well satisfied, and our confidence is justified by the preliminary findings of a recent audit of Western by the New York State Comptroller's Office, that Western's Board of Directors and the corporation's experienced management have taken the necessary steps to reduce expenses and implement other economies to react appropriately to the nationwide trend of the decline of betting handle; the recent downturn in the country's economy and by state legislation's steady drain of Western's gross revenues to other segments of the New York racing industry and the state's bureaucratic oversight of racing and wagering; and

WHEREAS, the state's governor has appointed a commission, "The Task Force on the Future of Off-Track Betting in New York State", to investigate and make recommendations as to the efficiency of these regional corporations and consider their consolidation under one authority; and

WHEREAS, the state law that created this Task Force obligates it to consult with, among others, local governments regarding this matter and indeed the Task Force in communications with Orleans County officials has stated that:

"The emphasis of the Task Force is focused on the off-track betting system's ability to raise revenues for state and local governments as well as strengthen the racing and breeding industries in New York. Your input in this matter is therefore requested.", but

WHEREAS, industry pundits have openly speculated that the Task Force's recommendations are pre-ordained and, if adopted, will ultimately result in these regional corporations like Western being effectively dissolved and their franchise, and most importantly their revenue-generating assets, given to the New York Racing Association or taken by the state itself, neither of which have shown any recent success in their

own business management in or out of racing or, in the latter case, operating a pari-mutuel off-track betting system; and

WHEREAS, such predictions portend the loss to Orleans County of not only the annual revenues generated by Western, but the stripping of its ownership interest in Western's real property, that represents our county's reinvestment in Western, and that has been professionally appraised at over Fifty Eight Million (\$58,000,000) Dollars, of which Orleans County's shareholder interest is 1.58% or \$925,487.33; and

WHEREAS, because of this ownership interest, counties and municipalities who are participating members in Western are more than just disinterested observers of any recommendation by the Task Force which affects the structure of Off-Track Betting and horse racing in New York State; and

WHEREAS, any such negative impact on the financial and operational relationship that Orleans County has with Western Regional Off-Track Betting Corporation would negatively effect Orleans County; and

NOW, THEREFORE, BE IT RESOLVED, that Orleans County supports Western Regional Off-Track Betting Corporation and its continued efforts to increase revenue for its participating member; and

BE IT FURTHER RESOLVED, that Orleans County, a member of Western Regional Off-Track Betting Corporation, could not and will not support any recommendation by the Task Force on the Future of Off-Track Betting or the State of New York that would change the current structure of Off-Track Betting in New York State and put in jeopardy the financial and operational relationship between Orleans County and Western Regional Off-Track Betting Corporation; and

BE IT FURTHER RESOLVED, that Orleans County supports and will continue to support the legislative efforts of Western to see enacted the proposed 2009 OTB Omnibus Bill Legislation to preserve and protect the financial integrity of Western by changing the current statutes that govern the operation and distribution of revenues of Western; and

BE IT FURTHER RESOLVED, that those changes would permit Western to return greater revenues to Orleans County allowing Western to continue to provide a reasonable support for the government of Orleans

County while continuing to operate in a manner compatible with the well being of horse racing and breeding in New York State; and noting with approval, that Orleans County's stake in the future of horseracing and Off-Track Betting Corporations in New York State be protected; and

BE IT FURTHER RESOLVED, that a certified copy of this resolution be delivered with all due haste to Senator George Maziarz and Assemblyman Steve Hawley urging each of them to honor our resolve to protect Orleans County's investment.

Moved, Callard; second, Bower.

Adopted. 6 ayes; 0 nays; 1 absent, Johnson.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through September 2009. Treasurer Heard stated that in the report it shows that the full upfronted IGT money, the extra \$175,000 back in July, has caught up with us now. This is money that we did not fully anticipate, but wanted to maximize the return. That money is in the Nursing Home account and not in the General Fund at this time.

Legislator Callard indicated that they hope to draw a conclusion on the budget by the end of the month. Legislator Kent reported that he attended the Department Head meeting concerning H1N1 planning and response procedures. He attended the Housing and Transportation Committee meetings and the Kendall Town Board meeting. He introduced an assistant Attorney General official from the Buffalo office who spoke with the Seniors at a congregate meal site. He went through a very thorough orientation for the Community Action Board. He reminded everyone to give generously to the Eastern Orleans United Way, or Western Orleans. He audited bills this month.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

Legislator Kent moved to approve an agreement with Families and Schools Together and the Department of Social Services; seconded by Legislator Callard. Then the Holley Central School showed an interest in offering this program. This program is a parenting education program designed to increase family and child functioning as well as increase parent connections to their child's school. If we get a school willing to do

something like this, we should really support this, stated Legislator Kent. The following resolution was adopted:

## **LEGISLATURE MEETING**

October 28, 2009

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Legislator Eick, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The Town of Kendall held a Public Hearing on October 22, 2009 on Proposed Local Law 1 of 2009 entitled "Town of Kendall Moratorium on accessory structures in Hamlet, Waterfront Residential and Waterfront Development". The Town of Shelby will be holding a Public Hearing on Tuesday, November 10, 2009 on the adoption of a Local Law known as "A Local Law to Amend the Town of Shelby's Zoning Local Law and Zoning Map." The Delaware County Board of Supervisors forwarded their certified resolution entitled "Encouraging Immediate Relief for Dairy Farmers and Supporting Changes at the Federal Level Establishing the Price of Fluid Milk at the Farm Gate", adopted on October 14, 2009. The Orleans County Youth Board will be holding their meeting on November 4, 2009 at 5:30 p.m. at the Orleans County Career Center. The Veteran's Service Agency will be holding their annual Veteran's Day Ceremony on November 11, 2009 at 11:00 a.m. at the Veterans Service Agency at 13996 Route 31 and will conclude with the Presentation of Medals Ceremony and lunch at the American Legion Sheret Post on Main Street, Albion. The Apollo Restaurant is generously hosting coffee and doughnuts before the services for all veterans, family members and participants.

Legislator Johnson and Chairman Smith presented a proclamation to Sheriff Hess recognizing the Orleans County Sheriff's Office.

Treasurer Heard did not have a written report, but indicated that her office is working on this year's foreclosure list which was just printed in the newspaper.

During open discussion, Paul Lauricella, of Lyndonville, stated that he reviewed the agenda and it appears that a lot of spending is occurring. He

is opposed to the Hotel/Motel occupancy tax now; and was opposed to it back in 2003. He felt that the people that visit these businesses are getting fleeced. He said that spending needs to get cut. The federal government is printing monopoly money and the State is going broke. He stated that the County needs to lay people off. He said that there is no money for these requests and that the taxpayers are maxed out. "You can't continue to spend and grow government, and the consequences not be negative," said Mr. Lauricella.

Michele Raines, of Lyndonville, is one of the owners of Captain Cove Resort. She is here pertaining to the Hotel/Motel Occupancy Tax. She did not know of the public hearing for this Local Law and wished to voice her opposition. She indicated that the State of New York recently increased seasonal non-resident fishing license fees from \$40 to \$70. That increase on top of this tax is hurting our tourism. If it is too late to do anything about this this year, she is requesting guidance from this Legislature in what they need to do to work towards changing this law in two years.

Gene Christopher, owner of Four C's Marina, stated that his biggest concern is with the increase license fees for non resident fisherman. They will only stay a week paying the \$35 fee rather than the \$70 fee to get them to come back for seasonal fishing. This takes away from sales tax dollars. If there is any possible way to remove the 4% from the bed tax, these fisherman may fish here more. They are now forced to fish in the tributaries of Pennsylvania or off Lake Erie, not in New York State.

Legislator Kent reported on his committee meetings. He attended the Public Hearing and Energy Forum for the Office for the Aging. A lot of great information was shared, but turn out was poor; 18 this year as compared to 150 attendees last year. A fishing article was posted on the Legislature bulletin board regarding out of state fly fisherman visiting our area by Virginia Kropf of the Daily News. The Faces and Places publication by Rikki Cason of the Journal Register was complimented by Legislator Kent. The Hawks Nest Youth Center in Holley is in need of a TV and the Child Welfare Association will be donating \$500 toward this. The Great Lakes Small Harbor Coalition meeting was held at the Village Inn. Wayne Hale and Mike Waterhouse did a great job hosting this event. This coalition is to get all stakeholders to join and to advocate for permanent ongoing funding for harbor maintenance. Legislator Kent provided their website, [www.lre.usace.army.mil/greatlakes/navigation](http://www.lre.usace.army.mil/greatlakes/navigation), for any further information.

Legislator Callard reported on attending the IDA meeting and the Supervisor/Legislators meeting in which they discussed municipal insurance.

Legislator Rush reported on the Cooperative Extension, Supervisor/Legislator and his committee meetings. He attended a Library meeting updating on what they are doing with the Dales Building. He also toured the Jail today with the Legislators.

Legislator Eick attended a Pathstone event at the Village Inn in which they recognized young students from the Albion High School that participate in community service projects.

Legislator Bower reported on the meetings that he attended including his committee meetings. He met with Deb Roberts to discuss a County Right to Farm Law. He will be looking into this more extensively and will pass on his findings to this board.

Legislator Johnson reported that, along with Legislator Callard, CAO Nesbitt, and Treasurer Heard, they have been working on the budget and agrees with Mr. Lauricella that it is going to be an extremely tough year. She indicated that they do not want to push fees onto the residents of the county, but in order to promote tourism, which she believes it is the greatest crop of this county, they need to support this. It is a balancing act that they play so they don't need to raise taxes. She also has attended her village and town board meetings, which they are all in the same situation to haggle budget lines to balance their budgets. We need to understand that the revenue streams that we used to get through the State are no longer there. So, the grants that normally go to other counties, we need to make Orleans County available to these to help in not raising taxes. It does come down to the same pocket that we reach into. She would rather see Orleans County get the grant money, than our neighboring counties, and let the residents of our County benefit from these. She voiced appreciation of Mr. Lauricella's comments.

Chairman Smith added to the report of the recognition celebration hosted by Pathstone, which is a student enrichment program. He said that fifteen students are provided a stipend on a weekly basis to complete the program. They had an eleven year old speaker, who was very motivational at his age, who has a very bright future ahead of him.

Chairman Smith commended Ed Houseknecht from the Highway Department and Mark Watts from Buildings and Grounds on a fantastic job they did in putting in the sidewalk from Route 31 up to the County Office Building. He also thanked the surrounding Towns and Villages that supported this. It was completed in a very timely manner. Legislator Kent stated that they pre-casted the concrete curbs, which if we paid a contractor to do this, we would have paid three times as much. Chuck Nesbitt added that the Villages of Albion and Medina were very helpful in that. Part of this was based on good will that is generated in helping them in various projects. We loaned them Ed Houseknecht to get the Village of Albion out of a jam on Meadowbrook Drive and their only complaint was that Mr. Houseknecht worked too fast. They had to catch up with the engineering plans to accommodate Ed's speed. The sidewalk pour was 900 feet and it was done in three pours. There was quite a crew out there. That was a safety issue that needed to be addressed. "It shows what can be accomplished when municipalities work together," Chairman Smith stated.

Legislator Kent reported on auditing bills for 223 Orleans County students to attend our Community Colleges for about \$117,000. Orleans County attorneys, who were assigned council, submitted bills which did not include mileage. We spent over \$12,000 in stimulus money for retraining dislocated workers through our Job Development agency. Therefore, he moved to pay the bills; seconded by Legislator Callard, the following resolution was adopted:

**RESOLUTION NO. 330-1009**

**AUTHORIZING PAYMENT OF CLAIMS AGAINST THE COUNTY**

WHEREAS, claims for the General Fund, Job Development Agency, the Highway Department, the Nursing Home, and account S1710 of the Self-Insurance Fund have been audited by this Legislature, and claims for recurring Utility/Community College bills will be audited by this Legislature; be it

RESOLVED, that the Legislature authorizes payment of said claims against the following funds and that the Clerk of the Legislature, the Director of Job Development Agency, the Administrator of the Nursing Home, the Superintendent of Highways, and the Self-Insurance Administrator be authorized and directed to draw demand orders on the County Treasurer in payment of the following claims:

Fund/Department	Check Number (s):	Amount:
General	17154-17328	\$456,245.17

Self Insurance	45620-45623	\$4,941.60
Utility/Community Colleges	17136-17153	\$35,573.02

Moved, Kent; second, Callard.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Callard moved a resolution to oppose the New York State fee for issuing new license plates; seconded by Legislator Johnson. Legislator Kent questioned if these license plates are vastly superior to the license plates we currently have? They are the same, but newer. Legislator Kent added that this is a classy example of a regressive fee. This will hit everyone the same, no matter what type of income they have or type of car they drive. He said this is a joke and the joke is on us. The following resolution was adopted:

**RESOLUTION NO. 331-1009**

**OPPOSITION TO NEW YORK STATE FEE FOR ISSUING LICENSE PLATES**

WHEREAS, the Orleans County Legislature consistently strives to act in the best interests of the residents of Orleans County; and

WHEREAS, another new state fee will add to the costs already being borne by New York State residents, whereby motorists will be required to exchange current license plates for new state-issued license plates at a cost of \$25.00 each; and

WHEREAS, the measure would add an additional expense of \$20.00 for motorists who wish to keep the same license plate number; and

WHEREAS, the County Clerks from across the state, including Orleans County Clerk, Karen Lake-Maynard, have made known their concerns regarding the appropriateness of the program, noting the last

license plate exchange occurred a short time ago in 2001 at a much reduced cost of \$5.50; and

WHEREAS, the Orleans County Legislature remains concerned about the high number of taxes and fees being imposed by New York State during these challenging economic times; now, therefore be it

RESOLVED, that the Orleans County Legislature does hereby declare opposition to the license plate exchange fee, noting concerns about the appropriateness of, and need for, the program and the costs that will be incurred by the more than 33,000 Orleans County registrants already coping with fiscal strains; and be it further

RESOLVED, that the Clerk of the Orleans County Legislature is hereby directed to forward copies of this resolution to Governor David A. Paterson, State Senator George Maziarz, Assemblyman Steve Hawley, NYSAC, InterCounty of Western New York and all others deemed necessary and proper.

Moved, Callard; second, Johnson.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Johnson moved a resolution, which Joe Cardone, District Attorney, addressed during today's conference session, on a grant application for Operation Impact Tools with the District Attorney's Office. Legislator Johnson added this will not come out of county funds in the second and third year, but will come from seizure funds from the Major Felony Crime Task Force; seconded by Legislator Callard. The following was adopted:

**RESOLUTION NO. 332-1009**

**AUTHORIZING DISTRICT ATTORNEY TO APPLY FOR THE OPERATION IMPACT TOOLS PROGRAM GRANT WITH THE DIVISION OF CRIMINAL JUSTICE SERVICES**

WHEREAS, the Division of Criminal Justice Services has provided an opportunity for counties not already receiving assistance from Operation IMPACT or the New York City Enhanced Law Enforcement to apply for grant award of up to sixty thousand (\$60,000) to be used toward coordinated strategic crime fighting and violence prevention initiatives; and

WHEREAS, an application is now needed to obtain said grant funds for 2010; therefore be it

RESOLVED, that the District Attorney is authorized to apply for Operation IMPACT Tools Program grant with the Division of Criminal Justice Services.

Moved, Johnson; second, Callard.

### **RESOLUTION NO. 333-1009**

#### **APPROVING WIA-YOUTH AGREEMENT BETWEEN JOB DEVELOPMENT AND GLOW WORKFORCE INVESTMENT BOARD**

WHEREAS, the County of Orleans has received funding under the Workforce Investment Act to provide employment and training services to eligible adults and youth; and

WHEREAS, Orleans County Job Development has presented a Plan of Service for eligible Out of School youth between the ages of 16 to 24, to the Workforce Investment Board's Youth Council and has been approved to carry out this plan; and

WHEREAS, this Youth Council has approved the Job Development Agency to provide services and programs through June 30, 2010 for an Out of School year round program - \$38,613.60; be it

RESOLVED, that this Legislature accepts these funds, with no county dollars being invested; and authorizes the Chairman to sign said agreements.

Adopted. 7 ayes; 0 nays; 0 absent.

Legislator Kent moved a resolution to set up the revenue received for the "Back to School" grant program in the Department of Social Services Budget, of which they administered. Legislator Kent explained that 20% comes from the State, which was provided by a private donor and 80% from the Federal Government. Motion was seconded by Legislator Rush. Legislator Johnson read a response from the Genesee/Orleans Ministry of Concern concerning their annual program that supplies backpacks with school supplies for children in need. This organization felt that Governor

Paterson’s program was administered poorly, and they were concerned that the money was not used for school supplies. The Ministry of Concern had to turn away families from receiving backpacks with school supplies because they were already in receipt of the Back to School funds, and admitted that they did not use the money for back to school supplies. Legislator Kent added that we did however receive \$283,520 in Federal Stimulus money that we would not have gotten in this county otherwise, which needs to be taken into account. He also added that we can’t guarantee how these rebates or tax breaks are going to be used to stimulate our economy. Chairman Smith asked if this money has already been distributed, which it had per DSS Commissioner Ludwig. DSS Commissioner Ludwig stated that the biggest issue that people objected to was the accountability. She explained that the DSS Commissioners were told on a Friday afternoon that money was going to be placed on benefit cards that next Monday at midnight. Mailed letters were not going to be received by the recipient until possibly Tuesday or Wednesday stating this money on their benefit cards was to be used for back to school supplies. She agreed that this program was well intentioned, but accounted for poorly. No one knew about this ahead of time because of the private donor’s request, especially her Commissioners’ Association or NYSAC. DSS wanted to do this because it is a revenue to our County and claims needed to be filtered through their books, which this resolution authorizes us to do. The following resolution was adopted:

**RESOLUTION NO. 334-1009**

**AUTHORIZING SETTING UP NEW MONEY IN DEPARTMENT OF SOCIAL SERVICES BUDGET**

RESOLVED, that the County Treasurer is authorized to set up new money in the Department of Social Services budget for the Back to School Program, as follows:

Revenue:

A3609	Aid to Dependent Children (State)	\$70,880
A4609	Aid to Dependent Children (Federal)	\$283,520

Appropriation:

A6109.467	Family Assistance	\$354,400

Legislator Johnson moved to approve the 2010 STOP- DWI Plan, which is an increase of \$1,200 because of the DWI arrests we have had; seconded by Legislator Callard. Legislator Bower stated that he is not sure how New York State pays for all of this when they are in the hole. When the State does this, we make arrests and most of the money goes back to the State. So the State ends up making money from these DWI arrests that we make, mostly benefiting them, stated Legislator Bower. The following resolution was adopted:

**RESOLUTION NO. 335-1009**

**APPROVING AGREEMENT BETWEEN SHERIFF'S DEPARTMENT  
AND NEW YORK STATE GOVERNOR'S TRAFFIC SAFETY  
COMMITTEE**

RESOLVED, that this Legislature approves the agreement between the Sheriff's Department and the New York State Governor's Traffic Safety Committee for the 2010 STOP-DWI Plan effective January 1, 2010 through December 31, 2010, at a cost of \$75,472, with a county cost of \$0.

Legislator Callard moved to relevy unpaid 2009 solid waste/recycling fees to the 2010 tax bills; seconded by Legislator Johnson. Legislator Kent raised a point about the newly adopted burning regulations that the State put into effect on October 14<sup>th</sup>. Now organic materials will be more prevelant in garbage collection, and therefore the long term impact will be increased charges for disposing of waste. It would be a good idea if leaves are composted. A new contract will be negotiated in 2010 and we need to consider this. Legislator Callard said he takes issue with the new burning regulations and how it will negatively impact the farming community. Legislator Kent said it is too late to take issue with this now that these new regulations are in effect. Legislator Callard said that the laws can always be changed. Legislator Kent said they already made exceptions for the farmers. The following resolution was adopted.

**RESOLUTION NO. 352-1009**

SUPPORTING AN INCREASE IN FUNDING PROVIDED TO THE OFFICE OF FIRE PREVENTION AND CONTROL BY THE DEPARTMENT OF STATE FOR FIREFIGHTER TRAINING

WHEREAS, firefighter training provided by the Department of State administered under the Office of Fire Prevention and Control, OFPC, has proven to be an effective method of preparing firefighters in Orleans County to respond to emergencies; and

WHEREAS, the efforts of the State's 100,000 dedicated Volunteers contribute payroll and benefits savings commensurate with

their career counterparts of more than 7 billion dollars annually, local governments cannot afford to pick up this expense; and

WHEREAS, firefighter training is conducted for both career and volunteer fire departments throughout the state, serving approximately 125,000 firefighters in more than 1,850 fire departments; and

WHEREAS, NYS Division of Budget allocations fluctuate with the State's fiscal needs, which are not consistent with the local demand for firefighter training; and

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through October 2009. The month of October has been good because tax collection was up, paying in current year to avoid a tax lien filed against them. The state released some funds that have been outstanding claims since January. The bottom line looks the best it has in the last four years. Legislator Johnson questioned why employee benefits are high for this month. Treasurer Heard indicated that they paid out three payrolls in the month of October.

There was no public here to comment during open discussion, therefore Legislator Bower raised the question as to the next scheduled meeting. With it being the Thanksgiving Holiday, the next meeting is scheduled for Tuesday, November 24<sup>th</sup>.

He distributed an article from Farm Bureau's publication "Grass Roots" pertaining to racial profiling in Wayne County. He was glad that this is not seen in Orleans County.

Legislator Callard reported on the latest statistics through our Prescription Drug Card offered to the residents in Orleans County. In September, 144 cards were used at a total savings of \$7,800. In October, 206 cards were used saving our residents \$9,800. This program is being utilized more as time goes on. Legislator Rush asked if everyone in the county received a card. The resulting Orleans County property tax rate is once again \$9.16 per thousand of assessed value for the 2010 tax year. Legislator Rush moved in its entirety a resolution supporting membership in the Great Lakes Small Harbors Coalition; seconded by Legislator Kent. Legislator Rush added that the State of Michigan has done this and we are following suit. We have had to have Oak Orchard Harbor cleaned on several different occasions and had to go before Congresswoman Slaughter to get the money to pay for this. They are trying to get the federal government to take over these small harbors. Legislator Kent added that they are looking for commitments from as many municipalities and stakeholders as possible so they can increase their credibility when they go seek regularly budget allocations for harbor maintenance for the small harbors around the Great Lakes. They have done it in Michigan and they have had great success. They are trying to promote public awareness of the value of the small harbors to the economy. The following resolution was adopted:

#### **RESOLUTION NO. 358-1109**

#### **SUPPORTING MEMBERSHIP IN THE GREAT LAKES SMALL HARBORS COALITION**

WHEREAS, there are approximately 120 federally authorized small Great Lakes Harbors; and

WHEREAS, the federal government is responsible for maintaining boater access to these harbors through adequate dredging and maintenance of navigation infrastructure (hereafter referred to as maintenance); and

WHEREAS, small harbors perform other valuable functions such as ports of refuge during inclement weather, ports for U.S. Coast Guard rescue stations, ports for law enforcement, ports for commercial fleets, ports for Great Lakes research vessels, and ferry terminals; and

WHEREAS, many of the 120 federally authorized small harbors in the Great Lakes, including Oak Orchard Harbor, require regular maintenance because of natural sedimentation, low water levels, storm events, and littoral drift, among other factors; and

WHEREAS, longstanding federal policy prevents the U.S. Army Corps of Engineers from allocating funds for the maintenance of small

harbors in its operation and maintenance budget for the Great Lakes, thus forcing these harbors to seek Congressional assistance or “earmarks” to secure for maintenance; and

WHEREAS, this inefficient, inequitable system has resulted in maintenance backlogs that have hindered, or in some cases totally blocked access to Great Lakes small harbors, causing significant economic loss and increased risk to human health and safety; and

WHEREAS, small harbors in the Great Lakes have not, to date, had an organization through which to unite and speak with one voice to address concerns about maintenance and other shared interests to federal and state agencies; now, therefore be it

RESOLVED, that this Legislature supports and commits to being a member of the Great Lakes Small Harbors Coalition; and be it

## **LEGISLATURE MEETING**

November 24, 2009

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present, with the exception of Legislators Johnson and Rush.

The Clerk presented the following communications: The Village of Holley Mayor and Trustees wished to thank the Highway Department for their assistance in the paving projects on Geddes Street and the Fire Department parking lot. The Albion Main Street Alliance is requesting permission for their holiday tree to be placed on the south lawn at the Courthouse Square. They are also asking the County to install the tree on their behalf. They have a community tree lighting, caroling and local shopping event scheduled for Friday, December 4<sup>th</sup>. Genesee/Finger Lakes Regional Planning Council will be holding their meeting on December 10<sup>th</sup> at 10:30 am at the Radisson Hotel on Jefferson Road in Henrietta.

The Legislature approved to have the Albion Main Street Alliance put up their tree on the south lawn of the Courthouse Square.

Treasurer Heard reported that she has been busy working on school and village tax relevies. It appears that school taxes are up about \$140,000 more that she will have to pay in April.

During open discussion, Paul Lauricella, of Lyndonville, congratulated everyone on the election and was sorry to see Legislator Kent go. Mr. Lauricella expressed that he has done a good job for his constituents. He thanked the Legislature for the prayer that they open with at every meeting. He indicated that it is too bad they have taken religion out of everything. He thanked the Legislature for allowing the people to speak. A lot of times he is hard on the board, but criticism is a good thing and it makes people think. He faced criticism when he was young and it makes the person. Mr. Lauricella understands that the State is insolvent at this time and he knows that this board is going to be facing a real tough year ahead. He understands that some of the monies promised will probably not come. He indicated that government is getting too big and in order to support government, people need to be working, which many jobs are being lost. He knows that this board will need to make some tough choices next year and he will support their choices.

All the Legislators reported on their committee meetings. Legislator Eick reported that Highway and Buildings and Grounds have begun clean up of the EMO property. They have removed the old chain link fence. A lot more debris out back remains, but the Highway Department is tackling this. Legislator Bower indicated that all of his committees that he chairs are in good hands. Legislator Callard also reported that his and Legislator Johnson's committees met and everything seems to be in order.

Legislator Kent attended the 4-H Leaders' Association Banquet, the Veterans Day Ceremonies, of which both Legislators Johnson and Smith also attended, and all of his committee meetings. He also reported that six Legislators participated in the interviews for the upcoming vacancy for the Commissioner of Social Services. They interviewed three finalists. Legislator Kent felt that the group did a good job in objectively evaluating the candidates.

Legislator Kent also reported on attending the Joint Veterans Committee and the Planning Committee with Legislator Rush.

She does not do the physical printing of the bills because it is high volume and it is cheaper for her to contract this out. December 1, 2009**

---

Chairman Smith reconvened the meeting at 2:00 p.m. on December 1, 2009.

After the pledge to the flag, the Clerk called the roll. All Legislators were present.

Legislator Kent moved, in its entirety, the resolution to appoint a new commissioner as a result of Carol T. Ludwig's retirement as of December 30, 2009; seconded by Legislator Rush. Chairman Smith called for discussion. Legislator Bower stated that he has always been an advocate to

hire county residents when county residents apply and qualify for open positions in our County. He stated that nine county residents qualified for this position. We then reduced the applicants by holding second interviews for three people, two county residents and one from out of the county, which was unfortunate. He sponsored a resolution back in 1994, which was unanimously passed, that if a Department Head went out to hire, that Department Head would have to hire a county resident who was qualified over an out-of-county resident unless brought before the Legislature to approve an exception. He said they do not have to follow that same rule, but we have to report to the people of this county. He believes the Legislature has an obligation to the people of this county when we have at least three excellent candidates of this county that are going to be pushed aside to hire an out-of-county person, experienced in social services, over our own people. Legislator Bower stated that he was on the Social Service Committee for about eight years and he understands what Social Services does. He believes you do not exclusively need a background in Social Services to get this job. You need the ability to read and comprehend laws of our State, and follow them. You should have a background in the court system because many of the clients may be called to court for failure to pay child support, guardianship, or other legal issues. He believes we had four candidates in this county that could do this job real well, but one that would excellently do the job. He does not believe that we set up rules for everybody else to follow, but when it comes to this Legislature, we don't have to. He suggested that this issue be presented to the Board of Ethics to see if what they are doing is right, let's give them this task, Legislator Bower said. He does not believe that we should go outside of our county to hire someone when we have county residents that can do the job.

Legislator Kent stated that this Legislature has an obligation to choose the best person available to fill the position. He said in no doubt, we had many qualified people. Legislator Kent stated that in the interview committee where six of the Legislators were present, the Chairman asked the question at the beginning whether they were to appoint the best qualified person or a person from Orleans County. In keeping in mind that this resolution, that Legislator Bower referred to, was known to all of us. We brought in a person from Seneca County for the second round of interviews because after the first round, he was judged to be one of the top candidates. He stated that their obligation is first and foremost to place the best possible person in the job. It is not to say that there are not other people in our County that could do the job. Everybody around the table when the question was raised by the Chairman agreed that they were going

to choose the best possible person. Under resolution 484-1094, this Legislature has the authority to approve the Social Services Commissioner provided that the person so designated complies with state law and lives in Orleans County once appointed and serving. After an exhaustive search and a two part interview process, five of the six Legislators that were present agreed that Tom Kuryla best met the needs of county residents based on his education, knowledge and experience as a Deputy Commissioner of Social Services. Legislator Kent further explained that the Social Services Committee is acutely aware that the times we find ourselves in are already putting Orleans County's Department of Social Services under unprecedented pressure. The demands on this department could conceivably grow greater in 2010 and beyond. The economic crisis we are in coupled with the complexities of this position make it imperative that the leadership of this department be the very best available to us. It was with this in mind that a committee of the whole Legislature with near unanimity agrees that Mr. Kuryla was the taxpayers' best choice for this both sensitive and demanding position. He further stated that it makes little sense to hire the second or third qualified person when the top candidate is available and willing to serve.

Legislator Johnson asked if this candidate is willing to move to Orleans County. CAO Nesbitt confirmed that he was acceptable to this.

Legislator Bower asked when was the five years of service status placed in the resolution, which was never discussed in the interviewing committee. CAO Nesbitt indicated that it is common when negotiating salary and benefits package, and he informed the Chairman of what the issues were that the candidate rose prior to finalizing the resolution for his appointment. Chairman Smith and the Chairman of the Social Services Committee, Legislator Kent, were both in the discussions of his package. The following resolution was adopted:

## **LEGISLATURE MEETING**

December 9, 2009

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation led by Rev. Roy Harriger, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: The County Treasurer's Office has reported that all Departments that hold petty cash accounts have been examined for 2009.

The Treasurer distributed an Analysis of Monthly Cash Receipts and Disbursements through November 2009. The cash on sales tax is just down by \$78,000 from last year. The cash balance is good as compared to what it was last year at the same time. Legislator Callard questioned of any news from the State Legislature about the slow down of monies coming to us. Treasurer Heard said if you look at the state aid it is down,

but we are still receiving money on a daily basis. However, January through March of next year may be a different story.

During open discussion, Legislator Rush reported on the bid opening on the elevator modernization project at the Jail. He attended the Public Hearing on the County Budget and an EDA meeting.

Legislator Callard reported on four meetings with the IDA over the last two weeks, primarily on extra ordinary activities.

Legislator Kent judged several oratorical contests in our local high schools. He met with Marcia Thom regarding working with Peg Wiley and Public Health on Medical Reserve Corp. He had the privilege of speaking at the Pearl Harbor festivities at the American Legion. He also attended the County Budget Hearing and held the recessed meeting, appointing the new Commissioner of Social Services. He announced that CPS is still accepting gifts for their children's Christmas party.

Legislator Johnson stated she was honored to do a Christmas reading at the Yates Community Library Christmas program. She wanted to comment at the County Budget Hearing that she was proud to increase funding to our libraries and Go ART in the 2010 Budget year.

Legislator Bower reported on a Soil and Water meeting where a presenter from the State explained everything to the board members involving our soil and water, what they can do and what associations they work with. He would like to schedule this course during a conference session next year so each Legislator knows more about Soil and Water involvement. He announced the Nursing Home Christmas Party, which is an event that should not be missed. It was one of the nicest parties he has the opportunity to attend and encouraged all the Legislators to attend this Saturday.

Legislator Eick, besides attending the Soil and Water meeting, is currently attending the Farm Bureau State meeting in Rochester.

Chairman Smith reported on attending his first NYSAC Board Meeting in Albany, as being a board member. It is an honor to serve on this board and will update the Legislature with information that has been shared at these meetings with them.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

Legislator Callard moved to adopt the 2010 Orleans County Budget; seconded by Legislator Johnson. Legislator Johnson stated that she is very proud of the Department Heads to submit pared down, bare bone budgets to make it easy for the Finance Committee so they could present no tax increase to the County Taxpayers. Legislator Callard stated that there has been no increase in the past three consecutive years. ## LEGISLATURE MEETING

December 23, 2009

---

Chairman Smith called the meeting to order at 4:30 PM. After the pledge to the flag and invocation, the Clerk called the roll. All Legislators were present.

The Clerk presented the following communications: A resolution was received from the Town of Carlton supporting membership in the Great Lakes Small Harbors Coalition. The Orleans County Soil and Water Conservation District Board of Directors will be held on January 5, 2010 at the Orleans County Soil and Water Conservation District Office at 12:00 p.m.

The Treasurer has been busy with payroll, vendor roll, and a holiday. Legislator Bower asked if we received a sales tax check. Treasurer Heard said that they should be receiving two checks next week.

Chairman Smith called upon Legislator Kent to come forward so they could make a presentation to Carol Ludwig, retiring Commissioner of the Department of Social Services. Carri Ludwig received it with applaud from the audience and thanked everyone for the citation.

During Open Discussion, there was no public comment. The Legislators reported on their regular committee meetings and wished everyone Happy Holidays. Legislator Eick acknowledged the "Partner in Appreciation Award" received by our Orleans County Soil and Water by the U.S. Department of Agriculture's Natural Resources Conservation Service. Our district was the only one honored with this recognition in 2009.

Legislator Bower said he had his 20<sup>th</sup> year making holiday greeting rounds amongst the County Departments. He felt great warmth and great attitude amongst the County employees during this season.

Legislator Johnson participated in the final judging of the Oratorical contest to where eight area high school finalists competed. She said it was a moving experience and she has never been so impressed with our talented high school students. It made her proud to be an elected official of Orleans County.

Legislator Kent reported on judging the school contests for the Oratorical contest, he did not participate in the final competition, but he explained some of the great speeches that were made by these students. He expressed in length his great gratitude for the job that Carri Ludwig has done as Commissioner of DSS. While serving with Legislators Bower and Rush on the Social Services Committee, he has been impressed with Commissioner Ludwig's tireless dedication in continually improving the delivery of departmental services. In finding ways of doing things better, more effectively, at lower costs with greater dignity and less risk has been a virtual obsession for Commissioner Ludwig. Even knowing that she was going to retire, and might have gone with the flow, she has relentlessly pursued better contracts, improved alternatives and more effective use of personnel and resources with uncommon imagination. In speaking for the Legislature and the people they represent, Orleans County will greatly miss her.

Legislator Callard stated that today we will introduce the Traffic Diversion Program, and we will look at repairing the jail elevator, which are only two examples of our accomplishments. Legislator Rush and himself attended the IDA meeting. In spite of the state's efforts to remain financing projects, we may have many opportunities that come to fruition in the first quarter of next year. He wished Legislator Kent the very best. Legislator Callard said that he is an outstanding person and Legislator. We always seemed to meet in the middle and he has enjoyed our time with him.

Legislator Rush attended the Genesee Finger Lakes Regional Planning Board meeting, the Orleans County Planning Board meeting and the EDA meeting. Legislator Rush also thanked Legislator Kent for his service on their committees and said it was a pleasure working with him. He also thanked Carri and expressed how great it was working with her. He wished them both well.

Chuck Nesbitt also took the opportunity to thank Carri for her many years of service and her excellent stewardship of the Department of Social Services; for the benefit of her wisdom and professionalism; for her intelligent and ever diligent approach to the job; and for her friendship to him and to this County. Thank you for a tough job well done, expressed Chuck.

Attorney David Schubel also expressed his appreciation in working with Carri. Their tenure coincided and she had a great commitment to

excellence, which made him a better attorney. With her staff, her colleagues and fellow department heads, she really set the bar for us all. Carri is a zealous advocate of her department and with her mission being different than other departments, also understood where the rest of us were coming from and she always had great appreciation for what he was trying to do on behalf of the County. Although sometimes they had disagreements, she spoke with passion and in a very professional way. Attorney Schubel expressed his appreciation for the opportunity to work with her.

Chairman Smith expressed a special thank you to Carri for the service she has provided to this County. Most of all what impressed him is the smile that she always showed on her face. The attitude that she had, always says a lot about the person. Chairman Smith stated that she will be missed here in Orleans County and thanked her for the knowledge that she shared with everyone; for the dedication she had for her job and for doing her job with great passion. Chairman Smith also thanked Gary for the service he provided over these last two years on the Orleans County Legislature, and said that it has been good working with him and wished him well in his future endeavors.

Carri Ludwig said that it has been her honor and privilege to serve Orleans County. She said that Orleans County is a wonderful place to live and to raise a family. She said that she has enjoyed her tenure, first as the Office for the Aging Director and then as the Commissioner of the Department of Social Services. She thanked the Legislature for their kind words, and said that it has been her pleasure and her honor.

Legislator Eick moved to add one resolution to the agenda; second by Legislator Bower. Motion carried. The following resolutions were then adopted:

## **2010 Orleans County Budget Message**

The 2010 Tentative Budget is the result of several months of work by County departments, legislators and the budget office. A thank you is due to all those involved, for your diligent and professional efforts.

Orleans County continues to struggle with the uncertainty presented by the State's financial crisis. The Counties of New York State serve as an integral part of the state and federal programmatic delivery system. The State and the Counties are partners in the provision of those services and as the State sets policy in many arenas, the Counties are charged with carrying out those policies regardless of funding from state or federal levels. Therefore, we as Counties continue to deliver those services and in many cases find ways to finance them when State revenue falls short of the mandated level of service.

The New York State Budget Director projected in September that the State could see a cash flow shortfall of \$2 billion in December of this year and a mid-year budget deficit of \$3.2 billion dollars. This number is up \$1.04 billion from the July estimate. According to the State's Division of Budget, the deficit is a result of two factors: a projected \$930 million decline in revenue related to declines in personal income tax collections, as well as projected State spending increases of \$106 million due to greater than expected programmatic demands. State revenues came in 36% under even revised projections for the 2<sup>nd</sup> and 3<sup>rd</sup> quarters of 2009.

The revenue generating mechanisms of the State of New York have been profoundly damaged by the financial crisis. The financial sector that had generated 20% of all New York State revenues has been decimated. Wall Street and its iconic players are no longer what they once were if at all and as a result, New York State is suffering the consequences.

The State is now faced with multi-billion dollar deficits as well as tough decisions on how to close the gap caused by lowering revenue and an increasing cost base. This is a crisis. It is real and, it is going to take more than posturing and rhetoric in Albany to solve it. Prudent financial decisions will need to be made at the state level and as a result all those who rely on state funding to carry out their missions will feel the ripple effect of those actions in the form of reduced state funding.

I caution the County Legislature and the public about the end of the Federal stimulus funding. The State has relied on heavily on stimulus funding to close the gaps in the 2009 - 2010 budgets. Without it, significant shifts in costs to County governments to maintain human service programs in 2011 could result .

Couple that with the damage done to the State and Local Retirement System and next year is likely to be an extremely trying one for all of New York's taxpayers.

All the aforementioned factors have influenced the recommendations made in the 2010 Tentative Budget. The County Government is acutely aware of what might be asked of us, the Counties of New York State. Therefore we have prepared to continue to deliver high levels of service while minimizing the fiscal impact to the county taxpayers.

The 2010 Tentative Budget is a proposed financial plan for county operations for the named fiscal year. The proposed operating plan maintains all existing county programs and aims to protect the integrity of the county fund balance. Despite maintaining all programs, the Budget Office and the Finance Committee have very carefully examined revenues and expenses of all programs and made spending reductions as well as adjustments to revenue in an effort to maximize the value to the taxpayers.

## **2010 Orleans County Budget Message**

The 2010 Tentative Budget includes the following items worthy of note:

1. The New York State Comptroller is predicting significant increases in the pension rates for the employee retirement system for the next several years. The first indication of that increase is being realized in the 2010 budget. After several years of stability in the retirement figure, the 2010 Tentative Budget contains a \$966,356 or 64.09% increase for the December 2010 pension system payment.
2. Working closely with the employee unions and our health insurance provider, the county has successfully minimized the rate of growth for health insurance premiums relative to the 2009 budgeted appropriation to approximately 4.5% or \$215,726. This has been achieved through benefit reductions and reductions in employee utilization for 2009. This is in sharp contrast to the average community pool rate of increase for 2010 of over 20%.
3. Public Safety spending is up \$305,801 over the 2009 budget. This growth is being driven primarily by three areas; court security, the jail and the probation department.
  - a. The State had proposed and planned to take over the security function at County Court. Orleans County budgeted for a state takeover of the security function starting in the second quarter of 2009. This change has now been postponed indefinitely. Expenses and revenues related to court security for the year 2010 are fully represented in the Tentative Budget.
  - b. The Orleans County Jail will no longer receive revenue for housing state inmates in the county facility. This policy change at the state level has resulted in a projected \$77,000 loss in state revenue for parole violators and state ready inmates. Additionally, projections for boarding in out-of-county inmates have been significantly reduced as the county continues to rehab the existing facility to comply with New York State Commission of Correction standards.
  - c. Probation revenues have been impacted negatively as the state continues to shift the cost to counties for provision of these services. Twice in 2009, the Probation Department received mid-year funding cuts. The first was 2% and the second was 6%. As a mandated service, this was a direct shift to the county taxpayers.
4. Community College enrollment continues to skyrocket as higher education becomes less and less affordable. The Tentative Budget accounts for a 13% or \$150,000 increase in the local share of Community College tuition for Orleans County residents. This is a state mandated expense and is based purely on the demand for service by the public.
5. Many of the cuts suggested in the Governor's proposal to eliminate the gap in the State's financial picture relate to the two areas that make up the largest portions of spending: healthcare and education. Some of the healthcare cuts will result in a negative impact on the revenue of the Villages of Orleans Health and Rehabilitation Center. Sources in Albany indicate that Counties will have the opportunity to make up some of those losses through the Intergovernmental Transfer Program which makes matching funds available through the Federal Medicaid program. To provide for a likely county match, the Tentative Budget sets aside \$570,000 in the Medicaid budget under the Department of Social Services. The resulting revenue is reflected in the budget of the Villages of Orleans.

## **2010 Orleans County Budget Message**

6. The Tentative Budget projections for the 2010 sales tax revenues are flat at a county share of \$12,660,000. Orleans County's year over year performance from 2008 to 2009 is the best in the region through the third quarter. Despite the relative stability here, we are running slightly behind projections for 2009.
7. Solid Waste and Recycling fees for 2010 will remain flat. 2010 is the final year of the existing contract with our provider. Orleans County must put out a request for proposals to provide the service for 2011 and beyond. Based on what we have seen in other jurisdictions, the County can fully expect that there will be a normalization of the cost of the program in 2011 that will result in a slightly higher rate to residents. However, based on the efficiency of our system, Orleans County taxpayers should continue to enjoy one of the least expensive waste and recycling charges in the state.
8. The County is using a portion of projected Federal stimulus dollars to fund the 2010 Capital Plan. The Capital Plan consists of capital expenditures for specific equipment or building improvement projects in excess of \$5,000 for the given year. The amount of stimulus money proposed by the Tentative Budget is \$191,500 bringing the cost of the capital plan to the county taxpayers to less than \$50,000, the lowest in many years. This action results in a direct reduction of the property tax rate of 13 cents per thousand of assessed value.
9. The Tentative Budget recommends the use of approximately \$300,000 of revenue, gained from the sale of the Certified Home Health Agency, to stabilize the tax rate in lieu of natural sales tax growth for 2010. The result of this action is a 20 cent per thousand reduction in the property tax rate.

Total spending for fiscal 2010 is projected to be \$72,072,706 and revenue is projected at \$56,963,126 leaving a deficit, or cost to the county of \$15,109,580. The levy is further reduced through the use of cash surplus in the general fund, road fund, solid waste fund and machine fund arriving at a levy of \$13,829,180. The resulting Orleans County property tax rate is once again \$9.16 per thousand of assessed value for the 2010 tax year.

County departments did an excellent job of maintaining necessary operations while submitting responsible budgets for 2010. Once again, I thank them for their efforts.

Respectfully Submitted,

Charles H. Nesbitt, Jr.

Chief Administrative Officer
