The FY2022 Budget document describes the financial resources available to the City that will be used to provide services to the community. In addition, the budget document serves as a goal setting and policy document and includes the City's goals, policies and procedures approved by the City Council as part of the budget approval process.

This document is organized in a format that provides several levels of financial and operational information about the City's Fiscal Year 2022 Budget. Immediately preceding the sections described below is an introduction to the City's governing body, the history of the City, a community profile and demographic information. Also included is a description of the City's strategic priorities and a City-wide organizational chart.

#### Introduction

The Introduction section contains the Budget Message from the City Manager and Finance Director that provides a broad overview of the FY2022 Budget factors, assumptions, and trends considered when compiling the budget, FY2021 highlights, and FY2022 major initiatives reflected in the budget. Also included in this section is a description of the City's budget process and timeline and a summary of the City's financial policies. A description of the City's financial structure, which is based on generally accepted accounting principles, is also presented in this section.

#### **Budget Summary & Financial Overview**

The Budget Summary & Financial Overview section provides an analysis of fund balance in each of the City's funds. Revenue and expenditure summaries and trends are reflected in this section to provide information regarding the City's funding sources and how those sources are spent. A personnel summary is included that provides information related to positions and total employee compensation.

Summary and detailed information related to the City's multi-year capital improvement program, as well as the City's outstanding debt is also included in this section.

#### **General Fund**

The General Fund section provides a detailed analysis of the City's main operating fund. General Fund revenues are described in detail and comparisons to prior years are presented when applicable.

This section also contains information related to each operating department, including the following departments.

- ✓ Administrative Services\* ✓ Finance
- ✓ Police
- Public Works
- ✓ Fire
- ✓ Community Preservation and Development

\*Administrative Services includes the divisions of Human Resources, Legal, Legislative, Information Technology and Economic Development.

Information presented for each department includes (1) the Department's mission statement and objectives, (2) organizational chart, (3) FY2021 highlights and accomplishments, (4) FY2022 strategic goals, (5) performance measures, and (6) a summary of department expenditures by type with a comparison to prior years.

#### **Other Funds**

This section contains a summary description and a detailed revenue and expenditure budget schedule for each of the City's funds, other than the General Fund, including the following.

Special Revenue	Capital Project	Debt Service	Proprietary
Dempster TIF Fund	Capital Improvements and Equipment Fund	Debt Service Fund, Series 2015A	Parking Fund
Motor Fuel Tax Fund		Debt Service Fund, Series 2016	Water Fund
Uptown TIF Fund		Debt Service Fund, Series 2021	Sewer Fund
IMRF Fund			Motor Equipment Replacement Fund
FICA Fund			
Municipal			
Waste Fund			
Asset Forfeiture Fund			
Foreign Fire Insurance Fund			

#### Appendix

The appendix contains supplementary information related to the principal property taxpayers located within the City, as well as the City's principal employers. Also provided is a variety of statistics comparing the City of Park Ridge to other municipalities of like size and demographics. Also included in this section is a glossary to assist readers with understanding the municipal finance and budget terms listed in the document, as well as a list of acronyms utilized throughout this document.

The City of Park Ridge is governed by elected officials including the Mayor, seven Alderman, and the City Clerk. The Mayor and City Clerk are elected from the City at large; one Alderman is elected from each of the seven wards of the City. The seven aldermen constitute the City Council, and the Mayor or his appointed representative presides at all Council meetings.

## **Elected Officials**

Marty Maloney - Mayor Term Expires May 2025

Sal Raspanti - City Clerk Term Expires May 2025

## <u>Aldermen</u>

John J. Moran, 1<sup>st</sup> Ward Term Expires May 2023

Gail A. Wilkening, 3<sup>rd</sup> Ward Term Expires May 2023

**Charlie Melidosian, 5**<sup>th</sup> **Ward** *Term Expires May 2023* 

Martin Joyce, 7th Ward Term Expires May 2023 **Fred Sanchez, 2<sup>nd</sup> Ward** *Term Expires May 2025* 

Harmony Harrington, 4<sup>th</sup> Ward Term Expires May 2025

Richard B. Biagi, 6<sup>th</sup> Ward Term Expires May 2025

## **Executive Staff**

Joseph Gilmore, City Manager

Christopher Lipman, Finance Director

Drew Awsumb, Community Preservation and Development Director

Jeff Sorensen, Fire Chief

Frank Kaminski, Police Chief

Wayne Zingsheim, Public Works Director

The City of Park Ridge is located in Cook County, Illinois and encompasses an area of 7.1 square miles. Originally settled in 1840, Park Ridge has grown into a medium sized city with a current population of 39,656, according to the 2020 U.S. Census. Known as a prime residential community, Park Ridge is served by some of the best school districts in the state, an excellent parks and recreation system and dependable city services. The City is approximately 15 miles northwest of the City of Chicago's Central Business District and is situated in a key geographic location in close proximity to O'Hare International Airport, the Northwest and Tri-State Tollways, the Kennedy Expressway, CTA Rapid Transit and the Metra commuter rail line.

Park Ridge traces its history as far back as the Pottawotamie Native Americans, who lived in this area as it provided fertile land and rich natural resources. The area was a convenient portage between the Des Plaines and Chicago rivers for the French explorers and in the early 1830s our first settlers arrived from New England and New York. The settlement previously named Pennyville and then Brickton was incorporated as the Village of Park Ridge in 1873 and reorganized as the City of Park Ridge in 1910.

The City operates under a Mayor-Council form of government. The Mayor and City Clerk are elected from the population at large. Aldermen are elected from seven wards

on the basis of ward representation. The Mayor and City Council establish policy, while the City Manager is responsible for the day-to-day operations of the city and its employees. The City provides a full range of services, including police and fire protection, emergency medical services, and the construction and maintenance of streets and other infrastructure.

Chart Survey/Program: 2019 ACS 5-Year Estimates Data Profiles

As in year's past, the City continues to base its fiscal and operational decisions on the City's six strategic priority areas as determined through a strategic planning process. The FY2022 budget reflects the City's efforts to maximize limited resources to meet objectives within the applicable strategic priority areas. While remaining vigilant in the assessment of COVID-19's ongoing impact to City operations and resources, the FY2022 budget shows the City's determination to plan and execute for continuous improvements throughout the organization. Some of these improvements include enhancements to the City's Enterprise Resource Planning software, economic development initiatives, operationally efficient improvements to the Police Station, design and engineering for Fire Station renovations, and resumption of the green alley program. The FY2022 budget also reflects the City's commitment to maintaining high levels of ongoing services focused on public safety, economic development, community preservation, maintenance of public infrastructure, customer service, and general administration.

## CITY OF PARK RIDGE OFFICE OF THE CITY MANAGER

505 BUTLER PLACE PARK RIDGE, IL 60068 TEL: 847/ 318-5200 FAX: 847/ 318-5300 www.parkridge.us

Joseph Gilmore City Manager

It is my pleasure to present the budget for the City of Park Ridge for the Fiscal Year ending December 31, 2022.

The FY22 budget is the first constructed on a standard calendar fiscal year. The move to a calendar fiscal year was the appropriate thing to do for the long-term health of the organization. Aligning the budget with the City's primary revenue sources makes financial forecasting more accurate, and eliminates project timing challenges. Many capital intensive projects throughout the City are in process in the spring - ending the fiscal year on April 30 created the need for many budget amendments and carryovers, and at times delayed the RFP process.

For all of the long-term benefits of moving to a December 31 fiscal year end, the short-term disadvantages include difficulty in year-over-year comparisons. Not only was SY21 a shortened eight-month period, the seasonality of our operations exacerbate the variances. The other anomaly that impacted both FY21 (May 1, 2020 – April 30, 2021) and SY21 (May 1, 2021 – December 31, 2021) was the COVID-19 Pandemic. This twenty-month period was unprecedented and made revenue budgeting very challenging.

In spite of all these challenges, I'm proud of the fact that the City continued to provide essential services to our residents and customers, and that City Hall never closed throughout the pandemic. Providing City services in a safe and responsible manner to this community, co-leading an area wide vaccination site, continuing to make progress on our Strategic Goals, and maintaining fiscal integrity, is a testament to City Staff and the City Council's leadership. The impact of the pandemic is ongoing but many positive developments make the future of the City's operations and finances, less uncertain.

### Property tax levy and historical perspective

One of the challenges of our previous fiscal year (May-April) structure, was the timing mismatch of the levy and budget process. The budget was historically approved in March or April, and the levy was approved in December. Aligning the budget and levy was the primary motivation in moving to a calendar fiscal year.

It has been well documented, and referenced in several previous budget messages, that the City was able to build fund balances in excess of our target. Strategic planning determined that excess fund balances would be drawn down methodically, through a combination of levy reductions and increased spending on deferred infrastructure and value-added projects. The next three budget years followed this course and the City was able to provide levy reductions as follows: December 2016 (-8.1%), December 2017 (-9.0%), and December 2018 (-10.0%).

In December 2019, we began to raise the levy to avoid an abrupt and more significant increase if another year or more of deficit spending eroded the remaining fund balances. The December 2018 General Fund

levy was \$3.1M, which was 33% lower than it had been four years prior. The December 2019 levy was approved at a 6.4% increase, and the December 2020 levy was increased by 5%, although that increase related entirely to pension funding and actually included a reduction in the General Fund.

Increases in 2019 and 2020 were intended to begin to transition the organization back to revenue levels needed to sustain operations. In December 2019 we had no knowledge of COVID-19 or the role it would begin to play just a few months later. The FY21 budget included well over \$1M in contingency items, which were not pursued. Later, a conservative approach to budgeting revenue was taken in SY21, along with curtailed expenditure spending, given the uncertainty of COVID-19's impact on the economy. Since the past few years have performed better than budgeted, the General Fund balance was reduced, but not as much as planned. While a modest 0.91% levy increase was initially proposed for FY22, it was ultimately decided to keep the levy flat. The FY22 budgeted deficit is \$2.14M (similar to FY20 pre-pandemic levels).

In our effort to reduce Fund Balances in excess of our targets, the Water Fund balance has been reduced from \$6.9M (FY18) to \$3.4M (SY21), relating to increased water main replacement and the rollout of the AMI project. Similarly, the Sewer Fund balance has been reduced from \$3.8M (FY19) to \$2.7M (SY21), relating to increased sewer lining and the Marvin Parkway flood mitigation project. General Fund balance has been reduced from \$21.8M (FY18) to \$20.0M (SY21).

#### FY2022 Budget

The FY22 Proposed Budget includes a General Fund deficit of \$2.14M, and an All Fund deficit of \$1.7M. We are at a transition point when we need to start slowing the deficit spending so that the pendulum does not swing from excess to shortfalls in our fund balances in the coming years. This tapering effect is forecasted to occur primarily through a combination of modest levy increases, major capital project bond funding, and new revenue source generation. There are no net headcount changes in the proposed budget.

The budget includes significant focus on the six strategic priority areas. The lead pages of each departmental budget includes a highlight of some key FY22 goals and objectives, cross referenced to the strategic priority area, a sample of which follows.

Capital & Infrastructure Investments

- Fire station renovations
- Police sally port addition
- Public works service center roof and A/C replacement
- Green alley pilot program

Financial Stability

- Economic development branding initiative
- Asset inventory and purchase model

Workforce Development

- Implement employee self service
- Reinstate training opportunities eliminated due to COVID
- Annual compensation table adjustment for non-union personnel

**Technology Enhancements** 

- Move to all-digital workflow
- Upgrade EnerGov and Munis to off premise hosts
- Implement ERP system enhancements

Quality Customer Service

- Mitigate impact of COVID-19 for staff and residents
- Initiate additional traffic bureau personnel
- Additional online payment and business transaction opportunities

Community Outreach

- Complete Comprehensive Plan update
- Update building codes

#### Conclusion

The FY22 Budget has been carefully constructed to be consistent with the policies and vision established by the City Council. This budget strikes a financially responsible balance, improves customer service, and is responsive to our employees and the residents we serve.

Despite the challenges presented by a once-in-a-lifetime pandemic event, I believe we have set a course for the coming year that reflects the values of our community, our City Council and our workforce. I appreciate the City Council's continued fiscal stewardship and look forward to working with the City Council for a successful 2022.

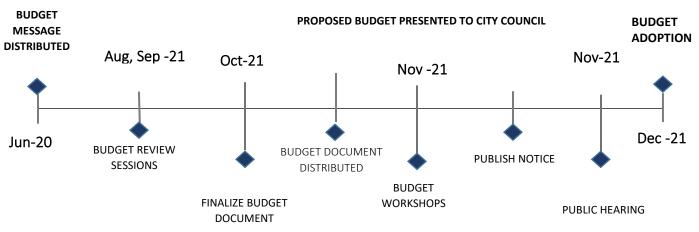

Sincerely,

Jos Ahme

City Manager

The City's budget is prepared with a focus on providing service and staff levels that support the City's six strategic priority areas. Through a series of meetings, departments are required to justify any proposed new expenditures as well as assess the need and effectiveness of recurring expenditures in meeting the City's service needs. Capital improvement plan items are also reviewed with departments to provide a cost benefit analysis of proposed projects. The City Manager and Finance Department then make final determinations for proposed revenues and expenditures.

Below is a timeline of the City's FY2022 process. In accordance with statutory requirements, a public hearing notice was published announcing the date and time of the hearing to obtain any comments from residents or the general public. The tentative budget was made available to the general public for inspection and comment at City Hall and the Park Ridge Library prior to the public hearing. The Budget Ordinance was prepared and passed, and the budget was legally enacted by said Ordinance.

	FY2022 Budget Timeline			
June 8, 2021	Distributed FY2022 Budget Memos to City Manager and Department Heads			
June 18, 2021	Draft FY22 – FY25 Capital Improvement Plan available for review

December 31, 2021	City Clerk to file the Budget Ordinance with the County of Cook			
January 1, 2022	Fiscal Year 2022 begins			

#### **Basis of Presentation**

Annual budgets are adopted for the general, special revenue, debt service, capital projects, enterprise and internal service funds. Although the City's Police and Fire Pension Funds are reported in the Annual Comprehensive Financial Report, the City does not develop a budget for, or report on the budgetary activities of, these funds. The City's budget is prepared on the cash basis of accounting, which is not consistent with the City's annual audited financial statements that are prepared on the accrual/modified accrual basis of accounting. The significant differences are noted below:

- ✓ In accordance with generally accepted accounting principles (GAAP), the City records changes in market value on applicable City investments on its financial statements. However, changes in market values are not included in the budget.
- ✓ Depreciation Expense is reported in the Enterprise and Internal Funds' financial statements but is not budgeted.
- ✓ Capital outlay expense in the enterprise funds and internal service fund are included in the operating budget, whereas purchases of such items are included in the capital assets of the enterprise funds balance sheet on its financial statements

#### Council Policy Statement – Fund Balance and Target Fund Balance

#### Purpose

The Governmental Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54), which was adopted by the City as of the fiscal year ended April 30, 2012. In the fund financial statements, governmental funds now report five components of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

This policy establishes guidelines for the appropriate level of fiscal year end (a) unassigned General Fund balance; (b) assigned fund balances for all special revenue funds; and (c) unrestricted net asset balance for all Enterprise Funds ("Target Fund Balances").

#### Rationale

Having a policy for Target Fund Balances will provide ongoing guidance to the City Council and senior staff regarding the appropriate relationship between an available balance in any individual fund and revenues and expenditures with respect to that fund. It is essential that the City maintain an adequate level of available fund balance to mitigate risks and provide a backup for revenue shortfalls. Adherence to an appropriate policy will also help the City maintain and improve its credit rating.

#### **Policy Statement**

#### Fund Balance Policies

It is neither sufficient nor advisable to monitor only the aggregate balance of all the City's accounting funds. The balance in each individual fund must be separately monitored. A fund balance shall be the difference between assets and liabilities reported as to any particular fund. A fund balance must measure the net current financial resources in a fund that may be available to finance expenditures to be made from that fund in present and future accounting periods. Fund balance reporting will be accomplished in accordance with the most recent authoritative pronouncements and each Fund may be defined according to the following categories of funds:

✓ Nonspendable Funds - refers to amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be kept intact. This would include, but is not limited to, inventory prepayments and non-current receivables.

- ✓ Restricted Funds refers to amounts that are subject to externally imposed restrictions such as those imposed by creditors, grantors, contributors and/or laws and regulations of the City or state or federal government. Bonded capital project funds and debt service funds are included in this category. Special revenue funds are, by definition, Restricted Funds.
- ✓ Committed Funds refers to amounts that can only be used for specific purposes pursuant to constraints imposed by specific formal action of the City Council. The City Council may commit funds by a resolution or ordinance. Committed Funds cannot be used for any purpose other than that specified by Council action unless the Council removes or changes the specific allowable use by taking the same type of formal action it employed to previously commit those funds.
- ✓ Assigned Funds refers to amounts for which the Council has expressed an intention for use for specific purposes; but which are not Restricted or Committed as defined above. An Assigned Fund balance does not lapse at the end of a fiscal year, but is carried over into the next fiscal year.
- ✓ Unassigned Funds refers to all spendable monies not contained in the other four classifications set forth above. In funds other than the General Fund, the unassigned classification may be used only to indicate that a deficit balance has resulted from overspending for specific purposes for which amounts had been Restricted, Committed or Assigned.

#### Target Fund Balance Policies

For the General Fund, the Target Fund Balance shall be equal to three months of budgeted operating expenditures.

With the exception of the General Fund and all non-enterprise funds, the Target Fund Balance shall be zero (0). For Enterprise Funds, the City's Target Fund Balance shall be equal to two months of budgeted operating expenditures, plus an additional amount to cover emergency expenditures. For the Parking Fund this emergency amount shall be \$50,000, for the Water Fund this emergency amount shall be \$570,000 and for the Sewer Fund this emergency amount shall be \$300,000.

According to law, the Library Fund Target Fund Balance must be set by the Library Board.

#### **Council Policy Statement – Budget Procedures**

#### Purpose

To set forth the role and responsibilities of standing committees in regard to the annual budget.

#### Rationale

The City Code and Budget Policy set forth the authority and responsibility of the City Manager to prepare and submit an annual budget to the City Council. Thereupon, it is the job of the City Council to determine and approve the final programs of services and related budgets together with the allocation of revenues. The budget is the most significant policy document adopted by the City Council each year.

Deliberation of the overall budget proposals shall be performed in sessions of the Council Committee-of-the-Whole. Prior thereto, each standing committee shall have the opportunity to study the proposals involving new and major changes to the committee's area of responsibility. These deliberations will enhance the awareness and understanding of committee members and place them in a position to advise the Committee-of-the-Whole.

#### Statement of Policy

The proposed budget shall be submitted separating the base budget from new and major programs and revenue source changes.

The base budget shall include the cost estimates of continuing to operate the City with the same service level as in the previous year. It shall include anticipated salary levels, increased costs of commodities and contractual services, and normal equipment replacements and equipment needs to continue prior service levels. Revenues shall be projected with anticipated growth without any source changes or rate changes other than the property tax rate.

New programs shall include major changes in service levels, increased services or deleted services.

Revenue source changes shall include any rate or fee schedule change, additions of new revenues, and deletions of revenue sources or other major financing policy issues.

Prior to discussion of new programs and revenue source changes at the Committee-of-theWhole level, these new and major programs shall be reviewed with the committees most directly involved with the service area. The revenue source changes shall be reviewed by the Finance Committee. The committees should be prepared to make a recommendation to the Committee-of-the-Whole but shall not have veto power.

#### **Council Policy Statement – Investment of Funds**

The following is a summary of the City's investment policy. In general, the policy adheres to the requirements as stated in Illinois State Statutes.

#### Policy

It is the policy of the City of Park Ridge to invest public funds in a manner that will provide the highest possible return for the appropriate amount of risk. Investments will be structured in order to meet the daily cash flow needs of the city and to conform to all state and local statutes governing the investment of public funds.

#### Scope

This investment policy applies to all financial assets of the City of Park Ridge reported in the City's Annual Comprehensive Financial Report, with the exception of Police and Fire Pension Funds.

#### **Objectives**

The primary objectives in priority order shall be -

- ✓ Safety Preservation of Principal
- ✓ Liquidity
- ✓ Yield

#### Standard of Care

Investment officials are subject to a "prudent person" stand in the context of managing the overall portfolio. Investment officers are relieved of personal responsibility for an individual security's credit risk and/or market price changes provided the official acted in accordance with this investment policy and other available written procedures.

The City Treasurer and the Finance & Budget Committee have the responsibility of establishing the investment guidelines incorporated in this Investment Policy. Responsibility for the investment program is hereby delegated to the Director of Finance, under the general direction of the City Manager.

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program or impair their ability to make impartial investment decisions. Employees and investment officials shall disclose to the City Manager any material financial interests in financial institutions that conduct business with the City and they shall further disclose any large personal financial/investment positions that could be related to the investment performance of the City.

#### Safekeeping and Custody

Third party custody is required for all securities. Securities can be held at a Federal Reserve Bank or its branch office, by an escrow agent of the pledging institution, at another custodial facility or at a financial institution on the Illinois State Treasurer's approved list of safekeeping banks.

#### **Internal Controls**

The Director of Finance and the City Treasurer shall establish a system of internal controls with regard to investment management. An independent, certified public accountant shall review these internal controls in conjunction with the annual examination of the City's financial statements.

#### **Professional Investment Services**

The City may consider the services of a professional money manager or a professional intermediary who can recommend investment opportunities. All contracts with money managers or intermediaries must be approved by the City Council prior to assignments. Fees for money managers or intermediaries shall be negotiated by the Director of Finance prior to placement of investments.

#### Authorized and Suitable Investments

Pursuant to home rule authority, all investments purchased under this policy shall be guided by the State of Illinois Public Funds Investment Act (30 ILCS 235) and all revisions thereto, as made by the State of Illinois legislature.

It is the policy of the City to require that funds on deposit in excess of FDIC limits, or investments not guaranteed by the United States of America or any agency of the United State of America, be secured by some form of collateral. The City shall enter into a collateral agreement with the applicable financial institutions; the agreement shall outline the types of assets that may be utilized as collateral, the amount of collateral required and the methodology. The amount of collateral provided will not be less than 110% of the fair market value of the net amount of public funds invested.

The City's investment policy includes government sponsored investment pools, including the Illinois Funds and Illinois Metropolitan Investment Fund (IMET) as authorized investments.

#### Diversification

The City will diversify its investments by security type and institution. No more than 50% of the City's total investment portfolio may be invested in any one financial institution.

#### **Maximum Maturities**

To the extent possible, the City will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities maturing in more than two years for the date of purchase. Reserve funds may be invested in securities exceeding two years if the anticipated use of the funds is expected to exceed two years.

#### Procedures for Investment Bids and Offers

Investment bids will be taken by the Director of Finance for funds managed by the City as time when investment of idle funds would be in the best interest of the City or as required by federal regulations regarding arbitrage rebate on bond proceeds. The City shall place funds for investment with qualified financial institutions that present the best return on the investment.

#### Performance Standards

The investment portfolio shall be designed with the objective of obtaining a rate of return throughout the budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow needs of the City.

The basis used to determine whether market yields are being achieved will be the average of the six month U.S. Treasury Bill rate and the one year certificate of deposit rate. The one-year certificate of deposit rate will be the average of top rates paid by major New York banks on primary new issues of negotiable certificates of deposit, usually on amounts of \$1 million and more.

#### Pooling of Funds

Except for cash in certain restricted and special funds, the City will consolidate cash balances from all funds to maximize investment earnings. Investment earnings will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles (GAAP).

#### Accounting

The City maintains its accounting records in accordance with GAAP and therefore investments will be carried at cost or amortized cost that approximates market, or at market value as prescribed by accounting standards. Premiums or discounts will be amortized over the life of the investment. Gains or losses on investments in all funds will be recorded at the time of disposition of the security or when recognized by accounting standards.

#### Investment Reports

The Director of Finance shall submit a monthly summary investment report to the Finance & Budget Committee which shall describe the portfolio in terms of investment securities, maturities and cost by fund, estimated earnings and market value of securities, if available. The report shall show actual returns as compared to the benchmark and indicate any areas of policy concern and/or planned revisions to investment strategies.

#### **Capital Asset Policy**

During SY2021, the City Council formalized the capital asset policy to provide guidance on the financial aspects and stewardship of City's capital assets. This policy documents the City's capitalization thresholds, depreciation methods and capital planning process. For financial reporting purposes, the following thresholds will be applied when determining whether a capital expenditure shall be capitalized.

The following thresholds will be applied when determining whether a capital expenditure shall be capitalized.

- ✓ Land (and Inexhaustible Land Improvements \$1
- ✓ Buildings, Building Improvements and Land Improvements \$50,000
- ✓ Vehicles \$10,000
- ✓ Machinery & Equipment \$10,000
- ✓ Works of Art \$10,000
- ✓ Infrastructure \$100,000

Capital assets below the capitalization thresholds on a unit basis but warranting "control" shall be inventoried at the department level and an appropriate department list shall be maintained.

Capital investment objectives will be prioritized by the City Council and appropriately reflected in the City's annual budget.

The City will maintain a multi-year Capital Improvement Plan (CIP), updated annually and will budget all capital improvements in accordance with this plan. Various CIP funding sources, including but not limited to General Fund revenues/fund balance, Motor Fuel Tax, grant and bond funding, Water & Sewer user fees, are allocated to support these improvements.

The City will maintain its physical assets at a level adequate to protect the capital investment and to minimize future maintenance and replacement costs. The operating budget will provide for adequate maintenance and orderly replacement of capital equipment from current revenues when possible.

### Basis of Presentation and Measurement Focus

The finances of the City are organized and operated on the basis of "funds". A "fund" is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The City has eighteen (18) budgeted funds, classified into the Governmental, Proprietary and Component Unit categories. The City also has two Fiduciary Funds, the Park Ridge Police Pension Fund and the Park Ridge Fire Pension Fund. These funds are managed by a third party consultant and are not budgeted; therefore, these funds are not reflected in this document. The City also includes the Library Fund in its annual budget document. The Park Ridge Public Library is presented as a Component Unit in the City's Comprehensive Annual Financial Report.

#### Governmental Funds

Governmental funds are used to account for the City's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after fiscal year-end. The City recognizes property taxes when they become both measurable and available. For all other government fund revenues, a one-year availability period is used for revenue recognition. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

Governmental funds include the following fund types –

- ✓ General Fund primary operating fund, accounting for all financial resources, except those required to be accounted for in another fund
- ✓ Special Revenue Funds account for revenue sources that are restricted to expenditures for a specific purpose (not including expendable trusts or major capital projects)
- ✓ Debt Service Funds account for the servicing of general obligation long-term debt not being financed by proprietary or nonexpendable trust funds, including accounting for property taxes levied for the payment of principal and interest on all general obligation debt, as well as the payment of these obligations
- ✓ Capital Project Funds account for the acquisition of fixed assets or construction of manor capital projects not being financed by proprietary or nonexpendable trust funds

#### Proprietary Funds

Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Proprietary funds include the following fund types –

- ✓ Enterprise Funds account for those operations that are financed and operated in a manner similar to private business or where the Board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability
- ✓ Internal Service Funds account for operations that provide services to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis

#### Fiduciary Funds

Fiduciary funds account for assets held by the City in a trustee capacity or as an agent on behalf of others. These funds are accounted for in essentially the same manner as proprietary funds, using the same measurement focus and basis of accounting.

Below is a list of funds currently maintained by the City, as well as the FY2022 budgeted expenditures of each fund. The City also maintains two Fiduciary Funds - Police Pension Fund and Fire Pension – that are not budgeted funds and therefore do not appear in this document but are reporting in the City's Annual Comprehensive Financial Report as a single Pension Trust Fund.

Fiscal Year 2022 Budget Expenditures \$76,960,156							
Governmental Funds		Proprietary Fund	s

Debt Service 2015A	1,101,350						
Debt Service 2016	1,842,438						

#### Major Governmental Funds

Governmental funds are further classified as either major or non-major funds. A fund is classified as a major governmental fund if revenues, expenditures, assets or liabilities of that fund are at least 10 percent of the corresponding totals, excluding extraordinary items, for all governmental funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item. The City can report any fund that does not meet these requirements as a major fund if the City believes that this presentation better reflects the purpose and financial condition of that fund. The General Fund is always classified as a major fund.

The City has three major governmental funds, as follows:

- ✓ *General Fund* accounts for most of the City's day-to-day operations
- ✓ Uptown TIF Fund accounts for the revenues and expenditures related to the Uptown TIF District
- ✓ *Municipal Waste Fund* accounts for the City's garbage collection program

#### Non-Major Governmental Funds

The City has five non-major funds as follows:

- ✓ Dempster TIF Fund accounts for the revenues and expenditures related to the Dempster TIF District
- ✓ Motor Fuel Tax Fund accounts for funds received from the State of Illinois Motor Fuel Tax to be used for operating and maintaining local streets and roads
- ✓ *IMRF Fund* accounts for property tax revenue levied to fund IMRF pension obligations; expenditures include monthly payments of the employee and employer obligation calculated as a percent of covered payroll
- ✓ FICA Fund accounts for property tax revenue levied for the purpose of funding the City's FICA obligations; payment, including the employee and employer portion, are remitted to the federal government on a bi-weekly basis, based on actual payroll costs
- ✓ Asset Forfeiture Fund accounts for the receipt of state remitted asset forfeitures and seizures, federally remitted asset forfeitures and seizures and DUI fines, as well as the subsequent spending of these revenues
- ✓ Foreign Fire Insurance Fund accounts for foreign fire tax revenue, a 2% charge paid by consumers who purchase fire insurance from companies outside of Illinois, as well as the spending of these revenues
- ✓ Capital Improvements and Equipment Fund to account for the expenditure of revenues dedicated to the improvement and maintenance of the City's non-enterprise assets
- ✓ Debt Service Fund 2015A and 2016 accounts for the accumulation of resources for the payment of genera long-term debt principal, interest and related costs

#### The following chart summarizes the relationship between operating departments and fund spending.

#### **Changes in Fund Balance**

Below is an analysis of the more significant changes in fund balance in the City's major funds when comparing FY2022 ending fund balance to prior year's ending fund balance.

*General Fund* – Fund balance within the General Fund has remained relatively constant between FY2020 and SY2021. An intended draw on fund balance is reflected in the FY2022 budget in order to fund the capital projects and equipment purchases included in the FY2022 budget. Projected fund balance at the end of FY2022 is forecasted at approximately \$17.84 million, or 49.88% of annual recurring operating expenditures.

*Uptown TIF Fund* – The City has maintained a significant fund balance in its Uptown TIF Fund in Fiscal Years 2020 and 2021, as well as in SY2021. The main revenue source of this fund is incremental property taxes, with FY2022 budgeted revenues of \$4,400,408. Expenditures of this fund consist of transfers to the City's Debt Service Fund, Series 2015A and Debt Service Fund, Series 2016 to provide funding for principal and interest payments due on debt issued for TIF related purposes. The amount budgeted for this transfer in FY2022 is \$2,943,788. Available fund balance has not been distributed as surplus as it has been designated for the repayment of the outstanding TIF related debt.

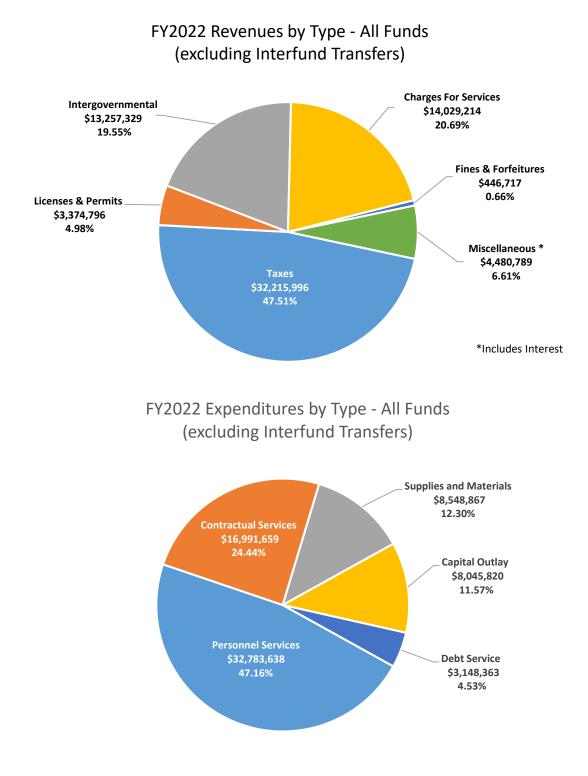

*Municipal Waste Fund* – While the City's Municipal Waste Fund does not maintain a significant fund balance, it is reported as a major fund based on the revenue received and expenditures incurred in this fund on an annual basis. An intended draw down of fund balance occurred in SY2021, leaving a projected fund balance of \$16,822 at the end of SY2022. FY2022 budgeted revenues of \$3,212,228 and budgeted expenditures of \$3,212,156 leave a FY2022 estimated ending fund balance of \$16,384.

The total cost of compensation for the City's personnel represents the largest component of the City's overall expenditure budget. The FY2022 budget reflects total compensation costs in the amount of \$38,246,142 and a total personnel count of 229 full-time and 112 part-time employees (positions), including Library employees, as well as the Mayor, City Clerk and City Council. These compensation costs are reflected in the expenditure budget of the City's General, Water, Sewer and Library Funds. Total compensation costs include salaries and wages, the City's contribution to IMRF, Social Security, Medicare and the Police and Fire Pension Funds, and the City's share of health, dental, vision and life premium costs.

The City's full-time employee population consists of both union and non-union employees (positions), as shown below.

- ✓ Illinois Fraternal Order of Police Labor Council (FOP) Police Sergeants The current Police Sergeants' FOP collective bargaining agreement expires on April 30, 2022. This contract provided for a 2.00% wage adjustment on July 10, 2019, May 1, 2020 and May 1, 2021. Sergeants not at the top of the salary range are eligible for a step increase on their anniversary date if a yearly performance evaluation is given that does not "require improvement".
- ✓ Teamsters Local No. 700 Patrol Officers The Police Officers' Teamsters collective bargaining agreement expired on April 30, 2021. A new collective bargaining agreement is currently being negotiated with the Metropolitan Alliance of Police (MAP), with a tentative approval date of the spring of 2022.
- ✓ International Association of Fire Fighters, AFL-CIO (IAFF) Firefighters, Firefighters/Paramedics, Lieutenants -The current Firefighter, IAFF collective bargaining agreement was settled in November of 2021, with a contract term of May 1, 2021 – December 31, 2024. The agreement provides for wage increases on May 1 of calendar year 2021, 2022, 2023 and 2014 with the intent of bringing wages to the 50<sup>th</sup> percentile of comparable communities by May 1, 2024. Fire personnel not at the top of the range are eligible for a step increase on their anniversary date.
- ✓ International Union of Operating Engineers Local 150 (IUOE) Public Works The current Public Works IUOE bargaining agreement applies to the positons of Maintenance Worker I, II and III, Building Maintenance and Mechanic I and II. The term of the agreement is May 2, 2019 April 30, 2023. The agreement provides for

48.66

wage adjustments on May 1, 2019, 2020, 2021 and 2022, in the amounts of 2.0%, 2.5%, 2.75% and 3.0%, respectively. Public Works union members were eligible for step increases on their anniversary dates, subject to a merit rating system in accordance with the City's employee manual.

- Illinois Council of Police (ICOPS) Administrative Personnel The ICOPS collective bargaining agreement term  $\checkmark$ for administrative personnel is May 1, 2020 – April 30, 2023. A total of 17 positions, across multiple City departments, are covered by this agreement. On May 1, 2020, a market adjustment was applied to the wage scales for each of the positions within the bargaining unit. On May 1, 2021 and 2022, each bargaining unit employee will receive a wage increase of 1.0%. In addition, bargaining unit members who are not at the top of the range for their position will receive a step increase upon completion of a satisfactory performance review.
- ✓ Non-Union Personnel Non-union wages were adjusted by 1.0% effective January 1, 2022. Non-union personnel are also eligible for merit wages increases based on annual performance reviews.

Total position counts, as well as full-time equivalents, by department, are reflected below.

\*Includes Human Resources

Library

\*\*Includes Municipal Waste, Parking, Water, Sewer

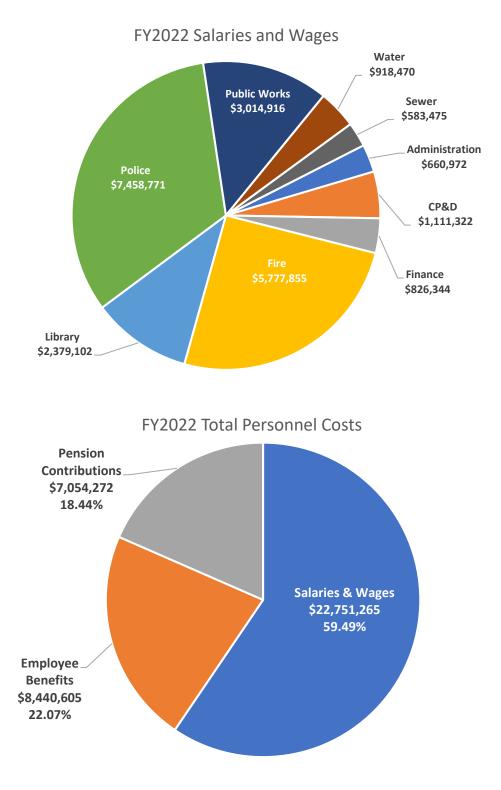

The City did not have any significant changes in full part-time positions counts in FY2021, SY2021 or FY2022.

47.55

49.50

27.00

41.00

Total salaries and wages by department, as well as total compensation by type, is reflected below.

In addition to the wage and salary increases noted above, the FY2022 Budget reflects the following personnel assumptions:

- ✓ Illinois Municipal Retirement Fund (IMRF) contribution rate for non-public safety employees 5.54%, resulting in City contributions of \$557,481
- ✓ Police and Fire Pension contributions of \$2,852,292 and \$2,610,212, respectively, based on April 30, 2021 actuarial valuations
- ✓ HMO Medical benefits for employees and retirees are provided through the City's participation in the Intergovernmental Personnel Benefit Cooperative (IPBC). The IPBC is a cooperative entity established to jointly administer some or all the personnel benefit programs offered by its members to their employees and retirees. Projections indicate the July 1, 2022 insurance renewal premiums will see an increase of approximately 2.0% over the prior year.

Schedules of total salaries (not including benefits) by department, as well as salaries by position, can be found on the following pages.

In FY2021, the City adopted a formal Capital Asset Policy that provides a framework for capital planning and financial reporting in conformance with best practices. This policy requires the development and maintenance of a rolling five (5) – ten (10) year Capital Improvement Plan (CIP) for the acquisition, development, improvement and maintenance of the City's existing and newly acquired/constructed capital assets. Development of the plan shall occur with the input of the City Council and will be reviewed and updated as part of the City's annual budget process.

The City's current multi-year (CIP) identifies capital projects that support the City's strategic goals and include projects such as the purchase, construction and/or improvement of land, buildings, streets, water and sewer infrastructure, vehicles, machinery, and equipment. The annual capital budget derived from the multi-year CIP authorizes and provides the basis for control of the expenditures related to the plan.

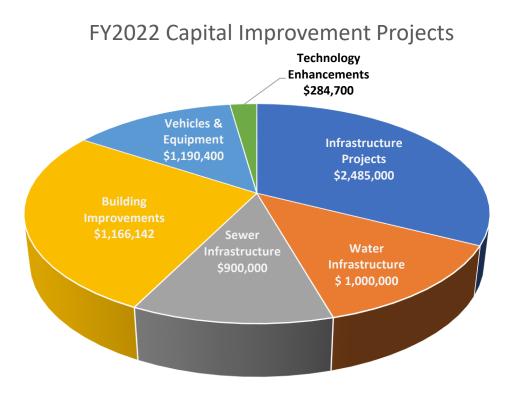

As part of the overall annual budget process, the Finance Department and the City Manager work with department heads to review and update the multi-year plan. Capital projects may be added, deleted, modified and/or moved to another budget year. As projects are being identified for the upcoming budget year, the Finance Department also identifies available internal and external funding sources.

Once the CIP has been updated, projects for the upcoming budget year are prioritized based on the City's overall goals, department priorities and anticipated funding. The final CIP, including project requests and funding for the upcoming budget year, is presented to the City Council based on a consensus of staff.

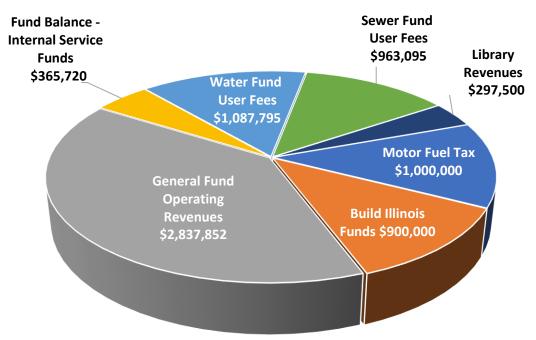

Potential funding sources for the CIP include, but are not limited to, general obligation and alternative revenue bond proceeds, debt certificate and lease proceeds, federal and state grant funding, motor fuel tax proceeds, developer donations, water and sewer user fees, and pay-as-you-go contributions from the City's operating funds.

Staff intends to create an expanded CIP in FY2022 that will provide a significant increase in detailed information regarding all capital assets owned or maintained by the City. The current plan provides planned projects for FY2022, funding sources for the FY2022 planned projects, and proposed projects for FY2023 – FY2025.

The City's FY2022 CIP amounts to \$7,645,820, and accounts for several projects that were temporarily delayed due to the COVID-19 pandemic. A summary of the City's multi-year CIP, as well as funding sources for FY2022 projects, is described below. A description of the larger, one-time FY2022 projects is also presented below, along with detailed multi-year CIP.

Project #	FY22-01
Project Name	Street Resurfacing
Strategic Priority Area Fund	Capital Infrastructure Investments & Improvements Motor Fuel Tax Fund
Department Account(s)	Public Works 2033024-995152

#### Description

Annual street resurfacing project: mill and resurface approximately 4.0 miles of public streets based on condition rating, reduces City's operating costs for potholes and patch repair

Project Benefits										
Improves public travel, reduces accidents and damage from poor street condition, reduces liability

Project #	FY22-02
Project Name	Rebuild Illinois - Street Resurfacing
Strategic Priority Area Fund	Capital Infrastructure Investments & Improvements Motor Fuel Tax Fund
Department Account(s)	Public Works 2033024-995405

#### Description

The Illinois Department of Transportation (IDOT) has been authorized to implement a \$1.5 billion grant program using proceeds from general obligation bonds authorized in the REBUILD Illinois capital program to provide Local Public Agencies (LPAs) with the funds for capital projects. Park Ridge is receiving \$2.47 million, which is a per capita distribution. The City plans to resurface portions of Summit Avenue and Dee Road with these funds.

Project Benefits										
Improves public travel, reduces accidents and damage from poor street condition, reduces liability

Project #	FY22-03	
Project Name	Water Main Infrastructure	
Strategic Priority Area	Capital Infrastructure Investments & Improvements	
Fund	Water Fund	A.S.
Department	Public Works	
Account(s)	5023054-993000	

#### Description

Replacement of public water main of location to be determined, and associated work; miscellaneous other water work (valve installation and replacement, hydrant replacement, etc.)

Project Benefits	
Improves water sy	rstem reliability and performance, reduces water main breaks, improves fire protection, reduces amount of non revenue water loss from breaks
and leaks, creates	smaller isolation zones for shut-downs during watermain breaks and shut-offs, reduces operation costs for water main repair and overtime

#### Description

Space analysis and architectural review followed by construction in 2022-2024. Construction dates subject to change following the space analysis and construction cost estimates.

#### Project Benefits

City Hall office area workspaces are outdated and inefficient. An architectural/redesign review will provide a plan on renovating the workspace to improve life safety considerations, and be more efficient and functional. Redesigned spaces improve employee morale and output and have larger impacts related to recruitment and retention.

#### Description

The City would go out to bid for design work for the gut remodel/minor expansion of Fire Station 35.						
Project Benefits						

This station gut remodel/expansion of Station 35 will modernize our facilities and better protect the health of our employees. This remodel will allow us to avoid some larger scale capital projects that were anticipated in the next 5-10 years, such as roof replacements and significant HVAC and electrical work.

Project Name	Life Safety - Sally Port
Strategic Priority Area Fund	Capital Infrastructure Investments & Improvements / Workforce Development Capital Improvements and Equipment Fund
Department Account(s)	Administration 5501021-949500

#### Description

City hired FGM Architects in FY18 to do a space needs study. Life safety and police station master plan were presented to Council on 11/13/2017. Numerous projects were approved and initiated in FY19 and into FY20 with more planned in FY21-FY22. In FY21 staff would like to pursue construction of a Sally Port. Note: FGM cost estimates increased for inflation.

#### **Project Benefits**

Improve building safety for employees and residents, increase efficiency and functionality by reconfiguring a seventy year old building to current uses. Improve employee morale and retention by providing proper working environment. Address aging infrastructure. Potential cost savings include efficiency gains (lower turnover, reduced training and onboarding expense, improved employee motivation), reduced liability exposure, and curtailed repair/maintenance due to aging infrastructure.

Total	\$18,105,000	\$ -	\$ 3,745,000	\$14,405,000

The City's outstanding general obligation debt, as of January 1, 2022, consists of the following.

In December 2021, subsequent to City Council approval of the FY2022 Budget, the City refunded the GO Bonds, Series 2016 through a negotiated sale process, resulting in the issuance of GO Refunding Bonds, Series 2021A, in the amount of \$4,375,000. The City also refunded the GO Bonds, Series 2012A through a direct placement process resulting in the issuance of the GO Refunding Bonds, Series 2021B in the amount of \$2,865,000. The refundings were issued in order to realize interest savings. Due to the timing of the issuance, a Debt Service Funds for the 2021A Series is not reflected in this budget document; upon City Council approval, a budget transfer from the 2016 Debt Service Fund to the 2021A Debt Service Fund will occur in FY2022. Funds budgeted in the Sewer Fund for payment of principal and interest on the 2012A Series are sufficient to pay principal and interest due on the 2021B Series in FY2022.

Although each issuance is backed by the full faith and credit of the City, property taxes are currently not levied to fund annual debt service payments due on the City's outstanding bonds. Debt service payments on the outstanding 2021B series are recorded in the Sewer Fund and funded by user fee revenues reflected in this fund; debt service payments on the outstanding 2014A series are recorded in the Water Fund and are funded by user fee revenues reflected in this fund.

Debt service payments due on the outstanding 2015A and 2021A series are recorded in the applicable Debt Service Funds and are funded by transfers from the Uptown TIF Fund. The amount required to make debt services payments is funded by incremental TIF property tax revenues.

### Legal Debt Margin, Debt Per Capita and Bond Rating

Although the City is not subject to the legal debt limit of 8.625% of Equalized Assessed Valuation (EAV) due to its home rule status, the comparison of outstanding debt to EAV is often times a good indicator of financial health. Based on the City's 2019 EAV of \$1,792,337,961, the City's legal debt limit is \$154,589,149, well above the City's current debt load.

Based on a population of 36,950, the City's per capita debt is \$390 per resident, well below the average for Illinois municipalities with comparable populations.

The Village's bond rating, reaffirmed by Moody's in March 2021, is Aa2, slightly exceeding the US cities median rating of Aa3. As per Moody's Issuer Comment dated March 2021, the City has a "...healthy

financial position, which is relatively favorable with respect to the assigned rating of Aa2", an economy and tax based that are "...exceptionally healthy and relatively favorable to the assigned rating of Aa2", with a debt burden that is "... negligible and is favorable with respect to the assigned rating of Aa2".

The City's 2021 budget does not include proceeds for the issuance of any new debt instruments. The budget reflects total principal payments of \$2,745,000 and interest payments of \$381,363.

Based the current outstanding debt, the final debt service payment on outstanding general obligation bonds will be made in 2028. The following page provides a schedule of debt service to maturity for the District's outstanding general obligation bonds.

\*\*2021A - refunding of Series 2016

The City recognizes the significance that long-term financial forecasting has on its ability to anticipate and respond to current and future financial challenges and opportunities. Following GFOA best practices, the City maintains long-term financial forecasts for its General, Water and Sewer Funds, as well as various Special Revenue Funds, including the IMRF, FICA, Dempster TIF and Uptown TIF Funds. Long-term forecasts are updated throughout the year, and utilized during the annual budget process to determine the effect of current year financial activities on the City's ability to meet future expenditure requirements.

As with any forecast, various assumptions were made when preparing the City's long-term financial forecasts. Revenue and expenditure growth of 2.0% per year is reflected in the forecasts and revenue projections do not include any new revenue sources or debt proceeds.

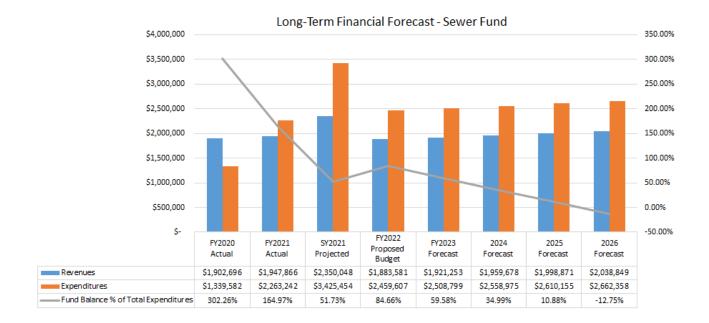

Long-term forecasts for the City's General, Water and Sewer Funds are provided below. The forecast reports on two years of audited results, the current year's preliminary results, the projected budget year, and projections for four (4) additional years. Any projected deficits in future years will be addressed prior to that fiscal year through revenue enhancements and/or expenditure reductions.

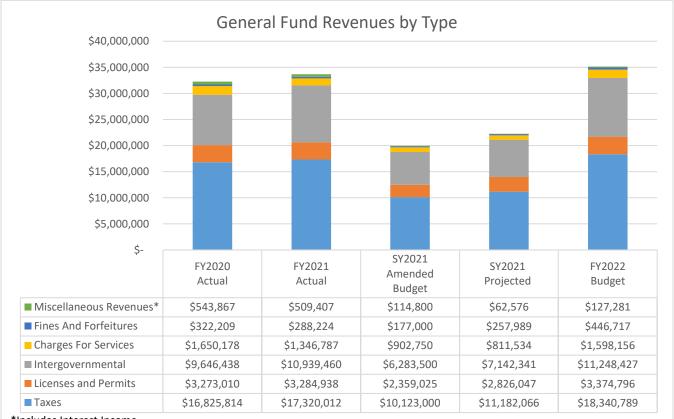

Long-Term Financial Forecast - Water Fund

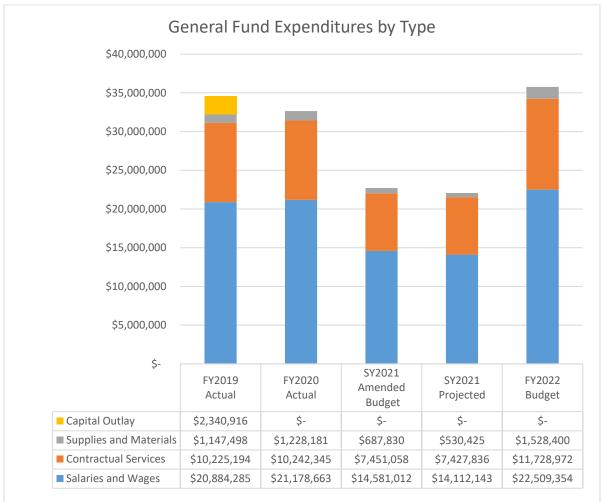

The General Fund is the primary operating fund of the City that accounts for all financial activity that is not required to be accounted for in a separate fund. The General Fund reflects the activity of the administrative and operating costs of the City and includes the Legislative, Administrative Services, Information Technology, Finance, Fire, Police, Public Works and Community Preservation and Development Department. Administrative Services includes the divisions of City Administration, Legal Counsel, Human Resources and Economic Development.

City resources recorded in the General Fund are those that are defined as general purpose in nature, such as sales tax and other general revenues.

Total FY2022 General Fund revenues amount to \$35,136,166, net of contributions from Enterprise Funds in the amount of \$1,520,188. Below is a breakdown of General Fund revenues by types for FY2020 through FY2022.

\*Includes Interest Income

Total FY2022 General Fund expenditures, amount to \$35,766,726, net of transfers to other funds in the amount of \$3,031,710. Below is a breakdown of General Fund expenditures, by type, for FY2020 through FY2022.

Beginning in FY2020, the City no longer recorded capital expenditures in the General Fund; instead, interfund transfers out are recorded in the General Fund with accompanying interfund transfers in recorded in the Capital Improvements & Equipment, Motor Equipment Replacement and Information Technology Replacement Funds. The transfer amounts depend on the availability of excess reserves within the General Fund, as well as the needs of the recipient funds. Actual transfers in FY2020 and FY2021 amounted to \$1,250,000 and \$885,922, respectively. Budgeted transfers for SY2021 amounted to \$1,255,000; projected transfers for SY2021 amount to \$1,933,755. The FY2022 General Fund budget reflects transfers to other funds in the amount of \$3,301,710.

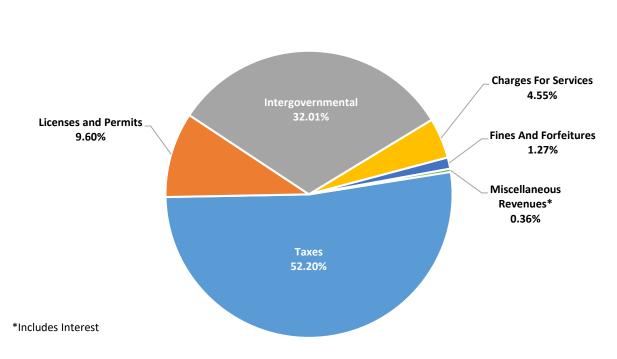

A consolidated summary of General Fund revenues, expenditures and changes in fund balance for FY2020 – FY2022 can be found on the following page.

### **Revenues by Source – General Fund**

Total FY2022 revenues for the City's General Fund amount to \$35,136,166 (excluding interfund transfers in of \$1,520,188), or approximately 52% of the City's total FY2022 revenues, net of interfund transfers. The following is a summary of the major revenue sources of the General Fund for FY2022.

# FY2022 Revenues by Source - General Fund (excluding Interfund Transfers)

Taxes	Intergovernmental	Licenses, Permits & Fees
\$18,340,789	\$11,248,427	\$3,374,796
Charges for Services	Fines & Forfeitures	Miscellaneous Revenues
\$1,598,156	\$446,717	\$127,281

FY2022 General Fund revenues, by line item, can be found on the following page, along with a comparison to FY2019 and FY2020 actuals, as well as FY2021 budget and FY2021 projections, followed by an analysis of the City's larger revenue sources.

### **Property Tax**

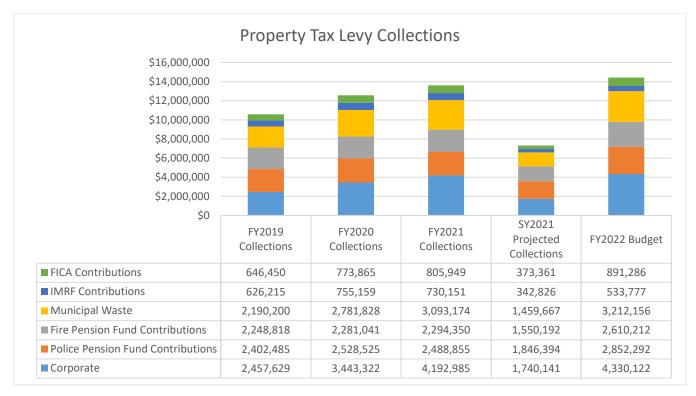

The City resides in Cook County and as a home rule municipality, is not subject to the limitations imposed by the Illinois Property Tax Extension Law (PTELL). The City levies property taxes for the purposes of general corporate, police and fire pension contributions, municipal waste, IMRF pension and FICA contributions. On average, the annual property tax levy has increased approximately 1.75% per year for the last ten years, with significant decreases to the levy occurring in tax year 2016 and 2017. In addition, beginning in tax year 2019, the City no longer levied for debt service, as the City's Uptown TIF Fund was generating sufficient tax increment revenues to cover debt service payments.

The total dollar value of the City's 2021 levy request is equal to the 2020 levy request, for a total requested levy of \$14,429,845, reflected in the revenue budget of the City's General, IMRF, FICA and Municipal Waste Funds. The amount reflected in the General fund equals approximately \$9.79 million, or 27.9% of General Fund revenues. Below is a history of the City's levy requests for tax years 2017 – 2021.

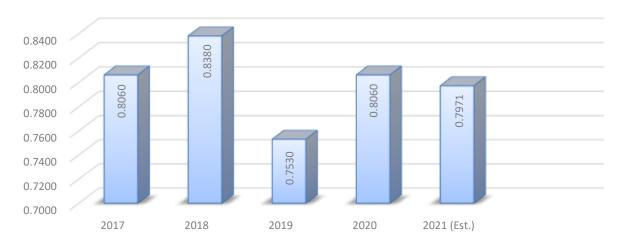

For tax levy year 2020, collected in the City's FY2021 and SY021, the City's tax rate equaled \$.8060; for tax levy year 2021, which will be collected by the City in FY2022, the tax rate is estimated at \$.797, based upon a conservative 1.0% estimated EAV growth. On average, for every \$100 of assessed valuation the City will receive approximately \$.80. With a total tax rate of \$9.088, less than 1% of the resident's total tax bill is allocated to the City.

On an annual basis, actual collections may vary from the amount of the approved levy. Below is a history of the City's actual property tax collections for FY2019 – FY2021, projected collections for SY2021 and the FY2022 property tax budget, as well as the history of the City's EAV and property tax rate over the last five tax years.

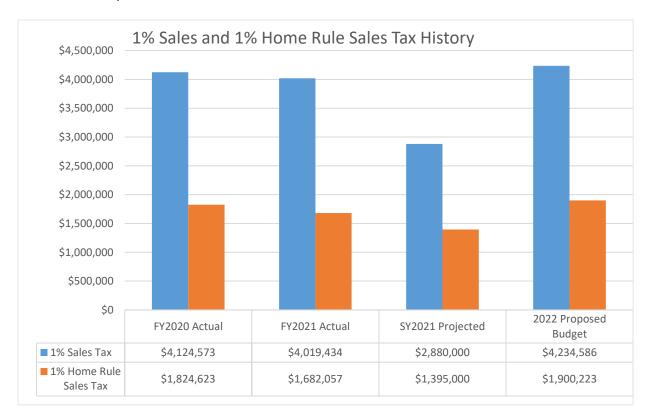

# District-wide EAV by Tax Year

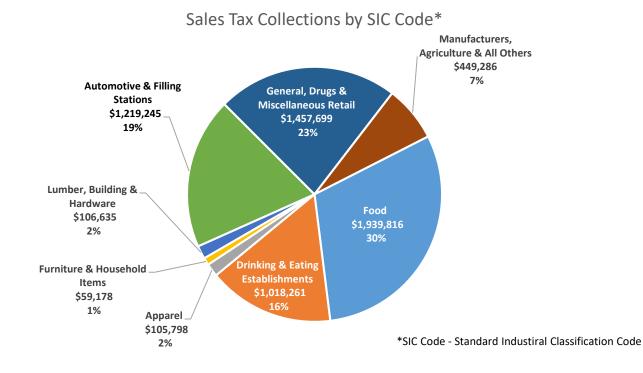

## District Property Tax Rate by Tax Year

### Sales and Non-Home Rule Sales Tax

Sales tax is the largest revenue source for the City, representing approximately 17.5% of total FY2022 General Fund revenues (net of interfund transfers). The City's sales tax revenue consists of a 1% sales tax received from the State of Illinois, as well as a 1.00% sales tax imposed through the City's home rule status. Sales and home rule sales tax distributions are received each month, generally lagging two months behind the State's collection month. Below is a history of sales and home rule sales tax collections for FY2020 – FY2022.

The City's sales and home rule sales tax collections for the twelve-month period ending September 30, 2021 (the most current information available) are categorized as follows.

Although the City had experienced a significant increase in sales tax when comparing May – August of 2020 to May – August 2021, a very conservative approach was taken when determining the sales and home rules sales tax projections for SY2021 and budgets for FY2022. Based on this conservative approach, SY2021 sales tax is projected at \$2,880,000 and SY2021 home rule sales tax is projected at \$1,395,000. Fiscal Year 2022 sales tax is forecasted at \$4,234,586 and home rule sales tax is forecasted at \$1,900,223. This reflects an annualized decrease of approximately 2% in sales tax and approximately 9.2% in home rule sales tax as compared to SY2021 annualized projected actuals. Sales and home rule sales tax revenues account for approximately 17.5% of General Fund revenues.

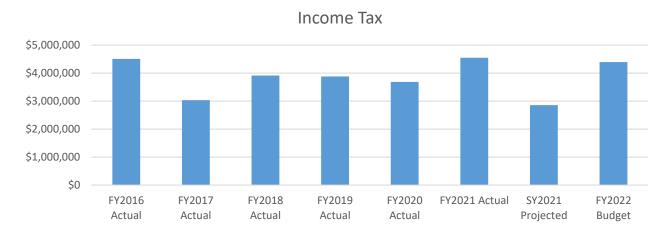

### **Income Tax**

The City receives income tax from the State of Illinois on a per capita basis through the Local Government Distributive Fund (LGDF). For budgetary purposes, the City projects income tax revenues utilizing assumptions provided by the Illinois Municipal League (IML). IML projects estimated income tax collections based on economic projections that historically have been consistent with actual receipts.

SY2021 revenues are projected higher than originally estimated based on an increase is the per capita rate. Illinois income tax payments made to the State during the pandemic have been more resilient than originally thought and have not declined to the degree that was expected.

The 2020 Census increased the City's population from 37,480 to 39,656. Until the 2020 Census results are certified by the State, the City will continue to receive per capita revenues based on the lower population. The City's

SY2021projection and FY2022 budget for income tax revenues are based on a population of 37,480 and a per capita amount of \$114.19; this amount is more conservative than the IML per capita estimates of \$120.20. In addition, the FY2022 budget is based on the current LGDF distribution formula and does not figure in any future changes that may occur to the distributive formula. The SY2021 income tax projection amounts to \$2,856,039; the FY2022 income tax forecast equals \$4,392,469 or approximately 12.5% of FY2022 General Fund revenues.

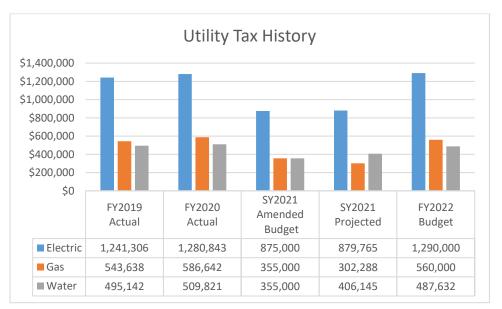

The following graph provides the history of income tax collections since FY2016.

### Utility Tax

The City has in place thee separate utility taxes – Electric, Gas and Water. Each of these is assessed at a rate of 5% of gross receipts.

SY2021 projections, as well as the FY2022 budget, were calculated based on applying a seven (7) year rolling average. Utility Tax collections account for approximately 6.65% of General Fund Revenues. Utility tax collections are as follows.

### Use Tax

Prior to January 1, 2021, out-of-state purchases of tangible personal property were subject to a 6.25% Illinois Use Tax, which was allocated to the City on a per capita basis. Since 2018, Use Tax revenues have increased by approximately 59% due to the increase in consumer online shopping, coupled with legislation changes requiring most out-of-state online retailers to assess the use tax. Beginning January 1, 2021 Illinois state statute provides that out-of-state purchases will be taxed at the destination sales tax rate as opposed to a use tax rate, in the same manner that in-state purchases are taxed. Going forward, this change will most likely shift a portion of the City's revenue from use tax collections to sales tax collections.

For budgetary purposes, the City projects use tax revenues utilizing assumptions provided by the Illinois Municipal League (IML). FY2022 use tax collections, based on an estimated population of 37,500 and an estimated per capita rate of \$40.15, are forecasted at \$1,467,202, accounting for approximately 4.18% of General Fund revenues.

The following graph provides the history of Use Tax collections since FY2016. Additional comparative years were added to this graph to make the information more meaningful and provide the reader with an understanding of the change in this revenue source over the last seven years.

Use Tax Collections

### Packaged Liquor and Food and Beverage Tax

The City assesses a Packaged Liquor Tax of 4% of the retail purchase price. Licensees are required to remit the taxes to the City on the same filing dates that are established for filing Retailer's Occupational Taxes with the Illinois Department of Revenue. SY2021 Packaged Liquor Tax revenues are projected at \$462,361; FY2022 budgeted revenues are \$540,000.

The City also assesses a Food and Beverage Tax on the sale of food and alcoholic beverages prepared for immediate, on premise consumption at a rate of 1% of the purchase price. Retailers are required to remit the taxes to the City on the same filing dates that are established for filing Retailer's Occupational Taxes with the Illinois Department of Revenue. SY2021 Food and Beverage Tax revenues are projected at \$435,000; FY2022 budgeted revenues are \$765,000.

Packaged Liquor and Food and Beverage Taxes account for approximately 3.71% of General Fund revenues.

The Administrative Services Department, under the direction of the City Manager, leads the strategic vision of the City through oversight of the operations of all City departments and is responsible for the management of all governmental operations. Divisions within Administrative Services include Human Resources, Legal, Legislative and Information Technology (an outsourced service). Economic Development initiatives also fall under management of the City Manager.

### **Strategic Goals and Performance Measures**

Below is the status of Administrative Services SY2021 goals, as well as the department's goals that are reflected in the City's FY2022 Budget.

Status of SY2021 Goals					
Goals	Status	Strategic Priority Area			
Create a 3 Year Human Resource Strategic Plan to further align employee activities with City service delivery and Council priorities	In Progress	Workforce Development

The Public Works Department provides services including traffic control, street lighting, snow removal, public ways maintenance, sewer and storm drainage, water supply and distribution, and solid waste collection and disposal. Public Works is responsible for equipment, maintenance, and all engineering services, including the preparation of construction plans and on-site supervision of all public construction projects. Divisions within the Public Works Department are Engineering, Forestry/Grounds Maintenance, Sewer/Water, Streets, Water Supply, and Vehicle Maintenance.

### **Strategic Goals and Performance Measures**

Below is the status of the Public Works Department's SY2021 goals, as well as the department's goals that are reflected in the City's FY2022 Budget.

Status of SY2021 Goals					
Goals	Status	Strategic Priority Area			
Reconstruction of Summit Avenue using Rebuild Illinois Funds	Complete	Capital Infrastructure Investments & Improvements			
Resurface Uptown Parking Court using Uptown TIF Funds	Complete	Capital Infrastructure Investments & Improvements			
Design Green Library Parking Lot for MWRD Grant using Uptown TIF Funds	Complete	Capital Infrastructure Investments & Improvements			
Install security locks at the Service Center and Police Department	Postponed	Capital Infrastructure Investments & Improvements			
Construction of Marvin Parkway Flood Control Project (MWRD Grant and Sewer Fund)	Complete	Capital Infrastructure Investments & Improvements			
Increase Alley Restoration Project by \$15,000 (16.7%)	Complete	Capital Infrastructure Investments & Improvements			

FY2022 Goals and Objectives					
Goals	Strategic Priority Area				
Complete design of Sibley West Flood Reduction Project	Capital Infrastructure Investments & Improvements				
Replace Service Center A/C unit and roof	Capital Infrastructure Investments & Improvements				
Repair and replace salt dome canopy/roof	Capital Infrastructure Investments & Improvements				
Reconstruct Dee Road using Rebuild Illinois Funds - Devon to Higgins	Capital Infrastructure Investments & Improvements				
Complete construction of Library Green Parking Lot	Capital Infrastructure Investments & Improvements				
Summit Avenue commuter parking area rehabilitation using Rebuild Illinois Funds	Capital Infrastructure Investments & Improvements				
Install strategic water valves with water main replacement	Capital Infrastructure Investments & Improvements				

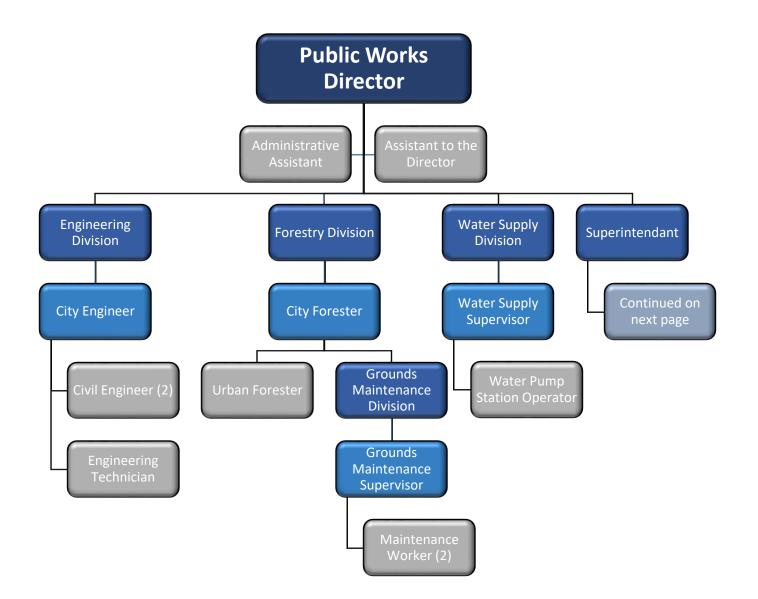

FY2022 Goals and Objectives				
Goals	Strategic Priority Area			
Construct two green alleys	Capital Infrastructure Investments & Improvements			
Seek grant opportunities for flood reduction program and other projects	Capital Infrastructure Investments & Improvements			
Utilize new City website to inform public of capital project progress	Quality Customer Service and Delivery of City Services			

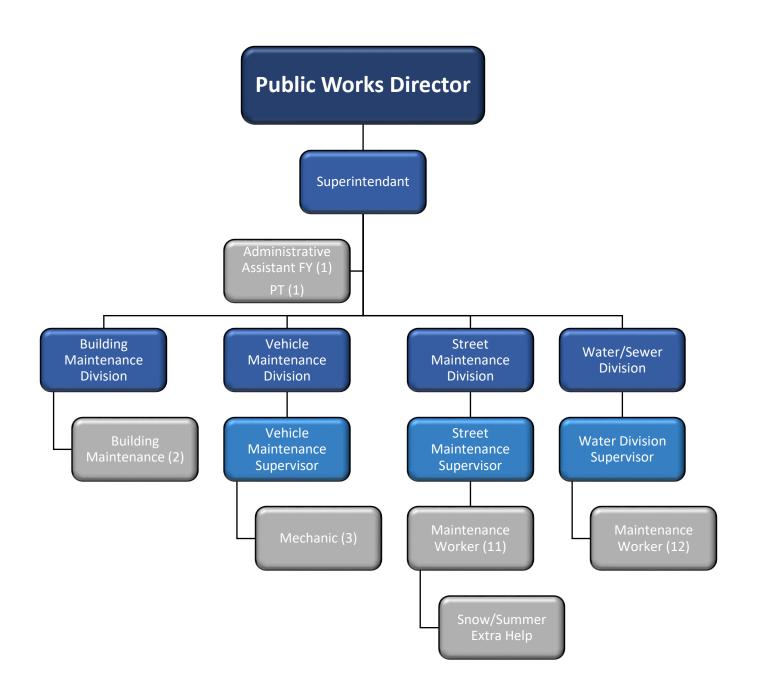

Below are the Public Works Department's performance measures that reflect the attainment of the department's prior year goals.

The Community Preservation and Development Department ("CP&D") provides overall program administration and coordination for all long range community planning, zoning and land use, building and construction activities, property transfers and environmental health and nuisance control programs. Divisions within the CP&D Department include Building Safety (enforcement of the City-adopted building codes), Planning (enforcement of the City's land use policies and regulations), Zoning (compliance enforcement with zoning code), Environmental Health (enforcement of food code, inspection of food establishments, animal and nuisance control), and Economic Development (business retention and recruitment, liaison with economic development consultant and civic organizations).

## Strategic Goals and Performance Measures

Below is the status of CP&D's SY2021 goals, as well as the department's goals that are reflected in the City's FY2022 Budget.

Status of SY2021 Goals					
Goals	Status	Strategic Priority Area			
Complete update of City's Comprehensive Plan	On hold	Community Outreach & Engagement			
Continue movement to an all-digital workflow for building permits	90% Complete	Technology Enhancements, Use & Effectiveness			
Upgrade EnerGov software with enhanced customer and staff interface and business license module	90% Complete	Technology Enhancements, Use & Effectiveness			
Maintain median review time for building permits at four working days and reduce average review time to under four working days	90% Target	Quality Customer Service & Delivery of City Services			

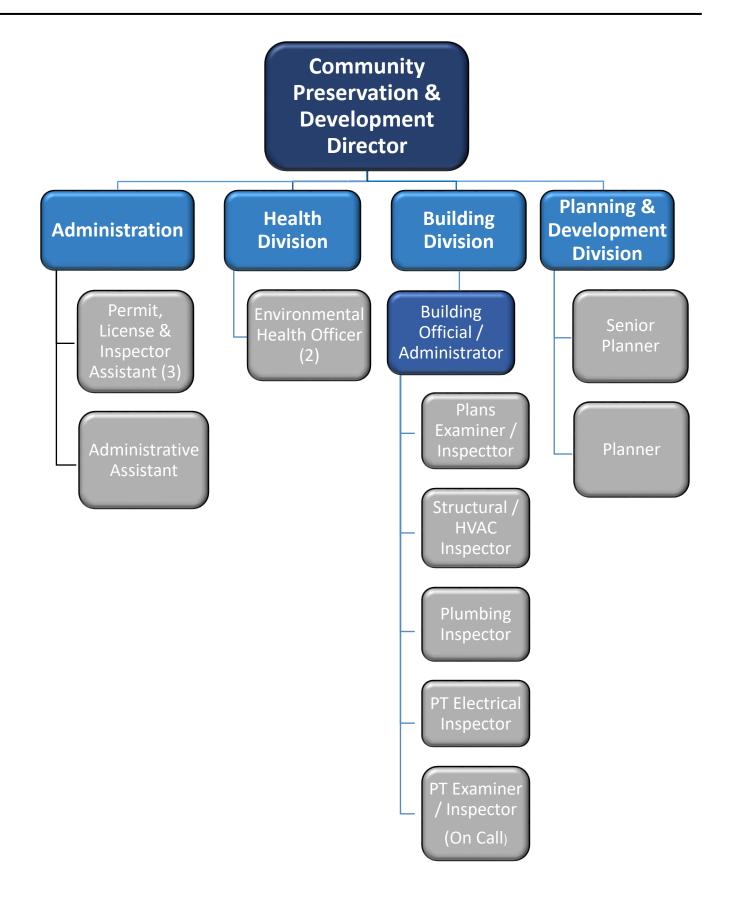

FY2022 Goals and Objectives						
Goals	Strategic Priority Area					
Complete update of City's Comprehensive Plan	Community Outreach & Engagement					
Continue movement to an all-digital workflow for building permits	Technology Enhancements, Use & Effectiveness					
Upgrade Energov to v2021 and integrate with Munis v2021 upgrade	Technology Enhancements, Use & Effectiveness					
Move health inspections from paper-based to all-digital	Technology Enhancements, Use & Effectiveness					
Develop all-digital business licensing module	Technology Enhancements, Use & Effectiveness					
Update Building Codes from ICC 2015 to ICC 2021	Community Outreach & Engagement

The Motor Fuel Tax Fund accounts for the revenues and expenditures of the City's portion of the state tax on the sale of motor fuel. This tax is distributed to the City by the State on a per capita basis. Money from this fund, as directed by State law, can be utilized for the construction and maintenance of roads and related items. Annually planned expenditures include funding for street improvements.

This fund also accounts for the revenue, and related spending, associated with the Build Illinois Funds received by the City.

The Uptown TIF Fund accounts for the revenue and expenditures related to the Uptown TIF District. Current revenue sources reflected in this fund mainly consists of incremental property taxes.

In 2003, the City entered into Intergovernmental Agreements (IGAs) with the Park Ridge Park District, Maine Township High School District 207 and Park Ridge-Niles Consolidated Community School District 64 f which called for payments to each entity based upon the activity within the TIF District. Final IGA payments are due December 2028. Final debt payments for the Uptown TIF development are due in December 2024.

The Foreign Fire Insurance Fund is a special revenue fund established to account for Foreign Fire tax revenue. The tax is a two-percent charge paid by consumers who purchase fire insurance from companies based outside of Illinois. The tax is collected by the Illinois Municipal League (IML) and state statute requires that these funds be turned over to the Foreign Fire Insurance Board. The Foreign Fire Insurance Board is responsible for voting on appropriate spending of the funds in accordance with state law.

The annual budget reflects funds that have been received and are projected to be available to spend by the Foreign Fire Insurance Board.

The Capital Improvements & Equipment Fund was established to account for the expenditure of revenues dedicated to the improvement and maintenance of the City's non-enterprise buildings, equipment and infrastructure. The budgeted expenditures are capital projects that have been approved in the 5-year Capital Improvement Plan (CIP). Revenue reflected in the fund consists of contributions (inter-fund transfers) from the General Fund.

Debt Service Funds account for the accumulation of resources for the payment of general long-term debt principal, interest and related costs. The City currently has two active debt service funds; both issues relate to the Uptown TIF. Currently, the City abates the property tax levy related to each of these debt issuances and utilizes property tax increment generated by the Uptown TIF Fund to pay principal and interest payments on the outstanding debt.

Debt Service Fund 2015A accounts for principal and interest payments on debt that was originally issued in 2005 to fund projects within the TIF District. The last payment is due December 1, 2024.

Debt Service Fund 2016 accounts for principal and interest payments on debt that was originally issued in 2006 to fund projects within the TIF District. The last payment is due December 1, 2024.

The Parking Fund is an enterprise fund used to account for the revenue and expenses associated with the maintenance of the City's surface and commuter lots. Revenue is generated from daily charges, lease agreements and parking meters.

Changes were made to parking regulations in recent years to optimize available parking for commuters, restaurants and retail. These changes, combined with significant changes in parking patterns due to the COVID-19 pandemic, have resulted in a deficit in the Parking Fund. Based upon generally accepted accounting principles, as well as guidance from the City's financial auditors, this fund was collapsed at the end of SY2021; going forward, all parking related revenues and expenditures will be reflected in the City's General Fund.

The Water Fund is an enterprise fund that accounts for the revenue and expenses associated with the transmission, treatment, storage and sale of water to residential, commercial and industrial customers within the City.

The City is a wholesale purchaser of water from the City of Chicago. The City's water rate has two components; the variable water rate accounts for the purchase of water from the City of Chicago and the transmission of the water to residents, the fixed rate covers operations and maintenance costs.

The Motor Equipment Replacement Fund (MERF) is an internal service fund used to account for the replacement of the City's fleet. The budgeted expenses are capital projects that have been approved in the City's 5-year Capital Improvement Plan (CIP). Revenue within this fund consists of contributions (inter-fund transfers) from the City's General, Water and Sewer Funds.

The Information Technology Maintenance and Replacement Fund is an internal service fund used for maintaining and upgrading the City's technology infrastructure, equipment and software. Contributions (inter-fund transfers) from the City's General, Water and Sewer Funds provide funding for the projects budgeted in this fund. Projects for FY2022, as well as future years, are reflected in the City's 5-year Capital Improvement Plan (CIP).

The Employee Benefits Fund is an Internal Service Fund that accounts for the City's costs of providing health, dental, wellness and other related benefits to City and Library employees and retirees.

The fund receives annual contributions (inter-fund transfers) from the General, Water, Sewer and Library Funds. Contributions are based on the City's cost of providing benefits to the employees whose salary is charged to these funds.

An adequate fund balance in maintained in the Employee Benefits Fund to ensure adequate funding in the event of unexpected census changes, adverse claims experience, and to provide a predictable and stable funding schedule.

#### Description

Discretely presented component units are separate legal entities that meet the component unit criteria but do not meet the blending criteria.

The Park Ridge Public Library has a separately appointed board which annually determines its budget and resulting tax levy. The City lends its home-rule authority to the Library to allow the Library to increase its tax levy beyond the amount limited by law. Upon approval of the City, the Library levy is submitted to Cook County.

The Library carries no debt. The Library may not issue bonded debt without the City's approval and the debt would be issued by the City.

The City owns the land and building the Library operates in and serves as a landlord. As such, the Library is required to get City approval for Capital Improvement Projects for the building.

## Α

**Abatement:** A complete or partial cancellation of a levy imposed by a government. Abatements usually apply to tax levies, special assessments, and service charges.

#### Acronyms:

ACFR – Annual Comprehensive Financial Report

CARES Act - Coronavirus Aid, Relief, and Economic Security Act

CIP - Capital Improvement Plan

EAV - Equalized Assessed Valuation

FICA - Federal Insurance Contribution Act

FY - Fiscal Year, a twelve month accounting period beginning January 1 and ending December 31

GAAP - Generally Accepted Accounting Principles

*GFOA* - Government Finance Officers' Association. An organization representing municipal finance officers and other individuals and organizations associated with public finance.

*GASB* - Governmental Accounting Standards Board. The oversight board responsible for establishing financial reporting requirements for governmental and public agencies.

IDOT - Illinois Department of Transportation

IML - Illinois Municipal League

IMRF - Illinois Municipal Retirement Fund

*IPBC* - Intergovernmental Personnel Benefit Cooperative

LGDF - Local Government Distributive Fund

MFT - Motor Fuel Tax

**OPEB** - Other Post-Employment Benefits

SY - Stub Year, an eight month accounting period beginning May 1, 2021 and ending December 31, 2021

**Abatement:** A complete or partial cancellation of a levy imposed by a government; abatements usually apply to tax levies, special assessments and service charges.

**Accounting System:** The methods and records established to identify, assemble, analyze, classify, record and report a government's transactions and to maintain accountability for the related assets and liabilities.

**Annual Operating Budget:** The portion of the budget that pertains to daily operations that provide basic governmental services; the operating budget contains appropriations for expenditures such as personnel, supplies, utilities, and materials.

**Assets**: A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or results.

**Assessed Valuation**: A judgment of the worth of real estate or other property by the County Assessor as a basis for levying taxes.

**Audit**: A systematic collection of the sufficient, competent evidential matter needed to attest to the fairness of management's assertions in the financial statements or to evaluate whether management has efficiently and effectively carried out its responsibilities.

## В

**Basis of Accounting**: A term used to refer to when revenues, expenditures, expenses and transfers, as well as the related assets and liabilities, are recognized in the accounts and reported in the financial statement. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or accrual method.

**Bond**: A written promise to pay a specified sum of money at a fixed time in the future, carrying interest at a fixed rate, usually payable periodically.

Bonded Debt: A portion of money owed (indebtedness) represented by outstanding bonds.

**Budget**: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

**Budget Adjustment/Amendment**: A procedure for the City Board to revise the budget after it has been approved.

**Budgetary Control:** The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and available revenues.

**Budget Document**: The instrument used to present a comprehensive financial plan of operations of the City.

# С

*Capital Assets*: Assets of significant value with a useful life of several years. Capital assets are also known as fixed assets. Tangible or intangible assets such as land, easements, buildings, vehicles, equipment, machinery, infrastructure, and improvements to any of these items used in the operation of the City.

*Capital Budget*: A plan of proposed capital outlays and the means of financing them for the current fiscal period.

**Capital Improvement Program:** A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs.

*Capital Outlay/Expenditure*: Expenditures that result in the acquisition of or addition to fixed assets such as the purchase of equipment, machinery, land and buildings.

*Capital Projects*: A specific identifiable improvement or purpose for which expenditures are proposed within the capital budget or capital improvement program. Examples include new roads, watermain improvements, buildings, and large-scale remodeling projects.

*Cash Management:* The management of cash necessary to pay for government services while investing temporary cash excesses to earn interest revenue. Cash management refers to the activities of forecasting the inflows and

outflows of cash, mobilizing cash to improve its availability for investment, establishing and maintaining banking relationships, and investing funds to achieve the highest interest and return available for temporary cash balances.

*Chart of Accounts*: The classification system used by the City to organize the accounting for various funds.

*Commodities:* Budgetary class of consumable items used by City departments such as office supplies, replacement parts for equipment, and gasoline.

*Contingency:* A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted for.

*Contractual Services*: Services rendered to City departments and agencies by private firms, individuals or other government agencies.

## D

**Debt:** An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants, and notes.

Debt Limit: The maximum amount of outstanding gross or net debt legally permitted.

**Debt Service Fund:** A fund established to account for the accumulation of resources for, and the payment of, bonds and general long-term debt principal and interest according to a predetermined schedule.

*Deficit:* The excess of expenditures over revenues during an accounting period.

**Depreciation:** The process of estimating and recording the lost usefulness, expired useful life or diminution of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation or the cost to reserve in order to replace the item at the end of its useful life.

**Department:** A major administrative organizational unit of the City, which indicates overall management responsibility for one or more activities, for example, the Public Works or Police Department. Also, a budgetary unit of division used to separate expenditures by City operating departments.

## Ε

*Encumbrance*: The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for future expenditures.

**Enterprise Fund**: A separate fund used to account for services supported primarily by service charges, for example, water and sewer funds. Enterprise funds are used to account for operations that are financed and operated in a manner like private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the public on a continuing basis are finances or recovered through user fees. Enterprise funds are also used to account for operations where the governing body has decided that periodic determination of

revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**Equalized Assessed Valuation:** The Board of Review, on a county basis, reviews the assessed valuation of all townships and may assign multipliers to make assessed valuations from township to township equal. If necessary, the State will then assign multipliers for counties in order that all property will be assessed at 33 1/3 % of market value.

*Equity Accounts:* Those accounts presenting the difference between assets and liabilities of the fund.

*Estimated Actual*: The amount projected to be spent or collected during the current Fiscal Year.

*Estimated Revenue*: The amount projected to be collected during the Fiscal Year.

**Expenditures**: The outflow of funds paid or to be paid for an asset obtained or goods and services obtained, regardless of when the expense is actually paid. An encumbrance is not an expenditure, rather, it reserves funds to be expended.

#### F

*Fiscal Year*: A designated twelve-month period designated by the calendar year in which it ends for budgeting and record keeping purposes. The City's Fiscal Year begins May 1st and ends April 30th.

*Fixed Assets*: Assets of a long-term character (held more than one year) which are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment. See also *Capital Assets*.

*Full Accrual Accounting*: A method of accounting that requires income and expenditures to be accounted for as and when they are earned or incurred, not when the money is received or paid.

*Full Faith and Credit*: A pledge of the general taxing power of a government to repay debt obligation (typically used in reference to bonds).

*Fund*: A budgetary and accounting entity that is segregated from other funds for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. A fund is the largest budgetary unit and is used to account for significant projects

**Fund Accounting:** The organization of City accounts on the basis of funds and account groups, each of which are considered a separate accounting entity. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

*Fund Balance*: The excess of a fund's assets over its liabilities and reserves, which is held in reserve for future emergency spending.

*Fund Type*: In governmental accounting, all funds are classified into eight generic fund types: General, Special Revenue, Debt Service, Capital Projects, Special Assessment, Enterprise, Internal Service, and Trust and Agency.

# G

*General Fund*: The fund that is available for any legal authorized purposes and which is typically used to account for all revenue and all activities except those required to be in accounted for in another fund.

*General Obligation Bonds*: Bonds that finance a variety of public projects such as streets, buildings, and improvements. Repayment of the bonds is typically from property taxes. The City pledges to repay this municipal bond and the bond is backed with the full faith and credit of the City.

**Grants:** A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specified purposes.

#### I

*IMRF Pension Fund*: The Illinois Municipal Retirement Fund provides retirement benefits for all retired non-sworn City employees and their beneficiaries.

*Interfund Transfers:* The movement of monies between funds of the same governmental entity.

*Intergovernmental Revenues*: Revenues from other governments in the form of grants, entitlements, shared revenues or payments in lieu of taxes.

*Internal Service Fund*: A fund used to account for the financing of goods and services provided by one department or agency to other departments or agencies of a government on a cost reimbursement basis.

*Investment*: Securities and real estate purchased and held for the production of income in the form of interest, dividends, rentals or base payments.

#### L

*Levy:* (Verb) The imposition of taxes, special assessments or service charges for the support of government activities. (Noun) The total amount of taxes, special assessments or services charges imposed by a government.

*Liabilities:* Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

*Line-Item Budget*: A budget format that lists each expenditure category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each specified category.

Long-Term Debt: Bonded debt and other long-term debt obligations, such as benefit accruals, due beyond one year.

## Μ

**Measurement Focus:** The accounting convention that determines (1) which assets and which liabilities are included on a government's balance sheet and where they are reported there, and (2) whether an operating statement presents information on the flow of financial resources (revenues and expenditures) or information on the flow of economic resources (revenues and expenses).

*Modified Accrual Accounting*: A method of accounting that requires income and expenditures to be accounted for when available and measurable and expenditures are recorded when the liability is incurred.

# 0

**Operating Budget**: The portion of the budget that pertains to daily operations that provide basic government services; presents proposed expenditures for the fiscal year and the revenues to fund them. See also *General Fund*.

*Ordinance*: A formal legislative enactment by the governing board of a municipality.

**Outlays:** Checks issued, interest accrued on the public debt, or other payments made, offset by refunds and reimbursements.

### Ρ

Pension Trust Fund: A trust fund used to account for public employee retirement systems.

*Performance Measures*: Objective and/or quantitative indicators used to show the amount of work accomplished, the efficiency with which tasks are completed and the effectiveness of a department or program.

**Property Tax:** Taxes levied on real property according to the property's valuation and the tax rate.

### R

*Rating*: The credit worthiness of a municipality as evaluated by independent agencies.

*Retained Earnings*: An equity account reflecting the accumulated earnings of the City's enterprise funds.

**Reserve:** An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and, is, therefore, not available for general appropriation.

**Revenues**: Funds that the City receives as income from an outside source. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues, and interest income.

*Risk Management*: An organized attempt to protect a government's assets against accidental loss in the most economical method.

# S

*Special Assessment Funds*: A fund used to account for the financing of public improvements or services deemed to benefit the properties against which special assessments are levied.

**Special Revenue Fund**: A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes.

*Surplus*: An excess of the assets of a fund over its liabilities and reserves.

## Т

*Tax Levy*: The total amount to be raised by general property taxes for operating and debt service purposes specified in the Tax Levy Ordinance.

*Tax Levy Ordinance*: The annual ordinance that identifies the amount of property taxes to be levied.

*Tax Rate*: The amount of tax levied for each \$100 of equalized assessed valuations. The tax rate multiplied by the equalized assessed valuation equals the tax levy.

**Transfers In/Out:** A legally authorized funding transfer between funds in which one fund is responsible for the initial receipt and the other fund is responsible for the actual disbursement.

# U

*User Fees*: Fees that are levied by the municipality on users of a service. User fees are designed to place the cost of a municipal service or program on the beneficiaries (users) of that service. For example, water rates are user fees charged to users of Lake Michigan Water.
