## COVID-19 Update

May 4, 2021

Total Tested RCCHC:	1,626 (+14)
Total Positive Tests:	118 (+0)/6 Active, 109 Recovered, 3 Death
Quarantine:	37
Active Monitoring:	37 (6 positives/31 Close Contacts)

The Red Cliff Community Health Center reports no new cases of Covid-19 today. However, the increase in quarantine cases is related to positive cases within the school district.

### My Child has to Quarantine – What now?

Quarantine is a way to protect others when there is a potential exposure to Covid-19. The school will send your child home and advise quarantine if they are considered a close contact of a positive case. Red Cliff Public Health will follow up with quarantine orders if the child lives in this jurisdiction.

#### What is considered a close contact?

- You were within 6 feet of someone who has COVID-19 for a total of 15 minutes or more.
- You had direct physical contact with the person (hugged or kissed them)
- You shared eating or drinking utensils.
- They sneezed, coughed, or somehow got respiratory droplets on you.

#### STEPS TO TAKE -

- Stay home for 14 days after your last contact with a person who has COVID-19.
- Watch for fever (100.4°F), cough, shortness of breath, or other symptoms of COVID-19
- Remain calm. Remember that children will react to both what you say and how you say it. They will pick up cues from the conversations you have with them and with others.
- Reassure your child they are safe. Let them know it is okay if they feel upset. Share with them how you deal with your own stress so that they can learn how to cope from you.
