Thirty Six (36) New Cases of COVID-19 Reported in Plainfield

February 16, 2022

Dear Friends and Neighbors,

Since our last update, on Monday, February 13, 2022, there are **thirty six (36) new cases of COVID-19**, with **ten (10)** cases reported today. In addition, **eighteen (18)** persons have been quarantined.

There are **no new COVID-related deaths** since February 13, 2022. Follow COVID protocols, like social distancing, wearing face masks, and getting vaccinated to ensure the COVID-19 virus does not cripple our City. Do your part, protect your loved ones and yourself.

COVID-19 Cases	Positive Cases	Persons Placed in Quarantine	Fatalities
March 16, 2020- December 31, 2020	4,215	10,465	128
January 1, 2021 – December 31, 2021	4,420	4,054	71
January 1, 2022 – February 16, 2022	1,401	600	15
Total	10,036	15,119	214

COVID-19 Testing Site Relocation

The COVID Testing site formerly located at Fire Headquarters, 315 Central Avenue, **has relocated** to Parking Lot # 7 at 112 E Seventh Street, Plainfield, NJ 07060.

PPAC Testing Center

The City of Plainfield in partnership with Union County, the State of New Jersey, and Vault Health Services now provides free Covid-19 testing. Rapid and PCR testing are available at the Plainfield Performing Arts Center (P-PAC), 724 Park Avenue. The P-PAC Testing Clinic is open Tuesday-Friday 2:00 pm- 6:00 pm and Saturday 9:00 am-1:00 pm.

The City of Plainfield is hosting a series of Pop up Vaccination Clinics. Get your COVID-19 vaccine and FLU shot at the same time. A list of locations can be found on the city's [website](#).

LOCAL COVID-19 TESTING SITES INCLUDE Walgreens on South Ave, Front Street Pharmacy, Rapp's Pharmacy, Plainfield Neighborhood Health Center, and Scott Drugs Pharmacy. Please visit the City of Plainfield [website](#) and click on our "COVID-19 Resource and Updates" quick link for more information.

In addition, free COVID-19 testing at Kean University operates on Mondays from 7:00 AM to 12 PM and Thursdays from 7 AM to 12 PM or 4 PM to 8 PM. Please visit UCNJ.org for more information. The test will also provide results for Influenza A and B (flu). Insurance is not required.

Historically, the creation and implementation of vaccines have successfully controlled infectious diseases such as the smallpox virus, the Spanish flu, polio, rubella, and the COVID-19 virus is no exception. It is apparent that a correlation in decreased death rates due to COVID and the distribution of COVID vaccines exists. Help our community and help yourself, get vaccinated, get your booster, and stay safe.

Stay safe, and may God continue to bless you.

Sincerely,

Adrian O. Mapp, Mayor
