Nine (9) New Cases of COVID-19 Reported in Plainfield

March 25, 2022

Dear Friends and Neighbors,

Since our last update, on Monday, March 21, 2022, there are **nine (9) new cases of COVID-19**, with **one (1)** case reported today. In addition, **five (5)** persons have been quarantined.

Fortunately, **there are no COVID related deaths to report since March 20, 2022**. Although according to executive order #10, face-coverings are no longer required when entering a Plainfield establishment, I ask that you practice common sense. If an establishment is crowded or if you are in a situation where it is unknown if the individuals are vaccinated or infected, use COVID-safety precautions.
