Dear Plainfield Business/Property Owner:

The New Jersey State Uniform Fire Code 5:70-2.1 and the Plainfield Fire Prevention Code, requires that the Plainfield Fire Division enforce the provisions of the Codes and conduct periodic inspections of all city premises.

Further, the Uniform Fire Safety Act N.J.S.A. 52:27D-203 states; To cover the cost of the municipality of conducting inspections under this act, the municipality may, by ordinance, establish fees, which shall be paid into the treasury of the municipality to which the local enforcing agency is responsible, and which shall be appropriated by the municipality to the local enforcing agency to pay the cost of enforcing this act.

Please go to the Plainfield Municipal Code by clicking the following link: <https://ecode360.com/34583389>. Once on Plainfield Municipal Code page, please scroll down to “Non-life hazard annual registration fees” to view the fee schedule for conducting the aforementioned inspections along with an invoice requesting payment for a recent inspection of your premises. Payments for the services rendered are due within 30 days of receipt of your invoice. Upon receipt of your payment and the abatement of any fire code violations cited, a Certificate of Inspection will be issued from this office. Please forward your payment to the address listed above for prompt service and attention.

Working with the business and property owners of this community, we are striving to realize a healthy life and fire safety environment for all of our city stakeholders. If you have any questions regarding this correspondence feel free to contact our office.

Yours in Life and Fire Safety,
