4. Old Business –

a) 2022 Master Plan Action Items and Goals

- i Ms. Vallette updated the other members regarding the Cedar Lake Infrastructure Feasibility Study Request. The owner of Lakewood Shores is responsible for installing utilities if a certain percentage of the lots are developed. Rick Freeman is already doing a study in that area for other purposes.
- ii Ms. Vallette stated that she did not get a reply about holding a Coastal Resilience Workshop for Residents but did ask about holding one at a recent conference she attended. EGLE said they do not do that. The group talked about putting our together and presenting it.

b) Non-motorized Plan

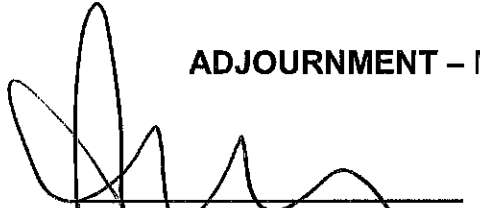

around \$33,000 to update the plan. Due to lack of funds, Ms. Vallette did not present the estimate to any boards. Rick Freeman may take a look at the plan and be able to update it at a lower cost.

5. New Business –

- a) Discussion on topics for next Sub-Committee Work Session
 - i Ms. Vallette should have some further information regarding the Non-motorized Plan and Coastal Resilience to bring back to the sub-committee for the next meeting.

Next meeting scheduled for July 28, 2022 at 3PM.
