DIVISION OF HEALTH  
510 WATCHUNG AVENUE  
PLAINFIELD, NEW JERSEY 07060  
(908) 753-3092 – FAX (908) 753-3679

**Adrian O. Mapp**  
*Mayor*

**Dr. Atif Nazir**  
*Health Officer*

Dear Licensee:

New Jersey state law requires that all dogs over the age of four months be vaccinated against rabies and be licensed through the local animal care and control agency; in this case the City of Plainfield Division of Health. The City requires the same provisions and also requires rabies vaccination and licensing for cats.

Licensing is an important means of identification and can help you find your pet if it becomes lost. License revenues are also a vital means of support that helps the City promote and protect human and animal safety.

Pet licenses are valid for one (1) year covering the one (1) year period in which your pet's rabies vaccine is valid or three (3) years covering the three (3) years in which your pet's rabies vaccine is valid. All licenses expire January 31st of the renewal year. You may license your pet in person or by mail your application and associated fee to the City of Plainfield, Division of Health located at 510 Watchung Avenue, 2nd Floor, Plainfield, NJ 07060.

Should you have any questions or require additional information, the Health Division is open weekdays from 9:00am to 5:00pm and can be contacted at (908) 753-3092.

Sincerely,

Division of Health
