2009 Orleans County Budget Message

I am presenting to you today the 2009 Tentative Budget. I am recommending that this be filed as a tentative budget rather than adopted as a preliminary budget, while this is a break from Orleans County tradition, it is necessary that we allow our legislature maximum flexibility to address the pending changes we see taking place at the state level that may impact the many variables of our County budget.

We are living in a difficult time for the State of New York, one of unsustainable growth and plummeting revenues that have put the state in crisis. In the words of Governor Paterson "New York is at the epicenter of an extraordinary financial crisis on Wall Street. We will have no choice but to take bold and aggressive action to reduce state spending." The Governor is projecting a \$47 billion deficit at the state level over the next four fiscal years based on current statutory obligations and projected revenues. At the same time, The New York State Legislature will meet to take further actions to correct a current year deficit now projected at \$2 billion. The expected deficit for state fiscal year 2009-2010 is expected to be \$12.5 billion.

The mounting state deficit compounded by a national economic crisis places a significant amount of uncertainty on our County budget because it will be difficult to project the many variables that make up our budget. As an administrative arm of the state government, we administer many state mandated programs and services making up a big share of our operation. It is quite possible that as the state begins to move forward with the deficit reduction plan that Counties will face both the elimination of programs as well as cost shifts to cover shortfalls at the state level for mandated programs. However, the following recommendation is made based on the information available to us as of today. It is my sincere hope that Orleans County is able to weather this financial storm with a minimum impact to county property taxpayers.

The 2009 Tentative Budget is a proposed financial plan for county operations for the named fiscal year. The proposed operating plan maintains all existing county programs and protects the integrity of the county fund balance. Although there are no programs cut, the budget office and the Finance Committee very carefully scrutinized both revenues and expenses of the various programs and made spending reductions as well as adjustments to revenue in an effort to maximize the value to the taxpayers.

The 2009 Tentative Budget includes the following items worthy of note:

1. The 2009 Tentative Budget includes the assumption the Orleans County Legislature will move to adopt a local law as enabled by the State of New York to raise the County Clerks Fees for filing documents. This item is estimated to raise \$125,000 in revenue and correspondingly reduce the property tax levy by the same amount relieving property tax payers of nine cents per thousand in levied taxes.
2. The 2009 Tentative Budget includes an additional \$323,000 in General Fund Balance Transfer – effectively returning the excess sales tax received in 2007 to the property taxpayers in 2009.
3. Health Insurance is projected to be up \$306,453 from 2008 to 2009.
4. Public Safety Costs are projected to be up \$302,360 from 2008 to 2009.

2009 Orleans County Budget Message (Continued)

5. The Community College line item is the required local government contribution to the education of our residents at the various community colleges across New York State. This is a direct investment in education at the local level. Increased Community College enrollments continue to drive costs from \$990,000 in 2008 to \$1,200,000 projected in 2009, an increase of \$210,000.
6. Gas and Oil budgets across all departments are up \$108,725 from 2008 to 2009.
7. Electricity budgets across all departments are up \$132,590 from 2008 to 2009.
8. The projected Orleans County Medicaid expenses are projected to rise \$200,415 from the 2008 number. The Medicaid payment will also be increased to account for the County share of the Intergovernmental Transfer or IGT.
9. The 2009 Tentative Budget makes some changes based on the availability of federal Medicaid funds through a change to the calculation methodology used to determine the Upper Payment Limit or UPL Medicaid Nursing Home IGT – this amount is reflected in the Medicaid budget as an additional \$675,115. The corresponding federal revenue accessed is reflected in the budget of the Nursing Home as a revenue. The Nursing Home's cost to the County is projected to be \$675,115. This number is reflected in the Social Services budget as a Medicaid expense.
10. You will see that we have added, as required by statute, the value of all county property tax exemptions.
11. Solid Waste and Recycling will see the first increase in many years. The fee will rise from \$140 per unit to \$159.02 per unit reflecting the cost of the program. This increase can be attributed in large part to the increased cost of fuel as part of the CPI adjustment. This is still a service that is provided at a cost that is amongst the most inexpensive in the entire state.

Total spending for fiscal 2009 is projected to be \$70,665,343 while total revenues are projected at \$55,730,711 leaving a county cost of \$14,934,632. The County tax rate per thousand of assessed value for 2009 is projected to be \$9.16, which is exactly the same as 2008.

I am encouraged by the effort of County Departments to submit responsible and resourceful budgets in the midst of trying times. I thank the Department Heads for their efforts.

Respectfully Submitted,

Charles H. Nesbitt, Jr.
