HHW

Includes but not limited to:

- Adhesives
- Aerosol cans (full or empty)
- Caulking
- CFL and tube fluorescent light bulbs
- Driveway sealer
- Gasoline and gasoline mixed with oil
- Herbicides
- Insecticides
- Kerosene
- Non-digital fever thermometers
- Non-digital furnace thermostats
- Oil based paints
- Paint thinner
- Pesticides
- Pool chemicals
- Shellac
- Stains
- Varnish

 **INKJET CARTRIDGES**

These local businesses recycle inkjet cartridges:

- Office Max
- Target
- Walgreens

 **LATEX PAINT**

- Habitat for Humanity accepts full cans of usable latex paint for recycling. The paint is blended and sold in the Habitat for Humanity ReStore. All paint must be in the original container. DO NOT mix paints together. There is a fee.
- Dried latex paint may be placed in a sealed container in the gray refuse Toter for safe disposal.

 **LATEX PAINT**

DO NOT pour paint/other fluids down the street drain.

DO NOT place paint in liquid form into the refuse Toter. When the paint is dried and hardened, place the can in with regular garbage.

Air Dry Method of Drying Paint

- If there is a small amount of paint left in the can, leave the lid off the can and let it dry out.
- Place the open paint can in a location safe from children/pets so they do not spill/ingest the paint.

Absorbent/Kitty Litter Method of Drying Paint

- Lowes and Home Depot sell an absorbent product that can be added to a can of paint to solidify the paint OR purchase kitty litter, oil dry, saw dust as an absorbent.
- The absorbent will expand in the liquid paint so if it is a full can of paint, pour half of the paint in another disposable container such as a milk jug.

 **PLASTIC BAGS**

- All grocery stores and big box stores accept plastic bags for recycling.
- NO plastic bags are accepted in curbside recycling.

 **PRESCRIPTION MEDICATIONS & OVER THE COUNTER (OTC) DRUGS**

DO NOT flush drugs and other medications down the toilet or pour down the sink drain. Residents may safely dispose of expired or unwanted medication These sites only accept capsules, medication patches, pills or tablets.

- They **DO NOT** accept inhalers, lancets, ointments, liquid medications, syringes, or illegal drugs.
- If pills are in bubble packs, remove the pills from the bubble packs, place pills in a sealed plastic bag.
- Remove medication from containers and packaging.
- Pill bottles may be recycled in curbside recycling. Be certain to black out all personal and prescription information.

Safe Method of Medication Disposal at Home

Crush pills/tablets, pour liquid medicine and ointments into kitty litter or used coffee grounds. Place the medication in a sealed container for trash collection.

SMALL ELECTRONICS & ELECTRIC APPLIANCES

City of Perrysburg residents can drop off small electronics at the Perrysburg Department of Public Service at 11980 Roachton Road during regular business hours. (excluding holidays)

SYRINGES, SHARPS & LANCETS

DO NOT place Sharps loose in your household trash as this poses a health risk to city and landfill personnel.

The EPA suggests these three disposal options for used hypodermic needles, lancets and syringes:

- Use a home needle destruction device that clips, melts or burns the needle and allows residents to place the syringe or plunger in regular trash.
- All sharps, needles and lancets must be placed in a stiff plastic container (bleach or laundry detergent bottles only) with the lid secured, marked as Sharps and placed in the trash NOT recycling.
- Use a Sharps container purchased at your pharmacy. Some have a mail back label; if not, the container may be placed in household trash.

TELEVISIONS

The following companies accepted flat screen televisions for recycling (fee is charged)

- AccuShred
- Best Buy
- Environmental Recycling in Bowling Green

YARD WASTE

Use the Pay-As-You-Throw city yard waste program. Curbside collection using generic paper yard waste bags, bundled brush or resident owned Toters with appropriate collection tag attached. Consult the city web page for further details.
