

The diagnosis is cancer...

What comes next?

Cancer Support Community Central New Jersey (CSCCNJ) are experts in providing programs to address the emotional and social impact of cancer.

We are funded solely through donations, and 89% of all money raised goes directly to our programs.

Our Mission

To ensure that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community.

So that no one faces cancer alone.®

By the Numbers

In Central New Jersey...

240,000+ are affected by cancer

299 are newly diagnosed every week

25% have children under the age of 18

3 in 4 families are affected by cancer

I am...
newly diagnosed

Open to Options®

Designed for those newly diagnosed with cancer, Open to Options® (O2O) helps individuals identify important questions about treatment options based upon personal needs before the first visit with an oncologist.

Cancer Support Source® (CSS)

87% of individuals report significant stress as a result of a cancer diagnosis. By using Cancer Support Source®, you will be able to connect with the CSCCNJ programs and resources that can make a difference.

I am...
seeking support

*as a patient, family member,
caregiver, or survivor.*

Attend ongoing support groups facilitated by licensed professionals and explore ways to deal with the stresses of cancer. Here, you can find support and encouragement from others facing similar challenges.

Support Groups

Advanced Breast Cancer

Family and Friends

Survivorship

We have several programs designed to support those post-treatment. The Cancer Transitions series is designed to empower those in post treatment to take an active role in their physical, emotional and social recovery.

I am...
empowered

Education

Professional workshops are conducted by experts on a variety of topics related to treatment, symptom management, new breakthroughs on specific cancer topics, and more.

Nutrition & Healthy Cooking

Lead by professionals in the industry, our nutrition programs offer insight on implementing healthy eating habits during and after treatment.

Health & Wellness

Certified instructors lead programs that build skills in relaxation, meditation, physical strength, and the integration of mind-body practices into everyday life.

For more information and a complete list of our programs and classes, visit cancersupportcnj.org.
