FORTY-EIGHT (48) New Cases of COVID-19 in Plainfield

September 8, 2021

Dear Friends and Neighbors,

Our last update was on Thursday, September 2. Since then, there are forty-eight (48) new COVID-19 cases. In addition, forty-five (45) persons were quarantined. Fortunately, no deaths related to COVID-19 were reported this week. Plainfield, let's keep working hard to decrease these numbers. Fall is only two weeks away; before we enter the cold weather and the flu season, let's make sure our family, friends, and neighbors are vaccinated.

COVID-19 Cases	Positive Cases	Persons Placed in Quarantine	Fatalities
March 16, 2020- December 31, 2020	4,215	10,465	128
January 1, 2021- September 8, 2021	2,894	3,112	68
Total	7109	13,577	196

Once again, Congratulations to our first four "Plainfield Wins" Lottery winners, Jorge China, Guadalupe Aguilar, Melina Coleman, and Katherine Castro. They each won \$5000. You could be a winner too!

The Plainfield Wins Lottery Winners for the month of August will be announced this Friday, September 10, at 6 pm. Please join us at Plainfield City Hall and see first-hand if you or a loved one is a winner. The announcement of the winners will be live-streamed via Facebook and YouTube. If you don't have access to either application and want to know if you are a winner, then please visit the City of Plainfield's website or check out our other social media platforms for the announcement.

Remember, the Plainfield Wins lottery will run until December. Get vaccinated through the City of Plainfield, Union County, or the Neighborhood Health Center with any approved vaccine and enter the Plainfield Vaccine Lottery for your chance to win \$5,000. Plainfield residents must be 18 years or older to qualify, and proof of residency must be shown at the time of vaccination. Four winners, two who received their first dose and two who obtained their second dose, will be chosen each month.

Attention – The City of Plainfield is hosting a series of Pop up Vaccination Clinics every Wednesday from 4 PM – 7 PM at the Black Lives Matter Plaza in front of City Hall. Come by and enjoy some ice cream while you take this vital step in the fight against COVID-19. A list of additional locations can be found on the city's [website](#).

In addition, free COVID-19 testing at Kean University operates on Mondays from 8:00 AM to 11:30 AM and Thursdays from 8:30 AM to 11:30 AM. Please visit UCNJ.org for more information. The test will also provide results for Influenza A and B (flu). **Insurance is not required.**

The vaccine offers a promise of returning to normalcy. Plainfield, once we are vaccinated, we can begin to do more, be with each other, share hugs and closeness once again. We can recapture the life we knew if we all commit and do our part by getting vaccinated. It is vital to get tested if we experience any COVID-19 symptoms. We should continue to wear face masks, limit indoor gatherings, and practice social distancing while in public. Let's remain vigilant.

Stay safe, and may God continue to bless you.

Sincerely,

Adrian O. Mapp, Mayor
