About the Return of Income Tax Withheld – Form PW-1

The PW-1 Return of Income Tax Withheld should be used by employers not required to remit withholding taxes electronically. **Generic forms are acceptable *only* if they include all information as requested on this form.**

Employers must withhold City of Perrysburg Income Tax on the income, qualifying wages, commission or other compensation earned and/or received by employees working within the city. Additionally, employers must remit taxes on a monthly basis if the taxes withheld equal two hundred dollars (\$200.00) or more per month, based on the previous tax year's monthly average where total annual withholding is greater than or equal to \$2,400. All taxes due monthly shall be paid to the City within fifteen days following the reporting period.

Payment of withheld tax may be deposited with the city electronically. Please contact our office by phone (**419.872.8035**), or email (itax@ci.perrysburg.oh.us) to receive additional information needed to complete the required ACH "NACHA" file. **Alternately, employers may remit withheld municipal taxes through the Ohio Business Gateway.**

Employers who withhold less than \$200 per month may remit quarterly by the end of the month following the quarter end.

Failure to withhold taxes, failure to remit tax withheld, or failure to file required tax returns and reconciliations timely may subject the employer and/or the employer's officers and agents to criminal and civil penalties.

Please provide the employer's City File Number, Federal ID Number, employer name and address. Mark the appropriate box to indicate whether the tax withheld and remitted is for a monthly or quarterly period. Also, check the appropriate box for the period ending date for which the form is being submitted.
