SITE PLAN DRAWING

As part of a Land Use Permit application, an accurate site plan must be submitted, including:

- a. Property dimensions, including total width and depth, and a “North” arrow.
- b. All structures currently located on the property with their size(s) indicated.
- c. The exact distance(s) between all structures on the property.
- d. All roads or easements adjoining, abutting or traversing the property.
- e. An accurate depiction of the driveway access to the property and parking areas.
- f. The proposed placement of any new structure, addition or other improvement on the property, showing the dimensions of the improvements and the distances between them and other structures and the lot lines.

Note: It is preferred that the site plan information be included on, or with, a copy of a *property survey*. However, if a survey is not available, the applicant may use the grid area below, or a similar format, to provide the required drawing information.

APPLICANT CERTIFICATION

“I certify the above or attached drawing accurately reflects the subject property as surveyed including property lines and the height, size, and setback locations of existing and proposed structures and improvements.”
