DATE: February 22, 2023
TO: Local WIC Agency Coordinators, Chief Nutritionists, CPAs
FROM: Prateek Srivastava, Acting WIC Director *PS*
SUBJECT: **ProSobee 12.9 oz Powder Voluntary Recall**
REPLY TO
ATTENTION OF: NJWIC# 023-021

New Jersey WIC was informed by Reckitt (Mead Johnson), a producer of nutrition products, that out of an abundance of caution, it has chosen to **voluntarily recall two (2) select batches of ProSobee 12.9 oz. Simply Plant-Based Infant Formula due to a remote possibility of cross-contamination with Cronobacter sakazakii.**

All product distributed went through extensive testing and tested negative for the bacteria. ProSobee Simply Plant-Based Infant Formula in 12.9 oz containers was manufactured between August 2022 and September 2022. The products were distributed through retail stores nationwide in the U.S., Guam, and Puerto Rico.

The batches in question can be identified by the number on the bottom of the can. Recalled product batches are ZL2HZF and ZL2HZZ both with a UPC Code of 300871214415 and a "Use By Date" of "1 Mar 2024." The recall involves approximately 145,000 cans. No other ProSobee Simply Plant-Based Infant Formula batches or other Reckitt products are impacted. No illnesses or adverse events have been reported.

We have been instructed by the manufacturer that participant's with affected ProSobee formula should consult with their pediatrician and contact Reckitt (Mead Johnson) at 1-800-479-0551 24/7 or by email at consumer.relations@rb.com Parents (Caregivers) should identify as WIC participants. *Participants should not return formula to WIC Vendors*

The State office (SA) ran Prosobee 12.9 oz formula food package reports with WIC participant information for each local agency and will forward.

Attached for you and your staff are details on where to find the lot numbers and pictures on the Prosobee 12.9 oz cans.

Questions and concerns can be sent to the nutrition team email: NJWIC.Nutrition@doh.nj.gov
