Covid-19 Cases on the Rise -

The Red Cliff Health Center is seeing an increase in the number of Covid-19 cases. The Delta variant is the predominant strain in Wisconsin. The Delta variant is extremely infectious and is spreading more quickly than any strain of Covid-19 during this pandemic.

- **Get Vaccinated:** prevents severe illness, hospitalization, and death; it also helps reduce the spread of the virus in communities. Call Heidi Bresette at (715)779-3707 extension 2261 if you are interested in receiving a Covid-19 vaccine.
- **Get Tested:** if you are experiencing symptoms, don't wait – call the health center immediately for a drive thru covid test. The Health Center is also scheduling National Guard community testing with more details to follow.
- **Mask Up:** Red Cliff Health recommends that ALL persons, whether vaccinated or not, wear a mask when in public indoor spaces.

Caretakers of the medicine, protectors of your health
