CITY OF PLAINFIELD CURBSIDE COLLECTION

ONE PLAINFIELD ONE FUTURE

Plainfield has a long history of overcoming challenges. The Covid-19 virus presented many challenges for our snow removal operations. Our snow fighters worked around the clock, ensuring that streets were kept clear of snow for emergency response vehicles and essential travel during continuous weeks of snow accumulations.

Plainfield has a long history of overcoming challenges. Our resiliency and ability to work together as one community has always been our biggest strength. I encourage you to contact my administration at communications@plainfieldnj.gov with your suggestions or comments. Please continue to stay safe as we continue to work for you.

Creating One Plainfield, One Future.

Sincerely,

Adrian O. Mapp
Mayor

Leaves and Yard Waste:
Place leaves and yard waste at curb loose or in biodegradable paper bags ONLY. Do not contaminate with litter, dirt, garbage or any other foreign objects. Plastic bags are an illegal putout and will be subject to a citation by a City Code Enforcement Officer.

Grass will be excepted in biodegradable bags only. DO NOT place loose leaves or bagged leaves at the curb until the scheduled pickup date (see map and schedule inside). Maximum bag weight: 50 pounds.
- DO NOT MIX BAGS WITH BUNDLED BRUSH!!!
- Mixed leaves and brush will not be picked up.

Street Sweeping:
For information on the scheduled activities, please call the Division of Public Works at (908) 753-3427 or stop by the City Yard, 745 South Avenue.

Hot Line Number: 908-753-3427
Inlet/Potholes: If you notice a clogged inlet or a pothole, call the hot line and give them the location.

The past year was a difficult one for our Plainfield community on many levels. The Covid-19 pandemic is still with us as we move into 2021, and our daily routines are challenged by continued safety restrictions such as the wearing of masks and social distancing from family and friends. There’s light at the end of the tunnel in the form of available vaccines, but we cannot allow ourselves to become carefree and complacent.

We must continue to follow the guidelines set by the CDC to emerge safely. Continue to wear face masks, social distance, and follow the other recommendations. My administration and team of dedicated city employees worked hard over the past year and continue to provide essential services for residents with minimal disruption. However, many of our decisions resulting from the pandemic are guided by county, state, and federal mandates. For the latest updates related to the coronavirus, please visit the City’s website at www.plainfieldnj.gov.

Attached are the scheduled dates for the pick-ups in your area. Keep this brochure in a convenient place and refer to it over the coming months. Please follow the rules outlined, and this will assist our DPW team with their collections and ensure the highest level of efficiency.

As the weather changes and we prepare to resume outdoor activities, please be reminded of the impact this has on our stormwater. Gardening, lawn care, and debris accumulation all directly affect our stormwater. Explore the possibility of natural fertilizers, composting, and other alternatives. For information on stormwater, you can visit the Department of Environmental Protection sites at www.njstormwater.org.

Here are some of the highlights of our DPW Division for the past year:

- Repaved 123-Roadways Approximately 41 miles or close to 50% of Plainfield streets
- Made crosswalks ADA compliant
- Striped roads
- In-house Crack Sealant: The road repair crew applied over 65,000 linear feet (12.03 miles) of hot emulsion sealant to fractures along recently milled and paved roads. This treatment helps prevent liquid from penetrating the road cracks that lead to road failure (potholes).

Litter Removal and Street Sweeping: The self-contained and fully hydraulic road sweeper allowed crews to remove litter and debris safely. Street Sweeping crews continued a seven-days street sweeping schedule for the UEZ zone. Street sweeping crews logged a total of 6,538 miles and removed over 721 tons of debris from the city streets.

Snow and De-Icing Operations: The Covid-19 virus presented many challenges for our snow removal operations. Our snow fighters worked around the clock, ensuring that streets were kept clear of snow for emergency response vehicles and essential travel during continuous weeks of snow accumulations.
