

Multi-Phase Project Breakdown

As mentioned in the Project Description, to construct all the improvements needed at Rushmore Playground at one time would cost an excessive amount of money. Therefore, the project is broken down into a multi-phase project. There is a total of four (4) phases listed below:

1. Phase 1:
 - Soccer/Football Synthetic Turf Field Improvements
 - Gravel Parking Lot Improvements

2. Phase 2:
 - Basketball Court Improvements
 - “Free Play” Area Improvements
 - Playground Area Improvements

3. Phase 3:
 - Main Pool Improvements
 - Conversion of the Existing “Kiddie Pool” to a Splash Pad
 - Pavilion Improvements

4. Phase 4:
 - Perimeter Fencing and Miscellaneous Amenities

Descriptions of each of the improvements are listed in the Project Description above. For the sake of funding, this application will only be focusing on Phase 1 of the multi-phase project.
