Total Positive Tests: 118 (+0)/2 Active, 113 Recovered, 3 Death

Quarantine: 35

Active Monitoring: 35 (2 positives/33 Close Contacts)

The Red Cliff Community Health Center reports no new cases of Covid-19 today.

This just in!

The US Food and Drug Administration has expanded the emergency use authorization for Pfizer's COVID-19 vaccine to include people ages 12 to 15 however, CDC's Advisory Committee on Immunization Practices (ACIP) is scheduled to meet Wednesday to advise CDC on whether to recommend use of the vaccine in this age group.

This is the same two-step process as before with each of the currently available COVID-19 vaccines. While the FDA's decision is moving things in the right direction, we need to wait until ACIP meets and new guidance is released before vaccinating with Pfizer in this 12 to 15 age group.

If final approval is received, Red Cliff Health and Bayfield County will collaborate to provide vaccines within the Bayfield School District.
