Quarantine:	7
Active Monitoring:	7(0 positives/7 Close Contacts)

The Red Cliff Community Health Center reports no new cases of Covid-19 today.

Testing is Still Key to Detecting and Stopping the Spread of Covid-19 –

Did you know all Tribal employees are tested weekly for Covid-19? The goal is to quickly identify positive cases and isolate them from the workplace. This protects the system that provides services to the Red Cliff Community.

The Health Center is currently developing an expanded testing plan. The plan is designed to provide easy access to testing for both symptomatic and surveillance purposes. It will focus on mobile testing services that can be deployed to community events and/or incidents that involve potential exposures. Watch for more details!

Until then, if you are experiencing any symptoms, do your part and get tested.

Let's continue to keep our community safe!

Caretakers of the medicine, protectors of your health
