#### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the City Council City of Plainfield County of Union Plainfield, New Jersey 07061

#### Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the City of Plainfield, as of December 31, 2013 and 2012, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's regulatory financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these regulatory financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the provisions of U.S. Office of Management and Budget (OMB) Circular 133, "Audits of States, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

# SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the regulatory financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City of Plainfield's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Plainfield's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the regulatory financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the City of Plainfield on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the City of Plainfield as of December 31, 2013 and 2012, or the results of its operations and changes in fund balance for the year then ended of the revenues or expenditures for the year ended December 31, 2013.

# Opinion on Regulatory Basis of Accounting

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2013, the regulatory basis statement of operations and changes in fund balance for the year then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2013 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. # NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2013 AND 2012

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The City of Plainfield is an instrumentality of the State of New Jersey, established to function as a municipality. The City Council consists of elected officials and is responsible for the fiscal control of the City.

Except as noted below, the financial statements of the City of Plainfield include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the City of Plainfield, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the City of Plainfield do not include the operations of the municipal library or the board of education, inasmuch as their activities are administered by separate boards.

### B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Codification establishes three fund types, governmental, proprietary and fiduciary, to be used by governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP). In addition, the GASB Codification requires the presentation of an entity-wide statement of net assets and statement of activities to be included in the basic financial statements.

The accounting policies of the City of Plainfield conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the City of Plainfield are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services the City accounts for its financial transactions through the following individual funds and account group:

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Description of Funds (Continued)

<u>Current Fund</u> - resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

<u>Trust Fund</u> - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - receipts and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Sewer Utility Operating and Capital Funds</u> - account for the operations and acquisition of capital facilities of the Sewer Utility.

<u>Public Assistance Fund</u> - receipt and disbursement of funds that provide assistance to certain residents of the City pursuant to Title 44 of New Jersey statutes.

General Fixed Assets Account Group - Utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds.

# C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Grants are realized as revenue when anticipated in the City's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amount that are due the City, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Basis of Accounting (Continued)

Expenditures - are recorded on the "budgetary" basis of accounting. General expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances, at December 31, are reported as a cash liability in the financial statements and constitute part of the City's regulatory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

<u>Encumbrances</u> - Contractual orders, at December 31, are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

<u>Foreclosed Property</u> - is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

<u>Sale of Municipal Assets</u> - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## C. Basis of Accounting (Continued)

General Fixed Assets - N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the City as part of its basic financial statements. The City has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm. However, the inventory and valuation of fixed assets have not been currently maintained and are not reported in the financial statements. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Asset Account Group rather than in a governmental fund.

<u>Fixed Capital - Sewer Utilities</u> - Accounting for utility fund "fixed capital" remains unchanged under the requirements of N.J.A.C. 5:30-5.6.

Property and equipment purchased by the Sewer Utility Fund are recorded in the Capital Account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized. The balances reported in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent changes to operations for the cost of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

<u>Inventories of Supplies</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

#### D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The City presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from financial statements required by GAAP.

#### NOTE 2: CASH AND CASH EQUIVALENTS

The City considers petty cash, change funds, cash in banks, deposits in the New Jersey Cash Management Fund and certificates of deposit as cash and cash equivalents.

#### **Deposits**

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00. Under GUDPA, if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

#### NOTE 6: PENSION PLANS

#### Plan Descriptions

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Fireman's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at www.nj.gov/treasury/pensions/annrprts.shtml.

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

#### Plan Descriptions (Continued)

<u>Police and Fireman's Retirement System (PFRS)</u> - The Police and Fireman's Retirement System (PFRS) was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

# <u>Defined Contribution Retirement Program (DCRP)</u> - The Defined Contribution Retirement Program

(DCRP) was established July I, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

## Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, In which case, benefits would begin the first day of the month after the member attains normal retirement age.

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:36. All benefits vest after ten years of service, except for disability benefits, which vest alter four years of service. Retirement benefits for age and service are available at age 55. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service.

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately invested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP. employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully invested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

#### **Funding Policy**

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan members and employer contributions may be amended by State of New Jersey legislation. During 2013 PERS provides for employee contributions of 6.78% of employees' annual compensation. Employers are required to contribute at an actuarially determined rate. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The contribution policy for PFRS is set by N.J.S.A. 43: 16A and requires contributions by active members and contributing employers. Plan member and employer contributions *may* be amended by Slate of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits. During 2013, members contributed at a uniform rate of 10.00% of base salary.

Certain portions of the costs are contributed by the employees. The City's share of pension costs, which is based upon the annual billings received from the State, amounted to \$6,597,423.12 for 2013, \$6,676,106.58 for 2012 and \$7,238,677.83 for 2011.

The City's share for DCRP amounted to \$3,590.74 for 2013, \$2,206.60 for 2012 and \$3,500.00 for 2011.

All contributions were equal to the required contributions for each of the three years, respectively.

Certain City employees are also covered by Federal Insurance Contribution Act.

#### Pension Contribution Deferral

The State of New Jersey has enacted Public Law 2009, C.19, which authorizes the State Department of Treasury, Division of Pensions and Benefits to provide non-state contributing employers the option of paying an amount that represents a fifty percent (50%) reduction of the normal and accrued liability payment of the required contributions to the Police and Fire Retirement System (PFRS) and the Public Employees Retirement System (PERS) which would have been due April 1, 2011. If the deferral is elected, the amount deferred must be repaid, with interest, over a period of fifteen years, beginning in April, 2012; however, the contributing employer is permitted to pay off the obligation at any time by contacting the Division of Pension and Benefits for a payoff amount. The City of Plainfield has elected to defer a portion of its pension contributions as follows:

#### NOTE 7: COMPENSATED ABSENCES

Under the existing policy of the City, employees are allowed to accumulate unused sick pay over the life of their working careers, which may be taken as time off, or paid at a later date, at an agreed upon rate. As of December 31, 2013, the City estimates that the amount of such unpaid compensation is \$3,426,576.30. Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, accumulated cost of such paid compensation is not required to be reported in the financial statements as presented and any amounts required to be paid are raised in that year's budget and no liability is accrued on December 31, 2013.

#### NOTE 8: LITIGATION

The City Attorneys' litigation confirmation letters indicate that the City is a defendant in certain lawsuits against the City claiming certain civil rights violations related to actions of Plainfield police officers which led to the arrest and conviction of such plaintiffs. Counsel has indicated that as of the date of audit, it is difficult to estimate a range of loss for such cases, but that demands against the City are significant.

#### NOTE 9: CONTINGENT LIABILITIES

The City participates in several financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. The grants received and expended in 2013 were subject to a Single Audit under U.S. Office of Management and Budget (OMB) Circular A-133 and State of New Jersey OMB 04-04, which mandates that grant revenues and expenditures be audited in conjunction with the City's annual audit. Findings and questioned costs, if any, relative to financial assistance programs will be discussed in detail in Part II, Report Section of the 2013 audit. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2013, the City does not believe that any material liabilities will result from such audits.

#### NOTE 10: RISK MANAGEMENT

The City has established a self-insurance program in accordance with New Jersey Statue Chapter 40:10. The Statute enables the governing body of any local unit to provide insurance coverage for its exposure to a wide variety of property and liability casualty risks. The City self insures for auto liability, tort claims and workers compensation exposures. Additionally, the City is a member of the New Jersey Municipal Self Insurers' Joint Insurance Fund for excess liability and building insurance and maintains insurance policies, covering fire, flood, fine arts, health and employee fidelity.

At December 31, 2013, the City's exposure for claims incurred under the above self-insurance programs are not presently determinable. There is a balance in the self-insurance trust fund of \$406,575.48 at December 31, 2013.

New Jersey Unemployment Compensation Insurance - The City has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the City is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The City is billed quarterly for amounts due to the State. Below is a summary of City contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the City's expendable trust fund for the current and previous two years:

#### NOTE 12: DEFERRED COMPENSATION PLAN

The City offers its employees a choice of two deferred compensation plans created in accordance with Internal Revenue Code Section 403 (b) and 457. The plans, available to all City employees, permit them to defer a portion of their salaries until future years. The City does not make any contribution to the plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

In accordance with the requirements of the Small Business Job Protection Act of 1996 and the funding requirements of Internal Revenue Code Section 457(g), the City's Plans were amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts. All assets of the Plan are held by independent administrators. The City has approved Nationwide Retirement Solutions and MetLife as administrators.

In accordance with IRS regulations, the accompanying financial statements do not include the City's Deferred Compensation Plan activities since the assets are not available to the City's general creditors. The City's Deferred Compensation Plan financial statements are contained in a separate review report.

#### NOTE 13: DEFICIENCY AGREEMENT

On October 17, 1997, the City of Plainfield entered into a Deficiency Agreement with the Plainfield Municipal Utilities Authority (PMUA) to provide or appropriate annually the sum or sums as may be necessary to sufficiently provide for any deficit in the operation and maintenance and debt service requirements of the PMUA. This Deficiency Agreement may be terminated at any time, after the payment in full of all obligations and bonds of the PMUA.

Subject to the Deficiency Agreement, on February 1, 1999, the PMUA issued Revenue Bonds in the amount of \$16,415,000.00. October 1, 2003, the PMUA issued \$1,935,000.00 of Sewer System Revenue Bonds and \$5,414,003.75 of Solid Waste System Revenue Bonds. On December 17, 2009, the PMUA issued \$11,020,000.00 Revenue Refunding Bonds, which were issued to currently refund the outstanding balance of the Series 1999 Revenue Bonds.

The amount of outstanding debt subject to the Deficiency Agreement was as follows:

## NOTE 15: GASB 45: OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description. The City contributes to the State Health Benefits Program (SHBP) a cost-sharing, multiple-employer defined benefit postemployment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents. The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at hht://www.state.nj.us/treasury/pensions.

<u>Funding Policy</u>. Contributions to pay for the health premiums of participating employees in the SHBP are billed to the City on a monthly basis. Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. In accordance with Chapter 62, P.L. 1994, post-retirement medical benefits have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis. The City's contributions to SHBP for the years ended December 31, 2013, 2012, and 2011 were \$10,617,015.00, \$7,268,017.00 and \$7,010,265.00 respectively, which equaled the required contributions for each year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the City Council City of Plainfield County of Union Plainfield, New Jersey 08825

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the City of Plainfield, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's regulatory financial statements, and have issued our report thereon dated August 15, 2014. Our report disclosed that, as described in Note 1 to the financial statements, the City of Plainfield prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

### Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the City's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

## SUPLEE, CLOONEY & COMPANY

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City of Plainfield's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We consider deficiency 2013-1, which is described in the accompanying Schedule of Findings and Questioned Costs to be a significant deficiency in internal control. We also noted other matters in the internal control which are discussed in Part III, General Comments and Recommendations section of the audit report.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standard* and which are described in the accompanying Schedule of Findings and Questioned Costs as item 2013-1. We also noted immaterial items of noncompliance which are discussed in Part III, General Comments and Recommendations section of the audit report.

### Entity's Response to Findings

The City of Plainfield's response to the findings identified in our audit will be described in the City's Corrective Plan on file in the City Clerk's Office. We did not audit the City's response and, accordingly, we express no opinion on it.

### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Plainfield's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Plainfield's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO MAJOR FEDERAL
AND STATE FINANCIAL ASSISTANCE PROGRAMS AND
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH U.S. OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

The Honorable Mayor and Members of the City Council City of Plainfield County of Union Plainfield, New Jersey 08825

### Report on Compliance for Each Major Federal and State Program

We have audited the City of Plainfield's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the New Jersey OMB *State Grant Compliance Supplement* that could have a direct and material effect on each of the City of Plainfield's major federal and state programs for the year ended December 31, 2013. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Plainfield's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB 04-04. Those standards, OMB Circular A-133 and NJ OMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City of Plainfield's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City of Plainfield's compliance.

### SUPLEE, CLOONEY & COMPANY

### Opinion on Each Major Federal and State Program

In our opinion, the City of Plainfield complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2013.

### Report on Internal Control Over Compliance

Management of the City of Plainfield is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Plainfield's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and NJ OMB 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Plainfield's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and State of New Jersey OMB 04-04. Accordingly, this report is not suitable for any other purpose.

# <u>Section II - Financial Statement Audit - Reported Findings Under Government Auditing Standards</u>

### **Internal Control and Compliance Findings**

#### 2013-1

Finding: The City did not maintain an accurate general ledger accounting system.

<u>Criteria</u>: New Jersey Administrative Code - N.J.A.C. 5:30-5.7 requires New Jersey

Municipalities to have and maintain a general ledger for at least the Current Fund.

**Effect:** The City did not comply with N.J.A.C. 5:30-5.7 in that the general ledger balances

did not agree to bank reconciliations and subsidiary records such as the tax proof,

revenue ledger, budget expenditure ledgers, check registers, etc.

Cause: An internal monthly procedure for reconciliation of the general ledger was not

performed.

### Recommendation:

The Current Fund general ledger be accurately maintained and reconciled to subsidiary records.

#### GENERAL COMMENTS

### CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR (N.J.S.A. 40A:11-4)

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c. 198 (C.40A:11-3), except by contract or agreement.

Effective January 1, 2012, the bid threshold in accordance with N.J.S.A. 40A:11-3 was increased to \$17,500.00 by resolution of the governing body.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$17,500.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the City Solicitor's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising for the following items:

Installation of Concession Stand at Joe Black Baseball Field

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring or any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Our audit of expenditures did not reveal any individual payments, contracts or agreements in excess of \$17,500.00 "for the performance of any work or the furnishing or hiring of any material, supplies or services, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6."

The minutes indicate that resolutions authorizing contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 were awarded during 2013 for the professional services:

Engineering Services
Auditing Services
Consulting Services
Stormwater Management Services
Management Consultant
Special Council for Tax Appeals

Bond Counsel
Litigation/Defense Counsel
Corporation Counsel
Legal Consultants
Environmental Services
Claims Service Administrator

### COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 22, 2013 adopted the following resolutions authorizing interest to be charged on delinquent taxes:

RESOLVED, by the City Council of the City of Plainfield, County of Union, State of New Jersey as follows:

- 1. The Tax Collector is hereby authorized and directed to charge 8% per annum on first \$1,500.00 of taxes becoming delinquent after the due date and 18% per annum on any amount in excess on \$1,500.00, the same to be calculated from the date the tax was payable until the date of actual payment.
- 2. There will be a ten (10) day grace period of quarterly tax payments made by cash, check or money order.
- 3. Any payments made after the ten (10) day grace period will revert the interest charge back to the original due date.
- 4. The Tax Collector is directed to charge a 6% penalty on any delinquency in excess of \$10,000.00 (inclusive of interest, said delinquency is calculated to the end of the fiscal year) that remains delinquent at the end of the fiscal year, for that fiscal year.
- 5. The Tax Collector is hereby authorized to charge a fee of \$25.00 to cover all costs associated with the mailing of each notice on a particular property, not to exceed two (2) mailings per property.

### TAX TITLE LIENS

The last tax sale for unpaid municipal taxes was held on October 10, 2013.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

### VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

### **TYPE**

| Payment of 2013 Taxes | 100 |
|-----------------------|-----|
| Delinquent Taxes      | 50  |

#### OTHER COMMENTS

### Interfund Balances

Transactions invariably occur in one fund which require a corresponding entry to be made in another fund, thus creating interfund balances. Reference to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year.

Numerous interfund balances existed as of December 31, 2013 which should be liquidated.

### Tax Collector

A detailed analysis of redemptions of outside liens at year end was not available

### Finance Office

The Current Fund General Ledger was not accurately maintained.

### Grants

There exists numerous grants receivable and appropriated grant reserves from prior years which should be reviewed and cleared of record.

There are numerous inactive accounts in the grant appropriation ledger which should be cancelled of record.

### Trust Funds

The City has adopted the following Dedication by Rider resolutions which were denied by the State because the supporting documentation was not submitted to the State:

Revolving Loan Program - 7<sup>th</sup> Street Partnership Workers Compensation Self-Insurance - Medical

Other trust fund reserves should be reviewed to ensure that reserves that are approved riders; otherwise, ineligible trust reserves should be cancelled record.

### OTHER COMMENTS (CONTINUED)

### Purchasing

The City has a purchasing division which is responsible for all the purchasing needs of the various divisions, including obtaining prices, bids, quotes, awarding contracts, etc. We noted that numerous purchases are made directly by various division heads and not through the Division of Purchasing as required by the City's administrative code. As a result, funds are not encumbered against amounts appropriated before goods or services are ordered and purchases are made without any certification of availability of funds obtained from the Comptroller. In effect, the controls that minimize the possibility of over-expenditures and unauthorized purchases are not in operation. In addition, the encumbrance accounting system required by the Division of Local Government Services cannot be adequately maintained.

Numerous purchase orders from prior years are still open in the grant fund. Purchase orders should be reviewed periodically and cancelled if no longer valid.

Not all purchases with cumulative expenditures over the bid threshold were approved in the minutes. In other cases, the expenditure exceeded the not to exceed amount approved in the minutes.

Certification of Availability of Funds were not always on file and available for audit.

Business Registration Certificates were not always on file and available for audit.

IRS Form 1099 was not always filed for unincorporated vendors receiving payments in excess of \$600.00.

### Departments

The audit of the condition of records maintained by the various departments of the City were designed to determine that minimum levels of internal control and accountability were maintained and that cash receipts were deposited or turned over to the Treasurer within 48 hours of receipt per N.J.S.A. 40A:5-15. Our audit revealed that the Registrar and Recreation departments did not always turn monies over for deposit within 48 hours of receipt.

In addition, we noted that the City does not have standard procedures for the handling of cash receipts for the outside departments. This makes it very difficult to reconcile the departmental records with the records in the finance office.

### Animal Control

Monthly animal control reports filed with the State of NJ were not filed on a timely basis and were not always filled out accurately.

#### Registrar

Quarterly marriage license payments made to the State of NJ were not always made on a timely basis and were not always accurate. There was a duplicate payment made for the third quarter 2013.
