Date

Meeting: Soil & Water Conservation District
Date & Time: Tuesday May 14, 10:00Am
Location: Legislature

Attendees:

Agenda Item	Leader/Presenter	Discussion	Action
Farm Construction Projects	Katie Sommerfeldt	Surveying and designing fields for tile systems. Finishing the designs on two Micro Irrigation projects. Getting ready to install a Agrichemical Handling Facility. Working on deigns for several Heavy Use Areas and roof runoff structures. Have a Riparian buffer project that is underway with tree removal.	Discussed
Grant Applications	Katie Sommerfeldt	Climate Resilient Farming grant opened, looking at putting in a few application to this funding source. Regenerate NY funding want to put in for a ash tree removal and replanting project for a landowner. We are also looking into applying for USACE funding for Planning projects, we are thinking about putting Lyndonville's Johnson Pond project into this with the Village of Lyndonville and the Lyndonville School.	Discussed
Highway Projects/ Waterway Cleaning	Katie Sommerfeldt	Finished removing dead ash trees on a property on Petersmith road that was blocking a drainage ditch. Partnered with the County DPW with this project. We have completed several culvert sizings and ditch designs for the highway departments so far this year.	Discussed
Diversion Ditch project	Katie Sommerfeldt	We have obtained easements to install a diversion ditch on Rock Ledge Road in the Town of Carlton. This ditch will help many landowners that have had cottage flooding issues. We will be partnering with the Town of Carlton Highway Department for the installation of this project and will be using SWCD FLOWPA funds to pay for materials.	Discussed
Water Sampling	Katie Sommerfeldt	We have completed our next years QAPP for water sampling with DEC and are continuing to sample the Oak Orchard River. We have purchased a YSI meter and have been using on our last 3 sampling trips. This meter allows us to do more of the sampling in house. We use FLOWPA funds to help pay for this project and supplies.	Discussed
Boom Mower	Katie Sommerfeldt	The Boom Mower is in Clarendon now, which will make it so that the mower has went through all the towns and muck in the County since December. We will be making the second round in the next couple months.	Discussed

Respectfully submitted,

 Katie Sommerfeldt

Meeting: Planning and Development

Date & Time: 5-14-24 9:30 a.m.

Location: Legislature

Attendees: Bill Eick, Ed Morgan, Lynne Johnson, Jack Welch

Agenda Item	Leader/Presenter	Discussion	Action
1. KYC LWRP Update	C. Winters	Department of New York State, Wendel and Orleans County Planning and Development had a meeting regarding the major revisions and feedback needed for this project.	Discussion
		All parties involved, agree that Orleans County should pursue a CFA Grant to pay for the updates needed. We are waiting for the Department of New York State to finish their review, and to provide us with their feedback and revisions.	
		Wendel is holding off all work until all revisions and feedback are completed and sent back to us. In the meantime, they have asked Orleans County to reach out to all municipalities involved in the KYC LWRP to see if they are still interested in remaining included.	
2. Paint Collection Event with Greensheen	C. Winters	June 15, 2024, from 9am - 1pm. Will be held at the former GCC Campus parking lot. Not restricted to only Orleans County residents. WE ARE WAITING FOR APPROVAL FROM THE DEC REGARDING THE PERMITS FOR THE EVENT. (Was submitted last week)	Discussion: Need to draft an agreement between Orleans County and GreenSheen. This agreement should include: Fact Sheet, Agreement text, including scope of work, COI and Resolution.
		We just need to confirm that the restrooms in the building will be available, request to borrow cones from Department of Public Works and notify Sheriffs about the event, and to ask if they would patrol through the site from time to time. (Will reach out to all of them within the next couple of weeks)	
3. Snowmobile Documents Submission to NYS	C. Winters	Documents need to be signed and submitted to NYS by May 31 (Phase 3) and Phase 2 (2024-2025, by June 1.) Randy (Orleans County Snowmobile Club President) does all the work, we just submit the documents to NYS and update the mapping changes using ArcGIS. While th last agreement expired last year, not sure if we need a new one since Randy is doing majority of the work, and the contact for auditing purposes?	Discussion: Need to draft an agreement extension between Orleans County and Orleans County Federation of Snowmobile Clubs, Inc. This agreement should include: Fact Sheet, Agreement text, including scope of work, COI and Resolution.

Respectfully submitted,

Corey D. Winters
